57TH YEAR. NO. 22666 THE LONDON ADVERTISER, LONDON, ONTARIO, WEDNESDAY EVENING, MARCH 24, 1920. 112 COLUMNS. PRICE THREE CENTS

NEW GERMAN CABINET IS IN PROCESS OF FORMATION

CHANGES IN HOUSING ACT MEANS MANY DWELLINGS WILL BE BUILT IN LONDON

Building To Extent of $200,000 Will Be Commenced On Pine Lawn Immediately—Architect Goes To Toronto Today Regarding Matter.

Announcement by Hon. H. C. Nixon that higher loans will be permitted for building in municipalities where the housing act is in operation practically assures that building to the extent of $200,000 will be commenced by the local housing commission on Pine Lawn immediately.

The limit of loans for building heretofore was $3,600. All the tenders received by the commission were above this amount. Architect H. C. McBride was authorized to see the provincial authorities, lay before them the prices received by the local commission, and point out that the limit should be increased. This will not be necessary now, but Mr. McBride will go to Toronto, probably today, to have his plans approved. When this formality is concluded the work will likely be commenced at once.

The tender of Samuel Willis and Harry Hayman has been accepted, although definite prices on each house have not been announced. They will likely be given out at the regular meeting of the commission Thursday. Six types of houses will be erected and the construction will vary from frame and stucco to brick veneer and brick.

The new schedules for loans now announced is: Frame construction, $3,-700, instead of $2,000; brick veneer, $4,000 instead of $3,000; solid brick, $4,-500, instead of $4,000. These changes will make it possible for the commission to accept the tender submitted.

GERMAN SOCIALISTS TO GET IMPORTANT PORTFOLIOS WHEN NEW CABINET IS COMPLETED

Sixty-Two Killed and More Than 100 Wounded When 6,000 Government Troo ps Engage Communists Near Wesel in B loody Battle.

Copenhagen, March 24.—Formation of a new German cabinet is a matter of only a few hours, and Independent Socialists are sure of getting several important portfolios, according to telegrams from Berlin this morning.

ALLIES TO ALLOW EBERT FORCES TO ENTER OCCUPIED DISTRICTS

Paris, March 24.—Two German officers who arrived here last night from Berlin to explain to the Allies the necessity for permitting the German army to enter the occupied zone to restore order, saw Premier Millerand this morning, and told him the Ebert Government had ample forces to deal with the situation in the Ruhr Valley.

No decision was officially announced, but it is understood on good authority that the Allies have decided to give the permission, and that all that remains to be decided is what guarantees will be asked of Germany to insure that her army will retire as soon as order is restored.

The French Government would have preferred inter-Allied action in the occupied zone, while the British and the Italians favored granting permission for operations by the German army. The French gave way on this point in view of the acuteness of the fuel situation in France and the dependence of this country on supplies of coal from the Ruhr district.

LABOR UNIONS DEMAND VOICE IN GERMANY'S GOVERNMENT

London, March 24.—In the strike settlement reached by the German Government with labor unions, the Majority Socialists are pledged to place in their parliamentary program the claims of labor organizations, says a Berlin dispatch to the Exchange Telegraph Company.

The government has expressed willingness to withdraw its troops from Berlin and across the Spree River—near government headquarters—and raise the state of siege immediately, it is said. In addition it undertakes not to attack workers, particularly those in the Ruhr Valley, and to negotiate with unions concerning the entry of labor representatives into defence corps.

The unions pledged themselves to call another meeting to decide upon the question of a new general strike, in case their claims are not met and the government's policies are broken. The claims of the unions follow:

Reorganization of the government of the empire and Prussia must be undertaken with the co-operation of labor unions, and the deciding influence upon social laws must be given the unions.

Guilty rebels must be disarmed and punished.

All offices of the public administration must be purged of counter-revolutionists.

The reform of governmental administrations must be executed as quickly as possible with the co-operation of the unions.

Social laws must be extended immediately to secure economic equality for workingmen.

Nationalization of industry must be commenced at once.

Better supplies of food must be arranged, and available stocks must be placed at the disposal of the people.

Illegal military formations which do not remain true to the constitution must be disbanded.

The Moscow wireless station today sent out a dispatch, dated Berlin, which declares the revolutionists in the Ruhr district had attempted to enter negotiations with the Dutch Government, but were expelled. The Germans desired foodstuffs in exchange for coal. Holland, however, refused to negotiate, it is declared.

GOVERNMENT TROOPS AT WESEL HOLDING AGAINST RADICALS

Buderich, Rhenish Prussia (Across the Rhine from Wesel), March 24.—(By the Associated Press).—The German Government troops from the southern part of the Ruhr district, all of whom have been besieged in Wesel since Monday night, were still holding the town safely up to late last night.

The Government forces are keeping open the northern side of the town to admit reinforcements, should these be sent, or to provide for a possible forced retreat.

Heavy firing was heard from the direction of Wesel during the night. There were occasional artillery flurries and spurts of machine gun fire. All the indications are that the Ebert troops are still safe. They are very nearly surrounded, however, by the lines of the workmen, whose guerilla warfare has driven the Government troops steadily out of the industrial district.

DECLARES REVOLT WAS WORKMEN'S PROTEST AGAINST MILITARISM

Dusseldorf, March 24.—(By the Associated Press).—Leaders of the elements which have taken over control of this city insist the movement should not be termed Communistic, as Soviets throughout Germany are considered impossible and dangerous. It is desired above all to do away with militarism, they add, and show the Allies that Germany is determined to take such a stand.

There are a few armed guards, but no real army to be seen. It is planned to have an old army commander, Capt. Bredans, in charge of "the security guards," which is to be composed of workmen, who can be called to arms in case of emergency, but not regularly

VETERANS ADDRESSED BY WOMAN DELEGATE

Mrs. W. Garland Foster Speaks At G. W. V. A. Dinner At Montreal.

Montreal, March 24.—Canadian Press.—At the dinner tendered last night by the city of Montreal to the G. W. V. A. delegates, the address of most interest was that of Mrs. W. Garland Foster, delegate from Nelson, B. C., the first woman ever to be seated at a veterans' convention dinner. She replied to the toast, "To the Lady," and gave the reasons why she was a delegate in the ranks of the Great War Veterans. She herself served overseas as a nursing sister for four years, and now felt that it was her duty to continue doing what she could for the comrades who had returned.

Mrs. Foster is the widow of an officer who fell in the war.

An appeal was made by Capt. Leonce Plante, president of the French-speaking Montreal branch, who deplored the misrepresentation that had put his race in the light of slackers.

CHINESE GOVERNMENT RECALLS TROOPS FROM SIBERIAN TERRITORY

Peking, March 24.—By the Associated Press.—The Government has ordered the withdrawal of the Chinese troops from Siberia. This action is taken as indicating an accord with the powers relative to Russia, and also as tantamount to abrogating the Chino-Japanese military convention, which provided for common action in case of invasion across the northern frontier.

AGED MAN SAYS HE SHOT SON TO 'SAVE HIS SOUL'

Chicago Gangster in Hospital in Serious Condition.

FATHER IS HELD

Parent Relates How the Boy Persisted in Life of Crime.

Chicago, March 24.—Frank Pinano, Jun., today is at county hospital with three bullet wounds in his body. Frank Pinano, Sen., was held at a police station, where officers said a murder charge would be placed if the 18-year-old boy died. "I shot him to save his soul," the aged man told the police. "I would rather kill him myself than have the police do it. For months I have been worried every time I heard of a 'stick-up,' for fear my son had been killed. I tried to get him to buckle down, but he would not do it."

Frank, Jun., according to court records, slipped into a near crime record when he was 14 years old. Two years later he had become a recognized gangster, and repeatedly was arrested. A year ago his father carried him bodily to the police, and had Frank, Jun., confined to a boys' home. Two months later he was recleased at the instance of Mrs. Pinano.

Between sobs the aged father told the police of how for two years he had herded his family of ten other children to the Church of Our Lady of Pompeii on Sunday, but that Frank, Jun., always was missing—"hanging out with his gangs."

Last night, Pinano, Sen., continued, he determined to make a final effort to reclaim his boy. Encountered with friends at a street corner, the youth sneered and walked away to escape "being bawled by this goody-goody old man," the father said, and he fired five times. Two bullets hit Frank, Jun., in the legs, and the third seriously wounded him in the back.

LIBERALS EXPECT TO HEAD POLLS IN ALL THREE BY-ELECTIONS

Adolph Stein Likely To Get an Acclamation in Kamouraska.

FIGHT IN ST. JAMES

Both Candidates Maintain They Are Disciples of Liberalism.

[Special To The Advertiser.]

Ottawa, March 24.—Liberals here are predicting a win for their candidates in all three of the by-elections which take place on April 7 next. In Kamouraska a walkover is predicted for Adolph Stein, who will most likely get an acclamation. In the St. James division of Montreal there will be a stiff fight between R. Rinfrett, the official Liberal candidate, and A. Mathieu, who is running as a Liberal-Labor" candidate and who claims to be as much a follower of Sir Wilfrid Laurier and Hon. W. L. Mackenzie King as his opponent. Liberal members who have been speaking in Temiskaming predict that A. G. Stack, the Liberal candidate, will head the poll, and that Major Pullen, straight Conservative, will be at the foot, with Mr. McDonald, the Labor candidate, second. It is stated that at the meeting addressed by Hon. Arthur Meighen at Iroquois Falls, Major Pullen disclaimed any connection whatever with Union Government.

U. S. OFFICIALS CHARGED WITH AIDING ILLEGAL IMPORTS OF LIQUOR

Minneapolis, March 24.—Five men, including Oscar Martinson, sheriff of Hennipeg (Minneapolis) County, were arrested today charged with conspiracy to violate the temperance act in connection with shipments of liquor into the United States from Canada.

SPEEDER IS SENTENCED TO ONE YEAR IN JAIL

Winnipeg, March 24.—"Furious driving must stop," was the ultimatum delivered by Justice McDonald today as he sentenced Paul Magnus to serve a year in the provincial jail for running over and killing Louis F. Daistrow last December. Magnus was found guilty of manslaughter Friday by an assize court jury.

THE WEATHER

LOCAL TEMPERATURES.

Following were the highest and lowest temperatures recorded in London during the 24 hours previous to 8 o'clock last night: Highest, 68; lowest, 33.

The official temperatures for the 12 hours previous to 8 a.m. today were: Highest, 53; lowest, 38.

TOMORROW—MILD; SHOWERS.

Toronto, March 24—8 a.m.

Forecasts.

Today—Southerly winds, fair and quite mild.

Thursday—Southerly winds and mild, with some showers.

Temperatures.

The following were the highest and lowest temperatures for the 24 hours previous to 8 a.m. today:

Stations.	High.	Low.	Weather.
Victoria	52	42	Cloudy
Calgary	42	20	Cloudy
Winnipeg	50	14	Snow
Port Arthur	52	36	Cloudy
S. S. Marie	56	40	Rain
Toronto	66	36	Clear
Kingston	46	38	Clear
Ottawa	60	30	Clear
Montreal	53	38	Rain
Quebec	46	32	Clear
Father Point	42	34	Cloudy
Halifax	52	38	Fair

Weather Notes.

Pressure is low to the westward of the Mississippi Valley and high along the Atlantic coast. The weather has been fair and mild from Ontario to the Maritime Provinces, while in the West it has been rather cold, with snow in many districts.

CRUEL TO BE KIND!

Lloyd George—Hold your noise. I've brought you here to enjoy yourselves, and enjoy yourselves, you shall.—From Passing Show, London.

Thousands of Anti-Bolshevik Soldiers Frozen to Death

London, March 24.—More than 16,000 anti-Bolshevik soldiers have been found frozen to death on the steppes, it is announced in a Soviet military communique received today from Moscow by wireless.

The statement reports progress by the Red troops against Gen. Denekine's forces along the railway in the Ekaterinodar region on the Caucasus front.

SINN FEIN LEADERS IN CORK ARE THREATENED WITH DEATH

Letters To Heads of Organiza tion Cause Strengthening of Forces—Troops Support ed by Constabulary Remain On Guard in All Parts of City Throughout the Night.

Cork, March 24.—More troops and Royal Irish Constabulary have been sent here, and empty houses at strategic points have been occupied by the military and police forces. The Sinn Fein organization is maintaining secret watches and guards to protect its leaders, some of whom are said to have received threatening letters similar to one delivered to Thomas MacCurtain, lord mayor of this city, before he was murdered last week.

Last night, troops, supported by constabulary, were stationed at various points in the city with armored cars and machine guns. This protection was maintained while the streets were thronged, but later, when the crowds dwindled, the extra guards were withdrawn. Soldiers and police officers, however, remained in their barracks all night, ready for any emergency.

HOLLAND GRANTS ISLAND AS HOME FOR EX-PRINCE

Dutch Government Announces Methods To Guard the Hohenzollerns.

The Hague, March 23.—Announcement by the premier today that the Dutch Government had granted the Island of Wieringen to the former German crown prince as a place of residence, is believed here to complete the steps by which Holland seeks to meet allied demands as to the safekeeping of former Emperor William and his son. A decree by which William of Hohenzollern would be confined to that portion of Utrecht, including Amerongen and Doorn, was made public last week.

Reports are current, the crown prince asked that his residence be fixed on the island, and declined an opportunity to live near his father.

SPANISH RAILWAY STRIKE EXPECTED TO END TODAY

Government To Advance Money To Pay Increased Wages.

Madrid, March 24.—A plan was agreed upon early today for the ending of the general strike on the Spanish railways, inaugurated yesterday. It was announced that after prolonged conferences between the minister of works and the representatives of the railway companies, a solution had been reached under which the wage demands of the men would be conceded. The agreement provides for the Government paying the companies for a period of one month the amount necessary for them to increase the wages of their employees. Meanwhile a definite solution will be sought of the companies' economic difficulties.

BOLSHEVISTS ARRESTED.

Copenhagen, March 24.—Three notorious Dutch Bolshevists who have been constant visitors of Maxim Litvinoff, the soviet representative here, have been arrested, charged with illegal propaganda. They will be repatriated.

FIRE COMPANY DOG DISCOVERS A BLAZE; LEADS COP TO IT

New York, March 24.—Out for a stroll early this morning, "Rex," veteran mascot of Engine Company No. 4, discovered smoke pouring from a restaurant in Maiden Lane. He hunted up a policeman, led him to the fire by barking, and capered with satisfaction as his company rolled swiftly to the blaze. The fire was extinguished with slight loss.

ONTARIO MUNICIPAL ELECTRIC ASSC. IN ANNUAL CONVENTION

Sir Adam Beck in Attendance At Toronto Meeting.

Toronto, March 24.—The annual meeting of the Ontario Municipal Electrical Association opened in the city hall here this afternoon with one hundred delegates present. Questions of legislation affecting the hydro users will be discussed.

The executive committee, consisting of President W. K. Sanderson of St. Thomas and Vice-Presidents Willoughby Ellis of Hamilton, Joseph E. Bamwell, J. W. Buchanan of Ingersoll, and Secretary T. J. Hannigan, met this morning.

Sir Adam Beck will attend this afternoon.

BOARD ALLOWS CEMETERY TO BE ESTABLISHED AT POINT NEAR HAMILTON

Toronto, March 24.—After hearing arguments both pro and con, the provincial board of health has approved the proposal of the city of Hamilton to establish a cemetery at Carroll's Point. Objection to the site was taken by the township of East Flamboro.

Liberal M. P. From North Essex Delivers Telling Arraignment Of Govt. Shipbuilding Program

William Kennedy Points Out the Unbusinesslike Methods Adopted by Minister of Marine Ballantyne—Wants to Know Why $20,000,000 of People's Money Is To Be Spent On Project Already Pronounced As Unwise — Maintains Minister Has Too Much Power.

Ottawa, March 24.—The pages of Hansard this morning record no more businesslike and telling criticism of the Government shipbuilding program than that delivered by William Kennedy, M. P. for North Essex.

"I listened," he said, "with a good deal of interest to the explanation given by the honorable the minister of marine (Mr. Ballantyne) as to why he did not ask for tenders, and I was not convinced by what he told us. From a purely business standpoint it was proper to advertise. We do not expect one shipyard is going to build all the ships required by the country, but surely the honorable gentleman could ask for tenders and limit the time that any one tenderer might have to build ships. The practice of allowing a minister or a Government to spend $75,000,000 of the people's money by arrangement with shipbuilding companies and deciding how these contracts shall be distributed from Halifax to Vancouver is wrong. It is not in the interest of the people that this should be done, and it is not the proper way to carry on public business. I listened very attentively to the minister and I regret very much that we did not have the pleasure of hearing his answer to the question put by my honorable friend from Pontiac (Mr. Cahill."

"My honorable friend asked: 'Where is the $20,000,000 to come from?' he was ruled out of order by the chairman on the ground that this is not a matter to be taken up at this time. It seems to me that it is good business to find out before you arrange to spend your money where it is coming from. I think that is what the people want to know. I believe the statement by the honorable gentleman showed that we were making money out of the steamship business, but I think he will agree with me that conditions are abnormal. He cannot expect that freights will continue where they are today. He knows, and nobody knows better than he, that it is only a matter of a short time until freights will decrease in volume; there will not so many cargoes to carry, some of the ships will probably have difficulty in securing business; and we will consequently operate at a loss."

Shipbuilders Behind Move?

"I notice that there have been a great many recommendations in the press recently as to the desirability of establishing a shipbuilding business in Canada. When I read these articles in the newspapers I sometimes wonder where they emanate from, and I am not quite sure that this insistent demand that the Government shall keep on shipbuilding does not emanate from the gentlemen who are profiting out of it. I am not quite sure that they are not behind the movement to create a public sentiment in support of shipbuilding. Might I suggest to my honorable friend that those people who have made so much money out of building ships when the war was on should continue the business without asking the Government to guarantee their profits now the war is over. What they are doing is what railway builders did in the past. Contractors built railways, made their profit, but when the profits dwindled and deficits occurred, they handed these railways over to the Government and put the burden on the shoulders of the people. These people who are in the shipbuilding business have been making their profits, and they desire to continue making profits, but they want to hand the business of operating over to the people so that the people will pay the deficit on operations.

"The important question in connection with the matter is, I repeat, that which was asked by my honorable friend from Pontiac. It is true that the

POETIC JUSTICE

New York, March 24.—The alleged "rhyming robber," James Smith, who is said to have quoted poetry to a druggist while he rifled the cash register, was given poetic justice today when Magistrate William A. Sweeter pronounced the following lyric judgment:

"I hold you in five thousand bail,
Which means you go right back to jail;
But before you go, just let me say,
This hold-up game—it doesn't pay."

To this poetic disposition of his case the prisoner promptly responded:

"It's all right, judge, I'm on my way;
Your verdict means I'm going away."

L'Envoi.

The magistrate replied:

"You said it, boy! Be on your way."

DR. KIDD BURIED IN WOODLAND CEMETERY THIS AFTERNOON

Medical Profession Attend the Large Funeral.

MANY WREATHS

Host of Friends Pay Last Tributes to Prominent Physician.

Dr. J. E. Kidd, who died in Victoria Hospital on Sunday morning from the effects of injuries sustained at the Maitland street crossing last Thursday, was buried this afternoon in Woodland Cemetery.

The funeral was very largely attended by the medical profession and a host of friends, whom he had made during his two years' practice in London. The funeral was held from his residence, 477 Dundas street, at 2:30 o'clock. Rev. W. E. Pescott conducted the services. The pallbearers were Doctors W. J. Crane, E. Spence, C. A. Harris, W. A. Thompson, F. W. Hughes and A. A. McLean.

A profusion of lovely flowers covered the casket of Dr. Kidd, among them a beautiful wreath from the physicians of the city.

ROCKEFELLER FUND REPRESENTATIVE TO VISIT THIS CITY

Dr. R. G. Pearce To Be in London Next Month.

NO ANNOUNCEMENT

Is Anticipated As To Western Medical Grant For Some Time After.

Some time in April Dr. R. G. Pearce, representing the Rockefeller Foundation, will visit London to investigate the claims of the Western Medical College to participation in the distribution of $5,000,000 of the oil king's money, which is to be spent in encouraging medical education in Canada. Not before then, and probably not until some time afterwards, will there be any definite announcement as to what will be the share of the Western University, Dr. Paul S. McKibben, dean of the medical school, stated today.

Strong representation of the Western University's needs and work were laid before Dr. Pearce and Dr. Vincent in Toronto by Dr. McKibben and other representatives of the Western University last week. To secure further information and form their own estimate of the Western University as a strategic centre of medical education, the Rockefeller Foundation is sending Dr. Pearce personally to London. He will come some time next month, but in the latest communication from him he was uncertain as to the exact date when he would arrive.

The Rockefeller Foundation, Dr. McKibben points out, is not committed to dividing the $5,000,000 among all the medical colleges in Canada. Its aim is to distribute the money where and how it will do the greatest amount of good in fostering high standards of medical education. While the Western University may reasonably expect a favorable recognition of the work it is now doing, and of the opportunities for larger work, with a generous grant from the Rockefeller found would enable it to do, it is impossible to conjecture what amount will be forthcoming, Dr. McKibben declares.

Dr. Pearce will report back to the trustees of the foundation, making his own recommendations, and their decision will be arrived at shortly afterward.

While, if the foundation trustees should see fit to do so, they might give the entire amount to one or two universities, yet it is fully expected that the claims of all Canadian schools will be carefully considered and that Western may count on generous and favorable recognition.

NOT A PASSENGER LOST FROM BRITISH PLANES SINCE LAST AUTUMN

New York, March 23.—Handley Page, British aeronautic engineer, speaking at a joint meeting of the New York Electrical Society and the Aero Club of America last night said that since last September British aeroplanes have flown 82,428 miles, carried 4,201 passengers, and more than 49,000 pounds of freight, without the loss of a single passenger or a pound of merchandise.

Only 300 Locomotives in Russia Are Fit For Service Today

Warsaw, March 24.—(By the Associated Press.)—The report of Russian technical experts to the allied representatives at Warsaw on transportation conditions in Russia show that there are approximately 300 serviceable locomotives throughout the country, as compared with 16,000 before the war. Russia at the present time is building about 20 locomotives yearly, whereas before the war she built 800 to 1,000.

The Russian waterways are in an even worse state than the railways.

The Ladoga canals, near Petrograd, the pre-war tonnage of which equaled that of the Suez Canal, are now absolutely barren of traffic. The estimated cost of restoring the railways is 2,500,000,000 gold roubles; waterways, 500,000,000.

Negro Is Caught, Tried and Hanged All In 18 Hours

Justice Speeded Up Down in Texas.

San Antonio, Texas, March 23.—Justice works fast in Texas.

John Dood Price, a negro, charged with the murder of John Kennedy, a farmer, was captured at 5 o'clock yesterday afternoon. The grand jury was hastily called into session and returned an indictment.

A special court session was then called for 9 o'clock this morning, the negro tried, convicted and publicly hanged at 11 a.m.

CANADIAN DOLLAR IS WORTH MORE THAN 90 CENTS IN U. S. NOW

Higher Price For Dominion Money in N. Y. Reached Today.

New York, March 24.—The Canadian dollar was quoted at 90.80 cents, a new high record in the present upward movement, at the opening of the foreign exchange market here today. The English pound sterling was quoted at $3.81, or half above yesterday's close. Franc checks sold at the rate of 14.37 for the American dollar, up 45 centimes, and lire checks at the rate of 19.87, up 40 centimes. German marks were quoted at 1.27 cents.

Later sterling rose to $3.82, and its strength was attributed to reports that Great Britain's exports are now nearly at the pre-war rate, and that continental countries are buying English bills. Canadian dollars advanced to 91.43 cents, franc checks to 14.24 for the dollar, and lire checks to 19.72.

EGYPTIAN RIOTS ARE IN OPPOSITION TO PROJECTS

Cairo, Egypt, March 4.—Opposition to Nile projects is believed to be the chief reason for riots which have occurred during the last two days at Kafr-el-Sheikh and Dessuk, which, although not serious, indicate restlessness which it is feared may spread.

CARGO FOR BOLSHEVIKI.

Copenhagen, March 24.—The first cargo of Danish commodities will leave Copenhagen for Soviet Russia on the 27th of March.

SPRING PAVING PROGRAM TO GET AN EARLY START

Earliest in History of City, Says Superintendent.

STARTS THURSDAY

Pavement From Waterloo to Adelaide On York To Be Laid First.

London's paving program for 1920 will be commenced Thursday. This is the earliest date for the beginning of this work in the memory of Paving Superintendent W. R. Hunter. Material and apparatus are being taken to York street, where a pavement will be laid from Waterloo to Adelaide street.

Last year paving was commenced at the end of March. This was considered exceptional at that time, as usually it is impossible to begin the work before the middle of April.

This bodes well for the carrying out of the program, which is a large one, and, barring trouble, because of the street railway company refusing to do its share of the work, it is likely that all the plans will be carried out.

The tractor, which proved successful last year, will be in operation tomorrow for hauling material and other work. Paving supplies have been received and are ready for use.

MINISTER DELIVERS ADDRESS ON SUBJECT OF "RURAL CREDITS"

Hon. Manning Doherty Outlines Scheme Before the Council of Agriculture.

Toronto, March 24. — By Canadian Press.—"Rural Credits" was the subject of the address delivered by Hon. Manning Doherty at this morning's session of the Canadian council of agriculture.

Mr. Doherty stated that he had sent a representative to Manitoba and Quebec to investigate rural credits in those provinces.

The new election bill, which is now before the Federal Parliament at Ottawa, was the subject of much discussion among members of the council. A committee was appointed to investigate the meaning of section 10, which some of the council, upon legal advice, believed was directed at the farmers' independent political movement.

BRITISH TROOPS FIRE ON AFGHAN STRIKERS; TWO PERSONS KILLED

Mob Ignored Warning Order From Soldiers.

Bombay, March 24.—British troops have fired upon a disorderly crowd of strikers at Jamshedpur, Afghanistan, when members of the mob ignored a warning order. Two persons were killed and 25 wounded as a result. Recent dispatches have indicated considerable Bolshevik sentiment in the neighborhood of Jamshedpur.

GRAND TRUNK READY TO DEAL WITH CITY TO GET YARDS SITE

Will Mean Spending of Thousands of Dollars Here.

A RECLAMATION POINT

London Likely To Be Centre For Divisional Rolling Stock Repair Work.

Building of the Grand Trunk reclamation yards here just east of the Western Fair grounds is now assured. The railroad, in a letter which was read at a meeting of No. 2 committee of the city council last night, agreed to deed to the city two pieces of land necessary to open Eleanor and Childers streets in return for the city closing Wilton avenue and deeding it to the railroad company.

As soon as this is ratified by the council the company will be notified. Work will likely be commenced immediately. Thousands of dollars will be spent here and scores of men will be permanently employed.

It is understod that this yard will be the reclamation point for all this division. Rolling stock which has been damaged or depreciated in value will be brought here for repair. The proposed yard is close to the present carshops and is separated from them only by Egerton street.

No residences will be destroyed, as the street has not been built up. The company owns the land on both sides.

E. Donald of the land and tax department of the railroad advised against opening Eleanor street, because another level crossing would be created across the St. Marys line. He said it was likely that millions of dollars would have to be spent within the near future to eliminate level crossings and that it would be an imprudent action to create another one. He pointed out that adjoining property owners might be forced to pay for protection given at the level crossing if one were formed and for damage to the property if a subway or an overhead bridge were built at a later date.

City Engineer Brazier pointed out that in his report on the matter he had not advised opening Eleanor street. As the company is willing to deed the property, however, it is likely the city will accept it on the possibility that it may be used at a later date.

Object to Closing Lane.

A deputation of ratepayers from Campbell street appeared to protest against the closing of a lane running from King street to Campbell street in connection with the proposed fair grounds extension. They said this land was opened by the Western Fair Association to compensate for the closing of Ontario street, when the fair grounds were opened. They pointed out that they had had uninterrupted use of the lane for sixteen years and thought this should establish it as a highway.

Ald. C. G. Moorhead, City Clerk Baker and City Engineer Brazier will interview City Solicitor T. G. Meredith on the matter. If the property originally belonged to the Western Fair Association, the difficulty will have to be settled by the ratepayers and that body. If it belongs to the city they will bring in a recommendation as to its disposition.

City Engineer Brazier reported that while the council could not pass a by-law to enforce observance of the garbage regulations, it could pass a resolution. If the citizens failed to observe the regulations, then the department need not collect the garbage until they were observed. No action was taken on the report pending completion of the spring cleaning, which most back yards throughout the city are now undergoing.

A deputation asked that a sidewalk be laid on Nelson street from Wellington street to Nelson street. This work was approved last year, but was held up by one ratepayer who claimed the sidewalk would pass over his private property. The city solicitor will be consulted as to whether this is so, and if not, a sidewalk will be laid.

The committee formally ratified the purchase of two graders, costing $375 each, and a smaller one costing $165, as provided in the estimates, and also a trench tamper costing $825. The city engineer was authorized to call for tenders on gravel screening and loading machinery.

The city engineer was authorized to improve Quebec street. No road work has been done there pending the possibility of the car system being extended up that street. The committee was of the opinion that while a pavement should not be laid, some repairs should be made.

Hacking's Heart & Nerve Remedy

For Neurasthenia

This is often called Nervous Exhaustion or Nervous Prostration, and is indicated by a lack of nerve force or nervous energy. The symptoms are seldom the same in different people; there is often loss of appetite, headache, irritable temper, weakness after slight exertion and pains in various parts of the body.

If your desire to secure health is strong enough, so that you will follow out the treatment of HACKING'S HEART AND NERVE REMEDY for a reasonable length of time, there is no doubt but what you will be able to overcome this disease. It has been done before. Price 50c a box, 6 for $2.50. Be sure to get Hacking's. Sold in London by Standard Drug Company, Taylor Drug Company, and at all good drug stores, or by mail direct. Hacking's, Limited, Listowel. 68u

SAFE REGULATOR FOR WEAK KIDNEYS

It is useless, dangerous and unnecessary to be tortured with the digging, twisting pains or backache or to suffer disagreeable kidney and bladder disorders if a safe, simple and harmless kidney regulator like Solvax can so promptly and surely relieve such troubles as many users say it does.

People who suffer back weakness, rheumatic pains, puffy swellings under eyes or in ankles and feet or are bothered with urinary disorders ought to try taking a little Solvax for a few days and note results.

Solvax usually begins to work in a few hours to regulate the kidneys so they can drive out the excess uric acid and poisonous impurities that are clogging and stopping their free and healthy action. A difference can often be noticed in as little as twenty-four hours. Leading druggists who sell Solvax agree to return its full purchase price if in any case it does not give entire satisfaction.

If your druggist cannot supply you write inclosing 50 cents to Booth's Hyomei Company, Postoffice Box No. 358, London, Ont.

SMALLMAN & INGRAM

Springtime Always Turns Towards the Suit As One of the Happiest Mediums of Expression

THE tailored suit stands out as a great favorite this season; and the sports model is equally well liked. Women who favor the suit in either style will be wise in making selection now as Easter is near at hand. A very marked difference will be noted in the new spring tailleurs. The two and three pieced costume suits, the etons and the box coats, and even the more strictly tailored models are distinctly new. They are modeled on jaunty lines, with an assurance of cut and fashion which is always found in Smallman & Ingram garments.

A Bit of New Neckwear Will Smarten Your Easter Outfit

A dainty and inexpensive way to freshen one's frock or blouse, whether the collar be round or square neck, is to add a bit of lace around it. The designs of these, in white or cream, are very soft and dainty.

Smart new Easter Neckwear. Dainty, fine Collars for the back, of fine net and guipure lace, fitting flat or rolling. Prices ..... 75c, $1.00 and $1.50

Smart Filet Lace Collars, for coat or dress. Prices ..... $1.50 to $5.50 each

Sailor Collars for girls, in navy and white, or saxe and white. Prices ..... 50c and 75c each

Lace, Fancy Net and Organdy Points, for the round, square or V neck, or for cuffs, will fit any shape neck.
Swiss Embroidery Points. Price .....$1.50 per yard

Fancy Net Points. Price .....$1.50 per yard

Lace Points, ecru or white. Price $1.50 and $3.00 per yard

Navy and White Embroidered Georgette Points. Price ..... $3.00 per yard

MAIN FLOOR.

Misses' and Small Women's Suits

REV. GEORGE B. COX, FORMER RECTOR OF ST. MATTHEW'S, DIES

Well-Known Retired Anglican Minister Succumbs To Pneumonia.

The death occurred last night in **Victoria** Hospital of Rev. George B. Cox, formerly for a number of years rector of St. Matthew's Church in London East, but who had retired from the active ministry since about ten years ago. Death was due to pneumonia, and was the culmination of an illness of only a few days' duration. Mr. Cox's conditon on Monday became so serious that he was removed to the hospital, where he remained unconscious most of the time until his death.

The funeral will be held at 11 a.m. on Thursday from St. John's Church, of which the deceased was a member. Rev. Dr. C. C. Waller, principal of Huron College, will have charge of the service, and it is hoped that Bishop Williams will participate. At present his lordship is out of the city, and pending his return detailed arrangements will be held in abeyance.

The late Mr. Cox was born in London about 60 years ago. After leaving school he studied law, but later elected to enter the Anglican ministry, and entered Huron College, where he studied under the late Dean Boomer and from which he graduated and was ordained about 36 years ago. His first charge was at Onondaga, and his second and last that of St. Matthew's.

He was a prominent member of the Baconian Club and was a member of the Canadian Club, although not a frequent attendant at meetings of that body in recent years. He was of a retiring disposition and studious nature. Principal Waller, a close friend, spoke of him last night as a man of very fine character. He had been partially deaf for some years.

Mr. Cox made his home with his sister-in-law, Mrs. Charles Cox, widow of a deceased brother, and another widowed sister-in-law, Mrs. Willis Cox, at 746 Waterloo street. A third brother, Beverly, at one time in practice as a lawyer here, died some years ago.

ST. RAILWAY POLES ON SPRINGBANK LINE BURNED ON TUESDAY

Patients From Byron Sanatorium Help Crew To Put Out Flames.

Two street railway poles on the Springbank line were practically burned through Tuesday night, when a grass fire got off to a merry start on the right-of-way shortly before 7 o'clock.

Motorman Arthur Rockett, who pilots old 27, the Springbank car, noticed the blaze as soon as the car made the Woodland Cemetery curve on the return trip from the park. He immediately gave 27 all the power possible, and was soon on the scene of the blaze. The car was crowded with patients from the Byron Sanatorium, and they helped the crew put out the fire, which by this time had made considerable headway.

The flames licked their way to the poles, and by the time they were extinguished the poles were almost burned through. The fire burned over two acres of ground before being put out.

NEW CANDY FACTORY

To Be Opened In London By John E. Stevenson and Associates.

A new candy and ice cream cone factory will shortly be opened in London by John E. Stevenson, Lorne avenue, and other Londoners associated with him.

Mr. Stevenson, who is interested in the manufacture of cones for ice cream has purchased a large brick stable on Dufferin avenue, near Adelaide street, formerly the property of the Labatt estate, and it is proposed to remodel it for factory purposes. Other parties, it is understood, are interested in the operation in the same premises of a candy factory.

The property, which includes a large frontage and considerable depth of land, changed hands at something over $5,000, it is said. Mr. Stevenson stated to The Advertiser that in the event of more suitable premises being found the factory might be located elsewhere in the city. It is desired, however, to commence manufacturing as soon as possible.

LANE ON CAMPBELL ST. BELONGS TO THE WESTERN FAIR BOARD

Old Deed Shows To Whom the Property Belonged.

According to a deed produced today a lane extending from York street to Campbell street, between the Western Fair grounds and Rectory street, is the property of the Western Fair Association.

The city council was asked to close the lane in order to allow the extension of the fair grounds in that direction. Campbell street residents strongly protested against this. They claimed that it would shut them off from the rest of the city and would depreciate the value of their property.

The deed which was brought to the city hall indicates that the lane is part of the Western Fair board's property, but was opened up by them to accommodate residents of that section.

This being the case, those who are protesting against the proposed closing will have to take up the matter with the association instead of the council.

G. W. V. A. OFFICERS TO BE NOMINATED TODAY

Report On Re-establishment Is Read by President.

Montreal, March 24.—The Great War Veterans Association had before it the problem of re-establishment at this morning's session of their annual convention. The chairman of the re-establishment committee, Comrade Jeakins of Ontario, presented his report, and with the regular resolution recommended, he read the Calgary resolution, which calls for the additional payment of $1 a day to men who served on a belligerent front other than Siberia, 80 cents a day for service in Great Britain or Siberia only, and 50 cents a day for service in Canada only, and a cash bonus of $1,500 in a lump sum to widows. A long discusssion followed, which was still in progress at the lunch adjournment.

During the morning the report of the procedure committee, which was adopted, was enlarged by the addition of a clause authorizing the taking of a per capita vote on the demand of 25 delegates.

Nominations of officers were fixed for this afternoon.

LOCAL NEWS

ILL IN HOSPITAL.—John H. Stevely, secretary-treasurer of the Columbia Handle Company, is ill in St. Joseph's Hospital. It is expected that he will undergo an operation this week.

CIVIC RECOGNITION.—Civic recognition was accorded to William Scarrow at the funeral, which was held on Tuesday. Ald. E. R. Seabrook attended as the official representative of Mayor Little, who was unable to go.

Y. M. C. A. DIRECTORS MEET.—The regular meeting of the directors of the Y. M. C. A. was held last night. Supper was served to the members and routine business was transacted during the evening. W. R. Yendall was in the chair.

SOCIAL EVENING.—A splendid time was enjoyed by all who attended the Young People's Society of New St. James' Presbyterian Church on Monday evening, the young men entertaining. Delightful songs were rendered by Messrs. Frank McCutcheon and Hugh Fletcher, who also led in a sing-song.

MEET IN STRATHROY.—A committee that has been appointed by the county council of Middlesex will hold a meeting on Tuesday night in the armouries at Strathroy, to discuss the route in Middlesex of the branch of the new provincial highway that will run from London to Sarnia. Representatives from the many localities interested are expected to be present.

WILL RECEIVE.—Mrs. J. N. Bray of Weyburn, Sask., who is the guest of her parents, Mr. and Mrs. R. C. Macfie, Ardaven Place, Ridout street, will receive with her mother on Thursday afternoon, March 25. Mrs. Bray formerly resided here until Mr. Bray, who was accountant at the Bank of Montreal here, was transferred as manager to a branch of this bank in Weyburn, Sask.

CANNOT KEEP CHILDREN.—William Chantler was charged in police court this morning with harboring a ward of the Children's Shelter. His daughter, Ivy, was the ward. Chantler explained that she would not go back to the home. Inspector W. E. Kelly said that she had been in a foster home, and that the father had been encouraging her to come to his place. The parent was warned that he was not to do this any more. He would be liable to a fine, if he did. The accused was held in jail until Mr. Kelly went and secured the girl, who is 17 years of age.

WIFE UNFAITHFUL, CASE DISMISSED

Mrs. Sydney Russell Loses Police Court Action For Non-Support.

"There is entirely too much of this thing on the part of slackers staying at home and breaking up the homes of returned soldiers," declared Magistrate A. H. M. Graydon in police court this morning commenting on the case of Russell vs. Russell. Mrs. Sydney Russell, 508 Talbot street, had charged her husband with failing to support her. He proved that she had been unfaithful. The case was dismissed.

Mrs. Russell stated that she had been married on May 6, 1905. She had five children, ranging from 13 years to 4 years of age.

Her husband went overseas and returned on October 13, last year. He stayed at her house five days and then left. He gave her $10, but has not given her any money since. She claimed to have written to him about it. He also had stopped her separation allowance.

Except for one girl, who was in Byron Sanatorium, all the children had lived with her. She sent clothes to the daughter in the Sanatorium, but did not pay for her. When Mrs. Russell was in the hospital, her eldest girl left home and went to live with the father. This was on January 13. A young girl looked after the children.

Paul Street.

"When you were living on Paul street were you acquainted with a man named McIntyre?" asked Mr. Henderson of the firm of Judd & Henderson, Russell's solicitors.

Mrs. Russell admitted that she knew him, but said that he and his wife boarded at her place.

She denied that she had spent the Christmas of 1916 in Detroit with McIntyre. She was asked if she sent the children to the home of a Mrs. Barnes. It was only for two nights, the plaintiff said.

After moving from Paul street, Mrs. Russell went to Manor Park. A Mr. Quick lived with her.

At this point in the proceedings, Mrs. Russell objected to questions being repeated and objected in a manner not in keeping with court etiquette.

"If that's your attitude, you won't succeed here," reminded the magistrate.

Mrs. Russell then moved to Wreay street. Here she lived with Quick and a girl by the name of Rose Taylor. There were two bedrooms in the house. The plaintiff claimed that the other two people were boarders.

Next Place.

Mrs. Russell'se next place of residence was on Talbot street. Here she kept as many as nine boarders.

"Lou told some people that your husband was killed and that you had a better man now, did you not?" asked Mr. Henderson.

The plaintiff said that a relative had told her that her husband was dead.

Emily Russell, 13 years of age, declared that when they lived on Paul street, McIntyre used to come to the house. A man by the name of Quick moved their furniture to Manor Park. Then she (Emily) was taken to a children's home. After she got out she went over to Manor Park for a while. Later her mother secured a place for her and her brother on a farm.

Russell, the defendant, stated that on the first day that he was home from overseas he went to the theatre in the evening. His wife and Quick walked in front of him, arm in arm. That night he slept on one bed in the front room and his wife on the other. The dors between that room and the dining-room were not closed. Russell mentioned this matter, but his wife said that she had been doing this for a long time.

Russell had been away since August, 1916. During that time his wife had not received less than $70 a month from government and patriotic sources.

"I couldn't think of making an order," declared Magistrate Graydon, when asked if she was to get support. "I can't imagine the audacity of this woman." The man who had lived with her he referred to as "a hound of a fellow." That was the proper term, he thought.

J. G. Winnett acted for Mrs. Russell.

Inspector Walter E. Kelly of the Children's Aid Society said that Russell had given him $178 to be used toward the support of the children. His wife had been after it persistently. Mr. Kelly had told her that she would not get a dollar until Quick left her house. She notified him about two weeks ago that he had gone.

"The children ought to be taken away from this woman. She's not a fit woman," said Magistrate Graydon.

MAY EXCHANGE PLACES WITH ENGLISH TEACHERS

Canadian Schoolmarms To Be Given a Chance To Go To England.

Opportunity for twenty Canadian school teachers to accept positions in London, England, and to be replaced here by twenty English school teachers has been offered by the League of Empire.

Public School Inspector C. B. Edwards sent a circular to the public school teachers in the city asking them if they would like to consider the offer. It is expected that at least one teacher will go from this city. It is thought that there would be no difficulty in having her position taken by an English teacher.

Details of the plan are yet to be made out, and the sanction of the educational department obtained.

This plan was well under way in 1914, but was interrupted by the war. The London (England) council has once more taken up the proposal, and is willing to send twenty English teachers to Canada for a period of twelve months. They make the stipulation that these teachers receive salaries in accordance with their experience.

L. AND P. S. EMPLOYEES WANT TO MEET BOSSES

To Talk Over Wage Increase They Claim Is Necessary.

Employees of the London and Port Stanley Railway stated today that they are not satisfied with the increase granted them by the commission, as was stated in a local paper Tuesday.

The men claim that the present wage scale has been in force a year. The cost of living has steadily increased during this time, and they find it impossible to live on the present wage.

Saturday night the employees met two members of the commission, Sir Adam Beck and Manager R. E. Richards.

"These are the only members of the commission that we have ever met, and we are getting tired of it. We want to meet the full commission or none at all," stated one employee.

A meeting was scheduled for tonight with the commission, but owing to the absence of a member of the commission it was postponed.

ABITIBI SHOWS ADVANCE.

Montreal, March 24.—Following the announcement in the annual statement of the Abitibi Pulp and Paper Company that the common stock would go on a 30 per cent basis, that stock jumped from 301 last night to 350 at the opening of the stock market this morning, and then rose to 355 on one sale in the first fifteen minutes.

TOO LATE TO CLASSIFY

SMART YOUNG MAN WANTED FOR mailing department of The Advertiser. Apply Circulation Department. 66c

TEAMSTER WANTED—APPLY MARTIN-LYONS Fuel Company, 711 York street. 66u

CRUSHED BENEATH WHEELS OF COAL CAR, HENRY COLE LOSES LEFT LEG AND FOUR FINGERS

Saved From Almost Certain Instant Death by Quickness of Fellow-Worker, Leslie Snyder, Who Is Also Injured.

While working beneath a car of cinders on the G. T. R. siding of the Martin Lyons Coal Company at 5:15 o'clock on Tuesday afternoon, Henry Cole, 160 Delaware avenue, suffered injuries which necessitated the amputation of his left leg and four fingers, and Leslie Snyder was cut about the head, as the result of the car being struck by a string of cars which were being shunted.

Had it not been for the presence of mind and the quick action of Snyder in pulling his fellow-workman from beneath the wheels, Cole's body, in all probability, would have been cut in two.

Cole is in Victoria Hospital and reported to be progressing favorably. Unless there are unforeseen developments he will recover. Snyder's injuries are not of a serious nature.

No blame is attached to the fuel company, as it had placed a red flag on the car under which the two men were working. Stiffness of the brakes on the end car of the string, is said to have been the cause of the accident. The three box-cars and two tank-cars, which were being shunted, were traveling at a fast rate, and went to the end of the yard before stopping.

Workmen in the vicinity tried to avert the accident by throwing pieces of iron in front of the wheels of the cars which were bearing down on the cinder car, but their efforts were of no avail.

The noise of the elevator which was running nearby prevented the two unfortunate men from hearing the cars' approach.

Dr. F. R. Clegg, who attended the two men, found it necessary to amputate Cole's limb between the thigh and the knee. So severely crushed was the left hand that the amputation of the four fingers on it was unavoidable.

CELLAR IS FLOODED; WANTS CITY TO PAY

South London Grocer Renders Account to Mayor.

NOTHING DOING

City Not Responsible, Says E. S. Little, Who Points Out Cold Facts.

Claiming that his cellar had been flooded to the depth of four feet by water from the city streets, a South London grocer today rendered an account for $53 to the city.

Mayor E. S. Little notified him that the city could not be responsible for the damage. He also pointed out that a bylaw had been submitted to the people at the last election to provide storm sewers, which would have prevented just such cases as this. This bylaw was voted down by the people, and property would have to suffer as a consequence, because the city could do nothing to improve the situation.

The mayor also pointed out that application was being made to the Legislature for permission to lay some storm sewers in spite of this adverse vote, but even this was being opposed by some elements in the community.

WANT ADDITIONAL LOAN OF $250,000

Housing Commission Will Apply To Ontario Government For This Amount.

Application for an additional loan of $250,000 at 5 per cent for building purposes will be made by the local housing commission at its meeting Thursday night.

This action is being taken in spite of the fact that the Hon. H. C. Nixon has announced that no further loans will be made to municipalities for this purpose. It is thought that re-adjustment of the allotments can be made so that London will receive this additional amount.

London's appropriation from the amount set aside by the Dominion Government for housing purposes was $500,000. Owen Sound, a much smaller municipality, had a million dollars appropriated for its use, on the expectation that many new homes would be needed because of new industries locating there. As a matter of fact not a dollar of this appropriation has been spent. A somewhat similar situation prevails in other municipalities. They had large appropriations, but used only a small portion of them, or none at all.

Redistribution.

Chairman E. R. Dennis sees no reason why a redistribution of these allotments should not be made. If London had been treated in the same manner as the other cities its appropriation would have been two million dollars instead of $500,000. Two-thirds of this latter amount has already been spent on housing. The remaining $300,000 will likely be absorbed in the building which is being contemplated on the Hamilton road.

Unless more money is obtained the city will have to raise the money itself if it wishes to continue the housing plan. This means that money would have to be borrowed at 6 per cent or even higher, instead of 5 per cent as under the government plan, which the Drury cabinet has decided to discontinue.

Mr. Dennis points out that a large portion of the original appropriation is lying idle because some muncipalities after securing it made no use of it.

Took It Up.

London took up the scheme enthusiastically, and is well abreast of those municipalities which have given the housing problem attention. In fact, as far as plans for the coming year are concerned London leads Ontario, as a tender has already been provisionally accepted to build 42 houses. No other municipality have received prices on building yet, it is thought.

This being the case, Mr. Dennis thinks that the appropriations of those cities which have made no use of them should be reduced, and some of the money turned over to London. If this is done it will enable the London commission to carry out a complete program this year.

WIFE OF BANK MANAGER DIES AFTER LONG ILLNESS

Mrs. J. E. Magee Was a Prominent Member of I. O. D. E.

Mrs. Mary Barclay Magee, beloved wife of J. E. Magee, manager of the Merchants Bank, died on Tuesday at her home, 866 Richmond street, after a long illness.

Mrs. Magee was born in Kincardine, and was a daughter of the late John Gentles. About ten years ago she came to London with her husband, and during that time won a host of friends. She was an ardent worker of the I. O. D. E., and was interested in various patriotic movements during the war.

Besides her husband, Mrs. Magee is survived by one son, Jack, who is attending the University of Toronto; four sisters—Mrs. (Col.) W. H. Price of Toronto, Mrs. D. C. Sweet of Los Angeles, Mrs. (Dr.) Bruce of Vancouver and Mrs. (Dr.) Aull of Calgary, and two brothers—Albert of Parry Sound and Charles of Toronto.

The funeral yill be held (privately) from her residence on Thursday afternoon. Services will be held at 2:30 o'clock and the funeral at 3 o'clock.

CONFERENCE TOMORROW

Y. P. S. To Hold Important Convention In St. Andrew's Hall.

One of the largest conferences yet held by the Sunday schools and Young People's Societies of this city opens in convention in St. Andrew's Hall Thursday and continues Friday. Rev. H. E. Stillwell of the Baptist Foreign Mission board and Dr. O. L. Kilborn, Methodist missionary returned from China and other prominent ministers, will conduct group study classes. Mass meetings have been arranged for each evening.

Rev. A. E. Armstrong of the Presbyterian Foreign Missionary Board will give an illustrated lecture "A Trip to the Orient," on Thursday evening, and on Friday evening Rev. J. H. Arnup of the Methodist Foreign Mission Board will speak.

The committee in charge of the program have spared no effort to provide an interesting program, not only for young church folk, but also for their elders.

LEAVE FOR CONVENTION. — A large delegation from St. Andrew's Church left this morning for Stratford to attend the Women's Provincial Presbyterial now in session. Among the party were Mrs. C. M. R. Graham, Mrs. McEacheran, Miss Flora McColl, Miss G. Jarvis and Mrs. G. L. MacDonald. Mrs. Peterson from New St. James' Church, went with the St. Andrew's party.

REYCRAFT CASE BEFORE COURT

Slander Action Now Before Mr. Justice Latchford.

Alleging that he had been called a thief, a rogue, and a liar during the election campaign of 1919, Richard T. Reycraft of the village of Granton, is suing W. J. McFalls of the same village, and reeve of the township of Biddulph, for damages. The case is the second one to come before a jury and the Hon. Mr. Justice Latchford at the spring assizes, which are in progress in this city. J. M. McEvoy is acting for the plaintiff, and Meredith & Meredith for the defendant.

The first witness to be called was Irvin Wallace. He stated that McFalls said to him on the main street of Granton on January 6, the election day, that Reycraft was a thief, a rogue and a liar, and that anyone who voted for him was just as bad. Further, McFalls had pulled aside his coat and pointing to some papers he had said that there was the proof, and that he had a 100-acre farm to back it up.

Next Witness.

C. M. W. Cowan of Granton, was the next witness to be called. He said that he was standing within ten feet of McFalls and Wallace when the conversation had taken place. He asserted that he overheard McFalls make the statements made to Wallace, and that Wallace had started to take off his coat while exclaiming, "I'll make you swallow those words." It happened after noon on the election day.

Clarence Westman, who lived on the 6th concession of Biddulph township, stated that he had met McFalls after the nomination meeting. Taking McFalls into the Courcy Hotel, he asked him if he believed the rumors that were being circulated to the effect that Reycraft had cheated the township out of money. The defendant said that he did and that he would prove it. Taking papers from his pocket, he pointed to items which he said were involved amounting approximately to $1,000.

He said that he was actively supporting Reycraft. McFalls had been reeve and at that time was seeking re-election. The talk of the missing money spread all over the township. It was brought out that the $1,000 involved was money borrowed from Mrs. M. Stanley of the township. King Hodgins, at one time auditor for the township, said that he audited the accounts of the 1917 council and that the $1,000 was included in the financial statement that was taken over by McFalls as reeve.

R. F. Radcliffe was the first witness to be called for the defence. On the day of the election he saw McFalls talking to a group of men on the sidewalk about some sheep. McFalls, he said, called to Reycraft, who was across the street, and talked about the sheep. He stated that Reycraft's name wasn't mentioned, and did not hear the statements that were alleged to have been made. He did not think such statements were made. However, he could not say that it had not been said at 2 o'clock.

It was brought out that Radcliffe had succeeded Reycraft as township clerk, and that the appointment had been made by McFalls, who also had appointed Reycraft to the position. The provincial auditor had been brought to Granton to go over the accounts as the result of a petition.

Richard Hodgins, Sen., 77 years of age, of Granton, who has a son in the council, said that he had heard McFalls telling the group of men on election day about the sheep problem. He saw him talk to Wallace, but heard nothing said about the $1,000, nor heard McFalls call Reycraft a thief, rogue and a liar. He said that Gowan was not there at the time. When asked if Wallace was a good, honest man, he said that he was as good as the rest of the farmers. He had to be restrained from giving Mr. McEvoy, who had cross-examined him, a lecture as he left the box.

Ivan Riddle was also called. The case is still in progress.

BOYS JUDGE CATTLE

Young Farmers of Middlesex Look Over Animals At Sale.

Two classes of cattle were judged at the show and sale of the Western Ontario Consignment Sales Company at Queen's Park today by the Middlesex junior farmers, with the following results:

Two-year-olds—Roan Duchess, owned by William Waldie; Royal Lustre, P. Stewart & Son; Lady of the Valley 13th, Kyle Bros.; Queen's Gift, Joseph White; Roan Lady's Best, John McLean & Son; Augusta Pansy Blossom, R. S. Robson & Son; Strawberry Blossom 10th, Oestricher Bros.

Yearlings—Orange Blossom 11th, Kyle Bros.; Matchless 20th, George Gier & Son; Wallflower, J. H. Lampman; Cherry Blossom 8th, William Waldie; Miss Ramsden 3rd, Oestricher Bros.; Princess of Butterflilies 2nd, W. Ruston; Helen Corday, Walter Ruston.

The sale was continued this afternoon, and is expected to be concluded early.

Mrs. J. K. Spry of John street, this city, is visiting in Oshawa, with her daughter, Mrs. Archie Weir.

THINK "Y" FIRE WAS CAUSED BY SPARKS FROM A CHIMNEY

Officials Advance Theory For Blaze Saturday Last.

The officials of the Y. M. C. A. have discovered what they believe to be the cause of the fire at the Auditorium last Saturday night.

The dome in the middle of the Auditorium, which was burned on four separate sides, lies directly under a skylight. The theory is that a spark from the chimney blew into a corner of the skylight framework and set fire to it. As the beams in the skylight burned through, the sparks dropped to the wooden centrepiece of the dome, setting it on fire. The four separate fires on different sides of the dome are explained by this.

Nothing definite is known as yet as to when the dome will be replaced.

INFORMATION, PLEASE

(Facts, Past and Present About London and Its Affairs.)

The object of this column is to enable Londoners to become better acquainted with their city. Knowledge awakens interest and public-spirited interest results in better municipal administration not only by the elected legislators, but by the people themselves, when they are asked to decide a vital civic question.

Every effort will be made to answer questions relating to London's government, the work carried on by city departments, and any other phase of municipal life. Much of this information is always available through the courtesy of city officials. Many citizens, however, have not the time to make personal inquiries from their representatives or at the city hall, and The Advertiser thinks that it will be performing a real service in obtaining this information for them.

No attempt will be made to answer questions of policy, or of controversial nature.

Write inquiries plainly and address them to Information Department, Advertiser.

Information, Advertiser—Could you inform me what the area of London is, and also what population it has?—INQUIRER.

Answer—London's area is slightly greater than ten square miles. The latest assessment records place the population at 59,100.

Information, Advertiser—Does the city council control the city parks, and how is the money obtained which is expended on them?—W. H. T.

Answer—The city parks are controlled by the parks commission, which is appointed by the public utilities commission. The money for their maintenance is obtained from the general tax rate. One-half mill must be set aside for this purpose each year, although the city council may authorize a larger expenditure if it so wishes. London's parks commission is joining with those of other Ontario cities in asking the Provincial Government to increase the rate to one mill each year.

Information, Advertiser—Is the city council contemplating building a bridge at Ridout street in place of the present one? If so what is the estimated cost? How many bridges are there in the city?—RATEPAYER.

Answer—The city council is making application to the Provincial Legislature for power to build a new bridge at this site. City Engineer Brazier has declared the present structure unsafe for traffic more than four tons in weight. The estimated cost of a concrete structure is $143,000. There are fourteen bridges in London.

Information, Advertiser—When did London become a city? Who was the first mayor? Did anyone hold that position longer than three years? How many held it for that length of time?—CITIZEN.

Answer—London was incorporated as a city in 1854. Murray Anderson was the first mayor. The longest consecutive period this position was held by one man was four years. Frank E. Cornish was elected in 1861, and remained in office until 1864. Seven other mayors each held the position for three consecutive years.

WOMEN'S MUSIC CLUB

To Put On Excellent Concert Friday Night In St. Andrew's Hall.

There is a great deal of interest being taken in the Women's Music Club concert, to be held at St. Andrew's Hall tomorrow night at 8 o'clock, this hall being used, as the Y. M. C. A. auditorium was not available, owing to the recent fire there. The recital, which is to be one of chamber music arranged by Mrs. Chas. Ivey Jun., will perhaps be the finest one of the season of delightful recitals given by this club. A distinguished singer from Toronto, Miss Lenore Ivey, will be present and sing two very fine groups of songs, including "Le Slorindo e fedele," by Scarlatti; "Come, Beloved," by Handel; "My Mother Bids Me Bind My Hair," by Haydn; "A des Oiseaux," by Hue; "An Coineachan," from the traditional Gaelic, and "La Danza," by Roffini.

Another delightful number will be the opening one, Bach's concerto for two violins, played by Miss Florence Eggleston and Mrs. Chas. Ivey Jun., accompanied by A. D. Jordan. A piano number, Beethoven's Concerto in C Minor, played by Mrs. S. V. Cook, with Miss Minnie Raymond at the second piano, will be another attraction of this program, which will be brought to a close by a very fine string quartet (opus 96 Dvorak), with Mrs. Chas. Ivey Jun. at the first violin, Miss Geraldine Regan, second violin; A. D. Jordan, viola, and Frederick Smith, 'cello.

ASK TAX EXEMPTION FOR RETURNED MEN

Tax exemption for returned men who own homes in the city will be asked by a deputation from returned soldiers' organizations which will appear before No. 1 committee of the city council this afternoon.

This proposition was brought before the council last year, but it was then too late to take any action. It is estimated that it would cost the city from $4,00 0to $5,000 to grant the request.

Another matter for the committee to consider will be to decide on the control of ueen's Park. At present the city council, the parks commission and the Western Fair Association have jurisdiction over this property.

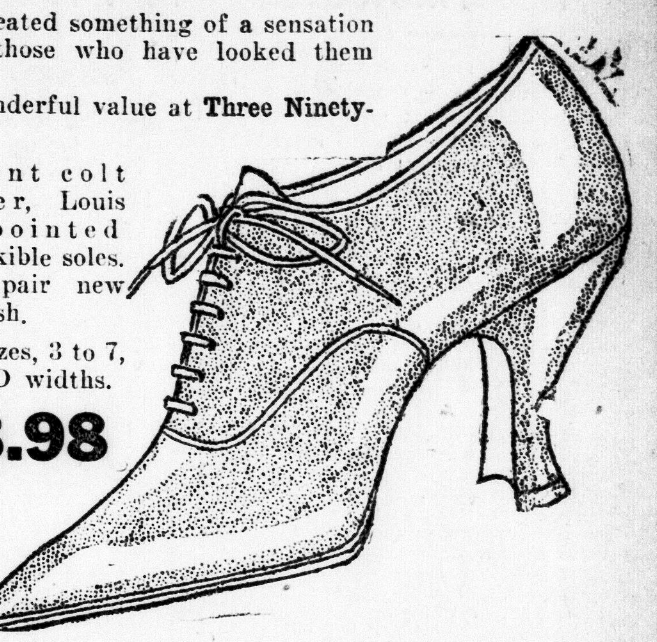

YEP, IT'S SPRING!

Platform of the "Ark" Undergoing Its Annual Repairs.

No other infallible sign of spring yet remains to come unless perchance it is the warble of the wild canaries or the flutter of humming-birds over the honeysuckle blooms. The Grand Trunk yesterday made its annual repairs to the station platform. The usual queries inevitably arose as to whether a new depot was to be erected, but all were answered in th ngative, as they have been for many springs gone by. It was not a very hard winter. The O. T. A. officers kept a close watch to see that no travelers with heavy suitcases plumped their grips down too hard on the old platform, and so there were not many repairs to be made this spring.

Those Oxfords for Women

"Factory Cripples"

Have created something of a sensation among those who have looked them over.

Wonderful value at **Three Ninety-Eight.**

Patent colt leather, Louis heels, pointed toes, flexible soles. Every pair new and fresh.

All sizes, 3 to 7, C and D widths.

LATEST BIRD ARRIVALS ARE DESCRIBED BY W. E. SAUNDERS

Members of Bird Club On Watch For Feathered Friends On Their Way North—Cross-Bill and Fox-Colored Sparrow Latest To Arrive.

The cross-bill and the fox-colored sparrow, often abbreviated to the fox sparrow, are the latest bird arrivals in London en route to northland, where they spend the summer and hatch and rear their young, according to W. E. Saunders of the McIlwraithe Bird Club. Three red-shouldered hawks were espied by the club members Sunday west of the Cove on the north side of the river, and W. R. Yendall has reported hearing a meadow lark on Monday. The robins and bluebirds chose an auspicious day for their return to London last week. They arrived in considerable numbers on the 17th of March.

Not everybody can correctly name a great many wild birds even upon seeing them at close range, and few know the distinctive notes of more than half a dozen birds. But the bird lovers know, and members of the McIlwraithe Club early every morning take turns in little excursions out into the country and report back to the other members the latest visitors in bird life.

"When a person calls your name, others within hearing distance may catch the sound but pay no attention to it," Mr. W. E. Saunders points out. "The bird lover listens for birds with the same intentness that you have for your own name. This morning I was awakened by a bird note outside my window—'te-te-te,' repeated in triplets several times, evidently the note of the cross-bill, one of our winter visitors that nest in the northern coniferous forests. My prompt arrival at the window was too ate, but my ear was greeted with the song of the fox sparrow, a short song, incomplete as is their habit in this district.

"Most likely this is the bird that has been fed all winter by Miss Brown at her home on Kent street, where it consorted with a white-throated sparrow and a junco, the two former being the first ever known in the city in winter. My singer vanished before I found him. Surprises and unfinished incidents are the order of the day for the spring migration" added Mr. Saunders.

DEATHS AND FUNERALS

FUNERAL OF MR. SCARROW.

The funeral of William Scarrow, one of London's prominent real estate men, who died on Saturday, was held on Tuesday afternoon from the residence of his niece, Mrs. H. A. Reynolds, 16 The Ridgeway. Rev. Judson Kelly conducted the services at the house and grave. Charles Hore conducted the Masonic service, which was held under the auspices of St. John's Lodge, 209a. A profusion of lovely flowers adorned the casket of Mr. Scarrow. The pallbearers were all members of St. John's Lodge, 209a. Interment was made in Woodland Cemetery.

LATE W. A. SHOEBOTTOM.

The funeral of the late William A. Shoebottom took place on Monday afternoon at 2:30, from the family residence at Ballymote to St. John's Cemetery.

This was one of the largest funerals held in this district for a very long time. The deceased was one of the most popular and most highly respected young men in London Township. He leaves to mourn his loss a beloved wife and young child, as well as his sorrowing parents and two brothers and a sister.

The services at the house and grave were conducted by the Rev. John Morris.

PIONEER OF LOBO TOWNSHIP.

Through the death of Edward McLurg, which occurred in St. Joseph's Hospital, Lobo Township loses one of its pioneers. He was born in Ireland in 1848, and was the eldest child of the late John and Isabel McLurg. Mr. McLurg was only 18 months old when his parents came to Canada and the township of Lobo. Besides his wife and daughter he leaves five brothers: Dr. James of the Soo, Harry of Ailsa Craig, Dr. John of Bay City, Arthur of London, Dr. David of Detroit; and three sisters: Mrs. Shipley of Lexington, Mich.; Mrs. Liddal and Mrs. Parker of London, and Mrs. McFarlane of Ailsa Craig. In politics Mr. McLurg was a life long Liberal, and in religion he was a Disciple, being a deacon of the

MRS. HENRIETTA McKENNA.

Mrs. Henrietta McKenna died Wednesday morning in Victoria Hospital after a brief illness, in her 69th year. Mrs. McKenna was born in this city and lived here all her life. She is survived by six daughters, Mrs. Ed. Stein, Mrs. W. Ford, and Mrs. F. Hart of this city, and Mrs. Cornell, Mrs. C. Brown and Mrs. C. Anderson, all of Detroit, and two sons, William and Henry, both of this city.

The funeral will be held on Friday from her residence, 518 Central avenue, to St. Peter's Cathedral at 9 o'clock. Interment will be made in St. Peter's Cemetery.

FUNERAL OF MRS. DONNELLY.

The funeral of Mrs. M. Donnelly was held this morning from her residence, 7 Christie street, to St. Michael's Church, where requiem high mass was sung by Rev. Father J. Hanlon. Interment was made in St. Peter's Cemetery. The pallbearers were W. Wheatcroft, P. McKenna, T. Navin, J. Byrne, G. Taylor and N. McKeough.

DIED ON FARM.

The death of Franklin Bennett occurred on Tuesday at his home on the East Talbot road, after a brief illness. He was born 59 years ago on the same farm on which he died. He is survived by his wife Anna, and his mother, Mrs. R. Bennett. For many years he was a trustee of the North Street Methodist Church. The funeral will be held on Thursday afternoon from his residence on lot 56, East Talbot road. Interment will be made in Scottsville Cemetery.

SMALL FIRE.—A small roof fire at the home of R. H. Waggott, 190 Rectory street, provided the fire department a run about 11 o'clock today. Damages were slight. The fire was caused by a spark from the chimney.

TWO FINED $200.—Joseph Hill and T. S. Stevens each were fined $200 and costs in police court this morning for having liquor in a place other than a private dwelling. They paid before the court opened. Three drunks were assessed $10 and costs. One of these was a comedian in a vaudeville act, playing in the city. The tables were turned this time for the actor was forced to pay for putting on a sketch instead of being paid for it.

WALL STREET.

New York, March 24—Wall Street, 2 p.m.—For no apparent reason other than an advance in call money to 10 per cnet, stocks sustained a severe setback during the mid-session. Mony stop-loss orders were uncovered in the 5 to 30 point reversal of General Motors, Crucible Steel, Baldwin Locomotive and other leaders, including oils.

STANDARD STOCK SALES.

[Special to The Advertiser.]

Toronto, March 24.—Morning sales: Apex, 1000 at 23¾; Atlas, 1000 at 24½; Dome Extension, 500 at 26½, 500 at 26; Dome Lake, 1000 at 9½, 3500 at 9, 2000 at 9¼; Dome Mines, 20 at 13.80; Gold Reef 1000 at 4¾; Holly 100 at 657, 50 at 660; Porcupine Crown, 1000 at 33; Krist, 500 at 8, 1000 at 8¼, 1000 at 8½, 3100 at 9, 1000 at 8¾; Petroleum, 500 at 75; Adanac, 5000 at 3⅛; Beaver, 1000 at 64; Gifford, 2000 at 1⅞; Kerr Lake, 35 at 495; La Rose, 400 at 51, 100 at 53; McKinley, 300 at 70; Peterson Lake, 1000 at 20¾; Temiskaming, 1000 at 45¾, 3000 at 45½, 4500 at 46; Trethewey, 1000 at 45, 500 at 44¾.

MOTHERS! NEVER NEGLECT WHOOPING COUGH

Many mothers make the mistake of thinking that whooping cough is not of serious importance, but unfortunately this mistake often leads to the neglect of this dangerous child's disease.

Never neglect whooping cough, for it may be followed by some serious lung trouble.

Dr. Wood's Norway Pine Syrup is highly recommended by mothers everywhere for the relief of this trouble. It will clear the clogged-up air passage of the mucous and phlegm that has collected, and in this way bring on the "whoop" which brings the so-much-sought-for relief.

Mrs. Francis Burlingham, New Gate, B.C., writes: "This spring three of my children took the whooping cough, and they had it so bad I thought they would choke. I was getting pretty worried when my sister wrote me, telling me to try Dr. Wood's Norway Pine Syrup. I sent for some right away, and, believe me, I will never forget how it worked. I will always have it in my house."

There are many imitations of Dr. Wood's on the market. Get the genuine when you ask for it. It will pay in the end. Put up in a yellow wrapper; 3 pine trees the trade mark; price 25c. and 50c. Manufactured only by the T. Milburn Co., Limited, Toronto, Ont.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a Glass of Salts if Your Back Hurts or Bladder Troubles You.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine, so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

DANDRUFFY HEADS BECOME HAIRLESS

If you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.—Advt.

Keeps the Straightest, Unruliest Hair in Curl

You've never seen anything work such wonders for straight, lank, unruly hair as plain liquid silmerine. Nothing else will keep the hair in curl for so long a time—nor produce such beautifully lustrous, natural-looking curls and waves. Damp or windy weather has no terrors for the woman who uses it. And no one need hesitate to use it, for it is so easily applied with a brush and is so perfectly harmless. It leaves no greasy, sticky or streaky trace. The curliness can be acquired in three hours, though many prefer to apply the liquid at bedtime. When the hair is combed out it is delightfully soft and fluffy.

Anyone who will get a bottle of liquid silmerine from the druggist and follow the accompanying directions will have a most agreeable surprise. The liquid is also valued as a splendid dressing for the hair.—Advt.

Of Utmost Importance

Pure, emulsified cod-liver oil is not medicine as many are prone to think of medicine.

SCOTT'S EMULSION

is a form of growth-nourishment that is of utmost importance to many children. That most children *relish* and *thrive* on *Scott's* is a *"truism"* accepted the world over. Give *Scott's* to the children and watch them grow strong!

WARRING LANDLORDS AND TENANTS INVADE NEW YORK CAPITOL

Rival Factions Arrive To Combat or Support Rent Laws.

ALBANY, N. Y., March 23.—Warring landlords and tenants steamed into Albany at noon from New York to combat and support rent measures pending in the Legislature.

Both factions piled from trains and tenants mobilized for a march on the capitol, prior to the hearing on profiteering bills called by the joint legislative committee considering them. Landlord plans did not call for a parade.

"We're modest folk," they said.

But the tenants' parade should be called a parade only by courtesy. A hasty glance at their "legions" showed that their number—in line, at least—fell far short of the 1,000, who, it was announced, would participate in the "invasion of Albany."

And as the slender column marched from the station, it melted as snow in the sunshine. By the time the foot of Capitol Hill was reached, the standard-bearer, a handful of leaders and a few stragglers were in line. When the top of the hill was reached only the standard-bearer and "headquarters staff" were left.

No explanation was forthcoming from leaders as to why the column had thinned. Spectators advanced the theory that the hill was too steep, but one tenant was overheard to whisper to his neighbor that "if my landlord catches me here, I can see my rents go whizzing."

Tenant generals, however, insisted "hundreds" were in Albany. Landlords who announced 800 property owners would arrive "to defend their rights," claimed to have at least 500 invaders in the city.

The tenants planned to support the Boylan-Donohue bill, which would give municipal courts the right of reviewing rentals when profiteering is charged and of deciding what is a fair return on property. The landlords' men have banded together to oppose passage of four bills, which have been recommended to alleviate the acute housing problem.

SAYS ADVERTISING HAS RAISED THE STANDARD OF LIVING

WINDSOR, March 23.—"All great changes in civilization have been brought about by impetus from without, rather than from within, and that is the surest answer to the soviet doctrine in Russia that advertising is an economic wastage," declared Milton M. Alexander, head of the Milton Alexander Company, leading Detroit advertising agency, in an address before the Border Cities Retail Merchants' Association here tonight.

Among other things, advertising, he said, had raised the standards of living, brought about more sanitary and hygienic conditions, and generally improved home life and business by presenting better methods to readers of newspapers.

Discussing the shortage of newsprint, he declared the inevitable result would be an increase in newspaper rates to advertisers, limiting the space in many instances, and a consequent improvement in advertising standards, as merchants would realize that more attention should be given to preparation of copy to occupy more expensive space.

SAYS SIMS WANTED TO TURN OVER U. S. NAVY TO BRITISH

Senator Pittman and Admiral in Lively Tilt.

WASHINGTON, D.C., March 23.—Cross-examination of Rear-Admiral William S. Sims was concluded today by the Senate committee, involving his criticisms of the navy department's methods of conducting the war.

Admiral Sims was charged by Senator Pittman, Democrat, with a desire to "turn over the whole American navy to the British during the war regardless of protection of the coasts of the United States" and with having "favored the French or British policy, certainly not the American policy of sending raw untrained troops to France."

Frequent heated verbal clashes between Senator Pittman and the witness enlivened the hearing for the spectators. At one point the senator shook his finger at the officer.

"Don't shake your finger at me," admonished the admiral. "It won't do any good."

"You are not on the bridge of a ship," retorted the senator. "We will follow senate procedure, not navy methods here."

"Well, you don't need to use police court methods," replied Admiral Sims.

The scope of the controversy was enlarged tonight by the entry of the war department to deny some of Admiral Sims' statements.

General Tasker H. Bliss, American representative in the supreme war council, not only denied that he had recommended brigading American troops with foreign armies, but declared "the truth is exactly the reverse." General Bliss made his denial in a letter to Secretary of War Baker.

Admiral Sims made the statement yesterday that General Bliss recommende brigading the American regiments with British and French troops.

CONVOY SYSTEM WAS TURNING POINT IN THE WAR, STATES SIMS

WASHINGTON, March 23.—Cross-examination of Admiral Sims was continued today before the Senate committee investigating the navy's conduct of the war with Senators Pittman of Nevada and Trammell of Florida, Democrats, undertaking to show that the United States was not wholly responsible for heavy submarine losses during the two months immediately following the entry of the United States into the war.

Admiral Sims said adoption of the convoy system marked the turning point of the war, and that the Allies had to wait for American co-operation before the plan could be effected.

MEMBERSHIP DRIVE WAS SUCCESSFUL

PETROLEA, March 23.—The committee in charge of the membership drive for the local chamber of commerce closed a very successful campaign tonight. The membership for 1920 will number at least 250. The committee is confident this will be a very successful year.

Insurgents Capture Palace

BERLIN, March 23.—(By the Associated Press.)—Insurgents have captured the palace in the town of Schleswig, capital of the province of Schleswig-Holstein, according to advices received here. A number of officers of Cavalry Regiment No. 18 were taken prisoner. A so-called committee of action is in control of Schleswig, the dispatch says.

A detachment of the Loewenfeld naval brigade on the way to Eckernfoerde, ten miles southeast of Schleswig, was held up by the citizens' guard of Eckernfoerde, but a truce was established, as a result of negotiations with the Schleswig committee of action. The detachment will be allowed to proceed to Dugenstadt, near Rendsburg.

STEPHEN LEACOCK WARNS BRITAIN ABOUT AMERICAN 'DRYNESS'

Prohibition "Appalling Disaster," Says Noted Economist.

LONDON, March 23.—(Canadian Press.)—Professor Stephen Leacock of McGill University, has a long letter today in the Times, in which he discusses the "appalling disaster," which has overtaken the United States and Canada in prohibition. He speaks of the prohibitionist as now having entered into his kingdom, and claims that his enjoyment is merely the joy of prosecuting his fellowmen. He further warns England that a similar crusade is coming to England, and says: "The most serious warning is needed for the decent British people of any class who may be thinking of migrating to the United States and to the dry provinces of Canada. They will reap nothing but bitter regrets. Let them come, instead, to the spacious and hospitable province of Quebec."

LITTLE EXPECTATION OF POPULAR LOAN ISSUE THIS FALL

Deficit Feared, But Union Government Is Hopeful.

OTTAWA, March 23.—(By Canadian Press.)—There is apparently little expectation here of another popular loan issue by the Dominion Government this fall. Following the tabling of the estimates in the House of Commons yesterday there has been some suggestion that a new loan will be necessary to meet a deficit which appears between anticipated revenue and estimated expenditure for the 1920-1921 period.

It is pointed out that this prediction has been made entirely without regard to the fact that the Government still has a substantial cash balance unspent from the proceeds of the 1919 Victory Loan, which brought in some $600,000,000. Further, the total deficit suggested may not actually exist in fact as the estimates are only estimates and not actual expenditures.

It is stated authoritatively that there will be every disposition on the part of the Government to spread its available cash resources over the longest period possible and postpone further borrowing appeals.

SAYS NO DANGER OF SMALLPOX EPIDEMIC

Medical Health Officer At Border Is Watching Situation Closely.

WINDSOR, March 23.—Two new cases of smallpox were reported here today, following closely upon the lifting of the vaccination ban. Dr. F. A. Adams, Border M. O. H. tonight declared there was little danger of an epidemic, as practically all Borderites has submitted to preventative measures, when the edict was declared by the United States Federal health authorities at Washington. Both victims whose cases were reported today were unvaccinated.

AGAIN RESIGNS.

For the second time within a few weeks, Assistant Chief of Police Gordon Hilton of Sandwich, today rendered his resignation to the town council. On the former occasion he was persuaded to reconsider his decision. No reason accompanied his formal notice filed today.

The police are searching for the highwaymen who held up Joe Putwin, Ford City, on the G. T. R. bridge at Walkerville, and George Stewart, Walkerville. From the former the bandits secured 30 cents, a bunch of keys and an overcoat, while they took $8 in cash from the latter.

KENTUCKY DERBY TO BE RUN OFF ON MAY 8

LOUISVILLE, Ky., March 23.—The historic Kentucky Derby, with its new $30,000 added value, and for which 107 nominations have been made, will have its forty-sixth renewal at Churchill Downs here on Saturday, May 8, the opening day of the Downs meeting, the Kentucky Jockey Club announced today, following receipt of information that the state racing commission had sanctioned the date.

DIED AT KINGSTON.

INGERSOLL, March 23.—Principal W. E. Shales of the collegiate institute was called to Kingston today by the death of his brother, which followed a comparatively brief illness.

DAIRY BUILDING TO COST $150,000 IS PLANNED FOR O. A. C.

Prof. H. H. Dean Expects That Work Will Be Commenced This Summer.

GUELPH, March 23.—That a fine new dairy building, costing $150,000, will be erected at the O. A. C. in the near future, is almost an assured fact. Professor H. H. Dean, head of the dairy department, stated today. One set of plans for the new building has been prepared by the government architect. At the suggestion of Professor Dean, he is going over the plans again and adding improvements.

Professor Dean stated his department had been greatly handicapped for a number of years in their present building, and a new modern structure was absolutely necessary. The site for the new building has not yet been selected, and the Government has not made provisions for the necessary expenditure, but the idea has the aproval of Hon. Manning Doherty. It is expected work on the new building will be completed this summer.

SOLDIERS' MEMORIAL.

Work was commenced on the erection of a handsome monument in front of the church of Our Lady, in honor of the young men of the parish who made the supreme sacrifice. The monument is being presented by the Guelph Knights of Columbus.

A convention of the Guelph Sabbath School Association was held this afternoon and evening at Knox Church. A business session was held this afternoon, and at 4 o'clock a children's mass meeting took place. At the evening meeting, a public one, the speakers were Rev. C. A. Meyers of Toronto, representing the Presbyterian Church, Rev. F. M. Langford, Toronto, representing the Methodist Church and Rev. E. W. Halpenny of the Provincial Sabbath School Association.

STORES WERE ROBBED.

During the night the stores of H. M. Mosley and W. W. Stuart were entered and a quantity of goods carried off. From all appearances the culprits were amateurs, and it is believed the thieves were lads.

CITY COUNCIL DOINGS.

To put through the license reduction will require some tall hustling. Meantime lots of corns will be tramped on. The cure is "Putnam's," the old reliable corn extractor that has been curing corns and warts for years. "Putnam's" never fails, 25c, at all dealers.

TEACHERS WILL ASK FOR NEW WAGE SCALE

Association Is Formed at a Well-Attended Meeting in Cayuga.

CAYUGA, March 23.—At a meeting held at the High School here and attended by 40 teachers of the district, the Haldimand County Federation was formed. The following officers were elected:

President, Mr. Ferguson, Caledonia; first vice-president, Mrs. Lymburner, Cayuga; secretary, Miss Burns, Hagersville; treasurer, D. Duff, Cayuga. These officers, with second and third vice-presidents and a council, comprised of a representative from each district in the county, will comprise the executive. The president and secretary will be elected as delegates to the O. E. A., to be held at Toronto at Easter.

The aims of the federation, which is formed largely along the lines of similar organizations, in Ontario, are to "further the aims of education," and "raise the status of the teacher."

Among the several resolutions passed was one to the effect that "the annual minimum wage of a second class teacher should be $1,000, the minimum wage to a first class teacher to be $1,200.

DENIES MERGER OF STEEL COMPANIES

MONTREAL, March 23.—Mark Workman, president of the Dominion Steel Corporation, who returned to the city after spending several days in New York, gave an unqualified denial to the report given currency in the "street" today to the effect that after tomorrow's meeting of the Iron board an announcement of a definite nature would be made regarding the proposals respecting the absorption of Nova Scotia Steel.

"The situation as regards the relations, present or prospective, of the two companies," said Mr. Workman, "are no clearer than they were a year ago. There is nothing in the report."

TILBURY DELEGATION ASKS AID IN DRAINAGE

TORONTO, March 23. — Financial assistance from the Government for drainage work in Tilbury and adjoining townships was asked by a deputation from Tilbury which waited on Hon. F. C. Biggs, minister of public works and highways, today. The sum asked was $6,000, but the minister replied that careful investigation of the work must be made before the Government would promise assistance.

MINE OPERATORS TO REPLY TO PROPOSAL OF WORKERS TONIGHT

Diggers Will Remain At Work If Scale Retroactive.

NEW YORK, March 23.—The anthracite mine operators notified the mine workers late today that they would reply tomorrow night at 8 o'clock to the proposal of the diggers to remain at work after April 1, pending negotiations of a new wage agreement "providing the operators agree to make any wage award retroactive to that date."

Unless a new wage agreement is ready by April 1, when the present contract expires, the reply of the anthracite operatorg would determine whether there will be a suspension of work in the hard coal region after that date.

The general scale committee of the miners by virtually unanimous vote today decided that they would not remain in the mines at the expiration of the present agreement unless the employers agreed to make any wage award retroactive.

The decision of the mine workers was presented to the operators this afternoon at a meeting of the subcommittee of miners and operators appointed to negotiate a new wage agreement. The employers are understood to have spoken in opposition to accepting such a proposal on the grounds that they would have to meet any wage increase by raising the price of coal, which prices, they pointed out, could not be made retroactive.

After several hours discussion the conference was adjourned with the announcement from the mine owners that they would reply to the miners' proposal tomorrow night.

JEWELERS ADOPT EARLY CLOSING ON SATURDAY EVENINGS

Opticians At Stratford Also in Line With the Proposal.

STRATFORD, March 23.—At a meeting of local jewelers and opticians today it was decided, commencing Saturday, March 27, to close their stores at 9 o'clock Saturday nights.

A Forward Movement convention was held at the Centennial Evangelical Church today. The following lay delegates were appointed to the annual conference to be held on April 21: W. F. Finkbeiner, Stratford; A. E. Ratz, Tavistock; Jacob Litt, Sebringville. Alternates: John Gable, Shakespeare; Ezra Beebach, Mitchell.

In the afternoon addresses were given by Rev. E. H. Bean, Ilderton; Rev. D. R. Warner, Napierville, Ill., region director of the Forward Movement; Rev. W. J. Zimmerman, presiding elder, and Rev. J. G. Litt, president of the Ontario district. This evening a grand rally was held, when addresses were delivered by Rev. D. R. Werner and Rev. J. P. Pouch of Kitchener, conference director. Rev. Arthur Hale, president of the Stratford Ministerial Association, also spoke.

The directors of the chamber of commerce indorsed the proposal advocated before and indorsed by the Western Ontario United Boards of Trade, that the Federal Government take the initiative and invite the British West Indies to send a commission to Ottawa, assuring them that they are prepared to discuss the question of union on a liberal and imperial basis. It was decided to publish a monthly bulletin covering activities of the chamber of commerce.

The police commision today decided to set the taxi tariff at 40 cents for one passanger and 25 cents each for two or more passengers. This was the rate set by the commission at a previous meeting and to which the taxi men objected and went on strike on the grounds that 40 cents was not enough. The commission, however, decided that this was fair to both the taxi men and the public. The sergeants were given a further increase of $80 a year.

SEARCH CELLARS BEFORE BREAKING INTO SAFES NOW

DETROIT, March 23.—That ten per cent of all the felonies committed in Detroit can be traced to the activities of rum runners or whiskey thieves is revealed by an investigation conducted into crimes of this character by detectives of the central station.

With the supply of whiskey constantly growing smaller and more difficult to procure, a certain class has begun to specialize in the theft of intoxicating liquors. These men include some of the most desperate of criminals. At least one homicide has been caused through the rum runners' traffic. Dan Galovareano, proprietor of a resort on Riopelle street, was shot to death by a band of five supposed hold-up men on March 13.

Felonious assaults that have culminated in the serious shooting or stabbing of men and women have been found to have originated from quarrels between whiskey smugglers arising through the division of swag or the proceeds of sales, according to the police. When these circumstances surround such cases, it is difficult for the police to gain any information regarding the guilty parties.

Until the nation's supply of intoxicants is entirely exhausted, such conditions will prevail in Detroit. Burglars now search cellars before breaking into safes, and often the object of their search is stored in strong boxes.

WHAT TO DO WHEN NERVES GO WRONG

A SPECIALIST'S ADVICE.

Men and women who suffer from weak nerves, who tire easily, can't sleep, have brain fag, low vitality, general weariness, loss of strength, dulled ambition, lack of will power, or any of those symptoms that so surely arise from poor, unsteady, unstrung nerves or nerve force run low, should try taking a little Ferro-Peptine with their meals for a few days and note results. This preparation is the greatest ginger-up stimulant and nerve vitalizer ever known for putting the good old "pep," ambition, courage and real vital energy into a tired, run-down and shattered nervous system.

Here is a test worth trying. The next time you feel tired, blue, or when your nerves are fairly crying out, take a Ferro-Peptine nerve tablet. Then wait for just ten minutes, and note results. Ferro-Peptine seems to go straight to the nerve cells and starts work the minute it reaches them. It brings a ten-minute change from that awful dull, weak, lazy, don't-give-a-hang feeling, to brightness, strength, clear-headedness and courage. It calms and strengthens the nerves of people who get the "jumps" and fidgets, and gives them poise, power and tremendous reserve energy. Ferro-Peptine Tablets are absolutely harmless, contain no dope or habit-forming drugs, and are always safe, easy, pleasant and efficient. Standard Drug Co. and many other leading druggists in London and vicinity sell it in large boxes—42 tablets to a package—on an absolute guarantee of satisfaction, or money back.—Advt.

FLAYS GOVT. FOR FAILURE TO AID WAR VETERANS

President Burney Says Union Regime May Yet Realize Necessity.

EQUALIZE PENSIONS

Resolution Favors Payment Regardless of Rank — Increase For Dependents.

MONTREAL, March 23.—(By the Canadian Press.)—One of the most spectacular moves of the Dominion Great War Veterans' Association convention here today was a proposal to adjourn the entire convention immediately to Ottawa, there to conclude business and in a body press the Government for action on resolutions passed by the convention. This project eventually has laid on the table to be taken up tomorrow morning after the re-establishment resolution has been dealt with.

Following adoption of the report of the procedure committee limiting delegates to three-minute speeches each marked improvement was evident. Resolutions covering the system of pensions on the scale of one dollar per one per cent disability and the equalizing of pensions without regard to rank were adopted.

MONTREAL, March 23. — Mingled laughter and applause greeted the reading of a telegram signed by J. Harry Flynn of the Grand Army of Canada at the Dominion G. W. V. A. convention today as follows:

"Realizing that it is only by unity we can gain the greatest amount of benefit for our returned men and the widows and orphans the United Veterans' League and the Grand Army of Canada are amalgamating on an equitable basis. We trust delegates at the Great War Veterans' Association convention now assembled will realize the necessity and advisability of joining with us in this amalgamation on a basis as equitable to them as to us—a United Veterans' League."

Before reading it, Chairman Maxwell pointed out that the Dominion executive of the Great War Veterans' Association had already adopted a resolution advocating a round table conference of all soldier bodies in Canada. Communications to this effect had been sent out, but replies had been so indefinite that arrangements for such a conference could not be made before the present convention.

Probe Land Settlement.

An amendment to the report of the land settlement committee, proposed by Dace of Alberta and Drinnan of British Columbia, started a discussion of an hour's duration. The amendment which called for an investigation into the administration of the land settlement act and the reorganization of the central board, was adopted. In proposing the amendment, Mr. Dace declared that contrary to promises made to the soldiers in the trenches, the Government had not actually given them much greater privileges regarding land settlement than have been accorded to the lowest type of foreigners in this country.

The resolution as finally passed requested the Government of the Dominion of Canada and of the Province of Alberta to revise their acts and regulations, with the intention of making procedure cheaper, quicker and easier for veterans and others to acquire rights in swamp areas for the purposes of reclamation.

Grants Insufficient.

The pensions resolution announced that the grants now made to widows and dependent parents of deceased soldiers are insufficient to allow them to live according to accepted standards of the country, that there exists a difference in the scale of disability pensions, determined by the previous rank of the pensioner, which is inconsistent with the spirit of the country, and that it is against the principle of genuine re-establishment to discontinue payments of pensions to major amputation cases during the process of re-establishment training.

It is represented that the Government enact legislaton increasing the pension of a widow without children or a widowed parent with no dependents to $75, without regard to the pensioner's other income, that the pension of widow with child or children be increased to $100, plus the recognition allowance for children; that a joint pension of $125 be paid to parents or step-parents without adequate means of support; that pensions be awarded to all other dependent next of kin equal in scale to that proposed for a widow without dependents; that the scale of pensions for disabled persons be fixed at a monthly rate of $1.00 per one per cent of disability; that a total disability pension be awarded for two years after discharge from tuberculosis sanatoriums to all former members of the forces; that expenses attached to attending medical boards be defrayed; that the ratio of disability be fixed at one year; that steps be taken to eliminate delays in payment of supplementary pensions, and that similar pensions and allowances be granted dependents of those soldiers who died subsequent to discharge for ten years.

Equalize Pensions.

The question of equalization of pensions was brought up in a motion by Lukin Johnston of Vancouver, seconded by Canon Scott of Montreal. There was only one opponent of the principle that a private's pension should be as great as an officer's. It was the unanimous opinion of the delegates that the country was able to equalize pensions, upwards, raising the private soldiers' pension scale to that of the officers'.

Comrade J. H. Rawlinson of Toronto, a blind delegate, deeply impressed the convention by asking if it was right that his eyes were worth only $600, while a brigadier-general's eyes are considered worth $2,700.

It was decided by vote to return the question to the resolution committee to be passed upon separately.

The remainder of the clauses of the pension resolution was unanimously adopted.

Appeal For nIUty.

President Burney, in his valedictory, appealed for greater unity in the organization. He admitted its increasing strength of numbers, but expressed a doubt as to a proportional growth of influence in public opinion. He also declared that unless the membership as a whole was prepared to give its full support to the Dominion command, there was little use in carrying on.

He spoke of the difficulties which had been experienced in opening the eyes of the Government on re-establishment problems. He said that if the Government had started when peace was in sight, and appointed expert committees to thoroughly study the matter of re-establishment, with the money already spent, "we would have an effective scheme of re-establishment now, and everyone would be satisfied and having a happier time today."

The Government, he said, has been busy telling the people how much more money this country has spent than other countries in re-establishment, but he hoped that it is not even now too late for them to realize to the full, the necessity of properly dealing with these problems, and that it would finally do the things in this connection which it is required to have done.

To Much "Resoluting."

"Too much resoluting" was a disease which he found to be prevalent in nearly all commands. He pointed out the futility of a small branch passing resolutions to be presented to the Federal Government, and said that time, energy and public sympathy are lost in making "demands" upon municipal, provincial and federal governments and individuals. "We must wait," he said, "and alter our constitution, so that all our blows can be dealt with their full force through the Dominion command, as the other means of procedure weakens the effectiveness of the whole organization."

Contrary to the belief expressed by some delegates yesterday, Harry Flynn, organizer of a rival organization, has not come to the convention. A meeting it was reported he was to have held last night did not take place.

Cocoa and Chocolate Merger

CANADIAN INTERESTS OF FRY'S AND LOWNEY'S ASSOCIATED.

Arrangements have been made for the association of the business interests, in Canada, of The Walter M. Lowney Company of Canada, Limited, and J. S. Fry & Sons, Limited, of Bristol, England.

The Walter M. Lowney Company of Canada, Limited, has a large plant in operation in Montreal, established many years ago, and has been carrying on business in all parts of the Dominion, its sales of eating chocolate and confectionery having been particularly extensive.

The firm of J. S. Fry & Sons, Bristol, was established in England in the year 1728, and, for generations, its chocolate and cocoa products have been well and extensively known in Canada and the Empire. During the past ten years these have been handled by its own branches throughout Canada. The Bristol firm has recently caused J. S. Fry & Sons, (Canada) Limited, to be incorporated by Dominion Charter, with head office in Montreal, to which it has transferred its Canadian assets. J. S. Fry & Sons (Canada), Limited, will continue to maintain its own branches throughout Canada, and has acquired, and will promptly equip, an extensive modern manufacturing plant in Montreal, for the purpose of manufacturing, within Canada, Fry's well-known brands, which hitherto have been imported from Bristol.

While the identity and good will of each firm will be maintained and extended, it is expected that, through the association, substantial economies will be effected, both in the purchase of raw materials, and in the marketing of finished product. The two lines supplement each other, inasmuch as the Lowney Company is largely engaged in manufacturing and selling eating chocolate and confectionery, and the Fry Company specializes very strongly in cocoa and related products.

The Walter M. Lowney Company of Canada, Limited, Montreal.

J. S. Fry & Sons (Canada) Limited, Montreal.

OFFICE MEN

who are constantly using their eyes in their daily work, will find relief from eyestrain by calling at the Brown Optical Company, 223 Dundas street, and being properly fitted with glasses at a moderate cost.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

For Colds, Pain, Headache, Neuralgia, Toothache, Earache, and for Rheumatism, Lumbago, Sciatica, Neuritis, take Aspirin marked with the name "Bayer" or you are not taking Aspirin at all.

Accept only "Bayer Tablets of Aspirin" in an unbroken "Bayer" package which contains complete directions. Then you are getting real Aspirin—the genuine Aspirin prescribed by physicians for over nineteen years. Now made in Canada.

Handy tin boxes containing 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages.

There is only one Aspirin—"Bayer"—You must say "Bayer"

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

DR. GRENFEL MAKES PLEA FOR FUNDS FOR BUILDING ORPHANAGE

Deserted Children Came To Him For Shelter and Food —Had To Care For Them.

The local Grenfel Mission is busy collecting funds for the orphanage asked for by Dr. Grenfel, and sends in the following letter from the great Labrador missionary, hoping that its appeal will help the fund. The letter is copied from "Among the Deep Sea Fishers." The letter follows:

St. Anthony, Newfoundland.

The orphanage for helpless children, which I am asking those who would like to lend a hand to assist in erecting, is not the outcome of a whim or any emotional idealism.

While trying as a surgeon to help the fishermen of Labrador and Newfoundland, and to bring to them the same old message the Samaritan enjoyed bringing, a little helpless child was presented to us to care for—and later five more—whose father, a fine trapper and fisherman, a Scotchman by birth, had died, on the same day as the mother, of lobar pneumonia. It wasn't a question of wanting to take them. By all the laws of humanity we had to take care of them; so we did.

Deserted Children.

A little later, another deserted child, a veritable derelict, was brought before me, as a magistrate, to provide for. There was no other way—we had to take it.

It became necessary to have somewhere to keep our growing family, for shortly a father, whose right arm had been shot off, died and bequeathed to me his twin children.

Then came a little fellow whom we discovered with literally no clothes, though ten years old, and only half fed.

Built Shack.

With the help of a few friends, we built what would appear to many of our friends a shack of wood from our own forests, and a friend came out at her own expense to take charge of what we called our "Home," others the "Refuge." To be brief, the "Home" had to expand like a telescope as the years went by. The original gift had become 40 children, and the "Home" a thing more or less of rags and patches, was almost impossible to run. It was cold, draughty, dangerously shaky and very expensive in labor.

We have now 42 children in and 10 children out to whom we could not offer room. So our hands were forced. We had, in spite of the war and its expenses and difficulties, to start to raise money for a central-heated, draught-proof home for 50 children at least.

Will Cost $40,000.

We have got the plans, built up by sad, practical experience, into an ideal arrangement. The building will cost $40,000. Of this, over $30,000, raised in two years, is in hand. We shall need new furniture. Most of the old will have to be "scrapped." It has served loyally "usque ad mortem." To install proper basins, taps, beds, bedding, in any one of the dormitories will cost at least $250. This seems a large sum when you look at it from Labrador. But the children must sleep and wash if they are ever to become what we hope all the children whom we know and love may have a chance of becoming.

Boys Splendid.

Some of our boys have done splendidly. Instead of growing up weak, rickety, half-fed, dwarfed, ignorant, and all that that means morally as well, they are now doing splendidly for the world. Several fought in the war. Freddie Blake, the oldest boy of the original family presented to me, fought with the New England troops. Archie Ashe brought in 40 wounded with his stretcher patrol one day. He was mentioned by the general in France the day before he was killed—actually carrying men in. He sleeps in France.

Our girls also are giving good service to others as nurses, cooks, seamstresses, etc. The "Home" is a factory to raise boys and girls of Christian ideals of life and service, and it badly needs hurrying along.

WILFRED GRENFEL.

(Copied from "Among the Deep Sea Fishers.")

WOMAN G. W. V. A.

MRS. W. GARLAND FOSTER of Nelson, British Columbia, the first woman to sit in a dominion convention of the Great War Veterans of Canada. Mrs. Foster served during the war as a nursing sister, was twice decorated for bravery, since her return has taken a keen interest in returned soldier problems, and now is vice-president of Nelson branch of the G. W. V. A., which body she will represent as delegate at the dominion convention in Montreal.

SOCIAL AND PERSONAL

Mrs. David Williams has returned from the South where she was a guest in the home of Colonel Cockshutt, M. P.

Miss Emma E. Pfaff has returned to London much improved in health after spending several weeks at the home of her brother, Mr. J. H. Pfaff of Hensall.

On Thursday evening March 25, Mrs. (Dr.) Babb, will address the Lord Roberts Mothers' Club on "The Use of Lessons Time," an excellent and varied program has been prepared.

Mr. and Mrs. Levi Miller, Rodney, Ontario, announce the engagement of their daughter, Clara E., to Mr. Elgin G. Fassel of New York, the marriage to take place the end of March.

Many are looking forward with pleasurable anticipation to the bridge and euchre, to be held at Wong's Cafe next Thursday afternoon by the Overseas Chapter, I. O. D. E. The proceeds will be in aid of the Sick Children's Hospital.

The Lovers of Zion of this city recently celebrated their seventh anniversary, and a very enjoyable evening was spent. Many congratulations and good wishes were expressed by the various speakers.

On this happy occasion the members took the opportunity to present Mr. M. Fishbein, one of the organizers of the society, and the secretary ever since organization, with a beautiful silver-headed cane suitably engraved. Mr. Fishbein was taken completely by surprise, but thanked the members for their kind remembrance.

WANT CANADIAN TEMPERANCE ACT AMENDED TO SUIT

Prof. Bowman Speaks Before W. C. T. U. Meeting At Local Rooms.

The present temperance outlook in Ontario was the subject of a most interesting address at the W. C. T. U. rooms yesterday afternoon by Professor James Bowman, president of the Middlesex Temperance Association. The speaker declared that what the temperance people were asking from the Dominion Government was an amendment to the Canada temperance act, so that it could be made so clear that a bone dry province would be the result in Ontario. The temperance association has obtained legal advice on the matter, and finds the present act too loose to be passed as it stands.

The speaker also stated that the temperance association was asking for a clearer definition of the powers of the Ontario Government, the feeling being that those powers with regard to the matter of banning liquor from the province were stronger than most people realized.

This meeting was but the first of a series of prayer meetings to be held during the week.

RYERSON PUPILS TO BUY MOVING PICTURE MACHINE FOR SCHOOL

Mothers' Club Will Help With Splendid Work.

An interesting matter which came up at the regular meeting of the Ryerson Mothers' Club, held at the school last night, was the decision on the part of the club to help in the purchase of a motion picture machine for the school. For some time past the children of the school have been collecting papers to raise money for this purpose and the Mothers' Club has decided to help them. They hope to be able to have educational movies, including travel pictures, nature study films, manufacturing reels, etc., and will eventually join a circuit which will give them a change of films every two months. The matter of raising funds to help the Sick Children's Hospital also came up at this meeting.

Assistant School Inspector Greer was the speaker of the evening, taking for his subject "Home and School Discipline." In addition there was an excellent vocal number by Miss Edna Guy, accompanied by Miss Irene Brown.

Talbot Street.

W. E. Kelly, of the Children's Aid, was the speaker at the Talbot Street Mothers' Club, held at the school last night. One of the chief matters which came up at this meeting was that of helping raise funds for the Sick Children's Hospital. An interesting musical program consisted of a violin solo by Miss Marguerite Gibson and a vocal selection by Miss Mary Marshall.

Cynthia Grey's Mail-Box

Made a Comforter.

Cynthia Grey's Mail-Box,—Here's hoping I will find a welcome on my first visit to your cheery corner. I read your page every evening, and find many of the letters interesting and helpful. I copied words of "Star of the East" for Fleur de Lee. Would be pleased to get the little child's apron pattern from Bride of 1910. Will inclose stamped addressed envelope for same, and ye olde stocking foot pattern. Also find small contribution for sick children's fund inclosed. A Reader told of making a down comforter. I made a lovely comforter of pulled wool, and I think some would have wool to use who could not get the down. We washed the wool through several waters, and when dry we pulled it until it was very soft and fluffy. In making it up we placed the wool between cheese cloth the same size as comforter and tacked it here and there to keep in place, then put it inside of covering, and formed three rolls around the outside and tacked the centre. It is as nice as an elderdown one and much cheaper. Someone asked some time ago for a slip or root of the green and white striped ribbon plant. I would mail same to them if they would write me their address. I will leave my name and address with Miss Grey. Would send root in the spring.

I am fond of reading, but do not get much time for it. Grace Richmond's books are good, to my notion. Here's a little hint in closing. Use coal oil to take off soil on bathtubs. I would be pleased to have simple pretty crochet edging patterns about an inch wide.

HONOLULA.

Ans.—You are very helpful, Honolula. I have mailed you S. F. P. Thanks for your "mite" for fund.

She's a Bookworm.

Dear Cynthia Grey,—This is my first letter to the Mail-Box, but I read the letters every day, and certainly enjoy some of them. Who says books? I'm a regular bookworm. I read every story I can get hold of. I enjoy "Love of the Wilds" thoroughly. I wonder if Another Farmer's Daughter would like corresponding with me, my age being 15 years? I think it must be interesting to correspond with someone you don't know. Will leave my address with Miss Grey. Will sign myself

BOOKWORM.

P.S.—I would like anyone of my age to correspond with me.

Ans.—I suppose you'd much rather read than wash dishes, eh? So would I! Call again.

Is She a Pest?

Dear Miss Grey,—I just saw where Ima Pest wished to get the song, "I'm Forever Blowing Bubbles," so I am sending it on to be forwarded to her.

I really do wonder if she thinks she is a pest? I noticed she didn't stay very long at the Mail-Box this time.

I am also inclosing "The Rose of No Man's Land." I remain as before,

BUBBLES.

Ans.—Song forwarded to Ima Pest. Thanks.

Enjoys the Page.

Dear Miss Grey,—This is my first letter to your Page. We have taken The Advertiser for nearly two years, I certainly enjoy your Page. I would like the stocking-foot pattern if it is not too much trouble. I am sending the two songs, "Blowing Bubbles" and "Mickey" for some reader who asked for them. In return I would like the old song, "On Bloody Waterloo." I would like to get it very much. I would like to write to Jinx. I am her own age, 12 years. If you send me her address I will write first. How do you like my writing? I am in the Junior Second class at school.

Here is a hint: When plants are frozen sprinkle water on them and place them in a dark place, with newspapers covering them. Leave them for some time, and soon the plant will be just the same.

I surely enjoy Ura Kidd's letters, but she doesn't write often enough. You need not return the songs. I have the songs, "Annie Laurie," "Kittie Wells," and "Somebody's Waiting for Me," if any persons would like them. Well, I will better be moving on or I will get a hint to go. I hope I am not stealing anyone's names. If so, excuse me.

JUST A LITTLE ROSEBUD.

Ans.—When writing try the free-arm movement. Pattern mailed. No, I don't believe you've stolen anyone's name, so you can bloom again to your heart's content.

Her Hubby Is Interested.

Dear Miss Grey,—I am sending under separate cover "The Face on the Barroom Floor." I just forget who wanted it. However, I hope I am the first with my contribution. I just noticed where Mrs. Home-at-Times has a cure for asthma. I would like to get it, as my auntie has had it for years. Will you please let me have the recips for home-made varnish? I saw it in your valuable column, but the paper was mislaid. I cut out what I want just as soon as the paper comes. It did not come for two days, and we sure missed it. My hubby is very interested in your page. He always turns to it first. It is the best part of the paper. Please find inclosed 25 cents for the S. C. H.. Will you kindly send me the S. F. P.? It must be a wonder. I guess it has kept a good many toes warm this cold winter.

Someone was asking for a snuff. Here is one that is good: Take pure castile soap, shave a little off the bar, spread on a tin and put in the oven. Take out when real brown and crush to a powder with a rolling-pin. Put into a covered box and snuff. It sure makes you sneeze. I think it would cure any kind of a cold or break up influenza.

If Temperance would use the stocking-foot boards for woolen stockings they will not shrink. Here is a hint: A cloth dampened in paraffin is excellent for cleaning linoleum or painted floors. The cloth should be kept covered in a tin box for 24 hours before using. I use one of these cloths for cleaning the top of the kitchen range.

AMETHYST.

Ans.—I cannot locate the recipe for home-made varnish. Perhaps someone will send it in. If you watch the paper you will find Lou's typhoid cure. It will appear shortly in print. I am mailing you the stocking-foot pattern, and thank you for your donation to the fund.

She Looks Like "Sunshine."

Dear Miss Grey,—I am a constant reader of your Page, but never could get up enough courage to write to you before, so I now venture to try it. I am going to college, and do not always get the paper, but enjoy reading what I do get. Where are Mrs. Homebird, Aunt Nannie and Ura Kidd?

1. I have fair hair, blue eyes, and a clear complexion. What colors could I wear?

2. Could you or any of the readers supply me with the recitations, "Kaiser's Dream," "The Rose of the Barroom Floor," and "Betty and the Bear"?

3. What do you think of my writing? I will close, hoping I may come again.

P. B. C.

Ans.—1. Pinks and blues are particularly becoming, and pale shades of green.

2. Have all your requirements in stock, I think, so will forward them if you send me your name and address.

3. Quite plain—a little too large. You are perfectly welcome; come again.

Does Her Bit.

Dear Miss Grey,—This is my first letter to your Mail-Box. Enjoy it very much. Here is my bit for the C. H. F. I am corresponding with Cayuga. Will you please address this letter to him. I will sign myself.

IMA COUNTRY LASS.

Ans.—Letter forwarded. Thank you.

Enjoys Mail-Box.

Dear Miss Grey,—This is my first letter this year, but I have been enjoying the Mail-Box very much. I see in Saturday's paper where some gentleman had nerve enough to step into the Box, and that wasn't all—he "swiped" my pen name. I wonder which one of us is the slimmest? I am inclosing ten cents for the children's hospital, and if that mitt pattern is not worn out I would like one, please. What will clean brass on a bed that has become dull? I would also like to get a pattern for crochet insertion. I will stop before I take up too much space. SLIM NO. 1.

Ans.—Question re brass referred to readers.

Will send you any patterns re crochet if I receive them.

To save a dispute between the two "Slims" I think we will have to call you Slim No. 1.

Has Made a Tam.

Dear Miss Grey,—Seeing my last letter in print, I thought I would write again. I am returning directions for crochet tam and scarf which you sent me. I had real good luck with the tam. It's just lovely. Thanks very much for them.

I saw in the paper a while ago where Mere Man would tell character by handwriting if you sent your name, address, age and other things. I cannot remember all of them. If you have them on file will you please print them?

In my other letter I wrote a note to phone and received no answer; at any rate, our mail man had a runaway and spilled all the mail one day, which may have been the cause of it. Please forward note to Maude. Will some girls and boys about 15 write to me? I want them to write first. My address is with Miss Grey. Ever with thanks,

IRISH COLEEN.

Ans.—For character reading, send name, address and date of birth.

A Caller From the West.

Dear Miss Grey—I noticed where a High School Girl and a Bluebird would like a correspondent of 15 years, so as my correspondents have dwindled down I have taken the opportunity to write to them. I am inclosing letters for them if you would please forward them on.

Am also inclosing the song, "Dublin Boy," asked for in your columns.

My favorite authors are L. M. Montgomery and Eleanor Porter, also the Alger series.

Well, I must not take any more of your valuable space. I remain,

DREAMY MOON.

Ans.—Letters are forwarded. Thanks for your help.

Best Wishes to Mail-Box.

Dear Miss Grey,—I have been thinking of writing to your Mail-Box for some time. The letters are very interesting just lately, and I have enjoyed them, particularly those containing recipes. Some of these are real good; I can say from experience. I am asking you to send the stocking-foot pattern, please, and if you have any nice patterns in crochet for yokes or edgings will you please send me them, and I'll try and return the favor some day soon.

The winter has been so long and we've been rather shut in on account of blocked roads, and the flu epidemic. However, we have been quite fortunate in escaping ourselves. Our school has been closed for three weeks, also the churches and all public meetings.

Will close now, with best wishes to all Mail-Box readers, and also to Cynthia Grey. I remain, HOPEFUL.

P. S.—Please find stamps inclosed for children's hospital fund.—H.

Ans.—Patterns mailed you. Thanks for donation, and good wishes.

Who'll See Her Home.

Dear Miss Grey,—I am a newcomer, and so as not to wear out my welcome I will cut short. Just for a little hint to Farmer John's Wife regards repotting fern. I re-potted mine in fall just before frost, and keep it quite damp in not too sunny a place, and it has a few lovely green shoots already. I had cut the old plant down altogether, and I give it a drop of castor oil once in a while. It helps it along. Now for a little help. Could any Boxite supply me with words of My Old Kentucky Home? Also agree with Rosa Lea in her talk about books. I think The Limberlost and Freckles series are just fine. I am also fond of crochet and knitting, and would exchange patterns with anyone who wishes for edgings and yoke designs in crochet, as I have an assortment of them. I will send a self-addressed envelope for song or correspondence, and I must exit, as I did not intend to stay so late, and will sign my pen-name

FLOWERS AND FOLIAGE.

Ans.—Song and crochet referred to readers.

From Tick-Tack.

Dear Miss Grey,—Will you kindly send stocking-foot pattern, for which I inclose 25 cents; also "There Will Be No Creeds in Heaven." Thanking you in advance. Sincerely, TICK-TACK.

Ans.—Thank you for your generous donation to S. C. H. fund. I will send on your request when it is sent in. Call again.

Notice, Rebecca.

Please, Rebecca of Sunnybrook, send in your name and address. I have a letter for you.

Thinks We Should All Help.

Dear Miss Grey,—Received the song of Old Erin O. K., and many thanks for same. I am sending the words of "Baggage Coach Ahead" and "My Name Is J. R. Burchell," asked for by Star of the East, also the words of "Father, Dear Father, Come Home With Me Now" for Rebecca of Sunnybrook." Inclosed you will find 25 cents for the children's hospital fund, as I think it is right that we should help the little sick children all we can.

Wishing Miss Grey and all the readers of the Mail-Box every happiness, I remain, MARRIED TRIX.

Ans.—Yes, I think we should all help the fund along, for it means that many little sufferers will find ease and relief. Somehow it is very hard to associate childhood with pain, life is so rosy and happy and brimming with laughter and sunshine. We'll put our dimes together and fight Ol' Man Pain, and try to banish him. Now, then, everybody help.

Wants Comic Songs.

Dear Miss Grey,—Saw in today's paper where there were a lot of pieces wanted. My sister and I got busy and copied some out. Hope they are all right. I would like some comic ones in exchange, please.

RALEIGH MILKMAID.

Ans.—Thank you. I'm just tip-top. Will send you comic songs when I get them.

A Call from Cooky.

Dear Miss Grey.—Inclosed find 10c for the stocking foot pattern. I have been reading your corner of The Advertiser and find it is interesting and helpful. I will sign myself COOK.

Ans.—It's best to keep on the good side of the cook, so I've hustled the S.-F. pattern off to you.

WHAT'S IN A NAME

(Copyright, 1920, by the Wheeler Syndicate, Inc.)

LOIS.

Lois is really a masculine name. It means "famous war" and comes from the Teutonic nomenclature through the Karling romances. Lois or Loiz, as it is sometimes spelled, is really Louis.

The French king whom the French knew as Louis de Debonnaire was originally caled Lludulcus. The provenca promptly softened the name to Aloys, but so popular did Louis become that no member of the French royal family was christened without it. Finally the soft Aloys gained favor throughout France and the "a" was dropped, producing the musical Loys. The Bretons were already using the name of Loiz, so the "Y" in Loys disappeared and Lois appeared and remained permanent.

Loys was the only form that of the innumerable versions of Louis that became applied as a feminine name. Spain's Luis has never wavered from its masculine interpretation, nor has the Luiz of Portugal. France formed an Heloise from Lois and Louise might possible be called an equivalent for Lois if it were not for that strain of Provencal.

Lois has been given in baptism generally as a name of sentiment. It is a trifle difficult to pronounce, but is undoubtedly beautiful and extraordinarily popular in this country.

The talismanic gem assigned to Lois is the onyx. It should be worn with care as it is inclined to cool affection, provoke discord and separate lovers, but worn by Lois it prevents these very misfortunes. Monday is her lucky day and 4 her lucky number.

ROBIN'S DILEMMA.

Robin wasn't really a naughty dog. He did not mean to run away at all, but it was such a nice spring day and the sidewalks were so nice and dry he could not help going off on a little trip of adventure. The farther he walked the farther he wanted to go, until at last he was many blocks from home.

"My, what a pretty doggy!" cried a little girl. She was a nice little girl, and her little brother who played close by was a nice little boy. Robin knew at once, and because they smiled so pleasantly at him he trotted right over to them.

Mary and Willie, for those were the names of the children, had never had such a happy afternoon as that one. Up and down the street, across the road, through the mud, into the back gate, and out by the front gate, they romped with the little dog. At last all three, Willie, Mary and Robin, sank down on the veranda exhausted. It was supper time and soon a voice cried from the house, "Willie! Mary!" It was their mother.

When Willie and Mary ran to the back door Robin was right at their heels, and he followed them into the house. How nice he was, thought the children's mother, and when they pleaded that the little dog might stay, she consented gladly.

So it was that poor Robin found himself in a bad fix. Here he was with a perfectly good home and a dear mistress and a kind master of his own, and now these sweet little children and their very nice mother wanted to adopt him. A dog can't have two homes, Robin knew. But how could he leave the children without making them feel sad? He would stay until morning anyway and then see what happened.

In the morning paper the children's mother found a surprise. "Why, here is a little dog lost, and he is just like our new dog. It must be he. We must take him back to his owners. They are sad without him, no doubt."

How the children did cry then. "He came to us and we have a right to keep him," sobbed Mary. "Nobody dare take him away from us," wailed Willie.

"But he belongs to someone else, and it would be stealing to keep him," reasoned their mother. But Willie and Mary could not be reconciled.

How Robin wished he had stayed at home. If he had not run away he would not have brought unhappiness to little Mary and Willie. If he stayed there his master and mistress would be made unhappy. What was he to do? He knew his duty was to go home. But how about the children? Then Robin thought of an idea.

Willie and Mary were very sad, for Robin had been taken to his real home the night before. All at once there was a pitter-patter of feet close by, and when the children looked up who should they spy but a kindly-eyed little dog, wagging his tail and trying to make friends.

"It's a new dog," cried Willie and Mary together, and they hurried into the house with him to show their mother.

"Someone will claim him," said their mother, but somehow this little dog didn't look like one who would be claimed. And he never was, for he was Rags, the stray dog who lived in Robin's neighborhood and had no one to take care of him. How happy he became in his new home, and how happy Robin was that he had told this poor little dog of a nice place to go—for you have guessed that it was Robin who had sent Rags to be a playmate for Willie and Mary.

A Unique Style.

3070—This is a fine model for slender figures. Skirt and tunic portions are joined to blouse waist portions. The vest may be of contrasting material. Serge, duvetyn, taffeta, satin or velvet is good for this style. Braid or machine stitching will be a suitable finish. The width of the dress at lower edge is 1¾ yards.

The pattern is cut in seven sizes: 34, 36, 38, 40, 42, 44 and 46 inches bust measure. Size 38 requires 6 yards of 44-inch material.

A pattern of this illustration mailed to any address on receipt of 15 cents in silver, or 1 cent and 2 cent stamps.

Name .....

Town .....

Province .....

Age (if child's or misses' pattern).....

Measurement: Bust..... Waist.....

Caution: Be careful to inclose the above illustration, and send size of pattern wanted. When the pattern is bust measure, you need only mark 38, 34, or whatever it may be. When in waist measure, 22, 24, 26, or whatever it may be. If a skirt give waist and length measure. When misses' or child's pattern, write only the figure representing the age. It is not necessary to write "inches" or "years." Patterns cannot reach you in less than one week.

HOME ECONOMICS

MRS. ELIZABETH KENT, MacDONALD COLLEGE.

DIVISION OF LABOR IN THE HOME.

Upon analysis the housekeeper knows that provision for three basic necessities must be made if a house is to be lived in and a family cared for,—three meals a day, cleanliness, order in house and persons. Her problem is to arrange these three, and get as much help as she properly can from the members of her family.

Most of the cooking a housewife must do herself, if she has no servant, but if there is a daughter old enough she should have certain definite tasks, fitted into her school routine; to set the porridge for breakfast the night before; to help with the baking on Saturday morning; to prepare the vegetables for Sunday dinner; to take entire responsibility for Sunday night supper. With the cleanliness of the house, son and daughter are concerned in ways that train them as they have a right to be trained. Each member of the family should air his own bedroom, open his own bed, leave the bath-tub clean after his use of it, brush and hang up his own clothes, clean his own boots, wash his own brushes and comb, and generally care for his own tools and possessions, including his bureau drawers and putting his own soiled clothes into his own laundry bag.

General order in the house requires the division of tasks into two classes those the boys should do, and those the girls should do. The men of the family naturally look after the fires, cut the wood, carry the coal, shovel the snow, cut the grass, rake the leaves and do any heavy work inside or out. Girls should make the beds, dust, help to wash dishes and polish silver. Both should do errands, which are good training and real help. A cheerful reliable messenger is by way of being a good citizen already. It is often wise to pay allowances on the basis of this general help in running the house.

Daughters should sew on their own buttons and darn their own stockings as soon as they are able. They can soon learn to do odds and ends of finishing in the sewing-room, and they love, if given the chance, to help plan and cut out their own clothes. It seems fair to pay them for any share of the family mending they will do regularly.

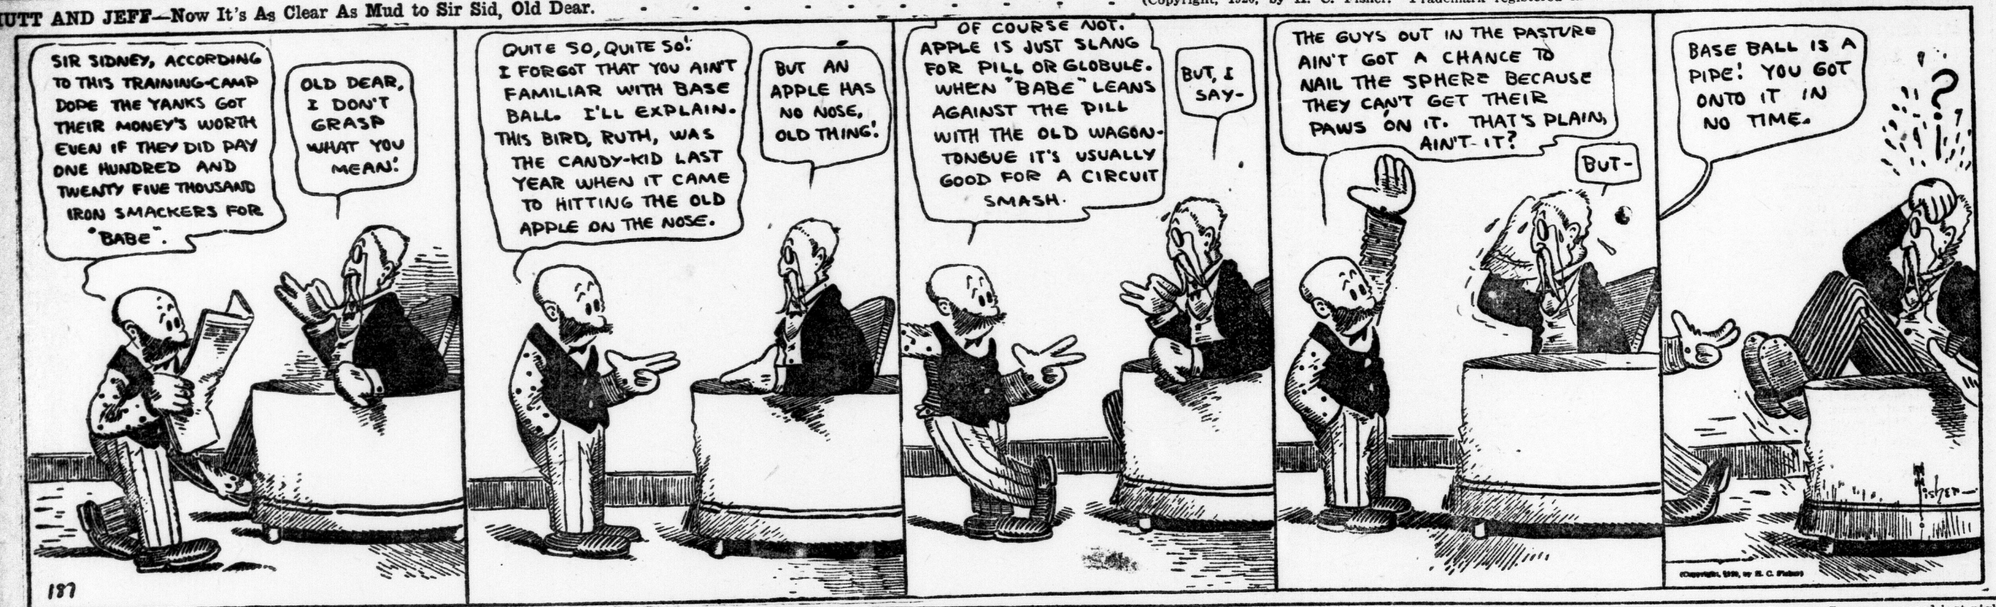

Children's help may be hindrance for a time, but it is worth while to live through that time to the days when their help is real help, a pride to themselves and the mother, an equipment for right living all their lives.

FOUR TITLES AT STAKE ON CARD AT WINDSOR

Pelkey's Arena Tomorrow Will See Titles Hung Up in Ten-Round Goes.

WINDSOR, March 23.—Four championships will be at stake in the card to be presented at the armories here Thursday night of this week, when Ernie Barrieau, welterweight champion of Canada, will meet Walter Gunn, welterweight champion of Michigan, and Jimmy Brady, lightweight champion of Michigan, will step into the ring with "Stormy" Martengel, lightweight champion of the British navy. Provided knockouts are secured before the ten-round limit in either go, the title held by the loser will be awarded the winner. Pete Scott, former well-known Hamilton welterweight, who recently laid claim to the Canadian title to prove his claim in three bouts here, apparently has convinced Detroit sporting editors of his claims. Witness the Detroit News tonight, which has the following: "Pete Scott, who holds the welterweight championship of Canada, meets Tornado Mike Paulson of Minneapolis at the Avenue Theatre Tuesday evening. They are to go ten rounds. Scott fought a draw with Elmer Hogan, Michigan champion, at the Avenue recently.

Carpentier Lands For Tour of U.S.

Mysterious Conferences Mark Landing—Carpentier Tied Up With Conflicting Contracts—No Dempsey Fight in Near Future.

NEW YORK, March 23.—The arrival here today of Georges Carpentier, European heavyweight champion, caused the proposed match with Jack Dempsey to flame afresh, but after several hours of mysterious conferences with various promoters there was little evidence to indicate that the French pugilist would meet the title-holder in the near future.

The abandon with which Carpentier and his manager, Descamps, signed contracts, here and abroad, stunned promoters, and left them in doubt as to the possibility of bringing Carpentier and Dempsey together within the next twelve months.

Contracts Galore.

A close analysis of the situation disclosed the fact that the Frenchman was under contract with three different promoters, which bound him to perform certain services which are closely related and which apparently prevent him from actually boxing Dempsey for some months, providing he is so inclined. The English promoter, Cochran, has first option on Carpentier's ring services providing he can secure Dempsey's signature for a match, the option extending to December 21, according to one report, and to July 1921, according to another statement.

In addition, Jack Curley, the wrestling promoter, has Carpentier booked for a ten-weeks' vaudeville tour beginning May 3, with another five weeks' extension if he desires to exercise it. Curley stated that he expected to tour the country with the French pugilist, the latter giving sparring exhibitions with his own sparring partners.

A third contract is with a moving picture concern, which has booked Carpentier for two seven-reel films, in which he will take the part of a college youth, combined with a boxing role. The possibility of a match with a French or English heavyweight in France in August was also mentioned, and local fight followers are puzzled as to when Carpentier will find time to box Dempsey.

Manager Descamps stated flatly that Carpentier has no intention of engaging to box Dempsey until the latter's "military affairs" had been cleared up. A somewhat similar statement was credited to Jack Kearns, manager of Dempsey, according to one of the interested parties, who said he was in receipt of a letter from Kearns to the effect that Dempsey would not consider a match of any description until his name had been cleared of the draft evasion charge.

Rickard There.

Tex Rickard, who was closeted with Carpentier and his manger for several hours, was non-committal after the conference, and refused to give any idea of his plans in regard to staging a bout between the French boxer and Dempsey. His only comment was to the effect that it did not appear that such a match could be arranged for the summer or fall.

Carpentier was greeted in impressive fashion, and will be the guest at several semi-public functions during the next few days. Chief among these will be a dinner tendered to the pugilist's party on Thursday night by the officers of the International Sporting Club, at which a number of prominent personages will formally welcome Carpentier to America.

HALIFAX GETS AMATEUR BOXING CHAMPIONSHIP

HALIFAX, N.S., March 23.—The Maritime Province branch of the A. A. A. of Canada have awarded the amateur boxing championships to the Mayflower Club, Halifax. They will likely be held April 27 and 28.

Some of the winners may go to Ottawa for the Olympic trials to select representatives from Canada.

No More Is Heard of Wilde's Appearance in Windsor

Contract Not In Sight, Though Old Reports Stated Terms Had Been Closed.

WINDSOR, March 23.—Nothing further has been heard of the coming appearance of Jimmy Wilde for a boxing exhibition before local sport fans. A report was given out several days ago purporting to have come from the Army and Navy Veterans, who were said to be sponsoring the event to be held in the armories here. But local fans are becoming dubious, as no contract was produced at the time the deal for Wilde's appearance was supposed to have been closed by Windsor promoters at Toledo.

Mrs. Frank Spry Qualifies in Pinehurst Golf Tourney

In the qualifying round for the national golf tourney at Pinehurst, Mrs. Frank Spry of the London Hunt Club, according to late reports last night, made the eighth eight in 128, an exceptionally good score. Mrs. J. D. Hathaway of Montreal made the third eight in 108 in the same round.

CARPENTIER SURE TO INCLUDE CANADA IN TOUR

NEW YORK, March 25.—The Evening Sun this evening states that Georges Carpentier's theatrical tour will include the larger cities of Canada.

Joe Kelly Holds Double Header Batting Record

Nine Times At Bat, Former Leaf Manager Had Five For Extra Bases, Four Doubles and One Triple.

(By Ernest J. Lanigan.)

Joe Kelley, chief of the New York Yankee scouts and former manager of the Cincinnati Reds, set up a batting record in the double-header of September, 1894, with Cleveland, that major league players of 1920 will have to travel at a fearful rate of speed to equal or excel. Kelley that day, in nine times at bat, made nine hits, five being for extra bases. Four were doubles, all gathered in one game off Denton J. Young (Cy the First), and one was a triple, made off Mike Sullivan.

The second game lasted only six innings, else Joseph J. might have set up a high mark for modern batsmen to aim at.

The games in which Kelley struck nine safe blows in as many trips to the plate, were slugfests, Baltimore winning both. The scores were 13 to 2 and 16 to 3, the Orioles making 19 hits in the nine-round fray, and 22 in the six-session set-to. In the last part of the twin bill the Marylanders obtained a dozen two-base hits off Cy Young, every player except Henry Keitz helping himself to a double. Kelley made four, a single besides, and he crossed the plate four times.

In the first contest Kelley batted four times, singling thrice and tripling once, and scoring three runs.

All Singles.

Ed. Delahanty of the Phillies, three years later, on July 13, in a double-header with Louisville, also made nine hits in nine times at bat, but only one of his wallops was for additional distance. Like Kelley he made four hits in the first game and five in the second. The pitchers he faced were Chick Fraser, Magee and Evans. It was off the last-named he obtained his three-bagger.

National Leaguers who made eight hits in double headers when the senior organization had a 12-club circuit were Joe Quinn, Rozer Connor, Walter Brodie and Dusty Miller No. 1.

Napoleon Lajoie pulled the eight-hit-in-one-day stunt at the close of the 1910 season in St. Louis, umpire, third baseman and official scorer being hailed before B. B. Johnson to tell how this happened. The review of the proceedings showed that about half the safeties were gifts.

And Cobb.

About the best record for hitting in a series of double bills is the property of Tyrus Raymond Cobb. The well-known Peach, in three successive double-headers in Philadelphia in 1912, cracked out eighteen hits—seven the first day, seven the next and four the last. Eight of them were for additional distance. His record:

First Double-Header—July 17, 1912.

First game, Barry and Plank pitching—One single and three doubles in six at bats.

Second game, Bender and Plank pitching—Two singles and one triple in five at bats.

Second Double-Header—July 19, 1912.

First game, Brown and Pennock pitching—Three singles and two home runs in five at bats.

Second game, Houck pitching—One single and one triple in three at bats.

Third Double-Header—July 20, 1912.

First game, Plank pitching—One single and one triple in four at bats.

Second game; Pennock pitching—Two singles in five at bats.

Cobb hit .643 in this series.

TABLOIDS

BY E. J. LANIGAN.

RALPH HENRY MILLER, pitcher, New York Yankees.
Born—Vinton, Iowa, January 24, 1896.
Bats—Right handed.
Throws—Left handed.
Weight—195 pounds.
Height—6 feet, 1 inch.
Club in 1919—Regina, Canada, Western Canada League, this being the first team he played with.
1919 Record—Victories, 2; defeats, 6.
Note—Ralph Henry Miller is a brother of Bing Miller, outfielder, whose specialty is leading minor leagues in hitting, and who has been the property of the Tigers, off and on, for the last few years.

GILHOOLY SIGNS WITH BUFFALO.

Buffalo, N. Y., March 24.—Outfielder Frank Gilhooley, last year with the Boston Red Sox, has signed with the Buffalo International League team, Owner J. J. Lannin announced today.

L. C. C. Crew Swamp Selkirks 10 to 1

Western Kids, Outweighed and Outplayed in First Game For Junior Title At Toronto.

TORONTO, March 23.—Outweighed and outplayed by the Toronto Canoe Club, Selkirks of Winnipeg were defeated in their first O. H. A. Memorial Cup game here tonight by a score of 10 to 1. The little fellows from the Manitoba town lived up to their reputation as fast skaters and clever stick-handlers, but they lacked the age, weight and experience necessary to cope successfully against probably the best team that have ever operated in the Ontario association junior series. The second game will be played here Thursday night, but it is practically conceded that Selkirks are out of the junior championship race.

The cleverness of the westerners and their handicap in weight of 30 pounds per man made them prime favorites with the crowd, and they drew far more applause than did their conquerors. It is only fair to the Paddlers, however, to say that they played their usual clean game, and did not take advantage of their weight.

The line-up:

T. C. C.		Selkirk.
Moore	Goal	Davies
Conacher	Defence	Sheppard
Applegath	Defence	Dalman
Burch	Centre	Thornsteinson
MacMurray	Wing	Brandow
White	Wing	Heap
Mollenhauer	Sub	Beresford
Heuston	Sub	Warwick

Referees—W. Box, Toronto; B. Gordon, Selkirk.

MANAGER JACK BEATTY HAS HIS TEAM COMPLETED

KITCHENER, March 23.—Kitchener M.-O. baseball team has been completed, according to an anouncement made by Jack Beatty here today. Frank Eckstein of last year's outfield, has been signed up. Three new players have been added to the list. They are Bornhooft of Brooklyn, who comes from Class C. organization; John Hawke, a Columbia University twirler, and Wood.

In addition three of last year's pitching staff have been signed. They are Sharp, Johnston and Rose. The remainder are Kyle, Eckstein, Methner, outfield. The infield comprise Beatty, first base; McLaughlin, second base; Morgan and Moran shortstops; Brace, third base, and Catchers Einhold and Mahoney.

IN THE SOUTHLAND

JACKSONVILLE, Fla., March 23.—

Score:	R.	H.	E.
Brooklyn (N.L.)	1	5	1
New York (A.L.)	0	4	2

Batteries—Mitchell, Mamaux, Mohart Elliott; Miller, Kane, Shawkey, Collins and Hannah.

Batteries—Eckert, Bigbee and Styles; Doak and Clemons, Dilhoefer.

With the Trotters and Pacers

Robert Trench of Teeswater, Ont., will have five in training by Grattan Royal, 2:06¼, the sire of his fast pacer, Roy Grattan, 2:03¼; Louie Grattan, 2:03¼, and others. He recently paid $1,000 for Pearl Grattan and has Roy Grattan, Lee Grattan, Lady M. Grattan and Baby Grattan to complete his quintet of Grattan Royals.

Nervolo Belle, greatest of living brood mares, is now sixteen and again with foal to Peter the Great.

It is reported that Charlie Patchen, 2:24¼, has wintered fine, and will be staked this season. Owner Thornton says he will be a bearcat to beat.

Eddie McGrath has about thirty head of trotters and pacers at the half-mile track at Allentown, Pa., with the majority of them using the trotting gait.

Cruickston Park Farm, Galt, Ont., has named Grace Todd, by Todd and Princess Todd, 2:09¼, in the Horseman Stake for 1920 foals. Both are in foal to Chilcoot, 2:04¼.

Last week the Canadian trainer and driver, Nat Ray, accompanied by his patron, Hugh McNichol, of East Liverpool, O., made a visit to their warm friend, John Toy, of Philadelphia, and after looking over a few prospects, favored Eleanor Axworthy, 2:21½, the handsome and showy five-year-old daughter of Dillon Axworthy 3, 2:10¼, and Sara Ann Patch, 2:06¼, locally ranked as high class material, and purchased her. They also bought from Dan Leary & Sons, West Chester, the rattling good looking colt, Tobay, also by Dillion Axworthy, out of Mrs. Stokes, 2:10½, by Peter the Great, 2:07¼, and from what the youngster can show he has the appearance of a high class colt. Only last fall Mr. McNichol purchased from Toy the John Dewey pacing mare, Juno, 2:11¼, an impressive winner at the recent Mt. Clemens ice meeting, and both her owner and trainer, Ray, are so well pleased with her that a stake tour down the Grand Circuit is being planned for her.

The former Philadelphia-owned pacing mare, Pickles, 2:03¼, now owned in Maryland, is believed to be safe with foal by the double record Peter the Great stallion. Peter Neptune, 2:09¼ (trotting 2:19¼).

CHURCH BUILDING FUND GETS $100 FROM BASKETBALL NIGHT

The basketball festival staged at the Western U. Gym last night to aid the Egerton Street Baptist Church building fund, netted over $100, and gave those who went to see the games, a great evening of sport.

In the first game, the Has Beens beat the Taxis boys by a score of 28 to 3. The second game, played between girls picked from the City League, resulted in a win for the Whites by a score of 13 to 9.

In the first game, the Lone Star outfit had little show against the Has-Beens. Dale, Rev. Roy and Mills were the pick of the winners, with Woods and Walsh, the most effective for the losers.

The lineups were:

Has-Beens—M. Dale, R. Dale, Rev. Roy, N. Mills, F. Bryant and Allen.

Taxis—C. Wood, R. Walsh, Ben Bryant, W. Holland, C. Foulks and H. Clark.

Referee—G. Mel Brock.

The Whites won their game by their accuracy in the vicinity of the basket, otherwise the play was very even. The first half ended with a score of 9 to 5. After that the Whites played defensively, adding a point or two now and again.

The lineups:

Whites—E. Wood, A. Hazelgrove, C. Blackwell, G. Murray, E. Holland and O. Deer.

Blacks—P. Blackwell, I. Wood, K. Stewart, K. Moore, M. Maker and A. Bryant.

Referee—G. Mel. Brock.

WATER ON ICE AT OTTAWA AND 56 ABOVE, SAYS GLASS

OTTAWA, March 23.—Wednesday night's Stanley cup game will be played in Ottawa, as arranged. Today the temperature here is 56 degrees above zero, and the streets are covered with running water, and there is a sheet of water over the ice at the hockey arena.

LOYAL SONS DEFEAT OWLS IN FAST GAME

In a very hard-fought game held at the Western U. gym last night the Loyal Sons' Club defeated the Owls by the score of 28-23. The game was fast from start to finish. At half-time the Owls led by 19 to 16, but in the last half he Loyal Sons' forwards displayed fine combination, which won them their game. For the winners Grierson and Campbell were the stars, while Thompson also played an aggressive game. For the losers O'Hara played a good game. The line-up:

Loyal Sons.		Owls.
Grierson	Forward	B. Beamer
Campbell	Forward	O'Hara
Thompson	Centre	Young
Wall	Guard	Beamer
McCallum	Guard	Callaghan

DOROTHY CAMPBELL HURD WINS GOLD MEDAL

PINEHURST, N. C., March 23.—Mrs. Dorothy Campbell Hurd of Pittsburg, former national English and Canadian champion, won the gold medal in the qualifying round of the Women's North and South Championship tournament at Pinehurst today. She led the record-breaking field of 88 contestants with a remarkably fine record of 39-45-84. Mrs. Hurd's total for the first six holes was one less than par, a championship sixteen and seven-eights qualified for match play.

If you like the "belter," you'll choose this style because it is the smartest member of the "belter" family.

IS GLAD SHE TOOK FRIEND'S ADVICE

Toronto Woman Restored to Health by Taking Tanlac—Delighted to Recommend It.

Although it is more than a year now since Mrs. Elsie Mavor of 11 Mallon avenue, Toronto, Ont., Canada, realized the wonderful powers of Tanlac, she still finds pleasure in praising it, for she says it was the means of restoring her to health when she was in an extremely weak and rundown condition. In the course of conversation with the Tanlac representative at Tamblyn's Drug Store, Mrs. Mavor said:

"When I look back on those two years of suffering and ill health, I realize what a boon Tanlac has been to me. I was in an extremely rundown condition. My appetite was feeble, and although not troubled with indigestion, I had to eat sparingly or my liver would get out of order. I was continually having such frightful headaches that I simply had to give up and lie down. I had severe pains in my back, especially whenever I went to stoop over. I hardly knew how to get through the day and my sleep was so broken that I would rise in the mornings feeling tired and heavy.

"It was a friend of mine who advised me to try Tanlac, and as she herself had tried it with excellent results, I decided to take her advice, and I am very thankful I did. In a very short time I knew the medicine was doing me good for my appetite picked up wonderfully and I felt so much better and stronger. By the time I had got through the second bottle all my aches and pains had disappeared and I have been well ever since. I can sleep fine, eat well and am so much stronger that I can do all my housework with perfect ease. It is over a year now since I stopped taking Tanlac, but I am so delighted with what it did for me that I take pleasure in recommending it."

Tanlac is sold in London by Standard Drugs, Limited, and by an established agency in every town.

It Has the Power

Let Rundle's None-Such Liniment get right at that sore or torturing lame back or at the agonizing aches and pains of rheumatism, lumbago, pleurisy, sciatica or neuritis. Give this powerful remedy a chance to relieve your suffering. It gives freedom from pain and brings rest and ease.

For nearly fifty years Rundle's None-Such Liniment has been a friend in time of need in farm homes, not only in subduing aches and pains, but also in conquering colds, coughs, croup, sore throat and asthma.

You Feel It Heal

Around every bottle of Rundle's None-Such Liniment is a circular that directs you how to use this splendid medicine internally and externally. It tells how to make a full quart of home-made cough syrup by adding sugar, licorice and water to three tablespoonfuls of None-Such Liniment—an honest cough medicine that you can depend upon, absolutely free from opium, chloroform or cocaine.

You can buy a $1.00 bottle of Rundle's None-Such Liniment from your druggist with the ironclad guarantee that if you do not think your dollar is well spent you can return the partially used bottle and get your dollar back.

Rundle's None-Such Liniment

CANADA CANNOT BUILD SHIPS WELL UNDER PROTECTION POLICY

Red Deer Member Picks Holes in Ballantyne's Self-Praise Speech On Shipbuilding—Mackenzie King Learns That $74,000,000 Spent Without Tenders Called.

OTTAWA, March 23.—In the House of Commons this afternoon, the first item under consideration was a vote of $20,000,000 for the construction of vessels in accordance with the Government shipbuilding program. Hon. C. C. Ballantyne, minister of marine, stated that the vote was being asked for to complete the Government merchant marine shipbuilding program. A portion of it, he said, was a revote. If the House gave its consent to the passage of this amount the Government would have no further estimates to bring down for shipbuilding.

Six Types of Vessels.

Six different types of vessels were under construction. They ranged from the largest boat of 10,800 tons to the smallest of 3,800. The average cost per net tonnage was $191.92.

Hon. Mr. Ballantyne detailed the contracts which had been let for the construction of vessels, and said those completed were seven of 8,300 tons, four of 5,000 tons, four of 4,500 tons, eight of 3,000 tons, and one of 1,800 tons dead weight.

Payments made to April, 1919, totalled $19,510,322, and from that date to the 1st of March of this year, $24,639,078. There remained to be paid from the vote $15,505,361.

Canadian merchant ships, Mr. Ballantyne urged, would prove the best possible advertisement for Canada. The word "Canadian" prefixed the name of all the ships, and in every port they flew the house flag of Canada's merchant marine. Shortly they would be flying the seven seas of the world. In the last few weeks had been posted sailings out of Canadian ports on a half dozen routes.

Additional Routes.

Additional routes were under consideration, and would be sailed by Canadian ships if conditions warranted, including a regular sailing to Manchester with the probable call at Irish ports; an extension of the Jamaica route to Venezuela and another to the Barbadoes, a regular sailing to St. Johns, Newfoundland. The Government was looking into the possibility of direct sailings to India, South Africa and the west coast of South America.

Mr. Ballantyne said that he would like to make a public appeal to Canadian manufacturers to show more interest in the export trade of Canada than they have shown in the last year. If Canada is to overcome her financial burden, a larger export trade is necessary, said the minister of marine.

"It is not often that government-owned services show a profit, but I am very happy to say that although we have only had nineteen vessels, and some of them in commission but a short time, our earnings come out on the right side. After providing for new organization, which we had to put in when we took over and opened new routes, and after providing for insurance, we have, up to December 31, 1919, gross earnings of $3,448,350.27, and net earnings of $1,406,006. This will provide an interest of 5½ per cent on the Government's investment."

Replying to Mr. Duff, Lunenburg, the minister said he could not say at the moment, what amount, if any, had been set aside for depreciation, but they had $1,500,000 in Victory bonds and cash in the bank.

Steel Plates Contract.

Mr. Ballantyne referred to the contract for steel plates placed with the Dominion Steel Corporation at Sydney. The contract was for 50,000 tons a year for five years with the option of increasing the amount to 75,000 tons. The price under the contract was $4.15 per hundred pounds. The contract was made during the war, and following the armistice, the company was requested to reduce the price. The company consented and the price was reduced from $4.15 to $3.65, a saving which would total on the contract $2,800,000. Mr. Ballantyne added that he thought it possible that the full 75,000 tons per year would be taken.

"I am not going to say anything else now," Mr. Ballantyne proceeded, "in regard to subsidies for Canadian shipbuilding, except to say that the Government has the question under very consideration. Canadian shipbuilders have set a high standard and were securing foreign orders, but Mr. Ballantyne would not be prepared to say that they would be able to meet competition in a year or two, without assistance.

With National Policy.

Dr. Clark, Red Deer, observed that the decline in shipbuilding in Canada corresponded with the operation of the national policy.

Dr. Clarke said if Canada had the right fiscal policy shipbuilding would take care of itself. Canada would never be a successful shipbuilding country under a policy of protection. Where a public service was a monopoly government operation might be profitable, but operation of steamships would always be competitive, and had better be left alone. We could not succeed in the race with Great Britain—where the shrewd Yankees expected to fall—handicapped by our present fiscal policy and the lack of a race of seamen.

He urged the discontinuance of subsidies of all kinds, and advised the Government to keep the tightest hold on the public purse. If this were done Canada, despite the mistakes of the past and all she had gone through in the last five years, would find herself blessed with national prosperity and national stability.

Compliments Minister.

E. Bristol (Toronto) complimented the minister of marine on his foresight and pluck. "He could sell his ships today for more than cost," said Mr. Bristol, "and he is operating them at a profit."

Mr. Bristol said there was $100,000,000 invested in shipbuilding in Canada, and the industry supported 200,000 workmen. Within five years, with the continuance of legitimate protection, Canada would turn out as good ships as those produced in Great Britain. It was a Liberal government which by bounties placed the steel industry of Nova Scotia on its feet.

It was useless to talk of no bounties. He was opposed to exporting raw materials to make cargoes. As far as possible, Canada should work her raw material into the finished product.

Col. Carnegie thought Canadian workmen would soon be building ships as cheaply as those in England.

Mr. Duff (Lunenburg) thought the Government should now be getting out of the steamship business, the war emergency having passed.

The net profit on operation, $1,500,000, was a very poor showing, and leaner years for shipping would bring a loss.

Private owners and builders of steamships should have their investments protected and should be given assistance in building ships if they needed such.

Claims No Shortage.

Mr. Duff read an advertisement published by the United States shipping administration, offering for sale a number of vessels, to support his contention that there was no shortage of shipping at the present time.

Asked by Dr. Clark where the money would come from to provide bonuses for shipbuilders, Mr. Duff said he did not know.

F. E. Keefer (Port Arthur) followed, making a plea for the development of Canada's trade with the West Indies.

The discussion was continued by Mr. McMaster and Mr. Burnham.

Mr. Joseph Archambault asked whether an opportunity had been given to Canadian shipbuilding firms generally to tender on contracts for all the vessels built.

Mr. Ballantyne replied that when the shipbuilding program had been started the policy of the Government was to keep the yards busy. Public tenders had not been advertised for because it was feared that a single yard might monopolize a large proportion of the business. The Government wished to keep all the steel yards in operation to give the maximum benefit in the line of employment. When the larger vessels were to be built, shipbuilding firms on the east and west coasts and in the St. Lawrence River were asked to submit figures. These vessels could not, of course, be constructed on the lakes. The marine department had its own officers to figure up costs of the vessels, and they acted as a check on the figures of the tendering firms. He thought the system had been a good one and that the public had not suffered.

Majority British.

In answer to Hon. W. S. Fielding, Mr. Ballantyne said he understood the majority of the men composing the crews of Canadian Government vessels were British. Every effort was being made to induce Canadians to qualify as officers and engineers on Canadian ships, and preference was given to Canadians on Canadian ships wherever Canadians were available.

Lucien Cannon (Dorchester), speaking in French, opposed the estimate, at the close of the afternoon session.

At the evening session the discussion on the shipbuilding estimates was continued by A. B. Copp (New Brunswick), G. C. Power (Quebec South), F. C. Cahill (Pontiac), R. H. Butts (Cape Breton), and George Parent (Quebec West).

Mr. Power was told by the minister of marine that the Government board would most likely be a member of the shipping federation at Montreal, which body had control of the port of Montreal, and that the Government-owned ships would probably have to meet competition and would fix its rates accordingly. Hon. Mr. Ballantyne said he did not agree that the shipping was furnished simply as a war expediency, to get Canadian products across the seas. Neither did the British minister of shipping have any control over the Canadian tonnage during the war. It was not a fact that tons of freight lay on the wharves at Montreal owing to control in Britain. Canada had 100 per cent control of its own shipping facilities and space.

No Tenders Called.

Hon. W. L. Mackenzie King—Of the 63 contracts awarded, among fourteen firms, I believe, and involving an expenditure of $74,000,000, of which $50,000,000 has already been spent, is it correct that contracts were let without any tenders being called and by the process of orders-in-council?

Hon. Mr. Ballantyne—Contracts were awarded by orders-in-council after I, as responsible minister of the crown, had seen to it that the prices were fair and right.

He added that the ship-builders, particularly those of the Pacific coast, had complained bitterly that the Government had beat them down in price. They had even appealed to coast members to try and secure better treatment. There were seventeen companies among whom the contracts were let, he said, and he had a competent staff which kept a close check on estimates and prices.

Replying to Mr. Parent, Mr. Ballantyne said there were no further contracts to be let.

The House adjourned at 11:46.

A Stubborn Cough Loosens Right Up

This home-made remedy is a wonder for quick results. Easily and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2½ ounces of Pinex (50 cents worth) into a 16-oz. bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you get 16 ounces—a family supply—of much better cough syrup than you could buy ready-made for five times the money. Keeps perfectly and children love its pleasant taste.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

HELENE'S MARRIED LIFE

BY MAY CHRISTIE

Copyright, 1920, by the McClure Newspaper Syndicate

XXXIV.—An Awkward Interview.

I have never yet been able to fathom Tony's motive in introducing Alice into our wayside-inn tea party.

Never at any time has he offered me an explanation. And naturally I have not asked for one.

But I was furious—simply furious—that I'd allowed myself to be led into such a situation!

What was it he had written? "Dearest Helene—Why not arrange to have a meeting with me, in some quiet, cosy spot, where we can talk, undisturbed? There's such an infernal mob of people around Anstruther Lodge. And mobs bore me."

Bore him, indeed? And here he was, deliberately preparing, doubtless, to be more bored than ever!

For what reason had he planned this three-cornered interview?

As for Alice, truth to tell, she looked a little disconcerted. I'm certain she was totally unaware that I was to prove a second guest.

She flushed awkwardly as I entered the parlor of the inn.

"I—I didn't go up to town, after all," she stammered, "I had trouble with the car. I met Tony, and we came on here for a quiet chat—"

A quiet chat? I could have laughed aloud at the similarity of phrase. Tony's long suit lay in quiet chatting, it appeared!

Well, I must make the best of it! But I wasn't going to spare the adroit Tony.

"I got your note," I said prosaically, fixing him with a steady eye. "And here I am! Now, what is it that you wish to say to me?"

These direct methods Tony didn't like. He gave an awkward laugh.

"Oh, I just wanted the pleasure of your company!"

Alice poured me out a cup of tea. She became enormously preoccupied with the cream jug and the sugar.

It occurred to me vaguely that Tony wished to play us off each against the other, Alice and I. The thought was almost ludicrous!

Alice's unexpected presence did, of course, prevent any chance of the tete-a-tete that I desired with Tony. I couldn't force him into any confession concerning Jim. . . .

And yet I longed to "bait him." He deserved it.

"Mrs. St. Aubyns tells me that she's pretty certain that she knows you," I plunged boldly in. "She caught a glimpse of you, you know. And her news rather startled me!"

Tony paled. As for Alice, she paused in the act of measuring out the sugar, and pricked up inquisitive ears.

"What's this, Tony?" she asked, sharply.

"St. Aubyns, did you say?" Tony tried to infuse an air of casualness into his voice, but lamentably failed. "St. Aubyns—"

"You ought to know the name well!" I said, pointedly, gazing at the young man with raised brows.

His eyes narrowed a trifle.

"I know several people of that name."

"And one family in particular—rather intimately?" I suggested.

Alice looked first at Tony, then at me.

"Why all this mystery, Helene?" she said. Her babyish airs had quite evaporated. There was a vastly curious gaze in her blue eyes.

I shrugged my shoulders, lightly.

"Ask Tony—don't ask me!"

She turned to Tony.

That young man was making great efforts to pull himself together. He looked very far from being at ease.

"One family called St. Aubyns—up in town—were rather interested in me, once upon a time." He spoke lamely, haltingly. "But—well—we rather disagreed. Then, after that, I went abroad. And we lost sight of each other. I—I haven't cared to look them up again."

I smiled a little grimly, knowing Mrs. St. Aubyns' version of the affair! Tony really was quite naïve.

"And is our interesting invalid a scion of this illustrious house?" asked Alice pertly, eyeing Tony. "My dear boy, you saw the young man on the night of the accident! If you knew him, why on earth didn't you tell us who he was?"

"I didn't see him properly," stammered Tony, "I—I didn't recognize him."

Alice is no fool. She became silent, staring pensively out to the old-fashioned garden of the inn.

But it seemed to me that there was a look of real relief upon her face. That she owed Tony money, I already knew. To a certain extent, he'd got her in his power. Perhaps she was calculating that, through this gleam of knowledge, she might gain some hold on Tony that might even up the situation?

She no longer wore the diamond bracelet that—without a doubt—Tony had given to her. Perhaps she'd sold it, to pay off some of her lesser gambling debts! Importunate Mary Higgins, for instance. . . .

But—did Alice know that Tony had forged a check in order to purchase the gift for Alice? In that case, he certainly would be in her power!

I decided that Alice didn't know. Give that spoiled young woman her due, she would be no party to a crime!

Tony's motive in the presentation of the gift was something that I couldn't fathom!

Alice, of course, had social prestige. The entree to her lovely country home was valuable, from the social point of view. Particularly valuable to a gambler, such as Tony! He knew that.

For Tony, beyond the fact that he was a presentable-looking youth with fairly agreeable manners, had no social status. Alice's patronage, then, was useful. Perhaps he'd bought that patronage with the diamond bracelet. . . .

I wondered. . . .

Of course, Alice's acceptance of the gift did compromise her. Tony knew that well. He gauged her greedy love of jewelry.

As though she'd read my thoughts, and desired to break their awkward trend, Alice suddenly said:

"We're just as serious as though this were a Quaker Meeting! Do let's cheer up! Helene, the course of your little affaire-de-coeur with Mr. Travis Lloyd seems to be temporarily interrupted, doesn't it? I've a good mind to call him up, and invite him over to the house tonight. Poor fellow, he must be rather lonely in that great barracks of a place of his! He's such a dear—"

Before she could complete her eulogy, the door swung open, and Mr. Travis Lloyd himself walked in upon us!

Tomorrow—What Helene Saw On the Balcony.

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR

Let "Danderine" save your hair and double its beauty

Oh, girls, such an abundance of thick, heavy, invigorated hair; a perfect mass of wavy, silky hair, gloriously fluffy, bright and so easy to manage.

Just moisten a cloth with a little "Danderine" and carefully draw it through your hair, taking one small strand at a time; this magically removes all dirt, excess oil and grease, but your hair is not left brittle, dry, stringy or faded, but charmingly soft, with glossy, golden gleams and tender lights. The youthful glints, tints and color are again in your hair.

"Danderine" is a tonic-beautifier. Besides doubling the beauty of the hair at once, it checks dandruff and stops falling hair. Get delightful Danderine for a few cents at any drug or toilet counter and use it as a dressing and invigorator as told on bottle.

What causes Indigestion

An excess of acid in the stomach sours the food and starts fermentation. Distressing gases form. Your meals don't digest, but lay like lumps of lead. Then you have heartburn, flatulence, fullness, belching, headache, and real misery in the stomach and intestines.

A few tablets of "Pape's Diapepsin" bring relief almost as soon as they reach the stomach. "Pape's Diapepsin" costs little at drug stores.

GAS IN THE STOMACH IS DANGEROUS

Recommends Daily Use of Magnesia to Overcome Trouble, Caused by Fermenting Food and Acid Indigestion.

Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."

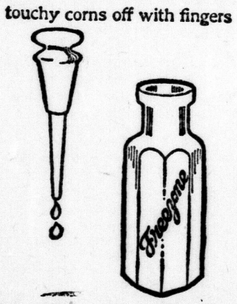

Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastritis accompanied by serious stomach ulcers. Food ferments and sours, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.

It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get from any druggist a few ounces of Bisurated Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive the gas, wind and bloat right out of the body, sweeten the stomach, neutralize the excess acid and prevent its formation, and there is no sourness or pain. Bisurated Magnesia (in powder or tablet form—never liquid or milk)—is harmless to the stomach, inexpensive to take and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.—Advt.

OUCH! CORNS! LIFT CORNS OFF

Doesn't hurt a bit to lift sore, touchy corns off with fingers

Yes! Magic! Drop a little Freezone on a bothersome corn, instantly that corn stops hurting, then you lift it right off. No pain! Try it.

A few cents buys a tiny bottle of Freezone at any drug store. This is sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, also all calluses, and without the slightest soreness or irritation. It doesn't hurt at all! Freezone is the magic ether discovery of the Cincinnati genius.

TO GIVE YOUR CAR A GLITTERING GLOSS

PICTURE your car as you first saw it, with dazzling radiance—that's how it will look when cleaned and polished the O-Cedar way.

First remove mud and grease, by washing with water. Then wet a piece of cheese-cloth—wring out surplus water, pour on as much O-Cedar as the cloth contains water. Thus a soft lather is formed.

Finally, a little rubbing with a dry cloth produces a hard, dry brilliance that will last. What little dust may settle on it, can easily be removed with an O-Cedar Duster.

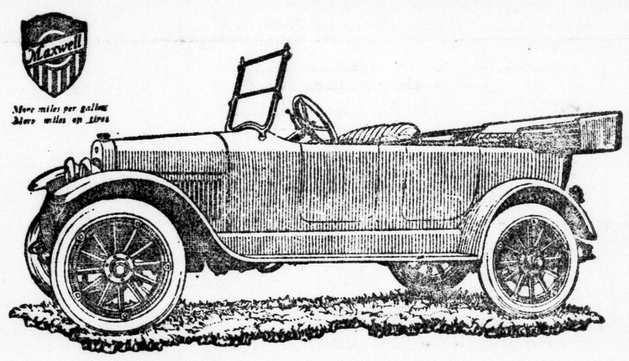

O-Cedar is the Polish that brightens and preserves floors, woodwork and furniture. It is equally dependable as a Polish that will prolong the life of the varnish on your motor car.

O-Cedar Polish in bottles, 25c. and 50c. In cans, $1.25, $2.00 and $3.00. At your Hardware or Grocery shop.

O-Cedar Polish Mop, without handle, $1.50. The handle—54 inches in length—is 25 cents extra.

CHANNELL CHEMICAL COMPANY, LIMITED

O-Cedar Polish

MAXWELL

Has Won Its Following Through Its Quality

THE metals used in the Maxwell chassis compare favorably pound for pound with those in the best cars that the world has produced, according to metallurgists.

There is a real reason for this quality in a Maxwell.

The fundamental purpose of the Maxwell is to carry the same passenger load over the same road and at the same speeds as larger and more expensive cars.

But it must perform this mission *in an extremely economical way.*

Therefore the Maxwell has to be light. But to make it strong as well as light only the very best of materials can be employed.

Hence, the quality metals.

And it is through the quality of its metals that Maxwell has developed its following.

This is a following that began five years ago with a foundation of 5,000 and now reaches a mark of 100,000 new Maxwell enthusiasts in 1920.

300,000 Maxwells now on the highways of two continents are a daily endorsement of the merit of this great car.

Neuralgic Pains

Give Way to Soothing Hamlin's Wizard Oil

Hamlin's Wizard Oil is a safe and effective treatment for headache and neuralgia. Rubbed in where the pain is, it acts as a tonic to the tortured nerves and almost invariably brings quick relief.

Its healing, antiseptic qualities can always be relied upon to prevent infection, or other serious results, from sprains, bruises, cuts, burns, bites and stings. Just as good, too, for sore feet, stiff neck, frost bites, cold sores and canker sores.

Get it from druggists for 30 cents. If not satisfied return the bottle and get your money back.

Ever constipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 30 cents. Guaranteed.

The Cough That "Hangs On"

The hacking cough that makes your throat sore and your head ache is best treated by taking

Chamberlain's Cough Remedy

It is entirely different from other cough medicines, for it not only soothes, but also heals, restoring the affected parts to a healthy condition.

Yours for Health
—Granny Chamberlain

The Drain on Canadian Funds

FEW people fully realize the extent of the steady drain upon Canadian funds, resulting from the Exchange situation.

This matter of National interest is daily assuming a more complex and difficult aspect. Foreign trade returns, considered by themselves, create a false impression by showing that the balance of trade still continues in our favor.

This is only one of the various matters of importance to Canada dealt with in the March MONTHLY COMMERCIAL LETTER published by this Bank.

A copy will gladly be mailed to those desiring it, on application to the Secretary, Toronto, or may be obtained from any branch of the Bank.

OUR TEN-MILLION DOLLAR COOK

offers to you a product of dietetic science — the whole wheat prepared in a digestible form. We have ten million dollars invested in the process of making Shredded Wheat Biscuit — a process that brings to your table a crisp, tasty, whole wheat food — all the body-building material in the whole wheat grain. Why not use our ten-million dollar cook? Two Biscuits with hot milk make a warm, nourishing meal for a few cents.

BECK SAYS GOVT. OF DOMINION TREATED ONTARIO SHAMEFULLY

Sir Adam Criticises Ottawa Regime.

TORONTO, March 23.—Sir Adam Beck, chairman of the Ontario Hydro-Electric Power Commission, was given a banquet here tonight by the Toronto Hydro-Electric Power Commission. Sir Adam said the province had had shameful treatment from the Dominion Government, which had fallen down on its part of the hydro agreement. One more attempt would be made, said Sir Adam, to get the Dominion Government to co-operate with the Ontario Hydro Commission.

STOMACH AND LIVER TROUBLE

Once the liver fails to filter the poisonous bile from the blood, there is a clogging up and poisoning of the whole system which causes many troubles to arise. Therefore, upon the liver, more than any other organ of the body, depends the general health.

Carelessness and neglect, and oftentimes wilful disregard of nature's laws will put the system out of sorts. The bowels become constipated, the liver inactive and the stomach upset. To bring the system back to its normal state, you should take Milburn's Laxa-Liver Pills. They liven up the liver, condition and tone up the stomach.

Mrs. G. L. Cackett, Enchant, Alta., writes: "I have used Milburn's Laxa-Liver Pills and have found them good for both stomach and liver troubles. I have told others about your valuable medicine and they have used them with good results.

"They are also good for headache."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers or mailed direct on receipt of price by the T. Milburn Co., Limited, Toronto, Ont.

PROVINCIAL W. M. S. OF PRESYTERIAN CHURCH INCREASES OFFERINGS

Five Hundred Women At Annual Meeting in Stratford Hear Excellent Reports—Contributions For the Year Totalled $188,815 or $42,424 More Than in Previous Period.

STRATFORD, March 23.—Five hundred women from all parts of Ontario gathered in Knox Church today for the opening of the sixth annual convention of the Ontario Women's Missionary Society of the Presbyterian Church. Mrs. Charles Robertson of Toronto presided. Mrs. E. Connell, president of Knox W. P. H., welcomed the visitors. During the year the total contributions were $188,815.89, an increase of $42,424.96. This shows that in 1919 Ontario came within $1,000 of the entire contribution of the general society in 1918.

Reports Presented.

The literature secretary, Mrs. D. Inglis Grant, Toronto, reported subscribers to Missionary Messenger 24,608, an increase of 518. In matter of handling their own literature an advance step was made by a number of presbyterials, and in three or four the lending library was established. Attention was called to the new W. M. S. banner for mission bands, some 40 have become possessors.

Value of Press.

The press secretary, Mrs. E. F. McL. Smith, Lucan, reported sure and certain progress made, but that ten presbyterials are still without press secretaries. The societies in New Ontario are doing good work. Ottawa and Toronto were especially commended.

The strangers' secretary, Miss E. L. Mowat, Kingston, reported marked improvement in expanse and intensity of work. English lessons had been given to new Canadians, young people looked after in new homes, and hospital visitation followed up work done.

The life membership secretary, Miss H. Little, Guelph, reported 903 certificates issued, an increase of 262, with revenue of $22,575; 533 junior members, an increase of 24, with revenue of $2,665; 58 "In Memoriam" certificates, an increase of 24, with revenue of $1,750, making a total revenue of $26,990.

The Home Helper's secretary, Mrs. J. M. McEvoy, London, reported 9,234 Home Helpers contributing $11,383.51, an increase of 1,873; and increase in contributions of $3,447.03; 442 home helpers have been active members, yet only 398 auxiliaries adopted this form of service.

Exchange Report.

The exchange secretary, Miss M. Hopkirk, Toronto, reported 108 papers sent out, an increase of 53, and 60 letters and cards written. She urged promptness in returning papers and in paying postage. Twelve new papers were added during the year.

The Mission Band secretary, Miss A. M. Rennie, New Hamburg, reported 651 mission bands, 62 of these being new bands. Eighteen presbyterials have added to their organization. The band membership was 15,406, an increase of 2,351, contributing $25,194.72, an increase of $6,975.21.

The supply secretary, Mrs. A. McMillan, Toronto, reported supplies contributed amounting to $32,657. Of this $19,476 went to Indian work and $12,837 to homes and hospitals and mission fields. Fifteen tons were shipped, $681 being paid in freight. This went to eight Indian schools, three Indian reserves, and to seven homes and hospitals.

The library secretary, Mrs. J. J. Bell, Ottawa, reported steady advance in work, more system and better literature. Literature has gone to hospitals in west, to children in hospitals and out, to adult Indians on reserves, simple books to Italian children, Sunday school libraries to needy congregations, Testaments to mining town Sunday schools, hymn books and lantern slides.

Summary of Reports.

A summary of the reports of the departmental secretaries yiled the following: Twenty-seven Presbyterian societies in the province; 876 senior auxiliaries, an increase of 17; 81 Y. W. auxiliaries, an increase of 35, or in all, 957 auxiliaries, with a membership of 26,756, an increase of 2,766. There are 561 mission bands, an increase of 27; membership of bands, 15,405, an increase of 2,351, making a total membership of 42,161, an increase of 5,127. There are 24 associated societies and 8,723 home helpers, contributing $11,819.14.

For the year the thank-offering amounted to $61,493.87. Supplies valued at $22,657 were contributed to India, and homes, hospital and mission fields.

The one-quarter per cent deducted for expenses was $1,819.71. Of this amount $1,292.06 was used and $527.65 was returned to the W. M. H. account. Forwarded to the general treasurer $188,094.85; forwarded increase, $42,517.03.

Treasurer's Statement.

The treasurer's statement was as follows: Statement of receipts from Presbyterians for the year 1919: Algoma, $1,016.54; Barrie, $7,246.27; Brockville, $4,585.98; Bruce, $2,762.79; Chatham, $7,963; Glengarry, $10,103.68; Guelph, $7,009; Hamilton, $15,754.38; Huron, $6,719.61; Kingston, $5,034.26; Lanark and Renfrew, $9,857.02; Lindsay, $4,693.08; London, $11,197.25; Maitland, $7,085.91; North Bay, $1,415.42; Orangeville, $3,505.82; Owen Sound, $4,179.22; Ottawa, $10,175.29; Paris, $7,246.68; Peterboro, $4,456.88; Sarnia, $6,844.67; Saugeen, $3,343.76; Stratford, $5,897.44; Sudbury auxiliary, $288.33; Superior, $1,405.06; Temiskaming, $596.30; Toronto, $32,565; Whitby, 3,868.33; anonymous, $1. Total, $188,815.97.

CANADIAN AND U. S. FARMERS TO GET TOGETHER

United Farmers of America May Be Next Object in View.

NATIONAL STOCKYARDS

Council of Agriculture Likely To Discuss Dominion-Owned Yards.

TORONTO, March 23.—The Canadian Council of Agriculture which opened its annual meeting in the Prince George Hotel here today has an eye on Ottawa. The coming Dominion general elections were discussed at some length, and it was made clear that the organized farmers throughout the Dominion would endeavor to repeat in the federal arena the triumph won last October in Ontario by the United Farmers.

Only four provinces are represented in the present convention, Alberta, Saskatchewan, Manitoba and Ontario, but it is expected that at the next annual gathering seven provinces will send delegates. An application for affiliation by New Brunswick was approved of today, and it is understood that Quebec and British Columbia will soon join the council.

Development of Unity.

More than a development of unity within the Dominion was considered by the council this afternoon; steps were taken looking to an international conference in the near future between representatives of the organized farmers of Canada and the United States. The objective of the proposed conference is to bring about a still better understanding than that which now exists between the two great democracies of this continent.

Unity of Races.

Unity between the different races in this country also is one of the aims of the council, J. P. Brady, representing the recently-organized United Farmers of Quebec, in an address to the council convention said: "I believe the Canadian Council of Agriculture, representing the organized farmers of Canada, will do more than has been accomplished in any other way to create a spirit of real unity between the different races which go to make up our common Canadian citizenship." This sentiment was heartily indorsed by the delegates.

One of the questions that probably will be discussed by the convention is that of nationalizing the stockyards of Canada.

Premier E. C. Drury and Hon. Manning Doherty, minister of agriculture for Ontario, are expected to address the convention tomorrow morning. Hon. T. A. Crerar is ill at Ottawa, and will be unable to attend.

INDIAN DELEGATION IN OTTAWA CLAIMS RIGHTS INFRINGED

British Columbia Tribesmen Hold Many Grievances.

OTTAWA, March 23.—A delegation representing Indians resident in several districts of British Columbia is in Ottawa to present to the Federal Government their grievances against the Provincial Government in its alleged infringment on the Indians' land rights. The delegation comprises Rev. P. R. Kelly of Nanaimo, chairman of the executive committee of the allied tribes of British Columbia; Chief Basil David, of the Shuswap Indians at Ashcroft; George Matheson, of the lower Fraser River Valley, representing the Sardis of Chilliwack; Peter Calder, of the Nisga tribe of Greenville, and J. A. Tait, acting as special agent for the allied tribes.

The delegation will submit to the Government that the British Columbia land act deprives the Indians of a large portion of the land rights granted to them by imperial proclamation in 1763, and that the provincial government have exceeded their rights in their dealing with Indian reserves.

Undue restrictions have been placed, it is claimed, on the Indian rights in trapping, hunting and fishing, and the proposed compulsory enfranchisement of Indians, as set out in a bill now before Parliament, is claimed by the Indians to be "not only a serious attack against the position of all tribes in Canada, but a most vital attack upon the Indians of British Columbia, for the purpose of breaking up the tribes, destroying their status and preventing them obtaining recognition of the tribal rights guaranteed them by the imperial authorities."

The proposed legislation, it is claimed, is ultra vires of the Parliament of Canada and "a crowning injustice" of a half century of injustices to the Indians of Canada."

ECHOES OF WINNIPEG STRIKE IN NEW YORK COMMUNIST TRIAL

NEW YORK, March 23.—(By the Canadian Press).—Evidence regarding the general strike in Winnipeg in May, 1919, figured largely in the trial this morning of Harry Winitsky, secretary of the New York Communist party, who is being prosecuted by the state on a charge of criminal anarchy. Documents produced at the trial showed that during the Winnipeg strike the Communist party here went on record as favoring the plans of the Manitoba strike leaders. Today two Winnipeg men, George P. Lovett and Capt. S. B. Harris, were called by the prosecution to describe the conditions prevailing in Winnipeg during the strike.

SENATOR OBJECTS TO USE OF WORD DAGO

ALBANY, N. Y., March 23.—State Senator Salvatore A. Cotillo of New York today introduced a resolution in the New York Senate asking for a vote of censure on United States Senator Shields of Tennessee, who used the word "dago" in referring to Italians on the floor of the Senate in Washington.

ANOTHER STRIKE OF MINERS LOOMS UP

LONDON, March 23.—Another strike of miners appeared tonight to be in prospect. After the recent trades union congress rejected the proposal of direct action to attain nationalization of the mines the miners made a demand for an increase of 15 shillings weekly in wages in order to bring independent pressure on the Government. Negotiations with Premier Lloyd George and the coal controller have resulted in the demand of the miners being rejected. The latter will meet in conference tomorrow to determine upon their future course of action.

SMOOTHEST REGULATOR FOR THE BOWELS IS HAMILTON'S PILLS

No Headache, Biliousness, Indigestion, or Sour Stomach, Where They Are Used.

A FINE CONSTIPATION CURE!

They Cleanse the Liver and Move the Bowels While You Sleep.

Like a ship in the night, your constipated headache and digestive troubles will disappear after using Dr. Hamilton's Pills.

They cure the worst cases, act quietly at night while you sleep, and give you next morning the freshest, briskest, happiest feeling you have known in many a day.

Hamilton's Pills will cheer up the most despondent sufferer.

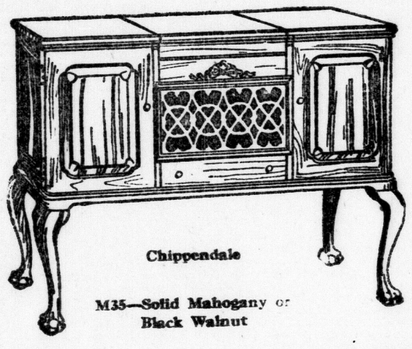

They will make tired-out folks feel like kids at play.

They overcome backache, sideache, liverache and stomach and kidney ills.

If they fail to do this, you can have your money refunded. Fair enough, eh?

Don't stay sick or ailing! Use this grand family remedy at once. It will give you energy, spirits, ambition, appetite, good blood, better nerves—in short, good health. You can get all this in a 25c box of Dr. Hamilton's Pills. Sold by all dealers in medicines.

The Aristocrat of Phonographs

M35—Solid Mahogany or Black Walnut

WHY is it that one wearies of certain objects of art, however costly they may be—while others, even though lower in price, seem never to lose, but to enhance in charm with the years? Something surely! The reason is—true design and expert craftsmanship. While the novelty, or the nondescript design, dies young, the Period Designs have survived from the times of William and Mary, Queen Anne and Louis XVI. The

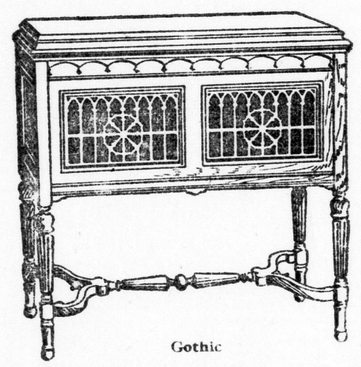

McLagan Phonograph

M33—Solid Mahogany or Black Walnut

is an object of art as truly as an original Sheraton or Chippendale chair. The McLagan is rightly called the aristocrat of phonographs, for its designs are *original* interpretations of those true Period principles that have survived the centuries. Our cabinets are distinguished by wonderful precision and delicacy of workmanship in rich woods, finished in the most modern tints. Rare craftsmanship is evidenced by exactness in every joint, in highly-finished surfaces, as even as a mirror. The carvings are in real woods and are executed with unusual skill. They are decided departures from the commonplace in Period Designs. Make your selection from our many new versions.

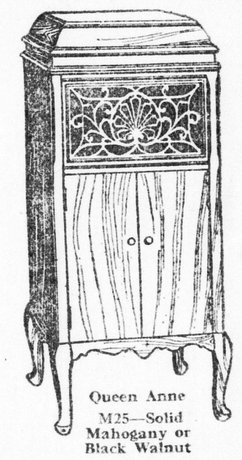

As an instrument of musical reproduction, the McLagan has no superior. It is the Complete Phonograph which assures you lifelong satisfaction. The McLagan-Fletcher Reproducer, for example, ensures beauty and purity of tone impossible to attain in the ordinary reproducer. It eliminates all harsh metallic effects, giving a full round natural tone to both vocal and instrumental records. No details of orchestral accompaniment or low tones are lost. High notes are rendered with full purity and freedom from "blast." No adjustments are necessary.

M42—Quartered Oak or Solid Mahogany

The McLagan plays ALL disc records. It has an automatic stop—it has the most complete and convenient record filing system—it has every feature that can bring an instrument close to perfection—it is truly the aristocrat among phonographs.

Hear and inspect this splendid instrument. The McLagan dealer will gladly play your favorite grand opera, songs or orchestral numbers. Call on him.

M25—Solid Mahogany or Black Walnut

SCHOOL GIRL TELLS OTHERS

How They Can Find Relief From Periodic Sufferings.

Nashua, N. H.—"I am nineteen years old and every month for two years I had such pains that I would often faint and have to leave school. I had such pain I did not know what to do with myself and tried so many remedies that were of no use. I read about Lydia E. Pinkham's Vegetable Compound in the newspapers and decided to try it, and that is how I found relief from pain and feel so much better than I use to. When I hear of any girl suffering as I did I tell them how Lydia E. Pinkham's Vegetable Compound helped me."—DELINA MARTIN, 29 Bowers St., Nashua, N.H.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, therefore is a perfectly safe remedy to give your daughter, who suffers from such painful periods as did Miss Martin.

The reason so many girls write Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice, is because from their 40 years experience they have a store of knowledge which is invariably helpful.

THIN, NERVOUS PEOPLE NEED BITRO-PHOSPHATE

What It Is and How It Increases Weight, Strength and Nerve Force In Two Weeks' Time In Many Instances

SHOULD BE PRESCRIBED BY EVERY DOCTOR AND USED IN EVERY HOSPITAL

SAYS EDITOR OF "PHYSICIANS' WHO'S WHO."

Take plain bitro-phosphate is the advice of physicians to thin, delicate, nervous people who lack vim, energy and nerve force, and there seems to be ample proof of the efficacy of this preparation to warrant the recommendation. Moreover, if we judge from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are usually due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate quickly produces a welcome transformation in the appearance; the increase in weight frequently being astonishing.

Clinical tests made in St. Catherine's Hospital, N. Y. C., showed that two patients gained in weight 23 and 27 pounds, respectively, through the administration of this organic phosphate — both patients claim they have not felt as strong and well for the past twelve years.

This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, soon disappear, dull eyes become bright and pale cheeks glow with the bloom of perfect health.

Physicians and hospitals everywhere are now recognizing its merits by its use in ever increasing quantities. Frederick Kolle, M. D., editor of New York Physicians' "Who's Who," says: "Bitro-Phosphate should be prescribed by every doctor and used in every hospital to increase strength and nerve force and to enrich the blood."

Joseph D. Harrigan, Former Visiting Specialist to North Eastern Dispensatory, says: "Let those who are weak, thin, nervous, anaemic, or rundown, take a natural, unadulterated substance such as bitro-phosphate and you will soon see some astonishing results in the increase of nerve energy, strength of body and mind and power of endurance."

Bitro-Phosphate is made entirely of the organic phosphate compound referred to in the National Standard Dispensatory as being an excellent tonic and nervine and a preparation which has recently acquired considerable reputation in the treatment of neurasthenia. The standard of excellence, strength and purity of its substance is beyond question, for every Bitro-Phosphate tablet is manufactured in strict accordance with the U. S. Pharm copoeia test requirements. Bitro-Phosphate is therefore not a patent medicine and should not be confused with any of the secret nostrums, so-called tonics or widely advertised "cure-alls."

CAUTION—Although Bitro-Phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, owing to its remarkable flesh-growing properties it should not be used by anyone who does not desire to put on flesh.

TEACHERS WANTED

WANTED—SECOND-CLASS TEACHER for S. S. No. 8, Mosa Township. Duties commence after Easter. Apply and state salary, to Hugh A. McAlpine, R. R. No. 2, Walkers, Ont. 66c

BOARD OF COMMERCE CHAIRMAN CONDEMNS TORONTO EDITORIAL

W. K. O'Connor Declares Article Will Be Submitted to Minister of Justice.

WHOLESALER EXAMINED

Declares Efforts Were Made To Guard Against Combine.

Toronto, March 24.—The press came in for severe criticism this morning at the resumption of the board of commerce investigation into alleged combines existing among wholesale grocers, Mr. O'Connor stated that there was an editorial in one of the Toronto morning papers which constituted an indictable offence and that the matter would be brought before the minister of justice.

"Any praise or blame," he said, "in connection with any evidence given here is a contempt of court, and must be abstained from. Reports in the press must consist of facts, not opinions, inferences and ideas of the reporter as far as this board is concerned are not going to be permitted to continue."

Prof. R. M. McIvor, of the department of political economy, Toronto University, was called by Crown Prosecutor A. W. Roebuck, who placed him on the stand as an expert witness.

Mr. Roebuck—"Can you tell me what is the usual result in accordance with information you have of combination of traders?"

"Ruled out," interjected Chairman O'Connor.

Mr. Roebuck also inquired whether prices were affected by any organization which prevents other traders from competing. This question was also ruled out. Mr. Roebuck, however, continued: "Have you any knowledge of effect of price fixing agreements on prices?"

This question was also ruled out.

F. W. Morley of the F. W. Morley & Co., Toronto, stated he was in the grocery business. He stored goods where he had his office and in other warehouses.

Mr. Roebuck—Dd you sell to the consumer?

Mr. Morley—Sometimes, but not as a part of my business, same as other firms.

"Do you sell exclusively to the retail trade?"

"I sell to retailers, jobebrs, wholesalers and anybody I can do business with."

"Are you a wholesaler?"

"I buy goods on my own account and sell to retailers. I'm a wholesaler as far as I know."

"A statement was made by Mr. Hudson respecting you. Have you a reply?"

"I haven't any object in interfering with Mr. Hudson's business, and nobody knows better than Mr. Hudson himself. I never interfered with his business."

Wanted Same Privilege.

Mr. Morley was not a member of the Wholesale Grocers' Association. Mr. Pyke had asked him when he started business to become a member.

"I wasn't ready at the time, but told him I would join later. Then I heard a rumor that I refused to join. I saw Mr. Pyke about it. He said he mailed me an application, but I told him I had never received it, but that if he gave me one then I would take it on the understanding that I would have the same privileges as the other members."

"What was the privilege?"

"I wanted to use discretion in selling big accounts. If a man was a bigger buyer I was entitled to give a better price."

"Did others enjoy that privilege?"

"Oh, yes, I know they did."

"After that interview we had an executive meeting. There was a general discussion regarding business ethics. I was accused of selling the York Trading Company. I told them I was selling them. I was asked if I thought that was in the interests of the trade. I looked on them as traders, and said that I didn't see any objections. The point was also raised that I was selling co-operative traders, and I have found that five or six members of the association are today selling them. Some are selling to the York Trading Company, and I am not doing as much business with them as before. I mentioned at the meeting that I was told by a certain retailer that a certain wholesale grocers' traveler had sold him at 20 cents less than my price."

Avoided a Combine.

"Was there anything said about the maintenance of prices?"

"Mr. Kinnear, I think, said that in general we should agree to keep the best prices. I said that their agreements were often broken, so that I proposed that a bond be put up by each. I would do the same."

"Did the meeting agree to that?"

"No, they didn't."

"That would have been a combine," observed Commissioner Murdock.

Witness assented.

"What do you say as to your desire in matter of price fixing?"

"I would welcome open competition. Any house that can't compete in the open market has no right to exist."

"What is the effect of price fixing agreements?"

"Naturally, agreements advance the price."

"What about the contention that if prices were not fixed, cutting would result eventually in higher prices?"

"I can't understand argument to the contrary. If prices go down, they can't go up."

LIBERAL M. P.

question should be discussed on the budget, but I believe that the minister of finance will have enough to do to handle the finances of this country without putting the people into a business that is going to lose them money. It is not good business, and the people insist that this Government should carry on their affairs with reasonable business caption. It is not good business to ask the people to invest $20,000,000 when we are told that the shipbuilding business will have to be subsidized. The honorable the minister of marine would not put his own money into a prospect if he thought that he would not derive profits from it."

U. S. Selling Ships.

"I listened to his remarks with reference to the cost, and I was very much impressed with his statement that we were building ships at a reasonable price in Canada today. We were told that we were building ships at approximately $160 per deadweight ton. But the honorable gentleman knows full well that we will have to compete in a short time with ships that were built in pre-war days at from $60 to $70 a ton. There is only one way to meet that competition, and that is to take the loss, because lower freights will get the business. As against what we are doing here, the United States Government are selling their ships, and I am told that they are so anxious to get out of the business that they are willing to sell them at $100 a ton. At the very time that they are willing to take a loss and go out of the business, we are going into the business, putting $20,000,000 more of the people's money into it, and then we are told that we will have to subsidize it very shortly. On top of that we are told that $75,000,000 of the people's money is spent without a single tender being asked for."

"It is all right for honorable gentlemen to spend their own money if they want to, but they are the trustees of the public, and they have no right to spend the people's money without giving the people the protection of public tenders, and full knowledge as to whom these contracts have been awarded to and why. There is also the question of where these ships are going and what freights they are to carry. The honorable gentleman told us today that one of these steamers had left Vancouver for Australia. He did not tell us what she was bringing back from Australia. I think we know pretty well just what they export from Australia. They export wool, hides, wheat and tallow. They will not bring that kind of a cargo back to Canada. They will probably go to England, and from England they will get a cargo to bring back here. There is no objection to that if we are in the carrying trade that is good business. But why should we spend our money to establish and operate a line to build up business between Australia and England?

South American Cargoes.

"It is not good business, we were also told, that these ships would carry cargoes to South America. What do they carry from South America? Cattle, grain and hides. These they take to the English market. This is all right for Great Britain, a great food consuming country. They send out their finished products, bring back raw materials, and get cargoes both ways. We do not want any wheat in this country; we are not looking for cattle; we are not asking for mutton, and yet these are things that are being carried from Australia and the Argentine. These, amongst others, are the reasons why I am opposed to this vote, and I shall oppose it here, and shall also oppose it when we come to its consideration in the budget."

GERMAN SOCIALISTS

drilling as militia, which is what the workmen want to abolish.

Friedrich Stahl, one of the eight members of the Dusseldorf committee installed in the Provincial Government House, gave to the Associated Press a statement on the workmen's views. He said the movement precipitated by the Kapp revolt was practically a workmen's protest against that military movement, and militarism in general.

Want Militarism Crushed.

"This is no Soviet revolution," he declared. "At the moment at least we are standing on the same grounds as the regular government chosen by the people of Germany. What we want the Government to do is to uphold the people's will expressed in the last elections, that is, to say, make a decided move to the Left (towards Socialism), and to crush militarism in every form, more especially as it has dared to show itself in the Kapp revolt, as well as under Gustav Noske. We want work, to give evidence to our own people, as well as to the world in general, of our will to work and develop.

"This is neither an uprising nor a revolution, but only a decided vote of distrust against the Government at Berlin and the city and provincial governments, which failed to uphold the principles of the revolution of November, 1918, whereby our people got rid of royalty and their military supporters.

"Everything will go on smoothly. The workingmen, including the head and hand workers, will work now with a will, while under military rule, as it had developed last month under Noske, they worked against their will.

"We shall rigorously put down looting, disorder or plundering, and if the Government should send troops to fight against us—well, we are very strong, and the workmen, most of them experienced soldiers under a military leader, would leave their workshops and factories and turn against them.

Personnel of Executive.

"A central executive committee, now being formed at Hagen, is to consist of one member of each of the three Socialist parties and the Democratic party. Under this central committee, the several town executive committees will conduct the business of the country in connection with the regular city authorities for the welfare of the people, and, above all, for the working people."

The Provincial Government House, where the executive committee has taken up its headquarters, is protected by patrols of armed men and rows of barbed wire, which Herr Stahl requested to be explained was erected and left by Government troops, not by the workmen. The executive committee announced that all the workers, except a few guards, had returned to their places yesterday, the general strike having ended Saturday.

The railway and other services are operating and the banks are open.

SIXTY-TWO ARE KILLED IN A CLASH BETWEEN REGULARS AND REDS

Wesel, Germany, March 24.—Six thousand Government troops, reinforced by armed countrymen, had a skirmish with communist guards numbering about 15,000, near here, last night. Reports state 62 were killed and upwards of 100 wounded during the fighting.

NOSKE FORCED TO QUIT ONLY AFTER STUBBORN FIGHT

Berlin, March 24.—(By the Associated Press).—The retirement of Gustav Noske as minister of defence, came after a stubborn attempt by his party supporters among the coalition bloc to retain him in office in opposition to the pressure of the Berlin party and labor leaders and the clamor of the independents. His resignation was first tendered to President Ebert on Friday at Stuttgart, and was, at that time, not accepted.

When the Ebert-Bauer Government returned to Berlin Sunday, the futility of trying to hold Noske in power was promptly discovered, and the man who had so long been a red rag to the independents and the radicals now has been cast aside.

A most significant development was the demand of the Independent Socialists for a straight labor cabinet. Party delegations headed by Adolf Hoffmann presented the independents' terms to the Government. These were chiefly the elimination of the bourgeoisie parties from the governments, the withdrawal of troops from the streets and reorganization of the army.

SPARTACANS WELL ARMED.

Coblenz, March 24.—Fighting was reported Tuesday afternoon in Gottha and Thuringia. A number of officials driven out of Essen and now in Coblenz say that the Spartacans are well armed and equipped and that neither side is giving quarter.

EVERY WEDNESDAY AFT.

City Grocery Stores Will Close During the Summer Months.

At a recent meeting of the Retail Grocers' Association it was decided to close all grocery stores every Wednesday afternoon throughout the year, with the exception of the month of December. This was later objected to, and another meeting was held last evening to consider the matter. It has now been decided to close on Wednesday afternoons of May, June, July, August and September.

This change was made owing to the fact that the clerks of the stores were not particularly anxious for Wednesday afternoons during the winter months, but would prefer early closing on Saturday evenings. In view of this fact that the clerks would rather have early closing on Saturday evenings, a committee has been formed to look into the matter. A meeting will be called on Monday next to decide the matter.

FINANCIAL AND COMMERCIAL

HAY TAKES BIG DROP ON MARKET

Now Selling At $26 and $28 Per Ton—Live Hogs Also Easier.

Hay is plentiful on the local market, and has taken a decided slump, dropping to $26 and $28 per ton. This is a drop of $7 per ton since last week. Live hogs are a bit easier at $18.50. Fat sows have eased slightly, going at $15.

Oats and straw are firm. Dairy produce and eggs are steady and slow, the demand being very poor. Potatoes are holding up at $4.50 and $4.75 per bag.

The roads in all directions are drying out very fast; the Governor's road, east of the city limits, is practically in summer shape, with the exception of one or two small spots.

Grain, per Cwt.—

FLOUR.

MONTREAL, March 23.—The flour market was also without any new feature.

A good inquiry continues from all sources for feedstuffs, but the volume of business is limited, and the market is in consequence somewhat quiet.

Flour—Manitoba spring wheat, new standard, $13.25@13.55.

Rolled Oats—Per bag, 90 lbs., $5.50 @5.60.

Bran—$45.25.

Shorts—$52.25.

MINNEAPOLIS, March 23.—Flour—Unchanged; shipments, 46,129 barrels. Bran—$48.

TORONTO, March 23.—Ontario Flour—Government standard, in jute bags, prompt shipment; Montreal, $10.25@10.45; Toronto, $11.

Manitoba Flour—Government standard, in jute bags; Toronto, $13.25.

Millfeed—In carlots, delivered Montreal freights, bags included; bran, $45 per ton; shorts, $52 per ton; good feed flour, $3.60@3.75 per bag; middlings, not quoted.

HAY.

MONTREAL, March 23.—The baled hay market remains very firm.

Hay—No. 2, per ton, carlots, $30 @31.

TORONTO, March 23.—Hay—Baled, track, Toronto, carlots; No. 1, $27@28 per ton; No. 2 mixed, $25 per ton.

Straw—In carlots, on track, Toronto; $16@17 per ton.

LIVE STOCK.

Toronto, March 24.—Cattle—Receipts, 1,265. Cattle trade is a trifle more active at the week's decline of 75c to $1. A few baby beef cattle sold at $15 per cwt. and extra good butchers at $12 50 @13, with a few at $13 50, the bulk of the butcher cattle selling at $11@12 25. Cows and bulls are steady at the decline, sales being made at $10@10 75. Heavy beef steers, no sales; butcher steers, choice, $12 50@13 50; good, $10 5 @11 75; medium, $9@10; common, $7@9; butcher heifers, choice, $11 50@13; medium, $9 75@11 25; common, $7@9; butcher cows, choice, $10 50@11 25; medium, $8 50@10; canners and cutters, $5 25@ 6 50; butcher bulls, good, $10@11 25; common, $8@9 50; feeding steers, good, $10 50@11 50; fair, $10@10 50; stockers, good, $9 50@10; fair, $8@9 50.

Calves—Receipts, 452. Choice calves steady. Medium calves are hard to move. A few calves sold at $3; bulk at $18@21 50; choice, $18@23; medium, $15 @17 50; common, $10@15.

Milch Cows—Choice, each, $145@175; springers, choice, $100@145.

Sheep—Receipts, 315. A few spring lambs are on the market and sold at $15@17 each. Yearlings are having a slow trade at $18@20. Ewes, $10@14 50; lambs, $17@20.

Hogs—Receipts, 1,940. The hog market is unsettled, with packers endeavoring to lower prices. No sales have been recorded. Selects, $19 75@20; light, $17 75; heavy, $18 75; sows, $14 75@ 16 75.

Montreal, March 4.—Cattle—Receipts, 77. Trading in cattle was practically at a standstill. One load of very common steers, heifers and light bulls, averaging 590 lbs, was weighed up at $7. The balance of the cattle were unsold.

Calves—Receipts, 50. Prices were lower, nearly all sales being made at $16 or under. Good veals, $15@16; medium, $10@14.

Sheep—Receipts, 14. There was no change in prices. Ewes, $12@13; lambs, good, $17@18; common, $15@17.

Hogs—Receipts, 281. They sold for $20 50, weighed off cars. Selects, $20 50; light, $19 50@20 50; sows, $16 50.

East Buffalo, N.Y., March 24.—Cattle—Receipts, 200; steady.

Calves—Receipts, 700; market steady at $6@22 50.

Hogs—Receipts, 2,200; steady to 40c higher; heavy, $15@16 75; mixed, $17@ 17 25; yorkers, $17 25@17 50; light yorkers and pigs, $17@17 25; roughs, $13 25@ 13 50; stags, $8@10 50.

Sheep and Lambs—Receipts, 1,800; lambs 50c higher; lambs, $13@20 75; yearlings, $12@18 50; wethes, $15 50@16; ewes, $6@14 50; mixed sheep, $14 50@15.

GRAIN.

Winnipeg, March 24.—May oats opened ⅛c to ¼c lower at 99⅜@99¼; July ¼c to ½c lower at 94¼@94c.

Barley opened ⅜c lower for May at $1 58, and 1¾c down for July at $1 51¾.

May flax opened ½c lower at $5 48, and 2c down for July at $5 25.

Rye opened unchanged for May at $1 91.

Chicago, March 24.—Opening: Corn—May, $1 54⅞; July, $1 48¾.

Oats—May, 85⅝c; July, 78⅝c.

Chicago, March 24.—Selling pressure continued today in the corn market, largely as a result of further publicity given to forthcoming investigations of car control and of other reasons for scarcity of grain at big terminals. Opening quotations, which ranged from ⅛@1½c lower, were followed by a moderate further setback, and then by a general upturn.

Oats duplicated the changes in corn. After opening ¼@1c down, the market fluctuated within narrow limits.

Ottawa, March 24.—(Canadian Press). —Marketing of Canadian wheat, which was threatened several times to provoko a discussion at the session of the Commons is again to come up tomorrow, when questions along that line from T. MacNutt, Saltcoats, will be on the order paper.

PROVISIONS.

Chicago, Ill., March 24.—Butter—Lower; creamery, 52@66c.

Eggs—Lower; receipts, 12,375 cases; firsts, 42½@43c; at mark, cases included, 41@42c.

Chicago, March 24.—Provisions were easier with grain and hogs. Selling, though, was not aggressive.

Liverpool, March 24.—Beef—Extra India mess, nominal.

Pork—Prime mess western, nominal.

Hams—Short cut, 14 to 16 lbs, 190s.

Bacon—Cumberland cut, 26 to 30 lbs, 184s 6d; Wiltshire cut, 187s; clear bellies, 14 to 16 lbs, 192s; long clear middles, light, 28 to 34 lbs, 202; do, heavy, 35 to 40 lbs, 202s; short clear backs, 16 to 20 lbs, 191s; shoulders, square, 11 to 13 lbs, 138s; New York shoulders, 134s 6d.

Lard—Prime western, in tierces, 195s 6d; American refined, in pails, 198s 6d.

OILS.

Liverpool, March 24.—Rosin—Common, 59s.

Turpentine Spirits—233s.

Petroleum—Refined, 2s 1½d.

War Kerosene—No. 2, 2s 2½d.

NEW YORK.

WALL STREET.

New York, March 24—Wall Street, 10:30 a.m.—Further substantial gains in popular issues marked the opening of today's session of the stock market. In the first few minutes Crucible Steel rose 12½ points, General Motors 6½ and Baldwin Locomotive 4 points. Other motors, steels, railway equipments and affiliated shares, notably oils, were higher by 1 to 2 points. Rails of the investment and speculative divisions also joined in the general advance under lead of Reading and Texas Pacific. Reactions of 1 to 5 points were induced within the first half hour by realizing for profits.

Noon.—General Motors followed its usual course, reacting 7 points, but soon rallying to the new high record of 410. Crucible Steel forfeited 5 points and Stutz made an actual loss of 5 points. Most of the leaders in the steel, equipment and automobile groups held or increased initial advances and representative oils strengthened on heavy buying of Texas Company and Mexican and pan-American Petroleums. Rock Island and New Haven were added to the active and strong rails. Reading extending its rise. Trading diminished before noon, when General Motors led another irregular reversal. Call money opened at 7 per cent.

LEO SULLIVAN ASKS DAMAGES FOR DEATH OF WIFE LAST YEAR

Writ Against Henry and Cecile Draisey Filed in Supreme Court.

Leo Sullivan of this city, through his solicitors, Judd & Henderson, filed a writ in the supreme court today against Henry and Cecile Draisey of the village of Wardsville, for unstated damages because of the death of his wife, May Sullivan, which he alleges was caused as the result of negligence on the part of the defendants while driving a car on Dundas street on December 6, 1919.

Mrs. Sullivan was killed as the result of being struck by a car driven by Mrs. Draisey, who was accompanied by her niece, at Clarence and Dundas streets. Mrs. Sullivan was crossing Clarence street, and going east, when she was struck by the car and crushed against a post. She died almost instantly.

At the coroner's inquest Mrs. Draisey was exonerated from all blame. When the evidence was taken it was shown that the defendant was turning south on to Clarence street from Dundas. The car was traveling about four miles an hour, as Mrs. Draisey had intended to stop the car immediately south of the crossing.

Witnesses stated that Mrs. Sullivan was crossing east, and that she had just passed clear of the car when the driver gave the warning. She immediately became confused and instead of proceeding across the street she turned and ran back. When directly in front of the car she stopped in a dazed manner and held out her hand seemingly seeking to ward off the blow.

The car struck her and she was thrown against the post and letter-box. The car followed and crushed her. Her identity was not discovered until the following day when she was identified by neighbors. Her husband, who had stayed at home to mind the baby, had waited vainly for her during the night. He thought that she had gone to St. Thomas, as she had intended to visit her parents there during the previous afternoon.

CATARRHAL DEAFNESS MAY BE OVERCOME

If you have Catarrhal Deafness or are even just a little hard of hearing or have head noises go to your druggist and get 1 ounce of Parmint (double strength), and add to it ¼ pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone losing hearing or who has Catarrhal Deafness or head noises should give this prescription a trial. —Advt.

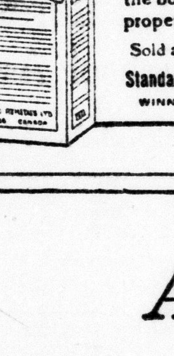

Horlick's the Original Malted Milk. Avoid Imitations and Substitutes.

I. L. P. CONVENTION

To Be Held In London, Good Friday, Prominent Speakers Coming.

Following the Independent Labor party convention, which will be held here in the Masonic Temple on Good Friday and Saturday following, a big mass meeting will be held in the Majestic Theatre Sunday evening, when Hon. Walter Rollo will be one of the speakers. Other prominent labor speakers will be the provincial minister of mines, Hon. Mr. Mills; James Simpson, of widely-advertised socialist reputation, Toronto; Miss Mary McNabb, and Mrs. Rose Hodgson.

The local committee in charge of the convention arrangements expects one of the most successful labor conventions in the history of Ontario. Delegates will be present from all towns and cities in the province, and it is expected that representatives from labor movements and allied movements in the other provinces will be here.

$800 DAMAGES FOR ALIENATION OF AFFECTIONS

Jury Renders Verdict in Favor of Returned-Soldier Husband.

FAMILY TROUBLE AIRED

Court Hears Story of Eternal Triangle Which Severed Local Family.

Arthur E. Morley of this city was awarded $800 damages by a jury in the assize court yesterday, for the alienation of his wife's affection by Albert Lewis, also of this city. The case occupied the whole of Tuesday. It was tried before Hon. Mr. Justice Latchford.

Morley was questioned and cross-examined all Tuesday morning. He told of how his troubles had started when Lewis had come to live with them in the house on Briscoe street. He had quarreled continually with the defendant about his presumptuousness and interference, and had even gone so far as to refuse to eat at the same table with him, but still Lewis had stayed. He objected to Lewis buying things for his wife and children. Matters had come to a head on January 7, when Lewis tried to force the defendant to go to the hospital because he felt ill.

Magistrate Graydon had tried to bring about a settlement between Morley and his wife, and when Lewis had tried to interfere, even in the magistrate's office Mr. Graydon had told him to get out of the room. That night Morley found all his belongings in the snow. He left the house on January 8 and had not lived with his wife since. She continued to live in the house on Briscoe street, which was owned by Lewis, until March 10.

Highly Respectable.

The plaintiff was cross-examined by P. H. Bartlett. He stated that his wife had always been a highly respectable woman and at no other time had he any reason to bring a charge against her. On the 10th of March the family moved into a house he had bought. He went to see his wife twice during the past two weeks. Although he had always sought to avoid the subject of the suit, the matter had been mentioned once or twice.

Freda, the beautiful 12-year-old daughter of the Morleys, was the next witness to be called. She answered all the questions and told her story in a clear manner, although her eyes were continually filled with tears.

She said that Lewis had given her the pair of shoes which she was then wearing, after the father had left. She told of an arrangement which she said had been made whereby her mother was to get the sum of $10 each week until her youngest brother, who was now three years of age, became 16. Either she or her mother was to go to the Briscoe street house for it, and to get it on demand. Her mother, she said, refused to do it, and refused to let her do it.

When cross-examined, she said that Lewis had come to the house for two meals a day during the past two weeks. She asserted that the defendant had been good-natured and kind to the children and on different occasions had put up swings, hammocks and other amusements so that they might be comfortable.

When showed the jewelry that had been exhibited in the court in the morning, she stated that she had first seen it on the sideboard at the Briscoe street home. Her mother had worn it once to her knowledge. She had overheard her mother and Mr. Lewis talking about it. Her mother was getting $10 a week board from Lewis. When questioned about the arrangement whereby her mother was to get $10 a week until her brother became 16, she stated that the money was to be left under the carpet somewhere in the house each week.

Mrs. Morley rose up in protest to her daughter being kept in the box so long, but order was called.

Albert Lewis said he had met the plaintiff in 1915 and had business dealings with him. When Morley went overseas he left an account owing the defendant of $15, which the plaintiff told him to collect from his wife. He had not collected because the money was forthcoming.

The members of the Lewis family, from sisters down to nieces, had become acquainted with Mrs. Morley. They visit back and forth, and had gone on excursions and picnics together. They, including Mrs. Morley, went as a party on a one-day excursion to Niagara Falls. Outside of that the party had gone to no other places outside the city, except Springbank and Port Stanley. Lewis said that he did not go out along with the woman during the absence of her husband. The husband returned to Canada in January, 1918.

He called several times on the Morleys when they lived on Bruce street, and helped the family to move to Duchess avenue. He visited them in the new home four times in six weeks. In August, 1918, Lewis said he bought the Briscoe street house. He talked the business transaction over with Morley, and, as Morley was looking for a house, he offered him it, providing that later the two rooms would be rented to him.

As soon as he closed up his printing business he took up his home with the Morleys. The conditions in the renting of the house were, that the Morleys were to have rent, electric light and water free and uses of certain furniture, and Lewis was to pay $10 a week board.

The first trouble arose when the children hung a swing in a fruit tree. He then put up a swing for them. When he took one of the boys to task for tramping sawdust through the house, Morely interfered, and told him that he wasn't running the house. When words arose, because the children broke an ancient lamp that belonged ton him, Morely shook his fist in the defendant's face and threatened to smash it. When he complained because a door was broken from its hinges, he said that Morley said he would smash it over his head.

Only Friend a Cat.

He stated that he then determined to get the family out of the house. Things grew worse. When he came home late for meals his food would be left to get cold. Everyone treated him worse than a dog, and the only friend he had was a tomcat.

He told them that they could have Christmas alone in the house, but that he wanted the house on New Years, so that he might entertain his aged father. On New Years Day, the plaintiff played sick out of spite. He said that Mr. and Mrs. Morley a few days later had a fight. At first he refused to interfere, then he called in the police.

On January 7 he made an appointment to see Magistrate Graydon concerning getting the people out of the house. When he got to the office he found Mrs. Morely there with G. N. Weeks and several others. He objected to the counsel, but was told by the magistrate that he had no right to object. He said he got up and informed the gathering that Morley wouldn't sleep in his house another night, for he would throw his stuff out. The magistrate told him to go ahead and do it.

He returned to the house and threw the family's belongings out, and on January 10 packed his furniture in one room and boarded the door. He said that Mrs. Morley told him that the magistrate wanted him to keep away. He had the last meal in the house on January 10. He allowed Mrs. Morley to stay in the house and wrote out an advertisement for her with which to attract boarders. She was now living at the plaintiff's house in East London.

The defendant denied, when cross-examined, that there had been any action of doubtful character to take away the affection of the plaintiff's wife. He said that he had never been seen walking alone with her. He absolutely denied giving a pendant to Mrs. Morley and said that he did not know where it came from. The only wearing apparel he had given her was a middy blouse.

He gave a ring and skates with hockey shoes to the girl for Christmas, but gave her no shoes for ordinary wearing purposes. He bought no food more substantial than ice cream, peanuts or candy. He said that Morley himself was a regular glutton for this stuff, and ate nearly all he bought. He gavve a cap to Mr. Morley in October.

He flatly denied ever promising to give Mrs. Morley $10 a week until the youngest child became 16 years of age, as was claimed by Freda. He said that a photograph of himself, which was worn in a locket by Mrs. Morley, had been stolen from him.

$835 PAID FOR COW AT AUCTION HELD BY CONSIGNMENT SALES

Buyers From All Over Canada and U. S. Attend Semi-Annual Event.

Broadhooks Prince, roan, owned by George Gier & Son, was the champion bull at the eleventh semi-annual sale and show of the Western Ontario Consignment Sales Company, held in Queen's Park on Tuesday. Struthers to T. N. Douglas of Strathroy; Princess Royal of Sunnyside III., cow, H. C. Robson to F. L. Lewis of Dover Township, $150; Fanny Countess, cow, Wallace Gibb to Answold Brown, $360; Red Rosebud, cow, A. Barrett to Gilbert Duncans of Glencoe, $275; Baron Chesterfield, bull, Oestricher Bros. to D. Hay of Strathroy, $120; Mysie's Queen, J. T. Gibson to Dan Donovan of Chatham, $200.

The average selling price for the afternoon was $360.

This morning judging will take place at 10 o'clock, and the sale will begin at 11 o'clock.

Last night in Hyman Hall, a concert was held by the sale company. Besides the music, there were several speakers, including Prof. Waide Toole of the O. A. C. and Archie McCoig of Chatham.

When Good Fellows Get Together

They want to sing, dance and be entertained in various ways. Their entertainment difficulties are easily settled by having in the home

The NEW EDISON "The Phonograph with a Soul"

The New Edison *RE-CREATES* music, talking machines *imitate* music. Proof of this statement lies in the fact that The New Edison is the only sound-reproducing instrument on the market today that can stand the test of comparison with the original artist's voice or playing. This has been done before over two million people by the makers of The New Edison, thus proving that peerless above all other phonographs stands The New Edison.

PATS BANDSMEN WILL GET AN EXTRA 25 CENTS A DAY

Further Allowance For Principal Performers and Soloists.

Bandsmen in the P. P. C. L. I. Regiment will receive an extra allowance of 25 cents a day, according to official information received yesterday by Lieut. T. W. James, bandmaster, from Ottawa. The rank and file receive $1.70 a day, so bandsmen's wages will be $1.95 a day. Band corporals will receive $2.45 a day, and the band sergeant $2.80. A still further extra allowance is authorized for principal performers and soloists.

Lieut. James, who before coming to London was in charge of the G. W. V. A. band of Ottawa, one of the best musical organizations in the Canadian capital, states that he is receiving quite a number of applications for membership in the Princess Pats band, and expects soon to have it up to strength and make it one of the finest bands in the country.

LATE WM. SCARROW A WELL-READ MAN

City Clerk Tells of Interesting Side of Character.

In paying tribute to the late William Scarrow today City Clerk S. Baker recalled an interesting literary association which he had had in Great Britain before coming to Canada.

"Mr. Scarrow was one of the best-read men I ever met," said the city clerk. "I had never been on intimate terms with him, but one day I chanced to meet him on the street. I had been reading for the sixth or seventh time one of Robert Louis Stevenson's stories. I happened to mention it to Mr. Scarrow and before long found that he knew much more about this story in particular and Stevenson in general than I did, although I was fairly conversant with his works.

"From this point our conversation drifted to Tennyson and Mathew Arnold, who is practically the only poet I appreciate and really understand.

"'I think that Arnold cultivated a rough exterior to hide one of the warmest hearts that ever beat,' observed Mr. Scarrow.

"This struck me immediately, I knew that he must have read this poet's works understandingly, because that's exactly what Arnold did. He was the inspector in the district in which I taught school in England and a kindlier man I never met. He never came to inspect a class but what his coat pockets were bulging with candy and fruit, which he distributed to the pupils who were showing an interest in their work.

"I don't think he ever came to my school without bringing me a book. And I was no exception. He used to take books to all the teachers in his district. We would read them and write criticisms of them. Then in turn he would criticize our criticisms. Although I realize now that many of them must have been very crude, he criticized them in the most kindly manner. He was always constructive and not destructive.

"He was regarded by many as irreligious, but he explained the book of Isaiah to me as no other man has been able to do it."

PERMANENT MACHINE GUN BRIGADE AFTER RECRUITS

New Rates of Pay Call For $1.70 a Day for Privates.

Now that the new rates of pay are authorized, recruiting is to begin for the new permanent machine gun brigade, which is at present stationed in Kingston, Ontario.

The personnel of the brigade is 40 officers, 2 warrant ogicers, 64 staff sergeants and sergeants and 369 rank and file, a total of 472 of all ranks, which will be recruited from all over Canada, so that those wanting to join will have an opportunity immediately, before the brigade fills up.

Only first-class men will be accepted, and the old regulations (C.E.F.) allowing only "A" category men for this special branch of the service are still in force. The first men required are machine gun instructors, and a promise has been received from the commanding officer in Kingston that the first 40 men who held non-commissioned ranks in the machine gun corps in the C. E. F. will be allowed to retain their ranks up to that of second-class warrant officer, providing they have a good record and prove satisfactory.

Capt. G. W. Beresford has been authorized to recruit for the London district, and any men wishing to join can get all information from the office of the 2nd Canadian Machine Gun Brigade in the armories any day between 9 a.m. and 5 p.m., or can phone 7993. The new rates of pay are given below:

Regimental sergeant-major, $3.70; regimental Q.M.S., $3; company sergeant-major, $2.75; company Q.M.S., $2.50; sergeant, $2.25; lance-sergeant and corporal, $2; lance-corporal, $1.90; private, $1.70; boys under 18, 75c.

There are also allowances for rations and quarters when circumstances demand that such be paid.

LADY UNDERGRADUATE SEEKS APPOINTMENT AS INTERNE

Graduates, However, Are Wanted at Victoria Hospital.

Appointment of house surgeons for Victoria Hospital to fill vacancies existing since the recent resignation of a number of interns, was referred to Chairman W. M. Gartshore and Superintendent Heard at a meeting of the hospital trustee board last evening. The board desires to appoint graduate physicians, but so far all applications have been from undergraduates, including one young lady now in her fourth year at Toronto Medical College. Temporary arrangements will probably be made, as it now appears impossible to get graduates until after the May examinations.

Mayor Little, after reporting that the civic finance board had passed the hospital estimates, brought up the question of having hospital accounts paid by drafts on the same bank account from which all other civic expenses are met. At the present time the hospital enjoys the distinction of having its own account, to maintain which the city borrows money at 6 per cent. Any money not drawn by the hospital board is allowed 4 per cent interest, so that the city loses 2 per cent on all money not actually required each month.

During February 410 patients were admitted and 368 discharged. There were 334 treated in the free dispensary, and at the end of the month there were 209 patients in the hospital. The cash receipts for the month were $9,804. Accounts amounting to $19,735 were passed by the board.

BULLFROGS CELEBRATING THE SPRING-LIKE WEATHER

Two More Frosty Periods Before Real Spring.

The song of the bullfrog was heard
in the land today;
Thrice shall it be heard e'er spring
do stay.

—Old Doggerel.

On Tuesday for the first time this year, so far as can be learned, the bullfrogs were singing down by the river. If the couplet quoted above is based on fact the conclusion is that Jack Frost will make two further attempts to assert his autocratic rule before spring finally routs him.

The superstition which gave birth to the ancient weather rhyme was that the bullfrogs, after their first vocal thank-offering for the coming of spring, would twice be induced to discontinue their singing by the re-appearance of frosty weather; in other words, that spring's advent must be preceded by three distinct periods of singing by the bullfrogs.

HEINTZMAN & CO. PIANOS TO BE SOLD IN FRANCE.

An agency for the pianos of Ye Olde Firme of Heintzman & Co., Limited, 242 Dundas street, London, Ont., has been opened in Paris, France, and this week samples were sent forward. At The Theaters

AT THE GRAND TODAY.

"His Wife's Friend," the Paramount-Artcraft photoplay starring Dorothy Dalton, one of the screen's most fascinating stars, will be shown at the Grand for the last time today. "His Wife's Friend" is a picture of more than ordinary merit; it is a mystery story that keeps an audience in suspense until the final fade-out. The vaudeville portion of the program is a whole show in itself. The feature attraction introduces Henry Catalano and Irene Williams, assisted by Arthur Flagel at the piano. Other acts of headline quality include, Adams and Thomas in "In and Out of Society"; Eddie Hill, comedy cartoonist; Three Melvin Brothers, gymnasts, and the Puppetts in a mirthful oddity. "The Night of the Dub," an Ernest Truex comedy; the Kinograms; Topics of the Day, and the Pathe Review are the added film features of today's bill.

FISKE O'HARA IN "DOWN LIMERICK WAY" AT THE GRAND TOMORROW NIGHT.

Fiske O'Hara will be seen at the Grand tomorrow evening at 8:15 in his new romantic comedy, "Down Limerick Way." Mr. O'Hara has many admirers in this city who will be glad to know that he has this season the most sparkling comedy of his career. And the songs that are included in his new selections were especially written for this play. The story of "Down Limerick Way" concerns Sir Daniel Darragh, whose sister, Mona, an inveterate matchmaker, is trying to get him married to one of her wealth-dowered friends. At this juncture Daniel is left a legacy in the will of a departed friend, a lovely young girl, who is full of sentiment and believes devotedly in the fairies and their magic rings. There is a special augmented orchestra carried en tour. Seats now on sale.

"PLEASE GET MARRIED" AT THE GRAND FRIDAY AND SATURDAY.

Oliver Morosco's latest New York comedy is an important booking for the Grand. "Please Get Married" has the unique distinction of being a hilarious bedroom farce, but thoroughly clean and wholesome a la "Twin Beds," "Baby Mine" and "Fair and Warmer." The play was originally produced by Mr. Morosco at the Fulton Theatre, New York, where is enjoyed a run of 39 weeks with a notable cast of players headed by Ernest Truex and Edith Taliaferro.

The story of the piece revolves around a young bridegroom and a just wedded bride, who have frustrated the plans of the bridegroom's father, who strenuously opposed the match, by being married by a burglar masquerading as a clergyman, and whom they believed to be the genuine article. They become involved in all sorts of difficulties, which furnishes laughs in abundance to the audience during the three acts in which the story is told. "Please Get Married" will be the attraction at the Grand Friday and Saturday evenings at 8:15, and Saturday matineen at 2:30. Seats for all performances now on sale.

"TWELVE-TEN," ALL AND MORE THAN ITS BRITISH PRODUCERS CLAIM.

"Never was more pleased and gratified in my life, with the reception accorded an attraction," says Mr. W. J. Stewart, who has been in London for the past week, representing the British and Colonial Studio's mammoth production, "Twelve-Ten," which is making its first appearance in Canada at the Majestic Theatre all this week. The plot of "Twelve-Ten" is entirely different from anything ever shown, and all in all, the first of the big British productions has made an impression on Londoners that will long be remembered. "Twelve-Ten" will be shown for the balance of the week, twice nightly with a matinee at 2:15 daily.

AT LOEW'S.

Imagine! "Bill" Hart, fresh from the lumber camp, landed plumb in the tangles of a ladies' lingerie shop. Imagine the best buck dancer in the North West woods doing one-steps in the proud old mansions of New Orleans. Imagine "Bill" as a detective, lover, fighter—man all through. And that's only part of the fun and appeal in this big smashing picture, "John Petticoats," the feature film at Loew's.

Capacity houses were the order again at Loew's yesterday, and headline honors on the vaudeville bill go to Bobby Vail and Company in an amusing musical comedy playlet, entitled "Temptation." Pretty girls, clever costuming, witty, breezy patter, make this a rollicking little half-hour entertainment. Gus Erdman is scoring heavy in natty songs and sayings and his pianologue effort brings rounds of applause. Chisholm and Breen, in a rural comedy playlet, "Her Cave Man," have something refreshingly new. Lew and Edna Miller and Herberta complete a real meritorious bill of amusement.

"MR. WU" SAYS "AN EYE FOR AN EYE, AND A WOMAN FOR A WOMAN" AT THE ALLEN TODAY.

The remarkable Chinese story, "Mr. Wu," which is shown at the Allen for the last time today, is one of the greatest Chinese photoplay spectacles ever screened in the city. The yellow-man's adaptation of the code of honor, and his strict adherence to principle when disgrace comes to his family, the laxity of the white man's morals in a foreign land. This is the plot upon which this thrilling tale of Oriental life is based.

The impressive overture from Madame Butterfly, and a special musical score for the big Oriental picture is presented by the big Allen Orchestra and organ. Among the extra attractions is a Snub Pollard comedy, "Find the Girl"; Allen News, and a beautiful Outing Chester picture.

Thursday, Friday and Saturday, the greatest fighting man the screen has ever shown, William S. Hart, returns to the screen in his thrilling new picture of frontier life, "Blue Blazes Rawden."

PILES Do not suffer another day with Itching, Bleeding, or Protruding Piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and as certainly cure you. 60c a box; all dealers, or Edmanson, Bates & Co., Limited, Toronto.

FREE! Let Us Lend You An Electric Washing Machine

WHEN IT IS so easy to purchase a Washing Machine under the special arrangements provided by the Hydro Shop you should know the advantages of having one of your own.

Send us your name and address today, by telephone or otherwise, and we will send a Machine to your home for a FREE trial, immediately.

You will incur absolutely no expense. The trial will entail no obligation. Have the use of it for a regular washing. Run it yourself. Observe what it will do. Decide for yourself if you want it. If you don't, we will send for it and bring it back, still without expense or obligation to you.

Note how it speeds up the wash day task; how it relieves you of all drudgery; how thoroughly it cleanses and how harmlessly, yet effectively, it launders even the daintiest fabrics. Remember, too, that it will do four washings in a month, including wringing the clothes in its power-driven wringer for less than one cent on your month's hydro bill.

ONLY $13.80 DOWN. BALANCE CONVENIENT TERMS.
