

CHINATOWN IN FORT WILLIAM STRIKE HAS COLLAPSED

Bow Kim, Most Beautiful Of New York's Chinese Women Found Brutally Murdered—Ten Chinamen Arrested

RECALLS ELSIE SIGLE MYSTERY.

New York Aug. 15.—Chinatown was a turmoil again early today of the discovery of the murder of the most beautiful of the few Chinese women in New York, Bow Kim, twenty-one years old, who came here from San Francisco about a year ago with an Americanized Chinaman, Chin Len, thirty-one years old.

It was about 2 o'clock this morning that the usual Saturday night revelry was quieting down, that Chin Len dashed out of a tenement house at 17 Mott street, crying: "My woman has been murdered!" The street filled with loitering Chinamen and parties of American "sightseers," all of whom quickly recalled the sensational murder of Elsie Sigle, the missionary girl, was thrown into great excitement.

Hurried Into House. A policeman and a detective hurried into the house under Len's direction, through dark hallways to a rear room on the second floor. The door was locked and the officers were about to break it in when Len pushed them aside and unlocked it himself. In a bedroom lay the murdered woman on the floor, stabbed in a half dozen places. Her slender neck was rimmed with bloody finger marks, indicating a struggle with her assailant, and beside her lay a rusted hunting knife.

Six American women, who declared themselves to be the wives of Chinamen, were also found in the house and arrested, but none would admit any knowledge of Bow Kim's death.

Little Found. The murdered woman's room was found many business letters in Chinese, but none that gave a clew. At 22 Mott street, however, where Len spent much of his time, and where the couple lived previously, was found a trunk which Len admitted was his wife's property. In it were found her hunting knives, a stiletto, a revolver and two boxes of jewelry. Len declared he had no idea who killed his wife, unless, "maybe See Sing killed her. See Sing say she owe him money and he say he set it."

Uttered Body Found Wrapped In Blanket. Pittsfield, Mass., Aug. 15.—What seems to be a case of murder was closed today when a small pile of cloth was removed from a bundle wrapped in a blanket beside a road near Stearnsville. Inside the blanket the body of a man, apparently a stranger and a foreigner, with a stab wound through the right breast and several other cuts. He appeared to be about 25 years old. The medical examiner stated that the body was probably placed there last night.

STRIKERS TO RETURN TO WORK THIS MORNING—ARBITRATION BOARD TO ADJUDGE DIFFERENCES.

Special to The Standard. Fort William, Aug. 15.—The striking longshoremen will return to work in the morning. The differences between the men and the Co. are left in the hands of a conciliation board which has been appointed for this purpose.

TROOPS WILL NOW BE WITHDRAWN.

Special to The Standard. Quebec, Aug. 15.—Representatives of both federal and provincial governments and high dignitaries of the Catholic church, met today at Grosse Ile where in the presence of seven thousand people, a monument was dedicated to the memory of the Irish immigrants who were stricken with typhus fever and gave up their lives on the rocky shores of that secluded spot in the summer of 1847.

Whole Fleet Required. A whole fleet of steamers was required to bear the excursionists down from Quebec. Special trains began to arrive this morning from Montreal and Ottawa, and these with the Quebec contingents made a notable display as they sailed down to Grosse Ile with hands playing the national airs of Erin.

30 DEAD IN QUAKE THAT SHOOK JAPAN. Ozaka And Gifu Suffer Terribly As Result Of Disturbance—Mountain Collapsed With Thunderous Roar.

Tokio, Aug. 15.—Reports received today concerning an earthquake in central Japan on Saturday afternoon show that there were a number of fatalities and that great damage was done to property. The dead at present are believed to be thirty, though it is feared that the fatalities will be greatly increased when the outlying districts are heard from. The number of persons injured is eighty-two.

G. T. P. Bridge Collapses Near McGivney Ct. Killing One

Six Spans of Big Structure Over Mullin's Brook Topped Without Notice. Engine and Seven Cars Precipitated into the Stream.

MIRACULOUS ESCAPE OF THOSE INJURED—ENGINEERS UNABLE TO EXPLAIN ACCIDENT

Special to The Standard. Montreal, Aug. 15.—There was a scene of great excitement at the St. Agathe regatta Saturday afternoon when a promenade over the water collapsed, precipitating 500 people to a floating wharf five feet below, and throwing 50 of them into the lake, five or six feet deep at that point.

THE DEAD. John McGivney, of Boston, Cape Breton. Instantly killed. THE INJURED. John Patterson, badly bruised. Four workmen, names unknown, slight bruises.

Approach Curved. The trestle over Mullin's Brook comes on a curve and is 1400 feet long being about 50 feet high. The fill will contain upwards of 40,000 cubic yards of rock. The cars filled with rock were taken out on the trestle by a small locomotive and the rocks then dumped over the trestle. The work of the others he came out of the tunnel for some time without accident. Suddenly on Saturday afternoon six of the twelve foot spans of the wooden trestle were hurled to the bottom of the gully by the distance of about 50 feet. Six men went down with the cars, the timber cracking like pieces of kindling wood.

THE WEAK SPOT. It is thought that an "A" which had been built in the spans at the centre of the trestle over a large concrete culvert, proved the weak spot in the structure and gave way. That only one life was lost in the accident is the most remarkable feature, and one which will probably never be explained.

CHILD MURDERER SERVED BY FAMILY. James Robinson Wanted For Murder Of Own Children—Supplied With Food By Family—Confession Extracted From Son.

Special to The Standard. Warren, Ont., Aug. 14.—It is learned that James Robinson, who is wanted on a charge of murdering his three children and who escaped into the bush, has been having food conveyed to him regularly by his family. One of the detectives working on the case obtained a confession to this effect, it is said, from John Robinson, eldest son of the fugitive. Young Robinson, when pressed for information, admitted that food was being taken out at night and morning when the boys went after the cows and this food was hidden behind a rock for their father to get. Asked as to their reason for assisting their father to evade capture, he stated that he had heard one of the Warren officials say that if he caught James Robinson he would

Islanders Refuse To Haul Down Greek Flag And Protecting Powers Intervene—Government Collapses.

WILD SCENE FOLLOWS THE CATASTROPHE.

London, Aug. 14.—Unless Greece complies with the demand of Turkey and forces the people of Crete to haul down the Greek flag which they have hoisted there, the protecting powers of Crete, Great Britain, Russia, Italy and France will perform this act using force if necessary. This was the substance of a joint note signed by the four powers and presented to the Turkish Government today. In order to carry out this policy and to be prepared to use force necessary to oblige the Cretons to haul down the objectionable flag, each of the four protecting powers decided today to send an additional warship to Crete, the capital of the island of Crete, and at the same time expressed the hope to the Turkish government that in view of the steps they had taken that Turkey will not think it necessary to order her fleet to Cretan waters.

THE ARMED CRUISER Jules Ferry has been ordered to sail in readiness to sail for Crete. It is stated that similar orders also have been given to the commanders of the battleships Jaureguiberry, Bouvet and Suffren.

LUCANIA GUTTED BY FIRE WHILE AT DOCK. Cunarder Liner Badly Damaged At Liverpool—Flames Only Subdued With Flooding Of Vessel—No Casualties Reported.

Liverpool, Aug. 15.—The Cunard line steamer Lucania lies submerged tonight at her dock seriously damaged, having been almost gutted from her hulls forward by fire which broke out on board the liner at 7 o'clock Saturday evening. The flames are supposed to have originated in the saloon kitchen.

6 ADRIFT WITHOUT FOOD FOR 60 HOURS. Crew Of The Ill-Fated Fishing Schooner Picked Up By Passing Vessel—Wrecked Off Nova Scotia Coast.

Gloucester, Aug. 15.—The loss of the New York schooner Annie Bliss, off Cape Sable, last Wednesday morning, was reported today, when six men of the crew were landed today by the Gloucester, Mass. fishing schooner Lillian, which picked up the men Friday morning, after they had been adrift at sea in an open boat without food or drink for sixteen hours. The rescued men, are Capt. Enos Huntley, Mate W. H. Munson, Seaman Harrison, Cannons, George Anderson, Oliver Olson and Cook R. E. Bridges. All come from Horton, C. B., except the captain and cook who belong to New York.

SETTLEMENT LOOKED FOR IN LABOR WAR

J. W. Maddin, M. P., a Principal In Negotiations Pointing To An Agreement In The Cape Breton Trouble.

FIRST GUN IN CAMPAIGN FIRED AT SPRINGHILL.

Special to The Standard. Sydney, Aug. 15.—Persistent rumors are afloat tonight that a settlement of the present trouble between the Dominion Coal Company and the United Mine Workers of America will be arrived at within a very few days. There is a possibility that the U. M. W. may yet be recognized by the coal company.

ROSS INTERVIEWED. Saturday afternoon a local paper published an interview in which President Ross is reported to have said "the directors of the Dominion Coal Company have not changed their conclusion as to their refusal to recognize the U. M. W. of A., and there is no prospect of their ever doing so. Mr. Ross authorizes us to say that there is absolutely no truth in the report."

MAY MEET. Saturday afternoon Mr. Ross' yacht, Sheeah, which has been anchored in the harbor here the past week sailed from port on a week-end trip. It may be a coincidence that Mr. Caban went out of Sydney on the night express, but there are those who hold that the coal company chief and his solicitor will meet up the line and talk over the situation.

TWO TRAINS IN SMASH-UP ON THE DENVER AND RIO GRANDE RAILWAY—50 INJURED—MISINTERPRETED ORDERS THE CAUSE.

Colorado Springs, Colo., Aug. 14.—Eight are dead and fifty injured, some fatally, as the result of a head-on collision between train No. 8 northbound and train No. 1 southbound on the Denver and Rio Grande at Husted, thirteen miles north of Colorado Springs today. The trains met on a curve and their crews had no opportunity to avert the collision. No. 8, drawn by two engines, telescoped the baggage car and smoker. No. 1 and all three engines went into the ditch. There were more than four hundred passengers on the two trains. All were thrown in a screaming mass on the floors of the cars and many were hurt in the stampede to escape.

HARVESTING GENERAL NOW IN THE WEST. Special to The Standard. Winnipeg, Man., Aug. 15.—Harvesting in portions of Manitoba will be delayed by a heavy storm which swept over yesterday. It was very severe on the Portage plains and flattened the wheat. At Stonewall, Man., it amounted to almost a gale and overturned trees. Reports received from all parts of the west last night show that harvesting is in full swing and the crop prospects are rosy. The hail damage was very local. Four thousand harvesters arrived today at noon and all were shipped immediately to the harvest fields.

ST. JOHNS, QUEBEC, HAS \$3,000 FIRE. Special to The Standard. St. Johns, Que., Aug. 15.—Mr. J. C. Harbec's general store and residence, at the corner of Richlieu and St. Charles streets, was gutted by fire this morning. It is supposed that the fire originated from the bursting of a gasoline stove. The loss will probably be about three thousand dollars. Mr. Harbec values his stock at twelve thousand dollars, on which the school books as a proof of what could be done by legislation. He is a fluent speaker, but he attempted to cover too much ground.

THREE BILLION BUSHELS OF CORN TO BE RAISED THIS YEAR IN WESTERN UNITED STATES DESPITE FLOOD AND DROUGHT.

America's Hugest Crop is Waving Its Tassels Today Over an Acreage that Would Make a Double-Track Right of Way to the Planet Mars -- The Farmer Will Feed 80 Per Cent of It to the Live Stock and Earn His Profit That Way -- Three Hundred Pawnee Co., Farmers Own Automobiles.

Omaha, Neb., Aug. 15.—The corn crop of the United States this year will be the largest ever harvested. It covers an area of 110,000,000 acres, and the yield will be 3,000,000,000 bushels.

Figures mean little when considered in the light of this 1909 corn crop. "The priceless gift of the Indian," as Secretary Wilson calls corn, is waving its tassels over the largest part of the middle west—an area that would make a belt of emerald stalks seven miles wide around the equator; a territory three-quarters as large as France or Germany, and 50 per cent greater than England, Ireland and Scotland combined; an expanse large enough to allow a double-track railway from earth to Mars!

"It's mighty hot," one farmer remarks to another hereabouts when they meet.

"That's so, but it's mighty fine corn weather," is the comforting reply.

Greatest of all cereal crops, corn comes last in the category of harvests. The billion two hundred millions of dollars that the farmers will get for their corn this year, in one form or another, shows the remarkable power of the farmer in economy. When he raises wheat he raises it entirely to sell. But when the farmer harvests corn his methods immediately become those of the business man. He will market only 20.3 per cent this year in cereal form.

The other 79.7 per cent he manufactures into beef and pork. On the marvelous yield depends the huge traffic of the packing houses and the solution of the world's food problem.

TARIFF ACT MILITANT TO WEST INDIAN TRADE GROWTH

(Toronto News.)

Some time ago a Royal Commission was appointed to promote reciprocal trade relations between the British West Indies and Canada. But there is danger that the new United States tariff may check the progress of the movement. The maximum and minimum clause of the Payne bill imposes a penalty of 25 per cent, in extra duties against the products of those nations or political subdivisions thereof which in any way discriminate against or restrict American trade.

It is rather curious that in 1902, just as the United States was finally excluding British West Indian sugar from the American market, the Canadian tariff against Germany incidentally increased the Canadian preference upon the West Indian product. Therefore, the islanders exerted themselves to strengthen their hold on the Dominion market, and by 1906 nearly all their sugar was coming here. At that time it constituted four-fifths of all the sugar imported into the Dominion.

Canada grants a preference on British West Indian sugar, molasses, ginger, spices, starch and cocoanuts. It is suggested that we could consolidate sentiment throughout the islands by extending the preference to bananas, citrus fruits, raw cocoa, coffee, cotton, rubber, lime juice and asphalt. This might induce Jamaica and Grenada to join with the sugar islands in granting a preference to Canadian flour, cheese, cordage, lumber, bacon, hams, cooperage stock, shingles, bran, bread, biscuits, horses, boots and shoes, paper, salted and canned beef and pork.

In general terms the Barbados Conference adopted the reciprocity proposals, but the Laurier government's action of last session practically reducing the preference on West Indian sugars may prove an obstacle to the success of further negotiations. It is only reasonable that Ottawa should join in the movement for commercial union with the other British dominions in the Western Hemisphere. Mutual tariff concessions and improved steamship connections with the West Indies should work effectively to this end.

Waterborough, Q. C., Aug. 12.—Mr. John R. Gale, son of Mr. and Mrs. George H. Gale, left yesterday for Deer, Alberta. Mr. Gale is a first class teacher, and he has been teaching for several terms. He is a very ambitious young man, and should he have his health in the west, he will make a great success. He has secured a school for a year.

What impressed the writer was the admirable system that prevailed in the management and in every department of work; that kindly personality and tact, the influence of which is so grateful to young people; the general sympathy in the relations between teacher and pupil, and the interest which each one seemed to feel in the work of the day. An education under such conditions is indeed a great asset.—Educational Review for February, 1909.

BROTHER OFFICERS SAVE POLICEMAN'S LIFE RISKING OWN

Omaha, Neb., Aug. 13.—When policeman Horner recovers he will find that he is wearing the skin of eight men on his back. Some two weeks ago, while arresting a burglar, Horner was shot in the back. He succeeded, however, in knocking down and handcuffing the man, and then collapsed.

In locating the bullet the surgeons used X rays and the flesh around it would not heal. It became necessary to remove a large square of the skin and cut away the burned flesh and this necessitated the grafting of new skin. Horner was too weak to submit to cutting skin from other parts of his body, and moreover, ten square inches had to be covered. A couple of mornings ago at roll call at the central station the captain spoke of Horner and remarked that unless men could be found who were willing to give some of their skin in the interest of humanity one brave man would die.

BRITAIN'S SHIPS OF WAR; GREAT HULKS OF DEATH THAT GUARD THE HEARTHS OF ENGLAND

James Douglas contributes to "London Opinion," this striking article on his visit to the great fleet anchored in the Thames: Nine years ago I spent some six months with the Fleet during the manoeuvres. It seems ninety years, for the Fleet then in being is now all but obsolete. When I went down to the Nore yesterday and sailed up and down the long avenues of iron, and the long streets of steel, I sought in vain for some of my old ships and crews.

Not Good Enough. "Where was the Majestic? Where was the Diadem? These were shoved aside. They are still good but they are not good enough to keep company with the Invincible." The first thing that puzzled me was the Invincible. Everything was strange from the skin to the entrails. The first thing that puzzled me was the Invincible. It looks like a sheafless pole mast. The funnels are also hard to bear. They are not like any funnels that have been seen. They are not round and they are not square. They are really tanks you see on railway lines. They belch out curly volumes of dense black smoke, which dole everything on the ship, turning the tripod mast into an ugly, dingy, sooty horror, and covering the fighting top with fakes and crusts of grime. It is hard to believe that you are on the deck of a ship, for the whole place is packed and blocked with machinery and the oily factory atmosphere smears everything.

THE BIG LEAGUE GAMES

MARATHONS STILL IN WINNING VEIN DEFEAT ST. PETERS 8 TO 6

Third Game in Champion Series on Victoria Grounds Saturday the Best Yet -- With St. Peters Leading, the Winners Pile on 5 in the Eighth and Pull out -- Both Pitchers Effective -- Some Fine Individual Play.

The Marathons again did things to St. Peters in the third game of the series on the Victoria grounds Saturday afternoon, winning out in a fast, exciting game by the score of 8-6.

The contest was the best exhibition of baseball put up for the terms this summer and this fact was appreciated by the large number of fans present. There were one or two errors which resulted in the tallying score, but on the whole the playing was snappy.

The pitching was the best seen here in the championship series. There were more strike outs and fewer bases given than at any previous game, and the hitting was largely confined to two innings. Four safe hits gave St. Peters three runs in the fifth and in the eighth with four hits and three runs tallied five runs. Nesbit was more effective as regards strike out, but allowed more hits than in the first game of the season.

Callahan for St. Peters, had good control of the ball but weakened in the last two innings, when the Marathons began to find the leather.

In the Lime Light. Titus was very much in the lime light on third for the Marathons. He took everything that came his way in the shape of grounders, threw perfectly to first and made one feature catch of a foul fly in close to the grandstand. He was also very timely in his hitting. Bradbury dropped one hot one from Titus but showed better form and led the batting for the winning runs. These two men won the game for the Marathons.

Ramsey and Copeland were both off in their batting and did not appear to the usual advantage on the field. D. Malcolm seemed to be all over the ground, and lost one which he should have left to the centerfielder. Otherwise he played skill edge ball. J. Malcolm and Copeland were very busy in their respective positions, and there seemed to be some question whether Johnnie was doing all that was expected of him. A substitute went in the field at one stage of the game, but after a conference between Manager Donald and Captain Ramsey, Malcolm was re-instated.

St. Peters. The St. Peters infield were given a lot of work and Callahan stopped quite a few. His fielding was not over the top. One swift one struck him on the side of the head, but he gamely picked up the ball and threw it to first, retiring the side before Rogers could advance. Rogers C. Copeland, behind the bat played a great game. Stealing bases with the Marathons did not prove a very safe proposition. McGowan played his position well, although his fingers also seemed a bit greasy. J. McCormick on second lost the chance of retiring the Marathons in the eighth inning with only one run and they proceeded to n. s. v. it.

Mc McCormick did not submit with very good grace to the strikes called against him by Umpire McAllister, but the last thing for a player to do under any circumstances is to throw his hat down suggestively and make lurid remarks. F. Dever on first and started McGowan sent one down in the direction of E. Mahoney and reached first safely. When D. Malcolm fled out to first, J. McCormick scored and Copeland advanced to third on the throw. Bradbury went along to second on F. Dever's overthrow to first and Copeland scored. Titus went down to first. J. McCormick to McGowan, and Copeland was out. E. Mahoney to McGowan.

For St. Peters, E. McGowan was safe on Nesbit's fumble. J. McCormick, J. Dever and F. Dever all fled to D. Malcolm.

In the second inning, J. Malcolm fled out to C. McCormick. Rogers to McGowan. Nesbit hit safely, but Ramsey surprised him by striking out. Callahan was given great applause at this stage of the game.

Three Struck Out. Nesbit struck out three St. Peters men in this inning. McGowan was safe on first base, but J. McCormick, Callahan and Rogers all were fanned. McCormick made a dash for first on his second strike, expecting a ball and before he took his place Nesbit sent a dandy over the plate. The batter was out.

LOOKED TO WIN FROM MAY SUTTON

Toronto, Aug. 14.—It is doubtful if there is a better tennis player among the women experts on this continent than Mrs. T. F. Hannam, of this city, champion of Canada, by virtue of her victory over Miss Lois Moyes, three-time champion of the Dominion.

Several years ago Mrs. Hannam, playing under her maiden name, Miss Blucher, was defeated by Miss May Sutton for the championship of Wales.

MRS. T. F. HANNAM.

but it is doubtful if even the California wonder could dispose of the Canadian champion in the form she is now playing.

In the two months she has been residing in Canada, Mrs. Hannam has created a furore in tennis circles, and has beaten the flower of Canadian players, and as a diversion is participating in city and state championships in the United States.

PALMER AND JONES WIN.

Southampton, Aug. 14.—Richard H. Palmer, the Virginia title holder, and J. E. D. Jones, the veteran Rhode Island player, defeated Dean Mathe, the Princeton player, and J. A. C. Colston, the Baltimore, in the final round of the doubles on the Meadow Club courts today, 6-2, 6-3, 8-6.

NEW WORLD'S RECORD IN SHOT PUT

Seattle, Aug. 14.—The senior championship field events of the Amateur Athletic Association were contested in the Alaska-Yukon-Pacific stadium this afternoon. Fine weather prevailed as on yesterday. Interest centered in the hurdle races between A. B. Shaw, of Chicago and Forest Smithson, of Portland, both record holders. The result: Pole vault—Spaulding, Seattle, A. C. won; height, 11 feet.

One mile run—Joseph Ballard, Boston A. C. won; time, 4 minutes, 30.5 seconds.

880 yard run—C. Edmundson, Seattle A. C. won; time, 1:55.15.

It was at first thought his injuries were fatal but later, physicians announced that he would recover. He was taken to the Speedway hospital, where his injuries which consisted principally of bruises were dressed. In the ten mile amateur championship event, J. S. Tomey of Chicago, got a hard fall when the front tire of his machine tore off.

BUSH OF THE AMERICAN LEAGUE HAD HIS EARLY TROUBLES

OWEN BUSH, DETROIT SHORTSTOP.

"Hughie" Jennings says of Owen Bush, his sensational shortstop, that no one would think he was once so green that he didn't know how to put on a uniform, but he was.

Three years ago this youngster, who is now setting the American League on fire, didn't know any more about baseball than a cat knows about calculus.

This was in 1906, mind you. Bush reported to "Eli" McKean at Dayton, looking for a job. He was so tiny there didn't seem to be much chance for him. He was quick as a streak of forked lightning, however, and "Tommy" Smith, now with Slitch, of the K. I. O. League, undertook to teach him the finer points of minor league baseball.

Bush drew a locker alongside Smith's and, after several days of practice the pair grew chummy. Bush was full of promise, and quickly learned how to tag runners without being spiked, how to get the ball away fast, and other the points of the infield game.

One day, while dressing, Bush leaned over and whispered to Smith: "Tommy, I don't know how to wear a uniform right. I can get the thing on, but I don't wear it like you fellows. I don't know how to keep my stockings up."

Doolin. This angered the crowd which made a wild demonstration. Score: Pittsburgh..... 010000000-1 7 1 Philadelphia..... 000000000-2 6 0 Batteries—Klem and Kane. Umpires—Klem and Kane.

Chicago, Aug. 14.—New York took the fourth straight game today on Reulbach's wildness, poor support and a few very timely hits. Two shifts, two outs and a single made Chicago's only runs. Ames holding them at his post in the other eight innings. Score: Chicago..... 000020000-2 7 2 New York..... 210000002-5 6 1 Batteries—Reulbach, Brown and Moran; Ames and Schell. Time, 2:02. Umpires—Klem and Kane.

Cincinnati, Aug. 14.—Rain stopped the first game of what was to have been a double header after two of the locals had been rained in the fifth inning. Cincinnati scored the only run of the contest in the first inning on a base on balls, a sacrifice error and a short passed ball. The second game was postponed. Score: Cincinnati..... 10000-1 7 1 Boston..... 00000-0 2 2 Batteries—Swing and Johnson; Mattson and Shaw. Time, 55 minutes. Umpire, Emmelle.

St. Louis, Aug. 14.—Delehanty's two St. hits in the ninth scored Kennedy and Evans and gave St. Louis the third game of the series with Brooklyn, 4-3. Score: St. Louis..... 20000002-4 8 2 Brooklyn..... 101000010-3 10 1 Batteries—Rachman and Bliss; Hunter and Bergen. Time, 1:47. Umpire, Jonstone.

Connecticut League. At Hartford—Northampton, 2; Hartford, 1. At Waterbury—Waterbury, 2; New Haven, 1. At Bridgeport, first game—Holyoke, 6; Bridgeport, 7. Second game—Holyoke, 7; Bridgeport, 4. At Springfield—New Britain, 4; Springfield, 3 (10 innings).

FORTY TO ONE CANADIAN ROCKY O'BRIEN SWIMMERS IN WON HOPEFUL ANNUAL MEET. Special to The Standard. Ottawa, Ont., Aug. 15.—On Saturday afternoon the annual championship races of the Canadian Amateur Swimming Association were held on the Ottawa River under the auspices of the Ottawa Canoe Club.

Saratoga, N. Y., Aug. 14.—Before a crowd of 15,000 persons, James McManus, Rocky O'Brien, at 30 to 1 in the betting, won the Hopeful stakes, six furlongs, here today, and incidentally showed startling improvement over his previous races. He was admirably handled by Vincent Powers.

St. John Johnson won the Merchants and Citizens handicap, one mile and three-sixteenths, in the time of 1:58. The Shillelagh steeple chase went to Byzantine.

SUNDAY GAMES. NATIONAL LEAGUE. Cincinnati, Aug. 15.—Cincinnati took two games from Boston today by superior hitting and fielding. In the 6th inning of the second game, Catcher McLean and Roy Thomas collided at the plate. McLean's knee-cap was fractured, and he will hardly be able to play any more this season.

St. Louis, Aug. 15.—Score, first game: St. Louis..... 10000000-3 3 2 Brooklyn..... 40001003-9 13 1 Batteries: Sallee, Harmon and Bliss and Blank; Tucker and Marshall. Time—2:01. Umpire, Johnstone.

St. Louis, Aug. 15.—Score, second game: St. Louis..... 00000104-6 10 2 Brooklyn..... 00000000-1 7 2 Batteries: Lush and Bliss; Wilhelm and Bergen. Time—2:00. Umpire, Johnstone.

Chicago, Ill., Aug. 15.—Score: Chicago..... 100000000-1 4 1 New York..... 000000000-0 4 1 Batteries: Brown and Needham; Crandall and Meyers and Wilson. Time—1:44. Umpires, Klem and Kane.

Detroit, Aug. 15.—Score: Detroit..... 22010300-8 12 3 Chicago..... 100000000-1 4 1 Batteries: Killian and Beckendorf; Burns, Piene and Owens. Time, 1:45. Umpires, Connolly and Kerin.

At Jersey City—Jersey City, 4; Buffalo, 3. At Rocky Point, R. I.—Providence, 6; Rochester, 5. At Newark—Newark, 1; Montreal, 0. At Waterbury—Waterbury, 3; Hartford, 0. At New Haven—New Haven, 3; Springfield, 2.

AMONG THE FIGHTERS. Billy Papke is giving boxing exhibitions in the amusement parks near Chicago. John O'Neil made his first appearance on the water since his victory at Detroit, and raced an exhibition quarter mile.

It is understood that "Connie" Rogan of the North End has a team which he is anxious to have buck against the winner of the St. Peters Marathon series. Mr. Rogan is confident that his team can trim either one of them. Among the players mentioned are Small, Britt, Long, Burke, H. Howe and Cregan.

Hope they'll think to have one flying machine at Rheims named the Jackdaw.

HERRESHOFF WON IN FINAL GOLF ROUND

Manchester, Vt., Aug. 14.—Frederick Herreshoff, of Ekwanok, defeated Archie M. Reid, of St. Andrews, by one up in the final 36 hole contest for the president's cup. Herreshoff had already won the cup once. Both players were somewhat erratic during the first round. At the end of the first nine holes Reid was 1 up, through Herreshoff's good work on the green. They were even on the 18th hole.

In the afternoon the St. Andrews golfer won the first and fourth holes. Herreshoff lost the seventh, but regained his lead on the eighth. Reid's opponent's took a luck-bound which ultimately gave him the hole. Herreshoff immediately allowed Reid to take the next. The next three holes were halves, but on the 26th Reid drove it out of bounds and the match became all square.

ACCIDENTS MAR MOTOR CYCLE RACES. Indianapolis, Aug. 14.—Two accidents marred the National Motor Cycle races at the Motor Speedway here today. In the ten miles professional race, while Jake De Rouler of Springfield, Mass., was going at high speed, the front tire of his machine tore off, throwing him heavily to the ground.

POOLING NOTES

Big Harry Lumley fired for the first time in nine years, because he mildly questioned a decision, declares he will hereafter refrain from being a poolee.

Get a penny Willus Brit won't let Ketchel out of the 10th hole Reid's again. Not with that Langford person dated for Sept. 3. "Cy" Seymour is back in the Giants' lineup and his big stick may help in the ten mile amateur championship event, J. S. Tomey of Chicago, got a hard fall when the front tire of his machine tore off.

DEFINITE ACTION AT DECEMBER MEETING.

Mr. W. E. Raymond Gives Details Of New Home For Nobles—How Funds Will Be Raised.

Already in a sound financial condition and with a membership swelled by the initiation of 30 candidates at the Halifax pilgrimage on Thursday, the Luxor temple of the Mystic Shrine are planning the erection of a handsome temple in this city, to cost about \$30,000.

The Ancient Arabic Order of the Nobles of the Mystic Shrine is an organization within the Masons, to which only members who have passed the 32nd degree are eligible for membership.

Mr. W. E. Raymond, of the Royal Hotel, who is a prominent Shriner, is a standard reporter some of the details of the proposed building last evening.

The Plans Proposed. As regards the expense of building Mr. Raymond said three different courses had been proposed.

There has been much activity in Masonic circles of late. The preceptory gathering at Truro was attended by members from all over Canada and a number went here to the meeting of Luxor Temple, at Halifax.

When they returned on Saturday they were accompanied by a number of shrinists from Toronto and other Ontario cities who remained in the city over Saturday and were well entertained by the local members.

"PEG LEG" MISSING FROM CHAIN GANG

Thomas Nickerson Put His Best Foot Foremost And Escaped Saturday Morning -- No Trace Of The Fugitive.

When one-legged men escape from the chain-gang, there would appear to be little hope of holding those who are sound in mind and limb in custody.

Nickerson was arrested on March first last, on the charge of being inmate of a disorderly house, and was sentenced to six months' imprisonment with hard labor.

Undergoing Repairs. Orange street between Sydney and Carmarthen streets is closed to traffic and is undergoing a treatment of tarvia.

How Preventive Officer Kelly Rounded Up Whiskey Distillery In House Of Henry Turcotte At Balmoral.

FINE OF \$100 IMPOSED AGAINST THE OFFENDER.

Machine A New One Of The Kind—Makes Twelfth Seized In Seventeen Years—Kent County's Record.

Mr. John T. Kelly, preventive officer in the Inland Revenue Department here tells a story of his work in rounding up illicit distillers in New Brunswick which rivals the exploits of the moonshiners in old Kentucky.

Turcotte was under suspicion, but the officers were successful in approaching the house without giving alarm, and they demanded admittance before it was daylight.

Searching For The Still. The officers were admitted to the house, and Mr. Kelly says he knew by the odor that there was illicit whiskey on the premises as soon as he entered it.

The officers went from room to room, at length finding themselves in the attic of the house.

The machine is a new one of the kind, and Mr. Kelly says it differs very materially from the stills seized by him on previous occasions.

Mr. Kelly said yesterday that this made the twelfth of its kind he has seized in the seventeen years he has been in the service.

INFURIATED WOMAN ATTACKS THE POLICE

Mrs. Wright Objects To Search Made For Liquor—Lands With Her Left And Is Now In Jail.

Night Detective Lucas had a narrow escape on Saturday evening when he was assaulted by an infuriated woman and he found it necessary to arrest her to keep her under control.

The police suspected that something stronger than pease or ginger beer was being dispensed from the shop and Policemen Scott and Linton and Detective Lucas visited the house about 9 o'clock Saturday evening.

Charles Whelan is reported by Policeman Marshall on a number of charges, as a result of a scene in Carmarthen street, Saturday afternoon.
