ELEVENTH YEAR—No. 123

## DENSE FOG EMPRESS OF BRITAIN CRASHES INTO COLLIER AND STAVES IN BOWS

### Heavily Laden Coal Boat Was Cut in Two By Compact, While Canadian Pacific Liner Had First Four Compartments Flooded With Water

## CREW OF SMALLER VESSEL RESCUED BEFORE SHIP SANK

### Crash Came Without Warning and Consternation Reigned Among Passengers; Water Tight Compartments Allow Empress of Britain to Return Under Own Steam

QUEBEC, July 28.—During a dense fog the Canadian Pacific Railway company's steamship, Empress of Britain, which left Quebec at 7:15 Friday evening, collided with the steamship Helvetia, a collier, bound for Quebec and Montreal at 4:45 p.m. Sunday evening. The scene of the disaster was between Cape Magdalen and Fame Point. The first news of the accident came from Quebec about 6 o'clock Sunday by wireless and this was followed by another dispatch that the Empress had her bows badly stove in and her four compartments filled with water. As far as can be gathered the Empress struck the Helvetia amidships, cutting her in two, the injured vessel sinking shortly afterwards. Those on board the Helvetia however, were all rescued and taken aboard the Empress.

Capt. Murray immediately gave orders that his ship be brought back to Quebec and assistance was despatched to her, the steaming steamer, Lord Strathcona, being despatched at once, while the Canadian Pacific railway tug cruiser, which was in Montreal, was also hastened to the scene, passing through here this morning on its way to help the Empress.

Latest news of the disaster shows that Captain Murray was proceeding through the dense fog cautiously, when suddenly and without warning the Helvetia was seen, but too late to avoid a collision. The Empress plunging into the Helvetia, and it is said, cutting her in two. The Empress was seen to be travelling under her own steam. Successful efforts were at once made to rescue the captain and officers of the sinking vessel, a few moments after which the ship sank. The occurrence naturally created consternation on the Empress, but this was soon quieted and Captain Murray had an investigation as to the disaster to which his ship had sustained. He then wired the news of the disaster to the Canadian Pacific authorities and ordered his vessel to return to Quebec. The British carried 700 passengers. The progress of the vessel back to port is being accomplished very slowly, the vessel being impeded in its passage by the wreckage which hangs over its bows. At 1:15 this afternoon the ship reached Fame Point, where she was still at 5 o'clock this afternoon. The Allan steamer Pretorian was standing by, to which some of the passengers and mail were being transferred. The Empress expected to again get under way shortly before 7 o'clock. She is making but eight miles an hour, she is not expected to reach Quebec before tomorrow morning at a late hour. The steamer Helvetia, which sank after the collision, was bringing a cargo of 8,000 tons of coal from Sydney. The skipper of the Helvetia was Captain Connell.

## TO RELIEVE GRAIN CONGESTION GOVERNMENT WILL REQUEST CONCESSION FROM U. S. INTERSTATE COMMERCE COMMISSION

OTTAWA, July 28.—It is understood that in order to facilitate the shipment of the new Western crop as much as possible, the government will at an early date this autumn apply to the Interstate Commerce commission for the rate on grain to Fort William and Duluth which was in force last spring, the rate being the same as that grain to Canadian railroads from Winnipeg to Fort William. The opening up of this route at an early date in the season, it is believed, will do much to prevent a recurrence of the serious and prolonged congestion of last season.

## GOVERNORS OF TWENTY WESTERN STATES WILL ATTEND DRY FARMING CONGRESS AT LETHBRIDGE IN SEPTEMBER

### Canadian Commissioners Have Had Flattering Receptions in Tour of Western States; Big Exhibitions Promised From Practically All of Western States

Lethbridge, July 28.—The reception accorded the Canadian commissioners of the International Dry Farming congress on their tour of the Western States has been most flattering in the extreme, and it is believed that as a result of their visits there will be official representatives from upwards of twenty states while a dozen or more will send exhibits. As indicating the trend of public opinion, it is anticipated that the governors of many of the Northwest states will accompany the special train that will bring the delegates from California and Western Oregon, which Tillman Reuter, Portland member of the board of governors, is arranging, and which will bring a large exhibit from the northern counties of California, gathered under the auspices of the Sacramento Development League.

## THE DUKE AND DUCHESS OF MARLBOROUGH—Efforts have been made recently to effect a reconciliation between these two, who have been separated for some months, owing to domestic troubles. So far nothing has been arranged, so it is reported. The duchess was formerly Miss Consuelo Vanderbilt, a United States heiress, and prominent in society. She is said to be a great favorite of Queen Mary, who has interested herself in this unfortunate arrangement.

QUEEN MARY RIDING AROUND A BRITISH COAL MINE ON A TRUCK—This interesting picture shows Her Majesty inspecting the mine properties on a recent visit to the Silverwood Colliery, with the King. She is accompanied by a couple of lady friends. The colliers are pushing the truck around.

## THREE HORSES SUFFOCATE IN BURNING BARN

### Chief Smart Thinks Fire Was Caused by Cigarette Stub Tossed Into Hay

### Dr. McLaren Saves Three Horses From Suffocation; Loss About \$900

A carelessly tossed cigarette stub caused a fire at 2:30 o'clock yesterday morning resulting in the death of three horses by suffocation in the barn owned by A. B. Landels, 712, Seventeenth avenue west, across from the Western Canada College. The horses were owned by Jackson Bros, bakery, the firm also renting the barn. The fire broke out in the hay racks, west, across from the Western Canada College. The horses were owned by Jackson Bros, bakery, the firm also renting the barn. The fire broke out in the hay racks, west, across from the Western Canada College. The horses were owned by Jackson Bros, bakery, the firm also renting the barn.

## JAPANESE EMPEROR IS DYING; PHYSICIANS GIVE UP HOPE

### Death is Expected Hourly; Has Been Unconscious Since Dawn

### Tokio, July 28.—The condition of the Emperor of Japan is such as to cause abandonment of all hope of his recovery. From dawn he has been unconscious. An examination by the court physicians at six o'clock in the morning disclosed a high temperature, weak and rapid pulse and shallow respiration, which was greatly accelerated.

The critical condition of the emperor was announced in a bulletin last evening that the emperor could not for long withstand the calls upon his strength. Since July 19, the date of the first serious attack, the emperor has been in a critical condition and his life has been maintained only by the use of injections of oxygen and hot and cold packs. Reports from the sick room on several occasions brought hope to the people that the life of the emperor would be prolonged. The emperor's condition, however, has been steadily deteriorating and it is now expected that he will die within a few days.

## MOTOR LAUNCH EXPLODES; 1 DEAD; 2 INJURED

### Craft Took Fire, But Help Came in Time to Rescue Four From Death

### One Man in Attempting to Swim to Safety, Drowns Within 15 Feet of Shore

Montreal, July 28.—An explosion of a small motor launch opposite Sherbrooke Park on Lake St. Louis today resulted in the death of one man and serious injury to two others. Medard Palemont, owner of the boat, had taken five friends for a cruise. When the explosion occurred the craft took fire. Oscar Sauve, aged 23, a barber who lived at St. Anne de Bellevue, with his mother, declared that he would swim to shore, and leaped overboard. Fifteen feet from shore he was under and was seen no more. Medard Palemont, the owner, and S. Angell, were severely burned, and others of the party sustained minor burns, but they were taken off the burning craft just in time by boats which put off from shore on seeing their danger. The launch is a total loss.

## LARGE ATTENDANCE ASSURED AT MUNICIPAL LEAGUE MEETING TOMORROW NIGHT

### INDICATIONS of a large attendance at the meeting tomorrow evening in the Blow block to organize a Progressive Municipal league continue to make themselves evident on every side. The gathering has been called for 8 p.m. in the basement of the building which is on Eighth avenue, between First and Second streets west.

Beyond the effecting of an organization and discussion of the objects of the proposed league, it is not likely that direct action of any kind will be taken. That the gathering will be a representative one, however, is evident from the invitations to attend which have been sent broadcast through the city to such organizations as the local Labor unions, the Board of Trade, Builders' Exchange, Industrial Bureau, Young Men's Clubs, and well known citizens in all walks of life, business, professional and labor. The aim of the men behind the movement is to make the gathering responsive to the will and ideas of the citizenship at large as to what action should be taken to assure clean, businesslike administration of the city's affairs by business men. A number of the men active in the movement desire to see that the work of the league shall apply to every city office, including not only mayor and commissioners but councilmen and the heads of all city departments.

## RAILWAY COMMISSION HAS POWER TO ORDER SUBWAY CONSTRUCTED AT ITS DISCRETION

### William Georgeson Talks of Subway From the View of Those Who Want It

### Says Fourth Street West Was a Main Trail Before Canadian Pacific Came

Therefore is Not a Street Controlled by the City, But By the Province. But City Assumed Subway Cost in Connection With Shop Negotiations

DISCUSSING the question of the Fourth street west subway, William Georgeson, of Georgeson and company, who appeared before the recent meeting of the Dominion Railway commission to argue in favor of the subway, yesterday pointed out that the railway commission has the power to order the subway put in whenever the members believe that it is necessary. Reviewing the subway proposition from the side of those who want it, Mr. Georgeson said: "It is beyond question that the Fourth street subway agreement should be understood in all its phases before the citizens are called upon to vote the necessary funds for its completion. Street Was Main Trail. "In the first place, Fourth street west was a main trail before the Canadian Pacific Railway came here. It is a division between sections, and I understand, a division between townships as well. It was therefore not a street controlled by the city, and any arrangement affecting it should have had the approval of the governor. The Canadian Pacific Railway, when they built the railway with the city, they assumed the total cost of the construction of the subway, and it is not just such matters as this, and the late Mr. Mayne informed the Canadian Pacific Railway that the commission would order the construction of the subway when the necessary provisions for the public interest. In the meantime, gates were permitted, but only pending the return of the commission to the city on their next visit when they said they probably would order the subway to be proceeded with. City Assumes the Cost. "Subsequently, the city assumed the cost of construction as part of the arrangement for securing the shops and other improvements at Calgary. "It is unfortunate that the mill was constructed where it is, and still more unfortunate that after the burning of the elevator, that it was not re-erected west of the mill. But it is there, and it is an important industry in Calgary and so far as the city is concerned, should be equitably treated. As to the damages, I do not know whether or not they are excessive, but I can readily understand that the chances of using that property for anything but present purposes are very meagre. "The city is, I think, making a very fair proposition in securing the deal on the south side of the subway when they agree to plank the Fourth street subway so that the horses will get a good footing. The present grade to cross the tracks is three per cent. The proposed subway is to have a five per cent grade. The difference is not much, but it is a matter of some importance. Public opinion will demand its construction at some time. If there is delay for years, will it not cost much more when the property has still further increased in value, and the property damages become proportionately greater?"

## FIERCE WIND AND HAIL STORM WRECKS BUILDINGS AND DESTROYS CROPS IN MORDEN, MANITOBA, DISTRICT

### MORDEN, Man., July 28.—The most destructive wind storm and when the full extent of the damage is known, likely half Saturday evening between half past six and seven o'clock.

As part of the result of the work of the wind at that time, the Morden curling rink is completely demolished, the large stable at the agriculture grounds is minus a roof, the Parlington hotel is short a few bricks off the wall and also its back verandah and kitchen steps. J. H. Black's residence, the C.P.R. freight sheds, the Ogilvie elevator and a number of other buildings have had numerous parts torn off of them. The C.P.R. box cars were shifted off the track and reports from the country indicate that many stables and small frame buildings have either been destroyed or moved by the storm. The full extent of the loss by hail is impossible to ascertain. At present inquiries over the rural-phone lines which were not put out of order, show that the hail was confined to a belt about five miles wide, coming from Thornhill direct west of here, practically straight to Morden, with the town a centre, then turning in a southeasterly direction where it is believed the heaviest damage was done.

## HEAVY CROP LOSS FROM STORMS

Reports of fierce hail and rain storms which covered a large area in Manitoba and Saskatchewan were received late last night. The storm has done considerable damage to the crops in that district, but it was impossible last night to determine just how great the damage was. The greatest damage appears to have been wrought near Morden, Manitoba, where buildings were unroofed and the crops flat to the ground. At Brandon hail stones measured an inch and a half across and fell and water flooded the thoroughfares. At New Dale, Manitoba, the crops were reported to be practically destroyed. Reports of great damage also came from Harding, Max and Cypress River, Manitoba, while the report from Mooseomin, Saskatchewan, says that lightning accompanied the storm and two men were struck by the bolts of fire but not killed.

## CAMROSE'S WATER SYSTEM IS COMPLETED

### City Council Boosts License of Tent Shows; Many Attractions Pass Town By

### Contract Let for Overflow School Building; Steam Laundry Opens

(Special to The Albertan.) Camrose, July 27.—This past week has seen the completion of the water works system in Camrose. The water mains have been washed out and pure water supplied from the reservoir. Besides giving a supply of water which will eliminate the practice of keeping water standing in barrels, the completion of the system will mean excellent fire protection for the town. The action of the town council in imposing a license fee of \$75.00 on tent shows coming to town, has had no effect on the number of shows. There is one company, however, that will be along on August 6th, with a new circus. The contract has been let by the Public School board to Thomas Shea for the two room building on the Public School grounds. This building will accommodate the overflow of the present building until such time as the new Normal School is completed. The building now under construction is to be ready for classes on August 6th. Ever since the Camrose Steam Laundry opened its doors, there has been a steady increase in business throughout the Camrose district. The laundry staff has had to work until midnight to turn out all the work that has accumulated. Mayor Layton and family returned from Vancouver this week. Mr. Layton left directly after for Saskatoon and will not be back for several weeks. Local men have secured the contract for heating, painting and plastering the new Fernhill hotel, which will be completed in about four weeks' time.

## DOCK STRIKE OFFICIALLY OFF, BUT MEN ANGRY

### Assert They Were Betrayed By Leaders Into Unconditional Surrender

### Thirty Thousand in a Mass Meeting in Southwest Park Make Fierce Protest

London, July 28.—Although the strike committee has cleared the strike of the dock workers at an end, and has ordered the men to return to work at once, it is by no means certain that a settlement has been reached. Thirty thousand angry dock workers held a mass meeting in Southwest park today and unanimously rejected the manifesto issued by the committee respecting resumption of work. Protestors declared that their leaders had betrayed them into unconditional surrender, the men adopted a resolution not to resume work until they had consulted their unions.

## POPE HAS NOT REPEALED NE TEMERE DECREE

### Rome, July 28.—The report that the pope has repealed the decree "Ne Temere" is absolutely unfounded, nor is it likely ever to be revoked as it embodies provisions which have governed the church procedure for two centuries. It is probable that the misunderstanding with respect to the repeal of the decree arose through the suspension of the provision relating to mixed marriages in Germany and Hungary. The other provisions of the "Ne Temere" with this exception is still in force. Thus a marriage between a Catholic and Protestant without the sanction of the parish priest is null. It is declared that possibly the United States and Britain may later secure a change in that provision.

## FAIR WEATHER THROUGH ALL OF CANADA

Toronto, July 28. A few scattered thunderstorms have occurred today in Ontario, but otherwise fair weather has prevailed throughout Canada, and it has been moderately warm in all directions.

## WHAT THE GREAT WEST DID SATURDAY

In Victoria: Fisheries company lets contract, erection cold storage plant, Skidegate, Juan Charlotte Island, to cost \$200,000. In Winnipeg: Calcutta, India, company to establish jute bag factories and distributing warehouses at Winnipeg and Vancouver. In Lethbridge: Eight governors, twelve state exhibitors, delegates from twenty states, thirty-one nations of the world will be officially represented at the International Dry Farming congress in Lethbridge the week of October 21-27. In Vancouver: Work is proceeding on excavating a foundation for the new Canadian Pacific station. In Edmonton: The city asks for competitive schemes to enlarge the street railway system.

## MONTREAL GARMENT STRIKE IS AT END

Montreal, July 28.—The garment workers' strike, which has gone on for upwards of two months, tying up most of the factories in this city, came to a sudden close yesterday. Both sides had been declaring that they would fight to the last, but a compromise was agreed upon. The workers will return to work Monday. Their hours of labor have been shortened by three hours per week, and pieceworkers are to receive a slight increase to make up for this. The strike was organized by American labor leaders. It caused great suffering among the foreign element from which many of the garment workers are drawn.

## RANKIN EXPRESSES REGRET AT DEATH OF R. H. AGUR

### He Had Been Very Active in Promoting Fruit Industry of Western Canada

Escape With Minor Bruises; Woman is Dragged Short Distance. "I am shocked to learn of the death of Mr. R. H. Agur, second vice-president of the Western Canada Irrigation association," said Norman S. Rankin, secretary of that organization, who returned yesterday from a trip through California, Oregon, and Washington in the interests of the irrigation movement. Mr. Rankin did not learn of the death of Mr. Agur until his return, as the second vice-president died very suddenly last week of an attack of appendicitis. He was a member of the British Columbia Fruit Growers' association, and through his activities in promoting agricultural and fruit interests, one of the best known men of Western Canada. Mr. Agur's home was at Summerland, B.C. The death of Mr. Agur is a great loss to our organization," said Mr. Rankin, "as he was one of the most active workers in it, and his services were of inestimable value. He was particularly interested in the forthcoming sixth annual convention of the association, to be held at Kelowna, B.C., and all of the members will learn of his demise with sorrow."

## HERE IS A ROYAL FISH STORIETTE

Gaspé, Que., July 28.—The picturesque summer resort Gaspé was visited on the 25th and 26th inst. by the Duke and Duchess of Connaught and the Princess Patricia. Their visit was somewhat marred by the inclemency of the weather. His Royal Highness and Princess Patricia spent several hours yesterday on the St. John river, salmon fishing—the river having been placed at the disposal of the royal party by the St. John Salmon club. On account of the lateness of the season, both the duke and princess enjoyed good sport; his royal highness having three large salmon and the princess one salmon and a few large trout. The fishing party returned to the D. G. S. Earl Gray about seven p.m., and immediately resumed their trip to the Maritime provinces.

## NEW ORLEANS RATS CARRY BUBONIC PLAGUE GERMS

New Orleans, July 28.—Bubonic bacilli was discovered today on a rat found on the water front. The discovery was made after several hundred rodents had been examined in the past few weeks. Dr. J. H. White, of the U. S. Marine Hospital, said the discovery need not cause alarm.

THE MORNING ALBERTAN SPORTING DEPARTMENT

JOE PRICE, Sporting Editor, Phone 2320

EDMONTON FOOTBALL REPRESENTATIVES SPRING SURPRISE ON LOCAL BOYS

Calgary for years has been looked upon as the foremost city in the West and of the whole of the Dominion in soccer football. Teams from this city have travelled from east to west and met the best players that could be placed against them and have never been beaten. They have been invincible, both on their own ground and away, and the consequence was that when Calgary went up to Edmonton to take part in the first inter-city league game ever played in Alberta they were looked upon as certain winners. The followers of Edmonton were so pessimistic as to their team's chances that just before a friendly bet they were asking for three to one, with a goal thrown in. Not much to ask for, eh? But that just goes to show how confident the people were in the Calgary eleven.

Edmonton Scribes Pessimistic The result of two goals to one in Edmonton's favor was a great surprise; a surprise even to the most optimistic Edmonton follower. At half time, when the score board was unmarked, four scribes in the press box were discussing the chances and one of the Edmonton scribes asked, in despair almost, if there was not one sports aggregation in Edmonton which could win and thus give them something to write about.

Another of the trio from the Eskimo town, searched into the recesses of an evidently excellent memory, and he remembered one occasion when a number of bowlers from Edmonton came down to Calgary and returned home victors. But that was years ago and it seemed to add more to the gloom of the others, than to inspire them with the hope that was intended.

Joy in Eskimo Camp But when right from the kick-off in the second half Edmonton scored there was jubilation in the press box. For once in a long while there would be something worth reading in their sports section; Edmonton looked like beating the crack Calgary team.

Then came a second goal and their jubilation increased, in proportion. Two Calgary men were hurt and one so badly that he had to be carried off the field. Things were looking cinched for Edmonton.

But that was the time when the Calgary eleven really woke up and began to play football. Their four forwards dashed through the Edmonton defence and twice shot goals which had the custodian beaten all the way struck the crossbar. Stan Wakely managed to net one goal and it was a beauty, but try as they would Dame Fortune seemed to be against Calgary and they could not get through again.

Perfect Football Weather. The evening was a perfect one for the game, but the hour of 6 p.m. was not a good one. The Calgary team were not quite so fresh as they might have been. A sleepless night on the train and then kneeling around Edmonton all day was not calculated to put them in the best of shape to play a hard game.

Diamond Park is a fine enclosure, and a better football pitch could not be desired. There was a perfect green turf covering the greater part of the field, except where the baseball diamond was encroached upon, and it looked fine. But Calgary had been accustomed to playing on grounds on which there was scarcely a bit of green to be seen, and that fact had not been taken into account. To finish everything, they had to face the sun in the first half, and that bothered them not a little, and when Edmonton came to defend the east end goal the sun had almost gone down.

Such circumstances seemed to be against Calgary, but when I say this, it does not mean to derogate from the excellence of Edmonton's team. They played splendidly, but they were not alone; they went out with a purpose, and that purpose was to get the better of Calgary. On the other hand, Calgary seemed to hold their opponents too cheaply. Even when they could claim to be in advantage in playing, they did not seem to care to take advantage of it. In the first half, they did not seem to seriously think they would be defeated, and their attention was not directed immediately from the kick-off in the second half.

BASEBALL RESULTS IN TABLOID FORM

NATIONAL LEAGUE. Saturday Games. At Boston, first game. St. Louis 100 003 281-7 15 3. Boston 100 000 000-0 0 0. Batteries: Salles and Bresnahan; Pedue and Kling.

AMERICAN ASSOCIATION. Saturday Games. At St. Paul. Minneapolis 100 000 000-1 4 1. St. Paul 100 000 000-0 0 0. Batteries: Young and Owens; Lero and Marshall.

CANADIAN LEAGUE. Saturday Games. At London. St. Thomas 100 000 000-0 0 0. London 100 000 000-0 0 0. Batteries: Hynes and Boyle; Kiefer and Goulet.

out a movement as it was intended it was pretty to see, and evoked the admiration of the spectators. The two backs were good at tackling and kicking, and the halves were short on the ball and played up to their forwards well. This was where Calgary were let down. Sandy Strang played a hard game, but he was not so effective as he has been, and he was often beaten, and Art Wakely, when at centre and when on the left wing are two different propositions. Right along it was seen that he was not at home. Haig was the only half who showed any true form, and was the only one to show judgment in feeding his forwards.

Edmonton Defence Strong. Great tribute must be paid to the northern defence, which was really good, right from Porter in goal to the halves. The two backs were good at tackling and kicking, and the halves were short on the ball and played up to their forwards well. This was where Calgary were let down. Sandy Strang played a hard game, but he was not so effective as he has been, and he was often beaten, and Art Wakely, when at centre and when on the left wing are two different propositions. Right along it was seen that he was not at home. Haig was the only half who showed any true form, and was the only one to show judgment in feeding his forwards.

Edmonton Plays Better Game. The quality of football up north, if that game on Saturday was a good fair average sample, is improving, and Calgary will have to look to her laurels. But good close games such as this help the game along. People will not pay to see a runaway game, but when they are assured of a good hard game they will put all other matters on one side to see it.

Edmonton Defence Strong. Great tribute must be paid to the northern defence, which was really good, right from Porter in goal to the halves. BASSANO AND EDMONTON GOT EVEN BREAK

Bassano, July 28.—Edmonton and Bassano broke even in the double-header played here today. The first game was a ten-inning pitcher's battle, which was won by the home team. The second game was a perfect support was given each twiler in this game.

PATRICIA—Of the Royal Canadian Yacht club, the challenger for the Yacht Racing Union cup, the new international trophy, replacing the Canada Cup. She left today for Chicago, the first stage of her races with the defender of the cup "Michigan", at the city. It is expected that the races will be well contested. The Patricia is named after the popular daughter of the Duke of Connaught, Princess Patricia herself has been for a short cruise on the boat, and has given the swift craft her blessing, as it were.

RED DEER PLAYERS STRIKE

Because their salary was two weeks overdue, the members of the Red Deer baseball team went on strike on Saturday and refused to travel to Calgary to play in the double header scheduled for that day nor to participate in another game of baseball in the Western Canada league, until they had been paid the money due to them.

H. Chandler, the owner of the Red Deer franchise, has lost all the money that he can afford on the enterprise, and unless means are provided to carry him over the present difficulties he will give up the team. In that event the team will be dropped from the league and it will go to the Bassano team, while Calgary and Edmonton will play home and home games for the remainder of the season.

The affair from start to finish is a very complicated one. In the first place, the citizens of Red Deer were promised by the executive of the Western Canada league, that if they would contribute \$5,000 to the league, that a professional baseball team would be placed in Red Deer and that they would not again be called upon during the season for support. All but \$500 of this sum has been paid and this amount is due upon September first. Mr. Chandler has requested the Red Deer club to turn over this amount to him now season. The Red Deer citizens, however, do not wish to give up this final payment until it is due.

The Red Deer team won the championship of the first series and, under Bill Hurley's management, were dangerous contenders for the second series. But in spite of the fact that they were champions the club lost money as did every other club in the league and Mr. Chandler has been forced to dig down into his pockets for several thousand dollars. As he is not an independently rich man, he cannot afford to carry the burden any longer.

When the second series started Chandler felt that he would be able to finish the season in good shape and undoubtedly would have done so but for the bad break which he received at the hands of the weather man. Rain during the past two weeks has allowed him to play less than half of the games scheduled.

To add to this unfortunate break in the weather, the Red Deer promoter has been handicapped by the change in the location of the Calgary ball park. During the two series which the Deers have recently played in Calgary, the team got only the faint guarantee of sixty dollars. This would hardly finance a champion baseball club.

KENNEDY'S IRISH-CANUCKS NATIONALS AND TECUMSEHS HAVE EXCITING BATTLE

After Being Outclassed in First Half They Palyed Torontos Off Feet and Won. One of Best Games Played in Montreal Resulted in Win For the Nationals.

Toronto, July 27.—George Kennedy's Irish-Canadians showed the heat time in the comeback line here today after being hopelessly outclassed in the first two quarters. They played the Torontos off their feet in the second half. The Torontos, who were leading in the Big Four, started out like champions, and tallied three in the first quarter, holding the Irish-Canadians without a tally. The Torontos added another in the second, and the Irish-Canadians got their first in the third quarter. Things began to hum in the third, and when the white hit in the fourth Toronto's Irish-Canadians 2-1. The final score was Toronto 10, Irish-Canadians 5. Line-up: Gibbons, Goal, Brennan, Harshaw, Point, Neville, Marshall, Cover, Gaskin, Power, Defence, White, T. Fitzgerald, Defence, Aspell, Braden, Defence, Mundy, Longfellow, Centre, Kane, W. Fitzgerald, Home, Layden, Barrett, Home, H. Scott, Warwick, Home, H. Scott, Kalls, Home, Roberts, Donibue, Home, F. Scott, Referee—P. Lillie, Judge of Play—W. McIntyre.

Not Always to the Swift. Redd: So he bent you in the chera game. Green: Oh, yes; I wasn't slow enough—Yonkers Statesman.

Late SPORT News on PAGE EIGHT

BARNEY OLDFIELD, THE SPEED KING GIVES EXHIBITION OF DAREDEVIL DRIVING

When it was known that Barney Oldfield, one of the most daring and able drivers of automobile racers on the American continent, was to appear in Calgary, it aroused great interest among the automobile world of Calgary. It is said that the first thing which impresses a newcomer to Calgary is the busy appearance of the streets but he does not have to be here long before he is also struck with the number of cars in use in the city. There are more automobiles in Calgary than in any other town in Canada, when the population of the towns are compared, and they all seemed to converge at Victoria park on Saturday afternoon. There were over 10,000 people present, and the meet, the first of its kind in Calgary, was most successful. The day was all that could be desired, and every thing was favorable.

The Victoria park track may be all right for horse racing, but for real speeding on automobiles it leaves lots to be desired. The turns are too short for one thing and the soil track is scarcely good enough to suit the heavy racers. But the track had not recovered from the effects of the heavy rains of the week and to make matters worse, some local drivers who had thoughtlessly taken the opportunity to indulge in a little joy riding on their own account in the morning, had cut the track up badly. Under these conditions it was scarcely expected that very fast time could be made.

Oldfield Broke Record. Oldfield did break one record, however, for cars of 300 cubic inches displacement on a half mile track, covering the mile in 1:15 flat in his 30 horse power Cino. He made two attempts to better the Canadian record for a half mile track, made by Louis Dismore at Toronto, on the previous Saturday, 1:09. At first Oldfield made 1:12. The first half mile was done in 35 seconds but on the back stretch of the second lap he struck trouble and the time for the mile was 1:12. His 300 horse power Christie car on which he made the attempt cut in to the track in starting position, and on the turns especially, skidded badly and made the hearts of the spectators fairly leap. Under such conditions it was hardly expected that he would be successful. He did a little better at the second attempt, making his time, the first lap being done in 27 1/2 seconds and the second in 32 1/2. But even though he did not succeed in lowering the record, the onlookers were satisfied with what they saw, for this was the fastest travelling they had even seen.

The honors of the afternoon went to a local driver, O. Julien, who, on a Rocher Schneider, set a new world's mark for five miles, amateur driver, on a half-mile unbanked track. This was in a special five mile challenge for local drivers, in which three cars started, and he covered the distance in 7 minutes 20 and some odd seconds. He was loudly cheered when this fact became known.

Low Heinemann, in an exhibition mile on a 90 horse-power Benz, did the distance in 1:29, and Oldfield in the small Cino and Heinemann with the Benz rode a three mile race. At the end of the first mile the Benz had a slight lead, but Oldfield handled the curves better, and ran out winner by three-quarters of a length in 4:06.

Wild Bill French then exchanged places with Oldfield, and did three miles against Heinemann in the Benz, and on the last lap French managed to grab the lead and carry off the honors. Time 2:48.

The local race proved to be one of the best events of the afternoon. There were several had they not been for Schneider, Danbury, A. Stearns, and Gieswick an American Roadster, and Gieswick kept the lead throughout, keeping up a steady 40 seconds to drop out, and the American Roadster keeping up close second. Julien, as previously stated, broke the world's record in this event.

Three heats were necessary to decide the winner of the motor cycle event. Four riders were out in the first heat, and five out in the second, both of which were won by F. W. Sturgine, president of the Calgary Motor Cycle Club. Daniels riding an Excelsior put up a brave fight in the first heat, and time after time wrestled the lead from Sturgine, but the Indian was leading at the finish. In the first lap on the second heat Daniels had trouble with his engine and had to drop out, and Woodward came in second. A third heat was necessary to decide second place honors, and Woodward changed on Sturgine's Indian and beat Daniels, the latter again having trouble with his engine in the first lap.

There were no really exciting incidents, but when L. Norton was out testing his motor cycle just at the close of the meet, his machine struck a huge rut in the track torn up by the Benz, and the rider was thrown. The car was enveloped in flames, and immediately burst into flames.

SKY PILOT OFFICIALLY WITNESSED VANCOUVER TEAM WIN GAME

VANCOUVER, July 28.—Vancover was officially awarded yesterday's lacrosse game to have been played under the amended schedule at Recreation park in this city.

This was the decision of Harry Cowan, president of the association, who also awarded the \$500 forfeit to the Vancouver club. In Westminster the team turned out at Queen's park and a solitary goal was scored to back Westminster's claim to the game that was to have been played there, according to the original schedule. Rev. J. S. Henderson, of St. Andrew's church at Westminster, who has for years been a staunch upholder of the Royal City team, and an official of their club, stood behind the goal, and officially witnessed the score.

**DO YOU WANT CHEAP LUMBER**

Fifty-two Yards in Alberta—Two Yards in Calgary

Few people appreciate that there is quality in lumber the same as there is in tea, or in paint, or in most other articles. Cheap cull lumber or green lumber in better grades will build a house that, when well painted, will look fairly well for a few months. Such a building in our extreme climate soon takes on a dilapidated cheap look making it difficult to sell, difficult to rent, and uncomfortable to live in.

We have always made a specialty of the highest quality, and owing to the tremendous size of our business we are able to buy on a basis that permits us to sell our lumber for as low a price as would be generally asked for a poor quality. This has built up our large business—the largest in Western Canada.

Before building inspect our stocks and permit us to give you evidence that quality counts. Our prices cannot be beaten. Particular people use our lumber. If your contractor tells you lumber from us it is a sign that he is a particular man and demands the best of everything.
