## THE RAILWAY BURNED BY \$100,000 FIRE

### Railway Is Urged As Means To Solve School Problem

#### MAIN PART OF THEDFORD DESTROYED

Blaze That Causes \$100,000 Damage Believed of Incendiary Origin.

#### MAN SUFFERS BURNS

W. C. Tudor, Owner of One Building Destroyed, Is Badly Burned About Arms, Neck.

**SPECIAL TO THE ADVERTISER**  
By a Staff Reporter.  
Thedford, Dec. 4.—The most disastrous fire which has befallen this section of the province in recent years swept the heart of the business section of this village early this morning, gutted four large buildings, and a time later consumed the entire village with destruction. The total loss is conservatively estimated at \$100,000.

The cause of the conflagration is a mystery, but after a survey of the stricken area authorities are of the firm belief that an incendiary is to be blamed. A minute probe will be started as soon as the ruins cool.

No one was seriously injured in the bitter three-hour fight to check the blaze, though several leaved hazards to salvage contents from the buildings and to confine the blaze to one block. W. C. Tudor, owner of the three-story brick building which bore his name and was first to be gutted, was painfully burned about the neck and hands while saving the Holwell house. Cuts and bruises, suffered by several at the outset, were borne in the heroic struggle to hold back the flames.

The chemical engines from Forest and Parkhill and Arkona's motor apparatus, with their crews, were on the scene shortly after the fire was discovered, and these volunteer firemen played a big part in stemming the onrush of the conflagration when many a doubt was expressed as to the safety of the village.

Gasoline Creates Danger.  
Two hundred gallons of gasoline stored in a garage, in the annex of the burning region, and the immediate danger of an explosion rendered the position of the fire fighters all the more perilous.

A man, whose identity could not be established, found the blaze in a frame storage building at street and the Ross general store, and raised the alarm. He also aroused Mr. and Mrs. C. Stoddard and E. Reynolds, who were sleeping in Beatty block apartments, giving them time to escape.

MRS. CHARLIE CHAPLIN.

#### PROVINCE AGAIN APPEALS TO LONDON TO PAY \$165,000

Amount Claimed Due For Unpaid Suburban Area Roads.

London's unpaid suburban area roads paving account of \$165,000, which was put into force next year, is now being appealed to London to pay. The appeal is being made through the Ontario provincial government, which is now in session in Toronto.

London, like other municipalities in the province, has permitted suburban paving accounts to lapse during the past two years. Recently Ottawa and Toronto squared up with the province, leaving heavy arrears in the case of London.

#### CHECK TAKEN BECAUSE HE WAS "FED UP"

E. Clarence Settell at Trial Reveals Every Motive Leading to Act.

#### ADMITTS DRINKING

Former Secretary to Sir Adam Beck Tells of Spending Money.

Canadian Press Despatch.  
Hamilton, Dec. 4.—Declaring that he was "fed up," E. C. Settell, former secretary to Sir Adam Beck, decided to take from the hydro a sum equal to \$15 per week, with interest at 6 per cent, for all the time he was employed, according to the story told by him in the witness box in Judge Evans' court here today.

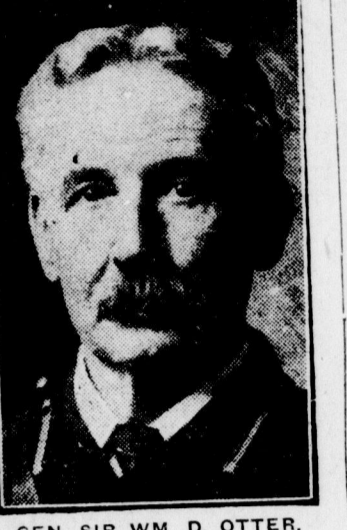

The prisoner was utterly frank in the story he told the court and seemed determined to reveal every motive. The case opened at 10:30, when R. H. Greer, counsel for Settell, called George Halcrow, former M. L. A. for East Hamilton, to testify as to the character of the accused.

Mr. Halcrow declared that he had never heard a "whisper" against the prisoner's reputation, and remarked that during the time he had been associated with Settell he would have "trusted him with his life."

During a campaign here he had visited the prisoner in a local hotel, and had been requested to stay to supper.

"Although the province was temperate, I admit I had a drink on this occasion," the witness said.

Settell was most and interesting in the interests of the power commission.

GEN. SIR WM. D. OTTER.

#### MRS. M'GOLLEY WILL FACE TRIAL

Charged With Having Stolen Property in Her Possession.

Mrs. Margaret McCulley, 134 Hamilton road, was this morning committed for trial on the charge of having in her possession a stolen phonograph. The machine was taken from the Dominion Storage company, and is the property of Mrs. Eliza Climo, 648 Loraine avenue.

The prisoner pleaded not guilty to the charge and elected trial by jury through her counsel, J. M. Donohue. No evidence was offered by the defence.

The storage company caretaker told the court that Mrs. Climo's household effects were the only articles stored in the building when the phonograph disappeared on Sept. 28, 1923.

Paralysis followed this injury and became more pronounced as time passed. Until the last four months he was as cheerful as youth demanded.

The discovery of the phonograph in connection with a police visit to the house in a search for clues to the theft of \$600 worth of goods from the W. C. Baron store, Belmont.

Dauris Sweeney was jointly charged with Mrs. McCulley, Sweeney appearing in County Jail here.

#### YOUTH WITH BACK BROKEN LOSES BATTLE WITH DEATH

Bert Dean, Loved by Hundreds, Dies After Two-Year Fight.

#### HURT IN DIVING

Medical Aid From Many Places Fails To Save Him.

Bert Dean, the 18-year-old son of Mr. and Mrs. W. H. Dean, of 336 Hamilton road, who fractured his spine two years ago in a high dive at Port Stanley, died this morning in his father's house.

For nearly two years and a half this boy of eighteen fought with the courage of his young manhood against what was to be the inevitable. After the accident, which occurred on Aug. 21, 1922, he was brought back to the city where in his own home every effort was made by local medical men to cure the injured spine.

His records at school show that as a first year student in 1921 and 1922 he was an exceptionally intelligent and careful student.

Paralysis followed this injury and became more pronounced as time passed. Until the last four months he was as cheerful as youth demanded.

Dr. A. S. Duncan of this city, whose services will be held from the home at 2 o'clock Saturday at Mount Pleasant cemetery.

#### COLLEGIATE ADDITION IS BACKED

Lieut.-Col. Coles Urges Special Tickets Be Secured From Street Railway.

#### PAID BY BOARD

Pupils Could All Attend One School and Reduce Overhead.

The London street railway service would be employed by Lieut.-Col. W. G. Coles in solving the problem of collegiate institute accommodation which faces the city at the present time.

Col. Coles' suggestion is that the collegiate system be centralized by the enlargement of the central unit and the students be supplied with street car tickets which will reach the school each day.

"If the pupils were not passed out of the grade schools so quickly," commented Col. Coles, "they would be more efficient upon entering the collegiate."

#### MILITARY SERVICE CUT SEEN UNDER NEW PLAN

French General Tells of Reform Scheme—National Energies Affected.

Paris, Dec. 4.—The period of military service in France would be reduced under an army reform plan now being worked out at the ministry of war, General Nollet, the army minister, has explained to the army committee of the chamber of deputies.

The general considered that under the new scheme the periods of training for reservists would have added importance and should be made really useful work at the ministry court of the complexity of the questions involved, the scheme will require considerable time to perfect.

#### KRASSIN GETS GREAT OVATION

Five Thousand Paris Communists Provide Demonstration For Their Chief.

Paris, Dec. 4.—A demonstration in which about 5,000 communists took part greeted Leonid Krassin, the first soviet ambassador to France, upon his arrival at the Gare Du Nord this morning.

The police were taken by surprise by the size of today's manifestation, which at a moment threatened to get out of hand.

Paralysis followed this injury and became more pronounced as time passed. Until the last four months he was as cheerful as youth demanded.

**WRITER DESCRIBES  
NORTHERN ONTARIO**

Mrs. Madge Macbeth Gives  
Delightful Lecture To Can-  
adian Club.

All the beauties of Ontario's hinterland, jewelled with lakes and rich with the lore of early Indian tribes, were brought out in a delightful fashion yesterday afternoon when Mrs. Madge Macbeth of Ottawa spoke before the Women's Canadian club on "The Untravelled Byways and Waterways of Canada."

The lecture was delivered in the Normal school to mark Canadian Book Week, and it was fitting that it should be given by one of Canada's distinguished novelists, the authoress of "The Patterson Limit." Special guests of the occasion were London authors and members of the writing profession, in whose honor a reception was held previous to the talk. In that talk, Mrs. Macbeth by means of lantern pictures and her own vivid descriptions, took her audience with her through an amazing country, about which they had heard little. And as she told of the north country, she took little excursions back into history, to the times of Champlain and the early French explorers, and showed that what has usually been considered merely a wilderness was in reality a land full of historical associations.

**Modern Comforts.**  
The speaker pointed out emphatically that the visitor to the northern part of Ontario could travel quite luxuriously. The porcelain bath was to be found everywhere. There was no dipping into an icy stream at day-break or lying all night on the hard side of a log.

With her keen sense of humor and her remarkable powers of description, Mrs. Macbeth made the northland live in all its rugged beauty. Her lecture covered a lengthy trip from Montreal to Lake Nipissing and across that lake. She took her audience through the French river district, Lake of the Woods and along the shores of Lake Superior.

**Describes North Country.**  
She described the turbulent rivers, rapids and the skillful Indian guides. She entered into conversation with the ancient red men of the wilderness and learned stories and legends which she had never heard before. She watched Virgin Falls by the light of a pink moon and ran the rapids with an Indian chief at the helm of her canoe.

She fished for trout and muskellunge in the rivers and lakes, she passed along the shores of the queer picture rocks of Lake Superior, and wound in and out of the islands, which stretch 11,000 miles of the great Lake of the Woods district. She followed the trail taken by the Prince of Wales, and came back marvelling at the wonders of the north country.

Mrs. Macbeth leaves tomorrow for Chatham to address the Canadian club there.

**DR. JOHN HUNT SPEAKS  
TO MEDICAL SOCIETY**

Middlesex Medical Association  
Hears Talk by London  
Doctor.

Members of the Middlesex medical association met at the Tecumseh house yesterday afternoon. Following luncheon papers were read by Dr. John I. Hunt, London, and Dr. J. R. McCabe of Strathroy.

Dr. Hunt, who has done advanced work on the diseases of the nasal passages, spoke on "The Eviction of a number of X-ray plates made by Dr. Wismer, showing anthrax, spirochete and ethmoid cells. Up to the present ethmoid cells have not been demonstrated by X-ray, according to Dr. W. H. Woods. Physicians say that considerable credit is due to those men who have found methods of reproducing X-ray plates of the cells."

Dr. J. R. McCabe of Strathroy read a paper, "Practical demonstrations of difficult presentations in obstetrics." The meeting was the largest ever held by the association. Dr. R. J. Dewar, president, occupied the chair. Upon the invitation of Dr. McGhie the next meeting to be held some time in January will take place at Westminster hospital, when the county association will be entertained at lunch and a clinic by the hospital staff.

## INDIAN PRINCESS GUEST IN LONDON

Niece of Premier Greenfield Visited Prince of Wales at Alberta Ranch.

MRS. MADGE MACBETH, of Ottawa, author of "The Patterson Limit," who is the guest of the Women's Press club at the Highland Golf club this afternoon.

There is a real Indian princess in the city, although very few people are aware of it.

It was on the occasion of the great fifty-year celebration of the organization of the Northwest Mounted Police, held at Fort McLeod last year, that Miss Henderson was made a princess.

Perhaps they found in her quiet manner, her vital youth, her dark, eager eyes and her coal-black hair, a kindred spirit.

PREMIER GREENFIELD and HIS NIECE. The Indians of the Peigan tribe honor Miss Bridgite Henderson of this city, niece of Premier Greenfield, by making her an Indian princess.

## Fashions by Wire

Special to The Advertiser. Copyright.

New York, Dec. 4.—It is unlikely that fashion will ever reach a stage where a woman with beautiful shoulders will not be in vogue if she shows them. One of the newest neck lines designed for a prominent actress strikes a Greek note with the back velvet of which it is made, draped at one shoulder, leaving the other uncovered except for a rhinestone strap.

Low Heels are Smart. New York, Dec. 4.—Low heels on one's slippers today are not indicative of low tastes.

Bobbed Wigs Now. New York, Dec. 4.—The longer and more beautiful a woman's hair nowadays the more likely she is to wear a wig—a bobbed wig. And they pay from \$60 to \$100 for them, too, with additional expense for a large hat.

New Lounging Robes. Paris, Dec. 4.—The lounging robes French women are wearing today are reserved for the boudoir, but they would grace any harlem. The new robe turns is of gold lame woven with a mesh of colored chenille of mosses, shell de soie. Thrown loosely over the shoulders is a mantle of azalea-colored velvet printed in silver, which is lined in bright green and edged with ermine.

Cape With a Train. Paris, Dec. 4.—The ermine cape made this winter for Mile. Fernande Diamant, the actress, is so voluminous that when allowed to fall from the shoulders it drags in a long train. To keep it off the ground it is necessary that it be wrapped about the figure and knitted up like a Roman toga.

No Bulkiness. London, Dec. 4.—There is no appearance of bulkiness in the newest fur lined gloves being worn by lovers of the out-of-doors. Many are of gauntlet design, fur lined and topped with mole. The wrists are held snug by elastic and can be worn loose fitting without loss of smartness.

Lounge Lizard. London, Dec. 4.—The lounge lizard is not half so useful these days as his prototype from the desert. One of the most captivating hats seen here today is a mushroom design of lizard skin striped with narrow ribbon.

DELWARE W. I. Special to The Advertiser.

Delaware, Dec. 3.—The regular meeting of the Delaware women's institute was held last evening at the home of Mrs. Lloyd Scott on the second concession. The report of the convention held at London from November 4 to 8 was of much interest.

The president, Mrs. Eivlage, gave a paper on "A Message of Christmas Cheer."

In response to roll-call, boxes of fruit and candy were given for the benefit of the patients at Byron Sanatorium.

## VARLEY-CURRIE. Special to The Advertiser.

Parkhill, Dec. 3.—A quiet but pretty wedding was solemnized this morning in the Methodist parsonage, when Miss Vera Belle Currie became the bride of Arthur Varley. The marriage ceremony was performed at the residence of the bride, the Rev. G. W. Rivers, Mr. and Mrs. Varley will reside in Parkhill.

An American Coffee Crank was simply amazed!

HE voiced a common fallacy, saying there was no good coffee in Canada. A "man who knew" sent him a tin of Rideau Hall Coffee. The American tried it at his New York home and wrote to say he had never tasted finer coffee than Rideau Hall.

The secret of Rideau Hall flavor is that the finest quality of coffee is selected; it is properly roasted; cut by steel dies that eliminate the chaff; then sealed with its fresh-roasted flavor in the patent Vacuum Tin. Its aromatic taste is retained to the last spoonful. Ask your grocer.

British Soccer Results

Associated Press Despatch. London, Dec. 3.—Replayed games in the fifth qualifying round of the English Football Association cup today resulted as follows: Southport 1, Tranmere 0. Gillingham 6, Kettering 2.

In friendly soccer matches the touring South African soccer team defeated Everton by 3 goals to 2, while Brighton won from Cambridge University by 5 goals to 2.

The Navy defeated Devon 5 to 3 in a rugby match at Devonport. A county championship rugby match between Hampshire and Surrey at Richmond resulted in a win for the former by 18 points to 15.

MUSKIES TO FIGHT SALARY DECISION

Muskegon's Santa Claus Says He's Through With Ball.

Special to The Advertiser. Muskegon, Mich., Dec. 3.—The Muskegon Mint league club owners here have made it known that they intend to appeal from the salary award of \$7,500 made by the national board to John "Red" Fisher, former manager of the local club.

Charles W. Marsh, Muskegon manufacturer and president of the club, has signed to see an attempt by the majors to create a corner in players in the demand that the optional terms and the number of players be increased. The major league would give strings on 800 players if the right to control 50 players is given them.

The Mint was filled last year with players on option from the big leagues. It limits the minor league owners to the minimum of speculation in players, and on the surface, at least, seems to be all in favor of the majors.

Home Bank Depositors Have a Claim.
The spectacle of former officials of the Home Bank being sent off to jail is impressive, and shows that there is a determination to place punishment where it belongs.

But to the man in London, Thorndale, Melbourne, Komoka, or any of the dozens of places where branches of the Home Bank were planted, the fact of offenders being sent to jail does not mean much more than that. He may remark "that's where they ought to have been long ago," but that does not make up for the positive fact that he, the depositor, is still out 75 cents on every dollar he put in that bank.

The trial has made it plain that untrue reports were made out, certified to, and accepted by the department of the government responsible for such work. That had been going on for some years back, and each time the government accepted one of those padded statements it failed in its duty because it did not protect the depositors.

because there might very well be occasions when only one would be acceptable to him.
Although there is not now, nor is there likely to be, a law to stop "plumping" for one candidate where three are to be elected, it is not a desirable practice, because it heads off a representative expression of opinion, and denies support to men who would make acceptable members of council.

Figure It Out
Philadelphia Ledger says that as prosperity returns to France, Italy and Belgium, they should begin paying their debts to United States.
A little farther on the same paper points out that the payment of these debts would be such a load that it would stifle prosperity.

This Swindler Found It Easy
Leo Koretz, who was arrested in Halifax a week ago, charged with stealing \$2,000,000 in Chicago, sat in the office of the state attorney there and quietly told the whole story.
He had bought a piece of land in Panama district, and found it was swamp. He wanted to get his money back, so advertised the fact that oil had been struck on it. The suckers began to bite, and Koretz kept on selling until he had \$2,000,000 for his swamp property on which there was no oil, no derricks and no prospects of either. Having a fortune, he left the country.

Note and Comment.
The maritime provinces want the duty on coal increased. The people of Ontario do not.
Striking committee will be named by council. Citizens are keen to have some of the striking directed at the expenditure.

Putting Responsibility on the Home
W. H. Dunlop, inspector of reformatories and jails in Ontario, is suspicious about the work of the jail reformer. In his annual report he says that "prison reformers come and go, but the criminal is still with us."

Hamilton Spectator says it looks as though there would soon be enough Home Bank officials in jail to hold a board meeting.
Prize beef cattle sold at \$1.60 per pound in Toronto, meaning a prohibitive price even for a roast carved off up near the horns.

Shoppin' Early
My Christmas list is penned and done, I can't add to it, no not one, not even if he come in here to shoot me with a gatlin' gun. I've writ the names in black and white, some polished folks, but others rough, as soon as pay day comes around I'm goin' to start to buy the stuff.

The "Plumper" Vote
It is a tribute to the intelligence of the electors of London that in the 130,000 ballot papers marked on December 1 there was not a spotted ballot in the lot. The instructions given to officials from the office of the city clerk were concise and well carried out.

Witty Widow
An Irish sheriff got a writ to serve on a clever young widow, and on coming into her presence he said: "Madam, I have an attachment for you."
"You have?" she said, blushing. "Then I may tell you that your attachment is reciprocated."

Dr. Beattie Points Out That Coming Ministers Will Go With Mother Church Into Union.

Editor of The Advertiser:

CAUTION should be exercised in accepting stories of dissatisfied settlers. There are, of course, instances in which they have ground for their discontent, but investigation frequently shows that the reverse is the case. Father McDonnell, the director of the Hebridean colonization movement, has published the facts regarding a member of one of his parties who not long ago had something to say in Edmonton about the hard treatment he had received. According to Father McDonnell, the trouble with this particular man was that he would not stick to the work that was found for him. After he had given up five different positions on farms, where the wages were from \$25 to \$50 a month with board, he was sent back to his former home. Out of about a thousand Hebrideans and Irishmen brought out in recent months, there are said to be only two examples of this kind, and the second man in question has now settled down to work in earnest. The success of the colonization venture should surely be judged by the experience of the vast majority, rather than by that of one or two individuals.

Witty Widow
From the Boston Transcript
An Irish sheriff got a writ to serve on a clever young widow, and on coming into her presence he said: "Madam, I have an attachment for you."
"You have?" she said, blushing. "Then I may tell you that your attachment is reciprocated."

# FIVE BURNED TO DEATH AS FIRE SWEEPS WRECK

Death Marches, Scores Suffer Terrible Injuries As Interurban Car Crashes Into Truckload of Turpentine at Wyandotte, Michigan—Blazing Spirits Envelop Car, Trapping Passengers.

## VICTIMS ARE BURNED BEYOND RECOGNITION

*Special to The Advertiser By Staff Correspondent.*  
Detroit, Mich., Dec. 3.—Two women, two men and a four-year-old boy were burned to death, and at least a score injured when a southbound Detroit-Cleveland Interurban Limited crashed into a motor truck loaded with turpentine at the Fort avenue intersection in Wyandotte shortly before 7 o'clock tonight.

The dead: E. B. Callahan, Toledo, motorman on the interurban; Mrs. Garrett Klasebert, Toledo, identified by her husband; an unidentified woman with \$840 in a pocketbook and wearing three diamond rings; an unidentified woman and girl, found together and believed to be mother and daughter.

### Beyond Identification.

The dead were so badly burned identification was impossible.

The leading car was burned to the trucks following the crash, the interurban being a two-car train.

The interurban struck between the truck and a trailer, which was loaded with 14 barrels of turpentine, which instantly ignited.

The front car of the limited took fire a moment after the crash, and, sprayed by the flying spirits, was soon a mass of flames. Rescue work was almost impossible, and most of the injured crawled from the burning debris and were given first aid by members of the Wyandotte Red Cross.

A number of injured were taken to the fire station, many of them with limbs burned away and faces disfigured. Here scenes of indescribable agony were witnessed as the suffering begged for assistance or pleaded to be put out of pain.

### Stream of Victims.

Two hours after the crash firemen and other workers were still trying to identify victims, but were impeded by confusion attending arrival of more sufferers, and the need of administering to those more seriously injured.

Elbert Memorial and the Wyandotte emergency hospitals were taxed beyond their capacity, and every available doctor and nurse was pressed into service.

## Costly For City If Man Is Jailed

*Special to The Advertiser.*

Chatham, Dec. 3.—Some time ago Isaac Solway was sent to jail on a liquor charge. During the time he was behind the bars the city maintained the family at a cost of \$1,800. Now Isaac is in jail again and to make matters worse the family is now quarantined for smallpox. Rent is overdue and the landlord wants to eject the family. In addition to furnishing food supplies to Mrs. Solway and the several youngsters, the city is asked to pay the rent.

Some of those less seriously injured said they were almost overcome by fumes of the turpentine, and would undoubtedly have perished had they not been dragged to safety by rescuers from the second car and by Wyandotte firemen, who were on the scene a few moments after the accident.

### 60 Miles An Hour.

The interurban was reported to have been running between 55 and 60 miles an hour when it struck the truck.

The truck was owned by the Liberty Motor Truck Company of Toledo, and driven by Harry Culver. The truck was drawing a trailer, on which the turpentine was loaded. The truck had just cleared the track, according to witnesses, and the interurban train crashed

into the trailer, carrying it half a mile down the track from the scene of the collision.

Culver is being held by Wyandotte police pending an investigation.

## FRED M'GAUGHEY WILL BE HANGED

Governor-in-Council Unable To Save Slayer of Beatrice Fee.

*Canadian Press Despatch.*

Lindsay, Dec. 3.—A message was received here today that the governor-in-council had considered the case of Fred W. McCaughey, under sentence of death for the murder of his sweetheart, Beatrice Fee, and was unable to order any interference with the course of the law. McCaughey is to be hanged on Dec. 5. The crime was committed near Lindsay last spring.

Hangingman Ellis has been in town since Saturday last, and the scaffold is to be erected at the rear of the jail.

McCaughey, who has had frequent visits from his relatives, his spiritual adviser and jail officials, continues to eat and sleep well, and at times converses affably. He appears not to realize that he stands in the veritable shadow of the gallows.

## ASKS ALL TO VOTE ON CHURCH UNION

Dr. John McNair Addresses Congregation of Hamilton Road Church.

The only way for church union to come about is by persuasion and not by coercion. The privilege of voting on church union is a great privilege that should not be taken from any congregation. There has been a fight for 20 years that the congregations have a final say as congregations as to what they desired to do. Some people could not wait until all agreed. They were impatient. When they thought they had a legal right they wanted to go ahead, with the result that instead of going into the union with a full church, they are taking some and leaving others. Some are going into a union with the Methodist church and still leaving a great Presbyterian church outside.

This was one of the points brought out at a meeting in Hamilton road Presbyterian church last night, when Dr. John McNair of New St. James' church addressed the congregation on the subject of church union. The minister spoke in the absence of Rev. James McKay, pastor of New St. James, who had but a few hours before been called to the bedside of his father, who is dangerously ill. Rev. M. F. Cree occupied the chair.

**Fail To Vote.**  
Dr. McNair urged quietness, saying that in 1911 when the vote was taken 150,000 Presbyterians did not exercise their franchise. There were 113,000 for union and 50,000 against it. In 1915 or 1916, 130,000 did not vote, 113,500 were for and 73,000 against it. The number against had increased to 23,000.

The 1915 vote was not a popular vote on it, for there had been an increase of 100,000 members, and many of those who had voted before had passed away. So the vote in 1915 was not a fair judgment. The situation had greatly changed, and what was true of the church at large was true of individual congregations.

If the assembly wanted to carry it amicably it was their duty to put it to the people. The congregations should have the right to pray over the problems of the church today. The minister could not see how the union could possibly be unless the whole people understood it, unless they had read the whole constitution and had gone into it seriously.

The general assembly passed a law in 1915, and by that law all church people and property were to go into the union. For six months after the people had the right to withdraw. They went to parliament with all the power of the Methodist church behind them; with all the pressure that could be brought to bear. The Presbyterians said that they believed it unconstitutional to bring a man into the church against his will, and parliament saw that it was folly. Had unionists' friends' power enough it

## Court Assesses \$10 Fine When Man Puts On His Hat

*Special to The Advertiser.*  
Windsor, Dec. 2.—As William Rymal, Leamington, arose to leave the supreme court chamber at Sandwich yesterday afternoon, just as the day's session was drawing to a close, he absent-mindedly clapped his hat on his head.

"Hats off in the court," called the court crier.

"Constable, arrest that man," said Justice Logie.

Rymal was halted by a constable, near the door of the courtroom, and taken before the bench.

"You are fined \$10," said the court, "to remain in jail until it is paid."

Rymal didn't have \$10 with him, but the money was put up by some of his friends. This morning most of the male audience in supreme court left their hats outside the courtroom. They were taking no chances on absent-mindedness!

would have gone through.

**Made Propositions.**  
Many propositions were made. One was that two months be given for consideration. Dr. McNair declared that two months were not enough; that two months was not enough; only when the unionists found that they could not force it through did they allow six months.

"If we decide that we are going to remain Presbyterians we do not separate. I cannot see for the continuation, for a perpetuation, for the real, true and essential elements of the Presbyterian church, I do not want anyone to say that I have no rights. We have a just right to say that we think regarding the church. We are free, honest, true and we get up in our church and ask that the tradition of the Presbyterian church in Canada be sustained," said Dr. McNair.

"Church union is a deeply religious subject. It is a serious matter. The time for trifling and joking on the subject is past. I cannot hope that all will think with me, and if I appear one-sided in my views you will have the opportunity of hearing the other side," said Dr. McNair.

**Defines Church Union.**  
Dr. McNair said that it was for the congregations to decide whether they were going to have a democratic church free from supervising and free from autocracy in its doctrine. In his opinion, the church union was a movement toward a national church, including all protestants, episcopal in doctrine, ritualistic in its worship, adding that he offered the statement for what it was worth.

The minister stated that when the original committee drew up a statement of faith they did not write one for the three churches. They took an easier way. They imported a creed from the United States, a creed, then they sent to England and got the articles of the Presbyterian faith of England. They took the scissors and clipped from each what they thought would do. It was easy to make a composition of that kind, but imported statements should not be considered. An indigenous church was wanted and with it an indigenous creed.

**Heads To Decide.**  
"Let any issue come before the United Church of Canada and the general conference has the absolute power to decide the issue," said Dr. McNair, asking what power the congregation had over the members.

Speaking of property rights, the minister said that the Presbyterian

TRADING SLIGHT TORONTO MARKET

Brazilian and Goodyear Prove To Be Most Active on List.

Canadian Press Despatch. Toronto, Dec. 4.—Little of interest took place on the Toronto stock exchange this morning, and volume of trading was the lightest of the week so far. Declines about equaled advances, but neither was large. Brazilian and Goodyear were the most prominent, Brazil being the more active. The market was down 1/2% at 10:30, and Smelters' stock advanced 1/2% to 11:15. Improved half at 11:30. Kealey figured in the mines section, but closed unchanged. There was nothing much doing in the cash wheat market, exporters reporting a continued lack of inquiry. The wheat market was quiet and practically unchanged.

Bad Blood Is the Cause of Pimples and Boils

What you need when the blood gets out of order is a good tonic to tone and build up the system and put the blood into proper shape.

Burdock Blood Bitters

Mr. L. A. Deibert, Allan, Sask., writes: "For several years I was troubled with boils and pimples. I tried many treatments, but could get no results. I then took Burdock Blood Bitters and became free of my trouble. It is the only medicine I ever took that did me any good."

Mrs. John Simpson

Do You Need Help? This Advice Is Well Worth Reading!

Kirkton, Ont.—I have found Doctor Pierce's Amuric Tablets to be an excellent medicine. I have been troubled with inflammation in the neck of my bladder for about eight years. I doctored but failed to get cured, so I decided to try Doctor Pierce's Amuric (anti-uric acid) Tablets, and they have relieved me greatly.

Cured His Rupture

I was badly ruptured while lifting a trunk several years ago. I had an operation, but my only hope of cure was an operation. I was cured by Dr. Pierce's Amuric Tablets.

His Auto-Intoxication Had Nothing To Do With Volstead

Mr. M. Cook of 1236 Pacific Street, Brooklyn, N. Y., says: "I felt 'drunk' most of the time. My head was dizzy. I couldn't think clearly. I paid no attention to it until one day I dropped a coin and when I stooped to get it, I got so dizzy I fell in the middle of the street and was almost run over. I later found out that the cause of this condition was due to a sluggish liver causing FAULTY INFESTIONAL ELIMINATION (constipation). This was promptly and effectively overcome by a short course of Carter's Little Liver Pills. They were a life-saver in my case. My appetite has doubled, my dizziness has gone, and my pep is great."

TURN HAIR DARK WITH SAGE TEA

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixture at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Weyth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Weyth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive.—Adv.

"Back was Very Painful I am now Well Again" Mrs. Wm. Walker, Webbwood, Ont., writes: "I was sick for several months with my stomach, I had pains in the back, and how I used to dread wash day, for my back would pain so that I couldn't lie down when night came. I also had gas on my stomach, and my appetite was so poor that sometimes I did not care whether I ate or not. The doctor gave me medicine, of which I took a number of bottles without benefit. At last I started to use Dr. Chase's Kidney-Liver Pills, and although I have only used three boxes, I am quite well again."

**CROSS WORD PUZZLE NO. 44**

This one may test your vocabulary, but you will find it worth all the efforts you may bestow to arrive at a solution.  
Each number in the puzzle indicates the position of the first letter of a word.  
Each word reads from left to right (horizontal) or downward (vertical) according to position. Lettered in correctly, words that cross will interlock.  
Each number in the white squares also refers to a definition in the accompanying table.  
Each definition suggests a word possessing the exact number of letters to fit the white spaces allotted to it.  
Each white space is to receive one letter only. Words start only in numbered squares.
