MR. D. A. ARSENEAU HAS PASSED AWAY

Has Been Ill With Cancer For Some Time—Prominent Ex-Warden and Councillor

By the death of Mr. D. A. Arsenau at his home at Richardsville, Sunday night, Restigouche loses one of its prominent young men, and one who will be greatly missed.

Mr. D. A. Arsenau was a native of Restigouche. When quite a young man he removed from Eel River Crossing to Balmoral where he resided until a few years ago, when he bought a property at Richardsville and has since resided there. He married Miss Annie LeBlanc of Balmoral, who with five sons and two daughters survive. The sons are Edmund, studying medicine at Quebec, Nelson, Allan and Robert at home and Ervin with the Canadians in France. The daughters are Bertha, a sister at the Hotel Dieu Hospital here and Clarine at home.

For many years Mr. Arsenau represented Balmoral and later Dalhousie parishes at the Municipal Council board. For a term he acted as Warden of the council. He was also a government lumber scaler.

Last fall the deceased was taken ill and has been failing ever since. In December he was taken to Quebec, but nothing could be done for him.

The funeral was held Tuesday and was very largely attended. Rev. Fr. Wallace officiating. The pall-bearers were George St. Onge, Sandy Arsenau, John LeBlanc, Wm. Comeau, Alme Lacasse, Robt St. Onge.

To Mrs. Arsenau and family go out the sympathy of all in their bereavement.

BAD COLLESSION

NEAR PETIT ROCHER

Freight Special Ran into Rear of

Way Freight and Made Bad

Spill.

About 1.30 Sunday morning, a bad spill occurred on the main line of the North Shore division, about two miles south of Petit Rocher, where north bound freight extras 445, Conductor Haines, Engineer Steeves, of Moncton, ran into the rear of a north bound way freight in charge of Conductor Sears and Engineer Mitton, also of Moncton, breaking up a van and several cars, damaging a locomotive, and painfully, though not seriously injuring an I. C. R. employee who was riding on the way freight, and blocking the right of way for several hours.

The place where the accident occurred is on a curve two miles south of Petit Rocher and three north of Berdsford.

From the particulars received it is learned that the way freight ran into heavy snow and struck in a drift. While members of the crew were out trying to shovel the engine clear, extra 445 came along and ran into the rear of the train. The 445, which is a Pacific passenger locomotive of the latest design plowed right through the van, and came to a stop up against a store-car, next ahead.

In this store-car was a young man from Memramcook, N. B. Several heavy boxes were dislodged by the shock and fell upon him, breaking his nose and doing other damage. Several other cars were derailed.

The van and store car took fire and burned up.

Locomotive 445 was somewhat damaged, and her engineer was thrown from the cab window, hurting his back although not seriously.

Wreckers were sent out from Moncton and Campbellton, and the line was clear through again at 5.30.

IS MR. CULLIGAN'S MOVE NEXT

His Veracity Questioned and He is Asked to Produce His Proof

The Graphic called on Mr. Arthur T. LeBlanc, M. P. P., and asked him what he had to say concerning the letter of Mr. D. A. Stewart, which appeared in the Tribune of this week and in the Standard and the Gleaner, concerning the alleged canvass of conscription, which Mr. Stewart said were used by the Opposition canvassers during the course of the last electoral campaign.

Mr. LeBlanc stated that he had written a letter to Mr. Culligan on the 5th of March, concerning the statement made by the latter gentleman on Declaration day at Dalhousie, that a certain young man from Durham had refused to vote for Messrs. Culligan and Stewart because Opposition canvassers had told him that if the Murray government was sustained we would have conscription. The letter was sent to Mr. Culligan at Jacques River, being the address given by him in his nomination paper and to this day no answer to that letter has been given by Mr. Culligan to him, LeBlanc.

Whenever Mr. Culligan furnishes the name of the young man in question and the proof of what he advanced Mr. LeBlanc stated that the matter would receive due consideration.

Following is the letter which was sent to Mr. Culligan and to which Mr. Culligan has not so far answered:

Campbellton, N. B.,

March 5th, 1917.

Honorable Arthur P. Culligan, Jacques River, N. B.

Dear Sir:

In your speech at Dalhousie, on Declaration Day among other things you said: "I met a young man from the Parish of Durham who had always voted for us in the past and when I asked him to vote for us this time, he said that he could not, for an opposition canvasser had told him that if he voted for me and Stewart, and the Murray government was sustained, we would have conscription in Canada before three months."

If a young man from Durham made that statement to you, his name should be known. We feel sure that none of our canvassers or workers have used any such canvass during the last election.

Your statement leaves a dark cloud hanging over the young manhood of your own parish. Coming as it does from a man who was honored with a post in the government, and made as Mrs. W. Dobson is spending a few it was on a solemn occasion, before representatives of the whole county, your public utterance cannot help but affect the good names of all the young men of Durham by reason of the suspicion it leaves hovering over them.

For the sake of these young men you owe it to them and to the country to give the name of the young man who, you say, refused to vote for you because he was afraid of conscription.

A man of honor like you cannot permit a whole parish to be humiliated in its young manhood for the sake of shielding a squealer.

When it is proven to us that one of our workers used such a canvass during the last campaign we will lose no time in repudiating him.

Now, Mr. Culligan, unless you give us the name of the young man in question forthwith, your statement cannot escape being challenged and doubted by every intelligent person in this province.

Honor is at stake on both sides. It is your move. We have the honor to be,

Yours very truly,

WM. CURRIE.

ARTHUR T. LeBLANC.

LOCALS TRIUMPH IN RETURN GAME

Second Game Between Khaki Boys and Locals Result in Victory 6-2

Notwithstanding soft ice a clean fast game of hockey was witnessed by local fans last night. The soldiers scored twice before the locals found themselves. Campbellton then scored three in short order, period ending 3-2 in local's favor.

The second period was closely contested although the locals scored three more goals, period ending 6-2. Matthews was hurt in this period but gamely came back. The last period was the most interesting of all with the soldiers pressing the locals hard but failing to score.

Lieut. Ferguson judge of play and Mr. Lockhart of Moncton handled the game very satisfactorily.

The line up was as follows:

Locals	Goal	Khaki
Kelly	R. Defence	Briswell
Thomas	L. Defence	Phillips
McLean	Centre	Boettiger
Wallace	R. Wing	Thomas
Matthews	L. Wing	Galbraith
Starrack	Rover	Reid
Henderson		Nelles

The net proceeds of the game go to the Tipperary Club.

LOWER QUEBEC FIRE

PROTECTION ASSO.

Above Association to Look Well

After the District of Matane,

Bonaventure and Gaspé ..

At a meeting recently held in Upper Quebec on March 5, 6, and 7 it was decided to organize an Association which would well look after the protection of the forests in the district of Matane, Bonaventure and Gaspé. The object of the Association is to appoint patrolmen to guard against fire in this district as well as to care for forest preservation. At this meeting Messrs. R. L. Montgomery of New Richmond, August McLean of Cascapedia, David Champoux of Restigouche, Chas. McClay of Sayabec and H. J. Lyons were appointed a Board of Directors.

These gentlemen met here Tuesday and selected Mr. R. L. Montgomery as president. At this meeting it was decided to appoint a Superintendent whose duty it will be to appoint some 50 patrolmen to properly look after the work of the Association. The limit holders agreed to furnish the necessary money to have each district well patrolled. The Association are particularly anxious to have the farmers and all others co-operate with them in the preservation of our forests.

"Is there anything I can do for you before I leave?"

Dear little "Two Stars" replied: "Well, yes! I should like very much to be kissed good-night."

Sister rustled to the door. "Just wait till I call the orderly," she said. "He does all the rough work here."

WHITE HOUSE TROPHY GOES TO BATHURST

Eight Rinks of Campbellton Curlers Defeated by the Bathurst Rinks

One of the most valued trophies in the treasury of the Campbellton Curling Club has gone to its home town, Bathurst. This is the White House trophy. In 1914 four rinks of Campbellton curlers went to Bathurst to play for the McLennan Cup. They were defeated, but some of the local men decided to "lift" a trophy and put one over on the genial Henry of the White House. The Cup was lifted and safely stored away and carried to Chatham where it was proudly displayed, and at the Miramichi town the North Shore Trophy was added to the bag.

Upon arrival home at Campbellton the "Cup" was duly mounted and placed on display.

The first games were played for this cup in 1915 when Campbellton won out as it did in 1916, but this year the Bathurst men carry it back to their club.

The games on the Campbellton ice resulted as follows:

BATHURST	CAMPBELLTON
Stout	14
Ellis	13
McKay	20
Thibodeau	16

BATHURST ICE

Lamigan	19	E. P. Mowat	19
Miller	19	Reid	11
Duncan	17	Marquis	12
Duncan	13	Jardine	12

Both at Bathurst and Campbellton the winners were entertained and a most enjoyable time was spent.

To Make Money

go to its extreme limit is the aim of every good housekeeper. That is why she buys Zam-Buk when in need of a household balsam—because she knows that it will give better results, last longer, and keep better than any ordinary ointment. A small quantity of Zam-Buk will give better results than many times that quantity of an ordinary ointment. It is, therefore, not only best, but most economical. Besides, as Zam-Buk contains no animal fat it cannot turn rancid, and remains perfectly good to the last application. Zam-Buk's superiority is due to the fact that it is all medicine, whereas ordinary ointments contain a large proportion of animal fat and a small percentage of medicine. Zam-Buk is not only soothing and healing, but it is germicidal. This makes it invaluable as a "first-aid." An application of Zam-Buk to a wound as soon as sustained will prevent all danger of blood-poisoning. Zam-Buk is splendid for eczema, ringworm, scalp sores, ulcers, abscesses, old wounds, blood-poisoning, pimples, boils and piles, as well as cuts, burns, scalds, bruises, and all skin injuries. 50c. box, 3 for \$1.25. All druggists and stores, or Zam-Buk Co., Toronto. Send 1c. stamp for free trial box.

REPORT OF MEETING.

A large and enthusiastic meeting of the Women's Institute was held at the home of Mrs. A. A. Andrew on Monday March 12th at 8 P.M.

A large amount of business was put through. Among other things suggested was the distribution of Self-Defence envelopes on the anniversary of King Albert's birthday proceeds to go toward Belgium Relief.

A treat for the patients of the Military Hospital in St. John. There are over 80 returned wounded soldiers there now, and a treat at Easter tide would be very much appreciated. It was decided that this be undertaken.

It was also decided that \$25 be sent to St. Dunstan's Hospital London, England. Hospital for blinded soldiers and sailors.

And \$25 was also voted to go to Mrs. E. A. Smith St. John as a small contribution towards Motor Ambulance for conveyance of the wounded soldiers to the Military Hospital St. John. The knitting committee will have the yarn for distribution for those who want to help the Institute gather socks, as the rooms are now given up to the soldiers for recreation room.

WEAK, NERVOUS OHIO WOMAN
Made Well By Delicious Vinol
Bellevue, Ohio.—"My blood was very poor—I was in a weak, nervous, run-down condition. I tried different remedies without benefit and one day my druggist told me about Vinol. I tried it and it built me up in every way—blood, strength and nerve, and I tell my friends it is the best medicine on earth."—Mrs. Edna Butts.

Vinol sharpens the appetite, aids digestion, enriches the blood and in this natural manner creates strength. Complete formula on every label.

BAD COLLESSION

NEAR PETIT ROCHER
Freight Special Ran into Rear of
Way Freight and Made Bad
Spill.

Mr. Edward Sullivan has received the following letter from a Campbellton boy at the front—
Feb'y, 8th, 1917.
"In France."

Dear Old Ned

I wrote you a kind of a letter some time in "January" did you ever get it? And to night I am just going to drop you only a line just to say that at this date I am still alive "and very well." We are well clothed for real Canadian winter weather which we are enjoying to the fullest at present. I was informed by an Officer yesterday that not since the winter of 1873 has France experienced such cold weather. The frost is in the ground to a depth of over one foot with about two inches of snow, and we all hope it will continue to get colder and there some for the more cold it gets the better it suits the Canucks and the more it makes old "Fritz" shiver and grit his teeth for I notice that any of them who happen to fall into our hands are not any too well clothed nor a button left on their clothes that we can get for a Souv. I often feel like chopping off an ear only it would stink before I could get it home.

It is somewhat slippery getting along on the planks in the bottom of the trenches but we don't mind it anything is better than mud. Well Ned I cannot give you any account of the happenings here for the Censor would stop it and outside of our own particular area, you people at home know more about the war than we do. But you can know that everything is moving along nicely here and before long you will hear from us, for we will make "Fritz" suck-hole if this cold snap keeps up for any length of time, I tell you Ned it is all up with the Hun. From 1871 to August 1914 they built and wrought, their patience, industry, and organizing power, were the wonder and despair of less disciplined people, from August 1914 to the end of December 1916 that organized power has been wasted by a succession of follies, and from then till now "February 17th" there has not been a single wise decision or fruitful action. All that they have built, a titanic structure is about to be hurled, they are beaten and desperate while we are growing stronger and better every day. They would like to get away from this front altogether and they should go while they going is good.

We Canucks are here now to see it through and through it is if we could have this kind of weather for six months we would take "Berlin" over to Canada with us, divided up in "Souvenirs."

Remember me kindly to Mrs. S. I hope Linsey is still at home you know what I mean. I must close for tonight trusting you are very well.
Yours Truly
NED.

NOTED MUSICIAN OF MONTREAL

Advise The Use Of "FRUIT-A-LIVES", The Famous Fruit Medicines.

MR. ROSENBERG
589 Casgrain St., Montreal.

April 20th, 1915.
"In my opinion, no other medicine in the world is so curative for Constipation and Indigestion as 'Fruit-a-lives'. I was a sufferer from these complaints for five years, and my sedentary occupation, music, brought about a kind of Intestinal Paralysis—with nearly head-aches, belching gas, drowsiness after eating, and Pain in the Back. I tried pills and medicines of physicians, but nothing helped me. Then I was induced to try 'Fruit-a-lives', and now for six months I have been entirely well. I advise any one who suffers from that horrible trouble—Chronic Constipation with the resultant indigestion, to try 'Fruit-a-lives', and you will be agreeably surprised at the great benefit you will receive." A. ROSENBERG.
50c. a box, 6 for \$2.50, trial size, 25c. All dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

There is great activity in the air here just now, and every day we see a fight high up over our heads sometimes as many as 4 or 5 planes on each side. It is one of the most exciting and interesting things to witness and the most pitiful and helpless thing is to see one coming to earth after the men have been killed or wounded and in most cases all ablaze with fire. I have many souvenir parts taken and I will take you some of them if I am lucky enough to get home, but I have a lame knee and I am afraid I will be unable to keep up when we start for "Berlin."

There are lots of photo post cards here of all the ruined towns and villages, both before and after the war, but we are not allowed to send them home but I will make a nice collection for you and take back.

Remember me kindly to Mrs. S. I hope Linsey is still at home you know what I mean. I must close for tonight trusting you are very well.
Yours Truly
NED.

Mr. Sullivan has also received a letter from his son Lindsay who is in England. He is well pleased with the treatment he is receiving and has not a complaint to make.

BLANKLEY-INGRAM
The home of Mrs. John Robertson, senior, "The Pines," was the scene of a quiet wedding Wednesday morning at nine o'clock when her granddaughter Miss Minnie Pearl Ingram, was united in marriage to Mr. John Wilkyn Blankley, of Chatham, Rev. S. J. MacArthur, pastor of St. James' Presbyterian church, solemnized the marriage. The bride, who was unattended, was dressed in a grey travelling suit with grey hat and carried a bouquet of cream roses. After the ceremony luncheon was served and later the happy couple left on the local for an extended trip, on their return they will reside in Chatham.

Bringing Trouble.—"That fellow certainly is a dub."
"For why?"
"I told him I bossed my wife, and he went and told my wife."

ASTOUNDING REPORT FOR CAMPBELLTON.

The wife of a merchant had stomach trouble so bad she could eat nothing but toast, fruit and hot water. Everything else would sour and ferment. ONE SPOONFUL buckthorn bark, glycerine, etc., as mixed in Alder-i-ka benefited her INSTANTLY. Because Alder-i-ka flushes the ENTIRE alimentary tract it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICKEST action of anything we ever sold. A. McG. McDonald, Druggist.

PLAN TO BUILD

MANY WOODEN SHIPS
A Scheme Whereby Tonnage
Would be Greatly Increased

New York, Mar. 9.—A plan, whereby cargo tonnage can be created in the United States and Canada "faster than Germany can sink it" has been devised by F. Huntington Clark, the eminent American engineer, according to an announcement made here last night before a joint session of the automobile association of America, the Aero Club of America and the Motor Boat Club of America.

Mr. Clarke's plan contemplates the construction of a great number of wooden vessels of 1,000 tons to be motor propelled, with a speed of from nine to fourteen knots an hour. These vessels, he asserts, can be built at small cost and by men of little skill each vessel would be mastless, amplexed and of diminutive size, and would have such low visibility, as compared with the great steel steamers now afloat, that it could be seen by a submarine at only one third the distance. In addition, the vessels would offer a smaller mark, would be more easily manoeuvred in event of attack and because of their small draft of from eleven to thirteen feet, torpedoes that ordinarily would sink the larger vessel of steel construction, would pass idly beneath them.

It is estimated that 1,000,000 tons, or a thousand vessels of 1,000 tons each, could be constructed in United States yards alone within one year, at a cost of \$100,000,000. The boats would be 150 feet over all with 36 feet beam and would have large carrying capacity.

Mr. Clarke's plan is to utilize all of the coastal wooden ship yards, which now have a capacity of 250,000 tons a year. To enlarge these plants would require nothing more than the clearing of additional beach or bank, the laying down of more cheap wooden ways, and the setting up of additional lumber planing and sawing machinery. The labor, he contends, can be created from the "rawest material."

A NOTABLE RECORD OF SERVICE

To the Editor of the Presbyterian Witness:
Dear Sir:

We often hear of Sunday School workers giving up their work after a few months or perhaps after a year. But who has heard of one who carried on activity in one school, the work for 58 years and then resigned simply because he could not attend regularly during the stormy months of winter. Such is the remarkable record of Mr. George Haddow of Dalhousie, N. B. We regret that faithful servants of the church grow feeble and that the winters in northern New Brunswick are severe, for Mr. Haddow's heart and soul have been in the work ever since he moved to town and his interest in his pupils of the past and present is still keen. In recognition of his services the Session of St. John's Church at its last meeting inserted the following in its minutes.

"That this Session desires to put on record its high appreciation of Mr. George Haddow's work in St. John's Church, Sunday School. For nearly fifty-eight years he has given of his strength and ability, nurturing and caring for the school, even giving his life's strength as did the Shepherd when He went out over the mountains in search of the straying sheep. Mr. Haddow's painstaking care is now bearing fruit in the lives of those who today carry on the work, and by the high respect and honor in which he is regarded by the whole church. We regret that owing to ill-health he feels that he must resign from the office of Superintendent, but we hope and pray that he will long be spared to counsel with his wisdom, and to cheer with his presence."

ST. JOHN AMBULANCE ASSOCIATION.

Ottawa, Feb. 26.—The Duke of Devonshire, who presided at the annual meeting of the St. John Ambulance Association, has become Patron, succeeding H. R. H. The Duke of Connaught. During the past year the Association has instructed over 10,000 people in First Aid and Home Nursing, and also taught over 100,000 Canadian soldiers what to do in case of injuries. In almost every province school teachers are required to qualify in First Aid, and in the mining districts this also applies to those in charge. The small button worn by the discharged soldier, showing that he has done service, is supplied through the Association. In addition to the nurses and assistant nurses sent overseas, graduates in First Aid and Nursing are proving of value in almost every Convalescent Home in Canada.

Nova Scotia and New Brunswick were the only two provinces in the East making gains during the year, and prospects are bright for the coming twelve months. W. H. Studd of Halifax, and Miss Lilian Hazen of St. John, are the respective Secretaries, and will be glad to answer any inquiries about the formation of classes.

THE FRANCIS WILLARD HALL REPORT

Again, another year, everyone has given of their time, money and strength to aid the Red Cross and Patriotic work of all kinds. "As thy day so shall thy strength be" has been proved this year, and our Twenty-first Annual Report will show that we have tried earnestly to "do our bit."

The House Committee has had to be on the alert always, as there are many ways and means to be considered and given careful thought.

The Buying Committee also has had the difficult task of trying to buy economically and well, in these times of soaring prices.

Miss Grout, the Secretary of Willard Hall, is, as ever, most interested in her work for the Home. Mrs. Bromley, the Housekeeper, has been untiring in her efforts to keep the Home affairs running smoothly. Miss Warner, the Matron of the Hall, reports 132 girls cared in the Home, as well as a great many others who have come for advice. This part of the work is purely charitable, and work has been secured for a number of women and girls.

Mrs. Mary Foster has been city collector for the Home again this year, and has collected money and donations in kind, for which we are most grateful.

The city grows larger every day, and the work at the stations more imperative. We now have four Travellers' Aids, one at the Union station, one at North Toronto, one at Sunny-side, and one at North Parkdale. They are doing splendid work, as you will see by their reports. We need another Travellers' Aid, and so we would ask that you do your best and send us all the Soap Wrappers that you can. We have many kind friends to thank in this respect, from all over Eastern Canada, and also our first donations from Saskatchewan.

We have received many gifts and donations from the different "W" and "Y" Unions of the city and country, as well as from kind friends all over Canada. This is a great help to us, morally as well as materially. Already the Toronto ladies are preparing for the strenuous work at the Exhibition and the Annual Bazaar in order to make money to help the Home, as often the need for help exceeds our means of disposal. The calls for help are increasing, and no matter how small the gift, either of personal service or some other way, will be deeply appreciated.

TRAVELLERS' AID APPEAL

Once more we present our annual plea to those who have so kindly aided us in our work in the past, and to endeavor to enlist the sympathy and co-operation of those who have not. We thank those interested, who have collected 391,004 coupons for us.

Appeals many and varied have no doubt come to you during the past year, but we venture to say that in many respects this one is unique.

It is in the name of our common sisterhood—an appeal from women to women for women—it is international and non-sectarian—it asks that one woman in each community will be responsible in saving a common wastage to meet a common need.

We need your Surprise Soap Coupons to pay a Travellers' Aid, who assists the girls from your community who come as strangers to our city. Will you save the wrappers?—they mean money to us and waste to you.

The Surprise Soap Company allow us one-half cent per wrapper. From this revenue we pay the salaries of Travellers' Aids at the Union, North Toronto, Sunnyside and Parkdale Stations, to assist strangers in every possible way.

Watch for the woman in the blue uniform wearing a W. C. T. U. Travellers' Aid badge if you need help. The Surprise Soap Company gave as premiums two boxes of soap for the largest numbers of wrappers collected. The one for Toronto district

10 CENT "CASCARETS"
IF BILIOUS OR COSTIVE

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—They work while you sleep.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Movable Hiccups come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which ferments and forms like garbage in a evil barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

THE WAR LOAN.

"Let everyone at home picture to himself the sacrifice, courage and endurance of the sailors on sea and the soldiers in the trenches, who are preserving us and our homes from ruin, starvation and devastation, and then let him ask himself, 'What am I doing to help? Can I by some self-denial hasten the end by my contribution, however small?' The man who contributes is doing his bit, and the man who makes no effort to contribute is a shirker."

The above quotation is from an appeal by Sir Edward Carson to the British public in support of the latest British war loan. The words, so powerful and direct, so nobly responded to by the men of Britain, splendidly put forward the case for the new loan about to be raised in Canada. Every dollar subscribed by the humblest citizen of the Dominion to the nation's latest appeal will be an encouragement for our soldiers suffering hardships and perils in the trenches.

Failure of a Canadian war loan at this juncture would bring comfort and renewed hope in Berlin. It would be interpreted by the Empire, by our Allies and the world, as a sign of wavering Canadian resolution when faced with the final test. Let every man, then, prepare to do his utmost to make the loan the greatest possible success. Let us serve notice to the world that we are in this fight to the end. If we cannot, in this noblest of causes, offer our lives, let us at least prove that we gladly give our treasure. It is a privilege which, to use Sir Edward Carson's words, none but the "shirker" will miss.

there is no shortage whatever in the supply of potatoes in Canada, the government would have immediately set to work to see those potatoes were allowed to reach the public at a reasonable price. Instead of that, however, the semi-official announcement is made that there will be no prosecutions of the combines or the food speculators. In other words, "All is well" even if potatoes are as dear as oranges, and everything is for the best. There is at least half a million bushels of potatoes in the country over and above the domestic requirements for food and seed. This shows that there is no excuse whatever for the scandalous prices now being charged. It is a damning indictment of the potato combines. Yet what happens? These combines are to be allowed to hold the country's potato supply at famine prices, and are to be protected against being left with a huge supply on hand when the season ends by being allowed to continue to ship potatoes out of the country by the train-load. Yet all is well. The nightmare of a potato famine has passed. Everybody can have potatoes who is willing to pay three or four times their real value for them, and possibly even more now that the combines have the government's blessing. The government's announcement sounds remarkably like mockery.

A Recipe.—An Irishman who is noted for his wit went into a public-house the other day called for a glass of beer. The tumbler was not full enough for Pat's satisfaction, so he quietly asked the publican how many barrels of beer he sold in a week.

"Ten replied the publican.
"I think," replied Pat, "if yer stand me a pint I could put yez on a plan to sell eleven barrels a week."

"Agreed," said the landlord handing him a pint. "How now am I to do it?"

Pat, taking a big drink at his new pint, "Always fill your glasses."

Editor of the Graphic
Dear Sir:

We think that nearly every man in the Province will be familiar with the Road and Crown Land Policy of the newly elected party. We hear much said for and against it. We know its difficulty to get any public matter clear out of politics, but we should aim as far as possible to do so considering that government management of those two very important matters has been not only a complete failure but a snare and a stumbling block to many and if the present haphazard methods are not discontinued, will be the certain ruin of this province. But will confine myself to the matter of our Roads. The intention is that every school district will manage its own piece of road and spend its own road tax thereon. Mr. D. A. Stewart on nomination day said that would not be fair that way, the Shives Lumber Co., paid such large road tax it would not be fair to spend it all in the district where it was collected. Does he not know that where there is business there is traffic and the expenditures thereon must be in proportion? Does he not remember that when the Hon. C. H. LaBrosse was Chief Commissioner about \$1000, was spent on the road between the Mill Creek and Richard's mills? This was government money besides the road tax there collected and does he not remember that in the summer of 1914 the same piece of road was all covered with stone at the cost of the government. I am sure no man who ran an automobile or drove a team on it will forget—many had their tires damaged and the Harquail Co. had to send out their own men to break the stone, their horses feet got so sore they had to put moccasins or something on to protect their feet. This was allowed to go on until a few days before the council election—they then turned out a crowd of men and horses to put some fine gravel on it, but were too late for the council election that time. This is the way all road work has been done between the Blair and Malcolm road and Campbellton. If they have stone they will put on stone, if mud they will put mud. But Sir, what I want to show is that it will take all the money collected from the Shives and Richards Co's. for road purposes to keep the road from their mills to town in good order and a large amount of government aid besides.

I think we have disposed of that argument. But their are—or maybe trouble, but there should not be. Suppose one school district does their road work well and the adjoining district does not. What is to be done—where does the automobile men come in—they are to stand good for this million dollars that is to assist in getting those permanent roads. They are no going to allow themselves to be heavily taxed and drive over stones and mud. They will have to form an association in every county and have some say in the matter. I am not in the meantime going to give them advice further than to say that when the new government is making their road law they should see that they are represented. I fully trust that all will unite in making good roads. We would be pleased to hear from anyone who has anything to say on this very important matter.

Yours Truly,
JOHN DICKIE.
Point La Pline, N. B.

Dear Editor:—
There is a family (Diamond) who live near Black Lands Siding, the older members of this family are able to work for a living if they were allowed to do so, but they only go around from house to house each and every day begging. They came from Dalhousie or vicinity.

Now the stepfather, George Diamond, is in goal in Dalhousie, the

family, led by the mother, make frequent trips to and from Dalhousie.

Two little boys and one girl, about fifteen years old with her baby of six or seven weeks or so, comprise this family. Persons seeing these little boys, the younger being only four or five years old from appearance, travelling to Dalhousie and returning the third day; and hearing the language used and the cries of the little lad from exhaustion must feel that there is a place here in our midst for Home Mission work. There is a Rescue Home in Sydney, there is also a Maritime Home for Girls in Truro, and there ought to be a farm or some institute in Restigouche into which persons who can work but will not be placed and compelled to earn their livelihood.

Surely there are men in this County who have authority to deal with such cases and if not, no time should be lost in having this matter attended to, that the poor little ones may be safeguarded and put in a position to become good citizens.

What a menace to society such cruelty is, for is not idleness a potent friend of vice. This child-mother ought to be sent to some of our homes or schools, where she may have a chance to reform. As citizens of Restigouche we ought to do what we can to help the unfortunate and incompetent among us.

Please allow me space in your paper to say that in 1916 I was engineer for the Dalhousie Lumber Co. and Mr. Priest the manager is a gentleman, and so is the paymaster who stands behind the counter with a pleasant smile. I never worked for a better company in my life, I am going back with the Company this summer and I invite all young men to try and work for the Dalhousie Lumber Co., too, as they are certainly a good Company to work for.

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try it! Hair gets soft, fluffy and beautiful—Get a 25-cent bottle of Danderine.

If you care for heavy hair that glitters with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots fall out, loosen and die; then the hair falls out. Surely get a 25-cent bottle of Danderine from any drug store and just try it.

HIT POTATO DEALERS

Hamilton, Mar. 14.—In order to combat the high cost of living, Mayor Booker has issued the following appeal to the public of Hamilton: "On account of the very exorbitant price of potatoes at the present time, I would respectfully ask the public to abstain from using them altogether for a period of one month."

ACCEPTED CALL

At a meeting of the congregation of Christ Church held last Friday evening a call was extended to Rev. J. H. Barnes of Toronto. This call has been accepted and Mr. Barnes will arrive here the latter part of April.

READING ROOM OPENED

The ladies of the Women's Institute have thrown their rooms in the Murray block open to the soldiers as a reading and writing room, and have supplied writing material for the soldiers use. A number of citizens are sending in each day a supply of papers and magazines. The room is well filled with soldiers who appreciate the thoughtfulness of the ladies.

INTERESTING LECTURE

Mrs. Philip R. Warren, of St. John, gave a very interesting lecture on "Patriotic Work, before an appreciative audience consisting of members of the Women's Institute, Soldiers' Comforts Asso. and Tipperary Club, in the auditorium of St. Andrew's Church on Thursday evening. Mrs. Warren gave an account of the distribution of the soldier's comforts when arriving at Shorncliffe, the distributing centre for overseas. Mrs. Warren has been there and has seen for herself how thoroughly everything is conducted. She also spoke of her work while she was a nurse in a base hospital in France, giving to her audience a most vivid and interesting description of what is being done for the wounded in the hospitals. She also spoke of the wonderful part the Y. M. C. A., is taking in the war.

OBITUARY.

The death of Mrs. W. J. Hamilton occurred at the home of her mother Mrs. S. J. Beckingham Dalhousie N. B. Monday March 5th. Mrs. Hamilton had been in poor health for some months but always bore her illness with cheerfulness. Deceased was thirty nine years of age and one of the best known residents of this community and the bereaved family have the sympathy of all. Mrs. Hamilton leaves to mourn her loss a husband and five children the eldest son now in France. Harry, Andrew, Everett, and Sarah at home. The funeral was held Wednesday afternoon and was largely attended, service was conducted at the house and grave by Rev. J. H. McLean and Rev. R. J. Coleman. The pall bearers being James Wright, William McKinnon, John Hendrickson, Stanley Hamilton, Fred MacDonald and Dougald Stewart.

His Plan.—An Irishman who was rather too fond of strong drink was asked by the parish priest:

"My Son, how do you expect to get into Heaven?"

The Irishman replied: "Shure, and that's aisy! When I get to the gates of Heaven I'll open the door and shut the door, and open the door and shut the door, an' keep doing that till St. Peter gets impatient and says, 'For goodness' sake! Mike, either come in or stay out!'"

Necessity.—He—"People are saying you married me for my money." She—"Well I had to give them some reason."

JACQUET RIVER.
Spring will be here shortly. Some of the lumbering crews have finished their winter's task, and returned to civilization once more. Chief among these being the Lousin Lumber Company's camp which had as foreman Mr. Irvine Davidson. A good season's cut is reported.

Congratulations are in order to Mr. and Mrs. Herman Ullman on the arrival of a baby girl at their home recently.

The many friends of Corporal Arthur Hickie of the 165th St. John will hear with regret of his being confined to his home in Nash's Creek with a case of mumps and wish him a speedy recovery.

Several more enlistments from the vicinity have been noted recently namely Messrs. Alex McInnes, Frank LaPointe and Edward Hickie of New Mills all for the Canadian Army Service Corps. There is still room for others.

Mrs. John Culligan, Mrs. Arthur Culligan and Mrs. Arthur Frenette of Culligan were the guests of honor, at the Red Cross rooms recently. A dainty luncheon was served the members present, with Mrs. W. R. McMillan as hostess. A subsidiary branch will be started at Culligan with Mesdames Culligan and Frenette in charge.

Mrs. C. L. Fenderson has spent the past few weeks in Montreal.

Delphus Frenette on Sunday Master Sydney Shannon of Belledune was the guest of his aunt Mrs. Andrew Donnelly last week.

Mr. A. E. Frenette spent a few days last week at his home in Culligan.

Mr. Lindsay McAlister is expected home shortly for a few days before sailing for Cuba where he has been transferred. Mr. McAlister is one of our boys who went west and made good in the banking business.

A number of our local politicians attended Declaration Day proceedings at Dalhousie on Saturday.

Mr. Henderson of Campbellton is the guest of his sister Mrs. H. Ward at the C. G. R. station.

Miss Margaret Hamilton spent Sunday at her home in Charlo.

NEW CARLISLE.

The Girl's Khaki Club met on March 5th at the home of Mrs. D. McIntyre's and had a very pleasant evening.

One new member joined, Miss Gertie Cooke. Every member seems enthusiastic and up to date the attendance has been good in spite of the cold stormy weather.

Receipts of the evening were:—
Membership Fee 25
Donations 46
Fines 2.10

The next meeting is on the 19th inst at Mrs. J. O. Sherar's.

Lieut. O. Sherar and Mrs. Sherar are taking a trip up the line today, the 7th and expect to go as far as Campbellton.

As a result of the recruiting campaign, several recruits are going up to Quebec by train and we believe more will follow shortly.

The Red Cross sale which took place February 27th was quite a success financially and we trust the work will keep up.

The District Lodge is expected to hold their quarterly meeting in this place on the evening of the 16th.

We are glad to hear that Dannie Sherar who has not been very well for the last few days is now improving favourably.

The weather has been quite cold for some time past and it is about all that the people can do is to procure fuel even at a high price. The potato craze is all started here and buyers have been offering as high as \$4.25 per barrel but we even expect an advance from the present in the course of two weeks or so.

This town has another returned soldier in the person of Pte. Edward

GRAND GREVE.

It is with pleasure and congratulation that we announce the 50th anniversary of wedded life between Mr. and Mrs. Abraham Gavey of Grand Greve, Gaspe, P. Q. The celebration of the above unusual and pleasurable event took place at their residence on Saturday, March 3rd. A large number of friends and relations were invited, and they were received by Mr. and Mrs. Gavey and Mr. and Mrs. John LeMasurier. Judging from a point of vantage but more possibly from the promptings of a truthful commissariat disposition, we think that the honors of this entertaining and pleasurable evening's diversion should be credited to the tempting and delicious spread, in which all guests present did their utmost to demolish the good things of which the supper abounded.

The guests commenced arriving about 4.30 p. m., and were all heartily welcomed by Mr. and Mrs. Gavey and Mr. and Mrs. LeMasurier, who in turn congratulated the first-named on the success entailed through their early marriage-hood, and sincerely hoped that they would live to see another fifty years of married life. Everybody present found a pleasant diversion before supper was announced, by being well entertained by Miss Greta Hughes who rendered numerous songs successfully to the accompaniment of Miss Mabel McCoy, Mr. Jones also contributed to the singing. When the call for supper came, all present seemed inclined to obey the summons without demur, and their promptness was doubtless at the sight of seeing a large dining-table, simply groaning beneath the weight of a host of good things, everybody present tried to relieve the suffering table from the indignity of being so heavily loaded, but

Craig, brother of Mrs. J. S. Gordon, who arrived on Wednesday last.

Edward enlisted over two years ago with the well known 26th Battalion, and since that time has been taking a part in the big conflict. Friends are glad to see him safely back looking so well.

even though the table was somewhat lightened after the repast it still presented a tempting sight to anyone who had not already dined so handsomely.
Amongst the friends and relations invited were:—Mr. and Mrs. Jos.

Gavey, Mr. and Mrs. Frank LeMasurier, Mr. and Mrs. Stanley Hottin, Mr. and Mrs. George Simon, Mr. and Alfred Dolbel, Mr. and Mrs. Ernest Alexander, Mr. and Mrs. Jones, Mr. and Dan Price and Mrs. DeJerey. Misses:—

Greta Hughes, P. Roberts, Ethel West, Amy Gavey, Violet Gavey, Mabel McCoy, S. Skene and M. Alexander. Messrs. George Gavey, Raymond Guignon, Walter Barlett and H. Olive LeMasurier.

THE FARM

for her Armies in the Field—for her Workers in the Factory—in the Munition plant—in the Shipyard—in the Mine.

THERE'S DANGER IN SIGHT—BUT YOU CAN HELP

DO YOU KNOW—

that the rapidly rising price of food stuffs means that the World's reserve supply is getting small?

DO YOU KNOW—

that a world-wide famine can only be averted by increasing this supply?

DO YOU KNOW—

that a "food famine" would be a worse disaster to the Empire and her Allies than reverses in the Field?

YOU CAN—

help thwart Germany's desperate submarine thrust on the high seas.

YOU CAN—

do this by helping to make every bit of land in Canada produce—the very last pound of food stuffs of which it is capable.

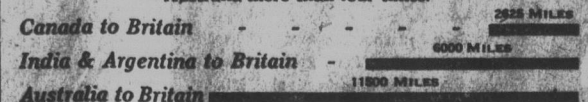

AND REMEMBER—

that no man can say that he has fully done his part—who having land—be it garden patch, or farm, or ranch—fails to make it produce food to its utmost capacity.

FRANCE TO BUY 1,000 HORSES IN N. B.

Agents are to be Located in Various Centres of the Province.

Fredericton, March 10.—One thousand horses, for the use of the French Army, are to be purchased in New Brunswick. A local dealer has recently closed a contract with the representatives in America of the Republic of France to carry on the work of purchasing in this province and buying is to be commenced at once. Three varieties of horses are to be bought, a light horse fit for saddle purposes, a medium weight animal that can be used by field artillery and a heavy draught horse for general purposes of the armies. The agents are to be located in various centres. As to prices to be paid for the horses little could be learned today.

Among the men engaged in the horse trade there seems to be some what of a difference of opinion as to the number of animals available in New Brunswick at prices which are likely to obtain. It is pointed out, however, that with lumbering operations just now being closed down and a large number of horses thus being without work for some months at least, the present should be a favorable time for purchasers. If the order for 1,000 animals can be filled in the province it will mean the expenditure of probably at least \$150,000 or 175,000 practically all of which will go into the pockets of the farmers of the province.

Mrs. Fred J. McKee was at home to her friends for the first time since her marriage on Wednesday afternoon. She was assisted in receiving by Miss Annie McKee while Mrs. W. H. Miller ushered the guests to the dining room where Mrs. H. Lunan poured tea and Mrs. Allan McKee the coffee. Miss Irene Murray and Miss Bertha Ferguson served the refreshments. The rooms were very prettily decorated for the occasion, a color scheme of pink with pink carnations being used in the reception room while the dining room was very tastefully decorated with red carnations.

RECRUITING

Active recruiting for another Forestry Battalion is now under way and men are being signed on at a fair rate. Lt. Col. L. McAvity, Capt. F. F. May of St. John, and Lt. Murray who has charge of the recruiting for the above battalion were in town last week and upon returning to St. John reported that the recruiting outlook for forestry units is very bright at the present time along the north shore.

Capt. May said that they found the recruiting machinery all along the north shore working smoothly and getting good results, as compared with other parts of the province. A. McG. McDonald, of Campbellton, who is chief recruiting officer for that section of the province, has been doing very efficient work and it is largely due to his good offices that such a satisfactory set of conditions prevail there. Campbellton has several units quartered there, including a mounted rifle draft and a field ambulance unit of about 200 men. The latter has thirty-five doctors attached to the staff, men who graduated with year and are now enroute overseas.

McKENZIE-BEAUDIN

A very pretty wedding took place in Montreal on February 15th, when Officer MacKenzie and Miss Sadie Beaudin, eldest daughter of Mr. and Mrs. James Beaudin of Port Daniel, Que., were united in marriage. Immediately after the ceremony the couple left on an extended trip to Toronto and western Canada. The bride's travelling suit was of navy blue with hat to match. On their return they will make their home in Montreal.

Officer MacKenzie has lately returned from the front, having been on the firing line for almost two years. Before enlisting he was employed with the Bank of Nova Scotia at Quebec.

DALHOUSIE

One of the fastest games of hockey ever played in Dalhousie Riak was played here on Saturday evening from ten to eleven when a team from Bathurst played Dalhousie. Dalhousie obtained the loan of four players from the Khaki team in Campbellton. These players walked all over Bathurst who couldn't score on account of the magnificent defence. Samson played goal for the Town boys and whenever the Bathurst boys had a shot at all (which was very seldom) he skillfully stopped them. Phillips of the Khaki Team was the star of the evening playing Point. He scored six goals. Very little dirty work was indulged in and only a few penalties were incurred. Wallace Sheehan was Referee and Brenton McKay Judge of play. The game ended with the score 7-0 in favor of the local team. A large crowd attended and enjoyed skating after the game.

Mr. E. R. Richard who has been spending some time in the lower end of the Province returned to Town on Monday.

Mrs. Geo. Mundle of Campbellton attended the funeral of her sister Mrs. W. J. Hamilton.

Mr. Orlo Cook of the Bathurst Lumber Co. spent Sunday at his home here.

Mrs. Babcock and children of Campbellton who have been visiting Mr. and Mrs. A. H. McKenzie returned home on Saturday.

Mrs. Fred Warman attended the funeral of Mrs. J. H. Hamilton.

Miss Maud Beckingham spent a few days in Campbellton.

Miss Annie Kerr left on Tuesday morning for St. John where she will spend her holidays visiting friends.

Mrs. William Mott of Campbellton is visiting friends in town.

Mrs. W. W. Doherty returned on Monday from Campbellton.

Mr. Charles Stewart was in Bathurst last week visiting his brother Mr. Albert Stewart who is ill.

Mr. H. A. Trudelle is in Quebec on business.

Capt. J. B. Dishrow, M. D. of St. John was in Town this week attending the funeral of his mother Mrs. W. G. Dishrow.

A number of Dalhousie Curriers left on Tuesday morning for Bathurst to play a friendly game with the curriers of that town. In the games for the Bonspiel Cup Dalhousie was only three points behind Bathurst for second place so much interest is shown for the outcome of these games.

Mr. J. Belyea who has been with the local branch of the Bank of Nova Scotia for some time has been transferred to St. John.
