It is fitting that this convention of ministers and laymen, the first known to American Methodism, should assemble on this first centennial of our American existence.

Thank God, Methodism has never wandered from the " ancient landmarks of the fathers. She has never quarrelled over her theology. The experience and changes of a hundred years have confirmed her more and more that her theology is of God.

We are not met to attack and demolish our church economy. Whatever may have been the fears entertained, and the insinuations expressed in some quarters, with regard to the radicalism J. L. And to this sentiment I have no doubt there will be found an affirmative response from this Convention of intelligent ministers and laymen.

We pledge ourselves to stand by the old ship as it is, until Providence indicates, unmistakably, that a change is demanded, and then we hope New England Methodism will not be so wedded to mere prudential arrangements as not to favor such change.

But this Convention has no such object in view. We meet that we may exchange Christian salutations, and become better acquainted with each other. The erection of this Church was determined upon two years ago, the site upon which it is to stand, having been purchased, and a subscription list opened in June, 1864. The building is to be of the Romanesque style of architecture, and will be built with red pressed brick with cut wide with a vestibule in front of 12 feet 6 inches fitted up for Sabbath school and week evening to fill the church. It had been said of the Meservices, and for class rooms for the more select mee tings of the membership of the church, always at it, and he (Dr. Scott) trusted that this will be almost entirely above the ground, a fea- might always be said of them. In the Bag are perience in treatment of Cholera. In the Bag are full directions how to proceed in treating an attack, till the Physician arrives—a point of nuch importance, for as Dr. Hamlin remarks, on the approach of Cholera, every family should be prepared to treat it, without waiting for a Physician. It does its work so expeditiously, that while you are waiting for a Doctor, it is done.

The Bag thus fitted up and locked, should be hung up in such a position, that on the slightest alarm it may be at hand. The public will see the immense advantage it will be to each family to possess in compact form and easy of access, the remedies which have been proved most efficacious with such directions as have in other lands saved thousands of

ARE THE ONLY CERTAIN, SAFE, and EFFECTUAL

Remedy for Worms HEY never fail to act when properly used and are CERTAIN to exterminate any of the different species of Worms which inhabit the different parts of the intestinal canal,

They do not contain Calomel. They do not contain Unionello or any other mineral substance, but are purely VEGETABLE and therefore SAFE. They act on the WORMS only, producing no other constitutional effect than that which would follow a dose of SENNA, CASTOE OIL or SALTS.

In the treatment of WORMS the principal indication is the EXPULSION of the Worms from the Bowels. This may be fulfilled in some instances by active Purgatives, which expel by increasing the peristaltic action of the bowels, or by Anthelminics, which favor their expulsion through the ordinary contraction of the bowels by destroying

mintics, which favor their expulsion through the ordinary contraction of the bowels by destroying them, or rendering them less able or less disposed to resist this contraction. Other preparations in use possess the latter property only, and to a feeble extent, for to produce it, it is necessary to give large and nauseous doses, and on the following day tome purgative to carry off the effects of the presome purgative to carry off the effects of the pre-vious day's medicine,
