The President's Address to the Fifty-Fifth Congress.

REMARKS AS TO CURRENCY.

press of the United States was obtained by President McKinley's address first expressed his picasure at meeting the Congress, and then went on to give his ideas of various current questions. The currency question was first touched upon, and the President says:

The work of putting our finances upon a sound basis, difficult as it may seem, will appear easier when we recall the financial operations of the Government since 1866. On June 30 of that year we had outstanding demand liabilities in the sum of \$728,868,447. On Jan. 1, 1879, the liabilities had been reduced to \$443,889,495. Of our interest-bearing obligations, the figures are even more striking. On July 1, 1866, the principal of the interest-bearing debt of the Government was \$2,332,331,208. debt of the Government was \$2,332,331,208.

a remedy for the cvil. Before we can find the true remedy, we must appreciate the real evil. It is not that our currency of every kind is not good, for every dollar of it is good—good because the Government's pledge is out to keep it so. The cvil of the present system is found in the great cost to the Government of maintaining the parity of our different forms of money; that is, keeping all of them at par with gold.

The President says: I carnestly recommend, as soon as the receipts of the Government, that when may of the United States holes are persented for redeemed in gold, such notes shall be kept and set apart and set apart and set shall be kept and set apart and set set apart set

By a special message, dated the 16th of lune last, I laid before the Senate a treaty signed that day by the plenjootentaries of the United States and of the Republic of Hawaii, having for its purpose the moorporation of the Hawaiian Islands as an integral part of the United States and under lits sovereignty. The Senate, having removed the injunction of secrecy, although the treaty is still pending before that body, the subject may be properly referred to in this message because the determine by legislation many details of the eventual aution, should the fact of annexation be accomplished, as I believe it should be. The logic of events required that annexation, heretofore offered but declined, should in the friends of the strengthening lies that bind us to those islands and be tealized by the free will of the Hawaii on the 16th of September last, and only awaits the favorable action of the American Senate to effect the complete absorption of the islands into the domain of the United States. What the conditions of such a union shalls have matters which the treaty has wisely relegated to the Congress.

The senting Question.

The efforts which had been made during the two previous years by my predecessor to secure better protection of iur seal in the North Pacific Ocean and Behring Sea were renewed at an early date by this Administration and have been pursued with earnestness. Upon my invitation the Governments of Japan and Russia sent delegates to Washington and an international conference was held during the months of October and November last, wherein it was unanimously agreed that under the existing regulations this species of useful animals was threatened with extinction and the Yukon Must Not be Neglected—

An important Deliverance.

Washington, Dec. 6.—The fifty-fifth Congress of the United States was opened to day. President McKinley's address first expressed his pleasure at meeting the Congressed his pleasure at meeting the Congressed his pleasure at meeting the Congressed his pleasure at meeting the Congress of Great Britain and Canada, who had during the past two years visited the Pribyloff Islands and who met in conference congresses on the part of the United States. of our interest-bearing obligations, the figures are even more striking. On July 1, 1866, the principal of the interest-bearing debt of the Government was \$2,332,331,208. On July 1, 1893, this sum had been reduced to \$585,037,100, or an aggregate reduction of \$1,747,294,108.

With the great resources of the Government and with the honorable example of the past before us, we ought not to bestrate to enter upon a currency revising which will make our demand obligations less onerous to the Government and relieve our financial laws from ambiguity and doubt. There are many plans proposed of a remedy for the cvil. Before we can find the true remedy, we must appreciate the

DEATH OF EX-ALD. BELL.

He Expired at One O'Clock This Horning— The Career of a Respected and Useful Citizen. Ex Ald, William Bell died at 1 o'clock

this morning at his residence, 16 Foxley-street, after a severe illness, which cul minated in typhoid fever. The news of his death will be learned with deep regret by thousands of the citizens and many me bers of the Orange Order throughout Ontario. No man was more popular in No. 5 Ward during the time he represented it in the City Council, as was proved by the big majorities he generally received. Whilst a member of the City Council the deceased paid special attention to the Fire and Light Department, and was chairman of Which Caused Mr. Tarte to be Sumthe committee. It was in connection with Orangeism, however, that he was most widely known, having been for many years a most active member of the order, and having filled its more important positions. The late Mr. Bell was an Englishman by birth, his father having been connected with birth, his father having been connected with the Royal Engineers. When young, deceas-ed came to Canada and worked as an en-gineer for a number of years. It was owing to this qualification that he received the appointment of mechanical engineer of Government Buildings, at the hands of the late Conservative Government. Deceased was a forceful speaker, and all through life had the power of attaching to him-self hosts of friends, who will regret the somewhat sudden taking off of one who was highly respected, a genial and true friend and a useful citizen.

Jim Corbett opened his engagement at the Toronto Opera House last night in "A Naval Cadet" with a bumper audience. Every seat in the house was taken and many were standing. As the "Naval Cadet" he is certainly clever. His personal appearance fits him admirably for the part and he never loses an opportunity to make the best of it. In the second act he gave an exhibition of bag punching that was exceedingly clever. This was followed by an exhibition mill of three rounds with John McVey of Phladelphia, in which Corbett shows his wonderful ability in the fistic science. He received uproarious applause and made a short speech, in which he stated he was whenever that gentleman said the word.

the meeting. Mr. Church said he did not think that Osgode would go in this year, but certainly would next season. A letter was read from Mr. W. J. Loudon asking the club's view on his throw-in amendments, but, no action was taken.

The clause in the Mulock Cup series, that any club be allowed to challenge the winners, was struck out and the entrance fee was raised from \$1.50 to \$3.

The election of officers resulted as follows: Hon. President, Hoh. William Mulock; Hon. Mice-President, Prof. McCurdy; President, R. S. Waldie; Vice-President, A. McMordie; Secretary-Treasurer, W. Alexander. Executive Committee: T. Boach, S.M.C.; W. Boyd, S.P.S.; F. Barron, Khox; J. Sanderson, Dentais; W. Tanner, final med.; E. McCallum, prim. med.; W. E. Brown, 2ad year. Curator, Kilbourne; Delegates to the O.R.F.U., A. J. McKenzie and W. Tanner.

A meeting will be held to-day at 5 o'clock for the election of manager and captain.

The continuous vaudeville performance at the Bijou drew big houses at all performances yesterday, for the attractions this week are of the best. The program includes Mr. Thomas J. Grady, late of the Cummings Stock Company, who made a big hit at his first appearance in Toronto on the vaudeville stage. He proved him self a finished and clever entertainer. The other popular features on the program were the famous Lorretts, in their clever shadow work, and Miss Bertha Ellis, the singing and dancing soubret. The whole performance is a good one. The American costers, Hines and Remington, received well-earned applause. The program will run all week at popular prices. Crowded houses are assured.

COMMENTS ON MR. ROSS' SPEECH.

The speech delivered by Hon. G. W. Ross before the British Empire League on Saturday night is the event of the day in the political world. Mr. Ross struck a popular there when he came out boldly in favor of the foundation of the control trade with Great Britain as preferential trade with Great Britain as against reciprocity with the United Stares. The press comments on the speech are for the most part highly favorable.

An Impracticable Fad.

Hamilton Times (Liberal): Why should hard-headed Canadians strain after the unattainable? We have an open market in Great Britain, and we are getting into good shape to take advantage of it. With improved storage and transportation the most important thing to be done is to lower Canadian duties on British goods, and a beginning has been made in that direction. The Imperial Zoldvereinitgs in Canada are for the most part Tory protectionists who wanted an excuse for postponing the reduction of Canadian duties, and their plan has been to promise to reduce them when something occurred in Britain which they were morally certain would never occur. Sir Wifrid Laurier and Sir Louis Davies saw through their game and knocked the bottom out of it. We are surprised that Hon, G. W. Ross should lend his name and unfounce to put the impracticable fad again upon its legs.

COUNTY AND SUBURBAN

Rousing cheers were given for Mr. Moyes, Mr. Whitney, the Conservative party and the Queen.

The annual meeting of the Reform Association of Little York, East Toronto and Norway was held last evening in Boston's Hall. The following were elected: President, ex Reeve Richardson; vice-presidents, East Toronto, George Trench; Little York, R. Nimmo; Norway, M. Fitzgerald; treasurer, G. W. Ormerod; secretary, J. W. Potter. Speeches were made by Mr. John Richardson, M. L. A., Mr. J. R. Stratton, M. L. A., and the officers.

General Roadmaster Ferguson of the G. T. R. was at Little York yesterday, superintending the laying of the new tracks. The opening services of the mission conducted by Rev. H. C. Dixon, at St. John's, Norway, were largely attended. The services will be continued this week, commencing every evening at 8 o'clock. Service of praise at 7.30.

On Sunday night a dozen vacant cottages at Long Branch were entered by tramps, who did not secure much booty, but they upset things considerably. Eight of the places are occupied in summer by W. H. Orr of the Acton Liffe Insurance Company, B. Kent, the Yonge-street jeweler; William J. Davis of a Bay-street stationery firm, Frederick Roper, accountant. G. B. Boustead, real estate agent; F. Mr. H. F. Grasett stated that his school taxes for property near East Toronto were double what they were last year. The matter will have to be taken before the East Toronto Board, who are in union with the township school section.

Mr. Boyd, Wexford, and Mr. Dennis, Mount Dennis, asked a rebate of statute labor as in former years. The Reeve explained that the solicitor had stated that any such return was illegal, and in future such cases will have to be presented to the Court of Revision for adjustment.

Capt. Gaskin of the Salvation Army asked assistance for the farm run by that organization in the township, and stated that assistance had been rendered to no less than eighty-four men during the year. Deputy Reeve Miller, while not opposed to making some concessions, stated that under existing circumstances the Council could not do so. The township were paying a large amount toward the County Judustrial Home, but if the present application for separation from the county was successful he thought some arrangement could be made with the Salvation Home for the care of their destitute. Reeve Hill supported the remarks of Mr. Miller and the application will have to go over this year.

A petition was received from the 2nd concession of East York, asking that \$55 be supplemented to that raised by them for graveling that road. A willing acquiescence was given the request.

Deputy Reeve Miller, on behalf of several ratepayers, asked that stone be allowed to be placed on St. Clair-avenue, the bills not to be paid till next year. The other members concurred with the application. Thin in flesh? Free Trial To Any Honest Man

The Foremost Medical Company in the World in the Cure of Weak Men Makes this Offer.

HAPPY MARRIAGE, GOOD TEMPER, LONG LIFE.

In all the world to-day—in all the history of the world—no doctor nor institution has treated and restered so many men as has the famed ERIE MEDIGAL CO. of Buffalo, N. Y.
This is due to the fact that the company controls some inventions and discoveries which have no equal in the whole realm of medical science.

So much deception has been practiced in advertising that this grand old company now for the first time makes this startling offer:—
They will send their costly and magically effective appliance and a whole month's course of restorative remedies, positively on trial without expense to any honest and reliable man!
Not a dollar need be advanced—not a penny paid—till results are known to and acknowledged by the patient.

The Eric Medical Company's appliance and remedies have been talked about and written about all ower the world, till every man has heard of them.

remenes as the bear of the world, till every man has heard of them.

They restore or create strength, vigor, healthy tissue and new life.

They quickly stop drains on the system that sap the energy.

They cure nervousness, despondency and all the effects of evil habits, excesses, overwork, etc. They give full strength, development and tone to every portion and organ of the body.

Failure is impossible and age is no barrier.

This "Tria without Expense" offer is limited by the company to a short time, and application must be made at once.

No C. O. D. scheme, no bogus philanthropy nor deception, no exposure—a clean business proposition by a company of high financial and professions, standing.

Write to the ERIE MEDICAL COMPANY, BUFFALO, N.Y., and refer to seeing the account of their offer in this paper.

PREACHERS' MEETINGS. Topics Discussed by Presbyterian Baptis', Methodist and Auglican

Clergymen Yesterday. "Vacant Congregations and Minister Impers were read by Rev. J. A. Brown of Agincourt and Rev. J. A. Grant of Richmond Hill, Mr. Brown favored the appointment of a committee of each Presbytery to hear applications and making applications. No immister should make a change oftener than once in five years. Mr. Grant thought the greatest evil was short pastorntes and long vacancies. A committee was appointed, consisting of Revs, W. Frizzell, J. A. Brown, J. A. Grant, W. G. Wallace and Dr. Milligan, to consider the matter and report at the next meeting.

Rev. S. G. Dyke presided over the Baptist preachers' meeting. Rev. Dr. Newman of McMaster read a paper on "Liberty and Creed." He dealt with the subject from a listoric standpoint.

At the Methodist meeting discussion took place on "Sunday Night After-Meetings, which were generally favored.

At the monthly meeting of the Anglican Synod, the Colonial Clergy Act was discussed, and condemned. By this act it is next to impossible for a colonial clergyman to officiate in the Old Land.

ly dropped 1e. One of the bearish factors was Snow's report of an increase of '4ct per cent, in the acreage of winter wheat. The total clearances were ngain large, amounting to nearly 600,0.0 bushels wheat and flour. The visible supply showed an increase of 1.189,000. Outside business in wheat is limited, owing to the so-called deal in December. The average trader is afraid to either buy or sell and is letting the professional element take what they can out of it. When this December option is out of the way outside business will pick up, for there is plenty of accidents to happen between now and spring to make it extremely interesting to both bulls and bears. Corn—The general sentiment remains bearish and the visible showed a good decrease, 2,100,000 bushels. There was some covering of short contracts, which had a tendency to hold prices. The clearances were 450,709. There is little to say of the market, but it looks as though those who believe in present prices of wheat should buy a little May corn around present prices. Oats—The market has ruled steady, and within a very narrow range. The visible showed a small increase, 201,000 bushels, making a total visible of 15,462,000, against 12,247,000 last year. The market closed at Saturday's figures. Cash demand good, but speculative amounts to almost nothing.

Provisions opened a little higher, in sympathy with the hog market, with very light demand. The packers were the principal sellers. Live hogs closed weak and a shade lower. Commission houses had few buying orders. One of the leading buyers Saturday was the most prominent today. English packers were on the side of both pork and lard. There is nothing new to say regarding the markets; closed steady.

MeIntyre & Wardwell (John J. Dixon) received the following despatch to-day from Chicago:

Wheat—There was not much pressure to self wheat this morning, notwithstanding cable news was dull and weak. This seemed to concurage operations on the long side, and while the buying lasted the market weak. The closing was we
