S. S. PRINCE ARTHUR AGAIN IN SERVICE

Has Returned to Yarmouth Boston Route—Renovated While Laid Up at Yarmouth

YARMOUTH, March 9th—The steamer Prince Arthur, Captain Alvin Simms, of the Boston Yarmouth Line, arrived from Boston at seven o'clock yesterday morning on her first trip of the season and brought sixty-seven passengers and a large cargo. This ship, which has been tied up during the winter months, has undergone very extensive repairs and general renovation which allows her to take up the service in splendid condition. Owing to the cold weather, however, the exterior painting has not been completed but the interior presents a very pretty picture with its white paint and beautifully polished dark wood. On her return last night the ship took away over two hundred tons of cargo and amongst it were 550 cases dry fish for transshipment to Havana markets, 200 cases for New York, 220 cases fresh fish to Boston and New York and over 600 packages of live lobsters which are selling this week in Boston at forty dollars per case.

THE ANNAPODIS COUNTY RELIGIOUS EDUCATIONAL COUNCIL

A special meeting of the Annapolis County Sunday School Association was called on Tuesday, March 8th, at the American House, Middleton, to meet the General Secretary, Rev. W. A. Ross of Moncton.

The following were present: Dr. J. B. Hall, Pres. Rev. Mr. Patterson, Rev. Dr. Hutchins, Rev. J. A. Swetnam, Dea. I. J. Whitman, Mr. O. E. Robinson, Mr. C. E. Armstrong and Mrs. Annie Saunders.

Meeting opened with prayer by Dr. Hutchins, after which the General Secretary explained the new constitution of the Religious Educational Council. Following discussion it was passed that as a county the new name "Annapolis County Religious Educational Council" be adopted, taking the

new constitution as a working guide. The following officers were elected: Dr. J. B. Hall, Pres., Dea. I. J. Whitman, Vice-Pres., Miss Bertha Hudson, Secy.

An Executive Committee, to be also the Field Committee for the county, was appointed, consisting of the Pres. Vice-Pres., Rev. Mr. Gibson, Rev. Mr. Patterson, and Rev. Dr. Hutchins.

Mr. C. F. Armstrong was appointed chairman of the Finance Committee. Other members of this committee: Mrs. Annie Saunders, Mr. Lenly Sprowl, Mr. C. R. Marshall, Mr. Henry Hicks, and Mr. A. J. Wilson.

Rev. J. A. Swetnam, Mrs. C. S. Balcom, Mrs. Amos Frail, Prin. Archibald, Bridgetown, Mr. Lester Andrews, Inspector M. C. Foster, Mr. Armstrong, Manager Royal Bank, Annapolis, Rev. A. W. Smith, Rev. W. S. Smith, Mr. Ross Miller, Miss Harriet Spurr, and Mrs. J. B. Hall were appointed members of the Council.

It was decided to leave the proportioning of the \$275, to be raised by the county in the hands of the Finance Committee, and the place and date of Convention to the Executive Committee.

ST. CROIX COVE

Mrs. Basil Hills, Port Lorne, visited her parents recently.

Mrs. Emma Clute and Miss Susie Poole are visiting friends in Lawrencetown.

Mr. Fred Charlton, Mt. Rose, was a recent visitor at the home of Mr. and Mrs. Robert Marshall.

Mr. and Mrs. Bradford Poole spent the week end at the home of Mr. and Mrs. B. Armstrong, Mt. Hanley.

Mr. and Mrs. Elijah Risteen, and Mr. and Mrs. Fred Risteen and two children, Hampton, spent the 10th at the home of Mr. and Mrs. W. C. Hall.

COURT HOUSE BURNED

YARMOUTH, N. S. March 10—Fire to-night completely destroyed the county court house. The loss is estimated at \$25,000, with insurance of \$10,000.

The fire is supposed to have started in the furnace room, and at mid-night there was nothing of the building left but the smouldering ruins.

VALLEY BASE BALL LEAGUE ORGANIZED

Interesting and Successful Meeting Held at Middleton Last Thursday

The Annapolis Valley Baseball League held its annual meeting at Middleton Thursday afternoon with the following present—Gordon Thompson, of Halifax, representing the M. P. B. A. A. of Canada; Dr. W. A. Coit of Wolfville; Ralph Walsh, W. F. Simmons, Kentville; C. N. Reagh, Long Andrew; Harry MacKenzie, Long town, and others. The meeting was very enthusiastic and lasted over three hours, most of the time being taken up with a discussion of the bye laws of the Nova Scotia Baseball Association of which the Valley League is a section. After appointing the officers, Dr. Coit, of Wolfville, as president and Fred Bath of Bridgetown as secretary, a letter was read from Morton and Thomson, of Halifax offering a silver cup to the winning team of the league. On motion it was decided to accept this offer with thanks and the D. & M. hall was adopted as the official hall of the league. Several amendments to the constitution were suggested and Harry MacKenzie and Dr. A. C. Fales, of Middleton, were appointed a committee to frame these amendments to be presented at the annual meeting in April. These proposed amendments dealt principally with the clauses regarding registration and protests. There was a feeling that the protests awarded by the executives last year were unpopular and it is hoped this year that all ambiguity will be avoided. The only motion of importance passed was regarding umpires, it being decided to have neutral men for all games. The new president, Dr. Coit, was appointed a delegate to the association meeting in April to represent all clubs not sending men. There was talk of inviting Windsor to join the league, but no action was taken until word was received from Annapolis as to whether they intend entering a team or not.

GORDON PROVIDENCE UNITED CHURCH NOTES

On a recent evening the members of the choir were entertained at the home of Mr. and Mrs. J. M. Fulmer, and a good time thrown in. The minister has received a grateful acknowledgement from the Treasurer of the China Famine Relief Fund of the \$121 contributed by the congregation. The March meeting of the W. M. S. was largely attended. Mrs. M. E. Armstrong being the hostess, and a most enjoyable and profitable evening spent. All the ladies of the congregation are most cordially invited to be present at the monthly meetings of this Society, which has in its membership some of the most active members of the church.

Mrs. Jost is the purposeful President and Mrs. Fred E. Bath, the resourceful Treasurer. A Pantry Sale is planned for Saturday the 19th inst.

A mid week service on Wednesday evening was well attended among these present being Mr. Baxter, of St. John, now on a visit to his daughter Mrs. H. S. Magee. Mr. Campbell, of Amherst, the father of Mr. H. J. Campbell, of our town, and Miss Carrie Johnston, just back from the old country. The friends were glad to welcome Miss Johnston "back home." New faces and new voices are much appreciated from week to week.

The young people of the church always have the right of way on Thursday evening, as well as on Thursday evenings, and they know that a good time is in store for them as is invariably the case. Last Friday evening the members of the E. L. of C. E. presented a program of much merit which reflected great credit on Miss Gladys Newcombe, the Director to whose untiring energy the success was largely due. Also to Miss Maitland, as Dorald, the Misses Lillian Egan, Crowell, Ritchie, Morehouse and Ruth and Marion Fowler for their respective parts, and last but certainly not least, on the young men for their splendid musical contributions, particularly the Solists. The evening's exercise

clustering around the operetta "The Challenge of the Cross".

The Educational and inspirational value of such a service is beyond all calculation. A large attendance is desired this coming Friday evening when the subject will be "Vanguards of Canada."

"The young people's activities are forging ahead, each in turn getting off to a good start, like the transcontinental "hikers", and pressing the others very hard for first place.

The latest to effect organization is another group of bright C. G. I. T. who have lost no time in getting underway and are already talking a "Mothers' and daughters' banquet" for this week.

Dr. Jost, whose complete recovery from the effects of his recent serious illness, is a source of much thankfulness, continues to preach at stated times, and occasionally conducts the service at the County Home. The usual congregational "sing" at the close of the evening service last Sunday was much enjoyed by the large congregation.

Morning and evening services next Sunday and every Sunday, to which services everybody is invited, and all are welcome. Will the parents please urge their children to attend the morning services. A pleasing feature is the public recognition at some time during the service, of their presence.

At the meeting of the Board of Management on the 7th inst., most encouraging reports were received, revealing substantial progress in all departments. It was decided to introduce the New Book of Praise at an early date, it being possible a Easter Sunday, on which occasion the Sacrament of the Lord's Supper will be administered.

The Board placed on record its appreciation of the valuable assistance rendered the Church by the Editor of this paper in generous allotment of space from week to week. Various denominational interests, both Presbyterians and Methodist received careful attention, and suitable action taken with a view of safe guarding the relationship to the parent churches. An honored and faithful pastor of former days has passed his eternal reward in the person of the Rev. E. B. Moore. Many will recall with gratitude his fruitful ministry on the Bridgetown Circuit. Mr. and Mrs. Boates and family are being warmly welcomed to this new church home.

The following just to hand Miss Ziegler, of Toronto, Canadian Secty of Girls' work, and Miss Allison, Girls' work Secretary for the Maritime Provinces expect to visit Bridgetown on Tuesday, March 22 in the evening at 7.30. These ladies are Specialists, and having travelled extensively they have wonderfully interesting experiences to relate. Other places wanted them but Bridgetown got ahead and it will be up to the citizens of this town to show their appreciation by their presence at these meetings.

AT THE PRIMROSE THEATRE

If it were not for the names of Lewis Allen Browne as scenarist and Edmund Goulding as author, on the main title of the Selznick Picture "The Dangerous Paradise," which opens a two day engagement at the Primrose Theatre Monday March 21 the observer would immediately come to the conclusion that the story was by Booth Tarkington. The characters, the style of plot and the general atmosphere is that of Tarkington at his best, and a very good best it is.

Set amid scenes of remarkable beauty and good taste, the picture portrays the adventures of Ivis Vanastor, a subdue, who seeks to enter "The Dangerous Paradise" of freedom which she fondly imagines exists for married ladies only. Lask, in the form of an inheritance on her eighteenth birthday, comes her way, and with a definite plan in mind, she boldly sets forth.

The picture is comedy of the first stripe that entertains from beginning to end.

SLEIGHING PARTY TO HUNTERS LODGE

The party was composed of Mr. and Mrs. M. Charlton, Mr. and Mrs. L. M. MacNayr, Mrs. Levi Ackler, Mrs. Wilbert Zinck, Mrs. Elwood Young, Mr. and Mrs. J. Conrad, Mr. Mr. and Mrs. E. A. Whynot, Mr. and Mrs. H. Rafuse, Mr. and Mrs. D. Sanford, Mr. Enos Swallow, Mr. Burp Late, Mr. George Wilson and Mr. Jim Sanford.

After a pleasant drive through a forest teeming with moose, we

arrived at our destination and received a royal welcome by Mr. and Mrs. Acker and their sons. After our horses were well cared for we proceeded to the dining room, baked beans were disappearing like dew before the sun, by some of the party that proceeded the writer. But we had no kick coming Mrs. Acker is noted for preparing bean suppers and believes in having plenty. All of the party compliments the splendid supper provided by Mr. and Mrs. Acker!

After the dining room was cleared it was suggested that Mr. Swallow give us a "heel and toe" step. Altho Mr. Swallow is not a member of Springfield dancing Club, he would have made some of the Club blush by the agility of his step if they had been present. Calatumpian waltz by Mr. Acker and son was greatly enjoyed by all. While some of the party were enjoying themselves with some old time games, others were getting ready for a candy pull. This was the sweetest part of the program.

The party then proceeded to the sitting room, Mrs. E. A. Whynot presided at the organ, and all joined in singing a number of old familiar hymns. Closing the evening programme by singing "God be With You 'Till We Meet Again."

Party then started homeward bound feeling they had a pleasant time at Hunter's Lodge. Mrs. Ackers parents known as "Uncle Louis and Auntie" altho well on in their eighties are hale and hearty and greatly enjoy having their friends come to Hunter's Lodge, where they located a number of years ago and made a resting place for travellers journeying on what is known as the "Old Liverpool Road". Travellers can still enjoy the same hospitality from their son William Acker and wife, who go to Hunter's Lodge.

CANNOT OPERATE STEAM TRAWLERS

And Fishermen Say They Cannot Work at Lower Wage Scale Offered.

BOSTON, March 10—The executive here today of the Executive Board of the Fishermen's Union of the Atlantic with representatives of owners of Boston and Gloucester steam trawlers, recently withdrawn from the fishing fleet, brought no new suggestions for settlement of differences which are keeping about 1200 fishermen and fish handlers idle.

Fishermen cannot work at the lower wage scale offered by the owners, it was stated, and owners' representatives declared trawlers cannot be operated at a profit at present fish prices and rates of pay. A committee representing the fishermen submitted a detailed report of its inquiry into conditions, finding that steam trawlers would have to make at least forty trips of an average \$4,000 gross earnings each year to be able to pay a fisherman wages totalling \$1,700 annually. This amount would not support him and family and buy his equipment, the report said. It added that trawlers do not make forty trips a year, and that the average gross earnings do not amount to \$4,000 for each voyage.

Wm H Brown, president of the Fishermen's Union, asserted that Federal or State supervision at fish piers might stabilize fish prices and work to the betterment of the industry.

Davidson, M. P., for Annapolis and Digby Counties, who is at present at Ottawa, stating that he had succeeded in having the C. N. R. service continued over the Middleton-Port Wade division.

TOO ILL TO GO TO SCHOOL

Mother Tells how Daughter was Made Well by Lydia E. Pinkham's Vegetable Compound

Cobourg, Ont.—"Lydia E. Pinkham's Vegetable Compound was recommended to me for my daughter. She had trouble every month which left her in a weak and nervous condition with weak back and pain in her right side. She had these troubles for three years and frequently was unable to attend school. She has become regular and feels much better since she began taking the Vegetable Compound and attends school regularly. She is gaining steadily and I have no hesitancy in recommending Lydia E. Pinkham's Vegetable Compound and Lydia E. Pinkham's Blood Medicine."—Mrs. Joan Toms, Ball St., Cobourg, Ont.

WEST ARLINGTON

Some villages are still wet. Edward Sanford, Port Lorne, was calling on friends here on Saturday. Mr. Adelbert Johnson has been laid by several days with a sore foot. We are glad to report that he is improving. Mr. and Mrs. Alfred Marshall, accompanied by Miss Curry, spent Sunday last at the home of Mr. and Mrs. Carmen Sanford, Clarence.

On Friday evening of last week a pie social was held in the school house. The proceeds amounted to \$11.15, and is to be used in purchasing maps for the school. Mr. and Mrs. George Brinton, who have been spending the past two months with the former's parents, Mr. and Mrs. J. Brinton, left for their home in Keene, N. H., last week. Mr. and Mrs. Minard Brinton pleasantly entertained a number of friends on Thursday evening, in honor of their daughter Evelyn's birthday. Evelyn received many nice presents, and took her part as hostess in a very pleasing manner.

On Wednesday, March 2, a number of men, young and old, chopped a large pile of wood for Mr. Alfred Marshall. The ladies arrived in the evening. There was music and much merriment until a late hour when all left voting a very enjoyable evening. On Saturday evening the spacious home of Mr. Melbourne Charlton was thrown open to a large number of his friends. They were pleasantly entertained with graphophone music songs and games. The ladies served refreshments and all retired at a late hour.

The publisher of the best Farmer's paper in the Maritime Provinces in writing to us states:

"I would say that I do not know of a medicine that has stood the test of time like MINARD'S LINIMENT. It has been an unfailing remedy in our household ever since I can remember, and has outlived dozens of would be competitors and imitators."

A wise man pays attention strictly to his own business unless paid to attend to the business of other people.

How Zam-Buk Saved My Leg!

"For years I could hardly walk," writes Mrs. Jeffrey, 431, French St., Methuen, Mass. "I was treated by doctors for an ulceration which started in my ankle and extended to the knee. Though sceptical when I read of other legs being healed by Zam-Buk, I gave the balm a trial. Whilst Zam-Buk didn't put my leg right in a day or two, it did ease pain and inflammation wonderfully. Persistence soon convinced me that, thanks to Zam-Buk, I was at last on the sure road to recovery, and in time the terrible sore thoroughly healed. For three years now, I've had no leg trouble. In obstinate sores, old wounds and ulceration where destruction of the tissues has occurred, Zam-Buk displays extraordinary healing power. Sufferers marvel at the way it soothes pain and inflammation, purifies diseased parts and stimulates the growth of new healthy tissue. Whereas ordinary ointments simply cover over surface trouble, Zam-Buk healing is permanent for it leaves no trace of disease to break out. Zam-Buk proves equally effective in eczema, ringworm, salt rheum, piles, poisoned sores, abscesses, burns, scalds, etc. All chemists and dealers see."

A Quick Relief for Headache

A headache is frequently caused by badly digested food; the gases and acids resulting therefrom are absorbed by the blood which in turn irritates the nerves and causes painful symptoms called headache, neuritis, rheumatism, etc. 15 to 30 drops of Mother Seigel's Syrup will correct faulty digestion and afford relief.

CHRISTIAN SCIENCE OF PRAYER

"Draw nigh to God and He will draw nigh to you". From these words and continuing his series of sermons on the Christian Science of Prayer in St. James' Church on Sunday evening, the Rector took as his subject "Prayer—in touch with God." Recurring to what he had said the previous week he pointed out that this is the almost inevitable result of entering into the inner chamber and deliberately closing the outer door of the heart the door which shuts out from the mind, for the time being, all the clamouring host of interests and duties, pleasures and cares, which crowd our lives and distract us with their claims; then opening the inner doors in order to give God a full and free range of our whole being.

The next step in making prayer a positive power in the life, is to take time to realize the Divine Presence. There is a fatal loss of power involved in the all too common habit of so simplifying prayer as to reduce it to a mere habit of making petitions to a Deity whose relation to ourselves is vague and undefined. Many say they do not pray because God is not real, whereas it would be truer to say—God is not real because they do not pray.

But we should aim not only at a realization of the Divine Presence, but also to realize that this Presence is the Presence of God our Heavenly Father. Thus Communion with Him in prayer becomes a privilege.

But how has this become possible? It has been made so and we have been so taught by Jesus Christ, Who for us men and for our Salvation came down from heaven.

Then there is the assistance we get one infirmities. We shall never know just what we owe to His inner working.

"And He's that gentle voice we hear. Soft as the breath of even. That checks each fault that calms each fear. And speaks of heaven."

Thus God is seeking for us even more and before we are seeking Him.

The sermon closed with Archbishop Trench's great sonnet: "Lord, what change within us one short hour Spent in thy presence will avail to make! What heavy burdens from our bosoms take! What parched grounds refresh, as with a shower? We kneel and all around us seems to lower; We rise, and all the distant and the near Stands forth in Sunny outline, brave and clear. We kneel, how weak! we rise, how full of power! Why, therefore should we do ourselves this wrong Or others, that we are not always strong; That we are ever overborne with care; That we shall ever weak or heartless be. Anxious or troubled, when with us is prayer. And joy and strength and courage are with Thee!"

EXCITEMENT OVER NOTHING Digby Town Deficit is Reduced To \$10

DIGBY, March 11—That the much advertised "shortage" of the town clerk and treasurer of this town was but \$465.30 at the end of the year and that \$426.62 has since been paid into the bank was the gist of the auditor's report presented to the town council last night at this meeting also the resignation of the town clerk and treasurer was read and accepted, and Alfred Borden lastly book keeper for Dr. T. H. MacDonald, the Meteghan Shipbuilder, was appointed to fill the vacancy. The finance committee have been in session all day today and all outstanding accounts against the former town clerk and treasurer have been settled. Thus ends another chapter in Digby's civic history but a chapter not nearly so bad as the first public announcements, which were very premature and much exaggerated, would indicate.

A Health Saving Reminder

Don't wait until you get sick—USE

Schr Edith Lelliveau 238 tons, Capt Bennantoff, cleared from Weymouth 7th with a cargo of lumber for Porto Rico.

MRS. ALICE GRESHAM DODD, mother of first American soldier killed in France, who gives entire credit for recovery of her health to the well known medicine, Tanlac.

The following remarkable statement was made recently by Mrs. Alice Gresham Dodd, the mother of Corporal Jas B. Gresham, who was the first American soldier killed in France. The statement was made at the Gresham Memorial Home, which was presented to her by the patriotic people of Indiana as an evidence of their appreciation of the services rendered to his country by her son.

The shock of her son's death entered in a serious breakdown in Mrs. Dodd's health, but stay one will learn with interest and pleasure that she is now in splendid health again. Mrs. Dodd gives the entire credit for her recovery to the celebrated medicine, Tanlac.

She said: "After my dear boy's death I had a general breakdown in health. At first it was just indigestion. My food would upset me and I had to diet myself very carefully. I also had rheumatism with severe pains in my shoulders, back and arms and at times I would suffer greatly, and my joints would become swollen and stiff. I was hardly able to do but very little about the house and at times could not even cook a meal. I became very nervous and restless and at night would lie awake for hours.

"A friend of mine advised me to try Tanlac. I am glad I did, for it proved to be the best medicine I have ever taken. It soon gave me a splendid appetite and relieved me entirely of indigestion. My rheumatism also disappeared and I am now able to do my house work with the greatest ease. My nerves are steady and strong. I sleep well at night and my health is better than in years.

I shall always be grateful for what Tanlac has done for me." Tanlac is sold in Bridgetown by S. N. Wearie in Middleton by Clifford A. Mumford and in Bear River L. V. Harris.

JUST OUT

Business was rather slow in the only shop in the village. Though they sold everything from a box of matches to a white elephant, not a single copper had passed over the counter that day. As the church struck the midday the bored assistant cast a hopeless eye up the narrow street. Only one figure was to be seen, and he was on the other side of the street. It was old Figgins.

A look of hope crossed the assistant's face. Yes, the old boy was crossing the street and making straight for the shop. He entered. "Mornin', mornin'," he said heartily. "I've just looked in to buy an average lot." "Have a look at some, young feller." "An average, did you say, sir?" said the assistant blankly. "Yes, yes; same as old Bruggins brought."

"What's it like, sir?" asked the unfortunate fellow behind the counter. "How should I know?" answered Figgins angrily. "All I know is as old Bruggins told me how he's got a hen what lays twenty five eggs a month on an average, and I want one, too—so trot'em out and let's have a look at 'em!"

BRIDGETOWN'S NEW INDUSTRY

Bridgetown's vulcanizing works have been moved from Annapolis to Bridgetown and Messrs Wheeler & Troop, the proprietors now occupy the building between the Fire Hall and the rear of the Messinger grocery block. The firm has with them, Mr. George Gallagher, an expert workman, who moved with them from Annapolis. A slight fire in the attic of this building called out the fire department Saturday afternoon, which was extinguished without serious damage.

Come to lay up until better freight conditions prevail, the schooner Peaceland has arrived at Annapolis Royal from Havana via Cutler, Me.

RASPBERRY DISEASES

(Experimental Farms Note) Raspberry plants are subject to a great many diseases, some of which are very destructive and cause much loss to the grower, and unfortunately most of them do not respond to remedial or control measures.

In such a short article as this, it would not be possible to describe the symptoms and causes of each of these diseases in detail; reference to them can only be made in a general way. A very complete description of them will be found in the bulletin on "Bush Fruits and their Cultivation in Canada" which may be obtained by application to the Publications Branch, Dept. of Agriculture, Ottawa. With the exception of the Crown Gall and the Yellow or Leaf Curl, these diseases are all caused by fungi. In Crown Gall, a bacterium is responsible for the knot-like swellings on the roots and lower part of the stem, causing the plants to become yellow and sickly and very much reducing the yield of fruit. There is not much that the grower can do to control this disease except examine young plants prior to setting them out, discarding any which show the knot-like swellings on the roots or stem. The cause of the Leaf Curl or Yellow is unknown. It has proved very destructive to certain varieties, such as the Cuthbert in some localities. There is no means of control known for this disease, and all the grower can do is to plant varieties known to be resistant in his locality.

Spraying or dusting for any of the Raspberry diseases has not yet been demonstrated to be of sufficient economic value to be recommended. The fungus diseases the Green Blight, Anthracnose, Spare Blight and Orange Rust are of fairly common occurrence and at times very destructive, but in no cases is there any definite treatment—the removal and burning of infected plants, or the changing of the location of the plantation being the only precautionary measures to recommend. It is good practice to change the plantation about every 5 or 6 years, because this not only prevents diseases from becoming established, but land becomes impoverished in the food requirements of the Raspberry plant in an old plantation. After the crop has been harvested, the canes which have borne fruit that season should be carefully pruned out and burned. By so doing the plantation will be rid of much material which would harbour diseases.

ANOTHER PLEASANT TRIP

(Middleton Outlook) Mr. O. P. Goucher left on Tuesday to attend a meeting of Agents of the Manufacturers' Life at Tarpon Springs Florida. This is the Annual gathering of the members of the "Two Hundred Thousand Club". In line with many of the other large companies the Manufacturers' Life has been bringing its big producers together occasionally in the interest of bigger and better business. The last annual report of this Company shows the new business for the past year to be \$52,268,840 and the total income \$8,630,544 which is double that of five years ago.

BRIDGETOWN BOARD OF TRADE

No organization can do more for a town than a good live Board of Trade and Bridgetown's Board comes under that head. The entire business of the year, between the annual meetings, have for years been done by the Council only. This has worked out all right in everything that has come before them, but we think, sometimes, that the members and public generally would prefer quarterly meetings of the whole Board so that they could be informed what the members of the council were doing. The council, however, have accomplished a lot for the welfare of the town, especially during the past year and it is up to every member of the Board and our citizens who are not, but should be members, to be present at the annual meeting next Friday night at 8 o'clock, and find out what is being done about officers and map out a schedule for next year.

SERVICES OF BRIDGETOWN BAPTIST CHURCH

Sunday was a day long to be remembered in the Bridgetown Baptist Church. The largest Communion in the history of the church met in the morning. The Right Hand of Fellowship was given to thirteen new members and at the evening service many more made a start in the Christian life. Because of the increasing interest in the Evangelical Services will be continued indefinitely. Next Sunday evening a sermon to Tuxis Boys and Trail Rangers will be given. Subject "Sampson, the Strong Man That Became Weak." The Girls Choir of the World Wide Guild will sing and then will follow the usual Evangelical Services. From now until further notice, there will be preaching service every Sunday afternoon at Centrelea at 3 o'clock.

CHRISTIAN SCIENCE OF PRAYER

An article under the above heading was unavoidably held over from last week. It appears on page three of today's MONITOR. Last Sunday evening Mr. Underwood dwelt on the use and abuse of "forms" of Prayer. Substituted for our own efforts they are harmful, but used as a stimulus and guide they may help much in our training. Even the "Our Father" given us by Jesus will be an empty thing unless we fill it for ourselves with earnest purpose. In all prayer, have a care to build the gold, silver, and precious stones of earnest and unselfish purpose, rather than the "wood, hay, stubble" of thoughtlessness that perish in the using. The Series will be brought to a close next Sunday the subject being "Prayer as a battlefield."

PUBLIC MEETING

We wish to remind the ratepayers of Bridgetown the importance of attending the public meeting to be held in the Council Chamber next Monday evening, March 21st, to vote a sum of money sufficient to purchase or take over the distributing lines and equipment of the electric light plant within the town of Bridgetown. This is a move in the right direction. We hope that a large number will be present and cast their vote for or against. Those who stay away will have no license to "kick" after the affair has been decided.

WHEN A FRIEND NEEDS A FRIEND

The Paradise Dramatic Club presented the above three act comedy drama to a full house in Longley's Hall, Paradise, last Friday evening assisted by the Bridgetown Orchestra. The whole entertainment was a big success and much appreciated by all who were there. It is hoped that some time in the near future the Club will arrange to put on the above play in the Primrose Theatre, Bridgetown, where we know they will draw another full house. We wish the P. D. C. continued success.

Local Happenings

The ice is out of the Annapolis river and navigation is again open for the season. Mrs. Fred Foster reported the first pantries of the season last Saturday in her garden at Carleton Corner.

Next Week being "Holy Week" there will be service in St. James' Church each evening commencing at 7.30.

Miss Reta Phinney, of Bridgetown, claims the distinction of picking the first Mayflower of the season Saturday March 12th.

Do not fail to hear Miss Zeigler and Miss Allison in the Vestry of G. P. U. Church on Tuesday at 7.30. These ladies are specialists in organized Girls' Work. They radiate enthusiasm and energy wherever they go.

Miss Helen MacDougall will speak in the Board of Trade Room this (Wednesday) afternoon at 2.45. Subject "Balanced Rations". Not only the members of the Women's Institute but all ladies are welcome. It is hoped the attendance will be large.

Mr. Gordon Sanford has sold his property at Carleton Corner to Mr. Kenneth Leslie, of Woodville, Kings County. Mr. and Mrs. Leslie and two children have arrived and are taking possession of their new property. We welcome them to our town and trust that their stay here will be a pleasant one.

Miss Zeigler, of Toronto, the General Secretary of Girls' work and Miss Allison, Maritime Secretary will visit Bridgetown on Tuesday next. In the afternoon a meeting of C. G. I. T. and their leaders will be held in the Vestry of the G. P. U. Church at 4 o'clock, and in the evening a public meeting will be held at 7.30 in the same place.

The public health clinic meets in the Council rooms, Bridgetown next Friday afternoon between 1 and 3 o'clock at which a full attendance of all interested are especially requested. Miss Pearl Chute, nurse in charge and the local physicians will be present.

Capt Tom Best, a veteran of two wars, will address a big mass meeting in the Baptist Church Friday evening at 8.15 o'clock sharp in the interest of the boys' work. Many of our residents will remember Capt Best who so enthusiastically addressed meetings in Bridgetown prior to and after the Boer War. Besides being a forcible speaker he is also a good athlete and holds the one mile running championship in Canada.

LOCAL DEATH ROLL

MRS. DAVID DUNCAN

Mrs. David Duncan passed suddenly and peacefully away on Sunday afternoon at 4 o'clock, March 6th, aged 88 years. She was born in Chester, and after her marriage came with her husband to Paradise where they resided for a number of years.

In 1882 they moved to Lawrence-town. Her husband predeceased her 13 years ago. She was a devoted and faithful member of the Episcopal Church, always generous and ready to help in time of need. For several years she has been afflicted with blindness which was born with the Christian spirit of cheerfulness.

To be in her presence was an inspiration and to know her was to love her or her it may be said. "She being dead yet speaketh". She was kind and genial, a friend to all and will be generally mourned and missed. The funeral took place in the Episcopal Church with prayers at 1.15 late home on Tuesday afternoon at 2.30. The services were conducted by Rev. Canon Morris, of Middleton. She leaves to mourn their loss four sons and two daughters. The sons are Oscar, of Alton, N. H.; Edward of Beverly, Mass.; Arthur of Lawrenceville, Clifford, Station agent at Annapolis. The daughters Mrs. Joseph Martin of Bangor, Maine, who arrived home a few days before her mother's death, and Mrs. Annie Warwick, who has faithfully cared for her mother during the past years.

The pall bearers were: Messrs S. T. Jefferson, Whitfield McNay, W. H. Phinney and C. S. Balcom. The funeral director was Mr Wm. Fitz-Randolph. The floral tributes were beautiful as follows: Wreath, Clifford and wife; Spray, Grandchildren, Frances and Fred, George Bishop; Spray, of Roses, daughter Sophie; Cross, daughter Anne; Spray, Mrs. W. W. Bent; Cut Flowers, Mrs. E. A. Phinney; Cut Flowers, Daughters Miss Grace Jefferson; Cut Flowers, Mrs. D. M. Balcom.

The body was laid to rest beside that of her husband in Pine Grove Cemetery. Heartfelt sympathy is extended to the bereaved ones. "We shall meet but we shall miss her."

There will be one vacant chair We shall linger to caress her. While we breathe our evening prayer.

WILLIAM BAXTER

Wednesday morning, William Baxter, 64 years old, passed away at Annapolis after a brief illness, from pleurisy. He leaves a widow, who was Mary Douglas, daughter of the late Melton Douglas, of Caledonia, Queens County, also two sons and two daughters, Ruth and William, in Sask; Frank, student in engineering, Acadia College, and Helen at Normal School, Truro.

Mr. Baxter was a native of Caledonia his father was the late Charles Baxter, who was born in Aberdeen, Scotland and came out to the New Settlement in North Queens with his parents when a small boy to join the Scotch Colony that had preceded him only a few years. He was of sturdy pioneer stock and as a young man he went through all the trying experiences of converting the forest primeval into cultivated farm land.

He first purchased a farm in Maitland, Annapolis County, about 30 years ago. He sold and bought the farm at Round Hill. He was a hardworking practical farmer. From boyhood he lived a clean honorable life and thus maintained the noble traditions of his family. He was a member of the Baptist Church, Round Hill, and was loyal to the interests of Christianity.

He was a man of sterling integrity, with a kindly, gentle spirit. To know him was to admire him and he was kindly esteemed as a citizen and neighbor.

His remains will be taken to his old home at Caledonia to be interred in the old family lot in the cemetery on the shore of Moore's Lake. They left Round Hill by the early train so as to connect with the C. N. R. train at Middleton.

MRS. JOHN L. SULIS

The death occurred at Smith's Cove on Thursday evening last of Mrs. Diadamy, wife of Mr. John L. Sulis, at the advanced age of 83 years. She had been in failing health for some time so her death was not unexpected. She leaves a husband, two daughters, Mrs. Alonzo Yarrigle, of Woburn, Mass., and Mrs. George Cossitt, of Smith's Cove, and one son, Henry, at home; two grandchildren, Carroll Yarrigle, of Woburn, Mass., and Lawrence Cossitt, of Smith's Cove, and one brother, Levi Rice, of North Dakota, and relatives in Annapolis, Bear River and the United States. She had been married over fifty seven years and will be greatly missed in the home where she was a faithful wife, devoted mother, good hearted and kind to everyone. Her funeral which was very largely attended, took place on Sunday afternoon and was conducted by Rev. A. M. McIninch, pastor of the Baptist Church, of which the deceased was a member. There were many beautiful floral tributes.

THOMAS E. STABB

Thomas E. Stabb died at the Yarmouth Hospital, Wednesday evening aged fifty six years. The deceased was a native of St. John's Nfld., but for many years past had made his home in New York. A few weeks ago Dr. and Mrs. Dickie, of Barton, Digby Co., the later being his daughter went to New York and Mr. Stabb who was in poor health, with Mrs. Stabb, accompanied them home. A week ago Mr. Stabb entered the hospital at Yarmouth and underwent an operation. His condition at the time was very serious and he received little benefit, gradually weakening until he passed away. Mr. Stabb leaves his widow and Mrs. Dickie is his only daughter.

ARNOLD CONNELL

Arnold, son of Mr. and Mrs. Wm. Connell, passed peacefully away at his home in Bridgetown Tuesday, March 8th, aged 17 years. The deceased had been an invalid all his life but had borne his afflictions with patience. He leaves besides his parents, two brothers, Hastings of Granville Centre, and Ralph in Halifax. The funeral took place from his late home Thursday afternoon with interment in the Riverside cemetery. The services were conducted by Rev. E. Underwood, rector of St. James Parish. The pall bearers were Hastings Connell, Edward Swift, Greatorex and Howard Anderson.

RICHARD DALEY

John Daley received word last week of the death of his youngest brother Richard which took place in Denver, Col., last Thursday following an operation for gall stones. He was the youngest son of the late Richard Daley and was born in St. John 68 years ago. About forty years ago he went to Rawlins, Wyoming, and has ever since made his home in that place. He leaves to mourn their loss a widow, two sons and one daughter, also two brothers, John in Digby, and William, in Wouling, and one sister Miss Letitia Smock, of Los Angeles, who spent last summer in Digby.

Historical Events in Nova Scotia

(1) The Officer Quarters at Fort Anne, Annapolis Royal, Nova Scotia. This is now a museum where many interesting historical relics are kept.
(2) Fort Anne is divided into two sections; this is the connecting archway.

The Nova Scotia Historical Society and its offshoot, the Historical Association of Annapolis Royal are making combined efforts to bring about a fitting commemoration of three interesting historic events this year at Annapolis Royal, the ancient capital of the province. In 1604 the tercentenary of the founding of this place, under its former name of "Port Royal," was celebrated with great éclat—probably 10,000 people attending—and a monument to de Monts, the founder, in a commanding position in the grounds of Fort Anne, stands as a permanent memorial of that occasion.

Now it is proposed to celebrate and erect a memorial of the tercentenary of the birth of the Province. It was in 1621, the country then being claimed by the British by virtue of Aragal's conquest of Acadia in 1613, that James I. of England, VI. of Scotland, granted to Sir William Alexander (afterwards Earl of Stirling), a charter to make of this territory a New Scotland in America, that as there was a New England

and a New France there might also be a New Scotland in the New World. This business was finally arranged and the King's letter authorizing it issued on the 5th August, 1621, and the date of the tercentenary celebration will in all likelihood be the 5th August this year, and the scene of it the old Fort of Annapolis, now called Fort Anne, where a bronze tablet will be erected as a memorial.

At the same time and place the legal profession will celebrate the first of such courts, which sat within the walls of Fort Anne in 1721. A tablet will also be presented and dedicated bearing the following inscription:

"This tablet erected A.D. 1921 under the auspices of the Historical Association of Annapolis Royal commemorates the one hundredth anniversary of the arrival in this Town of Thomas Chandler Halliburton who lived here eight years and began in this place his great career in law, literature and public life."

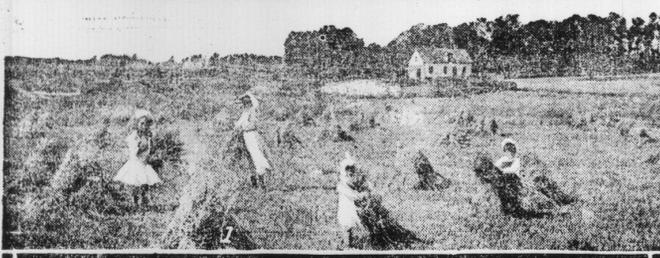

Thus there will be a tercentenary, a bi-centenary and a centenary celebration, all on one day, in the old stronghold of Port Royal, whose ramparts, bastions and outworks are still in a wonderful state of preservation, and form the centre of attraction for thousands of visitors every year.

The committees in charge of the arrangements have hopes that the Governor-General will be present to unveil the tablets, which will be formally presented by representatives respectively of the province, the legal profession and the local Historical Association, and will be received for the nation by the Minister of the Interior or some one representing him, and committed to the care of the Superintendent of Fort Anne, which is now a National Park, under the management of the Interior Department of the Federal Government.

It will be a memorable occasion and no doubt will attract a host of visitors.

The full programme, we are assured, will be given to the public at an early date.

PRINCE EDWARD ISLAND

Prince Edward Island has attractions for others than transient visitors. The island is a decidedly important economic factor in Canada's aggregate wealth and holds within its boundaries great sources of revenue as well as many undeveloped potentialities. Not only is the land self-supporting but in position to engage in a considerable export trade with its products.

Within an area of 2,184 square miles, it has a population of about 84,000 or twice as many persons to the square mile as any other Canadian province. With the lowest extremes of heat and cold of any province east of the Rockies, the island has an admirable climate which makes possible a diversity of agricultural and animal husbandry pursuits under the most favorable conditions.

Farming, fishing, fur-ranching, shipping and trading form the chief occupations of the island. Its small, peaceful, intensive farmssteads number 14,369, and are extremely productive. The farms of the province are termed the "million acre farms," and experts declare that the island could support a population of two million people.

Practically all of it is under cultivation with farms varying from sixty to one hundred acres in extent. Mixed farming is practised extensively and dairying is profitable and popular. The farms of the province, per farm, it is claimed, possess four times as many cattle and sheep, six times as many swine, and nearly eight times as many poultry as any other province in the Dominion.

There are on island farms proportionately more cattle than in any state in the U. S. A. with the exception of Iowa. Last year the agricultural yield of Prince Edward Island was about 693,000 bushels of wheat, 6,779,000 bushels of coarse grains, 6,926,000 bushels of potatoes, and 849,000 tons of hay and clover.

Of late years Prince Edward Island has become known to the outside world as the premier land of fox ranches. The domestic breeding of foxes originated there and the island has never ceased to maintain the ascendancy, exporting each year a large fur pack as well as large numbers of breeding animals, and at the same time, continually extending the number of existing ranches. During the past season for instance, more than a million dollars worth of silver fox pelts left the island shores, and in the same period half a million dollars worth of breeding stock found its way from the same source to ranches situated in every part of the globe.

There are some four hundred fox ranches on the island with nearly six thousand pairs of black foxes, and about one thousand pairs of red foxes.

The fishing industry is an important one. Lobster, salmon, cod, haddock, herring and mackerel are caught whilst the oyster culture is an important item in fishery revenue. Lobster is the most valuable of the sea products amounting in 1919 to \$538,979 out of a total revenue of \$895,921. Cod was next with \$120,507, and the oyster cult produced \$90,862. Two hundred lobster canneries on the island produced more than \$100,000 worth of goods. Charlottetown, the capital and commercial centre of the island, has a population of about 12,500. Other towns are Summerside, Souris, and Montserrat, all quaint little burgs, with a charming old-world aspect, yet modern in activity.

Prince Edward Island is indeed a land of fortunate possession, having all the beauty of the old world, with the wealth and potentiality of the new.

SLUMP NOT OVER YET IN THE U. S.

NEW YORK, March 12—Industrial conditions assumed more disturbing aspects today, a coming wage reduction by the western packers being followed by announcement that the Pennsylvania railroad intends to cut salaries and wages "to accord with economic conditions." After the close of the stock market it became known through Chicago advices that similar action would probably be taken by all the leading transportation companies.

Latest conditions in the steel trade were emphasized by the Iron Age, which made special reference to the detached attitude of consumers and further restriction of operations by most of the largest producers.

The present industrial condition of the country is the most critical in the last forty-four years and only the operations of the federal reserve system has prevented a financial panic, according to David R. Forgan, president of the National City Bank of Chicago, in an address at Evanston (Ill.), Mr. Forgan denied reports that Wall street influences have been used to effect bank failures in North Dakota.

FORD OPTIMISTIC.

DETROIT, March 12—The worst of the business depression is over, Henry Ford, the automobile manufacturer, said today. He declared business was steadily improving in Detroit, and that similar gains should result in other parts of the continent soon.

Different conditions will prevail after the readjustment than before the war, he said. "There will be more economy in every way, but the volume of business will continue to grow."

The committees in charge of the arrangements have hopes that the Governor-General will be present to unveil the tablets, which will be formally presented by representatives respectively of the province, the legal profession and the local Historical Association, and will be received for the nation by the Minister of the Interior or some one representing him, and committed to the care of the Superintendent of Fort Anne, which is now a National Park, under the management of the Interior Department of the Federal Government.

It will be a memorable occasion and no doubt will attract a host of visitors.

The full programme, we are assured, will be given to the public at an early date.

A GENTLE LAXATIVE FOR THE CHILDREN

Mothers—the surest way of keeping your little ones well and happy; whether it is the new-born babe or the growing child is to keep their bowels regular and their stomach sweet. Nine tenths of all childhood ailments are the result of clogged bowels and sour stomach. The most necessary and the best medicine for little ones is a gentle laxative—something that will relieve constipation; sweeten the stomach and promote rest and natural sleep. Such a medicine is Baby's Own Tablets. They are a gentle but efficient laxative; are absolutely guaranteed free from opiates or other injurious drugs and may be given to the youngest infant with perfect safety. They banish constipation and indigestion; break up colds and simple fevers and give the baby that health and happiness which all children should have. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

The large four masted schooner *Charlotte*, Captain John Stuart, is now ready to sail from Buenos Ayres in ballast for Barbados for orders. The schooner is one of the largest built on the St. Mary's Bay shore during the war time boom and her first charter was St. John to Buenos Ayres with lumber at \$95 per thousand. Since then she has carried several other good freight but it is probable that the vessel will have to go to Barbados and 1914 up as there is nothing offering that would warrant keeping a vessel of her dimensions busy.

Reward

Any grower who dusts his orchard this season will be amply rewarded. The buyers intend making a big difference in the price of dusted or sprayed orchards and those that are not. By using the Niagara dusting machine and dust you can grow more apples and better apples than ever before. The Niagara Duster has been on the market for 10 years, so it has passed the experimental stage. It is built by men who by their ten years' experience are entirely familiar with the requirements of a successful machine for dusting purposes. The Niagara is so perfected that it practically runs itself and will take less power to operate it than other makes of machines. Better book your orders now with

S. B. CHUTE GIVES \$10,000

Towards the cost of the Western Kings Memorial Hospital at Berwick

A very large number attended the first annual meeting of the Western Kings Memorial Hospital Association which was held on Monday afternoon in the school room of Wesley Church, Berwick. T. H. Morse presided, and delivered a short account of the start of the movement. Rev. C. H. Johnson, the secretary, reported that the sum of \$30,000 has been promised, of which sum S. B. Chute has generously given \$10,000 and Capt. Robbins had sold the Association a site consisting of three and a half acres for \$500.

Two Architects, Graham Johnson, Kentville, and L. R. Fair, Aylesford had submitted plans and specifications of a hospital building. The executive had chosen Mr. Fair's plan. Mr. Fair being present gave an idea of what the building would be like and the probable cost, about \$25,000.

The following were the officers for the coming year:
Hon. Pres. S. B. Chute, Pres. Dr. McNally, Vice Pres. J. H. Chute, Secty. Rev. C. H. Johnson, Treas. Mrs. H. D. Patterson. Auditors—J. R. Frizzle, G. Thomson and P. L. Morse. Board of Directors—S. B. Chute, Dr. McNally, J. N. Chute, E. W. Margeson, H. D. Patterson, W. P. Parker, Dr. P. N. Balcom, G. R. Nichols, Jas. Cahill, W. B. Burgess, Councillor Gaul, T. H. Morse, Mrs. Crichton and Mrs. A. M. Thomas.

"THE YOUNG VILLAGE DOCTOR"

The New Glasgow Evening News gives a column write up to the above play put on by amateurs from which we reprint a paragraph which refers to Mr. Ronald C. Bishop, principal of the Trenton school, and a son of Mr. and Mrs. F. B. Bishop, of Lawrence town, Annapolis County.

Mr. Bishop impersonated the Doctor. Mr. Bishop, by his outstanding ability as a teacher in the school and as a worker for the church has already made for himself a large place in the hearts of the people of Trenton. Last night he appeared in a new role and in this also his reputation is assured. By his pleasing personality and marked platform ability he kept his audience convulsed with laughter throughout the entire evening.

WHAT TO DO FOR STOMACH TROUBLE

Good Advice From One Who Had Suffered Much.

Nine-tenths of all forms of indigestion or so-called stomach trouble are not due to the condition of the stomach at all, but are caused by other influences. The great contributing cause of indigestion is thin blood. Good blood and plenty of it is required by the stomach to take care of the food. If the blood is thin the stomach functions sluggish, food lies undigested, gas forms and causes pains in various parts of the body. Instead of getting nourishment from the blood the system gets poison.

Relief from this condition can be obtained by the tonic treatment which Mr. D. Shaw, Mt. Stewart, P. E. I., tried and now warmly recommends to others. Mr. Shaw says: "I suffered from indigestion for over four years, and have tried many of the well known remedies for such troubles, but never obtained more than temporary relief. The trouble was aggravated by constipation setting in owing to the stomach failing to do its work, and laxatives only gave relief to the bowels and left the stomach in worse condition. The result was my blood was growing more and more anaemic, I did not sleep well at night and was growing despondent. I was in this wretched condition when a friend advised me to try Dr. Williams' Pink Pills. I got three boxes and by the time they were finished there was some change for the better. This greatly encouraged me and I continued taking the pills for some 3 months by which time my stomach was all right again, my blood good, nerves strong and life was again worth living. My advice to all who suffer from stomach trouble is to give Dr. Williams' Pink Pills a fair trial."

Dr. Williams' Pink Pills can be obtained through any medicine dealer, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

THE RETURN OF THE TRAMP

The tramp, who almost disappeared during the war, is returning to the highways of the country and the cheap lodging of the towns. By report, the new tramp although as shiftless and as homeless as ever, is better dressed than the old tramp was, and since he cannot get the whiskey has generally a more respectable air. The increase in the number of those who wander in search of work—or to avoid it—raises the old question of how to prevent vagrancy. Some authorities advocate farm labor colonies. At any rate there should be some place where men with neither means nor inclination to support themselves could be out to productive work. The more vagrancy the more criminals.

CORRESPONDENCE

To the Editor of the MONITOR.

DEAR SIR: In reading the *Truro News* in Halifax Herald I find that Mr. Hooper, of Brookside, got first prize in the Egg Laying contest at Napan with his White Wyandottes hen which had 23 eggs to her credit in 4 weeks. We have some hens in Port Lorne. J. Merrill Brinton has two Plymouth Rock Pullets which layed as follows No 1 had 27 eggs to her credit in the 28 days of Feb; No 2 had 23 eggs to her credit. Would like to hear from any person who can beat that for a record.

Yours respectfully,
J. D. BRINTON,
Port Lorne

A LAUGH IN CHURCH

She sat on the sliding cushions,
The dear, we woman of four,
Her feet in their shiny slippers,
Hung dangling above the floor,
She meant to be good; she had promised
And so, with her big brown eyes,
She stared at the meeting house windows,
And counted the crawling flies.

She looked far up at the preacher,
But six thought of the honey bees
Droning away in the blossoms
That whitened the cherry trees;
She thought of the broken basket,
Wheat, curled in a dusky heap,
Three sleek round puppies, with fringed ears.

Lay snuggled and fast asleep,
Such soft, warm bodies to cuddle,
Such new, red little hearts to beat,
Such swift, red tongues to kiss you,
Such sprawling, cushiony feet
Such could feel in its claspy fingers
The touch of the satiny skin,
And a cold wet nose exploring
The dimples under her chin.

Then a sudden ripple of laughter
Ran over her parted lips,
So swift that she could not catch it
With her rosy finger tips,
The people whi-tered "Bless the child."

As each one waked from a nap
But the dear we woman hid her face
For shame in her mother's lap.

COMPLIMENTS OF THE DAY

Soldiers have to do their own mending when it is done at all, and it appears—although few persons would have guessed it—that the thoughtful War Office supplies them with outfits for that purpose. Otherwise, this joke from the *Journal of the American Medical Association* would be impossible.

Everything was ready for kit inspection; the recruits stood lined up ready for the officer, and the officer had his bad temper all complete. He marched up and down the line, grimly eyeing each man's bundle of needles and soft soap, and then he singled out Private MacTottle as the man who was to receive his attentions.

"Tooth brush?" he roared.
"Yes, sir."
"Razor?"
"Yes, sir."
"Hold-all?"
"Yes, sir."
"Hut! You're all right, apparently," crowed the officer. Then he barked, "Housewife?"
"Oh, very well, thank you," said the recruit, amiably; "how's yours?"

THE EXPERIMENTAL FARMS SYSTEM

Remark has several times been made in Parliament and elsewhere that the splendid work performed by the Experimental Farm System of Canada is not nearly so widely known and appreciated as it should be. In the *Agricultural Gazette of Canada* for January there appears an outline of the system and the tasks in which it is engaged. The Central Experimental Farm at Ottawa is the headquarters of the twenty branch or auxiliary farms and stations. It is stated that there is one farm in each of the provinces of Prince Edward Island, New Brunswick and Ontario, two in Nova Scotia, four in Quebec, two in Manitoba, three in Saskatchewan, two in Alberta and four in British Columbia. There are also two sub-stations in Alberta, two in the Yukon and one in British Columbia. In addition, working with the system are tobacco stations at Auxilium, Quebec and Harrow, Ont. At all of these experimental and research work of national importance is carried on. Eighty illustration or demonstration stations have also been established in New Brunswick, Nova Scotia, Quebec, Alberta, and Saskatchewan. Each branch of agriculture is dealt with in actual experiment, and the results are made public through the press and by means of addresses, demonstrations, and exhibits. In short every effort is made to encourage, advance and benefit agriculture, the basic industry of the country.

Children Cry for Fletcher's CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

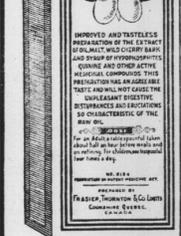

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulence, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Paradise Dramatic club presented their drama, "When a Feller Needs a Friend," Friday evening. They were very kindly assisted by the Bridgetown Orchestra.

A MISTAKE SOMEWHERE

This is one on the doctor, or on the editor, or maybe on Mr. Finch," the Journal of the American Medical Association suggests with regard to the following item that is quoted from a California paper:
Howard Finch met with a serious accident at the asphalt works Tuesday afternoon. He was helping unload a car of rock when the big bucket swung over and caught his leg against the side of the car, breaking it between the ankle and knee. The limb was badly bruised in addition to the broken bones.
Dr. T. — was called and set the broken bones and gave the young man all the relief possible. Mr. Finch is at the home of his parents, H. D. Finch and wife.
As we go to press we are informed that an X ray examination of Mr. Finch's injury shows that the bone is not broken.

MARINE NEWS

Schr Ronald C. Longmire, Capt Trohan, arrived at Gulpport, Monday, March 14th, from Bermuda to load hard pine for St. Thomas.
Capt E. H. Lewis and crew go on board S. S. Valinda next week to begin the season's work between Bridgetown and St. John.
The Nova Scotian schr E. P. Theriault, 369 tons, one of last year's build of three masters, is under charter to carry a cargo of salt from Turk's Island to Boston at private terms.
Jozesport, Me., March 6—The schr Clarence Trahan of Meteghan, N. S., bound east from New York, dragged ashore at Hall's Island, off this port today. The Three Falls, coast guard crew boarded the vessel and were hopeful tonight of floating her on the next high tide.
The Yarmouth schooner Annie L. Spindler, which was hauled out on the marine slip at Yarmouth for repairs about 14 rudder ports was put afloat again Thursday and is a ber owner's dock, Yarmouth South where she is fitting out for the spring fisheries. Capt. William Snow, of Digby will sail the Spindler again this season.
Ready to sail for home, the Meteghan schooner Charlotte Comeau, Captain John Stuart, was in port a, Buenos Ayres Feb 20. She will call at Barbadoes on the passage up.
A charter has been found for the schooner Ross Anne Belliveau, of Weymouth, which came up from Havana early in the winter and laid up at Yarmouth. H. T. Warren, mayor of Digby, has chartered her to load coopersage from his mill there for L. Canada.
Yarmouth Light: Schr Loran B. Snow, Capt Louis LeBlanc, has a fare of 48,000 lbs haddock, 14,000 lbs cod, 9,000 lbs cusk. The fare was purchased on Tuesday by the A. E. Nickerson L., the vessel receiving ONE CENT per pound for haddock. The reader cannot help but ponder over this price when he realizes that he has to pay from 10 to 12 cents per pound for fresh haddock in the local fish markets. This is an exceptionally low price for the vessel's fare and is due to a very slow demand for the sale of finnan haddies and fresh haddock in the Upper Canadian markets.

NOT A PRINTER

This man could get a job if he could set type or operate a linotype: As to men who "do more than one thing." Pittsfield has an optical expert who is a stenographer, typewriter, telegraph operator, double entry bookkeeper, musician, writes well and is no slouch when it comes to high mathematics.
