CALVERT SPOKE GOOD WORD TRAVERS NARRATES BANK'S INNER HISTORY TO THE MINISTER OF FINANCE

Former Manager of Farmers' Bank Declares Present Liberal Whip Aided Him in Securing Charter—Travers Alleges He Paid C. H. Smith \$1800 to Keep Silent.

SUBSCRIPTION LIST TOLD FALSE STORY

Sensation followed upon sensation thick and fast in the hearing of the conspiracy charge against the provisional directors of the Farmers' Bank and others in police court yesterday morning. Of the nine charges with which the treasury board of Canada by fraud, six were present, three are fugitives from this and other charges. Those who answered to their names and pleaded not guilty were J. R. Stratton, M.P. president, and J. J. Warren, manager of the Trusts and Guaranty Co.; John Ferguson, Alex. Frazer, A. S. Lown and John Watson, provisional directors. Those absent were Dr. Beattie Nesbitt, former president of the bank; W. J. Lindsay, stock seller in the organization, and C. H. Smith, secretary of the provisional board.

Would Add W. H. Hunter. Even the morning session, the largely taken up by the filing of exhibits, was filled with sensation toward the close. At the afternoon sitting, which opened at 3:15 and closed at 4:45, surprise after surprise was sprung until the senses were dulled against all but the most startling developments.

During this hearing, taken up with the examination of W. R. Travers, and which was not completed, Magistrate Denison asked why the name of W. H. Hunter, solicitor, had not been included among those charged; it was promised that Travers' statements would be investigated and, if supported, the name would go with the others before the grand jury. Travers charged that William Laidlaw, K.C., had approached him to be appointed solicitor for the bank and to receive a share of Travers' commissions for which he would get his brother to take \$5000 stock and go on the board of directors, failing which he would put the bank out of business.

Got Credited With \$80,000. Travers further declared that to bank the investigation of the Bankers' Associations' secretary, John T. Knight, he had secured a deposit slip from the Trusts and Guaranty Co. for \$80,000, for which he had paid no money into the company, but had manipulated back a former loan (made to secure money to complete the deposit with the finance minister and which had been repaid), to stand as a deposit in order that he might present such deposit slips to Mr. Knight.

Mr. Hunter explained later, out of court, that this had been a purely legitimate transaction in the regular routine of business. The adjournment was taken at this juncture to allow Mr. Travers to find whether any interest had been paid for this extension of the loan and whether any interest had been paid to the bank upon this alleged deposit.

The morning session was taken up with the reading and filing of various books and documents by Inspector Duncan as exhibits in the case and with the bearing of the evidence of Secretary Hughes.

For Government Deposit. The cheques of the Trust Company making the loan to the bank were produced and filed, and the money for \$80,000 and \$20,000, and were drawn in such a way that they could be used by the bank only for deposit with the minister of finance at Ottawa. Magistrate Denison remarked upon this evidence, saying that these cheques showed that those who gave them must have known the purpose for which they were to be used.

DON'T BE DAZZLED BY U. S. SAYS G. T. BLACKSTOCK 125 COCAINE VENDORS HAVE BEEN SENTENCED

Material Prosperity of Republic Great, But British Public Life is Higher.

Canadian and British imperial ideals were extolled at the eighth annual banquet of the literary society of McMaster Hall in the Castle Memorial Hall last night.

Hon. Justice Riddell spoke eloquently of Canada and the empire, the empire's glorious past and the Dominion's bright future.

G. Tate Blackstock, K.C., described Canadian public life, as exemplified in the cabinet of the first Dominion parliament as contrasted with that of present legislative halls. While the present parliamentary average might be higher he believed the confederation cabinet had a greater array of names of men of sterling eminence.

Mr. Blackstock warned the assembly not to allow their admiration for the splendid material progress of the United States to blind them to the defects expressed in their public life and administration of justice, but to remember that within the British Empire had been evolved the nearest approach to a perfect civilization.

E. D. Gray presided and several hundred members, ladies and guests were present. The hall was lavishly decorated with flags and flowers.

New Quebec Bill Contains Stringent Regulations—May Search Premises.

MONTREAL, Feb. 17.—For three months John Foley, cocaine vendor, has led Constables Daoust and Martin a merry chase thru the red light district, but they caught him last night with the drug on him and he was this morning fined \$25 or ninety days. Since July last, Constables Daoust and Martin, aided latterly by Constable Marsola, have arrested 155 cocaine vendors. Of these cases 125 appeared in the recorder's court, convictions being obtained in every case, some times on double charges. Over \$300 worth of the drug has during this period been seized and analyzed.

Sir Lomer Gouin's bill, designed to stamp out the cocaine evil in Montreal, has just been printed. The first clause provides that none but a wholesale dealer or person duly authorized, "shall sell, give or deliver cocaine, alpha or beta eucaine, morphine or heroin salt," or any compound of such preparations. On the outside wrapper of each package of cocaine the word "poison" is to be inscribed in red ink, and a separate register for each sale of the drug is to be kept. Warrants to search any premises day or night for the drug shall be issued. Penalties provided are: For a first offence, not less than \$50 and not more than \$200, or from one to three months' imprisonment; and for subsequent offences not less than \$200 and not more than \$500, or imprisonment for three to six months.

ROBBED PICTURE SHOW

Three Employees Charged With Gathering in \$15 a Day on Ticket Sales.

Audacious men were Wesley Matthews, 482 College street; Earl Lanfink, 85 Gould street, and J. W. Wilson, 110 Amelia street, ticket-seller and ticket-takers of the Crystal Palace theatre at 111 Yonge street, who were kept for over a month in the receipts to the extent of some \$15 a day, gathering approximately \$450 before they were arrested by Detectives Archibald and Tipton yesterday.

Manager John Cairns, noted the large crowds coming and the small returns with increasing wonder. Finally he kept tabs on all those who entered the theatre, and last night found that some 275 people had either walked in free or the guardians of the portals had been manoeuvring to the benefit of their own pockets.

In the latter surmise he was right, for it appears the ticket "choppers" would wait until the theatre was closed, when they would coolly screw off the top, pick up a handful of the tickets, and hand them to the seller, who would resell them, after which they would divide the spoils.

FRENCH-CANADIAN PROTESTS

Will Take No Part if Bishop Fallon is in Attendance.

OTTAWA, Feb. 17.—At a special meeting of the executive of the French Canadian Educational Association, held to-night, it was unanimously decided not to present an address to Archbishop Gauthier on the occasion of his enthronement on Feb. 21, if Bishop Fallon is present.

This stand is taken owing to Bishop Fallon's attitude toward bilingual schools and to French-Canadian aspirations in Ontario, which is termed, "unjust and injurious," in the resolution. The association wrote to Archbishop Gauthier stating their desire that Bishop Fallon be not invited to take part in the ceremonies, but his grace replied that he had already invited Bishop Fallon, and that he had accepted the invitation. French-Canadians generally will be asked to take no part in the honors to the new archbishop if Bishop Fallon persists in being in attendance.

DEATH OF HARRY H. BROWN.

Last evening at his home in Parkdale, 1435 West King-st., one of the most popular and best known of Toronto commercial travellers passed away at the age of 49 years. The ill for nearly a year, the end was sudden and unexpected. The funeral will be held from his late residence, Parkdale, on Monday afternoon at 2 o'clock, to St. John's Cemetery, North York. Deceased was widely popular in fraternal circles, among them who will miss his counsel are Orient Lodge, 329 G. R. C., Orient Chapter, 79 G. R. C., Inwood L. O. O. F., A. O. U. W., and Broadview Lodge, I. O. O. F., and the Commercial Travelers' Association. As traveller for the McAlpine Tobacco Co. for over 14 years, he was known and esteemed from one end of the province to the other.

G. N. W. OPERATORS THREATEN TO STRIKE

Committee Who Presented New Schedule of Wages Dismissed—President of International Telegraphers Union Arrived Yesterday To Take Charge of the Situation—Will Affect Whole System.

For the third time in seven years is the Great Northwestern Telegraphers' Union threatened with a strike of its operators. From the temper of the men and the uncompromising attitude assumed by the company, there seems little doubt but that the trouble will at least reach the point of an appeal for the appointment of a board of conciliation under the provisions of the Lemieux Act.

International President S. J. Koenekamp of the Commercial Telegraphers' Union of America, arrived in the city from Chicago yesterday evening, to take charge of the situation. While there was no question, he told The World, of union recognition in the dispute, the union would render the committee appointed by the men every support possible in their fight for a reasonable salary schedule.

While the trouble has come to a head in Toronto, three dismissals following the presentation of a new schedule, he pointed out that the entire staff of operators, from Winnipeg to the Atlantic coast, would be affected by any action that might be taken.

Twenty-five men have been discharged by the Great Northwestern Telegraph Co. since Jan. 1 as a result of a campaign among the telegraphers of that company which had for its purpose higher wages. Telegraphers' wages have not generally kept pace with the times and the minimum salary remains at \$25 per month, with a maximum of \$70 with the G. N. W.

Not a Question of Recognition. While nearly all of the telegraphers involved are members of the Commercial Telegraphers' Union, the question of recognition of the union is not a part of the schedule, which is patterned after the employees' agreement in effect with the C.P.R. and with the various railroads of Canada. The C. P. R. at the present time pays from 15 to 20 per cent higher wages than the G. N. W.

This is the third time in seven years, or since the present officials were brought from Minneapolis, Minn., to take charge of the company, that labor troubles have been experienced. The men were defeated in 1904 and 1907, but it is believed a strike would have been declared at once were it not for the Lemieux Act.

Stagnation of the employees were heard to decry the law which permits wholesale dismissals of employees and at the same time prevents them from retaliating by striking.

ANOTHER BLOW AT RECIPROCITY

Ward Six Conservatives Pass Strong Resolution in Condemnation. A resolution strongly condemning reciprocity was passed at a largely attended meeting of the Ward Six Conservatives in Northcote-avenue Hall last night, on motion of R. B. Orr, with J. W. McGhie as seconder. It was declared that Canada's prosperity has been steadily increasing, and that the country's interests, political and commercial, lay in strengthening the imperial tie.

SUBJECTS FOR THE CONFERENCE

New Zealand's Suggestion Is an Imperial Council and Secretary of Imperial Affairs.

LONDON, Feb. 17.—(C. A. P. C.)—The government has issued the correspondence with the overseas dominions setting out the subjects for discussion at the imperial conference.

New Zealand suggests an imperial council, with representatives from all parts of the empire, and a secretary of imperial affairs instead of the colonial secretary, with separate departments for the dominions and crown colonies, and the high commissioners raised to the status of ambassadors.

South Africa proposes that matters affecting the self-governing dominions be placed directly under the premier. Australia raises the question of the Declaration of London, regretting that the colonies had not been consulted, opposing the provisions affecting food supply and the destruction of neutral vessels.

Hon. Lewis Harcourt, the colonial secretary, hopes that the conference will meet fifteen times between May 22 and the coronation, June 22, finally, it will decide whether it will sit privately.

The all-red route and a state cable with a line across Canada are also subjects. Newfoundland proposes a line of steamers subsidized by Britain, Canada and Newfoundland to link up the three.

Another topic for the imperial council is the appeal of New Zealand and Australia suggesting overseas representation in the cabinet. British West Indies raise the questions of labor exchange, uniform design for stamps, the expulsion of undesirable aliens.

ROUND ROBIN BY THE LIBERAL MEMBERS?

It Is Said that Laurier Will Be Asked to Make a Definite Announcement to Prevent Harm to Reciprocity Measure by Annexationist Talk of Champ Clark.

OTTAWA, Feb. 17.—(Special.)—Many Liberal members, startled by the annexation utterances of Champ Clark will have in their ridings, have made strong representations to Sir Wilfrid Laurier to take a more serious view of the situation as it is developing in the United States, and it is freely asserted here to-night that a round robin is being circulated by the government supporters, particularly from Ontario, which will ask the premier to make some definite announcement in parliament which will tend to counteract the harm done to the reciprocity cause along the side lines and concessions by the action of the Democratic leader in congress throwing his annexation cards on the table.

Stemming the Tide. What action Sir Wilfrid Laurier will take in the matter is problematical. Until the pressure from all sides for some assurance, which will have the effect of stemming the tide of resentment at annexation being the foundation of the Fielding-Taft pact becomes too strong, Sir Wilfrid is likely to continue to regard the spread eagles of Mr. Clark as a bit of humorous by-play.

It must not be thought that these Liberal members or their constituents imagine that the United States could or would annex the Dominion. What is making not only these men in Ontario but the electors who sent them here warm under the collar is the thought that the public men of the States should welcome the agreement as a step forward in the march towards annexation. There is, moreover, a keen spirit of resentment that it should be imported into the bargain by the leaders of the party which will shortly have the upper hand in congress.

USED SIMILAR METHODS

One of London Anarchist Burglars Believed to Have Been Caught.

BERLIN, Feb. 17.—The report that one of the Anarchist burglars wanted in London had been arrested at Breslau grew out of an investigation of the operations of a criminal band in Breslau who used methods similar to those employed in London. The men rented a house adjoining one which was robbed, after effecting an entrance by tunnelling from one cellar to the other. They secured booty valued at \$4,000. Two watches found in the possession of the men arrested in London have been identified as those stolen from a Breslau jeweler, and it is now supposed that the same band operated in both countries.

LET CHAMP BEWARE.

OTTAWA, Feb. 17.—(Special.)—Col. Sam Hughes left to-day for Washington on private business. He said before he left that he would have a word or two to say to Champ Clark about that scheme of annexing Canada.

THE BRAVEST ARMY IN THE WORLD.

The Sunday World's best hit this week has to do with the fire laddies. These brave men do not always get the credit that is due them, and for the risks they run it is freely admitted that their pay is inadequate.

HAMILTON HAPPENINGS

IDENTIFIED REMAINS AS THOSE OF HER HUSBAND

Had Been Absent From Home Several Days—Died Without Giving His Name.

HAMILTON, Feb. 17.—(Special)—Miss Hay, who lives on Catharine street, near Hunter, called at the morgue this afternoon and identified the remains of the man who died in the police cells last night as those of her husband, who had been absent from home several days. Mr. Hay was picked up by Constable Duncan near his home last night in a stupor of intoxication by alcohol. His condition was such that he could not give his name, and he died at 3 a.m., before it was ascertained who he was. His remains were not identified until late this afternoon. The law compels an inquest with six prisoners as jurors, on their own merits or only should they not have a name of their own.

John Hanna Ford lost several of his fingers in the machinery at Pasterson's carriage works this afternoon. His injuries were attended to at the City Hospital.

Dr. Amyot, provincial bacteriologist, addressed the members of the Hamilton association to-night on bacteriology.

The Trades and Labor Council to-night received the official report of the conclusion of the case of the Bucks Stove Works at St. Louis against A. F. of L. Allan Studholme, M.L.A., W. Murdoch, and M. Lavine were added to the label committee. Organizer Flett gave an address on bills affecting labor interests before the house.

The interdenominational Sunday school convention at the Central Methodist Church this afternoon and evening was addressed by C. W. Peddie of Chicago, an international adult Sunday school worker, and by May of Lees, Rev. E. W. Halpeny, W. J. Cunningham, Miss Hamilton, and Rev. D. H. Wing. There was a large attendance, and it was the most successful meeting of its kind ever held.

The increasing danger of the level crossing at the east end incline has resulted in negotiations for a subway which will remove this danger. At present the crossing is used by the G. T. R. and the T. H. & B. Railways is a source of grave danger to pedestrians and vehicular traffic alike. This danger is increasing, owing to the laying of new switches by both companies.

Measurements are already being taken, and the matter is before the Railway Board, whose decision must be known before further details are forthcoming. It will be at least three weeks before these are available. Construction of the proposed subway is an assured thing.

N. Toronto May Yet Share in Good Roads Scheme—News Notes From All Over.

NORTH TORONTO, Feb. 17.—(Special)—President Bantam has called a special meeting of the Ratepayers' Association for to-morrow (Saturday) evening, when the question of Sunday cars and a two-cent fare will be discussed. The Sunday car question may very well be taken into the consideration of the members, who what ground there is to work on in connection with a two-cent fare seems hard to determine. The experience of the people of North Toronto in the past affords little hope of any concessions in the future.

Had Severe Pains In His Back.

Could Hardly Work.

Mr. Alfred E. Davis, Gorrie, Ont., writes: "For some years I suffered from severe pains in my back and could hardly work at all, and when I stopped down to pick up anything felt as if my back must break. I was advised to try Doan's Kidney Pills, and after taking two boxes I was entirely cured, and feel that I cannot speak too highly in their favor."

"This was nearly four years ago and I still remain cured."

Those who have never been troubled with kidney trouble do not know the suffering and misery which those afflicted undergo.

Weak, lame or aching back comes from the kidneys, and when the kidneys are out of order the whole system becomes deranged.

Doan's Kidney Pills are a specific for all kidney troubles.

They help the kidneys to flush out the acid and poisonous impurities which have collected, thus clearing out the kidneys, bladder and urinary passages.

Price 50c per box or 3 for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

If you wish direct specify "Doan's."

When the Odds Are Against You

You Can Depend on DR. CHASE'S SYRUP OF LINSEED AND TURPENTINE To Help You, If You Get the Genuine

What a fight goes on during the winter season against coughs and colds. The children are careless about keeping dry and warm, and the parents are worried to hear them cough.

The best insurance against serious results is the use of Dr. Chase's Syrup of Linseed and Turpentine.

So well-known is this medicine and so universally used that we need scarcely tell you of its merits. But we do want to warn you against imitations and substitutes.

Once you know that there are at least four imitations of Dr. Chase's Syrup of Linseed and Turpentine on the market, you are not likely to let any dealer talk you into accepting anything but the genuine, on each bottle of which are the portrait and signature of A. W. Chase, M.D., the famous Receipt Book author.

Imitations are sold on the reputation of this great medicine, and on their own merits or only should they not have a name of their own.

With the genuine Dr. Chase's Syrup of Linseed and Turpentine you can readily overcome croup, bronchitis, whooping cough, throat irritation, and the most serious coughs and colds. 25 cents a bottle, family size, 50 cents; all dealers or Edmanston, Bates & Co., Toronto.

Refraction F. E. LUKE, Optician, 159 Yonge Street, Toronto

However, the meeting is called for 8 o'clock sharp, and a good expression of opinion would serve to clear the air.

Throughout the town to-day there is general approval of the suggestion of the board of works committee, made last night to get in at the earliest possible moment with the good roads scheme. North Toronto people generally fail to see any good reason why the town should not be included in the scheme. Some objection might be made at this late date of a reconsideration of the whole matter, but these objections may not be unanswerable.

County Clerk J. H. Ramsden, who has always taken a warm interest in the "good roads" movement, and has materially aided the council in the preparatory work, when spoken to by the Works to-night regarding the possibility of North Toronto entering into the scheme, was not very hopeful concerning the matter.

The general aid does not include incorporated towns like North Toronto," said Mr. Ramsden, "who it does provide for a continuous road where the towns are wholly within the county, but as you see North Toronto is wholly disassociated from the county, and pays no taxes therein. Still some arrangement might be made with the city and the government, but I could not say as to that, tho' it seems late in the day."

Mr. Ramsden's statement, while not too optimistic, gives ground for hope, and you never can tell what you can do till you try.

The pupils of the Eglington Presbyterian Church were treated to a delightful sleigh ride last night.

On Sunday morning and evening in Zion Baptist Church, Rev. Thomas Weaving, B.A., assistant pastor of Bloor-street Baptist Church, will preach.

The New Car to be the Big Feature at the Motor Show.

\$1,575.00 FULLY EQUIPPED "CANADA TOURIST"

No Extras. Guaranteed for Life.

Mark its coming too! Make a note right now that you will watch for this car. Just see what we're offering for the price we're asking and see if we've not the classiest, most up-to-date car on the market, price notwithstanding. The "Canada Tourist" is a new car—five-passenger—fore-door—112-inch wheel base—34-inch wheels. It is fully equipped and has advanced features not found in any car at the price. It is a "classy" car, with superior beauty of design and appearance. There's nothing "freaky" about it. There are no "experiments" and no "improvements" but what have been tried and proven.

Remember we've also made it a complete car—fully equipped—no annoying extras to consider. Compare the price of this fully equipped car with others that cost you the same, minus expensive equipment. Many dollars more wouldn't procure you a car with the features of "Canada Tourist." The simplicity of construction and quality of all workmanship and materials warrant the slogan "built on honor."

Here're a Few Features That Justify What We Feel About It:

Note the design and general arrangement; all unsightly levers, handles, brackets are hidden. The chassis construction, with its graceful lines and perfection in body building, the three-point suspension, the high tension magneto, the power and efficiency of the motor, the unique oiling system, the full equipment, the minimum of expense in operation, and a dozen other equally strong features recommend this car to a discriminating public.

Some Specification Features: Cooling—Water, centrifugal pump, large radiator. Clutch—Multiple disc, in oil. Transmission—Sliding gear, selective; three speeds, forward and reverse. Drive—Double universal joint, with torsion bar. Control—Spark and throttle levers above hand wheel; foot accelerator; emergency brake operated by hand lever; speed changes by hand lever, operating in H slot.

Award About Equipment: Remember the price, \$1,575. Includes the following: Two gas headlights and generator. Two side and tail oil lamps. Mohair top. Speedometer. Wind shield. Full set of tools. Horn, chains, jack. Tire repair kit. Magneto. Envelope for top.

Steering Gear

Here's another feature showing just that little extra thought and application of "motor knowledge" that makes the Canada cars "better." The steering gear is of the worm and nut type. It is absolutely automatic in the take up for wear. The gear's shift control, including the hand gear shift lever and the emergency brake lever, is mounted in the centre of the car, making either side of the car accessible for entrance or exit. This feature is also valuable in the fact that it will allow us to furnish cars with left-hand drive if such should be desired.

GUARANTEE

So confident are we in the efficiency of the "Canada," and so high is the standard of workmanship and quality of the parts we make, that we guarantee Canada Tourist and Roadster to be free from imperfection in material and workmanship for the whole life of the car.

"Canada Roadster" Model

We will also exhibit the "Canada Roadster"—a car that has also the exclusive and advance 1913 features of the Canada Tourist, and the price—FULLY EQUIPPED remember—is \$1,375. NO EXTRAS.

It is simply weakness—break-down, as it were, of the vital forces that sustain the system. No matter what may be its causes (for they are almost numberless), its symptoms are much the same: the more prominent being (besides a general sense of prostration or weariness, depression, spirits and want of energy for all the ordinary affairs of life, loss of appetite, and a general feeling of ill-health, which alone is absolutely essential in all such cases) increased vitality—vigour—proved that a night succeeds the day this may be more certainly secured by a course of THE NEW FRENCH REMEDY THERAPIE No. 3."

DIAGONAL TUBE SCHEME IS FAVORED BY MAYOR

His Worship is Dubious as to Advertising for Tenders—Theatricals Present Case.

Controller Hocken's tube scheme was productive of a pointed discussion at the board of control meeting yesterday morning. It was introduced by the report of the committee requesting a grant of \$500 to acquire additional information and \$400 to provide for the cost of advertising for tenders. Mayor Geary, who was present for the first time since his illness, could not see the need of expending money until a route was definitely decided. He was of the opinion that a route from the centre of the city in a diagonal direction to the west might be found more suitable for the city's needs. He also was of the opinion that tenders could not be secured without some- thing definite to tender on. He was not opposed to the expenditure of the money if it would do any good. Controller Church took the same view as the mayor. Controller Ward thought that, as it was the report of a special committee of the council, it should be sent to that body, and the board agreed to this.

Coxwell Versus Ashdale.

Action on the report of the city works committee, Coxwell versus Ashdale-avenue as the point for the subway under the Grand Trunk tracks, was deferred to give the board an opportunity of seeing the two sites. Controller Hocken declared that he considered the Ashdale-avenue site the most suitable. As a result of a communication from the chairman of the Public Library Board it was decided to request that body to appoint a committee to confer with the board regarding the terms for an increased grant. The question of reopening the Sun- side bridge matter was sent on to the council without action. A letter was read from Controller Spence which placed him on record as in favor of the bridge.

Moving Picture Men Kick.

"When is a moving picture show a vaudeville performance?" That was in substance the question put to the board by Dr. Hart and Dr. Hargrave, representing the Moving Picture Association of Ontario. They complained that the city architects and the license departments had imposed a hardship on the houses giving

SAUNDERS GOES TO JAIL

Magistrate Inflicts Ten Days' Sentence on Gambling Resort Keeper. "Jake" Saunders did not need a patrol to take him to the jail to serve his sentence of ten days' hard labor, imposed on him yesterday morning by Magistrate Denison, but instead scooted off in his big new touring car. He was arrested on a charge of keeping a common gaming house, and, as he is known all over the city as a sports- man with plenty of the necessary, the magistrate did not give him the option of paying a fine, knowing that he would gladly do so and escape punishment.

Suffered for Years From Constipation and Sick Headache.

Headache seems habitual with many people; indeed, some are seldom, if ever, free from it, suffering continually, and wondering why they can get no relief. The most frequent of all are bilious or sick headaches, and are caused by some derangement of the stomach or bowels, or both. Burdock Blood Bitters regulates the digestive and biliary organs, removes acidity of the stomach, improves diges- tion, regulates the constipated bowels, and promotes a perfect circulation of pure blood to all portions of the body.

QUEBEC'S INTERESTS FIRST.

QUEBEC, Feb. 17.—Replying to a question put by Henri Bourassa in the house as to the attitude of the pro- vincial government regarding the rec-iprocity negotiations, and whether the government would make any change in its decision as to the exportation of pulpwood, Premier Gouin stated that Quebec was waiting to see what might happen. The desire of the government was to make Quebec the centre of the pulp and paper industry of the world. By the choice lay between Quebec and Ottawa, the interests of Quebec would certainly receive first consideration.

... their patrons anything but pictures. They held that everything in the way of a performance other than pictures would tend to reduce the vaudeville performance and placed the houses under the same restrictions as the large theatres with a license of \$100 per year. The moving picture license is \$50. Dr. Hart offered no objections to the added license fee where singers were introduced, but he did object to the moving picture houses being asked by the city architect to conform to the business restrictions of regular theatres regarding fireproof drop, curtains and cement stages. He pointed out that they had only one set of scenery in these houses and if that were fireproofed it should satisfy the department. He also argued that the picture shows presenting this class of vaudeville should have a new classi- fication known as music-halls, and that places where church entertain- ments and concerts were held should conform to the same regulations. The matter was referred to the two departments concerned for a report.

SAUNDERS GOES TO JAIL

Magistrate Inflicts Ten Days' Sentence on Gambling Resort Keeper. "Jake" Saunders did not need a patrol to take him to the jail to serve his sentence of ten days' hard labor, imposed on him yesterday morning by Magistrate Denison, but instead scooted off in his big new touring car. He was arrested on a charge of keeping a common gaming house, and, as he is known all over the city as a sports- man with plenty of the necessary, the magistrate did not give him the option of paying a fine, knowing that he would gladly do so and escape punishment.

Suffered for Years From Constipation and Sick Headache.

Headache seems habitual with many people; indeed, some are seldom, if ever, free from it, suffering continually, and wondering why they can get no relief. The most frequent of all are bilious or sick headaches, and are caused by some derangement of the stomach or bowels, or both. Burdock Blood Bitters regulates the digestive and biliary organs, removes acidity of the stomach, improves diges- tion, regulates the constipated bowels, and promotes a perfect circulation of pure blood to all portions of the body.

QUEBEC'S INTERESTS FIRST.

QUEBEC, Feb. 17.—Replying to a question put by Henri Bourassa in the house as to the attitude of the pro- vincial government regarding the rec-iprocity negotiations, and whether the government would make any change in its decision as to the exportation of pulpwood, Premier Gouin stated that Quebec was waiting to see what might happen. The desire of the government was to make Quebec the centre of the pulp and paper industry of the world. By the choice lay between Quebec and Ottawa, the interests of Quebec would certainly receive first consideration.

First Final At Winnipeg Varsity 4 Queens 3 Bowling League Scores

Note and Comment

The great international bout between Anthony J. Drexel, Jr. and the Hon. Bobby Beresford of England, Miss Gould, took place last Saturday night at the summer home of George J. Gould, in Lakewood, Colo.

The battle was terrific while it lasted, and one expert sporting man who was present said it was the best he had ever seen in the prize ring.

The English champion weighed in at 166 pounds, and the American champion at 151. They were equal in regulation fighting gear, and were a magnificent looking pair as they entered the ring.

Beresford had two lords for his seconds, Lord Canby and Lord Alington. Drexel's seconds were Mr. J. J. McLaughlin, regulation fighting gear, and were a magnificent looking pair as they entered the ring.

The audience was in its best mood. Drexel had been in a fight over the left to the stomach and a right over the head, and as he was drawing away his opponent's head he was seen to be in a very bad way.

At present indications are that at least three of the big trophies will stay in the hands of the victor. The big trophy of the Tuckett, which has already vanished, appears to be clinched to the victor.

At this point the audience reached the highest pitch of its enthusiasm. They yelled to Drexel to "look out," while women rose from their seats and cried warnings to an undecided Drexel.

Carroll, Tuckwell and Starch, the Toronto boxers who have been matched against a trio of Buffalo scrappers at the next show of the Metropolitan Club on Friday evening, will enter the ring in superb condition.

Amateur Billiards. The final match-play-off of the third prize of world's amateur championship billiard tournament was played last afternoon at the Metropolitan Club.

Varsity DEFEAT QUEENS

Final Score 4-3—Ice Was Soft and Covered With Water—Dispute Over Referee.

University of Toronto hockey team defeated Queens, 4-3, in the deciding game of Section A of the Intercollegiate Union last night at Mutual-street Rink.

A fairly large crowd turned out to see the college boys play, and Queens brought along 300 excursionists. The ice was very soft, and considerable water was on the surface, particularly near the goals.

The game was very late in starting, on account of a dispute over the referee. It appears that Varsity recommended nine members of the board of referees, all of whom Queens refused.

Varsity went to the ice first, but the Queens went back on the ice first, and the other the second. Both of these propositions Queens flatly refused, and the matter in which the puck was settled around made the game resemble a shilly match.

Armstrong scored Varsity's first goal when he broke away at centre and beat Gilbert on a net shot. Forty seconds later Gilbert got another on a magnificent rush down the side. This was all the scoring in the first half, the both teams having equal chances and good goals.

After nine minutes and fifty-five seconds of play in the second half, on a lift from the centre, both goals had been frequently threatened. Parker was there all the time, and certainly played a great game for Varsity in goal.

Box got Queens' first goal, with a great shot on the fence, and G. George got another in the second half. Code and Frith made a great defence, and Armstrong played well at rover. Varsity's defence had it on the net, and both goals had been played well, and Gilbert put up a strong game in goal.

Teams: Varsity: Goal, Parker; point, Frith; cover, Code; rover, Armstrong; centre, Strone; right, Gilbert; left, Kennedy; George; cover, Trimble; rover, G. George; centre, Box; right, McKinnon; left, McLaughlin. Queens: Goal, Gilbert; point, B. Smith; cover, Trumble; rover, G. George; centre, Box; right, McKinnon; left, McLaughlin.

CRITICIZED FESTIVAL OF EMPIRE EXPENDITURE

Hon. Sydney Fisher Replied That Canada's Duty Was to Make a Good Showing.

OTTAWA, Feb. 17.—(Special.)—In committee of supply on an item of \$100,000 for exhibitions to-day, Hon. Sydney Fisher explained that it was for an expenditure incurred during the present year in connection with the exhibit Canada will have in the Crystal Palace grounds, London, as an adjunct of the festival of the empire, which will be a feature of the coronation celebration.

The exhibit will be in a building which will be a reproduction on a small scale of the Canadian parliament buildings, and another vote of over \$150,000 will be required to cover the total expense which will be incurred.

Then there was some criticism of the nature of the proposed expenditure, during the course of which the minister explained that Canada's only contribution to the pageant of nations would be two thousand pounds sterling for rental of space in the grounds for the Canadian building.

Mr. Fisher explained that all the other countries which make up the British Empire would be well represented by their exhibits, and that the government would not be doing its duty if Canada did not make her usual good showing.

Mr. Campbell (Dauphin) introduced a criticism of Wm. Hutchinson, Dominion exhibition commissioner, by referring to the fact that he is given \$10,000 per day in addition to his salary. He subsequently explained, however, that he did not object to the system of salary and allowance.

Dr. Reid replied that a "small fair" such as they have in Ottawa would be necessary for training for the big exhibitions. Criticism of Minister. Dr. Reid (Greenville) then launched into a criticism of the minister for not getting larger votes for agricultural purposes.

Mr. Fisher was losing influence with his colleagues and that the minister of labor would soon have as big a sum to expend. Mr. Fisher contented himself with the remark that the world of his minister's assertions to make the farmers believe it.

Geo. Taylor caused some amusement by his remarks on the world of his minister's assertions to make the farmers believe it. Mr. Fisher indignantly remarked that he had never seen anything about this transaction, but would enquire.

On Feb. 17, 1900, a little force of Canadians won heroes' names for themselves and an undying fame for Canada when, at the point of the bayonet, they forced Cronje's might to surrender on the blood-stained field of Paardeberg.

Six of that little band of heroes were left lying in the field—Jack-shrouded lie they in a common grave. But the gallant soldiers last night state definitely if he would use his influence to get for the agriculturists of this country what they desire.

Mr. Hargart said that this being a world's exposition, they must have three years to prepare. Mr. Staples asked the minister to state definitely if he would use his influence to get for the agriculturists of this country what they desire.

ED FESTIVAL OF RE EXPENDITURE

Fisher Replied That Duty Was to Make Good Showing.

Feb. 17.—(Special)—In reply to an item of publication to-day, Hon. Fisher explained that it was not intended that it was to be a festival of expenditure in connection with the exhibition, but that a will have in the grounds, London, as an adjunct to the exhibition, a feature of the exhibition. The exhibit will be a reproduction of the scale of the Canadian buildings, and another vote of \$500,000 will be required to cover the expense which will be incurred.

He explained that all the exhibits which make up the exhibition would be well represented, and that the exhibit would not be doing its duty unless it made her usual exhibit.

Mr. Fisher (Dauphin) introduced a motion that Mr. Wm. Hutchinson, Dominion commissioner, be given a day in addition to the day he is given for the exhibition, and he explained that he did not object to the minister being well paid, but that the minister should have a day in Ottawa to be available for the big exhibition of the minister.

Mr. Grenville then launched a criticism of the minister's getting larger votes for his purposes. He said that he was losing influence with the minister, and that the minister would soon have a big sum of money.

Obstruction Not Located.

Deputy Engineer Rust says, who is still on the job at the shore crib, has not yet been able to determine the exact location of the obstruction. The pumps in the crib, after being started, are still running to full capacity. It is expected that by morning the reservoir will have a normal supply on hand for emergencies, and when the pumps stop stirring up the sand in the intake the water will once more become clear.

QUEBEC, Feb. 17.—(Special)—Henri Bourassa is inclined to make light of the latest move in the reciprocity negotiations. "I think the annexation sentiments of Mr. Champ Clark are a joke," he remarked laughing. "Of course, as regards our French-Canadians, we are opposed to annexation to the United States for the clauses of the reciprocity treaty, I have already treated them in such detail in my pamphlet, there is nothing new to be said. I am publishing these articles in pamphlet form, both in English and French."

SERIOUS BLAZE CHECKED

Fireman's Alertness Prevented Spread of Fire in Paint Factory.

What might have been a serious fire was averted by the quickness of the firemen when the stock room of the Sherwin Williams Paint Company, located at 86 York street, just below King, caught fire last night, damage being done to the building and contents to the extent of \$100.

The watchman discovered the blaze, which was the result of spontaneous combustion, and turned in the alarm, three stations responding. If the fire had spread to the upper stories, where thousands of gallons of paint is stored, a spectacular and dangerous fire might have resulted.

It was a peculiar freak of the blaze that, although the box containers and even the labels were burned off many of the cans, none of the paint damaged by the fire.

The smoke spread to the Toronto Clothing Company's store and shops, next door, but as no water went with it, the damage will be slight.

THE WORLD VISITED. The World had the pleasure last night of a visit from members of "The Chorus Lady," playing at the Grand. Their object was to ascertain if a real composing room looks as depicted in "The Fourth Estate." They were of opinion that the actuality is much more interesting than the stage presentation.

Despite their opposition, "The World" could not be induced to suppress the story of their visit. The party included Miss Ethel Martin (Miss Simpson), Manager Wm. Hale, Robert S. Gill, Mr. Crawford, Fred Smith and Dan Mallory. Use Gibbons' Toothache Gum. Price 10c.

CALVERT SPOKE GOODWORD TO MINISTER OF FINANCE

Continued From Page 1. money for the deposit with the finance department.

He said that Lown, Fraser Smith and himself had discussed raising the money, and that he had told them that if he got the notes he could get the money.

Twice Turned Down. He saw the Traders Bank, Oeler & Hammond, and the Trust & Guarantee Company with regard to negotiating the loan. The first two concerns refused to touch the notes at all, and then he saw Mr. Warren, manager of the Trust & Guarantee Company, and told him that he had \$100,000 in Farmers' notes, and asked him if he would discount them or make a loan.

He explained that the provisional board of directors had depleted the funds by \$40,000 or \$50,000, and that he needed about \$80,000 to complete his deposit with the finance minister to comply with the provisions of the bank act.

He again saw Mr. Warren a day or so later, who said that he thought it could be done. Mr. Warren was present at the second meeting, and said that an arrangement was made with Mr. Warren would be all right.

Travers could not say that the purpose for which the loan was being made was explained to Mr. Stratton. The notes were hypothecated to the Trust & Guarantee Company for \$100,000.

Ten Per Cent. and \$1000 Bonus. The loan of \$80,000 was made at ten per cent per annum and a bonus of \$1,000. The return was to be made as soon as the money came back from the finance department.

Mr. Warren told Travers that part of the \$80,000 came from an insurance company. He thought that Mr. Warren said half of it.

Travers said that after the \$80,000 loan had been arranged, another source from which he had expected to get \$20,000 failed him, and he arranged for a further loan for that amount from the Trust & Guarantee Company.

The cheque of the Trust & Guarantee Company making the loan were here identified; they were drawn in favor of Travers, to be used as a deposit of the bank with the government, and the minister remarked that they showed that the company giving them must have known for what purpose they were to be used.

Travers also identified the cheque of the bank signed by directors and himself, which with the hundred thousand advanced by the Trust & Guarantee Company made up the \$20,000 required for the government deposit.

Credited Subscribers Falsely. Travers identified the report of the provisional directors to the shareholders, which he said was drawn by Mr. Lown. He said that he had read it to the shareholders at their first meeting. It made no mention of the fact that the \$100,000 secured from the Trust & Guarantee Company, had been distributed opposite the names of various subscribers in the stock list which had been furnished to the government.

"We spread it over various subscribers who hadn't paid anything, who had only given their names," said Travers. "You say we, who do you mean by we?" asked Mr. Corley.

"Well, I was the most responsible one, but others were assisting me. Who?" "Dr. Beattie Nesbitt, Mr. Fitzgibbon and Mr. Hunter, our solicitor." "Did Dr. Nesbitt know they were false?" "He knew that we were using the money which I had borrowed on the 'Fitzgibbon' note?" "Yes."

DISFIGURED FOR LIFE! Mothers Should Realize What Neglect of Skin-Troubles Means to Children.

A lifetime of disfigurement and suffering often results from the neglect, in infancy or childhood, of minor affections of the skin and scalp. A mother overlooks a little rash or attempts some simple treatment and in a day, perhaps, the little one is covered with severe eczema or a similar distressing eruption.

Then the struggle for a cure begins. A multitude of remedies are tried, doctor after doctor consulted and hospitals visited, but too often the suffering extends, week by week and month by month. Added to this is the ever-present fear that the itching, burning and disfigurement will become chronic, menacing future welfare and making life miserable.

In the prevention of the simple skin troubles from which all this suffering is often born, and in establishing a condition of skin health that makes eruptions impossible, mothers are assured that nothing is so pure, so effective and so safe as CUTICURA SOAP and CUTICURA OINTMENT. And greater still, if possible, is the success of these simple skin affections themselves. With their first warm bath with CUTICURA SOAP and gentle application of CUTICURA OINTMENT, the itching and burning of eczema cease, the child falls into a refreshing sleep, the mother rests and the first step is taken to prevent further trouble in a distracted household. Frequently a single bath in the treatment will be enough, and CUTICURA is sufficient.

Positive as is this statement, it is justified by the fact that it is a simple, safe, and effective remedy for all skin troubles. It is a water soluble soap. When it is used, it does not irritate the skin, but cleanses it thoroughly, and its action is permanent. It is a water soluble soap. LA GRIPPE RAVAGES

The Trouble Sweeping Over Canada is an Epidemic. Weakened and Broken Constitutions Left Behind—How to Regain New Health and Strength.

La grippe is one of the most dangerous diseases that annually sweep over Canada. It starts with a poor cough, and its after-effects are more dangerous and more lasting than the trouble itself. For the after-effects of grippe are influenza, pneumonia, rheumatism, and often that most dreaded of all diseases—consumption.

You can avoid a grippe entirely by keeping the blood rich and pure with the occasional use of Dr. Williams' Pink Pills. The trouble takes as its victims those whose blood is in a poor condition, and its after-effects are more dangerous and more lasting than the trouble itself.

RAGING HEADACHE STOPPED AT ONCE

When He Took "Fruit-a-tives."

Shanly, Ont., Sept. 23, 1910. "You certainly have the greatest discovered Headache Cure in the world. Before 'Fruit-a-tives' came before the public, I suffered tortures from headaches caused by stomach disorders. One of your travellers called on me when I had one of my raging headaches and had my head almost raw from external applications. I hated to see any person coming into the store (much less a commercial traveller), and I told him very curtly that I had a headache, but he insisted on my trying 'Fruit-a-tives.' I had so, with what I would call amazing results. They completely cured me, and since then, nearly six years ago, it is only necessary for me to take one occasionally to preserve me in my present good health. I was 66 years old yesterday, and have been a general storekeeper at the above address for 25 years. WM. PITT.

As Mr. Pitt says, "Fruit-a-tives" is the greatest headache cure in the world. Dealers everywhere have "Fruit-a-tives" at 50c. a box, six for \$2.50, or trial size 25c., or sent on receipt of price by Fruit-a-tives, Limited, Ottawa.

PUBLIC AMUSEMENTS

At the Royal Alexandra

"The Prince of Pilsen's" Revival. Since Henry W. Savage withdrew "The Prince of Pilsen" from America about five years ago, he has been besieged by theatrical managers with offers for the American rights of the tenuous musical comedy, which placed its authors, Frank Wesley and Gus Luders, in the forefront of American libretto and composers, and which attained the biggest success in the history of native light musical products. To every proposal Mr. Savage listened and then shook his head negatively. Finally an extremely speculative manager offered eighty per cent. of the net profits and again Mr. Savage shook his head.

"What do you want?" asked the bidder. "One hundred per cent."

"I would not let it go even at that price," was the reply.

And the man who made the offer went away mystified. He could not understand such business methods.

But those who know Mr. Savage understand that the rights of his original production cannot be bought under any circumstances, for he is exceptionally careful of his reputation as a producer of plays, and he will not risk any of his products in other managerial hands.

Mr. Savage's name on a play means a guarantee of excellence to players, because they are familiar with the class of his productions, and he fears that his admirers may be confused if he trusts his former successes to others.

He decided, therefore, to revive "The Prince of Pilsen," under his own direction, with the same careful attention to cast, musical interpretation and detail of production that marked his original presentation of the Broadway Theatre, New York, about eight years ago.

For the forthcoming engagement of "The Prince of Pilsen" at the Royal Alexandra, the usual popular priced Thursday and Saturday matinees, beginning next Monday night, Mr. Savage has assembled a cast, selected from the companies that hitherto played the piece during its tours thru America, and England.

Included among the players are Jess Dandy, Frances Cameron, The Vera Stanley, Stella Hoban, Edward Mora, Jethro Warner, Lillian Hart, Edna Coddett, Robert O'Connor, Dorothy Delmore, Wallace Beery, and a number of others of like prominence.

As is usual with Savage productions, a special orchestra will accompany the organization under the conduct of Gustav Hinrichs, formerly director of the Metropolitan Opera in New York. There will also be a beauty chorus, including the pretty Pilsen pullets, and selected vocalists both to vocal and physical charms.

At the Princess. Frank Daniels in "The Girl in the Train."

Frank Daniels comes to the Princess Theatre for one-half of next week, commencing Thursday evening, Feb. 23, with a matinee on Saturday, Feb. 25, and a matinee on Sunday, Feb. 26, at the request of the court in the international musical comedy success of Viennese origin, "The Girl in the Train," under the management of Charles Dillingham.

"The Girl in the Train" is a comedy called "The Divorced Bride," and is the story of a woman who, after being divorced, is still running in Berlin and London. Charles Dillingham secured the American rights, and engaged Mr. Daniels to play the part of the judge, a comic personality who is called upon in the first act to hear a celebrated case involving a young wife who has been divorced because thru a talkative conductor she has learned that her husband is a scoundrel.

Rheumatism

(Acute)

The Chains With Which Rheumatism Binds You Will Melt Away If You Use "GLORIA TONIC."

OH, THE TORTURE OF "JOINT PAINS," as acute rheumatism used to be called. No torment this side of the infernal regions could be worse. When every movement of an arm, or a leg, or the head, will send those intense shooting pains and make you wish you had never been born. Of all the hopeless, forlorn and pitiable creatures on earth a sufferer from acute rheumatism is about the worst.

But, strange to say, one of the worst features of acute rheumatism is the fact that on some days you are practically free from pain. The bad feature of this lies in the fact that most people will stop taking treatment when the pain is no longer felt, and thereby permit their system to become weakened and susceptible to still worse and more malignant forms of rheumatism.

If you are subject to rheumatism in any form there is ONLY ONE COURSE for you to follow, and that is to take GLORIA TONIC until you can safely say that EVERY TRACE of this dread malady is ENTIRELY ERADICATED—none quite as sure—as GLORIA

Cured at the Age of 73!

Will Always Keep "Gloria Tonic" in His Store and Recommend It.

July 16th, 1910.
Dear Sir: It is with pleasure that I write these few lines, to let others know what "Gloria Tonic" has done for me. In the year of 1909 I was bothered some with that dreadful disease, rheumatism. In January, 1910, this dreadful disease took me for good, so bad that I could not sleep, and about that time I saw in the newspaper, The Sentinarian, a St. John's newspaper, that "Gloria Tonic" would cure rheumatism. So I sent and got six boxes of the "Gloria Tonic." Four boxes entirely cured me. It is now about seven months since I took the last box of your "Gloria Tonic" and have felt no rheumatism since. I am seventy-three years old, and have kept a general store here for forty-three years, and will keep in stock the "Gloria Tonic" for sale as long as I keep store. Yours truly, Ambrose M. Melanson, Meteghan River, Digby Co., N.S.

"Best Remedy Made"

Gives Thanks to "God and Gloria Tonic."

Oct. 4th, 1910.
Dear Sir: I received your letter some time ago. I should have answered sooner, but with so much to do, you would get an order about a year ago, now I have sent three orders in that time. You wanted to hear how my health was. I can say this—I had rheumatism for years and now I have none through the blessing of God and "Gloria Tonic." I am well and will try to get other sufferers to try it. I have taken in all eight boxes. If it returns I will send for more. Sincerely yours, Mrs. A. Clark, Box 31, Treesbank, Man.

Is Very Grateful!

Rheumatism is Now All Gone.

Dec. 2nd, 1910.
Dear Sir: Your nice letter received this morning. I am very glad to say that my rheumatism is all gone. I thank God for it. I did suffer from it. I believe it was the "Gloria Tonic" that cured me. Please, sir, you are at liberty to use my name and address, and I will tell anyone it is a right good cure. If it returns to me I will send to you again. Your humble servant, Mrs. J. Whitley, G. C. College, Toronto, Ont.

Spread The Good Work

Waited Before Writing to Find Whether Rheumatism Would Return.

Castleton, Que., Dec. 3rd, 1910.
Dear Sir: Pardon me for not writing sooner. I have been waiting to see if I should have any return of the rheumatism. I have not felt the slightest symptom for over a month. I used a little over two boxes besides the sample you sent. I feel entirely cured. I was all run-down besides my rheumatism, but thanks to "Gloria Tonic" I am all right now. I am sending the testimonials to my friends away off. I will do all I can to spread it among my friends around home.

A Sample Cured Her

Pain Left, Not To Return

Aug. 5th, 1910.
Dear Sir: Your letter received yesterday. I must ask your pardon for not answering your other letters. Your sample did all you claimed it would do. The pain has left my arm and I have not had it since. If it should ever come back I shall not lose any time in sending for a full treatment.

Feels Like a New Man

Doctors Had Failed and He Had Suffered For Years.

Sunny Brae, N.S., Sept. 16th, 1910.
Dear Sir: For a number of years I was a victim of rheumatism. I saw your advertisement for "Gloria Tonic" in a newspaper and thought I would give it a trial as doctors' medicine had failed.

Another M. PACULOUS CURE!

Could Hardly Dress Himself in the Morning, But "Gloria Tonic" Cured Her.

West Plain, Ont., July 13th, 1910.
Dear Sir: I used your trial box of "Gloria Tonic Tablets" for sciatism and with them. I could hardly dress myself in the morning until I got your trial box of "Gloria Tonic." After taking three of the tablets I felt no further trace of pain. Thanks for the sample. If I should have another attack I will send an order for more of your tablets. I am recommending them to everybody. Yours truly, Mrs. T. Deane.

And wouldn't you welcome a chance to say to all men and women: "Come brother—come all—throw away the crutches, straighten out the tired muscles, rest that poor aching back and join this thankful procession of the sound and well"? Of course you would. And that is exactly what my remedy has done in thousands of cases. Send me the coupon to the right and if you take my remedy the way any remedy for a chronic disease should be taken, I believe I will make you a well and happy person. Rheumatism

(Chronic)

FOR THE SAKE OF HUMANITY, if you know any poor, miserable creature who was originally created as a man (or woman) and who now, through suffering and torment, has been TWISTED INTO HELPLESSNESS—JOINTS SWOLLEN AND CREAKING, ENDS OF THE BONES ENLARGED, and in CONSTANT AGONY of pain—I say, if you know of such an one take this page to him and beg him to send the coupon to-day for this \$1.00 PACKAGE of GLORIA TONIC ON TRIAL.

Perhaps destructive changes of the cartilages of the joints have made a cripple of him, and he is resigned and hopeless, expecting nothing else but that he will have to go through life on crutches. Tell him that there is still a chance for him. CHEER UP with the news of the CURES that are told about on this page. Women are more liable to chronic rheumatism than men, and a crippled woman is probably the most miserable of human beings.

RHEUMATISM IN THE KNEES AND JOINTS

Tried Other Remedies, But "Gloria Tonic" Brought Cure.

Duke St., Park Hill, Ont., Feb. 9th.
Dear Sir: I had intended writing to let you know I received your sample box of "Gloria Tonic." It has done wonders for me. I had rheumatism in my knee joints, and now it is all gone. I have a few of the tablets yet. I feel so thankful that I am sending you a testimonial. I have tried other remedies and got nothing to help me like "Gloria Tonic." I thank you very much, and I will keep your address and will send for more of your medicine when I need it.

June 20th, 1910.
Dear Sir: I received your few lines to let you know that my rheumatism is cured by that sample box of "Gloria Tonic." My arm is straight again. Our doctor came and I showed him my arm. He asked me what I used, so I showed him your medicine. He said he is very glad that my arm is good again.

Couldn't Do Anything for Weeks at a Time. Thanks "Gloria Tonic" for Cure.

I have been so bad that for three weeks at a time I couldn't do anything, but I have never had it since I have taken your medicine. If I feel the least sign of it I take a few tablets and am all right again. I have over a box left yet. You can publish it. Very truly yours, Mrs. Jos. Moore.

If you are planning a house you are not likely to build the kitchen just inside the front door and put the pantry in place of the drawing-room. Still, because your kitchen, your scullery and your bathroom are not thrust into prominence one would not infer that they are not in apple-pie order, sanitary and up-to-date.

Similarly we do not often dress our drawing-room windows with pots and pans or cumber our front doors with scullery utensils. Our kitchen is in apple-pie order just the same, and you do us an injustice if you imagine that we cannot do you justice in these essential departments.

Our basement selection for the kitchen, scullery and bathroom is vast in its completeness; our china department is artistic and comprehensive; lighting fixtures are there in full ranges, and our prices and values stand the test of comparison.
