OPPOSING FORCES IN GERMANY PREPARE FOR CIVIL WAR

New German Chancellor Says Treaty Will Be Fulfilled—If Possible

THE PEACE TREATY TO STAND OR FALL BY TODAY'S VERDICT

Expected That Issues of Long Struggle Will Be Thrust Into Campaign.

REPUBLICANS ARE SOLID

Washington, March 14.—The senate's verdict on article ten, by which ratification of the peace treaty will stand or fall, will be pronounced tomorrow. An unanimous consent agreement provides for a final vote before adjournment.

Compromise advocates in both parties, although most hopeless of results, are still working to secure the adoption of reservation which would command enough support to insure ratification. Some hoped that might be reached by alterations to the Republican substitute presented Friday; others, that the substitute as it stands would be accepted by the requisite number of Democrats. Both possibilities are admittedly remote.

The irreconcilables swung back into the Republican ranks Saturday, so the Republican leaders count on a solid party line-up, constituting a majority of the senate, in favor of the substitute and against any proposal to change it.

This is expected to lead to adoption of the Republican substitute reservation instead of that adopted last November, and this will mean that the treaty will again fall of ratification and that the issues of the long struggle will be thrust undecided into the political campaign.

It is generally conceded that recent events in Europe will have little bearing on the treaty discussion, bringing up matters of policy that already have been debated thoroughly. It is now predicted that a vote on ratification itself may be expected Wednesday or Thursday.

BECK FORESHADOWS A BIG PROJECT

Tells London Delegation That He Looks to Support of Both Governments.

London, Ont., March 14.—"I feel that there is responsibility on my shoulders as far as the province is concerned," said Sir Adam Beck to a delegation of London business men, who, together with members of the London & Port Stanley Railroad Commission, Public Utilities Commission, city and railroad officials which welcomed him on his arrival in the city at 2 o'clock this afternoon.

Sir Adam, who has been absent in England for three months, during part of which time he and Lady Beck were seriously ill, looked very fit, and spoke with his wonted energy. Lady Beck was unable to accompany him alone, but it is expected that she will be well enough to make the trip in a short time.

Referring to local matters, Sir Adam remarked that "Affairs in London are being carried on under a cloud in the direction than mine, but there is a big project under way which I may be asked to consider, and if I am I know that we shall be strenuously opposed. We are not set thru the wilderness as far as public ownership is concerned. The interests will oppose us, but we hope to have the co-operation of both governments, and we feel that the election of the various municipalities point to their hearty support." Sir Adam did not decide what the big project to which he referred was.

It is expected that as chairman of the London and Port Stanley Railroad Sir Adam will almost immediately take part in municipal affairs and will in all probability attend the city council meeting and take part in the discussion of the City of London bill, which contains a clause authorizing the issue of \$100,000 debentures for capital expenditure on the London and Port Stanley Railroad.

Sir Adam traveled from Buffalo to St. Thomas on the Michigan Central Railroad, and was met in that city by the delegation which will leave on a special London and Port Stanley car to welcome him home. On arrival in London Sir Adam and party were the guests of Philip Pocock at the Tenthmish House.

ARMENIANS URGE PROMPT RELIEF

Tell Committee at Constantinople They Are About to Be Annihilated.

Constantinople, March 14.—The Armenian leader at Hadjin, northwest of Marash, has sent the following despatches to the Armenian committee at Constantinople:

"March (date missing)—Take immediate steps for relief. We shall be annihilated."

"March 6.—We beg you for the last time, as danger is imminent, do all you can. We shall be massacred. Come to our relief."

There are approximately 7,000 Armenian refugees in Hadjin. Three women members of the American committee for the relief in the near east are also there.

A British squadron of five super-dreadnoughts of the Revenge class, which has been cruising and engaging in target practice in the Sea of Marmora and along the Syrian coast for several days, returned to Constantinople and anchored in the Bosphorus this morning.

Salvador and Venezuela Join As Members of the League

London, March 14.—Salvador and Venezuela have deposited their declarations of assent to the covenant of the league of nations, thus completing the list of 15 nations invited to become original members of the league.

KING LUDWIG TO RETURN

Berne, March 14.—Former King Ludwig of Bavaria plans to return to his country in the spring and live in one of his castles.

RAILWAYS AND SHIPPERS TO BATTLE ON FREIGHT RATES

Railway Commission To Take Up Matter of Prepayment on Freight to Points in United States.

Montreal, March 14.—One of the most important business battles ever staged in eastern Canada will open Tuesday at Ottawa when the railway commission will take up the matter of the proposed refusal by the Canadian railways to accept prepayment of freight going to points in the United States. Complainants are the Montreal Board of Trade, the Canadian Manufacturers' Association, the Toronto Board of Trade and many other trade associations, "against the regulation of the railway companies, effective March 1, 1920, directing their agents not to accept prepayment of charges from shippers on freight traffic from Canada to the United States, except on such classes of traffic as the freight classification of tariffs requires prepayment."

NEW YORK TO RUN MOTOR BUS SYSTEM

Will Purchase Two Hundred to Solve Transportation Difficulties.

Special to The Toronto World.

New York, March 14.—With the declaration that it was only the beginning of city operation of buses, Mayor Hylan yesterday led the members of the board of estimate in voting for an appropriation of \$1,400,000 to purchase 200 motor buses for the city to be run on routes to be determined later.

The present municipal bus lines, established primarily to take the place of abandoned surface lines, are under the supervision of Commissioner Grover A. Whalen of the department of plant and structures, but are privately operated. The new lines when installed will place the city in direct competition with the surface lines in Manhattan, as well as in the other boroughs, and as they increase and multiply are expected to spell the doom of the already embarrassed surface lines. Mayor Hylan, as recently as the last hearing on the traction situation before the board of estimate Wednesday, declared the solution of the transit problem lay in operating city buses instead of surface cars, in conjunction with the subway and elevated lines.

Statement by Whalen.

Commissioner Whalen, in a statement issued following yesterday's action of the board of estimate, said: "When the buses are placed in operation and the street cars and street car tracks are eliminated from the roadways, it will completely revolutionize the city's traffic problems."

"The policy of the city in connection with the operation of the bus system by the department of plant and structures will be one of courtesy and cooperation. It will also afford to the city of New York an additional source of revenue which is much needed."

The type of bus that will finally be determined upon will be such as will fill every requirement. We will have a type of bus that will be modern in every essential, highly sanitary and well ventilated, a spacious bus and one that will permit overcrowding."

The board was unanimous in voting the appropriation, and it was passed without debate.

WOULD NOW RETURN TO PARTY LINES

Central Liberal-Conservatives Prepare for General Reorganization.

At a special meeting of the Central Liberal-Conservative Association of Toronto, held in Victoria Hall on Saturday evening, it was decided that the Liberal-Conservative organization in Toronto should return to party lines.

The decision was embodied in the following resolution which was passed by the association:

"That in the opinion of this association the time has now arrived to return to party lines, and it is further suggested that the Liberal-Conservative party proceed to reorganize on a broad, patriotic, national basis without delay."

A comprehensive plan of reorganizing the party in Toronto was also outlined.

GANG OF CHINESE GO ON RAMPAGE

Armed With Hatchets, Attack Countrymen, Seriously Injuring Two.

Two Chinamen were injured at 8 o'clock last night when a gang of Chinamen armed with hatchets and pieces of iron bars raided a club-room on 17 1/2 Elizabeth street, situated in to beat every person in the room. Yee Sang, aged 35 years, of 99 West Queen street, was struck over the head with a hatchet, inflicting a nasty scalp wound. Doctors in the General Hospital stated the skull had not been fractured, but they consider "Bong's" condition as serious. Wong Sam, Albert street, was struck with a piece of iron bar, causing a large swelling.

Frank Chu, 1155 West Dundas street, and Chow Boar, 256 Avenue Road, are under arrest charged with wounding. The other members of the gang made good their escape thru a crowd of several hundred Chinamen who gathered around the entrance to the building when the rush on the premises was made.

Conflicting Stories Told.

The police were told many conflicting stories as to the cause of the raucous attack being made on the premises. The two men under arrest claim that a gambling game is being run in Elizabeth street building, and that "iron bars" is pulled off, they further declared that the raid was made solely for the purpose of reaking up a gambling game, and when men deny participating in the alleged assault.

The men assaulted stated that the place was invaded by a gang of robbers. Several of the men claim to have lost sums of money, but no truth in these statements could be learned last night by Detectives Ward and Tut, who are handling the case. There has been quite a lot of unrest between the two gambling factions in "the ward," and it is the opinion of the police so far that the fight resulted over gambling.

Plainclothesmen Clarkson and Mulholland were sent to Elizabeth street from West Dundas street station, and after making a survey of the premises, they received information that led them to a house at 126 Chestnut street.

Entering the house, the plainclothesmen broke in a bedroom and found Chu and Boar in hiding.

RED ARMY DISORDERED BY ITS RECENT DEFEAT

Warsaw, March 10.—Official despatches indicate that the bolshevik army is in disorder behind the line of River Diester after its recent defeat by the Poles. Several detachments have mutinied. War spoils of the Poles include 13 river steamships, as well as guns and ammunition.

QUEBEC STRUGGLING IN GRIP OF STORM

Public Utility Service Demoralized—City in Total Darkness.

Quebec, March 14.—(By Canadian Press.) Quebec is struggling tonight to recover from the effects of one of the worst storms that ever struck the city. Every public utility service is demoralized, and most of the city streets and houses have been in darkness overnight, whilst heavy damage had been done to trees, overhead wires and equipment. After a 12-hour rain on Friday, the rain froze as soon as it fell, and all wires, buildings, and trees were covered with a thick coating of ice, bending the trees down to within a few feet of the roads. Limbs of trees were broken in all directions and lay scattered along the roads. About noon Saturday a high wind sprang up with a heavy fall of snow which completed the destruction. High power poles were broken down leaving the city at night in utter darkness. All theatres except two were forced to close down and stores were served with candles. Papers were much reduced in size owing to the power shortage and on Sunday morning no cooking could be done; the gas ranges were out of business. Tonight lights came on in various parts of the city, but the street railway is still snowbound. The city of Levis also severely suffered in much the same way from the effects of the storm.

ALLIED COMMANDERS TO MEET AT COBLENZ

Coblentz, March 14.—A meeting will be held on Monday by French headquarters in Mayence, between Marshal Foch, Field Marshal Sir Henry H. Wilson, chief of the British imperial staff, and Major-General Henry T. Allen, commander-in-chief of the American army of occupation. The American commander yesterday informed the socialist leaders that no general strike interfering with the function of the army and the administration will be permitted in Coblentz on Monday. The leaders were informed that if they could not control their followers the American army would do so.

TEXAS CITY SWEEP BY DISASTROUS FIRE

Fort Worth, Tex., March 14.—Loss estimated at more than \$2,000,000 was caused and 1500 people rendered homeless from a fire which swept Coblentz this afternoon. More than 200 homes and every building in the eight blocks of the business section were destroyed.

Great Things From Canada Expected by Europe

St. John, N.B., March 14.—Dr. James W. Robertson, addressing a large gathering in the Imperial Theatre this afternoon on "Canada's Responsibility After the War," said that the European countries expected great things from Canada, because of the successful efforts in war of her army, in food production, in the making of munitions, and in the Red Cross work. He declared that the present high cost of living was due to the shortage of goods of scarcity, and that every individual must render actual service in enlarging production of staple articles, and not be contented with the payment of taxes had met the obligations of citizenship. He expressed confidence that the league of nations would be a strong instrument for the peace of the world.

Narrowly Escapes Drowning While Trying to Avert the Jam

Arkona, Ont., March 14.—While working with other men to prevent an ice jam at the power house at Rock Glen on Saturday, Frank Smith was thrown into the river when the block of ice on which he was standing lifted against the dam. Mr. Smith jumped for his safety plank, which broke under the sudden strain, and left him struggling in the icy water, but a strong swimmer, and after a brief but strenuous struggle, reached safety and was cared for by his comrades. All the ice cutting tools were lost, but the jam was averted.

Austrian Archdukes Elect Charles as Head of Dynasty

Geneva, March 14.—All Austrian archdukes residing in Switzerland met at Olten on Friday and elected former Emperor Charles chief of the Hapsburg dynasty. It was decided that members of the family would renounce their titles and privileges if they wish to return to Austria.

Resigns as Aide-de-Camp To Lieutenant-Governor

Quebec, March 14.—(By Canadian Press.) Owing to the resignation of Major Victor Pelletier has resigned as aide-de-camp to His Honor the Lieutenant-Governor. He has held the position for twelve years and served under five lieutenant-governors.

START UP THE OLD PARTY, SAYS CONVALESCENT SIR SAM

War Horse Calling for Dominion Liberal-Conservative Convention—Says White is Practised Borden Supplanter and Chosen Floorwalker for the Profiteers.

From Toronto Sunday World. The war horse, resting in Wellesley hospital, sniffs the battle from afar. When the doctors permit him to return to the fray—he thinks in a week or so—it will become evident that his neck is clothed with the ancient thunder. In England Lord Fisher makes of The Times his quarter-deck. With us, Sir Sam Borden makes his spacious view-windowed apartment on the ground floor of Wellesley into a sort of political orderly room. You find him in an armchair, his feet up, with correspondence lying on a couch, a typewriter on a nearby table, and a few notes including Lord French's "1914," at hand, to show that strategy and achievement engross the general's mind.

M.P. Rather Than Warrior. He has visitors a-plenty. While you sit with him two soldiers, out of kilt and a few hoodlums, including Lord French, while, take their leave, and Sir Sam resumes the conversation at the exact point at which it was interrupted. It is the member of parliament, rather than the warrior, who talks at Wellesley. He is concerned about the country's future, and finds in this week's caucus at Ottawa confirmation of his faith in the Liberal-Conservative party. "Sir John Macdonald," he says, "always referred to it as the Liberal-Conservative party. I see Sir Thomas White tried to get caucus to make a fresh start as the National Liberal-Conservative party. But what does the caucus amount to in a vital matter like this? This cabinet now has no real friends and tools has any real standing in the matter."

"During the war tens of thousands of Liberals came in with us for war purposes, and would have stood by us to the end of the war, had we not made a so-called Union government. That measure, in 1917, meant the destruction of the good old party. For that calamity Sir Robert Borden was responsible. And now, having destroyed the Liberal-Conservative party, some of the fellows down there are calling for him to come back and prevent it having a healthy resurrection. "It's mighty curious that the gentleman who tried many times to supplant me before and during the war, is the loudest in his praise now—all for his own purposes, of course."

Another Face of Things. "Just what I say. I mean Sir Thomas White, who tried to get Sir Robert out by staying in, and then tried to get him out by resigning himself, but never got to sleep over his intention. The profiteers have got their names in the premier's today, just as they had during the war. At one time the game was to put Borden out, replace him with Laurier for about a year, and then the...

NOT TO ENTER POLITICS

New Brunswick G.W.V.A. Decides on This Action at Annual Convention.

St. John, N. B., March 14.—Many matters of interest to returned soldiers throughout the province were dealt with at the annual convention of the New Brunswick command of the Great War Veterans' Association which was held here Saturday. Regarding politics it was decided not to enter the local or Dominion arena as a body.

Weatherman Treats Halifax To Variety of Weather

Halifax, N. S., March 14.—For the past twenty-four hours Halifax has experienced a variety of weather. First there was rain, then a gale of wind, followed by snow and a drop in the temperature. At midnight on Friday the wind blew fifty-one miles an hour.

LARGE TOWNSHIP SCHOOL.

The work of erection of the additional eight-room wing to Second School, Barrington avenue, is now well advanced, and when completed the building will be one of the largest and most up-to-date schools in York township, containing 20 rooms, a swimming pool and other conveniences.

PREVENTION OF ACCIDENTS.

Riverdale Ratepayers' Association To Consider Campaign of Education at Next Meeting. Owing to the numerous recent accidents, the regulation of traffic and the protection of school children crossing the road in the Danforth area district will be one of the chief subjects of discussion at the next meeting of the North Riverdale Ratepayers' Association.

ALL CLEAR ON HIGHWAY.

The Toronto-Hamilton highway is in first-class shape between Sunny side and the outskirts of Oakville. The snow has been kept clear for the protection of supervision of Chas. Comerod, chief highway engineer. The only bad portion of the route is the town of Oakville itself, the streets being in rough condition and piled with snow.

SIGHTS CAPSIZED DERELICT.

TO FORM BRANCH OF NAVY LEAGUE

Earlscourt Takes Enthusiastic Meeting Takes Patriotic Step.

Earlscourt will organize a branch of the Navy League of Canada and a public meeting for that purpose was held in the Royal George Theatre, corner of Dufferin and St. Clair, which had been loaned for the purpose by the management. John R. MacNicol presided. Chairman MacNicol referred to the patriotism in the Earlscourt district and mentioned the case of little "Jack," a well-known local Earlscourt lad who had joined the navy during the war and had given up his life in a battle on the high seas, fighting the Hun.

Rev. S. Boal, chaplain to the league, gave an address on the British navy and merchant marine. The speaker was thru a part of the war on some of the British battleships, and is known as the greatest recruiting person in the British dominions. He gave an eloquent address on the work of the merchant marine, and proved by figures that without it the British Empire would not have been so successful in the late war. Mr. Boal gave credit to Earlscourt for its part and mentioned that Canada had sent 5,000 men to help swell the British naval strength. The speaker also mentioned the change that had come over the world in the treatment of the soldier and sailor, and the respect that they were now held in.

To the foreigner, if any were in the audience, Mr. Boal reminded them that this country could always get without them, and the best thing they could do was live peacefully under the good old Union Jack, and if the time ever came when another war broke out, that they should be expected to fight under the British flag. (Applause.) During his address Mr. Boal stated that there was more Christianity today than there was in the entire history of Canada. He also mentioned that the soldiers and sailors of Earlscourt had a warm spot in their hearts, for there was in the entire country no other place where they were so well respected as in Earlscourt.

Alex. MacGregor, in a stirring and patriotic speech upheld the traditions of the British navy, and quoted from many writers, including Pennycuik, Kipling and Grenville of the wonderful and ever increasing strength and growth of the navy and its civilizing mission throughout the world. Miss Elene Stewart sang "Sulva Bay," dressed in Highland costume. The thanks of the meeting was passed to J. A. MacCallum, and Mrs. Watson, managers of the theatre, for their kindness. After the speaking a large number of patriotic pictures were shown on the screen. The theatre was filled to its capacity and the greatest enthusiasm was shown by those present. Another meeting will be held on Tuesday evening to organize for membership.

ANNEXATION TO BE DISCUSSED

Annexation with the city and other questions of live interest will be discussed at the next meeting of the Work at the Don Valley Brick Works Association in Second School, Barrington avenue, this evening. A large attendance of ratepayers is expected. Sept. Rowe, chairman of the joint organization, will preside.

YORK COUNTY AND SUBURBS

CIVIC GOVERNMENT CAMERON'S TOPIC

Controller Tells of Inexplicable Complexities That Go With It. Speaking at the Men's Own Brotherhood at Earlscourt on Sunday afternoon, Controller H. C. Cameron began by saying that he had received the invitation with peculiar pleasure, as it came so soon after he had been attacked by a certain newspaper in this city which had gone out of its way to use its influence against him, and because he (the controller) had had the courage to differ from that paper's policy.

The city government was the subject of the controller's address and he explained some of the inexplicable complexities that go with it. He said that the city employees were paid better than ordinary business employees and were certainly well looked after. Touching on election to office, he pointed out the necessity of taking that high resolve to say "yes" when needed, despite the possibility of losing votes, in all matters pertaining to the proper and economic expansion of the city. What are the objects of the aspirant to public office? asked the controller. Is it the desire to work faithfully in the interests of the whole community, or is it for the purpose of adding to one's business? "I am not here to be attacked, but I shall vote no and yes when I think that I am doing my duty. (Applause.) Sympathy is all right in the proper place, but it should not be used in business matters in the city hall, and as representatives of the people we have no right to conduct the city's business, except on the same lines as our own."

TELLS OF MISSION WORK IN BRITISH AFRICA

An interesting address on the work of the Soudan Imperial Inter-Dominion Mission in Nigeria, British West Africa, was given by Rev. Geo. Sanderson, recently returned after 12 years' missionary labor in the Housas, before a crowded congregation in Hope Methodist Church, Danforth avenue, last night. The preacher stated that he had a population of over eight millions of Housas and 30 tribes, each speaking a different language, in the territory controlled by the missionaries. The 18 mission stations stretch of 700 miles from east to west through the jungle are centres of civilization and the spread of the Christianization among the pagans in charge work among the pagans. Eight languages are spoken and wonderful results have been achieved.

DEATH WAS ACCIDENTAL.

Coroner's Jury Brings in Verdict in Case of Shooting of Little Girl. A verdict of accidental death was returned by the jury in the case of the shooting of the little 11-year-old girl, Essie Dunn, 149 Gamble avenue, by her playmate, John Jones, 12 years old, 174 Gamble avenue, at the adjourned inquest held in Todmorden Hotel Saturday night. At which a review of the evidence, in which it was pointed out that the old 22 rifle in the hands of the boy, Jones, missed fire repeatedly while being fired at the post, and suddenly discharged, the girl, who was standing in the chest of the returned the foregoing verdict, by the jury. Dr. R. H. Fleming, county coroner, presided.

DON NORMAL AGAIN

The Don river is now normal and running clear of ice, and, with the exception of the sudden confluence of the low-lying land along the banks, there is little noticed out of the ordinary. Work at the Don Valley Brick Works, a few days, will be resumed as usual to clear from the C.P.R. and C.N.R. caused by the breaking of the ice jam.

At Pao Ting Fu

Picture our Prison Song-Brigade in China; the only one of its kind among 80,000 Chinese prisoners.

A WOMAN Officer writes: "WE do not have meetings with men, but our lad-officers visit them and hold meetings. We visit the women."

EAGERLY they watch for the arrival of myself and Chinese helper. When they see us they say: "Ah, here they are!" "We are glad to see you!" We stand and bow to each other. "What would you like us to sing?" "Our first question. 'Jesus loves me,' is their instant answer."

JESUS does love them, and every day His Light of His countenance is lifting up souls from darkness.

SOME day, China will arise. That its banner may be the Emblem of the Cross is our constant prayer.

HYDRO POWER FOR UNIONVILLE DISTRICT

That the village of Unionville and the intervening district between that point and Agincourt will be served with hydro-electric power and light in the very near future is now reasonably assured, judging by correspondence which has recently passed between representatives from that municipality and the Provincial Hydro-Electric Power Commission. Writing under date of March 6, Chief Engineer Gaby of the Hydro-Electric Power Commission states that municipality and the Provincial Hydro-Electric Power Commission, based on 20 horsepower, and assuming that the rates are satisfactory the offer will at once be submitted to the people and the work begun. It is hoped that the line will be in operation early in the summer. The letter is as follows:

W. H. Smith, Esq., Chairman Board of Police Trustees, Unionville, Ont. Dear Sir—With regard to the supply of power to your municipality, as this appears to be badly needed we have arranged for estimates to be prepared with the idea of submitting a new rate to your municipality, based on a load of 20 horsepower. It is hoped that rural customers may be secured along the proposed routes on the Kennedy road between Agincourt and Unionville, which may eventually somewhat reduce the cost, and, at any rate, we will submit figures to you on this basis.

Yours truly, F. F. Gaby, Chief Engineer.

NEW SUB POSTAL STATION.

It is stated on good authority that the postal department has secured the store on the east corner of Danforth and Ferrier avenues for a sub postal station, and that the work will be handed over on April 1.

CULTIVATE VACANT LAND

Riverdale Horticultural Society Makes Arrangements for the Coming Season's Activity. A meeting of the Riverdale Horticultural Society executive committee was held recently at the residence of First Vice-president D. Miller, 934 Logan avenue. A. J. Smith, president, occupied the chair. The schedule and prize list for plants to be grown during the forthcoming season was arranged, and a committee appointed to select all vacant land possible in the district for the production of vegetables. The chairman pointed out that all vacant ground not in the holders' hands should be secured and the River Don to grow vegetables in order to combat the H. C. of L. Mr. Smith pointed out that the farmers around Toronto for twenty or thirty miles are as familiar with high prices and dear market rates for butter, eggs, apples, potatoes and other produce as the city stores. "The farmers are a combing," he declared.

Application for three to five acres of vacant city land will also be made. Thirty new members were received, and there was a good attendance.

NEW PRESBYTERIAN CHURCH

Work of excavation for the new Riverdale Presbyterian Church, corner of Pope and Harcourt avenues, is now well advanced. The dimensions of the site, it is stated, will be 100 feet by 100 feet.

WELL-KNOWN OFFICIAL DIES

Considerable sympathy is expressed by the St. Clair avenue civic car employees and the many friends of the Hemmings family, 761 West St. Clair avenue, at the untimely death of Alfred Hemmings, for many years conductor on the St. Clair avenue line. Mr. Hemmings, who had not been feeling in good health for a few days previously, suddenly collapsed and died almost instantly last Friday morning at his home. The late Mr. Hemmings was a public school teacher, a member of the public school board, and a member of the public school board. The funeral will take place at Prospect Cemetery, Roadman, J. L. Smith and comrades will act as pallbearers.

The Hemmings family are natives of Sillingbourne, Kent, England.

CANADA SETS SMART PACE FOR HERSELF

Is Verdict of American Press Over Challenge in League.

New York, March 13.—The New York World says editorially this morning: "The word-mongering and phrasemaking at Washington have spread into Canada like a contagion, and the Dominion house of commons is painfully interpreting Senator Lodge's interpretation of that clause of the league covenant which gives Great Britain and its dependencies six votes."

SCHOOLS FOR BELLEVILLE. Belleville, Ont., March 14.—At a public meeting held in this city last evening to discuss the erection of a new public school building and a collegiate institute, a resolution was unanimously adopted that a new public school be built in Coleman ward this year, and the building of a collegiate institute be started not later than 1921.

PLAYS, PICTURES AND MUSIC

"The Passing Show."

"Great interest is manifested in the big New York Winter Garden's most popular revue, 'The Passing Show,' at the Alexandra tonight. The advance sale of seats has broken all records and indications point to a sell out for the entire week. The presentation here will be the second edition of 'The Passing Show,' and if we are to believe authentic reports from Chicago, where it ran all summer, and from Detroit, Cincinnati, Pittsburgh, Washington, Philadelphia, Boston and other cities where it has played capacity return dates by request, the show is bigger, better, brighter and more gorgeous than ever. The best of the star cast that appeared in it in New York has been retained, with several notable additions of new stage favorites. The cast now contains Willie and Eugene Howard, Roy Cummings, John Burke, Will H. Philbrick, Edward Basse, Helen Carington, Leola Corder, Emily Mills, Dorsha, Blanche Parks, Edward Cutler, Jack Hall, Peggy Brown, Billie Shaw, Mary Booth, Dolores Shayer, and 125 ravishing Winter Garden beauties. The revue is in fifteen colossal scenes, rivaling in splendor an Oriental pagoda, and the costumes are fresh from the big Winter Garden costuming departments, and are models of the last word in feminine attire. 'The Passing Show' is crowded with fun, color and music and is a cosmic marvel. It is a fast moving whirlwind of joy and surprises. Nothing like it in the world. Matinees will be Wednesday, Thursday, Saturday and all curtains will be, evenings at 8 and matinees at 2 sharp.

"Oh, My Dear!" F. Ray Comstock and William Elliott's sixth New York Princess Theatre musical comedy, success entitled, "Oh, My Dear!" which had its premiere at the Royal Alexandra Theatre last year, will return for a single week's engagement at the Royal Alexandra commencing Monday evening, March 22, direct from a run of seven months in New York and four months in Boston.

Schools for Belleville. Belleville, Ont., March 14.—At a public meeting held in this city last evening to discuss the erection of a new public school building and a collegiate institute, a resolution was unanimously adopted that a new public school be built in Coleman ward this year, and the building of a collegiate institute be started not later than 1921.

"Three Wise Fools."

There are two distinct elements always in evidence in computing the dramatic essentials in a successful play. First the potentiality of the theme, then the human appeal that is co-relative thereto, the one is absolutely dependent on the other. To these two may also be added the exercising of a comprehensive faculty in selecting the players to visualize the theme. For "Three Wise Fools," which appears at the Princess this week, John Golden discloses his discernment in all three; the comedy has a big universal appeal, as it is built upon a repertoire so extensive and impressive as that of Robert B. Mantell, who will fill his annual Toronto engagement at the Princess Theatre next week. Featured in his repertoire this season is a new production of "Julius Caesar," modelled after a famous staging of the play at the Theatre Antoine, Paris, and launched in Chicago a few weeks ago. The engagement will open with Dulver Lytton's "Richard III," which will be followed by "Julius Caesar," Tuesday night; "The Merchant of Venice," Wednesday afternoon; "King Lear," Wednesday night; "The Merchant of Venice," again Thursday night; "Macbeth," Friday night; "Julius Caesar," again Saturday afternoon, and "Richard III," Saturday night. For all the plays, complete and elaborate scenic productions are carried.

Lytell in "The Right of Way." Typically Canadian and abounding in strong situations, "The Right of Way," from Sir Gilbert Parker's novel, is the feature attraction at the Regent Theatre this week. Bert Lytell, graduate of Upper Canada College, is the star. Supporting him are Gibson Gowland, Virginia Caldwell, Antrim Short, Carmen Phillips and others well-known to motion picture enthusiasts. It will be a delight to witness on the screen the drama so ably described in the book. Montreal in the early eighties is seen. The lumbering industry is at its height. Exceptional opportunities are afforded motion picture art and these have been taken advantage of to the full. Mr. Lytell's popularity is very great in Toronto. He has been to fame by hard and careful study. His interpretations are always charming. The Famous Regent Orchestra will play some fine selections. An added attraction is "Fatty" Arbuckle in "The Garage."

"Sealed Hearts" at Madison. The feature at the Madison Theatre today, tomorrow and Wednesday, will be the exceptionally fine Selznick production, "Sealed Hearts," with the popular Irish actor, Eugene O'Brien, in the leading part. The picture is a drama of complicated love, in which father and son both fall in love with the same woman.

Fiske O'Hara at the Grand.

Fiske O'Hara, the popular Irish singer-actor, is to remain one more week at the Grand. His reception during the opening week was the most flattering ever tendered to an actor in Toronto. Capacity houses at every performance, and thousands unable to make reservations. The demand was so great that arrangements were made for an extension of the engagement. Mr. O'Hara's new play, "Down Limerick Way," is considered to be the brightest comedy of the popular star has appeared in. It is brilliant with wit and humor, and contains sweet touches of sentiment. Mr. O'Hara sings several ballads, among the most popular being "Down Limerick Way," "Dear Little Angel From Heaven," and "If They'd Only Give Old Ireland to the Irish." During the engagement matinees will be given on Wednesday and Saturday.

"The Great Shadow" Coming. The first of the Canadian made photo-plays, "The Great Shadow," with Tyrone Power in the cast, will have its first public presentation anywhere at the Grand Opera House, next week. Trans-Canada Theatres, Limited, opening a new attraction at the Grand to give the Canadian public an opportunity to see the best of the best in the theatre.

Gaiety Theatre. Glorious youth and fresh young beauty is what the critics claim makes the "Gaiety Theatre" show, which is the sensational show it is and it will be the attraction at the Gaiety Theatre all this week. When this well-known firm of producers of burlesque vehicles were arranging the present show, they looked for youth, and their labor and search for the same has been rewarded many times each week, by the largest crowds which have been attracted wherever this show plays. They have surrounded those clever performers, Ed. Shubert and Billy Spelman—with able principals as assistants and a chorus of ages running from eighteen to twenty-three.

At the Allen. "Twenty-Three and a Half Hours' Leave," one of the jolliest farce-comedies that have been seen for some time, is the main attraction at the Allen this week, with a supplementary feature with a. All-star cast, featuring Otis Skinner, Daniel Frohman, and several other prominent stars. "Twenty-Three and a Half Hours' Leave" is an adaptation of Mary Roberts Rinehart's Saturday Evening Post story, ably presented by Doris May and Douglas MacLean. The rising stars of the screen firmament, "Tom's Little Star," is the title of the other attraction, written by Mrs. Skinner, who also wrote "Pietro," in which her husband appeared in Toronto a couple of weeks ago. The May-MacLean comedy has nothing to do with war, but sets forth the despatching of a soldier who is determined to spend his last leave with

the girl he loved, despite the fact that an officer of the day had taken away his only uniform, because it was tailor-made, and contrary to regulations. The cause complicated by the fact that that girl was the daughter of the boy's officer commanding.

A duet by Ernest B. Dabney (cornet), and Harry Howe (trombone), who are giving an admirable rendition of the "chairs" from "H Trovatore," is the principal attraction of the musical bill, while Luigi Romanelli's Allen Premier Concert Orchestra plays "The Dance of the Serpents," by Bacchini.

At the Star. Why so many comedians on the stage essay the role of the tramp, who is fast passing into obscurity, is hard to imagine, but George Stone, the eccentric comedian with the "Stone and Pillard" show, appearing at the Star Theatre during the present week, is not doing a camouflage act. George has ridden the "bumper," rode "blind baggage," and done everything else in the tramp line that the other fellows have pulled off. Furthermore, he is not ashamed of it and counts his experiences in this line among the greatest he has had in a long life of things done by real men. In the "Jungle" George got close to nature and his trials there and on the road have equipped him for his stage life, for today he is considered the greatest "tramp" comedian on the stage. "Many times," said Mr. Stone in an interview, "I have been hurled bodily off rapidly moving freights, and passenger trains, too, when I was riding 'blind baggage,' but I had a stage career in mind even then, and realized that every hard knock I ran up against would be of value later."

Wallace Reid at Strand. A gust of wind that blows Wallace Reid's hat over a high wall in "Hawthorne, the Adventurer," his new picture at the Strand Theatre this week, brings romance in its wake. For athletic Wallace leaps over the barricade and there on the other side is a girl who wins his heart at once. The splendid C.F.R. pictures of the Prince of Wales' tour of Canada will begin at the Strand this week. They show the Prince in the most interesting places in Canada and with the most prominent people in all the big features of the tour. This week the show shows the departure from Plymouth, the arrival at St. John and the events there and Halifax. The pictures will be shown several weeks at the Strand and will be of great interest in loyal Toronto.

Shriners' Concert. The annual event which will be awaited with much interest is the Toronto Shriners' entertainment which this year will take the form of a musical recital to be held in Massey Hall, on Thursday evening, April 8. The principal artists on that occasion will be: Mme. Hilda Leschanska, soprano, and Joseph Levine, pianist. Of the latter, H. T. Pinck, the critic of the New York Post, has said: "He is one of the greatest pianists now before the public." Levitzki Piano Recital Thursday. The sale of seats for the recital by Levitzki, the great pianist, opens this morning at Massey Hall. The recital takes place on Thursday evening, and will be one of the feature musical events of the year.

KINGSTON EXPORTERS ESTABLISH A RECORD

Kingston, March 13.—The exports from the Kingston District for the past three months constitute a record. During that time over one million dollars worth of goods was shipped from Kingston and immediate points to the United States. The chief exports are feldspar, mica and hay. Three additional feldspar mines have been opened up in this district, and large quantities of feldspar are being shipped over the border.

KINGSTON IS GIVING PUBLIC FAIR DEAL

Kingston, March 13.—Chief of Police Robinson made a raid on the coal drivers, and constables directed them to the city weigh scales, where their loads were weighed. It was found that the dealers were giving full weight. The Trades and Labor Council pressed the city council to get after those giving short weight in the necessities of life, and the civic inspectors are responding, but so far the bread and coal dealers have been found to be giving full weight.

NEW CLUB HOUSE FOR BRANTFORD.

Brantford, Ont., March 14.—So successful was the three-day campaign of the Brantford Golf and Country Club for \$25,000 to erect a new club house and enlarge the greens that the directors have instructed the buildings committee to go ahead with their plans, and it is expected that the new club house will be available by the end of the year. The campaign, too, will be carried on until next Wednesday, many members being out of the city.

RACE IN TORONTO ON TWO TRACKS

This is Forecast of Coming Legislation by Parliament.

Ottawa, March 13.—(By Canadian Press).—Much interest is being shown in the legislation which may be brought down by the government as a result of the report, which was tabled in the commons yesterday by Sir George Foster. It is expected that as a result of the report, practically all the half-mile tracks, which generally have been credited with being offenders in the past, will be wiped out by the legislation. The tracks which are to be allowed to continue operations, it is said, will likely be Dorval and Blue Bonnets, Montreal; Kenilworth and Windsor, at Windsor; Woodbine and one other at Toronto; Connaught, at Ottawa, and the Hamilton track. In regard to the racing held in connection with the western Canada fairs and those in eastern Quebec, it is not expected that any action will be taken. In most cases these tracks are simply billed as an added attraction for the fairs, and there is little except harness racing. The commissioner appeared to find that this had had no harmful result.

Kitchener Man Faces Charge Of Attempted Murder of Girl

Kitchener, March 13.—Charged with attempting the murder of a girl by offering her whiskey containing poison, a man named Voll, of Wilnot township, was arrested and brought to the county jail here today. While driving with his prisoner, High Constable Huber sustained an injured shoulder when his cutter overturned on the road. The prisoner made no attempt to escape.

BROTHERHOOD MOVEMENT.

Belleville, Ont., March 14.—In various churches in this city today the world-wide brotherhood movement received much attention. In the afternoon a mass meeting was held in the Bridge Street Methodist Church. The speakers were Mr. Harry Whitehorn, a special correspondent of the Westminster Gazette, and Mr. W. G. Hooper, a well-known English scientist.

HOW WEED LIFE IS CONTROLLED BY BIRDS

In an address before the open meeting of the Bird society on Saturday afternoon, Mr. T. W. Kidd, B.A., Art Instructor on the Staff of Riverdale Collegiate Institute, proved how well birds control the growth of weeds.

He illustrated his points by a series of lantern views, showing the manner and place of growth, qualities and method of control of several dozen species. Some, such as the mallows, evening primrose, mulleins, burdocks, mustards, hot weeds, golden rods, farrow beiches and etc. were charming in appearance, and adorned the waste places. But the determination of all to rule the world and prevent the cultivation of grain crops, hay, and garden truck made their control necessary.

If weed seed-eating birds received protection they could greatly assist mankind in this endeavor. Grouse and wild doves are quite competent to control the pretty pests of the grain fields, tufted bachel, wild tare, and bind weed. The chipping sparrow delights to feed on the seed of sheep sorrel (sour grass) which springs up all over exhausted fields. Plantains, ragweed, lamb's quarter, smartweed and etc. furnish food for all the sparrows and finches. The thistle is the special food of the American gold finch. The snow bunting takes a breakfast of 1,500 pig-weed seeds.

Some of the characteristics of weeds, the speaker said, were worthy of our imitation. Almost nothing could discourage them. They were very clever in finding means to survive and to take care of their offspring. One of these is the "tumbling mustard," which breaks off from its root when its seeds are ripe and sets off about the world, like a merry child.

POLICE ROUND UP O. T. A. OFFENDERS

Have Busy Week-End Searching for Illegal Liquor Selling.

The police spent a busy week-end rounding up 12 alleged offenders of the Ontario temperance act. Stephano Sunamo, 70 West Dundas street, was arrested Saturday night by inspector Sarvis, who seized 18 bottles of whiskey. Sunamo is charged with having the liquor illegally in his possession. The provincial inspector also arrested Sam Mintz, 62 Sullivan street, charged with a B.O.T.A. Two bottles of whiskey were seized by the officer.

Fred Nimigean, 1 Clark crescent, was arrested Sunday by plainclothesmen Bruce and Underwood, charged with a B.O.T.A. The police took possession of 15 bottles in the accused's home, which is a boardin house. Helen Novaki, 53 Nelson street, was arrested by plainclothesmen Greenlee and Parikka, charged with selling liquor. The police claim she sold a bottle to Jack Kaval, 9 St. Patrick square, and the police caught him coming out of the house.

Rushing upstairs in the Nelson street house, Greenlee and Parikka claim to have found Jack Krauchuk with two bottles of alcohol. Krauchuk is also under arrest. Roy Burkhardt, 83 Waterloo avenue; Frank Brooks, 40 Jerome street, and Peter McGraw, 588 Dufferin street, were arrested in the basement of 118 West Dundas street. When plainclothesmen Fleming and Allen walked in they allege there was a bottle being consumed by the three prisoners. John McCarthy, 9 Britain street; Thomas Donnelly, 66 Sullivan street; and George Morningstar, Carlton street, were arrested, charged with carrying bottles.

The Toronto World

FOUNDED 1850. A morning newspaper published every day by The World Newspaper Company of Toronto, Limited.

MONDAY MORNING, MARCH 15.

Attention of Mr. Drury.

On another page is an open letter to Mr. Drury from Mr. Oakes of Guelph, which makes very pertinent inquiries about the handling of liquor under the aegis of the Ontario license commissioners, and recurs to last year's investigation of some of the commissioners' methods.

Mr. Oakes wants to know whether there is any connection between the extension of government liquor business in Kenora, the home town of the president of the Citizens' Liberty League, and the failure of the league to make an appearance in the Halton and East Wellington elections.

One of the things that were said to have accounted for Col. Frichard's jibing in East Wellington was the trouble that has arisen about the petition against Mr. Ferguson's election in Grenville. Farmer Payne was very keen on pressing his suit against the Conservative leader.

If Mr. Oakes is not talking about something more than a mere coincidence, the truth should be made clear to the unco-suspicious folk the idea that there is more than good liquor hard by the Lake of the Woods.

Mr. Oakes revives the Ayeerst charges, basing his questions to Mr. Drury on what he finds in the evidence given at the investigation. A license inspector should be beyond the reach of derogation.

The preacher's turn. Sir Oliver Lodge's lecture in Massey Hall on Saturday night was the religious event of the year so far.

The great scientist occupied no Tom Tiddler's ground. He more than justified what has been said here—that his preaching is really a vindication of orthodox Christianity.

What are the preachers going to do about it? In a week-end paper a popular novelist branded Sir Oliver Lodge and his famous colleague, Sir Conan Doyle, as blithering asses.

South Africa First. It must never be forgotten that the political party which advocates South African nationality contains a large number of the native born South Africans of British descent, and that the Boers themselves are not more devoted than they to South Africa, first, last, and all the time.

General Smuts' Victory. The way the result of the South African general election is heralded should give some of the heralds very seriously to think.

Thirteen years ago, when Sir Henry Campbell-Bannerman proposed to the complete self-government to the Transvaal and the Orange Free State, eminent publicists in this city joined with eminent publicists in Britain, like Lord Milner, in warning

AN AMOROUS ANCIENT

THE FLAPPER: Isn't he the preposterously persistent pest?

the empire against the folly of that course, which they said would most likely lead to the government of vast territories in South Africa by men like Botha and Smuts, who were lately in arms against the empire.

These same people today are rejoicing in the electoral victory of General Smuts, whom they now regard as the main pillar of the empire in South Africa. They are our own counterparts for years after peace was made with the Boers used to designate Botha and Smuts as generals, but only in inverted commas—as if military leaders who for nearly three years baffled British armies, and in sundry battles proved their superiority to the greatest products of the war office, were entitled only to derogation.

The truth is that the Republican Nationalists of South Africa will be in a minority in the new parliament, the wiser sort of South African nationalism is in the ascendant. Indeed the Republicans have increased their strength by 50 per cent. Gen. Smuts himself during the election said that the old empire ceased to exist, on August 4, 1914. His conception of the relationship of a distant country like South Africa to the United Kingdom is broadly that of those who say "Canada first." He believes in the imperial relationship as that of nations in alliance and not in subordination.

Gen. Smuts is the only instance of a present administrative head of a state who was a fighting general in the war. If General Botha had lived he would have continued in the unique position of the only British prime minister in modern history who received reports from himself in his capacity of a general commanding in the field. It was Botha who, in personal command of the South African army, drove the Germans out of Southwest Africa, and who, no doubt, caused the suppression of a British commander of the British East Africa army by his own colleague, General Smuts.

Facts like these are of tremendous importance in appraising the trend of South African events. Practically the whole of the parliamentary representation from the Orange Free State is Nationalist. It is quite a mistake to think that the Unionist party in South Africa is exclusively composed of people of British birth. The natural deduction from this is also mistaken—that in the South African party whose head is General Smuts there are only Dutch people.

It is no more just and fair to ascribe spiritualism to the average spiritualist, because of some gross evils wrought in his name, than it would be to charge the cruelties of Smeagol or the Bartholomew day to the Christianity of the Great Master. Creeds were the product of the human mind in every age, and intolerance is still one of the profound tragedies of civilization.

A frank and honest return to the teachings of the Sermon on the Mount would do much to rid the world of the "Christianity" of the present day. The "Christianity" of the present day is a mixture of the best and the worst of all religions. It is a mixture of the best and the worst of all religions. It is a mixture of the best and the worst of all religions.

Why should we stress our creeds. They are sure to divide us. Let us examine the life Jesus taught. This will unite us. It is true that some of the deceased friends try to converse with their spirits, but I, who have seen the principal form, have never seen any provision for those principles for such a practice. Spiritualists believe as all Christians should, that the Father gives his angels charge over them to keep them in all their ways, and that those angels minister to us if we live true lives as surely

as they did to the Master Himself in the wilderness. It should be made clear that the Christianity with which The Globe says Sir Oliver Lodge is sympathetic is not any means that "Christianity" which is said to be the "Christianity" of the present day. This is the "Christianity" of the present day. This is the "Christianity" of the present day.

The higher man of today is not worrying about his sins at all, still less about their punishment. His mission, if he is good for anything, is to be up and doing, and in so far as he acts wrongly or unwisely, he expects to suffer. He may unconsciously plead for mitigation on the ground of good intentions, but he never, either consciously or unconsciously, will anyone but a cur who has the punishment to fall on some one else, nor rejoice if told that it has already so fallen.

Sir Conan Doyle sees Christianity as The Globe describes it and unhesitatingly repudiates it. Sir Oliver Lodge, on the other hand, sees it as a divine mission. To show how clear is the mind of Sir Oliver on this type of "Christianity," we quote from an article of his published some years ago in The Hibbert Journal.

There is the fundamental of South African politics, beside which talk about racial and language trouble and the perils of nationalism is comparatively negligible.

OTHER PEOPLE'S OPINIONS. The World will gladly print under this heading letters written by our readers on any subject of current interest. Space is limited but letters not longer than 200 words and written on one side of the paper only.

Editor World: In an article in The Globe of March 10, the editor speaks of Christianity as a creed, whereas Christian scholars usually describe it as a life. Supporting this position, he quotes: "Every spirit that confesseth that Jesus Christ is the incarnate God and Saviour is not of God. The text reads in scripture: 'Every spirit that comes in the flesh is not of God, who do we insist on creeds, forgetting that Jesus made the life the only test of discipleship?'"

Opportunities for Advertising Men

THE Advertising Agency of "S. D. & M." is rapidly growing—it is rendering a service to the advertisers of Canada that is distinctive and, (we think!) incomparable.

We are, from time to time, in need of additional men—The right kind of man is hard to find—We get applications from many men who just imagine they would like "to get into the advertising" (whatever that term means)—men who are tired or bored in their present jobs—who certainly could not stand the strain and activity of Agency work.

We get applications from men who are "willing to accept a position." These men die before they get past the reception desk.

We get applications from men having no basic education, who say, "I see your ad. in the paper," and who (evidently) think advertisement writing is a Ring Lardner form of accomplishment.

In short, it is easy to get applications from those who haven't got the right ideas of the advertising business—or of any other business.

But we are anxious to get in touch with men of bright mentality—and thorough basic education—and who possess ambition and power to apply themselves to W-O-R-K.

Given the attributes of sterling worth and the right kind of outlook on life—we will take a young man and train him in Advertising Agency service, with advantage to him—positively—and, ultimately, "S. D. & M." service to our clients.

Position "A"

At the present time we have an opening for a man whose principal work it will be to secure new clients for us—to show prospective and present advertisers the value of this Agency's advice, counsel, advertisement writing assistance, and the relief to Advertisers of all detail in connection with their advertising.

Such a man would not be a "messenger boy" nor a "smart salesman"—he would need to be an exhibit in himself of the further, brains and ability in the organization backing him. This position we will, for purposes of application term Position "a".

Position "B"

Another position we have at present is a "production man" whose work is something supplementary to that of a writer of advertisements. He will be required to direct certain advertising jobs through their various stages and departments to completion. This may mean, in some cases, considerable personal work on his own part in the writing of advertisements—or in other cases it may involve the working out of plans decided upon in our Executive Conferences (at which the production men are always present).

This position naturally will best be filled by a man with experience in producing advertising matter, but we are willing to meet any man possessing the right kind of brains for this work, and to cultivate and direct his abilities. This is Position "b".

WE have now in our employ several individuals holding splendid positions who had no Advertising Agency experience previous to joining us, and we have some who even had no previous knowledge of advertising. But the innate qualities were there and our training developed them.

This is perhaps different from the usual "want advertisement," but we are anxious to locate men who will eventually make S. D. & M. service men, and maintain the type of service which this Agency renders to National Advertisers.

Applicants, when writing or calling, please state for which position—"a" or "b" they are applying.

THE GIRL WHO SMILED THRU By MARION RUBINCAM

A PLEASANT SURPRISE. Synopsis of Preceding Chapters. Alice Fairbanks is called "The Happy Lady" by the children of the little town of Farmington, because of her bright smile and her sunny nature.

"I'm giving orders that these aren't to be delivered until a week after I move, because I think that by that time you may change your mind and decide that, after all, I do love you." "I won't try to convince you in this letter. I told you all that the night before, my dear, let me know in the quickest way you can."

The quick tears of happiness sprang to her eyes. Alice dropped down on the floor by the wooden box and read and re-read the note. Her eyes sought out little phrases eagerly—"I do love you," and "dearest girl," "let me know in the quickest way you can." Impulsively she kissed his signature, then blushed at what she considered a foolish act.

CHAPTER 31. Now as it happened, something had taken place the very afternoon upon which Lois rode out to see David, which Lois herself was ignorant of. David had moved out to the model farm about a week before—in fact, right after Alice had broken the engagement. Most of his personal belongings had been taken with him, but he had left a large box of books behind at his old boarding house in Farmington. And the box was addressed to Alice.

So, by chance, half an hour after Lois had ridden off to the country, a wagon drove up at the door and the box was carried to the little living-room. Alice was surprised, indeed, she did not even know what the box contained, and she certainly had not expected it. She found a hatchet and opened it, and on top of the pile of books lay a note addressed to her. "Dearest Girl—I'm moving out to the farm today, and I'm sending you my books, because you once told me you wanted to read them. You remember, we were talking of agriculture, and you ever said anything so wonderful" here, mother. Here's a whole arduous course, just as they teach it in college. David sent them to me."

TWO GOVERNMENTS STRIVE FOR POWER

(Continued From Page 11) ...with the advent of the general strike proclaimed throughout Germany by the Independent Socialists...

The Independent Socialist party, with the affiliated trades union and other organizations, have proclaimed a general strike throughout Germany.

The other appointments are in abeyance. It is supposed for the present to have only a two-man cabinet, or directorate, composed of Dr. Wolf-Kapp and Major General Baron von Luetwitz.

For Two-Man Cabinet. The new cabinet has not yet been formed, but it is definitely known that the late Jagow, former chief of police of Berlin and a notable reactionary, will be Prussian minister of the interior.

Minister of Transportation Oeser has informed Kapp that the railway workers' strike, which is the basis of the cabinet in which Kapp and von Jagow are represented, and that if they remained in office the entire railway would be paralyzed.

The general strike is spreading all over Germany. It was effective in Berlin today. All the cafes were closed.

The socialist cabinet at Munich has been retired and a bourgeoisie cabinet is being formed.

The censorship has been removed as a result of representations of the foreign correspondents, who called on Kapp and protested against the censorship of Ignatius Trittich, Lincoln, and other members of the British cabinet, but who were deported from England in 1919 after his English naturalization had been revoked.

Gen. Ludendorff, former chief quartermaster-general, was one of the callers at the chancellor's office today. August Winnig, president of East Prussia, and a member of the Right Socialist party, and Dr. Albert O. W. Suedekum, Prussian minister of finance, who also is a socialist, have been in negotiation with the new government.

Conservative and national liberals have promised support. Kapp, provided he appoints experts as ministers and issues writs for new elections within sixty days.

Wurttemberg, Baden, Darmstadt, and Hamburg, have published a joint declaration denouncing it as a crime against the German people that the progressive economic development of the southern German states, which it is asserted produced improved conditions of life for the German people, should be disturbed from Berlin.

ON CHARGE OF TREASON Dr. Kapp Said to be Preparing to Arrest Ebert and Bauer.

London, March 14.—The Berlin correspondent of the Central News says that Dr. Kapp is taking steps to have Ebert and Bauer arrested on the charge of high treason.

A wireless despatch received here today from Berlin says: "The new men in power definitely declare that they do not intend to restore the monarchy. They are prepared, under certain conditions, to form a coalition government, in which the Socialists will be included, but they insist on appointing non-partisan experts as chiefs of certain ministries, hoping thereby to improve political and economic conditions."

In all the government offices yesterday work went on as usual, and business in the city was not interrupted. The new government warned the Socialists that strong measures would be taken if they interfered with vital industries.

The typesetters this morning refused to set up the new government proclamation if that of the old government and of the Socialist party were not issued simultaneously with it; consequently, the publication of all the newspapers has been suspended for the time being.

Herr Rauscher, chief of the government press bureau, arrested for his own protection, having been succeeded by Dr. Brederer, a well-known member of the fatherland party. It is stated, on behalf of the government, that the government is aware that a large part of the workers are not in sympathy with the new government, but that they are not in any way to be suppressed or robbed of their acquired rights.

At the same time the government will take strong action if the workmen attempt to use force.

A despatch to the Exchange Telegraph from Berlin dated Sunday says the new government in Berlin will act conjointly with the Labor party for the maintenance of order, and that the new cabinet is endeavoring to persuade Labor representatives to accept the new government.

There are 3,000 government troops stationed in the suburb of Altona. The officers there say they are being held in alarm readiness for emergency service.

Breslau Follows Suit. Breslau, March 14.—Breslau has adhered to the new government. About thirty persons, including Ober President Philipp, have been arrested. Lieutenant General Count Schmettau has assumed military command.

Several newspapers have suspended publication.

FORMER ROYALTY NOT IMPLICATED

Ex-Crown Prince, However, Became Excited, When He Learned of Revolution.

The Hague, March 14.—Neither the former emperor nor the crown prince is implicated in the overthrow of the government in Germany, so far as can be learned here.

The Associated Press was assured today by an expert reliable authority that both Amerongen Castle, where the former emperor lives, and the island of Wieringen, where the former crown prince resides, are already so closely guarded that they will be absolutely unnecessary for the Dutch government to take further measures to prevent intrigue or their escape.

A despatch from Wieringen says: "Former Crown Prince Frederick Wilhelm on the overthrow of the revolution in Germany, became very much excited. He motored several times into the village in an endeavor to learn if Burgomaster Peereboom had late news from Berlin."

The Amsterdam Telegraf today says: "The former crown prince went to meet him in the harbor. The adjutant of Frederick Wilhelm says this visit has nothing to do with present occurrences."

STIR AT AMERONGEN Ex-Kaiser Finds Vow for Excitement in Sowing Wood.

Amerongen, Holland, March 14.—The tidings of the German counter-revolution caused a great stir and much tension in Bentinck Castle, where former Emperor William resides, and the people in the castle garden used a very rare sport Saturday night awaiting further news.

William Hohenzollern spent part of the day in the garden, where he paced up and down, seemingly absorbed in deep thought. His excitement found utterance in the energy with which he sawed wood.

The correspondent learns that yesterday he did not serve to rouse the number of logs cut in twain.

The news of the counter-revolution which did not reach the people of Amerongen until Saturday evening, did not serve to rouse the people of the village from its usual state of Sunday rest.

Except for the fact that three or four military police from the neighboring village of Veendam were added to the ordinary guard, consisting of 20 constables, no special measures have been taken here. Military police are patrolling along the moats of the castle. The German correspondent has been able to learn, the former emperor is free to pursue his usual routine.

EMBASSY IN LONDON PUZZLED BY REPORT Has Received No News From Berlin and Does Not Know What It Means.

London, March 14.—Late tonight the German embassy informed the Associated Press that it had received no news from Berlin and that it was entirely at a loss to know the meaning of the revolt and what had happened. The embassy was confident, however, that no government could hope to hold office except on the basis of performance of the engagements of the peace treaty.

Premier Lloyd George and Earl Curzon of Kedleston, foreign secretary, both were out of town today, and therefore there was no cabinet meeting.

Official telegrams reaching the government are said to indicate the unhappiness of the permanence of the new government and to show that the militarist movement is spreading less than the general strike. Lord Kilmarnoch, the British chargé d'affaires in Berlin, has received considerable assurances that the new government intends to adhere to the terms of the peace treaty.

ADDRESSES OF SYMPATHY German Governments Said to be Condemning With Ebert Administration.

Berne, March 14.—It is reported that the deposed Berlin government is receiving addresses of sympathy from the other German governments, expressing the sharpest disapproval of the upheaval. Several of the German governments are declared to have stated that their military forces will support the old regime.

According to the same correspondent, there has been considerable fighting between adherents of the old and new regimes at Dusseldorf.

In southern Germany the government is reported to be combining to oppose the revolution.

There was looting in some districts of Berlin today, says a despatch to the London Times from the German capital this Sunday evening, the despatch gives no details.

PROMISES ELECTIONS

Chancellor Kapp Says Few Emergency Decrees Will Issue.

Berlin, March 14.—Chancellor Kapp issued a proclamation today promising to order elections for the Reichstag as soon as quiet is restored, and adding that drastic emergency decrees would only be issued to an extent requisite for the maintenance of order and the protection of the economic life of the country against the unscrupulous exploitation and corruption.

The government says the proclamation will prevent the vital services and the workers, but will resolutely suppress any resistance. Elections will be held within the next 60 days.

ROSE ON RUINS OF THE MONARCHY

How Ebert Government Has Tided Over Several Crises During Existence.

Friedrich Ebert, formerly head of the main committee of the reichstag, and a leader of the Social Democratic party, was elected first president of the new German "progressive republic" for a term of seven years on Feb. 11, 1919, by the national assembly at Weimar. He has been characterized as a type of pan-German or imperialistic socialist.

It was the Ebert government which arose from the ruins of the Hohenzollern dynasty, and which enabled the entente allies to conclude peace with Germany.

On Nov. 10, 1918, when former Emperor William abdicated and fled, Ebert was elected first president, having succeeded Prince Maximilian of Baden, who was instrumental in negotiating the armistice. He at once assumed command and succeeded in quelling revolutionary outbreaks.

Problem Complicated. The independent socialists, including a radical element favorable to Bolshevism, and known as Spartacists, alone concern the German people. It promises to use every effort to maintain internal and external peace and prevent a recurrence of the mistakes of a government now happily defunct and obsolete.

Luetwitz's Proclamation. General von Luetwitz has issued the following story: "I am personally taking over the executive power for Berlin and the Mark of Brandenburg. All decrees issued by the Defense Ministry in accordance with the decree of January 13, will remain in force. The decree of January 13 relative to the proclamation of martial law is maintained and extended to those parts of the imperial territory not yet affected thereby. The state of siege hitherto existing in the free state of Saxony is at the same time raised.

"The troops under command of the former government are charged with the execution of the requisite measures."

CALL GENERAL STRIKE Workmen of Cologne, Essen and Dusseldorf, Disapprove Coup.

Cologne, March 14.—The national party announces that it will have no relations with the Kapp government. Workmen of Cologne, Essen and Dusseldorf have adopted resolutions calling for a 24-hour strike in protest against the coup.

GRENADERS AND RIFLES Attack Made on General Postoffice at Magdeburg.

Magdeburg, Saxony, March 14.—A despatch from Weimar says an attack lasting several hours was made Saturday night with rifles and hand grenades on the general postoffice occupied by the police. The building and a number of private houses were damaged, but the postoffice remained in the hands of the security guard.

FOUR DROWN IN SUBMARINE. San Diego, Cal., March 14.—Lieut. Commander James R. Webb and three members of his crew were lost when the United States submarine H-1 went aground at the entrance to Magdalena Bay, lower California, according to a radio despatch received here today.

Originator of Jewish Pogroms Killed by Own Attendants

London, March 14.—General Bredow, Tsarist, who is alleged to have been responsible for Jewish pogroms in South Russia, has been shot and killed by his own attendants, according to a Moscow despatch received here.

WINDSOR POLICE GET SALARY RAISE

Windsor, March 13.—At a meeting of the police commission here, a general increase of 12 1/2 per cent. was granted to every member of the police department. This brings into effect the following raises: Chief, \$2,300 to \$2,575; inspector, \$1,850 to \$2,212; chief detective, \$1,850 to \$2,212; patrol sergeant, \$1,750 to \$2,107; patrol sergeant, \$1,710 to \$2,137; first class constables, \$1,550 to \$1,950; second class constables, \$1,440 to \$1,800; third class constables, \$1,320 to \$1,650.

It was decided to deduct one-third of an officer's salary for time lost in reporting sick. This, it was explained, is not to save money, but to prevent certain members of the force from "swinging the lead."

German Majorities Recorded in Second Schleswig Zone

Copenhagen, March 14.—Unofficial figures of the publicist in the second Schleswig zone up to midnight show an overwhelming majority for Germany. No Danish majority has thus far been recorded in any district. The German majorities are three or four

CHANCELLOR KAPP ISSUES MANIFESTO

Says One of New Government's Tasks is to Carry Out Treaty.

Berlin, March 14.—Chancellor Kapp of the new Berlin government and Major-General von Luetwitz have issued the following proclamation: "The overthrow of the government must not be taken as reactionary. On the contrary, it is a progressive measure of patriotic Germans of all parties, with a view to re-establishing law, order, discipline and honest government in Germany. It is an overdue attempt to lay the foundations for the economic resuscitation of Germany, enabling her to fulfill those conditions of the peace treaty which are reasonable, and not self-destructive."

"One of the new government's tasks is to carry out the peace treaty, while preserving the honor of the German people, as nearly as the execution of the treaty is possible, and does not mean self-destruction."

"Inspired by zeal and a desire for the benefit of all the German people, the new government invites heartily the acceptance and co-operation of the Independents for the creation and elaboration of laws for the betterment of the working classes."

The manifesto charges the socialist government with overburdening the people with taxation, failing to create conditions for an increase of production in all lines, suppressing papers which criticize it and otherwise interfering with personal liberty and refusing to dissolve the national assembly and issue writs for new elections.

"Last, but not least," says the manifesto, "a government whose chief spokesman is Erzberger must be swept away."

It further declares that a change of government is purely an internal affair and a German question, which alone concerns the German people. It promises to use every effort to maintain internal and external peace and prevent a recurrence of the mistakes of a government now happily defunct and obsolete.

Luetwitz's Proclamation. General von Luetwitz has issued the following story: "I am personally taking over the executive power for Berlin and the Mark of Brandenburg. All decrees issued by the Defense Ministry in accordance with the decree of January 13, will remain in force. The decree of January 13 relative to the proclamation of martial law is maintained and extended to those parts of the imperial territory not yet affected thereby. The state of siege hitherto existing in the free state of Saxony is at the same time raised.

"The troops under command of the former government are charged with the execution of the requisite measures."

CALL GENERAL STRIKE Workmen of Cologne, Essen and Dusseldorf, Disapprove Coup.

Cologne, March 14.—The national party announces that it will have no relations with the Kapp government. Workmen of Cologne, Essen and Dusseldorf have adopted resolutions calling for a 24-hour strike in protest against the coup.

GRENADERS AND RIFLES Attack Made on General Postoffice at Magdeburg.

Magdeburg, Saxony, March 14.—A despatch from Weimar says an attack lasting several hours was made Saturday night with rifles and hand grenades on the general postoffice occupied by the police. The building and a number of private houses were damaged, but the postoffice remained in the hands of the security guard.

FOUR DROWN IN SUBMARINE. San Diego, Cal., March 14.—Lieut. Commander James R. Webb and three members of his crew were lost when the United States submarine H-1 went aground at the entrance to Magdalena Bay, lower California, according to a radio despatch received here today.

Originator of Jewish Pogroms Killed by Own Attendants

WINDSOR POLICE GET SALARY RAISE

Windsor, March 13.—At a meeting of the police commission here, a general increase of 12 1/2 per cent. was granted to every member of the police department. This brings into effect the following raises: Chief, \$2,300 to \$2,575; inspector, \$1,850 to \$2,212; chief detective, \$1,850 to \$2,212; patrol sergeant, \$1,750 to \$2,107; patrol sergeant, \$1,710 to \$2,137; first class constables, \$1,550 to \$1,950; second class constables, \$1,440 to \$1,800; third class constables, \$1,320 to \$1,650.

It was decided to deduct one-third of an officer's salary for time lost in reporting sick. This, it was explained, is not to save money, but to prevent certain members of the force from "swinging the lead."

INTEREST REVIVES IN MINING STOCKS

Hollinger One of Firm Issues in Saturday's More Active Trading.

Buying of mining stocks was on a considerably larger scale on Saturday, more than 80,000 shares changing hands in the two-hour session.

Trading was fairly well divided between the gold and silver stocks, and while some of the latter were easier in response to the weak break in the price of bar silver there were no important reactions.

There was a further dip to 27 at which price bread closed. Demands for substantially higher wages on the part of employees appear to explain the weakness of the stock.

Other notable stocks moved irregularly. Canada Salt advanced 2 points to 14 1/2.

Black Lake Asbestos dominated the unlisted group. Opening unchanged at 2 1/2, the price was lifted to 3 1/2, a high record for the year.

The morning's transactions: Listed stocks, 1,382, including 200 mining; bonds, 194,000; unlisted stocks, 1,466, including 500 mining.

PREDICTION OF EARLY DIVIDEND ON BEAVER

Hamilton B. Wills, in his weekly market letter, says of the Beaver: My engineer advises me actual mine conditions are better today than in any other mine, in his opinion, in years.

During the year run under \$6 per ton, and with actual sales of silver \$1.35 per ounce, it will show profit, and that is making an enormous profit, and that is making an enormous profit.

RELIANCE PROPERTY SHIPPER OF SILVER

Cobalt, March 13.—During the month of February Hargraves Consolidated got 210 tons of ore to the Dominion Reduction plant for treatment.

The February shipments came from properties and are said to have shown a silver content of about fifteen ounces to the ton. This would indicate a production of around 3,000 ounces during the period.

COBALT SHIPMENTS

Five cars, containing 357,964 pounds, or approximately 163 tons, constituted the ore output from Cobalt last week, according to official information.

The official list of shipments from Cobalt, as issued by the T. & N. O. Railway, was as follows:

HERRICK PROMISES TO BE A BIG MINE

Property Proven to Greater Depth Than Any Other in West Shining Tree.

Herrick gold mine is proved to a greater depth than any other property in West Shining Tree. The ore about 1,000 feet below the payable ore is from 10 feet wide to 100 feet wide.

Even if we disregard the many other veins on the property, this single ore shoot will make a big mine. But it is one of several in this strong vein and there are many other veins and ore bodies on the property owned by the company.

It is a mere truism to say that the less expense the more profit. Besides efficient management, every reduction in cost is a gain.

Comparisons between the Herrick and other properties, whether in Shining Tree or Porcupine, are much in favor of the Herrick. A vein or channel 10 feet in width on the surface, to 22 feet at a depth of 800 feet, is unusually large.

MINING NOTES

The Cobalt Nugget says: The proposed merger of the Adams and the Victoria Silver Mines is understood to not be making very satisfactory progress.

The deal for the Gamble-Thompson group of claims in the Gowanda district is still pending. The Coniagas Mines of Cobalt opened negotiations some weeks ago with the owners, and the indications appear to be that satisfactory terms will be arranged.

On the Kennedy-Boston the sinking of the shaft to the 100-foot has been very satisfactorily completed and all timbering finished to that depth. Within six weeks an efficient mining plant is to be installed and put in operating condition.

A contract has been let for the sinking of a 200-foot shaft on the property of the Oxford-Cobalt Company. The Oxford-Cobalt is situated in the Gillies district of the Victoria Mines.

SOME WEAKNESS IN CORN MARKET

Depression Due to Upheaval in Germany is, However, Soon Overcome.

Chicago, March 13.—Corn developed considerable weakness at times today, chiefly as a result of the overthrow of the German government. Dealers, however, did not prove last-come. The close was nervous at the same as yesterday's finish to 5-8c lower with May \$1.48 to \$1.48-1/4 and July \$1.41 7/8 to \$1.42.

At first sentiment as to corn had a pronounced leaning to the bear side. It was quite generally assumed that the government upset in Germany would check the purchasing of rye and perhaps of other grain here. Later, opinion shifted somewhat, and more attention was given to talk that it was expected the effect could hardly be anything but bullish regarding cereals.

Provisions followed much the same course as grain. A bullish semi-monthly report on warehouse stocks on Monday was looked for.

JOHN BULL LOSER TRADE PREFERENCE

Under the heading: "Annihilating the British Preference," the Royal Securities Corporation of Montreal says in its publication, "Investment Items":

The government is at present engaged in giving actual cash preference to the nations, and particularly the United States, from which we ought to be buying less, and imposing a heavy cash penalty upon imports from the nations, chiefly Great Britain, from which we should be buying more.

It is quite generally assumed that the government upset in Germany would check the purchasing of rye and perhaps of other grain here. Later, opinion shifted somewhat, and more attention was given to talk that it was expected the effect could hardly be anything but bullish regarding cereals.

Provisions followed much the same course as grain. A bullish semi-monthly report on warehouse stocks on Monday was looked for.

CHICAGO MARKETS. P. Bickel & Co., Standard Bank Building, report the following prices on the Chicago Board of Trade:

They Ravish the Eye... In great draughts and folds of exquisite colorings and ornamentation, they ravish the eye as you leave the elevator at the Second Floor, Simpson's Fifth—well, to miss them this year is like missing the spring robin.

The Robert SIMPSON Company Limited

Do You Like Fish? It is not every Chef who can prepare it for the table and yet preserve the subtle flavor the connoisseur delights in. If you essay a fish dish or a fish dinner in the Palm Room, you will come often.

For Every Miss, a Suit

And for Every Suit, Some Trick or Turn of Fashion That Makes it Wholly Youthful and Fascinating.

Specializing in the apparel needs of youthful femininity makes it possible for us to cater to individual choice in a way that assures absolute satisfaction to each young woman who comes in quest of her new Spring toggery to Simpson's.

Just now, we would call particular attention to the glorious assemblages of suits which await your inspection. From the *Trig* tailleur, through the long line of box-coated, Eton-jacketed and

sports styles, to the three-piece individual models of exclusive elegance, precision of tailoring and beauty of finish is undeniably Simpson's. Prices for the better suits range from \$65.00 to \$210.00.

Good Tailoring and Smartness

Is Exemplified in Simpson's Better Suits for Women.

They are mostly cut along distinctive mannish lines, and in the perfection with which the collar fits, the rich braid finishing them, the smart arrow heads or the good linings, is seen their excellence.

Made from fine English serges, gabardines or tricotines in navy or black. Priced, \$57.50 to \$75.00.

EXTRA! 75 Women's Tailored Suits in several styles, offered at much below regular. Today, at 40.00

Simpson's—Third Floor.

What's New?

Wash Fabrics Galore

The loveliest of frilly nets and laces for the making of the new "Modesty" Vestees are here in a profusion of styles. They give Spring freshness if slipped into the front of the frock, blouse or suit you have been wearing, and make adorable fronts for new Spring apparel. Rows and rows of net and lace insertion, cascades of net joined with filet lace, or ruffles upon ruffles of net. In white and ecru, all ready for use. Yard, \$8.75, \$4.50 and \$5.25.

Neckwear Department—Main Floor.

A great many of the smartest frocks have their round necklines edged with tiny lace points. Our Lace Department has just received an abundance of fetching designs in lace, net or embroidered georgette. Wee, wee points or deep, broad ones that will form a small bertha effect. Lovely, too, for finishing the turn-up cuffs of the new short sleeves. White or ecru. Yard, \$1.50 to \$3.00.

Thousands and thousands of yards in beautiful weaves, draping this great Department with Spring newness. These marked by an unprecedented versatility of printed design and color—ranging from the wee field flower in delicate blue, pink or yellow to classic designs of Greek, Japanese, Egyptian and such Eastern inspiration in Oriental colorings that are enrapturing.

Color, too, is the dominating note of the lovely plain suiting and dress fabrics, of the gingham plaids, of the clever striped materials. Color that is quite as dependable as it is fascinating, held fast in fabrics of exceptional quality—many of which, indeed, are selling actually less than present market value. To mention a few of the favored weaves, with some very special values for today:

Simpson's—Second Floor.

The French Hat's Radiance

Gleams All the More Alluring Against the Mirrored Soft Gray Background of Our New French Room, Which Opens Today. Here, *Milady* May Receive Individual Attention While She Chooses From a Select Group of the Most Exclusive Models Paris Has Created for Spring, 1920. Thirty New Hats, Just Arrived, Have Been Added to the Already Fascinating Collection. Among Them:

A handsome dress model from Marie Edmee 'is of jade liseré—its broad soft brim clouded with cellophane embroidered black net, and dashed with a cross aigrette.

Breton sailors do many unusual things this season. Perhaps none of them more charming than one from Vasselin Villetard, which borders its turned-up brim with black and turquoise flowerets; then, by way of novelty, hangs two long streamers of black cire ribbon from the centre back, and catches them with two of the flowers.

Lewis always achieves something "different." This time it is a toque of woven strands of black cellophane under swirls upon swirls of burnt vulture.

New, indeed, and simply stunning is a tailored tricotine from Bernheim—its high pointed front boasting a gleaming wing-shaped ornament of cellophane in tortoise-shell tones.

Realistic silken rose petals from the solid brim of an exquisite dress hat from *Marquerite* and *Leonie*. To accent its loveliness is a crushed black Milan crown and a wee wreath of black cellophane rosebuds.

One of the handsomest models in the collection is from Lewis. It boasts a very broad four-cornered brim of heron—turquoise above, black below. The black cellophane crown is merely entwined with a cire ribbon band.

The Smartness of the "Riviera"

Is a Tradition Among Women Who Crave an Exclusive Tailored Model at a Moderate Price.

You will be interested in knowing that a fresh assortment of stunning models has been prepared by our designers for a special display today. Their charm greatly enhanced by the use of wonderful French trimmings—waxed wings, novelty mounts, pins and ornaments, or flowers, for instance. Prices, \$12.50 to \$17.50.

Simpson's—Second Floor.

The Charm of the Georgette Frock

Lies in the Brilliant Beading Which Adorns Bodice and Skirt. Just Now We Are Showing a Delightful Assortment Priced Between \$35.00 and \$45.00.

One gleams with iridescent jets and steel beads that tread their slender way up and down bodice and skirt and encircle the bell sleeve.

Another has a lattice-tucked apron front on the bodice, with one vivid flower solidly embossed in beads. Still another is bright with the small bugle beads so favored this season.

One and all display careful workmanship upon Georgettes of exceptional quality, at the moderate prices, \$35.00 to \$45.00.

Simpson's—Third Floor.

Hundreds of Spring Coats

Show Spring Not Very Far Away. You Will Be Wise to Choose While Styles and Color Assortments Are at Their Best.

Here are sports models with enough of dash in their short lengths, collars of Sports-Angora or leather, great knapsack pockets and leather belts, to delight the heart of the jolliest girl.

Or loveliest wrap-coats for dressy street wear or with Spring and Summer party frocks—knife pleated, embroidered in silk or wool, prettily draped or smartly tailored.

These developed from polo cloth, velours, jerseys, bouvines, tricotines, peachbloom, evora in beautiful Spring shades, and exquisitely lined. Priced from \$65.00 to \$205.00.

The Women's Coat Department is Bright With Newness

And the Touch of Spring in the Air Makes Choosing Imperative and Very Delightful Where Such a Variety is Concerned.

Hundreds of new models, including styles for sports, street, motor or dressy wear, in the season's smartest materials and most popular shades await you. Sizes 32 to 42. Special values between \$25.00 and \$45.00.

Simpson's—Third Floor.

Our New Printed Silks

To See Them is to Want Every Blessed One of Their Exquisite Springlike weaves. So Infinite in Variety, Your Only Difficulty Will Be in Deciding Which You Like Best.

Here is piece after piece of Printed Georgette, alluringly displayed, exploiting the vogue for large floral designs in rarest of Oriental colorings or softest of fawns, blues and greys, with a vivid note of color running through.

There are the Printed Foulards in designs one never dreamed could exist, their bright tones making a glorious combination with the usual navy, taupe, brown and black grounds. The incomparable "Morning Glory" Silks in a galaxy of exclusive designs and new color combinations are also here. To say nothing of the wealth of beauty in:

Printed Silk Voiles, Pussy Willow, Oriental designs in Crepes de Chine, new Printed Shantung, French and Swiss Brocades, Printed Silk and Poplin Linings for Spring Suits and Coats. Kumsi-Kumsa in new block and brocade effects are also winning unparalleled favor—they come in rich pastel and sports shades.
