SCOURING BOSTON FOR WOMAN FAGIN

She Is Teaching Little Girls To Be Thieves

TAKES ALL THEY PILFER

Money For Candy Their Reward— Twelve Year Old Child Arrested After Operating Like Trained Criminal

Boston, Feb. 28.—Boston is being raked by the police for a female Fagin, whose work in teaching little girls to steal is said to put the exploits of Dickens' notorious criminal character in the shade. The officers, who have been looking about in a quiet way for some time for a West End woman "cook-master," through whose agency many small girls, too young to hold, have recently got in trouble, they say they have been stimulated to greater activity by the arrest of twelve-year-old Jennie Desalvo of 151 Leveitt street, who was charged with stealing the pocketbook of Mrs. John DeJong of Dorchester, in a Washington street department store.

The little girl operated with all the skill of a trained criminal. It was only by luck she was caught by Special Officer Carey. She had been arrested before on charge of stealing toy balloons in a department store.

In the story she sobbed out to the police was that a "big girl" had threatened to kill her if she did not steal the balloons. Jennie used a muff to cover the movement of her hands in "snatching" the pocketbook, in a way that showed she must have been cleverly instructed. She had the handbag of Mrs. DeJong open and the pocketbook out before the latter realized what was happening.

Jennie's father and mother are aiding the police in their hunt for the woman, who, they believe, enticed their daughter into crime.

The cleverness of the mysterious woman thief teacher lies largely, according to the police, in her selection of her little human tools. She takes innocent children and teaches them stealing as kindergarten teachers instruct their pupils in novel and fascinating games. They become so fascinated that they take delight in "playing the new tricks" they have been taught.

She takes everything they pick up and in return gives them money to buy candy. The little boys and girls are so small that even when they are caught they do not get into serious trouble, all being released on probation and left free to be inveigled into renewed thieving, just as the Desalvo girl was.

BARKER TELLS HOW HE CAME TO BE IN A FIGHTING CASE

William Barker and Edward Ramsay were arrested last night charged with fighting just beyond the Marsh bridge. Barker said that he had not been drinking. He said he saw Ramsay and another man in an encounter. He knew Ramsay and, seeing that the other man had him down, he interfered. After helping his friend of the burden of the unknown man, he went to pick him up when Ramsay, thinking his rescuer was the man who had attacked him, turned on him. Barker said he did what he would to defend himself, and consequently the two men were arrested.

BOUQUET IN HONOR OF CORYR LAW'S VICTORY

A handsome bouquet of flowers was presented to Mrs. E. A. Sturdee in the Union Depot today by J. V. McLennan in behalf of the N. B. Kennel Club in recognition of her fine Irish setter "Coryr Law" having captured so many signal honors at the show in New York. Mrs. Sturdee returned home today. The dog show, she said, was a great success and the entries remarkably large. There were a great number of famous animals exhibited and much interest attached to the event. The presentation of the bouquet to Mrs. Sturdee was a graceful act of recognition.

WEATHER BULLETIN

Issued by authority of the Department of Marine and Fisheries, R. F. Stupart, director of meteorological service.

Synopsis—Pressure is quite low over the northern portion of Ontario and Quebec, with a moderate cold westward breeze with great rapidity of the west fair weather prevails generally.

Snow Tomorrow and Colder. Maritime—Strong south to southwest wind, fair and mild today. Sunday, snow winds, shifting to west and north, cold strong bursts and becoming colder.

Road Houses Closed

Officials Notify Proprietors, and The Hint is Accepted—This Time is Final, Is the Declaration

The lid is on and organized vice no longer flourishes in the suburbs of this city. Without blare of trumpets or unnecessary notoriety but quietly and effectively all the houses of ill-fame outside the city limits have been closed and this time, it is asserted, they will remain closed.

Y. W. C. A. MAY BE ORGANIZED FOR ST. JOHN; SECRETARY HERE

Miss Kate Lane, city secretary of the Young Women's Christian Association, Toronto, has been in the city for the last three days for the purpose of arousing interest in the formation of a branch of the association here. Miss Jamieson, daughter of the late Mr. Jamieson, who is also of Toronto, was here about a year ago and it was as a result of her report to the necessity of an institution of this kind that Miss Lane came to St. John.

MRS. OAKES OF P. E. ISLAND BURNED TO DEATH IN HER HOME

Rev. Mr. Bynon, Baptist Clergyman in New Brunswick, is Brother

Victoria, B. C., Feb. 28.—Sir Richard McBride, premier of British Columbia, said to the legislature yesterday: "I believe that the time has now come for the building of a railway through northern British Columbia to the Yukon and Alaska, and I may say that the authorities at Washington and Ottawa have both gone so far as to endorse heartily some project of co-operation in the building of this line."

HUSBAND GROOMSMAN AT MARRIAGE OF OTHER MAN TO HIS WIFE

Perjury, Bigamy and Conspiracy in Case Before Ontario Court

North Andover, Mass., Feb. 28.—A party policeman discovered several hours yesterday seeking an alleged phantom in the Hoosac Tunnel. John J. Long and Peter Rosco, railway employees, found what they declare to be a ghost. They followed him for more than a mile and finally vanished near the central shaft, which is three miles from either end of the tunnel.

RAILWAY MEN FEAR THE GHOST SAY IT FOLLOWED THEM IN HOOSAC TUNNEL—BOSTON SLEUTHS ON TRAIL BUT WITH NO RESULTS

London Outlook Says to Be Logical One of Kruger Also Should Be There

OPPOSES PLACING BUXT OF WASHINGTON IN THE ABBEY

London, Feb. 28.—The "Outlook" opposes the suggestion made by the "Observer" that a bust of George Washington be placed in Westminster Abbey. The adoption of this suggestion would be the conversion of the abbey into a shrine of permanent, visible outrage upon all loyal inhabitants of Canada.

THE MACKINTOSH SETS DOG WATCH ON SUFFRAGETTES

New York, N. Y., Feb. 28.—A London cable to the "Tribune" says that recent activities of the suffragettes in Scotland are being met by remarkable precautions. The Mackintosh of Mackintosh has initiated a system of dog guards at his home, Moy Hall, Inverness, where some of the finest Jacobite relics are kept.

The dogs raise the alarm on the approach of any person during day or night. Since the Mackintosh began this system of dog guards, other owners of houses have decided to do the same.

New Evidence in Becker Case

Schepps Said To Have Held Open Door of "Murder Car" While Rosenthal Was Shot

New York, Feb. 28.—That Sam Schepps held open the door of the "murder car" while gunmen shot down Herman Rosenthal, a gambler, is part of the newly discovered evidence that will be

presented at the second trial of Charles Becker, according to a statement made today by Joseph A. Shay, attorney for the former police lieutenant.

Schepps, it is said by Mr. Shay, stood on the running board of the automobile, while it was waiting across the street from the Hotel Metropole, where the murder of Rosenthal occurred. Mr. Shay would not say definitely whether Becker's attorney declared that he had

will testify that several meetings spoken of by Schepps, Harry Vallon and Jack Rose, in their testimony at the trial, and at which Becker was said to have made the arrangements for the killing.

Whitneys will be produced, said Mr. Shay, who will testify that Becker was in the alleged conference.

Lefty Louis Rosenberg, one of the four Becker gunmen, who will die in the electric chair on April 18, made a statement last night, through his attorney, in which he denied that he and his companions would try to throw the entire blame for the killing upon Becker.

Attorney Waible declared that he had but two moves left in the fight to save the gunmen's lives. After a death sentence has been affirmed by the court of appeals, said he, the only ways in which a man can be saved from death in the electric chair is by executive clemency or through the agency of newly discovered evidence.

Whitneys will be produced, said Mr. Shay, who will testify that Becker was in the alleged conference.

Lefty Louis Rosenberg, one of the four Becker gunmen, who will die in the electric chair on April 18, made a statement last night, through his attorney, in which he denied that he and his companions would try to throw the entire blame for the killing upon Becker.

Attorney Waible declared that he had but two moves left in the fight to save the gunmen's lives. PER CAPITA DEBT OF ST. JOHN IS SMALLEST IN DOMINION SAVE THAT OF TOWN OF GLACE BAY

Average of All Towns and Cities of Canada With 10,000 People or More is \$103, But St. John's is Only \$23—Halifax Three Times as Large

A striking illustration of the conservatism which has governed the expenditure of civic funds in St. John and the soundness of the city's financial position is given by a study of the net per capita debt of the cities and towns of more than 10,000 population of Canada as prepared by John Appeltin for McLean's Magazine. According to these figures St. John's per capita debt is less than that of any other city or town in the Dominion, with the exception of Glace Bay, N. S., which is only slightly lower.

While the average sum for which each resident of an urban community in Canada, if the municipal debt were divided equally, would be liable is \$103 the residents of St. John would face an obligation of only \$23 each. In other municipalities the amount would be all the way up to \$280 per capita, the average figure being held by Port Grey, B. C.

The average debt of large cities in the United States is equal to less than \$50 a head, and therefore less than half the average for Canadian cities. In the figures given it will be observed that the highest averages are in the west, where cities have sprung up rapidly and where they have been provided in a few years with public facilities which older communities have secured only after scores of years. The western spirit of rivalry and the desire to attract new residents by the material evidence of progress also helps to account for their large expenditures. (Continued on page 6, fifth column.)

NEW CONTRACTORS START WHARF WORK

The Maritime Dredging and Construction Co. this morning started work on their contract for the new wharves and piers at West St. John. Men were put at work leveling No. 8 crib in preparation for the concrete work. A large crew of men will be put to work Monday morning when the work will be pushed along as fast as possible.

FEDERAL LEAGUE TO DIVIDE PLAYERS AMONG EIGHT CLUBS TODAY

Chicago, Ill., Feb. 28.—Division of about 200 baseball players among the eight clubs of the circuit, will be made today by the owners and managers of the Federal League.

About half of the 200 players who have been signed by the Federal League have already been placed. Included in the list are said to be many big league men.

Mordcai Brown of St. Louis, and George Sloviter of Kansas City, the first managers to submit a complete list of ball players to the club owners.

Reports that Hal Chase, the Chicago Sox's first baseman, was wavering in his mind as to whether to join the Sox and joining the Federals could not be confirmed. Stories from the coast indicated that Chase was "holding out."

Cleveland, Ohio, Feb. 28.—The regulars of the Cleveland American League team left at noon today for their spring training camp at Athens, Ga. The recruits and Manager Birmingham went there several weeks ago.

PRASE FOR CHAMBERLAIN AND COMPTROLLER OF ST. JOHN

The Canadian Courier pays a well deserved tribute to the chamberlain and comptroller of St. John in reference to the publication of civic accounts.

"Every treasurer of a town or city in Canada might well take the statement recently issued by the City of St. John, N. B., as a model. Their appropriations for the year 1913 are shown in seven different columns, which are headed as follows: 1. Amount expended. 2. Income. 3. Expenditure with income deducted. 4. Limit of expenditure over income. 5. Unexpected balances of appropriations. 6. Taxes collected against limit of expenditure. 7. Unexpected balances in cash. This table shows at a glance what is spent on each department, and how closely each department came to its appropriations. Every department showed a balance on hand at the end of the year. The total surplus for the year was over one hundred thousand dollars, showing that the city is well managed. Perhaps the fact that St. John was the first city in Canada to adopt the commission form of government is accounted for this splendid and exceptional showing. The New York experts who examined Toronto's accounts for 1912 found that nearly every department overran its appropriations during that year, and there was an overhaft or deficit of six or seven hundred thousand dollars."

AEROPLANE CARRIES TURKS TO DEATH IN HOLY LAND

Constantinople, Feb. 28.—Pethy Bey and Sadiq Bey, two young officers in the Turkish military flying corps, were today while attempting to make a flight from Constantinople to Alexandria. Between Damascus and Jerusalem, the aeroplane broke down.

ALLOWED TO GO The two girls charged with street walking were given their liberty yesterday on condition that they leave the city.

DOCTOR FOX IS SCIENCE MARTYR

Dies of The Bite of Venomous Snake

BITTEN FIVE TIMES

Had Found Cure and Was Experimenting With It But Thought Skin Was Punctured in Only Four Places

Calcutta, Feb. 28.—Dr. Frederick Fox, an Australian scientist, who had devoted his life to the treatment of snake bites, died today as the result of a bite from a snake which he was using for experimental purposes.

Doctor Fox fell a victim while he was attempting to prove the efficacy of what he had said was a sure antidote to the virus of the snake. He had just finished treating a goat which had been bitten and he had succeeded in saving its life, when he was attacked by a deadly krait snake, which is peculiar to British India. The krait is a very venomous reptile, possessing grooved poison fangs and solid upper teeth behind them. During its attack on the doctor the snake inflicted five punctures.

The doctor, who had often voluntarily submitted to snake bites in order to demonstrate the efficacy of his cure, smilingly incised four of the punctures, but the fifth escaped his notice. The day symptoms of poisoning developed. The antidote made by Doctor Fox himself was used, but it was too late and he was added to the roll of martyrs to science.

WILL OF JOHN J. KANE

In the probate court today the will of John J. Kane of Beaconsfield, contractor, was proved. He gives to his son, Charles A. Kane, and to Gertrude, wife of his son, John T. Kane, two frehold lots of land in Carleton, fronting on the City Line Road, to his sons Michael F., James E., and Charles A. Kane, and to his daughter Edie B. Gertrude Kane \$100 each; to Rev. John J. O'Donovan \$100; to his son James E. Kane his interest in construction and holding plant, books, gear and material heretofore used by him in his business, but such not to effect any interest which he may have in deposits on account of contracts, nor profits whether earned or not, which he gives to his wife Rosa; he gives to his wife Rosa for her natural life the residue of his real estate for her support and maintenance, and upon her death to his children, and the rest of his personal property he gives to his wife. He nominates his son James E. executor, and he was accordingly sworn. Real estate consists of lots of land on the west side and in Lancaster valued at \$2,000; personally under \$10,000. Total estate \$12,000. Messrs. Baxter & Logan are probators.

THE WEATHER

After the long stretch of cold weather that has been experienced in the city during the last few weeks, the present warm weather caused a very heavy vapor, which at times last night was almost impenetrable. Between 10 o'clock and midnight a dead calm prevailed. The temperature last night went up as high as the freezing point, 32 degrees above, and the lowest registered last night was twenty-one above. The trees and wires this morning presented a very picturesque appearance. The fog disappeared this morning as soon as the sun appeared.

MAY TRY TOMORROW

On account of the dense vapor on the harbor this morning it is impossible to make an attempt to raise the sunken dredge Leonard. Weather permitting, the big lift will be taken tomorrow morning.

THE STEAMERS

Donaldson Line Lethia sailed from Glasgow this morning for St. John with fifty-six cabin and 150 third class passengers and a good cargo of general freight.

The Parnes Line steamer Rappahannock is making good time on her run from Halifax to this port. She left the Nova Scotia port yesterday afternoon at 4 o'clock and was abeam Brant Island this morning at ten o'clock. She is due here this afternoon.

The C. P. R. liner Montrose was six days and seven miles distant this morning at 9:45 o'clock, and is due to dock about four o'clock.

Allan Line Corinthia will sail this afternoon about three o'clock for London with cargo of deals, grain and general freight. The Mount Royal, of the C. P. R. fleet, is due to sail on this afternoon's tide for London and Antwerp with a full cargo of deals, grain and general freight.

Royal Mail Steam Packet Line Chitonia will sail this afternoon for the West Indies via Halifax with mails and general cargo.

The Manchester Shipper arrived this morning from Manchester via Halifax with general freight. She docked at No. 6 berth about two o'clock.

The Manchester Corporation is due to sail either this afternoon or Monday morning for Philadelphia to complete cargo for Manchester.

C. P. R. steamer Tyrolia will likely get away this afternoon about three o'clock for Avonmouth with general cargo. From Avonmouth she will go to Liverpool to take a sailing for this port.

Ontario Alliance Resolutions. Toronto, Feb. 28.—Resolutions passed by the Ontario Alliance yesterday favored votes for women, prevention of the manufacture and consumption of cigarettes, and gratitudes for the 100 years of peace on the continent. Colonel Samuel Hughes' abolition of the canteen was endorsed.

Helping the Manufacturer Who Helps You. Mr. Merchant—Work with the manufacturer who is enterprising enough to help make a market for you rather than with the one who does nothing. Of course, you must keep the kind of goods the public want. But where all things are equal you should let it be known that you will be more friendly towards the goods of the man who helps you market them than to the one who stocks up your shelves with his goods and lets you get rid of them the best way you can. As a rule, advertised goods under a standard name are of better quality than the nondescript kind, because the manufacturer of the former is striving to build a reputation. When you put your own name on a brand of goods you are pretty certain as to the quality—are you not? The manufacturer has more at stake than you have. The reason the public favors advertised goods is that it has come to know that advertised brands are usually the best. The Bureau of Advertising, American Newspaper Publishers Association, World Building, New York, solicits correspondents with manufacturers interested in newspaper advertising and co-operative dealer work. Booklet on request.

SUBURBANITES DEMAND JUSTICE

Spirited Meeting in Rothersey Last Evening — Committee to Co-operate With St. John Board of Trade

A largely attended meeting of indignant suburbanites was held at Rothersey last evening to protest against the injustice of the management of the government railway in taking off the I. C. R. suburban train. Spirited addresses were made expressing the determination of the people living along the line of the I. C. R. between St. John and Hampton to make every attempt to have not only the entire suburban service restored but up-to-date car accommodation as well.

The gross injustice Mr. Gutelius, the government's manager for the I. C. R., was strongly denounced.

A representative committee was appointed to meet the St. John board of trade, on Monday evening, to take up with them the whole question. The committee consists of B. C. Barclay Boyd, chairman; J. M. Robinson, H. F. Puddington, J. H. A. L. Fairweather, E. S. Carter, E. A. Schofield, W. S. Allison, Joseph Johnston, J. S. Gibbon, F. J. Nesbitt, H. G. S. Adams.

Among those present at the meeting last night was J. M. Robinson, president of the St. John board of trade, a resident of Rothersey, who assured his fellow suburbanites that they were strongly supported in their protest by the members of the board.

Mr. Boyd explained the reason for the meeting, and called upon Mr. Puddington, who briefly reviewed the situation and expressed his disapproval of the arrangement.

E. S. Carter pointed out that Mr. Gutelius had stated to the members of the board of trade that the morning and evening trains would not be disturbed, but they had been cancelled without warning.

He showed, by figures supplied by Hon. H. R. Emerson, how much the suburban traffic had increased, and said that the action of the I. C. R. management was anything but courteous.

J. M. Robinson was given a rousing reception, and he handled the mismanagement of Mr. Gutelius without gloves. He said that a representative committee from the meeting would have the cordial assistance of the board of trade of St. John in the effort to regain the rights of the suburban people.

He spoke of sending a telegram explaining the situation to Mr. Hasen, and of getting a reply incorporated in which was a copy of a telegram from Mr. Hasen to Mr. Gutelius practically demanding that the suburban service should be restored.

Mr. Gutelius' reply was evasive, stating that they hoped to get the first suburban to the city on time.

There were strong speeches by H. G. S. Adams of Brookville; J. H. A. L. Fairweather, of Rothersey; J. S. Gibbon, of Riverdale; Mr. Burnett, of Fair Vale, and others, and on motion of Mr. Carter, the committee referred to was appointed to meet the board of trade on Monday night to take up the question of the restoration of the suburban service, as well as a permanent and up-to-date suburban train accommodation.

After the meeting the committee got together and made arrangements for the conference on Monday.

Went to Another Road.
New York, Feb. 28—Carl R. Gray, president of the Great Northern Railway, has been accepted as the presidency of the Western Maryland Railway Company.

Daily Hints For the Cook

Apple Cheese Cake.
Peel, core, and stew one lb. of apples till tender, with three ounces of sugar. Beat up smooth two ounces of butter, the juice and half the grated rind of a small lemon, and two beaten eggs. Make some pastry, roll it out thin, cut into rounds, and line some greased patty pans. Partly fill these with the mixture and bake for about twenty minutes.

Catarah Cannot be Cured
LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarah is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarah Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarah Cure is not a quack medicine. It is prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonic known, combined with the best blood purifier, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarah. Send for testimonials free.

Sold by Druggists, price 75c.
Take Hall's Family Pills for constipation.

"MOTHER'S MAN"

Some day when mother dresses me
She puts my rompers on,
Of course I have to romp 'n' play,
An' keep it going all the day,
An' mother call me then, you see,
Just "Boo" or "Little Son."
But sometimes if I coax her to
An' coax as hard's I can,
She puts my overalls on me,
I get my workin' cap, an' see
How I can help—there's lots to do;
An' then I'm "Mother's Man."

Pans-pots Easy For

Foolish to Keep Corns

Putnam's Extractor Removes 'em
No way to extract a corn like painting on Putnam's Corn Extractor; it's the surest Corn Doctor ever known. Eases up that awful pinch over night, brings out the hard kernel of the corn and leaves the toe smooth as silk. Millions of people have proved Putnam's Corn Extractor a genuine success; it will remove your corns, warts and callouses. Sold in 25c bottles and recommended by druggists.

THE OPENING OF OUR MONTREAL BRANCH WILL PROVE A GREAT ADVANTAGE TO BIRD AND DOG FANCIERS IN THE LOWER PROVINCES AS OUR CONNECTION WITH BREEDERS AND DEALERS IN VARIOUS PET ANIMALS, ETC., ALL OVER THE WORLD PUTS YOU IN DIRECT TOUCH WITH THEM ALL AND OUR BUYING POWER ENABLES US TO PURCHASE AT THE LOWEST PRICES OBTAINABLE.

Singing Canaries Will Form a Feature in Our Next Week's Selling

Guaranteed Sweet Singers \$3.25 Regular Price \$6.00
ST. ANDREASBERG Trained Roller Canaries

Not a common ordinary singer, or a whistler, but a genuine German Roller. A living music box as all bird fanciers call them. Such singing as is heard from the throats of these little feathered foreigners is like the voices of the Melba and Tetrazzini of the song bird tribe. When these birds are un-boxed after their travels, in spite of the long time on the road, you will be astonished at their singing qualities. These birds are ordinarily sold for \$6.00, but our special sale price is \$3.25.

We also have females for these birds that ordinarily sell for \$2.00; special sale price \$1.25.
HARTZ MOUNTAIN WARBLERS, Male Birds and Guaranteed Singers
We have made a direct importation of 1,000 of these birds at a specially low price, and we are closing them out at a price which merely covers cost of importation. These birds are noted for their singing qualities, of flute-like clearness of tone, and are usually sold for from \$3.50 to \$5.00. Special sale price \$1.95.
HARTZ MOUNTAIN FEMALE WARBLERS, guaranteed to breed; regular price \$1.50; special sale price \$0.98.
NORWICH MALE CANARIES, regular \$6.00, special sale price \$3.25.
NORWICH FEMALE CANARIES, regular \$8.00 birds, special sale price \$4.89.

BIRD CAGES
We have just received 600 brass canary bird cages in two different sizes—9" long 6" wide, 9" high, regular price \$2.00; special sale price \$1.18.
9 1/2" long by 6 1/2" wide 9 1/2" high, regular price \$2.25; special sale price \$1.39.
All birds mentioned in this advertisement are shipped to the purchasers on their approval, and are guaranteed to arrive safely no matter what the distance may be or the weather conditions, without their singing qualities being in any way impaired.

If it is anything in the way of a singing canary this special sale presents an excellent opportunity to the bird fanciers of Canada to secure a real singer at an unquestionably low price. State, by name, the kind of bird you want and enclose price of same by cheque, money order or postal note. Write today and take advantage of the reduced prices.

Every Housewife Should Read This:--

A Welcome Arrival
EVERYBODY knows what an institution tea-drinking is in England—how the English housewife prides herself on her ability to make a perfect cup of tea. And no tea in England to-day is more highly esteemed than—
DICKESON'S TEA
"The Beverage of the Old Country."
This famous tea, scientifically blended from the choicest growths of India and Ceylon, is now in Canada—and a right good tea it is! So perfectly balanced in strength—so rich in flavor—so delicate in fragrance.
Another point of superiority is that Dickeson's Tea is packed in pure aluminum packages—always in perfect condition. Ask your grocer. DICKESON'S TEA is the BEST TEA.
Richd. Dickeson & Co., Ltd. London, England. (Est. 1849).

A Private, Homelike Sanitarium for Liquor Habit

Some Day You Will Want to Stop Drink

That Will Be Easy---Just THREE DAYS at the Gatlin Institute

There comes a time in the life of every drinker of liquor when he seriously thinks "Treatment"---a time when he realizes, even though it be but momentary realization---like a flash of light through darkness---that he must stop drink or drink will stop him, and his business. That is the time for relatives and friends to encourage him and see to it that the thought "Treatment" does not leave his mind until he is in the Gatlin Institute and under treatment. His regeneration will date from that day. Sitting on the edge of his bed "the morning after" many is the time he has vowed never to touch the stuff again---but his "nerves"---poor old shattered, poisoned nerves---were clamoring for more drink---nothing but more drink would appease them, and more drink just meant---more. When he really thinks Treatment, hurry him to the Gatlin Institute.

Come to the Gatlin Institute for Three Days---return home at the end of that time with no more craving or appetite for liquor than you had before you ever tasted it. Treatment must be satisfactory, or money refunded. Call, write or phone for Booklet. Strictly confidential.

THE GATLIN INSTITUTE CO.
46 Crown St., St. John, N. B. Chas. E. Farrand, Manager

A SURE CURE FOR WOMEN'S DISORDERS

Orange Lily

ORANGE LILY is a certain cure for all disorders of women. It is applied locally and is absorbed into the suffering tissue. The dead waste matter in the congested region is expelled, giving immediate mental and physical relief. The blood vessels and nerves are toned and strengthened, and the circulation is restored normal. This treatment is based on strictly scientific principles, and acts on the actual location of the disease. It cannot help but effect a cure of all forms of female troubles, including delayed and painful menstruation, leucorrhoea, falling of the womb, etc. Price, \$1.00 per box, which is sufficient for one month's treatment. To sit the trial treatment, send for 10 days worth 50c. will be sent free to any suffering woman who will send me her address. Enclose 3 stamps and address. MRS. FRANCES E. CURRAN, Windsor, Ont.

THE MAN IN THE STREET

Little Stories and Pointers on Happenings In the City

A new and rather unique style of mouse-trap was accidentally found by the young ladies in a certain household in the city a few nights ago. They, expecting company, decided to have some of the anticipated relish the taffy was made and set out to harden in a room at the rear of the house. Later in the evening one of the young ladies went to bring it inside, but instead started her friends by a scream of horror for in the pan in which the sticky and newly boiled candy had been placed were six mice evidently the mother and five little ones. It might be cruel to say that five of them had died from the effects of eating the candy, but the more gallant explanation might be, in the form of a compliment that it was so nice they died of over-eating. Or it might have been that they collapsed from heart-failure at finding themselves anchored fast in the molasses. This may be a new kind of trap for the mice-annoyance but it can hardly be said that it will become popular. The sixth mouse died a few minutes later.

The names of Mutt and Jeff are sometimes given by way of joke to two persons working together, the one tall and scraggy and the other short and plump, preferably with a mustache. It is said that two city employees were so called by their intimate friends. The less tall had the necessary qualification on his upper lip. He was clipping his mustache, it is said, and cut it too close on one side. The other side had to be cut to match. The manly growth was almost reduced to zero. The day after this unfortunate accident, the famous and original Jeff of Bud Fisher, falling asleep in the barber's chair, also lost his mustache, the barber having decided to give good value for six fifteen cents.

But Fisher lives in New York, but the coincidence was so striking that the local namesake of that artist's creation took the Times mustacheless Jeff as a personal insult and it is said to have inquired at city hall concerning the whereabouts of the paper, and threatening violence.

Strange statements sometimes find their way to the police records. The story of the chain gang guards who, pursuing a runaway were "baffled" by a wood-pile, has been mentioned in a more recent one is worth recounting. It has to do with the arrest of a man who was being taken to the police station by a fellow man. He was duly reported and in this wise—"for abuse of language" whenever manly entry was not so far astray after all for language is a gift worth the while and it is an abuse of it to use it in the way which brought this man to the police court.

Some Suburban Reflections. The chief regret of the suburban resident is that he recall has not adopted as a measure for dealing with his domain as well as civic representatives. One interesting result of the suburban bubble is the notable expansion of the vocabulary of the patrons of the suburban trains. If passenger trains are not available for the suburbanites perhaps the common rail could loan them a few hand cars. An I. C. R. official recently tried the experiment of traveling on a communication passenger and freight train from Hampton. Perhaps the manager of the road might be induced to try getting out of bed at four o'clock on a winter morning to catch the six o'clock train in order to hold his job. The last day of the shortest month! Good news for those who get paid by the month, but not so cheering for others with short time notes coming due.

A prisoner sentenced to two months in jail calmly walked out of the court room yesterday without stopping to say good bye and nobody stopped him. Earlier in the week a prisoner arrested for drunkenness was forcibly expelled from the cells the following morning with a crowd of revolutionists. Seems almost as easy to get out of jail as to get into it.

A suburbanite, deep in a brown study, was brought back to earth this morning with the query "What's-matter?" "Oh!" he replied, "I was just trying to figure out if the I. C. R. management were trying to boom John Row on the way for forcing the suburban residents back to town, or if they were acting as agents for the proposed street railway extension.

Tramps Beware! A despatch from Mexico says that United States troops there used their bayonets to force Mexicans to take a bath. No place there for the genus Hobo.

A well known English woman writer has made the declaration that men's dress suits are too dull and that dinner tables would be more picturesque if men would launch out into brilliant colors as women do.

BOSTON WOMAN IN WILL REMEMBERS HER SERVANTS

Boston, Feb. 27.—The will of Miss Rebecca Warren Brown, of 116 Beacon street, a liberal descendant of Gen. Joseph Warren, gives \$10,000 to Harvard University to be added to a fund created by her brother, Dr. Buckminster Brown, for the foundation of a professorship in orthopedic surgery, and the residue of her estate is left in equal shares to the Industrial School for Crippled and Deformed Children and the Perkins Institution for the Blind. Miss Brown made many private bequests, and to an old servant, Minnie J. McCarthy, she left \$10,000. Miss Buckley and Margaret Dowd, who were also in her service, are each to receive \$200.

TOO MUCH FOR ONE MAN?

London, Feb. 27.—The novel suggestion is made by the Daily Mail that Great Britain should have two secretaries for foreign affairs, one to manage relations with Europe and Asia in accordance with the principles governing diplomacy rooted in the idea of force, the other to conduct negotiations with the United States, from which the element of force, whether actual or implied, has been expelled. The Mail argues that Sir Edward Grey's handling of the Benton affair in the old and formal diplomatic way has resulted in the voluntary casting aside of many of the benefits which should accrue from the happy and peculiar state of Anglo-American relations. "For there are sentiments, arguments and ideals," adds the paper, "that we can properly appeal to with regard to America which would be inappropriate and ineffectual in our dealings with eastern powers, and it is so rare as to almost be impossible to find a man possessing flexibility of mind and temperament enabling him to handle an European question in one spirit today and an American question in a totally dissimilar spirit tomorrow. That is why British diplomacy in its dealings with America has so often seemed stilted, inflexible, mechanical, and wanting in a real insight into the character of the American people. "President Wilson's Mexican policy is based on idealistic and unusual principles, and whatever case Great Britain submits to the judgment of the American government and people must be based on the same principles in order to be sure of a cordial and attentive hearing."

IS YOUR BABY A GOOD BABY?

Mothers, ask yourself the question: Is your baby a good baby? If not he is not well, for it is the nature of all babies to be good—only the sickly baby is cross and hard to mind. If baby is cross and cries continually, give him Baby's Own Tablets and he will soon be happy again. The Tablets act as a gentle laxative, regulate the bowels, sweeten the stomach and cure all the minor ills of little ones. Concerning them Mrs. J. P. Richard, St. Norbert, N. S., writes: "I have found Baby's Own Tablets all that is claimed for them. My baby suffered from his stomach and bowels and the Tablets cured him." They are sold by all medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

RECENT DEATHS

Anson Wilson, aged 75 years, a respected resident of Egin, N. B., died at his home there this week.

The death of Charles Travis occurred yesterday at his home in Newcastle. He was only sixteen years of age, and is survived by his mother, two brothers, and two sisters.

Good-Bye, Old Backache Nerviline Will Fix You!

Stiffness is Rubbed Right Out—Every Sign of Pain Disappears. Gee whizz—think of it! No more stomach growling necessary to cure your lame back. Every trace of lameness, every bit of stiffness, every sign of weakness in the back's muscles can be rubbed away for all time to come by good old "Nerviline." No other liniment can do the work so quickly, can penetrate so deeply, can bring ease and comfort to the back-weary sufferer as Nerviline invariably does. Backache isn't the only malady Nerviline is quick to cure. For lumbago or sciatica you would go far to find relief so speedily as Nerviline gives. For chronic rheumatism there are pain-destroying properties in Nerviline that give it first rank. The way it limbers up a stiff joint and takes soreness out of strained or rheumatic muscles is simply a wonder. If you have an ache or a pain anywhere, if you have a sore back, a stiff neck, a stiff joint, a strained muscle—if you have lumbago, congested chest or sore throat, just try Nerviline. Rub it on plentifully—it won't blister, it can't do anything but cure you quickly. The large 50c. family size bottle is the most economical, of course, but you can, from any dealer, also get the 25c. small size of Nerviline, the king of all pain-removing remedies.

SOAP ON HAIR CAUSES DANDRUFF, SCALP GETS DRY, HAIR FALLS OUT

Girls! Get a 25 Cent Bottle and Try a "Danderine Hair Cleanse" After washing your hair with soap always apply a little Danderine to the scalp to invigorate the hair and prevent dryness. Better still, use soap as sparingly as possible, and instead have a "Danderine Hair Cleanse." Just moisten your hair with water, draw it into a cloth with Danderine and draw it carefully through your hair, taking one strand at a time. In a few moments dirt and excessive oil will be removed, and your hair will be clean, soft, and abundant, and possess an incomparable softness and lustre. Besides cleansing and beautifying the hair, an application of Danderine dissolves every particle of dandruff; stimulates the scalp, stopping itching and falling hair. Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes through the roots, invigorates and strengthens them. Its exhilarating and life-producing properties cause the hair to grow long, strong and beautiful. Men! Ladies! You can surely have lots of charming hair. Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it.

New York, Feb. 28.—Americans in London treated mostly as low. Pennsylvania Railroad for 1913 earned 8.4 per cent on \$469,000,000 stock, last year 7.29 per cent on \$450,000,000. No Northern Pacific financing at present. J. Hill grants wage increases to conductors and brakemen of Ogn. Electric and United Railways. The Interstate Commerce Commission to probe relation of the Pennsylvania and Norfolk & Western. Mr. Atchey says: "Several stormy restricted new business. Traffic blockades hampered freight movements and a general interruption of the coast." J. J. Hill declares in favor of United States control of railroads. DOW JONES & CO.

TEMPERANCE FORGES LOSE ELECTION CASE

Wendell, Ont., Feb. 28.—Finding that the temperance people had absolutely failed to establish any act of wrong doing or to show where or how the ballots were tampered with, Judge Livingston yesterday confirmed the count in Thorold township No. 4 and Stamford township No. 6, in each of which the "wet" made a gain of eight. "If you think the men who counted the ballots at the polls made mistakes that ends it," said Mr. Raney. "I can't think anything else," replied His Honor. "The boxes are traced from the close of the polls until they reached my hands."

BURIED TODAY

The funeral of John Deahery held today from his late home 7 Hospital street was attended by many. Six of his fellow workmen acted as bearers. The services were held in the Cathedral where high mass was celebrated by Rev. E. J. Walsh, C. J. McLaughlin as deacon, Rev. M. Howard, sub-deacon, and Rev. Wm. Duane, minister of ceremonies. Several beautiful floral emblems and set pieces were received. Interment was in the new Catholic cemetery.

FIRE THIS MORNING

An alarm from box 281 called out the North End fire department this morning about seven o'clock for a slight blaze in Fowler's Axe factory, City Road. Very little damage was done.

BIRTH

CRONK—In this city on the 28th inst. Annie, widow of Zebulon Cronk, leaving two daughters and two sisters to mourn. (New York papers please copy.)

FUTURE DARKNESS DISPELLED

Tremendous Sensation Coming Becky calling on her friends—"Why how dark your rooms are down here." Oh yes, you see we are almost entirely underground. Yes, and it is dampness on the walls? Oh yes, we get christened quite often down here. Why don't you move from this damp place? We hate not the price, rates are too high. But did you hear about the change? No, what is it? Come along with me up on the roof and I will show you. Quite a walk up, but isn't it just heavenly up here. Now, look over there; what do you see? Nothing. Why don't you see all that vacant land, nothing but land, land, land, on every side. But what has that got to do with the flat down stairs. I will tell you. Did you hear about that TAX REFORM? BECKY POTTS, yes; well he is going to make all those lands pay taxes, and then the people are going to buy those houses with reasonable rates. Then we will move with our children from darkness into light.

LICENSES FOR TEACHERS OF MUSIC IN MASSACHUSETTS

Boston, Feb. 28.—The legislators are considering a bill providing for the appointment of a board of registration in music. This bill will practically require the licensing of all music teachers. Each applicant for registration must furnish satisfactory proof that they are 21 years old, of good moral character and are a citizen of the Dominion. Applications must be accompanied by a fee of \$10. Passing they shall receive a certificate signed by the chairman and secretary of the board. Section 8 of the bill contains the provision that anyone not lawfully registered and authorized who holds out as a teacher of music or teaches under a false or assumed name or personation another teacher of like or different name shall for each offence be punished by a fine not less than \$50 or more than \$200.

RINGWORM ALL OVER GIRL'S FACE

Hands and Arms, Burning and Painful, Suffered Day and Night from Itching. Cured by Cuticura Soap and Cuticura Ointment. St. Veronique, Que.—"My little girl got ringworm all over her face, hands, and arms. I was given a sort of water to wash with. After eight days of this treatment the ringworms instead of healing became dark, red and were spreading, then were burning and painful. The child suffered day and night from the great itching. I was very distressed. One evening I read a sample of Cuticura Soap and Ointment that I had requested the year before. So I commenced a wash with the small piece of Cuticura Soap, then applying the Cuticura Ointment and the end of three days the child was suffering less. Then we wrote to some friends in Montreal to get some Cuticura Soap and Ointment for us. After fifteen days treatment the ringworms were crushed over and washed, then on the twenty-fifth day they were all dry and cured." (Signed) Mrs. Marie Louise Riou, May 28, 1913. When you buy a fine toilet soap think of the advantage Cuticura Soap possesses over the most expensive toilet soap ever made. Cuticura Soap and Ointment are sold by druggists and dealers everywhere. For a liberal free sample of each, with special, send post-card to Posters Drug & Chem. Corp., Dept. D, Boston, U. S. A.

Black Foxes

The A. E. MacLean Co., Ltd. Breeders of Silver Black Foxes

WE WANT YOU TO HEAR Major Moore, of Toronto, Tomorrow Afternoon 3:30 IN CENTENARY CHURCH Subject: 'Help the Man to Help Himself' An exceedingly practical and interesting subject. Rev. W. H. Barraclough's Evening Topic: "WAGES THAT ARE ALWAYS PAID."

One Mother's Experience

In January, 1911, Mr. Alon S. Shantz, of Didsbury, Alta., was granted an Imperial Life policy for \$5,000. He failed to pay the second annual premium due in January, 1912, and allowed the insurance to lapse, although every effort was made by the Company to induce him to continue the policy. A few weeks ago his mother notified the Company of Mr. Shantz's sudden death. Imagine the bitterness of his disappointment to learn that owing to his neglect she was deprived of the benefits of the insurance! Moral: If you hold an Imperial policy, maintain it as well as you can, for when least expected, its proceeds may be urgently needed.

PER CAPITA DEBT OF ST. JOHN IS SMALLEST IN DOMINION SAVE THAT OF TOWN OF GLACE BAY

(Continued from page 1)

The compiler of the figures asserts that the high averages given do not imply that the cities have spent too much or that the debts are not represented by ample assets and adds that there are no better or safer securities to hold than the civic bonds.

HALIFAX DEBT THREE TIMES GREATER

As Halifax is a city of about the same population and about the same opportunities it is interesting to compare the figures for the net per capita debt in the sister city which is just three times as great as in St. John.

Table with columns: City, Population, Net Per Capita Debt. Includes entries for St. John, Montreal, Quebec, etc.

CONSIDERING PLANS FOR LARGER DOCK

Request Submitted to Minister—Board of Trade Favours Increased Subsidy For John L. Cannon—Miss Magee Acting Secretary

Reports and recommendations of the traffic bureau occupied a large part of the session of the board of trade council yesterday. Other matters were dealt with, and diagrams received from the Norton-Griffiths Company showing the future progress of the Courtney Bay work as intended by the contractors.

A special committee reported on their investigations regarding the government subsidy for the steamer Granville. The committee recommended that the subsidy be increased from \$1,900 yearly to \$2,500.

On the suggestion of W. Frank Hatheway it was decided that the traffic bureau should request the department of marine and fisheries to provide a relief lightship to take the place of the vessel at the Lunenburg wharf this should be removed for repairs.

The matter of appointing an agent-general for New Brunswick in London, Eng., was taken up by the immigration committee of the board of trade yesterday, and with the question of summer sailings from St. John was referred back to the committee.

The council was presented with a large new map of the city for use in the board of trade rooms by William Murdoch, city engineer.

It was decided to take a membership drive in the city for the purpose of increasing the number of members of the board of trade.

It was decided to take a membership drive in the city for the purpose of increasing the number of members of the board of trade.

It was decided to take a membership drive in the city for the purpose of increasing the number of members of the board of trade.

POTATOES IN MAINE

Inspection Probably Necessary Before Export From Aroostook Allowed

A potato quarantine meeting was held on Tuesday evening in Presque Isle at which D. W. Corey explained to a large attendance of representative farmers and other citizens, what transpired at the meeting on last Monday in Augusta, and the probable action that will be taken by the national department of agriculture in dealing with the powdery scab problem.

Mr. Corey said that the Augusta meeting convinced him that the powdery scab exists in Maine as a distinct disease and is more or less widely distributed in Aroostook. It was evident to his mind that the national department had seriously contemplated imposing an embargo upon Aroostook potatoes, and he believed that but for the prompt and vigorous action of the Aroostook growers, aided by the state authorities, in securing further time, such an embargo would have resulted.

As it stands now, the probabilities favor the adoption of some practical system of inspection which the state will have exclusive direction and authority when it is decided upon. It is expected to give a bill of lading to a car unaccompanied by an inspector's certificate, and the work in Aroostook is expected to be under the direction of Albert K. Gardner of Rockland, state horticulturist, whose headquarters will probably be in Presque Isle, from which point he will oversee the work of a staff of assistants.

It is roughly estimated that the cost of inspection will be \$25 a car. Mr. Corey says that the balance of the crop unsold in the neighborhood of 6,000,000 bushels, which is a car inspection fee, ought to leave a surplus.

Included in the work of inspection for the balance of the season, will be the rendering of aid to farmers in seed selection, and inspection. There will also be provided later, means of information for the farmers touching the nature of the powdery scab, through plant pathology.

Mr. Corey laid very strong emphasis upon the duty of farmers to co-operate with the system of inspection adopted. He said that Aroostook must grow potatoes right, being true to the dealer right, and the buyer must see that they are shipped right.

We must not fool ourselves with the idea that in the situation now confronting us, we can get by with the slipshod and careless methods of the past, for if we do it simply means the destruction of the potato interests, said he.

Mr. Corey was followed by Hon. E. J. McLaughlin, who said that the state will have exclusive direction and authority when it is decided upon.

LOOK!

If you were told of a new discovery for the treatment of coughs, colds and bronchitis, as certain in its action on all chest troubles as anti-toxin in diphtheria, or vaccination on small-pox, wouldn't you feel like giving it a trial? Especially if you could try it for fifty cents!

Peps is the discovery! Peps is little tablets, ready wrapped in air and germ-proof silver foil. They contain certain medicinal ingredients, which, when placed upon the tongue, immediately turn into vapour, and are at once inhaled down the air passages to the lungs. On their journey, they soothe the inflamed and irritated membranes of the bronchial tubes, the delicate walls of the air passages, and finally enter and carry relief and healing to the capillaries and lay air sacs in the lungs.

In a word, while no liquid or solid can get to the lungs and air passages, these Peps fumes get there direct, and at once commence their work of healing. Peps are entirely distinct from the old-fashioned liquid cough cures, which are merely swallowed into the stomach, and never reach the lungs. Peps treatment of coughs and colds is direct treatment.

If you have not yet tried Peps, cut out this article, write across it the name and date of this paper, and mail it (with 10c stamp to pay return postage) to Peps Co., Toronto. A free trial packet will then be sent you. All drugs and stores sell Peps at 50c. box.

Mr. Parkhurst in brief remarks, emphasizing what had been said, and laying special stress upon the necessity of carrying strict honesty of method on the part of both farmers and dealer.

Cut This Out Famous Specialist's Recipe for Cataractal Deafness and Head Noises. If you know someone who is troubled with head noises, or catarrhal deafness, cut out this formula and hand it to them. It will have been the means of saving some poor sufferer perhaps from total deafness. Recent experiments have proved conclusively that catarrhal deafness, head noises, etc., were the direct cause of constitutional disease, and that salves, sprays, inhalers, etc., merely temporary with the complaint, and seldom, if ever, effect a permanent cure. This being so, much time and money has been spent of late by a noted specialist in perfecting a pure, gentle, yet effective tonic that would quickly dispel all traces of the catarrhal condition from the system. The effective prescription which was eventually formulated, and which has aroused the belief that deafness will soon be extinct, is given below in understandable form, so that anyone can treat themselves in their own home at little expense.

Secure from your druggist 1 oz. Epsom (Double Strength), about 75c worth. Take this home, and add to it 1-4 pint of hot water and 4 oz. of moist or granulated sugar; stir until dissolved. Take one tablespoonful four times a day. The first dose promptly ends the most distressing head noises, headache, dullness, cloudy thinking, etc., while the hearing rapidly returns as the system is invigorated by the tonic action of the treatment. Loss of smell and mucus dripping in the back of the throat are other symptoms that show the presence of catarrhal poison, and which are quickly overcome by this efficacious treatment. Nearly ninety per cent. of all ear troubles are directly caused by catarrh, therefore there are but few people whose hearing cannot be restored by this simple home treatment. Every person who is troubled with head noises, catarrhal deafness, or catarrh in any form, should give this prescription a trial. There is nothing better. Important—In ordering Epsom always specify that you want Double Strength; your druggist has it or he can get it for you; if not, send 75c to the International Laboratories, 74 St. Antoine St., Montreal, P. Q., who make a specialty of it.

USE THE WANT AD WAY

Speaks on God's Grace Coburg Street Special Services—Several Baptisms. Evangelist Lowell C. McPherson preached last evening in the Coburg Street Christian Church on the subject "The Grace of God," taking Eph. 2:8 and Titus 2:11-14 as texts.

Housework Will Not Spoil Your Hands. If you "Vaseline" them regularly. That is a simple little secret thousands of women who do their own housework have been glad to learn. A little "Vaseline" rubbed into the hands night and morning prevents redness and roughness and keeps the skin smooth and soft and delicate.

And the best thing you can do for cracked lips, wind-burn and all the other irritations of the skin that come with cold weather is VASELINE CAMPHOR ICE. Here is another little "tip" for the busy housewife.

When your feet ache at the end of a long day, rub in "Vaseline." You hardly will believe the feeling of comfort it brings. The "Vaseline" specialties are the purest toilet preparations, the simplest and safest home remedies, to be found anywhere. They should be in the medicine closet of every home.

Ask your druggist to show you his line. Put up in bottles, or in handy, aseptic tin tubes. Be sure and accept no substitute for "Vaseline." You will find "Vaseline" booklets full of information that will be of interest and value to you. Put up on request. Send a postal for your copy today.

IN MEXICO

Juarez, Mexico, Feb. 28.—It is spoken in whispers here that an alleged breach between Carranza and General Villa is with difficulty kept from being open rupture.

Hereafter, Carranza is to be the sole mouthpiece of the Constitutionalists in foreign matters and where foreigners are concerned and it is pointed out as significant that Villa himself makes the announcement.

Mexico City, Feb. 28.—Jose E. Lopez Portillo, U. S. minister of foreign affairs, said today that severe and swift punishment would be administered in case the guilt of any person or persons was established in connection with the hanging of Clement Vergara, an American citizen, by the Federalists.

Adolfo De La Lanza, minister of finance returned from Europe last night and there is a report that he will carry out plans for issuing 400,000,000 pesos in paper currency.

Galveston, Texas, Feb. 28.—The British cruiser Essex with Sir Lionel Curzon, British minister to Mexico, aboard, was discharged here late last night.

Washington, Feb. 28.—Representatives of England and the United States will leave Juarez tomorrow for Chihuahua to view the body of Benton.

Vancouver, B. C., Feb. 28.—A letter has been received here from Supt. Gustave Schoof, of General Villa's staff, telling that Benton forced his way into Villa's headquarters and made demands for pay for stolen cattle; that Villa ordered his men to shoot Benton.

SWALLOWED 97 NICKELS IN FOOLISH WAGER TO WIN \$5

St. Louis, Feb. 28.—Louis Campani, of Columbia, Ill., swallowed ninety-seven nickels and won a wager of \$5. Today he is in the care of a physician, who is confronted with the task of withdrawing the coins from his human savings bank.

The wedding of Miss Amy E. Brewer and Walter Seaton Gilks, is to take place at the home of Mr. and Mrs. James E. Scott, Saskatoon on Saturday. Miss Brewer resided in Fredericton for twelve years, making her home with Mr. and Mrs. F. S. Lester.

MATCH RACE
A match race was witnessed yesterday afternoon at Moosepass when Dolly J., owned by J. M. Northrup, and John A., Jr., owned by E. Sprague, contended for honors, the latter horse winning in three straight heats. He was driven by his owner, while Dolly J. was driven by Leo MacNamara.

FOR WEST INDIA SERVICE
Pickford and Black, agents for the Royal Mail Steam Packet Line, have been advised from England that the 4,000 ton steamer, Mandingo, is being fitted out to replace the wrecked steamer Co-bequid, in the Halifax-Demerara, B. W. India service. She is about the size of the boats now engaged between Halifax and Demerara, but has more passenger accommodation and is speedier.

THE SUBURBAN
Ten minutes late was the record of the combination freight-suburban this morning from Hampton over the I. C. R. There were no complaints at this delay which is ordinary but suburbanites are not planning to take any chances on the train on a very cold or stormy morning as they expect the schedule to be sadly broken.

HELD SLEIGH DRIVES
The members of the office staff of the T. S. Simms Co., Ltd., last evening enjoyed a sleigh drive to Grand Bay where they had supper at the home of Walter Stephens. The party, numbering about thirty and including friends of both the office, left Hawker's corner in North End early in the evening and drove to Grand Bay. There dancing and other games were enjoyed and after a delicious supper the party returned home early this morning.

CASE ADJOURNED
George Litton was brought into the police court this morning and was remanded. Daniel Mullin, K.C., who is appearing for the prisoner, asked to have the case adjourned until March 9 as he expects to be absent from the city next week. Urban J. Sweeney, acting for Abraham Saltzman, agreed to this and the adjournment was granted. The prisoner will be kept on remand until the day of trial. He is charged with obtaining money under false pretences from Saltzman.

GRAND LODGE OFFICERS
Three grand lodge officers, E. N. Stockford, Grand Chief, J. E. Mitten, of Moncton; Grand Secretary and M. N. White, Grand Marshall, last evening paid a visit to Thorne Lodge, I. O. G. T., in Clayton's Hall, Brassey street. There was quite a gathering of members present and an interesting programme of speeches, musical and literary numbers was carried out. Refreshments were served.

COUNTRY MARKET.
The supply of meats, vegetables, and dairy produce in the country market showed an improvement over the last few weeks. The stock was quite plentiful, but was quickly bought up. Prices were not much changed, chickens bringing \$1.25 to \$1.50; fowl \$1.50; turkeys thirty to thirty-five cents; and veal, lamb, pork, and beef about the same as last week. Eggs were a little easier but brought forty to forty-five cents a dozen, while butter brought twenty-nine to thirty-two cents a pound. The fine weather today brought many farmers to the city.

SPRINGER-McVAY CASE
The case of W. A. McVay, contractor on the government bridge at the reversing falls, who was charged by A. H. Springer with using abusive language, was before the police court this morning and was laid over for another week. Mr. McVay wishes it made clear that he was not held in custody but, when the charge was made, he merely appeared in the police court and made a deposit to guarantee his further appearance when required. He asserts that his arrest was illegal and he contemplates taking action for false arrest against those involved in the matter, in order to protect his own reputation.

Attacked By Man In Street

Serious Matter Now In Hands Of Police

PADDOCK STREET IS SCENE

Young Woman Mistreated by Scoundrel—She Succeeds in Escaping After Hard Fight—Second Case in Which Apparently Same Man Figured

There was a very serious case of attempted assault upon a young lady in Paddock street last evening about ten o'clock.

She was going down Paddock street from Coburg, and when passing an alley a big good looking man, smooth shaven, and wearing a heavy overcoat which was open, stepped out quickly and seized her. His motive was not robbery. The young lady, who is active and vigorous, struggled bravely against him. Her coat was nearly torn from her back, her blouse was torn, and she bears on her wrist the mark of a large ring which the man wore on his hand.

She got her hand free, pulled out her hatpin and stabbed at her assailant with it, kicked vigorously and finally broke away. She had, fortunately, but a short distance to go, but left behind her hat and a new silk muffler. As soon as she went in and told her story two men went out and searched, but could find no trace of the assailant or the lost articles. Some change, amounting to nearly a dollar, loose in her pocket, was scattered and lost in the struggle. Although it was only about ten o'clock, no one was in sight as the street at that place is a quiet one, and there was also considerable fog. The case has been reported to the police. The man seemed to be between thirty and forty years of age.

This is the second young lady he has attempted to assault at the same place, but the first one also escaped after a brief struggle.

MONEY, REVOLVERS AND CARTRIDGES STOLEN

Break at Emerson & Fisher's Looks Like Work of Boys

A bold robbery which is thought to be the work of boys was committed on Thursday evening when the hands of Emerson and Fisher, Ltd., in Gernain street were entered and some goods were taken. It was found that about \$1 in change had been taken from the cash register which was broken open that several revolvers had been stolen, as well as several pieces of cartridges.

The city was made by means of a window in the rear of the building. As far as is known by the members of the firm no other goods were taken.

GIVEN INCH; TOOK ELL

The Experience of Lady Who Helps Down-and-Out Lad

Just after the burning of the Metropolitan a lady took pity on a mere youth who had been staying at that shelter, and gave him a meal, telling him he might return whenever he was hungry, but warning him not to tell the others about it, as she did not care to have visitors of that sort in numbers and at all hours.

The youth returned for quite a number of meals, for a week or more, and then ceased. Others, however, came in his place, and it was evident that before leaving the city, which he probably did, he had passed the word around that there was fairly good provender at such a number in such a street. The lady now regrets her willingness to open her door to the first comer.

BOYS HAD GREAT TIME

One hundred and twelve boys, with nearly as many tin horns, made merry between the city and Brookville last night. They were members of the Every Day Boys' Club, and to be sure that they were members each showed his membership ticket before passing out of the hall into two big sleighs, which were crowded to their capacity.

While they were away a strong committee of ladies and gentlemen made coffee in large boilers on two stoves, placed long lines of chairs down the hall, cut numerous cakes provided by generous ladies, and on their return the boys filed into their places and received their fill of refreshments. The cheers they gave for the Women's Canadian Club and for others made the ladies put their hands to their ears. A more favorable night for the drive could not have been selected, and one hundred and twelve happy boys were safely at home before ten o'clock.
