Entries Coming Faster For Evening Times Carnival Queen Contest

Some of New Pictures, Made for Miss St. John Competition, Now Being Sent In—More Photos to be Published Tomorrow.

Nothing, since the first announcement of The Times Carnival Queen Contest was announced, created so much interest in the competition as the publication, yesterday, of the first picture of the entrants. This is being followed today by the reproduction of the photograph of Candidate No. 2, who is a distinctly different type from the lady whose picture appeared yesterday. She is a brunette. It is a coincidence, that her home is in the same area as that of Candidate No. 1—Duke street. It is not to be taken from this, however, that the beauty of the city is concentrated in that one locality, as the contestants already entered represent other sections of the city as well.

Entries Coming Faster

Although the entries during the first few days of the contest came in slowly, they are now coming in much larger numbers, due to a great extent to the fact that new pictures of the entrants were necessary, and these are now being turned out by the local photographers and sent in. It is planned to publish the photographs of two or more of the contestants tomorrow.

Board of Judges

This competition is in no way a popular girl contest. The young lady who is chosen as the Carnival Queen and who will bear the name of Miss St. John will be chosen by her physical qualifications for such a position. For this reason the selection of the fortunate candidate for the honor will be in the hands, a committee of representative ladies and gentlemen, none of whom will have any connection with either this paper or any other newspaper in the city and who are not members of the carnival committee. The Evening Times agrees to accept the decision of this committee without exception.

The competition is open to all ladies in the City and County of St. John, whether married or single. To the lady who is chosen as Miss St. John will be presented a handsome carnival costume and a purse of \$100, while the second and third winners will receive \$80 and \$40 respectively. In addition the Carnival Queen will have an opportunity of visiting the Winter Sports Carnival at Montreal where she will be the guest of the sports committee for a week. All entries should bear the coupon printed herewith.

The suggestion made yesterday that some of the large business houses or department stores might select one or more of their attractive young ladies to enter the contest has been met with a negative response.

CANDIDATE NO. 2

and enter them in the contest has already been adopted and one large retail establishment announced this morning that its staff would have one or more entrants for the royal position of Carnival Queen. It is expected that other houses will follow suit.

One local young lady, spoken to yesterday by some of her friends and who had allowed her name to be entered in the contest for the choice of Miss St. John, modestly asked to be excused as she felt she had no chance of winning. She added, however, "If I thought I had a chance, I would be willing, for a carnival costume and \$100, a trip to Montreal and a full week's entertainment there is not to be sneezed at."

SAYS APOSTOLIC DELEGATE MUST LEAVE MEXICO

President Obregon Cables Explanation to Rome

Says Clerical Elements Were Organizing Politically and Constitution Was Violated—Statement by Cardinal Gaspari at Vatican.

(Canadian Press) Mexico City, Jan. 17.—Foreign Secretary Pani, has cabled Cardinal Gaspari, apostolic delegate in Mexico, with an explanation of President Obregon's explanation of the real reason for the departure of the apostolic delegate from Mexico.

"The inviolability of the constitution, the public tranquility and historical antecedents regarding religious activities in national politics" the message to Rome said, "place the president in the painful necessity of maintaining the national order with respect to Monsignor Filippi, under whose direction the clerical elements were organizing politically, even contrary to Christian precepts, and whose participation in recent prohibited outdoor ceremonies has been perfectly proven."

The communication, the Mexican government said, declares that "there are times when necessity demands that all the inhabitants of the nation be obliged to obey its authorities and its laws."

The Catholics are planning a huge demonstration for tomorrow night when the prelate leaves the city. The capital is plastered with posters signed by numerous Catholic organizations, protesting against President Obregon's action. Several minor disorders occurred yesterday when the police attempted to prevent the draping of balconies in mourning.

At the Vatican. Rome, Jan. 17.—The Vatican is not yet able to understand the real reason for the departure of Monsignor Filippi, from Mexico, it was declared in Vatican circles yesterday. It was added that Cardinal Gaspari, the papal secretary of state, since receiving word of the Mexican action has gone through all the reports received from the papal delegate in Mexico, and it was learned, it was said, that Monsignor Filippi had been animated by the best intentions to avoid any incident with the Mexican government. In his reports he had often referred to the ameliorated conditions for the church in Mexico. It was observed that the present constitution of Mexico forbids outdoor religious ceremonies but that in the particular case under discussion, Monsignor Filippi attended the laying of the corner stone of a new church which by its very nature was bound to be an outdoor ceremony. The hope was expressed that President Obregon on learning all the facts in the case, would reach a decision that the papal delegate had no intention of violating the Mexican constitution.

CHARGE HIM WITH CORKUM MURDER. Warrant Sworn Out Against Allister Munro in Halifax—Taxi Driver's Evidence.

Halifax, N. S., Jan. 17.—A warrant charging Allister Munro with the murder of Leslie A. Corkum in his store here, on the night of October 31 last, was sworn out before Stipendiary Magistrate George Fielding on the information of Detective Horace Kennedy, following a conference held by the latter with Crown Prosecutor Andrew Clune, today. Munro was arrested in Sydney on a charge of burglary and brought back to Halifax, arriving here this morning. It was said today that he would probably be arraigned on the murder charge tomorrow.

Six Meals Daily In This Jail. Martinette, Wis., Jan. 17.—(By Canadian Press)—Prisoners in the Martinette county jail for once are contented with their treatment. Former Sheriff John Doherty refuses to surrender the office to Oscar Dahl, Sheriff-elect, and both Dahl and Doherty occupy the jail—and each is feeding the prisoners, giving them "six squares" a day.

WILL NOT ASK BRITISH AND FRENCH FOR WEST INDIES

Washington, Jan. 17.—It is said at the White House that the U. S. administration does not look with favor on a proposal made in the senate that the U. S. undertake to acquire the British and French possessions in the West Indies.

President Harding, it was said, does not think it would be a practical plan to propose to Great Britain and France the cession of these possessions to the U. S. in part or full payment of their war debts to the U. S.

ROUND UP IN WICKLOW HILLS

Free State Force of 1,000 Seeks to Quiet Bands of Republicans.

Dublin, Jan. 17.—The public was awaiting today authoritative information regarding military operations against irregulars reported in progress in the Wicklow Hills. This mountainous country has been the resort of hundreds of Republicans for several months and it is said that 1,000 or more National troops, equipped with artillery, are trying to round up these irregular bands.

Fighting was reported in the neighborhood of Blessington yesterday and casualties are said to have occurred. Considerable firing has been heard in the hills, but the exact nature of the Free State operations is unknown.

TEARS THE HOODS OFF KLANSMEN

Policeman is Then Shot by His Chief and Latter is Attacked by Crowd.

Daytona, Fla., Jan. 17.—Charles Pent, former policeman, shot through the arm by Chief of Police Joseph Osborne today, after he had torn the hood from the face of a Klansman on parade, is not seriously hurt, according to physicians. Chief Osborne also suffered slight wounds.

During the parade, participated in by approximately 200 Klansmen, officers assert that Pent and a companion tore the robes from an automobile and tore the hood from the hooded men in the crowd without their identity being determined.

WOODMAN-ANDERSON (Montreal Gazette, Tuesday) The marriage of Miss Bertha Anderson, daughter of Mr. and Mrs. George L. Anderson, of St. Albans, Vt., and of Thomas G. Woodman, of St. John, N. B., is taking place this afternoon at 4 o'clock at the Church of the Ascension, Rev. Canon Flanagan officiating. The bride will be given away by her uncle, Mr. Kendall, who will wear a suit of grey chifon velvet made in long waisted effect with a draped skirt caught at the waist and a hat of the same shade with a velvet crown and brim of silver lace. She will carry an arm bouquet of Ophelia roses. She will be attended by her sister, Mrs. Johnston H. Elliott, of North Bay, Ont., who will be gowned in periwinkle blue canton crepe, with a black satin hat and will carry Columbia roses. Mr. Johnston Elliott will act as best man. Following the ceremony dinner will be served for members of the immediate family at the home of Mr. and Mrs. Woodman, after which Mr. and Mrs. Woodman will leave for New York, the bride going away in wedding dress, with a squirrel collar and cuffs. On their return they will reside in the Oxford Apartments, Notre Dame de Grace.

Among the out-of-town guests will be Mr. George Anderson, father of the bride, and Mrs. Clarence Briggs, of St. Albans, Vt., and Mr. and Mrs. J. M. Woodman, of St. John, N. B.

The Misses Helen and Alice Hennessey arrived in the city today afternoon from Boston, having been called to the city at the death of their father, Cornelius Hennessey, West St. John.

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Hornbeam, "what is the County Council planning to do this year?" "They're goin' after some revenue from booze," said Hiram. "They been lookin' all round an' they can't see nothin' but that or direct taxation—no, sir."

"Did it ever occur to them to spend less when they didn't have it to spend?" queried the reporter. "No, sir," said Hiram—"they're just like the other fellows. It spent all it had—five million dollars on booze—spent that an' run into debt in the bargain. They just got to hev money—so they're agoin' pardners with the fellers that's gettin' rich on rum to raise enough to run the poor-house an' the schools an' things like that. They're goin' to send a delegation up to Fred'ricton to ask fer a bill that'll fix it so they kin git their slice. One fellar said if we could work up an appetite fer cocaine an' morphine out to the Settlement we might get some revenue out o' that, too. He said it 'ud be a lot better'n direct taxation. Oh, I tell you we got some smart financiers out there—we hev so!"

Denies Charge of Attempting to Burn to Death Belgian Wife of Englishman.

London, Jan. 17.—Miss Alice Tyler of Cincinnati is being held in Folkestone jail on a charge of having attempted to burn to death Mrs. Berth Seist, the Belgian wife of an Englishman, while the two were staying at the fashionable hotel Wampach in Folkestone.

Miss Tyler, who has long been acquainted with Mrs. Seist, told the police that the burning of Mrs. Seist was purely an accident. She said she was taking some gasoline into her bedroom to clean her clothes when a small gasolite lighter fell from her pocket and ignited. In trying to extinguish this she spilled the gasoline on the floor and it ignited the dress of Mrs. Seist.

It was admitted by Mrs. Seist that she had been acquainted for some time with Miss Tyler, who, the police said, travels frequently between England and America. He added that they had met by chance a few days ago.

In order to allow Mrs. Seist to attend and tell her side of the story to the court, Miss Tyler was remanded until Monday morning.

County Councillors Laud Province's Hydro Policy

Bouquets to Some Members of Present Government at Municipal Council Meeting Today—Council Asked to Interest Itself in Matter of Albert Shales—Town Planning Matter Over to May Meeting—Expect \$4,000 Deficit in School Funds.

Commendation of the Provincial Government's policy in developing the water powers of the province was voiced by two members of the Municipal Council at an adjourned session this morning. The matter was brought in by the discussion while the council was considering correspondence in which the council was asked to assist owners of oil shale areas in Albert county to prevent the province from granting a "blanket privilege" which had been granted one syndicate to operate on all oil shale lands in that area by a former government. It was finally decided to let this matter lie on the table to await action by the Legislature.

The appointment of three members of the Town Planning Commission was put over until the May meeting. It was decided to appoint a committee to report on the matter of an anticipated deficit of \$4,000 in the county school funds. Another committee was ordered to consider proposed amendments to the fire laws, as suggested by the chief fire warden.

Discussion of the Town Planning Act was resumed at the opening of the session. Warden Thornton ruled that as this matter affected the parishes, the city commissioners would have only one vote on the question. The matter was then referred to the Municipal Councillors O'Brien and Campbell and Rupert Taylor as members of a town planning commission, which was supported by all the city commissioners.

Councillor Fisher disagreed with the ruling of the Warden, contending that the city was entitled to its matter particularly in the Stanley ward.

Councillor Campbell said the city had all the machinery it required to deal with the matter in this matter, Stanley Ward, but the question at issue, he thought, affected Lancaster and a part of Simonds.

Councillor Wigmore argued for the adoption of the motion covering the town planning scheme, as presented yesterday.

Councillor Ballock said that the city had decided on the adoption of the scheme, and he did not see why the city members should have a say in the deliberations as they affected the parishes. He took it that the feelings of the parish councillors were against the proposition.

Councillor Campbell said that the councillors were not opposed to the principle of the act but they wanted more time to consider.

On motion of Councillor Fisher it was decided to hear W. F. Burditt, chairman of the Town Planning Commission.

Mr. Burditt said that originally the board consisted of three members of the Municipal Council and three lay members. Later the commission was enlarged to five members, four of whom were rate-payers not members of the City of Municipal Councils, two nominated by each council.

Mr. Burditt said the act would take nothing out of the hands of the County Council and nothing could be done under the act without the approval of either council. Again, the commission could not interfere with work which had already been carried out.

Councillor O'Brien said he would not be opposed to the adoption in Lancaster until there was some industrial development in the area. He felt the Fairville station was set aside as a residential section, might interfere with industrial development along the C. P. R. line between Fairville and West St. John. The Manawagonish Marsh, he said, was an ideal one for the development of harbor facilities and he felt that the town planning scheme might interfere with such development. Lancaster, he said, needed some legislation to regulate a building but he thought the proposed scheme was too large.

Mr. Burditt said that the act provided that about 25 per cent of the rule covering land set aside for any particular purpose. Thus, if a factor was proposed for a certain site previously set aside for residential purposes, the commission might authorize this change.

The warden then ruled that an amendment presented last night, by which consideration of the matter would be deferred to the May meeting, was carried.

Councillor Frink said the matter of the votes of city councillors in the Municipal Council should be taken up and decided upon.

Albert Oil Shales. The secretary read a letter from Dr. J. McI. Smith regarding the shale oil and gas resources of the province, all of which had been included in a "blanket" charter to a company to develop all the shales of the province. It was intended to ask that this "blanket" privilege be removed and he was asking all the wardens of municipal councils of the province to use their influence in the matter, so as to allow the owners of land to carry on developments, as they saw fit.

He also read a letter from H. C. W. Robinson, Minister of Lands and Mines, who said he was investigating and a report would be made to the government before the 1923 meeting of the legislature.

Dr. Frink thought it was a matter of interest to the people of the county. The nature of resources of the province, not excluding the Grand Falls power, were allowed to fall into the hands of private individuals.

The secretary read a letter from K. J. MacTavie, counsel for the owners of the land in question, supporting the argument for the removal of the "blanket" charter.

ROYAL FAMILY QUICK TO SNUB MRS. WILHELM

Former Crown Prince Only Member of Hohenzollern Group Who Seems to Welcome Ex-Kaiser's Wife.

Berlin, Jan. 17.—Only former Crown Prince Frederick William, of all the ex-Empress's family, has welcomed the Princess Hermine into the Hohenzollern circle without making a wry face about it.

Members of the family still in Germany apparently are not much inclined to take orders from Hohenzollerns in Holland. Former Crown Princess Cecilie did not find it convenient to travel to Doorn to attend the wedding of the Kaiser's daughter-in-law, writing instead snide explanations that she would always respect Wilhelm's new wife.

Her action here is interpreted as a sign that she is not so much inclined to do as she is told as respect Princess Hermine—she must obey her. The word "obey," however, is unpopular in the new Germany, and the Germans no longer take kindly to it. And so there are many indications that the deposed monarch's orders will not be heeded even in family circles.

Cecilie is Independent. Cecilie is half Russian and is highly independent. She is more popular in Germany than any of the Hohenzollerns. No scandal has ever been attached to her name, and she is regarded as a girl of party affiliation, admire her and her four sons and two daughters.

There are many reasons why the former King of Prussia does not wish this little family group to pass out of his control. In setting up the Hohenzollern estate many interesting legal tangles are arising. By their abdication the former Emperor and Crown Prince may have forfeited their right to the imperial estates, together with the right to claim the crown should the empire ever be restored.

A commission engaged by the Prussian Diet is at present endeavoring to decide what shall be done with the new palace at Potsdam, the former Emperor's palace in Berlin and the great wooded estates about Potsdam and other parts of Prussia which belonged to Wilhelm. Cecilie's eldest son, fifteen-years-old Prince Wilhelm, is believed by many lawyers to be the logical heir to the properties and also to be in direct line for the throne should Germany return to a monarchical government.

Royal Daughter Lives Quietly. Cecilie, the daughter of the Grand Duchess of Mecklenburg before her marriage. She is a tall and stately blonde of great charm and intelligence, and has for many years been a great popular favorite. Since the disappearance of the monarchy she lives quietly in a small villa near Potsdam with her children, most of whom attend school in the city.

In announcing the establishment of two charity funds in her old home district Princess Hermine, wife of the former Emperor, designates herself for the first time in Germany as "empress."

Why Corns? Blue-jay to your druggist

The simplest way to end a corn is Blue-jay. A touch stops the pain instantly. Then the corn loosens and comes out. Made in a colorless clear liquid (one drop does it) and in thin plasters. The action is the same.

She has sent 300,000 marks to the Russian branch of the National Association of Women for founding the "Empress Hermine Welfare Fund" which will aid organizations that care for needy invalids, infants, students and members of the middle class.

Meaty Meeting Of The Skating Executive

More Carnival Sport Events—Registration Bureau at Headquarters—To Ask For Two Half Holidays.

Further definite progress in the arrangement of events for the big Carnival Week here, February 10 to 17, was made at a meeting of the executive last night. Two hockey matches will be staged by the management of the Arena, the first on Monday night, February 12, between two of the fastest teams in the New Brunswick and Nova Scotia leagues, and the second on Friday night, for which it is planned to bring together the Abergwells of Charlottetown and Sussex. S. E. Rice has taken over the horse racing programme, and is arranging some speed events for the afternoon of Tuesday, February 13, at Millidgeville. Walter Golding, manager of the Trojans basketball team, is arranging for two games between his quintette and the McGill team on Saturday evening, February 10, and Monday, February 12.

A committee was appointed to go into the matter of the illumination of King street. The committee discussed the erection of an ice arch, illuminated and capped with evergreen at the entrance to the square at the head of King street.

In order to break the road around the late it was suggested that delivery teams in the city might be driven out to the lake and around it, so that when the days of the skating races come no difficulties would be met with.

With the possibility of there being more visitors in the city during Carnival Week than the city hotels could accommodate, it was decided to open a registration office in the committee headquarters in the Bank of Montreal building and all those who would have accommodation for one or more days during the week he asked to notify headquarters by calling or telephoning Main 2926. The committee has engaged Miss Josephine Conlon as stenographer and she will be on duty there daily from 10 a. m. to 8 p. m.

The Mayor will be asked to declare two half-holidays—on Wednesday and Friday, the opening and closing days of the skating meet.

The secretary, Mr. Corr, reported on the skaters it was desired to bring here for the international events. They include twenty-five speed kings of the circuit; four lady speeders, including the champion, Gladys Robinson; five juniors and Miss Hilda Ruckert and her partner, William Strall, brilliant vaudeville and fancy skating performers, and Carl Milne, champion barrel jumper.

BOARD BILL FOR LIFE. Also Bill For Funeral Paid in Advance But Dispute Necessitates Settling Matter in Court.

Montreal, Jan. 17.—The tale of a life's board bill, which included a free funeral all paid in advance and totalling \$2,000, was told in a judgment rendered by Mr. Justice Weir, sitting at Joliette, where the principals in the bargain reside.

Mr. and Mrs. Antoine Laporte in 1921 paid Mr. and Mrs. Arthur G. Comptois \$2,000, for which the Comptois family agreed to keep the Laportes for the remainder of their lives and upon their death to provide them with a decent funeral.

Following a dispute, however, Mrs. Laporte left the house and asked for \$1,000 back. Meanwhile Laporte abided by his bargain.

In the judgment rendered by Justice Weir Mrs. Laporte gets her money and the Comptois pay costs.

LAST CAR CLUB. The weekly meeting of the Last Car Club was held last evening at the home of Mr. and Mrs. Smith, Germain street. Besides the members several invited friends enjoyed a most pleasant evening. The prize-winners at whist were Mrs. White and S. Caddell. Consolations went to Miss Nickson and J. Wrench. Dainty refreshments were served during the interval and final arrangements made for a box social and dance to be held next Tuesday. A hearty vote of thanks was tendered the

She admitted improper relations with other men. The case was postponed until today. E. S. Ritchie appeared for the accused.

Frank Gilchrist was charged with assaulting his wife. E. S. Ritchie appeared for Mrs. Gilchrist and E. C. Weyman for the accused. Both denied improper relations. As a desire was expressed on both sides that the case should be settled the magistrate gave the parties some sound advice and dismissed the case.

John Bobba was charged with assaulting Christina Chisholm. He claimed that the woman had come into his store to scrub last Thursday and that she had gone into his room. Later he had mistook her and he said he found it in the lining of her coat. He denied that he assaulted her. Evidence was given as to his good character and the magistrate postponed the case until today though he said he thought the accused had assaulted the woman.

The "Y" Men's Club met in the association building in the evening with the president, Harold Burley, in the chair. A. H. Jones, National Y. M. C. J. BOY INDICTED FOR MURDER. 12-Year-Old Negro Shot Companion Who Took Cantaloupe.

Atlantic City, N. J., Jan. 17.—An indictment charging murder has been returned by the January Grand Jury against Charles Aiken, 12-year-old negro, who shot his companion, Albert Smallwood, 10, on Aug. 16 last.

The lads were playing near their homes in Farmington. Aiken later was in the kitchen of his home, eating cantaloupe. He left in the room and the other boy crept in and took the fruit. Aiken, returning, seized a shotgun and fired at his chum, killing him.

**FIFTEEN MINUTES
OF RADIO EACH DAY**

By Edward N. Davis
Formerly Technical Electrical Expert For U. S. Government

Lesson No. 208,
RADIO DICTIONARY.

LEAD-ACID CELL.

A type of storage cell consisting of lead plates supported in a dilute solution of chemically pure sulphate acid and water. The active material of the positive plate is lead peroxide while the negative plate is composed of spongy lead. When fully charged and on open circuit the voltage of the cell is slightly over two volts and it is considered to be discharged when the voltage has fallen to approximately 1.7 volts. When the cell is fully charged the specific gravity of the electrolyte is approximately 1.280 and when discharged about 1.150. The lead-acid cell is in general use as a source of filament current, three of these cells being connected in series to form the 6 volt "A" battery.

"FEED-BACK" CIRCUIT.

A type of circuit developed by Armstrong, which obtains regeneration in a radio receiver, employing the vacuum tube, by super-imposing a portion of the amplified energy of the plate circuit upon the grid and thus reinforcing the original oscillation. The "tickler circuit" and the "tuned plate circuit" are examples of this form of circuit.

AMPLITUDE.

When applied to voltage or current that is alternating in character, the amplitude denotes the highest value of current or voltage attained during an alternation. It is also defined with relation to a radio wave as "the greatest displacement from the position of rest that any point of the wave undergoes." Using the analogy of water waves, if the height of the water wave is taken as the vertical distance between the crest and the trough, then the height of the wave has a value of twice the amplitude.

INDUCTIVE COUPLING.

If two coils of wire are so placed with relation to each other, but without physical connection, that the mutual induction between them permits a transfer of electrical energy, inductive coupling is said to exist between the circuits

**One--Two--Another
Heavy Discount
Off the Furs**

A case of taking our losses early. "If winter would only come" was our worry until last month what with having more furs made up than a short season could sell. Winter came, but late—and there we were with an array of furs ravishing in their beauty, but surplus. We had to cut prices and sell twice as many per day. And here now are the third successive reductions made on Coats of positive quality. Fourteen appear here, fourteen out of hundreds.

Three Imperial Hudsons

\$600 quality, \$575 quality, \$475 quality. One with a Grey Squirrel cape collar and flared cuffs, one with natural Skunk, one with blue-grey Australian Opossum—all everwearing. The finest of Pussywillow silk linings. Look at what they were—now see the savings—\$385, \$375 and \$350.

Save \$60 on Bewitching Pony

\$160 quality for \$100 and only three coats of the kind. 42 inch length, the real Russian ripple that proves the test of looks and last. Extra large taupe Opossum collars and cuffs, contrasting, long-lasting. Three way belts and slash pockets. \$160 quality for \$100.

***Coons of Price at a Price!**

The first one—was \$400—45-inch, long flowing lines and broad sweep, drop pelt effect and three row border, all in a clear flashing stripe. Deep shawl collar and cuffs, satin lining. \$400 regularly for \$265.

The next—the former price of \$450 tells much. The border is double, the marking shows strong stripe contrasts, lining is poplin, length 42 inches. Today it's \$135 off at \$315.

And finally—a 40-inch Raccoon with three-way belt and three-row border. It was \$350—figure out the purchase price today at half.

Marmot Down to Half

Three Kolinsky Marmots, the actual Beisky. 40 inches long, reverse borders, three-way belts and Tussah silk lining—that means dependable. At half price they now come to \$80.

An undyed Marmot sport coat that was \$175—is \$100

containing the coils. One circuit is known as the primary circuit and the other as the secondary circuit and the magnetic field is utilized to transfer electrical energy from the primary circuit to the secondary circuit. Transformers, loose couplers and vario-couplers are types of apparatus which employ inductive coupling in radio circuits.

GRID CONDENSER.

A condenser of small capacity connected in the grid circuit of a vacuum tube detector and used in conjunction with a "grid leak" or "high resistance" for obtaining more sensitive operation of the tube. Through use of the grid condenser, rectification of the incoming signal may be obtained on any portion of the grid voltage-place current curve. Without a grid condenser approximately three times as high frequency voltage is necessary on the grid to produce an audible signal of a given strength in the receiving telephone.

IMPEDANCE.

When the current in a circuit is of varying amplitude, the opposition to the flow of this current is due to a combination of the reactance and ohmic resistance of the circuit and is termed impedance. Impedance in an alternating current circuit corresponds to resistance in a direct current circuit. Reactance may be in the form of inductance reactance or capacity reactance, either or both of which combined with the ohmic resistance produces the hindrance to the flow of current known as impedance.

Charles Robinson, of Luxor Temple, Mystic Shrine, received a telegram last night from Montreal, announcing the death yesterday in that city of Philip G. Gordon, one of the best known Shriners in Canada.

CORNS

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly! Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without surgery or irritation.

CHARLES E. NEILL

(Fredericton Cleaner.)

The promotion of Charles E. Neill to the office of managing director of the Royal Bank, has brought him to the uppermost rung of the ladder of success in the banking profession, which he started to climb in an unassuming but nevertheless highly auspicious manner in his native city of Fredericton somewhat more than twenty-five years ago. Those who remember Mr. Neill when he was teller in the branch in this city of what was then the Merchants Bank of Halifax, a few years after he had entered the service of the institution, recall that he was obliging, courteous and painstaking and intensely interested in his work. Later he rose to successively higher positions in the same way that most young men do in their early years in the banking profession; then he became manager of the Vancouver branch of the Royal Bank of Canada, by which time the rapidly expanding institution had become known by its present name. His work at Vancouver quickly won recognition from the higher executives and he was made superior of branches in British Columbia, later being promoted to the position of chief inspector, which position brought him to the head offices of the Bank at Montreal. Then came a further promotion to the post of Assistant General Manager in 1907; and it was not long before his fame spread as a leader in the banking profession. His appointment as General Manager followed in January, 1916. The latter years of the war and the exacting period which followed gave ample opportunity for Mr. Neill to exercise all the capacity and prudence and wide knowledge of financial matters at his command. He won for himself the reputation of being one of the foremost authorities in America on banking, and measured up fully to the requirements and the responsibilities of his new position. And this high place in the financial world has been won by Mr. Neill before he has attained his fiftieth birthday; he was born in Fredericton on May 27th, 1873, son of James S. Neill, who has lived to watch his career with interest and parental pride.

Canada has an Indian population of 108,998.

Cuticura Soap Will Help You Clear Your Skin

From Chicago, Ill., to New York, N. Y., and all other cities.

Among the speakers were Myron T. Herick, the American Ambassador; M. Dumestil, the Air Minister during the war; Colonel Dawoody, Lieutenant Nungesser, the French aviator, and Major Robert Soubiran, one of the surviving pilots of the Lafayette Flying Squadron, all of whom were present.

The people of Brazil, speak Portuguese.

Unfailing protection against winter chills

Thermogene provides you with the simplest, most effective way of relieving winter ailments. You simply take this soft, fleecy, medicated wadding from the familiar orange-coloured box, and apply it to the skin over the affected part.

Thermogene acts promptly upon the circulation, dispersing the congestion which is responsible for your pain, and finally giving complete relief.

Thermogene may be worn day and night without the least inconvenience. It gives you a delightful sense of warmth and comfort, and of protection against chill and dampness.

When you need Thermogene, you need it urgently, so never be without it.

SHILOH FOR COUGHS

Had Constipation for Six Months Was Relieved by MILBURN'S LAXA-LIVER PILLS

A free motion of the bowels daily should be the rule of everyone...

Mrs. R. C. Hunt, Port George, N. S., writes: "I have been troubled by being constipated for the last six months."

He will "turn in the name of a high official (not a diplomat) who returned from abroad some time ago with more than a score of cases of foreign liquor."

Referring to his recent speech in which he brought up the subject of bootleg liquor drinking by high officials...

"I declare now that most of you know that bootleggers ply their devilish trade among too many public men in Washington."

"I have seen with my own eyes some of the highest officials in Washington, not members of either branch of Congress, lifting the devilish bottle to their lips."

Touching on liquor shipped from abroad to embassies and legations at Washington, Mr. Upshaw declared:

"On problem that calls for delicate treatment is the use and abuse of liquor shipments to some of our foreign embassies."

"This prominent diplomatic observer declared at a public, forceful note, such as our brilliant secretary of state knows so well how to write, would cause a ready and universal response from all foreign legations who would really rejoice, once they saw our position, to help the United States of America to the greatest moral experiment of all time, to work out here at the heart of national and international influences, that great plan for redemption of humanity contemplated in the ratification of the 18th amendment."

PYRAMID MARKS FIRST DAYS OF MAN IN MEXICO

Ancient Pile Measures 400 Feet in Diameter, is 100 Feet High and Constructed of Unhewn Stone.

Mexico City, Jan. 17.—A pyramid of unknown age, but probably antedating any hitherto found on the American continent, is being unearthed at Teotihuacan Hill, in the centre of a lava field about nine miles from Mexico City.

Though the valley of Mexico contains very great number of pyramids and mounds of the ancient inhabitants, the present one differs from the others in the fact that it is built of large blocks of unhewn stone.

THREE NATIVES OF
NEW BRUNSWICK

Are Members of Maine Legislature from Aroostook Region.

(Frederick Gleason)
Of the seventeen delegates from Aroostook County, Me., to the eighty-first legislature of the State of Maine, three are former New Brunswickers, who have taken up their residence in Maine. The members and a short sketch of each is as follows:
Whitfield B. Hallett, of Ashland, was born in Perth, N. B., fifty-six years ago. He is a Republican, a Congregationalist, a widower, and a farmer. He was educated in Andover, N. B., was town treasurer of Ashland for four years; selectman twenty-one years, and eighteen years postmaster. He is a member of the F. & A. M., Royal Arch Chapter, Knights Templar and Shrine, Oddfellows.
Herbert W. Kitchen, of Presque Isle, was born in Carleton County, N. B. He is forty-four years old, is a Republican, Congregationalist, married, and a farmer. He was educated in the common schools and Shaw Business College, was a selectman for three years, director Aroostook Co-operative Co., director of Presque Isle National Bank, member of F. & A. M., and twice master Marysville Chapter, Grange No. 183.

Albert M. Smith, of Lidlow, Me., was born in Kings County, N. B., fifty-five years ago. He was educated in the schools of New Brunswick and Houlton, and is a Republican. He was six years on board of selectmen, town clerk, superintendent of schools and a member of executive committee, Aroostook Farm Bureau, and a member of the House in 1921.

When the X-ray was first invented, it required 20 minutes to get a photograph while the present one requires 100th of a second.

LOCAL NEWS

The Sunshine Club of the Charlotte Street Baptist Church met at the home of Miss Evelyn Denning, Champlain street, last evening, with the president, Miss Ethel Urquhart, in the chair. Arrangements were made for holding skating and other parties during the season.
Twenty members of the St. Luke's Tuxis boys and lady friends held a theatre party last evening in place of the sleigh drive which has to be abandoned on account of the storm. After attending the theatre they went to the school room of the church where refreshments were served. A pleasant evening was spent.
George A. Elliott had a finger of his left hand jammed in the elevator at the post office building yesterday afternoon. The injured member was dressed by a doctor and the injured man went to his home in Celebration street. Mr. Elliott is employed at the post office as an engineer. It is expected he will be kept from his work for several days.
The St. John chapter of the Graduate Nurses' Association met last night in the Victorian Order Home in Carleton street with the president, Miss Brophy, in the chair. General business was transacted and plans were made for a tea to be held next month in aid of the National Memorial for Nurses. Social enjoyment followed the business of the meeting.
Miss Jessie Jamieson, teacher in Victoria school, slipped and fell last night as she was about to enter the General Public Hospital. She was taken into the hospital and it is feared that her right leg is broken. An X-ray examination will be taken today as it could not be ascertained last night whether her leg was broken or merely bruised. Miss Jamieson had the misfortune to break the same leg last winter.
The members of the adult Bible class, together with the officers and teachers of St. Mary's church, gathered at the home of the rector, Rev. R. Taylor McKim, last night and tendered him a surprise party. J. M. Rogers presented to Mr. McKim a purse and Mr. McKim thanked the people for their kind gift. The evening was spent in music and games, after which refreshments were served.
Officers installed for Union Lodge of Portland, F. & A. M., last evening are as follows: W. M., L. M. Farquhar; I. P. M., Farris S. Sawaya; S. W., R. R. Cummings; J. W., DeWitt Cairns; chaplain, Rev. Canon R. A. Armstrong; treasurer, W. B. Wallace; secretary, J. T. Hart; S. D., Robert Irving; J. D., A. E. Cox; S. S., H. E. Hunt; J. S.

RING.

Bout Called Off.
Milwaukee, Jan. 17.—The ten round no decision boxing bout between Richie Mitchell, Milwaukee lightweight and Johnny Dundee, New York, postponed from Jan. 8 to Jan. 29, has been called off owing to a fracture of Mitchell's left shoulder, disclosed in an X-ray picture taken yesterday.

Montreal Bout.
Montreal, Jan. 17.—Moebersovitch, local welterweight, knocked out Bert Schneider, Olympic champion in the third round of their scheduled ten round bout here last night.

National Boxing Association.
New York, Jan. 17.—Tentative endorsement of a national boxing registration bureau refusal to interfere in selection of championship contenders or arbitrary award of ring titles and recommendation that the minimum age limit for boxing participants be fixed at eighteen with no new maximum age barrier were outstanding developments yesterday at the local session of the two day convention of the National Boxing Association.

Montreal Knock-out.
Montreal, Jan. 17.—Landing a right cross under the heart, Moe Hersovitch, local welterweight, knocked out Bert Schneider, former Olympic champion, in the third round of a scheduled ten round boxing bout here last night. Schneider's manager claimed a foul and asked for an examination of Schneider by the two-commission doctors. The latter disagreed as to whether a foul had been committed, putting the decision up to the referee, who gave the bout to Hersovitch on a knockout.

Kid Roy, local featherweight, scores a victory over Jockey Brady, formerly of Syracuse and now living here.

BASEBALL.

Cousineau Released.
New York, Jan. 17.—Edward Cousineau, former catching star of the Forham University baseball team who was signed by the New York Nationals, was released yesterday by the Giants to the Boston Nationals at the waiver price of \$2,500.

Hoffman to Manage Montreal.
Montreal, Jan. 17.—Harry Isay Hoffman, former manager of the Reading

Baseball Club of the International League has signed a contract to manage the Montreal club of the Eastern Canada League for the coming season, President Joe Page announced last night.

BASKETBALL.

A New Record.
New York, Jan. 17.—Ebel Behring, of Newark, N. J., Monday night made an American record in feminine athletics with a mark of 78 feet two inches for the indoor basketball throw.

Young Judeans Win.
On the Y. M. C. I. floor last evening the Young Judeans defeated the Sons of Zion in a game of basketball by a score of 17 to 10. "Dud" McInerney refereed.

ICE RACING.

At Mt. Clemens.
Mount Clemens, Mich., Jan. 17.—Sonoma Harvester won the 218 trot in the ice races here yesterday and the 215 pace went to Peter Oliver in straight heats.

CURLING.

Scots Fail To Win.
Montreal, Jan. 17.—The visiting Scottish curlers concluded their games here yesterday by failing to register a match victory. Home rinks won by 31 to 25 in the evening and rinks from outside points won by 62 to 60 in the afternoon.

HOCKEY.

St. John Loses Game.
At Fredericton last night the St. John team in the New Brunswick and Prince Edward Island league went down to defeat to the home team by a score of 4 to 1 after a fast and exciting game in which St. John had the better of one period. Gilbert at centre and Gabriel in the nets showed up well for the visitors while Fleet and Colwell did the scoring for Fredericton. The showing made by the St. John team was very good in view of the fact that it was a new team and was away from home.

Game Postponed.
The game scheduled for Moncton last night between the Chatham and Moncton teams was postponed at the request of the latter but will be played later in the week.

Moncton Wins From Stellarton.
The Moncton Independent league team last night defeated Stellarton a score of 4 to 3 after five minutes

GOVERNOR HEALY'S HOUSE ATTACKED

(Canadian Press Dispatch)
London, Jan. 16.—The Dublin correspondent of the Evening News says it became known today that the private residence of Timothy Healy, Governor-General of the Irish Free State, was attacked at midnight Saturday. Several volleys were fired during the attack which lasted several minutes. Several bullets passed through the windows and one of the servants had a narrow escape, but beyond the smashing of the glass no damage was done. The house is situated at Chapelwood, three miles west of Dublin, on the river Liffey.

HIT BY MILE-A-MINUTE TRAIN, UNHURT, HE LIGHTS CIGARETTE
Cape May, N. J., Jan. 17.—While the Reading express, in charge of Conductor Sommers Lloyd and Engineerman Laird, was speeding toward this city at sixty miles an hour, south of Dorothy on the Cape May Division, an automobile truck ran into the train. The truck was demolished, but the driver was not injured.

When the crew went back to see what they had hit, they found the driver of the truck calmly smoking a cigarette. He said he had learned that he could not bump the train off the track when she was running sixty miles an hour. He refused to give his name.

LOCAL NEWS

AT THE CATHEDRAL

Rev. William Duke was celebrating this morning at eight o'clock in the Cathedral at a requiem high mass for the deceased members of the parish.

DEATH OF CHILD

Friends of Mr. and Mrs. Eustace Lewis sympathize with them in the sudden death of their three-month-old daughter, Norma Sylvia. The funeral took place yesterday from their home, Union Alley, Rev. C. A. Stewart officiating.

MISS ELLEN PYNE

The death of Ellen, daughter of the late William and Ellen Pyne, took place this morning. She leaves six nieces, May, Edith, and Florrie Pyne, of this city, and Gertrude and Stella Pyne and Mrs. Thos. Sharkey, of Boston. William Pyne, of Boston, is a nephew.

CUBS ARE ENTERTAINED

The "Cubs" of East St. John were entertained at supper last evening at the home of Mrs. O. Lawson. A hearty meal the guests enjoyed games and spent a very enjoyable evening. Captain O. J. Lawson and Mr. Franklin, chairman of the Cub-committee, also were present. Mrs. Lawson was assisted by Mrs. B. Kirkpatrick.

TO SAIL ON SATURDAY

Among the passengers on the Olympic sailing from Halifax on Saturday will be a party from St. John who will spend about two months of the continent visiting friends and relatives. The members of the party will be Mr. and Mrs. F. C. Beatey and Dr. and Mrs. A. F. Barnhill. Their tour will include visits to Belgium, Switzerland, Spain, Holland and Germany.

AFFECTS TRAVELERS

Passengers traveling to Halifax from Montreal to sail on Mondays must leave Montreal on Saturday night's train if they are traveling by the Canadian National Railways and on Friday night if they go by the Canadian Pacific Railways according to a bulletin issued recently by the Cunard Line agents. For sailings on other week days the last connecting trains are the evening trains two days previous to the steamer's sailings.

BIBLE CLASS OFFICERS

At the annual meeting of the Excelsior Bible Class of St. Andrew's church last evening, the following officers were elected:—President, Mrs. Richards; Teacher, Dr. Farquharson; secretary and Treasurer, Mrs. Brown; social committee, Mrs. Hamm and Mrs. Stratton; devotional, Mrs. Jones and Miss Sterling; membership, Mrs. Clark and Mrs. Law. After several short addresses they had tea and cake and the meeting closed with one verse of Bible the Tie that Binds.

PRESENTATION

The Robert Reford Co., Ltd. here today received word of a presentation recently in Liverpool to Sir Alfred Booth, Bart., when his portrait in oils was presented to him by the Liverpool Steamship Owners' Association and the Employers' Association of the Port of Liverpool. Sir Alfred is a well known shipping man in England and recently resigned from the chairmanship of the board of directors of the Cunard Steamship Co., Ltd., on account of ill health. Previously Sir Alfred was a director of the Booth Steamship Company and a member of the firm of Alfred Booth and Co., Ltd. Sir Thomas Royden has been appointed to his place in the Cunard Company.

SUPPORTS MAGISTRATE'S REQUEST

One of the interested listeners to proceedings in the police court this morning was George McArthur. Following the session Mr. McArthur said that it was time the city took action in regard to the superannuation of Magistrate Ritchie. "He is a man who has given his life time to the service of the city," he said "his salary has never been increased and it seems to me that if he is willing to retire the least that could be done would be to superannuate him on his present income. He is certainly deserving of it and I, as one of the big tax payers in the city, can not see why it should not be done," added Mr. McArthur.

ST. JOHN GIRL DOES WELL

St. John friends will be pleased to learn of the success of Miss Betty Bourque, formerly of this city, in the artistic world as referred to in a recent copy of the Lynn, Mass., program. Among other things it says that she is one of the good artists of Lynn and that she shows great promise in illustrating. It is rather remarkable that one so young should have forged ahead to such an extent in a profession in which there is so much living competition. Miss Bourque left here about ten years ago, at the age of seven, and it will be a matter of gratification to her teachers and friends here to learn of her success. She is a granddaughter of George Scott, 55 Elm street.

AFFECTS ST. JOHN

Action Taken re the Winnipeg Report About Grain Traffic.

A telegram having been received this morning that grain and other export traffic for West St. John were being cancelled at Winnipeg and Fort William for the reason that they could not go to the seaboard, the matter was taken up with the Board of Trade and the city harbor commissioner, and the following wire was sent at noon:

W. E. Milne, Secretary Board of Trade, Winnipeg.

Reported here that orders for grain and other export traffic for West St. John are being cancelled at Winnipeg and Fort William on ground that grain cannot go to seaboard. There is absolutely no justification for such cancellation as both Canadian transcontinental lines are operating to this port without interruption. The Canadian Pacific alone have carried over eight million bushels of grain to this port this winter. St. John City Council and Board of Trade would ask you to take this matter up with interested organizations at Winnipeg and press for immediate continuance of export service to West St. John.

R. E. Armstrong, Secretary Board of Trade, T. H. Bullock, City Commissioner of Harbor.

TAKE UP MATTER OF BAIL FOR MRS. BESSIE PARKER

Crown Will Not Proceed Further With Trial of Woman at This Session of Court.

Mrs. Bessie Parker will not be tried again at this sitting of the circuit court for the murder of Mary Emily Frontin. At the opening of court this morning with His Honor Mr. Justice Barry presiding, E. S. Ritchie, counsel for the defense, asked what the disposition of the court was with reference to his client. The Judge replied that from the finding of the jury and the fact of the disagreement between the foot just as there had been no trial. His Honor said he understood that application had been made some time ago to Chief Justice McKewen for bail for Mrs. Parker and that the application had been refused. Since that time, however, things had changed somewhat and he would hear an application. He instructed Mr. Ritchie to notify crown counsel if he intended to make an application. Mr. Ritchie said he would communicate with Senator Fowler, senior counsel for the defense, this afternoon.

Dr. W. B. Wallace, K. C. senior counsel said this morning that the crown would not proceed further with the case at this sitting. The next sitting of the circuit court is in March.

A ST. JOHN MAN THERE

Presbyterian Comment on Matter of Propaganda for Union.

Montreal, Jan. 17.—At a meeting of the federal executive of the Presbyterian Church Association here yesterday a declaration was made that the determination of pro-unionist leaders to proceed at once to the consummation of organic union "at the cost of the unity of our own church," also the "present highly organized propaganda for union, under the leadership of the convener and other members of the assembly's representative committee on union or co-operation" was regarded as contrary to the instructions of the general assembly of 1921.

The meeting, which was called to present the non-unionist's case before the forthcoming general assembly was attended by about twenty-five men prominent in the Presbyterian Church. Among these were Rev. R. Johnson, New Glasgow, N. S.; Col. M. McLennan, St. John, N. B.; Dr. John Stewart, Halifax; W. C. Rowe, K. C. Sydney, N. S.

CHURCH PEOPLE WERE STARTLED

See What Appeared to be Image of Virgin Mary in Providence Church.

Providence, R. I., Jan. 17.—Members of the congregation of the Church of the Blessed Sacrament here, were startled last night to witness what appeared to be an image of the Virgin Mary standing in the balcony over the rear entrance to the church. Hundreds of people visited the church to witness it.

According to an eye-witness, the image, or reflection, appeared to be about 12 feet high and had a certain luminosity about it. It is said that it resembled one of the famous Italian madonnas with the head of the Virgin bowed as if caressing her child.

It is believed that the phenomenon was caused by the lighting arrangements of the church, as it was noticed that the image became more visible when a certain light was turned on.

THEFT OF WATCH

Plea of Guilty in the Police Court—Black Eye Produced as Evidence in Assault Case.

Cases involving theft and assault occupied this morning's session of the Police Court. John Bishara pleaded guilty to theft of a watch from the home of Gabriel Shortt, 79 Brunswick street.

Testimony by the complainant and Detective Saunders and Policeman Kirkpatrick was that the defendant had entered the Shortt house some time on last Thursday or Friday, took the watch and sold it for \$1 to Max Lambert, Dock street, second-hand dealer. The watch was valued at \$15. The chain was thrown away by Bishara, according to the evidence. The magistrate remanded the accused until Lambert can come to court to tell what he knows of the transaction.

While James Adams was standing in a doorway in Union street last evening he says he was assaulted by Edward Gale. The latter was charged this morning with being under the influence of liquor, as well as with assault. Adams displayed a black eye as evidence, and the magistrate ordered him to see a doctor immediately, with the assurance that the accused would pay the bill. Gale was remanded to jail.

One man on drunkenness charge was told what he was liable to and was sent into jail.

Help The Coal Men

A few days ago a team loaded with coal on the west side got within half a block of its destination but had to turn back on account of the unbroken state of the street. The neighbors had to lend coal to the family for whom the load was intended. The coal dealers have been making every possible effort to keep the people supplied, but teams cannot get through unbroken or partly broken streets or over huge banks of snow shovelled up from the sidewalk. It is suggested that heavy teams with a large drag should be hired by the people in a street, if the city does not do it, and use the drag as it is used in the woods. Passengers should also be cut through the snow from sidewalk to street, although in the case of bag delivery one passage might do for two houses.

County Councillors Laud Province's Hydro Policy

(Continued from page 1.)

H. B. Newcombe also wrote asking the Council to send a delegation to Fredericton to support the demand on the legislation to remove the "blanket," so that owners could either develop their own lands or hand them over to any agency which they wanted to.

Commissioner Bullock said the people finding oil on their own property could not extract it themselves but would have to make arrangements with the N. B. Petroleum Co., which had control of all oil deposits in the province. If the legislation asked for, he said, put the control of such matters into the hands of the government, it was good legislation.

New Industries In View.

He said arrangements were being made for a plant in East St. John to develop oil and gasoline at East St. John next summer and he thought developments in the Grand Lake Coal area by the extracting of by-products might be well considered.

Commissioner Frink said that the present situation was not due to the present government and he therefore moved that action be deferred until the question in hand was passed on by the legislature. He thought it wise to let the government know that the county was interested in the development of the natural resources of the province. He felt that the government had shown its idea in the development of the water powers of the province.

Commissioner Wigmore, in seconding the motion, said that it looked to him as if the attempt was being made to transfer the control from one group to another and he felt that if there was any ground for action, such would have been taken by the government before this. He also commended the action of the government in developing the water powers of the province.

The motion carried.

County School Drafts.

The county secretary reported that the county was faced with a deficit of about \$4,000 in the county school fund. About \$4,386, he said, was paid in excess of the collections of 1922, which amounted to \$29,000, plus \$846 balance in hand.

Dr. W. S. Carter, replying to a letter from the secretary, said that a change in legislation regarding county grants was the only remedy, but he thought this was difficult to obtain. He said that the county had not taken advantage of the legislation increasing the school rate from thirty to sixty cents.

Councillor O'Brien thought that the procedure adopted in York County, in which the county was separated from the City of Fredericton, might be adopted here, and let the city assess separately.

Councillor Shanklin thought the whole county should join in extending aid to schools in the poorer districts.

On motion of Councillor Frink, it was decided to appoint a special committee to consider the matter and, if necessary, a special meeting of the Council be called to obtain legislation to cover the question submitted.

Boys' Industrial Home.

The secretary of the Boys' Industrial Home informed the Council that the congestion in the Home had been relieved and the Home was now ready to receive boys who should be committed to it by the judges in any of the courts.

An application for four record books for the registrar of deeds was ordered complied with.

Fire Fighting and Prevention.

G. H. Prince, chief fire warden, wrote, commending the action taken by the county in preventing and fighting fires during the year and pointing out the fire hazards during the coming year. He also invited expression of suggestions as to means of fire prevention and asked for opinions on the issuing of slash-burning permits and travelers' permits.

Councillor Mosher said it was the fishermen and berry-pickers who caused more forest fires than the lumber operators.

Councillor Bullock said operators should be compelled to bring out all old slash and burn it. He suggested an amendment to the law to this effect.

Councillor Mosher said this would be an utter impossibility, on account of the great number of trees falling down as a result of the bud-worm.

Councillor McLeod said it would cost more to remove the slash than to cut the timber.

On motion of Councillor Campbell, the matter was referred to a committee to consider suggested amendments.

Adjournment was made until 2.30.

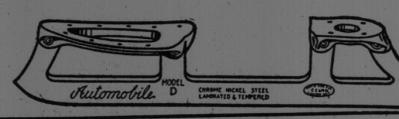

BETTER REPORT

Miss Kathleen Ryan, of the staff of Brock & Paterson, Ltd., who underwent a serious operation six weeks ago and was doing nicely, was suddenly stricken on Thursday with a severe illness, and was rushed to the Infirmary. She remained in a critical condition for five days, but now is much improved, and her friends hope for a speedy recovery.

William Ryan of the local branch of the Employment Service of Canada was a passenger on the incoming Halifax train today.
