## LESS TENSION IN IRELAND TODAY

### Evacuation of British Troops is Resumed.

### More Quiet Along the Ulster Border, but There has Been Resumption of Shooting in West Belfast, Where the Deaths Number 25.

(Canadian Press Cable.)

London, Feb. 15.—Twenty-four hours of calm on the Ulster frontier, where forces of the north and south are facing each other, has brought some relief from the tension in the Irish situation. A statement by Lord High Chancellor Birkenhead yesterday, however, that "in the next few weeks we are going through the most grave and critical period probably in living memory," is generally regarded as in no particular overdrawing.

Michael Collins' assertion that he was in a position to obtain the release of some of the kidnapped Ulsterians is viewed here with relief, but it is evident that the feeling in Ulster will not moderate until all the captives are freed.

The current in Belfast yesterday that forty-two of the captive Ulsterians have applied to the Ulster government for release of the football players held in the Derry jail is unconfirmed and has been positively denied by Lieut. Col. W. D. Spender, secretary of the Ulster cabinet.

There is no indication from Ulster of an intention to liberate the football players, but it has been officially intimated that an application would not be refused. The chief concern in a speech in the House of Lords yesterday said he believed the northern government, taking a lenient view of the circumstances, would not be unwilling to assent to a truce in the cases against the men returned to the south. Consequently hope is entertained that the feeling on both sides of the border may be modified before long on the question of prisoners.

Further hope for a lessening of the border tension is based on the fact that the British government has suggested to both Premier Craig and Mr. Collins the appointment of a liaison officer on each side of the line to keep in constant touch and calm local crises. The outcome of this suggestion is as yet unknown.

### THE BRITISH SOLDIERS.

The difficulty regarding the suspension of the British evacuation has been removed. Mr. Collins came to London last night and will see Secretary for Colonies Churchill, and perhaps also the premier, today. It cannot be doubted that suspension of the departure of the British troops has aroused in Drogheda deep suspicion as to the government's position, and it remains to be seen whether official assurances can be given which will allay this feeling.

It was rumored in Dublin yesterday that the evacuation would be resumed today, but confirmation was not obtainable this morning. Such a step is possible if the border situation is deemed "satisfactorily" eased.

Eamonn De Valera has maintained complete silence concerning Mr. Collins' charges of a republican plot against the provincial government and Collins has added nothing to his original statement.

London, Feb. 15.—Michael Collins, who arrived in London this morning, had a long conference with Winston Churchill, secretary of the colonies, at the colonial office during the forenoon.

### More Shooting in West Belfast

Belfast, Feb. 15.—Constable O'Donnell, who was kidnapped in Roslea, County Fermanagh, in last week's raids, has returned to his barracks. He was released by his captors at Drogheda, County Louth. There has been much controversy over O'Donnell's seizure.

Belfast, Feb. 15.—Shooting was resumed in the early hours of the morning in West Belfast after a temporary lull around midnight. Frank McCoy was found dead on a sidewalk with bullet wounds in the back. The official report on the death of James Rice, whose body was found late last night, shows that he was done to death in a brutal manner. An armed gang tied his hands behind his back, pulled his coat over his head and tied a scarf over his eyes, kicked and beat him and then ended his sufferings with bullets.

Shooting also occurred this morning on the east side of the town, which hitherto has enjoyed comparative immunity. Shots were fired into several private houses, and Maggie Ferguson was wounded in the lung. Patrick Bradley, an income tax collector, was wounded in the stomach by shots fired through a door of his home.

The door of Father O'Brien's house was smashed by bullets and Peter Keenan and Frank McHugh were severely wounded while in their homes.

The deaths of a girl and a youth who were shot Monday brought the total deaths in the present series of outbreaks to twenty-five. John O'Neill, a postman, was shot from a side street this morning while in Falls Road. His arm was broken.

### INTER.

Belfast, Feb. 15.—Arrangements for the evacuation of the British troops from southern Ireland were resumed today after a suspension lasting two days. At Dublin preparations were making for the embarkation of 400 men.

At noon today Belfast was reported absolutely quiet, the presence of troops in the streets having had the desired effect of checking the operations of the gunmen.

Conditions on the border, where forces of north and south Ireland are facing each other as the result of the tension created by the recent kidnapping of Ulster Unionists, also were reported quiet.

Belfast, Feb. 15.—After a period of quiet lasting several hours, disorders again broke out in this city at three o'clock this afternoon when shooting began in the Vanhoose street area, near

## As Hiram Sees It

"I see they got a hanted house over in Nova Scotia," said Mr. Hiram Hornbaker, of the Times reporter. "They're makin' a great huller about it. I guess we'll see 'em do it. It does 'em good, an' doesn't do nobody else no harm. It's like a feller tellin' about the big trout he didn't get. I guess we'll see 'em do it a little now an' then."

"You seem to be a bit skeptical," said the reporter.

"I ain't got no call to be," said Hiram. "I never was hanted, an' I never seen a ghost, but if anybody else sees 'em an' hears 'em an' tells 'em do it. It does 'em good, an' doesn't do nobody else no harm. It's like a feller tellin' about the big trout he didn't get. I guess we'll see 'em do it a little now an' then."

## MURDERER A RAVING MANIAC

### Scully Slays Aged Father and Almost Kills Sister With Razor and Hammer.

Samia, Ont., Feb. 15.—Raving in his cell in the Port Huron jail, awaiting his appearance in police court before Canadian and American immigration authorities, Anthony Scully, murderer of his aged father and who almost killed his sister, says that his relatives are the cause of all his misfortune and that with the law falling to take its course, he took the law into his own hands.

Last night, in his padded cell, he was a raving maniac. The hospital authorities announce that his sister in the asylum is in a critical condition. The sister is suffering from fifty razor slashes and twenty-one blows from a hammer.

## THREE BRITISH AIRMEN KILLED

### Plane Crashes From Ninety Feet in Madrid—Was Intended for Morocco Service.

Madrid, Feb. 15.—Three British airmen, Richardson, Milne and Ortweiler, were killed yesterday at the Cuatro Vientos Airfield, just outside Madrid, when an airplane in which they were flying crashed from a height of ninety feet. Two of the men died instantly, and the third a short time afterward in a hospital.

The airplane, which was intended for service in Morocco, was to have been blessed today in the presence of Queen Victoria.

## BASEBALL CLUBS ASKING FOR EARLY COVEY DECISION

Yarmouth, N. S., Feb. 15.—A resolution declaring that the uncertainty regarding the amateur status of athletes in the maritime provinces makes it impossible for baseball clubs to make their plans for the coming season, and urging that the maritime provinces branch of the A. A. U. of C. take any action projected without delay, has been sent to President Covey of the maritime branch by the Yarmouth A. A. U.

A copy of the resolution has been sent to all other clubs in the district, with the request that they take similar action.

## OTTAWA LIBERAL WOMEN ORGANIZE

Ottawa, Feb. 15.—(Canadian Press)—The Ottawa Women's Liberal Club was formed here last night, under the presidency of Mrs. Norman F. Wilson.

Mrs. Hewitt Bostock, wife of the government leader in the senate, and Madame Rodolphe Lemieux, wife of the speaker designate of the commons, were elected honorary vice-presidents.

## THE PRETORIAN

The Canadian Pacific Steamships liner Pretorian was expected to reach port at 2:30 o'clock this afternoon from Glasgow. She has approximately twenty-one cabin and fifty-three third class passengers in addition to 387 tons of general cargo and a small quantity of royal mail. The passengers will be sent on to their destinations on the regular trains.

The Victoria Barracks. The military promptly opened fire.

London, Feb. 15.—Michael Collins has obtained the release of fifteen of the Ulster Unionists recently kidnapped, it was announced in the House of Commons today by Winston Churchill, secretary for the colonies. Mr. Collins hoped that more of the prisoners would be liberated during the day.

## Sherbrooke Electric Lighting Prices Further Reduced

### (Canadian Press.)

Sherbrooke, Que., Feb. 15.—The last discount reduction decided on by the city council in the price of electric light here brings the price per k.w. hour down to 5.1 cents net. The actual price is still six cents per k.w. hour, but a discount of fifteen per cent is allowed for prompt payment.

There has been no reduction in the price of power, which is still at one cent per k.w. hour, with a minimum charge of \$1.75 per horsepower per month.

Montreal, Feb. 15.—The Montreal Light and Power Company dispenses electricity for all purposes to dwellers and manufacturers in this city at the rate of six cents per k.w. hour.

Toronto, Feb. 15.—Electricity rates in Toronto are now as follows: Based on floor area, approximately a six room house charge would be service charge 30 cents a month, first 30 kilowatts at two cents and remainder at one cent per k.w. hour.

## NINE HELD IN THEATRE CASE

### Architect, Roof Engineer, Building Inspector and the Builder of Knickerbocker, Washington, Included.

Washington, Feb. 15.—Nine men were ordered held for the grand jury in bond of \$5,000 by the coroner's jury yesterday which brought in a verdict of manslaughter in connection with the collapse of the roof of the Knickerbocker Theatre, January 28, resulting in the death of ninety-eight persons. They included the architect of the building, the engineer who designed the roof structure, the building inspector, the architect of the theatre and others having to do with the building and inspecting of the theatre.

The coroner's jury in its verdict declared that the collapse of the roof was due to the failure of the roof structure and to faulty designing and construction and inadequate supervision and inspection.

## LAMY CUTS HIS RECORD IN 880

### Veteran Leads in First Day Points at Saranac.

Saranac Lake, N. Y., Feb. 15.—Edmund Lamy, veteran skater of this village, demonstrated yesterday that he still is to be reckoned with by the younger aspirants for skating honors.

Fifteen years ago the Saranac Lake man, then an amateur, established a record of one minute and twenty seconds for the half mile over the local course. That record stood until yesterday, when Lamy himself, in winning the half-mile event in a three-day meet here, broke the U. S. professional skating championship, sliced off a fifth of a second.

As a result of his work Lamy entered the second day of the meet with forty points. Arthur Staff, Chicago, American champion, and Everett McCowan of St. Paul were tied with thirty each. Bobby McLean of Chicago had twenty.

The event today will be the 440 yard dash, one mile and three-mile races. Those affected.

## FORM MACHINERY DOWN 40 PER CENT

Winnipeg, Feb. 15.—(Canadian Press)—The United Farmers, Limited, yesterday announced a forty per cent reduction in last year's prices of farm machinery.

C. H. Jones, general manager of the company, explained the reason for the reduction of prices of farm machinery to a reasonable figure. He expected within a year to have manufacturers prices down to "level where a reasonable relation prevails between the price of farm products and what the farmer has to buy."

## MURDERS HAVE NOT BEEN SHELVED

Premier Taschereau Replies to Criticism of Revue Moderne—Blames Newspapers.

Quebec, Feb. 15.—Referring to a statement in the Revue Moderne that the Chicotte, the Blanche Garneau, the Adeline Malherbe and the Gobin murders committed in Montreal and Quebec appeared to have been shelved, Premier Taschereau, in his capacity as attorney general of the province, blamed the apparent immunity of assassins in these cases on the newspapers, which, he said, kept the murders posted as to the movements of detectives. He said that the murders had not been shelved.

## DEMAND A CONVENTION OF CONSERVATIVES

### Hint at Pressure to Settle the Question of Leadership in Ontario.

Toronto, Feb. 15.—According to a Globe news story, the Toronto Conservative Club is taking steps to have the question of the leadership of the Conservative party in Ontario settled. A meeting, says the newspaper, has been called for March 1, when, by resolution, the Toronto club will challenge the Conservative Association of Ontario to hold a convention to settle the question of leadership and draw up a new platform for the party.

## 25 OF WEDDING PARTY DROWNED

Budapest, Feb. 15.—Twenty-five persons of a wedding party were drowned yesterday when the ice on the Theis river, which they were crossing, broke.

## ROSS REPORT ON HYDRO HERE

### Works Out Cost to Consumers at 7.99 Cents.

### Says a Distribution System Would Cost \$1,594,482—Total Yearly Cost to City \$251,027, and Charges for First Four Years Likely to be Increased.

The report on R. A. Ross, consulting engineer engaged by the city to investigate the cost of municipal distribution of the energy from the Musquash development, was this morning made to the Mayor and council. The following is a summary of the report:

The outstanding features of Mr. Ross' report are as follows:

On the basis of gauging records the power available at St. John, during the minimum precipitation will be 17,000,000 k. w. h. But as the gaugings show extraordinary results when compared with the precipitation (rain and snow fall) they cannot be accepted with safety. On the basis of precipitation records the power available during a minimum year will not be in excess of 9,000,000 k. w. h.

The requirements of the present customers of the N. B. Power for light, power and street lights total 6,250,000 k. w. h.

The total requirements of the company for 1920 totalled 12,113,490 k. w. h. The capital cost of a new distribution system and steam standby station to cover light, power and street lighting is \$2,484,482.

The cost a k. w. h. to the customer from a new civic distributing plant covering all places in Ontario is estimated to be 7.99 cents.

The high cost of light at St. John as compared with places in Ontario is accounted for by the high cost of construction at present, the necessity for a steam standby and the restricted use per customer in St. John. On the same basis in this regard the cost in St. John would be: basis of Bradford, 2.8 cents a k. w. h.; basis of Hamilton, 2.9 cents; basis of London, 2.7 cents; basis of Windsor, 2.8 cents; report basis of St. John, 7.99 cents; actual for 1920 basis of St. John, 8.58 cents.

The cost of power compared with Niagara is too high and the amount too restricted to permit obtaining motor loads common in Ontario, thus making the distributing system for many hours a day instead of a few hours at night present with consequent reduction in cost a k. w. h. for all services.

Those affected.

Mr. Ross says that four parties are interested in the power question: the N. B. Electric Power Commission, the Municipality of St. John, the N. B. Power Company and the citizens or customers. The problem is to bring the parties into such relation that the customer will receive the most benefit.

There are four positions which might be adopted by the city:

1. Not to accept the commission's offer and leave matters and the status quo.

2. To accept the commission's offer and resell to the company and undertake by the latter to reduce rates.

3. Accept the commission's offer and purchase the company's transmission plant by agreement or arbitration.

4. Accept the commission's offer and construct a new distribution system operated by the city, presumably in competition with the company.

## WEATHER REPORT

Issued by authority of the Department of Marine and Fisheries, R. F. Stewart, director of meteorological service.

## BETTER TIMES ARE IN SIGHT

### Optimistic Note at Meeting of Canadian Sheep Breeders.

Toronto, Feb. 15.—While agriculture generally was recently in normal times and the sheep industry seemed to have gone back farther than most branches, better times were in sight, so said Wm. A. Dryden, president of the Canadian Sheep Breeders Association at the annual meeting here last night.

## BIG DROP IN MEMBERSHIP

### Saskatchewan Grain Growers Lose 8,000 in Year—Lieutenant-Governor Refers to Need of Reciprocity With the U. S.

Regina, Sask., Feb. 15.—(Canadian Press)—The twenty-first convention of the Saskatchewan Grain Growers' Association was opened here yesterday afternoon. Delegates were impressed with the statement that the membership of the association dropped from 29,294 at the close of 1920 to 21,294 as at February 9, 1922.

A warm reception was tendered by the convention to Hon. George Langley, president of the Co-operative Elevator Company, and former minister of municipal affairs in the provincial cabinet. Lieutenant-Governor Newlands welcomed the delegates in a brief address in which he declared the convention to be "the most important parliament we have in Saskatchewan today." The lieutenant-governor said that what we need is some measure of reciprocity between Canada and the United States, and a larger immigration to this country.

## DIED IN WINNIPEG

The death of Mrs. J. A. Ritchie occurred suddenly in Winnipeg yesterday. She leaves one son, Mont, a conductor on the C. N. R.; two daughters, Mrs. Ross Johnson and Miss Helen Ritchie; one brother, Dr. M. F. Keith of Moncton, and one sister, Mrs. M. F. Perry of St. John.

peaks of whatever service is demanded either from St. John or elsewhere.

Cost Per K. W. H.

With an anticipated output of 21,000,000 k. w. h., which must be reckoned on maintenance per customer, steam plant provided, the cost can be met at the rate of 1.2 cents a k. w. h. By whatever amount the sales fall below that output, the cost a k. w. h. will increase in inverse proportion and must be paid by someone.

Cost to Customers.

According to figures taken from the Kenist report, the total required in the city for domestic light, power and street lighting is 6,250,000 k. w. h. Together with street car requirements, line losses and incidentals, brought the 1920 output of the power company to 12,113,490 k. w. h. It is assumed that the company will retain the street railway and gas plant, and their elimination from consideration will in no way affect the cost of light and power.

The average number of customers for 1921 was—domestic and commercial light, 8,440; power, 442. In December 1921 there was a total of 9,107 of both classes. On the basis of a population of 60,000 and 9,107 customers, capital cost of distribution system are figured as follows:—Light and power, \$857,922; street lights, \$247,500; total \$1,105,422; capital per customer, \$87.50; operating cost per customer, \$6.33; k. w. h. per light customer, 345. IN MEMORIAM

HALL—In loving memory of Cecil J. Hall, of 81 Guilford street, West St. John, who departed this life February 15, 1920.

A lonely spot and a lonely grave, in sight of a beautiful bay; Where the willows droop and fir trees wave, And the shadows across it sway.

We think of you in silence; No one can see us weep; But many a bitter tear we shed When others are asleep.

MOTHER AND FAMILY

MURRAY—In sad but loving memory of my dear mother, Ellen Murray, who departed this life February 15, 1920.

Two years have passed since that sad day When mother, dear, was called away God took you home, it was His will. Forget you? No, I never will.

DAUGHTER, ALICE

When mother, dear, was called away God took you home, it was His will. Forget you? No, I never will.

LOCAL NEWS

DIVIDEND ANNOUNCEMENTS. Montreal, Feb. 15.—Announcements affecting dividends were made this morning by Brompton Pulp and Paper Company and Bradford-Henderson Company, Limited. The former has passed the quarterly dividend of 1-3-4 per cent. on the preferred stock, and the latter has reduced its five per cent. dividend to three per cent. per annum.

BRIDGE PARTY. In the St. Elizabeth's society rooms, Douglas avenue, last evening, the members of the society were hostesses at a small bridge party. Prizes were won by Miss Alice Dyer and Mrs. A. L. Gibbs. Dainty refreshments were served, and all present voted the occasion a most enjoyable one.

AN INTERESTING FIND. While digging near the fence separating the yard of the court house from the registry building, the foundation walls of an old building were struck recently and what was apparently the cellar of an old trading post which had once stood on the summit of the rock hill there was uncovered. Old-fashioned clay pipes and several 1848-49 coins dating between 1777 and 1849 were found.

WALTER J. DALEY. With the death of Walter J. Daley, of 29 Millidge avenue this morning, sorrow has settled for the third time in six months on the members of his family. A few months ago, Fred Coughlin, brother-in-law, passed away, and Cornelius Daley, his father, died a short time ago. Mr. Daley was a master painter by trade and was very well known and highly respected in the North End. He is survived by his wife, an infant child; his mother, Mrs. Cornelius Daley; five brothers, John, Daniel and Frank, of Boston; two sisters, Mrs. Fred Coughlin and Mrs. John O'Brien, both of St. John. Burial will take place on Friday.

MRS. CHAS. W. MASTEN. The death of Mrs. Annie Jane Masten, wife of Charles W. Masten, of 205 McCall street, occurred early this morning in the General Public Hospital, at the age of sixty-nine. She had been ill for four months and a great sufferer, yet bore it all with Christian fortitude. Mrs. Masten, who was a daughter of the late John B. and Sophia McCall, was highly respected by all who knew her, and will be greatly missed by her wide circle of friends. She was a lady of keen intellect and had quite a literary talent, having composed numerous articles of prose and verse, many of which have appeared in the daily press from time to time. She leaves, besides her husband, two sons, Donald and Ross, both at home, and one daughter, Mrs. Ernest Gorham of Brown's Point; also one sister, Mrs. David S. Garnett of Silver Falls. The funeral will take place tomorrow afternoon at 2.30 from Brennan's undertaking parlors, Rev. G. B. Hudson officiating.

BETTER NEWS FROM JUDGE WHITE. On page twelve reference is made to Judge White's illness in Fredericton. A later despatch says he was attacked by heart trouble, but that there was nothing alarming in his condition.

FIVE MONTREAL RESIDENCE BURNED. Montreal, Feb. 15.—The residence of Wm. Lyall, president of the Lynn Construction Co., at 815 Clark street, Westmount was completely demolished by fire early today.

The loss is estimated in the vicinity of a quarter of a million dollars.

DEMPESEY IN NEW YORK; SOME RUMORS AFLOAT

New York, Feb. 15.—Mystery head of Grand Central station this morning while anxious flight promoters and reporters were waiting for the arrival of Jack Dempsey, who was coming out of the west in response to an urgent summons. He is to meet his manager, Jack Kearns, today.

There is much speculation as to the purpose behind the visit. Some rumors told of a proposed trip to Europe, where he would meet Bombardier Wells, Joseph Beckett, Georges Cook and others, and would then wind up by again engaging with Carpenter.

Another rumor was that Dempsey was to enter a 24-foot ring with Harry Wills, while a third had it that a return fight with Jack Willard was contemplated.

POLICE COURT

drunkenness and was remanded to Jail. Samuel Levine and Joseph Hayes were before the magistrate on a charge of lying and lurking in the C. N. R. yard last night. They pleaded guilty and were remanded.

Robert Shaffer, who was arrested last night on a charge of acting together with Leo Hayes in the theft of two cases of Black and White whiskey from Raymond Tobias, was remanded until Friday morning. He was arrested by Police Saunders, McElhinney, Hatt and Hughes.

Russell Hoyt was taken in charge this morning by Sergeant Rankine on a warrant charging assault on his wife.

She could eat anything —without indigestion or sleeplessness For a time she had been troubled with gas after her evening meal. The distress was most painful after eating potatoes or other starchy foods, of which she was very fond. Then she started taking two cakes of Fleischmann's Yeast every night between her evening meal and bedtime. She poured about a half cup of boiling hot water over the yeast cakes, stirred them thoroughly, added a little cold water and drank. She found she could eat anything and sleep splendidly after that. Thousands of men and women are finding that Fleischmann's Yeast corrects stomach and intestinal troubles. It promotes the flow of bile and pancreatic juice. Appetite is always kept normal and you are protected against indigestion. Add 2 to 3 cakes of Fleischmann's Yeast to your daily diet. You will find that your whole digestive system is greatly benefited. Be sure it's Fleischmann's Yeast—the familiar tin-all packages with the yellow label. Place a standing order with your grocer for Fleischmann's Yeast.

Isaac Brindley presided and sang a solo. The service was a deeply impressive throughout. During the first part of the service the electric lights went out, but the song service was entered into very heartily. PROVIDE FOR SUPERANNUATION High tribute was paid to Herbert E. Wardrop by the members of the city council, yesterday, when steps were taken to make provision for the payment of a pension to Mr. Wardrop on the occasion of his retirement. The matter was brought up in regular session by Mr. Frink, who said that the duties of the office of common clerk had never been performed with greater efficiency than at the present time. He then made a motion, seconded by Mr. Bullock, that as the common clerk had been in the city service for forty-four years and as no legal provision had been made for the superannuation of city servants, legisla-

There is now in progress at the University of Toronto a two-weeks course intended chiefly for farmers and residents in rural districts. There are two courses, and the subjects include English literature, economics, Canadian history, comparative geography, architecture, engineering, public speaking, public health and hygiene, psychology, household science and biology.

A NOBLE MONUMENT. The Ottawa Journal says that the juvenile court and child welfare work in that city will remain a monument to the late Judge Archibald. No man could ask a nobler one. His last report, however, published after his death, showed how deeply he was interested and how much he desired to make the work of the juvenile court and probation system more effective.

What we do hope is that you will have a quickened interest in the things of the mind, and of human life and of human society generally, which you will carry back to your homes as the beginning of a new development, and of new interests that will add interest and worth to your lives.

President Falconer went on to say that what the authorities hoped was that those attending the course would get glimpses into things which would enable them to lift their whole lives into newer interests, and that the two-week course would be a great enrichment for them on the humanistic side of their lives.

Premier Drury, who also spoke, aptly said that the course was not in any sense intended to help them make a living, but to help them make a life. And to the farmer students he said: "The best education I ever had was that which I acquired during the quiet hours upon the farm, when I could read and when I could think over in the quietness of the out-of-doors the things which I had read."

There is great wisdom in these remarks, and Premier Drury is an exemplification of what reading and reflection on the farm may do for a man. It also explains why a man from the city who goes into a rural district is sometimes astonished to learn how little he himself knows about country-wide or world-wide movements, compared with the farmer.

Similar, work to that in Toronto, but on a more extended scale, is carried on at St. Francis Xavier College, Antigonish, and has attracted attention not only in Canada but in the United States and the mother country. Its importance cannot be too highly estimated.

Mr. Bonar Law has set at rest the speculations regarding his political intentions. In Glasgow yesterday he said, "he would do all he could to prevent a change of government until he was convinced that a change was likely to improve the difficult situation confronting the country."

Two generals and an army captain were executed in Mexico yesterday after a court martial found them guilty of rebellion. President Obregon speaks in the only language some of these agitators can understand.

Some Questions The Citizens Would Like To Have Answered

THE CHALLENGE OF SPRING.

(Rev. George Scott.) Ah me, it is a cruelly thing To listen in these early days The ringing challenge of the spring Re-echo in the snowy ways.

To gossip with the chickadees Along the brink of frozen streams Of cloudless skies and summer seas, Of shady camps and camp fire gleams.

To watch along the country lanes The withered snow drifts disappear, And feel through the languid veins New courage rising fast and clear.

To know that after waiting long Shall thrill with interludes of song, And sparkle with unmeasured glee, The glorious garniture of flowers.

The little hills shall doff their shroud, And all the trees shall clap their hands, And falling streams shall sing aloud Their chorus to the fertile lands.

Oh, me, it is a cruelly thing To hear amid the snowy ways The swift forerunners of the spring Discouraging high prophetic lays.

With here and there a shred of mist, And here and there a burst of rain, A tender hint of verdure kissed, To being in the precious chain.

While all bearded in cloth of gold A blossom in a secret place Its fragrance shall be turned over, To greet the day's unfolding grace.

Only to live, what joy is here, Earth's weary vigil overpast, To say through all the circling year, This day was better than the last.

In view of the fact that the Ross report has been received, and all the details are now on the table, the citizens generally would be glad to have an answer to the following questions:

1.—Why was the scope of the Kenit report limited to the saving the city would make through the handling of hydro-developed electricity by the present power company?

2.—Would it not have been a good idea to have obtained the estimate on the manner by which the citizens would receive the greatest saving in cost?

3.—Why was an engineer not obtained from the Ontario Hydro Commission to report on the situation in St. John?

4.—That is the estimate made by Mr. Ross for a new distribution system?

5.—On what figures was this based? (To get a correct estimate it is necessary to divide the city into districts, and work out on the basis of load factors.)

6.—Does Mr. Ross definitely state that this is the lowest possible cost?

7.—Is Mr. Ross the engineer who made a report on the Elm street plant some years ago?

8.—Is the contract the city must sign similar to that offered to Halifax?

9.—Does not the N. B. Electric Power Commission guarantee in its letter to the city of November 22nd, that 21,000,000 k. w. h. is the minimum amount that will be delivered to the outskirts of the city?

10.—Does it not also guarantee in the same letter that 1.2 cents per k. w. h. is the maximum price?

11.—Why cannot St. John sell at least as cheaply as Windsor, which pays 20 per cent more for its power?

12.—In the event of the city taking over the present company, would it be on the valuation of Mr. Kenner who made a report on the Elm street plant some years ago?

13.—Would it not be necessary to spend a very large amount of money on the present system to adapt it to handle hydro electricity?

14.—Would it be possible to reduce the present large distribution loss to the average 12 per cent or less?

15.—All other conditions being equal, why cannot a municipality, borrowing at a smaller interest rate, and also by sinking fund, offer a much greater attraction than that of paying a private company forever?

16.—By what process of reasoning can the suggestion of letting the present company handle the power for three years, three months or even three days be justified?

17.—Would it mean an immediate saving to the citizens of 60 per cent in each year? (If not, then it is not worthy of consideration.)

18.—Have not the present company made a definite statement that there would be no appreciable difference if it obtained its electricity for nothing?

19.—When will the present plant at Musquash be ready to deliver electricity?

20.—In the event of Mr. Ross and Mr. Phillips disagreeing on certain results being obtained, why cannot Sir Adam Black recommend an engineer to settle the question?

21.—Why not a public vote on the question as soon as the Ross report is published?

THE QUESTION OF WOMEN PREACHERS

Vehement Opposition in Canterbury Lower House of Convocation — Resolution Carries by Small Margin.

London, Feb. 15.—(Canadian Press)—The lower house of the convocation of the province of Canterbury yesterday debated a resolution permitting qualified and approved women to speak and pray in meetings in consecrated buildings except at regular church services.

The resolution which is identical to the Bishop of Ely's motion presented in the upper house in 1914, provoked vehement opposition. Speakers urged that if women were allowed to preach to mixed congregations it would be impossible to exclude them from the priesthood. They predicted that the church would be "rent in twain and that there would be a great accession to the Roman community."

Supporters of the motion contended that if women were not permitted to preach and pray in meetings, they were already addressing meetings. What the upper house desired, he said, was a concerted policy.

The lower house concurred in the resolution by a vote of 60 to 58.

BONAR LAW IS IN GOOD HEALTH; HIS PROGRAMME

Right Hon. A. Bonar Law, former Unionist government leader in the House of Commons, speaking in Glasgow yesterday, said he felt in better health now than for a great many years, and attributed this condition to freedom from worry.

So far as he could see, he did not intend to join any government, but hoped to take an interest in public affairs as a private member of the House of Commons.

Mr. Law declared that he would do all he could to prevent a change of government until he was convinced that a change was likely to improve the difficult situation confronting the country.

A PLEASANT EVENING. The draws Mission Circle of Canterbury church entertained the Jessie Chipman circle of Portland Methodist church in Centenary parlour last evening. Mrs. R. D. Irving presiding. The study topic was on India and was led by Mrs. Arthur Amland. Devotional topics were led by Miss Faith Henderson. A pleasing duet was sung by the misses Hilda Britain and Cora Clark, followed by games, etc. Refreshments were served by Mrs. R. C. Fulton and Mrs. C. Cole.

BIG FUND TO AID IN SEARCH OF MURDERER

Mabel Normand's Suggestion to Friends of Slain Movie Man—Speaks of Her Letters.

Los Angeles, Feb. 15.—The suggestion that friends of Wm. Desmond Taylor, film director, form a huge fund and offer a tremendous reward for the capture of the man who killed him, was made by Mabel Normand, motion picture actress, in an interview yesterday.

"Every one who could should contribute, even if it is only one to five dollars," said Miss Normand. "Many of his associates should easily give \$1,000 and would, I believe, be glad to do so."

"I am sure Mr. Taylor had no enemies of whom he was aware. He was a man of such open habits, a sincere and honest man, that he could never have wrought an injustice to anyone," she said, "that they have absolutely no value, as they exhibit and indicate the good fellowship which existed between Mr. Taylor and myself. Why, I would not have dreamed of writing anything to him except of a light-hearted nature. Our whole friendship was founded on that line."

HAMILTON MAN KILLED YESTERDAY

Hamilton, Ont., Feb. 15.—Sanford Gardner, aged twenty-five, a well-known Hamilton man, was killed yesterday in an accident in a gravel pit at Montebello, according to a message received from the north last night.

Deceased was born in Tibonburg, Ont., and came to Hamilton when quite young.

LAST CAR CLUB. The weekly meeting of the Last Car Club was held last evening at "River-view," Pokok, L. Caddell being host of the evening. Progressive whist as usual was played and the scores were very close. Winners for the evening were Miss Hill and Mr. Parsons. Consolation prizes were awarded to Miss D. Bowers and P. McAllister. Refreshments were served and Mr. Fraser led enjoyment to the pleasant evening with selections on the banjo, bringing the evening to a close all too soon. The party breaking up with the singing of "Auld Lang Syne." The walk to the car was greatly enjoyed in the beautiful moonlight.

"X" BOILER LIQUID

Permanently Repairs Leaks in Heating Boilers and Removes Scale

How "X" makes Boilers Leak-proof, Rust-proof, Scale-proof and Prevents Foaming. When "X" is poured in the boiler it combines instantly with the water. In sizzling out through the crack the water is vaporized and the "X" is changed by atmospheric oxygen into a solid which fills up the crack. The constant heat in the boiler hardens the repair to the toughness of metal so that it will stand 500 POUNDS PRESSURE.

A quart can of this wonderful liquid will do a \$50.00 repair job; a half gallon can will do a \$100.00 repair job.

Rev. W. H. Spencer, at his home, 19 Douglas Avenue, last night united in marriage, Miss Mary Avela, daughter of James Patterson, Main street, to Russell R. Treacartin, of Barker street.

The girls of the Willing Workers of Tabernacle Baptist church and guests enjoyed a toboggan party at Lily Lake last evening. On their return luncheon was served.

### RECENT DEATHS

**Samuel Codner.**  
Friends will regret to learn of the death of Samuel Codner, an old and respected resident of this city, which occurred last evening at his residence, 52 Summer street, following an illness of about six months' duration. Mr. Codner, who was seventy-nine years of age, came from Newfoundland, but resided for the greater part of his life in St. John. He is survived by his wife, two sons, one daughter and four brothers. The sons are Harry L. Codner, of St. John, and Howard T. Codner, of Toronto. The daughter is Mrs. Harding, of Everett (Mass.). The brothers are Henry, of Millidgeville; Heskiah, of St.

John, Alexander, of Kingston (N. B.) and William, of Newfoundland. The funeral will be held on Thursday afternoon at 2:30 o'clock from his late residence.

The death of Wesley B. Fairweather, aged 75 years, took place in Digby last evening after a long illness, heart failure being the cause of death. He was born in Bloomfield, Kings Co. The funeral will be held Thursday and the body taken to Sussex for interment.

John Graham Anderson passed away Thursday at Douglastown following a paralytic stroke. Mr. Anderson, who was ninety-six years of age, had spent all his life in Douglastown.

### TAKE HYPNOTIST'S "SUBJECT"

Mother and Sweetheart of Detroit Youth Rescue Him at Herkimer.

Herkimer, N. Y., Feb. 15—Leonard Schula, 24, victim of "Jack" Martin of Detroit, professionally known as Marjah the Hypnotist, was taken away by his mother, Mrs. Augustus Schula, of Detroit, and Miss Josephine Plesky, the sweetheart of the young man. Schula, a toolmaker, was influenced to leave his home, his mother says, through the powers of Marjah, who for three years resided in apartments over the Schulas in Detroit. Schula made much of the equipment used by the troupe, which is playing here. Letters sent by his mother to him were never received. His letters told of great suffering as a result of being made subject for hypnotic experiments. He left here in a very nervous condition, although he had been with Marjah less than a year.

### GAS KILLS MAN AND WIFE

Two Trapped in Kitchen Die—Two Others Overcome—Baby Survives.

New York, Feb. 15—David H. Frisch and his wife Freda were found dead in their gas-filled apartment at 188 Union Avenue, Brooklyn. A neighbor smelled gas and called a policeman, who forced the door. Both bodies were in the kitchen. Frisch, partly dressed, sat at the table with a newspaper in his hand. His wife was on a couch. In a crib their year-old son was found alive. Gas was escaping from a jet in the kitchen stove. Apparently it had not been turned off tightly. Dr. Mauro of Greenpoint Hospital tried in vain to revive the couple. Mrs. Irene Reisinger, a sister of Frisch, who lives in Manhattan, came and took charge of the baby. Gottlieb Gottheld and his wife Anna, tenants on the floor above, were overcome by fumes that entered their apartment. They were treated in Greenpoint Hospital.

### MARRIED 56 YEARS AGO.

Fredrickton Mall—Rev. J. J. Colter and Mrs. Colter are today quietly observing at their home on Saunders street the 56th anniversary of their wedding. Rev. Mr. Colter is a native of Keswick, having been born at that place on December 8th, 1856. He is therefore in his 86th year, while Mrs. Colter is eight years his junior. The reverend gentleman has two brothers, Judge Colter of St. Thomas, Ont., and William Colter of Keswick Ridge, both of whom have been married upwards of fifty years. Although he retired some years ago from the active ministry, Rev. Mr. Colter still maintains a keen interest in the work of the Methodist Church. He has been a life long advocate of temperance and rejoices to see most of the provinces of Canada under prohibition. Of late the reverend gentleman and his worthy helpmate have been collecting funds for the relief of the starving children of Russia and have met with gratifying success. This afternoon a number of their lady friends will meet and celebrate the wedding anniversary by subscribing to this fund.

## STOMACH TROUBLES ARE DUE TO ACIDITY

Tells Safe, Certain, Speedy Relief For Acid Indigestion.

So-called stomach troubles, such as indigestion, gas, sourness, stomach-ache and inability to retain food, are in probably nine cases out of ten, simply evidence that excessive secretion of acid is taking place in the stomach, causing the formation of gas and acid indigestion. Gas distends the stomach and causes that full, oppressive, burning feeling sometimes known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the excess development or secretion of acid.

To stop or prevent this souring of the food contents of the stomach and to neutralize the acid, and make it bland and harmless, a teaspoonful of Bisurated Magnesia, a good and effective corrector of acid stomach, should be taken in a quarter of a glass of hot or cold water after eating or whenever gas, sourness or acidity is felt. This sweetens the stomach and neutralizes the acidity in a few moments and is a perfectly harmless and inexpensive remedy to use. An antacid such as Bisurated Magnesia, which can be obtained from any druggist in either powder or tablet form, enables the stomach to do its work properly without the aid of artificial digestants. Magnesia comes in several forms, so be certain to ask for and take only Bisurated Magnesia, which is especially prepared for the above purpose.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., WEDNESDAY, FEBRUARY 15, 1932

### LOCAL NEWS

The Coal Handlers' and Trimmers' Union held their regular monthly meeting last evening in their hall in Smythe street. The meeting was well attended and William Matterson, president of the local, occupied the chair.

The Y. M. C. A. Harrier Club held a skating party last evening, with about forty young people spending the evening at the Victoria rink and later going up to the "Y" and there enjoying refreshments and a social time.

Judge C. P. Carleton delighted a large audience in St. Vincent's Auditorium last night, when he described the career of Matilda, Countess of Tuscany. Captain J. Furion rendered two solos. The affair was under the auspices of the Catholic Women's league.

Frank S. Sadler, of Fredericton, concerning whose absence from Fredericton some anxiety was felt on Monday, returned home safely. Mr. Sadler had been in St. John over the week end, but had not notified his family of his intention.

Ven. Archdeacon A. H. Crowfoot delivered a lecture on "Paraphrase to the members of the Natural History Society last night. Many lantern slides, depicting the life of the fish, were shown. Besides describing the slides, the speaker gave a sketch of the life and times of the painter.

There was a good attendance at the Willis Orange Lodge fair in the new hall in Fairville last night, and all the games were well patronized. The door prize, a pair of blankets, was won by ticket No. 1838. The prize tonight will be a load of coal. The fair is being held to pay for the new hall.

A certificate received yesterday by R. J. McInyre from the Medical Council of Canada, granting Henry S. Hartley entry into the Canadian medical registry will be forwarded to Dr. Hartley at Port of Spain, Trinidad, where he is now practicing. Dr. Hartley was formerly in the military and was pastor of St. Philip's church here for some years.

Langford Coram, 29 British street, had his right foot badly crushed yesterday afternoon while working on unloading the R. M. S. P. Chabert at Pettungill wharf. He was taken to the General Public Hospital at about 6:15 o'clock in the police patrol, which he arrived in place of the regular ambulance, on which repairs are being effected.

The Millidville Summer Club held an informal dance last evening at the studio in honor of St. Valentine's Day. About one hundred were present to enjoy a lengthy programme of dances and the singing of Mrs. L. M. Curran and Miss Gregory. At a late hour refreshments were served and the party dispersed after the singing of "Auld Lang Syne."

Adla Temple, No. 157, Dramatic Order Knights of Kharrasan, gave an enjoyable Valentine dance in the Pythian temple last night to nearly three hundred. The affair was voted one of the best yet held. The committees were John E. I. G. Young, H. M. Akerley, Messrs. James Kelly, Simonds, Whitaker, Akerley and Miss Maria Mann.

The annual meeting of the New Brunswick Boy's Work Board was held yesterday. The officers for the last year were re-elected. Reports showed that a large amount of work had been done. The policy of holding boys' conferences at different times during the year, instead of only in the fall, was approved. Those who gave addresses were Taylor Hatten, Mrs. R. A. Jamieson and Miss Mary R. Allison.

A well-attended concert in aid of the poor was given by local artists in the Mission church school room, Paradise row, last evening. The programme consisted of vocal efforts by Miss Louise Knight, A. C. Lawrence, Montreal, Chessex Bourne, C. Bewick and Mrs. Belyea, and Mrs. Thomas Gray and Mrs. T. J. Gunn as accompanists. A quartette of songs by Miss Louise Knight, Mrs. Belyea, Messrs. Bourne and Lawrence, and a duet by Miss Knight and Mrs. Belyea, were greatly enjoyed. A violin solo given by Mrs. McDonald. The concert was arranged by Miss Louise Knight.

### SHADE GETS CHANCE AT BRITTON'S TITLE

The San Francisco Boxer will Meet Welterweight Champion at Garden on Friday.

New York, Feb. 15.—With the Benny Leonard-Rocky Kansas lightweight championship battle now a matter of pugilistic history, preparations are under way for another title bout in Madison Square Garden next Friday night. The combatants will be Jack Britton, world's welterweight champion, and Dave Shade, youngest member of the fighting shade family of San Francisco. The men are scheduled for fifteen rounds at the recognized welterweight limit, 147 pounds, and will step on the scales eight hours before ring time. This contest originally was scheduled for Jan. 28, but was deferred because of a sprained ankle suffered by Britton.

This will be the second meeting between Britton and Shade. The pair clashed nine months ago at Portland, Ore., in a bout in which it is claimed Shade scored the champion for a count of nine. This contest was called a draw. Since that engagement Shade has obtained victories over George Ward and Mickey Walker, New Jersey welterweights, who are considered in the circles of Britton's dangerous rivals. The contest will give Shade a chance to realize his ambition at an unimpaired early age. Shade is only nineteen years old, but has participated in 150 battles since he started boxing. If he should prove successful against Britton he would be the youngest champion in the ring.

Britton is the tried veteran of hundreds of bouts. He has held the welterweight title since the night of March 17, 1918, when he knocked out Ted (Kid) Lewis in nine rounds of a scheduled ten-round bout at Canton, Ohio. The champion is one of the most brilliant defensive boxers ever known and a cool, calculating ring general. On the offensive, too, Britton is remarkably clever, crafty and fast, and he has demonstrated that he possesses damaging punching ability.

It is true that under present conditions every nation has its hungry and needy, but if the peace spirit could be won, all the charitable societies would receive the support which would enable them to do better work at home and there would also be a good share for our own people here in Canada.

The defence of every home of the civilized world is concerned in the great tragedy of Russia. Russia is a part of the European bulwark which has been badly battered, a part which if not restored to its former strength and prestige will be liable to become the footstool of our civilization. He who belongs to the world, whether he be a mill-holler or a beggar, Russia is his outpost, a sentinel, in need of his most earnest consideration.

The war robbed Russia of most everything which her national pride loved, and after it had accomplished its heinous work, then came Lenin and Trotsky with their poverty doctrine which was forced on the people in Ivan "The Terrible" style. The Reign of Terror in France when the rebels became thirsty for the blood of those of gentle birth, Russia is put to death by thousands of Russians for the crime of being well bred. Today, like Russia's past, Russia is put to death by thousands of Russians for the crime of being well bred.

The prophet Lenin now admits that his time is past. He is a dreamer who cannot be put into practical life. It was surely a costly dream to the Russian people and to God grant that the civilized world will see in the Adventure of Lenin the danger of the false prophets, especially in every possible peace, as it is the duty of every man to slaughter the beast of the human race and destroy our national wealth and civilization.

The word "Russia" once made one think of a great and united power, but now it is a reminder of a tragedy equal in the life of a nation, of chaos and a weakness that is deplorable to all the civilized world. We may look out of our windows and see peace and tranquility, but the sailor scans the horizon when his ship is in the calm. The places of our security lie far beyond the sight of our windows or the quiet and comfortable surroundings of our homes. This is one of the reasons why we cannot afford to ignore the plight of the Russian people, a reason why every possible effort should be made to bring Russia back to life, and also to a government with workable principles.

A Russian is a Russian whether he is a Bolshevik or not. No man is free of the death penalty because he is a free thinker and believes in free speech, and there is no democracy to a government that functions only by force. No, we do not want that kind of government, and instead of using money to scatter Bolshevik literature over foreign countries, Lenin would look a bit more patriotic if he used it to scatter bread over the terrible famine area of Russia.

It is no time to experiment with a radical government when the nation is dying, but like the great boat when attacked by ants, poor Russia has taken on many things which she cannot seem to shake off. One of these is the Japanese military government that has been established at Vladivostok, the great fortified city and capital of Siberia. Japan was quite lucky in getting enough of her people into Siberia for an excuse of protecting them as she is now doing. I wonder if she is trying to engineer the same stunt in British Columbia, California and other places. If so, let us hope that she will not be allowed to succeed, because as long as nature reigns we have been taught to sing.

Besides Vladivostok being a terminal of the Trans-Siberian railway—a road leading into Europe, Serbia is a storehouse of great mineral wealth. Gold, silver, platinum, coal, lead, copper, etc., and enough sulphur to suffocate all humanity.

There are many, many reasons why Vladivostok should be guarded and Serbia controlled by our own people. But it is really discouraging to see how fast our outposts are being conceded to others, and how fast the meaning of "What we have we'll hold," is being forced out of existence.

The times when our people are governed by only one ambition—that of conquering and destroying one another, are the times when the blind lead the blind or the traitors lead the innocent. ### THE WORLD MUST SUCCOR RUSSIA

To the Editor of The Times:

Sir:—When thinking of the millions who are starving in Russia and other parts of Europe, there are many which seem to create in the imagination the sound of a harsh and cold voice saying: "Am I my brother's keeper?" Among those things is the stored wheat that is worrying the farmer concerning a market for it. The great surplus has created a real national problem, and the return of a steamship load of Canadian butter to Canada because there was no market for it in the old country.

Peace came to Europe over three years ago, why Europe's starving millions receive such miserable support? It is loathsome to think of war's compulsion and the soldier's need to eat, but remembering the time when it was a crime to have more than a few pounds of sugar in the pantry, the time when of olden days the privilege to search one's house to enforce the ration law, and when war commanders were helping the soul. These memories haunt me more and more as I think of those starving millions and of the little children who are dying.

It is true that under present conditions every nation has its hungry and needy, but if the peace spirit could be won, all the charitable societies would receive the support which would enable them to do better work at home and there would also be a good share for our own people here in Canada.

The defence of every home of the civilized world is concerned in the great tragedy of Russia. there are many things which makes one wonder if Japan is doing the right thing by supporting in Europe with which again some day she may be destroying European prestige in the east. Some of our statesmen say that we have a lot to thank Japan for because of her entering the late war, but I would like to know if she had been so unwise as to have ignored that wonderful opportunity for her advancement, she would surely look that crafty wisdom which makes her what she is today.

The diplomatic pilots of our nations need to see a good navigating judgment when sailing or drifting eastward, and that is one reason why they have to scrap some of their best ships and why they find themselves on the ledge of Asiatic problems. But the wreckage of Europe must be carefully salvaged. Every effort to reconstruct Europe will be an effort to strengthen the hub of our civilization.

**BLAST LIFTS CAR OFF RAILS**  
Passengers Frightened by Explosion and Many Cut by Shattered Glass—Bomb Tale Thrills Crowd.

(New York Times)  
A Broadway trolley car was lifted into the air and thrown off the rails just before 6 o'clock last night above Sixtieth Street by an explosion which shocked and frightened the tightly-packed crowd inside and drove fragments of glass from the shattered windows into hands, faces and feet. In the excitement, while hundreds who had heard the blast, were running from Columbus Circle and from theatres and restaurants near by, there was a bomb talk. The police of the West Sixty-eighth Street Station, however, found that neither the rails, the street nor the car, except for its windows, had been damaged, decided there probably had been an accumulation of gas in the trolley channel which had been ignited by an electric spark.

Passengers in the car were almost in panic when Patrolmen Quinlan and Griebel got there. The policeman saw the car was not safe, though clouds of thick white smoke were curling out of the trolley slot below, and they told those in the car they were in no danger and that persons bleeding from small cuts jumped into taxis and left without telling their names.

The policeman called an ambulance from Flower Hospital and Dr. Kaye treated for shock Alfred Hirsch, 1346 Manhattan Place, the Bronx; Joseph Dinko, 414 East Fifty-first Street and Irene Penning of 220 West 121st Street, who had a punctured wound in a foot. It was said that Philip Riley, of 256 West Seventy-fourth Street, had been in the ambulance, but he didn't wait for the ambulance.

The Third Avenue Railway Company, whom the car belonged, and motley wrecking crews from the barns at Fifty-first Street and Seventh Avenue and Fifty-fourth Street and Tenth Avenue, took the car back on the rails and sent it away on its own power.

Detectives who searched the jam of automobiles and the crush of curious persons had been unfringed, found half-burned waste and paper strewn about but could find no fragment of a bomb or even a cartridge.

Scores of Citizens Applying Daily to Park Department, Paying \$10 to \$20.

(New York Times)  
The restoration of Brooklyn streets to their former beauty through the planting of shade trees is proceeding rapidly with the co-operation of the Park Department and civic and church organizations. Thousands of these trees have been killed during the past few years under city conditions, subway construction determine what species were most adaptable to city conditions, and it is now able to provide trees and guarantee that they will grow.

Park Commissioner John N. Harman, who is enthusiastic over the success of the campaign, said yesterday that the people of Brooklyn were apparently beginning to realize the value and beauty of trees in front of their homes, for never before have so many applications for replanting been received at the Park Department at such an early date. Scores of names coming in every day, and the park tree men are assured of a busy spring.

While the department is making arrangements to plant more trees than ever before, the commissioner advises all those wishing to have the department set out trees to file their applications by March 15. By setting a definite date the commissioner hopes to systematize the work so that every application can be filed, but no definite promises can be made for orders received after March 15.

## MENTAL ILLNESS AND CRIMINALITY

To the Editor of The Times:  
 Sir,—As a member of the National Committee of Mental Hygiene of Canada, and particularly interested in all that means for a better understanding of the abnormal mentalities so common among us as seen about us every day, in the shape of our mental illnesses and defects of character, commonly known as criminal, I would like to make a few statements about those local cases, and the like, to which some little publicity has been given during the last few days. The question has been asked in a general way as to what we are going to do about them. Of course the conditions are not new, far from it, and the same questions have been asked for the same length of time. We have tried to deal with these cases, in the past, and up to the present, by considering the act side of the question only, and the act committed, and very little attention has been given to the question of the real responsibility of the chief actor from a standpoint of his or her mentality. From the view point of modern psychology, which has made great advances in the last few years in the understanding of these mental illnesses, it would appear that the main question should always be as to the mentality of these individuals. What they are really trying to do and why? What are the impulses and compulsions that are forcing them to remain or regress into social individuals? In other words, to study these so called and legally labelled criminals for what they really are and not for what they are not. The latter way has been the common way in the past, and because it happens to be the sanctioned traditional way we have up to now been content to conform to it in spite of all the evidence of failure in its pursuit. The question is how much longer are we going to stumble along judging our mental illnesses as criminal and administering punishment to men and women, human beings like ourselves, because they are suffering from these mental illness over which they have as little, yes less control than we have of our frequent physical illnesses without outside help. I can only conceive of a lack of a true knowledge of the real conditions of these poor creatures as a reason for our apparent blindness. These individuals are under the compulsions of impulses the foundations of which were laid in childhood and we can never come to any just understanding of them and their social acts by any amount of investigation of the conditions which are at the moment present, but only by a proper study of the present condition and an exact history of the individual and an enquiry into the very beginning of the existing condition. Are we who claim to be normal, and who in our normal condition could not do these social acts, going to continue to so unintelligently and illogically judge and treat these poor unfortunate mental illnesses, or are we going to attempt to find out for ourselves the real truth of the matter? There is plenty of material about, without seeking far, for those who are in earnest in this matter. I am referring particularly to many mentally ill individuals who have come under the eye of our revenge dispensers, who represent you and me and pass our judgments and our punishments on these, some of our numerous mentally ill. I only request investigation and a little clear thinking on the part of our normal thinking citizens, for any persons who are in a normal mental condition cannot fall to see that our old way of

investigation and treatment, punishment, of these mentally ill individuals has not only not accomplished much, if anything, in the reduction of the vices, or aided these individuals in the control of their defects of character. Instead, each year we are called upon to make additions to our machinery and buildings necessary for carrying on this unholo warfare against our defenceless mentally ill, whose difference to ourselves is not a matter of kind, but only one of degree. To come to any reasonably true answer to these questions we must learn to read back into these lives and learn the strength of the childhood tendencies to follow pleasurable paths of the least resistance, whose foundations are laid generally in the earliest childhood; for this strength may be vastly diminished or increased by the fact that the immense forces of social custom, by prescribing what should and what should not be done, help to deprive the child of his own sense of responsibility, while at the same time they seem to relieve the parent from the necessity of seeking to discover what is really passing in the child's mind. We talk of independence, but in fact the community is almost frantic in its demand for conformity, irrespective of the individual's mental capacity to conform. It will not require any great amount of introspection for any of us to see that these unfortunate individuals are really our companions in arms in the great march of social progress, and we will awake to the fact that we are akin, perhaps with those we had called sinners—and have pitted at long range. A little knowledge will teach us that these mental illnesses or faults of character arise largely as the primary or secondary results of the failure of the forces of our civilization as brought to bear on this or that individual child during the stage of development.

of nurses' visits was 202. The doctors' reports showed that Dr. A. E. Logie had examined eleven patients and Dr. H. A. Farris had examined six patients. Dr. Doris Murray had examined sixteen patients, children. Dr. Murray's children's work was a feature of the month's activities which received specially favorable comment. Dr. Carmichael was greatly pleased with the arrangements made by the society to hold a case finding campaign in St. John in April.

## A Promise that has made good

When KING COLE TEA was in its infancy we associated with it the slogan—"You'll like the flavor." It was a modest statement, yet when you come to think of it, it covers all that you are looking for in the tea of your choice. How well KING COLE has lived up to its promise is proved by the many thousands of users today.

Perfectly packed in bright lead foil and price marked on every package.

MUTT AND JEFF—JEFF PREFERS A JOB WITH LESS CLASS AND MORE SAFETY

By "BUD" FISHER

SOME CLASS TO ME NOW, EH, MUTT? I'VE JOINED THE POLICE FORCE!

I CONGRATULATE YOU, JEFF! IN FACT I ENVY YOU! I WAS JUST READING ABOUT THE POLICE FORCE!

HERE'S WHAT IT SAYS:—NEVER BEFORE IN THE HISTORY OF THIS CITY HAVE THE POLICE HAD TO DEAL WITH SUCH A DESPERATE BAND OF CRIMINALS! A COP'S LIFE IS IN JEOPARDY EVERY MOMENT HE IS ON DUTY—

IT GOES ON TO SAY THAT SEVERAL OFFICERS HAVE RECENTLY BEEN SHOT IN THE BACK AND THE POLICE DEPARTMENT WON'T REST UNTIL THESE BANDITS ARE BROUGHT TO JUSTICE, AND—

I'VE DECIDED TO JOIN THE STREET CLEANING DEPARTMENT, MUTT!

UNREST IN QUEBEC.

The Quebec Chronicle in a news story  
describes the unrest which exists in that  
city and in Lévis owing to the shortage  
of work in the shipbuilding industry at  
Lévis. It points out that there is only  
work for about one hundred men at the  
present time, while normally there are  
some 700 men employed and in rush  
times about 1,200 men. The shipyards  
have been practically idle since the close  
of navigation and the only work on now  
is the contract for the overhauling of the  
steamer Bellechasse, a \$3,000 job. If no-  
thing turns up by the time the new em-  
ployed will soon be out of work, and it  
is urged the men state that unless  
something is done they will have to do  
something to take their position known.

Amateur Clamps.

Philadelphia, Feb. 15.—The  
Philadelphia House, 1760,  
Philadelphia, which was famous for  
the uniformity of its architecture, must  
have contained in 1760 many houses of  
the style of that of the Provost Stewart  
of the College of Philadelphia. In addi-  
tion to a garret this dwelling had  
three stories respectively eleven, ten and  
nine feet high. The brick outside walls  
were fourteen inches thick and the par-  
tition walls of the same material, nine  
inches. There were windows and win-  
dow glass, heavy shutters, a plain cor-  
niced, cedar gutters and pipes. The  
workwork, inside and out, was painted  
white, and all the rooms were plastered.  
No mention is made of the marble steps,  
but there may have been such, for  
Philadelphia house was complete  
without them.—"Colonial Folkways,"  
Charles M. Andrews.

Moncton and Halifax.

Halifax, N. S., Feb. 15.—Efforts are  
being made to bring the Moncton In-  
dependent team to Halifax to play a  
picked team here on next Monday. Presi-  
dent A. C. Wiswell of the City Hockey  
League, said that the amateurs would  
not object to the Independents being  
given a date at the arena, as was the  
case when it was suggested that Halifax  
should enter a team in the Independent  
League.

Jack Chisholm Hurt.

Antigonish, Feb. 15.—Jack Chisholm,  
captain of the Antigonish League of the  
Cross hockey team, 1921 champions of  
Nova Scotia, suffered a fractured rib in  
practice and it is thought will be out of  
the game for two weeks.

Canada Permanent Mortgage Corporation

Extract from Toronto Saturday Night, Feb. 4th, 1922:  
is a first class company. The plan you refer to is that the in-  
come of one hundred dollars per month will be paid, begin-  
ning after five years, for the number of months during which  
the subscriber has paid in to the company \$76.24 each month.  
That is to say, if you pay in for seven months, after five years  
have elapsed you will receive one hundred dollars per month  
for a period of seven months. Any amount of money may  
be paid in to the company per month, the minimum being  
\$76.24. The plan seems to be a first-class one.

LOCAL NEWS

Rev. A. L. Fleming and George War-  
wick spoke at a general meeting of the  
women of St. John (St. John) church yes-  
terday afternoon and told of the need of  
about \$2,000 for repairs to the organ. It  
was decided that the custom of holding a  
Bill of Fare is Red Hots and Cabbage,  
Hot Mince, Cheese, Coffee and  
Stuart's Dyspepsia Tablets.

BUYING BIGGER HATS.

A Tendency That is Attributed to the  
New Garmet Styles.  
(New York Times)  
A distinct turn in buying favor toward  
larger hats was seen in the local mill-  
inery trade last week. The change, ac-  
cording to the bulletin of the Retail  
Millinery Association of America, is due  
partly to the new styles for women's  
outer garments.

International Indoor Title Event to Be Held March 6, 7 and 8.

Chicago, Feb. 15.—The dates for the international amateur indoor ice skating championships which were awarded to Milwaukee today were set for March 6, 7 and 8. All of the speed skaters from the United States are expected to compete. The list will include William Steinmetz of Chicago, international outdoor champion; Roy McWhitney of Chicago, national champion; Joe Moore of New York, Canadian champion; Charles Jewras of Lake Placid, N. Y., and Charles Gorman of St. John, N. B.

NIGHT  
COUGHS

Terribly wearing on the system is the cough that comes at night and prevents sleep. The constant coughing keeps the lungs and bronchial tubes in such an irritated and inflamed condition that they get no chance to heal.

DR. WOODS'  
NORWAY PINE SYRUP

a remedy without an equal for soothing the lungs, loosening the phlegm, strengthening the breathing organs and fortifying them against serious pulmonary disease.

Mrs. John McKeeney, Lower Montreal, P. E. I., writes: "About three years ago I caught a very bad cold accompanied with a sore throat and hoarseness and was so hoarse you could hardly hear me speak. Finally I saw Dr. Wood's Norway Pine Syrup advertised; got a bottle, and at once it gave me relief, and after using four my cough had all gone. Now I always keep 'Dr. Wood's' in the house, and shall recommend your wonderful syrup to all my friends. Price 35c and 60c, a bottle at all dealers. Put up by The T. Millburn Co., Limited, Toronto, Ont."

BENDER TO AID WILLIAMS.

Famous Indian Pitcher Will Help Train Purple Hurtles.

Williamstown, Mass., Feb. 15.—"Chief" Bender, former Athletics pitcher, and more recently manager of the New Haven Eastern League club, is expected to assist Jack Coombs, the Williams baseball club, in the preliminary indoor drill. Chief Bender, who will be with the squad but a short time, will give his attention to the "purple" pitchers. Bender is expected to arrive in Coombs, who is expected Feb. 22.

Y. M. C. I. TOBOGGAN PARTY.

A company of about 125 attended the toboggan and skating party held at Lily Lake last evening by the senior class and the senior girls' class of the Y. M. C. I. On their return to the city the party went to the Y. M. C. I. where refreshments were served and a short programme of music and singing was carried out. The chaperones were Mrs. George M. Flood, Mrs. Arthur J. O'Connor, Mrs. Comau, Mrs. F. Lynch, Mrs. William Donahue and Mrs. T. L. Murphy.

The committee in charge of the arrangements was made up of B. McIntyre, John McArthur, E. J. Wall, E. Martin and F. L. Killen.

GIRLS' RACES.

Two girls' races were run off on Hilton Belyea's rink yesterday afternoon, the first one for girls seven and under, won by Miss Cowan. The second one, for girls twelve and under, was won by Miss B. Logan, young daughter of Fred Logan, ex-champion, who was on hand to officiate as starter. Irving Leonard acted as clerk of the course and the judges were W. S. Johnston and Jack Ellis. A large crowd was on hand and enjoyed both races very much. They were held over the 440 yards distance.

HALIFAX RUNNER COMING HERE

Harold Laperriere, champion one mile runner of Halifax, who represented the marines at the Olympic games trials at Montreal, and finished second, has arrived in St. John, where he will locate.

NIXON CLINCHES  
THE SOUTH END  
SKATING TITLE

Nixon won the senior mile and Quinn the junior half mile on the South end rink last evening when the fourth evening's events in the five-race series to decide the junior and senior championships of the South End rink were run. In the senior event Sprone was giving Nixon a hard shove for first place in the last lap when he fell. Clifford finished second and Barnes third. In the junior event Bridgeway was second and Gorman third. Nixon is now the highest point winner among the seniors and has already captured enough points to win the championship. He has 120, Clifford 100, Sprone 80, Diggs 30, and Barnes 10. Among the juniors Quinn is high with 70, and the others are Bridgeway 60, Gorman 30, McAlpine 30, Currie 30, Maxwell 10.

N. B. FEDERATION  
OF LABOR MEETS

Monday, Feb. 14.—The annual session of the New Brunswick Federation of Labor opened in Knights of Pythias hall here at 11 o'clock this morning. Mayor J. E. Edgerly gave an address of welcome. J. E. Edgerly, St. John, president, occupied the chair with G. R. McNeil, St. John, secretary. There were about sixty delegates present, including two ladies, Misses Sarah Shannon and Letitia Glover, representing the textile workers.

The secretary reported: Balance carried over, \$20.84; received from T. and L. Congress, \$199.85; received per capita tax 1921, \$379.57; total, \$599.26; expended, \$661.00; balance on hand, \$228.84.

MOTHERS' PENSIONS.

Resolutions requesting the provincial government to pass a mothers' pension and minimum wage acts were adopted by the thirty-six women's organizations, who have endorsed them and in many cases made representations to the government for these pieces of legislation.

PROPOSED RESOLUTIONS.

Following is one of the proposed resolutions read and referred to resolution committee: Resolved that the New Brunswick Federation of Labor request the legislature of this province to amend the New Brunswick electric power commission act of 1920 by the following: That the New Brunswick Electric Power commission or any municipality being supplied by electric power shall have the right to supply power to any private person or corporation for distribution for profit.

CURE FOR "MODERNISM" IS STUDY OF THE BIBLE

Atlantic City, N. J., Feb. 14.—The "great falling" of modern education is the tendency to interpret the Bible historically and to disregard the fact that the Bible is a spiritual book. Dr. Robinson, of Philadelphia, declared today in an address before the World Alliance of Christian Churches, a Presbyterian system. The way to combat this modernism, said Dr. Robinson, is with the study of the Bible in its own introduction of the Bible in the schools.

MARITIME ENTRIES.

More entries were received yesterday for the Maritime Championships, which are to be held on Hilton Belyea's rink in West St. John under the auspices of the Commercial Club on Friday evening and Saturday afternoon. Frank Garnett was amongst those who entered yesterday. The entry list closes this evening with W. E. Stirling, at the Y. M. C. I. and A. W. Covey, 10 Sydney street. Several applicants for Maritime championship honors put in some strenuous practice yesterday over the course. The rink has been allotted to the skaters are 10 a. m. to 11 a. m., 1 p. m. to 2 p. m. and 6 p. m. to 7 p. m.

HALIFAX PILOT RE-INSTATED

Halifax, Feb. 14.—Frank Mackey, who was pilot on the French munition steamer Mont Blanc when she collided with the Belgium relief steamer Iona in Halifax harbor on December 6, 1917, causing her subsequent explosion, was re-instated as a pilot here today.

CONTINUATES AFTER WINNING PRIZE; SETS NEW TRAPSHOOTING MARK

New York, Feb. 15.—What is believed to be a world's record in trap shooting was recently made by Captain Thomas K. Lee. At the Alabama Gun Club at Wetumpka, Ga., he stood at twenty-three yards. This mark was made in the first of a series of handicap matches of varying distances. Lee was the only contestant from twenty-three yards some years ago in Indiana, but Lee's recent feat is believed to be the best ever made by an amateur.

WANTS LEGISLATION TO STOP JAZZ AS AN INTOXICANT

Kansas City, Mo., Feb. 15.—Jazz music has much the same effect on young people as liquor, and should be legislated against, I. J. Cannack, superintendent of schools here, asserted in a speech before 1000 public school teachers. "The nation has been fighting booze a long time," Mr. Cannack said. "I am just wondering whether the jazz isn't going to have to be legislated against as well. It seems to me that when it gets into the blood of our young people, it does just as much harm as booze. I think the time has come when teachers should assume a militant attitude toward all forms of this debasing drug."

SURE, THE GIRLS SMOKE AT TEACHERS' COLLEGE

New York, Feb. 15.—Smoking by graduate girls in the dormitories of Teachers' College, Columbia University, is banned on architectural rather than ethical or moral grounds. "We do all," said Miss Margaret Kilpatrick, the president, "but we do not all do it here in the hall. The rooms are too small, and that is really the reason for the rule against smoking in the hall. We don't want to, but not in the halls."

A Stitch in Time

Quick action is the only hope when kidney disease appears.

There is a whole train of dreadfully painful and fatal ailments which soon follow any neglect to get the kidneys right. Among these are rheumatism, lumbago, Bright's disease, hardening of the arteries and high blood pressure.

In Dr. Chase's Kidney-Liver Pills you will find a treatment which is both quick and thorough.

Mr. C. E. Rayms, Lindale, Alta., writes:

"I was a great sufferer from kidney disease and lame back for more than a year. A friend of mine one day told me of Dr. Chase's Kidney-Liver Pills, and acting upon his advice I tried them. After I had taken one box I felt better, so I continued until I had five boxes. By this time I was well and strong as ever, and am glad to recommend Dr. Chase's Kidney-Liver Pills to anyone suffering as I was."

\$350,000 IN DRUGS GOING INTO SEWER

Police Begin Destruction of Seized Opium, Needles and Smoking Laid-out.

New York, Feb. 14.—The task of destroying \$350,000 worth of drugs—valued valuation—seized by members of the Narcotic Division in this city last year, was begun by Dr. Carlton Simon, Special Deputy Police Commissioner, who assigned recently under the bankruptcy act.

Home-made Remedy Stops Coughs Quickly

The best cough medicine you can use. A family remedy easily and quickly made. Guaranteed to stop coughs in 10 minutes.

You might be surprised to know that the best thing you can use for a severe cough is a remedy which is easily prepared at home in just a few minutes. It is a cough remedy for prompt relief. It beats anything else you ever tried. Use it at once. It is a cough remedy. It is a cough remedy. It is a cough remedy.

CURE FOR "MODERNISM" IS STUDY OF THE BIBLE

Atlantic City, N. J., Feb. 14.—The "great falling" of modern education is the tendency to interpret the Bible historically and to disregard the fact that the Bible is a spiritual book. Dr. Robinson, of Philadelphia, declared today in an address before the World Alliance of Christian Churches, a Presbyterian system. The way to combat this modernism, said Dr. Robinson, is with the study of the Bible in its own introduction of the Bible in the schools.

MARITIME ENTRIES.

More entries were received yesterday for the Maritime Championships, which are to be held on Hilton Belyea's rink in West St. John under the auspices of the Commercial Club on Friday evening and Saturday afternoon. Frank Garnett was amongst those who entered yesterday. The entry list closes this evening with W. E. Stirling, at the Y. M. C. I. and A. W. Covey, 10 Sydney street. Several applicants for Maritime championship honors put in some strenuous practice yesterday over the course. The rink has been allotted to the skaters are 10 a. m. to 11 a. m., 1 p. m. to 2 p. m. and 6 p. m. to 7 p. m.

HALIFAX PILOT RE-INSTATED

Halifax, Feb. 14.—Frank Mackey, who was pilot on the French munition steamer Mont Blanc when she collided with the Belgium relief steamer Iona in Halifax harbor on December 6, 1917, causing her subsequent explosion, was re-instated as a pilot here today.

CONTINUATES AFTER WINNING PRIZE; SETS NEW TRAPSHOOTING MARK

New York, Feb. 15.—What is believed to be a world's record in trap shooting was recently made by Captain Thomas K. Lee. At the Alabama Gun Club at Wetumpka, Ga., he stood at twenty-three yards. This mark was made in the first of a series of handicap matches of varying distances. Lee was the only contestant from twenty-three yards some years ago in Indiana, but Lee's recent feat is believed to be the best ever made by an amateur.

WANTS LEGISLATION TO STOP JAZZ AS AN INTOXICANT

Kansas City, Mo., Feb. 15.—Jazz music has much the same effect on young people as liquor, and should be legislated against, I. J. Cannack, superintendent of schools here, asserted in a speech before 1000 public school teachers. "The nation has been fighting booze a long time," Mr. Cannack said. "I am just wondering whether the jazz isn't going to have to be legislated against as well. It seems to me that when it gets into the blood of our young people, it does just as much harm as booze. I think the time has come when teachers should assume a militant attitude toward all forms of this debasing drug."

SURE, THE GIRLS SMOKE AT TEACHERS' COLLEGE

New York, Feb. 15.—Smoking by graduate girls in the dormitories of Teachers' College, Columbia University, is banned on architectural rather than ethical or moral grounds. "We do all," said Miss Margaret Kilpatrick, the president, "but we do not all do it here in the hall. The rooms are too small, and that is really the reason for the rule against smoking in the hall. We don't want to, but not in the halls."

Through the seizures of the drugs, Dr. Simon said, hundreds of arrests had been made.

Most of the contraband, he said, had been taken from ships or from persons trying to smuggle it into this country. The staff was taken to police headquarters and stored there in charge of Officers William Murray, property custodian, and J. J. McNeil. Besides large quantities of morphine, opium, heroin, there were 200 opium smoking layouts in the seized material. Many of the pipes were carved elaborately and inlaid with ivory and mother of pearl. Many hypodermic needles and syringes were also seized. The seized drugs were mixed with water and thrown into the sewers. The pipes and needles were browned and thrown into headquarters furnaces.

COMMERCIAL CLUB  
CHOOSES CHAIRMEN

The first meeting of the executive since the recent election of officers was held by the Commercial Club yesterday afternoon with the president, R. A. McAvity, in the chair. Routine business was transacted and the following chairmen of committees were appointed: Membership, D. J. Barrington; Finance, J. P. Peterson; athletics, Fred W. Coombs and Frank White; publicity, H. H. Scott; affiliations, W. S. Allison. Mr. Coombs was appointed with power to select others to represent the club at the discussion in harbor committee on the Board of Trade rooms on Friday evening.

Laws Upon Laws.

Winnipeg, Feb. 14.—"Canada should stop passing statutes and learn what her statutes are," said W. E. Perdue, chief justice of Manitoba, at the annual banquet of the Manitoba Bar Association. A holiday on legislation was necessary, he said.

Michael Abbie, of Edmondston, has assigned under the bankruptcy act to the Canadian Credit Men's Trust Association, Limited. The creditors will meet in Edmondston at the end of the month. Abbie has been called for the sawmill equipment and other property of St. Clair Fraser, of Chipman (N. B.), who assigned recently under the bankruptcy act.

Pains After Eating

Today thousands are afraid to eat because of the pains that follow even a light meal of good and wholesome food. Rether Seig's Syrup, taken after meals, has helped tens of thousands to enjoy their food, and put an end to the pains and miseries of indigestion. Sold in 50c and \$1.00 bottles at drug stores.

MANY CASES OF  
RHEUMATISM NOW

Says We Must Keep Feet Dry, Avoid Exposure and Eat Less Meat.

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water and above all take a spoonful of salts occasionally to keep down uric acid.

Rheumatism is caused by poisonous uric acid, called uric acid, which is generated in the bowels and absorbed into the blood. The function of the kidneys is to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the kidneys do double work, they become weak and sluggish and fail to do their duty. The acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the real fruit of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of men who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which cleanses the uric acid and is beneficial to your kidneys as well.

At all drug stores—50c, 70c, \$1.40. Sold in Canada.

"FLU" NEARLY  
KILLED HER

"I was so weak that I had lost interest in everything."

Because Mrs. McGregor let herself become run down, read what happened. "Like a great many other people who got the 'flu' a few years ago," she writes, "I fell into a weakened, run down condition. Nothing seemed to bring back my old strength and energy. I was tired all the time. I had no appetite. I had dull pains all over my body. I suffered agony with headaches. I was despondent and took no interest in anything. I was losing weight. I was in such a nervous, weakened, run down condition, that last spring I got pneumonia. My doctor thought I would live and the doctor told me afterwards that it was only because I had a strong heart that I managed to pull through. It was the time I was out of danger. I was so weak and tired that I had lost interest in everything. I tried several preparations to build me up but none of them did me any good. One day a friend who had been very ill called in to see me, looking the picture of health. He said that Carnol had done wonders for her. He advised me to try it. As the evidence of what Carnol had done for my friend could not be denied, I decided to follow her advice. Today I think Carnol the most wonderful preparation in the world. It has made me a happy, healthy, contented woman."

Carnol is sold by your druggist, and you can conscientiously say after you have tried it, that it hasn't done you any good, return the empty bottle to him and he will refund your money.

A SUPERB AND THRILLING LOVE ADVENTURE

LOVER NO. 1 This young man was infatuated with the charming English girl—a conspicuous figure in the motley Oriental throngs of Shanghai—which port business took him as a bank clerk. To him she was the fairest creature in all the world. In fact he drove himself into prison in a vain attempt to win her favor with show of money.

LOVER NO. 2 A rough-appearing but tender-hearted son of the sea became enamored of our heroine because he felt it was his religious duty to lift her from the surroundings of her father's establishment. He wanted to take her to the English land for the sake of her eternal soul. Furthermore it was his craving that she be his bride.

LOVER NO. 3 Roaming the Orient in quest of subject matter for his prolific pen the handsome novelist admired the girl as a bright touch of strange color in a foreign setting. His heart did not yield to her charms at first but the girl fell desperately in love with him and followed him.

**MRS. ANNIE J. MASTEN.**  
The death of Mrs. Annie J. Masten, wife of Charles W. Masten of 203 Metcalfe street, occurred early this morning in the General Public hospital. She had been ill for some time. Besides her husband, she is survived by two sons, one daughter and one sister. The sons are Donald J. and Ross H., both at home. The daughter is Mrs. Ernest Gorham of Brown's Place. The sister is Mrs. Donald S. Garratt of Silver Falls. The funeral will take place tomorrow afternoon at 2:30 o'clock. Many friends will be sorry to learn of her death.

**BURNS-MORRIS.**  
A wedding of interest was solemnized in Holy Trinity church this afternoon at two o'clock, when the Rev. J. J. Walsh, V. G., united in marriage Miss Mary Pauline Morris, daughter of Mr. and Mrs. Mathew Morris, of J. Burns of Cardiff, South Wales. The bride, who was given away by her father, wore a beautiful navy blue tulle gown with a seal throw and blue French hat, and carried a bouquet of violets and red roses. She was attended by her sister, Miss Geraldine Morris, R. N., who wore a becoming suit of blue with hat to match and seal throw, and carried a bouquet of red roses. The groom was supported by Ronald M. Morris, brother of the bride.

Following the ceremony, a dainty luncheon was served at the home of the bride's parents, which Mrs. Burns left on the Montreal train on a honeymoon trip to Upper Canadian cities. On their return the bride and groom will reside at 105 Burpee avenue. The bride wore a seal coat with squirrel trimmings, and a blue and white straw hat. They were the recipients of a large and magnificent array of presents in cut glass, silver, bronzes, china, etc., and a substantial check from H. J. Marr & Sons, with whom the bride was employed, and a bronze electric lamp and iron from the N. B. Power Company.

### ARE HOME TODAY FROM LAKE PLACID

St. John Delegation Enthusiastic Over the Races There and the Place and People.

Charles A. Owens, D. J. Corr, M. R. Dolan, F. W. Kelly and Frank I. McCaffery returned home today from Lake Placid, where they represented the Y. M. C. I. at the diamond trophy and Lake Placid cup skating meet, which was held on last Thursday, Friday and Saturday. A sixth member of the party, H. J. Sheehan, president of the Y. M. C. I., went to Boston from Montreal on Monday evening, and expects to be home before the end of the week.

The St. John men returned greatly pleased with the way in which the Lake Placid meet was conducted, the snappy manner in which the racing program was kept going each day, and the good work of the officials. All were delighted, as well, with the village of Lake Placid and its hospitable people. They found that the success of the Canadian championships at St. John and placed this city high in their estimation. Whatever enthusiasm was shown in St. John was not a bit greater in proportion to the population than was exhibited by Lake Placid people. The attendance at the races each day was large, and ringing cheers greeted the contestants as the close finishes that marked the meet stirred the blood of the spectators assembled around the shores of Mirror Lake. The local delegation reports the keenest interest in the racing game at Lake Placid and that, should the international championships come to St. John next winter, as is hoped, there is every likelihood of a large number of Lake Placid Club members coming to this city for that occasion.

While Charlie Gorman and Frank Garnett did not bring home the chief honors of the meet, the St. John representatives spoke in the highest terms of the work of both of these speedy skaters and that of Tommy Tobo, the diamond trophy competition there was hardly a finish in which a blanket would not cover the speeding men as they flashed across the line. The difference, they said, was more marked in the races for the Placid trophy, and noted that while Garnett did not win any finals it was only a matter of a very few feet that separated him from victory. Special credit was given to Charles Jewett by the local men, and it was their opinion that had he not fallen in the start of the 220 yards dash on the opening day he would have been crowned.

The Amateur Skating Ace of America, Steinmetz, they said, did notable work on the first two days.

The St. John men say they were royally entertained by the progressive body of young men who are shaping the destinies of Lake Placid under the leadership of Patrick J. Hennessy as mayor, and that, in fact, all the people were of one purpose in seeing that the men from this city had a pleasant stay while at the meet.

### JUDGE WHITE IS TAKEN ILL

Stricken at Session of the Supreme Court Today in Fredericton.

Fredericton, N. B., Feb. 15.—Mr. Justice A. B. White of the Appeal Division of the Supreme Court of New Brunswick, was taken suddenly and seriously ill during this morning's session of the court here. He was driven from the court to the Barker House after he had recovered somewhat and it was later said that his illness was caused by a severe attack of acute indigestion. Judge White had been in a precarious state of health for some time but improved following an extended trip to Europe.

### WAS SURVIVOR OF INDIAN MUTINY

English Paper's Sketch of the Late Mrs. M. L. Skelton.

The following account of the death and funeral of Mrs. M. L. Skelton, mother of A. C. Skelton, manager of the Bank of North America, is taken from a London exchange:

The funeral took place on Monday, at the Parish church, Horsell, of Mrs. Matilda Louisa Skelton, widow of the late Canon Skelton, of The Grove, Lincoln.

Mrs. Skelton, who was the eldest daughter of the late Gen. David Brierly, was in India at the outbreak of the Mutiny in 1857, and was one of its few remaining women survivors. She formed one of the small band of English men and women in the fort at Allahabad, which was for some time surrounded by the Sepoys, until it was relieved by General Havelock. After the death of her husband at Lincoln in 1915, Mrs. Skelton came to live at Horsell, where she died on the 19th January, in her eighty-fifth year.

In his sermon on Sunday morning at All Saints', Woodham, the vicar referred in very touching terms to her death, and spoke of her untiring interest in the life and work of every person with whom she came in contact. Evidence of which she made in every place where she had lived.

The funeral service was taken by the Rev. R. T. Jourdain, vicar of Woodham, assisted by the Rev. Norman Fares, R. C. vicar of the parish. The mourners were her sons, (the Rev. S. E. L. Skelton and John Skelton) and her daughter, Mrs. Henry Birkmyr, who is in the South of France, was unfortunately unable to be present, and her youngest son, Arthur Skelton, is in Canada. Illness prevented Mrs. S. E. L. Skelton from attending.

Wreaths and flowers were sent by the Rev. S. E. L. and Mrs. Skelton, Mrs. Birkmyr, Mr. and Mrs. John Skelton, Arthur Skelton, Mrs. Jackson and Miss Sanderson, Mrs. Hedley, Mrs. King, R. N. Stevens, Mr. and Mrs. Manning Driver, the Misses Stevens, Miss Resman and Julia Docker.

The funeral arrangements were carefully carried out by the London Necropolis Co.

### 21ST WEDDING ANNIVERSARY

Pastor of the Charlotte Street Church and Wife Remembered—Children Have Valentine Social.

The twenty-first anniversary of the wedding of Rev. and Mrs. C. R. Freeman was remembered yesterday, when D. C. Clark, on behalf of the teachers and primary department of the Charlotte street Baptist Sunday school, presented to the pastor a beautiful bouquet of twenty-one carnations.

The presentation took place during a Valentine social that was given for the children of the primary department in the vestry of the church. More than 100 children were present and after the afternoon was spent in games, a tasty supper was served at 5:30. Each of the children received a valentine. During the social Mr. Clark showed some entertaining lantern slides.

The affair was under the direction of Mrs. Norman P. McLeod, superintendent of the primary department, and Miss Nellie Rogers and Ellis Clark, teachers, assisted by Mrs. Freeman Gardner, Mrs. Nailing and Mrs. Melvin. The youngsters enjoyed the event to the utmost.
