e business. Case Exceptional. The case is of exceptional and indeed unique character, both with regard to the fraudulent means by which the certificate was procured, and in respect of the results which followed, involving the ultimate loss of all monbys placed in the bank by the unfortunate depositors. The man who fraudulently procured the certificate in the name of the bank was enabled to attract those deposits by the unwarranted assumption of powers in violation of plain statutory conditions. While the direct subsequent cause of the loss was the fraud and dishonesty of the bank's manager in the administration of its affairs, there is nevertheless a certain connection between the loss and the power and status with which he became vested upon the granting of the certificate. Having regard to these considerations the government considers that the depositors are entitled to a reasonable measure of relief, which will be provided by legislation to be introduced at the next session of parliament.

Sunny skies welcomed the rally of Conservative forces and the commemorative services which followed were of an inspiring nature. Ranked on the plat-Inspiring nature. The addresses of the day how-ever, were hearty in spirit and wel-comed with applause by a representa-tive congregation. truths from the life of the man whose career was that of Canada for a quarter of a century.

"It was only a few years after the troublous times of '37 that Macdonald's name began to appear in public life," he began. "It was never dimmed in following days."

From this he went on to show that the difficulties which surrounded his early political life only served to aid the plan of confederation. Out of the swelling troubles he had grasped the swelling troubles he had grasped the possibilities, and, dropping personal matters and political differences, he had thrown his whole soul into his

The Liberal-Conservative party had been born in Sir John's ministry, when six Liberals and six Conservatives had united under his leadership. The best of the Liberals and the best of the

of the Liberals and the best of the Conservatives he felt they were.

"And in the moment of triumph Sir John, the leading figure, was generous enough to give part of the credit to Cartier," declared the speaker. "He was always generous and broad-minded, and his charity has repaid him in the memory of the people until this time."

The premier then undertook a brief review of the history of the time, describing the individual nature of all the provinces and the intensely provincial feeling which all maintained. Then had come the completion of the scheme of the great leader with the construction of the railway to link up the provinces.

Broadmindedness was another lesson to be carried away. Not to be narrow and sectional, not to be restricted in view, proved a great gateway which opened a career for Sir John.

It was in a glimpse of genuine imperialism, however, that the grand old statesman had led the Dominion. The work he had done had followed directly in the wake of his vision of perialism, however, that the grand old statesman had led the Dominion. The work he had done had followed directly in the wake of his vision of a greater British Empire. Turning on those men who predicted a schism between the east and west, he-denounced them as most unworthy. It was the them as most unworthy. It was the duty of all to bind all parts together, and to have all differences settled in a broad and generous spirit.

in a broad and generous spirit.

Two things there were, viz:
Strengthen the bonds of the Dominion and the imperial bond of empire.

"I like to tcar the frills off a thing. I am a plain man," he cried in denouncing the senate restriction of the naval policy. "Is it time we are paying a part of our own bills or not?"
His desire was to merge the might of Canada and Britain, and to stand or work of that distinguished statesman

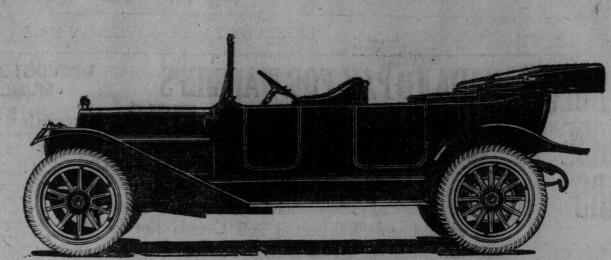

Canada and Britain, and to stand or fall together.

A Nation Builder, "Sir John was a nation builder, a great man," said Hon. Dr. Pyne, "We meet here with feelings of joy and sadness. Our sadness is because twenty-two years ago today he passed from this mortal sphere. But our feelings of joy are at the commemoration of the battle of Stony Creek, which was fought one hundred years ago." Sir John, he stated, was the man who had united and welded all the parts of the Dominion into one. He had lived long enough to see the great C. P. Railway binding east to west. It was a great piece of work. Moreover, he was the one who had hatched the national policy which had meant so much for Canada.

"Canada is to become a great nation," he declared, "but if we are to follow him it must be within the arms of the empire and beneath the Union Jack."

Sir James Whitney, who was suffering from hoarseness, spoke in brief. "I could not stay away from this gathering, I could not refrain from taking some part in perpeuating the holy memories of this man," he said; "the man whose whole aim was to catablish British institutions on this continuent."

"the man whose whole aim was to catablish British institutions on this continent. His aim, as he expressed it, was to make Canada one of those great auxiliary nations which buttress the empire about the world. And his works have followed him."

## WINTER SHOW MAY BE DUAL AFFAIR

Promoters Suggest Holding Second Exhibition in January.

Promoters of the National Fat Stock Show, to be held in Exhibition Park, are considering the advisability of giv-ing the fullest possible consideration to the various interested organizations by having two shows and to the various interested organizations by having two shows. The first would be in the middle of November, and would be for fat stock, horses, poultry and pets, dogs, flowers and fruits. The second would be early in January, for the dairy cattle and products. By this plan all the organizations could exhibit to the best advantage.

The executive has the necessary plant, together with the financial backing of the city council, and is in a position to give all the interested organizations every advantage of a na-

ganiaztions every advantage of a national show. It may be that the National Record Board, which is operating thru the Dominion Government to establish a national winter fat stock show, will eventually find that combination with the executive of the Toronto project will best serve the interests of the stock raisers of the Dominion

Usually if anybody with a title comes to town there is a delegation of civic officials at the depot to give him the glad hand. But, in this case, the prince was traveling privately, as a sailor, and the city received no intimation that he was coming, so there was no welcome. The train stopped at the foot of Yonge street in the early morning and at 7.30 the cadets, the prince bringing up the rear, trooped down to the wharf to the steamer Chippewa. Only a few sleepy-eyed officials, reporters and camera men knew that a prince of the royal blood was one of the party.

However, it was different last night when the boat docked at 8.30. There was a large crowd at the wharf. They may not have seen the prince, because he was dressed the same as his 68 companions, but they had the satisfaction of seeing a gang of healthy looking sailors-to-be in the British navy. The cadets walked from the wharf to their train, which was stalled at the foot of Yonge street, and they at the foot of Yonge street, and they left the city within a short time.

And following this there were many barnyard sounds, the moo of the cow, the cluck of the hen and so forth. "Bringing in the Sheaves" was whistled delignifully.

At another time a blushing maiden, all alone, headed the procession in which were a number of the male graduates. The boys in the balcony whistled a catchy air. "Just One Girl." greatly to the delight of the crowd.

When the pharmacy graduates trooped up to the front the other graduates made a hissing sound like that which you usually hear from a soda fountain. In fact all the songs and yells known to the university were freely rendered.

This "Six" is surely the modern idea of a perfect car. It has Gray & Davis Electric Lighting and Electric Cranking. It has a distinctive appearance—Torpedo low-hung body with graceful side lines and well-rounded back. The force-feed gasoline tank is carried at the rear along with spare tire, which is included, of course, as a part of Tudhope equipment. In comfort it is above the ordinary: 127-inch wheel-base, 36 x 4½ inch tires, double-drop frame, full-elliptic underslung rear springs and shock absorbers—every equipment for riding ease. The tonneau is wide and roomy—with the new extra deep cushions.

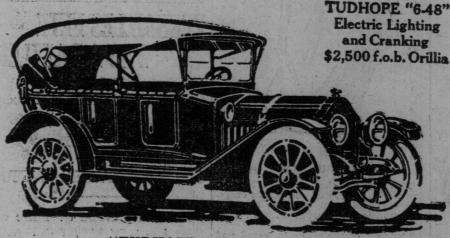

The Axles of the Tudhope "Six" are planned for hard service. The front Axle is extra heavy with Timken tapered bearings. The rear axle is the floating-type with chrome-nickel gears and shafts. The 48 h.p. motor, long-stroke cast en bloc type, is a silent, powerful machine, thoroughly tested and inspected before leaving our shop.

The annual garden party in honor of Convocation Day, was held in the university quadrangle yesterday afternoon, when about 4000 people were present, being received by the chancellor, President Falconer and Mrs. Falconer, the latter in a becoming blue satin gown and hat trimmed to match. The 48th Highlanders' Band played during the afternoon, and a delightful hour was spent in the picturesque surroundings, where pretty summer frocks vied with the bright hoods of the men's gowns and every girl graduate carried an armful of roses. Tea was served in three huge marquees in which the tables were decorated with yellow iris, large beds of the same flowers in front of the university calling forth great admiration.

Owing to the death of Lieut.-Col. F. A. Fleming, the late commanding officer of the Governor-General's Body Guard, the annual at home which was to take place at Niagara Camp today, is canceled.

CHRISTABEL CAN STAY

No Attempt Has Been Made to Rid France of Her.

PARIS, June 5.—(Copyright).—Mme. Jane Dieulafoy, wife of a member of the institute, is at the head of a movement to provide military service for women. She has asked the minister of war to put in active service 2600 officers and more than 5000 non-commissioned officers who are now doing routine clerical work in government offices and let women take their places, leaving only feeble soldiers past the age limit at desks and giving the country its full fighting strength. It is proposed that women shall begin actual work only after careful training. Mme. Dieulafoy already has 800 women volunteers ready for such army service.

One hundred thousand French women will be represented, and delegates will be present from the United States, australia, South Africa, several Asiatic countries and practically all Europe. The congress will discuss suffrage, charities, hygiene, education, legistative problems, women's work, practical and social sciences, prison reform, model tenements and paternity laws. The French joined the congress in 1901, altho the movement was started in Chicago in 1888. Lady Aberdeen, interviewed by French reporters, declared at the outset hostility to militant suffragettes.

## Your Wife Would Like One

While you are enjoying the cooling breezes of an electric fan at the office, don't forget your wife and the youngsters at home.

It will make the house more bearable. It will enable her to accomplish in cool comfort and with a serene mind the many irksome little household duties which become even more irksome in the sultry heat of the Summer.

Unless—you have the forethought to provide her with an Electric Fan.

The cool freshness of its sweeping air currents will drive out the close air or odors and draw in out-door purity. It will blow away the flies, which cannot abide its breezes. It will bring the bracing coolness of the mountains or seashore to any room in the house.

Consider what all this means

to you in your office, then imagine how pleased and how delighted your wife would be to share in the same cool comfort at home.

Give her a little "surprise." Show her that you have a practical regard for her by ordering a fan sent home. Telephone or call and fan will be delivered promptly.

Toronto, June 5, 1913. My Dear Toronto-Onters:

in accordance with my delightful habit of making other people's business my own (one of my most charming characteristics, I am told), I butted (from the American) into an open air meeting of the Maeterlinck Club a few days ago in the backyard of the Carnegie Library.

Now you, no doubt, upon discovering a lot of pretty young things sitting on the grass, would have smiled and passed you on, or, had you de-signed to pause, it would have been that you might severely admonish the young ladies somewhat thusly: "The eavens poured forth their rains upon the earth but yestere'en: you'll catch your deaths!" Then you would have But I? Deary me, no! I am the for-

They seemed to take my appearance and interest for granted. They asked no questions. Not so I.

But what on earth," I suggested finally, when I could get a word in, "made you infants think of forming a Maeterlinck Club? How did all you bookish girls find each other in this seething and lonesome village? Shush! humiliation and suffering?

Courage and Conviction.

According to the Primate of Australia (Archbishop of the Church of England in that Commonwealth), the courage of Christian conviction is the blook which has not returned to its mobilest of human characteristics. The great reforms of all time, according to this eminent divine, in his sermon last Sunday morning, have been brought at every turn, termed fananties by even the milkers of their day, because those men were deep-enough thinkers to realize that to champon the reformers would belittle them in the eyes of their thoughtless intellectually -elements fellow men, who comprised society.

His grace's sermon should have been and a powerful one, but it fell short to those of his hearers who are alive to the wave of reform now sweeping over the entire world.

This eminent man took, as an example of courageous Christian reformers the men who were primarily instrumental in freeing the black slaves of the south, who precipitated the American Civil War. He might have proved himself a courageous man bealth and out they contained the provided the men that to champon the reformers would bedieve them in the eyes of their thoughtless intellectually -elements to realize that to champon the reformers would belittle them in the eyes of their thoughtless intellectually -elements to those of his hearers who are alive to the wave of reform now sweeping over the entire world.

The doctor brightened again at that emark. Mercier hesitated, and the detective was afraid he meant to be careful in his statements. But the doctor only looked at his watch, and said determinedly, "I am due at the hospital minedly, "I am due at the hospital within an hour; but they must wait a few minutes. Clancy almost chortled with delight; for he had found in this man a thinker, who, quite unacquainted with the peculiar features of the Waverton case generally, had discovered that there were discrepancies in that minor phase of it which had come under his notice

Fortunately a pleasant southwester-ly breeze tempered the excessive heat of Florida in July, and Clancy was able to enjoy to the utmost the drive along the coast road. Halfway to Boynton, the car crossed the railroad track, descended a slight gradient round a bend so sharp that each length of twenty yards of roadway was hidden from the next one by a bulging wall of tropical vegetation, and pulled up at the tip of a small promontory. From this point was attainable a delightful view of the coast; but Dr. Mercier was too engrossed in the enquiry in hand to call his companion's attention to the pro-

Clancy drew a long breath; but he was resolved to let the doctor tell his story in his own way. "What exactly do you mean?" he remanded.

"Don't you see? The victim, who, according to my theory, should have escaped most lightly, namely, the man on the road, striving valuely to avoid a foolish motorist, had half his head taken off, while the driver of the automobile, who might really have been injured in that way, was flung clear over the wall and dropped on those rocks beneath, where his fall was broken by the guava tree. SATURDAY MORNING, JUNE 7

PRESERVING CANADA'S HONOR In declining to admit the claim of the senate to control the parliamentary situation and to force a general election. Mr. Borden has assumed the only position consonant with the place of the house of commons in the constitution of a British state. The prime minister has commanded and still retains the confidence of a substantial majority of the elected representatives of the people, and while that condition exists the government is amply justified in refusing submission to a senaterial majority nominated for party reasons and using its power for party purposes. Sir Wilfrid Laurier has evidently followed the lead of Mr. A. J. Balfour in practically declaring that in or out of office he will dictate the policy of the government and even force the dissolution of parliament. Mr. Borden can no more afford to yield this extravagant demand than could the Liberal leaders and party of the United Kingdom.

Mr. Asquith overcame the arrogance of the hereditary house of lords by the bers to secure a Liberal majority. Mr. Borden does not need a club of this kind, for in the natural course of main at his post and hold his naval policy unchanged. Before the battleships, whose construction the Liberal Government of the United Kingdom will now accelerate in consequence of the unpatriotic action of the Dominion Senate are completed, the prime minister hopes to redeem the honor of the country by refunding their cost to the motherland.

The administrative ing of psychology or dramatic art, and officials are carefully graded in power without hearing any intelligent evidence, acted upon Mr. Coburn's diseased view. "Five of the city's six daily papers," to borrow The Telegram's pet phrase, apparently without having seen it, rushed into editorial deprecation of the play, and public opinion was entirely misled. No healthy-minded person seeing the play could sink from its lofty atmosphere into thoughts of impurity or immor-

ality. The World, from the first, recognized Mr. Howland's elevated purpose and its brilliant realization, and the weekly papers, Saturday Night and The Courier, also did him this justice. The Globe and other papers said such plays should not be permitted, evidently not having seen "Deborah."

"Deborah" is not a problem play in the ordinary sense at all. It has practically no suggestion of passion. Its great moral is the sanctity of maternity, and the lesson, almost untaught today in any public way, that the object of the sex relation is parentage within the marriage bond, and under of such teaching would prevent such tragedies as that of the young man sent to prison by Judge Morgan yesterday. He is an example of the supthat "the theme of the play is the right of the woman to experience motherhood, regardless of morals." Just why such a misrepresentation of the play should have been made, it is difficult to conceive. The same paper sion is also made for full publicity.

Sir Wilfrid Laurier called the attention of the prime minister to the fact from opposition members.

Sir Wilfrid said he had not dictated to the senate, and said that Liberals in neither house would submit to dictation.

May Reform Senate.

Hon. W. T. White, referring to the denial of Sir Wilfrid as to having dictated to the senate declared that the senate was a body not responsible to the senate, and notwithstanding the protestations of the right hon gentleman, everyone, including his own followers, admits that.

Premier Hits Back.

"He had referred to the senate as the upholder of democratic institutions and the Nberties of the people. I want to say that according to his own expressed interpretation of the British North America Act over ten years ago, he deliberately violated the constitution of this country. That is a strong statement to make, but I challenge him to deny it, and I will prove it out of his own mouth."

Mr. Borden said that if his government remained in power long enough, a vote would be put thru parliament for the purchase of the three Drade are the provided that the constitution must be changed and the upper chamber brought into accord with the principles of constitutional government.

The leader of the opposition had said that members of the senate were not dictated to. "Will he deny?" asked Mr. White, "that they have followed his lead in this matter? How shall we account for the action of Sir George Ross, leader of the opposition."

An opposition member: "Because he is a true imperialist."

Mr. White went on to say that Sir George Ross, according to his utterances for years past, had been in favor of the policy submitted to the house. As to his action in the present case, he (Mr. Winte) only desired to call his attention to the verses of an American poet with regard to Daniel Webster in which he called him "Ichabod," and alluded to him "walking back with averted ever to hide the ciets of all the chancelleries of the world. Pelletier's Defence.

Hon. Mr. Pelletier took exception to the declaration made by the leader of the opposition that he had said Canada owed nothing to England. The right hon gentleman and his back benchers, said Mr. Pelletier, might go everywhere and anywhere where his speeches were reported and they would never find that such an utterance had fallen from him. On the contrary he had from him. On the contrary he had said over and over again that Canada and particularly French-Canadians, owed a great deal to England, and in this contrary he had said to england. this opinion he never varied. He wished to tell Sir Wilfrid Laurier that he had no right in the dying hours of the session, to try to send over Canada the impression that one of his colleagues in this house had uttered such disloyal sentiments. ## DR. McLAUGHLIN'S ELECTRIC BELT IS MADE FOR YOU.

To those whose vitality is exhausted and who find themselves, young in years, broken-down wrecks of what they ought to be, the Dr. McLaughlin's Electric Belt is full of encouragement. It is the success of the age in elevating the condition of those suffering from a loss of vitality.

the condition of those suffering from a loss of vitality.

Are you a weal person? Are you nervous, fretful and gloomy? Is your sleep broken? Have you pains and aches in different parts of your body? Is your back weak and painful? Have you lost the vigor of youth? Are you rheumatic or gouty? Does your back ache? These are the results of the waste of vital force. The gentle stream of Electricity from my Belt going into the worn while you sleep, and pours a steady stream of electricity into the nerve centre, saturating the weakened cal and mental action. It renews health and happiness.

This Belt, with special Electric attachment, will restore your vigor. It will check all loss of vitality, and affects every organ of the body. It cures Nervous Debility, Rheumatism, Lame Back, Lumbago, Sciatica, any case of Kidney Disease that has not gone as far as Bright's Disease, Stomach Trouble, Constipation.

Then here's a remedy that is a remedy! It's Nature's medicine!

Dear Sir.—I feel it is my duty to write you as to the benefits received by the use of your Belt. It had been a sufferer from Rheumatism for the past fifteen years, and in that time I have lost an average of two months every year, and not only time lost, but what I had to suffer. I had tried many doctors, but their medicine had no effect on me at all. After two weeks' use of your Belt, I have felt no more signs of Rheumatism, and that is about three months ago. I am still using the Belt, as I think it is a good thing for other ailments, as well as Rheumatism, and I don't think it can be beaten. I will gladly recommend your Belt to any sufferer as I was. You can use this letter if you wish, as I am sure your Belt will do all you claim for it and more. With very best wishes for your success, I remain, respectfully yours, Credit Forks, Ont., Jan. 11, 1912.

CALL TO-DAY

Come and see me and let me show you what I have, or if you can't, then cut out this coupon and send it in. It will bring you a description of my Belt and a book that will inspire you to be a man among men-all free. My hours, 9 a.m. to 6 p.m.. Wednesday and Saturday to 8.30 p.m.

## **ALL-TORONTO TEAM** AGAINST AUSTRALIANS

Strong Side Selected to Play Next Week at Rosedale With the Antipodeans.

The committee of management has seected the following players to represent All-Toronto in the two-day game with the Australians at Rosedale next Wednesday and Thursday: S. R. Saunders (capt.), Guelph and Toronto; G. M. Baines, Rosedale; H. G. Wookey, Rosedale; N. Seagram, Toronto; H. S. Reid, Rosedale; P. E. Henderson, Toronto; H. F. Lownsbrough, Toronto; T. Swan, Rosedale; W. M. Raeburn, Toronto; H. H. Humphries, Rosedale; H. G. Davidson, Toronto; A. D. Cordner, Toronto. Reserves—J. Bell, Rosedale, and L. C. L. Sutton, Toronto.

Reserves—J. Bell, Rosedale, and L. C. L. Sutton, Toronto.

The team is an exceptionally strong one and should do justice to themselves against their formidable opponents. It will be noted that there are twelve on the side, the locals having the advantage of one man over their opponents, who will turn out eleven strong.

A glance at the team shows that it is remarkably strong in all-round players. For bowlers they have Wookey, Seagram, Raeburn, Tom Swan, but there are several others who can be relied on to do useful trundling if needed. Baines, Saunders, Henderson, Reld, Davidson and Humphries gain places on their batting and fielding abilities, while Cordner, of course, owes his inclusion to his wicket-keeping.

## **AUSTRALIANS HIT UP** SCORE AT PRINCF ALBERT

Saskatchewan Team All Out in Less Than an Hour For Paltry Total.

PRINCE ALBERT, Sask., June 6.—The Australians in their opening match here today overwhelmed the Prince Albert eleven by a score of 472 for seven wickets against 78 all out for the local combination. Play was carried on in ideal cricket weather, the pitch being fine and the sunshine brilliant. The visitors batted first and at the adjournment had completed a total of 191 for 3 wickets, 80 of the runs coming to C. G. McCartney's bat. In the afternoon W. Bardsley ran up a score of 95 and in a brilliant inning lasting more than three-quarters of an hour. P. J. Arnott reached the century, being bowled by Corporal Chaney when at 101. At 4 o'clock the inning was declared closed for seven wickets. The forner was over in an hour and a half, the batsmen being unable to meet the deadly bowling of the cornstalks. The best stand was made when Captain Weaver and R. W. Kirby were together. The former scored 21, including two boundaries, when he marched, being bowled by A. Mailey. Kirby gave a good display of batting, securing a six, a four and a three in succession and with 23 to his credit was caught by Mailey.

The visitors were, banquetted this evening by the local club.

#### EATON A.A. FIELD DAY.

Entries closed yesterday for the Eaton Athletic Association athletic meet at the Island stadium on Saturday, June 14, and showed a record number of competitors in the games this year. In all there are 98 entries in the open events and 73 in the events closed to the members of the association, making a total of 171 in all. This looks like a big day's work for the officials to get them all run off. Seats sale opened this morning at 33 West King street, and the first sales are very promising.

OF OLD HOLLAND

MISS HASWELL AS A BOY

In "The Amazons" at the Alexandra—"Pomander Walk" at Shea's.

The most peaceful country on earth—a land where panics insurrections or even labor strikes are entirely unknown—is "up in arms." It is waging war today just as it has been doing for centuries. Its very life depends on its relentless warfare against tremendous odds that threaten it every moment of the day. Eternal vigilance alone saves the country from annihilation. Sentinels are stationed day and night to give warning of the approaching peril of a real world power, compared to which all other so-called world powers of mankind are mere toys. All this may seem strange, but nevertheless it is very true as may be seen at Lyman II. Howe's Travell Festival at the Granu Opera House next week. commencing Monday matinee. Stranger stid is the armament in this warfare. The expression, "arms of war." is usually used in a figurative sense to mean swords, guns, artillery, etc., but in this particular contest the arms of war are actually arms—the arms—the arms—the arms—the arms—the arms—the arms—the arms—the arms—the arms—the

English life. "Pomander Walk, by Louis N. Parker. It is not often that such a charming comedy is given during the summer season and Toronto is particularly fortunate not only in having the opportunity of seeing "Pomander Walk." but also in seeing it presented by such a splendid company as the Bonstelle Players have proved themselver to be since they came to Toronto. The many who enjoyed the quaint charm and old-fashioned atmosphere of "Captain Jinks" are sure to be even more delighted with this beautiful comedy of the time of George III. which ran for an entire season at Wallack's Theatre. New York, and which during that time had all the dramatic critics hunting the dictionary to find adjectives to describe their appreciation of "the freshest and most pleasant entertainment offered for a long time."

Pere will face the ball in what promises to be one of the most keenly contested of games. The rumor that the Toronto management intended to spring Donihee and Kalls as a surprise on the Red Shirts somewhat daunted the Tecumseh supporters, but even if this pair should be put in the field the Indians believe that they have a great chance to win and revenge all the defeats inflicted upon them last season. The action of the Toronto management in admitting school children for 10c to the big open stand should draw a great crowd of youngsters. The line-up of the teams is:

Toronto: Goal, Holmes; point, Harshaw; cover, Powers; first defence, Braden; second defence Stagg; third defence, Pitzgerald; centre, Dandeno; third home, Longfellow; second home, Harrison; first home, Barnett; outside, Warwick; inside, Wilson.

Tecumseh: Goal, Kinsman; point, Yeaman; cover, Graydon; first defence, Machanic critics hunting the dictionary to find adjectives to describe their appreciation of "time freshest and most pleasant entertainment offered for a long fellow; second home, Harrison; first home, Barnett; outside, Warwick; inside, Wilson.

pleasant entertainment offered for a long time."

Miss Haswell in "The Amazons."

Those who visit the Alexandra Theatre next week are going to see Miss Percy Haswell as a "swagger" boy in "The Amazons." In this piece Miss Haswell will impersonate Lady Thomasin (better known as Tommy) Belturbet, "The girl who grew up as a boy." This is the story told in this farcical romance: The Marchioness of Castlejordan has always wanted a son. She has had three daughters when her Castlejordan has always wanted a son. She has had three daughters when her husband is killed in the hunting field. She is heartbroken, but determines to make the best of it, and brings her girls up as boys. She had a high wall built around her place down in the country and there the three little girls run at large in boys' clothes and under the tutelage of "Sergeant Shuter"—socalled because her husband was a sergeant—they learn boyish games and practice boyish gymnastics. But, of course, the little girls grow into big girls and finally the right men come along and all their poor mother's hopes are knocked on the head, for "girls will be girls" and can fall in love in knickerbockers just as well as in petticoats. "Tommy" is the most beyish of the lot—would have been a tom-boy anyway—but the feminine instinct crops out in her as well as in her sisters, when a sickly earl comes along and catches her fancy. Miss Haswell eught to be a stunning figure in boys' clothes and everyone will doubtless be eager to see her. The advance sale has been larger than usual for this at-

and most daring performers in their line who have been seen in Toronto, and are making a big hit. The moving pictures in the open air are another strong attraction, the films being changed three times a week. At enormous expense, the management of the Star Theatre has been successful in securing Tony Kennedy, Toronto's favorite Irish character, in connection with Miss Blanch Baird and her big English Folly Buriesque Stock Company. all beaten

REAT, indeed, is the demand for Kuntz's Old German Lager. No beer has ever achieved such a nation-wide popularity. Every-

where you go in Canada you hear people say that the "Old German"

To get this "Old German" flavor, requires a costly process of brewing, and the use of the finest barley, choice Bohemian hops, specially prepared yeast, and sparkling spring water. But the huge success of Kuntz's Old German Lager proves to us that Canadians prefer lager brewed by this expensive process. When you can get a lager of such class

as Kuntz's Old German, why be content

with anything less delicious? The

leading hotels, cafes and liquor dealers

sell this superb brew. You'll know it's Kuntola Old German by the "Old

flavor has them all beaten.

Is it never to stop? It is possible for Joe Keiley and his Date to win a game. The locals were out in front with a nice comfortable lead of three runs and everything going rosy. Then the Bisons got a few breaks, tied it up and finished three in front to the tune of 8 to 5. It was ever thus.

Any old team can come along and get away with a victory. Brown was pitching nice ball for the Leafs, and then things had to go and happen. A fly dropped in the outfield gave Buffalo two runs in the eighth and tied up the score. Billy Clymer begged his boys to give him a few hits in the ninth, and they responded nobly, hence the three runs necessary to give Buffalo an 8-to-5 victory.

Messrs. Quigley and Fineran again ways a poor exhibition in the closing and again they had the crowd and again they had the crowd and again they had the crowd ager Keiley also told

Maple Leafs came back at the Berlin Dutchmen this afternoon with a vengeance and beat them by a score of 9 to 1. Lefty Dorbeck was in the box for the Leafs, and held Keenan's team to four hings and two in the eighth. He wy backed up by sensational fielding. Messrs. Quigley and Fineran again gave a poor exhibition in the closing stages, and again they had the crowd on them. Manager Kelley also told them a few things.

Manager Kelley made a change in his line-up, when he sent Fitzpatrick to second-base instead of McConnell. Jameson started for Buffalo, and flings them up from the south side, hence the change. McConnell was sent in to bat for Trout in the eighth, and hit a ball a mile a minute to left. Lehr supplied a sensational running catch and robbed Mac of three bases and the Leafs of two runs.

It looked all ever but the cheering when Kelley's boys brought home three runs right in the very first innings. Fitz's single, a walk to O'Hara, Bradley's double, and Shultz's infield out scored the three. The Leafs added another in the second on Graham's double. Trout's sacrifice, and Brown's single. This left Toronto three in front, as Buffalo managed to sneak across one in their half of the second.

The third netted Buffalo one. Daninger's homer in the bleachers tells the story. Once again did the Kelley band go out to a three-run lead. Fitz's single and Bradley's double counted one in the fifth.

The Leafs and the Bisons wind up the series with a double-header this afternoon. Toronto must win both ends of the double bill to get an even break with Buffalo. Johnny Lush will pitch the first game for the locals, and Beeble will likely toss them up for Buffalo. The first game will start at 2 o'clock, and one price of admission will be

Two singles gave Buffalo their third tally in the sixth. A barrel of luck was tapped for Clymer in the eighth. and the score was tied up. Two men on and two out, and then Trout dropped Gowdy's long fly and the necessary two runs were across. It was tough luck for Brown.

two out, and then Trout dropped Gowdy's long fly and the necessary two runs were across. It was tough luck for Brown.

Three singles and a walk gave Buffalo three runs and the game in the ninth. Holmes relieved Jameson in the eighth, when the Leafs looked dangerous. He got thru with luck.

Rockview Beat the Favorite Easily in Feature at Belmont Park.

BELMONT PARK, L.I., June 6 .- Rocklew, a son of Rocksand, owned by August ont, won the classic Brooklyn Derby while Wolfe was riding his mount hard nding the home turn McTaggart called on Rockview and it was apparent that was the first day of the admission of the public free to the field and a big crowd took advantage of the innovation. The races had nothing exciting about them. Lysander had to fight off a challenge of that good campaigner, Donald McDonald, to win the third, while Delirium had no trouble winning the steeplechase handlean.

### ORGANIC UNION BEFORE ASSEMBLY

Fight Again On Between Advocates and Opponents of Scheme.

NOTHING CAN STOP IT

If Union Is of God-Federation Only, Says the Minority.

"It was not to attend a funeral of the Presbyterian Church in Canada that the thousands of ministers and elders came here," was an electric declaration at the general assembly yes-

terday afternoon. Rev. Dr. Scott of Montreal appeared almost astounded at the storm of applause his satirical metaphor caused. Then the rival sides, unionists and federationists, gave opposing roars of applause as Dr. Scott said: "If union is of God, then nothing can stop it." "If it is stopped, it will be proved that it is not of God."

All day the assembly heard the report of the special committee on church union, and the minority report dis-

cused.

The volume of applause in support of the minority report demonstrated that "no surrender" was the spirit of those who refuse to accept the basis of un-ion and that organic union will not be hastily ratified by the chief court of

Presbyterianism.

Rev. Dr. W. J. Clark of Montreal, moved the adoption of the majority report. The majority recommended that the union committee be continued, that it may again enter into conference with the committees of the other negotiating churches.

The minority report was against negotiating churches.

gotiating churches.

The minority report was against negotiations for organic union, but in favor of greater co-operation of federation with other denominations and the establishment of a federal council

Union in West.

In support of proceeding with negotiations for organic union, Dr. Clark said that the Methodist and Presbyterian Colleges at Vancouver had been

said that the Methodist and Presbyterian Colleges at Vancouver had been working together with a view to union. In many western cities union congregations of Methodists, Presbyterians and Congregationalists had been formed. In Montreal the Stanley Presbyterian and Dominion Square Methodist congregations had sold their sites with a view to amalgamation. Such amatigamation, he said, was impossible without church union.

out church union. Rev. Dr. Herridge, Ottawa, seconded the adoption of the majority report. Rev. Dr. Scott, Montreal, in support Rev. Dr. Scott, Montreal, in support of the minority report, argued in the afternoon the advantages of organic union could practically be attained thru co-operation and federation.

Absolutely Bad.

Rev. R. G. McBeth boldly attacked the church union project as absolutely bad. In seconding the minority report, he asserted that uniformity of ecclesiastical organization tended to destroy

iastical organization tended to destroy spiritual life. This was the experience of European countries where the Roman Catholic church prevailed, and Quebec conditions were similar. A spirit of unity was vitalizing, but organic union or uniformity was the re-

Rev. Mr. McBeth asserted that it was not true that the general assembly at Edmonton last year committed itself to the principle of organic union. Considerable doubt was expressed by the commissioners as to the time when a vote would be reached.

## FOREIGN MISSIONS GREATLY EXPAND

Assembly Passes Report to Spend Large Amount Next Year.

Foreign missions were eloqueitly ex-tolled before the Presbyterian General Assembly last night, with the picturesque figure of an eminent foreign missionary as the gowned moderator pre-iding, in the person of Rev. Dr. Mur-doch MacKenzie.

Principal Gandier, in moving the adoption of the report of the committee on foreign missions, said that the year had been one of progress and expansion, with a waster opportunity than ever before now presenting itself, especially in China.
The estimates called for \$265.393 for

the work of the foreign mission board, and \$108,277 for that under the Woman's Foreign Missionary Society. Rev. D. MacOdrum, Moncton, second-ed the adoption of the report.

Five foreign fields were personally represented by six returned missionries, who gave stirring accounts of Hartley Dewart, K.C. the need for more evangelists and med-ical missionaries. The missionaries who gave addresses were: Rev. Dr. Wilson and Dr. Margaret McKellar, India: Dr. J. A. McDonald, South China: Rev. J. B. Cropper, Demerara; Rev. G. Eaddie, Honan, and Rev. Mil-

**RAPS JUDGE AND DEFENCE COUNSEL** 

'We'll Continue to Exercise Our Rights Despite Dewart's Ravings"-Rev. Coburn.

"DEBORAH" JUDGMENT

'Pure Show Crusader' Satisfied That He Has Been Entirely Vindicated.

Rev. Mr. Coburn, the pure show crusader, doesn't feel at all angry because of the decision of Judge Morson, which gave "Deborah" a clean sheet. He says so himseif. He told The World | Literature. last night that he was entirely vindicated, and inso doing took a few raps at British justice, Judge Morson and

"We will continue to exercise our rights despite the ravings of Hartley

Dewart and the gratuitous comments of Judge Morson." he said in speaking of the committee of forty and himself.

The following is his statement:

"The judgment of His Honor Judge Morson came as no surprise. In fact I think anybody in the court room could have forecasted it before the case had proceeded half an hour.

A Strange Document.

"It is a very strange document to be

"It is a very strange document to be handed out in a British court of jus-tice in that it failed to decide the vital

siring to purchase a farm in this finest garden spot of Ontario will make no mistake in asking Mr. Locke for his farm list.

The spot of Ontario will make no convict persons of crime because they do not repeat the offence? Judge Morson knows surely that the criminal Code recognizes no censorship; that for a company to put on an immoral play once before a Canadian audience is a crime.

In a Strange Position.

"He ought to have assumed re-sponsibility of endorsing that first per-Tramway has made a further issue of \$2,890,000 first and ref. 5 per cent 30-year gold bonds; the City of Moose Jaw 257,700 pounds sterling 5 per cent debentures in lieu of scrip, and the City of Toronto 114,300 pounds 4 per cent. Sheral cons. loan deventures.

Sponsibility of endorsing that first performance or have allowed the conviction to stand. Personally I feel completely vindicated. My evidence was entirely as to the first night's performance. This was believed by Col. Denison and acted upon. It is not contradicted by Judge Morson. We are in per cent. Interest.

In this world there are three kinds of mendreamers, hard-heads, and the Astors, Vanderbilts, Rockefellers and the men of mark. This latter kind of men are merely the happy combination of the former two—men with heads and fron wills, able to make their dreams come true.

If you are a dreamer, you may have dreams the equal of those of Newton, Edison and Wright. If hard-headed, you may have the sagacity of a Gould, a Morgan or Rockefeller himself. But there's a difference—you don't accomplish! Why? Simply because you have not learned how to make your dreams come true. To-day at your desk there comes to you a picture of a man of affluence—with resources a-plenty and power in his grasp. THE resources a-plenty and power in his grasp. THE MAN-IS YOU.

But that man is still a dream. What are you doing to make that man live, and breathe, and be? You have had a vision so many, many times of the comforts that the possession of wealth would give you, but this, too, is still a brain-picture painted on that ethereal fabric of your fancy.

WHY NOT START RIGHT NOW TO MAKE YOUR DREAM COME TRUE? You can back it up with common sense and courage of the hard-head—think, act and do it now. You, too, can own property and get in on that unearned increment which sets the pace for all the world's increasing wealth. But you hesitate—"to-morrow" is the word you use most often. Will you still be one of those who say, "Why, I had the chance to make a snug little fortune. Was soing to have when my friends did fortune, was going to buy when my friends did, but—"? Now is that very chance.

Owing to the material decrease in the output in a good producing quicksilver company offers an extraordinary money-making company offers an extraordinary money-making company offers and extraordinary money-making company offers and extraordinary money-making company offers and company of the company of

of electric-lighting apparatus, of scientific apparatus, and in metallurgy, in the recovery of gold and silver, principally of gold by amalgamatics.

The material decrease in domestic stock of quicksilver became marked in the United States survey of 1911. This resulted in the heaviest imsurvey of 1911. This resulted in the heaviest importation and the lightest exportation in many years, which has resulted in an excellent market and at a considerable betterment in prices per flask. There is very little prospect for materially increasing the output from the old producing mines, and the eventually working out of the well-known deposits will probably barely be offset by the development of the new ore bodies now discovered, making the outlook for a good producing property the very highest. the very highest.

Based upon thorough knowledge of the ore and geological conditions in the King's Quicksilver Mining Company, our opinion has been that this preperty will prove the greatest and richest mine in the State of California. As development work progresses, our most sanguine expectations are being surpassed. The engineer in charge of this valuable mine reports that he has enough ore blocked out to keep a 30-ton furnace going at its fullest capacity for at least nine years, which means an output of over 600 flasks of quicksilver per month, the profit on which is very handsome, and, to use his own words, "We have an immense body of ore, worth many millions." A limited number of shares in the above company are now offering at 70 cents per share, but if you expect to secure at 70 cents per share, but if you expect to secure shares in the K. Q. M. Co. at 70 cents your order must be forwarded to us at once. The wonderful showing made in the tunnel will not permit of the present price prevailing years long.

mine, which will return you genuine mining profits extraordinary money-making opportunity. The consumption is mainly in the manufacture of fulminate for explosive caps, of vermilion, of drugs, without expense or any obligation on your part.

Dated at Toropto, May 29th, 1913.

Mining Property For Sale LAURENTIAN MINE, DISTRICT OF KENORA.

Notice is hereby given that the property and assets of GREAT COLCONDA MINES, LIMITED, is to be offered for sale by public auction by the liquidator of the said company pursuant to an order of the court in that behalf at the King Edward Hotal Room "F" the City. of the said company pursuant to an order of the court in that behalf at the King Edward Hotel, Room "F." in the City of Toronto, on Thursday, the third day of July, 1913, at the hour of twelve o'clock. The property is generally known as LAURENTIAN MINE, and is located near Gold Rock, in the District of Kenora, Ontario, about twenty miles from Wabigoon Station, on the Canadian Pacific Rallway. There is on the property a 20-Stamp Mill and other plant and equipment corresponding thereto, and the mine has been worked down to the fourth level, below which a body of pay ore has been developed to a depth of eighty-five feet, and is supposed to continue for considerable depth.

There are also a number of undeveloped locations amounting to about one thousand acres in all.

The property will be offered, subject to a reserve bid, and terms and conditions of sale to be published prior to the sale. Ten per cent. of the purchase price is to be paid as a deposit on acceptance of bid.

For further particulars and information apply to the undersigned liquidator or his solicitors.

STATUTORY INFORMATION. The qualification of a director is 500 shares or more. The preliminary expenses may not exceed \$1,000.00. The brokerage for the sale of shares may not exceed 10 per cent. The company has purchased the interest of William John Hohlstein, Toronto, in certain theatrical projects, for the sum of \$100,000.00, payable in shares of the capital stock of the Company at par. An agreement dated May 27th, 1913, between this Company, as purchaser, and said Hohlstein, as vendor, describes the transaction, and same is on view at the Company's office. The original incorporators were Athol George Robertson, financial agent; Victor Hubert Ramsden, surveyor; James John Kew, printer; Marie Powers and Alice Lawrie, stenographers, all of the City of Toronto, each subscribing for one share. The minimum allotment subscription is for two shares for more, payable as hereinbefore, each share carrying one vote. A copy of the prospectus was filed at the office of the Provincial Secretary May 27th, 1912. the Provincial Secretary, May 27th, 1918.

#### PARTICULARS OF BUSINESS

The Company has been organized to buy, sell, lease or operate, as principal, agent or trustee, moving picture theatres and other kindred projects, and (b) to manufacture, buy, sell, trade or deal in films, machines, equipment, furnishings, decorations and other theatrical apparatus, and (c) to do all other such things as may be found necessary to the welfare of the business.

Arrangements have been made to acquire the "Why? Theatre," situate at 622 Bloor Street West, Toronto, for the sum of \$20,000.00, payable in shares of the capital stock of the Company at par. This house has a seating capacity for 325 patrons, is beautifully appointed, very favorably leased, and nets an average profit of \$4,425.00 per annum, or over 20 per cent. on the total

Arrangements have been made to acquire the "Bohemian Theatre," now being constructed at 350 Yonge Street, Toronto, for the sum of \$20,000.00, payable in shares of the capital stock of the Company at par. This house will have a seating capacity for 600 patrons, be equipped after the fashion of the best European houses, operated under a favorable lease, and net an average profit, it is estimated, or \$10,000.00 per annum, or 50 per cent. on the total investment.

Arrangements have been made to acquire the "Teck Theatre," now being constructed at 708 Queen Street East, Toronto, for the sum of \$20,000.00, payable in shares of the capital stock of the Company at par. This house will have a seating capacity for 900 patrons, be approvingly equipped to meet the needs of that section of the city, operated under a favorable lease, and net an average profit, it is estimated, of \$10,000.00 per annum, or 50 per cent. on the total investment.

Arrangements have been made to acquire the "Orpheum Theatre," Cobalt, Ontario, for the

sum of \$20,000.00, payable in shares of the capital stock of the Company at par. This house has a seating capacity for 450 patrons, is suitably equipped to invite the interest of a mining community, will be purchased outright by the Company, and net an average profit, it is estimated, of \$6,500.00 per annum, or 33 per cent. on the total investment.

Arrangements have been made to acquire the "Grand Opera House," St. Thomas, Ontario. for the sum of \$20,000.00, payable in shares of the capital stock of the Company at par. This house has a seating capacity for 1000 patrons, is being re-equipped and re-decorated, is operated under a favorable lease, and will net an average profit, it is estimated, of \$10,000.00 per annum, or 50 per cent. on the total investment.

It is intended to amalgamate a number of the most profitable theatres in Ontario, accepting only those houses enjoying unmistakable locations. Moving pictures are rapidly proving to be even more profitable, investment considered, than

the telephone, sewing machine, gramaphone or cash register. Subscriptions may be made on the annexed form, subject to the prospectus. Address all correspondence to
