NO. 93

## The Second Week —OF OUR— GIGANTIC SALE!

Will be an interesting one. The first week was an immense success (one of the best in our history). Each day the crowds increased and the sales were larger. Satisfied buyers, pleased with the bargains they had secured, expressed their delight. We are going to make the second week "BETTER YET," and have added to our already long list of bargains, many special lines that were not on sale at first to replace the "sold outs." COME WITH THE CROWDS.

### Dress Goods at 39c.

Although some of the designs are sold out, we have still a good assortment, for we laid out a big lot—many of them worth 75c per yard. At the sale price, 39c, they are moving out rapidly.

### Dress Goods at 69c.

Worth up to \$1.25, and many of them special values at the regular price. The price of 69c on the table has made it one of the centres of attraction during the past week.

### Skirt Lengths and Remnants

The heavy selling of the past week has left us with a number of short ends of Dress Goods and Tweed Suitings, some of them long enough for a lady's Skirt, others only enough in them for a child's dress. They all have a remnant price on them—and the figure is a low one.

### Striped Skirting at 9c

2 pcs. only in pink and white stripe, a good cloth, full skirting width, 40 inches wide, regular price 15c a yard, special sale price 9c.

### Fawn Corduroy 50c

Worth 75c. A splendid line for Men's Trousers, Boy's Suits, Child's Coats. It comes in two different cords, and is slightly discolored on the back only, our reason for selling it at the bargain price.

### Bleached Cotton 10c

36 inches wide, a fine smooth finished cloth, regularly sold at 12 1/2c yd. During our sale we are offering this special at 10c.

### Bleached Cambric at 12 1-2c.

The 15c quality, and a lovely one it is. A specially fine line for underwear. Spring sewing time is here and you will probably need some of this. You might as well buy it now, while "Sale Prices" rule.

### Ribbons at 15c.

The Ribbon Counter has been a busy spot during these sale days. Is it any wonder, when you think of our selling a fine quality of Taffeta Ribbon in all the leading shades, nearly 4 inches wide, at 15c a yard. The regular value of this line would be 25c.

### Rummage Dept.

This department on the third floor has been a busy spot ever since the sale opened. The prices here are really ridiculous when you consider the actual value of the goods. It's an interesting spot to visit too. Come and rummage with the crowd—you'll find something there you can use, and the price won't be a consideration at all.

### Embroidered Skirt-ings 25c.

Full Skirt width, on fine India Mull, both black and white grounds. The black are nearly all embroidered in white and the white ones in black, heliotrope and other shades. The regular values of these were \$1.00 and 75c.

### Curtain Net at 22c

A bargain that is appreciated at house-cleaning time. It's 52 in. wide, with double border, tape edges, the regular price was 35c, the sale price 22c.

### Lace Curtains at 1.63

3 1/2 yards long, 60 in. wide, in swell design and a beautiful quality of net, worth in the regular way \$2.25. See them at the bargain price \$1.63.

### Bobbinet Curtain 1.68

The regular price was \$2.25. There is not a large lot at this figure but while they last \$1.68 is certainly a low figure for them.

### Lace Curtains 1.98

Only 9 pairs, but regularly were worth \$2.75, fine quality of net, good staple design. 3 1/2 yds. long, 60 inches wide, a good serviceable curtain that will wear well and wash well, special sale price \$1.98.

### Linen Suitings at 15c

16 pcs. in shades of blue, green, pink and ruddiger. These were regular 25c and 35c. Lines, last season's goods. To clean them up we have made an all round price on the lot of 15c.

### Linen Towels 12 1/2c

10 doz of them 18x33 in. hemmed edges, red border, a good fine cloth, a fine wearing line and good value at 12c. Our sale price of 12 1/2c, is making short work of them.

### 44 in. Pillow Cotton at 16c

A great bargain, 44 in. wide, circular pillow cotton, well worth 22c. We had a big quantity of it, but it is going out rapidly.

### UP TO THE MAYOR

"It's up to Mayor Marshall to push matters with regard to the G. T. R. hog pens," was the remark made by Mr. Hadley at the meeting of the Health Board last evening.

"The matter was left with the Mayor by last year's Council," continued Mr. Hadley, "and, from what I can understand, the first magistrate was empowered to take immediate action in having the pens removed. He hasn't done anything as yet, and apparently intends to leave the matter on the shelf for some reason. That is a matter which will have to be attended to. We will have to jog Mr. Marshall's memory."

Dr. Hall also believed that some action should be outlined at once with regard to the hog pens, which he had been in hopes had been settled when it was referred to the Mayor by last year's Council. This matter and that of expenditures in connection with health matters will likely come up for some interesting discussion at the next meeting of the Board.

### TO VISIT CHICAGO

Cricket Club Will Send a Team to the Windy City—The Annual Meeting

The annual meeting of the members of the Chatham Cricket Club was held last evening at the Hotel Gardner.

The following officers were elected:

Hon. President—T. A. Smith.  
President—Robert Gray.  
Vice-Presidents—W. S. Ireland, Wm. Ball, I. L. Nicholl, Manson Campbell, Caleb Wheeler, W. R. Landon.

Secretary—R. Richardson.  
Treasurer—J. W. Aitken.

The club has been invited to take part in the cricket tournament to be held in Chicago in July next, and it was decided that a representative team be sent.

The first match of the season will take place on May 24th and all interested in cricket are asked to turn out to practice on May 1st, when the season opens.

Executive committee—W. B. Wells, J. W. Aitken, S. Taylor.

### A PLEASING EVENT

Young Men of the Church Provided Excellent Entertainment for Friends

A unique and very enjoyable function was held at the William street Baptist church last evening, when Mrs. Hoyt's "Win-One Class" of young men—80 strong—entertained the men of the church and congregation.

The existence and work of this class, now a strong factor in the church work, is mainly due to the personal efforts and winning ways of their much loved leader. A large and appreciative gathering of the men thoroughly enjoyed the hospitality of the W. O. Class, manifested by a good program, followed by excellent refreshments served by the young men of the class. The following is the program rendered:

Devotional exercises and opening remarks by the chairman, W. G. Merritt.

Chorus—The W. O. Club.  
Reading—Frank Snyder.  
Solo—J. Reeve.  
Speech—Mr. Broad.  
Chorus—W. O. Club.  
Intermission.  
Recitation—Mr. Warner.  
Piano solo—Mr. Phelps.  
Recitation—Mr. J. Biggart.  
Speech—Judge Houston.  
Chorus—W. O. Club.  
God Save the King.

Mrs. Hoyt's work certainly seems to have solved the problem to most of our churches, "How can we reach our young men," and her method and work should be well considered.

### NEW DEPARTURE IN BANKING

It will be a decided departure from the old banking custom to find our monetary institutions doing business on Saturday night, but this is what is going to happen in this city and, as advertised elsewhere, the Sovereign Bank of Canada will open its doors to the public to-night between the hours of seven and nine o'clock. This change in banking hours will be a great convenience to the working man or woman who may wish to keep a bank account, as they can deposit from one dollar and upwards in the Savings Banks that will draw interest, and in this way a large number of those who will have balances at their credit in the chartered banks will be greatly increased.

### FIRE IS NOW UNDER CONTROL

One Quarter of the City of San Francisco May Have Been Saved

### CITY WILL BE RESTORED

San Francisco, April 21.—Mayor Schmitz issued the following proclamation yesterday: "To the citizens of San Francisco: The fire is now under control and all danger is passed. The only fear is that other fires may start should the people bid fires in their stoves, and therefore warn all citizens not to build fires in their homes until the chimneys have been inspected and repaired properly. All citizens are urged to discontinue the building of fires. I congratulate the citizens of San Francisco upon the fortitude they have displayed and I urge upon you the necessity of aiding the authorities in the work of relieving the destitute and suffering. For the relief of those persons who are encamped in the various sections of the city, everything possible is being done. In Golden Gate Park, where there are approximately 300,000 homeless persons, relief stations have been established. The Valley Water Co. has informed me that the mission district will be supplied with water this afternoon, between 10 and 12 million gallons daily being available. Lake Merced will be taken by the federal troops."

### City Will Be Restored.

Mayor Schmitz sent a telegram to President Roosevelt, saying: "General contributions of \$1,000,000 from the Federal Government for relief of the destitute persons received and deeply appreciated. The people overwhelmed by your generosity. All of this money will be used for relief purposes. Property owners determined to rebuild as soon as fire ceases. City will immediately proceed to provide capital for the purpose of reconstructing public buildings, jails, hospitals, sewers and salt and fresh water systems. The people hope that the Federal Government will at once provide ample appropriations to rebuild all Federal buildings in the great city of the new San Francisco. We are determined to restore to the nation its chief port on the Pacific."

To Avert Famine.  
The grave question: "How soon will an adequate supply of food arrive from outside points to avert famine and destitution? There is little food in San Francisco outside of what little each person possesses, and this cannot last more than a few days. San Francisco geographically is an isolated city. Its nearest neighbor on the south is Los Angeles, 500 miles away. To the north is Portland, nearly 300 miles distant, and its nearest sister in the great east is Salt Lake City, 1,000 miles away. These cities and all of the less populated nearer towns are making sacrifices for the destitute here, but it is the big cities of the nation that San Francisco looks with anxiety for relief."

Mayor Schmitz looked weary yesterday, but was energetically at work at his desk though he had had little or no sleep. A pollman reported that two grocery stores in the neighborhood were closed, although the clerks were present. "Smash the stores open," ordered the mayor, "and guard them."

The seizure of supplies coming in on the trains by the relief committee has been authorized by the mayor. The relief committee yesterday seized a carload of flour containing 100 sacks. A carload of ice also was seized for the hospitals. A carload of potatoes also was taken.

Livermore sent in a wagon load of butter yesterday. Winters also has notified the committee that there is a carload of hams, butter and eggs on its way here from that locality. Other cities are sending supplies. At present the supply stations is emptied as fast as goods are received.

Sixty carloads of provisions, clothing and other supplies for the San Francisco sufferers left Los Angeles yesterday and last night. Supplies are piled high at Fort Depots, people bringing offerings in endless procession. The Santa Fe Railroad sent a trainload of provisions with instructions to take on additional carloads of supplies along the way to San Francisco.

Quarter of City Saved.  
At 2 p. m. it was positively stated that the fire was under control with the probability that one-quarter of the city lying west of Franklin street and known as the western addition, northward to the Presidio, will be saved. The stand made at Vanness avenue generally was successful, the flames crossing that avenue to the west in only a few places. Two men were shot and killed yesterday morning. Policeman Flood, on entering his home, encountered a stranger, who attacked him. Flood shot him dead.

Killing Law-Breakers.  
Special Policeman Snyder killed a man, but the details are not known. Fourteen men were killed Thursday night by soldiers guarding the mint, and Policeman Jos. M. Myers was bayoneted.

### HIGH TAX RATE

The statement made by Chairman Scullard of the civic Finance committee at the meeting of the Health Board and his committee last evening, would indicate that the civic rate this year will likely be very high.

"We must remember 'in all our transactions,'" said Aid. Scullard, "that this is likely to be a year of heavy tax rates. Since the consolidation of our \$50,000 overdraft we find we have a deficit of \$10,000, which of course must be met. We are thus face to face with this enormous deficit, some of which we will have to pay off this year. The tax rate will necessarily be high this year so we have to go slow in the matter of expenditure."

### IN NEW QUARTERS

Board of Health Will Lease a Building for a Temporary Isolation Hospital

At a meeting of the Board of Health held after the joint meeting with the Finance committee, it was moved by Mr. Baxter, seconded by Mr. Hadley, that the M. H. O. be empowered to lease a building for the term of six months as a temporary isolation hospital. Carried.

Mr. Wanless moved that the Board recommend that the City Council furnish the Health Inspector with a wheel for use in his duties. Mr. Dr. Hall also believed that the inspector should be supplied with some means of conveyance by the city.

Mr. Baxter said that he would be in favor of seconding the motion were it not for the fact that the Council were already complaining about the excessive expenditures of the Health Board.

Mr. Hadley—it was only last meeting that we asked the Council to make a grant to the Health Inspector for extra duties.

Chairman Charteris—And he has never received it.

As the motion did not receive a second, it was left over to be dealt with at the next meeting of the Board.

### PROFITABLE TIME

Inspector Colles Returns Home From Attending Meeting of Ontario Educational Association

Inspector Colles returned last night from Toronto, where he has been attending the meeting of the Ontario Educational Association and working in the interests of the public schools. Mr. Colles succeeded in bringing the Minister of Education to consult with the Inspectors' Department and in having the matter of aid to the continuation classes discussed. Hon. Dr. Pyne's policy is clearly defined and he will ask the Legislature to make substantial grants to the schools and to provide that the municipalities shall use the same degree of liberality towards them. If there be one class of schools more than any other that the Minister is determined to develop into greater efficiency, it is continuation schools, and he stated positively that he would provide material aid for that class of work.

Some of the more cautious friends of the schools and of the Government are quietly advising the minister against too great liberality in every direction for the good of education, lest the changes be considered too radical. The Minister certainly has a large heart for the schools of the people, and he is determined to stand or fall by the carrying out of what the party promised before the elections.

The Toronto press paid Inspector Colles a compliment in the amount of space given to reports of his address upon the improvement of rural schools; the Mail and Empire devoting nearly three quarters of a column to it. The Trustees' Department passed a resolution to print the address in full, and thanked the Inspector for it.

### ADELAIDE THURSTON

The theatre-goers are looking forward with pleasurable anticipation to the annual visit of Adelaide Thurston in her new play, "The Triumph of Betty," at the Grand Opera House next Tuesday. While Miss Thurston is a host in herself, still her company this season is the largest and most capable that has ever supported this sweet little actress, and her production will be complete in every detail. Miss Thurston's engagements here have always proven notable successes and no doubt her many admirers will be out in force on Tuesday evening. The advance sale opens to-day. Secure your seats to-night. Briscoe's will be open.

WANT MATERIAL PROOF

FORGETTING SPIRITUAL THINGS ARE SPIRITUALLY DISCERNED.

FOR DOUBTING THOMASES

Amplification of Our Conceptions of God Will Lead Us Away From Human Error and Misconceptions of the Almighty and Into Simple Faith and Obedience Wherein Are Found Peace and Joy.

Entered according to Act of Parliament of Canada, in the year 1906, by Frederick Dyer, Toronto, at the Dept. of Agriculture, Ottawa.

Los Angeles, Cal., April 15.—In this sermon the preacher shows how our human misconceptions of God and his promises lead us into error and the remedy is simple faith and obedience. The text is John 14, 48, "Except ye see signs and wonders, ye will not believe."

We are always demanding gospel proof. Like Gideon of old, we want our faith bolstered up by the wet fleece. Like doubting Thomas, we want to see Christ in the flesh and to thrust our fingers into the torn palms of the hands and into the wounded side before we will believe that he is risen from the dead.

Signs and wonders theological have come to us. God and his attributes pass all the realms of human explanation. The story is told that one day Michael Angelo entered the studio of Raphael.

The rapid growth of the Peruna Medicine Company is as phenomenal in the business world as the universal popularity of their famous remedy, Peruna. The plant covers a number of acres, and employs several hundred people.

Other Remedies Failed—Pe-ru-na Cured. Mrs. Chas. Steinecke, Stoughton, Wis., writes: "My experience with Peruna has been most pleasing. By carelessly leaving a heated ball room I got thoroughly chilled and caught a heavy cold which settled on my lungs."

Cured in Four Weeks of Severe Cold on Lungs. Miss Josie Schaezel, R. R. No. 1, Appleton, Wis., writes: "I contracted a severe cold which settled on my lungs in very short order and it was not long until it developed into a serious case of catarrh."

Given Up By Doctors—Cured By Pe-ru-na. Miss Margaret Fahey, 49 Adams St., Troy, N. Y., writes: "I have used Peruna in our family for years and I am very pleased to say that it cured me of catarrh of the lungs when the doctors gave up all hope of my recovery."

Entirely Cured By Several Bottles of Pe-ru-na. Miss Ella M. Miller, one of Washington's society girls, writes from 140 F street, N. E., Washington, D. C., as follows: "With pleasure I recommend your medicine for catarrh of the head."

Pe-ru-na Contains No Narcotics. There are a great many catarrh cures in the world. The most of them are local applications. Few of them are to be used internally.

One reason why Peruna has found permanent use in so many homes is that it contains no narcotic of any kind. Peruna is perfectly harmless. It can be used any length of time without acquiring a drug habit.

THE MEDICAL SENSATION OF THE AGE—THE DISCOVERY OF PE-RU-NA

BY DR. S. B. HARTMAN.

MISS JOSIE SCHAEZEL, R. R. No. 1, Appleton, Wis.

MISS ELLA M. MILLER, 140 F. St., N. E., Washington, D. C.

MRS. CHAS. STEINECKE, Stoughton, Wis.

MISS MARGRET FAHEY, 49 Adams St., Troy, N. Y.

The World's Greatest Medicine Factory. The rapid growth of the Peruna Medicine Company is as phenomenal in the business world as the universal popularity of their famous remedy, Peruna.

A Doctor's Prescription. For years Dr. Hartman used Peruna in his private practice as a regular prescription. He had no thought of manufacturing it or advertising it as a proprietary medicine until there was a demand made upon him by his many friends, who clamored for the original prescription.

Pe-ru-na's Popularity. Peruna is not like so many other remedies that pass away as soon as the first few bottles are used. The longer Peruna is used in any community, the more popular it becomes.

Pe-ru-na Actually Cures. The reason why Peruna has become a standard catarrh remedy the world over is simply because it cures catarrh.

seen nothing. We recoil in terror. We might fall in a straight line during a whole eternity, nor ever reach the bottom. It is infinite in all directions. So wherever we go into the past let us always think of God as still farther back. Backward we can go ages upon ages, trillions and quadrillions of years, and there we still find God's eternal existence.

upon us. But is this true? Nay, Amplify! Amplify your idea of God's personality. In the One Hundred and Thirty-ninth Psalm I read these words: "Whither shall I go from thy spirit or whither shall I flee from thy presence? If I ascend up into heaven, thou art there; if I make my bed in hell, behold, thou art there; if I take the wings of the morning and dwell in the uttermost parts of the sea, even there thy right hand shall hold me."

land, then the grass, then the living creatures in the water, then the animals, then man. "Oh," you say, "that is a simple story." Yes, it is so simple for thousands of years the scientists were trying to discover the order of creation, and now, much to their surprise, the biologists have found out that the order as written by Moses thousands of years ago is the scientific daily accepted order of creation of today.

and the billows heave, he does not rush upon the deck and say, "Let me take that wheel." Nay, he says, "The captain knows best, and he will see us through." So may it be with us in life's voyage.

Red Rose Tea Uniformity. A TEA that is good to-day and poor to-morrow is unreliable. Have you ever noticed variations in the quality of the tea you use? One package good, the next bitter, herby, perhaps weak and insipid.

Red Rose Tea is good Tea. T. H. Estabrooks. St. John, N.B., Toronto, Winnipeg. The first chapter of Genesis opens forth and speak. This is to me one of the most wonderful of all messages of the Bible.

MAKES MEN SOUND & STRONG. YOU PAY WHEN CURED. DR. S. GOLDBERG. The Possessor of 14 Diplomas and Certificates from Medical Colleges and State Boards of Medical Examiners, so that there may be no doubt in the mind of any man that he has the ability to do so.

Earrings have always been among the most favorite ornaments of nearly all the nations of the world, certainly with those which are called civilized. Indeed among the Persians, Babylonians and Carthaginians they were worn by men as well as women. They were always worn by Greek women from Hera in the "Iliad" down to the Venus de Medici, whose ears were pierced for the reception of earrings. Pity tells us that there was no part of dress upon which greater expense was lavished among the Romans. Many Egyptian earrings of very beautiful design have been preserved, and these antique designs have been imitated in modern times.

**BOILS ALL OVER HIS FACE AND NECK**

**BURDOCK BLOOD BITTERS DID FOR HIM WHAT FOUR DOCTORS FAILED TO DO**

KEWATON, Ont., July 23rd, 1906.  
 Messrs. THE T. MILBURN CO., LTD., TORONTO, Ont.

DEAR SIR:—I am writing to let you know what Burdock Blood Bitters has done for me. I am a young man, twenty years old, and a year ago last March I began to feel dull and sick, and was greatly troubled with boils coming out on my face and neck, mostly on the latter. I would no sooner get rid of one than another would appear, and I was very miserable. I had four doctors trying to cure me but they had very little success. They would stop them for a month or six weeks and then they would be as bad as ever again.

Almost every patent medicine advertised as cure for boils, I could get hold of. I tried, but without success. At last one day, last spring, someone happened to say, "why not try taking Burdock Blood Bitters for the blood?" I was willing to try anything and immediately sent for a bottle, but at the time was doubtful if it would be of any use. However, I used that bottle and while I was taking it began to feel better, although I still kept having a few boils but not nearly so many as before. I used the medicine a week out of every month. I kept on taking the medicine until I had taken six bottles, and needless to say, I was not sorry I did so when I tell you I have not had a boil appear for the past three months. My body was surprised when they heard that Burdock Blood Bitters had done for me what four doctors failed to do. If any sufferers are afflicted with boils, I would strongly advise them to use B.B.B. It makes you feel like a new man. I always keep a bottle in the house, now, as I think it is a medicine that should be in every household.

Yours truly,  
 HENRY A. SMITH.

Absent-minded.

One of the most brilliant of all Eaton's masters some years ago was a very absent-minded man. He was reported to have been seen one day chasing a hen down Windsor hill in the fond belief that she was his hat!

Malleous.

Miss Longears—you know I have been called good looking. Cynics—I dare say. The standards of beauty change every ten years or so.—St. Louis Post-Dispatch.

**Nothing Relieved His Kidneys Until He Tried Bu-Ju**

MARKHAM, Ont., Dec. 1, 1903

"I had suffered for seven years with kidney trouble. Could scarcely walk and was unable to attend to my farm. Saw "Bu-Ju" advertised, and after taking the first few pills, felt much relieved. After taking half a box, was able to do a full day's work. I know one box of "Bu-Ju" saved me \$40.00 doctor bills."

"JAMES ABBOTT."

It costs only 3c a day to take "Bu-Ju"—the kidney pill that never fails. All druggists have "Bu-Ju" or will get them for you.

**INTERNATIONAL BIBLE LESSON FOR TO-MORROW.**

"Jesus, the Sinner's Friend."—Luke 7, 36-50.

Golden Text—"Thy faith hath saved thee, go in peace."

We thank God for giving us this most touching scene and the table talk between our Lord and Simon, the Pharisee, who evidently invited this wonderful guest to dine, in a spirit of condescension, and never offered Him the usual attentions furnished his friends. We can only understand this incident when we know that their meals were eaten from a low table, the guests reclining on their left elbow with their feet curved outwards towards any standing around the circle of those invited. A stained, fallen woman, notorious for her sin, pushed through the throng with her box of spikenard. Verse 38—Standing or stooping behind, at his feet, she wept, wetting His unsanded feet with her tears, wiping them with her flowing tresses, and kissed His feet, anointing Him with her fragrant ointment. Simon evidently thought Jesus no prophet, or He would discern the character of this woman, whose touch was defilement, yet Jesus was reading both Simon and the woman through and through.

Verses 40-47—Our Lord gives Simon an exercise in mental arithmetic in sinful proportions. As 500 is to 50, so this great Saviour gives an abundant pardon while her heart overflows with love to Him, and Simon's miserable, icy hospitality is shamed by the contrast.

Love to Jesus Christ is the root of all true Christianity. It is the perfection of faith and is the fulfilling of the law. The heart that takes fire at the mention of the Saviour's name, that swells with sympathy and ardor at the story of His life, and death, and triumph, that looks to Him in His hidden home as the Lord of its affections and the chief joy of its life; that is bound and drawn by sweet constraints of living gratitude, to untiring devotion and obedience; that thrills with the contemplation of seeing Him as He is, and being with Him forever; that longs and prays in His absence, "Come, Lord Jesus, come quickly!"—is the heart most surely in harmony with heaven, and on which the favor of the Heavenly Bridegroom is most unmistakably set. Let a soul be alive in love to God and make it his joy to give his whole heart to Jesus, his title is clear, and his acceptance sure.

It seems presumption to comment on this lesson; it is such a perfect gem, set by the Holy Spirit, that nothing said or written by man can improve it, and may only spoil it. Oh, that our hearts were thus filled!

**CHURCH NOTES.**

A. U. M. P.

Services will be held as usual to-morrow.

Regular weekly prayer meeting on Wednesday evening at 8.

**Is Disease a Crime?**

Not very long ago, a popular magazine published an editorial article in which the writer asserted, in substance, that all disease should be regarded as criminal. Certain it is, that much of the sickness and suffering of mankind is due to the violation of certain of Nature's laws. But to say that all sickness should be regarded as criminal, must appeal to every reasonable individual as radically wrong.

It would be harsh, un sympathetic, cruel, yet criminal, to condemn the poor, weak, over-worked housewife who sinks under the heavy load of household cares and burdens, and suffers from weakness, various displacements of pelvic organs and other derangements peculiar to her sex.

Frequent bearing of children, with its exacting demands upon the system, coupled with care, worry and labor of rearing a large family, is often the cause of weakness, derangements and debility which, aggravated by the many household cares, and the hard, never-ending work which is necessary to enable her to perform. Dr. Pierce's Favorite Prescription, which is the greatest of medicines in the cure of the most distressing ailments of the female, over-worked housewife can not get the needed rest from her many household cares and labor to enable her to secure from the use of his "Prescription" its full benefits. It is a matter of frequent experience, he says in his extensive practice in these cases, to meet with those in which his treatment fails by reason of the patient's inability to abstain from hard work long enough to be cured. With those suffering from prostrata, anteversion and retroversion of the uterus or other displacement of the womanly organs, it is very necessary that, in addition to taking his "Favorite Prescription" they abstain from being very much, or for long periods, on their feet. All heavy lifting or straining of any kind should also be avoided. As much rest as possible, with moderate, light exercise is also very important. Let the patient realize that the "Favorite Prescription" will do the rest.

Dr. Pierce's Medical Advertiser is sent free on receipt of stamps to pay expense of mailing only. Send to Dr. E. V. Pierce, Buffalo, N. Y., 31 one-cent stamps for paper-covered, or 50 stamps for cloth-bound.

If sick consult the Doctor, free of charge by letter. All such communications are held sacredly confidential.

Dr. Pierce's Pleasant Pellets invigorates and regulates stomach, liver and bowels.

**EARTHQUAKE IN INDIANA.**

Miners Suffer From Earth's Tremors—There Was One Fatality.

Calumet, Mich., April 20.—An earthquake shock, which was felt distinctly throughout Hancock, Ind., was most pronounced in the Quincy mine, killing Timothy Leary and injured four others while working one mile below the earth's surface in that property yesterday. In numerous instances buildings rocked, chimneys fell and dishes rattled, terrifying the citizens. Many miners suffered from earth's tremors.

## LOCAL

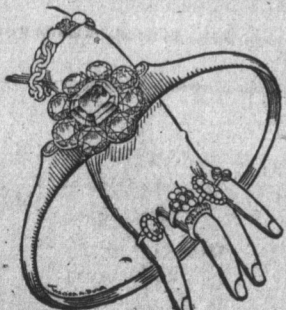

The Defiance Iron Works building was broken into last night and a number of tools stolen.  
The St. Andrew's Church choir and the First Presbyterian Church choir will repeat the music given last Sunday, to-morrow.

### BANKS OPEN

The Standard and the Sovereign Banks of this city inaugurate a new system this evening when, for the convenience of their patrons, they will remain open from seven o'clock till nine.

### A SUDDEN CALL

A shockingly sudden death was that of Mrs. D. S. Gray at her home on Cross street yesterday afternoon. The late Mrs. Gray was busy making preparations for the evening, assisted by her daughter-in-law, Mrs. Geo. A. Gray, when she was suddenly afflicted with apoplexy, and swooning away, died almost instantly. Her daughter-in-law came quickly to her assistance, but the afflicted lady had breathed her last and was beyond human aid.  
The deceased was 64 years of age and was born in Ireland. She came here from Woodstock, and had been a resident of Chatham for the past six or seven years. She was highly respected and beloved by all who knew her for her many fine womanly qualities.  
Her husband and two sons, John S., of Toronto, and George A., of this city, are left to mourn her loss, while one brother and two sisters survive her. Richard Kateron, of Hampden, Ont., Mrs. Maggie Petrie, of Simcoe, and Mrs. Moore, of Newcastle, are left to mourn her loss.  
The remains will be conveyed to Newcastle to-morrow afternoon, where the funeral will take place on Monday.

## Rings

Ranging from the Plainest Gold Band to the most ornate finger ring, set with diamonds, emeralds, rubies, opals, pearls, or other gems. They are all here to suit every taste, every purse, and every kind, just as you want them. Special orders executed promptly and satisfactorily.

## DEBATE ON LOCAL OPTION

Legislature Continues the Term to Three Years

OTHER BILLS WERE UP

Toronto, April 21.—The debate of yesterday afternoon in the Legislature centred around the proviso for local option voting clauses of the liquor license bill.  
Hon. Mr. Hanna, in first taking up the act, explained that the definition of a tavern was enlarged, and every regulation must be published in The Ontario Gazette.  
Mr. MacKay thought in the case of a bartender removing to another city his license should go with him.  
There was pointed out an amendment allowing employment of extra bartenders for cases of emergency, but limiting the time to two days in a month.  
It was stated that the bill would not come into effect in respect to determining population by the last enumeration of assessors till Jan. 1, 1907.

**Fees to Be Charged.**  
On the section referring to license duties being reached a new division was inserted. Towns having a population of less than 5,000, and more than 2,000, will pay a license fee of \$250. In towns having population of 2,000 or less will pay \$250, while the same fee applies to incorporated villages.  
It was pointed out in the large cities the shop license was less than the tavern license, while in villages the reverse was the case.  
Mr. Graham said he had been informed that some of the municipalities would receive less money under the new scale of duties, but Mr. Hanna pointed out that the next section would cure that, the power being given municipalities to increase the duties.  
There will be no change with regard to the sale of liquor to guests at hotels. The clauses in the new act were struck out, and the old act stands.

**Penalty Clauses Struck Out.**  
The first four penalty clauses were stricken out. Mr. Hanna explained that when the section was drawn it was intended to bring in the Consolidated Liquor Act this session. Although the bill had been drafted it would be held over.

The Government takes the power to issue wholesale licenses, but not in local option municipalities.  
Regarding the cancellation of licenses after three convictions in two years, the section providing that a conviction since May 1, 1905, shall be counted as one of the convictions was stricken out.

**Hamilton's Grievance.**  
Mr. Carscallen objected on behalf of Hamilton's liquor shopkeepers to their being asked to pay the same license fee of \$700 as hotel proprietors. Their great grievance, and suggested a \$500 fee. Mr. Hanna said the proposition was an entirely new one but was willing to have it considered later.

Mr. MacKay argued that in small places liquor shop licenses were too high by comparison, and Dr. Lackner agreed that they were in the case of incorporated villages. He thought liquor dealers shouldn't be in fairness to competitors be allowed to carry other lines, such as groceries.  
Mr. Ganev took a critical view of the taking away from municipalities of control over the traffic. He didn't know whether the step was a right one, but agreed that it was proper for unorganized districts.  
Dr. Lackner claimed that the treatment of Berlin in classing it as a city and shops as a \$500 license for hotels claimed Berlin should be classed as a town. "It will be considered," promised Mr. Hanna.

**Local Option Debated.**  
The local option section brought out a lively tilt. Mr. MacKay protested against the three-fifths requirement. It was minority rule—a mechanical balancing of the law at the expense of logic. He went on to say that forty-

## CORSET DEMONSTRATION!

From Tuesday to Saturday  
April 24th to 28th,  
at the Austin Store

**Miss McClelland**, of Toronto, an expert Corset Demonstrator, will be here on the above named dates to demonstrate to the Ladies of Chatham the superior fitting qualities of the famous B. & I. Corsets.  
The demonstration is free in every particular. Special fittings may be arranged for without charge and you are not required to purchase any of the corsets because of being fitted. When possible come in the morning and bring your friends with you.

**New Gloves**  
We received a shipment Friday of elbow lengths in both Kid and Silk Gloves. Come at once as the quantity is limited.

## Carpet Values

That Prove  
...Our Absolute Leadership...

Not a handful, not a mere sprinkling of the spring styles but a complete showing of all that's new in Carpets and Rugs. Never before has our range been so complete, and our values more worthy. Do not hesitate, but buy now.

**TAPESTRY CARPETS**  
Thousands of yards that show careful selecting as to design and quality, at 25c, 35c, 50c, 60c, 65c and 75c per yd.

**ENGLISH BRUSSELS CARPET**  
With a record for wear and appearance, 4 and 5 frame-body stock, an excellent variety at 90c, \$1.00, \$1.10 and \$1.25 yard.

**ENGLISH VELVET CARPETS**  
Direct from the mills, not a poor one in the lot, borders and body to match, at \$1.00, \$1.15 and \$1.25 per yard.

**ENGLISH BALMORAL CARPET**  
Woven to wear and patterned to please in a wide showing at only 75c per yard.

All our Carpets at 50c per yard and over are made and laid without extra charge.

**Men! Here's the Clothing You Want..**  
In all Ontario there are no better styles. In all Canada no values to surpass these. Special showing of our full range of Men's Suits, Saturday. See east King St. window.

Single and Double Breasted Sack Suits, Short Box and form fitting Top Coats, Black Suits and Blue Serge Suits, Cravenette Rain Coats at \$7.50, \$10.00, \$12, \$13.50, \$15, 16.50.

We present the styles as equal to the best that America can show, and unchallenge all Canada to equal the values given in form and fabric at the prices.

**C. AUSTIN & CO.**  
Reliable Clothiers and Outfitters

# Pure Olive Oil

Is more than luxury—it is a food of the finest kind. It is the most nourishing, and best flesh-building tonic that can be taken, and is certainly easy to take. Pure olive oil is practically tasteless, and can be added to any salad with advantage. A tablespoonful taken three times a day will work wonders with any run-down system.

It is not expensive—we sell the first Italian oil for

**50c and 50c a Bottle**

Smaller bottles of French Olive Oil at

**2 Cents**

**H. McColmson**

# COAL WOOD GAS

Therefore has a range been made which would give entire satisfaction all three of these fuels. But

**Perfect Idea**  
we have the one and only range that is satisfactory for each and every one of them. We know it is right and it will give us pleasure to it to you.

Remember, the cost to you is more than any other high range would be with which coal and wood can be used.

Do not have one on trial? You risk. We will take it away if you are not entirely satisfied.

# TO-NIGHT

Agent wanted for the Canada Life Assurance Company for Chatham and vicinity.

Mrs. Wm. Rice, of Dresden, is visiting Mr. and Mrs. R. T. Asher, Raleigh street.

Wanted—Waist and Coat makers Apply to Miss Wright at Thomas Stone & Son's.

J. H. Lancaster and family left yesterday for Montreal, where they will reside.

We have just 120 more of that world beater, The White Sewing Machine, Geo. Stephens & Co.

Thirty days ago at Bailey's Studios, slashing attack on prices. Get your photos taken while the cheap rates last.

Two good shows—Joseph Murphy's Kerry Gow Monday night, and Adelaide Dauben in The Triumph of Betty Tuesday night.

Crestonville, Lilies, Tulips, Hyacinths, Azaleas, the best and cheapest, at Victoria Ave. Green House. Phone 351.

Wm. F. Heydon, formerly with S. Buehler, saddler, of this city, but now of Toronto, said the Maple City a business trip Thursday.

George Frye, an employee of the Biologic Co., was united in marriage on Wednesday evening to Miss Mabel Mann, of Wallaceburg. The ceremony took place in the latter town.

Come to the re-opening services in Victoria avenue Methodist church. A hot supper will be served from 6 to 8, followed by a splendid program, Monday, April 23rd. Tickets 25c.

Mr. Jos. Capman, the well known North Chatham butcher, has purchased a fine Mason & Rich piano from Geo. Stephens & Co.

Special sermons and special music at the anniversary services in Victoria avenue church to-morrow evening, theme, "Lessons from the San Francisco Disaster."

Dr. Owens, London, eye and ear surgeon, will be at Radley's drug store Monday, April 23rd. Diseases of the eye, ear and nose treated and spectacles and eyeglasses properly fitted.

There was a good attendance at the smoker given by Capt. Hope, A. O. F., on Wednesday evening, to their members and friends. Progressive euchre was indulged in, and the fragrant weed came in for its share of attention. James Dyer and Mr. Rigby were the winners of the prizes—two pipes.

# SOCIETY

Miss Helen Rispin gave a very pretty tea yesterday afternoon in honor of her visitor.

Miss Hodgins gave a well attended tea on Tuesday afternoon.

Mr. and Mrs. A. C. Trudell attended an assembly in Wallaceburg on Wednesday evening.

Miss May Milner, William street, has returned from a pleasant visit to Miss Annie Smith, her cousin, in Strathroy.

Mr. and Mrs. G. P. Schofield returned to Toronto on Wednesday morning after visiting friends in this city.

Miss Edith Rispin, who has been visiting in San Francisco for the past three months, returned home Tuesday evening.

Mrs. Wm. McKeough, Mrs. W. E. McKeough and Miss McKeough, returned from a visit to Toronto a few days ago.

Miss E. Spier, of Lindsay, who has been the guest of Mrs. Geo. McKeough, Head street, returned home Wednesday.

Dr. and Mrs. Fraser, of Thamesville, were guests of Mr. and Mrs. W. M. Drader, Wellington street, on Tuesday.

Mrs. and Miss Minty, of Chatham, have been the guests of Mrs. D. G. Revell and Mrs. J. E. D'Avignon during the Easter holidays.—Windsor Record.

On Thursday evening Miss Edith Hall, Third street, was the charming hostess at a dance given to her young friends in honor of Miss Rispin's guest. The event was quite a large one and was most successful and enjoyable.

Miss Donalda Foreman, Adelaide street, gave a very pleasant dance on Tuesday evening. Miss Foreman made a very pretty hostess and her dance was one of the most enjoyable events of the season.

Mrs. A. R. Coltart gave a thimble party for the young married people yesterday afternoon in honor of her daughter, Mrs. Coltart, of Montreal. The affair was most enjoyable and largely attended. Those who assisted were Meses Sissons, Ina Rankin, Fanny Massey and Northwood.

A very pretty wedding took place in St. Thomas, when Laura Marguerite, youngest daughter of Mr. and Mrs. C. E. Williams, became the bride of Arthur Henry Leman, of Toronto. The ceremony was performed in the drawing room, beneath a beautiful floral bell, suspended in an arch entwined with smilax between two Gothic pillars, surmounted with Easter lilies, which formed a portal banked with palms, brides roses and tulips. The wedding march was played by Mr. Frank Phelps, organist of the William Street Baptist church of this city. Rev. D. R. Drummond, of Hamilton, in his clerical gown, performed the solemn service which robbed St. Thomas of one of its fairest daughters. Among the out of town guests were Mr. and Mrs. Frank Phelps, of this city. The bride is well and popularly known in this city. She has visited here several times.

The first society event of the post-Lenten season in St. Thomas was the marriage of Miss Blanche Muriel Ermatinger, daughter of His Honor Judge Ermatinger and Mrs. Ermatinger, and Mr. Maxwell Kennedy Moorhead, Consul of the United States of that city, which was celebrated in Holy Trinity church, followed by a reception at the bride's home. Venerable Archbishop Arundel C. Hill, M. A., rector of the church, was the officiating clergyman. Among the out of town guests were Mrs. Pringle and Mrs. Creighton of this city. Mrs. Creighton was becomingly dressed in black, with white hat and boa, and Mrs. Pringle in white and black. They will visit the principal cities of the Eastern States, and after about two weeks will return to St. Thomas, where they will remain until June, when Mr. Moorhead's term of office here expires.

# TOO GOOD TO MISS

"Kerry Gow," an old favorite, comes to the Grand on Monday. It is the play in which Joseph Murphy won fame. Allen Doone interprets the part of Dan O'Hara and no better portrayal of this interesting character is possible. He is surrounded with talented players, Joseph Murphy's own company, and it is safe to say that Grand patrons on Monday will witness one of the most enjoyable and entertaining productions on tour.  
Minard's Liniment cures colds, etc.

# ACCIDENTALLY SHOT

Charles Price, of Wellington street, accidentally shot himself through the wrist Thursday evening. He was coming out of his home holding a revolver by the muzzle in his right hand, when he knocked the weapon against the door-jam and discharged it, the bullet passing right through his wrist.

# A CAMPBELLTOWN BUILDER SPEAKS

He Found Nothing to Equal Dodd's Kidney Pills for they Cured Him of His Trouble.

Mr. W. H. Wallace is a Well Man To-day, But he was Pretty Bad Before he got Cured by Dodd's Kidney Pills.

Campbelltown, N. B., April 16.—(Special)—"It was a cold started my trouble," says Mr. Wallace, of this place. "I am a contractor and builder, and my work causes me to be out and exposed to all weathers, so I suppose, it was in that way I got cold. Any way it settled in my kidneys and made me pretty sick. I got Lumbago in the back, cramps in the muscles, pains in the loins, shortness of breath, a dragging pain at the joints and my urine was thick with a dark sediment. Then I took Dodd's Kidney Pills and they soon put me in shape and cured me so that I have had no trouble with my kidneys since."

# REGIMENT ORDERS

Mr. Robert Arnold, an old settler, died at his home on Tuesday last.

The remains were interred in the Phillips cemetery on Thursday by the C. O. F. Rev. Mr. Taylor, Mr. Orton and Rev. Mr. Miller officiated.

Work hard—you'll get there.

MARTYR DAYS ARE NOT YET PASSED!

GREAT ARMIES OF MEN AND WOMEN GO UP AND DOWN THE EARTH IN BONDS MORE IRKSOME, IN SUFFERINGS MORE INTENSE, IN SHACKLES MORE SECURE THAN WERE THE IRON MANACLES OF SLAVERY DAYS, AND YET THE "LINCOLN OF EMANCIPATION" FINDS IN THESE LATER DAYS HIS COUNTERPART IN

Dr. Agnew's Catarrhal Powder

whose mission it is and which mission it fills in freeing thousands from the bondage of dreaded, disgusting, distracting catarrh, that cruel, relentless master that is no respecter of persons. How do you know you are in its thrall? Note the symptoms—headache, watery eyes, pains over the eyes, dizziness, buzzing in the head, dropping in the throat, offensive breath, dryness in the nostrils—any or all of these symptoms are forerunners of catarrh, and catarrh in the head stage can be relieved in 10 minutes by Dr. Agnew's Catarrhal Powder and the sufferer may be saved the suffering that comes with the chronic stage and the distress and maybe fatal results when catarrh takes hold on the lung tissues.

Take catarrh in time with this wonderful cure, which, as thousands have said and thousands more could say, "works like magic," and you will have struck the chord that is the keynote to health and happiness.

ALL DRUGGISTS AND MEDICINE DEALERS SELL IT. DR. AGNEW'S CURE FOR THE HEART gives relief in thirty minutes. DR. AGNEW'S OINTMENT relieves eczema, scrofula and all skin eruptions with first application—35 cents.

SOLD BY W. W. TURNER AND C. H. GUNN AND CO.

GAYNOR AND GREENE.

Principals in Jail Now—Resume of the Case Which Brought Some Disgrace to Canada.

It is with some reluctance one ventures the opinion that the Gaynor-Greene case has ended. So often has the announcement been made that Canadian readers treat its repetition with the incredulity that used to provoke on her "farewell tours." For more than three years Messrs. Gaynor and Greene played hob with justice in Canada, and made it a disgrace at home and a laughing-stock abroad. Only after the decision of the Privy Council in 1904 were they surrendered to the United States authorities.

The Case of Carter.

The chronology of the case goes back to 1888, when Capt. Oberlin M. Carter was appointed to take charge of the improvements in the rivers and harbors of Savannah, Ga., for which purpose several millions of dollars had been appropriated. This responsible position he held for nine years, when he was appointed military attaché to the American Embassy in London. His successor at Savannah, Capt. Gillette, had not been many months in office when he unearthed unmistakable evidence that Carter had been defrauding the United States Government. A secret court of inquiry investigated the matter, with the result that Carter was sentenced to five years' imprisonment, to dismissal from the army, and fined \$5,000. It was proved that Carter for years had conspired with the Atlantic Construction Co., to the end that only this company could successfully tender for the work at Savannah. Carter would draw specifications which only the Atlantic people could fill. The apparently public tender became therefore a private understanding between Carter and John F. Gaynor and B. D. Greene, the senior partners in the Atlantic firm. For this service Gaynor and Greene paid Carter well.

The Plunder Was Enormous.

They also made a good thing for themselves, for they were permitted to make exorbitant charges, and also to supply interior work, for which Carter would vouch as the best. The plunder they divided equally among the three. It was shown that these payments were frequent; that when they were to be made, Capt. Carter would go to New York, where he would draw a Treasury order for the full amount, plus \$75 for his expenses to New York; that this cheque would be handed to Greene, and that within a few days Gaynor would hand his cheque for one-third of the payment, plus \$75, to Carter, who would deposit to his credit. The dates of the cheques thus drawn corresponded exactly with Carter's visits to the Casino League Club, of New York, of which he was a member.

Legal Fight Begins.

To the mad in the street this would appear to be like the beginning of the fifth act. In reality it was the mere turning up of the curtain preparatory to the overture in the prologue. The Gaynor-Greene money was just as useful in the United States as later on it proved to be in Canada, and not for nothing was the "Boston League Club, of New York, of which he was a member." Legal Fight Begins. To the mad in the street this would appear to be like the beginning of the fifth act. # School for Housewives

by Marion Harland

## FIRST AID TO HOUSEHOLD FURNISHINGS.

Cleaning woodwork with oil

For an inkstain on carpet or rug.

Pour boiling water through a fruit-stain.

**T**HE repairing of household furnishings deserves a chapter all by itself, for even reasonable wear and tear leave havoc in their path, to say nothing of the occasional, unavoidable accidents which result in great spots of ink or paint, or in long, jagged tears.

More accidents can happen to floors and their various coverings than any but a housewife could imagine. Hardwood floors suffer from scars and spots; ordinary wooden floors eagerly absorb grease and dust, and perhaps shrink into cracks; while carpets and rugs and matings have their own peculiar trials in almost endless variety.

Grease spots on oiled or waxed floors do comparatively little damage. As much of the grease as possible should be wiped up, and the rest washed off with soap and hot water, doing the washing as quickly as possible. But on ordinary wooden floors such tactics only drive the grease into a greater space. There's nothing for it but to draw it out. Anything that will absorb it quickly may be applied, with French chalk or pipeclay or fuller's earth in preference. But ormeal, or fine oatmeal, or even flour, will do the trick. As fast as the "ounce of prevention" is scraped off, and spread on fresh chalk. Sometimes, with an obstinate spot, especially if it has been allowed to sink in before treating, a solution of washing soda may be applied, and then the chalk, or other absorbent, spread over.

Alcohol spots are often found on hardwood floors—as on furniture—caused, usually, by the careless sprinkling of perfumes, which are based on alcohol. When they are fresh, the "ounce of prevention" is linseed oil, dropped on and allowed to stand for a short time, and then rubbed down. Linseed oil will often restore an old alcohol stain, and a good furniture polish almost always sets things to rights.

So many carpets are made rug-fashion, with the floor around the edge varnished, that the greatest cause of old-time troubles—the impossibility of moving a carpet laid to fit every whimsical turning of wall or bay window—has been minimized.

But carpets will wear thin, and seams get threadbare. The thin places there's nothing much to be done for (except possibly cover them with rugs, where the strain is greatest); but seams should be carefully looked after. If the carpet is laid flat, and you don't want to take it up for mending, get carpet thread and one of the curious curved needles that upholsterers use. But be careful how you use that needle—your fingers will probably play odd tricks because of its unaccustomed curves.

If you've needle and strong linen thread, which doesn't match the dark carpet you want to mend, and the right color of thread isn't at hand, the colors contained in an ordinary paint-box will stain your thread to a shade that will tone in well, if your eye is not keen enough to blend colors until you match your shade exactly.

Turn your rugs around every little while, and shift their positions, instead of letting the same one bear the brunt of the hardest wear too steadily.

For ink stains on carpets or rugs, sop up all the surplus ink as quickly as you can, and then scrub the stain with a cut lemon. Grease stains should be treated with French chalk, renewing the chalk as often as it discolors. Most other stains can be washed off by rubbing with a cloth, dampened in soapy water.

Rugs which have curled up at the corners may be induced to lie flat if buckram or stiff canvas be sewed under the corners, letting the canvas run under farther than the turn of the "curl."

Mattings are the better for an occasional wiping up with salt and water; but wring your cloth out until it is more like a damp rug than a washing.

Stains on wallpaper can often be drawn out by the application of a hot iron over blotting paper. And the deposits of fine soot which often

darken a ceiling paper (if lamp or gas fixture be placed high) may be wiped off with a soft cloth. But it must be delicately done, and a fresh spot of the cloth chosen for every application, or the soot will streak, and the spot spread into the clean surface adjoining.

Curtains are better to be washed, but the original buying is responsible for whether or not they will. For the drapery sorts, the occasional spots may be cleaned off with powdered chalk.

The simpler forms of furniture you have the better—Dust gets into carvings in a most aggravating, hard-to-get-rid-of way. The best way to clean the woodwork is with oil, rubbing steadily, and letting as much oil as the wood will absorb perfectly sink in.

And linens! There's a world to do for them, besides the first hemming and the endless keeping them clean. They should be gone over every month or two, and the weak places hunted out. Holding a sus-

picious place between you and a light will determine whether or not it is really weak. If these spots are darned before the linen actually wears through, the darn will be less noticeable, and will, besides, put off the day of wearing through as late as possible.

As to spots (and spots and stains should all be removed before doing up), plunge your linen in milk if an ink spot has got on it, and change the milk soon if the spot is so fresh as to blacken the milk perceptibly.

If not, let it stand all day, and put fresh milk in at night, and again in the morning, if the stain proves obstinate.

Cover iron rust stains with salt, moistened with lemon juice. Let it stand for several hours, and then rinse off with tepid water. If any trace of the stain remains, repeat the salt and lemon.

For fruit stains, as for those made by coffee or tea, spread the cloth over a bowl, and pour boiling water through, emptying the bowl and pouring on fresh boiling water until the stain disappears.

Scorched places should be wet, soaped and laid out in the sun—the spot practically being bleached out. Any but a most obstinate scorch will yield to this simple treatment.

## INDIVIDUAL RIGHTS OF SERVANTS

By Mary E. Carter

(Copyright, 1906, by A. S. Barnes & Co.)

**T**HOSE who are scrupulously just acknowledge, and carefully avoid interfering with, the rights of others, no matter in what relation they may stand to them. Whether it be as parent and child, or as employer and employee, or in those relations referred to, the rights of all of us are as much our own as any private property which belongs to us, and whoever infringes on any of our rights intentionally or unintentionally, robs us.

A privilege is a favor which one may confer, but which another has no right to withhold; or which, with good cause, may even be withdrawn after having been granted. Not so a right. While a right may have to be established, if it has been infringed upon, it is no less a right, and as much our own as anything we possess unmolested by the unwarranted interference of another. Almost all lawsuits, feuds, public and private, as well as the civil wars which have disgraced mankind, have been the result of infringement upon some one's right, in a word—injustice.

### STICK TO CONTRACT

Privileges are granted because of a kindly feeling of the grantor, or possibly, at times, because something is expected in return. Thanks are always due from the recipient who is favored with privileges. But we take our rights whenever we are not hindered from so doing, and are under no obligation at all to express any thanks for being left in undisturbed possession of what belongs to us. The domestic enters household service with a verbal agreement regarding her duties and certain wages and hours, and the time stipulated for. These are her rights, and any one who deprives her of any one of them is guilty of injustice, and, if it be done without her free consent, is also open to the charge of having broken the contract. The maid has as good a right to sue for wages as the iron, or coal, or sweep, after working to do that work, as her employer has to deprive her of her day off, or her leisure hours, or to make her work in a house. Simply because the girl is within call—when it is her time off—gives no matter what the emergency, a right to do anything she may wish to do. It is her time off, and she is not to be deprived of it, except by a flood, or a fire, or a pestilence, or a war, without a definite acknowledgment that you are asking a favor of her, and intending to repay it, or else a definite promise to make her the extra service desired. And, further, the servant has a perfect right to decline to sacrifice her precious leisure for any compensation whatever. When we realize how little personal freedom, or time to call their own, house servants, women especially, usually have, it is no wonder that they feel aggrieved to be called from their rooms, after they have spent many hours at continuous work, and their lawful period of respite has arrived.

### CAUSE OF SERVANT SUELY

It is not a question of how all the household is to get done, neither is it a question of how the overburdened housewife is to get along, but it is a question of fair hours for one who is in no way responsible for the amount of household that has to be done in a large family, with only one or two domestics, or in any case where the "hired help" is inadequate. "Put yourself in her place" is a good motto for every inconsiderate housekeeper to consult daily. Probably carelessness with regard to the rights of household servants causes the greater part of the dissatisfaction of those who might be willing to experiment in self-support by going out to service, from entertaining the thought.

Only a little while ago in one of our papers nearly a page was devoted to the question of domestic service. Among other statements was the following:

"The most bitter opponents to their daughters becoming servants are the mothers who have been domestic themselves. They place every obstacle in the way of having their girls do it, and they make every effort to procure them work in factories and shops, and prefer that they should bring home less money than they could earn by living out."

It behoves all housewives to ask themselves the question: "Why this repugnance on the part of the mothers who have been domestic themselves? It speaks volumes to those who think."

## Marion Harland's Little Chats With Housemothers

**A** Wisconsin woman sends a welcome and most timely contribution.

**I**N REPLY to an inquiry in your "Corner," I am pleased to give you the following information:

Take a piece of paraffine about two inches long, one inch wide and three-fourths of an inch thick, and slice it up fine. Also have a bar of good laundry soap. Add to soap and paraffine two quarts of hot water, and boil until perfectly dissolved. Pour this preparation into a boiler half full of hot water.

The clothes can either be soaked in a tub of cold water, just long enough to wet them thoroughly, wrung out, and then boiled for twenty minutes, or they may be washed the regular way and then boiled, as white, and the most delicate fabrics as well as those of a more sturdy make, may be boiled directly in the hot water. It is well to rub badly soiled pieces on the board over five years ago. C. S. (Milwaukee, Wis.)

**C**are of the paper in which you see this, and you shall have the desired address. Apart from the pleasure which the knowledge of your kindly wish gives to me, and the gratification of the fact that you are so interested in the welfare of the consumption of the pie, there enters into my anticipation of these, lively curiosity as to the merit of the composition of mince-meat founded uponatted bones.

Before I had been a housekeeper six months, a notable Virginia manager wrote to me in response to a query on this head:

"Dear Child: You cannot possibly make satisfactory mince-meat of corned beef. Don't try to do it now or ever! Affectionately yours, K. H. (Cleveland, Ohio)."

I said, some months ago, that one of the audaciously sublime mottoes of our constituency is:

"If you are told that a thing is impossible, make it a possibility by doing it!"

**I**n the spring, when eggs were 25 cents a dozen, I put up a quart in a stone crock, placing them point downward, and covering all with a coating of water, glass, costing me 15 cents. I used a pint of fresh cream and put some eggs away in a shallow tin, and also those put away in the glass solution. I then poured six quarts of water over the eggs, covering them completely, sealed the crock, and placed it in a cool place. I do not intend to open the jar until near Christmas. Last Christmas I ate an egg which had been kept in this way, and it was better than some of the store eggs I had bought at 15 cents a dozen. (West Philadelphia, Pa.)

**C**lose upon the hub of this household help follows a note from an Ohio house-mother worthy of the title, which tells of still another way of preserving eggs:

Having had success for several years in putting up eggs for winter use, I will send in my recipe for "inexperience."

Bring water to a boil, then put the eggs in a strainer, dip in the boiling water and scald ten minutes, wipe dry, and put them in something that can be turned. They should be turned every two weeks, and the yolks from setting on one place. I tried to make a recipe for experiment, and they were milky inside.

K. H. (Cleveland, Ohio).

**I**n our "corner for new ideas and more peace in the editorial soul."

A Florida member, mindful of our many, and I fear me, sometimes "vain repetitions"—begs leave to "send a leaf from her scrapbook that may help some poor, stain-beset soul, with a dropical tendency."

"I don't know when or where I got the seven, valuable hint. I know, however, that they have comforted me unspcakably for over ten years, and I pass them over to you, keeping a copy for myself."

(1) Tea stains may be bleached by glycerine and egg yolk. Beat together, and coffee stains by slightly beaten egg yolk and warm water.

(2) Should they be deeply set, dissolve an ounce, each, of baking soda and chloride of lime in a quart of boiling water, and dip the stained portions in the solution. At once rinse in tepid water, to prevent the rotting of the fabric.

(3) Stains made by fruit and vegetables are removed by dipping them in very weak hot soda-water or in a solution of chloride of lime.

(4) When everything else fails, oxalic acid will do the work. Wash the stain washed out at once the linen will be ruined.

(5) Iron rust, ink and mildew are bleached by rubbing on the spots lemon juice and salt, and exposing the cloth to hot sun.

(6) Mildew may be removed by chalk and soap and exposure to the sun.

(7) Fresh ink will give way, if washed in new milk at once, and with plenty of milk.

## RECIPES FOR TOOTHsome SOUPS AND SALADS AND OTHER DAINTY DISHES

**Imitation Pate de Foie Gras**

Boil a beef tongue as day before it is to be used, and a like number of pounds of lean veal. Grind first one, then the other, in a sausage-cutter, keeping them in separate vessels until you are ready to pack. Season the tongue with pepper, powdered sweet herbs, a teaspoonful of made mustard, a little nutmeg and cloves—just a pinch of each; the veal in like manner, with the addition of salt. Pack in alternate spoonfuls in jars which have been well buttered. Press very hard as you go on, smooth the top and cover with melted butter. When this cools, close the cans and keep in a cool, dry place. Turn out whole or cut in slices.

**Tomato Bisque**

Strain one quart of tomatoes through a sieve, add one-half teaspoonful of soda after tomatoes are hot, one large tablespoonful of cornstarch dissolved in a little sweet milk. Next, one quart of sweet milk to the cornstarch and three well-beaten eggs; salt, pepper and butter to taste. Stir in the tomatoes, let them come to a boil and serve piping hot.

**Beet Salad**

Boil eight young beets tender; drain and lay in cold water until thoroughly chilled. Drain once more and scrape off the skins. Pour into a bowl six tablespoonfuls of salad oil with one teaspoonful of vinegar, and stir into them one tablespoonful, each, of salt and pepper. Stir this dressing thoroughly. With a sharp knife cut the chilled beets into tiny dice of uniform size, and as you do so drop these dice into the French dressing in the bowl.

**Maple Mousse**

The yolks of four beaten eggs; one cup of sugar; one cup of butter; one cup of heavy cream; one cup of maple syrup; one cup of milk; one cup of plain light brown paper on top; then set over on the bath. This is to prevent salt water from getting in. Pack the tin full in a large wooden bucket with ice and plenty of rock salt. Cover all well and let it stand four hours or more. Turn out.

Drain water off once or twice. You can make this in summer as well as winter and vice.

**Lentil Soup**

Boil ten cents' worth of lentils with a piece of fresh pork to season them, one hour, or until tender. Add two small onions, then, chopped fine; salt and pepper, and be sure to have quite a little stock on them. Serve hot.

**Lobster Salad**

Pick out the meat from a fresh, well-boiled lobster. Cut with a sharp knife into small dice, taking care not to tear the meat. Set on ice while you make a little sweet milk. Next, one quart of sweet milk to the cornstarch and three well-beaten eggs; salt, pepper and butter to taste. Stir in the tomatoes, let them come to a boil and serve piping hot.

**Another White Eggless Cake**

Four cups of flour, two cups of sugar, three-quarters of a cup of butter, and two teaspoonfuls of baking powder. Rub butter and lard into flour as for pie crust, add sugar and baking powder, with any kind of extract. This also makes good little cakes. I use the top of baking powder cans for cutting them out.

**Maple Mousse**

The yolks of four beaten eggs; one cup of sugar; one cup of butter; one cup of heavy cream; one cup of maple syrup; one cup of milk; one cup of plain light brown paper on top; then set over on the bath. This is to prevent salt water from getting in. Pack the tin full in a large wooden bucket with ice and plenty of rock salt. Cover all well and let it stand four hours or more. Turn out.

Drain water off once or twice. You can make this in summer as well as winter and vice.

**Soft Gingerbread**

One-half cup of sugar (brown); one cup, each, butter, molasses and boiling water; two teaspoonfuls of soda; one egg, and ginger to taste; three cups of sifted flour. Four boiling water on butter and soda, mix thoroughly and bake in a slow oven in a shallow pan. The mixture will be very thin.

**Frosting for Same Between Layers and Top**

Whites of three eggs; powdered sugar and one grated orange. Grate all the orange, rind and inside. This is a soft cake, and is to be eaten with a fork. Boiled frosting with a grated orange is also nice to use.

**Macedoine Salad**

One cup of green peas, boiled and cold, and the same of string beans cut into half-inch lengths, well cooked and served to get cold. One cup of celery cut into inch lengths. One-half cup of boiled carrots cut into tiny dice—also cold.

**Beet Salad**

Boil eight young beets tender; drain and lay in cold water until thoroughly chilled. Drain once more and scrape off the skins. Pour into a bowl six tablespoonfuls of salad oil with one teaspoonful of vinegar, and stir into them one tablespoonful, each, of salt and pepper. Stir this dressing thoroughly. With a sharp knife cut the chilled beets into tiny dice of uniform size, and as you do so drop these dice into the French dressing in the bowl.

**Maple Mousse**

The yolks of four beaten eggs; one cup of sugar; one cup of butter; one cup of heavy cream; one cup of maple syrup; one cup of milk; one cup of plain light brown paper on top; then set over on the bath. This is to prevent salt water from getting in. Pack the tin full in a large wooden bucket with ice and plenty of rock salt. Cover all well and let it stand four hours or more. Turn out.

Drain water off once or twice. You can make this in summer as well as winter and vice.

**Odds and Ends Pudding**

Take the odds and ends of preserves and canned fruit left in the jars—a good combination being canned peaches, berries and currant jelly. Mix all together with the juice of half a lemon. Clear three-quarters of a cup of instantaneous tapioca in a double boiler

**Hickory Nut Cookies**

One cup of sugar; one cup of butter; one cup of hickory nuts; four eggs; two level teaspoonfuls of baking powder; flour enough to roll.

**Tart Sugar Candy**

Three cups of white sugar, one and one-half cups of clear vinegar.

Stir the sugar into the vinegar until thoroughly dissolved, heat to a gentle boil and stew, uncovered, until it ropes from the tip of the spoon. Turn out upon broad dishes, well buttered and cool. It can be pulled beautifully white and porous. Do not stir while cooking.

**THE Reliance Loan & Savings Co. OF ONTARIO.**  
(SUCCESSORS TO THE CHATHAM LOAN AND SAVINGS CO.)

**ASSETS OVER \$2,000,000**

3 1-2 Per Cent. per annum interest allowed on deposits of \$100 and upwards.  
4 Per Cent. interest per annum allowed on deposit receipts issued for twelve months or longer.  
4 1-2 Per Cent. paid on Deposits.

S. F. GARDNER, Branch Manager

**The Daily Planet**  
S. STEPHENSON, PROPRIETOR.

TELEPHONES  
Business Office 53. Editorial Room 122.

HE "GETS THINGS," TOO.

East Kent has a very able and capable representative at Toronto in F. H. Bowyer. Every day brings forth fresh evidence of the fact that Mr. Bowyer is looking after his constituency and every man in it.

A petition was recently received by the Attorney General, asking for a special audit of the books of the Township of Orford. Provincial Auditor Laing went to Highgate and made a preliminary investigation. Mr. Bowyer writes from Toronto that A. F. Falls, chartered accountant, of Chatham, has been instructed by Hon. Mr. Foy, Attorney General, to audit the books of the Township of Orford, following a petition from the ratepayers of that township.

On April 3rd, Mr. Bowyer notified the reeve and clerk of Orford that in looking into matters at Toronto he had discovered that there was in the provincial treasury about \$350 due ratepayers in Orford who had borrowed from the Tile Drainage fund. The reason for this was the reduction made in interest from 5 to 4 per cent. some time ago. Mr. Bowyer asked the township officials if it would not be wise to make application to the Treasury Department for the money due, promising to see that the refund was promptly made. The application will, no doubt, be made, and the thanks of the township are due Mr. Bowyer for his watchfulness.

A SUGGESTION ON STREET NUMBERING.

While some of the actions of the present City Council have, from time to time, come in for merited criticism from this journal, there is one progressive enterprise upon which the aldermen have entered which, should they do nothing else, would entitle them to a place of honor among the public men who have worked so faithfully and earnestly in forwarding the growth and prosperity of the Maple City. This is the house numbering scheme which has been so capably handled by Ald. Edmondson, assisted by his fellow members at the Board.

For a number of years this move has been repeatedly advocated by various public spirited men, but until this year nothing definitely has been done. The perfecting of this project will mark another step in the phenomenal progress of Chatham, and will greatly assist our parliamentary representatives in securing free mail delivery. It is hoped that this latter improvement will not be long in following the initiative taken by the Council.

No action ever taken by any Council has been met with such general and hearty approval as the decision to establish house numbers. The advantages accruing to the city from such an undertaking are evident to every one, and especially to merchants and business men, and the people expect that the Council, now that they have decided to number the houses, will take every precaution to have the work done thoroughly and systematically.

It is by no means an easy task to number city houses, and it is not everyone who is qualified to do the work. A poor job in a matter of this kind would be worse than nothing, and in their proceedings the Council should consider the matter from every standpoint before they let the tender on the "lowest bidder" basis. The matter of allotting certain numbers to certain properties, and to figure out what houses are now built, and where new houses will probably be built, are some of the most perplexing tasks of the house numberer.

Probably a little more consideration before the final step is taken, might be profitable. Information might be gained from the experience of other cities in this respect. Chatham has been without numbered houses a good many years, and it is safe to say that the citizens would prefer waiting a few months longer than to letting the matter not immediately, with the possibility of the work being poorly done. It is not a matter now of whether Chatham should have it or not. It is a mat-

Free to You, My Sister

Free to You and Every Sister Woman Suffering from Woman's Ailments

I will mail, free of any charge, my home treatment with full instructions to any sufferer from woman's ailments. I want to tell all women about this cure—you, my reader, for yourself, your daughter, your mother, or your sister. I want to tell you how to cure yourselves at home without the help of a doctor. Men cannot understand woman's sufferings. What we women know from experience we know better than any doctor. I know that my home treatment is a safe and sure cure for Leucorrhoea or Whittish Discharges, Ulceration, Displacement or Falling of the Womb, Profuse, Scanty or Painful Periods, Uterine or Ovarian Tumors or Growths, also pains in the head, back and bowels, bearing down feelings, nervousness, creeping feeling up the spine, melancholy, hot flashes, weariness, kidney and bladder troubles where caused by weaknesses peculiar to our sex.

I want to send you a complete ten days treatment entirely free to prove to you that you can cure yourself at home, easily, quickly and surely. Remember that it will cost you nothing to give the treatment a complete trial and if you should wish to continue it, will cost you only about 12 cents a week, or less than two cents a day. It will not interfere with your work or occupation. Just send me your name and address, tell me how you suffer if you wish, and I will send you the treatment, by return mail, and also send you one of my books, "WOMAN'S OWN MEDICAL ADVISER," with explanatory illustrations showing why women suffer, and how they can easily cure themselves at home. Every woman should have a copy of this book. It is a real life saver. Then when the doctor says, "You must have an operation," you can decide for yourself. Thousands of women have cured themselves with my home remedy. It cures all old or young.

To mothers of daughters, I will explain a simple home treatment which speedily and effectively cures Leucorrhoea, Green Discharge and painful or irregular menstruation in young ladies. Plumpness and health always result from its use.

Wherever you live, I can refer you to ladies of your own locality who know and will gladly tell you how this Home Treatment really cures all women's diseases, and makes women well, strong, plump and robust. Just send me your address, name, and the ten days treatment, by return mail, and also send you one of my books. Write to-day, as you may not see this offer again. Address: **MRS. M. SUMMERS, Box 4 Windsor, Ont.**

ter of how and when the work would best be done.

There are, possibly, no two men, who, of necessity, must know this city as well as do the assessors. Would it not be a feasible scheme to allow the numbering to stand over until the assessment is being taken next year, when the two positions could be combined? In this way the work would be more cheaply done and the chances for its being done well would be much better. This is offered as a suggestion which may be of value to the aldermen in their deliberations.

If the whole matter were referred to a committee to consider, and to make inquiries from other cities, much valuable light might be thrown on this subject—but by all means let the houses be numbered!

The Whitney Government is going to keep its promise to establish an experiment station for tobacco in Essex County, remarks a Hamilton Spectator Toronto despatch. Why of course, the Whitney Government is a promise-keeping Government, the Ross Government was only a promising Government.—St. Thomas Times.

The Windsor Record (Liberal) gives the following comment on the action of the Government relative to Niagara Power: "The condition which has cropped up at Niagara only affords another potent argument for the principle that public utilities should be publicly controlled. Without full provision for such control no private company should have been given a franchise to develop electrical power at Niagara, but the Government may find some way of repairing the oversight of their predecessors."

Samaria Stopped His Drinking

A London Lady cures her husband permanently of the drink habit and without his knowledge.

"How glad I am that I overcame my hesitation about writing you for a Free Sample of your medicine. At that time my husband was drinking very hard, and I was in despair. The effect of your treatment was immediate, and now our home is entirely free from the Drink Curse. I gave my husband the tablets in his tea, and he never knew. As the taste for liquor left him, his general health improved and is now splendid. I will tell others of my experience."

**AULD LANG SYNE**  
FROM PLANET FILES OF HALF A CENTURY AGO

Interesting events of ye olden times from The Planet files from Nov. 10, 1864, to Nov. 17, 1864.

Joel Warner advertises his Commercial College, in which is taught book-keeping, writing and drawing.

Frank Williams, of Chatham, while working in a saw mill at Saginaw, Mich., had his right hand cut off by a circular saw.

During the recent raid excitement in Detroit, crowds of citizens from that place threatened to burn Windsor. Had fire been broken out in the Canadian city it is certain that an open fight between the residents of the two towns would have taken place.

Mrs. Thomas Burke, a well known resident of Chatham, died suddenly in Raleigh on the 2nd of November. Death was at first thought to be due to an accidental overdose of laudanum, but was afterwards traced to over exertion.

A disastrous fire occurred in Tilbury East on Friday last, the 4th instant, by which a considerable amount of property was destroyed. The house of John McDonald, Sr., was burned to the ground, the loss being considerably over \$600.

The Chatham salt well reached a depth of 900 feet, the flow of brine averaging 1,000 barrels an hour. Mr. Mason, the contractor, is pushing the work on at a high speed and it is expected that when the required 1,000 feet depth is reached, the flow will be a highly profitable one. The analysis of the brine water as submitted by Professor H. Croft, of Toronto, shows large proportions of sulphide of sodium, carbonate of lime, sulphate of lime, chloride of magnesium, calcium and potassium, and an exceptionally large amount of chloride of sodium. The professor, in a letter to Joseph Northwood, the president of the Salt and Oil Association, states that the well can be profitably employed in the manufacture of common salt and should prove a successful enterprise.

A big oil boom in Bothwell takes place, many wells being sunk, with varying results. The Scotch Oil Company, a concern engaged in operating wells in that district, expended \$15,000 in working the Gordon farm well, but with indifferent success. The McRobert farm well yields 50 barrels a day, a large and paying average for its size. From

this well and from several other smaller wells in Bothwell oil is shipped to the big cities, several car-loads of barrels being sent out every day.

The match between the noted "Ploughboy" and McGowan's "Gipsy Queen," which was run at the Mineral Springs Driving Park, resulted in a win for the latter. The race was lost in the starting, as "Ploughboy" moved slowly at the pistol shot and, although he made a grand attempt to overhaul the mare, "Gipsy Queen" just managed to hold her advantage and to run out winner.

Venison and wild turkeys are beginning to come into town so plentifully and find ready sale at six cents per pound.

Fires are reported as very numerous from Chatham and vicinity, especially a week passing without an outbreak. On Sunday morning last fire destroyed a dwelling house on the Roman Catholic church lands on Harvey street. The conflagration was kept under control and no damage was done to the adjacent buildings. The loss was \$200 all told.

Much excitement is caused in Toronto and other Ontario cities by Fenian disturbances. This secret society has its headquarters in Chicago and are instigating a movement against the Orangemen of the Province.

A very successful ploughing match was held in Dover, followed by an entertainment in the home of James Fisher. Toasts were drunk to the successful ploughmen, the ladies of Chatham and Dover. A lively song by the president, "Speed to the Plough," was the chief feature of the evening.

James Rice advertises his general store on King street.

R. O. and A. M. Miller advertise their "House of all Nations," where all kinds of dry goods may be obtained.

The fire brigade of Brantford disbanded because the town council refused to pay the chief engineer a salary of \$200 per year. They had a torch light procession and supper before disbanding.

At the market beef was sold for 2 and 2 1-2 cents per pound by the quarter and King street was blocked with teams taking farmers in to the market place.

REPLY OF STRATHCONA

Does Not Reveal "Man Behind" North Atlantic Trading Co.

His Lordship Sends the Names of the Persons Named as Subscribers to the Memorandum and Articles of Association, and Gives Some Other Information.—H. R. H. Prince Arthur Visits House and Holds Reception.

Ottawa, April 20.—The House was only in session a short time yesterday afternoon. Prince Arthur entered the chamber at ten minutes after three and occupied a seat on the floor at the right of the speaker. He wore the uniform of his regiment, the Seventh Hussars. During his stay the House was occupied with receiving petitions for the better observance of the Lord's Day. At 4 o'clock the prince held an informal reception in the senate chamber, and members of both Houses were present.

Strathcona Replies. At the meeting of the public accounts committee yesterday W. Cory, deputy minister of the interior, read the following cablegram from Lord Strathcona:

"In reply to your cablegram of the 7th inst. the persons named as subscribers to the memorandum and articles of association of the North Atlantic Trading Co. and holding one share each are: Edward Sainsbury, hotel-proprietor, London; Alfred H. Alexander, engineer, and John A. Randall, article clerk, both of Cheshwick; Geo. T. H. Downey, Palmell Park, East Sheen, solicitor's clerk; Henry James Whitman, builder, Cheshwick; John H. S. Thomson, Esq., chartered secretary; Chas. Guy Underwood, Acton, solicitor's clerk. The solicitor of the company is E. A. Alexander, Essex street, Strand. The capital of the company is 3,000 pounds sterling in 1,000 shares, £10 each.

"I am endeavoring to get list of shareholders and the amount actually subscribed and paid up. The company was incorporated in the Island of Guernsey as the North Atlantic Trading Co., Limited, registered June 3, 1905, and certificate registration dated Greerfe, Guernsey, June 4, 1905. Memorandum of association states registered office company situate Island Guernsey. Director, J. Gluck; managing director, H. Pfeiffer; Secretary Kohan, business office, 22 Damrak, Amsterdam. Memorandum of association will be mailed by Campania 14th.

International Waterways. The report of the Canadian section of the International Waterways Commission was issued yesterday. It covers a good deal of ground, but rather water — but contains very few specific recommendations.

Look Abram Off. St. Petersburg, April 19.—Abram Off, the Cossack officer, who treated Maria Spiridonova, the revolutionist, in an outrageous manner while she was in prison, has been assassinated at Borissoglebsk, Province of Tamboff. He was shot three times with a revolver.

**Humor and Philosophy**  
By DUNCAN M. SMITH

PERT PARAGRAPHS.

Baldheaded men are generally a credulous lot, otherwise there'd not be such a crop of hair restorers on the market.

It is love that makes the world go broke.

A straight path is hard to follow because nobody fits it.

Doctors and druggists seem to have been created to keep the rest of us from acquiring wealth too readily.

When a young man is in love it usually breaks out in a quarrel with his father.

Almost any young fool will gladly embrace danger if it is picturesque.

It appears to be the opinion of certain gentlemen that the reason for the existence of the U. S. A. is that there may be U. S. senators.

A woman must be willing to settle down to a life work who marries a man to reform him.

A bad habit is better when it is broken.

Talking For a Living. Bubble and squeak, bubble and squeak. Blowing your bugle for so much a week. Splutter and flutter and frizzle around. Making the atmosphere woolly with sound.

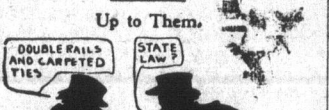

Bubble and squeak, bubble and squeak. Talking and talking an indigo streak. Trying to make a thing black appear white. Hoping to make your commissions come right.

Bubble and squeak, bubble and squeak. Jaws are both aching, and worn hinges creak. Vapor arising from both of your ears. Moving your auditors' tremulous tears.

Bubble and squeak, bubble and squeak. Telling the doings of each frenzied freak. Nothing but hope for a raise in his pay. Makes a man squeak to a crowd every day.

Wicked and Proud of It. "You know Alexander wept because there were no more worlds to conquer." "So I have heard."

"Know why Toughboy looks so glum?" "Not for the same reason?" "No. A similar one. He is sore because there are only ten commandments to break."

Up to Them. "If passes will no longer go on any railroad train. The ties should be prepared at once to stand a greater strain."

And Several Other Things. "He couldn't stand it to be steward of the ship."

"No, a life on the ocean wave didn't agree with him."

"Make him seasick?" "So seasick that he threw up his job."

Some Millionaires That I Have Met. They didn't take me by the hand. And say, "Old chap, we've got some tips to make a million, and 'We'll hand you out the lot.'"

That kind of talk (it grieves me yet) is what I didn't hear. The time some millionaires I met. It really wasn't queer.

For I was on a local and aboard the smoking car. The evening paper in my hand. And eke a good cigar.

The plutes were rushing madly through. On their special train. I greatly fear they never knew. We met and met in vain.

Made to Order. "You seem to be short on antique furniture."

"We are just at present, but if you will leave your order we will make you just what you want."

Unsafe. "I'd never marry a red haired woman."

"Why not?" "Because I never would be able to tell when she was getting red headed."

Human. Or Washington it is recalled. He never told a lie. But still when the assessor called. He winked the other eye.

Conditional. "How time flies!" "Well, that depends upon whether you've just borrowed money at thirty days or whether you are waiting for a check from home."

**Try a Packet of "SALADA"**

Ceylon Natural Green Tea and you will be convinced that it has the same delicious quality that has made "Salada" Black Tea famous.

Lead Packets only. 25c, 50c, 40c, 50c, and 60c. per lb. At all Grocers HIGHEST AWARD ST. LOUIS, 1904.

District.

**BIG POINT.** Mr. Alphi Cheff, from Pain Court, visited his father at Big Point recently. Mrs. M. Cheff left for Chatham yesterday.

Miss Mabel McLarin has returned home, after spending a week with Miss M. Laidie. The wheat looks splendid in this vicinity.

**SOUTH HARWICH.** Mrs. Leslie Huffman, 4th line, is spending a few days at Windsor.

Fred Maynard and family are spending Easter holidays with his parents, Gore Line. The L. D. S. had their annual taffy-pull at the home of B. Ramsen.

Good Friday evening, which was enjoyed by all. Robert Bennett has purchased N. Lowe's farm, 4th Con., for \$3,200.

Chas. Ramsen has bought 10 acres of Ed. D. Snoblen's property on the sidewalk near the lake shore. Mr. Robinson is spending a few days with his brother Ira, Gore Line.

Gilbert Maynard was seriously ill for a few days with la grippe. Miss Esther Maynard and Howard Rice, of Chatham, were guests of E. M. Maynard on Sunday. James Burk spent Saturday in the Maple City.

Mr. Wilbert Sterling, Ridge road, purchased a fine horse from Mr. Burk. The late rains have made the roads very bad again for a few days. Spring work has begun in this vicinity.

An enjoyable time was spent at the home of David Maynard, on Monday evening by a few intimate friends and relatives. Taffey was enjoyed by all.

## THE ISOLATION HOSPITAL IS A TROUBLESOME QUESTION

### The City Has Options on Suitable Properties but the Prices are Considered High by Members of Finance Committee

### MATTER MAY BE SHELVED BECAUSE OF HIGH RATE

A joint meeting of the Finance Committee of the City Council and the Board of Health was held in the City Clerk's office, Harrison Hall, last evening, for the purpose of considering the advisability of purchasing a site for an isolation hospital at once.

The Chairman of the Finance Committee said that the city had options on four properties as sites for the hospital. The price asked for these pieces of property were, \$2,750, \$1,500, \$550 and \$500 respectively. Chairman Spaulding said the question before the meeting was the advisability of purchasing a site equipped with buildings, or to purchase a vacant lot and build suitable buildings afterwards.

Mr. Wanless gave it as his opinion that it would be best to purchase the site and erect suitable buildings afterwards.

Mr. Wanless gave it as his opinion that it would be best to purchase the site and erect suitable buildings afterwards. This would be the wisest scheme, if the city could at the present time bear the expense.

Ald. Scullard remarked that it would be well to remember that this would most likely be a year of high tax rates, and that the governing bodies of the city should make an effort to keep expenses down as much as possible. He said that he would like to hear what the other gentlemen at the meeting thought of the scheme to erect an isolation hospital that would be suitable for all requirements.

Medical Health Officer Hall said that he had had plans for an up-to-date isolation hospital prepared by an architect. A building of the description in the plans could be erected at a cost of about \$3,000 to the city. This would be a one-story building with a basement and separate living rooms for the caretaker. The Health Officer said that he would by all means be in favor of the city erecting a suitable building rather than purchasing buildings which would not entirely meet requirements. Dr. Hall also said that the statute requires that the isolation building be a distance of 450 feet from any other habited building, and it was just a question in his mind as to whether the city could build within that distance of prospective buildings.

Ald. Scullard gave it as his opinion that legally property owners who had buildings within that distance of a proposed site, could enjoin the city from building.

Mr. Wanless believed that the isolation hospital should be situated where the surrounding buildings would be congenial to the patients confined, and the property adjoining the building large enough to admit of their walking around, when well enough.

Ald. Austin said that the first thing the committee would have to ascertain was, as to whether the proposed sites were the legal distance from other dwellings.

Ald. Scullard threw out the suggestion that an endeavor be made to equalize the surrounding municipalities in buying a property and in fitting it up properly. He thought that in this manner better results could be attained at a lesser expense. Under the act, it was possible for two or more municipalities to join in establishing and maintaining an institution of this kind. He would be in favor of asking some of the surrounding townships to co-operate with the city in purchasing, equipping and maintaining a site and suitable building.

Mr. Hadley thought it was questionable as to whether a number of municipalities could co-operate in the keeping up of such an institution. There would always be the problem as to what share each municipality should pay.

Ald. Scullard said that this should be a difficult matter to settle, as all would be asked to contribute equally to the cost of the site and the erection of the building, and each municipality would be called upon to pay their share toward the maintenance of the institution according to the number of patients confined from their section during the year.

Chairman Charteris of the Health Board, did not think that such a scheme would be feasible, for the reason that it would be next to impossible to get any of the surrounding townships to co-operate. Ald. Austin was another who thought that Ald. Spaulding's scheme would hardly prove successful.

Dr. Hall said that the only plan with the townships which, in his opinion, would be at all successful, would be to take in their patients and charge them so much for attendance while there.

Ald. Austin, in a few words, pointed out that it would be wisdom on the part of the city to purchase a site and erect the buildings afterwards. This could be done at a total cost of about, at the most, say \$4,500, which sum could be paid up in debentures covering a period of ten years. The city's annual payments would thus be only \$450.

Ald. Stone said that as the Council had given the Finance Committee power to purchase a site, it would be well to do so as soon as possible, and to call a meeting later to consider the advisability of erecting buildings on it.

Ald. Scullard thought it would be a good idea in the meantime to have a competent architect draw up plans for suitable buildings, so that the committee might get some idea of the estimated cost.

Mr. Hadley believed that it would be well to send a delegation to some other city to see how they ran their isolation scheme there, and take an interest along, so that he might gain some idea as to the plans of other places.

"Experience has taught us," added Mr. Hadley, smiling, "that architects can draw up pictures of fine buildings, and we will find out the defects afterwards."

Dr. Charteris favored the buying of the property at once, and erecting suitable buildings, even if it was six months before things were in shape. In the meantime a delegation could be sent to a neighboring city or cities, to look over the plan of their institution. It wouldn't cost so very much to send a delegation on a tour of this description, and the information gained from outside places often proved invaluable.

## THE HOW AND WHY OF IT.

"Fruit-a-tives" are the parts of the fruit that do you good. Apples, Oranges, Figs and Prunes are pressed—the juices separated from the tough, woody fibre—and concentrated. Then—(and this is the secret of "Fruit-a-tives")—one more atom of bitter principle from the orange peels is forced into the concentrated fruit juices. By this process—one of the most remarkable achievements of the age—the juices are made stronger, and many times more active medicinally. Finest tonics and internal antiseptics are added, and the whole evaporated and pressed into tablets. "Fruit-a-tives" are the greatest tonic, laxative and blood purifying medicine ever discovered.

60c. a box. At all druggists.

## CRUSHED TO DEATH

### Car Conductor Fatally Injured While Entering Barns.

Preston, April 21.—B. Jenkins, the oldest conductor on the Galt, Preston & Hespeler Street Railway, and a popular official with his associates and the traveling public, met with an accident at the company's car barns here Thursday night from the effects of which he died at the Galt Hospital yesterday afternoon.

Jenkins was running his car into the barns after the last trip and jumped too near the door, which was open. The moving car pushed him forward and rolled him along the floor through a space of 7 inches, crushing his body in a terrible manner and breaking many bones.

In some of the Swiss valleys the inhabitants are all afflicted with goitre or "thick neck." Instead of regarding this as a deformity they seem to think it a natural feature of physical development, and tourists passing through the valleys are sometimes jeered at by the goitrous inhabitants, because they are without this offensive swelling. Thus a form of disease many believe to be common that is regarded as a natural and necessary condition of life. It is so, to a large extent, with what are called diseases of women. Every woman suffers more or less from irregularity, ulceration, debilitating drains, or female weakness, and this suffering is so common and so universal that many women accept it as a condition natural and necessary to their sex. But it is a condition as unnatural as it is unnecessary. The use of Dr. Pierce's Favorite Prescription strengthens the delicate womanly organs and regulates the womanly functions, so that woman is practically delivered from the pain and misery which eat up ten years of her life—between the ages of fifteen and forty-five. "Favorite Prescription" makes weak women strong and sick women well.

## MORE LARGE FIRES

### Two Thousand Dwellings in Ruins and Thousands Are Homeless.

Manila, April 21.—Fire has swept the Town of Marikina, in Risol Province. Five thousand are homeless and starving.

### Caught Bomb in His Hand.

Kallis, Russian Poland, April 21.—White Count Keller, commander of the garrison here, and a cousin of Lieut. General Count Keller, who was killed July 29, 1904, while repelling a Japanese attack on Yanagte Pass, Manchuria, was driving with his wife in the main street of this city yesterday, a bomb was thrown at his carriage. Count Keller caught the missile in his hand, and it failed to explode. The man who threw the bomb escaped.
