

The Acadian

Vol. XL. No. 10.

WOLFVILLE, NOVA SCOTIA, FRIDAY, NOVEMBER 26, 1920.

\$1.50, payable in advance.

Kings County Boys Work Association

On Wednesday afternoon of last week a meeting was held in the Town Hall, Kentville, of sustaining members and subscribers to the Boys' Work in Kings County. There was a fair attendance. Mr. E. B. Newcombe was in the chair, and members were present from Wolfville, Kentville, Berwick, Waterville, etc.

Mr. G. C. Roy submitted the treasurer's report showing that during the past year \$1,745 had been received. The pledges for the year were \$2,360, leaving about \$615 still unpaid. There was about \$1,000 in assets to carry on through the balance of the year.

Rev. C. H. Johnson started a discussion as to whether this work should be considered county work or just for the six towns in which active work with the boys was now carried on. Dr. H. T. DeWolfe joined in the discussion, holding that the county should be an ultimate goal as soon as the work could be extended and leaders obtained in the towns to take up the work, so that Mr. Brown could give his time to new localities.

On motion of H. G. Harris, seconded by Rev. R. B. Layton, resolved that we proceed to organize in Kings County the Boys' Work Association.

On the discussion before the motion was carried, Rev. D. G. Ross said the work in the towns should be carried on by local workers as much as possible, and the work proceed under Mr. Brown's care in other parts of the county as speedily as possible. Mr. Paul Tingley said it was impossible for one man to direct more than the six centres now being worked. Mr. Percy Brown said he believed the time had now arrived when other places could be organized. Avonport was anxious to form a patrol, and Mr. L. E. Shaw had offered a suitable place in which they could meet. Mr. Edson Graham thought the work should be extended to outside points as soon as possible.

On motion of Mr. G. C. Roy, it was resolved that the organization be called Kings County Boys' Work Association.

The officers and executive were then elected as follows—

President: Dr. A. J. McKenna, Wolfville.

Vice-Pres.: Rev. D. G. Ross, Kentville.

Treasurer: R. Creighton, Wolfville.

Secretary: Edson Graham, Wolfville.

Organizer: E. Percy Brown, Wolfville.

Executive: Messrs. I. D. Eastman, Kentville; H. R. Holden, Port Williams; F. M. Chute, Waterville; Rev. R. B. Layton and G. C. Roy, Kentville; Dr. W. L. Archibald, Wolfville; R. W. North, Canning.

Membership and Finance Committee: Rev. C. H. Johnson, Berwick; Capt. W. S. Rawding, Waterville; R. H. Lamont, Kentville; Geo. Chase, Port Williams; Scott Blenkhorn, Roy; H. Barber, Canning; Capt. John Pratt, Wolfville.

The constitution was then placed before the association and adopted.

Aside from a few slight flurries the first snow of the season came on Tuesday night, when it fell to the depth of from three to four inches and made fairly good sleighing in town. Mild weather since has made the streets and sidewalks very unpleasant for pedestrian.

Town and College.

Unite in Demonstration in Honor of Brave Wolfville Girl and Acadia Graduate.

Nov. 18, 1920 will be remembered long in the minds of those who were present at College Hall. Never before in the history of the University was such another ovation given to one of its number, in the person of Gladys Vaughan, M. A., B. Sc., who, under the auspices of the Sir Robert Borden Chapter, Imperial Order Daughters of the Empire, told of her recent experiences with the American Red Cross Commission behind the lines on the Bolshevik Polish Front, and of her work among the refugees in the Great Retreat of the Polish Army.

A unique feature of the occasion was the decoration and seating of College Hall. The centre stage in flame color and white—the Polish colors, with the flag of Poland surmounted by her emblematic Eagle forming a background, was flanked on the east by the University Band under the leadership of "B. J. Murray," and on the west by the Acadia Orchestra under Miss Nelson, A. L. S. In the centre of the west gallery in a "box" made by Imperial flags sat our victorious Football Team behind their coveted Cup topped by a football that had seen active service, beneath and over which hung Acadia banners. Packed to the rafters on both sides sat or stood the University men. The east gallery made a striking appearance in Seminary banners, filled as it was with Senior, Junior and First Year Seals, in white middie and scarlet ties. One of the audience likened them to a garden of lilies and roses. Both east and south galleries packed to the limit of capacity with Seminary Faculty and students were most effectively trimmed in the colors of Poland.

On the floor, centre front, sat the Daughters of the Empire in evening dress; behind them, Co-eds in cap and gown, to their right, the Give Service Girls in their dainty regalia which happily resembled Poland; to their left, the Girl Guides and the Boy Scouts also in uniform; back of all these, the hundreds of friends eager to go home to the town to tell of the occasion, whose name has been heralded in the great newspapers of the world as the "U" Grad, who put to flight the Bolsheviks—a native of Wolfville, an Acadia Girl who in 1910 was known about college as "Tad".

Under the efficient ushering of the Give Service Girls, of whom Wolfville is justly proud, the great audience melted into place to the music of Band, Orchestra, and the mass singing of all galleries at the direction of "Lofty" Lealie, with "Don" Cameron at the piano.

At 8.15 a hush fell. Then a note was struck, and between the Give Service Guard of Honour marched the I.O.D.E. standard bearer, Mrs. H. D. Johnson; the Regent, Mrs. Haliburton Moore; and Gladys Vaughan; while the student body as one voice sang the National Hymn of Poland. All remained standing during the beautiful opening prayer of the Order read in the clear voice of the Regent.

In a few brief well chosen and clearly heard words of appreciation, Mrs. Moore introduced the speaker who stood just five feet one inch high, and looked girlishly lovely in a "Worth" creation of brown panne velvet and white fox fur. Then for a breathless hour, broken only by ripples

of laughter at witty sallies, and sighs over pathetic scenes, that vast audience sat spell bound in a silence that was their deepest tribute to the speaker.

In masterful strokes of unsurpassed language "Tad" sketched Poland—its heroic soldiers, ill fed, wretchedly clad going to battle with songs on their lips; its devastated country, one among the richest in the world; its suffering people numbered by the agencies of unrecorded endurance; its indomitable courage. She touched but lightly on her own work, leaving to our imaginations the details of that flight across the Drisner in the dead of a Russian winter when she landed safely out of the reach of the Red following her foot, 4,000 starving refugees; of her personal encounter, at a later date, with the leader of the Bolsheviks himself; and of her long endurance of travel under conditions of insufficient food, unthinkable housing, and indescribable cold, ending with an appeal that went straight to the heart for the country that today stands between Bohemia and us.

Lieut.-Col. J. H. MacDonald, C.B.E., F.R.G.S., in the happiest manner voiced the appreciation of the audience, and in a vote of thanks, which was eloquently seconded by the Rev. R. F. Dixon who touched delightfully on our Heroine's early life as he knew it.

Then, before putting the question to the house, the Regent graciously fastened on Gladys the life membership pin of the Order, the Daughters standing at attention as she repeated the oath of allegiance, while an usher presented her with a bouquet of yellow and mauve Chrysanthemums tied with Acadia ribbon. Miss Archibald who had suggested the order of events was called out from the audience and presented with flowers.

As the house rose eagerly to a standing "vote" the Band struck up the National Anthem which was followed by the good old Acadia Yell and all who could reach her shook the good right hand of the charming speaker who, on an equal footing with Florence Nightingale and Edith Cavell will go down in history as Nova Scotia's Heroine.

BORN

STRONG.—At Portland, Oregon, on Nov. 15th, 1920, to Dr. and Mrs. Ralph K. Strong, a daughter (Helen Margaret).

To Subscribers

In order in some measure to meet the greatly increased costs of production The Acadian must fall in line with the course adopted by nearly all papers throughout Canada by increasing its subscription price. The price of paper is a serious one, being today more than three times that of a year or two ago with no probability of any decrease for several years.

Beginning with January 1st our subscription price will be \$2.00. Subscriptions or renewals offered to that date will be accepted at the old price of \$1.50.

of laughter at witty sallies, and sighs over pathetic scenes, that vast audience sat spell bound in a silence that was their deepest tribute to the speaker.

In masterful strokes of unsurpassed language "Tad" sketched Poland—its heroic soldiers, ill fed, wretchedly clad going to battle with songs on their lips; its devastated country, one among the richest in the world; its suffering people numbered by the agencies of unrecorded endurance; its indomitable courage. She touched but lightly on her own work, leaving to our imaginations the details of that flight across the Drisner in the dead of a Russian winter when she landed safely out of the reach of the Red following her foot, 4,000 starving refugees; of her personal encounter, at a later date, with the leader of the Bolsheviks himself; and of her long endurance of travel under conditions of insufficient food, unthinkable housing, and indescribable cold, ending with an appeal that went straight to the heart for the country that today stands between Bohemia and us.

Famous Pianist

Coming to College Hall December 10.

Heinrich Gebhard the Eminent Composer-Pianist, who plays at College Hall, Dec. 10 at 8 p.m., played with great success Nov. 11-12 in St. Louis with the St. Louis Symphony Orchestra, Nov. 19-20 in Cleveland, Ohio, with the Cleveland Symphony Orchestra Dec. 2 he plays a Sonata Recital in Jordan Hall, Boston with Harrison Keller, the eminent Violinist. Mr. Gebhard is one of the noted interpreters of Chopin and the Moderne French Masters. Several of the Younger Concert Pianists and Teachers of to-day are or have been pupils at one time of Gebhard. This is one of the rarest musical treats of the season and the inauguration of a series of Educational and Artists Recitals to be given each season under the auspices of Acadia Conservatory of Music. Let all the lovers of good music come and help make this concert a success to insure having more concerts of this type in the future.

March 10th or 11th Helen Choate, Soprano of Boston will give a Recital in College Hall. Miss Choate is one of the younger sopranos and every where her voice has been proclaimed one of rare beauty. Miss Anna Schneider, of the Conservatory will assist Miss Choate.

Negotiations are under way to secure a noted Violinist for a later date but the third Concert will depend largely upon the success of the Gebhard Recital, Dec. 10, 1920.

Saturday eve Nov. 27 at 8 o'clock the Second Students' Recital will be given. These Recitals are given once a month in the Seminary Chapel and are open to the public.

MEN'S CLASS

The re-organization of the Men's Class at the Baptist church, which under the efficient leadership of Dr. DeWolfe did such excellent service some years ago, took place on Sunday afternoon last. About thirty-five men were present. The class has been fortunate in securing as a

international course of lessons. The first session of the class was a very interesting one free from formality and every one joined in the discussion. The class will meet next Sunday at 3 o'clock. All the men of the town are invited to attend.

NORTH GRAND PRE NOTES

Mrs. Dobson, of South Carolina, U. S. A., is visiting Mrs. Cyrus Jordan.

Mr. Fred Middleton, of Wolfville, spent last week end with Mr. and Mrs. Harry Palmeter.

Mr. and Mrs. Gordon Allen and two little sons left on Tuesday for Harmony, Queens county, where they will spend a few weeks.

Miss Evelyn Palmeter is now working for H. E. Woodman of the Canada Life, Wolfville.

Kings County Agricultural Society

The 131st Annual Meeting of the Kings County Agricultural Society was held at Evangeline Hall, Lower Horton, on Tuesday evening, Nov. 16th.

This grand old society was organized in the year 1789 and has been a helpful factor in promoting the welfare of the section which it represents. A glance over its history shows that in many avenues of activity it has wielded a powerful influence and among the membership has numbered those who have been outstanding in various pursuits.

The society now has a membership of eighty-six and is enjoying continued prosperity.

At the meeting last week the following officers were re-elected:

President—F. C. Dennison
Vice President—G. P. Fuller
Sec. Treas.—L. H. Curry
Directors: William Buchanan, J. Leslie Barron, Leverett Fuller, F. E. Fuller, Ross Fullerton.

A feature of the year's operations in the annual dinner, which is held usually in December and is a big affair. Arrangements for the dinner have not yet been completed.

Nova Scotia Board of Commissioners of Public Utilities

In the matter of the application of the Gaspereau River Light, Heat & Power Co., Ltd. for approval of a schedule of rates for electrical energy.

NOTICE

A sitting of the Nova Scotia Board of Commissioners of Public Utilities will be held at the Town Hall, in the Town of Wolfville, in the County of Kings, Province of Nova Scotia on Friday, the 26th day of November, 1920, at ten o'clock in the forenoon, for the purpose of considering the application of the Gaspereau River Light, Heat & Power Co., Ltd. for approval of a schedule of rates for electrical energy, viz:—a rate of 12½ cents per k.w.h. with a minimum charge of \$1.00 per month for electric lighting in the settlements of Port Williams and Greenwich, and a rate of 5 cents per k.w.h. to the Town of Wolfville and to the Gaspereau Valley Electric Light Co., Ltd. the latter rate not including distribution.

All persons desiring it will be given an opportunity of being heard at such sittings.

By Order of the Board
L. B. TAYLOR,
Clerk.

Halifax, N. S., November 19th, 1920.

CHRISTMAS SENTIMENTS have survived the horrors of War, and are increased a thousand-fold in these days of peace. Hearty Greetings will be extended by friend to friend, and the Christmas Card is the most practical form of conveying such expressions of Goodwill at Christmas and the New Year.

We have a Splendid Assortment of ...
... Personal Greeting Cards ...

from which to choose. All are Canadian made and are of high-class quality, and the prices are low.

Get your order in early as we have to send to Toronto for the Cards.

THE ACADIAN STORE.

THE FARM BUSINESS

A farm to be successful, should maintain its productivity and should return a reasonable wage for the labor of the farmer and his family, after paying farm expenses and deducting a fair rate of interest on the investment.

Four important factors in the success of the farm business are size of business, yield of crops, returns from live stock and efficiency in the use of labor.

What is the size of your farm business? What part of your investment is in land, buildings, live stock, machinery and other capital?

Is your area properly proportioned to the various crops with regard to profits? With regard to labor distribution?

How do your crops compare with the average yields of the locality?

What classes of live stock return you the most money?

How do the returns from the live stock compare with the average of your locality?

How many acres of crops do you raise per man? Per horse?

Is your farm so organized that each part of the business is yielding satisfactory returns?

How much have you left for your own labor, after deducting from your total receipts your year's expenses, value of labor performed by the members of your family and interest on your investment??

How much does the farm contribute to your family living?

Paderewski the great pianist has been obliged to give up playing in public, on account of neuritis in his hands. His piano is for sale.

Reports of a sugar crop bigger even than that which broke the present market seem to promise a steady price decline in this commodity. There are those who predict 10-cent sugar before Christmas and 8-cent sugar before March.

Sir George E. Foster's election as one of the Vice-Presidents of the Assembly of the League of Nations is not only a tribute to Canada, but is distinct recognition of Canada's place in the League as a member in full standing of it.

Rev. Charles H. Johnson, now stationed at Berwick, has received and accepted an invitation to become pastor of the Cochrane Methodist Church, St. John's, Newfoundland effective next July. This is the leading Methodist Church in the Ancient Colony.

A Washington report shows that in the last fiscal year Panama Canal receipts exceeded operating expenditures by \$2,387,599. Since it was opened the canal revenues have been \$31,657,766 and the total operating cost \$36,188,857. The canal is now showing a comfortable surplus over operating cost and with the growth of Pacific trade should gradually wipe out the construction cost of \$376,151,695.

The defeat of Ex-Premier Venizelos in the elections of Greece is disturbing to the various European Capitals which see in it the sinister hand of Germany. Rathallie who supersedes Venizelos, is a rabid pro German and Hun intrigue has been evident during the Campaign. Diplomats are seriously disturbed at the results which they declare may upset the tranquillity of Europe and may call for the intervention of the powers.

Pallid Cheeks and Dull Eyes.

Tell the Story of Watery Blood—How to Regain a Good Color and Health

To be run down in health and to lose their attractiveness is the double misfortune of many young girls. Their pallid cheeks and dull eyes tell everyone that they are doomed to days of wretched headaches and are victims of breathlessness and bloodlessness. The anaemic girl, if she neglects her health, may be a sufferer all her life; for an active happy woman cannot be developed out of a bloodless, consumptive looking girl, without the help of new, rich red blood.

Pale, weak girls should take heed. Bloodlessness must not be neglected. Plenty of good air, a nourishing diet and rest will help you, but the cure you need most promptly is new blood. Good new blood in abundance, such as makes all the difference between sound health and poor health to girls and woman, is supplied by Dr. Williams' Pink Pills. Their one mission is to make new blood which reaches every organ and every nerve in the body, bringing to anaemic girls and women new color, bright eyes, an elastic step and a feeling of joy in living. The value of Dr. Williams' Pink Pills to young girls is shown by the cure of Miss Bessie Clarke, R.R. No. 1, Steveston, Ont., who says: "Two years ago, while studying for the entrance examination, my health broke down and I fell away to a mere shadow of my former self. When the day for the examinations came, I should have been in bed instead of trying them, but I went on with the work and when through was almost on the verge of collapse. I thought then that a rest would help me, but I did not regain my strength. Then my mother was advised to have me try Dr. Williams' Pink Pills, and after taking them for about a month I found myself restored to health, with good color and a change for the better, which people who knew me readily noticed. I am very thankful for what Dr. Williams' Pink Pills did for me, and hope my experience will benefit some other weak girl."

You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail, postpaid, at 50 cents a box, or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

BOY SCOUTS OF NOVA SCOTIA LEAD CANADA

Nova Scotia boy scouts led the whole Dominion of Canada in proficiency during the scout year just ended, according to a statement made last week by H. O. Eaman, who recently was appointed assistant provincial commissioner for Nova Scotia alone. Mr. Eaman was formerly assistant commissioner for both Nova Scotia and New Brunswick, but the movement has become so important that he has been given authority to devote his whole attention hereafter to this province.

Mr. Eaman stated that the only method of deciding proficiency in Canadian boy scout work was through the proficiency badges issued. Figures just out showed that Nova Scotia scouts led the country in badges issued to members. On a percentage basis, this province led the next highest, New Brunswick, by 15 per cent, while New Brunswick led the third in the list, Ontario, by 35 per cent, putting Nova Scotia 50 per cent of any of the Upper or Western provinces.

Membership in Nova Scotia also shows a satisfactory growth, with an increase of 20 per cent over the former year. The movement as a whole, Mr. Eaman declared is in a healthy condition.

The English Universities have been asked to make an exhaustive study of poison gas seen for war purposes.

CANADA'S CROPS IN PRESENT YEAR

The total yield for Canada of turnips and other roots is estimated by the bureau of census and statistics at 114,081,000 bushels from 290,286 acres in 1920, as compared with 112,288,600 bushels from 317,286 acres in 1919.

The yield of hay and clover this year is below that of 1919. The total in 1920 is estimated at 13,378,800 tons from 10,379,292 acres, as against the record 1919 total of 16,348,000 tons from 10,585,383 acres.

Fodder corn yields 5,404,000 tons from 588,977 acres.

The total area under root and fodder crops, including potatoes, turnips, etc., hay and clover, alfalfa fodder, corn and sugar beets amounted to 12,317,943 acres as compared with 12,494,584 acres in 1919.

The total value of these crops at local prices paid to farmers, amounts in 1920 to \$584,634,500 against \$560,151,800 for 1919.

NOVA SCOTIA TEMPERANCE ACT

Representatives of the Nova Scotia Temperance Alliance have had a conference with Premier Murray. Among the points discussed was the appointment of a board of vendor commissioners. The delegation urged that the commissioners appointed be men of strength of character and high standing also that the chief inspector give full time to his duties.

The premier asked the delegates to submit any suggestions they saw fit to make in connection with the act and its administration, assuring them such suggestions would receive every consideration.

This invitation was accepted and a meeting will be held at which suggestions will be drawn up for submission to the government.

TREES 5,000 YEARS OLD.

A huge cypress in a churchyard near Santa Maria del Tule, in southern Mexico, according to scientists is the oldest living thing in the world, being between 5,000 and 6,000 years old.

This tree is based on the gigantic bole of the tree and the slow growth of the species. These figures mean that when the seed from which the tree sprang fell upon the earth King Menes was holding the first reign in Egypt of which we have any historic knowledge 3,000 years before the birth of Christ.

Humboldt discovered the tree more than 100 years ago. He nailed to the tree a wooden tablet containing his autograph and, although it is now partly hidden by the subsequent growth the autograph is still legible.

The last scientific measurements of the tree showed it to have the astonishing girth of 136 feet at four feet from the ground. It shows no signs of decay.

W. C. T. U. CONVENTION IN JAPAN

The annual convention of the National W. C. T. U. was held at the Woman's Union Bible School, Yokohama, April 5-7. Some 70 delegates were present, representing 65 Unions and 7 Circles, with a total membership of 3,314 this not including the L. T. L. membership.
 Three delegates went to the World's W. C. T. U. Convention taking place in London, England, in the month of April, one of these being Mrs. Yajima, the 88 year old veteran President of the Society. The large sum of Yen 12,000 (\$6,000) was collected to defray the expenses of these delegates.
 The reports of the departments were very interesting. The Superintendent of the Evangelistic Department urged the forming of Prayer Circles and the development of the Evangelistic spirit in every Union. The Home Department emphasized the need of a general reconstruction of the home as the true basis of all reform.
 The Tokyo Foreign Circle collected a large sum of money through the year for its Community Centre, the Kobo Kwan; after meeting various expenses there was still a balance on hand of nearly Yen 13,000 (\$6,500), a nucleus towards a building fund.

The Jai Kwan, the Rescue Home in Tokyo, reported a successful year of work.

The National W. C. T. U. has two official publications, the "Fujin Shimpo" for women, and the "Shonen Shimpo" for children; and both of these had a successful year.

The need for Temperance instruction for children was emphasized. It was resolved to petition the Educational Department to more closely control the smoking and drinking among students in High Schools; also to petition the Government to abolish the manufacture and sale of tobacco.

A farewell was tendered to Miss Spencer, over 42 years in Japan as a missionary, and prominent in all Temperance activities. The earnest hope was expressed that she might return to Japan to spend the remaining years of her life among old friends.

A most successful Convention was thus brought to a close.

E. Preston, Pres. Foreign W.C.T.U.

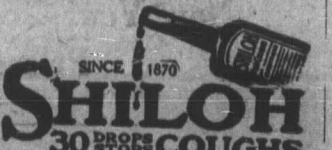

HYMENEAL.

BLANCHARD—COX

The home of Mr. and Mrs. William B. Cox, Upper Dyke Village, was the scene of an interesting event, on Wednesday, Nov. 17, when their daughter, Leah M., became the bride of Mr. Edward Blanchard, son of Mrs. James Blanchard, of Kentville formerly of Upper Dyke Village, Rev. G. A. Logan, of the Presbyterian Church, Canard, officiating. The wedding march was played by Miss Clara Blanchard, sister of the groom. The house was beautifully decorated with flowers and potted plants, the ceremony being performed, beneath an arch of winter holly and evergreen.

The bride, who was given away by her father, was very lovely in a gown of white silk crepe de chene, with satin and silver trimmings, wearing the conventional veil and orange blossoms, and carrying a shower bouquet of pink roses and carnations. Mrs. Cox, mother of the bride, wore a handsome gown of black satin. The solo by Miss Helen Blanchard, sister of the groom, was delightfully sung. After the ceremony a wedding breakfast was served at the home of the bride's parents, after which Mr. and Mrs. Blanchard left amid the best wishes of a host of friends, for a motor trip through the Province. Mr. and Mrs. Blanchard will reside in Halifax.

Minard's Liniment for Diphtheria.

Piles Cured Permanently Without Drugs

Internal Bathing Relieves the Cause

Mr. A. N. Steele, Cupar, Sask., writes: "I had been troubled with my Stomach, Piles and Constipation for years until I had become very thin and looked 20 years older. A leading Doctor in Regina told me that the main canal was badly ulcerated. I gradually became worse, until one day, when purchasing a threshing outfit from Mr. Russell of Regina, Mr. Russell noticed my condition and said: 'I can cure you. Get a J.B.L. Cascade.' Well, I did so, and the first night I used it I slept all night for the first time in weeks, and in a short time felt quite myself again. It also cured my piles, which had troubled me for years."

If you are troubled with constipation, don't drug yourself. Internal bathing with the J.B.L. Cascade is the only permanent way. This wonderful appliance is the invention of Dr. Chas. A. Tyrrell, New York. It is pleasant and easy to use, and will serve the whole family. It should be in every home. See the J. B. L. Cascade at A. V. Rand's, Druggist, Wolfville, where it will be shown and explained to you. Ask for 32-page booklet all about internal bathing. It is free, or write Tyrrell's Hygienic Institute, 163 College Street, Toronto, Ont.

The British Overseas Settlement Committee in London has received nearly 50,000 applications from ex-service men and women for emigration to all parts of the Empire. About one-fifth of the applicants are women who intend to take up domestic or land work. Most of the men desire to go on farms. Canada is the favorite Dominion. Between 6,000 and 7,000 applicants express a preference for this country, while Australia, New Zealand and South Africa are next in order of popularity. With dependents the total involved is well over 100,000 persons. The lists for ex-service men, which were to close December 31st, have been extended to the end of 1921, and applications are now pouring in at the rate of 1,000 a week.

Designs for the Laurier Memorial will be considered by the sub-committee in charge on Nov. 27. Over fifty designs have been submitted.

AUTOMOBILES FOR SALE!

Several second hand Autos. and Auto Trucks. All thoroughly overhauled and ready for the road.

T. E. HUTCHINSON WOLFVILLE

FATHER OF FOUNTAIN PENS

There is still in use in Paris a fountain pen made in 1864.

This pen was patent in that year by Jean Benoit Mallat, an engineer, and the firm that still carries on the business founded by him asserts the it was the first fountain pen ever made.

Mallat was the inventor of the gold pen with the ruby point, perhaps the easiest writing and most durable nib ever put on the market. But it is necessarily expensive. In 1843 Mallat substituted iridium as a point for his pens. At the same time he provided a reservoir for the ink. This was the germ from which grew the idea of storing in in the handpieces. Mallat's fountain pen differs only slightly from our modern ones. It was self-filling, but the flow of ink was regulated by a little turn-screw on the side. This however, was soon given up, as it became clogged.

Up to date 142,000,000 bushels of the Western wheat crop are on the way to market. Almost half as much more is yet to be inspected. It takes a lot of rolling stock and a lot of money to "move" such a huge quantity of wheat, but it also means that a large amount of money will go into distribution to maintain the business of the country.

SOCIETY NOTES

One of the pleasantest social functions of the season occurred last Friday afternoon when Mrs. Percy Benjamin and Mrs. W. M. Smallman were "At Home" to their friends at the home of Mrs. Benjamin. About 150 guests were invited and a very enjoyable time was had. Mrs. Benjamin was most becomingly gowned in Nile green georgette with sequin trimming. Mrs. Smallman's gown was of brown georgette. Those who assisted with the serving were Mrs. W. C. B. Harris and Misses Marguerite deWitt, Marjorie Pritch, Jean Creighton and Laurette Benjamin.

Mr. Fred Bishop entertained a number of his gentlemen friends at "Bridge" on Thursday evening of last week.

Mrs. Paul Davidson had a very pleasant "Ladies Bridge" on Monday evening, in honor of the birthday of her mother, Mrs. David Thompson.

Mr. Henry Ruffee gave a "Bridge" for his gentlemen friends last evening.

Dr. C. E. A. deWitt entertained the members of the Acadia football teams and lady friends on Monday evening. A very pleasant evening was spent.

OBITUARY

The heartfelt sympathy of the whole community is extended to Mr. and Mrs. A. H. Coldwell of Gaspereau in their sad double bereavement. Twice in one short week they were called upon to go down with two of their children to the edge of that swift and silent river that we call death, the children to cross the stream, they to remain upon this side to hear and suffer their loss until that day when families shall be re-united in the Father's house. On Oct. 25th there passed away Albert Blanchard, the baby of the home aged three years. On Nov. 2nd his little brother Henry Anderson, went to join him in heaven, aged five years.

Thus early were they called. But we are sure that He who cares for the flowers of the field, and marks the sparrows when they fall, will keep watch over our little ones, and someday He will give them back again to us. Silently and sadly we laid them to rest in sure and certain hope of meeting them in The Morning.

Funeral services were held from their late home conducted by Rev. Dr. Bennet, pastor of the Baptist Church of Gaspereau. To the father and mother also the brothers and sisters we extend our sympathy in this hour of trial and loss.

THE BOY SCOUTS

The program for this evening is as follows:

- 6.45 to 7.15 Group Games.
- 7.15 to 7.45. Basket Ball, Port Williams vs. Wolfville Scouts. Tests for Proficiency Badges. Tournament in Cue Pocket and other games continued.
- 7.45 to 8.00. Scout Group Games.
- 8.00. Roll Call—talk by Dr. Elliott on the 10th Scout Law.
- 8.30 Tuxis Boys meeting, College committee in charge are Karl Mason, L. E. Neilly and R. D. Wigmore.

It is good news that the Daughters of the Empire have again taken up the matter of a district nurse for Wolfville and are determined to push it to a successful issue. At the meeting in College Hall on Thursday evening of last week a creditable amount was realized which will be augmented from various sources. Every organization in town will, we feel sure, be glad to assist in the necessary and worthy undertaking and it is hoped that within a few weeks a nurse will have been installed. THE ACADIAN has repeatedly urged that action be undertaken along this line and will be glad to assist the work in any way in its power.

A Quick Relief for Headache

A headache is frequently caused by badly digested food, the gases and acids resulting therefrom are absorbed by the blood which in turn irritates the nerves and causes painful symptoms called headache, neuralgia, rheumatism, etc. 15 to 30 drops of Mother Syrup will correct faulty digestion and afford relief.

Our adv. columns will be found unusually interesting this week and should be carefully perused. Christmas is only a few weeks distant and merchants who have Christmas goods to sell will be announcing the fact through the columns of THE ACADIAN. Watch our columns and give your patronage to those who merit it.

Items of Local Interest

All trimmed hats at Miss Saxton's must be cleared out during the next three weeks. Come early and choose out of the many pretty styles at a bargain.

Mr. J. H. Gould, of Dartmouth, formerly of Wolfville, took second prize with his exhibit of White Wyandottes at the Colchester Poultry Show recently held at Truro.

L. E. Shaw & Co. recently purchased the Russel MacDonald property at Avonport. This farm joins the Brick Yard Property and in addition to being a splendid farming proposition contains 50 acres of clay and sand.

The first boat chartered by the United Fruit Company this season to carry apples to the English market has arrived at her destination and her cargo has been disposed of. The price netted to the shippers for the full cargo is seven dollars a barrel.

On the premises of G. W. Chisholm, Grand Pre, one red and white yearling steer. Earmarks: Slit in left ear, slit in end of right ear and half penny under right ear. Strayed from Grand Pre Dyke. Owner can have same by paying trespass and paving expenses.

Mr. W. L. Hatfield, publisher of the Brfwick Register, was in town on Friday last and paid THE ACADIAN a pleasant call. Mr. Hatfield took charge of the Register about a year ago and is getting out a good paper. He has made a number of additions and improvements in the plant.

Abundance of continuous light and power, which we have enjoyed during the past week, has been greatly appreciated by patrons of the service. We understand the energetic proprietors of the Gaspereau Light and Power plant are making preparations which will insure plenty of power in future.

The three-masted schooner "B. R. Towers," Capt. Towers, of Parrsboro, which had been laying outside for a few days waiting for higher tides, was towed into port on Sunday morning. She had a cargo of about 600 tons of fertilizer, consigned to A. M. Wheaton which has been discharged and stored. We understand she will go to Port Williams to load potatoes for the South for W. H. Chase & Co.

Mr. F. J. Porter, High Sheriff, who recently purchased the A. A. DeWolfe property, is now having extensive changes made. The house has been raised and will be thoroughly refitted inside and out, and will be a modern house when completed. Mr. E. L. Porter, of Wolfville, is doing the work. This is a very sightly position, and with the grounds properly graded, will make one of the beauty spots of Kentville.—Advertiser.

The plays presented at the Opera House on Friday and Saturday last by the Young-Adams Co. were among the best given in Wolfville. On Friday evening "Rich Man, Poor Man" was greatly enjoyed by a good house, and on Saturday evening practically every seat was occupied when "The Love Divine" was presented. The play at the matinee on Saturday afternoon was "Lena Rivers" and was witnessed by a large number principally young people. Good, clean Vaudeville was a feature at each performance. The Young-Adams Co. is an organization that will be welcomed on a future visit in February or March.

After considerable negotiations with the powers that be the site for Wolfville's memorial Tablet to the brave boys who died in the great war, has finally been decided upon. The tablet will be erected in the centre of the lawn, on the east side of and in line with the government building. The work of constructing the foundation upon which the tablet will be placed is now in progress and will be completed as soon as possible. It is hoped that weather conditions will permit of the work being finished and the tablet being unveiled with suitable ceremony before winter sets in. The work has been considerably delayed because those having it in charge were determined to have it done as far as possible to the satisfaction of all concerned. The Memorial though simple ought to be of the most enduring character marking as it will our appreciation of those who fought for us and fell in the great world conflict. Some day Wolfville will willingly acknowledge for future generations, the work of all our boys who participated in their great struggle for the world's safety.

CIVIC CLUB MEETING

There will be a regular meeting of the Civic Club at the Council Chamber on Thursday evening of next week. This will be an important meeting and every member and citizen interested in the welfare of the town is urged to be present. An interesting program will be presented. Make no other engagement for Thursday evening.

Coming Events

Notices under this heading are inserted at 10 cents a line. Each repeat, 5 cent a line; minimum charge, 30 cents. Contract rates on application.

A sale of Tea will be given by the ladies of St. John's church at the Rectory, on Dec. 2nd. See adv.

The Teachers of Acadia Seminary will be "at home" in the Seminary Residence Tuesday Afternoon, November 30, from half past four until six o'clock, when they will be pleased to meet their friends.

The regular monthly business meeting of the W. C. T. U. will be held on Monday afternoon of next week at the home of the president, Mrs. B. O. Davidson, Summer street, when a full attendance of the members is requested.

ELECTRIC POWER

It is time the Electric Light Commission had adopted a scale of prices to be charged for the use of electric current for industrial purposes. This rate should be made as low as possible in order to increase the establishment of manufacturing institutions and the use of electricity for power purposes. Wolfville needs more industrial establishments of the right order and every possible effort should be put forth to develop our town along this line. The provision of ample electric power at a reasonable price would be a great inducement, and when the plans of the power company are carried out this can easily be assured. Those who are now using the current and those who purpose doing so would be very glad of the assurance that a minimum rate had been adopted.

MANY NEWSPAPERS SUSPEND

This is the "open season" for publications, and many of them are being shot to pieces.

Last week the Canadian Courier made an assignment, and will cease publication.

It was a Mackenzie & Mann publication, run very largely by Mr. Wm. Moore, an associate of the railway magnates. A few weeks ago the Canadian Farm, another of their publications, was sold to the owners of the Toronto Saturday Night.

Last week also saw the suspension of the Hamilton Morning Times after a short career of three days.

The cost of publication is extremely high and a great many papers throughout the country are passing out of existence.

Minard's Liniment for Colds, Etc.

Would Not Be Without Baby's Own Tablets

Once a mother has used Baby's Own Tablets for her little ones she would not be without them. They are the ideal home remedy for the baby; being guaranteed to be absolutely free from opiates or other harmful drugs. They are a gentle but thorough laxative and have been proved of the greatest aid in cases of constipation, indigestion, colic, colds and simple fevers. Concerning them Mrs. Ernest Gagne, Beausejour, Que., writes: "I have used Baby's Own Tablets for constipation and colic and have found them so successful that I would not be without them. I would strongly recommend every mother to keep a box in the house." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

A man may use a wart on the back of his neck for a collar button; ride on the back of a railroad train to save interest on his money until the conductor comes around; stop his watch nights to save the wear and tear; leave his "i" and "t" without a dot or cross to save ink; pasture his mother-in-law's grave to save corn; but a man of this kind is a gentleman and a scholar compared to a fellow who will take a newspaper, and when asked to pay for it puts it in the office and has it marked "refused."

CHARGE COLLEGES IN THE MARATIMES BADLY TREATED

Toronto, Nov. 11.—The suggestion to extend the sphere of the Intercollegiate Athletic Association's activities to the prairie provinces is being well received here. Newspapers commenting this morning on the proposed expansion of the association, while admitting it is a laudable task, say that it does not do far enough. The Canadian Intercollegiate Athletic Association they say is a misnomer, and the inclusion of the prairie provinces will not make it truly national.

"Canada extends beyond the prairie provinces on the west and beyond the province of Quebec on the east," says the Globe. "There are well-established institutions of learning in British Columbia and in the Maritime Provinces wherein athletics are on a firm and well organized basis, while the University of New Brunswick, Dalhousie, St. Francis Xavier, and other colleges with large enrollments are engaged in hockey, track and field athletics, etc. Until a plan of truly national intercollegiate competition is evolved, and it can be done without much difficulty, the Canadian Intercollegiate Athletic Association will continue to be a misnomer. Championships in football, basketball, hockey, boxing, swimming, track and field and other sporting activities which play a large part in the lives and training of the students could be quite easily arranged."

30 YEARS AGO

The following items were taken from the files of THE ACADIAN of 30 years ago:

The first real winter weather of the season was experienced during the first days of this week. On Sunday quite a snow-storm occurred in some parts of the county, although only a flurry was had in Wolfville. Monday was as cold as an average winter day, but since then the weather has been mild and warm.

It is authoritatively stated that the bridge on the Digby and Annapolis section of the western counties railway are approaching completion and that in all probability freight cars will run over the new line by Christmas. The opening of a through line from Halifax to Yarmouth will be a most notable event in the history of the western counties.

Among the advertisements: eggs 22 cents a dozen, tea 15 cents a pound.

VITAL TABLETS

The Great French Tonic

If you are not just feeling yourself, you feel run down, tired and lack of ambition, you need toning up. You get Vital Tablets, and in a short time note the change. Price 50c. a box, 6 for \$2.50. Sold at all Drug Stores. The Scobell Drug Company, Montreal, Que.

HE KNEW
"Doctor," said the convalescent, smiling weakly, "you may send in your bill any day now."

"Tut, tut!" replied the M.D., silencing his patient with a wave of his hand. "You're not strong enough yet."

The Bride: "Oh, how I hate to let you go, darling. I sha'n't see you again until lunch time."

The Groom: "You must be brave, little woman. No matter what happens, I swear to telephone at 11."

KIND TO ANIMALS

"He is the most tender-hearted man I ever saw."

"Kind to animals?"

"I should say so. Why, when he found the family cat insisted on sleeping in the coal bin, he immediately ordered a ton of soft coal."

Friend (viewing picture)—How realistic! It fairly makes my mouth water.

Artist—A sunset makes your mouth water?

Friend—Bless me! I thought it was a fried egg.

Minard's Liniment Co., Limited (of all Gentlemen).—In July 1915 I was thrown from a road machine, injuring my hip and back badly and was obliged to use a crutch for 14 months. In Sept., 1916, Mr. Wm. Ostridge of Lachute urged me to try MINARD'S LINIMENT, which I did with the most satisfactory results and today I am as well as ever in my life.

Yours sincerely,
MATTHEW x BAINES,

"HEART O' THE HILLS"

A Photoplay full of Laughs, Pathos and Tremendous Thrills.

Mary Pickford in Heart o' The Hills--A gospel of gladness, a miracle play, if ever there was one.

It played ten consecutive weeks at Tremont Temple, Boston, six weeks at Rivoli and the Rialto Theatres, New York.

The biggest event of the season.

From the famous novel by JOHN FOX, Jr.

Nothing quite so delicate has ever been done.

It stands a production with which no comparison can be made, the supreme effort of a true artist.

Prices 28 and 38c.
Shows at 7.30

MARY PICKFORD IN "HEART O' THE HILLS"

Another Royal Suggestion GRIDDLE CAKES and WAFFLES

From the NEW ROYAL COOK BOOK

THERE is an art in making flapjack pancakes, griddle cakes or waffles, call them what you will. But it is an art very easily and quickly acquired if you follow the right recipes.

Here are some recipes for a variety of breakfast cakes that will make grandmother envious. The secret, of course, is Royal Baking Powder.

Royal Hot Griddle Cakes

1/2 cup flour
1/2 teaspoon salt
4 teaspoons Royal Baking Powder
1/2 cup milk
1 tablespoon shortening
Mix and sift dry ingredients; add milk and melted shortening; beat well. Bake on slightly greased hot griddle.

Griddle Cakes with Eggs

1/2 cup flour
1/2 teaspoon salt
4 teaspoons Royal Baking Powder
2 eggs
1/2 cup milk
1 tablespoon shortening
Mix and sift dry ingredients; add beaten eggs, milk and melted shortening; mix well. Bake immediately on hot griddle.

Buckwheat Cakes

2 cups buckwheat flour
1 cup flour
6 teaspoons Royal Baking Powder
1/2 teaspoon salt
1 1/2 cups milk or milk and water
1 tablespoon molasses
1 tablespoon shortening
Sift together flour, baking powder and salt; add liquid, molasses, and melted shortening; beat three minutes. Bake on hot greased griddle.

Waffles

2 cups flour
4 teaspoons Royal Baking Powder
1/2 teaspoon salt
1 1/2 cups milk
2 eggs
1 tablespoon melted shortening
Sift flour, baking powder and salt together; add milk to yolks of eggs; mix thoroughly and add to dry ingredients; add melted shortening and mix in beaten whites of eggs. Bake in well greased hot waffle iron until brown. Serve hot with maple syrup. It should take about 1 1/2 minutes to bake each waffle.

FOOD AS MONEY

Salt has often been used as money—is, indeed, still so used in some parts of Central Africa—and that an ancient chronicler, Marco Polo, writes of salt being used as money in Tibet, where it was made up in the form of "moulds" each weighing half a pound. Eighty of those were of the same value as a gold coin weighing one-sixth of an ounce.

Brick tea is a regular form of exchange in the western parts of China and in Mongolia.

These bricks bear an official stamp stating their value. When small payments have to be made, a brick may be broken into pieces.

In the Shan States, too, tea is still used for a similar purpose, but there it is made up, not into bricks, but balls.

In the Molucca Islands cloves were once money, and at a much later date bitter almonds were so used in some part of India.

Cocanuts are the common form of exchange among the natives of Nicobar. For instance, a packet of matches is worth twenty cocanuts, while for needles the price is one cocanut each.

GLASS THAT CAN BE BENT

A new substitute for glass or for lacquer has been invented. It can be cut with shears or with a knife and, when heated to more than 100 degrees centigrade, it forms a kneadable mass which resumes its previous hard state on cooling. It is known as "celion".

Under the patents of Dr. Eichelgrun a company is making celion in the form of a solid or liquid solution of acetyl cellulose in camphor, either colorless or colored, transparent or opaque. It appears in slabs, or tube form, as well as in the form of a plastic mass, as putty to be used for lagging purposes or as an anti-rust liquid.

The hard vitreous celion is bendable and springy and insensitive to cold water, soap, fat, alcohol or petrol. When burnt in a flame it drops off like shellac, without, however, being as combustible as the latter. Celion varnish, which can be allowed to harden or solidify into flexible layers, is suitable for many industrial purposes. Liquid celion can be used for impregnating textiles or for making insulation tape. In this latter form it can be taken from the round box in which it is wound up, even in the moist condition, and allowed to harden in air.

A Series of Talks on Music

By Prof. C. C. Laugher, Mus. Bac., Sarnia.

NO. V.—CHEST OF VIOLS.

The family of viols is generally considered to be various sized instruments played with the bow, by drawing them to vibrate thus producing the sound.

The most ancient viol on record is the Ravanastron, an ancient Hindoo instrument supposed to have been invented about 5000 years B. C. The sound box resembles the bowl of a pipe and the long neck into which two pegs are inserted the stem. It has but two gut strings and is played with a bow of hair and bamboo. This instrument is still used among the Chinese and other Buddhist people.

An instrument of that type that we do know about is the Rebec. This instrument is mentioned historically as appearing in Europe in the eighth century. It has a pear shaped body terminating in a slender neck, also having three strings and from the rebec we have the viol.

The first viol was originally the size of a viola or tenor violin as used in the modern orchestra.

The chest of viols is a huge case with a family of viols in, comprising two trebles, two tenors and two basses. All we now have left in general use of the viol family is the violin, viola, violoncello and the double bass.

Viol da Gamba is an instrument about the size of the violoncello, but is no more used as the violoncello displaced it. The gamba had six strings and bars or frets across the finger board.

Another instrument was the Viol di Bardone, also having six strings but below the neck lay sixteen metal strings which were plucked with the left hand.

Many instruments of the viol family have been added from time to time, but were short lived.

The Viola Bastarda was an instrument a little smaller than the bass viol. The instrument fell into disuse about the seventeenth century.

An instrument called Violo da Braccio, was another instrument having six strings and was known as the arm viol, as it required to be held in the bend of the arm when played.

Viola da Gamba mentioned above was called the leg viol. Owing to the size of the instrument it was held between the knees when played. It is now obsolete.

An instrument called Viola Pomposa was a five string viol and measured four feet in length, said to be invented by J. S. Bach. This instrument was played like the violoncello.

The violin of to-day takes predominance in the formative period of modern music because it has such opportunities for brilliance and melodic expressiveness.

Sir John Hawkins tells of the early viol thus—"The viol was in use only to accompany the voice and when madrigals and singing was in the decline gentlemen began to excel on the violin and substituted instrumental music in place of vocal. The composers therefore framed compositions called fantasias for the violin, these compositions having six parts answering to the number of viols in a set or chest.

We have now traced the violin kind and noted the development right from its rude beginning to its present perfection. It certainly makes one of the most interesting subjects in the history of instrument making.

Only one of the remaining bowed instruments used in the modern orchestra has retained the viol model. This is the double bass with its flat back and sloping shoulders.

The violin itself has remained unaltered for three hundred years and no further improvement seems possible.

There are many great sporting contests in the United States, but none surpasses in popular interest the annual football combat between Harvard and Yale. The fact that nearly 80,000 people witnessed the game on Saturday, when Harvard won by kicking three goals from the field, indicates what a tremendous event the annual meeting of the crimson and the blue has become.

Personal Paragraphs

Rev. Dr. MacDonald spent Sunday in Halifax, where he occupied the pulpit of the First Baptist church morning and evening and in the afternoon addressed a large meeting at the Y. M. C. A. where he repeated the lecture given by him here last week on "Truth a factor in the winning of the great war".

Mr. A. W. Bleakney returned from a short holiday trip to Boston and vicinity on Friday last. He was accompanied by Mrs. Bleakney, who has been visiting friends for some weeks. On Sunday week Mr. Bleakney had the unusual and pleasant privilege of hearing three sons preach. He had a very enjoyable trip and met many old friends.

The engagement is announced of Miss Harriet W. Whidden, youngest daughter of Mr. and Mrs. D. G. Whidden, to Mr. Clarence T. Sterling of Schenectady, New York. The date of the marriage has not yet been fixed but we understand the Happy Event will take place early in the New Year. Miss Whidden, after spending the summer in Tennessee visiting her sister, Miss Hilda, in New York; her brother Captain Charles, at his home in Thomaston, Conn., and her sister Mrs. P. A. Borden in Toronto, is now in Watertown, N. Y., where she has a position in a photograph studio.

DEATH'S HARVEST

The sad news of the sudden death of Mrs. Jonathan Hayes Monday night, came to her friends and neighbors with shock and sorrow. Sunday morning she was as well as usual, but before noon the stroke came from which she never rallied.

The funeral was held Wednesday afternoon from her residence and was largely attended. The floral tributes were beautiful. The service was conducted by Rev. Dr. MacDonald assisted by Rev. Mr. Dixon and Rev. Mr. Miller. The interment was at Willow Bank.

The family came to Wolfville some thirty years ago, and it was in the home that the deceased was best known. There she was adored by a large family circle, while her quiet, kindly, motherly manner endeared her to many friends.

Mrs. Hayes is survived by her husband, eight daughters, one son and two sisters, all with the exception of one daughter able to be with her at the last. Another daughter pre-deceased her mother.

The death occurred at Kentville on Tuesday night of Frederick A. Masters, a well known citizen. Mr. Masters was the last male survivor in Kings County of one of its oldest families, and was born in Kentville some 66 years ago, the son of Charles A. and Mrs. Masters. In his younger days he was quite prominent in the affairs of his home town, having been a town councillor as well as mayor. He was also a veteran of the Kentville Fire Department. He was admitted to the Bar in 1883, and practised his profession at the Shiretown until a short time before his death, devoting his attention and knowledge principally to office business. He was a valuable member of St. James' Anglican Church, being an ex-warden, and his funeral will be conducted from that church this afternoon at 4 o'clock. He is survived by his wife, formerly Mrs. Duncan, at one time a resident of Wolfville. By his first wife, who was a daughter of the late James Hiltz, he had a daughter, who predeceased him a few months ago. He has four sisters, Mrs. John Publicover, and Mrs. Dick Masters, of Kentville; Mrs. Bentley, of Middleton, widow of Percy Bentley; and Miss Rose Masters, of Boston. John F. Masters, of Boston, is his only remaining brother.

The death of John Y. Payzant, prominent lawyer and financier, and one of the best known men in Nova Scotia, occurred at Los Angeles, California, on Thursday, Nov. 18th. The deceased was born at Falmouth, Hants county, February 9th, 1827. He graduated at Acadia in the class of 1850 and was admitted to the Bar of Nova Scotia in November 1877. Everywhere his name stood high both in professional and financial life. In church circles also he was prominent, and during the course of his career he was associated with many movements that had for their object the betterment of the community.

He is survived by three sons and five daughters. Mrs. E. Percy Brown, of Wolfville, is a daughter.

The death occurred at Summerland, B. C., on Nov. 9th, of Mr. C. D. Denton, a native of Digby county and a graduate of Acadia in the class of 1904. Mr. Denton had been a resident of Summerland for 13 years where he was professor of mathematics at Summerland College and later assistant principal of the high school. For some time falling health had prevented any active work, but the end was somewhat sudden.

TO THE PUBLIC:

Every paper we take up these days tells us of reductions in different commodities, we wish most emphatically to impress upon you that we are following the declining market and reducing our prices daily accordingly.

For instance, Print Cottons marked 35 and 40 cents per yard broke last week and we are quoted now for Spring deliveries at prices which will enable us to sell at 25 cents per yard, but as we predict a further decline we have reduced our prices on all Print Cottons in stock to 23 cents per yard, and all other lines affected by declines are marked down accordingly.

We want you to understand that you are not being asked to pay any other price but TODAY'S value for any goods in our Stores, irrespective of what we might have paid for them.

Having purchased another large consignment of SUGAR, we beg to offer XXX STANDARD GRANULATED at \$11.75 per bag.

Very truly, GEO. A. CHASE.
