## Test for Visual Acuteness.

Defects of eyesight requiring correction by the use of spectacles are purely mechanical and can be so corrected by the proper adjustment of perfectly made lenses that their effects will be entirely obviated. This print should be read easily at fifteen inches from the eyes. If you cannot do so you should wear spectacles. It does not pay to buy cheap spectacles. They distort the rays of light, disturb the angles of vision, cause pain and discomfort and injure the eyesight. When it is necessary to hold work or reading matter further than fifteen inches from the eyes in order to see distinctly, it is a sure sign of falling vision, and such annoyance, discomfort and pain will be prevented by having a pair of glasses fitted.

On examining the eyes in the Dark Room by the objective methods of Retinoscopy and Ophthalmoscopy we frequently find eye trouble due to an irregularity in the shape of the eyeball, which renders vision painful and difficult, and it is only by holding the reading near the eyes and this way getting a magnified image that they are able to see.

Such patients can be given little, if any, benefit by ordinary lenses, but require to have Lenses Specially Ground to suit their requirements. The relief obtained from wearing the latter lens is, in many cases, wonderful. Vision becomes easy and clear, and the freedom from headaches and other nervous afflictions follow as a consequence.

It is not wearing Spectacles but it is advice.

and 1909-10 may be seen at the  
Museum at Pleasant Street.~~

## UNION PUBLISHING COMPANY

OF INCERSOLL,

PUBLISHERS.

## PREFACE.

In presenting to our patrons our eleventh Directory of the City of St. Thomas we hope it will meet with their approval. A thorough canvas of the city has been made, and every effort used to obtain the name of every person who should be represented in a City Directory.

Mistakes will occur, but we are confident that no more thorough canvas of the city has ever been made.

We have aimed to make our work a fit representative of the public spirit and importance of the City of St. Thomas, and an accurate and complete guide to all public places, business locations and private residences of the inhabitants of the city.

THE CLASSIFIED BUSINESS DIRECTORY is a complete mirror of the business interests of the city, and represents it to the outside world only as a business directory can.

THE MISCELLANEOUS DIRECTORY furnishes a large amount of information useful to strangers.

Thanking our patrons for the liberal patronage bestowed on our work we remain,

Yours Respectfully,

THE PUBLISHERS.

## THE PHENOMENAL SUCCESS

OF THE STUDENTS OF THE

*St. Thomas  
Business College*

During the last eight months is evidence of its superior course of training. Sixty-five per cent. of all who tried the examinations of the Business Educators' Association of Canada were successful.

Thirty-five students have lately secured good positions. Real merit, elegant appointments, thorough instruction, satisfactory results, honorable dealings and promises fulfilled have won for it a reputation that guarantees the future prosperity of this institution.

Write for catalogue.
