LOW RECORD FOR YEAR BY CANADIAN PACIFIC

Serious Slump in New York Owing to Sharp Decline in Exchange Which Makes It Profitable for British Investors to Unload Holdings.

New York, Dec. 11.—Canadian Pacific made the low record for the year today because of heavy selling abroad. This selling is due to the sharp decline in sterling exchange, which makes it profitable for British investors to sell their holdings in this market.

The British holder of Canadian Pacific stock in this market and in exchange obtains dollars. With these dollars he buys sterling exchange, for which at current rates he would obtain 36.5 pounds, as against only 27.7 pounds under normal rates of exchange.

C.P.R.'s abrupt break of 10 points in New York yesterday was an incident which drew the attention of the financial community sharply to the disturbing effect upon the securities markets of the continued decline in foreign exchange rates.

While C.P.R., which only a few years ago sold as high as \$251, just prior to a distribution of dividends, had a normal level around \$250, it is selling today at about only one-half its accustomed price in pre-war years.

John M. Wyatt of Toronto To Be Employment Specialist Ottawa, Dec. 11.—The following appointments are announced by the civil service commission: Commander Bernard Letch Johnson, D.S.O., Vancouver, to be superintendent of pilots for British Columbia, with headquarters at Victoria; John Milford Wyatt to be juvenile employment specialist for the department of labor; Ralph Hopping, San Francisco, Cal., to be entomologist for the division of forest insects, entomological branch, department of agriculture, British Columbia.

NO SPECIAL STEPS TO BETTER EXCHANGE

London, Dec. 11.—The British government does not propose to take any special measures in connection with the fall of American exchange beyond continuing its policy of withholding artificial support by borrowing abroad and doing everything possible to stimulate British export trade.

The Drop in Canadian Pacific.

The decline in C. P. R. stock of ten points yesterday, making a net drop of twenty-five points within a month, is the most startling event in Canadian securities for long. And yet we believe that nothing has come to the fortunes of the company that would justify the drop.

Perhaps it will be said that the taking over by the Canadian government of the Grand Trunk helped to bring about the decline in C. P. R. stock. We do not say so.

PREMIER OF FRANCE ARRIVES IN LONDON

London, Dec. 11.—M. Clemenceau, the French premier, arrived in London today, coming by invitation of Premier David Lloyd George, and conferred with Lloyd George in his office in Downing street.

BRITISH TO REFUND MONEY TO SOLDIERS

The T. and N. O. Commission.

A number of prominent names have been suggested to the Ontario government as successors of Mr. Englehart as chairman of the Timiskaming and Northern Ontario Railway. Some of them are competent men. But it may be that the government will take no action in the matter until they first decide whether to sell the route to the Canadian National Railways or keep it as an independent provincial line.

VIOLENT DECLINE IN EXCHANGE RATE UNSETTLES MARKET

Bankers Agree, Unless Some Remedy is Found, U. S. Exports Must Be Curtailed.

New York, Dec. 11.—The stock market was violently affected and financial circles were gravely worried today by another violent decline in exchange rates. International bankers expressed their discouragement at the situation and declared that unless remedial measures are soon forthcoming serious curtailment of this country's exports will inevitably result.

TO CURB SPECULATION

Washington, Dec. 11.—Action of the New York Federal Reserve Bank today in raising its interest rates was said by federal reserve board officials to be another step in the campaign to curb speculation.

Slows Up Industry.

The heavy depreciation in the pound sterling has stopped a good deal of work in factories on goods for export.

BALFOUR REGRETS FAILURE OF U.S. TO FULLY CO-OPERATE

Cannot Regard With Indifference Fact That They Are Not Aiding in Work of National Reconstruction.

London, Dec. 11.—Arthur J. Balfour, lord president of the council, in a speech today in London on world reconstruction, said: "One of the greatest of our allies is the fact that we cannot go through with us to the end in this process of reconstruction. I am not going to criticize, because I think it out of place for any foreigner to criticize any foreign power. But it would be a very poor compliment to my American friends to say that we regard with indifference the fact that they are not helping us to carry their own co-operation with us in this work of international reconstruction to the end."

PREMIER OF QUEBEC WILL CARRY ON

Quebec, Dec. 11.—With practically every newspaper in the Province of Quebec discussing the anticipated retirement of Sir Lomer Gouin from active politics, Hon. Mederic Martin, M.L.C., mayor of Montreal, in moving the address in the upper house today, intimated that the prime minister would remain at the head of the government and expressed gratification that Sir Lomer's term was not ending of retiring, although he well deserved a rest after fifteen years of service as prime minister of the province.

CANADIAN DOLLAR AT DISCOUNT OF ELEVEN PER CENT.

Only Remedy is to Buy Less From United States, Says Drayton.

The Canadian dollar in yesterday's money exchange market dropped to a discount of 11 per cent, as compared with the U. S. dollar, and although there was some measure of improvement later, our dollar at present stands at only 90 cents in New York.

The Wizardry of Mederic Martin.

Great is Mederic Martin, mayor of Montreal member also for part of that city in the legislative council of his province. Mederic sprung a sensation on Quebec and Montreal yesterday: that if the Dominion government built the Georgian Bay canal by the Ottawa River to Lake Nipissing, the power consequent of that great waterway would light and heat a Montreal household for ten dollars a year!

TELEGRAPHERS ARE AGAINST BONUS

Absolutely Opposed to a System Which Permanently Impairs Health.

No action will be taken by the C. P. R. telegraphers in Toronto respecting the bonus system adopted by the general management until the return of George Pawson on Sunday. The system is being vigorously opposed on the ground that, although financially it may happen to benefit the telegrapher it also impairs his health. Members interviewed yesterday afternoon stated to The World that such a system literally made slaves of good competent men. They stated that the average number of messages taken was three hundred a day. The company in its new schedule provided for a bonus of one cent for every message taken and typed above this average of 300. This would mean that if a man took 600 messages, he would receive an extra \$6 for the extra 300 messages.

Means Break-down. The average daily pay for telegraphers with the C. P. R. is \$5.15, said an expert in an interview. "Now, when a man takes 300 extra messages a day he really earns the extra three dollars. That would bring him \$8.15 a day, and if he kept up for a week he would not have nearly \$50. Now, I know men who can't beat this record of one hundred and fifty. Records of more than 750 messages a day have been made in the United States to my knowledge. But at what expense? The men who endeavor to keep up any kind of a record suggested by the bonus system will suffer a breakdown within a few weeks which will break him for many years. The entire union is absolutely opposed to such a scheme. If it meant \$15 a week extra on doctor bills it would be had enough, but when it means the complete impairment of the nervous system, the defects can easily be appreciated. We will have none of it."

PAINTERS REQUEST CLEANSED WALLS

John Hopkins, business manager for the Painters' and Decorators' Union, stated yesterday afternoon that the health epidemic was at least partly due to the fact that the walls in the houses of the city were not cleaned. It had resulted in enervating the union to the extent of deciding to request the health department to send out recommendations to all householders and factory owners, municipalities and public bodies to have their walls and ceilings cleaned with turpentine and oil. Hopkins stated that the health department has been made a resolution by the Toronto local. An expert in the trade stated yesterday afternoon that often painters and decorators found penetrating on walls several thicknesses. It was easy to see that in such a case all matters of residence and doubtless heard, all to the detriment of the householders and members of the craft from all kinds of diseases was traceable to the use of turpentine in their work, this being specially a deodorizer of the first water. Microbes and turpentine, he said, were the bitterest of enemies. The amount of extra work that would give to painters and decorators throughout the winter could not be estimated.

BIG MEETING SATURDAY

Enthusiasts in the labor movement will hold a special general organization session at the Labor Temple on Saturday afternoon under the auspices of the Labor Party, and a very large attendance is anticipated. Campaign organization in all the wards of the city will be thoroughly considered, and the independent Labor party will be largely represented.

MEMBERSHIP GROWING RAPIDLY

More than 120 new members have signed up with the Rubber Workers' Union under the charter of the Canadian Federation of Labor. This was the information given out to the press yesterday afternoon by F. Henry, general organizer for Ontario. Officers of the new union in Toronto are to be elected at a meeting to be held at Victoria Hall on Friday, Dec. 19.

FUEL FOR AEONS

Joseph Gibbons, business manager for the Street Railwaymen's Union, has received a letter from a cousin, Luke Gibbons of Aurora, pointing out that in the vicinity of Holland Landing large quantities of bituminous coal sufficient if developed to give fuel to Toronto and environs for many hundred years to come. Aurora Gibbons has asked the Toronto board of education to bring this matter to the attention of the labor movement.

ADMITS DIRECTOR RECEIVED BONUS

Homestead Company Official on Stand at Standard Reliance Probe.

J. A. C. Cameron, official referee at Osgoode Hall, yesterday adjourned the inquiry into the Standard Reliance affairs until Tuesday, December 23. A. J. Pattison, for 26 years a director with the Homestead Company, retiring when that company's business was transferred to the books of the Standard Reliance Loan Company, was closely cross-examined as to certain transactions relative to the Grand Valley Syndicate purchases from the Von Dona Construction Company for material to build lines on the Grand Valley, Woodstock and Thames Valley system belonging to his company. The first meeting of the syndicate had been held on November 30, 1905. George H. Kilmer, for the liquidator, examining, pointed out that although the witness held 30,000 shares in the syndicate the minute book showed this number crossed out and the number 10,000 inserted in its place. Witness was unable to remember how this happened. Later, on examination, he first denied having any power of attorney for the Von Dona Company, but finally admitted that he must have had this power since a cheque on behalf of that company was produced under his signature as attorney. Questioned why the cheque for \$10,000 was not noted in the minute book, witness stated that the amount would probably be noted in the books of the Canadian Homestead Company. Witness further admitted that he did not keep books and that his bank book was destroyed with other papers when he went to Florida.

Some Shareholders Knew. Mr. Pattison, replying to counsel for the liquidator, stated that the transfer of the Homestead Company accounts was assumed to go to Mr. Dinwiddie. Whether or not it did he could not say. He received a consideration for the sale of stock. Witness could not remember the Homestead Company purchasing \$21,000 in debentures in the Standard Reliance. He had no recollection of these debentures at all. Witness, further examined, recalled that he received \$10,000 from the Homestead Company as a consideration both for selling its stock and for resigning his position with the company. Witness believed the money made on the sale was equally divided among the directors. He admitted receiving a bonus of \$300. Some of the shareholders knew of this transaction. He could not speak for all of them.

Inmates of Belmont Refuge Appeared Before Magistrate—Tried to Escape.

Conal Shay and Dorothy Wells, who have been inmates in the Belmont Refuge for 15 years and six months, respectively, appeared before Magistrate Denison yesterday on a charge of attempted arson. It was said that the Shay girl had started a fire in a cupboard in the refuge, the other girl assisting, in order that they could escape when the alarm was given. Magistrate Denison intimated that there might be a public investigation. Crown Attorney Corley pressed the charge of attempted arson.

A. McLean McDonald, R.C.C., representing the home, maintained the mental condition of the young women was such as to warrant keeping them in the home for the benefit of themselves and society. Wm. E. DIAMONDS HEALTH BOARD HAS QUARANTINE POWER

Provincial Authorities Can Act Over Head of City Council.

It has transpired that the provincial board of health possesses the necessary legal authority to proclaim a practical quarantine of Toronto or any other municipality in the event of the local authorities failing to take any action in cases of communicable diseases which may be considered epidemic. With this authority in mind the health board of the province will suspend action until after Monday next on the notice served upon the Toronto city council to issue a proclamation with a view to general vaccination in the city. The city council meets on Monday.

ATTEMPTED ARSON

When any of the communicable diseases named in regulation No. 1—which includes smallpox—exist in any municipality of the province the board of health may, with the consent of the minister, prevent any person or persons passing to or from such municipality, and may for this purpose prevent the transportation of any person or persons to or from such municipality by means of any boat or vessel, steam, electric or any other vehicle.

TO TORONTO INSTEAD OF OTTAWA

Departing from their usual custom, the board of governors of the National Council of the Victorian Order of Nurses met in Toronto yesterday, all former meetings having been held in Ottawa. It is said that this was in compliance with the wish of the Duchess of Devonshire, who wanted to pay tribute to Toronto. A luncheon was given at the King Edward by the Toronto members. Sir W. Gage presided.

### NO EXTRA BOTTLES FOR FESTIVE TIME

#### Eight Doctors Blacklisted— Too Generous With Prescriptions.

Many people in the city of Toronto who were looking forward to getting an extra "bottle" or so by legitimate means with which to celebrate during the forthcoming festive season will be somewhat disappointed to learn that no relaxation of the ordinary regulations will be allowed by the Ontario License Board.

There was, as a matter of fact, some talk of limiting each prescription obtained from the friendly doctor to a supply of only six ounces of the best, but after due consideration it was thought that this would be something in the nature of a real hardship to inflict at the season of good-will. There will just be the one familiar bottle for each prescription, no matter how bad the insomnia may be, how weak the heart or how excruciating the rheumatic pains.

#### Doctors on Black List

It is also given out that eight doctors in and around Toronto have incurred the displeasure of the Ontario License Board for too promiscuously issuing prescriptions and their orders will not in future be honored by the government vendors. They will remain on the black list until they have convinced the license authorities that they will be less generous with their thirsty patients.

The increase in the price for Canadian whisky recently imposed by the license board has not had any detrimental effect on the demand, while the supply continues good.

#### CATHOLIC CHARITIES BENEFIT

John Sullivan, retired cattle salesman of Toronto, left an estate valued at \$142,811, consisting of household goods, mortgages, bonds and debentures and cash. By a will dated Dec. 8, 1916, the deceased left legacies to several Roman Catholic charitable institutions in Toronto and Liverpool. Legacies were also left to the testator's late bookkeeper in Etobicoke, Eng., and to several relatives in Canada and England. The remainder is left conditionally to the deceased's widow and family.

COLONEL MACHIN RAPS DRURY HARD

Does Not Like "Sunday School Superintendent" Rule Over Ontario.

The Citizens' Liberty League, to conclude their two-days' convention of delegates from all parts of Ontario, held at the Foresters' Hall last night a public meeting to hear addresses from Col. H. C. Machin and others.

After the chairman, R. C. Wood, had announced that the league had determined to enter the political field, Col. Machin, who had splendid reception, declared he did not propose to refer to his own political death.

Two Questions. He further declared he did not look bright for the province when men holding such views as the new attorney-general did were put up to administer the criminal laws of the province.

MEMBERS DISPUTE BALANCE SHEET

Wm. Turley Explains to What Good Ends Money Was Expended.

A rather heated discussion regarding the alleged unsatisfactory character of the half yearly balance sheet of the provincial command took place at the regular meeting of the Eastern branch G. W. V. A. held in Dian Hall Rhodes ave., last night.

Other Matters. The other matters discussed were the refund of fares for soldiers' wives returning from England, imperial soldiers' supplementary pensions and gratuities, in reference to which it was pointed out the forms to be filled in could be procured from the World Building, Richmond street, or the headquarters G. W. V. A., Ryrie building.

SWINE BREEDERS PASS RESOLUTIONS

At Guelph Fair, Question Commerce Board's Action Over Pork Prices.

Guelph, Ont., Dec. 11.—(Special)—The following resolutions from the Canadian Swine Breeders' Association were unanimously endorsed at the winter fair directors' luncheon today:

"We, representing the live stock producers, here assembled at the Guelph Winter Fair, do protest against the action of the board of commerce in restricting the selling price of pork and its production while making no attempt to restrict the price of the commodities which control the cost of production.

"Further, we desire to call the attention of the authorities to the fact that the hog industry in this country is in a most precarious condition because of these restrictions, which interfere with the regular channels of trade and result in thousands of brood sows being sent to the slaughter. Only prompt action will prevent thousands more from going the same way.

"If the maximum production is to be secured and a strong export market built up, such as the best interests of the government has authorized the construction of a cost of \$5,000,000, we feel that it can only be accomplished by the removal of all restrictions which hamper and discourage individual enterprise."

CANADIAN-BRED CLYDESDALES WIN

Their Defeat of Imported Horses Feature of Winter Fairs Closing.

Guelph, Ont., Dec. 11.—(Special)—The greatest Winter Fair ever held in this city was brought to a fitting climax tonight when the Canadian-bred Clydesdales carried off the grand championship for both stallions and mares in competition with the imported horses. This is the first time in the history of the show that such a signal victory has been achieved and there was great rejoicing among the Canadian-bred owners as a result.

Notwithstanding the fact that this was the closing night of the show it which completely filled the galleries and other points of vantage around the judging ring was on hand. The real climax came when the prize-winning animals were led to the arena and light and heavy horses paraded around the arena.

Prize Goes to Ottawa. The champion Clydesdale mare, imported, was the first class to be judged. The championship was awarded to "Margery Daw," owned by B. Rothwell of Ottawa, with "Rose of the Maples," owned by W. F. Batty of Brooklin, in reserve.

Next came the Canadian-bred championship for mares and this went to "Favorite Blend," owned by Robert Duff and son, Myrtle, with "Heather Princess," owned by W. F. Batty of Brooklin, in reserve.

The championship for imported Clydesdale stallions went to "The Bowler," owned by Smith and Richardson, of Columbus, with "Dunure Lucky Star," owned by A. T. Gormley, Unionville, in reserve.

Win for Pellett Horse. "Bonnie Bydand," a handsome colt, owned by Sir H. M. Pellett, was declared the champion of the Canadian-bred stallions.

The contest between the imported and Canadian-bred champions for mares was a close one, but the judges decided in favor of "Favorite Blend," as the grand champion Clydesdale mare of the show. She also was awarded the Bright special for the best Canadian-bred heavy draught, two years or over, and the gold medal given by the Canadian Clydesdale Association.

It took the judges a long time to decide the winner of the grand cham-

He stated that the matter was being carefully considered by the Dominion executive and that he had not the authority to make an official statement. He could not say when a Dominion convention would be called, declaring that the solution rested with the general membership body. He added that the full voice of the association had not yet been heard.

Declaring compulsory vaccination to be in direct opposition to the principles of democracy, the North Toronto branch of the G.W.V.A. condemned the order at a meeting held on Wednesday night. The resolution dealing with the matter was discussed at some length and was finally adopted by a majority of five.

The Proclamation of Peace

will create an interest in the new boundaries of Europe. The Toronto World has obtained a limited supply of the NEW MAP OF EUROPE, size 41 x 54, printed in colors, and inset maps of Australasia, Asia and Africa, showing the new divisions. Readers of this newspaper may obtain a copy by clipping this notice and sending same, together with fifty cents, to The Toronto World.

CHANGE OF MONTH FOR EXAMINATIONS

Will Be Held in June--July Was Generally Inconvenient. The official calendar of the department of education for 1920 issued yesterday by the minister, Hon. R. H. Grant, contains the important announcement that all examinations next year will be in June instead of July, the latter month having been found generally inconvenient. On June 8 the senior high school entrance and senior public school graduation diploma examinations and the examination for entrance into the normal schools and into the faculties of education open on June 9; also the upper school examination for entrance into the faculties of education and examinations for pass, honor and scholarship matriculation. On June 18 the normal school final examination, group two begins, and on the 18th the middle school examination for entrance into the normal schools. On June 23 the English-French model entrance examination opens; June 24, junior public school graduation diploma examination, and June 25 the junior high school entrance begins.

LUNDY'S LIGHTNING WORK

In Regard to Any Possible Combines in the Packing Trade. The World learns that no written or definite instructions were issued by Attorney-General Roney to J. S. Lundy, K.C., with respect to an investigation of the packing houses. Mr. Lundy had been engaged by Mr. Lucas, when attorney-general, to represent the Board of Commerce at the board of commerce. Mr. Lundy handed to Mr. Roney a generalization of the facts ascertained concerning the packing houses by the board of commerce. Mr. Roney did not consider the report covered the companies up to date and Mr. Lundy was told to complete the figures. In the report handed in by him it is believed he says that to exist among the packers. Mr. Lundy's mind must work quick! It is apparent, however, that the control of the packing houses is in the hands of the packers. The purchase of the Williams-Davies Company emphasizes the fact, the report says, that will incorporate some figures covering that purchase.

THE KNIFE AND FORK BRIGADE

Dyspeptic Soup Eaters Can Change Their Spoon for a Knife and Fork and With Stuart's Dyspepsia Tablets the World Smiles Again. Ask a former dyspeptic who tried the Stuart's Dyspepsia Tablets what wonderful relief they afford. Instead of the grouchily bowl of soup at the stomach to sour and at a party supper, the soup spoon has been replaced by the knife and fork. This food keeps on digesting. Thus the stomach and the subject create all sorts of distresses. And they act as soon as they enter the stomach, hence relief even in dyspepsia may be looked for almost at once. If you have been troubled with gasiness, sour stomach, water brash, heaviness after eating and such troubles, try Stuart's Tablets. You will find Stuart's Dyspepsia Tablets on sale in any drug store in the United States and Canada.

SOLDIERS FIRST

Secretary G. W. V. A. District Command Replies to Rev. J. A. Miller of Employment Bureau. Replying to Rev. J. A. Miller, superintendent of the Ontario labor bureau, J. V. Conroy, secretary of the district command of the G. W. V. A., submitted the following statement to The World yesterday. It reads in part: "I do not know whether or not the Rev. J. A. Miller was successful as a minister. I am not concerned about that end of the argument, but from personal observation and the many complaints we receive, I should say that his efforts in the labor problem have been and still are unsuccessful, particularly as they apply to returned soldiers and employment."

"Whether he does or does not occupy his present position as a result of patronage or pull, I am not going to argue about, except to say that it seems very strange that only a few months since, he, a minister, should be appointed (I presume) on the recommendation of another 'ex-minister' (Dr. Riddell) to the position which he now occupies. This was made in spite of the large numbers of unemployed soldiers and employment."

"Rev. J. A. Miller states that apart from himself, Dr. Riddell is the only other ex-minister engaged in placing returned soldiers in employment. It is said that Dr. Horn under Mr. Miller is also an ex-minister and it is also stated that Mr. Hudson, a young man with military age and assistant to Dr. Riddell, who did not serve in the late war, has leanings in that direction."

Alberta G.W.V.A. Would Change Non-Partisan Stipulations. Edmonton, Dec. 11.—Unanimously passing a resolution that will recommend to the Dominion G.W.V.A. convention that non-partisan and non-partisan stipulations be struck out of clause F of article one of the constitution of the G.W.V.A., Alberta G.W.V.A. delegates in the Dominion convention here Wednesday night, were informed by President C. E. Jenkins, of the provincial command yesterday. Mr. Jenkins stated that immediately the date for the convention was fixed, the Ontario command would immediately get in the province and accommodation had been arranged for in Peterboro and, at short notice, del-

President Provincial Command G. W. V. A. Says Convention Coming Soon But Will Not Take Part. That not only were the Ontario command eagerly waiting for the official announcement of the Dominion Command in connection with the date of a Dominion convention, but that the announcement was expected soon, was intimated by President C. E. Jenkins, of the provincial command yesterday. Mr. Jenkins stated that immediately the date for the convention was fixed, the Ontario command would immediately get in the province and accommodation had been arranged for in Peterboro and, at short notice, del-

BRANCH AGAINST COMPULSION.

Declaring compulsory vaccination to be in direct opposition to the principles of democracy, the North Toronto branch of the G.W.V.A. condemned the order at a meeting held on Wednesday night. The resolution dealing with the matter was discussed at some length and was finally adopted by a majority of five.

Returned Soldier Receives Entire Estate of a Bushman

Kingston, Ont., Dec. 11.—According to the terms of the will of a bushman in northern Ontario, Sgt. Arthur Driscoll, a patient in Sydenham Hospital, receives the entire estate of the testator. He will be given a lump sum of five thousand dollars and one thousand dollars a year for life. Sgt. Driscoll served overseas with the Second Battalion and on his return went to northern Ontario where he made friends with the bushman.

FORMING JEWISH POST.

A Jewish Veterans' Post of the Grand Army of Canada will be formed on Saturday afternoon at the headquarters of the association at No. 1 Elm street. The veterans will elect their own officers and will operate along the same lines as the nurses' post of the association.

FIGHTING PARSON FOR TRUSTEE.

Rev. (Capt.) J. F. Tupper, who won while overseas the sobriquet of the "Fighting Parson," was nominated as a candidate for the board of education at a meeting of the Riverdale Post of the Grand Army of Canada on Wednesday night. His nomination was submitted to the parliamentary committee of the association, who will in turn submit it to the veterans' council meeting on Monday night. The meeting also protested against compulsory vaccination.

DOMINION SECRETARY HERE.

C. G. MacNeil, Dominion secretary of the G.W.V.A. who was in the city yesterday on a routine business errand, paid a visit to the office of the Ontario command of the association. When interviewed by The World, Mr. MacNeil would not make any comment upon the federated unemployment fund. He stated that the matter was being carefully considered by the Dominion executive and that he had not the authority to make an official statement. He could not say when a Dominion convention would be called, declaring that the solution rested with the general membership body. He added that the full voice of the association had not yet been heard.

WORLD'S DAILY BRAIN TEST

BY SAM LOYD. 20 Minutes to Answer This. No. 62.

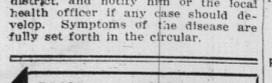

In each sentence one blank is filled with a transposition of the other, as "trade" and "rated" in the first. All the blanks are to be filled with words of five letters.

In one's credit depends very much upon how it is used. It is time to learn to use it well just as it does to excel in any sport. His room and board were so astonishing that we could not but stay at him.

By the time my reached we both were drenched. The soldiers who wrangled for years over which was to be ruler of the lightning bugs twinkled among the like tiny Johnny dropped into the organ, but it did not improve its any.

After ten instructing the book-keeper to enter the daily, we dispersed with his services. The day was cold and our men folk reluctantly left their seats at the table. If he falls with that basket of ware, I hope he at least.

Answer to No. 61. Here see how the five forms may, in turn, be created from the five pieces cut from a trapezoid.

Urges Doctors to Notify Cases of Sleeping Sickness. Encephalitis lethargica is the medical term for sleeping sickness. A circular letter has been addressed by Dr. McCullough of the provincial board of health to the medical men throughout Ontario, asking them to be on the alert with regard to the disease in their district, and notify him or the local health officer if any cases should develop. Symptoms of the disease are fully set forth in the circular.

LIVE STOCK MARKET.

While the receipts at the Union Yards were not large—about 1000 head of cattle, with other stock—they were ample.

The market was steady to strong, the big interest of course, being centred in the hog market, a full report of which appears elsewhere in this issue.

The lamb market was very strong, and steady at a dollar higher, while the sheep were higher. The hog market continues somewhat unsettled.

Record Entry List and Fine Display of Animals—Auction Sale Today.

Successful beyond any former years was the tenth annual Toronto Fat Stock Show, held at the Union Stock Yards in West Toronto, yesterday.

In points of exhibitors, and in the number and excellence of them, it would be hard to rival it. The cattle taken, as a whole were uniformly good, of good words and condition and is only another evidence of the tremendous possibilities in store for the province of Ontario.

Where there were some cattle it may seem invidious to particularize, but the exhibit made by George Routledge of Sprucedale Farm, near Woodville, is worthy of special mention.

Average around 1,600 lbs. of the choicest breeding, and showing every evidence of being quick feeding the whole bunch, about 35 in all, were a credit to Mr. Routledge and his head cattle buyer for the Harris Abattoir, and not a man who exchanges but was gratified at his success.

And the grand champion shown by W. and G. Whitlaw of Elora, and weighing around 1900 lbs., was another big feature. And so it was all down the line.

Sheep and Lambs. In the sheep and lambs there was a splendid show, never better. The swine too, were a fine lot, and including pigs from all the best breeders in the country.

The prize list as given in The World this morning is a model of brevity and information, and incidentally reflects credit on C. J. Topping, secretary, and the members of his staff.

FRESH WEAKNESS IN CORN MARKET

Big Breaks in Foreign Exchange Have a Depressing Influence.

Chicago, Dec. 11.—Pronounced weakness developed in the corn market today chiefly as a result of big breaks in foreign exchange. The close breaks in foreign exchange, the close heavy, 1-7-8c to 1-8c lower, with January \$1.35 1-4 to \$1.35 3-4, and May \$1.32 to \$1.32 1-4.

Oats lost little time for attention in the corn pit to focus on the extreme depression of sterling and the resulting actual settlement of the coal strike brought about a desire on the part of many holders to realize on their anticipations, especially as larger receipts and moderating weather promised to act as a weight on values.

Under such circumstances an opening show of strength associated more or less with higher quotations and disappointed quick selling by the country the market kept on the downgrade until the finish, with power to rally.

Cats paralleled the action of corn. Most of the pressure came from liquidating sales.

A poor outlook for exports more than counter-balanced in the provision market the fact that hog prices were higher. Discouragement of the year type was ascribed to the collapse of exchange values.

NEW YORK CURB. New York, Dec. 11.—The close on the curb today was irregular. The opening was unsettled, and as trading developed it was apparent that it was largely professional. General Asphalt, getting as high as 114, sagged to 107, and then recovered to 110.

Montgomery Ward at the close was a point lower than the subscription price of \$45. United Profit Sharing had a spurt of 2-5, reacting to 2-1-2.

American Tobacco securities, also United Cigar Stores and United Retail Stores companies.

Amos & Sons, Moffatt; J. Jas. K. Campbell & Sons, Palmerston; J. John Brown & Sons, Montreal.

Lot 1—Orill Williamson, R.R. No. 1, Jarvis.

Lot 2—Lerch Treatery, Crayke, Champlain; J. W. Marquis & Sons, R.R. No. 1, Sunderland.

Lot 3—Champion pure-bred steer—John Barr, also winner of Walker Horse Cup.
