## PARLIAMENT OPENS TUESDAY TWO VEXATIOUS QUESTIONS TO SPLIT LEGISLATORS

### Conflict With House of Lords Over Education Bill and With Labor Party Over Workmen's Com- pensation Bill—Balfour Will Retain Post of Leader.

London, Oct. 21.—Parliament will re-assemble next Tuesday with two vexatious controversies before it. The meeting promises to attract a renewed attention to public questions.

Sir Henry Campbell Bannerman, the premier, has returned here after a long rest, following the death of his wife last summer. He intends to resume the active direction of parliamentary affairs. A meeting of the cabinet has been called for to-morrow, after which the premier will have an audience with King Edward, and the work of the session will be definitely determined.

Mr. Joseph Chamberlain's recent illness promises to remove him temporarily from the galaxy of parliamentary orators, but he sends word that his indisposition will be of brief duration, and that he expects to return before long and continue his tariff propaganda.

### Balfour Still Leader.

There has been some talk that A. J. Balfour will give place to another leader of the opposition, but in spite of this the indications are that Mr. Balfour will continue in his office, with Lord Lansdowne directing the opposition forces in the house of lords. It is not likely that the government will initiate any legislation beyond that foreshadowed in the King's speech, together with what was left over from the spring sitting.

The session, which begins Tuesday, will be marked by two conflicts, one between the house of lords and the house of commons over the education bill, and the other between the government and the labor party over the workmen's compensation bill. During the recess now coming to a close the socialist wing of the labor party has opposed the government's candidates, and the present measure is considered something of a test of the government's ability to hold the support of the labor members of the house of commons.

### May Cause Appeal.

The controversy between the house of lords and house of commons over the education bill may lead to serious consequences, and possibly cause an appeal to the court. In the house of commons the bill is supported by the Liberal Unionist, and Lord Hennessy, Liberal, have given notice of amendments completely altering the character of the bill, in the matter of religious instruction, as passed by the house of commons. The bill, as passed by the house of commons, is a measure to provide for the education of the poor, and the main purpose of the bill, that of giving the country a better educational system, is being forgotten in the intensity of the strife between the two houses.

### Irish Question.

The Irish question is a lumbering volcano, which may break out at any moment, but there is believed to be no understanding that it will go over to the next session, or full discussion. However, James Bryce, chief secretary for Ireland, may, before the proposals concerning the education bill, disclose the government's proposals concerning Ireland. In the meantime the Irish leaders, notably John Redmond here, and T. P. O'Connell in the United States, are indicating that the government's concessions of anything short of complete home rule will be unacceptable to the Irish party.

The merchants' shipping bill will come up before Christmas, and the matter of the Transvaal constitution also will receive further attention.

The indications are, therefore, that the coming session will be full of activity and contention.

### AUTO CAUSES FATALITY.

Essex, Oct. 21.—While driving his brother from Winsteadley to Windsor this afternoon, Benjamin Goodson was thrown from his rig and killed. His horse was frightened by an automobile standing on the road.

### HON. P. G. RYAN DEAD.

Frederickton, N. B., Oct. 21.—(Special.)—Hon. P. G. Ryan, of Fredericton, died to-day from Bright's disease, aged 69 years. He served for many years in the local legislature, and was for a long time clerk of the executive council.

## Sixteen Hundred Insane Patients Crowded Into Havana Asylum of Capacity for 400.

Havana, Oct. 21.—Gov. Maqoon visited the National Insane Asylum to-day and discovered a deplorable state of affairs there. One thousand six hundred and sixty persons of both sexes are crowded into filthy and dilapidated buildings with a capacity for 400 people only. They are sleeping on broken cots, relics of the last American occupation.

Congress made an appropriation to enlarge the asylum, but the money was never expended. The conditions to-day are, very little better than under Spanish control.

Governor Maqoon will take instant steps to erect additional buildings and remedy the abuses.

## Coasting Steamer Strikes Floating Mine and Nearly 200 Persons Are Drowned.

London, Oct. 21.—A despatch received here from Vladivostok by Lloyd's agency says the Russian wooden coasting steamer Warjagin struck a floating mine and foundered on Oct. 20.

A portion of her passengers and crew were saved, but the remainder, numbering 189 persons, were drowned.

## IS ONTARIO POWER CO. GOING TO HELP GOVT.?

### Indications That It Is Prepared to Supply Niagara Electrical Energy at Especially Attractive Rates.

General Green, president of the Ontario Power Co., and several others interested in that corporation had an interview with Premier Whitney on Saturday. Just what was afoot did not transpire, as all parties observed the strictest reticence.

Several things have occurred recently, however, which would make some deductions in this connection a little more than plausible, if not actually certain.

A few days ago it was announced that the demand for electric horse-power made to the Ontario hydro-electric commission by the western municipalities had reached \$8,000.

On Aug. 16 last The World announced that tenders had been called for by the government or the commission, and that one company had offered horse-power, and at \$8 over that quoted. It was subsequently declared that the tenders were not received, and that the government was to supply the power now required.

For reasons given on a former occasion it seems probable that the Canadian Niagara Power Co. was satisfactorily satisfied with its present market. The objections raised by the Electric Development Co. to the electric power bill are taken by many to indicate that the terms mentioned in the hydro-electric power commission's report, including a rate of \$12 for horse-power at the Falls, would not be acceptable to this syndicate.

### May Reach Agreement.

Of the three companies prepared to tender power in the immediate future there remains then only the Ontario Power Co. to be considered, and in view of the negotiations that are evident in progress, no one acquainted with the situation will be surprised to hear that the government has concluded a bargain with this company regarding the supply of power now under negotiation.

Hon. Adam Beck, in his comprehensive address at the introduction of the power bill, alludes to the probability of getting a better rate even than that now being offered. At Galt during the recent convention of representatives of the western municipalities he declared himself prepared to stand by the figures of the power commission report. Their favorable nature cannot too frequently be brought to the attention of towns and cities in the district included in the distribution scheme of the commission. Any laggards should at once hasten to obtain whatever may be possible in the way of concessions in the scheme, among the first shares in the scheme. The greater the number participating the less will the expense be. It is not unnatural, however, to suppose that those who postpone their applications until everyone else is supplied may not be in so favorable a position to make terms as those who bear the burden and heat of the initiative work.

### Arranging for Development.

The Ontario Power Co.'s works are constructed for 180,000 H.P. This has been only partially developed. Further instalments of the plant have been arranged for and the erection of transmission lines has been under consideration for some time. The company is at present delivering power in New York State as well as in Ontario.

It may be well to remind those interested that the rates for 24-hour power at transformer stations (the cost of local distribution, which varies with the amount used, and the distance, covered from \$2.50 to \$10, up to six miles), varies from \$16.33 at Toronto to \$27.00 at Niagara Falls. This is an estimated load of 400 H.P., and in Windsor of 750. The cost to the actual consumers has been worked out in a number of cases, including St. Thomas, \$26.03 per H.P. per month; Galt, \$22.56. Cities like Hamilton, near the source of supply, or Toronto, with its long transmission, naturally get more favorable terms. The security and reliability of regular rates under government supervision must commend the proposal to all.

### Power Cables in the Way.

A Niagara Falls, N. Y., special to The World says that power cables across the river from Fort Erie to Buffalo are interfering with high-masted vessels, and petitions are being sent to the A. V. S. S. to have them removed. It was reported that a section of the cables was broken, and the vessel passing over it was damaged. Hiser tower or the removal of the wires will be insisted upon.

## DR. COUGHLIN OF PETERBORO GIVEN BELLEVILLE VACANCY

Will Succeed Robt. Mathison as Superintendent of Deaf and Dumb School.

Dr. C. B. Coughlin of Peterboro has been appointed superintendent of the Institute of the Deaf and Dumb at Belleville, Ontario, in the place of R. Mathison, who resigned recently.

Dr. Coughlin is a native of the county and is 44 years of age. He was educated at the Belleville School and at Peterboro College, and then at the University of Toronto. He has taught school in Peterboro for five years. Taking up medicine at Trinity College, he graduated in 1890. He took post-graduate courses in New York and Chicago, and secured a practice at Arthur, where he was until four years ago, when he removed to Peterboro.

In the provincial election of 1898 he was Conservative candidate in East Wellington, and again contested the riding in the by-election the same year against Hon. J. M. Gibson. In 1900 he was tendered the unanimous nomination for the Dominion house in North Wellington.

Dr. Coughlin's salary will be \$2000 a year.

## RUSH TO GET SEATS ON 'CHANGE BEFORE VALUES ARE ADVANCED

Winnipeg, Oct. 21.—(Special.)—More than sufficient applications for seats on Winnipeg Grain and Produce Exchange have been received by the secretary, C. N. Bell, to take up all available memberships in that body. Should all the applications be entertained, more seats will be opened for sale. In fact, the applications number more than the seats left.

The recent move to advance the price of seats from \$2500 to \$3000 has had the effect of bringing a large number of applications from those who are desirous of getting in at the present rate, as the advance, if passed, will come into effect on Nov. 1. The rapid disposal of seats on the exchange within the past year or two has shown how important a position in the grain world of America the local exchange has come. But a few years ago the seats were selling for \$250. Applications for membership have been received from the leading grain centres of America, from Chicago, Minneapolis and New York, as well as from eastern Canada. The membership limit has been placed at 300.

A large number of the trade were on the floor Saturday when the rush for the remaining available seats was made, and considerable excitement was shown. There was a cheer after cheer as applications poured in, until the last one was taken.

## WOULD LIKE TO PUT IT IN THE HOLE.

THE FINANCIAL CHIMPUNK: It's the biggest nut I ever tackled.

## LAURIER'S NAME NOT ALWAYS ABLE TO WIN ELECTIONS FOR THE PARTY

### Prestige of Sir Wilfrid Being Overworked, Remarks Liberal Paper Touching Effort of Government to Impose C. R. Devlin on Montreal.

Montreal, Oct. 21.—(Special.)—The Liberals here are feeling so indignant at the evident desire of the government to impose Charles R. Devlin upon St. Ann's division, thinking that the name of Laurier can elect him, that The Herald speaks out as follows:

"The prestige of Sir Wilfrid Laurier is being overworked, and is being made to do duty where it never ought to be invoked. The result, which was bound to come sooner or later, is seen in such disagreements as that at Quebec County, and in such disappointments as that of Malsouneuve. In every case of dragging the leader of the party, the moulder of public opinion, down into the quagmire of parish politics, no permanent good can come of it. The relation tends to deprive the leader of his dignity and discourage the rank and file from taking that proper and praiseworthy interest which is the basis of all political security. The Malsouneuve example, and now the Quebec example, prove all too fully that so far from securing united and harmonious co-operation between the leader and the rank and file, this easy-going confidence in the magic potency of the name of Laurier is rapidly putting an end to that harmonious co-operation, and making opportunities for the common enemy.

"The situation in Montreal is sufficiently serious, and is made more so by the fact that the self-seeking who are always more active when a party is in power, have not of late given to Laurier an end to their harmonious co-operation, and making opportunities for the common enemy.

"The situation in Montreal is sufficiently serious, and is made more so by the fact that the self-seeking who are always more active when a party is in power, have not of late given to Laurier an end to their harmonious co-operation, and making opportunities for the common enemy.

## CLEMENCEAU, NEW PREMIER BUSY ON FRENCH CABINET

Col. Piquart, Defender of Dreyfus, May Be Offered a Portfolio—Foreign Ministry Declines.

Paris, Oct. 21.—M. Clemenceau, minister of the interior, was summoned to-day to the Elysee Palace and entrusted with the task of forming a new ministry.

He expressed his acceptance, and then consulted M. Sarrien, the former premier, with regard to the political situation. M. Dubout, president of the senate, and M. Bourgeois, minister of foreign affairs, whom he urged presingly to retain his portfolio. M. Bourgeois was inflexible in his refusal, pleading ill-health.

M. Clemenceau also held conferences with his political friends, including Gen. Fiquart, the defender of Dreyfus, who was restored to the army and promoted in July. M. Clemenceau declares he has not yet offered any portfolio, and is only waiting to obtain information on certain phases of the army estimates. It will take him four days to choose his ministers.

## SHOT WHILE HUNTING.

Montreal, Oct. 21.—(Special.)—Geo. Smith, a skilled mechanic of the American locomotive works, accidentally shot and killed himself on Saturday while hunting at Lake Mecca, near Labelle.

Drink Port Hope Pale Ale at dinner and your doctor will see you seldom.

## HOUSEBOAT WITH 150 MEN CRUSHED BY GIANT WAVES MAJORITY DROWN

### Harrowing Tale of Death and Destruction Told by Survivor of of Key West Storm—Many Cling to Floating Timbers Till Rescued.

Key West, Fla., Oct. 21.—Survivors from one of the houseboats of the Florida east coast railway extension along the Keys tell a harrowing tale of death and destruction caused by the storm of Thursday.

W. P. Dusenbery, civil engineer in charge of the work on Long Key, was wonderfully escaped death, arrived here on the Russian steamer Jennie, among other survivors rescued.

He said houseboat No. 4, on which were 150 men, was struck by the storm early Thursday morning, and was driven out into the gulf. The houseboat soon began to break up, and as the great waves hit her, men, singly and in twos and threes, were washed into the sea and drowned. Some went below for protection, but when the top of the boat was carried away the waves rushed in, and the boat soon went to pieces. Thirty or forty of the men were crushed to death in the collapse.

The others grabbed timbers to save themselves from drowning. Mr. Dusenbery was in the hold, but succeeded in getting a log, and floated until Friday night. To one piece of timber sixteen men were clinging, and were hanging on to another. The sides of the houseboat were crowded with men. It turned over three times, each time reducing the number.

The Jennie sighted the wreckage and succeeded in rescuing the forty-nine men who were brought here. Three other steamers, with searchlights, were picking up dead and alive men when the Jennie left the scene.

There was another houseboat with 150 men on board off Long Key, which Mr. Dusenbery thinks was also swept to sea.

## MAYOR SHARPE SIGNS Agreement Employing Cecil B. Smith as Power Expert.

Winnipeg, Man., Oct. 21.—(Special.)—At a stormy special meeting of the city council on Saturday afternoon, Mayor Sharpe finally consented to sign the agreement with Cecil B. Smith, the Ontario electrical expert, to be the power committee agent to immediately appoint a board of three consulting engineers with Mr. Smith.

The power committee and members of the city council will to-morrow visit Point du Bois, the site of the municipal waterpower, and will look over the field, so as to be prepared to go ahead with the development, which, according to Mr. Smith's estimate, will involve an expenditure of \$3,500,000.

## MOTORS WON'T DO FOR INTERCOLONIAL.

St. John, N. B., Oct. 21.—(Special.)—G. R. Joughins, mechanical superintendent of the I. C. R., has been sent to Paris by the Canadian Government to inspect motor cars for use on the I. C. R., resulting from the fact that reports finding no motor cars suitable for the Intercolonial.

## FALLS OFF CAR STEPS.

Montreal, Oct. 21.—(Special.)—Home Taylor, 40 years of age, and a well-known business man, was killed on the C.P.R. near Alexandria. He had left the train at that place for refreshments, and when it started the vestibule doors were shut and before they could be opened Taylor fell off. When picked up he was dead.

## WOMAN'S WORLD.

### NOCTURNE.

The moonlight is flooding the lake;  
The hemlocks are heavy with sleep.  
But the stars and the winds are awake—

Winds that are soft as the night;  
They brood on the water and creep  
In wandering shimmers of light.

Now all the dark forest is still,  
Save the dew, dropping softly and slow,  
Or the cry of the far whippoorwill.

A bird, winging south, twitters low,  
Unseen in the wonderful sky,  
Where the little winds, hesitant, go.

Then the ripples die out in the edge;  
The moon swings along in the lake,  
And the hemlocks sleep on by its edge.  
—Charles Burton Goings.

### WORLD'S PATTERN DEPARTMENT.

Designed by Mildred Cassells.

LADIES' JACKET—No. 1065—A stylish and serviceable jacket and one that is very much worn at the present time is here illustrated. The jacket is cut in three sections, both front and back, and closed invisibly underneath a fly. The sleeves are of three-quarter length, which are worn so much at the present time. The pattern allows for a long sleeve if desired. Covert, serge or any material 40-inch bust measure. It requires for medium size 4 yards of material 27 inches wide, with 1-4 yard of velvet for collar.

### World Pattern Department.

Please send the above-named pattern, as per directions given below, to:

Name .....

No. .... Street .....

Town .....

Province .....

Measurement—Waist ..... Bust .....

Age (if child's or miss' pattern) .....

**CAUTION**—Be careful to enclose above illustration and send size of pattern wanted. When the pattern is sent measure you need only mark 32, 34, or whatever it may be. When in doubt, mark 32, 34, 36, or whatever it may be. If a skirt, give waist and length measure. When miss' or child's pattern, give only the figures representing the age. It is not necessary to write "inches" or "years." Patterns cannot reach you in less than three or four days from the date of order. Price of each pattern is 10 cents in cash or postal order. Do not send stamps.

**Special Note**—Always keep duplicate of all orders sent, and send this duplicate in making enquiries about pattern. Please The World Pattern Department, 83 Yonge St., Toronto.

say that the comfort of the family depends as much on the disbursement of the income as upon its earning. Among the wage earners the wife is often the most important single member of the family. Husband, sons and daughters depend on her for the amount of their wages and the amount saved. I believe in keeping accounts, even if it is a simple one. I have an accurate knowledge of what we must spend. It is easy, for instance, to keep the milk account, because it is a fixed charge. We take so much of the income that we should know just as definitely how much our meat costs a week, our eggs, our whole table. We should know, too, how much the income is going for food, too much for clothes."

**Their Diamond Anniversary.**  
Mr. and Mrs. S. Wallace, 11 Pembroke-street, on Saturday celebrated the 60th anniversary of their wedding. This is the third diamond jubilee in their having also celebrated their 60th wedding day. Mr. Wallace is now 87 and his wife 81 years of age. They were married in Milford, near Detroit, Michigan, and came to Canada on their honeymoon, settling on a farm near Brampton. Later they moved to Woodstock, and some years ago to Toronto. Five of their children were with them on Saturday.

**Personal Mention.**  
Mrs. and Miss Frances Lewis, 1 Scarbroad, will receive in future on Tuesday instead of Monday, as before.

**FALLS OFF SCOW, DROWNS.**  
Kingston, Oct. 21.—John Nobes, carpenter, was knocked off a scow last night, while going to the Thousand Islands Park with lumber. His two companions could not find him owing to the darkness, and the old man perished. His body was washed ashore at Wolfe Island and discovered this morning.

### 400 SPECTATORS ON HEAD WHEN "BLEACHERS" FALL

Accident at Football Game at Syracuse Which May Result in Three Deaths.

Syracuse, N.Y., Oct. 21.—During the progress of the football game between the teams from Syracuse and Colgate universities at New Star Park here Saturday afternoon, a portion of the upper section of the bleacher stands collapsed.

The stands were densely packed and 400 people were crowded into the enclosure under the stands. It is a miracle that none was killed. Of the 100 or more injured, the death of three has been reported. Rev. Christopher J. Donigan, assistant pastor of St. John's Evangelist Church, sustained an injury to his spine which may prove fatal. William Lusk, one of the panics-stricken people, of West of Rome is injured internally and may die.

The accident occurred just after the resumption of play in the second quarter. The intense rivalry between the two teams brought out the largest crowd that has ever attended a football game in Syracuse. There were 3000 people in the stands and bleachers and on the side lines, and the excitement all suddenly broke out in a crash and a piercing shriek above the din as 50 feet of the bleachers gave way and the occupants were thrown into one mass in the enclosure.

People rushed from the stands and the other part of the bleachers to the scene of the accident. Amidst the tumult and disorder the gates were closed and the gate that led to the rear of the collapsed stands prevented a rush of the panic-stricken people on to those buried under the debris. The game was delayed only about 10 minutes by the accident.

The injury to Father Donigan consists of a fracture of the spinal column in the neck region. All organs of the body are paralyzed, with the exception of the muscles of respiration and speech.

**DEATH-DEALING BLAST.**  
Two Men Killed by Premature Discharge at Cement Works.  
Belleville, Oct. 20.—A terrible accident occurred at the Point Anne works of the Belleville Portland Cement Company this afternoon, by which two men lost their lives.

A party of men were working in the quarry, and there was a premature blast. George Ryan and William Bowler, two of the employees, were so badly injured that they died soon after.

An inquest will be held. Bowler was a resident of this city, and was about 33 years of age. Ryan, who was also a young man, lived in the country. The men were blasting with dynamite when the accident took place.

**CAMP FOR CONSUMPTIVES IN THE PINE FOREST.**  
Remarkable Cures That Are Being effected by a Famous Physician.

### Womanly Weakness

is purely relieved by Beecham's Pills. They never fail. Special directions to females with each box. Depressive, sick headache, backache, paleness and nervousness all disappear after using.

## Beecham's Pills

Sold Everywhere. In boxes 25 cents.

New York, Oct. 20.—Chairman Timothy L. Woodruff of the Republican state committee announced to-day that he had protested to the postoffice department at Washington that he feared the campaign literature was being distributed free of charge by government carriers.

The complaints upon which the state chairman acted included the assertions that campaign literature was being circulated without passing thru the proper channels, and that rural carriers had been requested to furnish lists of people living along their routes. The rules of the postoffice department prohibit carriers giving information of lists of names.

W. R. Hearst to-day made this statement in reply to statements by the newspaper correspondents about the charges made by Charles F. Murphy, leader of Tammany Hall, that representatives of the Independence League in New York were "holding up" Democratic candidates for money.

"Murphy's statement is not any more false and foolish than other statements that have been made, but I am distinctly glad that he made the statement, and that he was put under oath before the grand jury and compelled to say it was baseless and reckless."

The Independence League is endeavoring, to the best of its ability, to do so unselfishly, to serve the people, and to secure the election of men who will be faithful to the people. Where Democrats are endorsed, they are endorsed because we believe they are of the character of men who will serve the people. Where a Republican, like Judge Rosinsky, is endorsed, it is because we believe that he has served them faithfully.

**ARRESTED FOR FORGERY.**  
Lawyer Taken Into Custody Leaving Auto. at Fashionable N.Y. Hotel.  
New York, Oct. 20.—What the police regard as an important arrest was made to-night, when Arthur C. Babbitt, aged 27 years, was taken into custody as he alighted from an automobile and was about to enter the Hotel Savoy.

The prisoner is charged with the forgery of bank checks, and yesterday was located in Philadelphia, where, before he was stopped at the Continental Hotel. The party was traced to this city.

The complaint is an attorney of 13 years ago to represent others. According to the police, the alleged forgeries involved the name of William H. Wheeler, a retired army officer.

### STAFF CHANGE UNPOPULAR MEETING HELD IN PROTEST

Residents Interested in Welfare of Harbord St. C. I. Will Petition School Board.

A meeting of the parents of pupils of the upper forms of the Harbord Collegiate Institute was held in Knox College on Saturday afternoon, Prof. Ballantyne in the chair. The object was to consider the changes in the staff of the school in English and classics proposed in a report of the school management committee, which is to come before the board of education to-night.

The following resolutions were adopted, and a deputation appointed to present them to the board: "That this meeting urge on the board the desirability of appointing teaching positions in Harbord-street Collegiate Institute, whenever possible, to persons of first-rate scholarship and of distinguished success in teaching, especially in the case of heads of departments.

That this meeting urge on the board the desirability of appointing to the teaching staff, by which heads of departments may be appointed who are inferior in scholarship and pedagogical skill to those hitherto holding such positions in the school.

That this meeting disapprove of the proposal to remove the head teacher in English, who has for so long filled her present position with marked distinction, and who has won the confidence and esteem of both parents and pupils."

Mr. Hagar, principal of the collegiate institute, spoken in regard to the meeting, said it had been called without any solicitation from himself. Referring to a recommendation given to Mr. Forfar over whom appointment the battle is waging, he said that it had been given for his use, if desired, in connection with schools outside the city and positively held no reference, as is being claimed now, to Mr. Forfar's fitness as classical master for the Jarvis-street Collegiate.

"The trustees should be guided more by what I did not say than by what I did, in that letter," said Mr. Hagar.

Denial is also made that Miss Lawler is desirous of going to Jarvis-street. A rumor, created by the former in circulation, to the effect that she has evinced an inclination to go, but it is based only on a remark made, that she would not care to stand in Mr. Forfar's light, if the board said he should go to Harbord.

**WHOLE FAMILY MURDERED.**  
Intoxicated Farmer Kills Wife, 3 Children and Then Himself.  
Gage, Okla., Oct. 20.—O. B. Heyworth, a farmer, to-day shot and killed his wife, two daughters, aged 22 and 18, and a son, aged 20, and then turned the weapon on himself, inflicting a mortal wound.

He had been drinking.

FOR BREAKFAST THIS MORNING? IF NOT, WHY NOT?

It supplies the greatest amount of nutriment with the least tax upon the stomach and bowels. Makes blood, brain and brawn. Made in Canada of Canadian wheat.

A breakfast of Shredded Wheat with hot milk or cream supplies the energy for a whole day's work. Try it.

CANADIAN SHREDED WHEAT Co., Limited, Niagara Falls, Ontario  
Toronto Office, 31 Church St.

**EARTHQUAKE IN MAINE.**  
Two Distinct Shocks Destroy Portion of Big New Bridge.

Portland, Me., Oct. 20.—Two earth shocks destroyed about 100 feet of the temporary highway structure known as Vaughan's Bridge, which crosses the upper harbor, to-night. The first shock was felt at 6 o'clock, the second at 7:01. Both shocks were light, but were distinctly felt.

It is feared that great damage has been done to the foundation of the new highway bridge nearby, for which a quarter of a million dollars was appropriated recently.

**ROOSEVELT'S PLANS.**  
Washington, D. C., Oct. 21.—After voting at Oyster Bay on Nov. 6, President Roosevelt will leave for Panama on the new battleship Louisiana. He will be in Panama for five or six days.

**A Sermon to Young Men.**  
The Rev. Dr. Hossack addressed a large gathering of young men in Association Hall on Sunday afternoon, the building being filled. The meeting was the first of a series to be held during the winter, and was under the auspices of the Y. M. C. A.

Dr. Hossack based his remarks upon the passage found in Jeremiah viii, 20. He urged the importance of an early acceptance of the doctrines of Christ and impressed upon the young men the necessity of an early decision in spiritual matters.

**Tramps Cause a Barn Fire.**  
Charlestown, Oct. 20.—About 5 o'clock this morning the barn and stable of Thomas Keast, together with the scow's crop, one valuable horse, and a number of pigs and fowl, were destroyed. The fire is supposed to be the work of tramps. The loss is over \$1000. It was pulled back on the tracks by Dundas car No. 752.

**Street-Car Jumps Track.**  
Dundas car No. 496 jumped the switch at Queen and Yonge-streets, at 7:55 o'clock Saturday evening and was stalled in the middle of the street, blocking the street for about 25 minutes. It was pulled back on the tracks by Dundas car No. 752.

**Nervous?** There are many causes of nervousness, but poor blood heads the list. The doctors call it anemia. The blood lacks red corpuscles. At your first opportunity, consult your doctor. Nervousness, debility, nervousness. If he has, take it. If not, take Ayer's Sarsaparilla. Get well, that's what you are after.

BEAUMONT TRACK RESULTS

NO TRIAL FOR ROSEBEN—HYLAS, RAY UP, WINS STEEPCHASE—RESULTS AND ENTRIES.

New York, Oct. 20.—A heavy rain washed the track at Belmont Park so badly as to prevent Roseben's trial against time, which had been scheduled for this afternoon.

Summary: First race, for 2-year-olds, 6 furlongs—Hylas, 106 (Hornor), 7 to 5; 1. Merrill, 104 (Miller), 6 to 1; 2. Frank Gill, 104 (J. Martin), 3 to 1; 3. Time 1:34.45. Ails, Gen, Sherman, Chancellor and Gallant Dan also ran.

Second race, The Champion Steeplechase, for 4-year-olds and upward, about 3 1/2 miles—Hylas, 105 (Hornor), 7 to 5; 1. Collier, 105 (Donohue), 6 to 1; 2. Ails, 105 (Finagans), 3 to 1; 3. Time 8:23. Jona M. 1, and Woolgatherer also ran.

Third race, The Plains Handicap, for 2-year-olds, 6 furlongs—Okenite, 108 (J. Hennessy), 3 to 2; 1. Kentucky Beau, 123 (Vellier), 7 to 1; 2. Marathos, 109 (F. Swain), 20 to 1; 3. Time 1:41.15. Tournure, Voo Populi, Smiling Tom, Killaloe, Pennariss, Prince Hampton and Hard Shoo also ran.

Fourth race, selling, for maiden 2-year-olds, 7 furlongs—Beaudrie, 93 (McDaniels), 6 to 1; 1. Diaster, 93 (McDaniels), 6 to 1; 2. Lamertine, 87 (E. Swain), 15 to 1; 3. Time 1:28. Pierrot, Jobstawn, Ambush, Herman, Munnah, Sallan, Sallan, G. J. Camysea, Will Do, A. L. Lady and Tistie Seed also ran.

Fifth race, The Belmont Park, weight for age, for 3-year-olds and upward, 2 1/2 miles—Nelson, 104 (Hornor), 7 to 5; 1. Nelson, 104 (Hornor), 7 to 5; 2. Time 2:01. J. F. Donohue also ran.

Sixth race, handicap, 3-year-olds and upward, 1 1/2 miles—Miss Crawford, 124 (Miller), 2 to 1; 1. Chimesy Sweep, 110 (Walsh), 13 to 5; 2. Tommy Thelwell, 122 (Hornor), 2 to 1; 3. Time 2:01. J. F. Donohue also ran.

Seventh race, 3-year-olds and upward, 1 1/2 miles—Meadowbreeze, 6 to 1; 1. Puncilure, out for place, 2; 2. Puncilure, out for place, 3; Time 1:33.25. Basil, Thelwell, 122 (Hornor), 2 to 1; 3. Time 1:33.25. Basil, Thelwell, 122 (Hornor), 2 to 1; 3. Time 1:33.25.

Eighth race, 3-year-olds and upward, 1 1/2 miles—Meadowbreeze, 6 to 1; 1. Puncilure, out for place, 2; 2. Puncilure, out for place, 3; Time 1:33.25. Basil, Thelwell, 122 (Hornor), 2 to 1; 3. Time 1:33.25.

Ninth race, 3-year-olds and upward, 1 1/2 miles—Meadowbreeze, 6 to 1; 1. Puncilure, out for place, 2; 2. Puncilure, out for place, 3; Time 1:33.25. Basil, Thelwell, 122 (Hornor), 2 to 1; 3. Time 1:33.25.

Tenth race, 3-year-olds and upward, 1 1/2 miles—Meadowbreeze, 6 to 1; 1. Puncilure, out for place, 2; 2. Puncilure, out for place, 3; Time 1:33.25. Basil, Thelwell, 122 (Hornor), 2 to 1; 3. Time 1:33.25.

Eleventh race, 3-year-olds and upward, 1 1/2 miles—Meadowbreeze, 6 to 1; 1. Puncilure, out for place, 2; 2. Puncilure, out for place, 3; Time 1:33.25. Basil, Thelwell, 122 (Hornor), 2 to 1; 3. Time 1:33.25.

Twelfth race, 3-year-olds and upward, 1 1/2 miles—Meadowbreeze, 6 to 1; 1. Puncilure, out for place, 2; 2. Puncilure, out for place, 3; Time 1:33.25. Basil, Thelwell, 122 (Hornor), 2 to 1; 3. Time 1:33.25.

Thirteenth race, 3-year-olds and upward, 1 1/2 miles—Meadowbreeze, 6 to 1; 1. Puncilure, out for place, 2; 2. Puncilure, out for place, 3; Time 1:33.25. Basil, Thelwell, 122 (Hornor), 2 to 1; 3. Time 1:33.25.

Fourteenth race, 3-year-olds and upward, 1 1/2 miles—Meadowbreeze, 6 to 1; 1. Puncilure, out for place, 2; 2. Puncilure, out for place, 3; Time 1:33.25. Basil, Thelwell, 122 (Hornor), 2 to 1; 3. Time 1:33.25.

Fifteenth race, 3-year-olds and upward, 1 1/2 miles—Meadowbreeze, 6 to 1; 1. Puncilure, out for place, 2; 2. Puncilure, out for place, 3; Time 1:33.25. Basil, Thelwell, 122 (Hornor), 2 to 1; 3. Time 1:33.25.

INDIANS RETURNED ON SUNDAY—FIRST GOAL SCORED BY FLUKE—THE GATE RECEIPTS.

Teumessah arrived home Sunday morning from Ottawa. Even if the Indians didn't win the championship and the Minto Cup, they still think, if the original schedule had been carried out on the field, in place of the committee room, that the Minto Cup would have been won by the Indians.

The gate Saturday was even up with the draw and the Minto Cup, which was secured by the Indians, was the result of a duke. Feiler secured the draw and ran up the field, but the referee was not aware of it. However, he still ran on, while a cap man picked up the ball and the old man, ran in and scored. The time was 25 seconds.

Four minutes before time was called in the third quarter, Minton and Shea got into a fight. The crowd, seeing their favorite getting the worst of it, ran onto the field, while Brennan and Querie had another set-to in trying to separate the combatants. The referee was not aware of it.

The gate was \$1200, of which the Indians got \$800. This is the largest lacrosse gate Ottawa ever had. The Teumessahs were banqueting by the Capital Management.

The Ottawa despatch says: The Minto Cup comes to Ottawa, the Capitals' triumphing the Teumessahs of Toronto, 11 to 2, on Saturday afternoon. The Teumessahs were banqueting by the Capital Management.

It was a sorry exhibition of lacrosse which ended the season of 1905. The Teumessahs put up a miserable quality of play, and the Capitals, who were the victors, were hardly up to the standard, the straightaway course.

The latest acquisition to the breeding bureau of the New York Jockey Club is the great race horse and sire, St. Leonards, by the late Mr. J. W. G. Jones, who was the son of the late Mr. J. W. G. Jones, who was the son of the late Mr. J. W. G. Jones.

A New York despatch says: When racers woke up yesterday morning and saw the great storm raging, all hopes of viewing the annual running of the Belmont Park, were dispelled. D. C. Johnson said in speaking of the race: "The race was a disappointment to me. I had hoped to see the great horse, St. Leonards, in action."

At the sale of horses at Belmont Park Saturday, C. E. Dunsell bought the bay colt Temacoo, by May—See-Ky-Tree, for \$1000. The other sales were: Ails, 106, by Goldcrest—The Bohemian Girl, 104, by C. E. Dunsell, for \$1000.

English racers just now are getting quite sensational over a new lightweight rider, the Irishman, John O'Connell, who is in the kingdom since Johnny Heir went abroad with his chereub face and good looks. Heir was a very good rider, but O'Connell is a better one.

The feature of get-away day at Churcilli Downs was the Board of Trade Handicap, which brought out such high-class performers as Pretension, Hamhill Boy, Botina and Wexford. The play centred on Pretension, with Wexford as second choice.

At the sale of horses at Belmont Park Saturday, C. E. Dunsell bought the bay colt Temacoo, by May—See-Ky-Tree, for \$1000. The other sales were: Ails, 106, by Goldcrest—The Bohemian Girl, 104, by C. E. Dunsell, for \$1000.

FOOTBALL RESULTS SATURDAY

Hamilton Tigers Scored 48 Vics Just Broke Goose Egg

As was predicted, Hamilton Tigers made a runaway game of it at Varsity athletic field Saturday, when they played the Victorias a senior O. R. F. U. game. At half time the score stood 25-1 and at the conclusion of the match 48-1.

It was a delightful day for football and the 100 spectators present were able to get a line on the Tigers for the first time this season. Hamilton presented their usual line-up and as in former games, Moore was the dangerous man, going over for three tries and converting six out of the team's eight.

In one of the most exciting games ever played in the Ketchum Park the Victorias II defeated Aross II on Saturday by 12 to 0. The north enders played a game of the feet in the first quarter. Love going across for the only try. Victorias' lead up: Full, Moore, halves, Wheeler, Porter, Rogers, Taylor, m. Coyle, Wicks, Referee—Doc Wright, Umpire—Jack Lash.

Junior Tigers 25, London O. Hamilton O. R. F. U. (Special). The Intermediate Tigers put it all over London this afternoon at the cricket grounds, the score being 29 runs to 10. It was a great game, the stars being Harrison, Avery, Potticary, Eccleston and Parkwood. London was badly crippled after its game with Dundas Thursday. Thompson at centre half put up a good game, and McMahon who played in the first game, also did good work at quarter. The half time score was 10 to 0. The line up: Full, Moore, halves, Wheeler, Porter, Rogers, Taylor, m. Coyle, Wicks, Referee—Doc Wright, Umpire—Jack Lash.

London O. R. F. U. (Special). The Intermediate Tigers put it all over London this afternoon at the cricket grounds, the score being 29 runs to 10. The line up: Full, Moore, halves, Wheeler, Porter, Rogers, Taylor, m. Coyle, Wicks, Referee—Doc Wright, Umpire—Jack Lash.

Football Saturday Across Line. At Ithaca—Cornell 27, Bowdoin 0. At Philadelphia—Pennsylvania 14, Brown 0. At West Point—West Point 17, Williams 0.

At New Haven—Yale 10, Pennsylvania State College 0. At Syracuse—Colgate 5, Syracuse 0. At Princeton—Princeton 44, Springfield Training School 0. At Hanover, N. H.—Dartmouth 20, Massachusetts Agricultural College 4.

At Pittsburg—Carleton 22, Western University of Pennsylvania 0. At Montreal—McGill 12, Wesleyan 6. At Annapolis—Mary 25, Lehigh 0. At Michigan 6, Ohio State 0; Wisconsin 10, North Dakota 0.

Rugby at Kingston. Kingston, Oct. 20.—There were two inter-collegiate rugby matches at the Royal Military College. The first was between the Junior Cadets and the Victoria II, by 17 to 6, and the R. M. C. Intermediates won the Victoria II, by 37 to 3, so winning the round.

Defeated Rugby Games. Argonauts III and Canada Life defeated their junior O.R.F.U. games Saturday to Victoria III and Tainmyan Tigers respectively. In the City League Games defeated to St. Michaels Seniors, while Hugh Riders defeated to St. Michaels Juniors.

The Tammany Tigers from the Canada Life team returned after a victory in the Victoria II game. The game was a very close one, with the Victoria II leading by 17 to 6 at half time. The Victoria II was victorious by 37 to 3.

The Tammany Tigers from the Canada Life team returned after a victory in the Victoria II game. The game was a very close one, with the Victoria II leading by 17 to 6 at half time. The Victoria II was victorious by 37 to 3.

**A PLEA FOR THE SCHOOL TEACHERS OF TORONTO**  
 There are men in this city who are paid more for taking care of two horses than many educated and refined young women are paid for looking after the minds and souls of 30 or 40 children.  
 The average wage paid to a public school teacher in Toronto is \$550. Virtually all her time is taken up, although a comparatively small part of the time is actually spent in the school-room. During the vacation she is expected to attend teachers' institutes, and otherwise keep up with her work. She is expected to dress appropriately, and the unwritten law prescribes to some extent even her recreations and social diversions.  
 To occupy this position properly requires intelligence, education and a course of study covering many years of preparation. It requires tact, patience and many other qualities that in other walks of life, have their clear commercial value.  
 The profession of school teaching is so exacting, the compensation is so meagre, and the chance of advancement so slight, that, as a profession, it has been abandoned almost altogether by the men of Ontario. Any man capable of being a school teacher can find a better market for his ability and services, but the women who have taken the place of the men are not receiving the wages which the men received. Pursuant to a tyrannical law of the labor market, they are paid less, simply and merely because they are women. This rule seems to obtain in almost every walk of life. In many occupations where women are admittedly superior, they are, nevertheless, paid less, because they are women.

English-speaking people, with all their love of knowledge and desire for education, have inclined towards parsimony in paying the schoolmistress. But this disposition is not peculiar to any age or nationality. Socrates, three thousand years ago, called attention to the fact that men pay their grocers more handsomely than they do the tutors of their children.  
 It has been suggested that if the board of education is not wealthy enough to pay better salaries to the teachers, some other method might be adopted to make their condition more tolerable. For example, a trip every vacation—by boat from Toronto to Quebec and back—would impart instruction and give great pleasure to the teachers, and the total expense would not be large.  
 It has also been suggested that some teachers earn more and deserve more than others. Here and there, a girl may simply take a school long enough to buy her wedding outfit; and she may have no taste for the work, or no interest in the children committed to her care. On the other hand, there are teachers, known throughout the city, and almost universally beloved, whose children are devoted to them, and whose ex-pupils form an army of loving admirers. Hence the suggestion that the best teachers should be rewarded by some kind of a premium. But how shall the selection be made? Shall it be based upon the report of inspectors, or upon a plebiscite of the children. There are difficulties in the way. But the World will be glad to receive any suggestions along the line either of bettering the school teachers of Toronto, as a class, or of especially rewarding those of the teachers who are specially deserving of credit.

**TO OUR FRIEND JOHN**  
 John Toimie, ex-M.P., Liberal candidate in North Bruce, has fractured three ribs by falling off a rail fence. By some this will be taken as an evil omen, presaging his defeat at the hands of the Abe Lincoln of the North, Abe McLelland, Conservative

candidate. But elections are not won by signs.  
 While we sympathize with John Toimie with his three fractured ribs, yet we are constrained to tell him that his habitual attitude of sitting on the fence was sure, sooner or later, to bring hurt to him. John's interposition into public life was due to the patron movement. He went into parliament on that wave, and once there sought refuge in the ranks of the Liberals. So much a Liberal was he, and so little a patron, that he was connected by parliament hill gossip with a senatorship. He tried to sit on a fence made of Liberal promises and patron principles, and lost a second nomination. Now, apparently, he has built another fence. Its strength is to be tested in a week's time.  
 The good people of North Bruce are interested in the salary grab. John Toimie believes in a \$3000 indemnity. He disappeared of it a year ago, but then he was not a candidate, with hope of sharing in it. His opponent opposes the increased indemnity, and promises, if elected, to introduce a bill to reduce it. Here is the big issue.

But with the land scandals, the Arctic despatch and the London by-election corruption affording him rails with which to build a fence, John Toimie should consider it the act of a friend to be warned that a man may hurt himself by a fence falling down, as well as fracture three ribs by falling off a fence. Faith in the honesty of public opinion in North Bruce makes us prophesy that John has another fall coming to him.

**WHY A SENIOR PRINCIPAL?**  
 To those who have followed the proceedings of the board of education lately, the question must often have suggested itself, What is the need of a senior principal of high schools? The old collegiate institute board, with almost as many schools to manage, got along very well without any such official, and no more time was taken up in dealing with each principal directly than in compelling their utterances to filter thru the medium of a senior member of the staff. If the schools were so many as to require a supervisor, then one official channel of communication would be natural and feasible, but under present conditions it is anomalous, unnecessary and the cause of a great deal of trouble. Why the principal of one collegiate institute should be allowed to dictate the policy of the board as regards the internal management of the other institutes, which are more or less rivals, it is hard to see. If the official is to be merely a multiplicity for the fellow-principals, what is the gain in simplicity of machinery or concentration of responsibility? The meetings of committees are held after school hours, and each principal can just as well attend, and, when asked, address the committee on the needs of his own school. In secondary education individuality is everything to the life of the school. Indeed, many intelligent observers have been heard to remark that it would be well for our city public schools if there were more freedom and independence of judgment and less machine-like mediocrity in their management. Stifle the personality of the principal, and his staff and you destroy the very inspiration that animates the best efforts of the school. Particularly is this the case in the secondary schools. Toronto, with its four or five high schools, is no more than any populous country, and no one has ever proposed a supervision of senior principal for each of the county high school groups. The office in Toronto has proved an embarrassing encumbrance and is utterly useless.

**TRUSTS AND FREE TRADE.**  
 One of the arguments most frequently advanced by the visceracs who are striving to induce Canadians to abandon their protective tariff and adopt the free trade, or rather free import-fallacy, is that under this system trusts and combinations are impossible. This extraordinary and baseless assertion appears and re-appears, and possibly from very reiteration and the gravity with which it is made, has impressed unwary citizens into belief in its accuracy. It is, therefore, somewhat surprising, in view of the assumption of infallibility which pervades these deliverances, to read these days that the United Kingdom is greatly troubled about the number and strength of its trusts and combinations, and is meantime without power to regulate, much less to checkmate them.  
 Thus we are told that the soap trust, controlling over eighty per cent. of the product, has established a new rule that fifteen ounces make a pound. Its action has affected the price of glycerine, and that in turn has disturbed the drug trade and added to the cost of dynamite and explosives. And the soap trust is only one of many similar organizations formed to establish monopolies and fix an artificial price for industrial products, in order to prevent competition and enhance profits. The situation must be very mysterious to anyone taught to believe that trusts and combinations cannot be formed in a free trade country. Perhaps the authorities who have so confidently pronounced them impossible in the United Kingdom, may be able to explain them away, the paper arguments will eagerly satisfy the people who are the practical sufferers.

**THE TWO SOCIALISMS.**  
 Dr. Goldwin Smith again writes to The New York Sun on "The Two Socialisms." He says:  
 I beg Mr. Lightbown to note that

**RECKLESS SPECULATION**  
**MUST COME TO AN END NOW**  
 Watch this space each day if you're looking for a bargain in a musical instrument. Our offer for to-day is as follows:  
**BARGAIN NO. 19**  
**GENUINE BELL ORGAN,**  
 Gem style, medium high top, solid black walnut case, patent compound bellows, 3 valves, 3 stops and grand organ swell, very powerful and sweet, a splendid bargain  
**\$23.00**  
 We make the terms of payment to suit your convenience. We have a couple of dozen other bargains in pianos and organs, but we will gladly send you a complete list.  
**Bell Piano Warerooms,**  
 146 Yonge Street.  
**PIANOS REWIND.**

the object of my brief letter was merely a definition, back of which seemed to me to be clouding the discussion. I was not attempting to pass judgment on Socialism, Socialism proper, as it seems to me, is an aspiration to an ideal state of things, not identical with the tendency to legislative confiscation, which is loosely designated by the same name, and the two may be found together. In spirit they differ from each other.  
 To that with which the community has at present to deal neither the name "socialism" nor any name denoting social reconstruction, it seems to me can be applied. Trade unions were formed for the very just and necessary purpose of enabling the wage earners by combination to make fair terms with the employers, who were naturally combined. But they are now being drawn up to attempt the creation of a control of the labor market in their own hands, such as would enable them to force up wages and force down work. That with this movement is combined the attempt to create a class in a fact of which there are too strong proofs before me. But it can hardly be said that account properly be termed "socialism."

**GOLD MINE ROBBED.**  
 Armed Quartet Get Away With \$50,000 Worth of Ore.  
 Goldfield, Nev., Oct. 20.—The Hayes-Monette lease of the Mohawk mining property was robbed of \$50,000 worth of ore to-day by a band of robbers whose operations were of the most daring character.  
 Just before daybreak four men drove up to and entered the Hayes-Monette shaft house.  
 They ordered the two engineers to throw up their hands and to carry 25 sacks of high grade ore from the shaft house to the wagon.  
 Injured in Steeplechase.  
 Loyal Scott of 28 Dupont-street was badly bruised and shaken up by a fall in the steeplechase at Grant Club on Saturday. Dr. Temple attended to him, after which he was taken home in Harry Ellis's private ambulance.

**U.S. Minister at Panama.**  
 Washington, D.C., Oct. 20.—It was announced at the state department today that Herbert G. Squiers had been selected to succeed Charles E. Magoon.  
**Catarrh of the Stomach**  
 A Pleasant, Simple, But Safe and Effectual Cure for It.  
**COO'S NOTHING TO TRY.**  
 Catarrh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloating sensation after eating, accompanied sometimes with sour or watery risings, a formation of gases, causing pressure on the heart and lungs and difficult breathing, headaches, fickle appetite, nervousness and a general played out, languid feeling.  
 There is often a foul taste in the mouth, coated tongue and the interior of the stomach could be seen if it would show a slimy, inflamed condition.  
 The cure for this common and obstinate trouble is found in a treatment which causes the food to be readily, thoroughly digested before it has time to ferment and irritate the delicate mucous surfaces of the stomach. To secure a prompt and healthy digestion is the one necessary thing to do and when normal digestion is secured the catarrhal condition will have disappeared.  
 According to Dr. Harrison, the safest and best treatment is to use after each meal a tablet, composed of Dipsacose, Aseptic Pepsin, a little Nux, cod liver oil and fruit acids. These tablets can now be found at all drug stores under the name of Stuart's Dipsacose Tablets and not being a patent medicine can be used with perfect safety and assurance that healthy appetite and thorough digestion will follow their regular use after meals.  
 Mr. R. S. Workman, Chicago, Ill., writes: "Catarrh is a local condition resulting from neglected colds, the lining backward into the stomach, thus producing catarrh of the stomach. Medical authorities prescribe for me for three years for catarrh of stomach, but through your catarrh I am the happiest of men after using only one box of Stuart's Dipsacose Tablets. I cannot find appropriate words to express my good feeling. I have found flesh, appetite and sound rest from their use."  
 Stuart's Dipsacose Tablets is the safest preparation we have and the simplest and most convenient remedy for any form of indigestion, Catarrh of stomach, biliousness, sour stomach, heartburn and bloating after meals.  
 Send your name and address for a free trial package and see for yourself. Address P. A. Stuart Co., 35 Stuart Bldg., Marshall, Mich.

**New York Banker Sizes Up Financial Situation—Liquidation to Restore Equilibrium.**  
 New York, Oct. 20.—Henry Clews' weekly financial review says:  
 "The sudden and unexpected advance in the Bank of England rate came like a bombshell in the market. The bank rate is now 6 per cent, the highest rate since the Baring failure sixteen years ago. This step was, of course, necessitated by the impoverished condition of the Bank of England reserves, and the prospect of fresh demands upon its stock of gold from Egypt and the United States. The decline in foreign exchange in this market on Thursday was a plain intimation of our intention to draw more gold from the other side, and the advance in the bank rate was undoubtedly a preemptive defence. The consequences of this action can hardly be predicted at this writing. Its effect upon stock speculation must be unfavorable, and prices must fall more or less in consequence. We have, for the time being at least, used up all available supplies of money and our credit is greatly extended; not perhaps to the limit of soundness, yet quite up to the margin of safety. It means that there is an end coming to reckless speculation, and that nothing but liquidation of greater or less severity can restore equilibrium.  
 "We have had our high rate money market, and now England and Germany are apparently having theirs. The Bank of England's supply of gold is lower than at any time for the past thirteen years, and is at least \$50,000,000 less than it was ten years ago, notwithstanding that during that time England has received from South Africa and Australia some \$1,000,000,000. The United States and France meantime have materially increased their gold holdings. Germany's war chest is supposed to hold a very large amount of gold as a reserve in case of war. This, however, takes it entirely out of range for any other use. Russia has a vast amount of hoarded gold, which is not surprising owing to the disastrous war that has long prevailed in that country, and the Russian treasury must also be a vast storehouse of gold. The back log to provide for emergencies. Still, consider the big output of gold for the last several years, which is constantly on the increase owing to the new machinery and methods to extract it, there is an immense quantity of the world's gold to be accounted for. It is true that with the extravagance of the age in which we live, the arts in various nations are consuming a great amount; yet the disappearance of gold during September was \$2,100,000, against \$4,100,000 in 1907. For the nine months, the net imports of gold have been \$75,000,000, as against last season's Friday night, "Colonel Newcome" being \$29,000,000. The gold movement during this month of the calendar year is \$290,000,000, as compared with \$230,000,000 last year. This is, at least, satisfactory. The net exports of gold during September were \$2,100,000, against \$4,100,000 in 1907. For the nine months, the net imports of gold have been \$75,000,000, as against last season's Friday night, "Colonel Newcome" being \$29,000,000. The gold movement during this month of the calendar year is \$290,000,000, as compared with \$230,000,000 last year. This is, at least, satisfactory. The net exports of gold during September were \$2,100,000, against \$4,100,000 in 1907. For the nine months, the net imports of gold have been \$75,000,000, as against last season's Friday night, "Colonel Newcome" being \$29,000,000. The gold movement during this month of the calendar year is \$290,000,000, as compared with \$230,000,000 last year. This is, at least, satisfactory.
