BRITISH CAPTURE MORE TURKISH POSITIONS AT SIEGE OF KUT

German Positions About Vermelles and Armentieres Raided

LAURIER GIVES BOURASSA AID, SAYS EDWARDS
Lemieux and Marcell Accused of Poisoning French-Canadians' Minds.

REPLY GIVEN TURRIFF
Premier Flatly Denies He Made Statement Prejudicial to Recruiting.

By Staff Reporter.
Ottawa, Jan. 29.—To the debate on the address today, speeches were contributed by Messrs. Kyrle (Richmond, N. B.), Edwards (Frontenac), Murphy (Russell), and Nicholson (Queens, P. E. I.). The feature of the day was a severe arraignment of the French-Canadian press by Mr. Edwards, a Conservative member for Frontenac, who bracketed Laurier and Bourassa together and charged Hon. Rodolphe Lemieux and Hon. Charles Marcell with poisoning the minds of their constituents.

On the opening of the house the prime minister made a dignified but sweeping denial of the charge made by J. G. Turriff (Assiniboia), in the debate last Friday night. This charge was to the effect that the prime minister had intimated to the representatives of the Ontario Recruiting League that if he had his way there would be no more recruiting, and that the people of the country would devote their energies to developing the resources of Canada.

The premier's statement was as follows: "During my absence on Friday the hon. member for Assiniboia, Mr. Turriff, made a statement in the house with regard to myself to which my attention has been directed. I need not read all of his speech alluded to, but the exact words of the statement to which I refer were in effect that I did, last spring, intimate to the representatives of the Ontario recruiting committee that if I had my way there would be no more recruiting in Canada and that the attention of the Canadian people should be turned to the development of their industries. That statement is on its face so transparently absurd that I must apologize to the house for making any allusion to it. However, my silence might be misunderstood, and therefore I desire to assure the house that the country, together with the Ontario recruiting committee on the occasion mentioned, nor to any other organization or individual by any other occasion did I ever convey any such intimation as that suggested, or anything that could be twisted into such an intimation. I

Civilians Held in Germany Forced to Do Public Labor
Copenhagen, Jan. 29.—The Schlesische Grenzpost, a copy of which has been received by the general commanding the district of the 9th German army corps has proclaimed that all interned and other civilians belonging to nations hostile to Germany shall be forced to do public labor in a manner similar to the German called up for civilian services.

WAR SUMMARY

THE DAY'S EVENTS REVIEWED

BRITISH OPERATIONS ON THE TIGRIS RIVER, southwest of Kut-el-Amara, on Saturday night and Sunday gained them possession of Turkish first and second line trenches on a frontage of 4300 yards, and third and fourth line trenches on a front of 800 yards. The British possession of the first and second line trenches is now complete. In the action the Turks lost heavily, for the British burial parties have already collected and counted 950 of their dead, and still many remain uncounted. The British made 127 prisoners, and they took one gun, one maxim, three trench mortars and a quantity of other material.

The foregoing success speaks for itself. It gives the British increased control over the river communications of the Turks with Kut-el-Amara, and by the gradual process of extending their grip on strategic positions they are throwing their lines of investment closer around Kut-el-Amara. When this is done, they will probably sit down and attempt starvation of the garrison into surrender, instead of carrying the town by assault. If they proceed to a slow investment, they will not resort to the process of inflicting heavy casualties on the garrison and thus reducing the months for the enemy to feed. Winter is increasing its sway over Mesopotamia and the British will more profitably pass it in the beleaguering of Kut-el-Amara than in the mere watching of the Turks from a point below the city. If the foe elects to evacuate Kut-el-Amara, rather than stand a siege, well and good. The British may, in that event, follow him up the Tigris River to Bagdad, this time to stay there.

Two raids of the British early yesterday morning northeast of Vermelles and north of Armentieres brought them considerable advantage, for they destroyed many Germans in their dugouts, and they killed others in trench encounters. North of the Somme and in the Ypres sector the artillery firing became quite lively, and it caused a large fire in the German lines. The British extensively employed their heavy artillery north of the Ancre and they also shelled with it the German headquarters, billets and dumps in the neighborhood of Lens. British aeroplanes did much good work and they also won some battles in the air, destroying a German machine. One British machine is missing.

All the news that the French communicated yesterday concerning the operations in the vicinity of Verdun was the fact that artillery and hand

RUSSIANS CAPTURE GALICIAN POSITION

Do Great Damage to Trenches of Turks on Zlota Lipa.
DRAG BACK PRISONERS
One Thousand Germans Fall Into Hands of Czar's Men.

Special Cable to The Toronto World.
London, Jan. 29.—On the Russian front the most notable incident today was the making of a successful and extensive raid on the Turkish positions northwest of Brzezany, in southern Galicia, along the Zlota Lipa River. According to the official communication issued at Petrograd today, the Russians speedily stormed the Turkish first line positions, did great damage to the dugouts and other defences, killed many men, and took away with them 29 prisoners. Before retiring the Russians exploded six mine galleries.

Petrograd announces that in the advance down the Kimpolung road, in the Carpathians, in the direction of Jakobent, on the northern Rumanian border, on Saturday, the Russians took 30 officers and more than 1000 German men prisoners, besides capturing much booty.

On the Riga front at the extreme northern end of the Russian line, the battle has died down into ordinary trench operations. The Germans have issued a communication asserting that they took 2700 prisoners during the fighting.

EARL CROMER IS CALLED BY DEATH

His Genius as Administrator Was Strikingly Shown in Egypt.
POWER WISELY USED
Irrigation System, Fruit of His Labors, is Model for World.

London, Jan. 29.—Evelyn Baring, first Earl of Cromer, formerly British agent and consul-general in Egypt, died this evening.

The Earl of Cromer was born in 1841. He was appointed British agent and consul-general in Egypt in 1885, but resigned in 1907 owing to ill-health. It was said that Earl Cromer's sway in Egypt had been almost as absolute as that of an emperor. It was declared to have been a record of genius in administration in the minutest detail. Evelyn Baring in 1880 was made a financial member of the council of India at the age of 39, and by dint of successful work three years later was removed to Cairo. In bankrupt Egypt he did wonders in reducing taxation to a minimum, abolishing forced labor and placing the country on a paying basis. In 1892 he was raised to the peerage, and in 1901 was made an earl. One of the principal works of Earl Cromer in Egypt was the irrigation system, considered a model for the world. Since the outbreak of the present war Earl Cromer has contributed numerous articles concerning important happenings. He was appointed chairman of a commission to investigate the Dardanelles campaign.

Copenhagen, via London, Jan. 30.—The Ekstrahindret reports the arrival at Copenhagen of twenty-six Swedish, Norwegian and American seamen belonging to the crew of the British steamer Yarrowdale, which was captured by the German raider in the North Atlantic. They had been interned at Neustrelitz.

FRANCE STILL SHIVERS

COAL IS RUNNING LOW
Canals of Interior Water Transport System Are Frozen Up.
Paris, Jan. 29.—France continues to suffer from exceptionally cold weather, the temperature ranging from ten to fifteen degrees above zero, Fahrenheit. The coal supply of Paris is running low, owing to the freezing of the canals of the interior water transport system. Traffic has been suspended entirely in the central canal by which coal is transported from Monceau-lez-Mines and the barges are imprisoned in the ice. Floating ice is beginning to appear in the lower Seine River itself. Several deaths from cold have been reported in Paris.

BRITISH CARRY OUT TWO TRENCH RAIDS

Bomb German Dugouts With Occupants Near Vermelles and Armentieres.
HEAVY GUNS OPEN UP
Shell Foe Positions on Ancre—Bombard Headquarters Near Lens.

Special Cable to The Toronto World.
London, Jan. 29.—Two raids carried out against German trenches by the British troops near Vermelles and Armentieres caused heavy losses in men and heavy damage to positions for the enemy, according to the British official communication issued tonight. British heavy artillery opened into action north of the Ancre and also about Lens, where it shelled German headquarters, billets and dumps.

Tonight's official statement reads: "We blew a mine yesterday afternoon southwest of Lens with good effect. Early this morning we raided the enemy's lines northeast of Vermelles, bombing his dugouts and inflicting many casualties. "The enemy's positions also were entered by us last night and destroyed his dugouts, together with their occupants. A considerable number of Germans encountered in the trenches were killed; in addition a few prisoners were secured in the course of these two raids. "There was considerable artillery activity on both sides during the day north of the Somme and also in the Ypres sector. We caused a large loss in the enemy's lines. Our heavy artillery has been active north of the Ancre and against the enemy's headquarters, billets and dumps in the neighborhood of Lens. "Much successful work was accomplished by our aeroplanes yesterday, some fighting took place in the air. One enemy machine was destroyed; one of ours is missing."

BORDEN WILL PRESENT 'SPEED UP' RESOLUTION

House Called on to Sit Wednesday Evenings and Saturdays.
By a Staff Reporter.
Ottawa, Ont., Jan. 29.—The necessary business of the house which has to be transacted before the adjournment is to be rushed, and to prevent any possibility of its not being completed before Sir Robert Borden leaves for England, the prime minister has given notice of a resolution which will move that the house sit on Wednesday evenings and on Saturdays, and that from Wednesday next government business shall have precedence over all business except questions by members, and notices of motions for the production of papers on Mondays, Wednesdays and Thursdays.

BRITISH KEEP UP GAINS ON TIGRIS RIVER FRONT

Capture All Turkish First and Second as Well as Part of Third and Fourth Lines of Trenches.
London, Jan. 29.—A British official communication issued this evening concerning the fighting on the Iraq front in Asiatic Turkey says: "As a result of operations Saturday night and Sunday we are now in complete possession of Turkish first and second lines southwest of Kut-el-Amara, on the right bank of the Tigris, on a front of 4300 yards. We also hold the enemy's third and fourth lines on a frontage of 800 yards. "Turkish dead to the number of 950 already have been counted and collected. More remain to be counted. Prisoners aggregating 127 were taken, together with one gun, one maxim, three trench mortars and a quantity of other material."

GREECE DULY SALUTES ENTENTE ALLIES' FLAGS

General Public Bared From Ceremony, Which is Conducted Without Any Disturbing Incident.
London, Jan. 29.—The ceremony of saluting the allies' flags by Greece was carried out Monday afternoon in the Zappeion, in accordance with the arrangement recently entered into by the Greek Government and the entente powers, says a Reuter despatch from Athens. The allied ministers, the commander of the first army corps and the members of the Greek cabinet were present. The general public was excluded from the building. No untoward incident occurred.

THE SITUATION AT OTTAWA

Special to The Toronto World.
Ottawa, Jan. 29.—The political situation at Ottawa continues normal today, notwithstanding that Sir Robert Borden was expected to repudiate, and did repudiate, the charge against him by Mr. Turriff, of Assiniboia in the commonsense that he had held up recruiting. Sir Robert rose on the opening of proceedings and said that there was no foundation for any such statement. His followers applauded.

The Citizen of this evening publishes an article from The Toronto Star of today in the shape of an interview of Sir Robert with John M. Godfrey of Toronto, who had already been given out in the press as the authority that Mr. Turriff was willing to give to a committee of the house, should one be named to investigate the charge he had made against the premier. Sir Robert made no reference to any such committee. Mr. Turriff was in the chamber and made no direct move. Sir Wilfrid Laurier seemed to indicate something to Mr. Turriff, but nothing followed.

It is also said here that besides Mr. Godfrey's interview in The Star, he wired a telegram to Sir Robert Borden on Saturday denying that he was the authority for what Mr. Turriff had said, but outlining his rather discouraging experiences in trying to stimulate the government into a more vigorous promotion of recruiting. This telegram, it is said, also urged both parties equally for inaction in the matter.

FOOD TICKETS RUMOR CIRCULATES IN LONDON

Royal Automobile Club Mentioned as Headquarters for Distribution.
London, Jan. 29.—The statement made at Leicester last night by William C. ALLEES HARASS GERMANS WITH MANY ATTACKS

Maintain Incessant Activity on Front From Armentieres to Vosges.
FIGHTING NEAR VERDUN
British Keep Up Raids on Foe With Continual Success.

Special Cable to The Toronto World.
London, Jan. 29.—The entente answer to last week's German drive near Verdun took the form, today, of a series of fierce attacks on the German lines along the entire western front. From Armentieres on the north to Verdun and the Vosges positions on the south, there was almost unceasing activity throughout the entire night and day. In the Armentieres region, according to the German official statement, the British attacked in three great waves, storming the trenches occupied by Bavarian infantrymen of regiment No. 28.

The British official announcement, in recording this attack, states that the entente attack succeeded in penetrating to the German third line. Further to the south the French attack started with a surprise raid, unprepared by the usual artillery fire, which had its objective Hill No. 204, taken by the German attack of January 25. Berlin reports that this raid was not successful, but that despite fighting resulted in the retreat of the French troops. The other entente success reported is the taking of a trench southwest of Lens, where after 48 hours had exploded a mine, British troops seized the German trenches and took several prisoners.

NEW COMMANDER AT BASE HOSPITAL

Lt.-Col. E. B. Hardy, D.S.O., Will Command Military Institution on Gerrard St.
GOES TO HAMILTON
Capt. McBeth, A.M.C., Is Appointed to Take Charge of Hospital There.

Lt.-Col. E. B. Hardy, of 688 Euclid avenue, winner of the distinguished service cross, has been appointed to command the Military Base Hospital, East Gerrard street. This recommendation has been sent to Ottawa by Col. F. W. Marlow, director of medical services for Toronto District. The work of administering the Base Hospital has been carried on temporarily by Lt.-Col. Hardy, who has been in command for some months past by Lt.-Col. C. A. Warren, who will now return to his post of D.A.D.M.S. for No. 2 Military District.

The new commander of the Base Hospital is a first lieutenant, now going overseas as second in command of the 2nd Field Ambulance, and shortly after he will be promoted to the rank of major. He was 27 months on active service and nearly two years on the firing line. He went through all the engagements. For his services at the second battle of Ypres he was mentioned in despatches by General French, and for his work at the Somme by General Haig. Col. Hardy's military training dates back to 1905. He is a native of Toronto and graduate of the University of Toronto.

Capt. W.L.C. McBeth, A.M.C., 1st Contingent has been appointed to command the Hamilton Military Hospital. He recently returned on leave from overseas, where he served with hospital No. 1, field ambulances and as a battalion medical officer.

The direction of Hamilton Military Hospital has of late been carried on by militia medical officers on part-time duty, but the experience gained by officers who have been appointed in isolated posts warrants their going on duty in Canada. Capt. J. C. McCallum, winner of the military cross, who had one year overseas with the R.A.M.C., will also be appointed to Hamilton military hospital. Col. Marlow also proposes to use the facilities of the Hamilton hospital for training some of the officers of the 2 Army Medical Corps Training Depot.

Remarkable Values in EATON-Made Business Suits For Men, at \$12.50

Suits in Good Serviceable Tweeds, Well Cut and Splendidly Tailored Throughout. See the Selection Wednesday

SUITS of such quality are something of a novelty now-a-days, at such a moderate figure. If you come and see the suits you will realize it at a glance.

The materials were purchased in great quantities a long time ago and would likely have been gone long ago, but our workrooms were busily engaged on other important work and could not make the suits up. Now they are coming through and represent one of the most remarkable \$12.50 suit values offered for months.

They are clean cut, well tailored suits—single-breasted sack styles with notch or peaked shape lapels, and well formed shoulders. The materials are tweeds or smoother finished worsted fabrics in small checks and fancy mixtures in shades of grey and brown. Sizes 36 to 46. Extra good value at \$12.50.

HERE AND THERE IN THE STORE

For those who easily catch cold or for those recovering from one, we recommend a Chamois Vest, shown in Men's Furnishing Department, Main Floor. CANADIANS RAID TRENCHES OFTEN

Faces and Hands of Raiders Blackened With Burnt Cork.

CLOCK-WORK METHODS

Canadians Take Precautions to Ensure Full Success of Operations.

Canadian Associated Press Cable. London, Jan. 29.—Canadians are again busy trench raiding. A lieutenant from the west, who reached London today, gives graphic details of recent enterprises of this sort. "These raids," he said, "were carried out with clockwork precision, and often rehearsed several times beforehand. In a great many cases the raiders possess a snapshot of the trench, taken by airmen. Before crawling across to the enemy trench care is taken to cast off all shiny accoutrements. The faces and hands of the raiders are blackened with burnt cork. If the sentries are half asleep they are bumped off before one can say Jack Robinson by name through in the dugouts, and a prompt exit is made with a couple of prisoners. The latter is a very important factor, because the raids are made with the view of obtaining information from the enemy.

French Engage in Close Combat With Enemy Near Verdun.

FELL FOE AIRCRAFT

Gallic Pilot and Artillery Bring Down Two German Aeroplanes.

Special Cable to The Toronto World. Paris, Jan. 29.—The only point on the French front where infantry fighting is proceeding is around Hill 304, on the left bank of the Meuse, north-west of Verdun, according to the French official communication to-night. This says that artillery actions on both sides and grenade fighting prevailed in this sector. In Lorraine long range artillery engagements continue. Last night numerous patrol encounters, especially in the Champagne, at Les Epargues, and at points in Alsace. Lieut. Gastin brought down an albatross aeroplane within the French lines, making his fifth machine, and French artillery in the region of Danneville brought down another German machine. French aeroplanes have bombarded the railway stations at Athies, Savy and Etrelles. The communication issued by the French war office tonight, reads: "Artillery actions on both sides and grenade fighting occurred in the sector of Hill 304 on the left bank of the Meuse. Long range artillery engagements took place in Lorraine. The usual cannonade occurred on the rest of the front. "An enemy aeroplane was brought down by our artillery in the region of Danneville. Bombs have been dropped on the open town of Lunerville; there were no casualties. "Belgian communication: "Particularly lively artillery fighting took place in the course of the day in the sectors of Dismulle, Steenstraete and Hot Sas. In the direction of Ramscappelle and Noordschoote the artillery duel was less violent."

POLISH STATE COUNCIL RECOGNIZED AUTHORITY

Berlin, Jan. 29, via Wireless to Sayville.—The city councils of Warsaw, Lublin and Petrikau, the Overseas News Agency announced have recognized as the highest Polish authority, the Polish state council, which was established by the German Government. The announcement adds that a birthday greeting was sent by the state council to the emperor, thanking him for giving freedom to Poland. The Polish newspaper, Nova Gonetan, commends President Wilson's recent address before the senate of the United States, saying that it virtually recognized Poland as a free state, the despatch adds, saying also that other newspapers make favorable comment upon the address.

London, Jan. 29.—The King has appointed the Duke of Connaught to be colonel-in-chief of the volunteer force," says an official announcement issued here today.

VETOES IMMIGRATION BILL

Wilson is Afraid of Diplomatic Complications. Washington, Jan. 29.—President Wilson vetoed the immigration bill passed recently by congress because of its literacy test provision. One of the provisions of the bill to which the president objected would, he believed, lead to very delicate and hazardous diplomatic situations.

EIGHT LOCAL MEN SACRIFICE LIVES

Toronto Soldiers Who Have Given Their All for Canada.

SEVEN ARE WOUNDED

Pte. W. C. MacMurchy Lies Dangerously Ill in French Hospital.

From information contained in the official casualty list, and additional particulars learned from other sources, eight more Toronto soldiers have made the supreme sacrifice, seven others are wounded, and one is dangerously ill.

Pte. Daniel Manix, whose wife and brother live at 88 Eglinton street, has been killed in action. He was formerly employed as a roll-up mill worker, and came from Colebrook about 15 years ago.

Pte. George Boyd Gordon, who was reported missing about a month ago, is now officially reported killed in action Nov. 18. His widow lives at 151 Summerhill avenue. His mother lives at 329 Lippincott street. He was with the 15th Battalion.

Pte. F. Frost, who formerly lived at 109 Bellair avenue, has been killed. He was a native of London, England, and 18 years old. He worked for the Dunlop Rubber Company. He went to France with his draft after three weeks in England.

Pte. Max Lindsay, whose mother lives at 48 Helena avenue, has been reported killed. He was on his arm in Saskatchewan when he enlisted in November, 1915, with the 75th of Winnipeg. He was 25 years old and had three brothers in the service.

Pte. Harry Brown, Agincourt, was killed by a shell fragment while helping survey a new line for the 127th (York County) Battalion. He was 17 years old, having left school to enlist. He went with the 127th (York County) Battalion.

Pte. Walter Parker, whose wife and five children live at 25 Napier street, has been missing since June, and is believed to have been killed. He is a relative of Mayor Church, and was a fireman at Ross avenue station for sixteen years. He came with the 75th, but was later transferred.

Pte. Alvin E. Wilton, only son of Daniel Wilton, Walkerton, and who was staying with his sister, Mrs. C. M. Annis, 239 Dundas street, while employed by the T. Eaton Co. before he enlisted, has been missing since January 5, and is believed to have been killed. He enlisted for the wireless service, but was with a trench mortar battery when last heard from.

Pte. Charles Kingston, who was reported missing in September, is now presumed to be dead. He enlisted with the 28th Battalion. Pte. Kingston went overseas with the Royal Canadian Regiment.

Pte. E. A. Bradshaw, formerly living at 3 McCormick street, has been reported wounded. He enlisted with the 124th Battalion.

Pte. Walter Colby, whose mother lives at 287 1/2 West Queen street, has been admitted to No. 11 general hospital, Cambridge, with severe multiple gunshot wounds. He was 21 years old and enlisted with the 124th Battalion.

Pte. W. W. Morris, whose address is given as 702 Keele street, is reported wounded. No such number can be found on that street. He had been in the front for some months.

Pte. W. J. Jones, whose wife and children live at 178 Barrington avenue, has been wounded. He enlisted with the first draft sent by the 83rd Battalion. He is a native of Manchester, England, and a bricklayer in civil life.

Pte. W. L. Laurie, attached to the divisional cyclists when that unit left Toronto, is reported wounded. He has been with the engineers lately, and had been at the front only a short time. Relatives live in Agincourt.

Pte. W. H. Skilton, whose wife lives at 1281 East Gerrard street, has been wounded. He is an Englishman, and worked in Toronto as a carpenter. He enlisted with the 124th Battalion, but was sent forward with a draft to a first contingent unit.

Pte. William Chard, who left Toronto as a member of the 92nd Highland Battalion in May, has been reported wounded. His next of kin live in England.

Pte. W. E. Nulock, of Toronto, has been temporarily appointed to the instructional staff of the R.S.A. He is an arts graduate of University College, and was formerly attached to the 6th Battery.

Will Present Rev. D. Strachan With Three Thousand Dollars

The congregation of the Rosedale Presbyterian Church decided at the annual meeting last night, in view of the proposed resignation of Rev. Daniel Strachan, and as a mark of good-will in the event of his resignation being accepted by the presbytery, to present him with the sum of \$3,000.

Reports at the meeting showed that money raised from all sources during the year amounted to \$12,728, of which \$3,833 was devoted to missions. The work of the women's association was praised; and the work of the Red Cross branch, which contributed \$1,889 articles for soldiers and hospitals, was also complimented. Angus Sinclair presided at the meeting.

UNITED STATES VERY "NEUTRAL"

White Men with Red Blood Cannot Speak Their Minds.

POULTNEY BIGELOW Addressing Canadian Club - Uses Vitriolic Tongue on His Country.

Poultney Bigelow, once friend of the Kaiser, American journalist and traveler, came to Toronto for sympathy.

White men with red corpuscles could not speak their thoughts in the United States. They must be neutral.

Mr. Bigelow named his vitriolic tongue on various people at various times in his address. He described American consuls as a set of broken down, wheezy politicians.

Paul Kruger was "nothing but a common American politician. He had the gift and the mouth of William Jennings Bryan and the silliness of John Joseph Daniels."

German influence grows. The speaker said that he had watched the insidious growth of German influence under the British system.

There had been those even then who had seen that the spoils would go to the most crafty and unscrupulous of these British forces made for coherence. That was why they would win, the war lasted another ten years.

"If Britain gives up, as I regret she gave up in '73, we shall have the German gunboats on the Mississippi and the war on the Hudson and we shall have to be pulling and whining to Toronto and Montreal for protection," said Mr. Bigelow.

The United States was so full of "Hebrews and Huns, Hibernians and hyphenates," that white men with red corpuscles could not speak their minds.

After reviewing the influence gained by Germany in the world's rapidly increasing trade, the speaker said that the war had not taught the Hun to be a sportsman. He had not caught that spirit of the game that was something Godlike to the Anglo-Saxon.

"Blood is thicker than water. It does not seem so today," said the speaker in conclusion, and he proceeded to say that nothing was more depressing than to see the hundred million things called the United States swayed by sentiments worthy to sway the most degenerate of nations.

What They Think of the World in New Brunswick.

The following letter was received from a World reader in the Province of New Brunswick. The World's rapidly increasing list of subscribers in the province indicates approval of the policy advocated by this newspaper, and the news service supplied meets with the appreciation of a very large section of the Canadian people.

In answer to an invitation to renew his subscription, the writer says: "Renew 'The Toronto World' Why, sure! Personally, I think it the best all around paper in the whole of Canada, and with a patriotic tinge about it which is most exhilarating to all good citizens who have their country's interests at heart."

"Keep up the good work, boys, and may your subscribers more than double. May sweet peace, rest and prosperity return and again mantle the fair land of Canada, and the noble old empire of which Canada forms so important and influential a part."

"All success to Mr. Maclean; his efforts and his influential manly paper."

The sum of \$1,000 was contributed by the 45th Battalion Chapter, I. O. D. E. to the Patriotic and R-d Cross campaign, this amount being sent in absolutely as a free-will offering from the members of the chapter.

CONSIDER MUCH IN MAKING REPORT

John Mackay Explains His Charges in Suit Against the City.

NO SUM NAMED Ex-Mayor Hocken Intimated Account Would Go Thru if Transaction Did.

John Mackay occupied the witness stand all day yesterday in the non-jury session court and told Mr. Justice Middleton of his work in connection with the proposed purchase of the Toronto Street Railway and the Toronto Electric Light Companies a few years ago.

He valued his work and that of his staff, together with disbursements at \$42,000, and in suing for this amount from the city. He was engaged in the work for the city from July 22, 1913, to December 21, 1913, and even time before September 11, 1914, when he was told the deal was off.

Mr. Mackay said the scope of the work took him into the examination of the engineers' reports on the railway company, and the Toronto Electric Light plant. He investigated the history and the earnings of both companies and their financial condition; he conferred at great length the probable growth of the electric company and the probable income the city might expect if it were taken over.

CAMPAIGN STILL BRINGS RESULTS

Many Belated Contributions Still Coming in to Fund Headquarters.

TOTAL IS GROWING

Over Thirty Thousand Dollars Received Yesterday and More to Come.

The serve-by-giving campaign is still reaping the fruits of its sowing. Over \$30,000 was received yesterday from various sources, although the campaign officially closed on Friday night.

This brings the grand total up to \$2,329,228 from the Patriotic and Canadian Red Cross Funds. Among the donations received yesterday was a cheque for \$5000 from the firm of Parkinson and Burr of Boston, as well as other amounts from numerous American firms which reached headquarters thru the mail.

The munition factories are supplying the 50,000 club and at one factory employing over a thousand hands, 25 per cent. joined the club. A cable of congratulation was received from the Duke of Connaught and a telegram from Mr. E. R. Wood, honorary treasurer of the Toronto fund, who is in Atlantic City recuperating from his recent indisposition.

Major Dimmock, campaign organizer, exhausted by his efforts to make the campaign a success has also gone to that city for a rest. On behalf of the widow of Col. W. C. Macdonald, the Rev. D. Bruce Macdonald on Saturday sent \$1000 to the fund. Just a short time before he was killed at the Union station, Col. Macdonald expressed his intention of giving \$1000 to the fund and his widow desired that the contribution should appear in his name.

The Imperial Order of the Daughters of the Empire announce the following contributions to the Patriotic Fund: Chateauguay Chapter \$1000; Mrs. A. E. Gooderham, \$1000; 48th Highland Chapter, \$1000; Mrs. Ross Gooderham, \$250; Mrs. R. S. Wilson, \$100; Janet Carnochan Chapter, \$200; St. George Chapter, \$100; Mrs. Wm. Wilson, \$100; Lord Grenville Chapter, \$100; Lord Selkirk Chapter, \$100; Sir John Gibson Chapter, \$100; Sir Henry Tennant Chapter, \$100; John G. Howard Chapter, \$100; Miss F. Macdonald, \$50; Mrs. E. F. Johnston, \$45; Mrs. J. T. Irving, \$25; Mrs. Angus MacMurchy, \$25; Miss Edith Wilson, \$25; Admiral Hood Chapter, \$25; Royal Grenville Chapter, \$20; Lord Nelson Chapter, \$20; Mrs. Botsford, \$12; Mrs. Harold Scandrett, \$12; Mrs. F. S. Wilson, \$12; Mrs. Stuart Wilson, \$10; Lord Selkirk Chapter, \$10; W. A. Whitney, \$5; Miss McGuffin, \$2; Miss Gunn, \$1. Total—\$4646.00.

"Of course," said Mr. Mackay, "I made allowance for the fact that the transaction did not go thru. If it had, I would have been a much richer man. I consider my fee very, very reasonable."

He stated that no definite sum was named as payment for his services, but that ex-Mayor Hocken had instead said to him, "If the transaction goes thru there will be no disposition to look too closely at the account."

"I told him if the deal didn't go thru I would allow any honest man such as himself to judge whether the account was a fair one or not," he said.

"He said that if I reported in favor of the purchase, he would take off his coat and fight the matter thru, if I advised against the purchase, he would drop the matter and so would every one else. When he told me that he wanted the report for the city council and the people at large, I reported accordingly and I was full of figures and that I would make it broad and comprehensive."

Mr. Mackay is represented by A. W. Angilly, K.C., while the city's interests are in the hands of A. C. McMaster, K.C., and assistant City Solicitor Colquhoun. The case proceeds this morning at 10.30.

CITY HALL NOTES

Fred Miller, a returned wounded soldier, will get the vacant job of turnkey in the waterworks department. His recommendation has been forwarded by the department, and will be passed on by the board of control, probably today.

Fifty additional street cars will not nearly supply Toronto's demands for transportation, Mayor Church declared yesterday. The recent order of the Ontario Railway Board, he said, would leave the city in practically the same position as before. Legislation, he said, asking for 500 additional cars, should be pressed before the Ontario Legislature.

Because of the many complaints pouring in of the lack of coal, Mayor Church yesterday sent an urgent telegraphic request to Sir Henry Drayton, chairman of the Dominion Railway Board, asking if any relief could be afforded from that body. The mayor says Toronto is practically at the mercy of United States so far as coal is concerned, and declares that this summer Toronto will bring in its own coal by barges.

In paying the salary of Superintendent Ferrier of the Mimico Industrial School, some of the board of education trustees believe Toronto is shouldering responsibility which rightly belongs to the Ontario Government. Mr. Ferrier receives \$2400 a year for superintending the school, a proposal may be brought forward to have other municipalities pay for the cost of their citizens who are confined to the school.

FOR BUSINESS GIRLS.

The former home of the late Senator Cox has been remodeled, equipped and turned into a very attractive home for business girls.

The new Sherbourne Street Club is holding open house every evening of this week when Mr. and Mrs. Fudge and the superintendent, Miss M. E. Bollett, will receive callers.

WANTED IN HAMILTON.

E. A. McNaughton of Hamilton was arrested here yesterday afternoon by Detective Young on a charge of theft preferred against him by the Hamilton police.

ACKNOWLEDGES GUILD'S PROCEEDS TO PRISONERS

The following letter has been received by Lady Willison, honorary treasurer of the Queen Mary's Needlework Guild in Ontario, from Mrs. Lady Lawley, honorary secretary of the Guild in England. The money acknowledged in the letter was the proceeds from a shower held by the Queen Mary Needlework Guild at Government House, thru the courtesy of Lady Headley, Dec. 7, when donations of money and comforts were received.

St. James Palace, S.W. Friday Court, Jan. 1917. Dear Lady Willison,—The generosity of people in Canada seems to be boundless, and I once more have to thank you for a cheque for £26 10s 9d. This amount is being sent to the prisoners of war fund. The lot of these men is pitiable and I feel sure that all your kind subscribers will approve of their money being spent in this way.

With renewed most grateful thanks, I remain, yours sincerely, Annie Lawley, Hon. Secretary.

WORK BEING RUSHED ON NEW STEEL PLANT

Harbor Commission Busy Preparing to Lay Foundations for Building to Go Up.

The Toronto Harbor Commission is wasting no time in getting the reclaimed portion of Ashbridge's Bay, at the foot of Cherry street, ready for the erection of the new steel plant for the Imperial Munition Board. Last Monday the work on the new railroad loop to serve the plant was started, and already a mile and a half of the metal has been laid. Yesterday there were 193 men clearing the site, laying water mains and preparing for the foundation. Pile drivers are being erected, and will be ready for the steel piling for the cement foundations. The harbor board will probably have to wait for steel, as the pile drivers are about ready. As soon as the clearing is finished the ground will be broken for the cement foundations and little difficulty should be experienced in this work, as the frost has only penetrated about a foot.

HAD LEG BROKEN.

Mrs. Hough, 68 Millicent avenue, fell on the sidewalk opposite her home yesterday and broke one of her legs. She was conveyed to Grace Hospital in the police ambulance.

Kept Fit Through Two Wars

Ontario Sapper Praises Dr. Cassell's Tablets

That a soldier should use and praise Dr. Cassell's Tablets is clear proof of the wonderful sustaining power of this War, and finding the benefits of this medicine. And thousands of service men on land and sea are trusting to Dr. Cassell's Tablets to sustain them through all the hardships of relentless war.

SAPPER A. HARTLEY, OF THE A. COMPANY, CANADIAN ENGINEERS, whose home address is 906 TRAFALGAR STREET, LONDON, ONTARIO, is one of many who have written in praise of Dr. Cassell's Tablets. He says: "As a constant user of Dr. Cassell's Tablets I would like to add my testimony to their value. I use them when I was in the South Sea Islands, and there, have taken them since we ever left London. I always recommend them, for I know they do all that is claimed for them. In my opinion they are the best food anyone can take. I feel the blood, or general weakness of the system, a lot of hard training here, and some time ago I began to feel the strain. I got some Dr. Cassell's Tablets, and the boys are surprised at what a difference they made in me. I mean to have some with me always on Cassell's Tablets I would like to add active service."

Dr. Cassell's Tablets put new life and vigour into weak, overstrained people. They nourish the nerves, enrich the blood, strengthen the general system, and create that snap and fitness which make life a joy. Take a course of them, and health and vital energy will soon be yours.

The Indisputable Evidence To Be Seen, the Result of What His Remedy Has Done for Suffering Humanity, Removes All Doubt. It Would Be Wise to Save This for Future Reference.

Read This Announcement Carefully

Many Children's Lives Saved

Boon to Suffering Humanity

(Hamilton Herald, April 3, 1915.) It will repay every reader of The Herald to carefully peruse the announcement of Prof. Mulveney, Toronto, which appears on another page. To state that Prof. Mulveney and his really wonderful Tape Worm Remedy has permanently relieved thousands of sufferers from this terrible malady is but stating a stern fact. Letters and testimonials from all parts of the civilized world bear testimony to what he has done and the cures he has effected, not only in Canada, but from Great Britain, India, the United States of America, etc., patients have been successfully treated, and Prof. Mulveney is in possession of grateful letters from many of these patients, who thank him in most heart-felt terms for the relief that he has been able to afford them. His famous remedy for the removal of tapeworms is positive and without doubt. Read the numerous testimonials in this announcement. If in Toronto, call at his office, 167 Dundas street, and see for yourself the wonders he has accomplished. If you cannot conveniently go to Toronto, write him at once for full particulars of his famous remedy. The professor can relieve you at once—that is certain.

NOTE—The above paragraph is from The Hamilton Herald, one of the leading newspapers in Canada, and was written for them by their Toronto representative, Mr. H. E. Smallpeice, J.P.

Lady Comes 1900 Miles to Toronto TO BE RELIEVED OF MONSTER TAPE WORM

Her Visit a Grand Success. Used Prof. Mulveney's World Famous Cure

Mrs. M. Metzger, 324 Fourth avenue east, Duluth, Minn., a beautiful young married lady, and her baby boy, have been the guests of her aunt, who has taken great interest in her case, having advised her to come from Duluth, Minnesota, for the purpose of being relieved of a horrible tapeworm, for which she has been treated seven different times without success. Her aunt, who is a highly-respected citizen, telephoned for Prof. Mulveney's remedy, which was sent to her, and she used it without delay, and in a few days she was free of the monster, and her health was restored. She arrived at Prof. Mulveney's office on the evening of Sept. 6th, their faces all aglow with joy and satisfaction. They had the monster which caused so much trouble, head and all, and the Professor that the result was a grand success. Two happier people could not be found in Toronto. The tapeworm is added to Prof. Mulveney's wonderful collection of parasites at 167 Dundas street, Toronto.

DON'T FAIL TO READ THIS LETTER

St. Catharines. Prof. Mulveney, Dear Sir: When I was in Toronto a few months ago I got a bottle of your remedy called Mother's Friend Worm Medicine, and it has been a treasure, and I am now out of it, and want to get more. The first time I gave it to her there came from her like a most, like that worms, four or five inches long, and also small worms most like maggots; and some pin-worms, and ever since, when I give her medicine she passes several worms and a great deal of mucus. She was three, like that worms, she was three, throwing herself and kicking, and getting scared and talking. I got up and gave her the Mother's Friend Worm Medicine, and this morning her stool was full of pin-worms and those three large worms, like fish-worms. I have one more dose yet to give, and I must have more. I enclose an order for more, as I don't know what it will cost to send it here, so if it is any more than 25c to send it, let me know. Thanking you very much for your valuable medicine. My little girl is four years old. Hoping to receive this medicine by return mail, I remain, yours respectfully, This letter can be seen at Prof. Mulveney's office, 167 Dundas street, Toronto, Ont.

DAINTY, WINSOME ROSY STEWART.

This is little Rosy Stewart, whose life has been saved by using Rheumatoid. According to directions, she had a severe attack of tonsillitis and enlarged tonsils and inflammatory croup. Her mother says: "I can safely say that Rheumatoid saved her life, and can highly recommend it to anyone as a certain and immediate relief, and also a valuable remedy for all pain. This is little Rosy's picture, and she is now enjoying perfect health."

Woodstock, May, 1915.

Prof. R. L. Mulveney: Dear Sir—I am again sending for another bottle of Mother's Friend. It is doing our little girl good. She has not had a real bad spell for a time now, and when she does they are very slight, and she does not lose herself. The other day she passed a great lump of clear lime like the white of an egg, and quite as much. That is the most that has come from her at once. I have enclosed five dollar and fourteen cents for postage. Yours Truly, MRS. FITCHFORD, Toronto, Can.

RHEUMATICIDE A Doctor at Home

Sydney, C.B., June 14, 1916. Dear Sir—Please find enclosed postal note for one dollar bottle of Rheumatoid for John Dymally, 1825 Street, North Sydney, Cape Breton. I wish to tell you that I saved his life for him with a few drops of Rheumatoid—a case that baffled three of the best doctors there. Sincerely yours, J. G. McDonald.

Rheumatoid is a preparation for the relief of all pain, for Toothache, Headache, Earache, Pain, Swelling, or Inflammation in any part of the body. It gives instant relief to the sufferer, for Sore Throat, Enlarged Tonsils, Diphtheria, Laryngitis, Adenoids; for Pleurisy, Inflammation of the Lungs or Bowels, Appendicitis, Rheumatism, Neuralgia, Gout, Sore Feet, Corns, Bunions. It kills pain, subdues inflammation. It is a real life-saver in cases of croup and other throat and lung troubles. Can be used for all pain, giving instant relief; one used, it speaks for itself. No one should be without it; it is a doctor at home. Rheumatoid is manufactured by Prof. R. L. Mulveney, and tens of thousands of bottles have been sold by him, and he has yet the first one to come back dissatisfied. The testimonials and letters from those who have used it are sufficient evidence to convince the most sceptical as to its life-saving merits. \$1.00 per bottle.

Toronto, Dec. 28, 1912.

To Whom It May Concern: This is to certify that I, Mrs. Pitchford, suffered from Tapeworm over three years, and I am pleased to say that one dose of Prof. Mulveney's famous Tape Worm Exterminator expelled it and relieved me of that deadly monster. I am pleased to recommend this wonderful cure to all who are afflicted with it. You are at liberty to use my name in the advertising. This testimonial is unsolicited. MRS. FITCHFORD, Toronto, Can.

Prof. Mulveney Has Opened an American Branch Office

PROFESSOR R. L. MULVENEY, of 167 Dundas Street, Toronto, Ont., Canada.

Proprietor of the World Famous Tape Worm Exterminator

From the wonderful merit of this most excellent remedy the Professor's name and fame have encompassed the earth and brought him business from all parts of the world. The letters and testimonials to be seen at the Professor's Buffalo Office, at 73 Niagara Street, combined with the Herold Monsters from people who have been relieved of them, and that have been sent to the Professor with words of praise for the wonderful work his medicine has done for them, are enough to convince the most skeptical person. On account of the many enquiries from Buffalo and other parts of the United States, the Professor felt that he was called to open an office in Buffalo for the convenience of the American public and the benefit of suffering humanity. You are invited to call at 73 Niagara Street and see for yourself and be convinced that Professor Mulveney's remedy is a blessing to humanity.

Since opening his office on the third day of January, 1917, in Buffalo, nine people have been relieved of these horrid Tape Worms and the Professor has been able to see at 73 Niagara Street to verify this fact. I have no doubt but there are thousands of people being eaten alive with these internal monsters and are not aware of the fact. Many people have been operated on for appendicitis, ovary trouble and other supposed internal diseases, when this worm was the cause of his trouble. As soon as the Tape Worm was the cause of her trouble, and he has many people from people their physician wanted to operate on who have been saved from the pain of the surgeon's knife. You are invited to call and see the full price. I am enclosing the 50 cents in P.O. in my letter. Thanking you again for your kindness in forwarding the medicine, and hoping you may be spared long to help poor, suffering people. Prof. Mulveney, 167 Dundas Street, Toronto, Ont.

Letters From Satisfied Customers

Hanover, Aug., 1916.

Dear Sir—We are giving your B'Well to our daughter for epilepsy, and since taking it she has not had one fit. Before every month she had from one to fourteen at an attack. I am enclosing \$6.00 for six packages. Yours truly, [Name]

Shannonville, May 19, 1916.

Dear Sir—Please find enclosed postal note for two packages of your B'Well in the powder form, and 15 cents for postage. Please send the powder, and oblige. B'Well does wonders for me. Shannonville, Ont.

Bloxwich, Staffordshire, Eng.

Enclosed please find M.O. for \$1.40 for another bottle of B'Well, to be sent to Mrs. T. Pearson, 144 Harrison Street, Bloxwich, near Walsall, Staffordshire, England. Thanking you very much for sending the other so promptly.

Toronto, Sept. 21, 1916.

Little Andrew Buchanan's father brought a curious object expelled from his little boy, who had been very sick. It looks like a leech. I cannot say what it is, but little Andrew is doing fine since taking Mother's Friend. His father presented me with this picture and is much pleased with what Mother's Friend did for his only boy.

Alvinston, June 18, 1916.

Dear Sir—Please send me another package of Mother's Friend. My little girl never was so well as when taking your remedy. Please send it by return of mail. Mr. Alvinston, Ont.

Staples, April, 1916.

Dear Sir—I received the package of B'Well you sent me March 29, and it is all right. Please send me \$6.00 worth as soon as convenient. Sincerely yours, C. T. Staples, Ont.

Sept. 24, 1914.

Dear Sir—Your wonderful remedy received, and I took it according to directions, and am pleased to say the tapeworm was expelled, the head and all, in one hour and a half—first motion of the bowels. Your medicine is certainly a wonderful discovery, and no words can express my thankfulness to you. During the last nine years I have taken five other doses of medicine and starved from 36 hours to 48 hours and 50 hours before I could get rid of it. I shall tell my doctor at my next visit to your great cure. I have written others to you. I know of another lady who has been troubled longer than I and I will send your address to her. I feel it a duty to let all who need help, as I did, know of your goodness. I hope you can do for others. I hope you may be spared a long life to continue your good work, but sincerely hope you will in some way leave your discovery so that it won't die with you, for it is so easy to take and it is so quickly. Sincerely yours, [Name]

Fenelon Falls, June, 1916.

Prof. Mulveney: Dear Sir—Please send me one dollar's worth of your Mother's Friend Worm Medicine. I have given my children some before, and would not be without it now for a good deal, as I have a little girl that took fits before I gave your medicine. Now she is as healthy as any child could be. Am obliged for your good help. Yours Truly, [Name]

Hanover, May, 1916.

Dear Sir—The B'Well received from you is doing so much good to my people that we want another parcel and enclose \$1.25. Yours Truly, [Name]

Stonleigh, Sept. 18, 1915.

Dear Sir—I received your wonderful medicine, B'Well, and did not know the price had risen. Thank you very much for forwarding the medicine without getting the full price. I am enclosing the 50 cents in P.O. in my letter. Thanking you again for your kindness in forwarding the medicine, and hoping you may be spared long to help poor, suffering people. Mrs. Stonleigh, Ont.

Why Not Try B'Well

It Makes People Feel Well

B'Well is a medicine that assists nature, made from 1907 herbs, berries, leaves, etc. The concentrated extracts of these herbs tone up the stomach, regulate the liver, act on the kidneys, and it contains a harmless worm-destroyer that is sure death to worms, and can be used with perfect safety.

B'Well is not a tapeworm exterminator, and is not recommended for that trouble. B'Well is restoring thousands of people to health. I am not going to enumerate the different diseases and complaints that people have been relieved of from the use of B'Well, as it would take up too much space. I can simply say that restlessness and disease cannot remain if you take this medicine for a time, and it will make you feel fine.

It does not contain poison in any form, or narcotics that only relieve pain, but the different roots and herbs that regulate the system. It stimulates the stomach, liver and kidneys into healthy action, helps digestion and keeps the bowels regular, expels all gas from the system, and takes away the bad feeling around the heart and fearful feelings from the head, depressed spirits and melancholy.

Their place. B'Well is a blessing to those that feel life is a burden, to them that are down-hearted and unhappy from disease. B'Well carries the poison out of the system through the natural channels of health, and as the poison is carried out of the system nature restores herself, and a system nature restores herself, and there is nothing like good health to make a person cheerful and happy. People treated for Rheumatic Pits have been restored by its use. Don't ask me if it cures this, that and the other disease. It is different from most medicines advertised as cures-all, and I am not advertising this remedy, but simply advising it as a medicine that has and will regulate the system, carry the poison out of the blood, and common sense will surely tell you the result. Men and women who have been nervous wrecks, with hollow cheeks and sunken brow, have become plump, healthy and cheerful from its use, and I can only say what it has done for me. It will surely do for you. Young men and women whose faces were covered with pimples and a sickly complexion are now free from them from its use. Men, women and children who had eating and running sores have been healed, and what it has done for them is likely to do for you.

Prof. Mulveney's world-famous Tape Worm Remedy is saving thousands of valuable lives, and B'Well is doing just as much for those requiring this kind of medicine.

The letters from people who have used B'Well are sufficient evidence as to its merits. Price \$1.25 per bottle; six bottles, \$6.00.

B'Well is put up in powder form for convenience to send to foreign places by mail, which is sent away with all breakables. The package of powder makes twice as much medicine for the same amount of money. Full directions for making. Price, \$1.25; six packages, \$6.00.

Write for further information, free and send self-addressed, stamped envelope, with your address written plainly, for reply. These remedies are sold only by Prof. R. L. Mulveney, 167 Dundas Street, Toronto, Ont., and 73 Niagara Street, Buffalo, N.Y.

Mother's Friend for Sick Children

CURES STOMACH AND PIN WORMS BUT IS NOT FOR TAPE WORMS

This valuable medicine expels Stomach and Pin Worms. It is not only valuable as a Worm Medicine, but is an excellent Tonic, Physic and Appetizer; strengthens the Stomach, Liver and Kidneys, and has cured some of the worst cases of Wetting the Bed. Many children that were wasted away to a shadow had been built up and made healthy and well from its use, and their mothers made happy. Good for Coughs and Colds; also checks Fever, and is useful in case of Whooping Cough, Measles or Scarlet Fever. It is a real Mother's Friend, and gains its name from restoring sick children to health and quietness.

MOTHER'S FRIEND

This valuable medicine is working wonders in all cases of sickness among children. I have one case in mind just closed. A little girl eleven years old, who had been treated for over four years with out any marked improvement; in fact, she got worse all the time. Her case seemed to puzzle the physicians in attendance, and she finally agreed that an operation on the stomach would be necessary to find out what was the matter. Her father, being opposed to an operation, called and got a bottle of Mother's Friend. He told his little girl she was in almost a hopeless condition, that she measured 18 inches around the stomach, and her body wasted away to skin and bones, her arms no longer than a broomstick; she was a beautiful, patient child, with a lovely disposition. To make a long story short, Mother's Friend took away the enlarged condition of the stomach, built her up, so that she was able to go to school, which was, of course, a surprise to everyone in her neighborhood and her mother and father made happy.

Another case comes to my memory of a baby about two years old. The mother brought her to me in her arms. She was wasted away to a living skeleton and was unable to look after the child. The case was beyond all reasonable hope of recovery. I thought, well, your faith is great, if you ever expected this child to get well. She purchased a bottle of Mother's Friend, and took it home, used it, and the little one was relieved of scores of worms of different kinds. It was about three months after when this lady brought the little one with her to my office. She was after another bottle of Mother's Friend for her own children and another for one of her neighbors she had recommended it to. I asked her to call in the lady or the child until she told me of the circumstances. She said: "Do you not remember me bringing a baby in my arms, all skin and bones? This is her; isn't she a healthy child now? No one would have believed it. Worms was the trouble. Now you can see for yourself what a fine, healthy child she is. Just look at the rosy cheeks!"

About 9 o'clock one night a lady called to a bottle of Mother's Friend. She said her little boy had been taking fits for 24 hours, and the doctor had given him 24 pins and a brain fever. She had asked a lady friend to call in and look at him, and she pronounced him to have worm fever, recommended her to try Mother's Friend, and a few minutes after taking the first dose he went to sleep, and next morning was relieved of a lot of stomach worms. The fits follow has had no fits since and is healthy and well. Price \$1.00. Each package makes one pint and a half of medicine, just twice as much as the old form.

All the Way From Ireland A Monster Tape Worm About Twenty Feet Long

Mr. John Campbell, of 22 Napier street, called on Prof. Mulveney and purchased a bottle of Mother's Friend Worm Medicine. His wife's sister, Mrs. Hill, of Glenhirk, Ireland, had been ill for some time with a Tape Worm, and had been treated without success. He sent her the remedy, which expelled the monster, head and all. Mr. Campbell received the worm by parcel post from Prof. Mulveney the same day, and it was found to be all well states that in July, 1908, his little girl, three years old, was relieved of a monster Tape Worm, head and all, which was about twenty feet long, and the little one is healthy and well at the present time. This is how he came to try the remedy. His sister-in-law in Ireland to try the same remedy. And now they are reducing over a friend across the sea whose life has been saved, who is rejoicing and happy by Prof. Mulveney's world-famous cure, which may be purchased at 167 Dundas street, Toronto, Ont.

March 31, 1916.

Freddie Annamondro, 15 Baldwin street, aged 2 years, was relieved of monster Tapeworm by one dose of Prof. Mulveney's World-Famous Tape Worm Exterminator. It was a very sick little boy, who is now improving nicely. The picture was taken March 1, 1916.

THIS TAPEWORM MAY BE SEEN AT 167 DUNDAS STREET, AT PROF. MULVENEY'S OFFICE.

Responsibility for Victory

With the urgent need for action which attends the condition of affairs in France and Belgium, and the entry of the commanders at the front for reinforcements to keep the forces at full strength, combined with the measures taken in Great Britain to get every possible eligible man into the fighting line; there should be no longer any hesitation in Canada to take the step which will place at least another 150,000 men at the disposal of the British commander-in-chief.

Obtaining Money Under False Pretences.

A case came before the police magistrate the other day in which conviction was secured and a fine imposed on a woman for selling on Sunday, on the evidence of a man who swore that he had told her a falsehood and played on her sympathies by describing himself as a tired munition worker, who toiled so late on Saturday nights that he was unable to make his purchases in legal time.

HOUSING CO.'S RENTS.

Editor World: In an editorial in a recent issue you state, referring to the Toronto Housing Co.'s property on Bain avenue, that "the plan is simply to supply houses at moderate rents. Where there is no desire to make profit the problem is greatly simplified, and the slight interest return provided for by the housing company enables the tenants to rent their homes almost at cost."

DEEDS TALK LOUDER THAN WORDS

A first-class disturbance in the political arena has been caused over the assertion of a Liberal member that the prime minister said a year ago that if he had his way there would be no more recruiting in Canada. It is one of the incredible facts of the situation that in the midst and at the crisis of the greatest war of the world, when civilization totters on its base, that Canadian politics should treat this as the most serious event on the political program.

SINBAD CANUCK MUST R'D HIMSELF OF HIS OLD MAN OF THE SEA

By any political exigency whatever. Mayor Church Says Companies Should Have Less Power. "There should be some government authority to control insurance rates," said Mayor Church, who, at his own request, appeared yesterday before Mr. Justice Master, sitting in the parliament buildings as a commissioner to enquire into fire insurance rates.

It is not equitable that companies should be a law unto themselves," said he. "They constitute what is practically a combine. The Underwriters' Association make the rates and the public has to be satisfied with them. Public interests should be paramount."

The commissioner pointed out that as far as the investigation had shown such government control would be extremely expensive, even if there were enough data on which to lay down rates, which the evidence had gone to show did not exist. It had been suggested that the companies might make their own rates under the supervision of a controlling commission, said Mr. Justice Master.

Hockey O.H.A. Scores

BRAMPTON READY FOR SECOND ROUND

Defeated Weston in Play-Off for Group in Poor Game. Brampton is ready for the next round. Weston and Brampton played off the tie for their intermediate group last night at the arena, and Brampton bobbed up winners, 5 to 2. We don't know who will be Brampton's next opponents, but Brampton will hardly enter the third round.

It was crude hockey from both ends. The Brampton goalie didn't shape up like a first-class performer, but he caught the puck in everything but his pockets. They bunched for two periods, and the defense work was very poor. Weston had a habit of trying to pass the puck forwards every few feet, and Brampton soon stopped them by checking. Brampton had a habit of trying to pass the puck backwards and a like number in the second stage. Weston came to life in the third round and scored the first two goals. They checked last hard here, and it was more like a game. Brampton notched into 2. The teams: Goal, Beatty; defence, Becham, Ingholby; rover, Graham; centre, McClure; right, Robinson; left, Clark.

WESTON (2)—Goal, Dukes; defence, Forbes, Rowntree, rover, Collier; centre, Barrett; right, Robinson; left, Smith. Referee—R. Hewitson.

THEIR FIRST MEETING. Oshawa, Ont., Jan. 29.—Whitby and Oshawa, who were tied for first place in Intermediate Group No. 3, played their first game here tonight, each team having won five games and lost one. The game was set on Monday morning and made the game an individual one. Oshawa scored the only goal in the first period. In the second, Whitby scored four and Whitby one, making the score 5 to 2. The teams: Goal, Bowen; defence, Taylor, Mitchell; rover, Walker; centre, Tyrrell; right, Todd; left, Gilchrist. Referee—R. Hewitson.

BARRIE'S GOOD LEAD. Barrie, Ont., Jan. 29.—In a well-played match here tonight, between Barrie and Newmarket, the former won by the score of 10-2. In spite of the one-sided score, Barrie was a well-fought game. Line-up: Goal, Clifton; left defence, Simon; right defence, Rice; rover, Thompson; left wing, Dymant; right wing, Dymant; centre, Galt; right defence, Molten; rover, R. Brown; left defence, Galt; right wing, R. Brown; left wing, R. Brown. Referee—Harvey Sproule.

LOOKOUT FOR COLLINGWOOD. Midland, Jan. 29.—In the intermediate O.H.A. game played here tonight between Collingwood and Midland, Collingwood won by 5 to 2. The line-up: Goal, Cook; left defence, Fryer; right defence, Colcher; rover, Walter; centre, Colcher; right wing, Danes; left wing, Sanderson. Referee—J. Powell.

A LISTLESS GAME. Kingston, Jan. 29.—Frontenac defeated Queen's Intermediate O.H.A. team here tonight by 4 goals to 1 in a listless game before a languid crowd. The line-up: Goal, Lagon; defence, Hamilton, Henderson; rover, Watt; centre, McQuinn; right wing, Hanley; left wing, Smith. Referee—J. Powell.

ATHLETIC AT EARLS COURT CENTRE. Athletics were run off in good style at Earls Court Recreation Centre. Every event was keenly contested. The boys of Earls Court are interested in athletics; also their gym work, and hope when the spring comes they'll be able to make a good showing. The winners are as follows: Four-man team race, 50-yard walk—L. W. Dickson, J. McEwan, R. Killachy, E. Godfrey. Standing broad jump—L. J. McEwan; 2. A. Donaldson; 3. L. Hibbert. 100-yard potato race—L. J. McEwan; 2. S. Cassin; 3. L. Hibbert. A. Donaldson. The leaders in the point competition are: Midgitt—E. Walker, 105; G. Bower, 101; D. Cole, 100. Juvenile—R. Killachy, 76; F. Woodcliffe, 76; J. Whitehead, 71. Juniors—L. Hibbert, 133; S. Cassin, 126; J. McEwan, 102.

BOOSTING OTTAWA ICE RACES.

Ottawa, Jan. 29.—Arrangements for the holding of the big annual ice race meet of the Hull Driving Club were completed today, when the final touches were put on the Ottawa River track and the stabling sheds and public pavilions were fitted up.

The extremely cold weather that has continued since the year began has put the track in lightning shape, and unless a thaw sets in the circuit will be the fastest of years.

Judge Murphy, a representative of the National Trotting Association, and Starter Pike will arrive in Ottawa soon to inspect the river plant.

TIP O'NEILL TELLS OF REAL HARD LUCK

Barnstorming on the Coast and How Team Put in the Winter.

This story has to do with baseball of the long ago, and when Tip O'Neill, later president of the Western League and now arranging the California trip for the League team out in California, included in the list of Tip's players were Joe Cantillon, now manager of the Minneapolis team in the American League. "I tell you what, we had hard times then," says O'Neill. "The going was tough, speaking in a general way. I recall how we were barnstorming around San Francisco to earn a little money to keep us over some rough spots. We struck Petaluma.

"Before we knew what was going on one of the fellows sold our uniforms for \$50. That put us out of business entirely, for how could we play ball games without uniforms? "So the whole bunch rented a room in Petaluma for \$2 a week and decided to get thru the winter some way or other. I managed to get a place as bookkeeper for a firm, and lived over in Oakland. "Whenever pay day arrived I would draw down my small stipend and would always find myself going waiting outside to make a touch. They invariably cleaned me out of everything but money enough for my board and ferry ticket. "Finally I managed to get a job for Joe Cantillon in the house where I kept books. Joe was the engineer of the furnace. A great iron chute ran from the fourth story to the alley, on which sacks were shot down to be chuted away. "One day my boss came to me, shaking all over. His face was white. "Say," he said, "I've got to keep that fellow from sliding down our chute. I'll die of nervousness if he doesn't quit today. "Then I learned that Cantillon had been riding the sacks down those four stories. "Another time, as I sat in the window, I noticed Joe outside waving his arms frantically. He had been in the alley, everybody in the building beat it outside at once. When I asked why, Joe informed me he had been shot to an aneurism of his heart, noticed the water was about out and had turned cold water in. "She's going to blow up, sure," he said, "scared half to death. "The boss' players certainly had a tough winter. One day, remember, I had just a dime on my person. The fellows argued how it should be spent. Finally we all went into a cigar store and every stick of tobacco was purchased. And I didn't chew. "When they used to have clam bakes over on the beach near Oakland, they would invite a few rabid fans, who would incidentally supply all of the delicacies and eatables as their part. Then the ball players would dig tubs out of the sand and the party would have two or three days. They got enough food to carry them over the time they could get up another party."

FOE SINKS TRANSPORT IN MEDITERRANEAN SEA

Berlin Official Announcement Asserts One Destroyed With Troops.

Berlin, Jan. 29.—A German submarine in the Mediterranean, according to an official announcement today, has sunk the following vessels: Jan. 9.—A fully armed and loaded steamer of 5,000 tons.

Jan. 15.—The armed British tanker Garfield, of 4,800 tons, bound from Malta to Port Said with coal and oil. The Garfield's captain was taken prisoner.

Jan. 25.—Armed hostile transport, about 250 miles east of Malta, by a torpedo. The steamer was steaming eastward and was conveyed by a French torpedo boat. The steamer, which was crammed with troops, sunk in ten minutes, the statement says.

TURKS ACKNOWLEDGE ADVANCE OF BRITISH

Berlin, via Tuckerton wireless, Jan. 29.—British attackers on the Tigris front succeeded in taking some ground, but with heaviest losses, the Turkish official statement for Jan. 27, received here today, asserts.

"On the 25th the enemy heavily shelled our Tigris front," the report asserted, "but did not attack. South of the Tigris, British forces, after violent artillery fire, attacked on the 25th with strong forces and succeeded, with heaviest losses, in conquering some ground.

"Two thousand dead British were before our front on a small extension. On the 26th the enemy repeated the attack, being completely repulsed."

1917 Models on Show

MOToring critics call the 1917 Gray-Dort the wonder car of the year. You should see and judge for yourself its great qualities. This splendid spring show of 1917 models, which will last from January 29th to February 3rd, will enable you to compare that sweeping verdict. Giant-like power, marvellously sound construction, wonderful price, made the 1916 a triumph indeed. But to have added such luxury, such extraordinary refinement to the 1917 models is a greater wonder still. You will appreciate the sturdy strength, the beautiful lines, the roominess of every Gray-Dort model on display. You will appreciate it in service still more—responsive, easy on tires, sparing of gasoline.

See the Wonder Car of 1917. Visit the display. Judge the power and comfort of the touring model. Note the sturdy qualities, the snappy style, the wonderful roominess of the three-passenger Shamrock Roadster. Particularly examine the Gray-Dort Sedan—a beauty in appearance and refinement. Changed from summer to winter top—from open to closed—within a minute or two. Both summer and winter tops fit perfectly and are included in the price, \$1,125. Then pass on to the supreme beauty and refinement of the Gray-Dort Sedan. Could money buy you greater luxury or comfort? Cut-open chassis also on show. Inspect it. You will then realize Gray-Dort engineering skill, construction and completeness.

YEAR'S BUSINESS REVIEWED AT NATIONAL TRUST MEETING

Mr. Z. A. Lash, K.C., Vice-President of the Company, Occupies the Chair in President J. W. Flavell's Absence at Ottawa — Increase of Almost Ten Millions in Company's Assets — Net Earnings Also Increase—Chief Growth in Estates Business.

In taking the Chair yesterday at the annual meeting of the Shareholders of National Trust Company, Vice-President Z. A. Lash, K.C., occupied the chair in the absence of President J. W. Flavell, Chairman of the Imperial Munitions Board.

Such fiduciary relationships call for the highest type of management, and I am pleased to be able to assure the shareholders from a personal knowledge of the staff at all its offices that the Company possesses management of the character to a peculiar degree.

Mr. J. Harrington Walker of Walkerville was elected to fill the vacancy on the Board caused by the death of Mr. F. H. Walker. Patriotic Contributions. During the year your Directors during the following subscriptions: \$500 to the Military Service Fund of the Y.M.C.A.

At the close of the war there must inevitably be a period of readjustment of greater or lesser length. It will then be well for those who meanwell to have their resources. Hence I do not think it is out of place to refer to-day to the campaign for greater efficiency.

The net earnings for the year amounted to \$2,242,822, an increase of \$7,101,225 over the preceding year. This is equal to 15 1/2 per cent. upon the Company's paid-up capital of \$14,000,000.

Of the foregoing items only, I think requires other than a passing reference. It is the \$50,000 policy deliberately adopted in 1914. It was then pointed out that the increasing demands of our several offices for additional office accommodation would make it imperative to write the various premises from time to time, and it was decided that the policy of wisdom dictated the accomplishment of this program as far as possible out of earnings rather than by investing a larger proportion of the Company's capital in office buildings.

CORN PRICES RISE FLOUR WEAKENS STANDARD OIL HAS NEW HIGH RECORD

American Shipments to Europe Continue Liberal. Broomhall Reports. COLD IN FRANCE YET MUCH LEAD BOUGHT. Foreign Arrivals of Wheat and Oats Continue to Increase.

New York, Jan. 29.—Broomhall sent the following cable from Liverpool today: Corn was strong today, with spot advancing and futures maintaining a steady level. American shipments were liberal, but they were mostly to the continent.

New York, Jan. 29.—The most prominent feature of the trading on the Broad Street curb today was the sale of Standard Oil stock at a valuation of \$55 per new high record. The Revue's trading was in the new Globe Dominion Copper, of which 50,000 shares were traded in at 8 1/2 and 8 3/4.

LONDON EXCHANGE HAS DULL SESSION Undertone Keeps Confident on Rosy Prospects for War Loan. NEGLECT AMERICANS Heaviness at New York Causes Decline—Gilt Edge Section Slow.

MINE STOCKS ACTIVE STRONGER IN TONE Several Stocks Made Gains on Heavy Trading—Boston Creek Up. Mine stocks yesterday assumed a more active tone, with indications of returning strength plainly visible in both Cobalt and Porcupine lists.

During the year the Company made considerable purchases of Government securities, and considerable attention to this property, particularly from American sources, where most of the buying came.

Writing Off Office Premises. Of the foregoing items only, I think requires other than a passing reference. It is the \$50,000 policy deliberately adopted in 1914. It was then pointed out that the increasing demands of our several offices for additional office accommodation would make it imperative to write the various premises from time to time, and it was decided that the policy of wisdom dictated the accomplishment of this program as far as possible out of earnings rather than by investing a larger proportion of the Company's capital in office buildings.

NATIONAL TRUST COMPANY, Limited Report at Annual Meeting of the Shareholders

The Directors have pleasure in submitting herewith their Nineteenth Annual Report, showing Statement of the Assets and Liabilities of the Company as at 31st December, 1916, together with the Profit and Loss Account for the year ending on that date.

The net Profit, after providing for all cost of Management, Salaries, Advertising, Auditors' Fees and other expenses, amount to \$28,254.22. To this must be added the sum of \$73,550.46 brought forward from 1915, making the total of Profit and Loss Account \$309,814.68, which has been appropriated as follows:—

Table with columns: Capital Account, Real Estate Mortgages, Bonds, Debentures and Stocks, Real Estate, etc.

Table with columns: LIABILITIES, Capital Stock, Reserve Fund, Mortgage Loans in process of completion, etc.

Table with columns: PROFIT AND LOSS ACCOUNT, Balance 31st December, 1915, Net Profit for the year after deducting cost of Management, etc.

The following were elected Directors of the Company for the ensuing year:— DIRECTORS: J. W. Flavell, President, Dominion Steel Corporation, Limited.

As a subsequent meeting of the Board of Directors Mr. J. W. Flavell was elected President, and Messrs. Z. A. Lash, K.C., and E. R. Wood, Vice-Presidents, and the following were appointed members of the Advisory Board at Winnipeg:—

WEAKNESS RULES IN WALL STREET Prospect of Big Tax on U.S. Steel Earnings Depresses Market. BEARS RENEW DRIVES Motors and Number of Other Industrials Under Heavy Pressure.

first attributed to statements that the extra dividend to be declared tomorrow would be only 1 1/2 per cent., but in the late afternoon most importance was attached to the fact that the provisions in the federal revenue bill imposing taxes on excess earnings, in addition to the tax on the profits which would be required from the United States Steel Corporation.

The development of weakness, however, was not confined to the industrial. The marine issues, which were strong at the opening, also sustained losses of over ten points, and Mexican Petroleum, which could not be influenced by federal taxation, dropped over three points under the pressure of a heavy market.

Fluctuations in the leading issues were extremely narrow in the last half of the forenoon. U. S. Steel common yielded from 11 1/4 to 11, and Utah Copper falling back to below 107 on extremely narrow trading. The bill imposing taxes on the government on armed merchant ships was used as a reason for short sales by some of the traders, and there was a sharp drive made on the motor shares. General Motors, after selling at 115, advanced to 115 1/2, and Maxell Motor sold at 57.

There was a demonstration made against U. S. Steel common shortly after noon, when selling of about 20,000 shares forced the price down to 113 1/4. Marine issues were also offered at concessions, Pittsburg increasing. This movement was

attributed to the rich pay streaks for the time being with a smaller mill. The Davidson is now stamped as a large producer and the New York and Boston people feel confident that the stock will witness a material advance as the development progresses.

Davidson took a jump yesterday, selling up to 7 1/2. The buying orders from New York and were only filled by putting the price to a new high. Hugh Sutherland left on Sunday night for the mine. Accompanying him were E. W. Fisher, E. M. who represents New York financial interests, and F. N. Stevens, the consulting engineer. Another mining engineer from New York will be the party from New York. The vein on the 300-foot level has been cut out to fully 100 feet, and assays vary, some running over \$20 to the ton, but the average will be about \$6. The conference now being held is to map out the development for the next three months. A decision will be reached as to treating the vein of this immense ore body, which will mean an extra large mill or confining the operation to the rich pay streaks for the time being with a smaller mill.

Davidson is now stamped as a large producer and the New York and Boston people feel confident that the stock will witness a material advance as the development progresses.

LIVE STOCK TRADE CONTINUES STRONG

Butcher Cattle Were Twenty-Five to Fifty Cents Higher. HOGS WERE LOWER Fed and Watered Sold at Thirteen-Seventy-Five.

Receipts of live stock at the Union Stock Yards yesterday consisted of 128 calves, 105 calves, 2515 hogs and 980 sheep and lambs.

The live stock market opened yesterday with a moderate demand for calves.

With a few exceptions, the quality was not so good for the bulk of cattle as is usually offered on Monday. Trade opened strong, drovers asking from 25c to 50c more than last week's closing quotations.

Buyers wanted, and cattle they must have, even if they did pay a premium. The market was worth. As a result, every grade of butcher cattle advanced a good 25c to 50c over last week's closing.

Dunn & Leveck sold two steers, 710 lbs. each, at \$11.25, which was the top of the market. They also sold 40 cattle at \$11 and 146 calves at \$10 to \$10.50.

Buyers wanted, and cattle they must have, even if they did pay a premium. The market was worth. As a result, every grade of butcher cattle advanced a good 25c to 50c over last week's closing.

Dunn & Leveck sold two steers, 710 lbs. each, at \$11.25, which was the top of the market. They also sold 40 cattle at \$11 and 146 calves at \$10 to \$10.50.

Buyers wanted, and cattle they must have, even if they did pay a premium. The market was worth. As a result, every grade of butcher cattle advanced a good 25c to 50c over last week's closing.

Receipts of live stock at the Union Stock Yards yesterday consisted of 128 calves, 105 calves, 2515 hogs and 980 sheep and lambs.

The live stock market opened yesterday with a moderate demand for calves.

With a few exceptions, the quality was not so good for the bulk of cattle as is usually offered on Monday. Trade opened strong, drovers asking from 25c to 50c more than last week's closing quotations.

WHOLESALE MARKET NO EXPORT DEMAND

Boston Head Lettuce High in Price and Hard to Find. Bullish Statement of Visible Supply is Ignored by Traders.

Special to The Toronto World. Chicago, Ill., Jan. 29.—A resumption of selling on a heavy scale weakened the wheat market sharply today, but some covering rallied the market from the bottom. There was no special news to account for the drop, which was preceded by considerable speculating. Advances from abroad over Sunday to the effect that the market had determined to push the war vigorously caused a great deal of buying early in the session by the principal account of the last three or four weeks, and since then covering by the market has been sold on Saturday. Offerings were quite free, and the tone became feverish. As the session progressed longer hours and shorts extended their lines. There being a general absence of buying power, the market was very nervous and advances were among the orders.

On Tuesday's appeal to take a free hold on the wheat market, pending an improvement in the demand for export and a resumption of the railway competition, the market was very nervous and advances were among the orders.

PLAIN TALKS ON MINING

BY MARK HARRIS

MARGIN TRADING

PERSONALLY I do not approve of margin trading, as I consider it akin to gambling.

Many small investors after becoming inoculated with the "Get Rich Quick" germ take to margin trading as a short cut to wealth, but in time they find it but a trap where they rarely emerge with anything but experience.

The man who works hard for his money and manages to save a few hundred dollars with a view of investing should beware of margin trading, for, in my opinion, investment and margin trading are diametrically opposed to each other.

Some brokers attempt to defend margin trading by saying it is the same thing as buying a house with a mortgage on it, but this is not exactly true, for when you buy a house with a mortgage the home is yours as long as you pay interest on the mortgage, while the stock you purchase on margin can be sold by the broker at any time, with or without notice.

No broker as a rule will sell out a client's stock until the margin is close to the exhausting point, but according to the rules of the game he can do so if he so elects.

What I dislike about margin trading is the fact that it is sooner or later makes a gambler out of a man, and in time he buys and sells securities simply to make a quick profit, without giving intrinsic value, future earnings, or dividends any consideration.

Experience has taught me that fully 90 per cent. of investors lose their money in margin trading, and any honest broker will confirm this statement with figures from his books.

The investor who buys on margin sooner or later loses his money, while the investor who buys outright seldom loses a penny, providing he makes his purchases through some responsible brokerage house that gives clients honest advice.

Your own intelligence will convince you that it is far better to depend on your broker when selecting investments than on your own judgment, for where you have one opportunity of investigating a proposition the broker has twenty.

In addition the broker has ways and means of getting confidential information that is not open to the average investor; therefore, if you have the right kind of a broker he will never recommend an investment unless he is fully satisfied it is meritorious in every way.

My firm (Mark Harris & Company) policy is to make their profits THROUGH their clients, not OUT of them, and consequently they are just as careful in recommending a purchase to a client as they would be if their own money was involved.

We could make more money for a short time by advising margin trading, for margin trading means many additional commissions, and commissions, as you know, are the backbone of a broker's business.

We want all the commissions we can honestly earn, but we don't want them at the expense of our clientele, and that is exactly what it would mean if we recommended margin trading.

Capital assets are given at \$23,943,921.11, current assets at \$491,727.21, and gold assets are estimated at \$489,526.11. Working costs came to \$3,769 per ton as against \$3,746 in the previous period.

The mill ran only 55.3 per cent. of the possible running time, and treated 49,616 tons of ore, with an average value of \$4.49 per ton.

These customers have made money through good investments recommended by the firm and they are contented and happy, and so are we.

This condition would not prevail had we recommended margin trading.

Yours faithfully,
Mark Harris

The next plain talk on mining will appear in The Toronto World on Saturday, February 3rd.

The rise in Davidson Gold Mines, Limited, is directly in line with spectacular developments at the mine. The main vein on the 300-foot level has been proven across a width of 97 feet, and three prominent mining engineers are now at the property formulating plans for future developments.

Work is also progressing on the 100 and 200-foot levels with favorable results. We regard Davidson as the most attractive issue in the Porcupine lists. We advise the purchase of the stock in anticipation of much higher levels in the near future.
