SIXTEEN PAGES—ONE CENT

Hindenburg Line Further Crumpled; British Hit Smashing Blows With Big Gains; Lens And St. Quentin Doomed

FIELD REPORT SAYS CANADIANS SOON WILL TAKE LENS

New York, April 14—A news agency despatch published here today follows: With the British armies afield, April 14—Lens must fall soon to the Canadians. Its occupation was deemed today only a matter of a short time.

Smashing British Assaults Break Four More Miles Of German Front In Arras Combat

Enemy Must Give Even More Ground, Say Observers--Fires and Explosions Back Of Beaten Foe

Successes Permit Haig to Link up Ground Won This Week With Positions Won Long Ago at Loos--Germans Fighting Hard as They Retreat--Lens Being Hemmed in--St. Quentin Soon to Go

British assaults have broken four miles more of the German front in an important sector of the Arras battlefield. The Hindenburg line has been riddled on its northern end, Lens is fast being hemmed in and General Haig's forces are swelling back the Germans from the Loos sector far to the southeast of Arras.

Great importance is attached to the success of the British in the fighting north of Vimy. They have carried there several important positions including points between Givenchy en Gobelle and Angres, enabling General Haig to link up the ground won in the engagements early this week in the Arras region with the positions gained long ago in the costly battle of Loos.

This movement is resulting in the envelopment of Lens, with its valuable coal fields. The fall of St. Quentin also seems imminent.

London, April 14—The village of Fayet, one mile northwest of St. Quentin, has been captured by the British after a sharp fight, according to an official statement issued by the war office.

The important positions of Ascension Farm and Grand Priel Farm, east of Le Verguier, were also reported captured.

In the direction of Vimy the British seized the Vimy station, La Chaudiere and enemy positions between Givenchy En Gobelle and Angres. Progress was also made north of the Bapaume-Cambrai road.

Among the guns captured by the British were four howitzers of eight inches.

The text of the statement reads: "The village of Fayet, one mile northwest of St. Quentin, was captured last night after a sharp fight."

"On the high ground east of Le Verguier we captured the important positions of Ascension Farm and Grand Priel Farm. We also made progress north of the Bapaume-Cambrai Road in the direction of Quesant."

"North of the Scarpe our constant pressure compelled the enemy to yield further ground. We seized Vimy Station, La Chaudiere and the enemy's positions at Fosse number 6 and Buquet mill between Givenchy En Gobelle and Angres."

"The guns taken from the enemy in this area included four howitzers, eight inchers."

"The ground gained in our recent operations now links up with the positions wrested from the enemy in the battle of Loos and include the double crassier."

"The enem yattempted a raid east of Loos during the night but was driven off."

FRENCH ALSO GAIN Paris, April 14.—(Noon)—Artillery fighting continues with marked intensity in the Champagne. The war office so announces. French patrols were active and brought back prisoners. South of St. Quentin there were heavy artillery actions. The statement follows:

"South of St. Quentin our artillery continued to bombard the German positions. There was no infantry fighting during the night between the Somme and the Oise. Two German surprise attacks were broken up by our fire."

"In the Champagne the artillery fighting was very severe. On this part of the front we made numerous reconnaissances, bringing back prisoners. Near La Chappelle, a German reconnoitering party attempted to reach our lines after a violent bombardment. It was dispersed and driven back to the German trenches."

ASSOCIATED PRESS ACCOUNT British Headquarters in France, April 14.—(From a staff correspondent of the A.P.)—The British last night broke the German front for a distance of four miles. The Germans are in retreat.

The gaps in the German defences were made in two places. Positions on a front of three miles between the double crassier and Givenchy and another mile on the north of the Hindenburg trench system, were captured. Advanced posts were pushed well toward Quesant and Pronville, important points in the German defences. The Germans are fighting as they retire from Loos southward and are being hard pressed.

Fires and explosions in the territory to the rear of the German lines continue. The weather today was favorable for campaigning.

BOLIVIA SHOWS THE DOOR TO GERMAN MINISTER

ADMISSION OF INFERIORITY IN MEN AND GUNS

German Writer's Statement Is Noteworthy

Critics Trying to Convince People That Battle of Arras, After All, Does Not Amount to Much

Copenhagen, via London, April 14.—German military critics are still endeavoring to convince their readers that the battle of Arras is only of tactical, not strategic importance and without effect upon the general situation. They are occasionally betrayed, however, into making damaging admissions.

Captain Von Salemann, in the Vossische Zeitung, says that the events prove the correctness of Field Marshal Von Hindenburg's decision to shorten his line, since nothing can be done against superiority in heavy artillery. He speaks of German inferiority in material as well as in numbers, a noteworthy admission in view of Germany's unprecedented efforts to manufacture munitions under industrial mobilization.

Captain Salemann concludes: "Germany cannot expect always to go with flying banners from victory to victory but despite her inferiority in men and material, she has the nerves which will prevent the British from breaking the line."

Major Morath says that the British have succeeded in shaking the first line, but that the assault has been stopped by the German special and main reserves. The latter statement is interesting if it means the strategic reserve which Von Hindenburg mentioned recently as being accumulated for a striking force in this year's campaign.

In a semi-official description of the fighting it is declared that three-quarters of the tanks and armored automobiles used by the British were destroyed within or without the German lines. It is also said that in a battle in the air nine British airplanes were shot down above the Scarpe river.

PAPA JOFFE GETS HIS BATON Paris, April 14.—President Poincaré this afternoon presented a marshal's baton to General Joffre, former commander of the French forces. The president signed a decree creating General Joffre marshal of France last December.

Have Been Training For Months In Open Field Tactics and Results are Soon Noticed—London Lawyer Gives an Example

British Headquarters in France, April 14, via London.—(From a staff correspondent of the Associated Press)—It is not without difficulty that one comes to a realization that semi-open warfare has replaced the old deep trench fighting on the greater part of the British front. It is difficult even for the fighting men actually to grasp the situation, a situation for which they have waited so long. The Germans possibly feel the change more than any one else, for, above all things, they love their underground comfort. The Germans were the first to transfer fighting to ditches, and they are reluctantly giving up that style of warfare.

The deep concrete dugouts and tunnels along the old front were the only protection the Germans had against the ever-increasing British gunfire, and every time they get an opportunity to pause now they immediately begin to dig in. They take to cover as if by second nature. The British have always contended that the Germans' dugouts softened the men who congregated in them all ways and that they could be kept only with difficulty in the open trenches. So it was easier to break the British of the trench habit than has been the case with the Germans.

(Continued on page 8, third column.)

PHILIX and PHERDINAND WEATHER REPORT Issued by Authority of the Department of Marine and Fisheries, R. F. Stupart, director of meteorological service

Synopsis—The pressure is low all along the Atlantic coast from the Gulf of St. Lawrence to Florida and highest to the westward of the Great Lakes.

The weather is mild and showery in the maritime provinces and cold with showers in Ontario and Quebec.

Showers Moderate south to west winds, partly fair and mild today and Sunday, local showers.

Ottawa Valley—Moderate northwesterly winds, partly cloudy and quite cool today and on Sunday, snow flurries.

Great Victory Over The Turks

In Retreat in Mesopotamia After Severe Defeat

It Means Wrecking of Plans of Moslems to Halt Invading Armies--Enemy Suffered Heavy Losses

London, April 14.—The Turks have sustained another defeat at the hands of the British in Mesopotamia. The war office announces that the Turks are in retreat after a battle in which they suffered heavy losses.

The Turks were driven from their positions near Ghaliyah, ten miles northeast of Deletawah (Deletawah is thirty-five miles north of Bagdad). They then withdrew toward Serraki and thence toward Deletawah, the British pursuing the Turks. On Wednesday the Turks lost 200 killed and 700 wounded.

This announcement indicates that the British have wrecked the plan of the Turks to halt the invading armies, which have been sweeping forward without serious interruption for several weeks. An official British statement on Tuesday said the Turks were preparing a converging movement against the British between the Adheim and Diala Rivers. It is in this region that the fighting now reported occurred.

A HARD BATTLE BUT HAIG'S MEN WERE VICTORS

Violent Fighting Before Wancourt and Hennein Won

TANKS DID GREAT WORK

For Forty Hours Ploughed Here and There, Cutting Down Wire Defences, Crushing German Positions and Dealing Out Deadly Fire

London, April 14.—Newspaper correspondents with the British armies in France describe at length the violent fighting which ended in the capture of Wancourt and Hennein, south of the Arras-Cambrai high road. Some of the attackers underwent a terrible ordeal, lying on the open slopes in deep snow and an icy gale and swept by German machine gun fire from Guemappes, while the sky above them was flashing with the burst of shrapnel and high explosives.

When the British soldiers fought their way into Wancourt, they were faced by great uncut belts of wire and waves of bullets from machine guns. The Daily Telegraph's correspondent, referring to this action, says:

"The men were held up by great stretches of wire and menaced most evilly by an enfilade fire from machine guns. Two tanks came to the rescue and did most daring things. They came up in their elephantine way and, most skillfully guided, climbing over rough ground, clearing through snow drifts and mud banks and breasting their blunt noses above the old trenches and sand bag barricades, they made straight for the great hedges of barbed wire and drove straight through them, leaving broad lines of broken strands."

"One cruised into Wancourt, followed from a distance by the cleers of the infantry. It tramped upon machine gun redoubts and fired into the German hiding places. A second tank struck a zig-zag course for Hennein, and in that village swept down numbers of German soldiers. For forty hours these two tanks did not rest, but went about breaking down wire and searching out German strong points, so that the way would be easier for the infantry. Even then our men had no easy fighting, as the enemy defended themselves stubbornly in places."

WASHINGTON, April 14.—(Montreal Star).—Official reports here from Berné say that a former Austro-Hungarian ambassador to Great Britain is attempting to open negotiations with England looking to the conclusion of a separate peace between London and Vienna.

At both the state department and the British embassy extreme reticence is displayed when peace possibilities are suggested.

This former Austro-Hungarian official is said to be advised by his government to learn from Great Britain the terms on which a separate peace for the Vienna government might be obtained. The British intermediary, apparently a civilian, is said not to have given any assurances to the Austrian, but to have asked in turn, for the terms which Austria-Hungary would be willing to accept.

TODAY'S BALL GAMES The baseball schedule for today is: National League—Pittsburg at Cincinnati, cloudy, 3 p.m.; St. Louis at Cincinnati, clear, 3 p.m.; Philadelphia at Brooklyn, clear, 3 p.m.

American League—Chicago at St. Louis, clear, 3 p.m.; Boston at New York, clear, 3.15 p.m.; Cleveland at Detroit, cloudy, cold, 3 p.m.; Washington at Philadelphia, 3 p.m.

SIR LYMAN JONES IS VERY NEAR DEATH Toronto, April 14.—The condition of Sir Lyman Jones, who has been dangerously ill at Wellesley Hospital for some weeks, was late last night reported hopeless. It was said that his death was a matter of only a few hours.

MGR. KENNEDY OF TRURO PASSES AWAY IN HALIFAX Halifax, N.S., April 14.—In the Halifax Infirmary this morning Monsignor Kennedy, parish priest in Truro for fifteen years, passed away. He was eighty years of age and had held parishes at various times all over Nova Scotia.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., SATURDAY, APRIL 14, 1917

QUICKLY TO PUT MORE VESSELS INTO ATLANTIC TRADE FOR THE ALLIES

Washington, April 13.—Means of quickly putting additional vessels into the trans-Atlantic trade and thus fulfilling the prophecy of Premier David Lloyd George...

While it is conceded, that the president would have the right to take this step, it is understood that specific act of congress will be preferred.

After the cabinet meeting, it was said that every possible means of putting additional vessels in the trans-Atlantic trade to convey supplies to the Entente Allies, and thus render the German submarine campaign ineffective, will be sought out and utilized.

Steps are already under way to ascertain the most pressing needs of Russia, France, England and the other Entente Allies, and every possible effort will be made to fill them.

Also Russia's Needs. Steps are already under way to ascertain the most pressing needs of Russia, France, England and the other Entente Allies...

Legislation also probably will be proposed by the administration giving the shipping board power to formally take over the German merchantmen in American ports...

LOCAL NEWS. DAYLIGHT SAVING BILL IS AGAIN BEFORE CONGRESS. Provides for Advance of One Hour in Standard Time On The Last Sunday of April. Washington, D. C., April 14.—Representative Borah of Missouri has introduced into the National Congress a bill to save daylight and to provide standard time for the United States. It is he asks that, between the last Sunday in April and the last Saturday in September, clocks everywhere in the United States be advanced one hour.

LOCAL NEWS. POLICE COURT. Another busy session of the police court was experienced this morning, following a week in which police magistrates and other court officials have been exceptionally on the go. Privates Michael Mansfield and Edward Bran were charged with breaking the window in Patrick Sullivan's saloon at Reed's Point and also with theft of some bottles of whiskey from the store. Patrick Sullivan, proprietor of the saloon, said that last night he left the store about 9 o'clock and went up stairs, where he lives. Within a short time he heard a noise in front of the store. He was looking out of a window, saw two soldiers running away. One dropped a bottle and the other stopped, one picked up the bottle and then the other ran across to the wharf. The witness said that he saw three soldiers in the crowd. When he came down he discovered his front window was broken. The police were sent for and the two prisoners arrested. The witness asked Mansfield his name and regiment number, which he refused to give. Both prisoners said they knew nothing about breaking the window. The case will come up again on Monday. Cigarette boxes were found on the floor of the store.

LOCAL NEWS. WATER AND SEWERAGE. The second tide gate in the Marsh bridge abutment was hung successfully yesterday and an effort will be made to put another in place at low tide this afternoon. Lewy in water mains in Clyde street and Celebration street have been re-laid and two new concrete vaults have been constructed around the stop-cocks. Repairs are in progress on a water pipe in Union street, where a stop-cock blew out. Two modern catch basins have been installed at the corner of Fore and Meadow streets, replacing old wooden basins. Sewer tops have been renewed also in this district.

LOCAL NEWS. GERMANS NO DOUBT WOULD WELCOME IT. Australia, via London, April 14.—German correspondents report that the Russian provisional government intends to change the name of the capital back to St. Petersburg. The government is said to have decided upon this "because Petrógrad recalls to every Russian the saddest time in Russian history."

LOCAL NEWS. REV. DR. SQUIRES OPERATED ON. Rev. Dr. Squires, who had to leave home suddenly on the 21st ult., because of illness, was operated upon at the home of his parents in Wellesley, Mass., on the 30th for stomach trouble. The operation was successful.—Newcastle Leader.

The Great Value Of Outdoor Walking

By James F. Winston, physical director, Y. M. C. Y.  
Just prior to the recent big fall of snow it was my pleasure to enjoy about a six mile walk over the new bridge and around Carleton and was surprised to find so many people walking on such a beautiful Sunday, with the streets in splendid condition for this beautiful exercise.

**SAVE YOUR HAIR AND BEAUTIFY IT WITH "DANDARINE"**  
Spend 25 Cents! Dandruff Disappears And Hair Stops Coming Out  
Try This Hair Gets Beautiful, Wavy And Thick In Few Moments

If you care for heavy hair, that glitters with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Dandarine.  
Just one application dissolves the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if it overcomes it produces a feverishness and itching of the scalp; the hair goes flimsy, looses, and die; then the hair falls out fast.  
If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a 25-cent bottle of Knowlton's Dandarine at any drug store or toilet counter; apply a little as directed, and ten minutes after you will say this was the best investment you ever made.  
We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Dandarine. If eventually why not now?

**OLD FOLKS NEED "CASCARETS" FOR LIVER, BOWELS**

Salts, Calomel, Pills, Act On Bowels Like Pepper Acts in Nostrils  
Enjoy Life! Don't Suffer Bilious, Sick, Headachy and Constipated

Get a 10-cent box now. Most old people must give to the bowels some regular help. They suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so much as it is. And the bowels are muscles.  
So all old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty.  
Age is not a time for harsh physics. Youth may occasionally whip the bowels into activity. But a laxative can't be used. One that can be constantly used without doing any such harm as Cascarets, but they cost only 10 cents per box at any drug store. They work while you sleep.

**FRANK STANFIELD BACK IN THE LEGISLATURE**  
(Halifax Chronicle.)  
There was quite a sensation in the House of Assembly yesterday afternoon when the day were called, an interesting ceremony was performed. It was the swearing in of no less a personage than Frank Stanfield, member for Colchester County, whose "unshrinkable much comment for many months. Mr. Stanfield was reported last year to have sent his resignation to the Colchester County Conservative Association, and the great boast was made by his friends that the sacrifice made by this politician in order that he might register protest against "the things were being done on the Intercolonial." There was, however, no word of his resignation having been sent to the proper legislative authority, and many doubted whether Mr. Stanfield ever intended to resign.  
Yesterday his intention was made clear. With a wide grin and apparently quite "rejoiced," Mr. Stanfield stalked into the legislature, and accompanied by his colleagues, Mr. Kennedy, and Mr. Hall, leader of the opposition, went through the necessary formalities of being sworn in, after which he was introduced by Mr. Hall to the speaker. This done, Mr. Stanfield was greeted with tremendous applause, the enthusiasm being done on the intercolonial." There was, however, no word of his resignation having been sent to the proper legislative authority, and many doubted whether Mr. Stanfield ever intended to resign.

**OLD FRIENDS IN THE CITY**

The many friends of the 236th N. B. Kitties Brass Band which formerly served with the 118th Overseas Battalion will have a chance to hear that famous band again on next Tuesday afternoon, April 17th. Under the auspices of the St. John Local Council of Women of St. John the Kitties are to put on a concert at the Imperial from 8 o'clock to 6 o'clock that day. The former visit of the Kitties was such a big success that a packed house is anticipated. All seats are being sold at 25 cents, as they were for the 1916 concert a few weeks ago. The Kitties put on a splendid programme of band music, dramatic, athletic and Scottish dancing numbers.  
The programme for the concert is as follows:  
1. Selection, 236th Brass Band (formerly 118th Battalion).  
2. Juggling, Lance Corp. Cromwell.  
3. "Straggler," by Sir A. Conan Doyle, introducing Sgt. Duthie. Guest: Miss MacLean, Sgt. Tozer, Pte. Blair.  
4. Scottish Reel, 236th Pipe Band.  
5. Tumbling, Ptes. Arsenau and Gaudet.  
6. Counter March, Pipe Band.  
7. Musical, Capt. Godfrey, Miss MacLean.  
8. "Les Anglais," sketch by Capt. T. H. Rand-McNally.  
9. Selection, 236th Brass Band.  
10. Highland Fling, Piper Ross.  
11. "Boys of the Bull Dog Breed," sketch introducing poem, "My Mate," by Robert W. Service. Guest: Major C. R. Messeruan, Sgt. Duthie, Sgt. Tozer, Sgt. Lawrey, Cpl. Cromwell, Piper Ross, Piper Scott and others. God Save The King.  
Please cut this out for reference at the concert as programmes will not be distributed.  
**HE PAID FOR A TON OF CABBAGE**  
A Portland, Me., wholesale produce house paid on Tuesday what is believed to be the highest price ever paid for cabbage in that country, or in any other country, for that matter. A small lot was bought from Cape Elizabeth farm-er at the rate of \$800 a ton, or ten cents a pound. One especially large cabbage was picked out and weighed to see just how much they were giving for that particular one, and as it weighed in at

**"TIZ"--A JOY TO SORE, TIRED FEET**  
"Sore! I use 'TIZ' every time for any foot trouble."  
Good-bye sore feet, burning feet, swollen feet, smelling feet, tired feet. Good-bye corns, callouses, bunions and raw spots. No more shoe tightness, no more limping with pain or drawing up your face in agony. "TIZ" is magical, acts right off. "TIZ" draws out all the poisonous exudations which put up the feet. Use "TIZ" and wear smaller shoes. Use "TIZ" and forget your foot misery. Ah! how comfortable your feet feel. Get a 25 cent box of "TIZ" now at any drugist or department store. Don't suffer. Have good feet, glad feet, feet that never swell, never hurt, never get tired. A year's foot comfort guaranteed or money refunded.

THE WESTERN FRONT.

There is now semi-open fighting on the British front, and the British troops have demonstrated their superiority over the Germans in this as in trench warfare.

THE MILITARY Y. M. C. A.

The challenge of the men at the front to the men at home was presented in a very striking way by Major Birks and Capt. Cameron at the Union Club last evening.

IN VICTORIA COUNTY

Premier Foster was given a hearty welcome by his constituents in Victoria county yesterday. The people of that county are deeply interested in the Valley Railway, and cannot but rejoice that the old administration which betrayed their interests has been defeated.

new government. This declaration will be welcomed by the people, for the province has been too long and too openly disgraced by rulers who have regarded graft as a legitimate feature of their administration of public affairs.

THINK IT OVER.

Several facts in connection with a police raid this week, in which five children were taken to the police station, and then to the Children's Home in Elliott Row, and finally to the hospital, from which it may presently be necessary to remove them to the Municipal Home or otherwise provide for their care, are worthy of the serious consideration of the citizens.

**The Blood Is The Life.**  
The blood is the life because it is the nutritive fluid. If the blood becomes very impure, the bones, the muscles and other parts of the body are impaired and finally become diseased. Slight variations in the quality of the blood, such as are often brought about by breathing the bad air of unventilated rooms, have equally sure though less plain ill effects on the nervous system.

Persons that their blood is not pure should begin to take Hood's Sarsaparilla at once. This medicine has done more than any other in cleansing, enriching and revitalizing the blood and giving strength and tone to all the organs and functions. If you want to be entirely satisfied, insist on having Hood's. Accept no substitute.

**PRIVATE BOB OF CANADA**

The following verses were written during a voyage from Liverpool to St. John by Alfred Dodd, assistant steward of R. M. S. Scandinavia.

By the sad Somme river,  
Sorely wounded, all alone;  
Nestle the twinkling starlight shiver,  
Thus the soldier made his moan.  
Oh, Mother, how I would like you  
With your hand to lift my head,  
And bring a pillow with you  
From off my bed,  
And a cup of cold water  
From the well beside me stone,  
For the weary work, is lying here,  
And dying all alone!

There were three amongst us Canadian,  
Were always chums, dy'er see,  
They were Toronto Tom, Ontario Jack,  
And St. John Bob, that's me.  
When on march, or in barrack,  
A ship board, or ashore,  
We were very like three brothers,  
And I couldn't say no more.

O it was a grand send-off,  
And I think I can hear them still,  
With the "Good-bye's" and God bless you's!  
As we quickly stepped down the hill,  
But most of them as marched that day,  
Excepting three or four, have got  
another send off,  
And will not come back no more.

Jack, he climbs the hill beside me,  
And plucks a yellow bloom,  
"Eh! Bob," he cries, "it's like the flow-  
ers  
We grow at home,  
Then up he jumps and gives a sob,  
And falls forward dead,  
So we have to run and leave him,  
For the Hun's gun just ahead.

Then we made another rush,  
And up the hill we go,  
Firing at little puffs of smoke,  
But we did not see the foe;  
Till by and by a shrapnel came,  
Shrieking through the air,  
And when I looked out again,  
Poor Tommy wasn't there.

Did you remember last Sunday,  
Mother,  
My birthday, twenty-two,  
Last year you know I had leave  
Just like the other time with you,  
And Jennie gave me this purse to wear,  
With a crooked nickel in it,  
And a bit of golden hair!

I thought it was Sunday night,  
And I had heard the bell,  
You will have been in Sunday school,  
And maybe church as well,  
I thought I would like to say my  
prayers,  
With your fingers on my head;  
Just like of times again, you know,  
By Bobbie's little bed.

Good-night, good-night, dear mother,  
I'm firing o'er the hill,  
And I want to get a little sleep,  
For the night is very chill,  
I have said my prayers, you taught me,  
Now the stars are growing dim,  
But there is one good friend above,  
You know,  
I will trust myself with Him.

Beside the Somme river,  
Sweeping on with sullen wave,  
Sleeps the soldier lad forever,  
Leave him in his lonely grave.  
ALFRED DODD.

**A GOOD MEDICINE FOR THE SPRING**

**Do Not Use Harsh Purgatives—A Tonic is All You Need**

Not exactly sick—but not feeling quite well. That is the way most people feel in the spring. Easily tired, appetite fickle, sometimes headaches, and a feeling of depression. Pimples or eruptions may appear on the skin, or there may be twinges of rheumatism or neuralgia. Any of these indicate that the blood is out of order—that the indolent life of winter has left its mark upon you and may easily develop into more serious trouble.

Do not dose yourself with purgatives, as so many people do, in the hope that you can put your blood right. Purgatives gallop through the system and weaken instead of giving strength. Any doctor will tell you this is true. What you need in spring is a tonic that will make new blood and build up the nerves. Dr. Williams' Pink Pills is the only medicine that can do this speedily, safely and surely. Every dose of this medicine makes new blood which clears the skin, strengthens the appetite and makes tired, depressed men, women and children bright, active and strong. Mrs. Maude Sage Lemberg, Sask., says: "I can unhesitatingly recommend Dr. Williams' Pink Pills as a blood builder and tonic. I began using the Pills, and a few boxes fully restored my health."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

**No. 8 Field Ambulance.**

The promotions announced are as follows: Sergeant A. B. McNeill to be quartermaster-sergeant; Sergeant A. P. Hodges to be staff sergeant; Lance Sergeant A. H. Westrup to be sergeant; Corporal W. A. Taylor to be sergeant; Private S. C. Stacks to be orderly room sergeant; lance corporal C. B. Gendard to be sergeant; Private J. Coughland to be corporal and Private P. S. Hillman to be sergeant.

**Does Baby's Food Agree with him?**

Many mothers are worried about the changing of Baby's food from time to time. What suits at six weeks of age will not suffice at six months.

The 'Allenburys' Foods provide for Baby's needs step by step—a progressive dietary suited to his growing digestive powers from birth onwards.

With these Foods may be given the juice of grapes, oranges or meat, so beneficial to the hard fed baby, and instructions are given on each package.

**The Allenburys' Foods**

MILK FOOD No. 1 From Birth to 3 months.  
MILK FOOD No. 2 From 3 to 6 months.  
MALTED FOOD No. 3 From 6 to 12 months.

Write for Booklet, "Infant Feeding and Management" to The Allen & Hanbury Co., Limited, TORONTO.

**RECENT DEATHS**

**Hugh Cunningham.**  
Sussex, N. B., April 13—Hugh Cunningham, a well known and highly respected citizen of the town, died early this morning of blood poisoning, caused by a scratch by a rusty nail in the finger. A few days later he contracted pneumonia, which hastened the end. The deceased was fifty-seven years of age and survived by a wife and two sons—Roy, of the C. N. R., Vermillion (Alta), and Lloyd, who left Sunday afternoon at 2 o'clock. Service will be at the home; interment in the town cemetery. Rev. Mr. Mitchell will officiate.

Reuben Johnson died on Friday at St. Louis, Kent County, at the age of ninety-four years. He was a former member of the provincial legislature.

**GREAT BRITAIN AND SPAIN IN COMMERCIAL CONVENTION**

A new commercial convention between Spain and Great Britain has been concluded. Among its stipulations is an agreement that Great Britain shall supply 150,000 tons of coal monthly to the other British dominions, and that England as much as it requires. The Spanish government agrees to permit the chartering of Spanish ships by the British government.

**Waterloo Street Anniversary.**  
At the anniversary service of the Waterloo street Baptist church last evening greetings and congratulations from the other denominations were extended by Rev. T. Hall, D. D., A. A. Wilson, K. C.; Rev. Neil McLaughlin, Rev. J. H. A. Anderson, Rev. J. C. B. Appel and Rev. R. H. W. Pinkett. The pastors of the other Baptist churches also were present and presented the greetings of their congregations. Refreshments were served at the close of the evening.

**In Interests of Military Y.M.C.A.**

**Prominent Citizens Hear Reports of Work at the Front—Gathering the Guests of Senator Thorne**

A large number of prominent citizens gathered last evening in the Union Club on the invitation of Senator Thorne to meet Major Birks, Captain Cameron and Captain Bishop of the Y. M. C. A., who are back from the front on a campaign to raise \$750,000 for the military work of the association. The company met in the dining hall of the club where Senator Thorne addressed them briefly with reference to the object of the visit. He also commended the Y. M. C. A. military activities and pointed out the good they were doing at the front.

Major Birks was then introduced to the gathering and was given a grand ovation. He told of the work accomplished in France and also how the men of the Y. M. C. A. camps had been increased in England. At the present time he said they had fifty centres in England and thirty-seven in France.

Mr. Captain W. Cameron then spoke on "The Challenge of the Men in Service at the Front to the Men in Service at Home." He gave a short sketch of the value of the work and of the obligation of the people to contribute the funds necessary to carry on the work of the Y.M.C.A.

Mayor Hayes extended a cordial welcome to the visitors and expressed confidence in the answer they would receive to their appeal throughout Canada.

H. A. Powell, who was in Washington and heard President Wilson deliver his famous message to Congress, told how the stars are growing dim, and how the nation responded. He also spoke of the good being done by the Y.M.C.A.

Following the addresses, refreshments were served. A most enjoyable evening was spent by all.

**A Show of Good Values in RAINCOATS**

For Women and Misses

DON'T wait until a fine Spring shower comes along with a good "drenching" for that new Spring Suit, and we're sure to have them, quite unexpectedly, from now on. Here are fine looking Raincoats in handsome new models, light-weight, to carry over the arm when not in use. Raincoats that if bought today could not be sold at these prices, because of the advance on all rubber goods. Desirable colors and all sizes for women and misses.

New Tweed Balmacaan Raincoats	\$8.50	Black Rubber Coats, good quality, ladies' sizes, 36 to 44	\$8.25
New Fancy Tweed Raincoats with the latest deep shoulder collar.	\$13.50 to \$18.00	Misses Black Rubber Coats. Sizes 16 to 20.	\$7.85
Tweed Raglan Raincoats in new belted effect.	\$9.50 to \$12.90	Children's Black Rubber Coats, sold with hats to match	\$5.95 set

**DANIEL**  
HEAD OF KING ST.  
LONDON HOUSE.

**Y. M. C. A. BOYS AT ANNUAL BANQUET**

Members of the Y. M. C. A. boys branch to the number of 200 met for a banquet in the gymnasium hall last evening. They were the members of the fifteen Bible study groups who have been competing during the winter under the Canadian standard efficiency test system. Each group had prepared their own table and the decorations were novel and striking.

After supper, Arthur M. Gregg called the gathering to order for the business of the evening. Addresses were given by Percy H. Long, Murray E. Nison, E. A. Dykeman, Kenneth A. Willet, W. C. Cross, Donald McKee, John N. Jordan, L. A. Buckley, Paul Cross and H. H. Thus.

Following this, Mr. Gregg presented the cup for excellence in Bible study examination and attendance throughout the year to the Mohawks. The cup is the donation of Dr. W. P. Bonnell. Diplomats for having completed the course in preparing to teach Bible study groups were awarded to Charles Jordan, John Jordan, Gordon Smith, and Solomon Coster.

Basketball permits were awarded by W. C. Cross as follows: Junior A division, Mohawks; junior B, Chippewas, high school division, the Beavers. Athletic meet permits were presented by Mr. Monk, to the Ironquits of the Junior A division, Loyalists of the B division, the Crusaders of the high school, and the Beavers of the junior business boys. The prize for the best appearing table was presented by Horace A. Porter to the Chippewas, who decorated their table with the symbols of the Canadian standard efficiency test programme.

Individual ribbons for points won during the recent meets were awarded by

**Bright happy Babies**

are always healthy babies. Mothers everywhere are enthusiastic in their praise of Woodward's for the simple ailments of infants and young children.

**WOODWARD'S GRIPE WATER**  
helps build bright, lanky babies—and keeps them healthy and contented. It relieves and prevents Colic, Wind, Acidity, etc., and is particularly valuable during the period of teething. The youngest infant can take it with perfect safety. Doctors and Nurses endorse Woodward's.

**FAIRVILLE NEWS**

Leaving it to nature to clean the streets of snow seems to be contagious for Fairville apparently has adopted the same system this year, while the scheme is a cheap one to operate, results are hardly satisfactory to pedestrians and protests are forthcoming.

If the gutters at least could be cleaned out and catch basins opened by man power, nature would still find plenty to do. People suggest that the authorities should try a little to better the main street of the village if nowhere else.

Mrs. J. F. Dalton of Fairville has received the following letter which is self explanatory and will be appreciated by all who assisted in the good work mentioned.

St. John Local Council of Women. Dear Mrs. Dalton:

On behalf of the St. John Council of Women I wish to thank you most heartily for your kind and generous effort in connection with our sock shower for the 165th battalion. The men were most grateful for the socks and we are

gratified at the result—the collections finally closing out with 435 pairs.

Again thanking you and your Fairville donors for their generosity, I remain, very sincerely yours,  
AMELIA J. HALEY,  
Corresponding Secretary.

**RIVER NOTES.**

It is expected that by this time next week the St. John river will be open for navigation and that some of the steamers will have made their first trip of the season. Daily large quantities of ice floats into Indian town harbor and in another few days the ice in the Reach is expected to break up.

The river continues to rise and the water is now four feet above the usual high water mark.

It is said that the inspection of the river steamers this year is very strict and that all are required to have their life saving rafts and boats in the best of order, so as to safeguard patrons. The hulls, machinery, etc., are also being carefully inspected.

**LOCAL NEWS**

**BIRTHS AND MARRIAGES**  
The births of twenty-three infants, thirteen girls and ten boys, and the solemnization of four marriages were reported to the registrar during the week.

**OWNS CENTREPIECE.**  
The Khaki Club met at the home of Mrs. Fred McMullin last evening for the purpose of holding a drawing of a centerpiece. Mrs. William Burton held the lucky ticket, number thirty-three.

**PRESENTATION.**  
On Thursday evening in St. Stephen's church school room, the St. Stephen's Cadets presented to their retired captain, Manford Brown, a beautiful gold handled umbrella. Captain Brown has been succeeded by Gordon Vail, senior lieutenant.

**The Man In The Street**

The Hindenburg line having failed, the Germans are now engaged in making a "bee line."

In this case the B stands for the place they are heading for.

If events on the western front are proceeding according to Von Hindenburg's plans, he will be establishing a reputation as a startling original strategist.

While the folk at home are taking spring tonics the allied forces are taking villages.

The Germans say they do not like these kill or cure prescriptions.

Under the latest commercial treaty a new Spanish armada will sail for England—but with a different mission.

Since the U. S. entered the war their coast cities seem to be getting almost as nervous as Halifax has been since the war began.

It is not so much a lack of courage as too much egotism which makes some of these places regard themselves as the chief target for German efforts.

For the present any references in the St. John papers to the Ocean Limited will continue to appear among the "foreign news."

As a city commissioner pointed out, the kind of cabinet minister we have does make a difference.

The announcement from Ottawa that the cost of food for an average family is only \$8 more a week than before the war comes as a great relief; we had been convinced that it was more than that.

The sentiment of the community regarding the daylight saving plan seems to be that it does not do to be too thrifty.

**Her New Honor**  
The dear girl had joined the V.A.D. and her mother was proudly telling all about it.

"Oh, yes, Ethel is a V.C. now."

"A V.C.? How did she get the Victoria Cross?" her neighbor inquired with evident incredulity.

"I didn't say anything about the Victoria Cross, did I? She is going up to the convalescent home to sweep and dust and they call all their helpers V.C.'s or V.D.'s or something like that."

**An All-Night Affair**  
"We won't go home until morning."  
"We won't go home until morning."  
This was the refrain of a couple of young people who went over to the west side one evening this week to attend a party. And they didn't go home either, not until "daylight did appear," and then some.

They left the home of their hostess in good time to catch the last car for the city. It happened to be the night of the big storm but the car came along and they climbed on board, thankful that they were headed for the snug shelter of their homes. The car was well filled with other passengers and every one was abuzzing the same feeling.

"I didn't say anything about the Victoria Cross, did I? She is going up to the convalescent home to sweep and dust and they call all their helpers V.C.'s or V.D.'s or something like that."

**BROKE HIS LEG.**  
Archibald Speight, a teamster for White's Express Company, met with a painful accident this morning. He was loading a team with fertilizer at the Carrille warehouse in Water street, when some of the bags slipped and fell on him, breaking his leg. He was taken to the general public hospital. His home is in Burpee's Lane.

**DISTRICT LODGE, I. O. G. T.**  
The St. John District Lodge, I. O. G. T., met at Nerepis Station last evening. About thirty members were present from St. John. District Templar Henry McEachern presided. Eight new members were received in the district lodge. Reports from officers were read and all went to show that the lodge financially was in good standing.

**VOTES FOR WOMEN**  
The woman's suffrage bill which is now being prepared for presentation at the coming session of the N. B. legislature, will ask for the universal franchise, providing for voting by women on the same terms as men now enjoy, without limitation to property owners, widows, married women or any other class. The bill, of course, would provide for the vote in provincial matters only.

**DEATH OF HERBERT S. SCOTT**  
General regret was expressed today when it was learned that Herbert S. Scott, of 202 Douglas avenue, commercial traveler, had died early this morning. Mr. Scott was well known in the city and throughout the province, and was especially popular with the commercial travelers. He was a member of the Dominion Consistent Travelers' Association. The funeral will be held on Monday afternoon from his late residence.

**GIVES THE LIE TO VON BERNSTORFF**

Amsterdam, April 14—The American correspondent of *Magbode*, of Rotterdam, who returned from the United States on the steamer with Count von Bernstorff, writes an article protesting against reports of treatment by the British authorities at Halifax of the former German ambassador at Washington, and members of his party. The writer is Chevalier Van Der Schueren, a Dutch nobleman, who is a relative of the Dutch minister at the Vatican. He writes: "It is a pity that Count von Bernstorff has given the way to caricaturing the situation, but when he invokes the testimony of his non-German co-passengers I am bound to state that, while the protracted period of search at Halifax was tiresome business, it was made bearable by the incredible courtesy and willingness of the British staff charged with the search of the vessel, courtesy which was the subject of discussion by all the passengers."

**FIGHTING NOW IN SEMI-OPEN; BRITISH LIKE IT**

(Continued from page 1.)

Open field tactics have been a part of the training of the new British army ever since its organization began in 1914. There has been some criticism of this system from time to time on the ground that the war would always be fought from trench to trench, but for the last few months the British army in France has been drilled in open tactics almost daily. The results of these training methods have been apparent in the last few days and we undoubtedly prove still more valuable in the wider operations which are unquestionably coming.

**One Instance**  
The correspondent saw a bit of field manoeuvring two days ago, in which the British troops completely outwitted part of one of Germany's crack regiments. It is rather a striking commentary that when the war began the officer in command of the British unit was a young solicitor, and such a thing as leading soldiers into battle had never entered his head. Two years of training in the school of actual war works its own wonders.

The losses in the recently inaugurated operations, which continue to widen with time, have been so much smaller than would be naturally expected in attacks upon such strong positions as those from which the Germans have been driven, that the army authorities are fairly jubilant. Another gratifying feature of the fighting has been the speed with which the British troops have everywhere attained their objectives. Driving the Germans from positions which they had held for two years has given the army a higher fighting spirit than it ever had before.

The turning of the top of the Hindenburg line, to which attention is now officially called in the communiques, has been an achievement of which the full importance has naturally not yet been developed. The Germans, by the way, no longer call this line after Hindenburg, but know it as the Siegfried Line. The switch to that line from Queen north, which, prisoners say, is not yet finished and was not expected to be used except as a last resort, is known as the Wotan Line. In the extreme south the Hindenburg Line is known as the Albrecht Line. The complete smashing of the Vimy Ridge seems to have somewhat upset the German plan, but they are evidently determined to put up the strongest possible defensive fight before falling back again.

These days are filled with thrilling incidents of individual exploits which are difficult to sort from the mass coming forward in bringing down the opposing machine in his own lines, dragged himself from the airplane, made a verbal report on his mission and died a few moments later.

**LOYD GEORGE PROMPTLY ACCEDS TO GOMPERTS' REQUEST**

Washington, April 14—In response to a cablegram from Samuel Gompers, president of the American Federation of Labor, asking that representatives of British labor be sent to the United States with the commission coming to Washington for war conferences, Premier Lloyd George replied:—"Delighted to comply with your request. Two labor leaders and representatives of the welfare department of the ministry of munitions will leave for America as soon as possible."

**PATRIOTIC EVENTS TODAY**

The members of the local French Club are conducting a "The Dansant!" in the Knights of Columbus hall in Coburg street today. The proceeds will be devoted to the wants of the Allies' hospital in France, only three miles from the front. The preparations for the affair were very elaborate. The programme included solos by Mrs. Fred C. Macneil and Miss Louise Anderson; dance, Miss Turner and Mr. Turner; recitation, Miss Mary Whiter; cabaret song and dance, Mrs. Shirley Skinner, Mrs. Daniel Mullin, Miss Louise Anderson and Miss Doris Sayre; song, Dr. P. J. Bonnell; dancer, Miss Betty Mullin, and song, Mrs. E. J. Travers. Dainties of all kinds for sale.

A pantry sale of home made cooking and candy is being conducted today in the waiting rooms of the Imperial Theatre by the wives of the members of the staff. The cause is a worthy one. There is a large patronage. The rooms have been becomingly decorated and take on a very inviting appearance.

**CASE INVOLVING \$90.**

As a result of being a little too absent minded, R. W. Scott, of the street railway company, is now bewailing the loss of \$90. Yesterday he took a pair of trousers to Ham Chong, who conducts a laundry establishment at the corner of Germain and St. James streets, to have cleaned and pressed. He left the trousers and also said in court this morning that he left ninety dollars in a small outside pocket, mostly made up of five and ten dollar bills. He returned to the Chinese place of business and found the trousers. The money was gone. The Chinese denied all knowledge of it. There was a police court case this morning, but Chong still held to "me know nothing about de monee." He was remanded to jail. The case will come up on Monday again.

Have you got a Kitchen Cabinet?  
If not come get one

Dear Mary:—

Until lately I'd overlooked getting a kitchen cabinet. Why, I wouldn't be without one! It takes up so little room and saves so many steps. And then there is a place for everything.

By all means, Mary, get a kitchen cabinet. You'll soon save enough from waste to more than pay for it.

You'll thank me for this "tip."

As always—HELEN

P. S. I got my new kitchen cabinet from

**First Church of Christ Scientist**  
Service at 11 a.m., at 93 Germain street. Subject: "Are Sin, Disease and Death Real?" Wednesday evening meeting at 8. Reading room open daily from 3 to 5, legal holidays excepted.

A western railroad has induced farmers along its right of way to cultivate the land adjoining their farms for the purpose of conservation. More than 600 farmers took advantage of the plan last year, paying \$5 for the use of the land for an indefinite period.

### "The LOVE OF GOD" Us. The Eternal Torment Theory

The God of all grace is woefully slandered by some who still believe and teach the doctrine of eternal torture for all but the saintly few.  
God so loved the world, that He gave His only begotten Son that whosoever believeth in Him should not perish.  
This subject will be reverently treated in  
**BIBLE STUDENTS' HALL, 162 UNION STREET**  
Tomorrow at 3 p.m.  
If the Bible does teach that eternal torture is the fate of all except the saints, it should be preached, yea thundered weekly, daily, hourly. If it does not so teach, the fact should be made known and the foul stain from God's name removed.

### Centenary Methodist Church

Rev. W. H. Barracough, B.A. Pastor.  
Services 11 a.m. and 7 p.m.  
Sunday Morning — The Rev. H. C. Rice, B.A., of Sussex, will preach.  
Sunday Evening—Capt. Chas. W. Bishop, B.A., National Secretary of the Canadian Y.M.C.A., will speak.  
Lecture by Rev. W. H. Barracough, "The Pathfinder in Africa" and "The East African Campaign," with special reference to the only Canadian in the advancing column. Wednesday evening, April 18, in Centenary Hall, illustrated with splendid slides. Silver Collection.

### Queen Square Methodist Church

REV. HAMMOND JOHNSON, Pastor.  
Morning service at 11. The pastor will preach and the Methodist contingent of the 217th Battalion will be present and worship in the church.  
Evening service at 7. The Rev. Gilbert Earle, of Fairville, will be the preacher.  
The Easter Music will be repeated by the choir both morning and evening. Plan to attend. Pray for the Holy Spirit's guidance and blessing. Bring others.

American Woman Describes Attitude of British People Toward War

A letter of exceptional interest to Canadians, in view of the decision of the United States to join the allies, has just received in Toronto from Laura Macpherson Crawford, a Canadian woman of Highland Scotch parentage, who lived for twenty years in the United

States and is now doing Red Cross work in England at her own expense. She is the widow of the late B. F. Crawford, former president of the National Biscuit Company. Writing from London to her Toronto friends, she refers to the attitude of English and French people toward Americans, also to the efforts the people of Britain are making to win the war. She says in part:

Enormity of Detail "Neville Chamberlain is organizing the whole country into a national service unit. Really it makes one dizzy to grasp the enormity of the details of it. "Right here in this house there is not one person who is not busy. There are inspectors for the Russian government in the machine gun belts, one in the pensions office, one in canteen work, I'm

Red Cross; two nurses, one chauffeur, two police officers. These are all women and educated gentlefolk.

"In the midst of this one cannot but lose personal preoccupation and look at life from a larger angle of vision. This national uplift is what America may miss. This is why London is not depressing.

Is Not Depressing

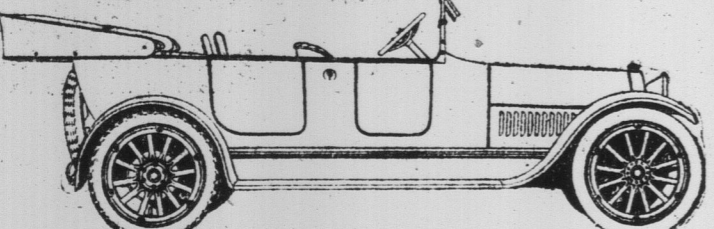

"One would suppose that the whole atmosphere over here would be depressing, but I can honestly say it is anything but depressing. I can only liken the attitude of these people to that of San Franciscans after the earthquake. Instead of being depressed, you all remember, they were lifted to undreamed heights of effort. So it is with the people here. Every one within the limit of his comprehension is so absorbed in it and has been drawn into the terrific upheaval that he really has not time for egotistical reflections that make for depression. Everyone seems to be striving with intense energy to make it impossible that this catastrophe could ever come to them again. This is the supreme important business of the hour, and they have no time for repining.

No Time for Mourning

"One woman who had lost seven out of a family circle of seventeen, said the other day: 'The time for mourning will come later, but now we dare not let go. One reads only high resolve in the countenances of these faces in the streets, and especially on platforms. They rarely refer to personal losses, either of family or property; and heaven only knows how both have been torn away from them.

"My American friends and I marvel at it and wonder if we could stand the test. We all agreed that the spectacle of an entire people animated by such a high spirit is not depressing, but of the most exhilarating experiences of our lives. It certainly stirs everyone with a shred of humanity left in him to activity."

"Did you see the pleased expression on Mrs. Brown's face when I told her she didn't look any older than her daughter?" said Mrs. Radway after the reception. "Now," said Mr. Radway, "I was looking at the expression on her daughter's face."

"Made-in-Canada" and Built for Canadian Roads

Studebaker cars are designed and built to meet all the emergencies and difficulties of driving which motorists in Canada are sure to encounter.

Studebaker cars predominate in the eastern Provinces, where style and appearance are the chief requisites.

Studebaker cars have made good in the prairie Provinces, where ability of a car to stand up under long, hard, continual service on the "gumbo" roads is the chief requirement.

And Studebaker cars have proven satisfactory in service in the mountains on the Coast, where endurance and grade-conquering power are the chief requisites.

That's because Studebaker cars are made in Canada—with the built-in stability that such a car requires in order to give the best of service on Canadian roads.

Come in and see the new Series 18 models.

BRITISH PORT OF PLYMOUTH IS RICH IN HISTORIC LORE

Mayflower, Raleigh, Drake and Hawkins All Left There on Missions Which Have Had World-Wide Interest

A notice served on the American Consul General in London, that for the remainder of the war only British and Entente Allied ships will be permitted to enter the port of Plymouth calls attention to one of the most historic towns of England.

The town is located near the southwest corner of England, at the mouth of the River Plym. The site is on a series of natural terraces, sloping south to the sea and forming part of the foothills of Dartmoor.

The harbor, one of the finest and largest in the kingdom, opens to the south. Some interesting bits of Plymouth's history are given in a bulletin just prepared by the National Geographic Society, and issued from its headquarters in Washington.

"This a notable old town," said Longfellow. "Out of the harbor of Plymouth sailed Sir John Hawkins and Sir Francis Drake to meet and conquer the Spanish Armada, a fact which wrote "mis" to the sea power of Spain. Had Philip succeeded in his designs to crush the British lion in 1588 the history of this Republic would have borne little of the English impress.

Sir Humphrey Gilbert sailed from there to take possession of Newfoundland; Sir Walter Raleigh, to colonize Virginia; and in 1620 the Mayflower spread her sails at the bar of Plymouth on her daring expedition to the new country.

To Plymouth men was given the first charter for trading with America, and to Plymouth men, also, King James gave a charter whereby the region which had been called "the North Parts of Virginia" was to be the domain of "the council established at Plymouth, in the County of Devon, for the planting, ruling, ordering and governing of New England in America." The first colonists of Australia (out the Botany Bay convicts) took ship

at this port for their home beyond the seas. Here also embarked the brave troops which fell in the Crimean war, and a year or so later the troops sent out to quell the Indian mutiny.

The principal sights of interest in Plymouth are St. Andrew's church, in the centre of the town, built in the fifteenth century, and restored by Sir Gilbert Scott in 1875; the old Guild Hall, now a museum of old books, drawings, paintings and portraits, among which is to be found a picture of the Pilgrim Fathers embarking at the bar; the castle of the Earl of Edgecombe, built in the reign of Henry VIII; the Eddystone Lighthouse, and the Citadel, on the east-

ern portion of the Hoe, constructed in 1616. Most interesting of all is the Hoe, a hill 100 feet above the sea, the top of which is laid out in parks and gardens and the most wonderful promenade in the kingdom. It was on this hill that the fabled wrestling match between the Trojan Corinaeus and the Giant Gogmagog (Gogmagog) took place. To Corinaeus, who held "it a diversion to encounter giants" was reserved the privilege of wrestling with this being "twelve Cubits high," after the Trojans had killed all his tribesmen. The Trojan apparently took little interest in the encounter until the giant had broken three of his ribs, which so provoked Corinaeus that, taking the giant on his shoulders, he ran with him to the shore and, "getting upon the top of a high rock, hurled down the savage monster into the sea, whizz, falling on the sides of craggy rocks, he was torn to pieces and colored the waves red with his blood."

To the world of arms, art and song Plymouth has made large contribution. Three Royal Academicians and president of the Royal Academy were born there. Among the painters are Sir Charles Eastlake, Samuel Prout, James Northcote, Benjamin Roberts Haydon, Solomon Hart, and many others, while Sir Joshua Reynolds was born four miles away, in the little town of Plymton.

**REVENGES FOR YPRES**

Answer to The German Idea That  
World Can be Reconstructed  
Merely by Material Force

New York, April 13.—The New York Tribune this morning has the following editorial, entitled "Well Done, Canada":

"Every American will feel a thrill of admiration and a touch of honest envy at the achievement of the Canadian

troops about Arras on Easter Monday and the following day. Nor should we forget that some thousands of citizens of the United States, serving under the flag of a nation now allied to us in the struggle against a common enemy, shared in the exploit.

"The glory of the Canadian fight at the Ypres salient, almost exactly two years ago, has been too little appreciated on our side of the northern frontier. Rarely in history have troops, volunteer troops, suddenly exposed to a flank attack through no fault of their own, but by the collapse of their neighbors, had to bear a more terrific blow than that which followed the first gas attack. Yet, in the midst of confusion, assailed by the appalling poison of German making, the Canadian volunteers stood and died as the British regulars had stood and died in the greater battle of Ypres of 1914.

**Comrades Avenged**

And now the Canadians have swept up the famous Vimy Ridge, which held the French veterans of Foch, and proved too great an obstacle for the genius of the greatest offensive fighter France has yet produced in the war.

After long months of waiting the Canadians have had their hour. They have had a chance to avenge their comrades, crucified by German brutes in Flanders; they have had the opportunity to write the name of Canada upon the war map of Europe, and their imprint will be remembered—in Germany quite as much as in America.

"We shall know later at what price this achievement was accomplished, but no price will be too high, and for Canada this day of victory will have a lasting value. For Canada, too, its value will be less than for the British empire. The Germans had prepared for the downfall of the British empire. His spies had labored in South Africa, in Australia and New Zealand, in Canada and India. The Bernhardt and their sort had forecast the collapse of the empire under the attack of German armies and fleets, and the secession of the colonies.

"The answer of India was spoken in the early and terrible days of the war, when an Indian corps stood shoulder to shoulder with the expeditionary armies in Flanders and helped to hold the thin line that restrained the wave of German barbarism threatening to engulf the world. Canada spoke at Ypres in the spring of 1915, Australia at Gallipoli in the summer, the response of South Africa was heard first in German West Africa in the conquest of that German colony and again in German East Africa, where the last remnants of German colonial power is collapsing under the pressure of South African and Indian troops. Baghdad, captured the other day, was also an achievement of Indian troops. In seeking to destroy an empire the Germans have consolidated it.

**German Scheming**

Nearly three-quarters of a million of Canadian and Australian troops have responded to the call of the British empire, more than half of them wearing the Canadian maple leaf. German plotting, German scheming, the wise plans of the professors on paper and of the German soldiers on the map have been answered in the only fashion in which it is possible to speak to Germans now. The praise of the Canadian and Australian is written in all the letters of German soldiers captured at the front. It finds its way into the official reports of German officers.

Americans will feel a certain envy in the thought that Canada has out-distanced us in reaching the battle line, which is the frontier of our common civilization. We shall take what comfort we may from the knowledge that among the Canadian forces are a considerable contingent of citizens of the United States; an unofficial vanguard, we shall trust, of that American army which is, in due course, to take its place along the French front. They are serving in their company.

Meantime no praise of Canadian achievement can be excessive. From the plains and from the mountains, from the cities and from the prairies, Canada has poured out her thousands and her hundreds of thousands; she has sent across the ocean an army greater than Napoleon ever commanded on any battlefield; her volunteer regiments have shown that same stubborn and tenacious quality which is the glory of the British army, and they have revealed also that dash and fury of attack, the initiative and resourcefulness which recall the armies which fought the Civil war from both sides of the Potomac. A democratic army, an army of citizens going voluntarily to the battle front, from the seas, waiting neither for the appeal nor the demand of the mother country, has thrust a wedge into the defence of tyranny and won its liberty not merely a few square miles of French territory, but a victory which makes answer to the German idea that the world can be reconstructed without regard to the spirit of man, merely by material force.

**U. S. Must Do Its Part**

Our entrance into the war should make a new bond between the Canadians and ourselves. One fraction of the western world has answered the call of the Anglo-Saxon settlers to build a new structure dedicated to humanity, justice, freedom, has sent back to Europe the ideals it has served in America. Let us trust that the time will not be long before our own fraction of America carries our flag to trench lines behind which, at bay, barbarism is making its final stand and tyranny still keeps the feet of Canada's citizens.

**ELEPHANTS ARE DOOMED**

May be Extirpated in the Same Way as the American Buffalo

It is yet a long time, no doubt, before the race of the elephants will pass; but the mighty pachyderm is none the less following the way of the American bison toward extinction.

From Cape Town comes a story that seems hard to believe, that of the death of the last elephant in Zululand. He died in captivity; the rest of the great herd that once roamed that country have been killed or driven away. They have been victims chiefly to the lust of

IN FIVE MINUTES NO SICK STOMACH, INDIGESTION, GAS

"Pape's Diapepsin" is the Quickest and Surest Stomach Relief

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can surely get relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapepsin, then you will understand why dyspeptic troubles of all kinds must go, and why it relieves sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapepsin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite, but what will please you most, is that you will feel that your stomach and indigestion are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapepsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gas, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach misery and indigestion in five minutes.

A Hun Sportsman

A rare instance of sportsmanship on the part of a German submarine commander is disclosed by the Liverpool Post, in the following extract from a letter written by a ship's captain: "My ship was sunk by a German submarine as soon as the crew and I had left in two boats. We struggled hard for twenty-six hours without coming in sight of land, and suddenly sighted the same submarine again. 'How are you getting on?' asked the German captain. 'Badly,' I shouted. 'Where do you wish to land?' was his next question. I replied by naming a point, and he took us in tow for 5 1/2 hours. So we got ashore, much exhausted, but without loss of life, though we had all expected to perish with the cold."

Woman's Greatest Weakness

A woman complained to the Wilkes-Barre magistrate that another woman living in the same house had for some time been opening all her letters and telegrams and returning them through the dead letter office. In consequence she had lost three situations and two invitations. Mr. Lee (the magistrate) "Why do you suggest she has done this?" replied Mr. Lee—"A woman's greatest weakness is curiosity, and I suggest that is why she has opened your letters. It is certainly a case in which the post office authorities should take action, and you should make application to them."

ORGANIZE CLUBS TO TILL THE SOIL

Typo Official Writes on Volunteer Gardening Movement as Means of Aiding Families

To the Editor of The Indianapolis News:

Sir—In the emergency which confronts the government under which we live there is an earnest, heartfelt desire on the part of all except a few to be helpful. Many are too old to offer their services to the army or to the navy. Many are not qualified either as orators or as writers to appeal to the patriotism of those who are eligible for active service. Even if all were so qualified, the problems which confront the nation will not all be solved through word, spoken or printed. There must be action—and results.

Those responsible for the administration of the affairs of the army and the navy will have plenty of suggestions from experts to guide them. Too many cooks are apt to spoil the broth. Experienced cooks, particularly, are not wanted, and we may as well admit that most of us are inexperienced. But we can be helpful. Let us volunteer to find the way, without waiting to be drafted.

From every large city there will be drawn hundreds, and in some instances thousands of men for the army and for the navy. Many of these men are the breadwinners for families or dependents who will suffer in more ways than one through their absence. No doubt a patriotic fund will be established, as in Canada, to assist these fathers, mothers, wives and children financially. So far, so good. But the home guard can do more.

Within reasonable distance of every large city—and frequently within its borders—there are hundreds of acres of uncultivated land. Many of the owners of this property will cheerfully and enthusiastically volunteer its use for the "plant an acre for the wives and kiddies" suggestion which the writer submits.

The land owner will volunteer, I am sure. Then organize the clubs, big and little—men, women and children, in every community. Instead of soliciting contributions to buy a bushel of potatoes, ask for contributions and volunteers to plant and cultivate an acre of potatoes, beans, onions, turnips, beets, any vegetables which are not quickly perishable. No doubt large tracts could be secured or rented cheaply in the vicinity of the military camps which will be established. Tractors are to be an important part of our army equipment, and why not put them to practical use while our rookies are learning to operate them? Tear up old Mother Earth and plant, plant, plant!

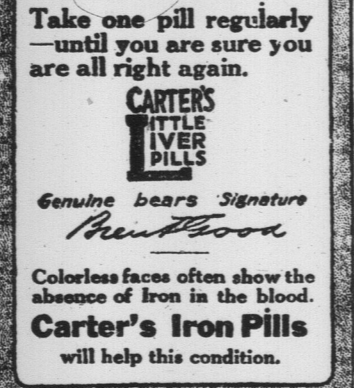

Let the regulars, the rookies and the boy scouts work one or two hours a day in the garden—their garden—for the harvest shall find its way into the homes of those they have left behind them.

No doubt, thousands of men, and women, too, will volunteer for the "plant an acre" army. The seeds and necessary implements will be inexpensive, compared with the results which will be obtained. The advice of the experts in

Are You Tied Up Indoors?

If so, your whole system naturally gets tied up too. A lazy liver and constipated bowels are bad things, dangerous things. Exercise as much as you can—but keep your liver and bowels up to the mark all the time. Take one pill regularly until you are sure you are all right again.

Colorless faces often show the absence of iron in the blood. Carter's Iron Pills will help this condition.

the national and state agricultural departments is at our command. And when the crops are harvested, there will be an abundant stock from which to supply the families of our soldiers and sailors free of charge all through next winter and until the next crops are gathered—if the war lasts that long.

The problems of transportation and distribution will be easily solved. And if, through the mercy of our all-wise Providence, these crops are not needed in our own country, we can help to appease the hunger of millions of old men, women and children in Europe. The greatest problem in Europe today is the food problem. There is an abundant supply of manure and fertilizer, and he can buy the ammunition and the guns. But Uncle Sam can manufacture potatoes, on beans, or onions or turnips. The home guard can organize the home guard in the "Plant an Acre" army. Let each daily newspaper plant a dozen acres. Let each fraternal lodge, each benevolent society, each woman's club, each trade union, plant an acre. Let there be no central organization with high salaries and executives to devour half the crop. Let each club stand on its own bottom, and on guard against impostors and drones.

Plant an acre for the wives and kiddies of Uncle Sam's soldiers and sailors! Do it now! In a few weeks it will be too late. Will you volunteers? MARDEN G. SCOTT, President International Typographical Union.

WHEN BUTTER COST FRENCH \$7.50 A POUND

The Days Of Siege Of Paris Are Recalled

Eggs Nearly 50 Cts. Each

The Investment of Paris by the Germans in 1870—Mice, for Food, Sold at Six Cents and Rats From the Drains Brought Thirty Cents

(A. C. H., in Glasgow paper.)

It may be interesting at this time, when we are warned that the strictest economy in food is necessary, to consider the position of Paris after the Germans decided to starve the city, and France into submission. It was on the 19th of September, 1870, that the government shot messages up in Paris and prepared the city for the rigors of a siege. The isolation was not quite so complete as was at first anticipated. The capital was still able by means of balloons and carrier pigeons, to communicate occasionally with the provinces, and through them with other countries. But personal communication was at an end, and letters were precarious and intermittent. The investment of the city was formally completed on the 23rd of the month.

From the beginning of the food question engaged the attention of the authorities, and daily it became more pressing. Priced rose with a bound. Horse flesh, to which the Parisians had been accustomed themselves for some years, was largely eaten, and the flesh of asses, mules and dogs was sold. Early in October the daily supply of meat was reduced to 2 1/2 ounces for every person in the city. The quality of the meat was so poor that the nation's appetites of bullocks' heads. Holders of wheat and flour were summoned to make a return of their stocks to the government. Beef and mutton were sometimes quite unobtainable. The wealthiest quarters of Paris a system of rationing was organized. The butcher's shops were open only twice or three times a week. Often the supply of meat was so deficient that people after waiting for hours were obliged to go away empty-handed.

Food Conditions in October

A newspaper correspondent, writing in October, said: "Horseflesh is abundant, and one may indulge in that without limit at the rate of 8d. per pound for the choice morsels. Some Parisians have learned to like it. There is flour in store for months, and ounces of wine. Coffee and rice are plentiful; salads, fruit and vegetables are still to be had, but at a high price. Eggs, not fresh laid, but good, cost 2 1/2d. each. Milk of course, is not to be had (except in small quantities) and worst of all, butter (even salt), lard, suet, and all kinds of fat, have disappeared from the market. Cheese cannot be had for love or money in all Paris. The women of the working classes are most to be pitied, especially the single women, for they cannot earn anything, and many are pinched faces as a result of being among them. Their fare was always poor, consequently they have not much strength in reserve to resist. The coffee and margin cut off in order to make them as light as possible, were dispatched by balloon post, and occasional parcels of coffee were sent. The Gauls, which prior to the siege had four large pages, was reduced to the size of a sheet of notepaper.

A Month Later

In November the food question became more acute. The capital was certainly not yet in the condition represented to the world by the over-sanguine Prussian journals, which kept announcing every week that Paris had only provisions enough for a few more days, and must speedily succumb. Ye signs of famine were apparent. In addition to horseflesh, dogs, cats, and rats were eaten, cleverly disguised and seasoned by the ingenuity of French cooks. Rats were sold at 7d. each, and the flesh was described as being very white and delicate, like a young rabbit, but with more flavor. At the beginning of November beef and mutton were served out at the rate of one and two-thirds of an ounce to each person. Prices of other foodstuffs were: Horseflesh, 1s. per lb.; ass and mule, 2s. 6d. per lb. The price of a goose was from 21s. to 26s., whereas before the war the bird fetched not more than 6s. 6d. Chickens were from 11s. to 12s.; a brace of pigeons could not be had for less than 8s. Ham was 6s. 6d. a pound. The anxiety to get food was the result of daily conflicts at the markets. The women literally fought for the articles for sale. An extract from a letter written at that time by a lady of good family says: "I was two and a half hours getting my piece of horse, and a very much pushed; but it was nothing to the meat crowd a few days later. The barrier was thrown down twice, and I was very much hurt. I don't remember how I got out. The women are like devils."

Rats and Mice Eaten

December came with matters getting worse. Paris was in no way of being relieved, and the troops in the town could not penetrate the ring of iron which the Germans had set up with their troops. Confident that before long the French would be forced to surrender, the enemy were anxious to wait on the knowledge that the inhabitants were slowly being starved into submission. But "accession is the mother of invention," and the ingenious Parisian chemists devoted their skill to the extraction of nourishment from substances not generally regarded as capable of yielding it. Bones, horns and hoofs were converted into a product which might have been called soap. Various kinds of greases and the fruit of the cocoanut

TUCKETTS MARGUERITE THE "3 FOR A QUARTER" CIGAR. It's high praise for a cigar to be called "almost as good as the Marguerite."

USE the right dentifrice to care for your teeth and your teeth will smile at you. CALOX THE OXYGEN TOOTH POWDER. McKESSON & ROBBINS, New York.

AUTOMATIC BURGLAR ALARM PHONES FOR HELP. Hereafter armed robbers that enter a bank and "cover" the cashiers with revolvers, preparatory to gathering up the money, may find that they are not so secure from attack as the submissive men in front of them would indicate, for the bank may be protected with a recently devised secret signal system that automatically telephones for help in such an emergency.

Your good looks may be your fortune. Who knows? Then why not keep your complexion fresh and clear, your hands soft and white, your hair rich and glossy. Cuticura will help you. Used every day for all toilet purposes, Cuticura Soap clears the pores of impurities, while little touches of Cuticura Ointment prevent little skin troubles becoming serious. Absolutely nothing better or purer.

MAN'S AS OLD AS HIS ARTERIES. THE failure of the arteries is one of the tragedies of modern life. Men in the very prime of life, and in the midst of business activities, are suddenly cut off. In many cases the blow comes before they realize their condition. And what is the cause? Most usually overeating and drinking, combined with too little bodily exercise. The blood becomes overloaded with poisons. The kidneys break down in an effort to filter the blood, degeneration of the arteries takes place, an artery in the brain bursts, a clot is formed and paralysis results. Or it may be an artery in the heart that gives way and causes heart failure. And how is this condition to be avoided? By moderation in eating and drinking, and by keeping the liver, kidneys and bowels regular and active. If you do not get sufficient exercise to accomplish this, it is necessary to use such treatment as Dr. Chase's Kidney-Liver Pills. It is only by the action of these organs that the blood can be purified and the poisons removed from the system. In using Dr. Chase's Kidney-Liver Pills you are not making any experiment, for they have no equal as a means of awakening the liver, kidneys and bowels to healthful activity. They prevent such serious troubles as hardening of the arteries, and thereby promote comfort and health and prolong life. One pill a dose, 25 cents a box, all dealers, or Edmondson, Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations disappoint.

Mother Why Don't You Take Nuxated Iron

And Be Strong and Well and Have Nice Rosy Cheeks Instead of Being Nervous and Irritable All The Time and Looking So Haggard and Old?—The Doctor Gave Some to Susie Smith's Mother and She Was Wonderful. Off Than You are and Now She Looks Just Fine.

NUXATED IRON WILL INCREASE THE STRENGTH AND ENDURANCE OF WEAK, NERVOUS, CAREWORN, HAGGARD LOOKING WOMEN 200 PER CENT. IN TWO WEEKS' TIME IN MANY INSTANCES.

THE CHILD'S APPEAL

There can be no Beautiful, Healthy Rosy Cheeked women without iron. F. KING, M. D.

"There can be no beautiful, healthy rosy cheeked women without iron," says Dr. Ferdinand King, a New York Physician and Medical Author. "In my recent talks to physicians on the grave and serious consequences of iron deficiency in the blood of American women, I have strongly emphasized the fact that doctors should prescribe more organic iron—Nuxated Iron—for their nervous, run-down, weak, haggard looking women patients. Pallor means anemia. The skin of the anemic woman is pale, the flesh flabby. The muscles lack tone, the brain fails, and often they become weak, nervous, irritable, despondent and melancholy. When the iron goes from the blood of women, the roses go from their cheeks."

"In the most common foods of America, the starches, sugars, table syrups, candies, polished rice, white bread, soda crackers, biscuits, macaroni, spaghetti, tapioca, sago, farina, degenerated cornmeal, no longer is iron to be had. Refining processes have removed the iron from Mother Earth from these impoverished foods, and silly housewives, by throwing down the waste pipe the water in which our vegetables are cooked are responsible for another grave iron loss."

"Therefore, if you wish to preserve your youthful vim and vigor to a ripe old age, you must supply the iron deficiency in your food by using some form of organic iron, just as you would use salt when your food has not enough salt."

"As I have said a hundred times over, organic iron is the greatest of all strength builders. If people would only take Nuxated Iron when they feel weak or run-down, instead of dosing themselves with habit-forming stimulants and alcoholic beverages I am convinced that in this way they could ward off disease, preventing it becoming organic in thousands of cases and thereby the lives of thousands might be saved who now die every year from pneumonia, grippe, kidney, liver, heart trouble and other dangerous maladies. The real and true cause which won the day simply because he knew the Store and all good druggists."

started their disease was nothing more nor less than a weakened condition brought on by lack of iron in the blood. On account of the peculiar nature of women, and the great drain placed upon her system at certain periods, she requires iron much more than man to help make up for the loss. Iron is absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much or what you eat, your food merely passes through you without doing you any good. You don't get the strength out of it, and as a consequence you become weak, pale and sickly in a soil deficient in iron. If you are not strong or well you owe it to yourself to make the following test: See how long you can walk or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. I have seen dozens of nervous, run-down people who were ailing all the while double their strength and endurance and entirely rid themselves of all symptoms of dyspepsia, liver and other troubles, in from ten to fourteen days' time simply by taking iron in the proper form. And this, after they had in some cases been doctoring for months without obtaining any benefit. But don't take the old forms of re-ironed iron, iron acetate, or tincture of iron simply to save a few cents. The iron demanded by Mother Nature for

secret of great strength and endurance and filled his blood with iron before he gave out any medical information or advice for publication as I ordinarily do not believe in it. But so many American women suffer from iron deficiency with its attendant ill-physical weakness, nervous irritability, melancholy, indigestion, flabby, sagging muscles, etc., and in consequence of their weakened run-down condition they are so liable to contract serious and even fatal diseases that I deem it my duty to advise such to take Nuxated Iron. I have taken it myself and given it to my patients with most surprising and satisfactory results. And those who wish quickly to increase their strength, power and endurance will find it a most remarkable and wonderfully effective remedy."

NOTE—Nuxated Iron, which is prescribed and recommended above by physicians in such a great variety of cases, is not a patent medicine or secret remedy, but one which is well known to druggists and whose iron constituents are widely prescribed by eminent physicians both in Europe and America. Unlike the older iron-iron products it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach; on the contrary, it is a most potent remedy in nearly all forms of indigestion as well as for nervous, run down conditions. The manufacturers have such great confidence in nuxated iron, that they offer to forfeit \$100.00 on any charitable institution if they cannot take any man or woman under 60 who lacks iron, and increase their strength 100 per cent or over in four weeks' time, provided they have no serious organic trouble. They also offer to refund your money, if it does not at least double your strength and endurance in ten days' time. It is dispensed in this city by Wasson's Drug Store and all good druggists.

Dr. Ferdinand King, New York Physician and Medical Author, tells physicians that they should prescribe more organic iron—Nuxated Iron—for their patients—Says anemia—iron deficiency—is the greatest curse to the health, strength, vitality and beauty of the modern American Woman.—Says warning against use of metallic iron which may injure the teeth, corrode the stomach and do far more harm than good; advises use of only nuxated iron.

the red coloring matter in the blood of her children, is also! not that kind of iron. You must take iron in a form that can be easily absorbed and assimilated to do you any good, otherwise it may prove worse than useless. I have induced many other physicians to give it a trial have all of whom have given me most surprising reports in regard to its great power as a health and strength builder. Many an athlete and prize fighter has won the day simply because he knew the Store and all good druggists."

You can tell the women with plenty of iron in their blood—beautiful healthy rosy cheeked women full of Life, Vim and Vitality

### PREMIER FOSTER IN VICTORIA GIVEN A GREAT RECEPTION

#### In Speech at Grand Falls Says No Graft Will Be Tolerated—Economy The Watchword—Wrongdoing of Old Ad- ministration Will Be Exposed

Grand Falls, N. B., April 13.—Hon. Walter E. Foster, premier of New Brunswick, who is a candidate for the house of assembly in the county of Victoria, received a magnificent welcome from the people of that county tonight. Not only was Premier Foster warmly received at Grand Falls tonight, where he was one of the speakers at a Liberal rally in the Opera House, but during his journey to this town today he was greeted heartily at the principal places through which he passed. This was true not only of Victoria, but also of York and Carleton. At McAdam, Woodstock, Hartland, Florenceville, Bath, Perth, Andover and Aroostook Junction delegations met the new premier, who was made acquainted with a large number of the electors. In all places his reception was most cordial and indicated that New Brunswick's business premier has the people with him.

His Worship Mayor Collins took the chair at tonight's meeting. The audience entirely filled the large theatre and gave the various speakers an attentive hearing. Those who spoke were Premier Foster, Hon. J. F. Tweeddale, minister of agriculture; James Burgess, ex-M. P.; Hon. L. A. Dugal, M. P., and F. B. Carvell, M. P.

Hon. Mr. Dugal spoke in French, in which language he is very eloquent, and was given a magnificent reception by the audience. Mr. Carvell also was given a great reception. There is every indication that there will be no opposition to Hon. Premier Foster and Hon. J. F. Tweeddale in this county.

Public opinion is the only agitation for the nomination of candidates against them comes from a small clique of "die-hards" which is not representative of the party. The openly expressed intention of the government supporters is to make any opposition candidate lose his deposit. Although the roads are breaking up, electors in the northern section of the county drove twenty miles to attend tonight's meeting. Among prominent Liberals from other sections of the county who were in attendance were Robert Crawford, of Perth; R. W. Deming, of Aroostook Junction, and John Corey, of Tobique. James Burgess, M. P., the first speaker, informed the audience that the object of the meeting was to receive his resignation as representative of Victoria and to accept Hon. Mr. Foster as a candidate in his stead.

### Swollen Joints

If people who are crippled with swollen joints—wrist, ankles and knuckles—could only be made to realize that the root of their troubles is in the kidneys and the bladder, it would be easy to get them to send for the free sample of GIN PILLS and put them on the way to recovery.

In Watertown, N.Y., Mrs. Alexander La Due, aged 73. For years she suffered from kidney trouble, trying various remedies and doctor's medicine. Then she read an ad. for **GIN PILLS FOR THE KIDNEYS**. He writes as follows: "I sent for two boxes. They did me more good than all the medicine I had taken. After I used the first two I sent for two more boxes, and I am satisfied, and also know, that GIN PILLS are the best kidney remedy made." All druggists sell GIN PILLS, 50c a box, 6 boxes for \$2.50. Sample free upon request to National Drug & Chemical Co. of Canada, Limited, Toronto U. S. Address—No. 200-202, Inc. 202 Main St., Buffalo, N.Y.

### Instant Relief for Biliousness

and other Liver Troubles

The astonishing efficacy of Dr. Cassell's Instant Relief is due to its toning effect upon the liver and bowels. It gives strength to the organs and helps them back to health and natural action. In other words it enables the system to cure itself. Don't weaken your liver with purgative pills or morning salts, don't get the salt-taking habit; let Dr. Cassell's Instant Relief bring you natural and therefore lasting cure.

Dr. OHAS. F. FORSHAW, D.Sc., F.R.M.S., a well-known British Scientist, writes:—"Never take Salines or Purgatives for Constipation—to force Bowel action is to aggravate the trouble and create the Constipation habit. I recommend as a superior and convenient treatment Dr. Cassell's Instant Relief."

Price 50 cents from all Druggists and Storekeepers, or direct from the Sole Agents for Canada, Harold F. Ritchie and Co. Ltd., 10, McCaul Street, Toronto. War tax 1 cent extra.

Dr. Cassell's Instant Relief is the companion preparation to Dr. Cassell's Tablets.

Sole Proprietors: Dr. Cassell's Co., Ltd., Manchester, England.

### Dr. Cassell's Instant Relief

### CHILD GETS SICK CROSS, FEVERISH IF CONSTIPATED

"California Syrup of Figs can't harm tender stomach or bowels."

A laxative today saves a sick child tomorrow. Children simply will not take the time to play to empty their bowels, or to become clogged up with waste, liver gets sluggish; stomach sour. Look at the tongue, mother! If coated, or your child is restless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has some throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, severe bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a genuine bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."

To Prevent Sickness, Trainsickness and Nausea

Officially adopted by Steamship Companies on both fresh and salt-water voyages. It is the highest authorities—used by travelers the world over. It is the most Dependable Preventative of Nausea. Contains no cocaine, morphine, opium, or any other harmful ingredients. Sold by leading druggists. See box enough for 24 hours. **Mothersill's Travel Book sent upon request, without charge.**

understand, there have been and are some rumors of the by-elections of the different ministers being continued, and if these rumors are correct, it will be early in May before the returning officers are enabled to make their proper declarations as to the result of the contest. We do not fear the result of any contests in any county. The verdict that was given on Feb. 24 will only be emphasized no matter in what constituency the question is asked of the people.

**Graft Undreamed of.**  
"And it is quite proper that this should be so. Many statements were made during the campaign by the opposition of which I was then leader concerning transactions of the old government, and while we have not had a few days in office I want to say to you in this, my first public utterance to the people, that what investigations we have made into the public business have justified fully, not only any and every statement that was made but have led us to believe that there are many transactions in the province which we did not dream of when in opposition.

"My ministers are making discoveries in their department of the extravagance and recklessness with which your money was spent in the conduct of the public business. I may refer particularly to many transactions in the public works department, especially since it has been under the control of the Hon. E. Frank Smith. During his regime a sum aggregating nearly \$160,000 was, I consider, spent in a most wasteful manner upon the roads of the province at a season of the year up to the time of falling snow when but little benefit could accrue to the highways. Huge shipments of material were purchased and stored all over the province. Some of it was paid for but much of it was not. It was piled in heaps, and left in the open, exposed to weather and deterioration, and none of it, even when housed, was insured. I have a rider plan which cost between \$16,000 and \$12,000 was placed in sheds in a most dangerous location and left there without a cent of insurance. The people of this county, in fact the people of the province, will be glad to hear my statements when I say that according to the books of the auditor-general which I have personally examined, this large expenditure of \$160,000 was intended to be made a part of the permanent bonded debt of this country. In addition to this I have discovered parties who from documents on the files in the public works department that the Hon. Mr. Smith ordered ten large motor trucks costing in the city of Cleveland, Ohio, the tremendous sum of \$5,700 each. To this must be added the freight and other charges, so that the truck when landed here in New Brunswick would cost this province between \$8,000 and \$9,000 each. I have also discovered that Mr. Smith also ordered from the same company ten smaller trucks so that the whole amount to be expended in this direction was nearly \$120,000. And when do you think this order was given? Just eight days before election day, or in other words on Feb. 16. The people can draw their own conclusions, but I can assure you that the matter will be fully investigated and ventilated as soon as possible.

No Graft to be Tolerated.  
"While I am speaking about the roads and the reckless expenditure upon them and the mismanagement in connection with them, let me assure you that I hope the day is past when there will be any graft or such reckless expenditures in this department. I have every confidence in the new minister of public works. He is energetic and practical and will meet the views of the people so far as the public interests are concerned.

"I know that I can say that with respect to every member of my government, I believe that Hon. Mr. Tweeddale, the minister of agriculture, is already meeting with some problems which no doubt he will acquaint you with himself, but I have every confidence also that he will be able to grapple with the difficulties that present themselves and act always in the interests of the agriculturists of the province.

The Valley Railway.  
"My government is going ahead with the construction of the Valley railway, but I trust we are going to do it more honestly and economically than the work has been carried on in the past. I regret to inform you that so far my investigation into the affairs of the railway have not been very satisfactory. More money will have to be provided to complete the road, both from Gagetown to Westfield and from Centreville to Andover. With another government in power at Ottawa and a renewal of the subsidy from Andover north, I hope the day will come when the government can make that long promised connection with the Transcontinental which at the beginning was the principal object in view in constructing this important road. I do not want to take up too much of your time upon matters which may be discussed more fully in the near future, and particularly in the legislature."

was an honor to the premier to represent a constituency with such water-powers, such agricultural lands and such natural resources.

Most Economize.  
"We must economize. The war for freedom which has assumed such tremendous proportions, the war in which so many thousands of our New Brunswick sons are engaged, has placed upon the people of New Brunswick as well upon the nation a responsibility for economy that cannot be ignored. Governments as well as individuals must respond to the demand that every bit of wealth and every resource that we have shall be treasured and guarded most carefully. Therefore it is that the new government of New Brunswick has a greater task before it than perhaps any administration in the history of our province. We shall need everything we have, every dollar we can raise, not only to help those who are at the front but to assist in providing for them when they return. I feel so strongly upon this point that I think we should economize even in our public services.

Money Must Be Spent Honestly.  
"The loyal and patriotic men of the party in power should see to it that every dollar of public money is spent honestly and is spent well."

Hon. Mr. Dugal.  
Hon. Mr. Dugal followed his remarks being in French.

Hon. Mr. Tweeddale.  
Hon. J. F. Tweeddale, minister of agriculture, followed Mr. Dugal. He thanked the electors for the magnificent vote given him and Mr. Burgess on February 24. He denied point blank the statement of certain conservative newspapers that he and his colleagues had used an anti-conscription canvass. At no time was conscription mentioned in having Hon. Mr. Foster come to Victoria to secure a seat the high honor had been given the county. The premier had selected Victoria out of a number of available constituencies. In Mr. Burgess the county had possessed a valuable representative who had done much for his constituency. His connection with the Blue Bell tract purchase was particularly creditable and it was regrettable that during the past nine years that those lands had not been properly administered.

Hon. Mr. Tweeddale strongly criticized the policy of the late government with regard to the St. John & Quebec Railway. A connection with a trunk line was imperative if a burden of direct taxation to meet interest charges was to be avoided.

Mr. Tweeddale said there were rumors of a contest in Victoria although public opinion was against one. He did not believe that the electors would stand for a contest.

F. B. Carvell, M. P., was given a rousing reception when called upon. He said he had no intention of making a lengthy speech. He did, however, wish to take the opportunity of dealing with a statement of Titus J. Carter to the effect that a man had said at Grand Falls that he (Carvell) had employed an anti-conscription canvass in the recent provincial elections. His information was that the statement never had been made at Grand Falls. So far as Mr. Carter was concerned, if he wished to follow up that line of conduct let him

**Suffer With Heart  
For Ten Years**  
Would Nearly Smother

There is nothing that brings with it such fear of impending death as to wake up in the night with that awful sense of smothering. The uncertain and irritable heart action causes the greatest distress of both mind and body.

Milburn's Heart and Nerve Pills are ready to remedy that can give prompt relief and effect a complete cure in cases of such severity.

They strengthen and invigorate the heart, so that it beats strong and regular, and tone up the nervous system so that the cause of so much anxiety be a thing of the past.

Mrs. M. O. McCready, Wapella, Sask., writes: "I am not much of a believer in medicines, but I feel that it is only right for me to let you know what your wonderful remedy has done for me, and in a very short time, too. I had suffered terribly with my heart for nearly ten years, could scarcely do any work, and would nearly smother at times. I had for a time, I got a box of Milburn's Heart and Nerve Pills and felt so much better that I kept on using them, and can truthfully say I feel like a new woman."

"I would advise anyone with heart trouble to use Milburn's Heart and Nerve Pills at 50c or three boxes for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

**Doctors Fail**

"Terrible case of Eczema—contracted when a mere boy—fought disease for ten years, with half dozen specialists. Both legs in terrible condition. Almost a nervous wreck. It took just 8 bottles to clear up this disease."

This is the late testimony of a prominent newspaper man. His name and his remarkable story in full on request. We have seen so many other cures with this marvelous liquid wash that we freely offer you a bottle on our personal guarantee. Try it today. E. Clinton Brown, Druggist, St. John, N. B.

## OLIVEINE EMULSION

Messrs. Frasier, Thornton & Co., Limited, Cookshirts, Que.  
Dear Sirs:—My children and I are just recovering from a very severe attack of whooping cough. We used three bottles of your "Oliveine Emulsion" and would not be without it in case of coughs or colds. I never took anything that helped me so, staying the cough and keeping me from becoming run down during this trying sleep, which every other remedy does so much in cold weather.

Sincerely yours (signed) Mrs. L. B. Mellich, Montague, P. E. I.

I cannot recommend your excellent medicine highly enough. It has done me so much good we will have no other in the house. I had a cold and was weak and run down, but "Oliveine Emulsion" has completely cured me, and I feel better than ever. I will do my best to recommend "Oliveine Emulsion" to my friends.

(Signed) Katie McDonald, DeSable.

Dear Sirs:—I am taking your "Oliveine Emulsion" and it is the best Emulsion I ever used. I cannot praise it enough and think it worth its weight in gold.

(Signed) Jessie Dubar, Upper Durham, N. B.

Messrs. Frasier, Thornton & Co., Limited, Cookshirts, Que.  
Dear Sirs:—I am writing to let you know how much good your "Oliveine Emulsion" has done in my family. I think it is the best medicine I ever used for colds. My children all had had colds and the "Oliveine Emulsion" soon relieved them of their coughs. I cannot say enough in praise of "Oliveine Emulsion." It does all you claim.

(Signed) Mrs. W. C. Wilson, Little River, Halifax Co., N. S.

Messrs. Frasier, Thornton & Co., Limited, Cookshirts, Que.  
Dear Sirs:—Your "Oliveine Emulsion" is without exception the best medicine I ever used for colds. I have used it ever since its introduction here, and I think it will be hard to be improved upon.

(Signed) Mrs. Wm. A. Swin, Clark's Harbour, N. S.

Messrs. Frasier, Thornton & Co., Limited, Cookshirts, Que.  
Dear Sirs:—I thought I would write and tell you the good your "Oliveine Emulsion" has done for me. I was run down and could not do a hard day's work. I heard of "Oliveine Emulsion" and got a bottle. The first dose did me a lot of good, and I have since taken four bottles and now weigh 307 lbs. I shall never do without it in my house as long as I can get it. I have told a number of my neighbors about your "Oliveine Emulsion." Nothing ever came my way which did me as much good, and I appreciate it very much.

Argentine Ship Sunk; People Are Enraged

Huns Torpedo Another British Hospital Ship, Gloucester Castle, in English Channel—A Danish Ship is Also a Victim—Reports of Raiders and U-Boats at Large Are as Yet Unconfirmed.

Buenos Aires, April 13—The Argentine sailing ship Monte Protegido has been sunk off the European coast, according to an official announcement made here today.

London, April 13—The British hospital ship Gloucester Castle was torpedoed without warning in the English Channel on March 30.

Washington, April 13—Many reports of German raiders and submarines lying in wait near American ports to destroy commerce reached the navy department today through civilian channels, but official confirmation was consistently lacking.

The British steamer Gloucester Castle, 7,500 tons gross, was built in Glasgow in 1911 and owned in London.

London, April 13—The Associated Press today carries the following: "Reports of the torpedoing and sinking of the Danish steamship Daisy, and the British schooner Greenwood, by German submarines in the Mediterranean, were brought here today by survivors of the two vessels who were passengers on a Spanish steamer."

Acting under orders, they said, the survivors declined to relate any details of the sinkings. According to maritime records, the Daisy was of 1,227 tons gross register, built in 1907, and the Greenwood, of 71 tons net register, built at Sheburne (N. S.) in 1901.

Many Rumors; No Foundation. Secretary Daniels said they were without their way from Newfoundland to an Italian port.

Washington, April 13—Many reports of German raiders and submarines lying in wait near American ports to destroy commerce reached the navy department today through civilian channels, but official confirmation was consistently lacking.

Secretary Daniels said the vigilance was being exercised, and although hundreds of rumors had been investigated no basis in fact had been found for any.

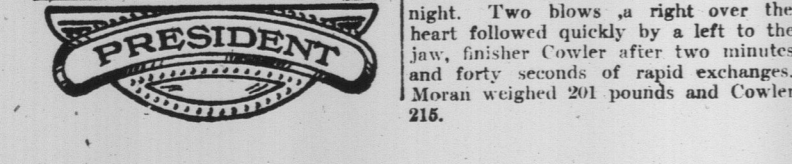

The most persistent report was that of a German submarine in the South Pacific. No naval vessels or official agency, however, has been able to confirm it.

Another great task is feeding and clothing the helpless Russian millions now dying of cold and hunger.

UNITED STATES ARMY TO HAVE MODERN EQUIPMENT

War Department Makes Arrangements to Obtain Every Up-To-Date Device for Use of Soldiers

Plans for equipping the new army of the United States with every effective appliance of modern warfare have been perfected to the last detail, officials of the war department announced on Sunday.

Experts have profited by the European war and the American soldiers, it was said by way of illustration, will not be unprepared against poison gas attacks if they go to the European trenches.

One article of equipment is a heavy steel helmet much after the French pattern, which resembles an inverted saucer.

The helmet weighs nearly four pounds. A pattern also has been adopted for masks and other devices used in warding off gases liberated by the enemy.

Estimates have been made on the price and number required and arranged.

ments perfected by which a sufficient supply can be turned out in a short time.

Estimates also have been made on 3,000,000 hand grenades on pump-action and trench guns; in fact, on every device which has been used in the European war and found to be serviceable and effective.

Army officers expressed gratification Sunday at the apparent conviction of President Wilson and Secretary Baker that, since the United States has found war with Germany unavoidable, the nation must enter it with every resource.

There was much satisfaction with the statement of Secretary Baker on Sunday that in view of the emergency there was no alternative to selective conscription.

There had been some doubt as to the enthusiasm with which the secretary would embrace this principle.

The remainder of the National Guard is to be called out, but the orders will await the passage of the new military bill by Congress.

This, army officers explained, was to give the federal government executive authority over the guard.

Called in view of the emergency there was no alternative to selective conscription.

Betting on League Race  
A tour of four places in New York where big bets are made on baseball disclosed the fact that the Giants are 6 to 5 favorites for winning the National League pennant, and ardent followers of the club are showing signs of worry. Never in diamond history has a lower priced favorite carried off the honors. There is a belief that such a responsibility is too much for a team to carry, and Giant fans are anxious. Thousands of dollars have been wagered in Pittsburg at that price.  
Most of the big betting in baseball is done at Pittsburg and New York, and it might be of interest to note the prices paid against other clubs. You can get 3 to 1 against any other team in the National League. For teams like the Reds, the Pirates and the Cardinals you can practically write your own ticket. The Dodgers are 2 to 1 and the Braves can be had at the same price.  
In the American League there is no favorite. Yanks, Red Sox, White Sox and Tigers are all 2 to 1, and you can have your pick. The gambling element believes none of these four clubs has a chance.  
Highlanders Sell Knaupp

ANOTHER ROARING HUGHIE MACK COMEDY

Red Sox Want Wally Schang  
Manager Barry Anxious to Make a Trade With Connie Mack  
New York, April 14.—Among the Red Sox a story is in circulation tonight that Manager Jack Barry is ready to make a trade of some kind with Connie Mack for Wally Schang, the Athletics' star catcher. Barry and Schang are old friends. Schang recently had some trouble over a new contract and is said to be anxious to play in Boston.  
Barry, if he can swing the deal, is prepared to part with a catcher, a pitcher, an infielder, and an out-fielder for Mack's noted backstop, so the story goes. There may be nothing in it, in as much as Mack considers Schang the best catcher in baseball not excepting Schalk, of the White Sox.

Had Severe Cold  
PAIN IN CHEST  
SPASMODIC COUGHING  
Many people when they contract a cold do not pay any attention to it, thinking perhaps it will pass away in a day or two. This is a mistake for before they know it, it has settled on the chest. Too much stress cannot be laid on the fact that on the first sign of a cough or lumps, cold it must be gotten rid of immediately, otherwise it may cause years of suffering from some serious lung trouble.  
Mr. A. George, 30 Blevin's Place, Toronto, Ont., writes: "Having greatly benefited from your remedy, Dr. Wood's Norway Pine Syrup, I take the liberty to write you a few words about the effect of that wonderful syrup. Two years ago I caught a severe cold followed by a spasmodic cough and pain in my chest. I was treated by many doctors but without any benefit, and also took many proprietary medicines which all failed to cure it. One of my friends recommended Dr. Wood's Norway Pine Syrup, and after using three bottles I was cured. I recommend it to anyone as a God-sent remedy."  
"Dr. Wood's" is put up in a yellow wrapper, three pine trees the trade mark price 25c and 50c.  
Manufactured for the past twenty-five years by The T. Millburn Co. Limited, Toronto, Ont.

Will Hold Famous Marathon  
Boston, April 11.—The American marathon race, held here annually for the last twenty years under the auspices of the Boston Athletic Association, will be renewed on April 19, the date of the association decided today. The committee had considered the advisability of abandoning the contest this year because of the war, but the marathon had its origin in the performance of the Grecian soldier, Pheidippides, in running from the Plains of Marathon to Athens with official dispatches. It was decided that the event would be in keeping with the martial spirit of the times.  
Entries for the fifty mile race will include leading distance runners of Canada, a representative of Greece, and athletes from Chicago, New York, Philadelphia and other cities.  
DOG RACING  
One Team Scattered by Storm  
Nome, Alaska, April 12.—Emerging from a terrific blizzard, three dog teams confronted the contest today for honors in the All-Alaska sweepstakes. The 412 mile dog sled race, driven by Paul A. Kjelstad, was out of the race, having been scattered by the storm, and one dog killed.  
The teams left Nome on Monday, the course being to Candel, on Kotzebou Sound, and return. On the outward stretch teams of Leonard Seppala and Fred Jensen were at Fish River, 112 1/2 miles from Nome, last night, and Victor Anderson's at Boston Road House, 107 miles out.

Jacobson to Join the Toronto Club  
Former St. John Player Has Been Let Out By Chicago—Lacks Experience  
Toronto, April 12.—Two new outfielders will join the Leafs tomorrow. The Toronto Baseball club will leave nothing undone to have its team well balanced and strong enough to make a fight for the pennant from the day the season opens.  
President McCaffery announced last night that outfielders Jacobson and Lynch had been secured from the Chicago Nationals yesterday. Jacobson was discovered in the Texas League, that home of good ball players, by "Sinister Dick" Kinella, the New York National League scout. McGraw took him up and turned him over to Rochester last spring. When McGraw got "Heinie" Zimmerman from the Cubs, Jacobson was one of the players who went to Chicago in the deal. Jacobson is a youngster who can field and run bases quite well enough for International purposes, but who lacks the experience necessary for the big show.  
At least two capable pitchers are needed by the Leafs to round out a formidable team. President McCaffery is now in Detroit, where the Tigers and Cleveland are playing a series. The much needed fingers will be landed, one, from Detroit or the Indians, from some other club.  
Note—Jacobson is well known in this city, having played with the St. Croix club in the New Brunswick and Maine League and later with the Marathons.

LABOR AND BUILDING SHIPS  
To the Editor of The Times:  
Sir—In the Times of April 12 is some information on the above subject that perhaps we can do something to. About the time of the Marco Polo's construction at the Marsh bridge yards a person who iron-kneed that vessel, said at the time to be the first ship to be so strengthened. When launched she ran that her stern had formed a wedge-like shape on the outside stern, thus giving the ship as free an entry on leaving the water as the bow form had for leaving the water.  
The iron knees without breaking took the strain where wooden knees would have broken, and in this sharp form behind she became the fastest vessel of her period.  
The builder of the iron knees at the time or thereafter had imparted to us that the trouble then brewing—a ship-laborers' strike—was likely to drive the trade from the city, as there had been two or three strikes in quick succession, and on the last effort did effect what the iron-knee worker feared, as all the hullers concluded to give up the business together, and thus the ship-building workers scattered away from St. John and entered other occupations or found work in the States or Nova Scotia where I have noticed in later years

ONCE UPON A TIME  
A little girl ran away from an orphanage. She ran as far and fast as she could, until she reached what she thought was the very end of the world. Then she stopped, not because it was the end, but because there was a man standing in her way. And she liked the man! This is the charming love story that forms a background to the exciting incidents of WM. FOX'S winsome story of a waif's adventures.

LISTEN TO THIS! SAYS CORNS LIFT RIGHT OUT NOW  
You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison, are now told by a Cincinnati authority to use a drug called frezone, which the moment a few drops are applied to any corn, the soreness is relieved and soon the entire corn, root and all, lifts out with the fingers.  
It is a sticky ether compound which dries the moment it is applied and simply shrivels the corn without inflaming the skin. It is claimed that a quarter of an ounce of frezone will cost very little at any of the drug stores, but is sufficient to rid one's feet of every hard or soft corn or callus.  
You are further warned that lotting at a corn is a suicidal habit.

Germans Spread White Plague?

Infected French Civilians With Dread Disease Before Retiring, is Charge Made

New York, April 13.—That the Germans made a deliberate attempt to spread the white plague through France is the opinion of Dr. Theodore C. Beebe, distinguished Boston pathologist, who has charge of the laboratory of the American Ambulance Hospital at Neuilly, France.

The staff correspondent of the New York World in Paris, summarizes results of investigations made by Dr. Beebe, all tending to add this horrible crime of deliberately spreading tuberculosis to the long list of atrocities which already blacken Germany's war history.

German doctors told the French people that smallpox was epidemic and it was necessary to vaccinate everybody.

"It is a highly significant fact that only those who have been vaccinated have developed tuberculosis," said Dr. Beebe, "whereas unvaccinated children are suffering from pneumonia and other diseases, and unvaccinated older people, while extremely ill, show no signs of tuberculosis. This state of affairs must naturally point grave suspicion toward the German practices."

Both Drs. Calliez and Caquille agreed with Dr. Beebe that it would be impossible to know positively if the German doctors injected germ cultures of tuberculosis or merely tuberculin as a preventive against consumption, or real vaccine as a safeguard against fancied smallpox, without being present at the time of injection and examining the serum used, as the result of these injections would be roughly the same—an eruption on the patient's arm, and so forth.

"No hell is too deep for people who would commit such a crime," said Dr. Beebe, to Elliott Fitch Shepard, who is still caring for sixteen refugees in his home, three having died.

"Although the injection might have been either vaccine or tuberculin, from what we know of the Germans, especially soldiers in the field, we do not look for any humane acts from them, like vaccinating people to safeguard their health," said Dr. Beebe. "If these vaccinations took place when the Germans first invaded France one might think it was to keep the people healthy so the soldiers would not catch any diseases."

"But all these refugees agree that in no cases were vaccinations made prior to a month or six weeks before the evacuation, in other words, when it became apparent to the Germans that they must retreat."

"Too bad, Dr. Beebe," added Dr. Caquille, "that you did not get here sooner, as nearly all the tuberculosis cases turned into quick consumption, and the victims died off like flies."

Land Grants For Soldiers

Hon. Robert Rogers Outlines Scheme for Gift of 160 Acres And Loan of \$1,500 With Course of Training

London, April 14.—The Canadian Associated Press is informed that the memorandum submitted by the Hon. Robert Rogers and Bruce Walker to the Empire Land Settlement committee, endorsing the dominion proposals for the settlement of ex-soldiers in Manitoba, Saskatchewan and Alberta, contains the following proposals: "The Canadian minister of the interior would reserve large areas of suitable lands in the prairie provinces for settlement by ex-servicemen, the administration of which is to be in the hands of a settlement board. It is proposed to grant approved ex-servicemen 160 acres each of crown lands, and the following persons are entitled to participate in the free gift of land: Honorably discharged soldiers, sailors who enlisted for active service in the naval forces of Canada during the present war, soldiers and sailors domiciled in Canada at the outbreak of the war and afterwards engaged in active service, and widows whose husbands died during active service.

In addition to the 160 acres of land, the settlement board would be empowered to grant a loan of \$1,500 to each approved person to cover the cost of a house, barn, implements, stock and preparing the land for cultivation. The loan shall constitute a first charge on the homestead, and be advanced at a low rate of interest, repayment to be made within fifteen years. All applicants shall have sufficient farming experience or training before being eligible. Inexperienced agricultural workers are to be trained on demonstration farms of the various governments.

Women Discuss Cost of Living

Mass Meeting Under Auspices of Housewives League Hears Much Practical Advice

An idea of what the women of St. John can do to reduce the high cost of living was brought forcibly out in the Opera House yesterday at a mass meeting under the auspices of the Housewives League. Miss Hazel Winter of Fredericton, provincial supervisor for the Women's Institute, was the chief speaker and she laid out some very valuable and practical suggestions as to how the women can promote economy and thrift and create new interest in the trend of affairs and further broaden the scope of activity of women in the world war.

Mayor Hides spoke briefly to the large audience. He urged the people to practice what they preached in the way of thrift.

Mrs. J. W. Lawlor, president of the Housewives League, said that the women today were chiefly responsible for the high cost of living. She said the people pay the high prices demanded without even asking the reason for such prices.

Mrs. E. B. Hooper, corresponding secretary of the league, took up housekeeping as a business and running the household on a business basis. She outlined many causes responsible for financial difficulties.

Miss Winter followed with the address of the afternoon. She took as her subject Women's Responsibilities at the Present Time, and pointed out how thrift, production and patriotism had become so closely connected as to be synonymous. She said that the man of thrift earns largely, plans carefully, manages economically, spends wisely and saves consistently. She also outlined ways to economize.

Miss Isabel Brown, Dominion secretary of the League of Honor of Toronto, and who is connected with the Ontario Thrift League, told how the women of Toronto promote thrift and economy.

Mrs. Lawlor then said that she hoped many new members would join the Housewives League. The mayor then made a few remarks and the meeting was closed with the singing of the National Anthem.

Was a Nervous Wreck But is Now Well Again

What Dodd's Kidney Pills Did for Alberta Woman

Miss E. M. Shannon Suffered for Years from a Score of Ills and Found Quick Relief and Cure for All of Them in Dodd's Kidney Pills.

Junkins, Alberta, Apr. 13th.—(Special)—One more splendid cure by Dodd's Kidney Pills has been added to the long list that have made the great Canadian kidney remedy so popular in the west. Miss E. M. Shannon, who lives on a farm near here, was a nervous wreck. Today she is strong and well. Dodd's Kidney Pills cured her.

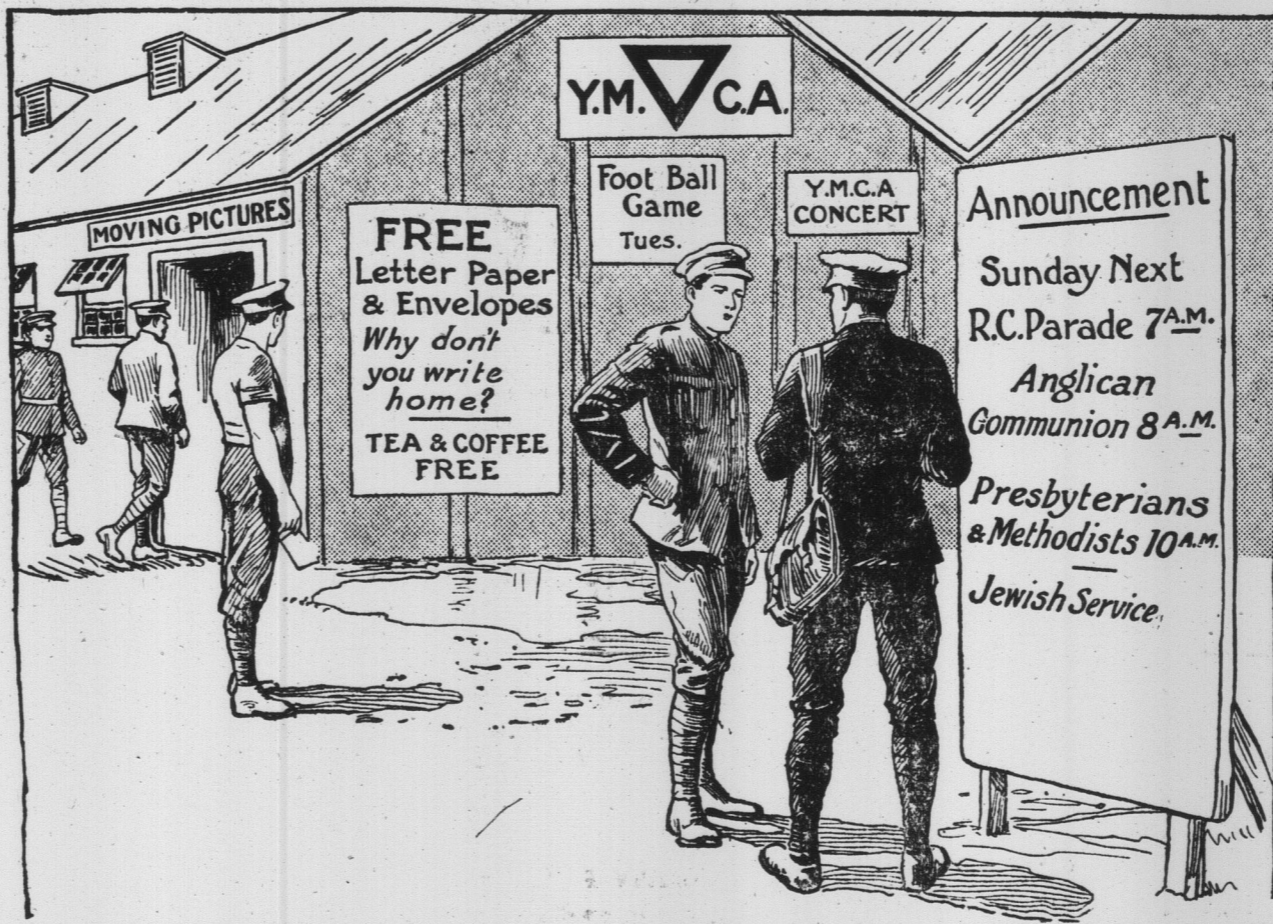

"I was a nervous wreck before I started to use Dodd's Kidney Pills," Miss Shannon says in telling her story. "My trouble started from a strain, and I suffered for years. I had cramps in the muscles, my joints were stiff and I could not sleep well. My appetite was fitful, I was always tired, my eyes were puffed and swollen and had dark circles under them. I was depressed and low spirited. There was a heavy dragging sensation across my loins and my skin itched and burned at night.

"When rheumatism and neuralgia were added to my troubles I consulted a doctor, but got no lasting relief. I took three and a half boxes of Dodd's Kidney Pills. I cannot speak too highly of what they have done for me."

Every one of Miss Shannon's ills was a symptom of kidney trouble. That is why she got such quick results from Dodd's Kidney Pills.

Dance, Concert and Social A dance, concert and pie social held under the auspices of Union Jack Lodge No. 35 P. A. P. B., in their rooms, Simonds street, last evening was a success. An excellent concert programme was given by Miss Spencer, Mrs. Hamilton, C. Kane, Miss Hunter, Miss Wilson, Mrs. Baird, Miss Stella Anderson, W. Spencer, Arthur Jones, Miss A. Bennett and Miss T. Bailey. Mr. Spencer acted as auctioneer at the pie social. The committee in charge consisted of Harold McCall, J. M. Howe, Ernest Morrill, Thos. Morrill, A. Wheaton, B. Logan, Thos. Hunter and W. Spencer. The proceeds will provide boxes for the boys at the front who are members of the lodge and for their families at home.

Warm and Fairer Miss Passé—"How is the weather, Marie?" The Maid—"Fresh and windy, madame." Miss Passé—"Very well. Put a healthy flush on my cheeks this morning. I'm going out."

Be Generous!

VAINLY do we endeavour to realize the terrible hardships of army life which Tommy endures so bravely for our sake. Try to imagine yourself, after a weary march of many miles, hurried into the firing line; picture those terrible days and watchful nights amid the rushing of "whizz-bangs" and screaming "coal-boxes," those weary, trying hours of tense nervous strain and extreme physical endurance that test men's very souls. Meanwhile Grim Death stalks alert and ready—always!

After those boys of priceless worth have withstood the strain, thankful are they to be alive, thankful for the bit of strength left to get them back to lonely billets, but with still the merry jest in spite of all! Are they not ready for a bit of extra relief which you can provide? What magnificent heroes! And yet all this is but their routine duty! What of the strain and terrors of actual battle! Where is the man or

woman in all Canada who could withhold from them one single comfort! Unthinkable! "Do you know what 'fed up' means? Ask the Tommy who has spent seven days in the trenches in the wet and cold. Come into a bright and cheery Y.M.C.A. 'hut' for two or three hours before going to that billet of yours in some barn—then place your value on the work of the Y.M.C.A."

Help the Y.M.C.A. to help the soldiers

On your behalf, for the welfare of your boys in that vast line of military camps from Vancouver to the firing line in France, the Y.M.C.A. Military Service Department spent about \$50,000.00 during the period from August, 1914, to April, 1916. It was far from enough to go around.

generosity towards our boys. We must provide for them, not only in England and France, but in Military Camps all over Canada. Your boy must be started right!

The poor widow sends her mite. The soldier sends part of his pay. One officer sent \$50; another sent \$100 from France, "being a donation of the officers, N.C.O.'s and men of the unit as an expression of appreciation of splendid work." We ask you, for the sake of your boys—be generous according to your means.

six months. \$500 will furnish small "hut" (25 ft. x 100 ft.) in France.

Many "huts" in France bear the names of dead heroes. These huts were built as memorials.

If the Y.M.C.A. Representatives do not reach you personally, send your offering by cheque, post office order or registered letter to Treasurer of Y.M.C.A. Military Committee (address below). Make cheques payable to Treasurer of Y.M.C.A. Military Committee.

Write for illustrated paper giving extended reports of Y.M.C.A. activities, soldiers' stories and letters from the front.

Some Suggestions:

\$7,500 will erect and furnish large hut in England. \$6,000 will erect, but not furnish, large hut in England. \$2,000 will erect, but not furnish, small "hut" (25 ft. x 100 ft.) in France. \$1,500 will maintain special Y.M.C.A. evangelists among the troops for
