

IMPORTANT BUILDING ON LABOR'S RIGHTS BY WINNIPEG JUDGE

At Russell Appeal Says Statutes Do Not Give Free Rein at Meetings.

PROTECTION IS LIMITED

Winnipeg, Jan. 9.—(By Canadian Press).—The extent to which section 590 of the criminal code protected the activities of members of trades unions was defined in the court of appeals by Chief Justice Perdue today when Robert Cassidy, K.C., in speaking to the Russell appeal, claimed that under this section no evidence concerning the Winnipeg general strike should have been admitted. No charge of conspiracy could be laid against an individual, he said, for actions within the orbit of a trade combination. Chief Justice Perdue, in defining the meaning of this section, said:

"The object of section 590 of the criminal code is to protect trade unions. Otherwise they might be absolutely protected, notwithstanding there was a conspiracy to commit a crime or violate a statute."

Again referring to the same section, Chief Justice Perdue said: "It was introduced to protect trades unions. It was not introduced to make them immune from charges of conspiracy if they were guilty of it."

Mr. Cassidy contended that the overt acts which had occurred during the strike should have been kept out of the prosecution under this section of the code.

Mr. Justice Fullerton: "In other words, you are arguing that Russell could make speeches as sedition as he pleased in a labor meeting and would not be liable for prosecution for them."

Debate Length of Sentence.

Some discussion of the learned judges and Mr. Cassidy took place as to whether the sentence passed upon Russell was too long. Mr. Cassidy contended that it was solely due to leniency that the sentence which Russell is serving is two years instead of three. At the rate, said Mr. Cassidy, Russell had to bear all the stigma of the lower sentence. Chief Justice Perdue thought that the court of appeal had the power to set aside the sentence passed upon Russell and direct what penalty should be imposed. For instance, instead of two years each on Russell and Cassidy, a sentence of two years on the whole indictment could be given. This action, the chief justice thought, would not upset the trial.

Admittance of Evidence.

Mr. Cassidy jumped the fifth objection and commenced arguing the sixth. He contended that Mr. Cassidy's work should not have admitted the evidence for the defense. He contended that the evidence had corroborated Russell's effect that he did everything in his power to settle the strike once it had been called. Chief Justice Perdue remarked that this point had nothing whatever to do with the result of the trial, and he was surprised that the trial judge had permitted the point to be included in the reserved case. The fact that the accused had repented, had undergone a change of heart after the strike had started, was not of importance so far as the legal result of the trial was concerned. Other of the judges, however, remarked that when Mr. Cassidy said that Russell worked a ceaseless fight from the standpoint of labor, this could not be taken as a whole-hearted effort to end the strike from an impartial viewpoint. Mr. Cassidy did not entirely accept this version of Mr. Cassidy's efforts. He said that Russell strove rather to bring the strike to an end by accommodating the various interests.

WOODBINE AVENUE SURVEYED.

The city surveyors took heights and measurements yesterday on Woodbine avenue in connection with the proposed grading of the roadway between East Gerrard street and King street. It is expected that the estimate of cost will shortly be submitted by the works commissioner to the city council.

CONDITION SERIOUS.

Mrs. J. Clarkson, 52 Kimberley avenue, was removed to Wellesley hospital to undergo an operation yesterday. Her condition is considered serious. Mrs. Clarkson has a husband and four young children.

QUENCHED SINGLE-HANDED.

W. McMurray, 68 Loyal avenue, found his back kitchen on fire when about to leave the house a few evenings ago. He succeeded in extinguishing the flames with the aid of pails of water after a long tussle single-handed. There was considerable water damage. Mr. McMurray did not call in the help of the fire department.

WEEK OF PRAYER SERVICES.

A successful week of prayer services was brought to a close at Hope Methodist Church last evening, which, according to the opinion of Rev. A. Terryberry, pastor, was the most productive of results in the term of his pastorate. The proceedings were conducted by Rev. S. W. Fallis, Rev. E. C. Hunter, Rev. T. W. Neal and others.

RATEPAYERS INCENSED

A well attended meeting of the North Riverdale Ratepayers' Association was held last night in Frankland school, Logan avenue. A. J. Smith, vice-president, occupied the chair in the absence of Dr. E. A. McDonald, president, unavoidably absent.

WITROW ICE GOOD.

The ice in Witrow Park since the advent of winter has never been in better condition and the rink and hockey cushions are crowded nightly with residents of the district, both old and young.

YORK COUNTY AND SUBURBS

EAST END Y.M.C.A.

"If the East End Y.M.C.A. is to successfully carry on during the present year, a new and larger building will be absolutely necessary," said H. J. Pearson, secretary, who points out that the present headquarters is an old, dilapidated building on Main street, which has been in existence 25 years, and totally inadequate to serve the live and increasing east end membership.

The railway men who are accommodated in the building are sufficient to tax its present capacity, and a gymnasium and swimming pool are required for the young men and boys. A hall for an occasional dance and other amusements is also badly needed, along with other equipment.

The upper room of the old building was concerned a short time ago by the civic authorities as unsafe and closed up, thus further limiting the capacity of the establishment.

The matter was discussed at the annual meeting in April, which ends the financial year. J. W. Brandon is chairman of the district.

SCHOOL WITHOUT WATER.

According to Inspector W. H. Elliot of the board of education, the sewer connections for the sanitary conveniences at the present school, North, Pape avenue, will not be completed until the later end of March owing to the severe weather. The building is now without drinking water and an application for Jarvis water-bottles on stands for each room has been applied for by Principal W. N. Colvin. A temporary line of water pipe to within 100 feet of the building has been laid, to which a line of rubber hose has to be connected by the caretaker to fill the boilers for heating purposes each day. It is expected work of excavation for the central wing will commence in the early spring. The school has at the present time the capacity number of pupils.

MARKHAM CONSERVATIVES.

The annual meeting of the Markham Township Liberal-Conservative Association has been called for next Saturday, Jan. 17, at Unionville. F. Maclean, M.P., H. S. Henry, M.L.A., and other well-known public men have promised to be present.

Earlscourt G.W.V.A. Asks President Richardson to Remain

To consider the resignations of President G. Richardson and Secretary J. W. Beauchamp of the Earlscourt branch of the G.W.V.A., the executive committee met at the headquarters of the branch, 100 St. George street, yesterday. The resignation of Richardson was accepted, and the resignation of Beauchamp was also accepted. The meeting was prolonged until near 12 p.m. It was finally resolved to appoint a committee consisting of J. W. Beauchamp, Nathan James, Godfrey and Delaney, to wait on Comrade G. P. Richardson and ask him to reconsider his decision to resign from the branch. Secretary Beauchamp, after considerable pressure, has decided to retain his position as secretary for the present. The executive committee acknowledged the excellent work done by Comrade Beauchamp and unanimously expressed the wish that his valuable services should be continued.

Release of Frank Currell

Earlscourt veterans are well satisfied that one of their members, Frank Currell, the brother of Frank McCullough at the Toronto Jail, has been released by Judge Cotnam. The Earlscourt G.W.V.A. took the case and instructed Hugh J. MacDonald, barrister, to deliver Currell. Currell is working as a tinsmith in Earlscourt, and has a wife and small baby.

EARL GREY ADDITIONS.

Tenders have been called for the erection of additional wings to the Earl Grey School, Jones avenue, which it is expected will be built during the coming spring. With the proposed extension of the building a large kindergarten and five additional rooms will be added.

TORBAY LODGE, L.O.L.

A well-attended meeting of Torbay Lodge, L.O.L. No. 361, was held last night in Player's Hall, Danforth avenue. S. H. Smith, W.M., was in the chair. A feature of the proceedings was the presentation of a pastmaster's jewel to A. O. Smith, immediate pastmaster. Rev. F. E. Powell made the presentation. The president, S. H. Smith, was appointed delegate to the Grand Lodge, with J. Harley, D. alternate, and A. J. Smith, proxy.

NOT COMMISSIONER'S FAULT.

Regarding the long expected public lavatory at Broadview and Danforth, Alderman R. Honeycutt is in receipt of a communication from D. Reichel, property commissioner, in which he points out that the matter of delay is not attributable to the department, but to the board of control, who had advertised for tenders, afterwards adjourned the session, and the matter has not had an opportunity for consideration since Dec. 15.

FORM NATIONAL DAIRY COUNCIL

Ottawa, Jan. 9.—(By the Canadian Press).—The Canada Gazette announces the issue of letters patent under the companies act to the National Dairy Council, Edward Heath Stonehouse, dairyman and James McArthur, merchant of Winnipeg; John Bingham, merchant, and D'Arcy Scott, barrister, both of Ottawa, and incorporated to assist in the improvement of the dairy industry in Canada, including production, manufacture, transportation, storage and marketing.

The National Dairy Council is also to consider proposed federal and provincial legislation and regulations to assist in obtaining beneficial regulations to improve the dairy industry; to encourage production; to uniform standards of grading and co-operation in marketing; to assist in developing a better trade for Canadian dairy products. The head office of the council will be in Ottawa.

ANOTHER VICTIM OF RHEUMATISM

Entirely Well After Six Weeks' Treatment With "FRUIT-A-TIVES"

MR. AMEDEE GARCEAU
82 Hickory St., Ottawa, Ont.

"I was for many years a victim of that terrible disease, Rheumatism. In 1913, I was laid up for four months with Rheumatism in the joints of the knees, hips and shoulders and was prevented from following my work, that of Electrician.

I tried many remedies and was under the care of a physician; but nothing did me any good. Then I began to take 'Fruit-a-tives' and in a week I was easier, and in six weeks I was so well I went to work again.

I look upon this 'fruit medicine', 'Fruit-a-tives', as simply marvellous in the cure of Rheumatism, and strongly advise everyone suffering with Rheumatism to give 'Fruit-a-tives' a trial."

Anti-Jap Rising in Korea, Bolsheviki Report From Moscow

London, Jan. 9.—An anti-Japanese uprising has broken out in Korea, according to a Bolsheviki wireless communication received here tonight from Moscow.

At the recent U.F.O.-Labor caucus, it was given out that no fewer than a dozen U.F.O. members-elect had voluntarily offered themselves as political satellites for the three ministers. Apparently, however, there has been no particular rush to accommodate Mr. Raney, who is still in the wilderness so far as finding a seat is concerned.

There was a persistent rumor going the rounds of parliament buildings yesterday afternoon, that the attorney-general had offered his resignation to the premier. When asked regarding the matter last night, Mr. Drury promptly denied the report.

Nothing to Say.

J. B. Clouston, who is resigning in East Kent, saw Premier Drury and Mr. Raney yesterday, but had nothing to say, beyond the fact that he had incorporated his name in the disposal of the selection committee.

It is regarded as certain that there will be opposition to Mr. Doherty in East Kent and owing to the length of time it has taken Premier Drury to find an opening it would not be surprising in view of Hartley Dewar's recent statement, to find a Liberal candidate in the field in North Norfolk.

U. F. OF MANITOBA ENTRY IN POLITICS NOT YET COMPLETE

Leave Open Special Means, However, for "Concerted Action."

Canadian Press Despatch.
Brandon, Jan. 9.—While declining at this time to enter provincial politics as a provincial organization, the United Farmers of Manitoba, at this afternoon's session of their annual convention, left open a means by which "concerted action" in Manitoba politics, on behalf of the new National Farmers' Policy, can be arranged if a majority of the federal constituency in the province so desire.

The political action resolutions were discussed in open convention all morning, and during most of the afternoon they were in the hands of a special committee, which finally brought in majority and minority reports. When the minority report was defeated, the adoption of the resolution, as finally passed, was carried only half a dozen votes in opposition.

The majority report, while adhering to the principle that the initiative in taking provincial political action should be left to the provincial organization in constituency and adding, "but further, if a majority of the constituencies in the province, after consulting the electors in their respective constituencies, declare in favor of taking concerted political action at the next provincial election, the executive shall be asked to call a convention of accredited delegates from these constituencies for the purpose of formulating a provincial platform."

The minority report objected only to the use of the word "majority," declaring it defeated the principle of the matter. Changes endorsed in the new national policy approved of "endeavouring to secure unrestricted reciprocal trade in natural products with the United States along the lines of the reciprocity agreement of 1911" and of placing all foodstuffs on the free list.

By a standing almost unanimous vote, the United Farmers adopted a resolution asking the provincial government to amend legislation immediately to make it illegal for residents of Manitoba to purchase intoxicating liquor for beverage purposes or to import liquor from other provinces. The resolution also sought a referendum on importation of liquor and requested that no license be granted in Manitoba for liquor warehouses.

Decision was made unanimously to hold the 1921 convention in Brandon.

The convention called upon the Canadian Farmers' Association to urge the abolition of the complete reconstruction of the board of commerce.

The convention approved and referred to their executive for action a resolution endorsing the stand of the Great War Veterans Association on the gratuity question, it being set out that cash grants should not be made, but that no gratuity should be paid on a graduated scale to reduce the mortgage on his industry, or business, or home, or as first payment to enable him to secure such business or home.

REV. DR. PIDGEON AT ELECTRIC CLUB

Gives Progressive Address on "Some Problems of Citizenship."

Rev. Dr. Pidgeon, formerly of Nelson, B.C., now of Bloor Street Presbyterian Church, addressed the Electric Club yesterday at luncheon on "Some Problems of Citizenship." The welfare of the whole community must be the common aim, and this being so it was evident, he thought, that the average public opinion determined the results attained. Lord Rosebery had recognized the possibilities of education in politics in urban life, and he knew no field himself in which more could be done. They spoke of the toll of war, but the migration of the young men, going into new regions, where they spent their vitality, where the women could not follow them, and they wore out their age in exhausted weariness, was a great drain on the vitality of the older communities. The men and women who go into newer parts of Canada should be backed up, so that the new atmosphere, the temper and tone should be worthy of the nation and prepare the way for the new time that we saw ahead. In the year past 385,000 immigrants were received into Canada, or 4 1/2 per cent. of the population. In 1913, the banner year of immigration, 418,000 were received, of whom 140,000 could not speak English. This was over 4 1/2 per cent., while the United States had never had more than 1 1/2 per cent. of their population.

Racial instincts. Not enough attention had been paid to the racial instincts of the settlers. He reminded them that the southeastern nations of Europe, though the Turks for centuries, preserved their racial ideals and ambitions as fresh and vital as centuries earlier.

He found that the settlers objected to the conception of assimilation, which to them meant annihilation. They never spoke of assimilating a Highland Scot. He thought a new word should be chosen. These people had their contribution to make, and their union with the nation should not require the suppression of anything worthy. He believed that men were now striving to attain self-realization and self-expression, and not merely for higher wages in the industrial struggles of the day. They had, he believed, the whole nation had, to the injustice of the old systems, and he believed that those who did not take account of this, but who were new sentiment, and sowed the dragon's teeth of suspicion and hatred, would reap a bitter harvest. Things were possible with an awakened people which had not been possible before, and they must take advantage of the opportunity thus offered.

Social Results. Social results would be obtained in the

PROTECT PEOPLE ON HAMILTON HIGHWAY

Ontario Railway Board Will Consider Suggestions Made at Conference.

The continuous stream of motor traffic on the Toronto and Hamilton Highway is declared to be a great source of danger to pedestrians, and to people generally who live on the lake shore between Sunnyside and Port Credit. With a view to making matters safer, a conference was held at parliament buildings yesterday between members of the Ontario Railway Board, G. H. Gooderham, C. W. Wilson, Toronto & York Radial Railway; J. Lawson, Ontario Motor League; and C. J. F. H. Wise, Ontario Safety League. After a general discussion, the railway board took the matter under advisement.

Some Suggestions Made. The following were among the suggestions made: Establishment of safety zones or platforms where passengers of the radial cars may wait. Traffic laws requiring automobiles to halt behind cars that are discharging or taking on passengers. Appointment of traffic policemen in such busy centres as New Toronto and Mimico.

Changing the doors of the radial cars so that passengers may board or leave the cars with less danger of being knocked down by passing automobiles. D. M. McIntyre, chairman of the board, said the conference was the result of a complaint made by Mayor West of Mimico. The protection of life was the big thing they had to consider, and the decision of the board would be arrived at accordingly.

The boy was going north on University avenue on a bicycle when, it is alleged, he was crowded over by Fraser's automobile, so that his wheel struck a pile of gravel lying on the road.

CENTRAL, I.O.D.E., CONSIDER MEMORIAL

Objective for Toronto \$75,000 to Educate Soldier Orphans.

Miss Kathleen O'Brien, regent, presided at the meeting of the Municipal Chapter of the I.O.D.E. held at the Sherbourne House yesterday afternoon. A good deal of the session was devoted to explanations and plans regarding the war memorial fund of the order. Mrs. Warren Darling, treasurer, reported that the sum of \$7,165.38 had already been raised by certain chapters and individuals, but it was decided that in future the returns should be counted as a unit and recorded in the books as such. The objective for Toronto is \$75,000 and to reach this an individual collection will be taken up among the members, the sum so collected to be supplemented by plans still under consideration.

In reply to two requests from soldiers for assistance in the education of their children, it was pointed out by the regent that neither came under the heading of "deceased or disabled," which is the class for whom the fund is especially raised. The cases, however, will be considered.

For University Education. In reply to a question it was stated that the fund is for university education alone, at the same time secondary or high school students may be assisted at the option of individual chapters. Mrs. Holmsted, educational secretary, was quite enthusiastic on this point, stating that some of the chapters were simply waiting for the drive for the memorial fund to close to take in hand special cases that want assistance for collegiate or high school work. She also drew to the attention of the meeting the wonderful work of the Quebec and Montreal chapters which had already raised over \$47,000 for the memorial fund. The first university student to take post-graduate work overseas as the beneficiary of the fund will go in September, 1920.

A letter of thanks for "showers" to Pearson Hall was read. Appreciation for assistance had also been received from "Clarkwood" the home for blind girls.

BANK EMPLOYEES DRAWING ADVANCES

Clerks Say Salaries So Small They Need Advances on Next Envelopes.

Complaints have reached The World of the practice in some banks in the city of permitting employees to draw advances upon their salaries from week to week, so as to retrench and live. In effect, this means that many employees are so meagrely paid that they find it necessary to draw upon the bank at which they are employed for advances to cover due bills, rentals and expenditures on butter, meat and bread. It was pointed out to one of them that this policy on the part of banks was generous to say the least. "Generous," he snorted, "why, let me tell you it is nothing less than a premium upon obligation in which the employe stands to lose his self-respect and his hold upon his savings account. I know of one case in which the young man had a savings account of moderate weight when he joined the staff of one bank in Toronto, but who has today nothing but his next week's pay to draw upon. And this, not because he has any propensities for the racing track or banker, but because, in order to live with fair comfort, he has been forced to take out bits from his savings every week until at last he has had no savings, and is practically living from hand to mouth. Does this indicate generosity on the part of the Bankers' Association?"

ICE IS DANGEROUS

Owing to the strong east wind that has been blowing during the past few days, the ice in Toronto Bay has been weakened to such an extent that it is unsafe for pedestrians. Only yesterday, Mrs. Ernie Cooper, while crossing the bay on her way to the city, had a narrow escape from drowning when the ice gave way under her. Had it not been that her husband was present, it is quite probable that Mrs. Cooper would not have been rescued, as few people were in the vicinity at the time.

DEATH OF H. C. BELL

Henry C. Bell, for many years head of the proofreading department of The Toronto Star, died at his home, 232 Garden avenue, early yesterday morning, after a brief illness of nearly two weeks. The late Mr. Bell had suffered of late years from stomach trouble, but, notwithstanding his advanced age of 78 years, he performed his duties faithfully and well, and enjoyed the confidence and respect of his associates. One notable event in Mr. Bell's early business life was the fact that he had the proof of the English edition of the third Napoleon's "Life of Julius Caesar."

BIG DAMAGE BY FIRE

Creighton's Garage, Dundas Street, Burned, With Loss Estimated at \$90,000.

With a loss estimated by the fire department at \$90,000 to building and contents, Creighton's Garage, 1244 West Dundas street, was destroyed by fire yesterday morning. There were 100 cars stored in the building, and most of them were destroyed, the loss to the contents being \$75,000, and \$15,000 to the building.

For over two and one-half hours the firemen fought the flames, with a strong east wind blowing. The outbreak of the fire started when a United States army truck, with engine trouble, caught fire. The men were filling the tank with gasoline when the flames burst out. The manager of the company placed the loss at \$120,000. The building was insured for \$15,000, while very little insurance was carried on the cars.

CHURCH BUDGET IS \$1,330,000,000

World Movement for Co-ordinating Energies of Protestant Denominations.

Atlantic City, N. J., Jan. 9.—The budget of the inter-church world movement to be used in co-ordinating the energies of the Protestant denominations and the evangelization of the world was approved today at the conference of 1,400 church leaders here.

The budget calls for the expenditure of \$1,330,000,000 in the next five years. It provides for evangelistic work, project financing of hospitals and homes, liberal awards to struggling colleges, for the fighting of social and industrial unrest, and better wages to both ministers and missionaries.

It is specified that not part of the budget shall be changed by a board of review to be appointed with the representation of all denominations, without the consent of the denominational board directly affected. Three hundred and twenty millions are to be expended in 1920.

ROGUE'S REVOLVER FINDS A TARGET

Colored Man Shoots Himself Accidentally on Finding Concealed Weapon.

Robert Rudd, aged 29, colored, living at 20 Robert street, accidentally shot himself in the left leg last night with an automatic revolver. Rudd is a member of the Tuxedo colored club, which is opening at 147 York street. While looking over the premises he found the loaded gun. He was examining it when he pulled the trigger and the bullet lodged in his leg. He was taken in the police ambulance to the General Hospital.

Motion Picture Distributors Organize New Association

The Canadian Motion Picture Distributors' Association has been organized in this city in affairs of the board of trade, to deal with matters in the motion picture industry that affect the motion picture interests in the Dominion as a whole, or any large section thereof.

Chairman of the Canadian Universal Film Company Ltd., was elected president of the new organization; W. G. Barrett, of Vitagraph, Inc., vice-president, and J. P. O'Loughlin, of Regal Films, Ltd., secretary-treasurer. Other representatives of the moving-picture industry present at the organizational meeting were: L. Rosenfeld, representing Monarch Film Company; J. H. McCabe, Fox Film Corporation; Harry Kaufman, Exhibitors' Distributing Corporation, Ltd.; A. Berman, United Artists; C. L. Stevenson, Crown Features; I. S. Kohn, Sterling Films; William Allan, Canadian Exhibitors' Exchange; George Weeks, Famous Artists; L. G. Outmet, Specialty Film Import Company.

LIBRARY APPOINTMENTS.

Mr. Justice Kelly has been appointed representative of the separate school on the library board, this being the twentieth consecutive year of such appointment. The following who have passed the provincial examination for the training of librarians have been recommended by Dr. G. H. Locke for library positions: Mrs. H. Reynolds, Olive B. Ferguson, Doris Dignun, B.A., Mary Smart, B.A., Margaret Smith, A. B. Wilson, Evelyn M. Worthington.

STRUCK BY AUTO.

Thomas Church, 221 Simcoe street, had his leg lacerated last evening when he was struck down by a motor car at Victoria and Shuter streets. Church was admitted to St. Michael's Hospital. Geo. McDonald, 11 London Crescent, was driving the car which struck Church down and is held by the police.

CHARGED WITH FORGERY.

Beryl Stephenson, Detroit, was last night arrested, charged with forgery. She is alleged to have forged the signature of Fred George, 14 McKenna crescent, to a mortgage of a house and sold it for \$3000.

SEIZED THREE BOTTLES.

Ryan Sokolwitz, 55 Murray street, was arrested last night by plainclothesmen Foster and House, charged with selling whiskey. The plainclothesmen seized three bottles of whiskey in the house.

MEAT INJURIOUS TO THE KIDNEYS

Take a Tablespoonful of Salts if Back Hurts or Bladder Bothers.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak in an inspiring address by most Ex. Comp. Ponton to the great appreciation of the Bro. S. Hunt, violinist; Bro. J. H. Cameron, elocutionist; Bro. George Davidson, soloist, and Comp. Burt Spence, pianist.

BAPTISTS THROG TO MASSEY HALL. Mass Meeting Hears Glowing Reports of Sunday School Work.

The Baptist mass meeting in Massey Hall last night was attended by a large gathering who took part in the song service led by a choir of Sunday school pupils, under the direction of C. W. Croft. The National Anthem was followed by the singing of "All Hail the Power of Jesus' Name," and a devotion by Bro. S. J. Moore, superintendent of home missions, officiated.

DETECTIVES RAID CITY POOL ROOMS

Five Arrests Made—Wanted Man and Several Revolvers Found.

Detectives and plainclothesmen raided all pool rooms on an open street from Spadina as far west as Bathurst street last evening. Five arrests were made and three revolvers taken possession of by the police. As the police entered the pool rooms they lined all of the inmates against the wall and searched them. They were found to be carrying loaded revolvers, and they were locked up. Three young men in a west-end pool room were taken to be wanted by the police, and were taken into custody.

Inspector of Detectives Gaultier had all his plainclothesmen assemble at 4 o'clock yesterday afternoon in the women's court room for instructions. He was detailed to certain places, the men started out to search the sections assigned to them.

Refused His Name. Leo Martin, Church street, was arrested by Detective Jack McCormick, with carrying a loaded revolver. Martin was arrested in a Queen street pool room, and was questioned by the police. He refused to tell his name until he was taken to headquarters.

William Riley, 374 Euclid avenue, Jamaican, was caught in a pool room with a loaded gun. He was allowed out on bail for night. Plainclothesman Sullivan arrested Hattery.

Vincent Griffin was arrested in a west-end pool room by Detective Nicholas. Griffin is wanted for perjury in St. Catharines. The charge arose out of evidence given by Griffin at inquest. Ernie Connors, Dovercourt road, and Robert Cowan, no home, were locked up on charges of vagrancy. Nicholas is investigating a case against these two.

Plainclothesman Greenlee searched a colored club on Duncan street last night and found a loaded revolver in a bureau drawer. The gun was seized, but no arrests made.

WESTERN PAPERS MAY CLOSE DOWN

Paper Company Suspends Shipments to Canadian Consumers.

It is learned here that one Winnipeg daily newspaper is likely to suspend publication tomorrow, while another, even with marked reductions in the number of pages, will be able to hold out only until Tuesday, as a result of the Fort Frances pulp and paper company again suspending shipments of newsprint to its Canadian customers. Newspapers in Regina and Saskatoon are also in a very precarious position as to paper supply, and, unless shipments are resumed almost immediately, most of the daily newspapers in Manitoba and Saskatchewan will have to suspend publication. All of these newspapers get their supply from the Fort Frances Pulp & Paper Company. That company discontinued shipments to Canadian consumers on Jan. 3, resumed them on Jan. 5, and discontinued them again on Jan. 7. No paper has been shipped by the company to Canadian newspapers since the last-named date. The Fort Frances Company is sending all of its output into the United States, and is getting unheard-of prices, owing to the shortage of newsprint in that country. The company was ordered some time ago to consign fifteen per cent. of its production to Canadian consumers.

Orient Chapter Royal Arch Masons Hold Annual Convocation

The regular convocation of Orient Chapter Royal Arch Masons was held Thursday night in the Riverdale Masonic Temple under the most favorable circumstances. The visit was received from Most Ex. Comp. Lieut-Col. W. N. Ponton, K.C., grand first principal of the Grand Chapter of Canada, who was accompanied by Rt. Ex. Comp. H. T. Smith, grand scribe; E. and V. Ex. Comp. S. P. Ward and Rt. Ex. Comp. W. S. Milne. The first principal of the chapter, Ex. Comp. D. S. L. MacDougall, extended the welcome to the distinguished guest, who was enthusiastically received by the large number of members and visitors. The H. R. A. degree was conferred in the evening, the officers, with full musical ritual by members of the Eastern District Masonic Choir. The sister chapters were represented by Ex. Comp. G. Varty and Ex. Comp. F. D. Hunt, King Solomon's; Ex. Comp. W. J. Armstrong and Ex. Comp. F. C. Dann, Antiquity; Ex. Comp. W. H. Cunningham and Ex. Comp. D. Reid, Beaches; Ex. Comp. Dr. W. H. Wright, Toronto, and many other companions.

At the banquet table the toast of the evening, that of "The Empire," was ably proposed by Rt. Ex. Comp. Milne, and responded to in an inspiring address by most Ex. Comp. Ponton to the great appreciation of the Bro. S. Hunt, violinist; Bro. J. H. Cameron, elocutionist; Bro. George Davidson, soloist, and Comp. Burt Spence, pianist.

Announcement Fascinating Cotton Crepe Underwear Made in Japan

To enable our out-of-town customers to take advantage of the benefits of shopping in a Store whose pride for over sixty-six years has been service and reliability, we have opened a SHOPPING SERVICE BUREAU, which we hope will help solve the many problems confronting those unable to shop personally.

The redecoration of the home may be under consideration; if so, consult the Bureau as to choice of papers and draperies—or it may be that a new piece of furniture is to be purchased with the Christmas cheque.

Perhaps the children in returning to school need something additional to their wardrobes, a new suit for the boy, or underwear for the growing girl.

Debutante daughter's dresses have doubtless lost their first freshness of fashion and require a few touches to brighten them. A tulle scarf, a piece of cobwebby lace, or one of the pretty conceits now so popular in the dress accessories, will often transform a dress. Sparkling buckles for the evening slippers add a note of lightness.

of his church. His position would, therefore, in some measure, correspond to that of the Pope in Rome after he had been divested of his temporal power.

ITALY'S TURKISH POLICY. Rome, Jan. 9.—Dealing with the Turkish question The Giornale d'Italia says: "The Turkish people must have the right to exist, and develop and the Christian powers must not exploit and oppress them. Turkey must not become the booty of the great powers which have the audacity to accuse Italy of imperialistic tendencies."

"Italy's policy toward Turkey must be one of frank friendship, altho we must defend our national interests and prevent a disturbance of equilibrium in the eastern Mediterranean. In the question of the future status of Constantinople, Italy is greatly interested. The straits of the Dardanelles must not be a monopoly of any great power, nor an instrument of blackmail in the hands of a Turkey we cannot trust. It is desirable that the sultan retain his spiritual and temporal power, exercising it from Stamboul, but it is necessary for us to have guarantees relative to free navigation into and out of the Black Sea."

An excellent suggestion has been made in connection with the dangers to which policemen and householders alike have been subjected recently.

These dogs are in extensive use in Europe, and fill a place which nothing else can take.

Holding Up the "Hold-Ups."

A good deal of credit goes to the police constables who effected the captures on Thursday evening of several of the hold-up men who have been making some citizens nervous during the past few weeks.

There has been a disposition in some quarters to blame the war, and by inference to saddle our returned men with the onus of these hold-ups.

to disgust them with such methods, and they must have imbibed enough respect for their country and themselves in the cause to which they were dedicated to avoid such temptations.

Criminals of the type that plan and carry out robberies, such as we have had, are usually men who dislike honest work and the drudgery that accompanies it.

It is to be noted that young criminals are more dangerous than more experienced, older men. They are simply more ignorant, have less control of their passions, and greater conceit.

Teachers' Salaries.

It is now the teachers' turn to present their case. Since the war began there are many classes of people who have had no increase at all in their salaries.

Tweedie, minister of agriculture, announced today that the provincial government would regulate the dates of exhibitions receiving grants from provincial funds so as to prevent clashing of dates amongst the principal fall fairs, including at Fredericton, St. John, Woodstock and Chatham.

Two-Party-line Telephone Service

THE necessary curtailment of new construction during the war, followed by the unprecedented development since the armistice, have resulted in a serious shortage of facilities in many of our City exchanges.

In order to utilize our equipment to the best advantage and to avoid refusing service to anyone, it is necessary to encourage the development of what is known as two-party line service for residence purposes.

In the minds of many, the term "party-line service" is associated with the constant ringing of the telephone bell on calls for the other subscriber on the same line.

COL. O. M. BIGGAR AT AERO CLUB

Head of Canadian Air Board Prophesies Great Future for Flying.

A COSTLY AFFAIR

Col. O. M. Biggar of the Canadian Air Board and other prominent aviators spoke at the dinner given by the directors of the Aero Club in the King Edward Hotel last night. The other speakers included Col. Leckie, who has just returned from London, England, where he was engaged by the British air ministry, and Professor A. B. Macallum, chairman of the Research Council of Canada.

Col. Biggar spoke at considerable length on aviation generally, and more particularly Canada's part in the development of it. Far too much was expected of the government, and aviation will get on slowly, he said, if the government is to be the only source of assistance. The present financial position of the country is not favorable enough to allow of large advances for aviation. Flying he said, entailed an enormous expense, so great that Great Britain has been compelled to reduce her air force to only 20 squadrons. Later, Col. Leckie said that the cost of maintaining a single squadron was one million pounds. Since the Canadian Air Board had become a unit last June, air regulations had been enacted and approved of this week by the governor-general. Included among them are the regulations providing for the registration of every flying-craft. All aircraft stations must also be registered, and every pilot, whether private or commercial, must have a certificate. Private air-planes need not be registered, he said, but every machine and station is liable to be commandeered in war time. Rules of the air regarding lights, roads, signals, etc., had also been provided for.

A Great Future.

The air board, the civil unit, will work in conjunction with the government in such a way as to provide an air force in war time. Col. Biggar predicted a great future in aviation for Canada, but reminded those present that a great deal of work had to be done, and that civil flying was different from military flying.

With reference to the reduction of the Royal Air Force, Col. Leckie said that the twenty squadrons kept in the regular British service are not up to full strength. Large training schools have been opened in Europe, but no provisions have been made for a reserve. For some time, he said, he had been trying to get machines and equipment from the British War Office for Canada, and at first had some difficulty, but now the difficulty was all the other way. Great quantities of material worth \$7,000,000 worth of machines and equipment to Canada gratis, and was willing to give more, but they could not be used. Aviation, he said, will play a great part in opening up northern Canada.

Prof. Macallum said that the research council had been authorized to select an advisory committee on scientific problems of aviation, which were the principal problems in connection with the work. He was interested in the production of helium gas, which, he said, there was enough in Canada, if it could be obtained, to supply the British Empire, and replace the hydrogen now used in rigid airships. He would not care to prophesy to what ends aviation would reach, he said. It might abolish war.

Convention Planned.

Later a resolution was passed to hold a convention of all the flying organizations in Canada in Toronto by March next, in the endeavor to amalgamate them into one unit. Nearly all the present promised financial assistance to the club in their work.

Several other flying men were present from London, Winnipeg and other points, among them Captain L. E. D. Stevens of Toronto, a pioneer in Canadian aviation, and Professor Macallum of the Maritime Provinces and the eastern air line.

Captain A. T. Hember acted as chairman in the absence of Col. Barker.

SOAP TOO TEMPTING.

Charged with theft of a box of soap containing 120 bars, Thomas Lynch, 839 West Durdax street, was last night arrested by Policemen Creates. The soap was in front of Forrin's store at 88 West Queen street, and Lynch is alleged to have picked it up and carried it home.

Harper, customs broker, 39 West Wellington street, corner Bay, Adelaide #682.

Of Five Peterboro Murderers, Three Reprived, Two Will Hang

Peterboro, Ont., Jan. 9.—The death sentence in the case of Samuel Zaluski, Philip Rotinsky and Alex. Martiniuk, who, with Thomas Konek and Michael Bahri, were recently convicted and sentenced to be hanged for the murder of Philip Yanoor in June last, has been commuted to life imprisonment. The sentences of death on Konek and Bahri will be carried out on Wednesday next. Word to this effect was received late this afternoon from Ottawa.

Confiscate Private Fortunes To Buy Food for Austria

Vienna, Jan. 9.—It is expected by the Austrian government that 12,000,000 crowns will be realized from the partial confiscation of private fortunes. This amount will be used in payment for food and raw materials purchased in foreign countries.

Dr. Heusch, minister of finance, making a report on the financial situation to the national assembly today, said he hoped soon to obtain a loan of 30,000,000 crowns from Holland. This will be used to buy food.

WIRELESS STATION THE MOST POWERFUL

Structure at Bordeaux Completed and Apparatus to Be Installed in Spring.

Bordeaux, Jan. 9.—Construction work on the giant Lafayette radio station being built here is finished and installation of the electrical equipment will be completed next spring. It is announced. This will be the largest and most powerful wireless station in the world, according to naval authorities. Construction of the plant began about two years ago.

The aerials of the station are swung upon eight steel towers, each about 900 feet high, almost equalling in altitude the famous Eiffel tower in Paris. It is expected that the station will be of such power that any amateur or professional station in the world, regardless of static conditions, will be able to pick up its transmissions. The electrical installation is entirely modern and the station conceals secrets that the French government is guarding closely. No one is allowed enter the plant except the trusted men who are at work there.

HAIG TO BE APPOINTED CONSTABLE OF TOWER?

London, Jan. 9.—Rumor has it that Field Marshal Earl Haig will be appointed to the decorative post of "constable of the Tower of London," which has become vacant thru the death of Field Marshal Sir Evelyn Wood. This position dates from the days when the tower was a residence of the Kings of England. The uniform worn by the constable on state occasions is one of the most magnificent and showy in the kingdom.

Possession of Cent Proves Open Sesame to Police Cells

Montreal, Jan. 9.—The possession of a cent proved the open sesame to the police cells early this morning in the case of two men charged with theft. One of the men found the coin in the lining of his waistcoat and proceeded to try the lock of the cell door with it. He found he could lift the catch; the door opened and the two prisoners made an easy getaway. Nothing was known of the escape until the turnkey made his rounds some six hours later.

Properties For Sale.

\$6,000,000 NET FLORIDA. THIS LARGE amount above picking, packing, shipping and selling expenses, was received last year by the orange and grapefruit growers of Polk County.

Lakeland Highlands. IN THE WARM, sunny hills of Polk County, 300 feet above the sea, is the ideal location in all Florida, 3,500 acres now planted, many of the groves now bearing—for the price of a modest home in the north you can own a 10-acre grove, which in a few years will give you a comfortable income, live in the land of perpetual June and enjoy motoring, golfing, boating, bathing and fishing every day of the year.

Co-Operative Scientific Care. YOU DO NOT have to live in Florida unless you wish, nor do you require to know anything about citrus culture—a Co-operative Association of grove owners, incorporated in the State of Florida, will take care of you, and you can do it yourself, even if you know how.

Come and See for Yourself. COME to Lakeland Highlands with me on January 16th; spend a few days at our beautiful Country Club as my guest, be just as curious and skeptical as you like—if you do not think it is the best investment you have ever seen—do not live—you will not regret it, and you will be under no obligation whatever. Call or write for full information.

Clifton Porcupine

Previous to the incorporation of this Company, Mr. H. B. Hatch, a well-known mining engineer and geologist, with long experience in Porcupine and other gold mining districts, in reporting on the property owned by the Clifton Company, said:

"The values shown by careful and assaying of the present uncovered ore chute on Vein No. 1 are the highest the writer has encountered in several years' experience in gold camps. The physical characteristics of the vein and ore body, together with the known persistence of veins in similar formations to depth, lead the writer to the opinion that the chances of both vein and values persisting to depth are extremely good.

"With these facts in mind, the writer strongly recommends the purchase of the property. In my opinion this is the best undeveloped prospect in the Porcupine area, and there is no doubt in my mind but that here is a prospect that will surely develop into a paying mine."

Expectations Realized

Since the incorporation of the Clifton Company, several hundred feet of underground development has been carried out. This work has proven that veins and values do extend to depth.

The preliminary financing of the Company is practically completed. Less than 40,000 shares of the original treasury issue remains to be sold.

If he's a live wire

His mother will know it in a score of ways. One minute there'll be a far-away, muffled shout in the attic. The next, the boy may possibly be seen sliding past an upstairs window on a rope from the roof. He and the dog go on long pilgrimages together, scrambling through bushy hedges, crawling under fences, and both coats are pretty shaggy by suppertime.

"He's a terror on Clothes"

declares his mother, partly in pride and partly in sorrow. She wants a real boy, and yet she wishes clothes "wouldn't wear out." Wants to see his cheeks red from scuffling and climbing and running, and yet wants an almost "boy-proof" suit as well. She may have both. Our

Boys' Clothing Dept., Second Floor

has studied the question of durability, of workmanship, of reinforcement in places it is needed, of modish style, of grip-fast buttons, and of satisfaction to the boy and his mother. If he wears a Simpson suit, red cheeks and romping may be encouraged. For the "wear" is in Simpson clothing.
