"CARS RUN," SAY BOARD AND THE FIGHT'S BEGUN FOR RIGHTS OF PEOPLE

Ontario Railway Board Will Issue Order That Toronto Railway MUST Provide Service for To- ronto Junction.

COMPANY WILL REFUSE AND APPEAL TO COURT

"If it is to go to the breaking point, this is as good a case as any. We can fight it out on this," was Chairman Leitch's decision at the hearing of the Toronto Junction case against the Ontario Railway and Municipal Board. The chairman had declared the intention of the board to issue an interim order for the running of the cars over Dundas-street from Humberdale to Keele-street in accordance with the tripartite agreement of 1899, and James Bicknell, K.C., for the railway, had declared that the order would not be respected, and the cars would not run, alleging that the road-bed was not in a safe condition.

The town engineer testified that the new construction of the road was much superior to the old road over which the heavy cars ran, and the board signified assent to this view.

The board will be prepared to back up its order by the authority of the act, which permits the seizure of the railway by the board in enforcement of its order.

Why The Order Issues

The Ontario Railway and Municipal Board made an interim order for the Toronto Railway to assume its service on Dundas-street to Toronto Junction.

This is in accordance with the agreement between the town, the Toronto Railway and the Suburban Railway by which the last named assigned its rights on that part of Dundas-street between Keele-street and Humberdale, receiving a ten-year's extension of franchise in exchange.

Counsel for Toronto Railway stated that the order would not be respected, and the cars would not run, alleging that the road-bed was not in a safe condition.

The town engineer testified that the new construction of the road was much superior to the old road over which the heavy cars ran, and the board signified assent to this view.

The board will be prepared to back up its order by the authority of the act, which permits the seizure of the railway by the board in enforcement of its order.

TIMES' TARIFF REFORM EXCITES ALL BRITAIN

Will Be of Great Assistance to Tariff Reform Movement —How Public Take It.

London, Jan. 8.—Among the subscribers for the capital amounting to \$1,000,000 for The London Times which recently became the property of C. Arthur Pearson, are Lord Brassey, Lord Rothchild, Lord Strathcona, Viscount Iveagh and Sir Alexander Henderson, chairman of the Great Central railroad. Sir Alexander brings the largest contribution.

NEW YORK, Jan. 8.—A London cable to The Herald says:
The announcement that The Times is about to change hands has fallen like a mighty bombshell on the British nation. It is no exaggeration to say that it is regarded as a matter of almost national concern.

The tariff reformers, having decided to hold their banner high at the next general election, and believing that the bulk of the electors will come to their standard, have captured the greatest of English newspapers.

They have now nearly all the principal newspapers in London and the provinces on their side, but the Thunderer speaks to infinitely more influential people than any other English newspaper. The tariff reformers have taken "thoro" as their guiding motto, believing that it will be much more likely to be successful than the policy of those who are half-hearted and weak-kneed, and who are trying to catch a breeze that will blow away.

Seek Political Support.
It is known that some months ago the conductors of The Times were in negotiation for the purchase of a financial support of some distinguished free trade unionists whose names are as familiar as household words. Their tariff reform policy was the policy of the "World," as Kinglake finely described the Thunderer half a century ago, passed into the hands of the league, with the establishment of Mr. Pearson as controller, altho A. Walter will for a while continue as the titular head of the paper.

In September last The Times commenced to sprinkle cold water on the proposals for tariff reform, but in November a report that the crown jewels had been pawned, or that Windsor Castle had been let for a first-class hotel; but traders who are tariff reformers are delighted with the change because they believe that it means a great fight to carry out Joseph Chamberlain's fiscal proposals. To have The Times as their chief spokesman will be an immense advantage.

They say that the really England adopted more than fifty years ago under the belief that it would soon be the policy of all other nations has become, in the light of the vast changes which have taken place latterly, inappropriate to the modern conditions of international trade. To cling to an unmodified policy of free imports while every other country becomes increasingly protective is to be left behind in the race of commerce, means public disapproval.

Many of our bankers, merchants and stock brokers are prepared to endorse W. T. Stead's views that the transaction depresses them just as would a report that the crown jewels had been pawned, or that Windsor Castle had been let for a first-class hotel; but traders who are tariff reformers are delighted with the change because they believe that it means a great fight to carry out Joseph Chamberlain's fiscal proposals. To have The Times as their chief spokesman will be an immense advantage.

Again last month, in a leading article, the views were expressed which indicated a network of tariff reformers without tariff reform. Supporting the general election were to occur shortly and the Unionist party won on the tariff reform question, it could not carry out a reform straightaway. Neither would it even be ready to offer a practical scheme of reform.

It is literally true. It is talked of everywhere, and is the cause of much anxiety, however much Britishers may whistle to keep up courage. It is another phase of the new life that is stirring in all the east, India for the Indians, China for the Chinese, and Japan for the Japanese. No people of three hundred millions wants foreign domination. Great Britain is educating India away from the colonial up to the independent estate, and it ought to be said that Britain is doing it magnanimously and honorably. A British official in India said, "England has her faults, and no doubt made mistakes in India, but there is not in the world to-day a more righteous government than that of Britain in India."

MANY RECOMMENDATIONS BY GRAIN COMMISSION

Favor Grading System Against Government Operation of Storage Elevators—Would Prohibit Pooling Arrangements.

OTTAWA, Jan. 8.—(Special.)—The report of the grain commission was tabled by Hon. Frank Oliver to-day. The commission finds:
That the grading system is most suitable to our requirements, but, owing to the ever-increasing production of certain types of grain in the new provinces, some new grades are suggested.

That a system of public or government weighing at country elevators would be impracticable.

That, to prevent substitution and mixture of grain, samples should be kept of all specially binned grain.

That the suggestion that the government should build and operate large interior storage elevators should not be acted upon.

That at all shipping points where over 50,000 bushels are shipped, railways should be compelled to appoint agents, when not otherwise provided.

That, to reduce loss from leakage in transit to ocean ports, it should be provided that no grain shall leave Manitoba inspection division without being officially weighed and cleaned.

That the proposal to establish a sample market at Winnipeg be not accepted, as it would create confusion.

That pooling agreements between elevator companies should be prohibited.

That there should be more complete supervision of cleaning operations at Fort William and Port Arthur, and larger cleaning machines should be installed.

That a weighmaster's department should be established in the east for grain being shipped outwards.

That a method should be adopted of identifying inspection certificates with parcels of grain for which they are issued.

That the rate of insurance be reduced to one-eighth of one cent.

That the government should encourage the development of grain trade with the Orient.

That the government should encourage the development of grain trade with the Orient.

CHEAPER POWER FOR ENTIRE PROVINCE

High Voltage Transmission Will Bring All Ontario Within the Power Belt.

Niagara power for the people of Ontario from Windsor in the west, Owen Sound and Warioon in the north, Kingston and Ottawa on the east, is the probability of the near, if not immediate future.

This is the purport of a statement made to-day by a gentleman close to the Hydro Electric Commission.

"It is now possible," he said, "to transmit power at a voltage of 120,000, instead of 60,000 and this will mean that it can be sent twice the distance with less loss in transmission. It all sounds like a dream, but the perfection of appliances is making it a fact."

The commission is now hearing from many places which were simply resting on their oars until action had been taken by the larger cities. Among these are Brampton, Georgetown, Tillsonburg and other places in the proximity of the transmission lines already proposed. These places will be in a position to join by next year.

The commission proposes to secure legislation by which electric railway companies chartered in future shall be compelled as a condition of their charter to supply towns and villages along their routes with power at a reasonable charge.

"I am not a dreamer when I say that a few years will see the Province of Ontario with power in its veins, and the people enjoying the full fruits of one of the greatest natural resources ever given to any country."

DETECTIVE NOBLE DEAD

Head of the Dominion Agency Expires From Heart Failure.

Alex. E. Noble, founder and principal of Noble's Dominion Detective Agency, died suddenly from heart trouble at the Western Hospital late last night.

Mr. Noble had been suffering for some years, but the malady was not considered dangerous. About a month ago he went to Minnesota for a rest. His health did not improve, but he returned to Toronto New Year's Day, intending to resume his duties last Monday. Last Saturday he took a turn for the worse, and was ordered to the Western Hospital.

Deceased was born in Toronto in 1857. He went west in the late sixties when he joined the Pinkerton detective force. After several years with that agency he went over to do special work for the Great Northern Railway, remaining for eight years. He subsequently returned to the Pinkerton agency, opening up their Montreal branch in 1894. At the solicitation of many business men throughout the provinces Mr. Noble opened an office in Toronto nine years ago. He took an interest in military affairs, and was a captain in the 12th York Rangers. In fraternal work he was well-known, being a member of the Shriners and the Royal Arcanum of this city, and of Sumner Masonic Lodge of St. Paul, Minn.

He married Miss Emma Corner of St. Catharines, who survives him with one son, in Buffalo, and three daughters, Mrs. E. Cook of St. Paul, and Mrs. H. Newhall of Minneapolis, and Miss Harriet, at home.

He was buried in the Mount Royal cemetery, and his funeral will be held at 11 o'clock to-day.

FRENCH TREATY CAUSED TIF IN HOUSE

Fielding Refused to Con- sent to the Appoint- ment of a Com- mittee of 7 Members.

OTTAWA, Jan. 8.—(Special.)—Declaring that such a procedure would be contrary to precedent, Finance Minister Fielding refused to consent to the appointment of a select committee to take into consideration the commercial treaty with France.

F. D. Monk, whose motion sought to deprive the government of whatever glory there may be in having negotiated a treaty independent of the mother country, by declaring that the procedure was no different from that followed in the past by Canadian ministers, moved that a select committee of seven be named to take into consideration the proposed French commercial treaty with a view of ascertaining to what extent it will result in an increase of trade between the two countries.

Mr. Monk said all were pleased in the Province of Quebec when it was announced that a commercial treaty had been negotiated with France, but he objected to the absurd manifestation that was carried out on the return of the ministers from France, putting the country to great expense before we knew what had been done.

Mr. Monk quoted the remarks of French statesmen that the arrangement was not at all the triumph that the Canadian ministers had claimed, and he observed that the negotiation of the treaty was carried out on exactly the same lines as before.

"Was ever a treaty negotiated exclusively by Canadian ministers?" Mr. Brodeur asked.

Mr. Monk replied that he saw no difference from the manner the treaty of 1882 was negotiated by Sir Charles Tupper.

The finance minister declined to discuss the merits of the treaty, every word that had been said in condemnation was not only not warranted, but out of place at the present time.

Hon. G. E. Foster said if the motion was adopted the precedent set by the old precedent should be thoroughly examined. They should approach the consideration of the treaty with the information that was common man, and required some elucidation.

The motion was lost.

BADE WAS BORN ON MOUNT ROYAL

Passengers Rejoiced at Good Omen—Better Luck After Josef Royal Came.

LONDON, Jan. 8.—(C.A.P. Cable.)—It is incorrect that the Manitoba takes the Mount Royal's passengers to Canada. The question is undecided. More beds are now being shipped to the Mount Royal for their comfort.

It transpires that on Christmas Eve, after being five days below, Josefa Milezyski bore a male child. Both did well, and the emigrants regarded the event as a happy omen. There were great rejoicings the a hurricane was raging. The child was christened Josef Royal.

Strangely enough, the omen seemed justified, for the same evening a seaman named Stewart was washed overboard from the bridge deck and swept back to the main deck by the next sea, while Christmas morning the machinery was repaired. The captain and crew, especially the engineering staff, bear traces of an exceptionally trying time.

RUSSIAN BANDIT IN NEW YORK

Arrested, Charged With Many Serious Crimes.

NEW YORK, Jan. 8.—After a ceaseless search of nearly two years, Jan. Janoff Pourn, alleged to be a notorious Russian brigand, who is wanted in the Province of Livonia, Russia, for murder, arson and robberies without number, was caught here to-day.

Pourn is a mild-looking man and submitted without protest. He was employed as an engineer in one of the East River tunnels. He admitted his identity by indicating that the photograph of Pourn in possession of the detectives, was a picture of himself.

The Russian is charged with numerous crimes in Riga, Livonia, where, with several fellow-countrymen, he terrorized the province and defied arrest. It was the custom of brigands to make demands upon citizens for large sums of money, and after the expiration of several days, if the money was not forthcoming, they would rob houses and set them afire. When the inmates resisted, they were murdered, it is said.

Pourn and his associates are charged with being particularly active in 1894, having, as charged, committed a number of murders and robberies.

INDIA RESTLESS JAPS PREPARING

Signs Which Point to Trouble Noted By Rev. Dr. Mac- Kay.

Rev. Dr. R. P. MacKay, secretary of the Presbyterian Foreign Missions Board, after spending a year and a half in the far east, returned to Toronto with rather disturbing opinions as to conditions there.

"The Japanese have a great influence in all the east," he says. "Even in India the influence of Japan is a mighty factor, but Japan cannot control China. The Chinese hate the Japanese, and the fact that they do not resist Japanese aggressiveness more vigorously is due to the fact that they are afraid, but when the day comes there will be a struggle unless Japan modifies her policy."

Japan has her spies everywhere, is fortifying herself, especially in Manchuria, but further south as well, and is apparently putting herself in a position that will enable her when the proper time comes to take advantage of whatever opportunities may offer.

"In the far east, it is talked of everywhere, and is the cause of much anxiety, however much Britishers may whistle to keep up courage. It is another phase of the new life that is stirring in all the east, India for the Indians, China for the Chinese, and Japan for the Japanese. CHARGED AGAINST PRISONER

Trial of Noah, the Indian, at London— Jury Locked Up for the Night.

LONDON, Jan. 8.—(Special.)—The jury on the Noah murder trial were locked up for the night at 11 o'clock, not having been able to reach an agreement at that hour.

Chief Justice Meredith charged strongly against Tommy Noah, the prisoner, who was charged with the murder of Abolom Fox on the Muncy Reserve.

Dolson, an Indian, told of the fight. He saw Noah strike Fox and later saw the knife blade in the victim's hand. The knife blade was identified as Noah's.

DOCTOR ARRESTED.

WINNIPEG, Jan. 8.—The crown attorney's department received word this afternoon from the chief of detectives in Montreal that he had arrested Dr. Margolese for them. Dr. Margolese was the consulting physician to Bertha Edwards, and an operation was performed and the girl died. Margolese has been out of the city since the preliminary hearing, and his whereabouts has not been known until to-day.

SIFT JEWEL ROBBERY.

Irish Administration at Last Appoints Commission.

DUBLIN, Jan. 8.—The Irish administration has at last appointed a commission which is to sift the mystery of the disappearance last July of a portion of the state jewelry valued at \$50,000 from Dublin Castle.

The authorities have been impelled to this step by reports that the jewels are known to have been deposited as security for a loan.

It is understood that King Edward has insisted that the matter be cleared up.

Mild Grippe Is Epidemic.

Quite a Number of Cases, But Few Serious as Yet—Weather Is Blamed.

There is quite an epidemic of a mild form of grippe at the present time, according to medical men.

It has not developed a serious phase as yet, however, and as Dr. John Noble put it, "It's not much good to the doctor."

"No, I don't know what should be the cause," he went on. "It may be the changes in the weather, but then again it may not. Epidemics come and go without any apparent cause."

Thus far no more serious symptoms than heavy colds are the rule.

BERLIN, Jan. 8.—In the course of the sitting to-day of the Landtag, Baron Von Rheinbaben, Prussian minister of state, and finance, went over the figures of the Prussian budget for 1908. The total is \$340,500,000, and shows the enormous deficit of \$110,500,000.

TO AVOID GRIPPE OR PNEUMONIA.

Don't neglect a cold.
Don't stay in overheated or poorly ventilated rooms or conveyances.
Keep the body well protected.
Don't give way to excesses in eating or drinking.
Keep in close touch with your physician.

G. N. R. CONDUCTORS DISMISSED.

WINNIPEG, Jan. 8.—Seventeen conductors of the Canadian Northern Railway, according to a report on the street this morning, have recently been dismissed from the service of the company for various irregularities.

Refuses to Act.
WINNIPEG, Jan. 8.—(Special.)—Judge Dawson, who was appointed by the Winnipeg City Council to investigate the charges against the Winnipeg police, has refused to act.

He married Miss Emma Corner of St. Catharines, who survives him with one son, in Buffalo, and three daughters, Mrs. E. Cook of St. Paul, and Mrs. H. Newhall of Minneapolis, and Miss Harriet, at home.

BONDS FOR HAMILTON STEEL SHAREHOLDERS

Capital of Company Increased to \$5,000,000—General News of a Busy City.

HAMILTON, Jan. 8.—(Special).—The congregation of Knox Church met this evening to take steps to select a successor to Rev. Dr. Nelson. The following committee was appointed to take the necessary steps: George Guy, Chief Smith and W. H. McLellan from the managers; J. G. Gibson, J. A. Moffatt from the session; and James Dixon, A. Dynes and W. T. Evans from the congregation. There was some talk about the amount of salary to be offered, but this was left till the call is made.

W. D. Flatt and Dr. McNichol have bought the Carroll estate, across the bay, for \$18,000.

The shareholders of the Hamilton Steel and Iron Company have fallen into a very fix. The capital of the company has been increased to \$5,000,000, and the shareholders have been given a bonus of one share for every three they held.

The annual meeting of the West-wood-street Baptist Church was held this evening. The receipts amounted to \$185, and there was a small surplus. The mortgage was reduced by \$555, and ten were added to the membership, making it 259. All the officers were re-elected.

John Theaker's Dismissal.

The grievance committee of the Street Railwaymen's Union waited upon the company this morning with reference to the dismissal of John Theaker, president of the union. John Miller claims that Theaker was dismissed for carrying wives of railway employees free. The mayor and other prominent citizens are taking up his case.

John T. Hall, publicity agent at Medicine Hat, is in the city.

Residents of the southwestern part of the city are complaining about the annoyance caused by the worn-out railway cars, and are talking of bringing the Ontario Railway and Municipal Board for relief.

New Cases of Smallpox.

Two new cases of smallpox were reported this morning, the victims being Mrs. Wright, 95 North John-street, who keeps a boarding house, and Robt. Vandusen, 107 North Wentworth-street.

The statistics compiled by the city clerk show that there were 860 births, 464 deaths and 447 marriages last year, as compared with 774 births, 490 deaths and 366 marriages in 1906.

SAYS SCHOOL CHILDREN SHOULD BE VACCINATED

Dr. Sheard Cites Lansdowne School Epidemic in Support of Necessary Compulsion.

Dr. Sheard says he is convinced that it is absolutely necessary that the regulation whereby children must be vaccinated before being allowed to enter the public schools must be restored. The restriction was withdrawn by the school board about 18 months ago, and recent events in Lansdowne-avenue School, so Dr. Sheard thinks, make abundantly clear the folly of allowing such procedure to continue.

A resident of Robert-street writes The World that on Dec. 16 last, following the discovery that a pupil of the school had smallpox, the books belonging to the scholar were removed from the desk and its surroundings disinfected, in the presence of the class. Mr. Grove considers that negligence was shown and attributes the spread of the disease in the school to the lack of proper precautions, as he thinks that the room should have been closed at once and all the books destroyed.

Dr. Sheard does not deny that the process of disinfecting was carried out while scholars were present, but says that the contents of the school room are not to be seriously considered as a factor in the spreading of contagion, and that the removal of the books belonging to the pupil affected was a sufficiently protective measure.

PRESS CLUB NOMINATIONS.

Annual Contest for Officers is Now in Full Swing.

Nominations for officers for the ensuing year were made by the Toronto Press Club last night. The election continues until the 22nd inst, when ballots will be scrutinized. The nominations are: For president, Alex Lewis (Telegram), Oliver M. Ross (Mail and Empire); vice-president, C. O. Knowles (Telegram), Fergus Kyle (Saturday Night), William Wallis (Mail and Empire); secretary, Harry Bretz (World); John Tibbs (Star); treasurer, William Banks, Sr. (Globe); Burnside Robinson (News) and auditors, F. W. Fields (Money Times), Victor Ross (Globe), Frank Smith (News), W. Stewart (Mail and Empire).

ACCIDENTALLY SHOT.

Elwood Morphy in Critical Condition at Windsor.

WINDSOR, Ont., Jan. 8.—Elwood Morphy, aged 19, was found on his bed in a pool of blood by his mother this evening on her return from a message outside. In his temple was a wound and by his side was a revolver which had evidently been discharged. The circumstances favor the theory of accident, as on the table nearby were some tools for cleaning a revolver.

RAILWAY MAIL SERVICE IS SERIOUSLY UNDERMANNED

Complaints of inefficient postal service are being received from points in the new provinces of Alberta and Saskatchewan. The Town of Rouleau, in Saskatchewan, have made representations, thru their board of trade, regarding the unsatisfactory service.

The chief complaint is that mail matter on the branch lines is frequently carried past, owing to the railway mail service being undermanned and unable to handle the matter.

LIQUOR AND TOBACCO HABITS.

Dr. McTaggart's Tobacco Remedy removes all desire for the weed in a few days. A vegetable medicine and only requires touching the tongue with it occasionally. Price \$2.00.

Truly marvelous are the results from taking his remedy for the liquor habit. Is a safe and inexpensive home treatment; by hygienic injections, no publicity, no loss of time from business and a certainty of cure. Address or correspondence, Dr. McTaggart, 45 Yonge St., Toronto, Canada.

FRANCE THINKS FIGHT COMING ON THE PACIFIC

M. Flach Advises France and Great Britain to Step in and Stop Threatening War.

PARIS, Jan. 8.—The sensational section of the French press continues to dwell upon the probability of a clash between Japan and the United States. La Presse to-day publishes a long interview with Jacques Flach, the historian and professor in the College of France, who declares his belief that a conflict is certain for the reason that the American fleet to be on the watch for a sudden Japanese descent, and asks: "Who knows if the attack made by the Japanese on the Russian ships at Chemulpo will not be repeated upon the American ships to-morrow?"

Continuing, M. Flach advises Great Britain and France to intervene and put an end to the trouble before it is too late.

The Journal des Debats, a more conservative paper, prefaces a long editorial article with the remark that a conflict is improbable, but it then proceeds to outline the circumstances which appear to favor a rupture. In the event of a clash, this paper believes that Japan would try to seize Hawaii as the territorial key to the situation.

GREAT CANADIAN COW MUST GIVE MORE MILK

Is Giving a Much Lower Average Than Denmark Cow-Dairy-men's Convention.

PICTON, Jan. 8.—The annual meeting of the P. C. D. A. opened here to-day. A large number of delegates are in attendance. John K. Daravac, M.L.A. of Elgin, opened the morning session at 10 o'clock. Mayor Farrington welcomed the association on behalf of the town.

Mr. Daravac said the past year showed a decrease in the value of butter and cheese exported. In the year 1906 \$23,000,000 worth of butter and cheese was exported; this year, the value of butter and cheese exported will not exceed \$23,000,000. The cause for the decrease was the unfavorable season and shortage of feed. C. F. Whitley of Ottawa gave an address on cow testing associations. He pointed out the advantage the farmers would derive by getting rid of their poor cows and replacing them by better ones. Hon. Sidney Fisher in a short address, stated Canadian cows gave a much lower average of milk as compared with cows in Denmark and Holland. He thought Canadian cheese and butter had not increased as they should, considering the good market in Great Britain for such exports.

A DISAPPOINTED ACTRESS.

Quits Stage to Secure Legacy Which Isn't What She Thought.

NEW YORK, Jan. 8.—The Telegraph says: Carlotta Russell cut short her engagement in vaudeville at Shea's in Buffalo last week upon receipt of a telegram from her mother, telling her that she had come in for a handsome legacy and her presence was wanted in Toronto at once to receive what was coming to her. Her mother is Mrs. Norton, of Flushing, Cuddehoose and her legacy, and it was not until she reached Yonkers yesterday that she learned the nature of the inheritance. Mrs. Norton, who was one of the heirs-at-law of Miss Johanna Hitchcock, an old seamstress, who died in Yonkers four weeks ago, leaving a tidy little property.

Ambrose Brown was one of Miss Hitchcock's grandnephews. The seamstress left a will bestowing some legacies and leaving the residuary estate among her heirs-at-law. Brown, or his widow, was one of many.

The actress listened patiently while the lawyer explained all this to her yesterday, and then asked the pertinent question: "Well, how much do I get?"

"Your share," answered the lawyer, referring to his notes, "is \$24,500, less your pro rata of the costs and fees of court." Carlotta started for Toronto last night to catch up with her engagements. On the way she reckoned that it had cost her about \$25 to get that \$24,500.

PETERBORO, Jan. 8.—(Special).—M. This afternoon, before County P. M. Edmondson, Fred Holland of Lakefield was fined \$50 and costs or three months' imprisonment, for violating the local option law which is within a local option district. This is the first conviction from Lakefield since the bylaw passed.

Hastings Game Association.

BELLEVILLE, Jan. 8.—The annual meeting of the Hastings Game Protective Association was held last night. The following officers for 1908 were elected: Hon. J. W. Pearce, M.L.A., Marmora, hon. vice-president; M. B. Morrison, M.L.A., (Trenton), president; G. Porter, M.P. (Belleville), president; C. M. Stork, Belleville; first vice-president, Col. Porter; Belleville; second vice-president, Dr. Neomans, Belleville; treasurer, James Knox, Belleville; secretary, Joseph Thompson, Belleville; assistant secretary, Raymond Zureit, Belleville; executive committee, D. R. Leavens, C. P. Bishop, Thomas Ebbels, Clinton, J. H. Mills, Thomas Ketcheson.

Played With Matches.

Children playing with matches caused a small fire at the house of Philip James, 105 Grand-avenue, last night. The damage to the house and contents was \$20.

SUPERINTENDENT'S DEATH.

STRATFORD, Jan. 8.—Miss Emily Chalmers, superintendent of the Stratford General Hospital, died here this evening, after an illness of less than a week.

She visited her home in Hamilton over New Year's Day, and returning Thursday night suffered a chill during the journey, which developed into a malignant form of grip, under which she quickly sank.

Miss Chalmers assumed the position of superintendent here about nine years ago, coming from Toronto General Hospital.

John Macdonald Promoted.

THE BOARD GIVES RELIEF.

Yesterday the Ontario Railway and Municipal Board acted with commendable determination in deciding to issue an interim order upon the Toronto Railway Company, directing it to restore the car service on Dundas-street between Humberside-avenue and Keele-street.

PREFERENTIAL RESULTS.

LONDON, Jan. 8.—(C.A.P. Cable).—Lloyd George's department issued a report on British trade with New Zealand, which states: "Figures suggest that the effect of the preferential arrangements has been to divert to the United Kingdom and British possessions a portion of the trade formerly held by foreign countries in commodities affected by the preference in particular. Last year the United Kingdom and British possessions were enabled to secure of the whole increase in imports on those commodities about 22 per cent of the total imports into New Zealand."

Toronto Man Attempted Suicide.

NEW YORK, Jan. 8.—(Special).—William Campbell, aged 23, who came here from Toronto looking for work as an electrician in October, and boarded at 308 Freeman-street, Brooklyn, while in a fit of despondency over his failure to obtain work owing to dullness incident to the recent industrial panic, sought to end his life by jumping from the celebrated "Knife Bridge" Long Island City, over Newtown Creek, last night. He was rescued and taken to the hospital, where it is reported he may recover.

THE FRANCO-BRITISH EXHIBITION.

That was a happy inspiration which led the French chamber of commerce in London to suggest the commemoration of the Anglo-French entente cordiale by an international Franco-British exhibition. The movement at once received the warm endorsement of the French minister of commerce, and was auspiciously inaugurated at a large and representative meeting held in the Mansion House on July 11, 1906, under the presidency of the lord mayor.

THE BANK OF TORONTO.

Yesterday at the annual general meeting of the stockholders of the Bank of Toronto, the directors submitted the fifty-second annual report and a statement of its affairs as at Nov. 30 last, both of which appear in another column. Also they were enabled to note that the urgent demand for money due to the continued expansion of business, had resulted in the active employment of the bank's funds, they found it also necessary to state that the unsettled financial conditions and the unfavorable harvest prospects had necessitated the adoption of a conservative policy. This prudent recognition of existing circumstances is reflected in the satisfactory position of the bank, and has been accompanied by an increase in deposits and by a substantial addition to the net profits, which were for the year \$586,885, as compared with \$544,295.53 in 1906.

THE TRADERS' BANK OF CANADA.

In another column appears the annual statement of affairs of the Traders' Bank of Canada for the twelve months to Dec. 31, 1907. It shows the bank to have done an extensive business, notwithstanding the financial troubles felt so severely in the latter part of the year. During the calendar year, as the 1906 account, the consequence covered a broken period of seven months, comparisons are not easily made, but relatively the bank has maintained its place.

RECIPE FOR COLDS

THE OLD TOLENE AND WHISKEY MIXTURE FOR COUGHS, COLDS, ETC. ONCE MORE POPULAR. From an eminent local druggist we learn that the old, reliable mixture of whiskey and Tolene is as popular to-day as was years ago, and that it is better than many of the so-called sure cures advertised extensively. Here is the recipe:— Fluid extract Licorice..... 1/2 oz. Fluid extract Cascara..... 1/2 oz. Elixir Tolene..... 1 oz. Best rye whiskey..... 6 oz.

ARTISTIC CONCRETE HOUSES.

Fascination in Being Able to Mould Into Desirable Form. That artistic houses can be built of concrete is the argument of C. F. Farnham, the architect of the Municipal Engineering Department. He shows why so many concrete houses are ugly, because they are imitations and poor imitations of that. He says: "There is undoubtedly a great fascination in being able to mould into any desirable form, or even to shape it by hand before it sets up hard, and so produce creditable work of decorative sculpture. But one invasion of a material so pliant is to be regretted, and that is the use of concrete in the construction of houses. It is hard to give up the old familiar materials, but the true principles of architectural alphabet, which seems to me to be entirely sufficient for the expression of available materials, and we have entered upon an era of concrete construction, and the determination that is typically American, we cannot resist the temptation to use concrete in all traditional and make for a new style. Nevertheless, they are gradually coming to realize that concrete is a material that will afford abundant opportunity for originality and individuality."

WALL ST. IRREGULAR QUOTATIONS ARE LOWER

Receiverships Injurious to New York Market's Stability—Toronto Stocks Barely Steady.

World Office, Wednesday Evening, Jan. 8. The dealings in domestic securities were broader at the Toronto stock market to-day, the transactions representing a fair proportion of the issues. There was no definite trend to prices, the small advances being fully discounted by declines in other issues. The rapid decline in rates at New York is not found any counterpart here, some fresh calling of local loans being reported. In the speculative issues Sao Paulo and General Electric were fractionally firmer, while corresponding declines were made in Rio and Mackay. A few shares of C.P.R. were marketed and two lots of the rights sold at 3 and 3-4. Shares of the financial institutions were steady. Canada Permanent sold higher at 116 1-2, and it is thought that the liquidation has now run its course in these shares. The market closed dull with a dragging tendency to prices.

Wall Street Pointers. President Stockey in London making efforts to arrange Great Western financing with foreign capital.

Reports from Pittsburgh of wholesale resumption of steel mills exaggerated.

New steel orders at present said to be not more than 15 per cent. of those of few months ago.

Time money continues to work easier here and abroad.

Tennessee Copper Co. declared a dividend for the half year of 15 cents per share on the basis of \$2.50 per share.

Directors of the Northern Pacific Railroad to-day declared a quarterly dividend of 1-3-4 per cent. on the common stock.

WASHINGTON.—The director of mint to-day purchased 200,000 ounces of silver at 67 1/2 per share of fine ounce.

National City Bank circular ordering the account of hearing not less than \$25,000.00 of funds disappeared in the panic.

As bearing upon recent supply of money more attention is being paid to estimates that the recent exodus of stockpings to Europe represented a withdrawal of over \$100,000,000 in cash from this country.

The Homestake declared a dividend of 50 cents a share. The company formerly paid 50 cents a share and has paid nothing since. This dividend is a resumption of dividends.

It is understood that George J. Gould has actively in hand a plan for taking care of the maturity of the Missouri Pacific Railway Co. The notes fall due on Feb. 10. From the learned to-day it is probable that they will be refunded, but whether thru the issue of a new note of the same style has not been fully decided.

LONDON.—The late afternoon stock markets were firmer. The competition of the discounting of bills has increased so that rumors are revived of an early further reduction in the Bank of England rate.

The announcement is made that on Friday there will be an issue at par of \$2,000,000 ordinary shares of the Buenos Great Southern Railway.

LONDON, Jan. 8.—The expected meeting of the stockholders of the Chicago Great Western Railway Company was held this afternoon. It was decided to appoint a receiver, but the company to maintain a status quo during the time necessary to prepare a first mortgage bond covering all the indebtedness of the road, and to obtain a vote of the stockholders on this measure.

There were many noteholders at the meeting.

Joseph says: The present is no time for plunging marketwise, but a fine and keen discrimination will pay buyers handsomely. Take Union Oil. Declaration of the regular dividend on Northern Pacific where an extra payment had been anticipated was disappointing speculatively, but was proper conservatism in view of present conditions. These conditions were fully illustrated by appointment of receivers for Chicago Great Western, which had previously passed the dividend on the preferred 'A' stock, but has, it is said, over \$3,000,000 notes maturing this year of \$3,500,000 due in coming four years and requires ten million for general improvement. The market showed quite notable resistance to pressure, many stocks retaining advances made since Saturday, and a number of leading stocks are still loaning well below the money rate. The next favorable announcement likely to materialize is that of complete retiring of clearing-house certificates. While money may be returned from the interior more slowly than home had anticipated, there is no doubt that financial conditions are immeasurably improved.

Who Should Open Accounts With Us

The capitalist, the professional man, the married woman who has a separate estate, or who wishes to open an individual account. All of these recognize the importance of the following essentials of a proper depository of their funds: Prompt, painstaking and courteous service. Modern, progressive methods, and every facility, both for depositing and withdrawing money. Conservation and experience in investing and safeguarding the moneys entrusted to its keeping. Absolute safety and freedom from anxiety. The welcoming of the smallest as well as the largest deposits. The money to be available when required. The highest rate of interest consistent with absolute safety. The most strictly confidential treatment of the customers' business. In all these our numerous depositors participate. They also value the security of the shareholders' capital (fully paid up) of

SIX MILLION DOLLARS Canada Permanent Mortgage Corporation

Toronto St. - Toronto Circuit Court, and at its close Mr. Kellogg announced that he would appear before Judge Sanborn this afternoon with application for receiver for the Chicago Great Western Railway.

"We have not yet decided who will be the receiver," he said, "as that will be in favor of the applicant who is presented in court. We have merely decided that the receiver shall be asked for, as it had to come sooner or later."

Rumors were afloat on the floor this morning to the effect that a receivership for the Southern Railway is probable. This road has been in difficulties ever since the Southern States began legislative campaign against the railroad. It would not be at all surprising if it would be necessary to take refuge in a receivership, which has been the subject of frequent rumors during the past six months. At the same time the effect of such action would probably be more apparent upon the market generally than in the case of Southern Railway issues. President W. B. Thomas of the American Sugar Refining Co. presented a statement at the annual meeting of the stockholders to-day, which, aside from paying tribute to the late H. O. Havemeyer, was much of the usual character, revealing little or nothing about the company's affairs.

Mr. Thomas, however, announced that he was in favor of the future of entering upon a policy of publicizing the company's affairs and that the directors would make a report on the resolution was introduced that the board be increased from seven to nine. Resolutions were also presented that the directors be requested to prepare a statement for stockholders—Town Topics.

On Wall Street. Marshall, Spader & Co. to J. G. Beatty. The strength of the stock exchange and easier rates for money point to a slight rise in the price of exports of gold, unless foreign demand for American securities shall take on importance. Exports of cotton continue on a large scale, but matter shipments have fallen off and we have also been favored by a small remittance in the demand for raw cotton. The reduced imports of merchandise. Heavy buying of 90-day sterling by local bankers points to the above possibility.

We are hardly prepared for an increase in speculative activity, but it is quite consistent to expect a steady investment buying power to continue, with persons speculative effort in behalf of some of the more favored issues.

Emnis & Stoppard wired to J. L. Mitchell: The market to-day has contended with a number of dispiriting developments. The 100,000 share announcement was influential offering or various issues, some of the best absorption being apparently in the Harriman stocks. The Great Northern and Cotton Oil. Declaration of the regular dividend on Northern Pacific where an extra payment had been anticipated was disappointing speculatively, but was proper conservatism in view of present conditions. These conditions were fully illustrated by appointment of receivers for Chicago Great Western, which had previously passed the dividend on the preferred 'A' stock, but has, it is said, over \$3,000,000 notes maturing this year of \$3,500,000 due in coming four years and requires ten million for general improvement. MARKET DEPRESSED BY FURTHER SELLING. World Office, Wednesday Evening, Jan. 8.

The undertone to the Toronto listed securities was not improved to-day with the knowledge that one financial institution had undertaken to call more of its loans. Repayment of the accommodation was readily forthcoming, but this did not alter the situation as presented. The support to stocks to-day was nervous, liquidation and realizing being too patent for one to attempt to ignore it. Sentiment was formed mainly from action of New York market, the appearance of which is not generally liked at the moment. The pool in Sao Paulo was aggressive to-day, advancing its specialty against an unfavorable market. Operations in the shares were even conducted at the Montreal exchange—an unusual thing. Holders are not selling, and this facilitates the pool's operations. It is said that the present buying is for London account. If so, it will certainly be a relief to the local situation, which is congested with this class of security. The market, as a whole, took to-day's realizing without any signs of distress, but the edge of the recent buoyancy has no doubt been dulled.

Government Will Not Interfere, But Would Defray Cost to Settle Question.

Hon. W. J. Hanna made the following statement with reference to high license in Collingwood yesterday: "I noticed a despatch from Collingwood stating that the department has undertaken to pay the expenses of both sides to the litigation that may follow in testing the legality of the license passed on Monday last fixing the license fees for the town at \$2500, and stating as well that I gave a deputation of the liquor interest the assurance that legislation would be introduced the following session to enable the licensees to figure pending the settlement of the litigation.

"The facts are that I have intimated to both sides temperance people and liquor people alike, that since the question of the limit to which the municipalities may go is one of general interest, the department would be prepared to do so, but the other part of the despatch is entirely without foundation.

"I was requested by a deputation from Collingwood to give an assurance that the licensees would be issued on the first of May next at the old rate, but I told them at once that this was a matter which it would be useless to discuss with me, that there was no discretion whatever in the department with regard to the fees payable, as it was a matter of statute, and if the by-law carried the \$2500 fee would be charged.

"Some of the deputation then suggested amending legislation, but I said that I could not give any assurance whatever on this score. I in no way promised to introduce legislation to support it if introduced by anyone else.

PRESBYTERIAN SHARE. Organizing Toward Raising the Laymen's Missionary Fund.

Plans have been perfected for the Presbyterian portion of the Toronto congregation consisting of three representatives appointed by the session of each congregation has been organized with M. Parkinson as chairman, Thos. Findlay as vice-chairman, Rev. A. E. Armstrong as secretary, and J. B. Hay as treasurer. A committee will be made to adopt the weekly offering system, and each congregation will be asked to assume its share of the amount to be raised, but three have already undertaken to raise \$2500, and the whole amount to be raised by 30 other churches. Meetings for the purpose of holding the various churches, at which addresses will be given by Dr. R. P. McKay, Rev. Robert Johnston of Montreal and others.

Not Inaugurable. LONDON, Jan. 8.—(C.A.P. Cable.)—Our negotiations with the United States and Canadian Governments have been characterized by eminently successful results. There are no cordial sentiments, and we have every reason to believe that we shall soon arrive at a satisfactory settlement. The foregoing was embodied in a telegram to the Paris Matin from Tokyo by Count Hayashi, minister of foreign affairs.

CANADIAN PACIFIC RAILWAY CO. Issue of New Ordinary Capital Stock.

NOTICE is hereby given that pursuant to Resolutions passed at the Special General Meeting of Shareholders held on December 18th, 1907, an issue of \$2,338,000 additional Ordinary Capital Stock of the Company, or 233,800 shares of \$100 each, has been ordered by the Board of Directors.

The stock will be offered to the Shareholders of record at the closing of the books for the purpose, at par, on the basis of two per cent. (or one share in five) of their respective holdings.

The books of the Company will be closed for this purpose in London, New York and Montreal at 3 p.m. on Monday, January 12th, and re-opened on Monday, 21st January, 1908.

The right to subscribe will expire at 3 p.m. on Wednesday, February 19th, 1908. Payments will be received at the Bank of Montreal, London, New York or Montreal, as follows:

20 p.c. or \$20 per share on subscription, on or before February 12th, 1908. 20 p.c. or \$20 per share June 12th, 1908. 20 p.c. or \$20 per share August 12th, 1908. 20 p.c. or \$20 per share October 12th, 1908.

An interest payment of one and one-quarter per cent. will be made in October, 1908, on instalments up to and including that of June 12th, 1908, which have been paid on the due dates, in accordance with the terms of the circular herein referred to. A share of the issue on which instalments have been paid in full on the due dates, will rank for the full dividend accruing for the half year ending December 31st, 1907.

Shareholders may, as a matter of convenience, have their shares registered in the name of the Company, and interest at the rate of five per cent. per annum will be allowed on amounts so paid in advance.

A circular containing the terms of subscription and payment and duly worded warrants of subscription will be mailed to the Shareholders after the closing of the books as above stated. By order of the Board, CHARLES DRINKWATER, Secretary. Dated at Montreal, 31st December, 1907.

LOOP LINE FOR G.T.R. NEW ROUTE MAPPED OUT

Will Connect Montreal, Portland and Buffalo—Was Hays After the Boston & Maine?

SCHENECTADY, N.Y., Jan. 8.—The Gazette says: In an interview Ralph D. Gillett, president of the proposed Buffalo, Rochester and Eastern Railroad, which is now making application to the public service commission for a certificate of necessity, practically admitted that the proposed line is to connect the Boston and Maine at Troy with the Grand Trunk at Buffalo, for the purpose of forming a Grand Trunk loop in the east.

The Grand Trunk has been negotiating it is said, for the purchase of the Boston and Maine, and if this is accomplished and the proposed line built, the Grand Trunk will have a loop that will extend from Buffalo to Montreal and thence to Portland, Me., along the present Grand Trunk lines, then to Troy over the Boston and Maine, and finally to Buffalo over the proposed road.

Mr. Gillett admitted the physical aspect of the situation, but would neither affirm nor deny that the proposed road was for the express purpose of furnishing the connecting link in the loop.

Rumor is Denied. MONTREAL, Jan. 8.—(Special.)—Mr. Hays of the Grand Trunk gives an authoritative denial to a despatch from Schenectady, N.Y., stating that the Grand Trunk was behind a scheme for forming what was called 'a Grand Trunk loop' in the Eastern States.

MUST GO THRU OLD FORT. Street Railway Says It's the Only Route They'll Agree To.

Manager Fleming of the street railway has written to Exhibition Manager Orr that any proposition for an entrance into the fair grounds which does not contemplate going through the Old Fort property will not be entertained by the company.

The route desired is along Front-st. turning south over Bathurst-street bridge, and proceeding along Garrison Common to eastern entrance.

It is stated that the only change will be to take 12 feet off the side of a small brick house on the north side of the west gate.

Doctors Have Raised Fees

"Yes, sir," remarked a prominent physician, "they have, and I don't think it's right in these hard times."

"As a protest, I give this valuable (and hundreds) to all sufferers from La Grippe, Croup, Throat and Lung Diseases, free of charge."

It is as a protest against the high prices of the "Fruit Extract Lectoric, one-half ounce. Syrup White Pine Compound, one ounce. Glycerine, one ounce. Tar, one ounce.

To this add three ounces of boiled water, and take at intervals of one hour every 2 or 3 hours. This formula can be filled at any reliable drug store.

PRIEST ON HIBERNIANS.

Threatens to Stir Up Great Scandal in the Church.

PHILADELPHIA, Jan. 8.—Members of the Ancient Order of Hibernians here were greatly stirred up because of the refusal of the Rev. D. L. McDermott, rector of St. Mary's Roman Catholic Church, to permit funeral services to be held in his church over the body of John Daly, a parishioner, because a Hibernian lodge had been invited to attend. The funeral was finally held at the church without the presence of the Hibernians.

Father McDermott, in explanation of his opposition to the society, said: "My absolute opposition to the Ancient Order of Hibernians is based on my knowledge, and the facts in my possession about the Molly Maguires, which I got directly from the condemned Molly Maguires themselves. No power on earth will ever make me recede one inch from my stand against the Hibernians. I have given my testimony against them, and what I said was true and is true, and I cannot compromise on it."

I have in a pigeonhole of my desk a memorial which I was directed to prepare presenting the facts in my possession to be read before the third Plenary Council of Baltimore. After I had prepared the document, under the direction of Dr. Concoran, I was called before Archbishop Ryan here and asked to read it to him. He declared that it contained features that would cause one of the greatest scandals the Catholic Church has ever known, and he informed me that he would use his influence against having it submitted before the council. I sent the memorial to Dr. Concoran, regardless of Archbishop Ryan's opposition to it, but, thru the influence of

Symptoms That Tell Of the Turn of Life

When the turn or change of life makes its appearance you will notice severe pains shooting through the loins. As a rule the change is gradual. In most cases it is marked by irregularity of the menstrual flow. It is most important to maintain as high a degree of vigor as possible. All strength should be conserved, and Ferrozone should be taken three times daily until the crisis is past. Ferrozone not only acts on the blood, giving it purity and richness, but acts directly on the womanly organs in such a way as to lessen the strain and severity of this trying time.

I consulted the doctor and learned I was approaching a very critical time. I started on a course of Ferrozone, and took one tablet along with every meal for about six months. Ferrozone made a direct action and helped me immensely. My nervousness went away, and so did all the other worrying symptoms. Other weak women get it for you strong and beautiful through Ferrozone. Why not you? Ferrozone will give you a reserve of strength, brace your nerves, make your muscles strong and firm, improve your complexion—in short, it will give you God's greatest blessing, Health. This is what you want. Ferrozone will get it for you. Don't delay, get Ferrozone to-day. Price 50c per box, or six for \$2.50. At druggists or N. C. Folsom & Co., Hartford, Conn., U. S. A., and Kingston, Ont.

EAST YORK CONS. WILL MEET ON SATURDAY NEXT

East Toronto Public School Board Hold Final Session—Exciting Run in Junction.

TORONTO JUNCTION, Jan. 8.—A popular forecast of members of this year's standing committee in the Junction is: Chairman of the executive committee, Councillor H. H. Armstrong; of the finance committee, Councillor Whetter; of the property committee, Councillor Armstrong. The new members of the works committee, on good authority, will likely be Councillors H. H. Armstrong, Whetter, Jennings or Howell.

Body Taken to London. The body of Conductor Steel, who died last night at St. James's Hospital, Ottawa, as a result of having his legs cut off by being run over by a C. P. R. passenger train on Tuesday evening, was placed on board the 10:46-express to-night for London, where internment will take place. The remains will arrive in London to-morrow at 11:30 a.m., and the funeral will take place at 2 p.m. in Mount Pleasant Cemetery. A special car was provided for the members of the committee in Ottawa and district who accompanied the remains to London, in order to attend the funeral.

Victorious Runaway. An exciting runaway took place last night, when a horse the property of Fred McKewen, dalmatian of the C. P. R., and played, took flight. The horse had been left standing in Mr. McKewen's yard at the Pacific-avenue, with a weight attached. The weight strap broke when the horse started, and at the corner of Pacific-avenue and the animal was going at such a terrific speed that in attempting to round the corner it fell and right across the street. It then continued its wild career down Dundas-street, till it was brought to a standstill at the corner of Keele and Dundas-streets by Sgt. Peters. One of the rear wheels of the buggy was smashed, and, except for this, no damage was done.

Wm. Hartley, a boarder at 104 Mulock-avenue, quarrelled there on Saturday night, as medical examination showed him to be suffering from scarlet fever. The police, who had been called to the house on Monday morning, he found that Hartley had disappeared during the night. No trace of him has been seen since, altho it is believed he has gone to the city. The continued sale of horses at the Union Stock Yards to-day, under the management of J. Herbert Smith, was an unusual one, inasmuch as 15 of the 22 stalls at prices ranging from \$15 to \$170. This was for a good class of work horses; a few inferior work horses brought from \$40 to \$80. One exceptionally fine team of workers brought \$335.

The splendid success attending the opening of the Union Stock Yards horse sale is a matter for congratulation and augurs a brilliant success, as conducted under the present management.

EAST TORONTO.

School Board Finish Year's Business and Adjourn.

EAST TORONTO, Jan. 8.—The public school board advanced along the line last night in the matter of salaries, the result of which will be seen in next week's rates. The exception of Principals Brownlee and Leitch, who already receive a salary of \$100, the annual increase of \$9 was sanctioned. In the case of Miss T. O. principal of the Beach School, and advance of \$100 was granted, being now \$700. Altogether 15 teachers share in the good times, as well as the caretaker of Coleman school, who gets a lift of from \$38 to \$40 a month. The teachers and principals of all the schools in town have done excellent work during the year, and the sum total of the increase (which will never be felt over the town) is a well-merited tribute to true worth and a credit to the members of the school board.

Last night's meeting, which practically closes up the work of the board for the year, was presided over by Chairman Horace Hardy, who, with his colleagues and Secretary Givens, had been unremitting in their efforts to look after school interests.

The funeral of the late Joseph Slemin, one of the oldest and most esteemed residents of East Toronto, took place to-day at the Necropolis this afternoon.

The annual meeting of the East York Liberal-Conservative Association takes place in Society Hall on Saturday afternoon, Jan. 11, at 2 o'clock. Dr. Walters is president and Robert Paterson secretary of the E. Y. C. A big attendance is anticipated.
