**THE FINDING OF DR. LIVINGSTONE.** — Mr. J. Anderson has sent us a copy of this little book by Mr. Stanley, the finder of Dr. Livingstone. It contains the full text of Stanley's letters, and gives a full and graphic account of the writer in his search after the great explorer. Copies for sale at Anderson's.

**SEIZURE OF AN ILLICIT DISTILLERY.** — On the 25th inst., District Inspector Godson, of the Inland Revenue, in Toronto, assisted by Deputy Collectors Morrow and Hasley, and Excise Officer Walker, seized an illicit distillery in the Township of Luther. Stock and plant destroyed, except the boiler, ten horse power, which was shipped to Toronto.

**PERSONAL.** — We are happy to learn that Mr. Thomas Keough, formerly of Guelph, who has been for some time in the employ of J. M. Bradstreet & Son, Mercantile Agents, Buffalo, has been appointed manager of the Rochester Branch of the Agency. We congratulate Mr. Keough on this substantial recognition of his services by the Messrs. Bradstreet.

**ON Friday** the non-commissioned officers and men of the Orangeville Volunteer Company assembled in the Town Hall, and, through Ensign Deatur, presented Capt. Parsons and Lieut. Dunbar with two elegant and elegant tea sets, valued respectively at \$90 and \$40, accompanied with complimentary addresses to which both Capt. Parsons and Lieut. Dunbar read appropriate replies.

**AT a special meeting** of the Durham Town Council held recently, the resolution granting aid to the Clifford Extension, of fifteen thousand dollars, was cancelled, and a resolution immediately passed as follows: — "That this council take immediate steps to procure, publish and submit to the ratepayers of Durham for their approval a by-law for twenty thousand dollars in aid of the Durham Extension of the Wellington, Grey and Bruce Railway."

**RUNAWAY.** — This afternoon, as a team was conveying a valuable imported Cotswold ram, belonging to Mr. Miller of Pickering, was passing the G. T. R. Passenger Station, the horses took fright, ran away, and overturned the wagon on the top of the driver, who, on extricating himself, and although considerably hurt about the legs, went in pursuit of the horses who had managed to detach themselves from the wagon. The ram was, strange to say, unhurt.

**WHOLESALE CROCKERY STORE.** — We direct the attention of the public to the advertisement of Messrs. R. Rae & Co., Alma Block, who have now in stock a magnificent assortment of crockery, glassware, lamp goods, fancy goods, cutlery, plated ware, &c. We are glad to learn that this firm are doing an immense wholesale trade, and that they have lately been obliged to enlarge their premises. Their warehouse is well worth a visit, for the quantity, quality and variety of their goods are equal to any shown in the largest wholesale houses in any of the Canadian cities.

**POLICE COURT.**  
Before T. W. Saunders, Esq., P. M.  
Monday, Sept. 30th.  
John Welch charged with allowing pigs to run at large contrary to by-law. Fined \$1 and costs.

### Local and Other Items.

The stringency of the money market everywhere continues still.

A man named Ducat was found dead in his wagon on Clinton road on Saturday morning. The cause was whiskey.

A Hamilton paper comments in an indignant mood on the "meanness" displayed by the Council of that one-horse city in presenting Lord Dufferin with an address "on foolscap" written by an employee, while all the other addresses presented were engrossed on parchment.

The murderers of Dr. Nimham, of St. Thomas, are still at large. Constables have been on the alert, the woods and ravines south of the town have been scoured, and several houses have been searched; but not a solitary trace of the fugitives has been discovered.

The contract for the construction of the third section of the Hamilton & Lake Erie Railway, from Caledonia to Jarvis, has been awarded to the well-known and enterprising railway contractor, Mr. Wm. Handrie, of Hamilton, who undertakes to have the line completed to Jarvis by the 1st of May, 1873.

On Saturday morning a man by the name of Robert Wakefield, a native of Sheffield, England, was found dead in his room at McCulloch's Hotel, Hamilton. The deceased was engaged as porter in the wholesale establishment of Messrs. A. Hope & Co., and is reputed to have been a steady and persevering man.

Among the distinguished visitors to Hamilton and the Exhibition was James Arthur, Esq., of Glasgow, head of the world-renowned dry goods exporting house of Arthur & Co., the largest we believe in Great Britain. This gentleman is making a tour of Canada and the United States, accompanied by Mrs. Arthur and a party of friends.

DECLINED THE CALL. — The Rev. Dr. McVicar, of Montreal, has resolved, in accordance with the earnestly expressed wish of the friends of the Presbyterian College there, to decline the call to the South Presbyterian Church, Brooklyn. The foundation of the Presbyterian new College building at Montreal will be laid in the course of a few days.

A BLACK RECORD. — The Fall Assizes for the County of Wentworth commences on Monday. The following criminal cases are on the docket: Christopher Goodman, for arson; George Williams, for rape, for assault with intent to commit rape, and for another attempt to commit rape (all upon different women); Nicholas Nick, for causing the death of his wife, Mary Nick; Dennis Dinahy, for rape.

THE DUNDAS BANNER heard the other day with a great deal of pleasure, that Mr. John Allan, of the *Galt Reformer*, had fallen heir, by the death of an aunt in Scotland, to a nice little fortune amounting to \$20,000. We rejoice that one of our contents, has been freed from the bondage of newspaper life, and that he will no longer be called upon to fret his soul and suffer for the public good. It is almost a pity that all editors were not blessed with rich aunts who would not live forever.

SENTENCED TO BE HUNG FOR RAPE. — Wm. Reed was tried at the Peel Assizes last week for committing rape on the person of Hannah McClure Robinson, on Sunday evening, the 25th August, while she was going for the cows. After hearing the evidence, the Judge charged the jury strongly in prisoner's favor, on the grounds that there was no evidence to prove that the prisoner had used force or violence to accomplish his end, nor did the girl make that resistance that she ought or might have done, as was proved by Mrs. McClure and Mrs. Modeland, stating that on examining her she appeared no worse than she would have done had she been a consenting party. Prisoner was found guilty, and the Judge sentenced him to be hung on the 9th December next. The Judge said if allowed his own discretion he would not have sentenced him to death, but the law allowed of no other sentence. He will likely get off with two or three years in Penitentiary.

AN EXTRAORDINARY CASE. — On Sunday evening of last week Mrs. Geo. Young, residing near Alloa, observed a woman crossing one of their fields towards the bush, and next morning a young woman came to the house of William Young, with a bundle in her arms, which turned out to be a new born child wrapped up in a woman's dress. She was all in a tremble, and asked for a cup of tea, which was at once prepared. She said her name was Ferguson, and she had an uncle living in the township of Holland, from which she had come about a month ago; that she had been in service near Brampton for the past three weeks, but feeling unwell on the previous Sabbath she had left, and in the bush at Mr. Young's farm had on that night all alone given birth to the child. She remained there alone all Monday and Monday night, but was driven by hunger and want of support to ask for the shelter which was womanly given to her on the Tuesday morning. Mrs. George and Mrs. William Young, being close neighbours, attended to her and the child. The young mother having recovered strength from the refreshments served her, cleaned herself, washed, dried and ironed a dress for herself, refusing all assistance in doing so. She was a cleanly, good-looking young woman, about eighteen or nineteen years of age. After feeling somewhat comfortable she left, objecting to remaining any longer, and, as she stated, to find work. She seemed to feel her position very keenly, which had driven her to the bush. She also stated that she had a sister married, and residing in Caledonia. — *Brampton Banner.*

The Montreal *Daily News* gives notice of its own death on Monday.

West Elgin is to have its Reform Demonstration.

\$90 — This is the sum in which the Belleville *Ontario* has been fined for libel.

The Halifax *Chronicle*, than which no journal in the Dominion is more brilliantly edited, clearly points out the coming downfall of the Ottawa Government.

### THIS MORNING'S DESPATCHES

**SEVERE STORM IN OHIO.**  
**STOPPING OF OIL WELLS.**  
Expected Rise in Oil.

New York, Sept. 30. — Rev. Francis Vinton, Professor of Canon Law in the General Theological Seminary of Reformed Church, and assistant minister of Trinity Church, Paris, died after a lingering illness yesterday afternoon.

Cincinnati, Sept. 30. — Severe storm of rain and wind prevailed here during the whole of last night. An extraordinary amount of rain fell. The storm appears to have been general throughout the North-West.

Titusville, Pa., Sept. 30. — At a final meeting of the oil producers, held in Oil City yesterday, relative to the shutting down of wells, it was unanimously agreed to suspend all pumping of wells and also further drilling for a period of thirty days.

Three-fourths of the wells throughout the country were stopped at midnight last night, and the balance will follow. Advanced prices in the oil market are immediately expected.

**South Perth Election.**  
TRIAL OF HARDMAN.  
STAYFORD, Sept. 26.  
Edward Hardman, foreman Grand Trunk shops, Brantford, accused of personating Mr. Hamnaford, Chief Engineer of the Grand Trunk Railway, at last Perth election, was brought before Mayor McCulloch to-day, and bound over to stand his trial at next Assizes. At the opening of the Court another Hardman from Brantford was produced as the accused, and boldly tried to perjure him, but, the trick being detected, the real man came into Court. After some hesitation, and after the witnesses for the prosecution had been, at request of accused counsel, looked up in another room, and when brought into court separately, one entire stranger to Hardman, fully identified him as the guilty party, pointing him out in a crowd of fifty, although the other Hardman sat in the position usually occupied by prisoners, and the accused stood in the background. Alderman Baxter, of Toronto, appeared and assisted Mr. Brooke, of Brantford, in the defence.

**High School Examinations.**  
In accordance with the Act of last session, giving the Lieutenant-Governor power by Order in Council to suspend or annul any Rules and Regulations issued by the Council of Public Instruction, the following circular has been issued from the office of the Provincial Secretary: —

PROVINCIAL SECRETARY'S OFFICE,  
Toronto, Sept. 29, 1872.

Sir, — I am commanded by His Excellency the Lieutenant-Governor to inform you that His Excellency has been advised that the whole duty of examining pupils for the admission to High Schools and Collegiate Institutes, including the settlement of Examination questions rests with the Board of Examiners constituted by the 38th Section of the School Act of 1873, (34 Vic., Cap. 83), and that the results of Examinations by the Board upon subjects prescribed by the Regulations of the Council of Public Instruction are conclusive, and are not subject to the supervision of the High School Inspector. In prescribing the programme of the Examinations, and Regulations respecting the same, the Council of Public Instruction has been advised that it is desirable the utmost facility should be afforded for the admission of pupils to the High Schools, consistent with their showing that amount of previous training without which it is improbable that they could obtain any advantages from the further prosecution of their studies in the High School. His Excellency has also been advised that the Board of Examiners should be left unrestricted to the extent mentioned in fulfilling the duties confided in them by the Act, and has, by Order in Council, suspended the Regulations of the Council of Public Instruction for the admission of pupils to High Schools and Collegiate Institutes.

I have the honour to be, Sir,  
Your obedient servant,  
**PETER GOW,** Secretary.

The Chairman,  
High School Board.

**Another Livingstone Expedition.**  
And now it is said that a Frenchman, envious of Stanley's laurels, has announced his intention of immediately proceeding to Ujiji and discovering the great traveller over again. After this Frenchman, we may expect to find a rival German, and subsequently an evasive Englishman, hastening to Ujiji, and plying Livingstone with the commonplaces of polite society. If this sort of thing goes on, Livingstone will be forced to issue orders to his servants to inform all visitors that he is not at home, or else he will fly from Africa to some less crowded and fashionable locality. Dr. Livingstone is popularly regarded as being at the present time full of gratitude to Mr. Stanley for the brief call he made upon him in Central Africa. This gratitude will not endure long if it should be found that Stanley has been the pioneer of a host of visitors. Livingstone's horror of being "made much of" or regarded as an object of curiosity, is well known, and if the above rumor proves true we may expect to hear of the several Livingstoneian Paul Pys returning from Africa in that mysterious state of mind vulgarly supposed to be experienced by persons whose acoustic apparatus is encumbered by the presence of a diminutive but exceedingly agile insect of bio-arbitary propensities. In other words, the amulet of Stanley may expect to be dismissed with "a flea in his ear." — *Courier.*

**PRISON INSPECTORSHIP.** — It is currently rumored that Tom Ferguson of "sore toes" and other equally reputable notoriety, is about to be appointed Inspector of Prisons, as a reward for handing over his "chances" at Cardwell to John Hilyard Cameron. Tom is not the man to "sell himself for nought."

**CATTLE FEEDER**

For Fattening and Bringing into Condition Horses, Cows, Calves, Sheep and Pigs.

It is highly recommended by the Professors of the Veterinary Colleges of Great Britain. It is possessed of purely vegetable extracts in a condensed form. It regulates and keeps the stomach in a healthy condition. It is held in high reputation by first-class breeders of Europe and Canada. Stock fed with the Yorkshire Cattle Feeder have in every instance wherever exhibited, taken the first prizes. It has been awarded congratulatory recommendations from agricultural societies for the great benefit they have derived from its use in the raising of stock. It fattens in one-fourth the usual time. Price 25 cents and \$1.00 per box. A dollar box contains two hundred feeds. Sold everywhere and by all Druggists.

There is small chance now for the ultimate freedom of the Chinese coolies in Cuba. These poor creatures have been compelled by official decrees and regulations to work for a beggarly fixed pittance—just sufficient to maintain an existence. Now, by a new decree, they are told that, unless they leave the island forthwith, they must make new contracts which shall run not less than six years. This is fine irony; the coolies have been kept from earning money enough to pay their passage from Cuba; now they are remanded to bondage if they stay.

The Governor-General.

We stated on Saturday on the strength of a despatch that the Governor-General intended to visit Guelph on Thursday, being the chief day of the Exhibition. We regret to learn that this despatch was sent under a misapprehension. One of the members of the Government waited on His Excellency on Saturday morning in reference to his coming to Guelph, and being in the belief that our Central Exhibition was held in the same week as the Western Fair at London, the conclusion was arrived at that His Excellency could easily attend the two. When, however, it was explained later in the day that the Guelph Show was held this week, His Excellency said that it was impossible for him to be present, as he had arranged to meet Sir Edward Thornton, British Minister at Washington, at Niagara Falls this week. When business would keep them engaged for some days. He expressed more than once his extreme regret that he was unable to visit Guelph, and see the Central Exhibition, but promised if spared to another year to come without fail. We regret very much that His Excellency is unable to come and see our good Town and our Show, but we have done all we could to bring this about, and must now be content to live in the hope of having him in our midst next year.

We may state that His Worship the Mayor, and Mr. James Laidlaw, representing the Agricultural Society, who went to Toronto to invite the Governor-General to come to Guelph met with every possible courtesy, and more than once His Excellency expressed his regret that he could not possibly attend.

We are happy, however, to be able to announce that His Excellency the Lieut. Governor of Ontario will positively visit Guelph on Thursday, when we are sure he will get a right loyal and warm reception from our citizens and the thousands of strangers who will be in Town on that day.

GUELPH CENTRAL EXHIBITION.

Monday morning, Sept. 30. This being the first day of the Exhibition week, there is of course not as yet the furious stir and bustle that will likely occur on the day closes, but even now workmen are busy preparing for the reception of their employer's various articles that are to be exhibited.

The outside and inside Superintendents are at their posts, and the Director appointed to the different departments are on hand to direct and assist exhibitors in the proper disposal of what they have entered for exhibition.

INSIDE THE BUILDING.

The Osborn and the Gardner Sewing Machine Companies are busy in their location; the Fine Arts Department is to be down stairs this year in the wing for merely appropriated to boots and shoes, &c., a much better arrangement in the way of light, &c., and already exhibitors are arranging the various specimens of their brush and pencil; in the centre of the octagon, McLeod, Wood & Co. have several instruments; at the main door Mr. J. L. Stewart is arranging some beautiful specimens of marble and Peterhead granite monuments; Arms & Worswick have already located some of their choicest specimens of tool machinery; Mr. John Foreman an assortment of spades, hoes, &c.; and Wm. Crowe an assortment of metal vases.

CATTLE.

The Durhams are already well represented, by the herds of Messrs. Telfer, J. & R. Hunter, Watt, John Snell & Sons, George Miller, J. S. Armstrong, and Peter Crawley.

The Devons, by that of George Ridd, and the Grades by that of Henlock Young.

SHEEP.

In the Cotswold pens are some really magnificent sheep, prize winners at the Royal Agricultural Show at Cardiff, this year, and imported by and the property of Mr. John Miller, Pickering; this class is also represented by the flocks of Snell & Sons, and Thos McCrae.

PIGS.

James Main, exhibits specimens of the Suffolks and Yorkshires (large breed), Joseph Fotherstonhaugh, exhibits some Berkshire, Suffolks, Essex, and other large breeds, Snell & Sons exhibits Berkshires, James Cowan (Guelph Tp.) do.,

IMPLEMENTS.

Are represented by Messrs. Noxon Bros I. D. Sawyer & Co., Thain, Elliott & Co., Watson of Ayr, McLeod & Mills, and Barnes & Hudgins with patent made by Cober and Parmabaker.

HORSES.

are exhibited by Messrs. Knight, John Jackson, Davis, Coulter, C. J. Douglas, Duff & McCallum, Wm. Peck (coach and draught) F. W. Stone, J. B. Cunningham, W. J. Oliver and Andrew Harris.

The poultry are but as yet sparsely represented, whilst in the grain and roots department, exhibitors are very backward in coming forward. The entries approximate 6,000, pretty much the same as last year. As we left the grounds towards noon exhibitors were coming in plentifully and doubtless ere night the different Superintendents of Departments will have their energies severely enough tried to find accommodation for all anxious to find sufficient space for the proper display of their various entries.

In consequence of the large number of entries for cattle, the Directors have had to increase the accommodation in this section, and by this evening it is hoped the building will be completed. The new erection will accommodate about 190 more head. The grounds are in excellent order, and should the weather prove propitious, no doubt there will be a large attendance of visitors. Already the Town gives promise of this in the increased number of strangers visible in our streets, and, as we before remarked, the hotel keepers are busy making preparations sufficient to cover the great influx of strangers that are likely to pour into Guelph during the next four or five days.

Proposed New County.

MEETING AT ORANGEVILLE.

We learn from the Orangeville papers that an influential meeting of the rate-payers of Orangeville was held in the Town Hall on Monday evening, for the purpose of discussing the propriety of adopting measures to erect the municipalities in Simcoe, Grey and Wellington, which are contiguous to each other, but remote from their present County town into a new County, with Orangeville as its capital. The meeting, which had been called by the Reeve, in compliance with a numerously signed requisition, was well attended, about 250 persons being present. The Reeve, Mr. M. McCarthy, presided as chairman, and Mr. J. Foley acted as Secretary.

Several speeches were made in favor of the movement, and Mr. S. H. McKittrick moved the following resolution:—"That it is the opinion of this meeting that the time has arrived when the municipalities of Mono, Mulmur, Melancthon, Amaranth, Luther and East Garafraxa should be formed into a new county for judicial and municipal purposes, and that a Central Committee be now appointed to promote the said County formation."

Mr. R. McKeown seconded the resolution. The resolution was put to the meeting and carried unanimously. The following gentlemen were then appointed a Central County Committee: Messrs. M. McCarthy, J. Fleisher, S. H. McKittrick, J. Ketchum, J. S. Fead, W. Parsons, F. C. Stewart, J. Green, W. Campbell, J. Peaseley, R. McKeown, J. Foley, T. Jull, J. Patullo and T. Jackson.

The Governor-General in Toronto.

ADDRESSES—TRIP ROUND THE CITY—LEVEE AT CHURCH ON SUNDAY, &c.

On Saturday morning His Excellency commenced early to receive deputations from various societies in Toronto, at the Queen's Hotel.

The first deputation that waited on him was one from the Total Abstinence Societies of Toronto, who presented an address.

At ten o'clock a deputation of Methodist clergy waited upon His Excellency to present an address from the Wesleyan Church. The deputation consisted of the Revs. W. Morley Punshon, M.A., L.L.D., president of the conference; W. Scott, of Oshawa, Secretary; J. Shaw, of Brampton, Chairman of the Toronto District; J. Genley, Secretary of the Bible Society; E. H. Dewart, editor of the

Standard.

On entering and leaving the church His Excellency acknowledged the silent salutations with which he was greeted by repeatedly raising his hat. He remained at the Government House last night, and on this (Monday) morning left by the Great Western train at 11:50 for the Falls, where he will stay at the Clifton House for a week, returning to Toronto either next Saturday or Monday.

TURNING THE TABLES.

A small band of Presbyterians in a small town in Scotland had succeeded from a fragment of the National Church. The process did not stop even at that stage of theological integration. The miniature party of the faithful went on discussing with each other the tremendously abstruse metaphysical question which had drawn them out into the wilderness of secession, and the remnant dwindled away until it was composed of but two persons, an old man and an old woman. "I suppose, Janet," said an intellectual Sabbatarian to the dame who thus sat in the sublime solitude of Calvinism, "that you believe yourself and Hugh to be now the only true members of Christ's Kirk." "Weel, mon," replied the intrepid theologian, "I'm nae sure o' John."

EFFECTS OF THE COAL FAMINE.

The advance in the price of coal has caused an increase in the expenses of running the Lancashire cotton mills to such an extent that it has been decided to reduce the number of hours of labour in them while the present high price is maintained.

Before the reception at Hamilton.

On Friday, an address was presented to His Excellency, beautifully engrossed on bark, by a delegation of Indian chiefs, led by chief Johnson.

The Nova Scotia Exodus.

In 1867 and 1869, the first two years of confederation, there was a very large emigration of the young men of Nova Scotia to the United States. At the time we were told that this exodus was in consequence of confederation, and afforded indisputable evidence that Nova Scotia had been ruined by union with Canada and was no longer fit to live in. But the exodus still goes on in an unabated stream. Now, however, it is not Confederation which drives the young men to seek their fortunes in the United States. The journals which were formerly the most bitterly opposed to Confederation admit that there are other causes. One journal alleges that the people of Nova Scotia are "fast becoming noted for roving merely for the love of roving itself," and thus many of them leave the Province who have no intention of residing abroad.

Troops for Manitoba.

Collingwood, Sept. 28.—The contingents from the several military districts for the North West Expedition, commenced to arrive here on Tuesday afternoon. Each succeeding train brought its quota up to Thursday at noon, at which time the last detachment from Quebec arrived. Lieutenant-Colonel Wiley was here in advance with camp equipage, and on the arrival of the first troop a camp was formed, rations issued, and the ordinary routine of camp life proceeded with. On Wednesday morning the issue of uniforms, underclothing, and necessaries, arms, accoutrements, knapsacks, blankets and other appointments was proceeded with. As both officers and men worked with a will, by Thursday evening all were ready for embarkation. At half-past three o'clock on Friday the order came from Ottawa to sail by the Francis Smith for Thunder Bay, from whence the expedition will proceed to Fort Garry by the Dawson route. They expect to meet the troops returning at Shebandowan, when Lieutenant-Colonel Villiers and Lamontagne, who accompanied the expedition, will return. One hour only was consumed in striking and packing tents and all other stores. The troops fell into marching order, and left camp so as to march aboard the vessel at five o'clock, where Lieut.-Col. Jackson handed over the command to Lieut.-Col. Osborne Smith. The whole force numbered about 250.

A Reform Demonstration will be held near Sen-Jarvis, on 30th of October. Hon. George Brown will be among the speakers.

The Foster Brother;

OR— The Orphan of the Wreck.

CHAPTER XIX.

LOVE REVEALS ITSELF—A DISAGREABLE INTERRUPTION—THE ORPHAN.

"Well, youngster," asked that worthy, "what are you going to make of yourself? Where do you mean to go?"

"Is that a matter in which you feel interested?" returned George.

"Well, not particularly. But I have this bit of advice to give you: it will be best for all parties if you leave this part of the country immediately. You belong to Edinburgh, I believe. Well, you cannot do better than return there and leave Miss Gibson and her friends to themselves."

George looked at him with a hot angry flush on his face, and returned in a tone of significant meaning—

"Considering the tainted source whence this advice comes, it wears to me a highly suspicious aspect. I am not disposed to acquiesce in it, sir, with my movements or intentions, but I have a strong notion that you and I are not done with each other. I know more about you, Mr. Nathan Garrett, than you imagine, and the knowledge I have gained leads me to suspect that we are yet to meet in anything but the attitude of friends."

And so saying, George turned on his heel, and strode away in a direction opposite from the mansion, leaving Nathan Garrett standing half petrified on the spot.

"What the devil can he mean!" he ejaculated. "By Jove there's something about that young fellow that I can't make make out, and something is dangerous. I had a feeling of the kind the first moment I saw him, and these words of his confirm it. What can he know about me, or is that but an idle boast? He don't look like one that boasts idly either. I wish I had made inquiries in Edinburgh as to who he is. Curse him, he has given me quite a turn. We are enemies, are we? Well, I thank him, at least for that frank intimation, for now that I know it, I am warranted to treat him as such, and I treat an enemy only in one way—I crush him."

And Nathan Garrett forcibly illustrated his meaning by bringing down the heel of his boot on a thistle which grew at his feet. Then he walked away, leaving the thistle bruised and broken, and the vicinity of the arbour was left to its usual night solitude.

George walked on, he scarcely knew or cared whither. He had taken a direction without design or object, conscious only of this, that he was away from the mansion. A wild thrill of emotion was rushing through his soul—emotion which was at once commanding and conflicting, and which as yet took the form more of sensation than reflection. Strong, overpowering, yet indefinite feelings possessed him. Their varied character prevented a settled effect, his mind, trembling in some way, and making him incapable of regular consecutive thought.

Yet the general impression produced was a consciousness of sadness, and deep dreary sorrow—the sense of having suffered a heavy and irreparable blow. A bright dream had been dissipated, and left his life dark and hopeless. Yet even and anon the thought came with a thrill of joy that Lillias loved him. She, so pure, so good, loved him—he had won her heart. She might never be his—indeed that seemed now an utterly vain hope, yet the knowledge could never be withdrawn that her affections were given to him, that her heart was his, and this was a conviction which gave him comfort even in his despair, and solace in his sorrow. Poor and isolated as he was in the world, he was yet made rich by this knowledge—rich above all earthly wealth or social honour.

Wonderful as is the power of such a sweet conviction to soothe, sustain, and strengthen the mind, raising it above adverse circumstances and surroundings, it could scarcely operate long in making George indifferent to the peculiar and extraordinary circumstances which he was now placed in. The night was wearing late and he was homeless. He was brought to a recollection of the latter fact by feeling the cold snow flakes batter against his face in profusion, and on coming to a stand-still and gazing round, he observed that the ground was already white—that dense laden clouds had overspread the sky, and changed the former radiance with which the moon had flooded the landscape into a dull grey light, which made the snow ghastly in its whiteness. The prospect on which he gazed was dreary enough. The wide, open park had a desolate aspect; and standing in the centre of it there, he felt forlorn and miserable, without a shelter against the wintry storm.

His feelings became bitter, bitter, for the situation represented only too accurately his position in the world—alone,

**NEWS ITEMS**

— Tax rinderpest has appeared among the cattle in Lincolnshire.

It is reported that Earl Russell is preparing a review of the proceedings and award of the Geneva board of arbitrations.

CHAMBERS of Commerce in several leading cities in England have adopted resolutions congratulating Her Majesty's Government on the happy termination of the Alabama arbitration, and the copies of the resolution have been forwarded to the United States.

It is said that efforts are being made which have not yet assumed any official form, to require the Messrs Laird, the constructors of the privateer *Alabama*, to pay a portion of the sum awarded to the United States by the Geneva tribunal.

At last the days of wasp-like waists seem to be coming to an end. The *New York Mail*, which may be considered an authority on such matters, declares that the regulation size of a lady's waist now is twenty-three inches. The doctors and the undertakers will doubtless suffer, but poor humanity will be greatly benefited by the abolition of the absurd and deadly habit.

THE IRISH HARVEST.— The harvest news that comes from Ireland is anything but satisfactory. Rains sadly interfered with the gathering of the wheat. Fields were cut, but continuous wet weather prevented their being stacked, and complaints are rife that much of the grain has been damaged. To add to these misfortunes the potato rot had spread extensively, and altogether the appearances are that laboring classes must endure serious privations. The rise in the price of fuel and food, keenly felt by families with fixed incomes, has caused a slackness in trade. It is now beyond question that large importations will be required to make good the deficiency in the wheat crops throughout Great Britain and Ireland, and of course the drain of gold to pay the foreigners will tell in the money market. It was believed a month since that an abundant harvest would be secured in Ireland, but those hopes have been blighted by the incessant and heavy rains.

**CAUTION.**  
The Cornwall Manufacturing Company have pleasure in intimating the complete restoration of their works at Cornwall which are now in full operation, producing large quantities of White and Grey Blankets, and Heavy Medium Class Tweeds.  
They regret, however, having again to call attention of the public to the continuance of the disreputable practice of importing English Blankets and selling them as Canadian. These Blankets are made largely of Shoddy and Cotton Waste, with a small percentage of pure Wool, and though slightly in appearance, closely imitating the Cornwall Blankets, and ticketed "Canadian Manufacture," have neither warm nor wear, but are sold at a lower price than the Cornwall Blankets (which are made of Pure Wool) can be produced for.  
The public are cautioned against this attempted deception, and respectfully informed that the name of the CORNWALL MANUFACTURING COMPANY is printed on the ticket of every Blanket made by them.

Guelph, Sept. 27, 1872.

The lumber trade of the Ottawa is said to be seriously affected by the prevailing stringency in the money market. The Roman Catholic Bishop's palace in London had a narrow escape from being burned on Thursday night, owing to a defective flue.

Some teeth and bones of an extinct species of animal have been found at Millbrooks. They are pronounced by Mr. J. B. Dixon, of the College Institute of Peterboro', to be those of an extinct species of elephant, probably *elephas Americanus*. One of the teeth, though imperfect, weighs 6 lbs. 5 oz.

Mr. C. Blackett Robinson, publisher of the *British American Presbyterian*, has leased the building lately occupied by the *Daily Telegraph*, and is fitting it up for the purpose of a first-class printing office. He has purchased two large steam presses and several other presses, as well as a stereotype apparatus. The office will be one of the best in the Dominion.

THE NISSOUR MURDER.—The trial of the prisoner, Thomas Coyle, is expected will take place on Tuesday, 3th of October, at the fall assizes, and will, no doubt, cause quite a sensation. Kenneth McKenzie, Q.C., assisted by Mr. Warren Rook, will prosecute on behalf of the crown. Mr. D. Glass will defend the prisoner. Coyle is as taciturn as ever and never alludes to the crime.

CHEESE SHOW AND FAIR.—The Ontario Dairymen's Association have taken a most important step in resolving to hold a cheese fair and show, at which the sum of \$500 will be offered in premiums. The Show will be held in the Agricultural Hall, Belleville, on the 15th and 16th of October next, and we hope will result in a lively competition. There will be two classes. Class A comprises six prizes for the best three factory cheeses made at any time during the year 1872. In Class B six prizes are offered for the best four factory cheeses—two made during the month of September, 1872—each cheese to be of a different day's make. The competition has been wisely opened to all factories in Ontario.

The attempt of California to acclimatize the Cashmere goat promises success, the animal attaining a larger size and yielding a finer fleece than in its native India. There are estimated to be forty thousand Cashmères in the State, and the fleece, according to grade, is worth from twenty-five cents up to one dollar and twenty-five cents per pound.
