C. P. R. PLANNING LINE TO THE GULF OF MEXICO?

Story from Indiana That the Road is Seeking to Acquire the Chicago and Milwaukee — Move is a Counter to Hill's Latest Dodge

EVANVILLE, Ind., Aug. 8.—The Soo Line, which is controlled by the C. P. R., is said to be planning to acquire a much longer portion of the tonnage between Chicago and the Northwest than it now enjoys, and also to obtain a line from the wheat fields of Canada to the Gulf of Mexico.

Through the medium of the Wisconsin Central, which the Soo Line recently bought, the latter road is said to be in negotiation for the purchase of the Chicago, Milwaukee and Gary Road, which recently was sold to the St. Louis Union Trust company.

It also is stated that the Soo Line is contemplating constructing a short line to connect with the Louisville and then entering into close financial relation with the latter road for a through service.

ENGAGEMENT OF NORTH SHORE LADY ANNOUNCED

Miss Alice Lawlor to Wed Kingston Man — Blessing of the Bells at Chatham — Forest Fires All Out

CHATHAM, N. B., Aug. 8.—The engagement is announced of Miss Alice Ethel Lawlor, daughter of R. A. Lawlor, Judge of probate, and Mr. Joseph Paterson Quigley, H. A., M. J., of Kingston, Ont., a graduate of Kingston and London, England, universities.

KING MANUEL TO VISIT ENGLAND IN OCTOBER

Will Afterwards Stop in Paris, and in Madrid on the Way Home.

LISBON, Aug. 8.—According to the official arrangements for King Manuel's foreign tour next winter His Majesty will leave here for England November 20 on board Queen Amelia's Yacht Sea Royal, escorted by the Portuguese cruiser Don Carlos I, and a squadron of British warships.

AEROPLANE EASILY DISTANCED MOTOR CAR

MINEOLA, Aug. 9.—His sixteenth successful flight with the Curtiss aeroplane was made today by C. Foster Willard. Flying close to the ground Mr. Willard essayed to make a circle about a mile and a half in circumference, but was not able to complete the circle owing to the presence of unexpected elevations of the ground and of trees or cornfields. He made five long curved flights however at high speed. In one flight he had an interesting race with an automobile. Going at the rate of 40 miles an hour the motor car struck across the circle while Mr. Willard in the aeroplane followed the arc of the circle. The aeroplane reached the landing place first.

JEALOUSY OVER A WOMAN LEADS TO ANOTHER MURDER IN CARLETON COUNTY

CURREY CASE STANDS BOLIVIA LOOKING FOR A QUARREL? BELIEF SHE WANTS TO START A FIGHT WITH PERU

WOODSTOCK, Aug. 9.—There was a shooting affray at Woodstock, this County, yesterday that may result in a charge of murder. The injured man is now in the Woodstock hospital. The particulars so far as can be obtained in Woodstock are as follows: At six o'clock this morning a special train from Woodstock arrived with Nicholas Laguy, who is 24 years of age, a native of Rome, Italy, where his parents reside. He was taken to the hospital where the doctors and nurses proceeded to dress his wounds. He was shot in the abdomen, and in the hand. The shooting took place at Woodstock at seven o'clock last night. While in his ravings this morning, he talked of Black Hand, as being the cause of his injuries. There is no information available from him whether the attack was made upon him through jealousy over a woman or by jealousy because he has acted as interpreter for gangs of Italians and as foreman has gained the enmity of his fellow countrymen.

WASHINGTON, Aug. 9.—In Bolivia seeking a pretense to bring on a war with Peru? This question is being asked seriously by South American diplomats who are watching the development in the situation in which Argentina, Bolivia and Peru are interested and Chile and Brazil indirectly. Some of the diplomats profess to think that the excitement in Bolivia over the Argentine award which was made to Peru is really a blind on the part of politicians there to bring about an armed conflict with Peru, and that the Argentine award is really a blind on the part of politicians there to bring about an armed conflict with Peru.

Wm. Kennedy of the C. P. R. says that the Italians have been working at Grand Falls and are now engaged in the work at Woodstock. Nicholas Laguy has been known by him for years. He is a fine able bodied man, a hard worker, perfectly reliable and has made many friends where known. No arrests have been made so far as can be learned here. At noon the injured man was conscious and Rev. Father McMurray administered the rites of the church. The doctors hold out but little hope for recovery. (Continued on Page Nine.)

HALIFAX TICKLED WITH O'NEILL'S SUCCESS

Champion Oarsman Has Had a Succession of Victories—Great Ralousing Over Work at Detroit

HALIFAX, N. S., Aug. 9.—John O'Neill, the Halifax single sculler who won the championship of America at the national regatta at Detroit on Saturday, is a member of St. Mary's Aquatic Club. He was coached by Frank Greer of Boston, who has won the championship of America, and a Canadian has won the amateur single scull championship of America. O'Neill is the single sculler who defeated Epp McEwen, the Canadian champion, two years ago. Last year he won the association singles and rowed second to Greer in the championship single. News of his victory at Detroit on Saturday was received with great enthusiasm in Halifax.

INCENDIARY FIRE CAUSES HEAVY LOSS

Farm Property at Midgie Was Burned

SACKVILLE, N. B., Aug. 9.—At Midgie on Saturday evening a large barn and outbuilding owned by John L. Hicks were totally destroyed by fire, under circumstances which tend to suspicions of incendiarism. Others of Hicks' buildings also caught, but efforts to save them were successful. When the fire was first seen it had secured considerable headway and all that could be done was to save the other buildings from burning with it. Hicks carried some insurance. The barn was one in which Hicks installed a large water tank at quite an expense several years ago. The tank of course was destroyed with the building. The hay press belonging to Frank Estabrook, Centreville, was also destroyed.

DEER ARE RUINING ORCHARDS; SPOILING CROPS

MASSACHUSETTS MAY HAVE TO PERMIT FARMERS TO USE THEIR GUNS

BOSTON, Aug. 9.—Damage by deer to orchards and farms in Massachusetts is becoming so heavy that the deer money appropriated by the legislature to pay the claims of damage caused by the animals, promises soon to become exhausted and the state may have to adopt the shot gun policy which allows farmers to shoot deer caught destroying crops. On one farm alone in Worcester county deer ruined 500 peach trees, several rods of string beans and almost 3,000 cabbage plants.

BIG YACHTING CRUISE

NEWPORT, R. I., Aug. 9.—The New York Yacht Club has started today on the longest cruise the organization has planned since 1897, the destination in both cases being Star Harbor. The run today was along a familiar course of 31 miles from Preston's Reef Lightship to the Black buoy off the little Lighthouse in West Chop at the entrance of Vineyard Haven.

the coming convention of branches of the two churches will be held on Thursday evening, when some decision will be reached as to calling a successor to Rev. E. L. Steeves as pastor of Baptist churches at Middle Sackville and Midgie, respectively. The name of a Nova Scotia clergyman is most frequently mentioned in this connection. Yesterday's services were taken by Rev. C. W. Townshend.

8 TRAGEDIES IN PROSCENIUM IN 24 HOURS

AMUSEMENTS

A BIG SHOW AT H. H. H. TODAY.

Today the H. H. H. presents a new show. Blamphin and Heir will offer a new programme of 15 minutes of popular songs, as follows: Excelsior, a duet by Balke; I Love My Wife, But Oh, You Kid, by Mr. Blamphin; and show Mary Have You Told That To, a duet from the musical comedy, The Girl Behind the Counter. One of the best animal acts in vancouver will open a week's engagement today. Prof. Hampton's miniature circus, consisting of dogs, cats, monkeys, crows, and the only educated goose in the world, "Dare Devil Spik" was the first monkey in the world ever taught to loop-the-loop. "Abie," the only educated goose in the world, tells the fact does everything but talk, while Willie, the champion somersault dog, does come wonderful feats. Taken altogether it is the best animal act yet seen here. A brand new lot of pictures and no repeats is guaranteed.

BUSH FAMILY QUINETTE AT NICKEL

This afternoon at 4 o'clock the Bush Family Singing Quintet will make their bow to patrons of the Nickel theatre in the following popular classics: (a) Romance, Seventeen; (b) Violin Solo; "Brindisi" (Aldar), Master Melvin Bush, and (c) Thomas' Raymond Overture. There will be encore bits, of course, and possibly in the evening there will be concert arrangements with the Nickel Orchestra. This musical attraction will unquestionably draw immense audiences and the Nickel staff is preparing to handle the business promptly. It is assumed that patrons will not be unfair enough to sit out two shows and thus keep others waiting to hear the programme, although the temptation to do so will certainly be great. Mr. Bush and his four children will change their programmes twice weekly and all musical tastes will be catered to. Mr. Robert Buchanan, concert tenor, will devote this week to a veritable feast of songs, his choicest classic and lyric numbers. Today he will sing "In the Garden of My Heart," a lovely number by Ernest R. Ball, who is characterized "the Toast of America." Mr. Buchanan will be accompanied by the Quintette. The Nickel's fine picture programme and Orchestra features will complete a magnificent show.

ENJOYABLE OUTING SATURDAY AFTERNOON

The members of the Natural History Society and their lady friends had a very enjoyable outing on Saturday afternoon. About a hundred and fifty persons were in attendance.

The outing took the form of a field meeting, which was held at "Senador," the summer cottage of Senator Ellis, at Lancaster. The outing was a decided success, the weather being most beautiful. Dr. G. F. Matthews delivered a very interesting lecture on the geological formation of the territory in the vicinity, including the Reversburg Falls, and other places in the surrounding district. Addresses were also delivered by Dr. G. U. Hay and Cambridge University. Recitations were well rendered by Mrs. G. F. Matthews and Mrs. F. B. Ellis, whose refreshments were served at Senator Ellis's residence by an efficient committee.

LABRADOR FISHERIES REPORTED A FAILURE

ST. JOHN'S, N. F., Aug. 8.—Advisers from Labrador, through the fisheries cruiser Fiona, which arrived here today, reports the failure of the fisheries off that coast, owing to the ice blockade. Unless this barrier is removed soon a serious situation to 25,000 men and their families is inevitable. These men compose the crews of the 1,500 vessels which usually are engaged in the Labrador fisheries.

HIS MOTHER LIVES AT AMHERST, N. S.

WORCESTER, Mass., Aug. 8.—A "Joy ride" early today ended fatally for Stanley Taylor of Boston, a chauffeur here, when it collided with a milk wagon in Shrewsbury. At the time of the accident there were five in the party. Two of these, John J. Barrett and H. E. Riley of Worcester, have been arrested by the police on the charge of larceny. Wm. J. Walsh, of Boston, has not been located. The police say Miss Linda Martin was also of the party and may be called as a witness. Although coming originally from Boston, Taylor had been working in Worcester for some time. His mother lives at Amherst, N. S.

HALIFAX, N. S., Aug. 8.—Tonight's

despatches convey the intelligence of many tragic occurrences throughout the province. Mrs. Havelock Akery of Porterville, N. S., 23 years old, is dead and her six-month-old baby is badly burned as a result of a carbolic acid poisoning, administered by Mrs. Akery while in a fit of despondency. She was just recovering from typhoid fever and when the nurse was out of the room she got hold of a carbolic acid bottle and took a dose herself and gave one to her baby. Mrs. Akery only lived half an hour and suffered much before she died. The baby did not swallow much of the acid and will recover. Dr. B. W. Filmore of Advocate Harbor dropped dead this morning from heart trouble. Following close upon the tragedy at Porterville, N. S., comes the attempted suicide at West Bay, six miles from the harbor, of William Henwood, who shot himself just above the heart, the bullet passing through his lung. Doctors say he cannot recover. Henwood is a stevedore and was working on the steamer "Warrior" yesterday. He was supposed to be drinking some of the rum and asked the daughter of Benjamin Phillips, with whom he had been going walking with him. She refused

and he then walked out the front door and fired the shot which will likely prove fatal. Two Drawings. Two drowning accidents occurred at North Sydney last night, when Charles Long met death while swimming near the Nova Scotia Coal Co.'s pier. The body was recovered about ten o'clock last night. It is thought Long must have been seized with cramps. He leaves a widow and three small children. George Lerou, a lad of eight years old, fell off the same wharf during the afternoon while alone. He was not injured till bedtime. A search party was out all night. The body was found today with the face bruised where he fell or stones. Percy Quinlan, ten years old, was run over by a car which was being moved along the tracks from the pier. He died yesterday and crushed to death. William Shields, 22 years of age, was drowned this morning in a mill pond about two miles from Springhill. The young man accompanied by several others, left his home about ten o'clock to have a swim apparently. They went out on a raft and dived and drowned. It is supposed that the surface again. A large number of citizens, headed by Major Potter, have fringed the pond, but at dark they had not recovered his body.

PETAWAWA CAMP, Aug. 8.—The forecast of John McCurdy that the night of Baddeck No. 1 would occur today for a very high wind prevailed. A curious thing of people gathered around the drums shed all today in the expectation of a flight. A file of soldiers had to be called out in the morning to keep the eager sightseers back. Great Disappointment. The postponement of flights was a great disappointment, as many were expected from a great distance, one gentleman having come from as far as Vancouver especially to view the flights. McCurdy finally announced that it would be nearly noon Monday before he would attempt the flight. For the first time in several days F. W. Baldwin arrived in camp Saturday afternoon. He is still limping perceptibly as the result of last Monday's accident in which the tendons were badly strained in his right foot. Baldwin is living at Port Williams across the river. "We are in the market for aeroplanes," said Baldwin in answer to a question. "We are going right ahead with the manufacture of more machines at Baddeck, N. S." Asked as to what might the aerodrome of construction of Baddeck No. 1 would be, Baldwin said that any height was possible. Currents of air had to be allowed for. Baldwin stated that the Canadian aerodrome company had received no monetary advance from the Federal government.

SLIGHTLY MIXED. "Do you believe in telepathy?" "No, indeed; I always have a homesopathic doctor."

"Are you going to take the late train to Chicago?" "No; the engineer of the train is going to do that."

CHARLOTTETOWN, P. E. I., Aug. 8

Only two of the four victims of Thursday's drowning accident had been buried before the news of another similar fatality reached here, making the sixth in four days. The latest victim is James Curley, aged 16, who perished in the Hillsboro River at Fort Augustus, yesterday afternoon. He and two other boys were bathing from a small ferryboat which was locked to Cranberry wharf. Curley could not swim and was carried by current from the boat and drowned despite the gallant efforts of his companions of the same age to save him. By the time the lock of the boat was broken it was too late. TOO SMART. "Are you going to take the late train to Chicago?" "No; the engineer of the train is going to do that."

DIVORCE IN ENGLAND.

The recent injustice of the English divorce law has forced the Lord Chancellor into a promise to recommend to the Government that a Royal Commission should be appointed to inquire into British marriage laws.

Lord Wolverhampton is quoted as saying that the present condition of affairs is really a breach of the Magna Charta which says that justice shall not be sold.

These circumstances have led to the formation of a society for the amendment of the existing divorce law.

That the members of the organization intend to wage war for their convictions is shown by the recent action of Lord Gorell in asking the peers to support the following resolution:

That it is expedient that jurisdiction to a limited extent in divorce and matrimonial cases should be conferred upon county courts in order that the Divorce Court could form an idea of the nature heard and determined in such courts.

In support of his motion he said that no one who had not had experience in the Divorce Court could form an idea of the nature heard and determined in such courts.

Another man wrote to him saying that his wife had gone off with another man near his home and as he had not the necessary £100 he could do nothing.

Lord Gorell explained, for a man to slip out of a collar, and more easy in support of their position they pointed with horror to conditions in the United States, where 72,000 divorces are granted annually, and where a Judge had boasted of issuing seven divorces in twenty-eight minutes.

As a result of the difference of opinion in the House of Lords, the eminent reformer was asked to withdraw his resolution and this was done on the promise of the appointment of a Royal Commission to investigate the subject.

Turkey Threatens to Sever Diplomatic Relations

ATHENS, Aug. 7.—The Turkish government has communicated to Greece an urgent note asking that she express her disapproval of the annexation of Crete and formally declare that Greece has no ambitions regarding the island.

BERLIN, Aug. 7.—German government circles regard the situation between Turkey and Greece as most acute.

NEW YORK, Aug. 8.—Six persons were drowned in Massachusetts today. The body of Martin McCarthy, 35, was found in a pond at Brookline.

NEW YORK, Aug. 8.—James Ahearn, a boatman of Long Island, was arrested last Friday morning, still dazed with drink charges with the murder of his wife the night before.

HARDWICK, Vt., Aug. 8.—The search for Joseph Pascal, the slayer of Chas. Perkins, ended today when his body, with an ugly bullet wound in the head, was found in a pasture not far from the scene of the crime.

IN reference to the West India market for the New Brunswick products, Mr. S. H. White, speaking over the telephone from Sussex, Saturday, said in his opinion there was no need of sending a man or men to the West Indies to work up trade.

HEIGHT RECORD MADE IN AERIAL FLIGHT

With Little Experience Young Frenchman Reaches 450 Ft.

Thousands Threaten to Wreck Aeroplane, But Later Carry Aviator in Triumph.

PARIS, Aug. 7.—At Donald M. Paulham established a record for height Thursday, when he made a flight of 57 minutes' duration at a height varying from 300 to 450 feet.

Yesterday morning M. Paulham accomplished a remarkable performance. He started at 8 o'clock on his machine with the intention of reaching Arras, situated at a distance of about thirty miles.

At Chateau sur Marne, on the military ground, M. Roger Sommer, on an aeroplane of a foreign type, made a successful flight yesterday of one hour seven minutes.

The aviation week was opened yesterday at Vichy. A number of aviators entered for the prizes, but only M. Tissandier, Wilbur Wright's pupil, presented himself.

Aeronaut Gives Interesting Account of Plucky Attempt to Win Big Prize

The Engine to Blame—Plays Him Trick Which Deprived Him of Honor Secured by Biorlo.

LONDON, Aug. 7.—Hubert Latham, the plucky aeronaut, who failed to cross the English Channel in an aeroplane, gives an interesting account in this paper of his trip.

"Five seconds before the start," he writes, "as I sat in the pilot's seat of the aeroplane on the crest of Blantyre a vivid mental picture came to me. I can recall it perfectly.

"For myself—well, I sat on the deck of the destroyer and I deplored my hard luck. The stoppage of the engine was inexplicable. It may have been that the damp air above the water affected it in some way, I don't know.

Uncle Walt The Poetic Philosopher

The king sat up on his jeweled throne, and he heaved a sigh that was like a groan, for his crown was hard, and it bruised his head, and his scepter weighed like a pig of lead, the ladies smirked as they came to beg, the knights were pulling the royal log, the king exclaimed: "If I had my wish, I would cut this out, and I'd go and fish. For what is pomp to a weary soul that years and years for the fishing hole; the throne's a bore and the crown a gawd, and I'd swap the lot for a bamboo rod, and a can of worms and a piece of string—but there's no such luck for a poor old king!" And a boy who passed by the palace, high to fish for trout in the streamlet high, looked up in awe at the massive walls, and caught a glimpse of the marble halls, and he said to himself: "Oh, hully gee! What I was the king, and the king was me! To reign all day with your crown on straight is a whole lot better'n diggin' bait, and fishin' round when the fish won't bite, and gettin' hooked for your luck at night."

FLORENCE DAVISON AGAIN UNDER ARREST

This Time the Girl is Charged With Robbery.

Florence Davison, who gave her age as 21 years and said she came from Nova Scotia, was on June 20th arrested about midnight by Policemen Bolyea and Steeves for vagrancy. For a number of nights the girl had been sleeping about the wharves or yards, and when arrested she was found sleeping in a box car on the Government wharf near the exhibition building. She was sentenced to a term of six months jail, but was allowed to go to the Salvation Army Rescue Home. She only remained at the home until she got an opportunity to run away, and tramped to Miramichi where she found employment in a boarding house. On Saturday afternoon she stole eleven dollars from John F. McIlven and departed from Miramichi. As soon as the robbery was discovered a message was telephoned to central police station, and Detective Kilien was put on the case. About five o'clock he met the girl walking through the city and placed her under arrest. The stolen money was found in her possession. Florence this time gives her age as 24.

THE LORDS WILL FORCE APPEAL TO ELECTORS

Lord Lansdowne Throws Down the Gage of Battle.

LONDON, Aug. 7.—The vexed question as to whether the House of Lords would interfere with the budget, which action the radicals declared would be unconstitutional, appears to be settled by the pronouncement of Lord Lansdowne, leader of the opposition in the Lords, in a speech at Calne, Wiltshire, tonight, declaring the belief that the working classes desired tariff reform and got the taxation of capital and expropriation of property. Lord Lansdowne suggested that the House of Commons may no longer represent the will of the people. "We recognize," he said, "that the will of the people must prevail in the end, but we demand that the people of the country be given full and sufficient opportunity to express that will with full and sufficient knowledge of the subject. "I don't think," declared Lord Lansdowne, "the Lords are ready to try conclusions in the great struggle which must surely be upon us before very long. The Lords are ready to meet their adversaries and will accept the verdict of the people."

TRIED TO KIDNAP A POLISH PRIEST

Sequel to Trouble in Church at Pittsburg—Saved by Display of Pzr.

UTICA, N. Y., Aug. 7.—The Rev. Fr. Suck, acting pastor of the Holy Trinity Polish Catholic church in this city, from which the Rev. Simon Zinak was removed as pastor several weeks ago, this afternoon went into the police court and lodged complaint against 20 members of his congregation, who, he says, endeavored to kidnap him late Saturday night for the purpose of murdering him. The priest's accusations have created a big sensation, and the police will provide a bodyguard for him. According to the story told by Father Suck, he had been hastily summoned to go to a hospital to attend a dying man. As he came from the church with the holy oils he was surrounded by a group of his parishioners, who, he alleged, endeavored to drag him into a waiting carriage. Father Suck shouted loudly for help. Then he drew the pzr. in which he carried the sacrament, from his inner coat pocket, held it aloft, and called upon the men not to commit a sacrilege while he was carrying the sacrament to a dying man. The assailants of the priest then fell back for a moment, and Father Suck escaped into the church. A number of other attempts to harm or kill the priest have been made during the past few weeks, including the poisoning of the altar wine used by him and the hiring of the organist from the parish house at night on fictitious sick calls. Hereafter Father Suck will carry a pistol, and he announces he will shoot to kill anyone who attempts to harm him.

JAPAN DEFIES CHINA; STARTS CONSTRUCTION

Chinese-Japanese Relations Now Bear Dangerous Resemblance to Those of 1906.

PEKING, Aug. 7.—In defiance of protestations of China, Japan today began the construction of the Aomori-Mukden railroad. Work was commenced by Japanese engineers and contractors who have been awaiting the outcome of the negotiations for several months simultaneously at each end of the line. They acted on instructions from Tokyo. The feeling of China's objection to changing the existing narrow gauge of the line to the standard gauge of the connecting lines in both Korea and Manchuria, was reflected here today by Japanese officials of high standing who said that Chinese-Japanese relations at present moment present a dangerous resemblance to those of 1906.

KAISER IS ACCORDED A HEARTY WELCOME

KIEL, Aug. 7.—Emperor Nicholas of Russia, who is returning from Cooze on board the imperial yacht Standart, did not reach Kiel until nearly ten o'clock tonight, the passage of the Russian fleet through the channel having been delayed by fog. Emperor Nicholas went on board the Standart near Hendsburg at 6 o'clock and met a hearty reception from the emperor and the royal family. The journey toward Kiel was immediately resumed, Emperor Nicholas remaining aboard the Standart and for the greater part of the time in private conversation with Emperor Nicholas.

MARK TWAIN IS FIGHTING EFFECTS OF OVER SMOKING

Humorist Cited as Horrible Example of Tobacco Habit in a Medical Publication.

NEW YORK, Aug. 7.—In a semi-jocular interview at his home, near Redding, Conn., today, Mark Twain let it become known that he is combating heart disease, brought about by his many years of excessive smoking. "I've almost 74 years in as good health as any man and smoked forty times a day, where I've been all my life. This is the third of the four months I've allowed each 24 hours nowadays," he explained. "And I'm obliged to sit right here, by orders of my doctor. He allows me only four smokes a day, where I've been all my life. I cannot walk three hundred yards or take an extra smoke, but I still stamp my feet with a severe pain in my heart. When I consider that I loved almost 74 years in as good health as any man and smoked forty times a day without injury, as I thought, only to be cut down by four smokes a day, I am in no position to dispute anything which my critics may say regarding smoking."

BREAD SUPPLY IS EXHAUSTED NOW

Swedish Farm Laborers Union Will Also Strike

STOCKHOLM, Aug. 7.—The government has published a proclamation enjoining both sides to the dispute to avoid further violations of contracts. After regretting that the government offer of mediation had not been accepted, the proclamation expressed the hope that the leaders themselves would settle all differences. The president of the Employers' Association and the Federation of Trades Unions were given an audience by King Gustave today, but nothing resulted from it. The bakers declare that the bread supply is exhausted. The farm laborers' union announced today that its 7,000 members would strike as soon as the eye crop is ready for harvesting.

HUMIDITY HIGH HERE YESTERDAY

The heat yesterday was intense and while the official registration at the meteorological observatory showed the highest temperature to be 74 and the lowest 48, other thermometers about the city showed much warmer weather. The humidity was high in the evening and is officially given as 79 at nine o'clock. At A. Chipman Smith's drug store on Charlotte street, at 9 o'clock last night, the thermometer registered 77. It was a very warm day on the St. John river and at John O. Yarnhart's hotel at Exandale the thermometer in the shade registered 92 degrees.

HOSTILITIES ARE NOT ANTICIPATED

LONDON, Eng., Aug. 8.—The acute state reached in the dispute between Turkey and Greece over Crete is being quieted by the European capitals, such as always accompanies any diplomatic difficulty in that quarter of Europe, but as M. Iwalsky, the Russian Minister of Foreign Affairs, said in an interview at Cowes last Tuesday, there is an awkward development in the situation, Europe will see that no mischievous effects result therefrom. There is no idea that hostilities will result and every belief is that a satisfactory settlement will be reached. It appears now that Turkey has not proposed anything in the form of an ultimatum to Greece, but has confined herself to verbal protests.

BIG MASS MEETING TAKES PLACE TONIGHT

The members of the Junior sections, T. of H. & T., who are going to the mass meeting to be held tonight at the city hall, West side, will assemble at the new Temple Building, Main street, at 7 p. m. They will proceed to Carleton by electric car. At the mass meeting addresses will be delivered by Rev. Dr. and Mrs. Woodruff of Flemington, N. J. On Tuesday there will be an excursion on the river for the visiting delegates and the local Templars. Victoria Sections, T. of H. & T. will assemble at the Market Building at 12.30 p. m. and march to Indiantown, headed by St. Mary's band. The steamer May Queen with her excursionists on board will leave at 1.15. She will return at 6.30. Tickets will be sold to the public for this excursion. At Waters' Landing there will be drill by the Junior sections.

MAN ELECTROCUTED IN THE YORK MILLS, SAGO

Bald Head Hit by a Fuse Plug and He Receives a Shock of 600 Volts in His Body.

BANGOR, Me., Aug. 7.—Charles Fournier was electrocuted in the York Mills in Saco Friday morning. He was employed as a helper in the pipping room and was assisting in an air chamber when the accident happened. At the time he stood on a water pipe and held a chain fall in his hand. He was overloaded, and in standing up straight, his head, which was bald, came in contact with a fuse block and a fuse plug was knocked out and Mr. Fournier, it is estimated, received a charge of between 500 and 600 volts. He fell from where he was standing over a steam pipe to the brick pavement below a distance of 14 feet. The man was dead when his brother employes ran to his assistance. He received a bad cut on one side of the head in falling to the brick pavement. Physicians were hurriedly called after the accident, coroner Bradbury deemed an inquest unnecessary. Mr. Fournier is survived by a widow and nine children. He was a member of the French societies of this city.

LOCAL NEWS

Great extra clearance bargains at the North End Store of C. B. Pidgeon. The regular half yearly clearance sale, just ended, has left many odds and ends in Men's Suits, Clothing, Hats and shoes, and the prices are now lower than cost of production.

Estate of Catherine E. Allen, widow. Return of citation to pass accounts. The executor being out of the province adjournment is made until Monday 13th September next. Mr. W. Watson Allan, K. C., proctor for the executor, Mr. J. Joseph Porter, proctor for the next of kin.

Three cows, owned by Mr. Fulton, of Simonds street, after having been reported on Friday and Saturday for running at large in Douglas Avenue, were taken in charge by the North End police this morning and lodged in McCarthy's barn, where they were later claimed by the owner on payment of the customary fee.

So far no report on the subject of permanent pavings has been submitted by the city engineer, but it is hoped to have the report and sufficient other data on hand to call a meeting of the general committee of the Common Council this week to deal with the subject.

ST. JOSEPHS TEAM WILL GO TO FREDERICTON

Return Games May be Played Here Later

—Talk of the Championship Series.

Arrangements have practically been completed for the visit of the St. Joseph's base ball team to Fredericton on Wednesday and Thursday. The local aggregation will meet the Tartars at the capital and race exhibitions should take place. Return games may be played in this city.

Joseph M. Donnelly, the St. Joseph's first baseman, who held down the initial sack for the Tartars, is in the city in connection with the matches. A pleasant day was experienced by the Tartars and the local team. The local team will be the strongest aggregation of players that can be gotten together. Donnelly will guard the first base for the St. Josephs.

There has been considerable speculation among the fans regarding the outcome of the championship series between the Maritimes and St. Peter's. It is generally conceded that the St. Joseph's would give either team a tough struggle for a premier honors, and the purple and white boys will probably issue a challenge to the champion team.

PLEASURE SEEKERS WERE CAUGHT IN THE RAIN

Many Yachting Parties on the River Failed to Reach Shelter in Time.

The weather man hunted out quite an assortment of changes to pleasure seekers on the river yesterday, resulting in several belated arrivals at Millidgeville.

Hundreds left in the morning with beautiful weather and the mercury rising rapidly to what is claimed by many as the hottest day of the season. A pleasant day was experienced by all but toward evening threatening clouds prompted many to reach points of shelter. Large numbers, however, were caught in the downpour of rain, which lasted about twenty minutes, and they presented an amusing sight when landing at Millidgeville.

Along the river yachting parties were taking every enjoyment possible out of the fine day, when the expected skippers detected the dark cloud and simultaneously anchors were lifted and sails set. Careful sailors shortened sail and started to race the storm to Millidgeville.

Many yachts, including the Waterwitch, Hero and Windward arrived safely at anchor before the storm broke, but others were forced to seek shelter behind protecting hills until the worst was over. The Possum, Wilmogene and other boats with ladies on board presented a washed out appearance entering the channel of the St. K. Y. C. club house, creeping to their moorings.

A goodly number of boats were left helpless in the calm which followed and motor boats went to their assistance.

No accidents occurred and the drenching by rain was the only unpleasant feature.

Fourteen conveyances of all descriptions, filled with returning excursionists left Millidgeville on the arrival of the Maggie Miller and formed an interesting procession.

POLICE COURT

In the police court this morning several drunks were disposed of.

Clarence White, charged with being drunk and assaulting the police, was fined \$8 for drunkenness and \$16 for assault.

Officer McCallum stated the prisoner had kicked him and resisted arrest in every way. Upon pleading guilty the prisoner was fined as above.

Wm. Hoggins was fined \$8 for being drunk.

Florence Davidson, the young woman arrested on Saturday for stealing \$11 from Wm. McElwaine, of Misses, pleaded guilty and was remanded to jail.

Wm. Davis was fined \$8 or two months for drunkenness and was remanded for the present on a charge of begging money. He pleaded guilty to the first charge, but had no recollection of begging.

ASSEMBLY AND CAMP MEET TOMORROW

Miss Harriet Smith Likely the New President

Rebeksahs Show a Very Large Gain in Membership During the Year—Delegates Arrive Today.

As a starter to the I. O. G. T. Grand Lodge meeting, the Grand Encampment and Rebekah Assembly will hold their annual sessions in this city tomorrow. The delegates to these two bodies will arrive from all parts of the three provinces this evening. There will be about one hundred and twenty representatives to the Rebekah Assembly and fifty or sixty to the sub-component, the majority of the former being ladies.

Mrs. Peters, the president of the assembly, has been in the city for some days engaged in preliminary work. Both meetings open tomorrow in the York Assembly rooms. The forenoon will be taken up with the reception and initiation of new members, with reports of officers and of committees, and the appointment of new committees. In the afternoon officers will be elected and other business transacted.

In the evening Jewel Rebekah Lodge will exemplify the degree in the hall of the Seaman's Institute. The degree team is one of the most efficient in the province and the work is expected to be superb. On Wednesday morning the newly elected officers will be installed. It is anticipated that Mrs. Harriet Smith, of West St. John, will be elected president of the assembly. Miss Smith has been an earnest worker in the order, and last year was chosen vice president. Miss Mary Essey, of Charlottetown, was last year elected grand warden and will probably succeed Miss Smith as vice president.

It is understood that the report of the secretary will show an increase during the year of three new lodges. Four lodges were instituted and one charter was cancelled. There will also be shown a net increase of between five hundred and six hundred in membership. The assembly now consists of fifty-two lodges with over 4,000 members.

The programme in the grand encampment will be very similar. Reports will be presented by the Grand Patriarch, A. S. Stalker, of Pictou, and the Grand Scribe, Melville McKean, of Moncton.

The assembly session will end with a reception in the Assembly Rooms on Wednesday evening.

IMPRESSIVE SERVICE AT ST. PETER'S TODAY

Bodies of Dead Priests Laid to Rest

After Solemn Requiem Mass Had Been Sung—A Very Large Congregation Present.

An impressive ceremonial took place this morning at St. Peter's Church, when the bodies of the clergy being re-interred in the bodies of deceased priests. A congregation of about 400 congregated in the church to attend the mass and kneel in solemn adoration throughout the impressive service.

Requiem high mass was solemnized at 9 o'clock, the bodies of the clergy being in the sanctuary. Rev. E. Schauer, of New York, was the celebrant at the mass. Rev. E. Wynn, of Boston, was deacon; Rev. F. Bott, rector of St. Alphonsus Church, Baltimore, sub-deacon; Rev. Duke, master of ceremonies; Rev. A. J. O'Neil, of Silver Falls, and Rev. P. Leonard, of Pennsylvania, occupied seats in the sanctuary.

The choir composed of young ladies and children, sang the requiem. At the conclusion of the service, the procession to the church yard was formed. The crucifer, bearing the acolytes, headed the clergy and altar boys, while the pall-bearers followed conveying the remains of the clergy. The procession continued down the main aisle of the church to the burial plot. The dead were laid at rest one by one and the burial service was read by Rev. E. Schauer, while the clergy responded. Rev. Father Duke united with the congregation in praying for the repose of the souls of the deceased and the departed members of St. Peter's parish.

St. Peter's Church has conducted several denominational affairs, but none have proven as successful as the present jubilee. The energetic rector of the church, Rev. Father Duke, is deserving of great praise for the manner in which the services were conducted. The funeral arrangements today were expertly handled by J. O'Neil.

The burial plot in the churchyard is neatly arranged. A handsome monument adorns the plot, while the names of the deceased clergy are engraved on the front and sides. The column is of grey granite of simple design. On the base are the letters C. S. R. and the whole is surmounted by a cross.
