

W. C. T. U. CONVENTION.

Resolved, That we offer our gratitude to Almighty God for the kind providence that has been vouchsafed to us during the year that is past, and that we meet again under such favorable circumstances.

Resolved, That this Convention recommend the local unions to bring all presenters to bear upon school trustees in several localities, so as to secure teachers of good moral and sound temperance principles.

Resolved, That as at present our hospitals contain no accommodation for women, we respectfully request the government to provide a ward for women in the new Jubilee Hospital.

Resolved, That all local unions be invited to give entertainments during the week of the proceeds of which shall be devoted to replenishing our W. C. T. U. Provincial treasury.

Resolved, That as far as practicable we recommend all members of the W. C. T. U. to withdraw their support from those who hold liquor licenses.

Resolved, That the duty of introducing into the public schools of the province, a school book upon the nature and effect of alcohol upon the human system, shall be recommended to the government, and that a denunciation from this convention be forwarded to the Minister of Education for that purpose.

Resolved, That the minutes of the convention be printed and forwarded to the local unions within three months from the date of convention, and that a committee on printing be appointed to wait upon the Minister of Education to procure a sufficient number of business advertisements to defray the expense of printing.

Resolved, That recognizing in the prosecution of our White Cross and White Shield work, the necessity of a more efficient and protective force for our unfortunate fallen sisters, we formulate a plan whereby we can provide a maintenance home for such sisters.

Resolved, That as we hope to largely live in training the children early in temperance principles, we add to our present list of kindergartens, work and earnestly recommend our superintendents to provide kindergartens in connection with each local union.

Kanaka Joe Committed for Trial on a Charge of Murder.

At eleven o'clock on Monday morning... a Kanaka Indian, named Joe, was given a preliminary hearing before William Fisher, Esq., J.P., on a charge of murdering an Indian woman named Lucy at Esquimaux on the 20th ultimo.

The first witness called was an Indian woman named Mary, who deposed to the prisoner living with the dead woman, and claiming to be her husband. On Saturday last Lucy came to Victoria, and on the Sunday morning following Joe called her and she went to the house and found Lucy lying dead on the bed, dressed and by her side. She saw that the prisoner had been in the room, and she said she would kill him.

Dr. Jackson gave evidence in regard to making an examination of the body and finding the features badly swollen, and several contusions on the face, and that he also saw the marks of violence, and the cut over the eye was alone sufficient to cause death.

Another Indian woman, named Mary, testified to seeing the body in the house, and to being told by the prisoner that she had shot her husband. She said she had seen the prisoner with a gun, and that he had been drinking. She said she had seen the prisoner with a gun, and that he had been drinking.

Provincial Constable Campbell deposed that on Sunday an Indian named Johnny came to his house and told him that Lucy was dead. Examined the body at the house, and noticed a cut over the left eye, and that her neck was all black. Joe told him she fell out of the bed in a bucket.

He referred to was about 10 inches high from the floor, and the body was nearly as high as the bed. Joe said, "I did not kill her," as he called Lucy. Attended the coroner's inquest on the Saturday night, and was asked to attend the inquest on the next morning, but was asked to get up.

On the evidence produced the magistrate committed the prisoner for trial at Esquimaux, to be held on the 20th of November. Although frequently warned not to say anything as to the case, he said he was afraid to say anything, and he said he was afraid to say anything.

Senator Macdonald Gives His Impressions of the New Democracy—The Daily Colonist.

The Rev. Bishop Childs and Senator Macdonald recently visited New Metakaktala, where the inhabitants of Metakaktala, N.C., headed by Mr. Duncan, have established themselves. Senator Macdonald was interviewed by the following report:

Rep.—Mr. Macdonald, will you be good enough to give us a few notes on your visit to Alaska and to Mr. Duncan's Mission?

Mr. Mac.—It will give me much pleasure to do so, and I suppose it would be superfluous to describe the scenery, which is so often described by the newspapers, and I will, therefore, confine myself to the present condition of the place.

Rep.—How does the village appear?

Mr. Mac.—It is a beautiful village, and the houses are built of wood, and the food supply is abundant, and the people are well clothed, and the houses are built of wood, and the food supply is abundant.

Rep.—How many were at the new settlement when you visited it?
