## WEDDINGS

### RAE-STEWART

A quiet but interesting wedding took place at the parsonage Whitneyville, on Monday, April 24th, when Clinton Rae youngest son of Mr. and Mrs. John Rae of Newcastle was united in marriage to Miss Mary Stewart of Whitneyville. The Rev. G. S. Weaver performed the ceremony. The happy couple left on the express same night for Montreal where they now reside.

### HACHEY-TREVORS

St. Michael's Cathedral, Chatham was the scene of a quiet but interesting event last Thursday afternoon when Rev. Father Salmond united in marriage Miss Mabel M. daughter of Mr. and Mrs. Allan Trevors, Chatham to Leonard, son of Mr. and Mrs. John F. Hachey Newcastle. The bride looked charming in a navy blue suit with hat to match and carried a bouquet of white carnations. She was attended by Miss Ella Bernard of Newcastle, who wore a blue suit with hat to match and carried a bouquet of pink carnations. The groom was supported by Mr. Mark Hachey, brother of the groom. Mr. and Mrs. Hachey will reside in Newcastle. Their many friends wish them the best wishes for future happiness.

### A GOAT FOUND

A goat had to be found for the Morrissey Bridge Disaster, which is customary when governments are involved. This time the caretaker of the bridge was found to be the

one at fault. Such is the method of Liberal governments, one at Ottawa and one at Fredericton, when a Liberal steamer gets into trouble. It took a long time to find the goat and from all appearances it is going to take a much longer period in repairing the damage. Navigation has not yet been opened and it is altogether likely that it won't be until next spring when the ice goes out.

### MIRAMICHI HOSPITAL

**NURSES' HOME**  
The Secretary begs to acknowledge with thanks the following donation to the Nurses' Home Fund  
Lord Beaverbrook Chapter I. O. D. E. proceeds of Garden Party \$150.00  
Previously acknowledged 4087.27  
\$4237.27

### LITTLE WONDER

The Fire Hose used at the fire early last Saturday morning was not reeled up and put in the Fire Hall until the following Monday. On Saturday evening the Fire Alarm was sounded, which it is said was done for the purpose of gathering enough of the firemen together to have it put indoors. If this is the case the response was not satisfactory as the hose remained stretched throughout Sunday and Monday morning. Fire Hose costs money and should not be treated in this manner. Has there been an alarm of fire in the meantime there would

have been considerable difficulty and both in getting this hose reeled up and ready for use; and usually in case of fire there is not much time to lose. There is something wrong somewhere, but when complaints are made about excessive taxes being levied, the answer is "The Town needs the money. With such actions as this going on there is little wonder that the Town needs the money, and if it continues, more money will be required in the future

### TO SUSSEX

Capt. Fred Fowle left today for Camp Sussex with the advance party from the 1st Northumberland Regiment. On Wednesday, Major E. W. Watling will leave in command of the main body of the 100 officers, non-commissioned officers and men. Camp will last until July 6th.

### POOR BUSINESS

Last Winter was not a hard enough one for our community. We all thought it was but apparently some think it wasn't and to help matters out a small cheap variety show has been brought to town for a week's engagement. The town of Newcastle could do very well without such an attraction, especially this year, and our merchants who are heavy rate-payers and who have felt the business depression of this year in a marked degree will be none the better off by the coming of shows of this kind. To say the least it is poor business on the part of any of our citizens to have the community money cleaned up in a matter of this kind.

## THE MORRISY BRIDGE DISASTER

The report of the Court of Enquiry into the collision of the Canadian Squatter with the Morrisy Bridge at Newcastle's Jun. 4th last has just been received.

The Court was composed of Capt. L. A. Demers' Dominion Wreck Commissioner Captain R. A. MacLean and Captain C. Mitchell.

The Court is unanimous in placing the main blame for the accident upon the bridge tender or the Provincial Government. Capt. Demers finds that the bridge operator was in fault for neglect or indifference and the damage to the bridge and the resulting inconvenience is due to his negligence. He further finds that the Bridge tender, Mr. Coughlan, is considered to be the chief factor of the accident.

Captain Demers further finds that the Pilot followed a dangerous custom in taking the ship too near the bridge, but the majority finding of the Court, represented by the opinion of Captain MacLean and Captain Mitchell, relieves the ship master and pilot of any blame whatever, and places the sole responsibility for the accident upon the bridge tender or the Provincial Government under whose instructions he was acting.

The certificates of both Master Boulton and the Pilot, Mr. Sutton have been returned.

Captain Demers in his judgment has several valuable suggestions regarding the hoisting of signals, and further recommends that the instructions to the bridge operator be more clearly defined by the Harbor Master governing the pilotage of vessels.

Briefly, the majority of the court places the entire blame upon the bridge tender. Two of the Court completely exonerate the ship Master and Pilot. Captain Demers, while holding Mr. Coughlan as chiefly at fault, censures the Pilot for following a dangerous custom, and also cautions the Master of the ship, in the result that both the Captain and Pilot's certificates have been returned.

The effect of the decision places the blame on the bridge and not on the ship or anyone attached to it. Captain MacLean in his judgment places the blame upon the Provincial Government, as it appeared at the hearing that very loose instructions were given to the man in charge of the bridge.

At the hearing before the Court here, Mr. A. Holden K. C. of Montreal, represented the Canadian Squatter, Mr. George M. McDade represented the Pilot, Mr. Sutton, and Mr. Robert Murray the Provincial Government.

## NURSES ADVISE

Zam-Buk, because they have proved that it does what is claimed for it. Miss E. Dorey, graduate nurse, of 2225 Michigan Ave., Chicago, says: "I have a patient who suffered terribly with piles. Zam-Buk is the only remedy that gave her relief."

"I have used Zam-Buk myself for the same ailment, also for sores and burns, and have the greatest confidence in it."

**Zam-Buk**

## NEWCASTLE TRIMS NELSON 5-3

Muggsy McGrath's Giants took the measure of Bobby McCoombs' Nelson Clan last Tuesday evening in the Farrell Field to the tune of 5 to 3. The locals ebulliently the old pill hard and often in this game, better than they have yet done it and in the other departments played good snappy baseball. A few errors on their part proved rather costly but they soon settled down and sat tight.

Two bad throws by Heroert to first and two men caught napping at first put the locals in rather a bad kind of a hole, but they worked themselves out of it, and from then on kept out of it. A little more coaching on the players part would be advantageous.

Sullivan played a star game throughout and after a general mixup at home plate in catching his man from third, showed that he was in the game by clinging to the ball at any cost. That is the way to play the game. Once you get it, hang to it—no matter what happens.

Ryder was on the mound for McGrath's team and pitched an excellent game. He was given good support by his team and he was entitled to it. Craig stepped in at the fifth, and he had a mighty easy job of retiring Nelson in their half of the fifth and sixth. We predicted last week that the shire-town boys would give Bobby McCoombs the time of his life when this game was played and we were right. The Nelson boys, either don't know the game or they were trying to put something over. We are rather inclined to think the latter is the case. They tried to manipulate the batting order in each inning so their strong batters would be continually at bat and the weak ones reneging their turn.

However this didn't work and considerable valuable time was lost in mixing matters up in this way. Bobby wants to straighten his men out, read his book of rules and find out when he is allowed to put in pinch hitters (if he does not already know it). One of his men (Handley by name) who played Centre field was not satisfied with a decision of Umpire Atkinson, at second plate, and in consequence left his position, claiming that he would not play unless the decision was reversed. This is Baby Talk in the world of baseball and should not be tolerated by the other players. It might do in a game of rounders with a rubber ball, but it doesn't go in baseball. Cut this stuff out Bobby and your team will get along better. This is no way to secure the respect of fandom. Considerable interest is being shown this year in baseball, and we have no hesitation in saying that it is the King of Sports, but we want the game played on the square or not at all, and those who do not play it thus are going to get a roasting.

We hear that protests are in the air. Followers of Baseball don't want protests. They are obnoxious and make bad feelings among the players. There is no necessity for them and are nearly always based on technicalities. Fandon wants Baseball not Technicalities. The principle of good clean sport is what counts.

Greene umpired balls and strikes and Atkinson, bases. A record attendance was present. The line-up

## INCOME TAX ACT TO BE AMENDED

Ottawa, June 22—In the House this afternoon, Hon. W. S. Fielding, Minister of Finance, introduced a bill to amend the Income Tax Act, 1917, which was given first reading.

Mr. Fielding said the Government did not at this time propose to revise the Income Tax Act fully nor to make any extensive changes.

In the bill, however, the exemption in the case of dependent children would be increased from \$200.00, the present amount, to \$300.00. There had also been difficulties in regard to the travelling expenses of commercial travellers and an amendment to the Act was proposed to remove these difficulties.

In respect to taxation of the incomes of persons residing in the United States and working in Canada, he said the United States had legislation by which the incomes of Canadians employed in that country were taxable. It was proposed to bring in a similar amendment to the Act which had been passed by the Commons earlier in the session. The amendment in question, however, would be brought into effect only upon proclamation by the Governor-in-Council.

was as follows:

Newcastle	Nelson
McMichael	Sonier
Left Field	
W. Murray	Moran
3rd Base	
McCabe	Richardson
Centre Field	
Zinck	Miller
1st Base	
Melrose	Bacquer
2nd Base	
Sullivan	Coughlan
Catcher	
Ryder	Ward
Pitcher	
Craik	Thompson
Pitcher	
McKenzie	King
Right Field	
Herbert	Atkinson
Pitcher	
Short Stop	

Tuesday at Douglastown  
Douglastown blanked Loggieville, winning by 8 runs. A large attendance was present to see the game, but was too one-sided to be much appreciated.

Friday at Loggieville  
On Friday the Loggieville sluggers put it over McCoombs' Nelson nine by a score of 12 to 5. Loggieville is fast coming to the front and before the season is over, no doubt will have some surprises for the fans.

Friday at Douglastown  
This was the postponed game scheduled to be played on June 13th, between Chatham and Douglastown at the latter place, although the same teams were scheduled to play tonight at Chatham. At present the Chatham team has no diamond, so it was decided to play off the postponed game and to night's scheduled game will be played later in Chatham. The game was very monotonous and one sided, Chatham winning by an 8 to blank score.

### STANDING OF THE LEAGUE

	WON	LOST	P.E.
Newcastle	6	1	.858
Chatham	5	2	.715
Nelson	3	5	.375
Loggieville	3	5	.375
Douglastown	1	5	.167

## KEDDY ELATED OVER HIS NEW LEASE ON LIFE

Dartmouth Blacksmith Says He was About Past Working When He Got Tanlac and was Then Entirely Relieved of Stubborn Stomach Trouble.

"I simply have been given a new lease on life and I don't believe money could buy a better medicine than Tanlac," said Nathan Keddy, Wentworth St., Dartmouth, N.S., machine blacksmith for the Starr Mfg. Co.

"I was in a very run-down condition for six years, had no relish for my food and what I did eat seemed to do me no good, I lost thirty-two pounds. In the mornings I felt so worn out I would rather have taken a beating than get out of bed, and I was so languid and drowsy all day I almost fell asleep at the forge. I was just about down and out, and right on the point of giving up my job.

"Statements of Dartmouth people started me taking Tanlac and six bottles have put me on my feet again. My appetite is fine, I eat like a lumberjack and never have that tired, drowsy feeling any more. Nine hours solid work comes easy now, and I don't hesitate to give Tanlac a big boost."

Tanlac is sold by all good druggists.

## "Face Disfigured From Eczema"

Writes the Nurse who finally tried D.D.D. "The disease had eaten her eyebrows away. Her nose and lips had become disfigured. Since the use of D. D. D. her eyebrows are growing. Her nose and lips have assumed their natural expression."

Cases can be sent you from your own vicinity. Write for testimonials, or secure a bottle of D. D. D. today. Why suffer itching forehead another moment? If you don't get relief on the first bottle we will refund without hesitation. \$1.00 a bottle. Try D. D. D. Soap, too.

**MURINE** Night and Morning. Have Clean, Healthy Eyes. If they Tingle, Itch, Smart or Burn, if Sore, Irritated, Inflamed or Granulated, use Murine often. Soothe, Refresh. Safe for Infant or Adult. At all Druggists. Write for Free Eye Book. Murine Eye Remedy Co., Chicago

## NEGRO PASTOR NAMED FOR U. S. SENATOR

Asbury Park, N. J., June 15.—The Rev. William S. Smith, negro pastor of the Monumental Baptist Church of Jersey City, was unanimously nominated for United States Senator from New Jersey by 200 delegates of the recently organized Lincoln Independent Republican Party convening here today. A committee was appointed to select a candidate for Governor.

The platform adopted condemns the Republican Party for its alleged failure to halt lynching atrocities, and arraigns Secretary of the Navy Denby for "insisting upon the Haitian Government remaining in the hands of the lawless elements."

The investigation of the Ku Klux Klan, the platform continues, "was suddenly suppressed and the diabolical Klan still permitted to murder and terrorize men, women and children, while the great Republican Party supinely maintains a passive attitude as to the conduct of these villains."

## MILL WILL NOT BE BUILT AT BATHURST

St. Andrews, June 21.—Plans for the construction of the proposed new paper mill and other additions to our plant at Bathurst have been prepared, but the Bathurst Co. Ltd. will not proceed with the construction work just now, nor do anything towards the investment of another dollar in New Brunswick until some things are straightened out, declared Angus McLean, President and General Manager of the Bathurst Co.

The statement was made when the Gleaner's correspondent enquired as to the prospects for construction of the new plant being proceeded with this year. Mr. McLean said that the principal matter standing in the way was the matter of Workmen's Compensation Act Taxation.

## ROYAL YEAST CAKES MAKE PERFECT BREAD

For many years physicians have prescribed yeast for the correction of certain physical disarrangements, such as boils, constipation, pimples and intestinal troubles. Royal Yeast Cakes are rich in vitamins and serve to tone up the blood. Royal Yeast Cakes are on sale in practically every grocery store. Send name and address for free copy "Royal Yeast Cakes for Better Health."

## WEDDINGS

### WEED--CONDON

Among the pretty June Bridals was the wedding of Miss Anna Condon, formerly of Newcastle, N. B., but now of Portland, Me., and Mr. James Bobow Weed of Bar Harbour, Maine.

The marriage took place on June 15th at 8 o'clock. Rev. F. J. Donahue of St. Dominic's Church performed the ceremony. The Wedding March was played by Miss O'Brien, assisted by Miss Helen Ward as Soloist.

The Bride looked pretty in a beautiful gown of white Crepe du Chene with white Lace Picture Hat and carried a bridal bouquet of White Roses and Lilies-of-the-Valley.

The Bridemaid was Miss Lorey Egen formerly of Bathurst, and looked charming in a gown of Pink Organdie with hat to match, and carried a bouquet of pink carnations.

The Groom was attended by Mr. Ray Boyle of Chatham.

After a Wedding breakfast at the Columbia Hotel, the happy couple left on a wedding trip to Boston and New York, on their return they will reside in Portland.

They received many useful presents, including Silver, Linen, and cheques.

(Chatham papers please copy)

### STOTHART--O'DONNELL

At eleven o'clock Monday morning at the home of the bride, Miss Hazel O'Donnell, daughter of Mrs. Edward O'Donnell and one of Newcastle's most popular young ladies was united in marriage to Ernest McNulty Stohart of Ferry Road. The Rev. F. E. Bishop performed the ceremony. The bride, who was unattended, was given away by her brother, A. E. O'Donnell. She wore a gold duchess satin gown and carried a beautiful bouquet of roses, carnations and sweet peas. Only relatives and immediate friends were present. The ceremony was followed by a delicious wedding breakfast, after which the happy couple left on the south-bound Limited for a short honeymoon. The bride's travelling suit was of blue serge with a charming hat of honeydew. On their return they will reside in Ferry Road. The bride received a large number of useful and attractive gifts from her large circle of friends. Among the out-of-town guests were: Mr. and Mrs. Jack Clarke and Mr. Newton Appleby, Moncton; Mr. A. E. O'Donnell, Campbellton and Mr. and Mrs. Roy Shier, Boisjourn.

The Leader joins with many friends in extending to the young couple their congratulations and best wishes for future happiness.

## CALLED MODERN ST. FRANCIS

Charles Caleb Pierce Tramped and Preached Through California 42 Years—Welcomed Everywhere.

Memories of a host of picturesque figures in the history of California are evoked by the centennial of the missionary society of the Episcopal church, which was celebrated November 6. The mind goes back to that morning in January, 1848, when Jim Marshall picked up some bits of yellow metal in the tail-race below Sutter's mill up in the Sacramento valley, and the cry of "Gold!" like the shot fired at Lexington, was heard round the world. The rush of the '49ers followed, and in the vanguard was Rev. Flavel Scott Mines, who erected the first church building on the Pacific coast, Trinity church, San Francisco, which was opened on October 28, 1849.

Probably no name has a more lasting place in California annals, however, than that of Charles Caleb Pierce, called by Bishop Moreland "a modern St. Francis" who, beginning his missionary career in 1861, devoted his life to the people of El Dorado county. Without private means and scorning to accept a salary, Pierce established headquarters in a rude parish church at Placerville. Sunday always found him there. Regularly each Monday morning he packed his bag with religious literature and "hit the trail." Six days a week, week in and week out, he walked over the county, averaging 60 miles each week, every house his home, a place at the table of whatever house he visited or a spare bed always being certain wherever he happened to be. He always travelled on foot. His charity was unbounded, and he was the friend and helper of all.

For 42 years he tramped and preached about El Dorado county, and in all that time he never left the county but twice, and on both occasions against his will. Then, March 15, 1903, the news flashed through the county, "Father Pierce is dead!" Universal mourning followed.

### Hogs Plow Orchard.

Hogs take the place of plows and harrows in the cultivation of one of the best producing small apple orchards in Ontario. Most orchardists plow and replot and narrow and ditch the land between the rows of trees. J. W. Tuttle of Currie merely turns in a drove of hogs.

"When I bought my farm, four years ago," said Mr. Tuttle, "the orchard had been allowed to grow wild. I gathered only three bags of apples that fall. In the spring I sprayed and pruned the trees and turned 30 hogs into the orchard. They rooted for their living all summer.

"By fall every foot of soil had been turned up by their snouts. The land looked as if it had been plowed. And it had, for these four-legged plows had done a thorough job and had gone as deep as a plowshare. I gathered 32 barrels of apples that season. That was the direct result of plowing and manuring my land with hogs.

"Next year I got 85 barrels and the third year 205 barrels. This year I have more than 200 barrels."—Detroit News.

### Human Bones of Vast Age.

Bones sufficient in number to form several skeletons and estimated to be at least 50,000 years old, have been discovered by a group of American research workers, headed by Prof. George Grant McCurdy of Yale museum, who have been investigating the cliffs not far from Angouleme, France, for several months.

During the winter these will be classified and distributed among Yale and other American museums, although valuable specimens will be kept at the La Quina museum, established by Dr. Henri Martin, owner of the properties on which the excavations have been made.

Hundreds of bones of animals of the same period also have been uncovered, most of which bear the marks of flint spears and scrapers, which were found in abundance throughout the region, thus classifying the relics as belonging to the Middle Stone age.

### Headlines in Egypt.

Headline writers on English newspapers published in Egypt have their own peculiar difficulties. Every day they are faced with the words: Constantinople and Mediterranean. Indeed the problem of Mesopotamia was only settled during the war by the frequent use of Mesopot. Recently we note a capitulation in a Cairo daily to Alexandria—it appears, simply as Alex. Length, moreover, is not the only difficulty. The names themselves are misleading when read in distant cities. What can an American man-on-the-street do but laugh when he reads in type an inch high, "Crecks Fall to Get Angora." And a feminist anywhere finds diversion in another recent headline on a London dispatch which read "Home Unemployment." Alas, how little there is of it!—Christian Science Monitor.

### Spare the Tree, He Warns.

The dangers of forest denudation and the need of increased timber production were outlined by James W. Toumey, dean of the School of Forestry, Yale university, in an address before the School of Citizenship of the Connecticut League of Women Voters. He declared an increasing scarcity of wood ultimately would result in a permanent shrinkage in many industries.

"Out of the original 822,000,000 acres of forests in this country, we have left only 137,000,000 acres," he said. "The last vestige of our virgin forests will disappear in 50 years."

## First Impressions Are Important.

In a world where appearances are valued as indexes to character, *Your Stationery* should represent you worthily—always and everywhere.

That atmosphere of character and refinement, which should distinguish all self-respecting correspondence is assured when you place your stationery order with us. If you allow us to furnish your

**N. B. FORESTS  
A GREAT MAGNET  
TO TOURISTS**

(By L. S. Webb)  
(Assistant Provincial Forester)

Our Maritime forests are becoming more and more the resort of tourists recruited both within and beyond our borders.

The wonderful climate, the facilities for hunting, fishing and camping on our network of streams and accessible but secluded lakes, made accessible through the well appointed railway and steamship connections, the carefully distributed system of good roads making them interior accessible by automobile, all are necessary factors in making the forests of the Maritime Provinces the important recreation ground of the East. The guides' association, the tourist and automobile associations, the various Boards of Trade and Clubs of the towns and cities, the governments, all join in welcoming the tourists and making their stay a pleasant one. "See Canada First," and "See the East First," is being combined into the slogan. "See the Maritime Provinces First" and adopted by the tourist, whether from New England, Upper Canada or Great Britain. To those living within and beyond our borders who have already "seen" the Maritime Provinces Again" is more appropriate.

Of course each province expects every fisherman and camper to extinguish, his camp fires, his matches and burning tobacco. The fire warden may appear to doubt your ability as a woodsman, as he watches you extinguish your cigarette and asks you how far up you "boiled". He may, even be openly suspicious of you as he takes down your name and asks how long you expect to remain in the woods. Perhaps in his zeal to prevent all forest fires "leaks" and consequent devastation to the forest as a revenue producing and recreation resort, he appears a bit annoying. Perhaps he has in mind the \$250.00 Barnjum prize to be given to the best warden in each province at the end of the season. More likely, he is an old hand at the game of fire prevention and

**BRONCHIAL  
ASTHMA**

Choking and Gasping for Breath  
Relieved by "FRUIT-A-TIVES"

MRS. PENNINGTON  
NEW ROCKLAND, P. Q.

"In 1919, I was taken with Bronchial Asthma and no one knows what I suffered with it during the winter. I began having Choking Spells—gasping for breath and could not speak. I would have one of these bad spells in the evening, one during the night, and one in the morning. The doctor said he could do nothing for me.

"In the spring of 1920, I started taking 'Fruit-a-tives' and in a few days, the choking spells stopped, and I have had none since May 7th, 1920. I have so wanted to tell other sufferers who have the same trouble about 'Fruit-a-tives' for I know how they must suffer.

Some thought the Asthma would come back on me as winter came on but it has not, thanks to 'Fruit-a-tives' Mrs. J. M. PENNINGTON, 50c a box, 6 for \$2.50, trial size, 25c. At dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

**SPECIAL CANADIAN  
LOAN TO BE MADE**

Ottawa, Ont., June 19--A special loan bill will be introduced before prorogation, Hon. W. S. Fielding announced when the commons resumed this afternoon.

The house unanimously approved of the treaties passed at the Washington disarmament conference. Approval was also given by the house of commons to the proposed amendments of the covenant of the League of Nations adopted at the last meeting of the assembly of the league. One of the amendments proposed that the assembly shall fix the rules for the section of the four members to act on the council with the representatives of the four great powers.

In the annual report for the last calendar year of the Canadian Government Merchant Marine, Limited, placed on the table of the house today, the loss shown for the year in the operating account, including interest on capital and depreciation, is \$8,047,635. The total deficit accumulated to the end of last December is \$9,116,114. The gross revenue for the year was \$10,768,828 and the operating expenses \$12,979,553 leaving a deficit in operation of \$2,210,724.

**Would Not be Without  
Baby's Own Tablets**

Once a mother has used Baby's Own Tablets for her little ones she would not be without them. They are the ideal home remedy for the baby; being guaranteed to be absolutely free from opiates or other harmful drugs. They are a gentle but thorough laxative and have been proved of the greatest aid in cases of constipation, colic, colds and simple fevers. Concerning them Mrs. Ernest Gagne, Beausejour, Que., writes: "I have used Baby's Own Tablets for constipation and colic and have found them so successful that I would not be without them. I would strongly recommend every mother to keep a box in the house." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

**Clothes Absorb Sound**

Chicago, June 14.—Women's fashions have a direct effect on auditorium acoustics, according to Professor F.R. Watson, of the department of physics of the University of Illinois. "Speakers and singers can be heard more easily when their audience is composed chiefly of women than when it is preponderantly masculine," he said. "This is because women, as experiments have shown, absorb more sound than men, owing to the clothing worn."

Professor Watson analyzed the acoustic properties of the municipal pier here, and his recommendations for improvements were adopted by the city authorities.

"The usual trouble in an auditorium," said Professor Watson, "results from the fact that the walls do not absorb sound to any great extent, and consequently the words uttered by the speakers takes a long time to die out. In the meantime other words are spoken and become confused with the sound of the first words. Sound absorbing materials are the usual corrective. Cushions in the seats are quite efficient, but in some cases hair felt should be placed on the walls."

**Backache—Rheumatism**  
For over 30 years Minard's Liniment has been a household word in thousands of homes all over Canada. It quickly relieves rheumatism, backache, neuralgia, sciatica, sprains or bruises of any kind. None give better satisfaction.  
Minard's Liniment is the best used of backache, rheumatism, and sore throat.

FARE \$10.00 STATEROOMS \$3 00  
At Boston connection is made via the Metropolitan Line express freight and passenger steamers for New York and points South and West.  
For staterooms, rates and additional information, apply to  
A. C. CURRIE, Agent ST. JOHN, N. B.

**Comfort for Children at Sea**

The Children's Room on a trans-Atlantic liner.

It is not an unusual thing in these days for young children to cross the Atlantic alone. During the last few months the passengers on the trans-Atlantic liners of the Canadian Pacific carried some very young unaccompanied passengers. In such cases the officials and stewardesses of the ship take charge and see that the children are well looked after. In fact the children are usually so happy on board that they are glad to have an opportunity of repeating a trip.

Miss Hilda Kershaw, a girl aged 9 years, made three trans-Atlantic trips. First she went from Liverpool

to Montreal with her relatives. Later she crossed on the "Metagama" from Montreal to Liverpool. She afterwards came from Liverpool to Montreal in charge of a nephew aged three years. Amongst the best friends of this little girl is Captain Gillies of the "Metagama."

A feature of the Canadian Pacific ships is the play room and nursery for children. Here they are provided with all the comforts of home. In case of necessity, medicine and nursing attention is provided. Very often babies are born on board, and the circumstances of their nativity are made so comfortable that they are generally named after some of the

officials or stewardesses of the liner which is the scene of their birth. The "Metagama," on which the above photo was taken, is one of the Canadian Pacific ships known as "Monoclass," which means that there are just one class of passengers accommodated, other than steerage, as distinct from the ships that carry first, second and third class passengers. These Monoclass ships are comfortable and luxurious, and possess all the advantages that one can desire in travel, from the nursery and playroom for children to an up-to-the-minute daily paper published aboard for those interested in world affairs.

of New Brunswick; we refer to the line between South Esk and Derby Parish. In a communication with the Department of Lands and Mines, on inquiry as to the definition of the Law regarding the Boundaries, the following has been represented by the Secretary as the words of the Law:—"South Esk"—south by line commencing at Beaubear's Point and running-south 68 degrees west, until it strikes a line running north 22 degrees west from the mouth of Renous River."

A plan also was enclosed, dated April 1920, plotting the course of the said line. Now, why should there be any dispute regarding a matter which is as clear as this? It is reported locally that the Bill regarding this Line passed only one reading in the House. We are not at present prepared to say whether this is true or not, but would inquire as to why it appears as Law in the Statutes of the Province if it did not pass its three readings and receive the seal and signature of the Lieutenant-Governor-in-Council.

The boundaries of the Parishes were laid down in the beginnings of organized municipal government; the limits, as defined by law, were then judged to be the most fair and impartial to all. Now, the limit regarding the parishes in question which I have just quoted was conceded to by the representatives of the inhabitants of both parishes concerned at the time; the law was passed and the course of the line defined in a way which was deemed most just. Why should these same citizens now attempt to change an established law, and defeat the ends which they professed to serve? This would surely be most inconsistent in them and unfair to the community at large. Whatever surveyor plotted the course of the line, we are prepared to vouch traced it correctly and according to the definitions of the Act. This boundary still stands and many persons now and not of any great age can point to certain places where this boundary line could at one time be seen. Information like this, regarding lines can usually be depended on.

It has been proposed to alter the course of the line so that it may follow the base line of certain of the Derby lots. Please note that the reasoning on which such a change would be founded is altogether erroneous and superficial. I would ask the suggestor to point out one instance, in which a Parish or County or Provincial boundary line follows the line of any settlers' lot. This cannot be for the reason that the County and Parish lines were laid down according to the best system of administration and fairest apportionment of wealth as regards

natural resources and facilities, no thought being had as to personal holders of lots or anything of that nature. This was the primary division, the division into lots was only secondary as far as municipal government and apportionment of taxes are concerned. The lot divisions were made with different ends in view. These are for ownership, those are for government, there can be no conflict between the two, they are there for different purposes. The course of the one cannot influence the course of the other, and it is absurd to assume that an important general parish line should be made to follow the course of a crooked and unimportant base line between lots of land.

Why then should we endeavor to change the line? It certainly would not be in the interest of a better balanced assessment. Derby already has an assessed valuation of \$210,000 while South Esk has \$180,000.

Derby has enough already, she has the mills and factories, the schools and churches the halls and residences, while South Esk has the swamps and the barrens and the bogs, surely an action which tends to enrich one community at the expense of a poorer one would not be fair.

The parish line is criticized for crossing lots of land and the contention is that those portions included in South Esk Parish should not be taxed there. What parish line in this or any other county does not cross the settlers' lots. The county lines, I believe in many cases do the same: will the people consent to a new direction of the county line in order to turn aside from crossing a man's woodlot? Absurd, as well change the lines between the Provinces or the International Boundary as someone in U. S. Congress recently and ludicrously suggested. Would we, as a nation submit to that? Certainly not, neither would we as a community submit to this. We want only our rights but we want all our rights. We, in South Esk, have institutions to support which are just as important to us as those of any other community to its citizens, and we require all the assessments which it is possible to make in order to carry us through. We cannot afford any default taxes, if they can at all be paid. Men who are able to pay should realize the fact that, while no interest is charged on overdue taxes (which we believe is a mistake) yet the prompt payment of such amounts gives immensely larger returns, indirectly perhaps but none the less surely, in goodwill and general prosperity in the country.

Please note that nothing in this letter is to be construed to mean that there exists any ill-feeling between the two parishes on this matter, its authorship arises from desire to have the matter decided so that there may be no further dispute. We, in South Esk are satisfied to have the line traced and established, if not already done according to the definitions of the act, which I quoted in the beginning, and if Derby Parish will agree to the same, it might be possible to arrange to have a delegation from the two Parishes confer with the Governor-in-Council to have the matter fairly and justly settled once and for all.

Thanking you for your valuable space, I beg to remain  
Truly yours

With car or rig preferred, to call on farmers. Positions permanent. Good income paid weekly. Give age, past experience and references in first letter. Apply E. R. McCLELLAN, Graphic Arts Building, Toronto, Ont.

## PERSONALS:

Chief Forester F. H. Prince was on the North Shore last week on a trip of inspection.

Mr. Campbell Clark returned last week from England where he spent the winter months.

Mr. and Mrs. A. C. Allen and family left last week for Moncton where they will reside in future.

Mr. Edward McGruar of New York arrived in town last Friday night to spend the summer at his home here.

Rev. J. Fraser Greg, of Boiestown spent Wednesday with his cousin, Mrs. Gordon Trites, Lewisville, N. B.

Miss Margaret Davidson, a student of St. Mary's Academy has returned to her home in Moncton for the holidays.

Mr. G. R. Gould, representing A. McKim Ltd., Advertising agents is in town today on business for his firm.

Sheriff Doran rounded up the St. John desperado on Monday night and accompanied him back to his home town.

Mrs. John Mackinnon came in from Quarryville, last Sunday and spent the evening with her sister Mrs. J. S. Chapman

The Ven. Archdeacon Forsythes' condition, after the serious operation he underwent, is so improved that he hopes to return home very shortly.

Mr. A. G. Putnam returned last Friday from a successful fishing trip on the North West Miramichi River and left on Saturday for his home in Sackville.

Information has been received to the effect, that the condition of Mr. E. A. McCurdy, who is a patient in the Toronto General Hospital is much improved.

Mr. James Davis returned from Port Elgin and Moncton last Tuesday where he spent the winter months and is the guest of his daughter Mrs. Chapman.

Rev. Mr. Truman assisted Rev. Mr. Bate, in the services at St. Andrew's last Sabbath. His sermon on the duty of "Seeking the Lord" delivered at the evening service, was deeply earnest and impressive.

## SAVED HER FROM AN OPERATION

So Thinks Mrs. Tracey of Ontario, Regarding Lydia E. Pinkham's Vegetable Compound

Knightsbridge, Ontario.—"I took Lydia E. Pinkham's Vegetable Compound at the change of life for troubles that women often have at that time. I had not been well for a year and was not really able to do my work. A friend who had taken the Vegetable Compound herself recommended it to me and I think its use saved me from an operation. I highly recommend it to all women who have troubles like mine, and am willing for you to use my testimonial."—Mrs. DANIEL J. TRACEY, Knightsbridge, Ontario. Some female troubles may through neglect reach a stage when an operation is necessary. But the more common ailments are not the surgical ones; they are not caused by serious displacements, tumors or growths, although the symptoms may appear the same. When disturbing symptoms first appear take Lydia E. Pinkham's Vegetable Compound to relieve the present distress and prevent more serious troubles.

## Male Help Wanted

Earn \$5 to \$10 DAY gathering evergreens, roots and herbs, in the fields and roadside; book and prices free.

BOTANICAL, 30 WEST HAVEN, CONN.

26-2-pd

Send a DOMINION EXPRESS MONEY ORDER

## There Is Danger In Watery Blood

If Not Corrected Serious Results May Follow.

In no trouble is delay or neglect more dangerous than anaemia, a poverty of the blood. It is very common in young girls and in persons who are overworked or confined within doors. It makes its approach in so stealthy a manner that it is often well developed before its presence is recognized.

But taken in time there is a tonic medicine which increases the number of red blood corpuscles thus enabling the blood to carry the life-giving oxygen to all the tissues of the body. Dr. William's Pink Pills have had much success in the treatment of this stubborn trouble because of this wonderful property.

The correction of anaemic conditions by Dr. William's Pink Pills is as certain as anything can be. Take as an example the case of Miss Mary D. Killy, Charlotte-town, P.E.I., who says:—"My blood was thin and watery, and my system very much run down. I could not do any work or walk upstairs without resting. I suffered greatly from headaches, my appetite was poor and I was also troubled with indigestion. I began taking Dr. William's Pink Pills and in a short time the results showed they were just the medicine I needed. I only used six boxes but am now feeling stronger and better than I have done for several years. From my personal experience I can strongly recommend Dr. William's Pink Pills. These pills are sold by all medicine dealers or will be sent by mail, post paid, at 50c a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville Ont.

## MR. CLAY ADAMS KEEN ON BASE BALL

The following is an extract from a letter received by Mr. E. S. Creaghan from Mr. Clay Adams, New York:

"Now from business to baseball. Am glad to hear that the 'prize cup' idea has met with some favor. I quite agree with the opinion expressed as to the inadvisability of making it a perpetual prize, or beyond the present year. The uncertainty of the league continuing for future years would only serve to make such a move unpopular. My idea therefore, would be to offer the cup, as a prize to the winning team of this year's series and then, should a permanent league be established next year, to endeavor to offer a more appropriate and worth while 'prize-trophy' to be contested for over a period of two or more years. It will I fear, be hard to stimulate interest among the team members, even with the cup as a prize object, inasmuch as ownership eventually means nothing to the individual players. The members are not representative of any particular club or body of the towns interested and with no club room or place in which a 'prize-trophy' can be held some question may naturally arise later on as to right of possession or ownership. Some ruling, therefore should be considered in advance, by the league authorities, as to its final disposition and custody. I have hopes of adding an additional individual prize for this year's games. Something which may 'take' better with the players and create better competition. This prize an official league ball, autographed personally by the 'King of Swat'—Babe Ruth-himself, to be given to the player making the greatest number of long hits, throughout the present league series—doubles, triples and home runs to be considered in the average calculation. Babe is now with the Yankees on the first swing around the western circuit and is due back in N. Y. in about two weeks. I think I can get him to put his 'John Hancock' on a prize ball and if I succeed, I will send it along to be used as suggested. You can in the meantime put this up to Dodge as a possibility—as for the cup it will go forward by express as soon as I can arrange for shipment.

Sincerely, CLAY ADAMS

### CLEAN-UP

From the appearance of certain sections of the town, one would never know that Newcastle had a Clean-up Day this spring. This is not much use cleaning up in spring and then be careless about keeping clean throughout the summer months. Some parts of the town are disgraceful and owners of such property should be compelled to put them in a respectable condition. The Public Square is not any too clean either, and it is a shame to see this beauty spot in the heart of the town neglected. Let us all have some pride in our town and make it a desirable place to live in and to visit.

## Railway News

Vernon, B.C.—The Canadian Pacific Railway has completed at Okanagan Landing an extension of its ice house at that point, giving about 20 per cent. additional storage capacity. Besides this there will be an improved method of icing cars which will enable the workmen to crush the required ice in advance of arrival of cars, so that when cars come off the lake, the loads may be put to ice house and the entire train iced with one movement of the switch engine. This should materially hasten the movement of the fruit from Okanagan Landing. It is expected that cars will be iced in about four minutes each. The amount of ice put up at Okanagan Landing this year is 8,500 tons. It was brought from Banff and is exceptionally good, and should be adequate for a very prosperous season.

How medical advice was conveyed by wireless and acted upon with benefit to the sufferers was told by Dr. E. W. Drury, surgeon of the Canadian Pacific liner "Metagama," upon the arrival of that vessel from Canada at Liverpool. During the Metagama's eastward run five wireless messages were received from three steamers, "Canadian Raider," "Dunbridge," and "Agadir," asking for advice:

(1) With regard to the treatment of the chief engineer of the "Canadian Raider," who was suffering from kidney disease. (2) A man on the "Dunbridge," who had sustained a severe crushing of one of his hands. (3) A fireman who had been the victim of a serious accident on the "Agadir."

Five replies were sent at the instigation of Dr. Drury, the "Metagama" being at the time at least 200 miles distant from the vessels named.

Replies were that satisfactory progress was attending the accordance with Dr. Drury's instructions. Calgary.—"I did the company out of \$2.50 and I have hardly been able to sleep ever since. I enclose a remittance for this amount. I am sorry for what I've done." This was what a man now residing in Eastern Canada wrote J. E. Proctor, District Passenger Agent of the Canadian Pacific Railway. He apparently has been much troubled ever since he "put it over," and has done what his conscience dictated. "Do you receive many of these kind of letters?" asked a press representative when Mr. Proctor showed him the letter? "Oh, yes, quite a lot," said the District Passenger Agent, "probably on the average one a month in this division alone. I cannot say what it might be before the whole of the Canadian system. Of course I am referring to the passenger department alone for there are many others." Mr. Proctor called for his "conscience" file, which bore out his remark that it is a very frequent occurrence for people "to lose sleep" after defrauding the company. Some of these run into fairly large amounts; for instance, one of them some little time ago returned the company \$75. He had taken advantage of a settler's rate, but instead of going on the land he went to Vancouver and engaged in some other occupation. On one occasion a man wrote enclosing \$5, of which amount he said he had defrauded the company, and this occurred many years ago.

Montreal.—The Dominion Express Company have been in operation in Montreal during the past few months a unique system for the conveyance of Express shipments in transfer between stations in the city, and the distribution of delivery and collection shipments in districts situated four and five miles from the railway stations. This is the tractor trailer system. The tractors are simple two-ton trucks, with a fifth wheel or turning plate mounted on the chassis in place of the ordinary truck body; and in the centre of this fifth wheel is one portion of the automatic coupling device. The trailers are large, completely enclosed bodies, with a capacity of three and a half tons, or 518 ft. cubic measurement, each mounted on two rear wheels, with solid rubber tyres, and two small front wheels, with folding legs, to hold the trailer up and permit of movement to any desired position when free from the tractor. On the front of the chassis of the trailer are two small wheels for mounting the track of the fifth wheel on the tractor, and permitting turning of the equipment within a small radius when coupled up; also the other portion of the coupling device by which the tractor and trailer are coupled up.

The process of coupling and uncoupling is a matter of seconds only, merely involving the raising of a lever. The driver never leaves his seat. On the road the trailer brakes itself automatically. The station staffs attend to the loading and unloading of the trailers, which handle forty to fifty loads daily. The two tractors are continually in motion hauling these trailers (one at a time) from one station to another and travelling from ninety to 100 miles each daily. The whole system is operated on a regular schedule. For delivery and pick-up, too, the trailers are used as sub-stations.

By this system the movement of transfer has been expedited, stations have been kept clear of transfer matter, and economies have been effected over the relatively slower movement and smaller capacity of wagon transfers.

# Annual Commencement St. Mary's Academy

## On Tuesday Evening--Program Won Much Favorable Comment--Valedictory by Miss Gertrude Kilfoil.

The fifty-second annual commencement of St. Mary's Academy, was held on Tuesday evening and proved highly successful. The program, which was an excellent and appropriate one, was well received and reflects much credit on the Reverend Mother Superior and the other Reverend sisters. One thing most noticeable was the finish of each number on the program, and the self-possession yet modest manner of the pupils. The music was electrifying. The instrumental numbers were difficult and the youthful pianists played with expression and a finish that showed serious study. The pupils deserve credit for their work, and also for the fact that they played without notes. The Daisy Chorus was sweetly rendered and showed to advantage the sweet full voices. The seventeen pupils forming the organ class drew for a prize, which was won by Gladys Donovan. The members of the choir also drew for a prize, which was won by Miss Hilary McConnell.

The essay "The Value of a Business Education" was read by Miss Jessie Black who is deserving of much praise for the manner in which it was delivered.

The Graduates' Choice an Allegory which was most appropriate was one of the enjoyable features of the evening, the graduates and undergraduates taking part. The pleasing manner in which Miss Gertrude Kilfoil read the Valedictory is particularly worthy of special mention. The six young graduates looked charming in their white frocks and had as their attendants Mona Dalton, Elizabeth Fitzgerald, Kathleen O'Brien, Moira Desmond, Betty Welden, Josephine Paulin.

At the conclusion of the Valedictory, Rev. P. W. Dixon congratulated the graduates and called upon Mayor Fish to speak. The mayor remarked on the high standard of education received at the convent, an education the foundation of which was morality, that pupils come here from all parts of the province because they realized this. He said further, that the neat appearance and the home-like atmosphere of the convent made it an honor to the town. In conclusion he congratulated the Reverend sisters and the pupils on the splendid success of the exercises.

The small hall was filled to capacity with the parents and friends of the pupils. Next year it is hoped the exercises will take place in the new assembly hall, where the pupils will be able to appear to better advantage.

**Chicago:**  
Margaret McCafferty, Fay Kingston, Eileen Morrissy, Dorothy Dalton, Bessie Witzell, Mary McMahon, Bernetta Hachey, Veronica Dealy, Frances Howard, Mary Stewart, Mary Muise, Wilhelmina Hogan, Gladys Black, Josephine Gallant, Mary Matatall, Rose Black Myrtle Peters, Fabiola Gabriel, Lillian Fallon, Helen Daughuey, Yvonne Brown, Elizabeth Brooks, Loretta Hogan, Mary Rotins, Emma Thi'odau, Laura Muise, Marion Dealy, Doris Morrison, Mary Dunn, Margaret Vinneau, Agnes Penning, Mary Ronan, Mary Murphy, Cecilia Richard, Agnes Gahan, Elizabeth Murphy, Blanche Murphy, Sadie Hachey, Annie Ryan, Katie Ryan, Frances Keating.

Theory Certificates of Stenography and Diplomas for Bookkeeping--Felicie Johnson, Ella Wilson.  
Theory Certificates of Stenography--Helen Lawlor, Mary Turner, Greta McLaughlin.

Certificates of Honor for regular attendance, correct deportment and faithful study during the school year--Jessie Black, Addie Falconer, Mildred Ross, Jean Jardine, Lora Lozier, Ella Nowlan, Katherine Cassidy, Estelle Melanson.

The Gold Medal for having fully completed the Business Course prescribed by St. Mary's Academy is awarded--Jessie Black, Addie Falconer, Mildred Ross, Jean Jardine, Belle O'Shea Power, Letia Fitzpatrick, Hazel Sinclair.  
Miss Jessie Black having won the Championship in Typewriting is awarded the Bronze Medal.

### HIGH SCHOOL DEPARTMENT

Promoted from Grade IX to Grade X--Margaret Hartley, 8 honors, 8 firsts, Bela Dunn, 4 honors, 3 firsts, Lauretta A'Hern, 1 honor, Georgina Dolan, 4 honors, 2 firsts, Laura Black, Florence Gallien (no Geometry); Florence Murphy (no Geometry); Helen Dunn (no Geometry nor Algebra).

Promoted from Grade X to Grade XI--Rosaline Landry, 5 honors, 3 firsts, Anne Marie Landry, 5 honors, 5 firsts, Margaret Connors, 1 honor, 4 firsts, Alice Esson, 1 honor, 2 firsts, Nellie McKay, 2 honor, 2 firsts (no Algebra nor Geometry); Adora Salterio, 1 first (no Geometry).

The following is the standing of the young ladies completing the High School Course--Gertrude Kilfoil, 10 honors, 4 firsts; Elizabeth Munroe, 8 honors, 7 firsts; Helen Black, 5 honors, 2 firsts; Florence Kilfoil, 1 honor; Regina Brennan, 1 honor.

Of the young ladies, Gertrude Kilfoil, merits an honorable mention for Chemistry; Geometry and Botany; Elizabeth Munroe, for Literature, Composition and French; Helen Black for Christian Doctrine, and Mathematics; Florence Kilfoil, for Chemistry; Regina Brennan for Biology.

Patricia Harquail having been obliged through illness, to leave school at the beginning of the examination period merits an honorable mention for faithful study during the school year.

Certificates of Honor for regular attendance, correct deportment and faithful study during the school year--Gertrude Kilfoil, Elizabeth Munroe, Helen Black, Florence Kilfoil, Regina Brennan, Anne Marie Landry, Rosaline Landry, Anne Marie Landry, Margaret Connors, Alice Esson, Nellie McKay, Adora Salterio, Florence McEvoy, Margaret Hartley, Belle Dunn, Lauretta A'Hern, Georgina Dolan, Laura Black, Helen Dunn, Florence Murphy.

Silver Medal for General Proficiency, Grade IX--Margaret Hartley.  
Silver Medal for General Proficiency, Grade X equally merited by Rosaline Landry and Anne Marie Landry drawn by Rosaline Landry.

Silver Medal for Deportment, Sub-Senior Boarding School, equally merited by Margaret Connors and Ella Nowlan, drawn by Ella Nowlan.  
Gold Medal for General Proficiency, Grade XI--Gertrude Kilfoil.  
Gold Medal for Deportment and Application--Elizabeth Munroe.  
Gold Medal for Christian Doctrine, Helen Black.

The following young ladies not having spent the full year at St. Mary's Academy could not receive Diplomas of Honor. They are, however, entitled to an honorable mention for correct deportment, observance of school rules and application to study: Ellen Vickers, Florence Gallien, Antoinette Robichaud, Ella Wilson, Greta McLaughlin, Mary McAllum.

The Gold Medal and Diplomas of St. Mary's Academy, Newcastle are awarded to Miss Gertrude Acahe Kilfoil, Miss Elizabeth Olive Munroe, Miss Helen Elizabeth Black, Miss Florence Cecilia Kilfoil, Miss Rosina Sadie Brennan and Miss Patricia Mary Haruall.

This Diploma certifies that the above mentioned young ladies have completed with commendable diligence and proficiency the Course of Studies prescribed by this institution and having passed satisfactory examinations are entitled to the Honor of Graduation.

Given at Newcastle, New Brunswick, on the Twentieth Day of June, in the year of Our Lord, one thousand nine hundred and twenty-two.

### PLAY GOOD POLO

#### Indian Beggars Are Adepts at "Rich Man's Game."

Have Their Own Rules, but Are Able to Give British Officers "Run for Their Money."

Polo is supposed to be a rich man's game, but go to Gilgit, in Kashmir, the original home of Indian polo, and there you will see it played even by beggars--and played well.

The great game was brought to India centuries ago by the Persians, the countrymen of Omar, who, according to Fitzgerald, mentions his national game in his poetry.

Gilgit, a tiny Indian frontier town, boasts of being the first home of polo in the empire, and there they play it as it was played by those old Persian sportsmen.

You need be no millionaire to be a polo enthusiast in Gilgit. To be a polo enthusiast in Gilgit you need not order your breeches in Saville row nor buy your ponies at Tattersall's to play it as it is played there. All you require is a pony--and that every native peasant possesses--and a stick which you will probably make out of some with your own hands.

On polo days the glad news that a game is about to begin is announced by some one shouting it in the village. Soon all the lads of the village appear on tiny ponies not more than 13 hands high and with the oddest collection of saddles ever seen. Some of these saddles look more like chairs than anything else, while others are bolstered up with bundles in front to assist their riders to keep off the ground as much as possible.

The game is played with an almost unlimited number of players on either side, and the polo ground is the main road. There are no goal posts. A wall at each end of the polo ground serves as such, and the game is played not by chukkers but until one side has scored nine goals or until both teams are utterly exhausted.

The sticks at Gilgit differ both in shape and material from those generally used. They are fashioned out of cane and are L-shaped rather than T-shaped, like those used at Hurlingham. They are also made without a pointed end to their heads, and have no straps to slip over the wrist. Any player is allowed to pick up the ball or catch it in his hand and immediately fling it as far as possible toward the goal. This procedure, which might annoy the umpires at Hurlingham, is made possible by the size of the ponies.

There are three native teams at Gilgit, the best of which plays against the British officers stationed there, and among which are some very fine players. On tournament days prizes are uniformly the same. The first prize always consists of 200 cartridges and the second of four blanket overcoats.

There is some difference between the polo played up and down the stony street of sub-baked Gilgit by native beggars on horseback--many half naked and in rough home-made saddles--and that played on the smooth and noble turf of Hurlingham. Yet men who know both say that no better game exists than that which is played during long, heat-laden afternoons up and down that dust-embedded street.

To Reopen Welsh Gold Mines. The British government, which holds the royalties of Clogau gold mines, near Dolgelly, is it interesting to learn, making arrangements to reopen the works where, a few years ago, 400 men were engaged. The Clogau mines are perhaps the oldest in the world for gold to be made into torques, wreaths, or armlets; the Romans delved here for the precious metal; and centuries later the monks of Cymmer abbey acquired all the mineral rights. Charles I could never have withstood the enormous expense of contesting the Great Rebellion had it not been for the gold which Thomas Bushell, the greatest of the Aberystwyth mint, obtained from the Clogau mines and sent to his royal master. There is more gold in Wales than is seen when the sun rises over the mountain tops.

Improved Radio Service. A complete radio receiving station, making use of a Tesla induction coil, in place of the usual plug frame aerial, has been placed on the market by a French company, says Popular Mechanics Magazine. The set consists of the Tesla coil, a tuner and an amplifier. The first mentioned has three coils of wire. The two inner ones revolve independently, one within the other, while the outer one is fixed. The three are supplied with the necessary switches, and the two inner ones are also provided with knobs for use in handling them. Good results are obtained with the set, especially in eliminating stations using the same wave lengths.

Different at Home. "See that fellow over in the corner? He's a famous expert. He knows all about business. He invented the budget system, triplicate record system, fractional adding machine, two kinds of double-entry and a memory chart."

"So? What's he worried about, Mr. B?"

"Oh, he's got his wife just like a camp because he got married up and paid 3 cents too much for a pound of chops when she told him to bring steak, and then forgot to bring the chops home."

—Richmond Times-Dispatch.

### Railway News

**St. John, N.B.**—During the winter season just closed the Canadian Pacific Railway shipped 11,500,000 bushels of grain from the elevator here. Last season's shipments accounted for slightly over 9,000,000 bushels.

**Quebec, P.Q.**—The largest number of first-class passengers that ever came into Canada at an Atlantic port at one time arrived here on board the Canadian Pacific steamer "Empress of Scotland." The increasing popularity of the Canadian route for American travellers, which includes a three-day trip on the majestic St. Lawrence river, is evidenced by the fact that it was necessary to have a special train to accommodate the passengers from the "Empress of Scotland" going to New York and other American points.

**Vancouver.**—Last year the Canadian Pacific Railway moved 5,000 cars of fruit and vegetables out of the Okanagan Valley. This year an increase is expected.

**Mr. F. W. Peters,** general superintendent of the C. P. R., returned recently from a week's visit to the valley, during which he met agents of the company and discussed improvements for handling this year's crop.

**New York.**—The despatch with which passengers arriving at Quebec by the Canadian Pacific Express ships are handled is instanced thus: Soon after the arrival of the "Empress of Scotland" at Quebec on April 30th the 168 passengers destined for New York got on the C.P.R. train alongside the ship. This was at 9 o'clock a.m. Passengers reached New York Grand Central Station next day at 2.30 p.m., without a transfer from the carriage in which they set out.

The "Empress of France" arrived in Quebec on May 11th, bearing amongst others, 135 passengers for New York. These passengers left Quebec alongside the ship at 9 a.m., arrived in Montreal at 2.15 p.m. They had the opportunity of remaining in Montreal until 7.15 p.m., when they left for New York, and arrived there at Grand Central Station at 6.45 the morning of May 12th.

**Tokyo, April 18.**—By Mail.—"Here's Canada! Look at this! I've been to all these places. Where's my hat?" In this characteristic, rapid-fire fashion did His Royal Highness, the Prince of Wales greet Canada as he came to a halt before the 20 foot illuminated map of this country that hangs in the Canadian Pacific Railway exhibit at the Tokyo Peace Exhibition recently opened. It was on the occasion of the Prince's much rushed visit to the Exhibition that he was sandwiched in among the numberless events of his official visit to Japan, and the fact that he spent no less than fifteen minutes at this particular exhibit may be taken as very much of a compliment to Canada.

The "E. P. R." in Alberta which the Prince bought during his trip was duly pointed out together with Banff, Lake Louise and Timmins, all associated in the royal mind with excellencies of one kind or another. And then His Highness had to see the railroad lines, steamship routes (Atlantic and Pacific) and all the "resources" of Canada picked out on the map at command of an electrician by means of the 3,500 switchboard lamps installed.

**Kingston.**—It is expected that the name of the contractor who will build the overhead bridge for the Canadian Pacific Railway, which will do away with the diamond at a point west of the Grand Trunk outer station, where the C.P.R. and G.T.R. tracks cross, will be announced soon. The estimated cost of the work will be about \$50,000 and it is expected that the work will be under way in the very near future.  
At the present time, the track of the Canadian Pacific Railway comes from the north and runs parallel with the Grand Trunk double track from a point near where the Perth road crosses the Grand Trunk track to a short distance from the diamond. The C. P. R. after crossing the diamond comes into Kingston after crossing Montreal street. The C.P.R. engineers who drew up the plans have arranged that when the C.P.R. tracks reach the Perth road the new track will bear north for a short distance and then take a slight incline to the south and then cross the Grand Trunk track at a point where there is a rock cut for a depth of twenty feet. It is the intention of the C.P.R. to build a permanent bridge across this rock cut. The new C.P.R. track after crossing this rock cut will join the old track at a point near Montreal street.

### 6 YEARS FOR BROKER LIMIT FOR BUCKETING

New York, June 15.—The maximum sentence of six years imprisonment in Sing Sing was imposed yesterday by Justice Gleggerich in the Criminal Branch of the Supreme Court on Irving B. Netler, 32 years old, a broker of 660 West 180 St., who was convicted last week of bucketing the order of a customer. Florence B. Wildon proprietress of a tea room at 125 West Sixteenth Street, testified that Netler had appropriated two bonds, valued at \$1 800, which she placed with him as collateral for her account.

William Rand, who told the Court that he was counsel for a number of Netler's creditors, asked that severe punishment be inflicted in the case. He said that when Netler failed for \$96,000 he made an untruthful statement to the effect that \$2,100 was the extent of his resources, and that he lost the money playing "poker." Mr. Rand said that Netler later admitted that he had spent the money in a trip to Atlantic City. "I am going to impose a sentence that will act as a warning and deterrent to other Wall Street Brokers who deliberately steal their customers money and spend it in riotous living," said Justice Gleggerich to the convicted man.

"I am taking into account that the jury, after giving you the benefit of every possible reasonable doubt, found you guilty and the verdict was amply warranted by the evidence."

"You have not been in the habit of dealing honestly with your customers. This is, indeed a deplorable condition. It has been pointed out that you offered to give back the bonds to the complainant while your case was pending. That could not be done at the time, but there is now nothing in the way of your making restitution to the complainant, who has not been vindictive. She did not join with some of your other creditors in recommending that you be severely punished."

When Lennie Uhl, of Smith Centre, Kan., went out to look over his farm the other day he found that a mile of his fence posts had been dug out and carried off. The wire was on the ground, the thief evidently having been too lazy to roll it up. Instead, he had gone to the Eli McCorckle home near by and helped himself to 200 pounds of new wire on spools.

### Could Not Eat

Constipation is caused by a torpid condition of the liver. Dosing with salts, castor oil, etc., to move the bowels, cannot afford more than temporary relief.

If you are to rid yourself of this ailment and the scores of annoying symptoms and diseases which come in its wake, it is necessary to get the liver right by such treatment as is suggested in this letter:

Mrs. Alvin Richards, R. R. No. 1, Seely's Bay, Ont., writes: "For two years I was afflicted with indigestion, and in the morning when I got up my breath was bad. I had a poor appetite, and just felt like eating certain foods. I used many different medicines as a laxative without benefit, and the doctor's medicine did not help me at all. Finally I tried Dr. Chase's Kidney-Liver Pills, and found them better than anything I had ever tried. I can highly recommend them to anyone troubled with constipation or kidney troubles."

**Dr. Chase's Kidney-Liver Pills,** one pill a dose, 25c a box, all dealers, or Edmondson, Bates & Co., Ltd., Toronto.

### Famed for Fragrance

Just as a famous rose is named for its subtle fragrance so is **"SALADA" TEA**

known for its exquisite aroma and delicious flavour. Each leaf is the essence of fragrant purity and yields the choicest of flavours.

Nothing Else is Aspirin—say "Bayer"

Warning! Unless you see name "Bayer" on tablets, you are not getting Aspirin at all. Why take chances? Accept only an unbroken "Bayer" package which contains directions worked out by physicians during 21 years and proved safe by millions for Colds, Headaches, Earache, Toothache, Neuralgia, Rheumatism, Neuritis, Lumbago, and Pain. Made in Canada.

All druggists sell Bayer Tablets of Aspirin in handy tin boxes of 12 tablets, and in bottles of 24 and 100. Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer Manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

**PROTECT YOUR VALUABLES**

If kept in your home, fire or thieves may rob you of them.

Our Managers will be pleased to tell you about the protection afforded by a SAFETY DEPOSIT BOX.

The bathing beach at Vye's shore was opened to the public last Friday. A large number availed themselves of the opening and spoke in the highest terms of the facilities provided.

### HIGH SCHOOL EXAMS

The High School Entrance Examinations were held last week. Thirty four pupils of Harkins Academy and sixteen pupils of St. Mary's Academy wrote the papers. Mr. J. H. Barnett Principal of Harkins Academy was in charge with Miss Delphine Clarke as supervisor.

### SALE TEA AND DANCE

The Catholic Women's League held a successful Sale and Tea yesterday in the Town Hall. Articles on sale were quickly disposed of and a substantial sum was realized. In the evening a dance was held, which was well patronized and enjoyed by those present.

### GRADUATION EXERCISES

The Harkins Academy Graduating Exercises will be held in the Auditorium of the Academy on Friday evening at 8 o'clock. A fitting program for the occasion has been arranged and the public is cordially invited to attend. An admission of 25 cents will be charged to defray expenses.

### I O D E

At a recent meeting of the Lord Beaverbrook Chapter I. O. D. E. the sum of \$150 was voted towards the Miramichi Hospital Nurses' Home; \$75 for the I. O. D. E. War Memorial and a vote of thanks to Mr. and Mrs. W. A. Park for the use of their lawn for the Lawn Social held recently by the I. O. D. E.

### COAL SHED DESTROYED

Fire which broke out at 12.30 a.m. Saturday morning totally destroyed the Stohart Mercantile Co. Ltd. Coal Shed on the Public Wharf. A quantity of hay, lime and cement which was stored therein was badly damaged. At the time very little coal was stored in the building. Water was played on the large office building and as a result this building was saved.

### VALUE OF MUSIC

The value of music for the poor and degraded, and even for those without hope is scarcely calculable. The oratorio of Messiah sung in prisons has made convicts weep. Sacred and secular music cannot be too liberally dispensed by those who have the power, the public spirit and the enthusiasm, not to speak of the ability, to offer it. If there was more music, there would be less drunkenness, less idleness and pauperism. Good music is a sure way of advancing social welfare.

**SUMMER COLDS**  
usually leave a trail of weakness. Build up on **Scott's Emulsion**  
It promptly, pleasantly and effectually adds strength to the body. It builds up resistance!

Scott & Borden, Toronto, Ont.

### THE PARIS TRIAL

It has been definitely decided to open the fourth trial of John Paris on Tuesday, July 4th. Mr. Justice Chandler will preside.

### CARD OF THANKS

Mrs. Calvin Johnston and family of Halcomb; wish to thank their many friends for kindness shown them during their recent sad bereavement.

### SALVATION ARMY

The musical program given last Wednesday evening in the Salvation Army Barracks by the crew of S.S. "Squatter" was largely attended and much appreciated.

### STANDARD SHOWS

The World's Standard Shows arrived in town on Sunday for a week's engagement. They have erected their tents, merry-go round and other attractions in a field close to George Street.

### DOMINION DAY

Next Saturday, July 1st is Dominion Day and a general public holiday. Because it falls on Saturday it does not follow that Monday should be observed in lieu of Saturday.

### TOUR OF INSPECTION

H. H. McLellan, fire Marshall of the province is on a tour of inspection this week. After visiting Chatham the Marshall will go to Newcastle, Bathurst and Campbellton, where he will hold investigations and then expects to go to Victoria and Carleton counties where several investigations are pending.

### YEAR'S REVIEW

Captain and Mrs. J. A. Goodwin will give a review of their year's work of the Salvation Army in Newcastle at a special meeting in the local barracks on Sunday evening next. It is twelve months on Thursday, 29th inst. since the arrival of Captain and Mrs. Goodwin to take charge of the local corps.

### L S BROWN IN TOWN

Mr. L. S. Brown, Assistant General Manager of the C. N. R. Montreal, spent Sunday in Newcastle en-route East. Mr. Brown's car reached here on Sunday and laid over until Monday when he went to Moncton. While here several persons waited on the Assistant General Manager relative to a car of cement, on which demurrage charges would be collected as it was impossible to unload it in the allotted time given by the railway. Mr. Brown pointed out that as the cement was to be used in the erection of the new ell to St. Mary's Academy, that he would endeavor to arrange that no demurrage charges be collected and would notify railway officials to that effect.

### WEDNESDAY HOLIDAY

Beginning Wednesday July 12th, the following merchants of Newcastle will close their places of business at 12 o'clock noon each Wednesday until September 15th.

The Lounsbury Co. Ltd., John Ferguson & Sons Ltd.; H. Williston & Co.; A. B. Williston, Wilson Gough; J. D. Paulin, J. G. Waterbury, Jas. B. O'Donnell, John Brander, Isaac Mitchell, Mitchell's Meat Market, H. S. Miller, P. N. Brown, A. S. Demers, Leroy White, John O'Brien, Chas. Asouf, George O'Brien, Joseph Salome, George Curry, Chas. Maroney, Joseph Napke, Mrs. M. Bannon, B. F. Maltby, The John Morrissey Furniture Co., Ltd., Gordon Davidson, F. Uncles, F. V. Dalton, Singer Sewing Machine Co., James Stables, J. D. Craighan Co. Ltd., A. D. Farrah & Co., D. & J. Ritchie & Co., A. H. Mackay, H. C. Rundle, The Stohart Mercantile Co. Ltd., P. Hennessy.

### RECENT APPOINTMENT

William Harold Davidson, of Newcastle, attorney at law to be a notary public.

### SALMON PLENTIFUL

According to reports, salmon in the Miramichi River are very plentiful. The price at the beginning of the season was \$3.00, but has gradually decreased, the fishermen now receiving 70 cents a fish at the nets. Prices are down in Boston and New York markets.

### A NEW PAPER

The St. John "Daily Standard" has gone out of existence and the "Daily Journal" has acquired the plant and property, but not the traditions of The Standard. From the announcement of "The Daily Journal" the Province of New Brunswick is promised political independence and its readers are assured that it will not suppress nor distort political news and puff up and color the other. The editor and managing director is E. S. Carter, who is an old newspaper man, and former secretary to Premier Foster. The announcement says that it is Mr. Carter's aim to give this province the best it has ever had in the way of a newspaper. New Brunswick readers hope so, but then "We shall see what we shall see"

### CATARRH

Catarrh is a local disease greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a Tonic, taken internally, and acts through the blood upon the mucous surfaces of the system. HALL'S CATARRH MEDICINE assists Nature in restoring normal conditions.

All Druggists. Circulars free. F. J. Cheney & Co., Toledo, Ohio.

### CONFIRMATION SERVICE

His Lordship, Bishop Richardson, gave "the laying on of hands" to twenty-two candidates in St. Andrew's Church last evening. The beautiful little Edifice was thronged to the door, to witness one of the most solemn Christian Rites. The service as conducted by the Bishop was taken from the new, or revised edition of the Prayer Book; and it certainly adds much to the understanding of the rite; than as given in the old book of Common Prayer. Suitable hymns for the occasion were rendered by the Choir, in which the congregation heartily joined.

Anyone listening to the Bishops address on this occasion could not fail to be impressed by the deep solemnity of the whole service. He gave sound Scriptural reason for it, showed the Apostolic origin and authority for confirmation, or "laying on of hands;" and its continuity through all the centuries, down to the present day. His appeal to the Candidates to seek ever to walk in the footsteps of Christ, and be ever in the ranks of his followers, was listened to with rapt attention, and evidently made a deep impression upon all present. The Bishop is in Nelson today. At the above confirmation the Rector, Rev. Mr. Bate presented the Candidates. Two others of the clergy, took part in the service.

**The Tea Tester**  
Never boils water a second time always using water that has just come to a boil. The best tea made the best way.

Blue Bird

## HAD NARROW ESCAPE FROM FATAT ACCIDENT

Michael Bransfield Jr. of Hardwicke, had a very narrow escape from fatal accident Tuesday night, while drifting for salmon in the Miramichi Bay. The fishing boat in some manner took fire, and was burned to the water's edge. Other fishermen nearby noticing the flames arrived just in time to save the young man from either being burned to death or drowned. The boat was totally destroyed.

**FITS**  
Stinson's home treatment for epilepsy. Twenty years' success. Thousands of testimonials. No case should be considered hopeless. Write immediately for free booklet. Wm. Stinson Remedy Co., of Canada. 2611 Yonge Street, Toronto, Ontario.

**REGAL**

**In Town and Country**  
In city, town and village happy families are today enjoying good food made with REGAL Flour. Thrifty housewives use it for all their baking. All are agreed that **It's Wonderful for Bread**

## Fifteen Sturdy Macs Are Now Canada's

WITH bagpipes skirling and a smile of happy anticipation on every face these fifteen stalwart lads from the Hebrides first set foot on Canadian soil on April 3rd. They arrived on the Canadian Pacific liner "Tunisian," and at once went on to Chatham, Ontario, from where they will be distributed among the farms of Kent County to learn the intricacies of Canadian farming. They are Highland farmers and North Sea fishermen, and the finest type of immigrants Canada can have, and the advance guard of 150 others just as good who will soon arrive. Every one of them is a Mac—three McLeans, three MacDonalds, two MacKenzies, two MacTavishes, a MacPherson, a MacIntyre, and a

Macintosh. To add to the Scotch flavor they were conducted by Father MacDonald, special colonization agent of the Canadian Pacific Railway. All are veterans of the Imperial army or navy, and many have been decorated for bravery during the great war. They were glad to be away from the land of labor strikes and unemployment, and not even the prospect of a ten-hour day, after their eight hours in the old country, dampens their enthusiasm for Canadian farm life. So far they are very favorably impressed with this country, and have not the slightest notion of ever getting homesick. Later on, when their farm experience warrants it, they intend to buy farms of their own.

WE HAVE THIS WEEK

### Good Heavy Western & Country Beef

Heavy Rose Brand Plate Beef ..... 16c  
Good Corn Beef at ..... 12c and 14c
