Life's mystery—deep, restless as the ocean— Earth's generations watch its ceaseless motion

Life's sorrows, with inexorable power, Sweep desolation o'er this mortal plain : And human loves and hopes fly as the chaff Borne by the whirlwind from the ripened

Ah, when before that blast my hopes all flee, Let my soul calm itself, O Christ, in thee!

Between the mysteries of death and life Thou standest, loving, guiding-not explain

We ask, and thou art silent-yet we gaze, And our charm'd hearts forget their drear complaining! No crushing fate no stony destiny!

Thou Lamb, that bast been slain, we rest in The many waves of thought, the mighty tides,

The ground swell that rolls up from other From far-off worlds, from dim, eternal shores Whose echo dashes on life's wave-worn

This vague, dark tumult of the inner sea Grows calm, grows bright, O risen Lord, in

one hour !" As sinks the moaning river in the sea In silver peace, so sinks my soul in Thee!

Intelligence has been received at Ava, of a magnificent reception given to Rev. Mr. missionaries, by the King of Burmah. Mr. Kincaid, it will be remembered, was the bearer of a letter from the President of the United States to the King. A royal zayet was built for the reception of the letter, and a long procession was formed to convey it from the zayet to the royal city. It was opened by order of an under Secretary of State, translated into Burmese, and presentad by the chief Minister to his majesty. It gave great satisfaction to the monarch and all the court. Mr. Kincaid and Dr. Daw. son had two personal interviews with the King, in which he expressed himself with great frankness, and intimated his wish to have an American consul at his court.

Letter from the Rev. DR. CLAY to the Editor of the Christian Visitor.

Carleton, St. John, N. B., Nov. 11, 1856. Mr. Editor: Being Jesirous that the production of our own citizens should be patronized, rather than those of forcianers, I take the liberty of stating that the people of our Provinces need not use Fahnstoch's, Elle Bean's, or any other "Vermifuge," while they can get Fellows' Worm Lozenges, prepared in our own city. I was induced to try Fellows' Bozenges, having had a number of children under my care whose stone-achs were so irritable the ordinary medicines could not be retained a moment, and the success that followed their use was so complete, that I can recommend them as one of the most pleasant and sale

medicines that can be administered! EDWIN CLAY, M. D. Fellows' Worm Lozenges are sold by all Apothecaries.

All Nations of the same Mind.

HOLLOWAY'S CINTMENT The anniversary of the introduction of Holloways O'ntment ought to be a jubilee forever. It has saved countless multitudes from disfiguremen persiyzation to which it is applied, its healing from the surfactowhich it is applied, its healing balm finds the way through every coating and ligament of the body to the way source and basis of all eruptive, ulcerous, tamourous and canoerous diseases. It extinguishes the febrile principle that feeds them, and the outward symptems fade, cal and pass away with a rapidity incredible to those who have not witnessed it.

Scrofulous Eruptions and Ulcers. The poison of Scrofula has never been neutralized expelled by any of the remedies of the pharmacopeta.

The Sole Antidote to this virulent and destructive elecment, is Holloway's Ontiment. Majaspir & Braons, the great French and English surgeons, do not deny or dispute this great fact. There is no form of Scroular that may not be controlled and cured by this balsamic remedy. Cancers and Tumors.

The knife or caustic may remove a cancer or tumor, bu, the seeds of the terrible excresence remain in the blood and it is soon reproduced in a worse form than before followay's Oniment, on the contrary, penetrate into the circulation, and pervades every injected vericle, and kills the disease by destroying the corrosive generated and scattering it. Inflammations of the Skin.

All rashes and ordinary cruptions, as well as FRYSTP.

EPLAS, AGUE, RING WORM. CARBUNCLES, SCALD

HEAD, SALT RHEUM, LEPROSY, PRICKLY HEAT,

&c., are removed by a few brisk applications of the Cintment. Accidental Injuries. WOUNDS, SPRAINS, BRUISES, SCALDS & BURNS are immediately relieved by its application. The inflam-mation quickly subsides, lever and lockjaw are prevented and under a persevering use of the preparation, the pro-cess of healing is soon accomplished.
