Womens shoes at \$1.00 per pair, sizes 2½, 3, 3½. Worth \$4.00.—A. Rumford.
Another week or so and the apple sauce season will be with us. Oh, then, for Apple Pies!
First Flea—"Where will you send little Gerald when he grows up?"
Second flea—"Oh, I suppose he will go to the dogs like his father."
The quarterly meeting of the Official Board of the circuit will be held in Watford Methodist church on Friday, at 8 p. m., Aug. 1st.
There will be a celebration of Holy Communion in Trinity Church next Sunday morning, Aug. 3rd, at 11 a. m. This will be the only service on that Sunday.
Snappy Suits at Swift's for young men.

Japanese women buy their dresses by the pound and their bread by the yard. American women buy their dresses by the inch and their bread by the sandwich.

Rumors were current in town on Saturday of an automobile fatality on the Sarnia gravel near Arkona sideroad. Inquiries however failed to verify the report.

A farmer occasionally must lose faith in the farm press when, after working from 3 a. m. till 8 p. m. he reads an instructive article on how he could make money if he farmed more intensively.

Rev. S. J. Thompson will give the second in a series of addresses on prohibition next Sunday evening at 7 o'clock at the united service in the Congregational church. Don't miss it. Some new and striking facts will be brought to your attention.

Two small boys were puzzling their brains to invent a new game. At last, one of them said, eagerly: "I know, Billy, let's see who can make the ugliest face." "Aw, go on!" was the reply. "Look what a start you've got!"

The Guide-Advocate welcomes any contribution from readers in connection with Old Home Week, the early history of the town or reminiscences of by-gone days. Bring or mail it to this office in time for us to publish before Old Home Week.

James Cruze's elaborate production of Harry Leon Wilson's famous comedy "Ruggles of Red Cap" with Edward Harton, Ernest Torrence, Lois Wilson, Fritz Ridgeway, Chas. Ogle and Louise Dresser will be a real laugh treat at the Lyceum next Thursday.

The Secretary of the Watford Old Home Week acknowledges the receipt of ten dollars for the fund from John Cowan K. C. Although a resident of Sarnia, Mr. Cowan evidently considers himself a citizen of Watford of nearly fifty years standing.

The party of 170 Canadian Weekly Newspaper Editors and wives now touring Europe were received at Buckingham Palace last Saturday. We'll bet when King George got a squint at "Art" Ellis of Petrolia, "Fred" Evans of Strathroy, and "Merce" Denholm of Blenheim. H. R. H. was convinced for all time that the pen is mightier than the sword!

Friday and Saturday Bargains at Swift's. Civic Holiday Monday.

After one of the keenest fought games on the Petrolia Bowling Green, the Watford bowlers succeeded in lifting the Bank of Toronto silver cup trophy. The game was close to the last end, when the Watford rink counted two, the game ending 14-11 after 15 ends play. The Watford rink was composed of R. H. Stapleford lead; S. Stapleford, second; F. Lovell, vice skip; G. G. MacTaggart, skip.

The numerous friends throughout the district will regret to learn that Mr. Ed. de Gex, of "Chantry Farm," Kerwood, was very seriously injured in an accident last week. While unloading hay at the barn, the trip rope broke from the hay fork, and Mr. de Gex fell backward off the load, severely injuring his back and spine. Mr. de Gex was rushed to the Strathroy Hospital, where he is receiving every attention. While he is in a partially paralyzed condition, the attending physicians hold out strong hopes for his recovery.

Chicago says wheat will go to \$2 per bushel. Here's hoping that the man who grows it will get the whole \$2.00.

Monday is Watford Civic Holiday. Stores will all be closed. Nothing special doing; citizens will find their own amusement.

Buy all the shoes now that you can possibly use, the price at which we are offering some of them will hardly pay the cost of the leather.—A. Rumford.

At the midsummer examinations held recently at the London Conservatory of Music, Miss Muriel Howden was successful in obtaining an honor standing in piano on her Higher Jr. certificate, Grade IV piano and theory.

Friday and Saturday Hosiery Days at Swift's. See the bargains.

A special business meeting of the Women's Institute is called for on Tuesday evening Aug. 2nd, at 8 o'clock sharp at the home of the president, Mrs. Henry Humphries. Each member is urgently requested to attend.

Calvary and Watford Baptist churches, Sunday August 3rd. Calvary 3 p. m., Watford 7 p. m. Subject: "The Fruit of Righteousness." Calvary August 10th, at 11 a. m. and 7:30 p. m. Preacher: Rev. A. R. Park, of Toronto.

My word, here's Ruggles himself, that deucedly funny English chappie who lands out West where men are mean and that sort of thing. You'll jolly well have the time of your life. Don't y' know. At the Lyceum next Thursday. Can't help it—it's simply rippin'.

Union service in the Methodist church at 11 a. m. next Sunday. The sacrament of the Lord's Supper will be administered by Rev. S. J. Thompson, assisted by the deacons of the Congregational church and the stewards of the Methodist church.

The male members of the Cemetery Board with some other voluntary helpers did a hard half day's work on Wednesday afternoon removing the whole of the old fence from the front of the cemetery. The work was very laborious as many of the posts were embedded in the roots of the trees. Work will be commenced at once on the brick piers for the gates. Several have responded to the call for financial help during the past week but there are quite a number to hear from yet. Please hand your contributions to Mrs. F. Rogers, sec-treasurer, or W. Harper, chairman of the Board.

In view of the coming Provincial Temperance plebiscite in Ontario, many are asking the history of temperance votes in this Province, and The Guide-Advocate has been looking the matter up. It was in 1871 that the old Ontario Temperance and Prohibition League was formed. This organization and its successor pressed Sir Oliver Mowat for a vote of the people till 1890, when the first plebiscite was taken and a majority of 81,700 was registered in favor of prohibition, but nothing was done. A Dominion plebiscite was taken by Sir Wilfrid Laurier in 1898 when another majority in favor of prohibition was 813,000 in all Canada. In 1902, Hon. G. Ross took the second provincial plebiscite, when another majority of 96,201 was rolled up for prohibition. In 1904, Sir James Whitney gave the province a local option law that enabled temperance sentiment to make some material strides in eliminating the liquor traffic, and the people of Ontario turned down Hon. N. W. Rowell's proposal to abolish the bar in the election campaign of 1914. In 1915 the Government of Sir William Hearst passed the Ontario Temperance Act, which has been in force ever since. Now there is an idea that sentiment in favor of this measure is not so strong as it was and it is proposed to submit the question to the people once more.

The Sarnia Canadian Observer on Saturday reported a wedding under the following heading:—"KYRNICKI—EZMIGICKLO." First we thought the reporter had been poaching on one of the famous "beer scows" anchored on that city's riverfront, but reading further convinced us that everything was O. K., merely a wedding festival among the residents of the foreign colony. Needless to say, the Linotype set all the names correctly without a stutter or stammer.

PERSONAL

Miss Gladys M. Craig of Chicago, is visiting friends in town.

Mrs. Alfred Nash is spending a week in London with her family.

Buy "Old Boys" Badges Now

If you are not already a member of "Watford Old Home Week" hand in your \$1.00 membership fee and secure your souvenir badge at once. These badges may be secured from either Secretary Connolly, J. W. McLaren or Carl A. Class. Your dollar goes to the expense fund of Old Home Week, makes you a member of the "Old Boys and Girls" and entitles you to the official badge which if worn on Monday of Old Home Week (Aug. 18.) will admit you to the Amusement Park both afternoon and evening.

Read the long list of members published this week on page three; if your name is not there send in your \$1.00 to the Secretary today.

DAUGHTERS OF THE EMPIRE TO INSTALL DRINKING FOUNTAIN

Lambton's 149 Chapter, I.O.D.E., have ordered a drinking fountain and water bowl and will have it installed on the Federal Square corner in readiness for Old Home Week. The drinking fountain is of the bubbler type and the watering bowl for horses will be a continuous flow, thus insuring a full bowl of clean, fresh water at all times.

A watering bowl for horses has been a long felt want among our farmer friends and the Daughters of the Empire are to be commended for their good work in presenting a public want to the town and countryside. The Horticultural Society recently extended a waterworks pipe across Ontario and Main street intersection in order to install a sprinkler and hose for the Square lawn. This made a very convenient connection for a drinking fountain and the Daughters of the Empire promptly took advantage of it.

BROOKE

Service in St. James' Church at 3 p. m., and in Christ Church Sutorville at 7:30 p. m.

Miss Ella Beatty left on Monday to visit friends in St. Thomas, Cleveland and Detroit.

It will not be long till the tuneful hum of the threshing machines is heard around us. The threshings are expected to be cleaner than in former years, as so far no rust has appeared on the grain.

A young man who resides on the 10th line was recently asked if he had ever done any public speaking. His reply was: "Only once. I called up a girl on another line and asked her to go to a dance with me."

Sutorville Women's Guild and W. A. held their monthly meeting at the home of Mrs. Arthur Swan on Wednesday, July 23rd. There were nine members and three visitors present. It was decided to dispense with the August meeting and the next meeting to be held at the home of Mrs. Thomas Kidd in September. After the business was settled the hostess served a dainty lunch.

Mr. Fenner, who recently opened a service station, on the Sarnia highway on the western outskirts of Warwick village, was the victim of one or more thieves the other night. In addition to gas and oil Mr. Fenner sells confectionery and soft drinks. The thieves cleared out the whole stock. So far no trace of the guilty ones has been found.

Mrs. Welch who is in her 86th year and lives with her daughter, Mrs. A. C. Goodhand, 15 side road, had the misfortune to fall off the step last Sunday afternoon and break her leg. For the past few years Mrs. Welch has been blind but the last year had partially regained her sight, and was able to find her way around without the aid of a cane.

It was Mrs. Colin Hagle and not Mrs. Miles Hagle as reported in last week's issue who was so badly injured when she got in to the pen to straighten the upturned feeding trough, in order to feed the pig. Mrs. Hagle had a rib broken and her leg broken below the knee, her leg is in a cast and she is improving from bruises and other injuries. Fortunately Mrs. Hagle escaped through the fence or she would have been killed by the enraged pig.

Sarnia Canadian Observer:—Following the Brain-Blain nuptials on Thursday evening when Miss Emma Blain became the bride of Willard Brain, a reception was held at the home of the bride's parents, Mr. and Mrs. Albert Blain, Palmerston street. About sixty guests were present to convey their congratulations to the bride and groom. A dainty lunch was served at 7 o'clock and the evening was very enjoyably spent in games and dancing.

The "Never Slips" of Warwick East won an easy victory over the "Impregnable" of Warwick Village on Tuesday evening by a score of 21-6. The line up was as follows:—Impregnable: M. Leman, p; W. "Squibographs"

The rain falls on the just, the unjust and picnic parties.
It appears to be impossible to get a square deal at a round table diplomatic conference.
There is nothing new about the bobbed hair fad. It was going strong in Sampson's time.
As a mild form of retaliation for mah jongg, jazz has been introduced in China.
Speculators in the wheat pit take the risk of the walls caving in when the market slumps.
An "observer" at a diplomatic conference enjoys the privilege of looking on without having to look out.
The appearance of fall fairs advertisements indicates that the spinal column of summer is disintegrating.
Electricity is being used to kill animals in an Omaha packing plant. This may account for the wiry steaks encountered in restaurants.
Foreigners seeking to enter the United States experience about as much trouble as a camel passing through the eye of a needle.
Premier King's threat to clip the wings of the Senate did not ruffle a feather of the hardy old birds who perch in the Red Chamber.
A Turkish court has ruled that poker is not a game of chance. If it is played as the Turks play diplomacy it is one of the fine arts.
The Canadian marksman who won the King's Prize at Bisley demonstrated what can be accomplished by a steady nerve and accurate aim.
During the closing hours of the session at Ottawa estimates slip through at a speed that would excite the admiration of Olympic sprinters.
As proof that Montreal is not a slow town a local paper records the arrest of the driver of the city morgue wagon for speeding.
Members at Ottawa can celebrate Emancipation Day with enthusiasm if they are released from duty on August 1.
Instructions in the art of beer-making are given in a German college. The former kaiser holds the world's record for brewing trouble.
The Ontario botanist who claims to have developed a stalkless potato might now devote his attention to seedless watermelons and squirt-less grapefruit.

A Canadian cowboy won the broncho-riding contest at Wembley. "The harder they buck the better I like 'em," was the slogan of the western roughrider.

Motorists are advised to look out for spark plugs when driving in New Jersey. Condemned tobacco in the army stores is being used for filling in road construction in that state.

Declaring that he would have to cultivate an entirely new line of shop talk the proprietor of a barber shop in a California city announces that he caters to men only.

To prevent their customers from using toilet waters as a beverage, barbers in Iceland are required to mix the liquids with bitter aloes. They can be rubbed in but not swallowed.

Pearls are occasionally found in oysters, but a Chatham man recently discovered one in the gills of a sardine. Sardine sandwiches "in-laid with pearl" would be a popular lunch-counter delicacy.

When the Prince of Wales opened the world's advertising convention in London the delegates saw a popular figure who has probably received more free and unsolicited publicity than any man of his time.

A Canadian entry for the Olympic swimming championship was not permitted to compete. He was informed that he could hang his clothes on a hickory limb but must not go near the water.

Prisoners serving terms for minor offenses in Russian jails are being released to work in the harvest fields. They appreciate the ventilation but the work goes against their grain.

Lord Sumner, a British scientist, describes the safety razor and artificial silk as being two of the most striking inventions of the present day. "The safety razor has exposed the face of man and artificial silk has revealed the legs of women," he states.

Editors of Canadian weekly newspapers who have been hobnobbing with kings, presidents, dukes and lords during their European trip will have many interesting reminiscences to relate to the home folks on their return.

To provide a continuous food supply for carnivorous fur-bearing animals, Alaska is being stocked with rabbits. A monotonous diet of raw rabbit is enough to make the red-blooded grizzlies shed their coats in protest.

Lebanon, a town in the heart of the "Pennsylvania Dutch" district is known as the centre of the "pie belt." The natives are said to eat pie three times a day, and sometimes have three kinds of pie at each meal. It is also a dairy centre and whipped cream can be served with the pastry delicacy.

WEDDINGS

SMALE—JOHNSTON

A quiet wedding took place in Detroit on Wednesday, July 23rd, when Miss Grace Mildred Johnston, daughter of Mr. and Mrs. W. J. Johnston, 10th line Brooke, was married to Mr. Raymond Smale, son of Mr. and Mrs. Silas Smale, of Wyoming. The ceremony was performed by Rev. J. M. Jeffries, the bride wearing a sand satin dress; trimmed with pearls, with hat and slippers to match. They will make their future home at 488 West Will-st., Detroit.

Ten Years Ago Today

Ten years ago today a great snafow, the real significance of which was unsuspected by any but a few seasoned statesmen of Europe and the German Imperial government, had cast itself over the world.

Austria had delivered an ultimatum to Serbia. Sir Edward Grey, the British minister for foreign affairs, with keen clarity of vision as to what a clash between these two nations would bring forth had made an urgent appeal that the European powers get together in a conference to prevent any war like measures on the continent. It was impossible to get Germany and Austria to listen to these overtures. They were bent upon finding a pretext for a world war. They had secured that pretext.

Once again today the European powers are in conference in London. The Hohenzollern and Hapsburg dynasties are gone a fitting outcome to the unreasoning mania for war which they had exhibited ten years before. The Austro-Hungarian empire is a thing of the past; but the powers whose influence was for peace in 1914, are still powerful entities in world affairs and their representatives are still manfully trying to straighten out the tangle into which the folly of Germany and Austria hurled the whole world. This conference merits success. Its failure might mean further years of turmoil and commercial stagnation.

CANADIAN EDITORS' WIVES
BUY HATS AND GOWNS IN
PARIS

One of the weekly editors writing from Paris, says:—"Many of our party, especially the ladies, had been looking forward to the stay in Paris as an opportunity to do some shopping and take home to Canada a real honest-to-goodness Paris gown or two. Results were of great variety. Many were delighted at the magnificence of the stores, the courtesy and diligence of the clerks, the splendour of the garments, and the reasonableness of prices. Others were disappointed. Not being seriously in the shopping business, I reached an outsider's conclusion that it all depended on the success of the purchaser, just about the same as it does at home. There is undoubtedly a great array of goods for the feminine shopper especially, and Madame Saleslady is a wily woman. Quite the most striking example of this came within the experience of one of our party, and I doubt if you have ever heard of anything to equal this on our continent. Saturday shoppers discovered too late that all banking houses closed at noon, and as that was our last day in Paris this particular party, learned while purchasing a gown with which she was completely captivated that she could not use her letter of credit to get the necessary funds, and we were leaving Paris on Sunday. The dilemma appeared to be awkward, but Madame was unperturbed. With a graceful but nationally characteristic shrug of the shoulders and a cunning look from her eyes, and in perfect English slightly accented with French, said: "It will be perfectly all right; just mail a cheque from London." And the goods were taken on that condition. All of which might also be taken as a pretty compliment to the Canadian ladies."

Lambton Can Grow
More Beets

That proper development of the sugar beet industry in Western Ontario would enable the counties of Essex, Kent and Lambton to produce sufficient quantities of sugar beets to obviate any necessity of importing sugar into Canada, was the statement by W. P. McDonald, district agricultural representative, before the Chamber of Commerce Luncheon Club. Under present conditions, Mr. McDonald said, there is small encouragement for the beet grower in these localities, as he suffered for lack of a market for his products while the foreign product was being imported.

Value of Dollar.

Mr. McDonald's talk dealt largely with general farming conditions in Lambton County, and he stressed the difficulties of the farmer in adjusting the inequality of "a pre-war value dollar for produce" and "present post-war cost of the commodity he buys." He also spoke of the labor difficulty which faces the Western Ontario farmers, who can only afford to pay pre-war wages, and consequently are losing help. Mr. McDonald said that the present-day type of farm help received from overseas was not of the pioneer class that built up the agricultural industry in Canada.

DOGS RUNNING AT LARGE

Two questions often asked in regards to the running at large of troublesome dogs, "Are dogs bearing the regular tag permitted to run at large after sunset and bark near neighbors' dwellings?" and "Is such neighbor within his right when killing such dog on his property, even during the day time?" The Municipal World, an eminent authority on all questions of legal municipal procedure, gives the following answers to these queries. To the first: "Dogs straying between sunset and sunrise from premises on which such are habitually kept may be killed by any person. The dog tag is no protection." And to the second, "No, not before sunset."—Newmarket Express.

BABIES OFTEN BORN
DRUNK, DOCTOR CLAIMS

Famous Physician Makes Astonishing
Statement and is Corroborated.

That babies are frequently born drunk was the astounding statement by the famous physician, Dr. Saleeby who is well known in Canada and the United States, where he has often lectured. Dr. Saleeby says he has frequently detected the smell of liquor on babies' breath immediately after birth and as a result of the intemperate habits of the mother the baby often comes into the world under the influence of liquor. He

says that this condition is especially common in Scottish cities. Other obstetricians confirm this condition.

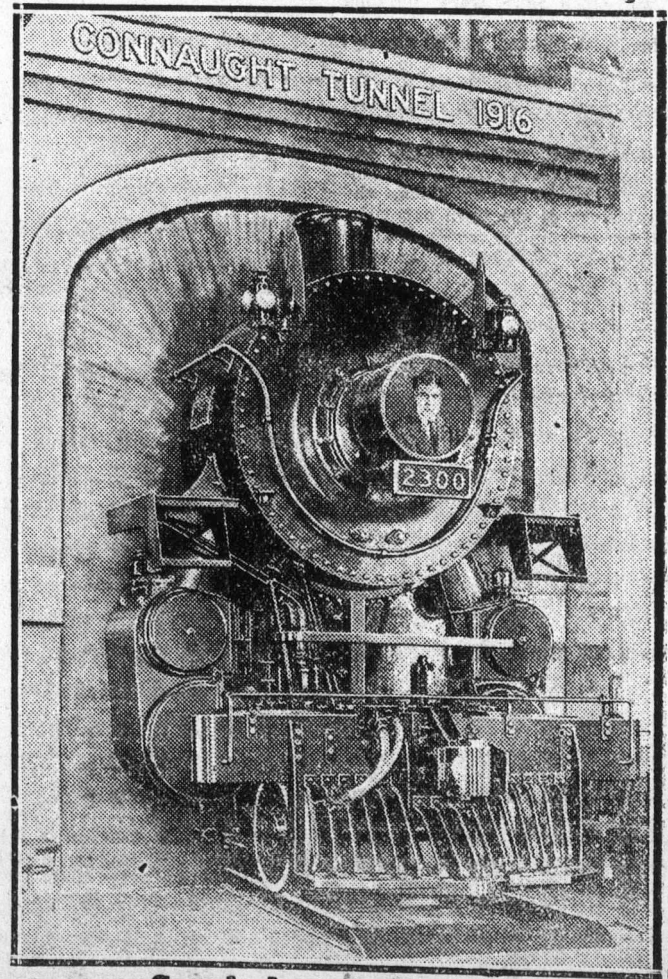

People "All Nerves"

What to Do if You Find Yourself
in This Condition.

The sort of thing that specialists speak of as nervous debility is the run-down condition caused by overwork, household cares or worries. The sufferers find themselves tired, morose, low-spirited and unable to keep their minds on anything. Any sudden noise startles and sets the heart palpitating violently. They are full of groundless fears, and do not sleep well at night. The hands tremble and the legs feel as if they would give way, following a walk or any exertion. The whole condition of such people may be described as pitiable.

Doctoring the nerves with poisonous sedatives is a terrible mistake. The only real nerve tonic is a good supply of new rich blood. Therefore the treatment for nervousness and run-down health is Dr. Williams' Pink Pills, which promptly build up and enrich the blood. The revived appetite, the strong nerves, improved spirits and new strength which comes after a course of these pills will delight every sufferer.

You can get these pills from any medicine dealer or by mail at 50c a box from The Dr. Williams, Medicine Co., Brockville, Ont.

Smokeless Locomotive

Built of wood at the Angus Shops, this full sized model of one of the latest type locomotives was designed originally as a feature of the dinner decorations at the Chateau Frontenac on the occasion of the Quebec conference of the Canadian Pacific Railway officers. Equipped with bell, whistle and electric lights, not a bolt or bar is lacking to mar the illusion which is that of a perfect engine coming through the wall against which it is placed. The headlight holds a portrait of E. W. Beatty, president of the Canadian Pacific. At the Toronto Exhibition, August 23rd to September 5th, the model will be given a prominent position in the Company's exhibit.

"WE'RE COMING HOME!"

All being well you can count on the "Crawfords" return to Watford for the "Home Coming" of all its boys and girls. We are glad to be among the many, who will look forward to the meeting of dear good friends and neighbors. "We'll be there."
 —M. L. Crawford, Windsor.

Enclosed find \$2 membership fees for Mrs. Fred McLeay and myself. We'll be there singing, Watford here we come, right back where we started from. Wishing you every success.
 Fred McLeay, Indianapolis.

Received your program for the Old Home Week and reply to state I sure will be there along with the rest of the crowd. Here is hoping the weather man gives Watford a chance to show how she can entertain her guests. C. G. Willoughby, Port Huron.

Enclosed find \$1 for membership for Watford Old Boys Home Week. Am not a Watford boy but married one of Watford's fair ladies, (Maude Greer). Will be there with all the family. Leonard C. Price, Toledo.

Enclosed find \$2 membership fee for Mrs. McKercher and myself for the Old Boys Reunion. We hope to be able to attend. Wm. McKercher, Sarnia Ont.

Please find enclosed \$1, I didn't get any notice what the membership fee would be, and I knew there must be one, so I am sending this amount. If it is, kindly advise. Guess I am about as old as any of those who will attend; I am in my 79th year. A red still going. J. W. Roberts Sarnia.

Many thanks for the programme which I received. It sure is a very interesting one and all being well I expect to be there from the start to the finish. Wishing you every success in this big undertaking. Mrs. H. Ward, (Beatrice Apted.) Detroit.

I received the program you sent me and in reply say that I shall come to the Old Boys Reunion if I am alive and well, for I love to come back to the old town where I spent the best and happiest part of my life. I landed in Watford in the year 1871, a green English lad but 15 years of age and lived there until 1904 and I grew up with the town. I dare say that nearly all the people that knew me are moved or have passed away, but I expect to meet a lot of the old boys again. I am counting the days and the time can't come too quickly. I was living there when the old town was first put on the map. So here's hoping that it will be a grand success. G. F. Apted, Detroit Mich.

Please find enclosed money order for \$1 for membership fee for "Old Home Week." I am sending also \$2 for cemetery gate fund. Will you please give this to the secretary as I have forgotten the name. Mrs. W. J. Johnston, Madison, Sask.

I appreciate your efforts to entertain us. Will surely be with you August 17, 18, 19, 20, 1924. J. L. Woods, Chelsea, Mich.

I have delayed replying to your kind invitation for Old Home Week, at the old home town. Expecting that perhaps I could arrange to be present, but now find that I will have to deny myself that great pleasure. It will be a great, grand and glorious time for the fortunate ones to meet all the friends and link up again the distant past with the immediate present. Watford will be born over again, and time will start from the date of Old Home Week. Enclosed postal note for membership \$1.00
 Thos. L. Swift, Swan River, Man.

Enclosed is a money order for \$2, Old Boys' Membership for Mr. Roche and myself. Wishing the old town and friends a joyous happy reunion.
 Mr. & Mrs. D. Roche, Toronto, Ont.

An enclosing membership fee for myself and wife and regret very much that neither of us will be able to meet all the old friends next month in Watford. Just got the programme to-day and will bet a dollar with you that if Sanford Stapleford and Jack Brent are on the baseball team that the young bunch won't have a look in. By the way if anyone wants to know where Sandy Mavity's grapes used to go, perhaps Dave Brison, Bert Kenward, Jack Brent or Walker McLaren could give the information, or if Tom Roche would like to know who spoiled his shirt front with a ripe tomato when he was picking peaches back of the hotel, perhaps Frank Macdonnell or Mickey O'Dwyer could help him find out. Although have been away from Watford 27 1/2 years still have a warm spot for the old town, and would like to be there to hear the old bunch reminiscing. Yours for a successful Old Home Week. George and Nettie McKenzie, Kelowna, B. C.

STRIKE GAS SUPPLY WHILE SEEKING WATER SUPPLY

Gusher Shoots 35 Feet in Air on Site For Dominion Alloy Steel Plant

Drilling for water on the plant site of the Dominion Alloy Steel Corporation, G. H. Pickard of Bridgen, at 9:30 o'clock Tuesday morning, tapped a gas well. The gas issued with great force to the air, reaching a height of 30 to 35 feet. Mr. Pickard, who is an experienced driller, believes that the well will prove a very important one and went so far as to say that it might supply all Sarnia with gas. This may be, however, a too optimistic view, experienced gas men said this morning.

W. H. Kenny and J. B. Williams of the Sarnia Gas Co., made a hurried visit to the well. The pressure was still being maintained at its original force and if it continues so until tomorrow the find may be of first importance.

Swallow Well.

The well is at a depth of 120 feet which is much shallower than other wells in the county. At Tibury the gas comes from a depth of 1200 feet, at Daw 700 feet, and Leo Wilson's wells average 490 feet. On account of the shallowness of the well which is filling the air around the Sarnia reserve with gas it may be just a pocket, gas officials say, and may peter out. On the other hand it is by no means improbable that sufficient gas may be there to furnish all required for heating and other purposes at the steel plant.

Investigation of the possibilities of the well is to be made by the Dominion Alloy Steel Corporation and steps were being taken this morning to cap the well and conserve the gas pending further investigation.

Heavy Pressure.

When the drillers tapped the gas in the course of their work, the pressure was enormous forcing rocks, stones and earth into the air at a great height and causing a hurried stampede on the part of those who were close by. At noon the same pressure was being maintained and there was much to justify the hopes of the spectators that the find may prove a real one.

The presence of gas on the Sarnia Indian reserve has been suspected for a long time but this is the first well that has been tapped in that part of the reserve.

DO YOU EVER HAVE AN "EYE-HEAD-ACHE"?

CARL A. CLASS
Optometrist

AN eye-headache some times accompanied by an earache and burning sensations of the eyes is caused by an over effort of the brain to understand a blurred image that has been thrown on the retina of the eye. In the eye-camera the foci are changed by the eye muscles that swell and reduce the shape of the crystalline lens. When these muscles become weakened an optometrist must prescribe the outer-man-made lenses to bring about this focus accommodation.

ARE YOU IN FAVOR OF THE O. T. A. ?

That Will be First of Four Questions October 23rd

BEER AND WINE
Government Control and Sale of Spirits Complete Plebiscite

Are you in favor of the Ontario Temperance Act?

Are you in favor of Government control?

Are you in favor of the sale of beer and light wines in licensed premises?

Are you in favor of the sale of spirituous liquors in licensed premises?

These are the four questions that will be submitted to the electorate in Ontario on Oct. 23. The phraseology on the ballot may not be the same, but The Guide-Advocate is informed that these are the questions which will be asked. In announcing the date for the plebiscite, Premier Ferguson last week said that "It is the intention of the Government that the questions will be so framed that there will be no possibility of perplexity as to their meaning, or uncertainty as to the conclusion to be drawn from the vote."

Compared With 1919.

In 1919, the first question asked was, "Are you in favor of the repeal of the O. T. A.?" and to this there was a "No" majority of 405,427.

There was no straight question in 1919 as to Government control, nor were light wines included with beer for sale in licensed premises, but the fourth question in each case is to the same effect. This time, contrary to the anticipations of many, there is no opinion sought as to local option.

In 1919, the second question, "are you in favor of the sale of light beer, containing not more than 2.51 per cent. alcohol weight measure through Government agencies?" was answered "No" by 339,122 majority; "Are you in favor of the sale of light beer in standard hotels in local municipalities that by majority vote favor such sale?" was answered "No" by 369,253 majority, and "Are you in favor of sale of spirituous and malt liquors through Government agencies?" was answered "No" by 235,157 majority.

The O. T. A. went into force Sept. 16, 1916. On Oct. 20, 1919, the referendum on the four questions, was held, and on April 18, 1921, another referendum, on the importation of liquors into Ontario, was answered in the negative by 166,835 majority.

Rev. and Mrs. Pentland and daughter, Louise, have taken up their residence in the parsonage on Caradoc Street South, and will be pleased to meet their friends there. Mr. Pentland is the pastor of the Cairngorm-Bethel Glen Oak charge, and followed Rev. Mr. Okell, who went to Leamington.—Strathroy Age-Dispatch. Rev. Pentland was a former pastor of the Brooke Methodist circuit and resided in Watford where he has many friends.

In Memoriam

During the week commencing August Seventeenth many old boys and girls, former residents of Watford and vicinity will be visiting friends and relatives to join in the festivities of Old Home Week.

To many who return thoughts will go out to the happy days spent in boyhood and girlhood in the old home town.

Then too, their thoughts will turn to relatives and friends whose remains are buried in Watford, and one of the places they will visit will be the resting place of their departed.

It is only fitting that we who have plots in the cemetery beautify these plots by placing flowers or markers on them to show our respect for our departed friends.

A cemetery should be a beautiful place, a well-kept place, a spot on which the countryside could bestow its care and its labor in an effort to show veneration and respect for those who lived and played their part in the community.

Your Graves Committee for Memorial Day, August Seventeenth, realize that in some cases graves will not be cared for on account of no relative or friends living near who can look after beautifying the plot.

In consideration of this it was decided that a marker be placed on all graves not cared for either by placing a flower or small flag at the head of each such grave.

The various Lodges in town such as Oddfellows, Forresters, Masons, etc., are going to look after the graves of their departed members.

May we urge all friends in town or vicinity who have relatives or friends whose remains lie buried in any of the three Watford Cemeteries do all they can in assisting your committee to make our cemeteries look a place of peace instead of desolation.

All graves should be cared for before August 14th so that your committee can arrange for Markers, etc., to be placed on uncared for graves.

May we have your co-operation?

For any particulars kindly call on any one of the following committee:

LAMBTON CROPS IN FINE SHAPE

Fall Wheat Harvest Will be Normal With a Yield of 30 to 35 Bushels Per Acre, and is Free of Rust—All Districts in the County Share in the Good Prospects—Lambton Oat Crop Promises to be Best Yield in the Province—Sugar Beets Will Show 15 to 20 Ton Fields Per Acre—Corn Backward but Germination and Stand is Excellent.

W. J. W. Lennox, district inspector of the seed division of the Dominion department of agriculture, John Buchanan, of the plant breeding department at Guelph, late of the staff of the department of agriculture, Iowa, and county agricultural representative W. P. MacDonald, last week made a complete crop survey of Lambton county. Their work was

specifically tracing up fields of O. A. C. No. 104 wheat which led back to the two pound samples which were distributed to the farmers of the county since the season of 1916.

Wheat is Pure.
They found that practically 50 percent of the fall wheat grown in the county was of the O. A. C. No. 104 variety. There was not over a 3 per cent mixture of other varieties. Making the balance of the 50 percent varieties would be included. Dawson's Golden Chaff, Early Windsor, Red Niger and a few other varieties.

Heavy Yield.
The fall wheat crop on the whole is about normal or slightly above normal. The approximate yield will be, wheat 30 to 35 bushels per acre on land prepared for wheat. On undrained land and where wheat has followed wheat, of which there is only a small area the yield will run 20 to 30 bushels per acre. The wheat is practically clear of rust while

only a small amount of smut was encountered. The wheat crop is general over the county, and no one district excels.

Other Crops.
Mr. Lennox places the county oat crop prospect the best in the province. A larger area of barley has been sown this past spring. The crop promises well. Sugar beets are an exceptionally good prospect. With suitable weather and continued growth 15 to 20 ton fields per acre will be very common. There are some late sown fields. The yield will depend upon the weather. Corn is a little backward for the time of the year owing to the lateness of planting with the cool weather. Warm weather will hasten the growth. The germination and stand of the corn is excellent.

NAPIER

The mission band will meet on Saturday, August 2, at the home of Mrs. Willard Winter.

Service will be held on Sunday next at 3 o'clock p. m. in St. Andrew's Church. Rev. Mr. Wm. Mackintosh will be in attendance.

On Monday evening the Cairngorn girls visited Napier and an interesting game of soft ball was played with the home team. The visitors suffering the defeat.

Mr. Proctor Richardson of Chatham and Mr. Thos. Taylor motored to London on Sunday to see Mrs. Taylor who is in St. Joseph's Hospital.

The little Misses Florence and Velma Watson of the 6th line spent a few days with Mr. and Mrs. John Clothier.

Plan now to visit Watford during "Old Home Week" Aug. 17 to 20. Four never-to-be-forgotten days!

Baby's Great Danger During Hot Weather

More little ones die during the hot weather than at any other time of the year. Diarrhoea, dysentery, cholera infantum and stomach troubles come without warning, and when a medicine is not at hand to give promptly the short delay too frequently means that the child has passed beyond aid. Baby's Own Tablets should always be kept in the house where there are young children. An occasional dose of the Tablets will prevent stomach and bowel troubles, or if the trouble comes suddenly the prompt use of the Tablets will relieve the baby. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

WYOMING

The presence of mind of Mrs. Mary Brooks probably saved a serious fire at her home on Tuesday. A box of matches left on the window sill became ignited by the hot rays of the sun and burned the curtains and blind but as Mrs. Brooks discovered the outbreak and threw flour over it she succeeded in extinguishing it before a great deal of damage was done.

Mr. and Mrs. Winston Brown of Watford spent Tuesday at the home of Mr. and Mrs. Geo. Brown.

Frank Scully of Port Arthur, Ont., is visiting his aunt, Miss A. Fisher. The Misses Rose and Nellie Hodgins are visiting relatives at Coruna.

Mrs. Hayward and daughter Audrey visited relatives in London this week.

A splendid ball game was played Wednesday evening on the Wyoming diamond between Sarnia 'Bear Cats' and Wyoming 'Rough Necks' which resulted in a score of 6 to 5 in favor of Wyoming.

DEATH OF MRS. ROBERT DAVIS

Mrs. Robert Davis, formerly Marion Wilson, passed away at her residence in her 77th year. Mrs. Davis was one of the pioneer school teachers in the early 70's. After her marriage she and her husband lived on a farm on the second line until Mr. Davis bought a flour mill in the village, which he operated for several years. Before his death, about 20 years ago, he took up market gardening. She is survived by seven children, two brothers and three sisters. The children are Mrs. Wilfred Chalmers, Sarnia; Mrs. Edith Middleton, Wyoming; Mrs. Johnson, Fred, Archie, of Detroit; Tom, of Wallaceburg, and Ethel at home, James Wilson, of Wyoming, and Morris Wilson, of Iowa, are brothers, and Mrs. Helen Shirk, of Uttoxeter; Mrs. Sarah Archer, of Warwick, and Mrs. Effie Adolph, of Toronto, are the surviving sisters. The funeral was conducted by the rector of the Anglican church, Rev. W. J. H. Pether, and the remains were laid in Wyoming Cemetery.

PETROLIA

The canning of peas at Petrolia canning factory was brought to a close Friday afternoon when the main boiler of the canning department burst. The local plant has been working steadily for the past two weeks, and the accident came as a hard blow to the officials, as the plant will be closed for several weeks. The officials have decided to open their plant at Forest, and most of the local employees are being transferred to that point. It is understood that the peas will be thrashed and inspected at the local plant and then transported by motor truck to Forest for canning. It is thought that the plant will be ready for operation before the tomato season.

Ald. Harrison Corey, who has been taking treatment in the C. E. E. Hospital for burns received in the pump house explosion at the Corson plant, Tank street, six weeks ago, returned to his home on Saturday. Mr. Chas. Vansickle, who was also severely burned in the same explosion, will remain in the hospital for another two weeks.

Petrolia firemen have plans already for a big field day and horse race meet in Greenwood Driving Park, on Labor Day, September 1. The program will include, besides horse races, baseball and basketball games, foot races and other contests. This will be the first time in a number of years that events of this nature have been staged on the September holiday.

Flight-Lieut. Sherman Yerkes, accompanied by Mechanic Brookes, came by air to Petrolia Wednesday in the former's aeroplane, from Mt. Clemens aviation field. After maneuvering over the town, creating excitement among the citizens, the aviators landed the machine in a field at the East End. Lieut. Yerkes came over to spend the day with his father, Mr. Carleton Yerkes. Late in the afternoon while doing some stunts over the town, the machine run out of gas, forcing them to land in W. B. Wilson's clover field near Greenwood Driving Park. They returned to Mt. Clemens this morning. During the late war, it was a common occurrence to see an aeroplane pass over Petrolia, but with change in times it is now considered a novelty.

FIRM BELIEVER IN THE FRUIT TREATMENT

MRS. LAURA ALFORD

Thousands of people owe the splendid Fruit Medicine—"Fruit-a-tives"—a lasting debt of gratitude, which they gladly pay by testifying to its merits.

Mrs. Laura Alford of 28 Florence St., Ottawa, says: For years, I was a martyr to Constipation and Dyspepsia. I have tried cathartics, salts and so-called vegetable laxatives but all were unpleasant and gave no permanent relief. Finally, I decided to try "Fruit-a-tives". I have been using "Fruit-a-tives" now for seven years; never have Constipation or Stomach Trouble; and have been in the best of health ever since. My husband and children use "Fruit-a-tives" regularly.

"Fruit-a-tives" contain intensified fruit juices combined with tonics.

Asthma Cannot Last when the greatest of all asthma specifics is used. Dr. J. D. Kellogg's Asthma Remedy assuredly deserves this exalted title. It has to its credit thousands of cases which other preparations had failed to benefit. It brings help to even the most severe cases and brings the patient to a condition of blessed relief. Surely suffering from asthma is needless when a remedy like this is so easily secured.

Campbell Clan Picnic

About 330 members of the Campbell clan gathered at Springbank on Thursday for their reunion picnic. The Dunwich and Ekfrid section of the clan provided the entertainment. Among those present from this immediate vicinity were: Mr. and Mrs. Peter Campbell and son Donald, Mrs. Bell Campbell, Mrs. Mary Campbell, Mr. and Mrs. Geo. Campbell, Mrs. Helen Crowe and son Harold, all of Forest; Mr. and Mrs. Jas. Johnson and daughter, Mr. and Mrs. Colin Johnson, Mrs. Margaret Johnson and daughter of Bosanquet; Mrs. Jean Campbell, Alex Campbell, John Johnson and family, M. D. Campbell and family, Angus Campbell and family, Jos. McCormick and family, Miss Ella McCormick, Will Brandon and family, Mr. and Mrs. Wilbur McKelvie and Mac Tait, all of Warwick; Arthur Gammon and family and Mr. and Mrs. Jos. Mills and two daughters of Plympton. Others from a distance and well known in this vicinity were David McPherson of Pasadena, Cal.; Dr. Alex Campbell and Mr. and Mrs. E. McEachern and daughter of Elkton, Mich.; F. M. McCordie and family of Toronto; Mr. and Mrs. John Crothers of Marlette, Mich.; Dr. Jas. Campbell, wife and daughter Helena, Big Rapids, Mich.; Miss Mary Mc-

Cormick, Kitchener and Mrs. Winnie Gould of Oak Lake; Mary John Kingston, Jos. McCormick, Sr. and John McCormick of Warwick; Miss Annie Cameron of Oak Lake were among the friends present.

The oldest member on the clan on the grounds was Mrs. Christina Brodie, of Mt. Brydges, who is 95 years of age. Despite her extreme age, Brodie seemed to take as lively interest in the day's program and derived as much pleasure as many of the younger people.

Members of the family came from points in the United States as well as from all over Western Ontario. There were representatives, too, from Saskatchewan and California. At the bountiful dinner, served picnic style, speeches were made by several prominent members of the family association, including John A. Carroll, of Brampton; Mac Campbell, of Forest; Dr. James Campbell, and Robert Campbell, of Melbourne; John Allan Campbell, of Iona Station; W. R. Pollard, Robert Campbell, Donald Macpherson of Pasadena, California, and Reeve Peter Campbell of Forest.

Robert D. Campbell, Vermillion, Alberta, the poet of the clan, read his latest composition, "The Campbell Clan," which was vigorously applauded.

The Canadian Campbells are the direct descendants of three brothers who emigrated from Scotland in the roaring 40's. Two of the brothers, Humphrey and Alexander, came to Western Ontario and settled in Ekfrid and Dunwich, respectively.

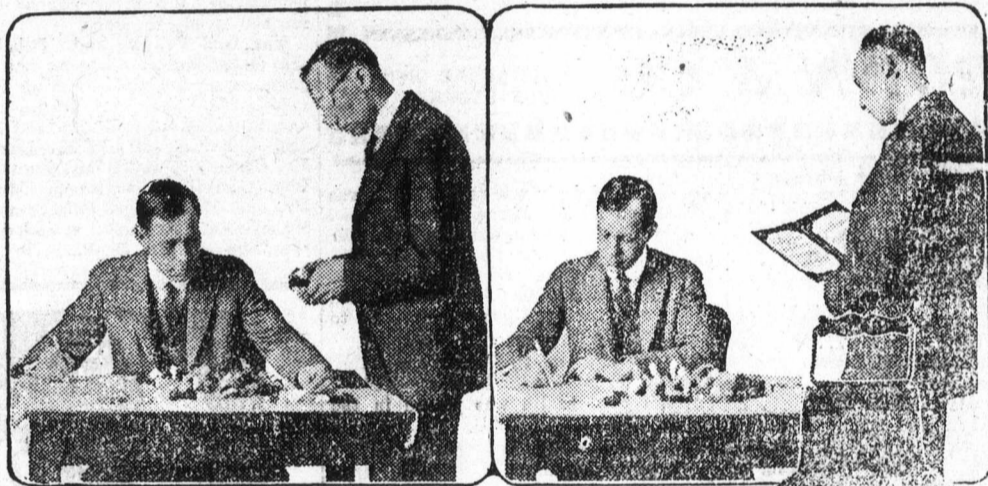

Robert Campbell's poem on the clan follows:

"The Campbell Clan."

Far back in Old Scotia there dwelt a great clan,
 Neath the Duke of Argyll they were loyal to a man.
 Who fought and who died for justice and truth,
 Who lived to fight evil, and fought it forsooth.
 But at last when in Scotland the times became hard,
 When oatmeal was chaff and butter was lard,
 Decided John Campbell, with family and wife,
 To emigrate westward and enter the strife.

A Foe to Asthma. Give asthma half a chance and it gains ground rapidly. But give it repeated treatments of Dr. J. D. Kellogg's Asthma Remedy and it will fall back even faster. There is eye. It goes right to work and drives asthma out. It reaches the inmost breathing passages and leaves no place for the trouble to lurk. Have it by you for ready use.

Vision as Applied to Railroading

Left—Selecting wools as test of color-sense. Right—Reading types in vision test. Below—Williams' lantern, for testing color-sense.

Are you color-blind? Short- or long-sighted? Slightly deaf? If you may be, without knowing it, if you have never been tested.

These physical deficiencies, in some walks of life, are of little importance. But in railroading certain responsible positions require perfect vision, color-sense and hearing.

The examination of aspirants to positions as engineers, firemen, conductors, trainmen, watchmen and others directly concerned with the safety of trains, and the periodical re-examination of successful candidates, in these vital matters is the business of the railroads. In the Canadian Pacific, which provides an outstanding example of the care with which they are conducted, there is a special department charged with this work. It is called the Time Service and Vision, Color-Sense and Hearing Department. There is a Chief Examiner for Eastern lines and one for Western lines, each with a separate office.

All applicants for the positions already referred to, which demand a high standard in vision, color-sense and hearing, are required to pass an applicant examination and, if successful, must pass a further examination at least every two years thereafter, and in some instances more frequently, according to the diminution of their vision or hearing. They are also re-examined after any accident in which they are either directly or indirectly involved and which may have been caused by defective sight, hearing or color-sense. In addition, following any serious injury or illness or severe inflammation of either the eyes or eyelids, they are again re-examined and, not content with this, the regulations of the Canadian Pacific require them to face the examiner whenever they are slated for promotion.

Caution and regard for the public safety could hardly go further than this!

The tests employed are exhaustive and are so arranged as to approximate as closely as possible to actual conditions likely to be met with in their work by those examined. Applicants for positions as engineers, firemen, conductors, brakemen and others similarly employed are required to pass the near and far vision tests without glasses. If, at one of the periodical re-examinations, employees in these positions are found to be in need of glasses, they are allowed to wear them, provided they bring the vision up to the required standard. Applicants for other positions may wear glasses for near or far vision, depending on their

work. All glasses must be approved by the company and every employee using them is obliged to carry a second pair for emergencies.

The vision test, which is held indoors, involves the reading of Snellen test types, including letters of varying sizes, at a distance of twenty feet or less, and the reading of an American Railway Association standard reading card for testing near vision.

Applicants and employees examined for hearing must have normal hearing in each ear. They are obliged to repeat correctly train orders given in a normal voice at a distance of twenty feet. How important this is will readily be recognized by those who recollect the difficulties of making out conversation through the noise of a locomotive with steam up or through the clamour of wind or rain. A mistake in a few all-important syllables under these conditions may easily be made unless one has perfect hearing.

Most interesting of the examinations is that for color-sense. The man is asked to identify colors displayed by a Williams lantern and to pass a Holmgren or Thompson color-selection test. The latter test is held in broad daylight. A large number of skeins of wool of varying colors, called confusion colors because they are specially selected with a view to confusing the color-blind, are placed before the examinee. The examiner tells him to pick out all the wools which have red, green or some other color in them or perhaps to match them for shades. The man obeys and in a moment reveals his weakness, if he has any.

In the Williams lantern test the applicant is taken into a dark room. At one end of this room, twenty feet away, is the apparatus, consisting of an electric lantern on the front of which is a revolving disc containing a number of segments of glass, each in a varying shade of red, green, yellow, purple or blue, as well as white, all colors employed by the railroads in their signals. The examiner switches on the light and turns the disc, requiring the man to name the colors displayed as the segments pass before the lens. In turn, small red, green, yellow, purple, blue or white circles of light, in varying shades, singly or in combinations of two or three, become visible. "What are they?" asks the examiner. "White—blue and red—light green and dark green," says the applicant, and so on, naming the

colors as he sees them.

These wool and lantern tests reveal to an astonishing extent the prevalence of color-blindness. Fully four per cent. of the applicants are color-blind without knowing it and will not believe it when the examiner gently but firmly points out the fact. As it is, of course, vital that all men whose positions involve or might involve the reading of signals and all applicants for those positions should have an accurate color-sense, no color-blind person has the slightest chance of passing.

The number of men, applicants and employees, examined on a system so enormous as the Canadian Pacific is very great. Approximately nine hundred appear before the examiners every month on the Eastern lines alone, and between 13,000 and 15,000 employees on the Eastern lines come up for re-examination every two years. The figures for Western lines are approximately the same.

It will readily be understood that the entire system would be disorganized if these men, many traveling long distances, had to report to the offices of the Chief Examiners for their tests. The Canadian Pacific therefore retains two special cars, one of the Western and one on the Eastern lines, which are specially fitted as travelling-test rooms and are continually on the move. It takes these cars two years to make the round of the stations within their jurisdiction, examining applicants and the employees of the company. So, year in and year out, the Canadian Pacific continues these exhaustive tests which have as their object the maintenance of safety and efficiency.

YOUNG DAUGHTER MADE WELL

Mother Tells How Her Daughter Suffered and Was Made Well by Lydia E. Pinkham's Vegetable Compound

Vancouver, B. C.—"My daughter is a young girl who has been having severe pains and weak and dizzy feelings for some time and had lost her appetite. Through an older daughter who had heard of a woman who was taking it for the same trouble, we were told of Lydia E. Pinkham's Vegetable Compound. My daughter has been taking it for several months and is quite all right now. It has done all it was represented to do and we have told a number of friends about it. I am never without a bottle of it in the house, for I myself take it for that weak, tired, worn-out feeling which sometimes comes to us all. I find it is building me up and I strongly recommend it to women who are suffering as I and my daughter have."—Mrs. J. McDONALD, 2947 26th Ave. East, Vancouver, B. C.

From the age of twelve a girl needs all the care a thoughtful mother can give. Many a woman has suffered years of pain and misery—the victim of thoughtlessness or ignorance of the mother who should have guided her during this time.

If she complains of headaches, pains in the back and lower limbs, or if you notice a slowness of thought, nervousness or irritability on the part of your daughter, make life easier for her. Lydia E. Pinkham's Vegetable Compound is especially adapted for such conditions.

Why Busy Women Want SMP Enameled WARE

Busy women want SMP Enameled Ware because it will bring food to the boil almost twice as fast as all-metal utensils, and completes the cooking sooner. A woman can wash SMP Enameled Ware utensils faster than utensils that have to be scrubbed and scoured.

Three finishes: Pearl Ware, two coats of pearly-grey enamel inside and out. Diamond Ware, three coats, light blue and white outside, white lining. Crystal Ware, three coats, pure white inside and out, with Royal Blue edging.
