### OBITUARY

George Landsburg, for many years a resident of this vicinity, died at the home of his daughter, Mrs. F. F. Mark, Deckerville, Mich., on Monday, Jan. 31st, 1921, at 3 p.m. Mr. Landsburg had a stroke three weeks previous to his death. He was born in Nova Scotia July 15, 1841. On Jan. 2nd, 1868, he was united in marriage to Jane Mitchell, making their home in Nova Scotia for sixteen years, then coming to Watford, Ont., where they resided for thirteen years and where Mrs. Landsburg passed away in the year 1891. Mr. Landsburg then moved to Deckerville, Mich., where he made his home until the time of his death. To this union there were born ten children. He is survived by one son Alexander of Deckerville, Mich., and three daughters, Mrs. F. F. Mark of Deckerville, Mrs. Elmer Paige of Port Huron, and Miss Maud of Detroit. He is also survived by two sisters who live in Nova Scotia. The funeral services were held from the Presbyterian church of Deckerville of which he was a member for many years, after which the remains were taken to Watford for burial. The funeral was held on Thursday, Feb. 3, to the Watford cemetery. Rev. E. H. Savers conducting the service.

### BIG FARMERS' MEETING

One of the largest and most enthusiastic gatherings of farmers that ever assembled in Petrolia, gathered to attend the Annual Meeting of the Lambton County Co-Operative Association on Tuesday. That the benefits to be derived by co-operation are understood by the farmers of Lambton and that the farmers intend to co-operate was plainly evident by the tone and spirit of the speeches delivered and the business transacted.

President H. A. Gilroy, of Alvington, called the meeting to order at 10 a.m. After the reading and adoption of the minutes of the last members' meeting, the Auditors' presented their report. The directors of the Association and several of the members addressed the gathering.

The present financial standing of the Association shows a small deficit. This is owing to the fact of the drop in prices of the stock carried in the Association warehouse. As the Association is financed by capital notes, twenty-five dollars a piece, nearly 800 in number, the deficit has to be covered by a small levy on each capital note. The fact of a deficit is not evident of lack of interest. Those present considered this fact a small matter. Every farmer present or member of the Association has lost many times the amount of the deficit on each head of cattle, horses, also hens, on his farm during the past year. The association as it now stands, is a county-wide organization. Many new such organizations have been organized at various local centres within the County. Inwood, Watford, Forest, Camlachie and many more are in the process of organization. Owing to this fact many of the members wished to withdraw their capital notes. A local centre being more convenient it was decided to allow these parties their capital notes, and this step will necessitate the re-organization of the association located in Petrolia. The following motion was passed to meet with the conditions.

Moved by W. A. Brock, seconded by R. J. Gardiner, that the following men, Chas. M. Fleck, W. P. MacDonald, Geo. Steinhoff, F. J. McMahon and Robt. Luke be a committee to take full charge of the management of the Lambton County Co-Operative Association. They are to liquidate the association as it now stands and to levy sufficient amount on all of the capital notes to cover the liabilities and to return to the members their notes upon the receipt of the amount of the levy. They are also instructed to make plans and arrangements for the further carrying on of a co-operative farm business in the town of Petrolia.

The Enniskillen members of the organization held a meeting in the Agricultural Office at the conclusion of the former meeting. Each member expressed himself as being pleased with the co-operative movement and also expressed a desire that the new organization be capitalized locally and that a warehouse be operated and that steps also be taken to establish a grain elevator. —Advertiser-Topic.

### The Young Mother

Youth, with its vitality, makes for the young mother's health and happiness. But later, maternal experiences bring a different result. The care of a family, multiplied household duties, and very often the weakness caused by womanly disease, tend to prolong the suffering and to make convalescence a slow and weary process. Many women—perhaps your own neighbors—have had beneficial experience with Dr. Pierce's Favorite Prescription, which prepares the prospective mother. Send 10 cents to Doctor Pierce's Invalids' Hotel in Buffalo, N. Y., for a trial package of tablets.

HAMILTON, ONT.—"I was advised by a practical nurse to take Dr. Pierce's Favorite Prescription as a tonic during expectancy, and I have had every reason to be grateful for her advice, because it kept me in perfect health and I had practically no suffering. The 'Prescription' not only benefits the mother, but I am positive the child is benefited, too. I would not hesitate to recommend this 'Prescription' to every expectant mother."—Mrs. C. **THE LATE MRS. McDIARMID**

(Alvinston Free Press.)  
After an illness of several months one of the oldest residents of Alvinston passed away on January 26th, in the person of Louisa Ann Eccles, wife of P. A. McDiarmid, druggist.

The deceased was born in the village of Iona, in the County of Elgin, on May 5th, 1854, and was the eldest daughter of the late Daniel Eccles. On November 9th, 1875, she was married and came to Alvinston a few days later, where she resided the rest of her life. She was a member of the Presbyterian church for about 40 years and always took an active interest in church work, and will be remembered by many of the residents of Alvinston and vicinity for her many acts of kindness shown to them.

The funeral was held from her late residence on Saturday, January 29th, interment taking place in Alvinston cemetery.

Besides her husband she is survived by one son, Russell, druggist, of Alvinston; two sisters, Mrs. Thos. Hoag, of Blissfield, Mich., and Mrs. Susan Genge, of Alvinston, and one brother, Dr. R. M. Eccles, of Blissfield, Mich.

Mrs. M. J. Roche, Forest, suffered the dislocation of her right elbow joint, by slipping off a box on which she was standing while hanging out clothes, on Monday last.

**WATFORD HORTICULTURAL SOCIETY**

A meeting of this society was held in the Public Library Tuesday evening, Feb. 8, and was fairly well attended. The following business was transacted.

The thanks of the society was tendered to the Lambton 149 Chapter, Daughters of the Empire, for their donation and promise of support also to the Watford Orchestra for their kindness in furnishing music on the night of Dr. Bennet's lecture.

The following were added to the list of officers, Mrs. T. G. Mitchell to be second vice-president, and the presidents of the Woman's Institute and Lambton's 149 Chapter to be ex-officio directors of the society.

A committee was appointed to draw up a list of premiums that would be available to the members of the society. This list will be published later.

Some time was also spent in discussing further organization and a membership campaign. The Government grant is equivalent to the membership fees so the aim is to include everybody as members. Each member will receive besides the satisfied feeling that he is helping improve his own town, a free premium of seeds, bulbs or shrubs as he may select later. Mr. Swift or Mr. Brown or any of the officers will be glad to receive your fees.

## Androck Corner

Messrs. J. W. Bate and W. L. Millar have returned having paid their respects to Uncle Sam.

Mr. Bert Atkinson steamfitter for Bennett & Wright, was taken suddenly ill the other day while at work in our new factory.

The "Swat the Fly" campaign will be carried on in earnest this season judging by the number of Swatters turned out from this factory.

Seems to us those Postmasters at Watford and Walford must get writers cramps readdressing letters to Watford if our mail is a fair sample.

The latest addition to our concern is "Messrs. Cooke and Cook", caterers. They are reported as being onto their job but we wonder where the unfortunates are who suffered during their apprenticeship.

We note with interest every detail that tends to the completion of our light, airy new office. The staff looks forward with pleasure, despite the horrors of housecleaning, to occupying it in the near future.

From the amount of interest shown in this newly formed Watford Horticultural Society it looks like we are going to have to step lively this coming summer to keep up with the Jones' but we will welcome all the rivalry possible along this line and hope that on many lawns we will see two flower beds where there were none before.

What is this we hear about prospects of a new skating rink for next winter? Well, we are certainly strong for it and can assure the promoters very close to 100% patronage from our employees. Further we hear talk around the shop of an Androck-Hockey Team if there is a new rink. The management says they will back the team and—well when Androck people all get together to do something it's almost invariably a success, isn't it? (The Girls Baseball Team is one instance.)

Listen and we'll tell you a fable with more truth in it than usual.—"Once Upon a Time there was a Superintendent and a Manager visiting in a Far Country who accepted with much joy an invitation to ride in their Boss's Big Car for in their Own Land they seldom got a chance to ride in Anything except a Flivver with a Winter Overcoat of Mud and a Contrary Disposition. For several miles they made the High Rate. The much Elated Passengers threw out their chests until the Buttons on their Sunday Vests were in Jeopardy. But they took the Wrong Turn and struck a piece of Bad Going where the Thrifty Natives had been working out their Poll Tax under pretense of Improving the Highway. The effect was so like Main street it made the Superintendent and Manager Much Homesick. The Big Car put forth an Honest Effort to find its Way Out but didn't seem to know the Correct Symbol. It finally made a Standing Broad Jump and landed Crosswise of the Alleged Road with the Rear Wheels firmly stuck in the Deepest Ruts in the Country. Thereupon the Front Wheels declared a sympathetic strike. The Superintendent and Manager got out to Lift the Wheels out of the Frozen Ruts but it wasn't a Flivver. They tried to Reason with it but to no avail. They tried Alternately and Collectively, Threats, Fence Boards, Cajolery and a Jack but the Big Car was a Stand-patter. The Winter Wind grew Decidedly Chilly and Morale of the Trio was at Low Ebb for the evening was Well Spent, also their Energy. But, Gentle Reader, Dry those tears! At this Juncture a Good Fairy appeared in the form of a man with a lantern and Some Words of Wisdom about Chains doing More Good on the Wheels than under the Seats; whereupon the Passengers fell for these Wise Teachings of the Good Fairy and were soon back on the Concrete again. As the Milk Man was leaving the Morning Bottle at the home of the Big Boss he saw Three Silent Men hovering around a Fire Place and from the Look on their Faces he figured they were Collectively trying to Forget Something. Moral—Beware the Big Car if your knowledge of Automobiles is limited to a few Funny Stories on the Ford.

There is surely not a bigger question in Canada today than that of exchange. There are certain commodities like coal and raw materials that necessity forces us to buy in the United States. On these we must pay tribute. We buy much else that could better be bought in Canada. and on this we pay tribute too. The only way to make the Canadian dollar a 100% dollar in the United States, is to cease absolutely the purchase of goods and commodities in that land that we can do without. If every Canadian would resolve to do this the Canadian dollar would soon look the United States dollar in the eye. You know that. Everybody knows that. But how are the Canadian people going to be jarred into a consciousness of it?

**E. L. COUNTY ORANGE LODGE OFFICERS**

East Lambton County Orange Lodge was held in Watford on Tuesday evening, February 1st, with a large attendance of members. After the year's business had been finished the officers were then elected for 1921. Past County Master Bro. Albert Hawkins took the chair for the election and installation of officers took place as follows:

Past County Master—Bro. James Wallis.

Finance Secretary—Bro. William Swan.

Short addresses were given by the newly elected officers, after which refreshments were served by the ladies.

**THE CRITIC**

A Watford man says the paper he borrows ain't put up right. He finds a lot of fault, he does, perusing it at night. He says there ain't a single thing in it worth while to read. And that it doesn't print the kind of stuff the people need. He tosses it aside and says its strictly on the bum— But you ought to hear his holler when the neighbor's paper doesn't come. He reads about the weddin's and he snorts like all get out. He reads the social doin's with a most derisive shout. He says they make the papers for the wimmen folk alone; He'll read about the parties and he'll fume and fuss and groan. He says of information it don't contain a crumb— But you ought to hear him holler when the neighbor's paper doesn't come. He's always first to borrow it and he reads it clear plum through. He doesn't miss an item on a want ad.—that is true. He says: "They don't know what they want, them darn newspaper guys, I'm going to take a day sometime and go and put them wise, Sometimes it seems as if they must be deaf and blind and dumb"— But you ought to hear him holler when the neighbor's paper doesn't come.

**STORMY WEATHER HARD ON BABY**

The stormy, blustery weather which we have during February and March is extremely hard on children. Conditions make it necessary for the mother to keep them in the house. They are often confined to overheated, badly ventilated rooms and catch colds which rack their whole system. To guard against this a box of Baby's Own Tablets should be kept in the house and an occasional dose given the baby to keep his stomach and bowels working regularly. This will not fail to break up colds and keep the health of the baby in good condition till the brighter days come along. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

# Children Cry for Fletcher's CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

**What is CASTORIA?**

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. ## TO WOMEN OF MIDDLE AGE

**This Woman's Letter Tells You How To Pass The Crisis Safely.**

Lascelles, P.Q.—"During the Change of Life I felt so weak and run down I could hardly do my work. The perspiration would pour over my face so that I couldn't see what I was doing. We live on a farm, so there is lots to do, but many who felt as I did would have been in bed. I took Lydia E. Pinkham's Vegetable Compound and it did me a world of good. I tried other remedies but I put Vegetable Compound ahead of them all, and I tell every one I know how much good it has done me."—Mrs. DUNCAN BROWN, Lascelles, Prov. Quebec.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ear, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and dizziness should be heeded by middle-aged women, and let Lydia E. Pinkham's Vegetable Compound carry them safely through this crisis as it did Mrs. Brown.

**You are invited to write for free advice**—No other medicine has been so successful in relieving woman's suffering as has Lydia E. Pinkham's Vegetable Compound. Women may receive free and helpful advice by writing the Lydia E. Pinkham Medicine Co., Lynn, Mass.

### A WOMAN'S RIGHT TO GOOD HEALTH

Most Troubles Affecting Women Are Due to Poor Blood.

To every woman belongs the right to enjoy a healthy, active life; yet nine out of ten suffer from some form of bloodlessness. That is why one sees on every side pale, thin cheeks, dull eyes, and drooping figures—sure signs of headaches, weak backs, aching limbs and uncertain health. All weak women should win the right to be well by refreshing their weary bodies with the new, rich red blood that promptly transforms them into healthy attractive women. This new red blood is supplied by Dr. Williams' Pink Pills, which reaches every organ and every nerve in the body. Through the use of these pills thousands of women have found benefit when suffering from anaemia, indigestion, general weakness and those ailments from which women alone suffer. Among the many women who tell of the good Dr. Williams' Pink Pills have done them is Mrs. L. Hicks, Round Hill, N.S., who says—"I became very much run down in health; my blood seemed weak and watery, my strength failed, and I was so easily tired that my work was a burden. I had often read about Dr. Williams' Pink Pills and decided to try them, and I can truly say that after using three boxes I found myself gaining, and under a further use of the Pills all my old-time energy and vitality was restored. Out of my own experience I can strongly recommend this medicine."

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

## Chaps—Read This

Once you know how "chaps" are caused, you will appreciate why your skin needs Zam-Buk. The keen frosty winds of winter and early spring dry up the skin—make it hard, brittle and without elasticity. Thus the outer tissues break open into smarting cracks and painful sores. That's how the trouble starts.

In cracked hands, chilblains, frost-bite, eczema and other obstinate skin troubles, use nothing but Zam-Buk. This unique healing balm, derived from a blending of rich herbal essences supplies the skin's deficiency of natural oils. If your trouble is on the hands, use Zam-Buk at night and slip on a pair of old gloves with Zam-Buk smeared inside. This precious balm will soothe away pain, inflammation and irritation, and grow new soft flexible skin.

Redness, roughness, smarting or soreness is readily healed, through Zam-Buk's refined herbal ingredients being absorbed into the underlying tissues. Zam-Buk is powerfully antiseptic. The germs of skin trouble simply can't exist wherever it penetrates. Keep Zam-Buk always at hand for dealing with cuts, burns, scalds, scap sores, ulcers, abscesses, piles, eczema, poisoned wounds, salt rheum and all skin sores and injuries. All dealers 50c. box, 3 for \$1.25. For TRIAL SAMPLE send 1c. stamp to Zam-Buk Co., Toronto.

## PROTECTION FOR MOTORISTS in Purchasing Starting Batteries

WHEN it comes to buying a storage battery, the average motorist has to take a lot on faith.

However, there are two safe rules to follow which, if strictly adhered to, take all the uncertainty and guesswork out of buying a battery, placing it on the firm foundation of demonstrated facts, thus insuring complete satisfaction.

The first rule to be observed is to inquire carefully into the reputation of the company manufacturing the battery under consideration, and the second is to find out what service it has rendered other motorists.

Thousands of motorists have solved their battery troubles for all time by applying this test to Exide Batteries, and in every case, the results have been eminently satisfactory. For in the first place, the Exide Battery is made by The Electric Storage Battery Co., the world's largest maker of storage batteries for every purpose. It is backed up by the skill and knowledge resulting from thirty-two years of manufacturing and engineering experience. And secondly, it has been the universal experience of Exide users that this battery is as good as human skill can make it.

Experience has also shown that Exide Batteries, owing to their compact, simple, rugged construction, require the minimum of attention and repair, but when adjustments are necessary, motorists have learned that Exide Service meets their needs in a broad-minded, liberal and efficient spirit that is unique in the annals of the automobile industry. This service is at the command of EVERY motorist in the country—no matter where he lives and irrespective of the make of storage battery he uses.

addresses on the patriotic work and aims of the Order.

Arrangements were made to have the two pictures which were purchased for the Public School framed and to have the pupils write essays on them.

The Treasurer's annual report showed that \$931 had been raised during the year.

A vote of thanks was moved to the men who had so capably assisted the chapter in the various activities we have directed during the year, and also, one to the general public which has never failed to give most able support to all their entertain-
