57TH YEAR. NO. 22698

The London Advertiser

LONDON, CANADA—THE HOME OF UNBROKEN PROSPERITY.

THE LONDON ADVERTISER, LONDON, ONTARIO, FRIDAY EVENING, APRIL 30, 1920. 176 COLUMNS.

HOME EDITION

Weather—Fair and cool.

PRICE THREE CENTS

ONTARIO'S APPLICATION FOR A "BONE DRY" REFERENDUM HAS NOT BEEN RECEIVED AT OTTAWA

Secretary of State To Issue a Proclamation Within Three Months of Its Receipt—Half a Million Dollars in Estimates For Purpose of Providing Plebiscites in the Provinces.

[Special to The Advertiser.] Ottawa, April 30.—The application of the Ontario Legislature for the holding of a prohibition plebiscite in the province under the amended Scott act, with a view to stopping importations of intoxicating liquors for beverage purposes, has not yet been received by the secretary of state, to whom application must be made. After the application has been received the secretary of state may within three months issue a proclamation calling for such plebiscite, and thereafter a date is set for polling at the discretion of the federal authorities.

BRITISH TROOPS MAY JOIN WITH SULTAN'S FORCES IN A DRIVE UPON NATIONALISTS

Aggressive Offensive Against Followers of Mustapha-Kemal in Asia Minor Is Believed To Be Under Consideration of Lieut.-General Sir G. F. Milne.

Constantinople, April 30.—British troops, it is believed, are planning to support the sultan's forces in the movement against Turkish Nationalists in Asia Minor, and even join in an aggressive offensive against Mustapha Kemal. Lieut.-Gen. Sir G. F. Milne, commander of British forces here, has gone to Ismid on an inspection tour, and elaborate preparations are being made by the British along the Anatolian coast of the Sea of Marmora, where they have occupied Mudania, the port of Brusa.

BOY CLAIMS MAN HE KILLED WAS MOTHER'S LOVER

Romeo Remillard Declares He Acted On Father's Orders.

STATEMENT OF CROWN Prosecutor Maintains Victim Was Only Seeking Information.

Quebec, April 30.—By the Canadian Press.—"It was a lover of mother's, and I shot him. I am not afraid. I will not be hanged for this. Father told me to do it, and I did it." Such was the statement made by Romeo Remillard, aged 10 years, whose trial for the murder of Lieut. Lucien Morissette began at the criminal sessions here yesterday.

The above statement was made to him after the shooting on the morning of January 28. Dr. Romeo Roy of Lewis asserted on the witness stand. Following the shooting both Romeo Remillard and his father, Joseph Remillard, were placed under arrest, and were later held on the charge of murder. The father will stand trial immediately after the jury. In outlining the case to the jury, this morning Arthur Lachance, K.C., crown prosecutor, said that on the night of January 27-28, three men employed as train dispatchers for the Canadian National railways at Lewis decided at midnight to call at the house of a friend named Baker, who lived in Belleville.

The three men left about midnight to go to Baker's. Remillard lived just at the other corner of the street from Baker's. There was no light in Baker's house window, while the windows of Remillard's house were lighted up, in doubt as to the right house, Morissette, who was shot, was seen to shoot and he died shortly afterwards.

\$6,000,000 OF CUSTOMS INCREASE. Ottawa, April 30.—By Canadian Press.—Customs figures for the month of April, 1920, show an increase of more than \$6,000,000 over the corresponding period last year. Comparative figures were: 1920, \$17,765,508.51; 1919, \$11,454,858.88.

London Advertiser Will Receive Contributions for Laurier Memorial

Contributions for the Laurier Memorial Fund will be received by The London Advertiser. While a nominal sum of \$5 has been proposed, any part of this amount will be acceptable. It is planned to erect at Ottawa an appropriate memorial for the great Liberal leader, and there is no doubt that thousands of Liberals and admirers of Sir Wilfrid in this district will be glad to have a part in it.

Liberals of Quebec are not only contributing generously towards the memorial to be erected at Ottawa, but also towards one to be raised in Montreal. Liberals of London and of Western Ontario are expected to show equal interest, and contributions forwarded to The London Advertiser will be sent on to those looking after the memorial fund.

HAMILTON IS FACING BIG LABOR TIE-UP TOMORROW

2,000 Men To Be Affected If Builders Walk Out.

BRICKLAYERS' DEMANDS Ask \$1.25 Per Hour, While Plumbers Want \$1 an Hour.

Hamilton, April 30.—Hamilton may face a big labor tie-up tomorrow. The contractor and building trades have so far failed to reach an agreement. A walkout will affect 2,000 men. The result of the demand and operating engineers' vote on a strike will not be known until tonight. It is quite evident from the statement of the Steel Company of Canada last night that the concern will insist upon an open shop and refuse to meet the demands. A tie-up there would affect 2,500 employees. The bricklayers will vote tonight on taking a "holiday" tomorrow. They demand \$1.25 an hour. The plumbers want \$1 an hour. Emergency meetings of many unions are being called for tonight.

ALD. HEAPS WILL ADDRESS WORKERS OF MOUNTAIN CITY

Hamilton April 30.—This morning Isaac Bainbridge, secretary of the May Day committee, announced that the organization had secured permission to hold a meeting in Dundurn Park tomorrow afternoon. The committee is in charge of arrangements is representative of the amalgamated garment workers, stone-cutters, painters and decorators and the general union of the big union.

Speeches will be made by John Dunn, labor councillor of Winnipeg; John McDonald and Thomas McEllough of Toronto. The May Day celebration will be continued at the Princess Theatre on Sunday, when the subject to be discussed will be "The Labor Fight in Winnipeg." Speakers will include Mrs. Joseph Knight of Edmonton; Ald. Heaps, Winnipeg; Louis Brathwaite, Toronto, and Samuel Lawrence of this city.

MAY DAY LIKELY TO BE PEACEFUL IN QUEEN CITY

Toronto, April 30.—The impression among the local labor leaders is that May Day here will be peaceful in spite of the talk of some of the radicals. Two of the organizations affiliated with the building trades have not adjusted their workers with their employees—the sheet-metal workers and the plumbers and steamfitters. The plumbers have an agreement lasting till June, so are unlikely to quit work. Bread drivers may strike, however. Meetings have been held at the house of Mrs. J. J. Dwyer, 100 Queen's Park, on Saturday, to protest against the imprisonment of the Winnipeg strikers. Ald. Heaps of Winnipeg will address the gathering.

MONTREAL MUNICIPAL AUTHORITIES TO CARE FOR 250 FAMILIES

Montreal, April 30.—The city of Montreal will care for 250 families who tomorrow—general moving day—here will find themselves without homes. This announcement was made this morning by E. R. Dreary, chief commissioner of the city, to the members of the Protective Association, which waited on him at the city hall and pointed out that these families had been ordered to leave their residences, and could not find any others in the city to live in, owing to the house shortage. Mr. Dreary said the city would house the homeless ones in the Hurling Refuge. He said that at cost prices and pay charges on storing their furniture until such time as they secured houses.

PLUMBERS ASK DOLLAR AN HOUR.

Brantford, April 30.—The journeyman plumbers are asking for \$1 per hour. Negotiations asked for have not been held yet.

The street railwaymen today denied that they ask for a 50 cent increase. The present rate is 38, 42 and 43 cents per hour for one, two and three-year men, and the new rate asked for is 41, 45 and 48 cents an hour.

Chicago Cops Make Regular Spring Clean-Up

All Kinds of Criminal Suspects Caught in Police Net.

Chicago, April 30.—More than 350 persons were in city jails here today as a result of what John J. Garrity, chief of police, termed a "spring clean-up of criminals." Included in the number were alleged burglars, highwaymen, minor criminals and radical suspects. Chief Garrity, warned by State's Attorney Hoyne and the army intelligence bureau here, that "reds" intended to stage a "carnival of assassinations" tomorrow, said he did not look for extensive May Day demonstrations, but had taken advisable precautions.

STRIKE ON RADIAL LINE IS AVERTED

Industrial Dispute Is Settled At Last Minute.

St. Catharines, April 30.—At the last moment, the threatened strike of the Niagara, St. Catharines and Toronto Railway at 4 o'clock this morning, was averted, and cars are running today as usual. It was nearly 1 o'clock this morning when the conference, attended by a committee of the city council, the men's committee and General Superintendent Oliver, was concluded. The reinstatement of four men was agreed upon, the other grievances to be settled by a local independent board of conciliation.

Montreal Railway Clocks Will Have Two Hour Hands

Red Hand For Local Trains, Black For Main Line Ones.

Montreal, April 30.—It was gathered yesterday from railway officials that clocks which will have two hour hands, one red, one black, are likely to come into vogue, owing to the fact that summer time this year is not to be observed by the railroads except for local traffic. The clocks, it was said, will be guided by the red hand; if on main-line trains by the black hand. As the difference in time is exactly one hour, the minute hand will serve both hour hands equally.

POLISH AND UKRAINIAN TROOPS CONTINUE DRIVE TOWARD KEV

Town of Malin Is Occupied in Advance — Bolsheviks Are Making a Stand On the Right Bank of Bug River.

Warsaw, April 30.—By the Associated Press.—Polish and Ukrainian troops, driving toward Kiev, have occupied the town of Malin, on the railroad about 60 miles northwest of Kiev. The advance is continuing toward the Dniester River, except on the southern sector of the front, where the Russian Bolshevik forces are making a stand along the right bank of the Bug River and are fighting stubbornly.

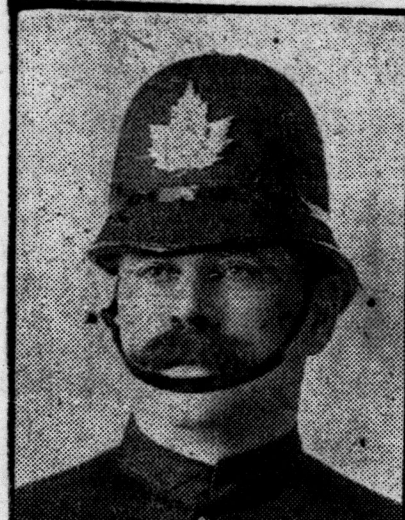

U. S. REFUSES TO PUT UP ANY MORE MONEY TO KEEP WHISKEY FROM BEING TAKEN OVER LINE

Washington, April 30.—"Not one penny to keep liquor out of the United States," was the watchword of the House appropriations committee yesterday. Evidence offered by the customs service that whiskey is being smuggled in great quantities over the Canadian and other borders left the committee unmoved. Two million dollars was the sum asked by the customs service, on the ground that 1,000 additional men were needed to guard the boundaries. But Congress evidently thought it time to call a halt on the mounting cost of prohibition, for the enforcement of which \$6,000,000 had been voted previously.

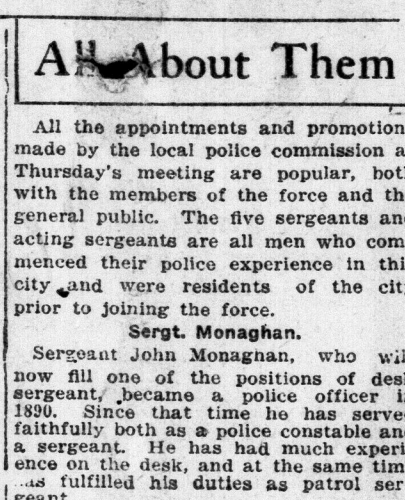

SEES LABOR LOSING POWER IN 5 YEARS

U. of M. Professor Declares Tactics Must Be Changed.

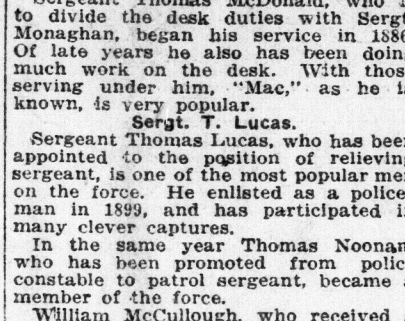

Ann Arbor, Mich., April 30.—Professor David Friday, of the economics department of the University of Michigan, believes that unless labor changes its tactics it will lose, within the next three to five years, the slight balance of power that it has gained in the labor world, after years of struggle. Professor Friday spoke before the Michigan Students' Liberal Club on "Labor at the Cross-Roads."

Anonymous Giver Pledges \$3,000,000 To Aid Churches

Ninety Per Cent of \$100,000,000 Objective Is Promised.

New York, April 30.—An anonymous gift of \$3,000,000 to the United Church campaign of the inter-church world movement was announced at campaign headquarters here today with the statement that \$90,000,000 of the \$100,000,000 sought had been pledged. The campaign does not close until next week, and more than 100,000 churches in various states are yet to be heard from.

FREIGHT TRAIN AND YARD ENGINE CRASH

Early Morning Collision On G. T. R. Today.

AIRBRAKES FAILED

Yard Engine Backed Onto Track in Path of Fast Windsor Freight.

With dynamic force that snapped steel rails and crumpled a wrought iron cylinder free from one engine, tearing it like paper, a fast Windsor-bound freight ran into yard engine No. 1658 in the Grand Trunk yards, just east of Wellington street, about 5:45 o'clock this morning, derailing both engines and causing a serious accident.

The tender of the freight train. No one was injured, but a small, indoor engine and the yard engine were broken and torn. The debris, both engines and tender, were delayed for several hours. Traffic was resumed about 9 o'clock, but the schedule of trains was not completely righted for some time later.

Failure of the air brake to work on yard engine No. 1658 is blamed for the cause of the accident, the light engine backing onto a track on which they were already standing. The yard engine, No. 485, in charge of Engineer Griffin and Conductor Stabler, was approaching the freight train.

What's Doing Tonight?

THEATRES.
Allen—Rex Beach's "The Silver Horde."
Patricia—Harry Carey, in "Overland Red," and vaudeville.
Star—Jack Dempsey in "Daredevil."
Grand—Thurston, the magician.
Loew's—Alice Brady, in "The Fear Market," and vaudeville.

OTHER EVENTS.

A. F. and A. M.—St. John's Lodge, 202, meets in Masonic Temple, 7 p.m.
London Royal Arch Chapter, 150 Meets at 7:30 p.m.

THE WEATHER

LOCAL TEMPERATURES.
Following were the highest and lowest temperatures recorded in London during the 24 hours previous to 8 o'clock last night: Highest, 59; lowest, 37.
The official temperatures for the 12 hours previous to 8 a.m. today were: Highest, 46; lowest, 28.

TOMORROW—FAIR AND COOL.

Today—Moderate easterly winds; light rain in Southern Ontario tonight. Saturday—Northwest winds; fair and cool.

Temperatures.

The following were the highest and lowest temperatures during the 24 hours previous to 8 a.m. today:
Stations. High. Low. Weather.
Victoria. 55. 42. Cloudy.
Calgary. 52. 36. Cloudy.
Winnipeg. 52. 36. Clear.
Port Arthur. 54. 28. Clear.
Perry Sound. 49. 22. Fair.
Port Stanley. 53. 28. Cloudy.
Buffalo. 58. 32. Clear.
Toronto. 54. 34. Fair.
Quebec. 46. 36. Fair.
Ottawa. 50. 25. Fair.
Montreal. 46. 38. Cloudy.
Oshawa. 44. 36. Fair.
Father Point. 40. 22. Cloudy.

Weather Notes.

The barometer continues high over Manitoba and the Northwest States, and relatively low from the Great Lakes eastward, and also over the Middle States.

CITY COUNCIL AT SPECIAL MEETING REFUSES TO TAKE ACTION ON ST. RY. STRIKE

Discuss Means of Transportation During Tie-Up Which Is Scheduled For Tomorrow Morning.

Following a special meeting of the city council at noon today, a strike on the street railway became practically a certainty. No change was made in the previous policy of the council to leave the settlement of the strike to the men and their employers.

The meeting was hurriedly called, and no notice was given to the press. As far as could be learned only plans for supplying transportation during the duration of the strike were discussed along the lines suggested by the special committee which met last night. No change in the street railway situation was apparent at a late hour today. All intentions pointed to a strike at midnight tonight. Both the men and the company were standing firm, and a special committee discussed the matter last night.

A further appeal to all citizens with automobiles to help less fortunate people in the event of a strike was made through City Clerk Baker today. A special committee discussed the matter last night.

"All automobile owners will be given all reasonable help to maintain a transportation system in the city," said Mr. Baker. "Large factories have been asked to make arrangements for transporting their employees to work. In fact everything that was done during the strike last year will be duplicated if the strike takes place this year."

Mayor Little announced no change in the city's attitude, which so far has been to let the company and the men settle its own dispute. Rumors and predictions are, of course, numerous. A provision in the street railway bylaw that if the company fails to maintain service for ten consecutive days after being notified by the city engineer, has given rise to the opinion that every effort will be made to end the strike within ten days. If one occurs, this probability, however, hinges on the notice sent by the city engineer. If no notice is given then it does not apply.

There is another clause in the bylaw, however, that says if the company fails to maintain service for thirty days the council may cancel the franchise, whether the notice has been given or not. Street railway employees will hold a mass meeting in the Grand Hotel, Saturday morning at 9 o'clock, providing a strike is called.

BUILDING FIGURES FOR THE MONTH OF APRIL, \$211,510

Total For Year Now Reaches \$384,080—Number of Permits Issued by Building Inspector Today.

Building figures for the month soared more than \$100,000 over the limit of \$200,000, which Building Inspector A. M. Piper expected they would reach. The exact total today was \$211,510. With the figures of the previous months this gives a total for the year of \$384,080. This is more than \$100,000 ahead of the 600 each; James Mower, one-story brick dwelling, Dundas street, \$3,800; London Housing Commission for J. H. Kay, one-story for the government to the alien, Wexley road, \$4,100; S. Pocock, remodel brick dwelling for apartments, 335 Princess avenue, \$7,000.

Into account. For instance, the total this year represents only 273 separate building permits, as against 314 for the total last year represents 286 different contracts.

The principal permits issued today were: J. C. Fletcher, two one-story frame dwellings, Connaught avenue, \$2,800 each; James Mower, one-story brick dwelling, Dundas street, \$3,800; London Housing Commission for J. H. Kay, one-story for the government to the alien, Wexley road, \$4,100; S. Pocock, remodel brick dwelling for apartments, 335 Princess avenue, \$7,000.

BANK CLEARINGS SHOW INCREASE OF FOUR MILLIONS

Total For April Reaches \$16,777,458.

The bank clearings for April of this year, with the exception of the corresponding month last year they were \$12,119,328, an increase of \$4,667,155.

MEDIATION BOARD TO ENDEAVOR TO SETTLE STRIKE AT HARBOR

Governor Smith Using Influence To End Tie-Up.

Buffalo, N. Y., April 30.—Efforts to settle the Buffalo harbor tie-up will be made today by Governor Smith's special conference of Liberal-Conservative and Labor representatives of the Lake Carriers' Association, and the International Brotherhood of Longshoremen's Association, which will leave New York for Buffalo tonight, and will be in Buffalo tomorrow morning. The conference will be held at the Hotel Hamilton, and will be presided over by Governor Smith.

PETERBORO WOMEN BOYCOTT POTATOES

Will Buy Tubers Only For Seeding Purposes.

Peterboro, April 30.—Sixty women attended a mass meeting held here last evening to discuss the high cost of living. The net result was the adoption of a resolution by the women present pledging themselves to stop buying potatoes for one month, except for seed purposes, and that those who have supplies on hand send their names to the board of trade, explaining their willingness to dispose of a small quantity at a reasonable price for seed purposes.

PEACE BY RESOLUTION

Senate Committee Has Substitute For House Plan.

Washington, D. C., April 30.—The state of war with Germany and Austria would be terminated under a resolution reported today by the Senate foreign relations committee, a substitute for the House resolution to substitute for the resolution to end the war with Germany and Austria.

BRANTFORD CARPENTERS WILL GET 80c AN HOUR

Brantford, April 30.—It was officially announced this morning that following negotiations between the local carpenters union of the city and the Builders' Exchange, all differences had been adjusted. The new rate of pay for carpenters will be 80 cents an hour, with an 8-hour day as standard. The motion picture industry, electricians, painters and allied building trades are still negotiating, and the prospects are that peaceful settlements will be arrived at with May Day passing without untoward incident.

SPANISH DIPLOMATS MUST GET ROYAL CONSENT TO MARRY

Madrid, April 30.—Spanish diplomats are forbidden to marry without royal permission by a law published today in the official Gazette. If this order is disregarded, the offending person will be sentenced to prison for one year and his wife excluded from diplomatic privileges.

DRIVER'S JUDGMENT IS OF MORE IMPORTANCE THAN THE SPEED LIMIT

Magistrate Graydon Expresses Opinion On Present Motor Laws.

Following the fatality of last night, which was due to an automobile, there has been much discussion regarding the speed limit in the city. Some persons have thought that a reduction of the limit from 20 miles per hour to 15 miles per hour should be made. The 20-mile limit has not been in effect in the city for a very great number of months.

Not long ago, Magistrate A. H. M. Graydon expressed an opinion that the reduction of the speed limit would not tend to reduce the number of accidents. The good judgment of the motorist was what counted. There was a time when 25 miles per hour in some sections of the city would not be too fast, and there were other times when 10 miles per hour would be unwise.

Most of the accidents occurred at the street intersections, and more caution on the part of the motorists and the pedestrian at these particular places would prevent many accidents.

YEARLY TENANT ENTITLED TO NOTICE OF SIX MONTHS

Cannot Be Dispossessed, Otherwise, Judge Judd Rules.

According to a decision given by Judge J. C. Judd yesterday in the county court, a yearly tenant cannot be dispossessed without six months' notice, expiring with the year of tenancy. Rachel Henshaw, tenant at 55 Wellington street, appealed against an order from her landlord, David Gilmore, to vacate her home which had been sold. The lease, signed in May, 1916, expired May 28 next, and Judge Judd gave his decision that not having received six months' notice the tenant is entitled to a renewal of the lease for another year. Mrs. Henshaw stated that at first her rent was \$15 per month. In 1918 it was raised to \$18, and last January it was raised to \$22. W. R. Meredith appeared for the landlord, and G. N. Weeks for the tenant.

THE PEOPLE FROM OUT OF TOWN

are getting wonderful service from some of our stores. Special arrangements are being made in the workshops as to accommodate them in the way of repairs done while they wait. John A. Nash, My Jeweler, has a complete staff of experienced watchmakers, and visitors from all parts of Ontario hunt up his store for this special service. The store is 206 Dundas street, "where you will eventually buy."

MACHINE GUN BRIGADE WILL SOON BE AT FULL STRENGTH

Twenty-Two More Machine Guns Have Reached District Headquarters.

Before long the local batteries of the 2nd Canadian Machine Gun Brigade will be at full strength, and prepared to commence a thorough course on the Vickers 303 machine gun. For the local and outside companies of the brigade 22 more machine guns have arrived in this district. Seven of them have been sent to the armories here to be used for training purposes, along with the other guns which have been there for several weeks. Four guns will be sent to Stratford, two to Chatham and two to London. The remaining seven are being kept in the ordnance stores. When all the guns have arrived from England there will be a total of 36 available for the brigade. This is one-half of the active service allotment.

Uniforms have been issued to many of the men. Others joining will receive theirs after enlistment.

In the near future a band concert and dance is expected to be staged by the brigade.

Non-Coms. Wanted.

Last night the local quota was divided into three companies, A, B and C. The officers have been allotted 167 the various batteries and a number of men with overseas experience were appointed as non-commissioned officers. However, vacancies for a number of non-commissioned officers still exist. Signaller and transport men are needed also.

On Monday, the band, which is composed of about 100 men, will hold its regular practice. All the bandmen are veterans.

On Tuesday the regular fire shooting on the miniature ranges at the armories will take place.

Thursday the regular parade will be held. The "Bring-a-Fat" system is expected to bring the local batteries up to strength by that time, or at least by the parade of the following week.

Special classes for all those wishing to qualify as non-commissioned officers will in all probability be commenced soon.

The cadet corps which is affiliated with the brigade is rapidly nearing full strength.

"HOW IS YOUR LIVER?"

No question is more important. As your liver is, so are you. Take Hood's Pills—best for a sick, torpid, miserable liver, biliousness, constipation, bad taste in the mouth, etc. Sugar-coated, easily swallowed. Do not gripe. Sold by all druggists.

Tempus Fugit ::

Little children of today are the buyers of tomorrow.

This distinctive shop extends an individual service and a confidence inspiring treatment to all of London's little men and women.

Barnard's

Diamond Merchants and Jewelers.
399 RICHMOND STREET, LONDON.

FINAL PRELIMINARY MEETING SATURDAY

Plans For Welfare Campaign Will Be Completed.

The final preliminary general meeting of the United Welfare Association, at which the various committees will give their plans for the campaign next week, will be held in the Tecumseh House Saturday afternoon. A meeting of the executive and the team captains was held Thursday afternoon, and the campaign will be referred to at the meeting of the members' council of the Chamber of Commerce today at noon, when Adjutant Martin of the Salvation Army will speak on "The Christian Heart of London," with special reference to the work of the Salvation Army and its supporters.

A great deal of work has already been done by many of the committees. Emerson Nichols has been appointed to assist W. F. D. Jarvis, convener of the employees' committee, and is directing the canvass of the large stores and warehouses.

The subscriptions of the employees of the local railways and public utilities will be received by the following: City hall, James Hall, city treasurer; public utilities department, E. V. Buchanan; London street railway, C. B. King; customs department, O. H. Talbot; postoffice, Dr. P. McDonald; Grand Trunk, Charles G. Forrester and H. Macdonald; Canadian Pacific, R. McKillop and W. C. Whittaker; London and Port Stanley, J. E. Richards; Michigan Central, Thomas Evans; Grand Trunk car shops, John Leckie and Frank Pouse.

RARE MUSICAL TREAT FOR MUSIC LOVERS OF LONDON

Delightful Recital Was Given in Wesley Hall.

London music lovers were given a rare treat in orchestral music Thursday evening under the direction of Miss Florence Eggleston in Wesley Hall. Miss Helen Rogers of the Margaret Eaton School of Expression, Toronto, and Mrs. Alice Rowe Harkness, also of Toronto, were the assisting artists.

The delightful program was opened by the orchestra with a War March, a very pretty piece and rather difficult for some of the very young folk in the orchestra, the majority of whom were Miss Eggleston's pupils. A selection from Faust was another choice piece. A little bit of music enjoyed by everyone and all too short was "The Flower Song."

Harkness has been heard before in London, and was received as usual with much applause. She has a particularly pleasing soprano voice with a wide range, and the audience demanded an encore after every number. Miss Rogers gave a delightful interpretation of Alfred Noyes' "Song of the Barrel Organ," and Kipling's "Mandalay." Miss Rogers' most pleasing piece was Rosa, an Italian selection. A Jordan was the accompanist of the evening.

PLANTS TO COST MORE

To meet the increased cost of material, the London Plant Growers' Association decided that the price of plants is due for another boost. At their second general meeting held last night in T. H. Hill's greenhouse, 35 Tecumseh avenue, all material used by a plant grower had doubled in price in the last three years, and to continue business the increased revenue was needed. It was claimed.

Education was a subject that was thoroughly discussed. To be a first-class plant grower education along plant-growing lines was needed. In all probability the Agricultural College at Guelph will start a special course for those wishing to learn plant-growing. At the next meeting the most pleasing item on the agenda was a paper on an open discussion on soil and fertilizer will take place.

BIRD NOTES

Contributed by McIlwraith Ornithological Club.

No new birds are reported by the members of our club for April 29, so a report on Jack Miner's goose flock for 1920 may be in order.

This place was visited last Friday and Sunday. On Sunday afternoon the visitors comprised 2,400 geese and 83 automobiles at one time, which speaks volumes for the popularity of bird protection when illustrated by spectacular results. The influence of Mr. Miner's work is exceedingly widespread, doubtless more so than that of any other man on the continent.

In the history of the history of this effort there has been enough money volunteered to feed the geese fully. The consequence is that they are sent away quite satisfied, and will doubtless return in even greater numbers next year.

Jack is hoping to make a new departure next year, of which he had a strong hint this spring. Two hundred and fifty geese, several species, were sent the lake shore, and within five miles of his house. Few times small flocks came over the lake, and he was scouting parties, and if there had been a pair of whistling swans on the pond to assure them that this was a real place, and not a hunting ground, they would doubtless have left. So Jack's plan is to have a pair of native swans there next year. To some people it may be news that we have wild swans in this country. It needs only a moment's thought to assure oneself that the only way the swan can live in Ontario would be by the exercise of the most extreme caution. So far as we know they arrive from the south and alight at the east end of Lake Ontario, where they spend a short time. From there they fly west, doubtless alighting at various places along the lake, of which Point Pelee ought to furnish the most attractive spot, but no information has come from there about them. Every year they pass over Point Pelee, flying west. Usually the flight continues for a couple of days, and comprises several thousand individuals, flocks of a hundred being frequent. Somewhere near the west end of Lake Erie they land again. Many of them also rest at Lake St. Clair, and probably on the upper lakes before they reach their summer home in the Arctic.

Jack's geese, on the contrary, arrive at Kingsville in one flight from the Chesapeake region. They remain until about this date, when they leave for James Bay, which also is reached in a single flight, and there they remain for the summer.

Ducks are common visitors at the Miner ponds, and are often tagged for identification purposes. Mr. Miner gave the writer a splendid on the life of the duck, when he stated that while the ducks tagged there in the fall have been shot as far west as Alberta and Montana, as well as all the territory between, yet all of the most distant birds before they leave have been tagged. The reason is that the ducks return to their natal ground, and bring with them the tags which they select while in the south. These mates may be from anywhere, and it is doubtless a fact that some of Jack's autumn visitors have mated with ducks from the west and travelled with them to that district. Nature's provision against inbreeding.

—W. E. Saunders.

EXPECTED TO RECOVER

The condition of George Plumridge, who attempted to commit suicide at the Salvation Army Hostel on Wednesday night by slashing his throat with a razor, and who was taken to the General Hospital, is unchanged. He is expected to recover.

TO PREVENT ADULTERATION.

Ottawa, April 29.—(By Canadian Press).—A bill was introduced today by the agricultural committee of the Commons on the bill which seeks to place the control of all commercial feeding stuffs entirely in the hands of the federal department of agriculture. Every brand of feeding stuffs offered for sale is to be registered, and sacks are to be plainly marked. Stringent measures are also taken to prevent adulteration.

100 Trimmed Hats, 1-3 Off Saturday

These Hats must go to make room for the display of summer stocks and it is just such emergencies that create the opportunity for you to reduce the cost of your outfit. You will please remember that this group of one hundred Hats will take in a pretty general assortment picked right off the display stands and every Hat reduced one-third, which means a saving of just half the sale price Saturday.

Saturday Sale Prices, \$4.68 to \$16.68

These are all this season's very newest and smartest models, in a great variety of shapes, and trims beyond description, and we assure you of a surprise when you face the price tickets on this group tomorrow. Early morning selection will be all to your advantage. Sale prices, one-third off, \$4.68 to \$16.68.

Apr. 30, May 4RECOVERING.—George Plumridge,
attempted to commit suicide by
slitting his throat with a razor on
Sunday at the Salvation Army Hos-
pital, and who is in Victoria Hospital,
is reported to be recovering. His con-
dition was very favorable this afternoon.EX-SOLDIERS WISHING
VOCATIONAL TRAINING,
APPLY TO THE S. A. C.Includes the Men who Took
Course and Were Not Suc-
cessful in Getting Jobs.It was announced this morning by
the secretary of the local branch of
the ex-soldiers' aid commission that
men who had not received vocational train-
ing should apply at once to him. This
will take in all men who have either
had a course and were not successful
in getting work, and also men who
were refused a course owing to techni-
calities in the regulations governing
the training.
It is not known at present just how
far the movement will go in regard
to the training of men who have been
refused a course, but any person who
feels that he has been unjustly treated
in the matter of vocational training
should apply at once.
The head office of the S. A. C. has
asked for reports to be submitted on
each person applying to the training,
so that facts regarding men who have
been turned down may be learned.
Men who have started on their
courses and have not completed them
will also be eligible under the new
system. Those who started and com-
pleted a course and then found that
they could not carry on with the work
either through disability or being un-
able to obtain work, may also apply
for a new course.COLLEGIATE FIRE
PROBE OPENS AT
CITY HALL TODAYE. P. Heaton in Full Charge of
Investigation.E. P. Heaton, chief fire marshal of
the province, arrived in the city today.
He commenced an investigation of the
collegiate fire at 2:30 this afternoon.
The fire broke out in the city hall
at 1:30 p.m. and was extinguished by
the fire department. The fire marshal
has been in the city several days making
preliminary arrangements. He made
an examination of the building.
Plans and photographs of the build-
ing before it was burned have been ob-
tained and will be used this afternoon.
L. E. Carrothers, architect for the
city engineering staff, will be called
to give information. Fire Chief Aitken
will also be asked for information.
JUDGE CHOQUETTE'S OPINION.
Quebec, April 29.—"If you appeared
before a certain judge of your province,
and being unable to speak the language
of the majority of that province, you
would be deemed worthy of deporta-
tion." Such were the remarks ad-
dressed by Justice Choquette this morn-
ing to a witness from Ontario, unable
to utter a word of French. "But in
this province, although regretting that
everyone does not possess at least a
certain knowledge of the two official
languages, we give to each the oppor-
tunity of being heard and understood,"
concluded the judge.WILLIAM J. HEASLIP
WINS HIGH HONORSObtains Silver Medal of the
National Academy of
Design.William J. Heaslip, formerly a com-
mercial artist and engraver in the em-
ploy of Lawson & Jones, Limited, but
who went to New York last Sep-
tember to continue his art studies, has
been successful in obtaining the Syd-
dam silver medal of the National Acad-
emy of Design.
Heaslip, who is a traveling fellow-
ship holder, is a native of London, Ont.
He is now in New York City, where
he is working on a number of designs.
He is expected to return to Canada
in a few days.

Two Deliveries Daily.

WILLIAM J. HEASLIP.

Design. This prize, which is
usually obtained after not less
than two or three years' hard work,
has been won by Heaslip after a
few months of study. The only
award in the gift of the National Acad-
emy of Design is a traveling fellow-
ship. Mr. Heaslip does not state
whether he expects to win the fellow-
ship next year, but he is confident
that the winning of the medal was
quite beyond his brightest expecta-
tions.
Another London artist, Albert Tem-
plar, at the same New York school,
has also won a high honor in the
examinations.FIRST-YEAR STUDENTS
OF L. C. I. TO ATTEND
LORD ROBERTS SCHOOLMust Be On Hand Monday At
1 p.m., Says Principal
Mooney.First year pupils of the Collegiate
Institute are to attend Lord Robert's
School, Princess Avenue, on Mon-
day at 1 o'clock. Principal W. H. T.
Mooney, stated this afternoon that it
was imperative that all pupils intend-
ing to complete the first year attend.

LOCAL NEWS

—D. Dunkelmann, president of the Tip
Top Tailors, is in town today.
VISITS DETECTIVES.—Michael
Heenan, former M. C. R. detective, vi-
sited the police station today to renew
old acquaintances.
START ON HOLIDAYS.—Four local
brethren started on their holiday
on May 1. This is the start of the holiday
season for the men, the first being Wm.
Reid, Wm. Leighton, Stanley Hammond,
L. Bliss.TO CLOSE WEDNESDAY AFTER-
NOON.—Flour and feed stores of the
city will close at 1 o'clock on Wednes-
day afternoons during the summer
months. This arrangement will go
into effect next week.FIREARMS STOLEN.—Two .22
calibre Ross cadet rifles and a revolver
were stolen from St. George's High
School by someone who broke into the
building Wednesday night. The detec-
tive department is investigating the matter.BANQUET THURSDAY.—The local
Christian Men's Brotherhood will hold
a banquet in the Y. M. C. A. dining
room next Thursday evening, after
which Brig.-Gen. J. Penry Dwyer, chap-
lain to King George V. and veteran of
war work in Gallipoli and other im-
portant combatant areas, will address
a mass meeting in the Auditorium.WEDNESDAY HOLIDAYS.—All
employees of the retail furniture stores
of the city will work Wednesday af-
ternoon off during the month of May.
June, July, August, September and
October. This arrangement was made
this morning by the merchants of the
city, who held an informal meeting in
the store of W. D. Thomas.COULD FILL POSITIONS.—The G.
W. V. A. is of the opinion that many
government positions could be filled
by partially disabled ex-soldiers. Sec-
retary John Cunliffe states that a one-
armed man could issue motor licenses
for London and the surrounding dis-
trict. At present the work is being
done by a girl.TO BE RELEASED.—High Con-
stable Watterworth of Middlesex
County has wired the chief of police
of South St. Marie to release Alex-
ander Hains, held there on a warrant
for non-support issued here by Squire
Chittick last October. Beatrice Hains,
wife of the arrested man, has decided
that she does not wish to prosecute
him nor have him brought back to
London.POLICE COURT FINES.—Only sum-
mons cases came before the court to-
day. The police court this morning.
The results follow: For violating the motor
vehicles act, H. Layton \$5, George Ful-
ter \$2, A. Segel \$5, C. J. Leach \$5, and
H. J. Cheevers \$5. For breaking city
laws—Clifford Watterworth, colored
boy, Charles Fletcher \$2, Charles Fletcher,
Jun. \$2, Charles Spittal \$2, Henry Col-
lins \$2, Emmanuel Booker \$1 and
Walter Abel \$2.PENSION OFFICE MOVING.—After
one year in the Royal Bank Building
the pension board is moving its office
to 109 Dundas street, the reason being
that the office space in the bank build-
ing was too large. The new office
will be open for business on Monday.
The local office has received the fol-
lowing word from Ottawa as to the def-
inition of the pension board throughout
Ontario. It is expected that some de-
finite word will be received in the
course of a few weeks.TO REPRESENT C. O. C.—W. W.
Nobbs will represent London, Cham-
ber of Commerce at a meeting this morn-
ing in Ottawa, called by Sir Henry
Drayton, minister of finance, for the
discussion of the matter of prepay-
ment of freight to United States points,
including exchange. Canadian shippers
are protesting against having to pay
extra to cover the difference of value
between Canadian and United States
money in the prepayment of freight.BRADSTREET'S REPORT.—London
reports to Bradstreet that business
in practically every line continues
to move along in satisfactory manner.
Local industries are active and find a
ready market for their output. Trans-
portation matters are reported to be
improving daily. Farmers in the ad-
jacent townships are getting busy, and
while the season so far has been some-
what backward, the hopeful ones look
for continued fine weather once it
starts. On the produce markets, pota-
toes are strongly held. The demand for
hay, oats and barley is good at firm
prices. Groceries, boots and shoes,
drygoods and hardware are active and
moving in satisfactory volume. Pay-
ments are good.Demonstrations

139 YOUTHFUL
CITIZENS ADDED
TO POPULATION
DURING APRILThirty More Than in April,
1919—Fewer Deaths
Registered.Thirty more babies arrived in London
this month than during April, 1919. Boy
babies numbered 75, and girl babies 66,
a total of 141. In April, 1919, 14 boys
babies and 58 girl babies were born,
a total of 72. Fewer deaths occurred
this month than in the corresponding
month of 1919. The total for April
this year was 72, while in April, 1919,
it was 75. Thirty-four male and 38 female
citizens died this month, and 39 male
and 29 female citizens died in the same
month last year.
A total of 56 marriages was reported
this month. Exactly the same number
were recorded in April last year.

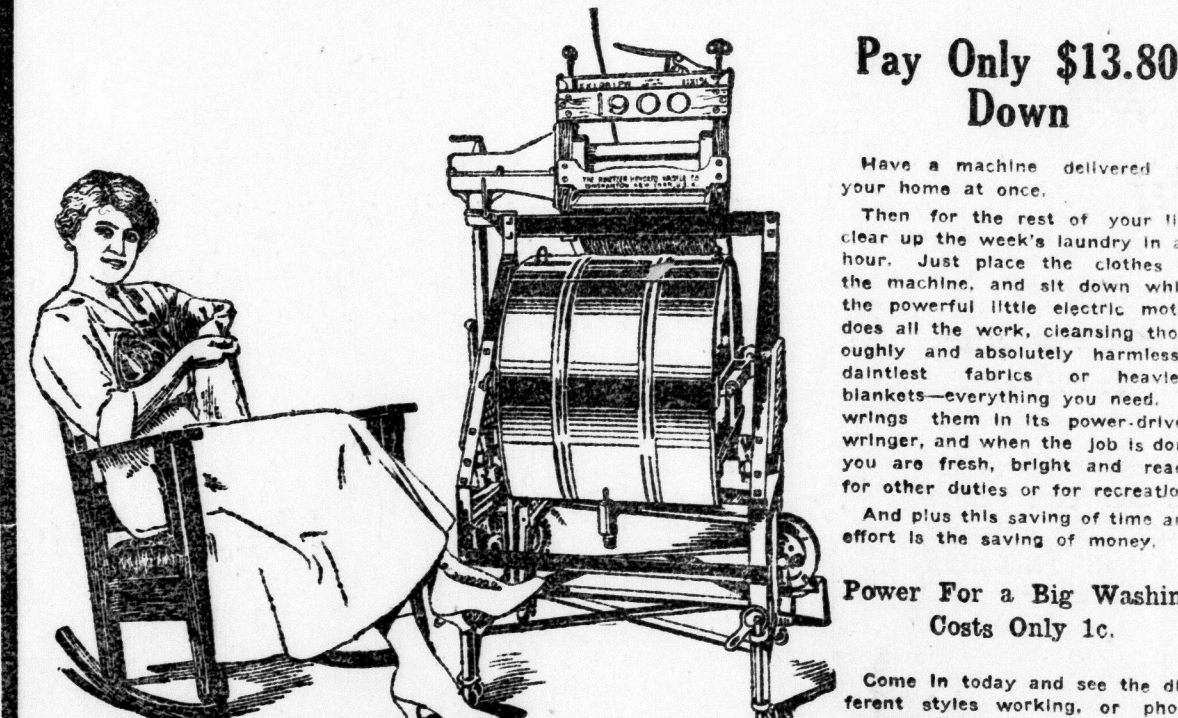

OFF THE RAILS

Music, dancing and a merry crowd
in the office room of the C. P. R. sta-
tion last evening marked the last of
a series of social evenings held during
the winter under the auspices of the
C. P. R. Gleec Club. If variety is the
spice of life, then the spiciest of en-
tertainments delighted the largest
crowd of the season until the "we
smoke" hours of the morning.
The evening opened with a splendid
program of readings, music, fancy
dancing and monologues. Every num-
ber was so exceedingly good that the
task of picking out the most pleasing
could only be accomplished with the
greatest difficulty.Fancy dancing by a quartet of young
people, comprising S. McKeough, E.
McAllister and Misses M. Stark and
G. Tullett, was greeted with much en-
thusiasm. Their Lancashire clip and
Irish reel were exceptionally well done.
They danced also the Scotch reel, shen-
trel, and the waltz.
Some Irish ballads sung by M. J. Mc-
Keough were delightful. Mr. McKeough
used a guitar in connection with his
numbers popular. R. G. McDonald
scored with several Scotch songs. Miss
M. Corbin won the hearts of the audi-
ence with a beautiful contralto solo.
Miss Ella Henderson and G. Bird played
the accompaniments. Humorous read-
ings by Miss V. G. Campbell, and a col-
ored and original monologue read
by D. H. Walsh kept waves of laugh-
ter rolling through the house.
A jolly program in dancing, in which
nearly everyone joined, kept the crowd
busy until refreshments were served.
In the absence of Superintendent R.
McKillop, who was unable to arrive
from Montreal in time for the occasion,
A. E. Chapman acted as chairman in a
capable manner.
Throughout the summer members of
the recreation club will devote their
selves to the promoting of sports. Ex-
tensive preparations are being made.Grey Kid \$2.98

ON EXAM. PAPERSAssumption College Repre-
sentatives At Western
"U" Today.Representatives from the Assumption
College, Windsor, are in this city today to
meet with representatives of the West-
ern University for the purpose of draw-
ing up final examination papers. As
the colleges are affiliated with the uni-
versity the same papers will be used in
the three institutions. The representa-
tives will return to their respective col-
leges tonight.KITCHENER, April 29.—Word was
received here today that Sir Arthur
Curie has accepted an invitation to
address the Waterloo County Canadian
Club on Saturday, May 5.THIRTEEN FIRES
DURING APRILAttended by Firemen Out of
Fourteen Calls—Pulmotor
Used Once.Thirteen fires were attended during
the month of April out of fourteen
calls received by the fire department.
One call was received for the pul-
motor for Harry Dransky, who was
smothered under a load of hay last
Saturday.
The most serious fire of the month
was that of the Collegiate Institute.ALBERTA TOWN IS
REPORTED ON FIRECalgary, April 29.—Fire is wiping out
the business section of Camanica,
Alta. Loss is reported at \$100,000.NOTED ATHLETES IN BIG
SPORTS CARNIVAL AT
PENNSYLVANIA FIELDPhiladelphia, April 30.—Clear skies
and a fast track favored the opening
of the annual two-day relay carnival of
the University of Pennsylvania on
Franklin Field today. The appearance
of athletes from Oxford and Cambridge
and Carthage of Toronto University
added special international significance
to the meet.
The British athletes were very opti-
mistic this morning regarding their
chances in the distance relay, which is
the premier event, and carries the
American college championship.
The English representatives have never run
before with the rail on their left. Capt.
B. G. D. Rudd, the Ontario, expressed
the opinion that this would increase
their speed by at least one second each
half mile."Say It
With
Flowers"
Always the Ideal GiftTime, Money and Labor Are All
Saved By The Electric WasherThe washboard was more thorough and a little faster than your knuckles.
The old-style hand-pumped washing machine was hailed as "a wonderful help." It
saved some of the work and some of the time, but after all you still did the washing. You
worked laboriously till your muscles ached, and fitted the wringer into your nightmares.

DO YOUR WASHING THIS WAY

Pay Only \$13.80
DownHave a machine delivered to
your home at once.
Then for the rest of your life
clear away week's laundry in an
hour. Just place the clothes in the
machine, and sit down while
the powerful little electric motor
does all the work, cleansing thor-
oughly and absolutely harmlessly
daintiest fabrics or heaviest
blankets—everything you need. It
washes them in its power-driven
wringer, and when the job is done
you are fresh, bright and ready
for other duties or for recreation.
And plus this saving of time and
effort is the saving of money.Power For a Big Washing

NO PREDICTIONS AS TO LUMBER PRICES

Local Dealers' New Stock To
Arrive Late in June.

Because of the fact that this year's
stock of lumber is not on the market
yet, and will not be available for a few
months yet, local lumber merchants
were not able to make any predictions
regarding the prices. They do not ex-
pect, however, that there will be any

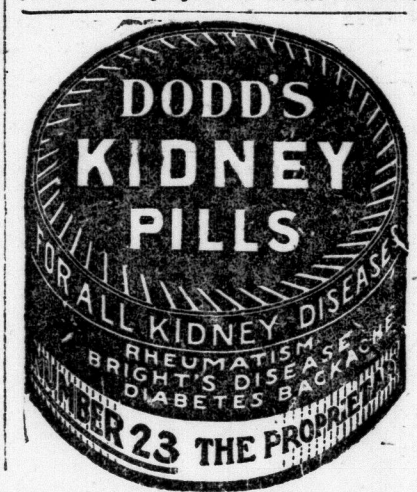

reductions in the quotations for the
current year.

TELLS OF SPLENDID WORK ACCOMPLISHED BY SALVATION ARMY

Adjutant F. W. Martin Speaks
At Chamber of Commerce
Noonday Luncheon.

Glimpses of the splendid work that
the Salvation Army institutions of Lon-
don are doing in a quiet, considerate
and effective way were interestingly
revealed in the address which Adj. F.
W. Martin gave before the members
of the London Chamber of
Commerce today at noon.

Something of the secret of the warm
spirit of grateful appreciation which
the Salvation Army engenders in the
hearts of those whom it helps was be-
trayed by stories of several cases where
assistance given by the Army had
saved unmarried mothers and their
children from the false opprobrium of
conventional prejudices. In one instance,

the local Salvation Army institution
cared for a babe for two years while
its mother returned to work and waited
for her soldier lover to return from
the war. On his return they were mar-
ried, and with due formality adopted a
child from the care of the Salvation
Army.

In the Children's Shelter an average
number of twenty babies are being
cared for all the time, while their un-
married mothers return to work and
contribute what little they can to the
care of the babies they do not wish to
give up.

In the Ronald and Roy Gray Memorial
Home, nearly thirty children who have
lost one or both parents are being
cared for until relatives can take care of
them. Within a year 172 girls and
babes have been cared for in the
Rescue Home. In the Bethesda Hos-
pital they receive just as careful treat-
ment and care as is bestowed on private
patients. With a total of 200 births in
its first year, the Bethesda Hospi-
tal enjoys the reputation of having
had not one death of a mother.

TV Soldiers' Hostel which has
helped an average number of fifty
soldiers a day since it was opened,
is a boarding home for working
girls who are receiving insufficient
wages. When they secure better po-
sitions they will be expected to leave
and make room for girls in poorer cir-
cumstances.

Lack of money, however, in Adjutant
Martin's opinion, is making for girls
going astray. Of all the girls be-
friended by the Salvation Army Res-
cue Home, the majority are Protestants.
The London Health Association, the
War Memorial Children's Hospital,
the Soldiers' and Sailors' Civil Service
Department, the Social Service Council,
the Woman's Sanatorium Aid Society, the
Soldiers' and Sailors' Civil Service De-
partment, the Social Service Council,
the Victorian Order of Nurses, St.
John Ambulance Brigade, the Y. M.
C. A., the Y. W. C. A., the Women's
Christian Association (which maintains
the Home for Incubated), and the
Protestant Orphans' Home.

Adjutant Martin referred to
his fifteen years' experience in Salva-
tion Army work. Prior to his conver-
sion at 17 years of age he was a bell-
hop in an Edinburgh hotel and also
conducted a poolroom.

E. V. Buchanan presided at the
luncheon.

ST. RAILWAY STRIKE IS THE ONLY ONE TO TAKE PLACE MAY 1

Hod Carriers' Dispute To Be
Submitted to Industrial
Commission.

With the exception of the street rail-
way employees no unions will go out
on strike on May Day. The Hodcar-
riers' and Laborers' Union have turned
down the employers' offer of a minimum
wage of 55 cents an hour. The men
are asking 75 cents. The matter will
be submitted to the local industrial
commission. There has been no talk of
strike yet.

EXPRESS EMBARGO ON DETROIT SHIPMENTS

Again Placed in Effect by
Local Companies.

Local express companies have been
notified that an embargo has been re-
placed on express for Detroit and the
neighboring American points. Express
is being received for Buffalo and other
eastern points, however.

INCOME TAX RETURNS POURING INTO OFFICE

Score of Employees Are Doing
Nothing But Open Mail.

Income tax returns have almost as-
sumed the proportions of an avalanche
at the office of the local inspector of
taxation in the Carling Block.

MOTOR CAR DRIVER YET TO BE FOUND

No Trace of Motorist Causing
the Death of Mrs. J.
Humphries.

No trace of the driver of the motor car
which struck and killed Mrs. J.
Humphries at the corner of Sydenham
and Richmond streets on Wednesday
night has been found.

ACCIDENT VICTIM BURIED SATURDAY

Funeral of Mrs. Alice Humphreys
Will Be of Private
Nature.

The funeral of Mrs. Alice Humphreys,
who died on Wednesday as a result of
a motor accident, will be held privately
on Saturday from the family residence,
191 Sydenham street, at 3:30 o'clock.
Rev. Canon G. B. Sage will conduct the
services. Interment will be made in
Woodland Cemetery.

POLICE COURT FINES FOR APRIL \$4,471.35

Clerk Moule Collects \$18,-
265.65 During the Past
Quarter.

Fines collected by Police Court Clerk
John Moule during April amounted to
\$4,471.35. Those for the past quarter
totalled \$18,265.65. Since the first of
the year 350 cases of all descriptions
were dealt with by the court.

LATE LOCAL ITEMS

MEET TONIGHT.—A meeting of the
London Branch of the Ontario Fish and
Game Protective Association will be
held this evening at 8 p.m. in the
court house.

TWO BICYCLES STOLEN.—Two
Brantford Red Bird bicycles were
stolen last night. The thefts have been

reported to the police, who are in-
vestigating. Albert Lawrence, 151
Horton street, had his taken from in-
front of the Y. M. C. A., between 7
o'clock and 10 o'clock. Its number was
2478. Mr. Chandler of 90 Ridout street,
bicycle numbered 70422, was taken
from in front of a local theatre.

W. O. R. DRILLS.—A week from
Monday will see the 1st Battalion, W.
O. R., well under way as far as drill-
ing is concerned. Drill will be
held and will continue for some time
Monday evening equipment was
sued to all men who have been
on the strength of the regiment
200 in number. The sergeants
will be organized and more
taken on the strength.

W. McPHILLIPS, LIMITED

Wonderful Inauguration Sale

In announcing the new firm of W. McPHILLIPS, LIMITED, we are offering

48 BEAUTIFUL KRYDNER
PIANOS at \$363.00

Which means a very large saving on every instrument.

This opportunity comes to you for no other reason than
to mark the official opening of the new firm,
W. McPHILLIPS, LIMITED.

To be able to get a good, standard, high-grade piano now
at pre-war prices is an opportunity so unusual as to
pass belief.

It is not our policy to use comparative prices, but we
can say that this Krydner Piano is well worth \$475,
and it is the largest bona-fide reduction on a high-class
piano we have known of in the last two years.

With each of these pianos we will give, absolutely free, a
beautiful duet bench.

Any instrument bought during this sale may be exchanged
for one of greater value at any time within one year
without loss to the purchaser.

Special prices on all other new and second-hand pianos
during the sale.

This sale will open tomorrow (Saturday) morning at
9 a.m.

We recommend the Krydner Piano as a most desirable piano for the
home. Its merits will stand careful examination. The Krydner Piano
possesses features that are found only in pianos of quality—full metal
plate with bushed tuning pins and bass sustaining pedal. Finished in
mahogany, walnut or fumed oak.

Exceedingly liberal terms during the sale. It will pay you to talk this
over with us.

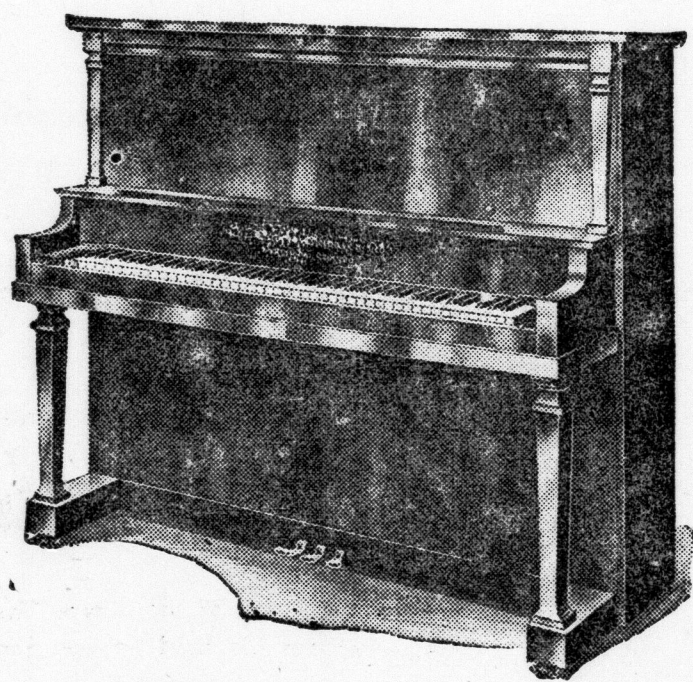

COME IN TOMORROW and
EXAMINE THE KRYDNER

Store open every evening during sale till 10 p.m.
Out-of-town customers please write for any further particulars,

W. McPHILLIPS, LIMITED

238 DUNDAS STREET.

LONDON

The New Firm
W. McPHILLIPS, LTD.

Mr. W. McPhillips will still remain head
of the new firm, but under the new ar-
rangements all of the employees of over one
year standing are financially interested in
the new concern. Do you, our patrons, real-
ize what this means? Every one of the em-
ployees has the interest of the business at
heart. This means the best possible service
rendered to you.

We offer advantages in equipment, in ser-
vice, in comfortable surroundings, and in
merchandise that you will find in no other
store in the city.

That the public appreciates these ad-
vantages is shown by the fact that during
the past year we have been accorded a
patronage that has broken all records.

OAK HALL

of these good Serge Suits; developed from an unfinished
serge, in all the newest models for men and young men.
We know of no better value any-
where; sizes 35 to 42. Special value \$45.00

OAK HALL

AFTER SHAVING

Heal the Skin and Prevent Infection with "ABSORBINE JR."

The most healing, most soothing, most effective skin lotion you can use after shaving is one you can make up at home by adding one ounce of "ABSORBINE JR." to a quart of water or witch hazel.

To rub this lotion over the face after shaving is a luxury indeed. It takes away all soreness—prevents chapping and irritation—keeps the skin—and prevents infection.

A solution of "ABSORBINE JR." in water makes an excellent mouth wash; it thoroughly cleans the mouth, destroys germs, and prevents decay; fine for the teeth and gums.

\$1.25 a bottle—at most druggists or sent postpaid by W. F. Young, Inc., Lyman Building, Montreal.

NEW YORKERS TO BE EVICTED TO LIVE IN TENTS

Salvation Army Will Arrange To Care For Many.

New York, April 30.—A village of tents will rise on the grounds of the Salvation Army training college here to shelter New Yorkers who will be rendered homeless tomorrow or directly thereafter by May 1 eviction proceedings. Salvation Army officials announced today. The Army has issued an appeal to tent owners to lend their tents for the emergency, and plans are being laid to care for a thousand persons.

DREAM OF FLIGHT FROM PARIS TO NEW YORK IN 10 HOURS

Latest Inventions Enable a Speed of 282 Miles To Be Attained.

CONTROLLED TEST MADE
Motor Gains in Horsepower the Higher It Goes.

Paris, April 30.—To fly from France to New York in ten hours is the latest and most ambitious dream of French airmen and inventors. They declare that it will be done within the next few years by means of two inventions which enable an airplane to fly at a height of 40,000 feet, where, owing to the reduced air pressure, a speed of 400 kilometres (282 miles) an hour can be maintained.

Two difficulties which face the inventors are, first, to secure the functioning of the engine and driving force of the propeller in that rarified atmosphere, and second, to secure a life-supporting atmosphere for the airman and passengers.

The first of these difficulties has been largely overcome by an invention which was recently used by Lieut. Henry Rogot, who flew from Paris to Lyons, a distance of nearly 250 miles, at a speed of 150 miles an hour. Rogot flew at a height of 15,000 to 18,000 feet all the way and was able to maintain his speed in the rarified atmosphere by means of an invention described at the time in a previous cable, which compressed air in which the propeller rotated to normal atmosphere.

Since then a controlled trial has shown that a motor giving 75-horsepower at water level, and 35-horsepower at 15,000 feet, can be made to give 100-horsepower when the air is compressed by the new apparatus. To that extent the effect of rarification of the air has been overcome and it seems certain that the principle having been established, further development will be rapid.

The second difficulty is to secure breathing air for the flyers. The rarified atmosphere of the stratosphere is here involved. There is no more difficulty, it is stated, in making an inclosed chamber provided with air at normal pressure, which will travel above clouds, than in making one which travels below the water.

Once these two problems are effectively solved, full advantage can be taken of the non-resistance of the rarified atmosphere which will have only to go higher, and incidentally, to go cheaper, for on the fact that the less fuel will be burned in those days we will have a highly serviceable airplane following the dawn of the new Atlantic, and dropping down in New York in time for breakfast.

FAREWELL DINNER TO W. R. DAVIDSON

G. T. R. Official Going to Chicago Given Diamond Scarf Pin.

Montreal, April 30.—On his departure from Montreal for Chicago to take up the office of general superintendent of the western lines, Grand Trunk Railway System, Mr. W. R. Davidson was presented Wednesday night with a diamond scarf pin by his associates in railroad service. The presentation was made at a dinner in honor of Mr. Davidson, held at the Grand Trunk restaurant at Bonaventure station, Mr. U. E. Gillen, formerly operating vice-president of the road, and now general manager of the Toronto Terminal Company, presided, supported by officers of the Grand Trunk representing all departments.

Mr. Gillen alluded to Mr. Davidson's record in railroad service. As long ago as 1892 the speaker had been associated with Mr. Davidson, when as representatives of the telegraphers they had approached the railroads looking for improved conditions of work. His great ability and loyalty to the company which he worked for, and his unfailing justice to the men placed under his charge, had won for Mr. Davidson positions of ever-increasing responsibility. He had added fresh laurels to that record by his work as general superintendent of eastern lines of the Grand Trunk, and there was no person associated with him who had any doubts as to the success which awaited him in his new position.

Mr. H. C. Martin, freight traffic manager of the railway, in making the presentation to Mr. Davidson on behalf of those present at the dinner, said that it was with considerable regret that those who had been associated with him in Montreal faced the partial severance of those relations which must come as a consequence of his transfer to Chicago. His co-operation with the traffic and other departments had been evidenced at all times.

Other speakers who paid tribute to Mr. Davidson's popularity were: Chief of Police Pierre Belanger, J. B. McLaren, general auditor; C. K. Moore, assistant to operating vice-president; R. J. Foreman, assistant to traffic vice-president; R. Gilmore, superintendent of terminals; E. R. Batley, superintendent of motive, eastern lines; J. D. McMillan, superintendent of Belleville division; J. J. Connolly, superintendent Montreal division; F. L. Lamplough, superintendent Ottawa division; R. P. Smallhorn, Montreal freight agent; A. B. McNaughton, superintendent of the Portland division; L. Macdonald, assistant general freight agent; W. Walker, division engineer; E. C. Elliott, division engineer; E. C. Elliott, district passenger agent.

Mr. Davidson, in acknowledging the presentation, said that he left Montreal with considerable personal regret. In an extended period of railroad service he had never received more skilled or enthusiastic assistance than that received while on eastern lines.

REPORTED MARRIAGE OF LITIGANTS UNTRUE

Lawyer States Meeting To Discuss Settlement Has Been Arranged.

[Special To The Advertiser.]

WALKERTON, April 29.—In conversation with The Advertiser today, O. E. Klein, barrister, who is acting for Miss Julia N. Knowles of Lucknow in her breach of promise of marriage claim against John Sharman, produce dealer of London, declared emphatically that there is "no truth in the story published in London papers to the effect that the matter had been adjusted and the parties were to be married at Lucknow today."

"It is true that Mr. Sharman, through Miss Knowles' employer, has made a suggestion that a settlement might be reached, and in accordance with that suggestion a meeting was arranged for in my office today."

Miss Knowles was on hand at the appointed time, but Mr. Sharman phoned from Stratford saying that he had missed his train connection, and asked that the meeting be postponed till tomorrow. Under the circumstances this was agreed to, and the meeting will be held here Friday.

Whether a settlement will be reached or what the terms of the settlement that Mr. Sharman proposes to offer are I cannot state at the present time."

MEXICAN CANDIDATES TO WITHDRAW NAMES

U. S. Congress May Be Asked To Select President Pro Tem.

Mexican City, April 30.—Public expectation is aroused here as a result of the publication of reports that Ygnacio Bonillas, former Mexican ambassador to the United States, and Pablo Gonzales had decided to issue a joint or personal manifesto, announcing their withdrawal as presidential candidates.

Following closely upon these reports were unofficial statements that Congress would be called upon to name an interim president to receive the office from President Carranza upon the expiration of his term December 1 and elections. The present congressional term expires August 31, which would make it imperative for them to make the reported selection of an interim president before September.

UNREST MENACES LUMBER INDUSTRY

Timber Men Say Agitators at Work Among Employees.

Grand Rapids, Mich., April 30.—Discussion of the serious condition confronting the lumber trade featured the meeting here today of the Michigan Wholesale Hardwood Lumber Manufacturers Association.

Stocks are said to be reduced, production is low and labor troubles are threatening. The association members asserted that organizers are working among the woods and mill men in the interest of a union, and are preparing to make a demand for an eight-hour day.

The manufacturers, it is said, will make concessions in the matter of wages, but because of the seasonal nature of the work and the liability to interruption by weather conditions, reduction in the hours of work is said to be out of the question.

RETURN SEALED VERDICT.

Paw Paw, Mich., April 30.—A sealed verdict was rendered by the jury in the trial of Mrs. Sarah I. Taylor, charged with manslaughter in connection with the death of her daughter, Maude Taylor, who was killed in the morning. The jury was out more than fifteen hours.

Court had been dismissed by Judge Howard West at midnight, with instructions that the verdict should be reached during the night, to be brought in at the regular opening hour, 9 o'clock this morning.

Many speeches. The ceremony was followed by a

GROOM AND BRIDE 'COMRADES IN WAR'

Marriage Articles of Salvation Army Contained Some Unusual Pledges.

A POPULAR WEDDING

Chief Secretary of Eastern Territory Came From Toronto for Ceremony.

Montreal, April 30.—The uniting in the bonds of matrimony of the son and daughter of two Salvation Army officers, brought together large number of officers and members of the army at the citadel last night, the contracting parties being Alexander MacMillan and Ethel Galt Jacobs. The former is the son of Brigadier Alex. MacMillan, who is in charge of the police court and jail of the city of Montreal, and the latter is the daughter of Colonel G. T. Jacobs, who is in charge of the emigration department. Col. MacMillan, brother of the groom, and chief secretary of the Salvation Army for the eastern territory, came down from Toronto for the ceremony, over which he presided, although the official part of it was conducted by the bride's father, Col. G. T. Jacobs.

The groom was attended by his brother, Adj. Donald MacMillan, of New York, and the bride was attended by her married sister, Mrs. Capt. Green, of Saint Ste. Marie, Ont. It was essentially a Salvation Army marriage, every article being an active worker, and the bride was the fourth and last daughter of Col. and Mrs. Jacobs to be married to a Salvationist officer.

The marriage service opened with religious exercises, the singing being led by the band, under Bandmaster Goodier, and a strong choir, and after the reading of Scripture, Colonel Jacobs read out the Salvationist marriage articles, to which the bride and groom were required to give their adhesion. Among these articles was the statement that they sought the marriage not only for their own happiness, but because they believed the union would help them serve God more faithfully and work for the Salvation Army more effectively, and the bride and groom in taking each other as lawful husband or wife, also took each to be "my continuing comrade in this war."

They were both clad in the uniform of the army and the bride's only special decoration was a corsage bouquet. The ring was slipped on the bride's finger in pledge not only of wedlock, but of the intention to fight in the ranks of the Salvation Army.

Many speeches. The ceremony was followed by a

meeting, in which a number of short speeches were made by those most immediately concerned. Among those who spoke were Col. Jacobs and Mrs. Jacobs, parents of the bride; Mrs. Capt. Green, sister of Brigadier Alex. MacMillan, latter of the groom; Sgt. Major Colley; Adj. Donald MacMillan, brother of the groom; Adj. Macdonald, Sister Elliott, Bandmaster Goodier, Col. MacMillan, chief secretary, and the bride and bridegroom.

and the bride's remarks were more comprehensive and apropos than anything else that was uttered. A number of congratulatory messages were received from Salvationists in Toronto, Quebec, New York, California and elsewhere.

As the newly-married couple left the hall, the band played their out-

men butlers. Some of the master butlers said "a higher price would mean fewer haircuts," and were undecided whether to post an increased charge.

HAIRCUTS MAY COST 75 CENTS IN CHICAGO

Chicago, April 30.—Haircuts in at least eleven Chicago barber shops will cost 75 cents after Monday. It was announced today in connection with promulgation of a new scale for journeymen barbers. Some of the master barbers said "a higher price would mean fewer haircuts," and were undecided whether to post an increased charge.

Any boy or girl in the city of London has a chance to own this wonderful prize.

Semi-ready Tailored Clothes will fit you!

A portion of the physique type Chart, depicting the varied style of designs used in the Semi-ready Tailor Shops.

There's a Semi-ready Suit made to fit perfectly:
Every man

Of every height from 5 feet to 6 feet 6
Of every breast from 32 to 48
Of every shape of shoulders
Of every style of stance—and 30 models for every size and physique type.

We fit the hard to fit as well as the perfect figure

There are seventeen new Spring suit models in Semi-ready Tailoring chiefly for young men of fifty and under.

The more conservative business suits and garments for morning and evening wear do not show the same variety of expression as these seventeen models.

We emphasize the newer designs because they show that the best Canadian tailoring house can produce finer artistic styles than the American houses—smarter and more distinctive models.

These styles were shown at the International Designs display of new models, and attracted the favourable attention of the best authorities on Styles for Men.

Every Semi-ready Suit is designed to fit — to fit perfectly — there is a type for every man—in his exact size.

We can reproduce any model in any cloth pattern in 4 days to special order.

THE REFERENDUM RESOLUTION.

The vote in the Legislature on the referendum was no surprise. The farmers' platform call for abolition of the liquor traffic, and Liberals in general are old enemies of alcohol. It is satisfactory to see that the members of the Legislature have stood by their election pledges. As for misgivings that the Ottawa Government may wriggle away from its promises, it is notable that Premier Dwyer declared: "If the Dominion Government does not implement this wish of the people, the Ontario Government will implement it." The premier's stand is clear-cut.

Mr. Sam Clarke, the Liberal member for Northumberland, said the right thing about the objection to the resolution, that it came from a private member, not from the Government. "It is to my mind a humbug. I ask any intelligent member of the House or of this province what is the difference if a private member brings in a bill or the Government brings in a bill, if the Government says, 'We are with it body and soul.'"

GET BUSIER.

Mr. Tom Moore, president of the Dominion Trades and Labor Congress, "said something," when he declared the other day that increased wages and shorter hours were not the final remedies for what ails the world. Mr. Moore is right. Greater production is what is required. "Get busier" should be the nation's slogan. The Montreal Star discussing social unrest and the industrial problem, makes the point that remedial legislation for the high cost of living is not the way out, but that what the world needs is legislation that "will release the energies of the people for the necessary productive tasks." The Star says:

"Nibbling at the problem of high prices by restrictive measures is liable to cause trouble. Reduction of food prices would prove a boon to the public unless accompanied by a reduction in the prices of articles required by the food producers. 'Surface-scratching' will not do. No half measure will bring down the cost of living. It has been raised by the withdrawal of a great human force, and it must be lowered by the application of a similar force."

Work, lots of it, hard and long, is the cure. Get busier!

A TIMELY PROTEST.

Lord Curzon, speaking officially for the Supreme Council, protests against press reports telling of dissensions in the council which threaten to split it wide open. Every day during the sittings of the San Remo conference wild reports were sent out by special correspondents of newspapers of all the world capitals. It is, of course, impossible for the members of the council to hand out the news of the meetings, and as a consequence contradictory and inaccurate reports are presented to the public as the correspondents make guesses as to what is going on behind closed doors. There is some excuse for such mistakes as these, but there is no excuse for the direct statements which have appeared in many journals that are entirely foreign to the facts. It must be that this sort of thing is part of a propaganda launched by the enemies of the Entente alliance and the League of Nations. The misrepresentation is too deliberate and gross to come from other than those anxious to breed jealousies and spread discord. The desire is, of course, to make the world believe that it is impossible for the members of the Supreme Council to act in harmony. This is the same trick that was tried during the Versailles Conference, but without effect. Its source was undoubtedly German on that occasion and it may be depended upon to be active whenever the nation's leaders gather for the task of regulating the world's affairs. Lord Curzon's exposure of these dangerous influences is most timely.

STRIKE-GUESSING.

Old 27, the Springbank liner, rolled into the car barns last night and came to a protesting halt. "What's new on the Springbank line today," inquired the workman of the ancient levathan. "Everyone's talking of the strike that we are going to pull Saturday morning," replied the leader of the car barn squeakers. "They are kidding my bosses to death. However, I guess that all the passengers will have to walk on Saturday. They won't find much fun in it. One good thing through, we will all get a rest and I wouldn't be a bit surprised if we laid off for ten days, anyway."

"You see the company won't pay any more money to the fellows that guide us along the city streets. The company says it is out of the question, and the men say they have got to live. Just between the gang here, it looks to me as if it was the old, old story of passing the buck. The men go to the company and are told that the 'nothing doing' sign will be hung in the street railway office May 1."

"The city council won't do anything, but that's not surprising, after the way the people turned down the higher fare bylaw. It would be an extremely brave alderman that would rise on his hind legs and advocate higher fares at this juncture. He would be classed with the 'interests' right away."

"There is some talk about a bus system being installed. What do you think of that?" inquired No. 195.

"How, how?" queried old 27. "Are you fool?"

ish enough to believe that they can operate 'busses cheaper than us. Look at the price of gasoline, tires, etc. My boy, they can't operate 'busses at 5 cents straight. Take it from me, it is a fine way for some aldermen to get their names in the paper. No, I think that scheme is just ducks and drakes."

"It is my own private opinion that the strike will last for a week anyway. The city council will not make a move until the men actually go out on strike and the people will have to suffer, until the railway board or some kind of a conciliation board is brought in to straighten matters up. I wouldn't be a bit surprised if we would be working for the city in a short time. At any rate we will belong to the people in five years. The five-cent cigars are a thing of the past, but five-cent fares I am afraid will be a thing of the present in a few weeks."

"Looks to me as if there will be a nice long session of the city council next Monday night. Believe me, boys and girls, the old street railway is going to come in for some hot shot. However, we should worry, and I guess we will be the only ones that won't do any worrying over the matter."

"Well, who knows just exactly what is going to happen?" asked the old work car. "Nobody knows, although there are a whole lot of people making a lot of guesses. I think it is high time we settled down for the night," replied old 27, and quietly eventually settled over the car barns.

EDITORIAL NOTES.

Washington will soon have some made-in-Canada ambassadors.

Equally mysterious are the outja board and the Board of Commerce.

Gladsome moments are in the future," sings a poet. One of them will be when someone pushes the ex-crown prince down a well.

If the young man waits until Spring before turning lightly to thoughts of love, a lot of romance is going to be sidetracked this year.

AMERICA LAUGHS AT ARMENIA.

It is breaking our heart that we did not take the Armenian mandate. We shall miss a sporting chance in a beautiful row which may include a good part of Mohammedanism, a chance which the British and the French generously offered the United States. Our enlisting boards could carry the legend, "Join the Army and See Asia Minor." Mustafa Kemal has declared war on Great Britain in Anatolia. The Arabs are sick of the French in Syria and the Turks are chopping up the Greeks. It will be a good scrap and we unfortunately are out of it. There is no chance for our boys to chase the Turks and Kurds over the hot sands and the hills. What increases our disappointment is the fact that the fight is none of our business. How we missed it, with that inducement to enter it, we do not know.

A LEGEND OF THE BENCH.

Every profession has its pet fictions, and the law is no exception. The cynic would probably maintain, indeed, that it makes a hobby of collecting them. But even the most trusting must be startled at the obstinacy with which judges persist in disseminating one cherished delusion. "That flogging is a deterrent," says the Common Sergeant once more. "I have no doubt. That was proved to be the case when garrotting was put down." The incident referred to is the outbreak of garrotting in the summer and autumn of 1862, put down by Baron Bramwell's sentences of penal servitude. Crime fell to its ordinary level by the end of the year. The flogging bill was introduced in February, 1863, and has ever since been referred to by judges as the one sure remedy for robbery with violence, as shown in 1863. This is the one known case of effect occurring before the cause. Who says that lawyers do not believe in miracles?

DEATH.

You simply go to sleep, that's all. You know how sweet this is—this soft slipping away. From pain and worry—from the cares that grow. From coming calm night, the noises and the strife. Of life is ended, and for the notice we feel. A soothing sleep of unseen wings—all rife. With welcome sense of adding to our weal. Nothing demands, save rest, forget, and dreams—These are no easy kind, promise so to find—A vista of some hours within the realms Of drowse-birthed, star-lit, castles in the air.

Just such is death—save that its rest is deep. Longer, more restful—all devoid of dreams—Than that of its twin sister, this life's sleep: For it is real; the sleep of life seems. Where no one visions in the sleep of death—No sudden startings, and no restless mind—No struggles, as it were, to regain breath—No vain outreach for what we never will find. Thus, while in death the body knows real sleep, The soul is freed once more from its earth shell—The body rests, the eyes no longer weep. The spirit home with God—and all is well.

Then, too, we die as easy as we sleep—Only more sweetly—for I claim the soul. Anticipates its joy, and while friends weep. It wings its way home, home—to heaven, its goal. Death is misjudged—misnamed—with tortures rife—It gives the tired body rest—the spirit free.

THE NEW IRISH SECRETARY.

Sir Hamar Greenwood may be the last of a long line of harassed ministers who, with some partial success and many failures, have sought to achieve the impossible from Dublin Castle. He enters upon his duties at one of the darkest periods in modern Irish history, and with a commission which many think fatal. Nevertheless, we trust that, if the government will give the opportunity and he will take advantage of it, the ending of the chief secretaryship may better become that office than anything in its record during recent years.

ALL THINGS NOT EXPEDIENT.

The French are anxious lest we deal too leniently with Germany in the matter of the European reparations. They mistake our point of view. We agree without the smallest hesitation that it would be monstrous if France at the end of the war were left worse off than Germany; and we desire nothing so much as that Germany shall make all the reparation possible to France and the other nations she has wronged and injured. Our doubts are whether the attempt to enforce the treaty as it stands will not defeat that object and reduce Germany to a condition in which nothing can be recovered for France or for anyone else. In this matter nothing but good sense and—we do not hesitate to say it—humanity will help. We must give Germany the means of production and we must give her hope, or we must write off her debt as irrecoverable. That is daily becoming more evident.

FRANCE'S NEW TAXATION.

While the French are insistent on their claims to indemnification from Germany, it would be a mistake to suppose that they are relying too much on this uncertain source of reimbursement. There are recent indications that they have settled down to the work of building up France by their own efforts, and that they are not afraid to raise needed revenues by searching taxation. Domestic help is classified as a luxury, and employers are required to pay a tax on their household employees. A tax of 10 per cent is also to be levied upon bachelors, and a bachelor is to be defined as an unmarried man who has reached the age of 30 years. France needs both more money and more people. If men prefer single blessedness they must pay for it, and contribute in France what they do not contribute in population.

From Here and There

THE UNITED STATES AND TURKEY.

[Harvey's Weekly.]

Had we entered the war against Turkey we should now, obviously, be entitled to an authoritative voice in the making of peace and in disposing finally of the Turkish situation. We should have a right to insist that Constantinople, as well as Schleswig or Galicia, should exercise the privilege of self-determination, and that thus the great Turkish nation, with the frontage on the Mediterranean Sea to which it is entitled. In exercising such rights we should not be meddling in European affairs which did not concern us. As it is, what a stuffy stuffy assembly it would be for us to participate in making peace with a country with which we never were at war; and to intrude ourselves into councils upon matters from which we deliberately excluded ourselves!

SHIRKING DUTY.

[Minneapolis Daily News.]

Isolating America from world affairs has its moments of inconvenience. America can no longer sit back and scorn Europe for not putting things right in the disposal of the earth. It was the American habit in former times to play the role of self-righteous critic when massacres and other cruelties fixed the world's attention on primitive civilizations. In the days of Commodore Perry, lack of responsibility has gone forever. The world will not let the United States forget it is shirking its international duty. Lloyd George, answering an interpellation in the House of Commons about the American, said: "Up to the present we have only received requests from America to protect Armenians without any offer to assume responsibility." There is a terrible sting in this bland statement. America has no answer. Americans are appealing at this moment to Great Britain to protect the Armenians from the Turks. But America is horrified at any suggestion that it is Uncle Sam's duty to lend a little help to the Armenians about the world. A similar view of the international responsibilities of the Anglo-Saxons, the day of the triumph of the Teutons or another master race will be at hand.

DAY AND NIGHT.

[Paul Eldridge in American Poetry Magazine.]

An Impish little god
Has rippled the azure tent
Of the cosmic circus.
And peeps in and laughs—
And peeps in and laughs—
And asks for kisses.
Birds, vain troubadours,
Sing their amorous conceits
Upon the flutter of breezes.
And Man, the Cock of the world,
Proclaims must pompously—
"It's Day!"

A FASHION: NOT A FACTORY!

[Columbia Record.]

Clothes are very costly these days. Everything else is costly. Many new factors enter into these costs, in addition to the old ones which are more expensive. It is so all over the world, and it has been so often before. The first adjustment, the final reassertion of the old and eternal laws that regulate commerce in the long run, will bring us back to a normal condition in time. Overall costs may be satisfying at the moment, but the high pressure of resentment against conditions, but they are not likely to change the conditions appreciably.

A NEW MAGIC CITY.

[Boston Herald.]

Akron, Ohio, always an enterprising town, but not rated lately as a city of any size, now counts a population well over 200,000, and at a single jump passes such cities of long standing as Dayton, Memphis, Nashville, Syracuse and Albany. In the last ten years, say the census statisticians, Akron has grown at the rate of 20.1 per cent. This report is the most suggestive return yet made by the 1920 census. For Akron's growth is to be interpreted in terms of an industry that was practically unknown until this century was four or five years old. Three American industries nowadays reach the billion mark in their production. The first is the rubber industry, the second is the food products industry, the third is the new industry of the automobile. Most of our great industries merely repeat old stories with variations; they take a chapter in the history of oil, or steel, or agriculture. But the motor car business is different. And Detroit no more stands for automobiles than does Akron for one of the essentials of the motor car. For Akron is tire town, and the automobile has made that Ohio community one of the magic cities of the land. Rubber accounts for Akron, just as shoes account for Brockton, and textiles for Fall River and Lawrence, and the movies for Los Angeles. Akron's growth is to be interpreted in terms of an industry that was practically unknown until this century was four or five years old. Three American industries nowadays reach the billion mark in their production. The first is the rubber industry, the second is the food products industry, the third is the new industry of the automobile. Most of our great industries merely repeat old stories with variations; they take a chapter in the history of oil, or steel, or agriculture. But the motor car business is different. And Detroit no more stands for automobiles than does Akron for one of the essentials of the motor car. For Akron is tire town, and the automobile has made that Ohio community one of the magic cities of the land. Rubber accounts for Akron, just as shoes account for Brockton, and textiles for Fall River and Lawrence, and the movies for Los Angeles. Akron's growth is to be interpreted in terms of an industry that was practically unknown until this century was four or five years old. FLYING TO UP IN THE REALM OF SPORT

DOWN TO DIVING

ooray! It's Quit Raining on Wetzel's London Squad

One of Natives Sunstruck So Far, But Sun Put Ginger Into Water-Logged Cockney Squad—Four Men Get Tickets For Home—Play University Team Today.

(By G. H. Townsley.)

ELAWARE, Ohio, April 29.—For the time in two weeks Old Sol beamed on Buzz Wetzel's players here. It says that today's practice was most encouraging since the players came to camp. Everybody showed lots of snap and ginger, and the field was excellent shape. The field had a stiff workout in preparation for tomorrow's game with the Ohio Wesleyan Varsity, a team that is favorably known in Ohio college circles. Two men from the Pittsburgh Pirates, who just arrived in Delaware today, were given a once-over and Buzz says they certainly have all the marks of real ball players. He released the following men today: Filling, Ham

BROOKLYN MADE IT TWO OUT OF THREE FROM THE GIANTS

McGrawmen's Errors Large Contribution To Shut-Out—Reds Defeat Gibsonites At Home.

BROOKLYN, April 29.—Brooklyn made it two out of three from New York by winning today, 3 to 0. Two hits and a pass off Toney, a fumble by Fletcher and a muff by Doyle, all in the first inning, after that Toney and Mitchell had a scoreless pitching duel. Hubbell relieved Toney in the seventh and allowed one hit. Bernie Nels got two singles.

Score: R.H.E.
New York 000 000 000—0 2
Brooklyn 300 000 000—3 7 0
Toney, Hubbell and Snyder; Mitchell and Krueger.

Georges Carpentier says: "No light tapping. I neither spare my partners, nor do they spare me, and knockouts are not infrequent." He is shown above in training for his recent fight with Joe Beckett.

FIRST PRESBYTERIAN CHURCH TUXIS BOYS RUN UP HIGHEST TOTAL OF FIRST INDOOR MEET

Askin Street Was Second, Eight Points Behind—Forty-Yard Sprint Was Most Keenly Contested Event of Night

The C. S. E. T. indoor meet held in the armories last night was a huge success in every way. Over 100 boys made their entries, but only 95 took part. Strict rules governed the competitors, but the events were all run off satisfactorily. The First Presbyterian Church Tuxis Boys came out the winners of the night with an average of 209, while the Askin Street Tuxis Boys lacked 8 points to tie them. The Tuxis Boys relay was won by the First Presbyterian Church. The time for this event was 37.4 seconds. Knox Tuxis Boys came second in 38 seconds. The Centennial Tuxis Boys were third, and the St. Paul's Tuxis Boys were fourth. The young men's relay, run between the Askin Street and the St. Paul's Tuxis Boys was won by Askin Street in 54.3 seconds; the time for St. Paul's was 55 seconds. The 40-yards sprint was without a doubt the most keenly contested event of the evening. Oliver head came first in this race, the time 5 seconds; Lawrence was second and Cleghorn third. The following is the standing of the six highest teams that took part last evening:	Broad Jump 529 Total 1811 Centennial 255 Three potato race 261 High jump 301 Five potato race 368 Broad jump 529 Total 1575 Hoodoo 277 Three potato race 235 High jump 459 Five potato race 330 Broad jump 417 Total 1428 Cronyn 241 Three potato race 145 High jump 489 Five potato race 284 Broad jump 421 Total 1319 St. Paul's 219 Three potato race 170 High jump 421 Five potato race 328 Broad jump 401 Total 1320 Memorial Methodist 110 High jump 177 Five potato race 177 Broad jump 287 Total 654 Over 100 Tuxis Boys have made entries for the competitions to be held in the Armories tonight.

Lacrosse Meeting Tonight Is Likely to Result in City League

Three or Four-Team League Looks Possible With Many Old Players Still Resident in City—Game Booms Through Western Ontario.

The lacrosse enthusiasts will hold a meeting tonight to consider the local situation with regard to the game this season. Whatever may be happening to the game in the eastern end of the province, it seems to be in a healthy state around these parts, and London is finding itself surrounded by lacrosse clubs. Ingersoll is a notable example of the game being brought back. It is some years since lacrosse has had a standing in that community, but they are going in for the great old pastime this year. Wingham, Stratford, St. Marys and Sarnia have shown great interest in the game this year, and has organized. If London could get together a small city league for this year and build up a team, there certainly would not be any dearth of competition hereabouts, and exceptionally good groups are right at hand for bigger things next season. Bob Donahue, a member of the London lacrosse team of several years ago, which went into the finals, is back in town to stay. Reuter, the London team's old net guardian, is still a resident of the city, and has said he will turn out to help the game along. Lou Sadler, an old Warton player, will also be on hand.

Financing British Olympic Is Still Unsolved Problem

£13,000 Wanted, But £1,600 Is in Sight.

London, April 29.—Plans for British participation in the Antwerp Olympiad are being held up pending the outcome of the money-raising campaign for financing the entrants. Pressing appeals have been made in recent weeks for £13,000, of which only £1,600 have been subscribed up to the present.

LOUISVILLE BUYS SCHEIPNER.

Toledo, April 30.—The purchase of Joe Scheipner, third baseman, from the St. Louis Americans, is announced by Joe McCarthy, manager of the Louisville Club of the American Association. Scheipner was with the Mobile Club of the Southern Association last season, and finished with a batting average of .295 and a fielding average of .965, according to the records.

MIKE MCTIGUE WINS AGAIN.

Montreal, April 30.—Mike McTigue of New York, who knocked out Gene Brouseau, the Canadian middleweight champion recently, last night knocked out Jack London, a New York middleweight, in the third round of a scheduled ten-round bout at the Mount Royal Arena here. Frankie Fleming, Canadian lightweight champion, knocked out Larry Conley of Philadelphia in the third round of a scheduled 10-round bout.

EIGHT TEAMS NOW ENTERED IN MFRS. BASEBALL LEAGUE

All Players Must Work At Factories They Represent—Schedule Next Week.

The adjourned manufacturers' baseball meeting, held at Brisco's sporting store last evening, found that six more teams had made their entries to the league. The league now has eight teams: Civil Service, Beatty Bros., G. T. R., London Hosiery, C. P. R., Empire Brass, Greene-Swift, and P. P. C. L. I. The vote that the players should all be employed of the team they represent was passed. This found that White & Sons and Richard-Wilcox would be unable to enter a team. An entry fee of \$10 will be charged each team entering the league. President Fitzgerald, Vice-President Norman Graham, and Secretary Suddick will meet in a short time to draft the rules and regulations of the league, a copy of this will be presented to each team in the league. Another meeting will be held next week to draw up the schedule and discuss further plans.

BOSTON, ON FOUR HITS, BEAT SHAKEY MACKMEN 7 TO 1

Tigers Lose 11th Straight and Orkrie Gets Chance As Relief—Home-Run Did It For Washington.

PHILADELPHIA, April 29.—Boston needed only four hits to defeat Philadelphia in the final game of the series today, 7 to 1. Three bases on balls, three errors, and Hooper's double routed Naylor in the fourth, and decided the contest. The visitors registered only two hits off Harris, both home runs in the sixth.

The score: R. H. E.
Boston 000 502 000—7 4 0
Philadelphia 000 000 001—1 0 5
Harris; Naylor; Naylor, Harris, Keefe and Perkins, Myatt.

POOR TIGERS.

ST. LOUIS, April 29.—St. Louis made a clean sweep of the series with Detroit, winning today's game 2 to 1. It was the second consecutive shutout administered to Detroit, and the eleventh straight game the Tigers have lost.

The score: R. H. E.
Detroit 000 000 000—0 5 3
St. Louis 000 000 112—2 6 0
Dauais, Orrie and Stange; Sothern and Severoid.

EVEN BREAK AT NEW YORK.

NEW YORK, April 29.—Washington got an even break with the New York Yankees by winning the last game of the series by a score of 2 to 1. Johnson outpitched Jack Quinn, though it took a great catch by Milan to save Johnson in the ninth inning. In trying to throw out Bodie at first base, Third-Baseman Shannon hit Johnson on the head with the ball, but the pitcher continued the game.

The score: R. H. E.
Washington 100 000 100—2 0 1
New York 000 000 001—1 5 3
Johnson and Pinclich; Quinn and Ruel.

WILLIAMS GOOD.

CLEVELAND, April 29.—Chicago defeated Cleveland today 2 to 1, in the closing game of the series. Williams held Cleveland to two hits, one of which was a scratch, and did not allow a runner to reach second after the first inning. Myers pitched well for Cleveland, the poor work of Nunamaker on first base resulting in all except one of Chicago's runs.

The score: R. H. E.
Chicago 000 020 013—2 1 1
Cleveland 100 000 000—1 2 2
Williams and Schalk; Myers, Faeta and O'Neill.

THISTLE EUCHRE TONIGHT.

The Thistles will hold their usual weekly euchre this evening. Chances are that these will be discontinued within a very short time if the weather continues to keep up splendidly because of the competition that has developed.

MEANS OF SOLVING HOUSING PROBLEM BY ELECTRICAL POWER

Professor Would Eliminate Drawbacks of Cold.

WINNIPEG, Man., April 23.—That he has devised a means of solving the housing problem through the use of electrical power was the claim made by J. W. Dorsey, assistant professor of electrical engineering in the University of Manitoba. "It will not be necessary for people to construct costly houses with a great deal of expensive material for the purpose of keeping out the cold. I believe I have discovered something that will eliminate all the drawbacks of cold," he said. "People will not have to consider the climate to anything like the extent they do now, and they will enjoy conveniences that are not possible now." Professor Dorsey expects to have some dwellings constructed here this summer which will demonstrate the efficiency and value of his invention. Details of the invention were not given out, as he is preparing to obtain patents.

BAD COLD LEFT HIM WITH BRONCHITIS

However slight a cold you have you should never neglect it; if you do it can leave but one result. It leaves the throat or lungs, or both, affected.

Bronchitis is one of the most common afflictions of a neglected cold, and neglected bronchitis is the most general cause of consumption.

Dr. Wood's Norway Pine Syrup is just the remedy you need to cure the bronchitis. It does this by loosening the phlegm and mucous, and stimulates the weakened bronchial organs, allays irritation and subdues inflammation, soothes and heals the irritated parts and thus prevents it becoming chronic.

Mr. R. P. Sandblom, Francis, Sask., writes: "I had a very bad cold which left me with bronchitis. I tried several cough remedies and one of all kinds, but they all failed. At last I got Dr. Wood's Norway Pine Syrup and after using two bottles I have never had a sign of bronchitis since. I therefore can honestly recommend it for coughs and colds."

Don't accept a substitute for Dr. Wood's. The genuine is put up in a yellow wrapper; 2 pins cross the trade mark; price 35c and 60c. Manufactured by The T. Millburn Company, Limited, Toronto, Ont.

HOW A YOUNG GIRL SUFFERED

And Was Restored to Health By Lydia E. Pinkham's Vegetable Compound—Told By Her Mother.

Brooklyn, N. Y.—"I cannot praise Lydia E. Pinkham's Vegetable Compound enough for what it has done for my daughter. She was 15 years of age, very sickly and pale and she had to stay home from school most of the time. She suffered agonies from backache and dizziness and was without appetite. For three months she was under the doctor's care and got no better, always complaining about her back and side aching so I didn't know what to do. I read the papers about your wonderful medicine so I made up my mind to try it. She has taken five bottles of Lydia E. Pinkham's Vegetable Compound and doesn't complain any more with her back and side aching. She has gained in weight and feels much better. I recommend Lydia E. Pinkham's Vegetable Compound to all mothers and daughters."—Mrs. M. F. FROST, 516 Myrtle Ave., Brooklyn, N. Y.

DESCRIBES CANADA'S NEED OF IMMIGRANTS OF PROPER CLASS

Col. J. S. Dennis Addresses Council At New York.

HAS MORE TO OFFER

Says Dominion Has Larger Undeveloped Resources Than United States.

NEW YORK, April 23.—By Canadian Press.—Canada's great need for immigrants of the proper class was emphasized by Col. J. S. Dennis, chief of the colonization and development department of the Canadian Pacific Railway, in an address delivered before the recent conference on immigration held here under the auspices of the Inter-racial Council. Col. Dennis, who was representative of the Canadian and British Recruiting Mission in the United States during the war, and is familiar with conditions on this side of the line, compared the problems which Canada and the United States are faced in regard to immigration and frankly told his American hearers that Canada is in a more favorable position in having better inducements to offer.

"We think that in Canada we have perhaps more to offer the European immigrant today than you have in the United States," he said. "Here, in the sense of larger undeveloped resources, the larger areas of cheap land and a growing industrial development, which provides him with employment, if he is looking for it."

Dealing with the problem as it affected Canada, Col. Dennis said: "We have a pressing need for population because, due to our participation in the war, which we entered voluntarily, and due to the fact that we provided our own army; that we enlisted a large number of our best men of our total population; that we equipped and paid and maintained our men; that our allowances to our men were very great—today in Canada we are faced with a very heavy debt, and the interest on our war debt today, when added to our pension bill, amounts to a sum about three times as great as the total revenue of the Dominion in 1914, and our population has not increased very materially since that time. Therefore, we have the pressing need of getting immigrants to come in and help us carry that burden and develop our natural resources, so we can pay our bill, and not be ultimately found in the hands of the sheriff."

Dealing with some of the difficulties which confront Canada in regard to immigration, Col. Dennis remarked that Canada, as part of the British Empire, is so situated that it is absurd for Canadians to speak of immigration as a foreigner, because the Empire includes people of every race. "The British Empire is a heterogeneous collection of peoples of the world," he said, "and we are so situated and have the peculiar condition existing that in Canada, although a part of the Empire, we do not allow immigration from other parts of the Empire. For instance, we do not allow the Hindus, although they are British subjects in India, to come to Canada. It is a peculiar anomaly, but it shows the independence of certain portions of the Empire, where we impose a tariff against the mother country, and refuse to allow British subjects in other parts of the Empire to come to Canada."

Col. Dennis said that past experience in matters relating to immigration had convinced him that the trouble in handling immigrants was due to three things. "First," he declared, "the immigrant is misinformed when he is solicited to move; second, he is mishandled in being shipped; and third, he is turned loose without any protection or assistance when he arrives. That has been, I think, the foundation of the movement of immigrants to this continent in the past, and we must endeavor to change it if we are to get the kind of people that we need, and if we are going to have greater success than we have had in the past in making them proud of the country they have come to, anxious to learn our language, to participate in our institutions, and to become good citizens."

FINDS EUROPE'S FOOD ABUNDANT

S. M. Vauclain, Head of Baldwin Locomotive Works, Says Serbia Is 'Garden of Eden.'

PARIS, April 23.—Samuel L. Vauclain, head of the Baldwin Locomotive Works, has just returned to Paris after a three weeks' trip to Poland, Rumania and Serbia. "Europe will be on its feet within two years," he said. He described his trip as a "most successful and satisfactory business experience," and added that he found the country and railroads in excellent condition, but that the distribution of manufactured and raw products of the seaports was being delayed by insufficient locomotives. He said the transportation was absolutely essential for the rehabilitation of Europe and would be the one vital element in creating a European export market, which was the only way to stabilize exchange.

Mr. Vauclain was received at Bucharest by the king and queen of Rumania, and in addition to orders from other countries he closed a big contract, amounting to "many millions" with the Rumanian Government. He made the entire European trip in a private car, and was gone nineteen days, visiting the cities of Warsaw, Vienna, Danzig, Cracow, Bucharest, Belgrade and Trieste. He said: "I was greatly pleased with the general trend toward rehabilitation of the countries visited and with the cheerful attitude of the peoples. I also noted there was a great desire by the governments to do business with Americans. I found the people of these nations splendid businessmen and strong executives. I have general assurances from both the king and queen of Rumania that the country welcomes responsible American businessmen. Upon conclusion of a contract with the Rumanian minister of public works for locomotives, he handed me the paper, saying the construction of new Rumania had been laid, and that he was thankful it had been laid by me, an American, as all things in a business manner with America were felt as secure."

Mr. Vauclain declared there was an abundance of food products for the desperately debilitated nations. What they need, he said, is a chance to ship out of their interior the products and raw materials which are piling up. He continued: "I had not the slightest idea I would find the countries in the condition they are. Notwithstanding the state of exchange, there is enterprise and activity wherever you go. Every authority concedes that the rate of exchange will only rise when they can ship their materials."

LAZY MEN BEST, EXPERT'S OPINION

Serve As Efficiency Models in Factories.

NEW YORK, April 23.—At last it has been discovered why the Lord made lazy men.

The secret was revealed by F. B. Gilbreth, efficiency expert, in a lecture on Thursday before the polytechnic section of the American Institute in the Engineering Society's building. "To find the best way to accomplish a task with the least loss of motion you must watch the laziest man in the factory," said Gilbreth. "By instinct he learns to do things without loss of motion. So we first hunt for the laziest man. By applying the shorter methods of the laziest men, the energetic, rapid workers become much more efficient than when they wasted much of their energy in unnecessary motions."

"Energetic men, using as a model the methods of efficiency discovered by the laziest man, can increase their output marvellously."

The majority of the 12,000,000 women who went into industrial work during the war have not again returned to domestic work.

The wide field for electric appliances is shown by the fact that there are now 7,000,000 homes wired for electricity.

After growing for ten years, the Japanese cypress, one of the smallest specimens of the horticultural world, reaches the size of a golf ball. As it is exhausted with the tremendous effort, the next ten years see it increase only by a fraction, when it practically stops growing altogether.

Gold leaf may be beaten out so thin that 322,000 leaves will pack away in the space of one inch.

A starfish, seized by one of its arms, surrenders this to the captor and escapes with the other four, regaining the missing part at its infinite leisure.

When wood is used as a reinforcing material for concrete it should be impregnated with magnesium chloride, and the wood must be so placed that any change in the moisture content area does not affect the durability of the structure. If the latter precaution is overlooked the concrete may crack.

Children Cry FOR FLETCHER'S CASTORIA

HUNDREDS OF DOG AND FREIGHT TEAMS PASSED ROCKY LAKE

THE PAS, Man., April 23.—Sixteen hundred freight teams and 1,500 dog teams passed a stopping place at Rocky Lake during the winter, according to the landlady of the stopping place. This is the main trail to Flin-Flon mine. The landlady, Sam Cook, an Indian war veteran, adds that 922 men stopped with him overnight. He collects 25 cents for each team that puts up there and 25 cents from each traveler that eats there.

Sam furnishes the dishes, water and fire only, and his wife looks after these items while Samuel garners in the fees. If there is any grub left the muckers usually leave it for their host, and in this way his expenses for feeding him, self, wife, two children and a tribe of relations are kept down materially.

The J. Warren Kerrigan Company has taken over the entire east of the old Jack Dempsey company, with the exception of Dempsey himself and his leading woman. In the picture, "The Coast of Opportunity," in which this addition to the company's personnel will be seen, Mr. Kerrigan will continue to retain Fritz Brunette as his leading lady.

CAMERON REPORTS TO LEE, BUT BACK-STOP DECLINES

Moorefield Quits—Knotty Has Brand New Infield To Gamble On.

BRANTFORD, April 29.—Joe Cameron, second baseman, reported to the Brantford Club here today. Catcher Moorefield, who received his contract, also advanced money, returned both to the club without explanation, and it is thought that he has decided not to report. The new players have all shown up well, and Manager Lee is faced with the difficulty of making the right selections, for what will practically be a new Sox infield this year.

Anybody who isn't getting POST TOASTIES

is missing something good.
—says Bobby

11 ERRORS AND ORIOLES BEAT ROCHESTER 11—4

Arkron Outfit Dropped See-Saw Game To Reading—Seven Pitchers Used.

BALTIMORE, Md., April 29.—Rochester opened their season here today by dropping the game by the score of 11 to 4. The visitors' work afield was very poor, having no less than eleven errors chalked up against them. Jacobson continued his terrific hitting for the Orioles, having four hits in five attempts.

GRAND TRUNKS ACCEPT INDOOR CHALLENGE

The G. T. R. indoor baseball team will accept the challenge that the Dowler champions made known last evening. They will play for the city championship any night that the Dowler manager proposes.

Soccer Off Sides

The City League executive decided last night to stage a double-header and the first game will be staged between Princess Pats and Richards-Wilcox at 2 o'clock. The G. W. V. A. Grand Trunk fixture comes next as was originally planned.

The Machine Gunners decided last night to enter a team, and will immediately start to outfit and get into practice. It is possible that they will be given a bye in the schedule in order that they may become better organized. Nine players were on hand last night, and there are more in prospect.

The officers elected were: Honorary president, Lieut.-Col. W. G. Coles; vice-president, Capt. Herford; secretary-treasurer, Mr. Nuttal; general committee, Messrs Nuttal, Manning and Taylor.

Lieut.-Col. Coles started a finance committee off with a splendid donation, to purchase uniforms and playing kit for the players.

Mr. Nuttal will perhaps be appointed captain of the side and judging by last night's outlook, he will have good material to start out with.

The City Soccer League has been granted the use of Springbank Park for games. A field will be put into shape west of the Zoo.

BRITISH SOCCER

London, April 29.—(Canadian Associated Press.)—Rangers, by drawing a scoreless game with Dumbarton in the Scottish Football League. Other games resulted as follows:

Apr. 23, Partick 0, Raith 1, Greenock 1, Celtic 1, Airdrieonians 0, Albion 1, Hamilton 1, Kilmarnock 1, Midlothian 0. First League games played today resulted as follows:

First League, first division—Sheffield Wednesday 0, Aston Villa 1. Southern League—Norwich 1, Cardiff 1.

SLOVAKS ARE THIRD.

Antwerp, April 29.—The Czechoslovak hockey team defeated the Swedes in the Olympic contests tonight by a score of 1 to 0. Czechoslovakia thereby wins third prize in the series.

PLAYS ANY MUSIC.

Any Victrola will play any music you want to hear and play it, as it should be played. Test this wonderful instrument for yourselves by trying out in the Victrola Parlors of Ye Old Firm, Heintzman & Co., Limited, 242 Dundas street, London, some of the new selections that are so much the vogue today. Suppose it is Henry Burrs, "Daddy, You Have Been a Mother to Me," which with "Tumble In" on the opposite side of the record, is obtainable for \$1.00.

FIELD EVENTS IN JULY.

New York, April 30.—The Junior and senior track and field events of the National Amateur Athletic Association will be held at the Heald Stadium July 16 and 17. The events will serve as a final tryout to select an Olympic track and field team.

A Square Meal and A Square Deal

Here's a square deal for the people who can't eat a square meal without after pain and distress. Go to your druggist today and get a 50-cent box of Mi-O-Na Tablets, the great preventive for indigestion and stomach troubles.

Take one, or if your suffering is intense, two tablets, with or after meals, and at the end of ten days if you can't eat a square meal without distress go and get your money back.

That's where the square deal comes in. But Mi-O-Na is really a stomach up-builder of great merit.

The quick and positive action of Mi-O-Na on the stomach in case of gas, waterbrash, sour stomach and heartburn is worth a lot of money to any sufferer. Why not try Mi-O-Na at druggists everywhere. If your druggist cannot supply you, write, enclosing 50 cents, to Booth's Hyomei Company, Postoffice Box No. 358, London, Ont.

HYOMEI
(Pronounced High-O-Me)
Ends Catarrh or money back. Just breathe it in. Outlets, including inhalers, \$1. Extra bottles, 50c. All Druggists.

GINNA WINS 1,000 GUINEAS CLASSIC

Lord Rosebury's Valescure Takes Second Place in Race.

Newmarket, Eng., April 30.—The classic "one thousand guineas" stakes was won here today by Sir R. W. R. Jardine's Ginna. Lord Rosebury's Valescure was second, and Baron Rothschild's Cicero third. Twenty-one horses ran.

The second of the five "classic" races, the one thousand guineas, is run over the same course at Newmarket as the "two thousand" of last Wednesday, the Ebor mile, but is confined to fillies foaled in 1917.

At this season of the year fillies often do not show their true form, and this race quite as often as not is won by a moderate animal. One must go back to Pretty Polly's year, 1904, when St. Amant won both the "two thousand" and the Derby, but Major Eustace Lodge's great mare, after winning the "one thousand" and Oakes turned the tables in the St. Leger, achieving a notable victory.

Scot's, perhaps the finest mare ever bred for racing on the flat, won the "two thousand" and "one thousand," the Oakes and St. Leger, the Derby going to Ard Patrick.

READY FOR REGATTA.

Cambridge, Mass., April 30.—The Harvard, Princeton and University of Pennsylvania crews made final preparations today for the triangular regatta to be held tomorrow on the Charles River. Three races are scheduled, but Pennsylvania has entered only the varsity event. The Crimson and Tiger second and freshman crews will meet in the other races. All events will be over the Henley distance of a mile and seven-eighths.

STOMACH TROUBLES ARE DUE TO ACIDITY

Tells Safe, Certain, Speedy Relief for Acid Indigestion.

So-called stomach troubles, such as indigestion, gas, sourness, stomach-ache and inability to retain food, are probably nine cases out of ten simply evidence that excessive secretion of acid is taking place in the stomach, causing the formation of gas and acid indigestion.

Gas distends the stomach and causes that full, oppressive, burning feeling sometimes known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the excess development or secretion of acid.

To stop or prevent this souring of the food contents of the stomach, and to neutralize the acid, and make it bland and harmless, a teaspoonful of Bisulphate of Magnesia, a good and effective corrector of acid stomach, should be taken in a glass of water or glass of cold water after eating, or whenever gas, sourness or acidity is felt. This sweetens the stomach and neutralizes the acidity in a few moments, and is a perfectly harmless and inexpensive remedy to use.

An antacid, such as Bisulphate of Magnesia, which can be obtained from any druggist, in either powder or tablet form, enables the stomach to do its work properly without the aid of artificial digestants. Magnesia comes in several forms, so be certain to ask for the one which is especially prepared for the above purpose.—Advt.

DELANEY GETS DECISION.

Cleveland, April 30.—Cal Delaney, Cleveland lightweight, was given a newspaper decision over Eddie Fitzsimmons of New York in a ten-round bout here last night.

FARMER IS MURDERED.

Saskatoon, Sask., April 30.—With his head battered to a pulp and showing signs of having had a violent struggle, Arthur

Harry D'Orgerne, a wealthy farmer, was found dead Thursday night on his farm near Gidley. The body was found in the barn by his wife, Jack Arthur, aged 30, and single, was arrested after following reports of neighbors that some men were seen quarrelling a short while before. Preliminary hearing for Arthur had been set for Friday. Both men had been involved in lawsuits recently over land rented by D'Orgerne to Arthur.

DISCUSS MEASURES TO PROTECT PUBLIC IF STRIKE OCCURS

May Permit Automobile Owners
To Carry Passengers
If Cars Tied Up.

Measures to protect the public in the event of a street car strike were discussed by a special committee of the city council last night. The members of the committee were Ald. Cameron, Wilson, Ald. O. I. Cunningham, Ald. F. R. Warkentin and Ald. John Bridge.

None of the members of the committee was convinced that a strike would take place Friday night. They pointed out that any measures suggested were merely for the convenience of the public in the event of a strike. So far as they were concerned, the strike would be no attempt to "break" the strike. The wage question, they claimed was a matter to be settled solely by the men and the company. The council was not interested except in the matter of providing accommodation for the people.

FACING THE ELECTRIC CHAIR, MURDERER AT SING SING CONFESSES

Milano Takes Whole Blame To
Free Others.

TWO WEEKS REPRIEVE.
OSKISING, N. Y., April 29.—Joseph Milano, James Cassidy, Joseph Lefort and Charles McLoughlin, convicted of the murder of Otto Flato, a Bronx subway agent, who was killed by the electric chair tonight, were granted a two-weeks reprieve by Governor Smith, four hours before the time set for execution.

OSKISING, N. Y., April 29.—Condemned to die in the electric chair at Sing Sing tonight with three companions, Joseph Milano made a confession to Warden Lawes, in which he admitted that he alone was responsible for the death of Otto Flato, a Bronx station agent, robbed and murdered last year.

The confession made, its purport as was telegraphed to Governor Smith, while relatives and friends sped to Albany and New York to appeal to the governor and supreme court for a stay of execution.

The three men condemned to die with Milano for the crime are James Cassidy, Joseph Lefort and Charles McLoughlin. Three attorneys who had examined the condemned men, had reported Cassidy, Lefort and McLoughlin mentally deficient. In his confession, Milano said Cassidy was drunk, Charlie is a quack, I wanted to do it with him.

"I got the money. The agent tried to get it back. That's how he got shot. I fired the shots."

At The Theaters

AT THE ALLEN.
"The Silver Horde," the screen dramatization of Rex Beach's fascinating story of Alaska, had its first showing yesterday at the Allen Theatre. It is one of the most beautiful pictures, featuring beautiful scenery and starring pretty actresses. The wildly beautiful mountainous region in Alaska, where the silver salmon comes down the great river in shoals overnight, and men live in uncivilized and rough clothing, is contrasted sharply with beautiful New York mansions and Exchange buildings, from which the cunning brains of the canny business send out their orders to the north.

The whole drama is a struggle between the Broadway Trust, whose investment is a man of cunning, ready to stoop to anything to get his ends, and the sheer pluck of another New Yorker, who has come prospecting to the north and who finally wins out in the fight to establish his claim on the land that country. The diabolical cunning of the great Salmon Trust representative plans many an anxiously thrilling moment for his rival, not the least of these being the time when the hero plunges in among the great trap nets and destroys the fuse which would win the north.

Those who attended the Patricia Theatre last night for the showing of "Overland Red," starring Harry Carey, saw a picture embodying real heart interest in a virile western story that gave the audience a new insight into the stars' sunny personality. His jovial manner was tinged at times with a trace of seriousness that was all the more effective for his cheerfulness throughout the greater portion of the picture.

The photoplay is replete with thrills, as Harry Carey's picture usually are, and his superb horsemanship, his

difficulties in controlling Slav population.

Trieste, April 22.—Italian military authorities here say they have inherited from the war a lot of difficulties and problems in controlling the Slav population in Istria and the region surrounding Gorizia. This territory constitutes parts of the Adriatic question which still remains unsettled by the supreme council. It passed under Italian control by the establishment of an armistice line at the end of the war.

In this territory there are more than 400,000 Slovenes who resent the surveillance of the Italian military police. Refusing Slav elements fired with socialism, communism and bolshevism, intermittently attack the Italian military patrols and carabinieri of the army of occupation.

In these districts there have been within a year twenty assassinations and 1,000 arrests. Attempts have been made to set up a communist regime at Dignano, where large stores of munition which belonged to the old Austrian army had been collected and hidden beneath a building used as headquarters of a workmen's committee. The plot was discovered by the Italian police who raided the headquarters and arrested 120 Slavs. During the fighting with the communists the building was wrecked by bombs.

Polishheviks charged to have been organized by Slav workmen have taken place at Pola, and a large Italian garrison is maintained at this formerly Austrian port, now the eastern base of the Italian Adriatic fleet. Disorders by Slavs have been frequent near Gorizia.

WILL MEET COMMITTEE
Housing Commission To Explain the Situation.

A conference with No. 1 committee of the city council next week was decided upon by the Housing Commission at its meeting last night. A request for a further debenture issue to carry on its plan was made by the commission some time ago. The council committee laid it over, pending further information. The joint meeting will be held with a view to explaining the whole situation to the members of the council.

The case of Mrs. Harvey, who complained at the last meeting that she had been promised a house for \$3,100 and was charged \$3,400, was referred to G. N. Weekes, the solicitor for the commission.

Overall more have dynamited the whole trap. There is a pretty love theme running through the whole, three-act play, of course, at first, but finally ending as it properly should, with the daughter of the great trust magnate sent back home to New York and the little girl of the Alaska struggles come to her own.

A sensational gun battle takes place, when the cowboy hero seeks out a dishonest sheriff, and his companions in a desert town savor and avenge their cowardly attempt to murder his friend.

Century comedy, "A Lion's Alliance," and Mutt and Jeff in "Dead-End Jeff," complete the picture performance.

Gerard Brothers, in an act entitled "Hand to Hand Balancers," drew a large amount of applause with their many difficult acrobatic feats.

Naval Base Quartet, singers and instrumentalists, were also very good. Connetta and Mae, in a singing and talking act, completed the performance, which will be repeated today and Saturday.

AT THE GRAND.
There was an old saying which ran, "Believe nothing you hear, and only half what you see." That there is more truth than nonsense in the latter part of the ancient adage seems dangerously apparent to one who has just witnessed the remarkable performance of Howard Thurston, the episode since he has enlisted the aid of a powerful magician, at the Grand Thursday evening, a performance of wonderment, mystery and thrill, which will be repeated tonight and twice on Saturday.

With a brand new repertoire of the newest acts in the world of magic, Thurston delighted young and old, and cooled everybody's credulous and skeptical ones alike, time and again.

One of the best acts in the performance is that of the boy and the lion. Rabbits and pigeons are animals that ordinary magicians can safely juggle with, but when a girl miraculously appears in a massive cage where the merest atom of time before, a boy disappeared in a cabinet, human vision fails utterly to comprehend or grasp Thurston's subtle and uncanny conjuring with time and space.

The ever-popular levitation act is presented by the magician in a manner that defies the investigation of a dozen men on the stage at the time. With the swish of a coverlet off her sleeping form, a girl disappears within a circle of other investigators, and in another solution-defying act, the "triple insurance" disappearance from a cabinet raised off the floor in front of the audience, are followed by almost instantaneous reappearances of the accomplices in distant parts of the theatre.

The "spiritualist" phenomena is mystifying, entertaining, and wholesome in that it shows that the cleverest can be duplicated with seeming exactness by the magician. The "spirit paintings," the human hand, the face and form of a lovely young girl, and "Overland Red," starring Harry Carey, saw a picture embodying real heart interest in a virile western story that gave the audience a new insight into the stars' sunny personality. His jovial manner was tinged at times with a trace of seriousness that was all the more effective for his cheerfulness throughout the greater portion of the picture.

MURDER PLOTS LAID FOR MAY DAY, ARE EXPOSED BY PALMER

United States Attorney-General Unveils Plans of Communist Party For May Day Demonstration, Including Assassinations — General Strike Called in France For Political Voice.

WASHINGTON, D. C., April 29. — Plots against the lives of more than a score of federal and state officials have been discovered by the department of justice as part of radical May Day demonstrations, Attorney-General Palmer announced tonight.

Assassinations and assaults, Mr. Palmer said, were included in the May Day program, organized by the Communist Labor party, and other radical elements and were in addition to strike and other disturbances intended by the radicals as an effort to bring about peace with soviet Russia.

Marked as Victims.

State officials marked as victims have been notified by the department, the attorney-general added, of the information in the hands of the Federal Government, and their co-operation requested in repressing radical demonstrations.

The department has information, according to the attorney-general, that the instigators of the May Day demonstration here have been working "in direct connection and union" with the leaders of disturbances set for Europe. As in Europe, attempts are being made to have strikes in all basic industries.

Inflammatory literature. Tons of inflammatory literature have been carried in the last month by express and freight trains, according to information obtained by department agents. The communist labor group has also sent numerous "personal emissaries" into cities where the field was deemed ripe. These men have been under constant surveillance by federal agents, and it was through their activities that the Government was first able to establish definitely the aims of the group for May Day disturbances.

GENERAL STRIKE THROUGHOUT FRANCE IS POLITICAL EFFORT

PARIS, April 29.—A general strike of French labor was called today to take effect May 1. The call was decided upon by the General Federation of Labor of France, when it found its hand had been forced by the action of the Railway Federation in calling a general railway strike for May Day.

Thus, again, when it is desired to be the will and the judgment of the important labor leaders, the long-expected definite issue between organized labor and the Government seems about to be fought out.

Accomplished fact. The accomplished fact of the railwaymen's action was the prevailing argument in the two days' acrimonious discussion which preceded the general strike decision. This finally won over the moderates, whose inclination had been to postpone the "revolutionary" struggle.

Now, however, in the words of prominent labor leaders, the general strike order means a fight to a finish for the realization of the general political aims of French labor, with the nationalization of public utilities and labor representation on all boards, and commissions dealing with transportation and the postal and telegraphic services.

Paris Not Excited.

Paris, cool and not excited by the day's developments, is showing much skepticism as to the prolongation of the movement. In view of the fact that the decision to strike was taken upon the pressure of a small minority of the railroad men. The miners have shown no disposition to follow the lead of the railway workers.

Yves Le Troquer, minister of public works, has issued a notice asking the railroad men to refrain from striking, and assuring them of the protection of

Unionists Defeat the Liberal Effort To Limit the Registrars.

HOUSE IN DARKNESS

Members Sing Lullabies As Lights Fall in Commons Chamber.

OTTAWA, April 29.—For a moment or two the House of Commons tonight sat in the dark. All day the franchise bill had been discussed. As comment on the bill was made, the lights went out. There were outcries, but the House continued its work. Then, without a flicker, the remaining lights went out. Vague forms of policemen were silhouetted against the doorways. Quebec members sang the old French chanson—

"Au clair de la lune
Ma chandelle est morte."
And, not to be outdone, members of English-speaking communities sang in with "In the Evening by the Moonlight."

There was a hurrying around of officials till the lights again flashed on, then singing ceased and the House discussed the franchise bill once more.

Returning Officers.

During a large part of the day the debate turned on the issue in the franchise bill relating to the appointment of returning officers. It is the clause which previously aroused discussion and which Hon. W. S. Fielding sought to amend with a stipulation that returning officers shall be selected from certain specified provincial and municipal officials. In committee today Mr. Fielding's amendment was defeated by 81 to 49, a Government majority of 32.

The cross-benchers voted with the Government, among them being Angus McDonald, recently elected member for Temiskaming. It was Mr. McDonald's first vote, for he took his seat in the House only today. Subsequently the clause carried, and Capt. Power, South Quebec, subsequently introduced a motion to enfranchise those who had served in the naval, military or air forces of Great Britain or the Allies. The bill as it stood enfranchised those who had served in the Canadian forces.

The point turned mainly on the fact that the original who had served in the Canadian forces would vote under the bill whether disfranchised under provincial statutes or not. Under Capt. Power's amendment the original resident in Canada who had served in the Allied armies would likewise vote. Captain Power's amendment was rejected without a division.

Committee discussion of the bill will be resumed next week.

Sir George Foster intimated during the day that outside the budget the Government had no new contentious legislation in prospect for the present session.

The House adjourned at midnight. The solicitor-general suggested that the House sit until 2 a.m., but Opposition members strenuously objected on the ground that they had to attend morning committees.

REFUSES TO GRANT RAILWAY CHARTER

OTTAWA, April 29.—By a majority of only two votes the railway committee of the House of Commons today refused to grant a charter to the Pabos Amqui and Edmundston Railway Company to construct a 248-mile road through the interior of the Gaspé Peninsula.

FREED ON CHARGE OF WOUNDING MAN

FARRY SOUND, April 29.—Irvine McArthur of Toronto, charged with having shot Edward Gollinger and having wounded him in the leg at South Magnetawan on March 1, last, was acquitted here today by Judge Powell, after a trial without jury. Evidence for the defence was to the effect that McArthur and his wife and sister were assaulted by Edward Gollinger, and a brother of the wounded man before McArthur fired the shot, McArthur himself having been badly beaten up.

BUFFALO SWITCHMEN STRIKE SECOND TIME; TRAFFIC IS TIED UP

CHIEF IS GRANTED LEAVE OF ABSENCE

MILK PRICE TAKES DROP AT OTTAWA

OTTAWA, April 29.—Commencing Saturday, milk in Ottawa will be 12c a quart to the consumers instead of 14c, as it has been since last fall. A correspondingly lower price for cream will be in effect also. The reduction comes as the result of a more favorable contract between the dairy interests and the farmers.

TOM LONGBOAT TO BE SOLDIER-SETTLER

PRINCE ALBERT, Sask., April 29.—Tom Longboat, some years ago famous as a long-distance runner, arrived here today from Caledonia, Ont., and presented his credentials to the soldiers' settlement board, and will take up land in Northern Saskatchewan. He has not decided upon his exact location, but believes he can make money farming in this district.

NO H. C. L. IN NORTH

NEW YORK, April 29.—Vilhjalmar Stefansson, noted arctic explorer, arrived here today on the steamer St. Paul from Southampton and Cherbourg. While in England he urged a plan to tap the Arctic food reserve to relieve the world shortage, and endeavored to organize an expedition to further that project. Stefansson said that palatable food in unlimited quantity is available in the Arctic.

RETAIL LUMBERMEN FORESEE PROHIBITIVE PRICES WITHIN YEAR IN WESTERN ONTARIO

Delegates At Convention of W. O. Retail Lumber Dealers Claim Only Stoppage of Export Can Ease the Situation—Are "Making Hay While the Sun Shines."

ST. THOMAS, April 29.—The Lumbermen's Association of Western Ontario convened today at the Grand Central Hotel, and the entire building situation was discussed. The members were in the opinion that it will be some time again before the trade returns to normal or near old time conditions.

The building problems, according to the general expression of the association, varied. In some centres work was at a standstill, while in others where the demand was insistent for dwellings, and people were willing to pay the price, all the trades had their hands full, and were making hay while the season was propitious.

The prices prevailing for lumber at all the centres represented were stated to average \$70, whereas in pre-war days the figures ran from \$40 to \$50. Hardwood for floors was selling from \$250 to \$300.

Some of the members from their observations when travelling through New Ontario, felt that if importation to Europe ceased the situation would ease up within a year. Others were very pessimistic as to the future, and saw not only a practically prohibitive price in a year hence, but declared they could not look forward to a settlement of prices which could be met by a man of reasonable means for some time to come.

The interchange of ideas was both instructive and interesting, and the gathering was the most successful in years. Representatives were present from London, Windsor, Chatham, Sarnia, Leamington and other points in Western Ontario.

G. B. Van Eklom, editor of the Canada Lumberman, was present and was one of the speakers. The other men who delivered addresses were Horace Boulton of Toronto, secretary of the Ontario Retail Lumber Dealers' Association; Chester H. Belton, Sarnia, and W. A. Halley of Chatham.

The officers elected for the ensuing year were: A. E. Sanders, St. Thomas, president; A. Ludlam, Leamington, vice-president; B. F. Clarke, Glencoe, was re-elected secretary-treasurer. The directors elected were John C. Wallace.

DRAPERY BARGAINS

Please, good public, take these delicate fabrics off our hands. When you see the elaborate display of finest Curtains, Laces, Scotch Madras, etc., marked at the prices we are offering them you will not hesitate.

REBUILDING SALE

RUG BARGAINS

You know what dust of crumbling mortar will do to RUGS, so do we; that's why we will let them go at these low prices. We have got to sell them.

KEENE BROS.

HOMES FURNISHED COMPLETE

RUGS LINOLEUM BLINDS CURTAINS

KEENE BROS.

WE ARE FORCED TO SELL!

A large portion of our \$75,000.00 stock of Furniture, Rugs and Draperies at once.

Few people realized that KEENE BROS., 125 and 127 KING STREET, kept the largest stock of Home Furnishings in London. Our cramped quarters in the past have not allowed it to be displayed properly.

For many months we have contemplated getting into new premises.

But found the rents so high and real estate so expensive that to do so meant to raise the prices on Home Furnishings sky high to pay for the increased overhead expense.

We have now arranged with our landlord to add 10,400 square feet of new floor space to the present premises.

But the building inspector says we must tear down the rear portion of the building before we can put another story on it. Thus we are forced to sacrifice our stock of any goods in our tremendous stock that you wish, at a distinct loss to ourselves, because the building must come down before the new one is built.

Some bargains await you in old ivory, walnut, mahogany or oak Bedroom Furniture. The dainty designs of the best Canadian manufacturers are all on sale, at prices that cannot last long.

When sufficient furnishings have been sold to allow us to tear down the rear of our present premises, we will quit giving away the goods at these prices. Furniture is too scarce and hard to get for to sacrifice it like we are forced to do.

When sufficient furnishings have been sold to allow us to tear down the rear of our present premises, we will quit giving away the goods at these prices. Furniture is too scarce and hard to get for to sacrifice it like we are forced to do.

WAS ASTONISHED AT THE CHANGE

Had Suffered for Two Years—
Gains New Strength and
Courage After Taking
Tanlac.

"I am glad to give you this testimonial, for Tanlac has done so much for me," said Mrs. Alphonsa Clontier of 181 Victoria street, Quebec, to a Tanlac representative, recently.

"For two years previous to taking this wonderful medicine," she continued, "I was in a very weakened state, as the result of indigestion and a disordered stomach. The very least thing in the way of heavy food caused me great distress. Bitter liquid would come up into my mouth, and the gas would press against my heart and lungs, so as to cause palpitation and shortness of breath. I used to get awfully low spirited and at night could not sleep. Many a time I have spent a whole night without closing an eye, and the next morning I would be in a state of utter collapse. I tried many medicines without getting any relief and my weakness was getting greater every day.

"I heard Tanlac being praised by so many people that I decided to try a bottle myself. I am now finishing my second bottle and the change that has taken place in my health is really astonishing. I never would have believed it possible for the bottles of Tanlac to do so much. It has relieved me of all my stomach trouble, and I can eat anything I want without the least bit of trouble afterwards. The gas has quit forming, and I am no longer troubled with heart palpitation or the shortness of breath. My sleep is now restful and unbroken, and in the mornings I get up feeling fine and ready to do my housework. I have regained my energy and courage and can truthfully say that my health is better today than it was when I was. My aged mother is also taking Tanlac and has derived great comfort and benefit from its use. I cannot recommend this medicine too highly, and I hope this statement will lead others who suffer as I did from general weakness and a disordered stomach to try Tanlac.

Tanlac is sold in London by Standard Drug, Limited, and by an established agency in every town.

Brantford Industrial Realty Company Declares Six Per Cent Dividend

BRANTFORD, April 29.—The Brantford Industrial Realty Company has declared a dividend of 6 per cent, and at a meeting of the shareholders it was decided to call for the dividend on the capital stock for further factory building operations.

Ald. Kelly announced today that one new factory had been secured this week with the prospect of another, but no announcement would be made until the site had been selected.

BUILDING TRADES ARE FACING STRIKE

OTTAWA, April 29.—Unless there is a complete change in attitude on the part of the contractors there will be at least 500 members of the building trades crafts who will lay down their tools on Saturday morning. These comprise the memberships of the painters, paperhangers and decorators, the electricians' unions, who, at a meeting held last night, decided unanimously to stand by their demand on the contractors for their original wage agreements.

There is a possibility also that the builders about the city will join in the strike. Officials of the builders' association concede that there will be a strike, but are unwilling to revise the offers they have previously made to the different crafts, claiming that the demands in the majority of cases on the part of the crafts are unreasonable.

LADIES! DARKEN YOUR GREY HAIR

Use Grandma's Sage Tea and
Sulphur Recipe and No-
body Will Know.

The use of Sage and Sulphur for restoring faded, grey hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that old, faded or streaked appearance, this simple mixture was applied with wonderful effect. But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the grey hair disappears, and after another application or two, it becomes beautifully dark and glossy.

TORY MEMBER ADMITS TIMBER LIMITS GRANT

Mathieu Says He Got Con-
cession Before Last Pro-
vincial Election.

MANY OTHER "GRANTS"

Eight Hundred Square Miles
of Land Went Prior
To Elections.

TORONTO, April 29.—Before the timber limits commission this morning James A. Mathieu, M. P. for Rainy River, stated that he had been granted without competition timber limits amounting to 82 square miles for his company, the Chisholm Lumber Company. The estimated value was \$600,000. He received it some time before the last provincial election.

He also stated that as part of his patronage he had appointed the district crown timber agent and possible some cutters. He was paid seven dollars per thousand as done.

F. J. Niven, of the department of lands and forests, submitted a report to the commission, showing that some eight hundred square miles of timber limits have been disposed of since competition in some fifty-two parishes in October last, just prior to the elections. One of them was for 100 square miles to the Hayward Lumber Company in Algoma, one of the members of which is said to be the general superintendent of the rangers, an employee of the Government.

HALF-BILLION STEEL MERGER IS UNDER WAY

Directors of Three Concerns
Approve Amalgamation—
Shareholders Next.

MONTREAL, April 29.—(Canadian Press).—Directors of the Canada Steamship Lines, Limited; the Nova Scotia Steel and Coal Company, and the Dominion Steel Corporation today received and considered the proposals made by the interests behind the \$500,000,000 steel, coal and shipping organization, to be known as the British Empire Steel Corporation, and formally consented to the transfer of securities involved, subject to the consent of the shareholders of the three enterprises, which are to form the Canadian nucleus of the big consolidation.

According to the statement issued tonight by Col. W. Grant Morden, terms will be ready for publication in a day or two, and special general meetings of the companies involved will be called in the near future.

Col. Morden stated that the initial share capital of the new corporation will be \$205,000,000, but declined to state into what amounts of first, second and third preferred and common stock it would be divided. Formal and official announcement of these details would, he said, be given in the near future.

In addition to the three companies mentioned above, the consolidation will embrace the Halifax Shipyard Company, the Davis Shipbuilding Company of Lewis, the Port Arthur Shipbuilding Company, the Collingwood Shipbuilding Company, together with the latter's Kingston subsidiary, the Maritime Navigation Company of St. John N. B., and possibly several other allied industries.

Confirmation that the Canada Foundries and Forgings Company was to enter the corporation was not forthcoming tonight, but negotiations to this end are in progress, and developments are expected either tomorrow or Saturday. Col. Morden will address the Toronto Board of Trade next Monday, when it is expected he will make definite announcement of the full details of the negotiations.

There is a possibility also that the builders about the city will join in the strike. Officials of the builders' association concede that there will be a strike, but are unwilling to revise the offers they have previously made to the different crafts, claiming that the demands in the majority of cases on the part of the crafts are unreasonable.

STOLE AUTO IN BROAD DAYLIGHT, DITCHED IT AND MADE HIS ESCAPE

Daring Theft Carried Out
Under Eyes of Owner
of Car.

QUELPH, April 29.—An auto thief made a daring attempt to steal a car owned by Gordon McLean, assistant manager of the Bank of Commerce, in broad daylight today, when shortly after 1 o'clock a young man, dressed in a tweed coat and wearing overalls, stepped into Mr. McLean's car which was standing near the bank.

Reached Arkell.

Mr. McLean, who was looking through the window at the time noticed the stranger getting into the auto, but as there was another car of similar make standing close by, he thought that may be the man had made a mistake. But the stranger made a hurried getaway and drove down Wyndham street at a terrific speed, and about an hour afterwards the police were notified that a stranger with a Ford car was in the vicinity of Arkell.

Car Ditched and Broken.

Detective Greenway immediately left for Arkell and found the stolen car lying on the roadside with one of the wheels smashed to pieces and exhibiting other signs of hard usage, indicating unmistakably that the driver had put the car over the road at a terrific speed in an effort to make his escape. No trace of the thief has yet been found, although the police have scoured the surrounding country.

SEVEN WOODSTOCK STORES ROBBED BY YOUNG BANDITS

Youth Wins "Suspended Sentence" For
the Culprits—Parents Pay.

WOODSTOCK, April 29.—Two youthful burglars, aged 15 and 16, both local lads, appeared in the police court this morning on the charge of having broken into no less than seven local stores within the last three weeks and stealing a variety of articles, including money, golf balls, bicycle accessories, flashlights, candy, etc. It seems that their method of procedure was to go to bed at the usual hour, and then after all was quiet sneak out. Both lads were let off on suspended sentence on account of their youth. Their parents paid \$16 each for the damage done and articles not returned.

CALGARY UTILITIES ENDED WITH SURPLUS

Calgary, Alta., April 27.—Every public utility in the city of Calgary finished the year 1919 with a small but substantial surplus, according to the annual statement of City Treasurer J. H. Mercer.

STOP LOOK and LISTEN

before purchasing a baking powder that may possibly contain injurious ingredients. Many food scientists claim that baking powder containing alum is unsafe for use in food. The mere fact that some brands of baking powder have the words "No Alum" on the label is not sufficient proof that they are what they are represented to be. Our chemists find a good many have "No Alum" on the outside, but large quantities of it inside.

THIRD ENVOY SENT FROM VATICAN TO JAPANESE NATION

Archbishop Fumasoni Brings
Pope's Blessing.

Tokio, March 27.—Archbishop Pietro Fumasoni, who has just arrived in Tokio, has conveyed the pope's blessing upon all Catholics here, and expressed his high consideration for the Japanese nation. He is the third envoy sent to this country from the Vatican. The first was Cardinal O'Connell of Boston, who presented to the emperor the pope's congratulations upon his accession to the throne.

Archbishop Fumasoni will stay about three years in Japan, and may remain permanently as apostolic delegate if the Japanese Government extends to him the recognition extended by civil governments. The Vatican being willing, it is said, to reciprocate by inviting a permanent Japanese representative to the Holy See. A few months ago Capt. Yamamoto was sent to the pope on an official mission from the Japanese Government.

The archbishop comes from India, where he held the post of apostolic delegate for the past few years. Referring to the Catholic inhabitants of the Caroline and the Marianas Islands, who have been without clergy since the German missionaries were repatriated, Archbishop Fumasoni said that these islands are now under the jurisdiction of the archbishop of Sydney.

VENICE BRINGING HER ART TREASURES FROM UNDERGROUND HOLES

Nightmare of Shellfire and
Danger of Looting
Passed.

Venice, April 27.—Now that the war is over, and Venice has recovered from the nightmare of having her wealth of art destroyed by shell fire, or worse still, looted by soldiers, one by one of her treasures from underground cellars or distant galleries are being returned to their places.

One of her most admired possessions, however, Titian's "Assumption of the Virgin," which is counted among the seven great masterpieces of the world, the pride of the Venetian Academy of Fine Arts, has been returned, not to the gallery, but to its original home in the choir of the beautiful Gothic Church of the Priory, for which it was painted by Titian in 1516.

The magnificent frame of carved marble, which was originally built around it, now shows off the glorious picture to advantage, and the Venetians are delighted that it should be restored to the position where its donors and the great genius who composed it intended it to remain.

TUBERCULAR MILK SOLD IN BRANTFORD DAILY

BRANTFORD, April 29.—An inspection by an officer of the health department here has revealed the fact that there are many tubercular cows in the herds which supply this city with milk. It has been established that the milk from a cow in an advanced stage of tuberculosis has been delivered in Brantford daily. The health authorities claim that the danger from this kind of milk would be eliminated by pasteurization.

Neuralgic Pains

Give Way to Soothing Hamlin's
Wizard Oil

Hamlin's Wizard Oil is a safe and effective treatment for headache and neuralgia. Rubbed in where the pain is, it acts as a tonic to the tortured nerves and almost invariably brings quick relief.

Its healing, antiseptic qualities can always be relied upon to prevent infection, or other serious results, from sprains, bruises, cuts, burns, bites and stings. Just as good, too, for sore feet, stiff neck, frost bites, cold sores and canker sores.

Get it from druggists for 30 cents.

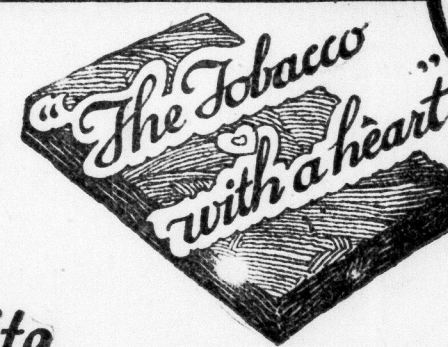

If not satisfied return the bottle and get your money back.

Ever constipated or have sick headaches? Just try Wizard Liver Wafers.

Ontario's Favorite

MACDONALD'S PRINCE OF WALES

CHEWING
TOBACCO

This old "iron horse" was built in Ontario in 1852-53 and hauled the first train from Toronto to Aurora. Macdonald's tobacco has been Ontario's favorite since 1855.

A hard cough

that tears you every time it comes, yet persists in coming, usually disappears under the healing power of Robert's Syrup of Cod Liver Oil and Tar. The nauseous effect of the oil having been removed, the extractive principles remain to build up wasted strength. Combined with tar this makes a wonderfully powerful corrective for the irritation set up by Coughs, Colds or Bronchitis. Use—

Robert's
SYRUP OF
Cod Liver Oil & Tar

You Don't Need to Wear Overalls

When You Can Buy Real Suits at This Price!

The universal question with men these days—everywhere—is: "Where can I buy a good Suit of Clothes at a reasonable price?" So far as Canada is concerned the question is answered. BORDER REAL ESTATE BENEFITS BY RULING OF LICENSE COMMISSION

SARNIA, April 29.—The ruling of the license commission that liquor may be imported by summer residents of Ontario whether citizens of Canada or the United States, has resulted in some score or more of Michigan residents visiting Sarnia tonight in an attempt to rent summer cottages on this side of the border.

Tonight a real estate man stated that early in the day he secured options on half a dozen local beach cottages and that in less than three hours after he had secured them he was able to turn them over to Americans for the ensuing summer.

According to real estate operators a number of Americans will build summer cottages on this side of the St. Clair River, as the result of the commission's decision.

Minister Wants Job

TORONTO, April 29.—A minister of the Gospel advertising for a situation, as is the case with a Western Ontario village minister in a Toronto newspaper at present, indicates that the high cost of living is seriously affecting men of the cloth. The advertisement in question is as follows:

"A minister, finding it impossible to live on remuneration received in present employment, desires engagement in some other business, preferably with motor concern, but if you have need of a man of good character in any honest business paying good wages, apply to—"

AWAITS DECISION ON BOARD OF COMMERCE

OTTAWA, April 29.—(By Canadian Press.)—In the House of Commons this afternoon, Sir George Foster, replying to Mr. P. P. Cagnrain (Montreal), stated that there was no legislation to be brought down in regard to the board of commerce until the Government had received the decision of the supreme court on the sickness of the board.

APPROVES CHANGES IN COMPANIES ACT

TORONTO, April 29.—The agricultural committee of the Legislature today approved amendments to the Ontario companies' act, submitted by R. N. McArthur of West Wellington, providing that companies capitalized at less than \$15,000 need not issue a prospectus. The amendment also requires that an investigation of a company's books may be ordered on application of ten members.

Commission Would Put Many Small Industrial Plants Under Inspection

All Establishments Would Be Included, According to Recommendation — Suggest Limitations For Employment of Boys and Girls.

OTTAWA, April 29.—(By Canadian Press.)—Recommendations designed to promote uniformity in laws respecting workmen's compensation and control of factories were made to the Royal Commission on the unification of labor laws at the meeting today.

The recommendations, which were made by the committee on the unification of labor laws, were as follows:

1.—That all provinces adopt the idea of exclusive state insurance to be administered by a board.

2.—That all workmen not especially exempted under the act, who work in an industry which comes within the scope of the act, shall be under the act, regardless of the amount of their remuneration.

3.—That all employees of provincial governments and of municipalities, including policemen and firemen, be included within the scope of the act.

4.—That the scope of compensation acts be extended as far as practicable to include industries not now covered by the acts.

5.—That in all provinces contributions to the accident fund shall be borne exclusively by employer.

6.—That all medical, surgical and hospital attention be supplied in cases of injury or industrial diseases.

7.—That in every province there should be a time limit within which claims for compensation should be filed.

8.—That, except in special cases, payment of compensation shall be made periodically, direct to the claimant by the board.

9.—That injuries due to disease or accident arising out of and in the course of employment should be considered as coming within the scope of the act.

10.—That the cost of administration of workmen's compensation in each province be borne by the Government of the province.

11.—That rules and regulations for prevention of accidents be made by the board in each province, and safety committees, composed of employers and employees, be established in the various places of employment, and further, that first aid appliances be installed at the various plants; all the foregoing to be under the direction of the board.

12.—Where under any compensation act the employer has the right to bring his employees under the act by election, the employees should have the same right where a majority so decide.

13.—That in cases of death or injury all provinces should adopt a uniform scale of compensation.

The committee's report was accompanied by available comparative tables of workmen's compensation legislation in the different provinces.

The report of the special committee on factories laws, as finally adopted, was as follows:

In View of Limitation.

1.—In view of the limitation, in certain provinces, of the operations of the

factories act to the industrial establishments, where not less than a certain number of persons are employed, we would recommend:

All industrial establishments in which one or more persons are employed, where articles are manufactured, altered, cleaned, repaired, ornamented, finished, adapted for sale, broken up, or demolished, or in which materials are transformed, shall be subject to inspection.

2.—Employment of boys and girls: No boy under 14 years of age, or girl under 15 years of age shall be employed in an industrial establishment.

3.—Hours of employment for boys, girls and women: In keeping with the draft convention of the Washington conference limiting the hours of labor, we recommend that women, children and boys shall not be employed for more than 48 hours in any one week, nor before 6 o'clock in the morning, nor later than 10 o'clock in the evening, nor more than 10 hours in any one day, including overtime.

4.—It is expected that the report on mines and dangerous laws will be presented and discussed tomorrow.

URGES THAT HYDRO RADIAL BONDS BE INDORSED BY GOVT.

Large Deputation Waits On Provincial Cabinet.

TORONTO, April 29.—(By Canadian Press.)—Indorsement by the Ontario Government of hydro-radial bonds issued by municipalities between Bowmanville and Hamilton, was urged on the provincial cabinet by a large deputation from the district concerned, at Queen's Park today.

The deputation was introduced by T. J. Hannigan of Guelph, who presented resolutions passed by the delegates at public meetings.

What was asked, he said, was the same treatment for the municipalities between Hamilton and Bowmanville, which had been accorded others. The sympathetic co-operation and support of the Government was requested.

Sir Adam Beck, to make a survey of the telephone system with a view to establishing hydro telephones throughout Ontario.

Other speakers were the mayors of Whitby, Guelph and Bowmanville, and Dr. Cartwright of Pickering, who urged that the bonds of the Toronto and eastern radial be guaranteed at once.

Premier Drury in reply advised caution regarding hydro projects in Ontario. He refused to state the stand of the Government on the matter at the present time.

DRIVER OF TRACTOR KILLED INSTANTLY

Sam McAggy Pressed Into Sand by Weight of Machine.

THAMESVILLE, April 29.—While driving a Fordson tractor from the village to the McAggy homestead, north of here this afternoon, the machine in some unaccountable manner left the road, and its driver, Samuel McAggy, was caught underneath it and killed.

The victim, who was about 32 years of age, was the son of the late Mr. and Mrs. James McAggy, and was born on the 24th concession of Garden Township.

He had lived here with his brother-in-law, Mr. L. D. Hubbell, for whom he worked for the past five years, and was of an industrious and quiet nature.

While driving towards the C. P. R. depot he was crossing the culvert over the Sherman Creek, when the tractor left the road, and plunged through the guard railing down a sharp grade.

When Rev. A. S. Whitehall, who was motoring a short distance behind McAggy, arrived on the scene, he found the victim with his head in the sand, and a part of the heavy machine upon him, death having apparently been instantaneous, the result of being smothered in the sand. Beyond a mark on his head and two broken ribs there were no injuries to the body.

Two brothers survive, John of Chatham, and Henry of New Sarnia, and four sisters, Mrs. (Dr.) J. L. Leitch, and Mrs. Thomas McGillicuddy of Hamilton; Mrs. Walter Durdie of St. Thomas, and

Miss Teresa McAggy of this village. The funeral arrangements have not as yet been completed.

A sister, deceased, Mrs. L. D. Hubbell of this place, in company with a young son, were killed at the local Grand Trunk crossing here a few years ago, when the engine in which they were driving, was struck by a fast G. T. R. express.

NEW PARLOUR BUFFET CAR SERVICE BETWEEN LONDON, WINDSOR AND DETROIT VIA GRAND TRUNK RAILWAY SYSTEM.

Commencing Monday, May 2, new parlor buffet car service will be operated between London, Windsor and Detroit, daily except Sunday, leaving London, 5:30 p.m., arriving Windsor, 9:35 p.m., and leaving Detroit, 10:30 a.m., Windsor, 12:15 p.m., arriving London at 3:55 p.m.

APRIL 29, 1920

INTERIM DIVIDEND OF 30 PER CENT DECLARED

SARNIA, April 29.—An echo of the affairs of the Stanley C. Williams Company, Limited, was heard today, when it was officially announced by Mr. A. Saunders, trustee for the defunct company, that an interim dividend of 30 per cent on the dollar will be paid on claims against the company. There is some real estate yet to be disposed of, of which it is expected will be satisfactorily arranged in the near future, when a further dividend of 20 cents will be paid to the creditors.

It was announced tonight that among the creditors were Toronto and London wholesale houses, but according to an announcement made here the Kennedy Company of this city is the largest creditor on the books of the late chain of "cash and carry" stores.

DOCK WORKERS OF LIVERPOOL QUIT TO AID IRISH PRISONERS

LIVERPOOL, April 29.—An attempt by the Irish section of the dock workers to carry out their threat to hold up traffic if the hunger striking prisoners were not released from the Workhouse Scrubs Prison has failed. More than 80 per cent of the men returned to work this afternoon and there were plenty of substitutes for the Irishmen who did cease work.

The only somewhat serious development today was that the Irish boats were held up temporarily.

CANADIAN CHEESE TO GO THROUGH USUAL COURSE TO ENGLAND

OTTAWA, April 29.—(By Canadian Press.)—The minister of agriculture has received the following cablegram from the British ministry of food:

"It has now been definitely decided that the ministry will not purchase the new season's Canadian cheese. The maximum importers' selling price (\$22), now in force, will be removed at once, but the maximum retail price of one shilling and eight pence (one per pound) for whole milk cheese will remain in force for the time being."

The effect of this decision will be that the export of cheese will again flow through the usual channels, but the price will be regulated more or less by the maximum retail price in the United Kingdom.

FOSTER GIVES LIST OF PROPOSED BILLS TO BE INTRODUCED

Says Little Contentious Legislation, Except Budget.

OTTAWA, April 29.—(Canadian Press.)—Answering Hon. W. L. Mackenzie King in the Commons this afternoon, Sir George Foster said that outside of the budget there was no very contentious legislation to be introduced during the balance of the present session. There was amending bills on bankruptcy, immigration, irrigation, inland revenue, postoffice act, providing for retirement of certain civil servants, amendment to the railway act, and probably some legislation arising from the report of the special committee now sitting on pensions and returned soldier re-establishment.

Ernest Lapointe, Quebec East, asked if there would be no legislation arising out of the activities of the industrial conference, which sat at Washington last autumn. Sir George Foster replied that he did not say that the legislation he had just specified would be necessarily all that the Government would introduce. It was practically a complete list, but it did not preclude the possibility of more being added.

The Perfect Table Oil.
APROL
The Sweetest Oil from Apricots.

Away Back in 1864

—over half a century ago—The "Old Huron & Erie" was founded to gather together the savings of the people and to systematically invest them in the safest securities Canada affords.

Depositors and Debenture-Holders of The Huron & Erie indirectly loan their money on mortgages covering improved Canadian Real Estate—mainly productive farm lands.

These are times when security should weigh heavily with intending investors.

All manner of inducements are now offered to draw your savings into speculative investments—promises of high rates of interest often result in the loss of all or part of your principal.

Sandy Bill To Stop Short-Circuit Liquor Delivery Up in House

MOD-CARRIERS GET INCREASE.

BRANTFORD, April 29.—Brantford mod-carriers will receive 75 cents per hour commencing May 1. No labor troubles are anticipated here on May Day.

Measure Restricting Liquor Transportation Within the Province Gets Second Reading—Banks and Insurance Companies To Pay More Taxes.

TORONTO, April 29.—Prohibition questions were again to the fore in the Legislature this afternoon when the House spent an hour and a half in debate on F. G. Sandy's bill restricting liquor transportation within Ontario, the measure finally receiving second reading.

Mr. Sandy, in moving the second reading of the bill, declared that it would serve to carry out the wishes of the people of Ontario, as expressed at the polls last October.

Karl Homuth, South Waterloo, approved the principle of the bill, but asked that certain clauses be made more lucid. He also criticized some of the penalties imposed under the Ontario temperance act, which will also apply to the Sandy bill.

Charles McKee, of Sudbury, offered to support the bill, provided that clause 9 be struck out. Clause 9 stipulates that the bill not to come into effect until after the taking of the referendum. The Government was bound by its pre-election pledges to enact whatever temperance legislation was within its power, regardless of what the Dominion might do.

"Put this act into force at once," he suggested, "and when the referendum is held you will have a true expression of public opinion."

To Supplement Law, Mr. Raney pointed out that the Sandy bill was designed to supplement Dominion legislation and to stop short-circuiting of liquor within the province.

"Is that necessary?" asked R. R. Hall, Parry Sound.

"I am so advised," replied Mr. Raney. "Let us get down to the facts." Premier Duff appealed to the House. "We must close the opening at this end of the fence. The Dominion Government, we are informed, can prohibit importation of liquor into this province, but it cannot stop deliveries from one point in the province to another. I believe it is the duty of the House to support the measure as it stands. We must implement the will of the people if they vote to stop importation. If they vote to allow importation it would be ludicrous to make a law whereby liquor would have to be shipped to Montreal first, and then back into this province again, on the orders of those using it."

The House, in committee of the whole, approved several resolutions submitted by Hon. Peter Smith dealing with the revenue of the province. Provision of \$10,000,000 to cover the floating indebtedness of the province, and to provide for public works authorized by the Legislature, was approved.

The race track taxes were also passed by the committee. R. L. Brackin inquired as to the one of charging half-mile tracks only \$2,500 a day, as against \$7,500 for mile tracks.

Betting On Tracks. "Betting on a half-mile track is generally only one-sixth of that on the mile tracks, and the attendance only one-fifth," said Mr. Smith in reply. He estimated that the race track tax would yield the province \$300,000 annually.

Other resolutions approved deal with increased corporation taxes. Banks are required to pay one-fifth of one per cent on their paid-up capital, instead of one-tenth of one per cent, as in the past. They will pay an additional tax of \$3,000 for the head office in Ontario and \$100 for each agency in the province. These sums were previously \$1,500 and \$50 respectively.

Life insurance companies will now be assessed for one and one-quarter per cent of the gross premiums received in the province, and other insurance companies one per cent. Insurance companies previously paid a tax of \$30,000 which was subject to reduction in special instances.

Distinguished Visitors. Two distinguished visitors were present during the afternoon. In persons of Sir Richard Winfrey, former parliamentary secretary to the British board of agriculture, and Brigadier-General J. P. Davey, C.M.G., principal chaplain to the British forces during the war. Both the visitors addressed the House briefly. Sir Richard favored the members with an account of his career, dwelling with his work in connection with the land settlement act which gives county councils power to appropriate land on which returned soldiers may settle.

General Davey paid a glowing tribute to Ontario's soldiers, whom he declared to be among the cleanest, most gallant and most upright men who ever fought for the Empire.

"May we see in the new world, which they have recreated, the world which they would wish to see," he observed.

LONDON DECLARATION TEXT PUBLISHED IN BRITISH PARLIAMENT

LONDON, April 29.—The text of the declaration of London, signed by France, Russia, Great Britain and Italy in London, April 28, 1915, was published textually in Parliamentary papers today.

The treaty was first made known to the world when the Russian Bolshevik Government published it in 1917. The agreement provided, among other things, that Italy at the conclusion of the war was to receive Trentino, part of Southern Tyrol, Trieste, Istria and Dalmatia. The four powers signatory to the document agreed not to conclude a separate peace.

The declaration bears the signatures of Sir Edward Grey, then British foreign secretary; the Marquis Imperiali, the Italian ambassador; Paul Cambon, the French ambassador, and Count Benckendorff, the Russian ambassador.

LIKELY TO DISPOSE OF PENSIONS BEFORE RE-ESTABLISHMENT

Committee Will Still Take Evidence On Pensions.

OTTAWA, April 29.—(By Canadian Press.)—The pensions end of the investigation now under way by the special committee on pensions and re-establishment has been practically cleaned up. All that remains is for the committee to review the evidence already heard and decide whether further witnesses shall be heard. If the committee decides it has sufficient evidence before it to warrant a decision on whatever changes in the pension law are necessary, it is possible that a series of closed meetings will be held when the facts will be gone over and the main features of a report to the House of Commons decided upon. There is a movement on foot among a certain section of the committee to have the pensions matter disposed of before taking up the re-establishment end of the investigation. This is finding many backers and will be the chief subject to come before the committee when it meets in camera tomorrow morning before opening the sittings to the public.

Thresh Out Matters. If it is decided to thresh out pension matters in private there will be a lapse of several days before any more evidence is heard. It is expected. The pensions section of the report will not be brought into the House nor will it be made public until the re-establishment evidence is all in and the report on that also is ready, it is expected.

The chairman, Mr. Hume Cronyn, of London, Ont., emphasized tonight that while many members of the committee felt that they had sufficient pension evidence before them they would not close the door to anyone who wished to bring new matters before them.

Examining Proposals. Today was spent in an examination of the proposals of the Great War Veterans' Association and the pension commissioners. The latter have drafted some suggested amendments to the act which they state will outline their powers more clearly and also remove some of the drawbacks to be found in the present measure.

Colonel J. W. Margeson, and Major A. Burgess went over the suggestions with the committee today.

CANADA TO PUT END TO FRENCH TREATY

OTTAWA, April 29.—Mr. Fernand Rinfret (St. James) was informed in the House today that notice had been given of the intention to terminate the trade treaty between France and Canada. This would cease to have effect on June 15 of this year. The Government had intimated to the French Government its willingness to confer on new trade relations.

Children Cry FOR FLETCHER'S CASTORIA LIFT OFF CORNS!

Doesn't hurt a bit and costs only a few cents

Magie! on that touchy corn, instantly it stops aching, then you lift the corn off with the fingers. Truly! No humbug! Try Fletcher's! Your druggist sells a tiny bottle for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and callouses, without one particle of pain, soreness or irritation. Freezone is the discovery of a noted Cincinnati genius.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

The name "Bayer" identifies the only genuine Aspirin—the Aspirin Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis, Joint Pains, and Pain generally. Always buy an unbroken package of "Bayer Tablets of Aspirin" which contains proper directions for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis, Joint Pains, and Pain generally. Tin boxes of 12 tablets cost but a few cents. Larger "Bayer" packages. There is only one Aspirin—"Bayer"—You must say "Bayer".

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoclonalaceticacid of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

Mother and Child find equal delight in the creamy, abundant, skin-healing, flower-fragrant lather of

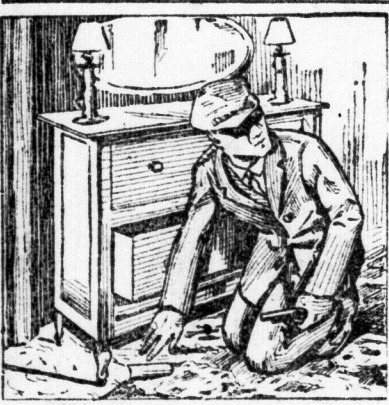

BABY'S OWN SOAP

The particles of pure, vegetable oil which are rubbed with the lather into the pores, help nature along, assuring a white and healthy skin.

Best for Baby—Baby's Own Soap is Best for you.

To Those Who Clip Interest Coupons At the End Of this Month

When you bring forth your Victory Bonds from their hiding place—when you search for the scissors to cut the May coupons—consider this question: "What would I do should my bonds be burned or stolen?"

Why not avoid the possibility of future expense, annoyance and sleepless nights of worry by safely lodging the bonds in a private steel Deposit Box in the vaults of The Canada Trust Company?

Many of your friends and neighbors now enjoy this protection—why not you?

Victory Bonds are not the only valuable papers you have hidden away in unsafe places—perhaps to become food for flames and prey for the robber.

Decide Upon PROTECTION To-Day!

The cost is insignificant compared with your comfort and peace of mind.

Coupons are cashed here free of charge. Bring your bonds when you come to cash your May coupon and arrange for a Safe Deposit Box.

HELENE'S MARRIED LIFE

BY MAY CHRISTIE

Copyright, 1920, by the McClure Newspaper Syndicate

LXI.—The Bracelet Plays Its Part.

To say that I was happy over Jim's announcement would be to describe my feelings quite inadequately. A great weight was lifted from my heart. I could have sung and danced with joy. But I restrained myself. I was in the presence of an invalid. I must be quiet and soothing in my ways. "You've never seen this diamond-watch before?" I whispered, with my eyes glued on his face. "You're sure you haven't?"

A bewildered look flitted across the young man's handsome features. "No. You—you never wear it—did you? How—then should I see it?"

"It belongs to Mrs. Anstruther—to Alice," I bent nearer him. "You know her?"

"The little—fair-haired—lady?" Again that puzzled look. "No, don't bring her—here. Better—like—this." His dark eyes smiled into my own with an air of infinite content. He touched a corner of my dress, holding on to it as though definitely to detain me.

And I was happy—gloriously happy. Jim had no desire for Alice's company. In fact, he hardly seemed to know just who she was. There could have been no possible affair between them.

And then the miserable thought came to me that—totally forgetting me, his wife—Jim might with equal reason forget both Alice and the diamond-bracelet! There was as much reason for one lapse of memory as for another!

I tried to push the thought away from me—but it persisted. And I had perfect force to persist myself with the recollection that he preferred my company to the "little fair-haired lady."

Surprisingly, when Jim wasn't looking, I slipped the watch-bracelet from my wrist into my bag and out of sight.

When Mrs. St. Aubyn returned, she found her son asleep, and I was keeping faithful watch beside his pillow. "Helene, will you go downstairs? Mrs. Anstruther wishes to speak to you?" I nodded, rising very quietly from my chair, so as not to rouse the sleeper. I glided from the bedroom.

Down in the drawing-room I found Alice, looking very worried.

"Life is one confounded thing after another, isn't it?" she dolefully observed, paraphrasing the ancient saw. "I've just had another lively argument with my husband. The—insists on knowing how I gave me that wretched diamond-bracelet."

I started in astonishment. Who gave Alice the diamond-bracelet? The answer to that question meant the world to me.

"Who gave it to you, Alice?" I tried

STOMACH AND LIVER TROUBLE

Once the liver fails to filter the poisonous bile from the blood, there is a clogging up and poisoning of the whole system which causes many troubles to arise. Therefore, upon the liver, more than any other organ of the body, depends the general health.

Carelessness and neglect, and oftentimes wilful disregard of nature's laws will put the system out of sorts. The bowels become constipated, the liver inactive and the stomach upset. To bring the system back to its normal state, you should take Milburn's Laxa-Liver Pills. They lyen up the liver, condition and tone up the stomach.

Mrs. G. L. Cackett, Enchant, Alta., writes: "I have used Milburn's Laxa-Liver Pills and have found them good for both stomach and liver troubles. I have told others about your valuable medicine and they have used them with good results."

"They are also good for headache."

Milburn's Laxa-Liver Pills are 25c. a vital at all dealers or mailed direct on receipt of price by the T. Milburn Co., Limited, Toronto, Ont.

to make my voice sound natural—and lamentably failed.

She shot a quick glance at me, hesitated, and then said:

"Why, an old aunt of mine, of course." "But Alice—you told me—that day in the hall—that she had given it to a friend of your husband's?" I remonstrated.

"You've looked annoyed, then, brazen." "You're quite mistaken, Helene. I'm not in the habit of taking gifts from my husband's friends, nor am I a know-it-all. The bracelet came from my old aunt in South America. I've had it for two years."

This was a blunder. For anyone could see by glancing at the bracelet that it was the very newest model of its kind! Alice saw that she had blundered. But it was too late to retrieve her error.

So she wisely said no more.

"What do you want me to do?" I asked her. "Why did you send for me?"

To my astonishment, Alice sank down on the nearest divan, and began to mop her eyes.

"I—I'm so—so miserably—unhappy!" she sniffled. "I—I wish I could just die, Helene!"

"Don't be an idiot, Alice!" I decided that the bracing line was best for her. "Sit up, and tell me all about it."

"My—my husband won't believe about my old aunt in South America," Alice mopped her eyes again, vindictively. "He says it's just one of my fabrications. And so—and so—I told him that you talked to him about it, and I was at school together in the old days. I said she used to visit us, and give us her—her—bracelet—and that you just adored her—"

"Of whom are you talking, Alice?" I cut in sharply.

"My—my old aunt in South America," she lifted streaming eyes. "Helene, don't go back on me. Say that you knew my old aunt—"

"What else?" I stared at Alice in astonishment.

"My husband now insists on knowing where the diamond-bracelet's gone," she wailed. "And I don't tell him the truth, I gave it to Tony—to sell for me. And this afternoon a letter came from him saying he couldn't find a purchaser—and I believe he intends to keep the bracelet for himself—now—"

A flood of tears interrupted the tale.

"Alice, you'd no right to invent the story about the aunt in South America," I said severely.

"It's true, Helene. I have an aunt—and she did give me the bracelet," persisted Alice, "and—and you've got to back up my story, about knowing her at school. My husband's going to ask you all about it. Oh, Helene, don't fail me, dear!"

"But—you can't produce the bracelet, if Tony has it!"

Alice wept anew.

"I—I told my husband that I had it in the house. And he insists on seeing it! Oh, Helene, what shall I do? What shall I do?" she wrung her hands.

I am soft-hearted—and I couldn't stand her evident distress.

"Alice, you don't deserve my help," I said severely. "But I'll stand by you, as I promised. Here's my bracelet!" I drew it from my purse.

"Here, take it. Your precious Tony went and pawned it. And I redeemed the thing from pawn for seventy dollars."

I dropped the bracelet in her lap.

Tomorrow—A Glimp of Firelight.

VALIDITY OF "DRY" AMENDMENT BEFORE U. S. SUPREME COURT

WASHINGTON, April 29.—Validity of the prohibition amendment and portions of the enforcement act was involved in seven separate proceedings before the supreme court. Two of these were original suits brought by Rhode Island and New Jersey as sovereign states to enjoin enforcement in their jurisdictions upon the grounds that both enactments were unconstitutional. The other cases were direct appeals from lower court decrees.

Steps to institute the suits were taken immediately after the amendment became effective on January 16, and on motion of counsel their consideration was expedited.

In both the Rhode Island and New Jersey suits the validity of the eighteenth amendment was attacked, but even if the amendment were valid, the enforcement act was unconstitutional, because it had not been concurred in by New Jersey under provisions of the amendment giving the federal and state governments concurrent power to enforce prohibition. New Jersey also contended that if the entire enforcement act were not unconstitutional, the portions of it limiting the alcoholic content of beverages to less than one-half of one per cent, and relating to the dispensing of liquors for medicinal purposes were invalid.

The cases reaching the court on appeals were those of the Kentucky Distilleries and Warehouse Company; Christian Feigenspan, a Newark, N. J., brewer; the St. Louis Breweries Association, and George C. Dempsey, a wholesale liquor dealer of Boston, Mass., who lost injunctive orders in the lower court. The other case before the court was an appeal by the Government from a decision of Federal Judge Geiger enjoining federal officials from interfering with the Manitowoc Products Company, a Wisconsin corporation, in the manufacture of beer containing 2.5 per cent alcohol.

In all the cases a general attack on the amendment was made on ground that it was revolutionary and constituted legislation in the guise of a constitutional amendment designed to regulate the private habits of individuals; that it interfered with the state's police powers; that it was invalid because adopted by two-thirds of the members of Congress present, when the vote was taken and not by two-thirds of the membership; and that the amendment was not ratified by three-fourths of the states. Arguments to provisions in many state constitutions requiring that amendments be submitted to a referendum.

RETAILING ICE CREAM AT 17 CENTS AROUSES IRE OF NEW YORKERS

New York, April 29.—Retailing of the humble but necessary ice cream at 17 cents a plate has aroused the ire of the American Republic, and set on foot an investigation by the "Flying squadrons" of the United States department of justice, which is hunting down price-gougers in New York. A. W. Kiley, director of the squad, has ruled that in the United States ice cream is a food and not one of the luxuries that can be done without by wearing overalls. Profiteers in ice cream are thus classified as profiteers in food.

Before the war ice cream retailed at 5 to 10 cents a plate, depending on the elegance of the shop vending it. In larger quantities some dealers are now charging \$1.20 a quart for ice cream that sold before the war for 40 cents. Mr. Kiley says he will invoke the Lever act, under which the United States district attorney has authority to institute criminal proceedings. The charge is freely made that prohibition has whetted the public appetite for sweets, and that the ice cream manufacturers have taken advantage of the increased demand for their product to boost the prices.

A Piano---An Organ---A Phonograph At a Price That Fits Your Purse During Our Big Stocktaking Sale Now Going On

You have been wanting a musical instrument in your home for some time, but felt that you could not afford it. Well, you can now, because we are offering pianos, phonographs and organs at prices that are ridiculously small, when you consider the quality of the goods.

We Lose and Get the Room---You Gain and Get a Bargain

Bell Organ— Beautiful walnut case, 5-octave, 11-stop, in perfect shape; looks like new. Regular price \$145, sacrifice price, \$25.00	Baby Grand Cabinet Phonograph— Plays all records and is nearly new. It's a real snap at \$75.00	Columbia Phonograph— Table model, fumed oak case, good as new. Special clearing price, \$30.00 including ten selections.	Mason & Risch Cabinet Phonograph— In use only two weeks. The only thing worn is the price. Mahogany case. Cost \$150 when new. Our sale price, \$115.00 including ten selections.
Karn Organ— Five-octave, 11-stop, walnut case and just like new. Regular price \$130, special clearing price, \$20.00	Clinton Piano-Case Organ— Walnut case, 6 octaves, looks like new. A big bargain for only \$53.00	Pathe Phonograph— With lid, mahogany case, largest table model, plays all records. Price, new \$35. A big snap for you, including ten selections, \$60.00	THE PRICE IS WORN— That is all. This beautiful Gourlay Piano that we are offering for \$475.00 sold originally at \$650. It looks just like new. We need the room, however, and it must go.
Bell Organ— Beautiful walnut case with mirror, 5-octave, good as new. Regular price \$145, our bargain price, \$25.00	Music in Your Home For \$48— Get this dandy walnut Karn piano-cased, 6-octave Organ before it's too late at the special clearing price of \$48.00	Ideal Table Phonograph— Table model, mahogany case, plays all records, good as new. Regular price \$45, to clear at \$30.00 including ten selections. Call or write.	OLD SHYLOCK WOULD HAVE TAKEN THIS ONE. A beautiful Gourlay, Winter & Leeming \$675 Piano that has scarcely been used. As soon as you see it you'll admit it's a bargain. It goes at \$450.00 Why not to you?
Karn Organ— Ten stops, 5 octaves, beautiful walnut case, like new. Regular price \$135, our sale price, \$30.00	Mendelssohn Mahogany Upright Piano— In Queen Anne style. Has been used only a few months. Regular price \$175. It's a big bargain for someone at \$350.00	Bell Piano-Case Organ— Is a real bargain. Highly finished walnut case, 6 octaves, just as good as new. It's a snap at \$68.00	A Large Columbia Phonograph For \$125— A real bargain. Finished in mahogany and one of the larger models, but we want the room, so the first \$125.00 takes it.
Three Small Bell Organs— In walnut cases, 5 octaves. Each to those getting here first. \$5.00	Canadian Cabinet Phonograph— There is not a mark on this one. It has been in use only a few weeks. It plays all records and sells regularly at \$185. We want the room, so \$137.00 takes it.	McLagan Cabinet Phonograph— Looks just like new and is nearly new; in mahogany, and has been used only three months, plays any record. Cost new \$185. Our sale price, \$158.00 Get in early for it.	
Brunswick Cabinet Phonograph— Fumed oak case, used only few months, and is as good as new. Regular price \$185, special clearing price, \$142.00

Nearly Half a Million Voters

HAVE MARKED THEIR BALLOTS FOR PRESIDENTIAL CANDIDATES IN THE FIRST THREE WEEKS OF

"The Literary Digest's" Mammoth Poll of 11,000,000 Citizens

THE LITERARY DIGEST is conducting the greatest poll ever taken, outside of a presidential election, to learn whom the American people want for their presidential candidates, and from present indications this poll will register the voice of the people, beyond question. Individual ballots have been sent by mail to eleven million voters throughout the United States—almost two-thirds of the total presidential vote cast in the last presidential election. Every ballot is mailed in an envelope, addressed with pen and ink, and delivered through the U. S. postoffice personally to the voter addressed. Return postage on the ballot is prepaid, and the voter has only to check or write the name of his or her party and the first and second choices for presidential candidates, with no other mark of identification, and then drop this secret ballot in the nearest letter-box or postoffice. Thus every vote cast is absolutely the free, uninfluenced, secret choice of the voter, unknown to anyone but the voter himself or herself.

The votes which have arrived up to and including the final press-day of the issue of THE DIGEST for May 1, include 25,000 received in the first week, 125,000 in the second, and considerably over 300,000 in the third. The next two weeks' returns, it may safely be prophesied, will place the poll's total beyond the million mark. The results are being tabulated and shown in THE LITERARY DIGEST week by week.

To the considerable volume of country-wide newspaper comment on THE DIGEST'S poll, the Boston Globe contributes the following observation: "When THE LITERARY DIGEST poll is completed everyone should have a pretty clear hint as to how the country is going."

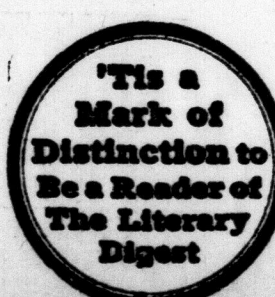

Among other striking features in THE DIGEST for May 1 are:

The Public Organizing To Meet the Strike Peril
A Nation in Overalls
Disappointments in Census Returns
The Strikes As Revolts Against High Prices
The Destiny of Cabrera in Guatemala
German Militarists Trying to Regain Power
Collapse of Britain's Middle Class
A Peril to South America's Peace

TAYLOR'S

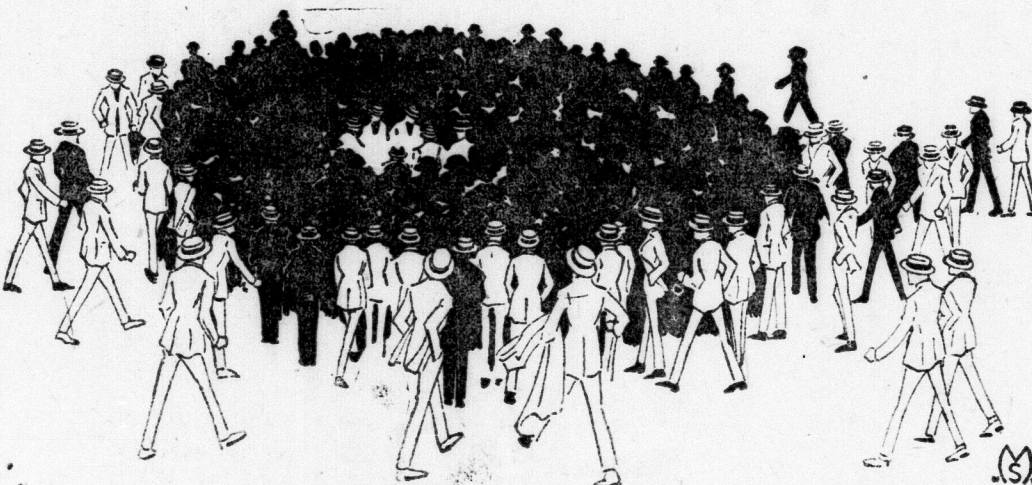

6 LONDON STORES--ALL RED

TO YOU ALL----

ORTH, LIMITED

BUYS THE BUSINESS

Formerly Known as Selak-Orth, Limited

Consequently, we will commence on Saturday
the greatest Seven-Day Sale ever conducted with
high-grade men's apparel in London, giving you
your opportunity to buy, as the "good-will" part
of the transaction, from a new stock of \$50,000
worth of men's suits, coats and furnishings at
near cost, and in many cases less than today's
wholesale cost. Be here early, as the doors open
at 8:30. Every article guaranteed by us, and all
merchandise to be sold is of our new spring
apparel.

The tremendous success of this shop during
the past year has enabled Orth, Limited, to buy
the entire interests of Selak-Orth, Limited, pre-
serving the opportunity to build up the greatest
men's wear store in London during the next
short term of years. Truly, we do care how we
serve you, and we have grown to the present
high standard in the public's estimation by giving
true service to all our fellow-men, plus real value
for your money.

Now for the Opportunities---Here!

Men's and Young Men's Indigo Blue Serge Suits

Positively our best \$55.00 value. We have received 75
suits to offer you Saturday morning at \$38.75. Made up in two
and three-button conservative styles in young men's double-
breasted form-fitting and smart English models. The sizes are
all complete. We positively know these to be below the actual
wholesale prices today **\$38.75**

MIGHTY GOOD NEWS

Here you are! House of Hobblerlin took a hand to demon-
strate value. This famous custom-tailoring house designed, cut
and made ready-to-wear especially for this event 64 of the most
famous guaranteed Blue Serge Suits, with very best linings,
hand-made throughout, to give every man a chance to choose his
desired suit. They were made up in four of the leading models.
Here is the offer: They are sold in our tailored-to-order depart-
ment at \$70.00 per suit. Hobblerlin made them at cost and 3 per
cent profit; we add express and 3 per cent profit, and, conse-
quently, can offer them for this change-of-
name sale at **\$48.50**

Mothers, Your Attention Also!

We will sell new nifty suits, silk and mohair lined, properly
tailored throughout and sold regularly at **\$26.95**
\$39.00, at "good-will" offer.

The colors are greens, greys and browns and fancy cheeks and
pin-stripes. Really the greatest suit offer in London during the
past year—and prices have advanced 25 per cent.

Clearing of Men's Tweed and Waterproof Coats

\$19.90

Some very fine garments in the lot. In most cases the actual
cost was over this price. You will find lots of variety to choose
from. For young fellows and dad. Out **\$19.90**
they go at

FROM ENGLAND

white stripe, and also black, are Stifle
guaranteed cloths, all sizes. Worth to-
day \$3.50 per garment, **\$2.49**
at

We will accept phone orders and deliver
at the above price to show you that we do
care about service to you all. Phone 1058.

Under the new name we serve you on
Saturday. We are a strong selling force.
We have a reason to be highly proud of
your patronage in the past, and can assure
you, from the youngest salesperson to the
head of the firm, all work for one cause—
"SERVICE TO YOU ALL—PLUS MORE
VALUE FOR YOUR MONEY!"
