TWENTIETH YEAR

YULE'S COLUMN WAS SAVED FROM DISASTER

Because of the Incapacity of the Boer Intelligence Department.

ANXIETY NOW BELIEVED.

Men From Dundee Marched All Night for Fear of Being Surprised by Superior Forces.

JOUBERT'S ATTACK LOOKED FOR.

Cronje's Commando Said to Have Started in to Shell Mafeking Yesterday Morning.

The announcement that General White and General Yule had been able to join their forces at Ladysmith has given great relief in England. Dundee has been evacuated by the British residents, who left plenty of loot for the Boers. It appears that Yule's forces marched all night for fear of Boer surprises and arrived at Ladysmith in a very exhausted condition. It took the column 24 hours to cover the last 16 miles.

The situation seems to be that General Joubert is concentrating his forces for an onslaught on Ladysmith before British reinforcements arrive, and a heavy engagement may be expected at any moment.

The Boers took 16 wagon-loads of their dead off the field after the battle of Glencair.

Late despatches state that there are 10,000 armed Boers in the hills in the neighborhood of Dundee.

A battalion of the rifle brigade has reached Durban from England and a battery and a half of artillery arrived at Cape Town yesterday.

Five thousand more troops have been ordered by the War Office for service in South Africa.

London, Oct. 27.—The official announcement of the joining of General White and General Yule has come as a great relief, and all the more so in view of the fact that later despatches have shown that only the incapacity of the intelligence department of the Boers saved General Yule's column from what might have been a great disaster. It seems that on Friday night Dundee was full of alarms. Heavy firing was heard at 1 o'clock and again at 4. A severe thunderstorm soon after stopped the Boer cannonade. Saturday passed in the same anxious manner in momentary expectation of an attack. The British finally evacuated, taking all that they could, but leaving plenty behind for the Boers to loot. The appointments of the Boer hospital at Dundee are described as very inadequate and primitive. The Boers themselves, in the absence of a nursing staff, get only scant attention.

It is reported that Sir William Penn Symonds died on Wednesday, not yesterday, and was buried at Dundee yesterday.

**Yule's Troops Marched at Night.**  
General Yule's column had a very exciting march in its momentary expectation of an attack. The reason for a night march is not given, but it was probably a fear of Boer surprises. The heavy rains and mist hampered the march, but there was perhaps the means of saving General Yule from molestation. It took the column 24 hours to cover the last 16 miles.

**Boers Were Not Ready.**  
The only news this morning consists of more detailed accounts of the battles already reported. A correspondent who visited the hospital at Ladysmith, where the Boers wounded at Elandsfontein, who were captured, are being tended, reports that General Jan Kock, who was badly wounded in the thigh and shoulder, said that the advance of the patriots under Commandant Pienar without guns was simply with the object of cutting the railway, and that this was subsequently reinforced without anything being done. General Wippen accompanied them. The latter was killed early in the fight.

According to another correspondent, the Boers say that General Kock during the battle read his Bible and prayed for victory. His brother, two sons and a nephew were all wounded and taken prisoners.

**Schiel and Pretorius Wounded.**  
Col. Schiel of the German corps and Commandant Pretorius were both severely wounded. Many prominent Boers are reported to have been killed. It is also reported that the Boers suffered most from the "soldiers in light clothes, half men and half women," meaning the Gordon Highlanders, and in the charge of the Fifth Lancers. They also killed the two quick-firing guns captured by the Devonshire Regiment and other guns that were taken from the Jameson raiders.

**British Artillery Was Deadly.**  
Col. Schiel assured a correspondent that the British could stand against the accuracy of the Boer field guns, which were destroyed by the Transvaal gunners from their entrenchments. The British infantry fire was also a complete surprise to the Boers, who were confident of their ability to master the Elandsfontein position.

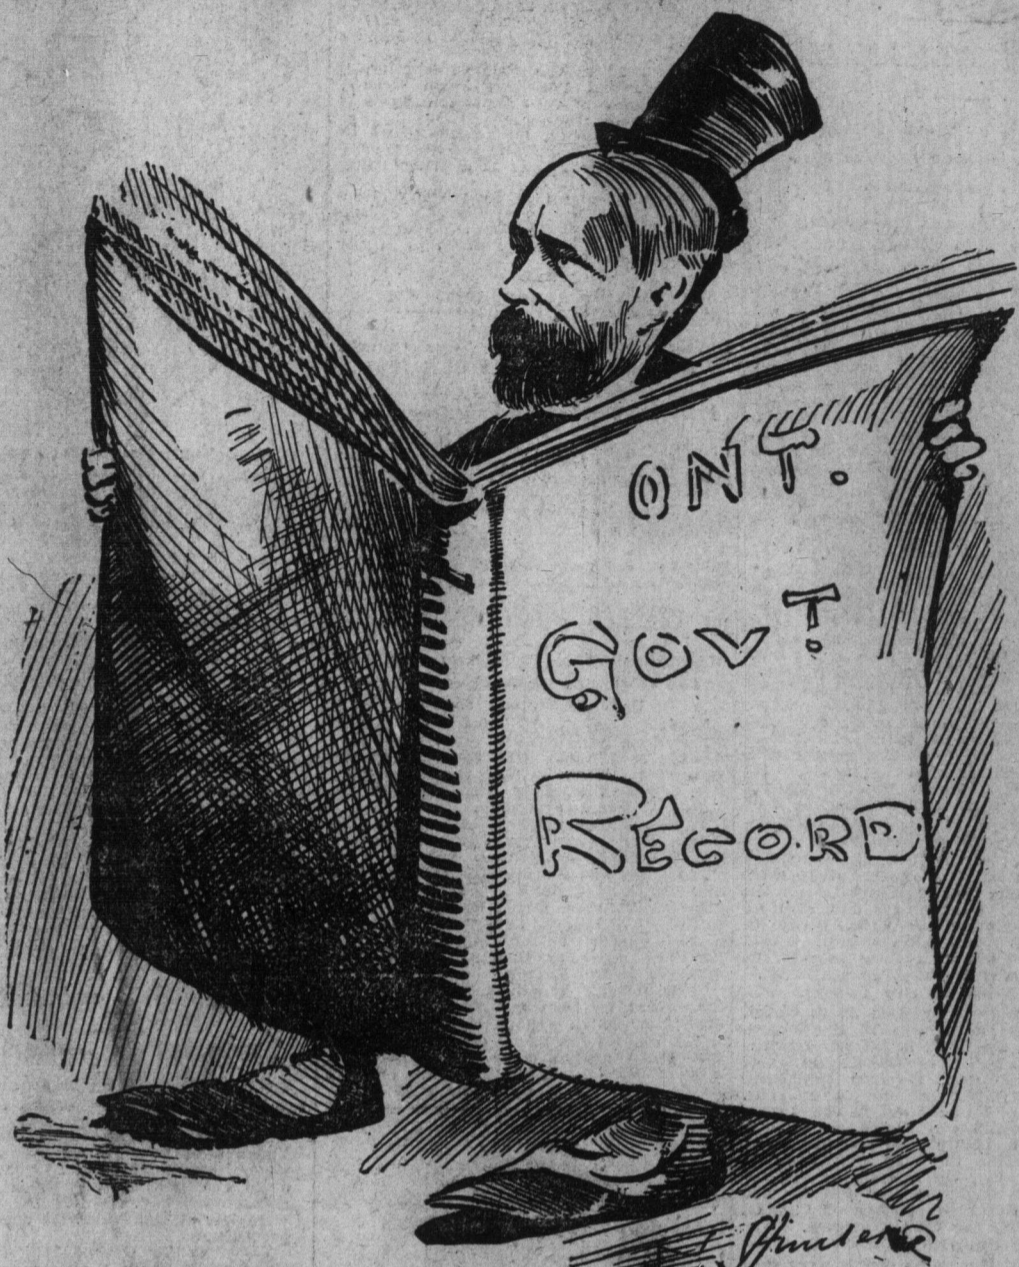

One Elandsfontein correspondent expresses the belief that the British killed fewer Boers than might have been expected, and is believed that several hundred dollars

Mr. Ross: Well, I've got, of course, to turn over a new leaf, but look at the blot I've got to erase.

Toronto and London Units Were Enthusiastically Received by a Large Crowd—Maritime Companies Also on Hand.

Hon. Dr. Borden Hands Our a Partial List of the Officers and Col. Sam Hughes is Not in it—Montreal Unit Had a Very Cool Send-Off and People are Indignant—A Band to Be Sent.

Quebec, Oct. 26.—The Toronto and London detachments of the Canadian contingent arrived at Levis at 2.10 p.m. They passed over to Quebec immediately, where they were met by the R.C.A. Band, and escorted to the Immigration Buildings, where they are to be quartered. They were greatly admired, and enthusiastically received by a large crowd of people.

Companies of the Maritime Provinces, to the number of 275, reached town at 4.30 p.m., and were marched to the Immigration Building, escorted by the R.C.A. Band. Major Weeks is in command of G Company and Capt. Stairs that of H Company. They are fine bodies of men.

The Immigration Buildings are in the best of order and the staff has left nothing undone to make the soldier boys comfortable during their short sojourn here.

At the Citadel about 50 volunteers for the Transvaal are quartered in a large building on the east side of the Citadel in several casemates. Guards were placed last night on the chain, as well as the main gates and the entrance and exit of the volunteers were allowed out, and it is not likely they will be for a couple of days in the meantime the clothing and equipment is being served with all the despatch that is possible.

General Hutton and the Hon. Dr. Borden, Minister of Militia, are expected here tomorrow.

It is not likely there will be a church parade on Sunday on account of not being able to hold it in time.

**Talk of Sending a Band.**  
The Minister of Militia favors the idea of having a band accompany the contingent and it would be surprising to hear of the R.C.A. Band ordered to proceed to South Africa.

The dinner to the officers at the Garrison Club is arranged for 6.30 p.m. Monday, so that while the contingent is in time to enable them to attend later the smoking and promenade concert to be tendered the contingent in the Citadel.

**Won't Start Till Wednesday.**  
It is not thought possible that the contingent will get away before Wednesday next, as all the stores have not yet reached the city. On the other hand it is reported the contingent may sail Monday.

It is expected that quite a number from the contingent, including Sergt-Majors Ralmant and Fellows, Sergt-Instructor Satchers, Lieut. Serjeant, Landon and Carroll and Corporals Brissette and Power.

Col. Otter, commanding the contingent, arrived in town this afternoon.

**Soldiers' Wives League.**  
The Quebec branch of the Soldiers' Wives' League has been organized with the following officers: President, Mrs. Hutton; Secretary, Mrs. J. F. Wilson. Col. Guy of the Quartermaster-General's Office is in charge of the contingent for two months for the Transvaal contingent. The amount expended is estimated to be about \$75,000.

**London's Farewell.**  
He said to the World he had been given a rousing send-off by the citizens of London, who turned out en masse. He had been notified of his selection yesterday afternoon at 3 o'clock. COL. BUCHAN TO THE FRONT.

Received a Sudden Call Wednesday and Passed Through Toronto Last Night.

WAS GIVEN A ROUSING FAREWELL.

Londoners Did Not Forget Him, and His Toronto Friends Cheered a Good-Bye.

Lieut. Col. Buchanan of No. 1 Military District, commandant of Wolsey Barracks, London, Ont., arrived in the city last night at 9 o'clock. He had been summoned to join the Canadian contingent en route for the Transvaal, and was on his way.

Hundreds of his military and civilian friends in Toronto were at the station to see him. No sooner had he got off the train than he was surrounded by them, and congratulated upon his selection. The congratulations turned into farewells, and for half an hour the general console was kept busy shaking hands.

**London's Farewell.**  
He said to the World he had been given a rousing send-off by the citizens of London, who turned out en masse. He had been notified of his selection yesterday afternoon at 3 o'clock. The citizens of London were advised to meet the contingent at 10 o'clock. The contingent was given a rousing farewell by the citizens of London, who turned out en masse.

**A Rousing Good-Bye.**  
Shortly after 7 o'clock the Royal Grenadier in command of Lieut. Col. Buchanan marched into the depot and lined up on the platform opposite the G.T.R. express for the east, which was to carry Col. Buchanan to Quebec. The appearance of the colonel on the train was the signal for an outburst of cheers, which went up from the soldiers and the big crowd of citizens who had congregated. The deafening applause continued until 9.35 o'clock, when the train pulled out, as the band rendered "For And Lang Syne."

The regiment then paraded back to the Armouries, where they were dismissed.

**Yesterdays Afternoon at Capt. Forrester of Stanley Barracks was at the Toronto Hunt Club to be handed a telegram. It was from Col. Otter and contained the announcement for him to join the Canadian contingent.**

**Three Prominent Torontonians to Enquire into the Provincial Public Accounts.**  
The Ontario Cabinet met yesterday afternoon and appointed the three commissioners to look into the public accounts of the province. They are: Angus Kirkland, manager of the Bank of Montreal; B. E. Walker, manager of the Bank of Commerce; and John Hoskin, C.K., all of Toronto.

**Will Lessard Go?**  
Lieut. Col. Lessard of the R.C.D. is said to have been called to join the contingent also, but the truth of this could not be ascertained at a late hour last night. It is very probable, however, that he will go on a similar duty to that of Capt. Forrester's.

GRAIN STANDARDS FIXED.

The Board Met at Winnipeg Yesterday and Settled the Lower Grades.

NUMBERS ONE AND TWO FROSTED

And No. 3 Hard Were Finally Adjusted—More Galician Immigrants—Winnipeg Notes.

Winnipeg, Oct. 26.—(Special.)—The Grain Standard's Board has fixed the commercial grades for No. 3 hard and No. 1 and 2 frosted. The standard commercial grades of No. 1 and 2 hard and No. 1 northern are definitely fixed under the new act, and with the work of fixing these eliminated, the work of the board was considerably lessened.

**Political Meetings.**  
Hon. J. D. Cameron will speak at some of the political meetings arranged for in Southern Manitoba by Messrs. Paterson and Messrs. Sifton and Paterson spoke at Nepeawa last night, covering exactly the same ground as they did at the Winnipeg meeting.

**Must Try Them on at Dineen's.**  
The Boers will know the advantages which are found everywhere under the British Crown until it covers their country. Arguments have been tried without avail, to convince them of this fact, and now stronger persuasion may induce them to try it on. They are as coy as some men when they need a new hat, and will never know the advantages embodied in a Dineen special XXX 45 Derby, until it actually covers their head.

WHAT HAS MR. TARTE TO SAY ABOUT THIS?

Solicitor-General Fitzpatrick Puts the War Question in Plain Style.

THE CONDUCT OF THE BOERS

Shown Up in Such a Way as to Make Plain the Justification of Britain's Course.

OUTLANDERS CRUELLY OVER-TAXED.

Made to Pay the Expense of Government and Education, Yet Denied All Justice.

Montreal, Oct. 26.—(Special.)—This is the way Hon. Charles Fitzpatrick, Solicitor-General, puts it in a letter to Le Soleil of Quebec.

If the English minority in Quebec were to seize the Government; were to bestow upon certain Englishmen special privileges; were to compel the entire population of the province to buy certain goods from those Englishmen only, and to deny them the right to buy from anybody else; if they were to be taxed exorbitantly for the privilege of being permitted to teach nothing but English in the French districts; if they were to raise for school purposes a far larger sum of money than was required, and were to divide this money among English officials; if they were to disarm the entire French-speaking population and refuse to them all political rights; if they were to put in jail on suspicion and after detaining them there for months, discharging them without a trial, there would be in Quebec a state of things fairly resembling the Boer Government of the Transvaal. It is not a month ago that a period of ten years the Government of England has been remonstrating with Kruger and his nobles of parliament, and has been treating such a Government, so treating the subjects of Her Majesty, as if they were not treated as a nuisance and it is an honor to this country for the English Government to end to such an intolerant and foolish organization. Considered by the Government of England as a constitutional authority, Canada's action here is a violation of the principles of international law. It is not only because the Queen's authority is being invaded, but also because the rule "Salus populi suprema lex" may safely be applied.

**ELECTIONS NEXT JANUARY.**  
That is what Mr. Blair is reported to have told the People of Moncton, N. B.

**MR. TARTE IS IN POOR HEALTH.**  
And as the Government Could Not Win Without Him, It is Necessary to Make Haste.

Montreal, Oct. 26.—(Special.)—A despatch to-day from Moncton, N.B., says: "The Star correspondent has been informed that the Minister of Railways, during his last visit to New Brunswick intimated to a personal friend that the Government would adhere to its original intention and have the general elections in January. Mr. Blair said the health of Mr. Tarte was such that there was no guarantee of his continuance in public life until the close of another session, and that a final decision to have the elections in January was arrived at some time ago, Saturday, the 19th or 20th of January, as mentioned as the probable polling day."

WAR OFFICE BULLETINS. London, Oct. 26.—The War Office today received the following telegram from General Ladysmith, Oct. 25.—Brigadier-General Yule's force has left Dundee, and is concentrating at Ladysmith. To avoid the risk of life which a long march would entail, it has been decided to send the force to the north, moved from the direction of Blauwbank, with the 5th Lancers, 10th Hussars, Imperial Light Horse, Natal Mounted Rifles, and a battery of the Natal mountain battery and a brigade of infantry.

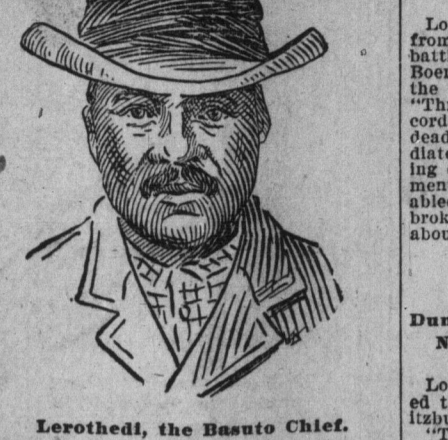

THE SITUATION SIZED UP. White's Last Engagement Severely Wounded—General Buller's Men Retire to the Queen. London, Oct. 26.—The despatches from the front are so diversified and contradictory that it is difficult to form an opinion with any degree of exactitude. Three or four main facts, however, are prominent. Gen. Buller's right at Glencoe was not anything like the decisive victory which the British had hoped for. The probability has been annihilated or have met with the same fate as the captured weapons.

Heart Humbug. It is fashionable to-day to have a new heart scare every 24 hours. The commonest symptoms of dyspepsia or nerve trouble, such as palpitation, weak spells, loss of appetite and poor circulation are magnified and distorted into serious signs of heart trouble, with the object of frightening the public into taking this or that heart remedy. If a hundredth part of the heart trouble we hear about were real, the cemeteries would be filled in a month.

THE BRITISH PRISONERS. Pretoria, Oct. 26.—The British prisoners captured Friday, near Dundee, were entrained at Dannauska. They filled ten trucks. Even their dishevelled bodies had been removed, although broken pieces of them could be seen lying about."

BETTING ON THE BIG FIGHT

Jeffries Still Favorite at 5 to 3,
With Sailor Sharkey Gaining
Friends.

ONE WAGER OF \$700 TO \$1000

Heavyweight Boxers About Ready
for Next Friday's Champion-
ship Battle.

New York, Oct. 26.-Upon the advice of
his trainers, Tom Sharkey has concluded
to ease up in his work. He took but little
exercise yesterday. Save for a sprint and
an occasional tug at the wrist machines, the
ex-sailor took matters easy. He is on edge
now and could enter the ring to-morrow if
called upon. Sharkey takes plenty of rest
and every afternoon has a two hour nap.
His weight still vacillates between 185 and
187 pounds.

Sharkey's supporters are growing more
numerous as the date of the fight ap-
proaches. There are those who believe that
the thing proposition a few weeks ago
are now on his side.

Run to Earth in New York After
Two Years' Systematic Dup-
ing of L. A. W. Victims.

New York, Oct. 26.-Hundreds of people
who have been swindled by a plausible
sharpener in the name of the League of American
Wheelmen will be pleased to learn
that the alleged culprit has been arrested,
and that he is now under bail in \$1000.

The Toronto Hunt Sends Three to
Africa.

A good turnout awaited the Master at
O'Hara's on Yonge-street yesterday
afternoon, not less than 25 horses putting in
an appearance. The horses were taken
across Moore's Park, and after a long
concession, and started in on the Murray
road, and on to the Longwood road, where
they were to start on the Longwood road.

Better Than Drugs.

There will be a meeting of the Junior
Association Football League on Tuesday at 8
p.m. in the Central Y. M. C. A. Young
men's club. Each club is requested to send two
representatives. Dr. W. H. D. Secretary,
treasurer of the Senior League, is requested
to attend.

It is now generally known that some of
the best judges in the city that the "Col-
umbian" (Clerk, which J. A. Thompson, To-
becum, 73 Yonge-street, sells for 5 cents
straight, is superior to many so-called "low
cost brands." Try them and be convinced.

ON THE RUNNING TRACKS.

Judge Wardell Second to Satin
Slipper-Lett Bover Wins
at Latonia.

New York, Oct. 26.-At the Aqueduct
races to-day the fourth race, a handicap
for all ages, was the feature. Kinnikinnick
was a hot favorite, with McMekin second
choice. Sensational made the running
around the first turn and the back
stretch, with Standing second, four legs
before the first. Sensational quit after fac-
ing Standing, going on, won easily, by
two lengths. Charenius and Kinnikinnick
crossed first through the stretch, then
getting the place in a hard drive by a neck.

THE LAKE SUPERIOR R. R. LINE.

Remarks Made by Mr. Sifton
at Winnipeg as to Making it a
Government Road.

Winnipeg, Oct. 26.-Hon. C. Sifton, in his
speech at the meeting of the Royal Gren-
adiers, said: "The Government could grant
running powers to other roads and also con-
sider the Ontario and Lake Superior
Railroad. Some people thought it should
be built as a Government road, but that
would not be a good thing. The Government
showed it had cost \$100,000 per mile in hard
money, and had an absolute control of
the route as if they owned the line. Besides,
if they owned the line, they would have
the cost of carrying the mails, which
would now be done at no cost to the Gov-
ernment. Why should they waste \$500,000
for no good purpose? It has been attempted
to ask a question here, but was not heard.
That money expended in bonuses would
benefit the pockets of St. Andrew's locks
and improve the waterways to the sea.
When this was put in this way no one
would so issue as build the line to Lake
Superior."

THE SLATER

Beau-ideal
Shape."

This popular shoe is an admirable
combination of comfort and beauty-fit and fitness
united.

Made on an American last which is almost
straight on the outer side of sole. This gives
a slender appearance to the foot as well as the
comfort of an apparently broader shoe.

The ridge on the toe is a feature of this
shape, giving greater room for the toes.

Made in laced, button and elastic sides.

Leathers: "Canuck Calf," Russia Calf,
best French Patent Leather, French Enamel
Leather and "Kidduck."

Soles of the very best American Oak
Tanned Sole Leather, both single and double.

There are 11 other shapes of "Slater
Shoes," each modelled on the shape of an
actual foot-our illustrated catalogue tells
about them. Drop us a postal and we will
send it.

Every pair is Goodyear welted and the
name and price of the makers stamped on the
soles as a guarantee-\$5.00 and \$3.50.

Everything that represents a reliable, well-regulated up-to-date Clothing Store is reflected in our Clothing Department, the characteristic features of which are its completeness and worthiness.

When the news was spread broadcast throughout our land that Canada with her multiplicity of resources had offered her services to uphold the honor of the old flag in every part of the world, and to establish the fact "that England is the land that every man do his duty," patriotism in our soldiers' hearts began to rouse itself.

APPLICATIONS FOR PREFERENCE STOCK CLOSE 4th NOV.

BLAINE MINING & EXPLORATION CO. LIMITED. CAPITAL \$5,000,000. Shares \$1.00 Each. No Personal Liability, Incorporated by Ontario Charter.

PROVISIONAL DIRECTORS: J. A. Mills, P. H. Patriarcho, Louis Sherbino, R. J. Paet, A. R. Hamilton. ISSUE OF \$100,000.

TEN PER CENT. CUMULATIVE PREFERENCE SHARES AT PAR. This Company owns seventeen patented claims in Ouray County, Colorado, giving absolute title.

A large amount of development work has been done and \$100,000 expended on the property. Two tunnels have been run, one 400 feet and the other 260 feet, crossing numerous veins and exposing 75,000 to 80,000 tons of ore.

In course of development the ore removed realized \$30,000. One carload sent to the smelter realized \$8188.71. Twenty assays showed an average of \$1220 per ton, the lowest being \$54.36.

This mine is owned, operated and managed by Canadians, and is situated in one of the richest camps of Colorado. The Virginian, the Great Smuggler-Union and K. C. Humbolt mines are on the same mountain and each yields over a million a year.

All that is required to place the Blaine amongst the front rank of dividend-payers is the installation of a compressor plant, stamp mill, etc. To do this, without delay the directors have decided to at once issue 100,000 shares of preference stock, which shall be entitled to a cumulative annual dividend of ten per cent. before any dividend is paid on the rest of the capital.

Such dividend to date from 1st January, 1900. Terms: 25 per cent. with application, balance in three monthly payments of 25 per cent. each.

The directors are justified in making this offer from their intimate knowledge of the enormous richness of the mine, which they have verified from frequent and lengthy visits. The whole amount realized by the sale of preference stock will be used for machinery and development work, and the directors will receive no benefit whatever from their large holdings until a dividend is earned for the preference stock.

## NAMES ARE STILL A SECRET

Firemen Who Did Not Come Up to the Standard Physically Will Never Be Known.

## THE CHIEF SHOULD BE SUPREME

When He Discharges a Fireman for Any Cause—Ex-Chief Graham is in Good Humor.

At the meeting of the Fire and Light Committee yesterday afternoon E. Collins, a fireman who was dismissed about two months ago by the late chief on the ground that he was under the influence of liquor and unable to attend to his duties, asked to be reinstated. He claimed he was not intoxicated at the time, and when an investigation was held by Mr. Graham he was not even given a hearing, but was summarily dismissed.

Ald. Lynd said Collins and his father called upon him since the fireman had accused him (Lynd) of being drunk. Lynd said he was not drunk, but he was under the influence of liquor and unable to attend to his duties, and he had, like Ald. Lynd, detected the smell of liquor on his breath.

Chairman Frankland maintained that the chief of the brigade should be held responsible for the discharge of the men, and it was a piece of impudence on the part of Collins to call in an embarrassing position, as the committee. He should have relied on his past record and should have known if he were given a hearing, that the committee would reinstate him. Ald. Frankland then recommended that Acting Chief Thompson be instructed to bring into the case and report to the committee.

Ald. Hubbard spoke very strongly on the matter. He said the committee had no right whatever to interfere between the chief and the men, and the chief was responsible for the efficiency of his department and should not be hampered in the discharge of his duties.

Acting Chief Thompson did not care to have the matter referred to him. He said he placed him in an embarrassing position, as it had been considered twice already by his predecessor, and the committee should now settle it.

"If the present acting chief brings in a report," said Ald. Hubbard, "I will support it, but I will not support Collins's statement in the face of the report we now have before us." This opinion was generally shared by the committee and, on motion, Acting Chief Thompson will hold another investigation, and the report he will make will be backed up by the members of the Fire and Light Committee.

Names Not Disclosed.

When Dr. Sheard's report upon the physical condition of the firemen came up, it was agreed that the names of the men and the class to which they belonged, should not be disclosed. Ald. Dana said he did not want to keep anything from the public that would be of interest to the public, but he thought it would be a rank injustice to the men to disclose their names, as it would militate against their chances of getting another position in a private place should they be discharged from the brigade on account of their poor physical condition.

Ald. Hubbard reported the report referred to in his report, and expressed it as his opinion that the brigade should not be organized with the new chief appointed.

Would Prefer Them Out.

Ald. Sheppard (warmly) is not a time for mixing matters; if the report of Dr. Sheard is true, then something should be done right away. The committee should take the matter up and see that the brigade is put on a good basis. There are men in the brigade to-day who were appointed twenty years ago and have worn their lives out in the service of getting another position in a private place should they be discharged from the brigade on account of their poor physical condition.

Life Nets to be Purchased.

By instructions from Acting Chief Thompson, the secretary of the brigade is to report asked for 12 life nets to replace the defective ones now in use, and to supply the hulls that are not equipped with them now. The estimated cost of them is placed at \$420.

The committee agreed that they were

necessary to a well-equipped brigade, and will accordingly purchase them. The resignations of Thomas Corbett, William Rogers and William Crawford were accepted.

No Force Allowed.

The report of the sub-committee appointed to look into the protest made by the residents on Robert-street against the building of a blacksmith forge by William O'Donoghue on that thoroughfare, said that the forge if erected would be objectionable to the people on that street.

Mr. O'Donoghue was present, and stoutly maintained that it would not be either an objection or a nuisance, but the committee could not see it in that light, and refused to grant him permission to build it.

Ex-Chief Graham bears animosity or ill-will against the members of the Fire and Light Committee, in proof of this he has sent them the following letter:

"I wish to return my sincere thanks to you for the kindness shown me throughout my term of office as Chief of the Fire Department. I have nothing else than a kindly feeling towards each and every member of the committee; they have shown that they appreciated my efforts to do my best in all times in the interests of the Fire Department, and for the citizens of Toronto.

I desire here to state, at the request and urgent wish of Chairman Frankland, I consented to accept the position which the committee decided to offer me during his presidency, leaving to myself the option of resigning at the end of his term.

I again thank you, gentlemen, for the kind favors shown me and to assure you that I am not looking for any position in the gift of the City Council.

Bridge at Sunnyside.

The City Engineer has received a letter from the General Manager of the Street Railway Company in connection with the bridge proposed to be erected over the tracks at Sunnyside. It says if the bridge is to be constructed that it can conveniently be utilized for connecting the tracks of the Toronto and Mimico Railway Co. he would be pleased to recommend that the directors make a contribution towards the cost of the structure to the extent of one-fourth of its actual cost, not exceeding the sum of \$10,000.

Not Enough to Go Around.

Ald. J. J. Graham has learned that there were not enough surplus march boxes to supply all the soldiers on Wednesday afternoon and he has telegraphed to Capt. Mackenzie, asking how many of the men did not receive one.

The Mayor has received a letter enclosing \$5 from someone signing himself "Member of the U.C.C., Q.O.B.U., 1868," with the request that it be applied in any way he thinks best for the benefit of the men who fought in the Fenian Raid and have now gone to South Africa.

Notes.

There will be two meetings of the Board of Control to-day—one at 11 a.m. and the other at 3 p.m. The latter is called for the purpose of receiving a deputation from the Trades and Labor Council, who desire to urge the advisability of nine hours' work on a day's work on all corporation contracts.

The Canadian Temperance League have written asking for permission to place a bulletin board at the corner of Carlton and Sherbourne-streets.

A special service will be held on Tuesday next at St. James' Cathedral, when prayers will be offered up for the safe return of the Canadian contingent, and the City Council will attend in a body.
