SEVENTH ANNUAL REPORT

OF THE

Province of Quebec Rifle Association.

The Report of the proceedings of the past year shews, that the work and object for which the Association was formed, was carried on efficiently and successfully. The number of Competitors at the Annual Matches, shews a slight decrease from the previous year. The number of entries in 1874 was 1117, in 1875 1054, a decrease of 63. The number of Affiliated Associations is less than the previous year, in 1874 the number was 22, in 1875, 18.

The Competitors were from all parts of the Province, a goodly number were from Ontario, and there were several Riflemen from New York. The attendance of Competitors from Ontario and other Provinces year after year, shews that the arrangements and mode of conducting the matches, gives good satisfaction, and the repeated visits of well known and expert Marksmen from a distance gives confidence and encouragement to the Executive Committee in their work.

The Prize List was kept up at about the same value as in 1874 the number of Prizes were 231 being an increase of 4, total value \$2282. The policy of making the Prize List as large as possible, has been found by experience to be the wisest in the interests of the Association.

The Ranges were as usual in as perfect order as could be expected; the constant renewal of the Butts and stands costs.

money, but the expenses were curtailed, and in most items are below that of former years. The expenses of repairs to the Ranges cannot be avoided. The Treasurer deserves thanks for the painstaking manner in which he managed his Department and attended to the interests of the Association.

The Markers Register Keepers and other Range Officers cost a considerable sum, but the importance of rapid and accurate *marking* and reliable *register keeping* is too great to be overlooked, money would not repay loss of our fair dealing with all Competitors.

The Dominion and Provincial Government Grants were received as before, but the Treasurer's statement shews a falling off in other subscriptions. The Committee thought it best not to take up subscriptions in the City last year, as the Friends in the City had been asked for support during so many consecutive years, and so little had been received from the Country; but we are glad to report a first contribution of \$55 from the Eastern Townships, by the hands of Capt. W. B. Boyd to whom our thanks are due; we hope this example will be followed by other Districts. The Treasurer's statement shews clearly that our Funds are getting very low, that the balance on hand this year is small. But future prospects are encouraging. Some new Regimental Rifle Associations have been formed, and others are working with renewed vigor. Rifle Practice in the City Corps and throughout the District, bids fair to be carried out this year with new life. A number of our affiliated Associations have affiliated with the Dominion Association, and one—the Montreal Rifle Club,—has affiliated with the National Rifle Association, and has received from the latter the Silver Medal which will be competed for at its next Matches.

A goodly number of our members attended the Annual Matches of the Dominion Association at Ottawa last year, and were highly successful. In the Competition for places on the Wimbledon Team, four of our members viz., Quarter Master Cleaveland, 54th. Batt., Ensign Wright, 50th. Batt., (second

The cheaper rate at which Ammunition can now be obtained will no doubt encourage Rifle Practice.

His Excellency the Governor General, to show the deep interest he takes in Rifle Practice, has kindly offered a Silver and a Bronze Medal to be competed for at the Provincial Matches, annually, as long as His Excellency remains in Canada; these Medals will be competed for at our next Annual Matches.

A letter was received from Col. Gildersleeve Secretary of the National Rifle Association, New York, dated 6th December 1875, inviting the Quebec Provincial Association to send a Team of eight, to compete at the Matches to be held in honor of the Centennial Anniversary of American Independence: Prize, "The Championship of the World" in the shape of a "Trophy" presented by the citizens of the United States, Ranges 800, 900 and 1000 yards.

A meeting of the Executive Committee of the Quebec Provincial Rifle Association was held on the 17th February last, to take this invitation into consideration, after some discussion it was unanimously Resolved, "That it is undesirable for the Province of Quebec to attempt to raise a Team of eight small bores to compete at Philadelphia, but should the Dominion of Canada Rifle Association determine to send a Team, this Province will co-operate with it."

A copy of this Resolution was sent to the Secretary of the Dominion Rifle Association, and one to the Secretary of the National Rifle Association, New York.

A copy of a letter was received lately from the Treasurer of the Dominion Rifle Association, written by the Secretary to the President of the National Rifle Association New York, to the effect, *that had the invitation to represent the Dominion of Canada been confined to the Dominion Rifle Association the Council would have made every effort to select a Team worthy to represent the*

Dominion, but as the Council learn that similar invitations have been sent to Provincial and other Associations, they do not see their way to making a selection of marksmen to represent the Dominion apart from those who may be selected to represent Provincial and other Associations. It will be seen from this letter that the Dominion R. A., declines sending a Team, it is therefore open to any of the Provinces to send a Team.

As the new Wimbledon target is now used at the Dominion Matches at Ottawa, it has become a necessity for our Association to use them at the next Annual Matches, the old target plates can be used for the new scoring.

All of which is respectfully submitted.
