LOST-A BOY

Not kidnaped and hidden away to weep and starve and rouse the city to frenzied searching—were that the case 10,000 men would rise to the rescue if need be.

Unfortunately the losing of the boy is without any dramatic excitement, though very sad and very real. The fact of the matter is, his home life was not what it should have been—something was amiss, and the boy drifted and drifted until lost. Almost every day on the way to your office you pass such a boy—a boy drifting for the want of proper companionship and training.

In making your contribution to the Y. M. C. A. on Wednesday next, specify that you want just such a boy given membership in the Association, for you will have that privilege and a wonderful privilege it is. Think of being able to look after the poor boys of the city in this way. For instance if you subscribe \$50 you can say to the Canvasser, "I want ten poor boys looked after," naming them yourself or leaving it to the Association to find them.

Be as generous as you can, for \$8,500 is badly needed.

EDITOR IS THREATENED.

Los Angeles, March 8.—An "infernal machine," so arranged that when it was opened three firecrackers exploded, was received by "Al" Murphy, editor of the Beverly Hills News, at Beverly Hills, a suburb, according to his report to the police.

The only damage was the blistering of Murphy's hand by the explosion of the firecrackers. Inside the contrivance was a note, reading: "The hour at which you must make your decision has arrived. Lay off the ammunition stuff or our next move will be T.N.T." (Signed) "K.K.K."

Murphy has supported a plan to annex Beverly to Los Angeles.

AMERICAN BIRTH RATE DECLINES WHILE DEATH RATE INCREASES

Washington, March 8.—A decline in the birth rate and an increase in the death rate during the first nine months of 1922 were shown in provisional Census Bureau figures made public today by the Department of Commerce.

The mortality rate ranged from 7.8 in Idaho to 14.8 in Maine and averaged 11.7 in the States from which statistics were taken for each 1,000 of population in the period, as compared with an 11.6 average in the same period in 1921.

Births on the other hand ranged from 18.3 per 1,000 of population in the State of Washington to 30 in North Carolina, and averaged 22.8 in the first nine months of 1922, as compared with an average of 25 in the same period in 1921.

FIGHT IN VESTRY DELAYED SERVICE

Deacons and Sunday School Superintendent Held for Attack on Pastor.

St. Louis, March 8.—While the congregation of the Franklin Park Baptist Church, East St. Louis, waited for the morning service to begin yesterday their pastor, two deacons and the Sunday school superintendent were engaged in a scuffle in an ante-room, which resulted in the arrest of all combatants except the pastor.

The Rev. Grover C. Cross, thirty-eight years old, pastor of the church; Luther Shelby, teacher of the Sunday school; and Deacon Ora Perry, Sunday school superintendent, gave their versions of the dispute. The last-named three are held on bond charged with disturbing the peace.

The men entered his study while he was composing his thoughts for the morning service, the minister said, and questioned the manoeuvre by which Shelby recently was removed as teacher of a Sunday school class. He wanted them to leave the door open, Mr. Cross said, but Ballard shut it and braced himself to bar exit from the room. Then they pushed the pastor into a pile of chairs and hit him several times, he told the police.

The accused church members denied any act of violence against their pastor. Shelby said that Mr. Cross complained to break up his Sunday school class of boys and girls. The pastor divided the class into a girls' class and a boys'

THE ENEMY STILL ACTIVE.

The citizens of St. John and the members of the City Council who are the guardians of their interests must not forget for a moment that there is a well-organized group of profit-seekers whose members are still determined to prevent, to the limit of their ability, the city from getting the full benefits of hydro.

The purpose of all this is plain. It is to discourage and deceive the people and cause them to hesitate, since he who hesitates is lost. Every delay at City Hall is highly satisfactory to this group.

The city need have no fear that it cannot command the market in due time, and it can do so without raising the rates or asking one cent from the taxpayers.

THE DRUG HABIT.

The startlingly large number of persons in the United States and Canada addicted to the drug habit has directed attention very sharply to the question of how best to deal with them.

manhood and womanhood lost and their minds affected."

Mr. Hamilton said that 50 per cent. of the addicts treated at Riker's Island sanitarium were cured, and the percentage would be larger if those who left the island were removed from their former environments and the influence of their former fellow drug users.

"What is to be done about the narcotic drug problem? Competent medical and administrative authorities estimate that between 1,000,000 and 2,000,000 persons in the United States are suffering from some form of opiate addiction and that their number is increasing steadily.

At present, we are told, the law is such in the United States as to hamper the physician in the exercise of his professional judgment and must be changed, and the Tribune adds:

"With the restoration of the sufferer to the care of the family doctor the drug peddler's market will be automatically destroyed and the peddler himself eventually eliminated.

A KEEN ANALYSIS.

In an article on prohibition, in the Boston Herald, Dr. W. A. Evans, referring to the "tide of anarchy which reaches into levels of society that ordinarily are solid for the existing order," makes this significant remark:

WHAT'S WHAT

By Helen Doole

Rude children advertise to visitors the fact that they are merely the Junior members of an ill-bred family.

It is the mother's duty to introduce the children to the world after an exchange of greetings, to send them away to play or to study. If it is evening, the little ones should have been put to bed before the arrival of the visitors.

But ever by the broad and sloping shore, Where sea birds wheel and sweep above the water, And craggy rocks jut upward from the sea;

At that it was not until they had made certain that no masculine beauty contest was on that Phil and Gus and Hank felt free to hunt up a spanking pig.

"It said the beauty contest would open at two p. m. on the Princess Cole at that time as her father, having been an awful time when we bustled into the arena. The judges were made up of three women in the show."

LIVELY VETERANS.

The Maritime Provinces have some lively veterans. Mr. Evans, leaving in 1896, and Finance Minister of Canada from 1896 to 1911, is again in the latter position, and full of vigor.

WORKERS' EDUCATION.

An English Experiment That Is Working Satisfactorily.

New York, March 6.—In connection with its studies of labor and industrial education developments abroad, the National Industrial Conference Board, 10 East Thirty-ninth street, has obtained information covering an unusual educational experiment being conducted by the National Alliance of Employers and Employees.

"As far back as 1911," the board says, "the National Industrial Conference Board was given under the auspices of the London School of Economics and Political Science, and the lectures were given in 1912, 1913, 1914, 1915, 1916, 1917, 1918, 1919, 1920, 1921, and 1922."

"To make sure that no suspicion of propaganda attached to the first course, the lectures were conducted as far as possible under the auspices of the London School of Economics and Political Science, and the lectures were given in 1912, 1913, 1914, 1915, 1916, 1917, 1918, 1919, 1920, 1921, and 1922."

"The purpose of all this is plain. It is to discourage and deceive the people and cause them to hesitate, since he who hesitates is lost. Every delay at City Hall is highly satisfactory to this group."

RECENT DEATHS
William Arthurs.
The death of William Arthurs, a well-known and highly respected resident of Long's Cove, King's County, occurred at his home Tuesday afternoon. He was eighty-two years of age. He leaves to mourn his loss, a wife, three sons and three daughters. The sons are Joseph, of South Bay; Walter, of Bayswater, and Ernest, at home; the daughters are Mrs. J. W. Buckley, Long's Cove; Mrs. F. McCuskey, Three Hills, Alberta; and Mrs. A. Long, of this city. Twenty grandchildren and ten great-grandchildren also survive. Much sympathy is extended to the family in their bereavement.

Henry F. Barrieau.
Henry F. Barrieau of Moncton died yesterday. He was born May 31, 1854, at Carleton, Bonaventure County, Quebec. In October, 1877, he entered the railway service at Campbellton, N. B., running between that place and Riviere du Loup. From that year until May 31st, 1914, he remained continuously in the service, being retired under Provisional Fund provisions after thirty-four years and eight months' faithful service. He was a member of the Knights of Columbus, Moncton Council 180, and of the Order of Railway Conductors.

Mrs. Olivia McAfee.
After a short illness the death of Mrs. Olivia Jean McAfee occurred at her residence, 16 Princess street, on Wednesday. Mrs. McAfee was born in Kings county, but had resided in St. John for the greater part of her life and was in her eighty-first year. The funeral arrangements had not been completed last night.

Hon. Albert Gayton.
Yarmouth, N. S., March 8.—Albert Gayton, aged 83, former commissioner of mines and public works in the Nova Scotia Government, died yesterday after eight months' illness. He sat in the Nova Scotia House of Assembly from 1871 until 1899, and held the Mines and Works Portfolio from 1878 until 1890, when he retired to accept the position of Registrar of Deeds for Yarmouth County. He retired about a year ago. He was known as a strong temperance advocate.

Captain Allan Lewis.
Captain Allan Lewis, formerly of Esquimaux, died at the home of his son, George, at Loggieville recently at the age of eighty-two. He leaves one son and five daughters. Mrs. William Arthurs of this city is a daughter.

Rev. Joseph Allaby Pyno.
Joseph Allaby Pyno, B. A., of Central Grove, Long Island, Digby Co., N. S., graduated from Acadia University in 1922. Pastor of the Lower Aylesford church he was promoted to the endowment life February the 8th. The countryside was shocked and amazed when the news went over the wires that he had passed on. He was thirty-one year of age, of magnificent physique, pleasing manner, bright intellect.

TRAFFIC BROUGHT TO A FULL STOP BY HEAVY STORM
Howling Blizzard Rages Over Maritimes and Northern New England—Snow Blocks Street Railways—Three Dead in New York.

A storm, in many respects the worst of the winter, struck New Brunswick and the northern New England States yesterday, tying up shipping, trains and other traffic and making pedestrian traffic slow and arduous. A total of six inches of snow, mixed with soft hail and ice, fell during the blizzard and the wind averaged 40 to 48 miles an hour from the northeast and north. All the railway traffic from St. John was held up for hours. The trains stalled were the outgoing Halifax, past Hampton; the incoming Halifax, at Penobscot; the Valley from Fredericton, at Grand View; the outgoing Montreal, at Bentley street crossing; the 5:10 to Fredericton, the 6:48 for Boston and the second Montreal, in the station. The Maritime express left at 9:45 with a heavy engine and plow ahead. The Sussex express and the midnight for Halifax were cancelled.

Street Cars Stopped.
The telephone system was practically unaffected. The street railway service was stopped about 4:30 o'clock and all but three cars were taken to the shops. One on the Glen Falls, one on the East St. John and one on the west line were caught and had to be left on the tracks. Sweepers were run all night and a partial service was restored this morning.

Along the Coast.
At Eastport, St. Andrews, St. George, St. Stephen, Black's Harbor, Fredericton, Chamcook, Yarmouth, Digby, Moncton and other places the storm was said to be the worst, in many ways, of the winter. All reported high northeast winds with snowfalls from six inches to two feet in depth. Fears which were entertained yesterday on account of the possibility of the bay ice going out before the blow did not materialize. Train services were tied up on all lines and Moncton reported that all were either stalled or behind time.

In New England.
At Boston the storm was so bad that trains were late, shipping was stopped and schools had to be closed. Many vessels anchored off the coast and rode out the storm rather than trying to make harbor. The schooner Augusta G. Hilton was driven on Martha's Vineyard.

Three Dead in New York.
Three persons were dead and one was dying in New York as a result of the heavy storm there. Two of the dead were found in snowbanks and the other was killed when he slipped from the icy platform of a train. The night express from Boston jumped the rails at an icy crossing and was held up and city traffic was slowed by the snow in spite of the efforts of a force of 10,000. Six and one-half inches fell.

VETERAN SKATER.
One of the interesting pioneer figures of the Niagara Peninsula is Wilson Chambers, who at the age of seventy-three, made his annual skating trip recently from his home at River Bend to Welland, for the fifty-fifth year. Mr. Chambers completed the trip along the Chippewa River in half an hour. Mr. Chambers uses an old pair of Dutch skates, the steel blades fastened to board foot rests and with big curling fronts. The skates have been in the Chambers family for more than a hundred years.

CUSTOMS HOLD UP SILK AT BORDER
Montreal, March 8.—Silk in bolts packed in a trunk which had traveled its baggage in bond has been detained by officers of the preventive service here, and forwarded to Ottawa for investigation. The value of the silk is stated to be between \$2,000 and \$3,000. For some time past the customs service here has been busily engaged in investigating the smuggling of silk across the border.

FRICK LEFT ESTATE TOTALING \$2,953,552
New York, March 7.—Following the court decision that Henry Clay Frick was a resident of Pittsburgh when he died on Dec. 2, 1919, and that only his real estate and personal property in this state are taxable here, an appraisal of the New York estate was filed recently. It shows that while Mr. Frick left a total estate of \$2,953,552, only \$20,832,905 was taxable in this state. The report shows that the total of legacies was \$58,899,975 and the net estate \$22,998,726, leaving a taxable estate of \$23,958,737. The residuary estate is divided into hundreds and the share of the residuary legatees includes Harvard College and Massachusetts Institute of Technology with 10 shares each, which is \$2,400,000 for each institution. Of course, taxes will be deducted from these amounts.

To Free Your Arms Of Hair or Fuzz
(Boudoir Secrets)
No toilet table is complete without a small package of deLatoe, for with it hair or fuzz can be quickly banished from the skin. To remove hairs you merely mix into a paste enough of the powder and water to cover the objectionable hairs. This should be left on the skin about 2 minutes, then rubbed off and the skin washed, when it will be found free from hair or blemish. Be sure you get genuine deLatoe.

All Women's Walk-Over Lace Boots
Values from \$10.00 to \$15.00, without any exceptions, have been placed on sale and marked at **\$5.75**
To Clear
There's Military heels, Cuban heels and Louis heels—in Black and Brown Calf, Fine Kid, White Nubuck and White cloth. Among them there's the "Solace" model, that wonderful comfort fitting last, and also the renowned "Princess Pat" model.
Don't Miss This Opportunity, It's the chance of a lifetime to get the best at less than you usually pay for inferior goods.

WEDDED IN VANCOUVER.
Vancouver World.—The Fairview Baptist Church was the scene of a pretty wedding on Thursday evening when Miss Thelma Audrey Lewis, daughter of Rev. A. S. Lewis and Mrs. Lewis, became the bride of J. Arch McLeod of Estevan, Sask. The ceremony was performed by the bride's father, Rev. A. S. Lewis, and the wedding music was rendered by T. Bonne Miller. The church was beautifully decorated with ivy and daffodils by the Trilliano Club. Sackville Post.—Rev. Mr. Lewis, father of the bride, is well known in Sackville and vicinity. His wife is a sister of B. J. Lawson of Amherst, a native of Westmorland Point. Mrs. Lewis was a resident of Sackville prior to her marriage.

ENGAGEMENT.
Moncton Transcript.—John C. Mitton, Salisbury, Westmorland County, announces the engagement of his youngest daughter, Janice Meredith, to Evan Hopper, son of Mr. and Mrs. Calvin Hopper, Nixon, Albert County, marriage to take place in the near future.

"Open Sesame!" How \$24.75 Finds Fresh Charm in Afternoon Frocks

The one simple price for all—Velleeta, Cantons and Tafeta, springy and sprightly in their newness. One Navy Tafeta is cartwheel right round the skirt hem in circled shirtings with pieced edges. Tiny ones on the short sleeves and a flared tie on both sides of the waist.

A second Tafeta in Navy or Black is crowned by a wide Lace Bertha, small puff sleeves, narrow cordings at the basque waist adorned at left by a rosette of roses and Silver Ribbon with falling ends. The full gathered skirt is again set off in narrow tuckings near the top. Grace and caprice, and the same price of \$24.75.

A Black Flat Crepe, that would also do splendidly for half mourning, has a hand-made flower of self and Lavender at left waist, loose bodice with full open armhole, short slashed sleeves and narrow panels from the hips. The new padded roll sleeve of accordeon pleating distinguishes a Navy Canton. The pleating is repeated on the girdle, corsaged with a touch of Gold and Rose. A Black Canton has Lace Cuffs and Moire ribbon trimmings. Velleeta keep step in color tone in Jade, Cornelian and Old China—skirts are side draped according to Parisian insistence, or there are narrow panels with becoming facings. Still \$24.75.

Thistle-Down Bloomers, \$1.65

The colors also count—Thistle-Down Comf-Nicks in Cerise, Paddy and Navy, for \$1.65.

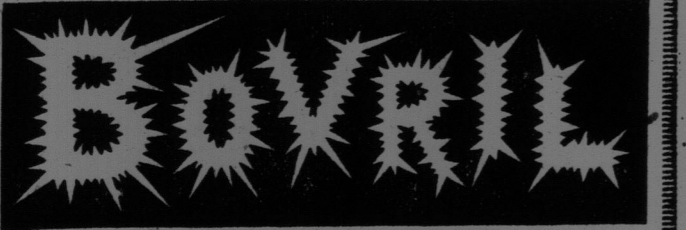

In Silk Petti-bloomers, the inverted pleat is a welcome stranger, gussets are set-in and knees double shirred. Now note tints—Orchid, Rose, King's Blue, Parrot Green, Nile, Sky, White, Brown, Navy and Black. \$4.95.

Silk Tunics or Princess Slips for Afternoon or Evening Gowns have Camisole tops, hemstitched or with Satin straps, and conform to straight lines. Navy, Sky, Grey, Flesh, White and Black. Satin, \$6.35; Habutai, \$5.95.

Straight lines and self shoulder straps follow the Mode again in Sedan Satin Princess Slips. Skirts are hemstitched and once more a reflection of a season of remarkable color strength—Mauve, Sky, Purple, Henna, Paddy and Rose. \$2.75

THE RIDDLE OF THE SPINNING WHEEL

Being An Exploit in the Career of Hamilton Cleek, Detective

(Continued from Yesterday) "Isn't it—isn't it? I can see you have the love of Home and Race in you, too, Mr. Deland, just as I have in me," she responded, with a little happy sigh.

and a tall, gaunt, white-haired old man, with a back like a ramrod and a face of granite, and with eyes that shone like pic-points of steel in the smooth pallor of it, came into the room, followed by a dark-eyed, dark-haired, sallow-complexioned woman with the long nose of the Italian and the brand of the true coquette stamped all over her.

the Three Fishers told you the story yet? He is usually to be relied upon to impart every bit of village gossip within the first five minutes of one's acquaintance."

Cleek threw back his head and laughed. They had entered a long, low-cullaged room, panelled in Spanish leather, with casement windows which gave upon a little walled-in enclosure surrounded by flowering shrubs and white-starred syringa-bushes that sent their pungent odour upon the air in one long waft of perfume.

Where soot and dirt dry and age the skin women depend on this particular kind of cleansing

The fine light oil in Pond's Cold Cream imparts a marvelous suppleness to your skin

THE big cities of the world are the exciting places to live, but women must always fight the harm they do their skin. Unless you use far more than ordinary care, city dirt and soot will surely coarsen and age the skin of your face, hands and neck.

Yet you do not want to roughen your skin with too vigorous washings nor endanger it with heavy clogging creams.

To meet your special cleansing needs Pond's developed this famous cleansing cream.

Does more than cleanse—keeps your skin marvelously soft. The special light consistency of this cream allows it to get deep into your pores without stretching them.

MADE IN CANADA

cream. Instead your face has the beautiful fresh smoothness you like—just the amount of oil your skin needs to overcome the drying influence of soot and dirt. It is this fine lightness of Pond's Cold Cream that makes you definitely prefer it to the heavy creams. Start using it today. The difference in the feel of your skin will charm you.

But this nightly cleansing is not enough alone to counteract the harm of city life to your skin. Now can it give your skin the loveliness you must have throughout the day.

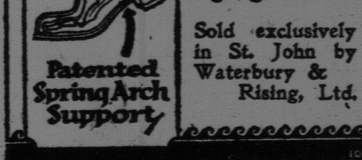

To freshen your skin and to protect it when you are out of doors use Pond's Vanishing Cream. The difference it makes in your skin—instantly—shows how wonderful this cream is for your skin.

Begin today to use these two creams for the care of your complexion. Fifty cents each in jars or tubes at any drug or departmental store. They contain nothing to encourage the growth of hair. The Pond's Extract Company, 146 Beecr Avenue, Toronto, Ontario.

He is generally with Ross." "With Ross?" "Yes, the two are sworn friends. Cyril's heart is wrapped up in Ross, Mr. Deland. He never for one moment suspects what his mother is trying to do—treat Ross's inheritance from him so that he, Cyril, should have it instead. It would break his heart, I think. Wherever Ross is to be found you may be sure Cyril will be there also."

"Next October. And a firm believer in our ghost, Mr. Deland." "Then you have a ghost and all complete?" "Of course. Hasn't Mr. Fairmish of

ed the atmosphere of the place entirely. Wayward fool!" "But it has improved your reading facilities, anyhow, Father," put in Miss Duggan in a quiet, resolute voice. Paula is not nearly so busy nowadays, when you can read your own papers contentedly. "As though I ever wanted to do anything but wait upon him—dear man!" struck Lady Paula reproachfully, and with an arch glance at Cleek which did not go unwarded. "Your father is not so old a man as to be in his dotage. And if there is twenty years between us, Maud, it is hardly kind of you to bring the matter up like this. Perfect love should have no age nor yet youth. It should be as ageless as Eternity, as boundless as the sea, as high as Heaven itself. Are you ready, Andrew dear?"

She bent toward the flattered and fluttered old man with that something in her gesture which has been the gift of every woman of her type all down the long ages since Scylla tempted Ulysses and Charlybols sent his head whirling with her lure.

"You see, Mr. Deland, you see?" she rapped out excitedly, "how she misleads everything we say, and turns it all to her own ends? Oh, how I hate her—hate her! and have done so ever since she first set foot in this dear old home of ours. And Father—did you notice how worn and ill he looks? How his hand shakes so that he cannot steady it? Three months ago his hand was like a rock; his colour was as healthy as yours or mine. And yet your Mr. Narkom would say that a woman's intuition leads to nothing but her own foolish imaginings!" "Hush, my dear young lady—have a care!" threw in Cleek quickly, at the sound of footsteps hurrying toward them, his lips tightening in a way that suggested that he, too, thought there might be "something in it." "We don't want the whole place to suspect my mission. That is our secret, if you please. Now, show me the Castle, if you will—and whatever of interest which you think has bearing upon the case. Where is Lady Paula's son? Does he live here, or is he away at school just now?"

Miss Duggan shook her head. "No—Cyril is a delicate boy, and the doctor has advised Father to let him stay home for a year and just run

SAYS CREEDS ARE ANTIQUATED

Presbyterian Editor Would Write in Simple Language Beliefs Constituting Faith of Their Churches.

(Toronto Telegram.) "While the advance towards a real union of Evangelical communions has been most painfully slow, yet this much has been gained—that almost every Christian leader is now ready to admit that our system of competing denominations is entirely out of harmony with the spirit of Jesus and the spirit of progress, and is daily becoming more intolerable," said Rev. Dr. W. Wishart of Pittsburg, editor of the United Presbyterian, in addressing the World's Presbyterian Alliance, western section, in Bloom street church.

Letter Followed Canadian Through France and Russia.

Harrison, Ont., March 8.—With the envelope tattered and torn and covered with cancellation stamps and forwarding addresses, a letter has reached Sergeant Frank Bingham here. Five Sergeants Frank Bingham ago, on August 30, 1917, it left Harrison, bound for France, and during the time intervening had been travelling in search of the addressee. Sgt. Bingham was transferred to Northern Russia, the letter followed him there. For years it lay in the limbo of a box. For years it lay on the trail of Mr. Bingham, arrived back in Harrison. Mr. Bingham believes that the world's postal service has made a new speed record.

WOMAN IS FOUND HANGED.
Port Washington, L. I., March 8.—The body of a woman identified as Madeline Penowski, 30, employed at Amityville at the sanitarium of Dr. C. L. Markham, was found hanging from the limb of a tree on Beacon Hill, near here. Several boys had discovered the body on Thursday but did not report to the police.

A successful novelty dance was held on Tuesday evening by the Hadassah Chapter in the synagogue. The music was supplied by the Young Judean Orchestra. An efficient committee under Miss Norma Tanman provided an excellent assortment of novelty hats. The members of the committee were: Mrs. A. Fine, Mrs. M. Suresky, Mrs. B. Jacobson, Mrs. M. Newfield, Mrs. H. Corber, Mrs. Babb, Mrs. L. N. Harris, Mrs. H. Selick, Mrs. B. Kunitzky and Mrs. Ross. A Roger's silver tea service was donated by Harry Sonell and was won by the lucky holder of ticket No. 12, Harry Jacobson.

Had Bad Pains In Her Heart
Nerves Were Very Bad
Mrs. John Case, R. R. No. 4, St. Catharines, Ont., writes:—"I wish to say that I have been bothered very much with my heart and nerves. I doctored with two different doctors, but did not find much relief. I would have such bad pains in my heart, at times, I would be almost afraid to move or breathe, and at night I could not sleep. If the pains in my heart were gone, my nerves would be so bad I could not lie still and would only get a little sleep by being tired out. My stomach was also very bad and I could eat but very little, and then only certain things or I would have so much distress which always made my heart sick."

"I had been suffering for nearly two years until one day I was talking to our druggist about the way I felt. He advised me to give Milburn's Heart and Nerve Pills a fair trial. I have now taken five boxes and am feeling so much better, I am able to do my own work, and can eat anything I wish. I cannot praise them too highly."

Milburn's Heart and Nerve Pills
Price 50c. a box at all dealers or mailed direct on receipt of price to The T. Milburn Co., Limited, Toronto.

OBSCULENCE A PROBLEM.
Various methods actually used by manufacturers in determining useful life of their products are set forth in a bulletin just issued by the Fabricated Production Department of the Chamber of Commerce of the United States. "Obsolescence," it is pointed out in the bulletin, "is one of our industrial problems dealt with mostly in a haphazard way, or by rule-of-thumb practices, because its cost burden has not been fully realized. The element of 'good-will' toward the manufacturer has been a factor in delaying action. It is a true but expensive saying that you can get replacements or repair parts from us at any time! This may mean from five to fifty years, in some instances. "Undoubtedly it is valuable service to provide replacements during the natural life of a tool or piece of equipment and something longer, but when such service is too prolonged the interests of both the seller and buyer are injured in this keeping in use that which has outlived its economic usefulness. The old decision lost its valuable time in repairing his old stay, as well as comfort and convenience he might have had if he had bought a new one (or an automobile). Farmers are found using several old machines performing single operations, all of which are combined in one modern tool of labor-saving character. This is true in manufacturing equipment as well. "There is a line of demarcation between economy and waste which is not always easy to determine. No hard and fast rule can be applied, for lines differ essentially and so do conditions. Again, the consumer's interests should be as carefully protected as those of the producer. "From a summing up of the methods, practices and experiences of the manufacturers reporting, the following con-

TENNIS.

Suzanne Lenglen Wins.
Mentone, March 7.—Suzanne Lenglen made her first appearance in the tournament here today and upheld her reputation as world champion by winning four straight sets in the singles, without losing a game. She defeated Mrs. Woodhouse in the second round match and Miss Stephenson in the third round.

PASKETBALL.

Trojans Win Easily.
The St. John Trojans had little trouble in taking the Yarmouth basketball team into camp last night on the Y. M. C. A. floor by a score of 87 to 33. Early in the first period the locals hit their usual pace and kept it up to the end. Yarmouth put up a good fight, but was outclassed. In the preliminary games the St. David's Tuxis Boys won from the Y. M. C. A. Senior School Boys by a score of 24 to 6. The Y. M. C. A. Harriers trimmed the H. Y. team by 16 to 14.

BASEBALL.

Boston Braves Re-Organized.
Boston, March 8.—The re-organization of the Boston National League club was completed at a meeting here last night. The club was recently purchased by a syndicate headed by Christy Mathewson.
The president is Christy Mathewson, vice president is E. Fuchs, of New York. The directors are all Boston men, Mayor James M. Curley being one of them.
Williams Gets Four Homers.
St. Louis, March 8.—Kenneth Williams, leading home run batter of the American League last year, signalled his arrival at the St. Louis American training camp at Mobile, yesterday by knocking the ball over the fence four times. Pitched Shocker has arrived at camp.

WRESTLING.

Canadian Heavyweight Wins.
Lethbridge, March 8.—Undertaking to throw Harry Manias, of Boston, twice within an hour, Jack Taylor, Canadian heavyweight wrestling champion, fulfilled his contract within three minutes by a home run batter atones. A Greek twice with a hammer-lock here last night.

CURLING.

North Trins South.
In a Westfield Country Club curling match on St. Andrew's ice last night, the North team, captained by H. F. Rankine, won from the South team, under the leadership of R. F. Crawford, by a margin of nine stones. A dinner at the Upton Tea Room was greatly enjoyed after the match.

MORNING NEWS OVER THE WIRES

Hon. A. B. Copp has been appointed a member of the special committee to inquire into the operation of the Civil Service Act and its administration by the present commission. G. H. Boivan of Shefford, Que., will be chairman.
Unofficial announcement has been made that H. H. Melanson, former passenger traffic manager of the C. N. R. with headquarters at Toronto, has been appointed general manager of Canadian Government lines with headquarters in Toronto. Mr. Melanson is a former resident of Montreal.
A reduction of about one cent an hour has been made in the pay of practically the whole clerical staff and some other branches of employees of the C. N. R. An exception is made of those now receiving \$80 a month or less. About 11,000 hands on the C. N. R. and Grand Trunk systems are affected.

OHIO COMPANY WILL DEVELOP N. B. SHALES

Two Other U. S. Concerns May Do the Same

Retorts for Canada to be Made in St. John--E. W. Hartman Gives Interesting Interview--Predicts Great Development in N. B.

The Ohio Shale Oil Company are coming to New Brunswick to establish a plant. This announcement was made to The Times yesterday by E. W. Hartman, president of the Hartman Process Co., manufacturers of the retorts which extract the oil and gas from the shale, as has been demonstrated by the small retort operated in St. John for some time past.

The Ohio company had ordered a 1,000 ton retort for use in Ohio. They heard of New Brunswick shales and sent a representative here and secured a property. They then asked the Hartman Process Company to agree to transfer the order for the retorts from Ohio to New Brunswick, and the latter agreed. The plant comprises a battery of four retorts costing \$60,000 each, or \$240,000 in all, and it will cost another \$100,000 for erection of tanks and other portions of the plant. The company will be on the ground this spring.

Two other companies, one in Ohio and one in Kentucky, have each ordered retorts of 1,000 ton capacity from the Hartman Company, and have also asked to have the order transferred to the province in the event of their deciding to locate plants here. The reason the Ohio Shale Oil Company here, Mr. Hartman says, is that they can get 88 imperial gallons of oil from New Brunswick shale compared with 25 wine gallons in Ohio. The shale can be put through the retort much faster. A 1,000 ton retort uses 1,000 tons of shale per day, producing about 2,000 barrels of oil.

Another interesting announcement made by Mr. Hartman was that Newcombe & Winchester of this city have become the Canadian branch of the Hartman Process Company, with complete subsidiary powers, to manufacture in this city the retorts for use in any part of Canada. The patterns and equipment are now being prepared at the parent company's plant in Buffalo, and will be shipped to St. John. When it is said that a 1,000 ton retort contains 600,000 pounds of metal it will be seen that its manufacture is no small affair. All the profits of manufacturing will remain with the subsidiary company. The Hartman Company get a royalty from the oil producers, and not from the Newcombe & Winchester.

Mr. Hartman declares that the extraction of oil from shales will soon be one of the great industries of Canada and the United States. He believes there will be an embargo on oil from the United States very soon, because they will not be able to supply their own demands. On this point he cites the following despatch from Austin, Texas, of Feb 26--

"According to figures compiled by the Texas-Louisiana division of the Mid-Continent Oil & Gas Association there were one thousand dry holes drilled for oil in Texas last year. The total cost of these failures was approximately \$15,000,000. It is estimated that during the last five years more than \$160,000,000 has been expended in this state in drilling and producing oil wells. Other information in regard to the industry in Texas contained in the association's statement follows: Net sales of barrels of oil produced annually, 103,737,118; wages paid \$119,948,473; lease rentals paid, \$4,103,866; bonuses paid to land owners, \$24,752,661; Total \$142,798,862. This equals to \$1.36 a barrel. In addition to the above, the oil companies paid \$16,814,820 in royalties for the year 1922. The industry employs 45,437 men and pays them an average of more than \$2,000 a year each."

As oil can be extracted from New Brunswick shales very much cheaper than the \$1.36 per barrel quoted from Texas, the advantage here is obvious. A Dallas, Texas, paper recently said: "Oil men throughout the country are jubilant over the rapid advances in the price of crude oil. Almost daily one of the other of the large purchasing agencies announce additional raises in widely scattered fields of the southwest. Where will it stop is the big question now being asked on every below the stocks on hand are running low and the danger point; for experts have always declared that it is necessary to have eighteen months supply in storage at all times. Statistics show that we are far below this mark, and with production of all the fields declining, the summer months have always been the biggest months for the oil industry. Motor traffic alone consumes millions of barrels of gasoline and oil. The law of supply and demand is now asserting itself stronger than ever. Prices are predicted to reach new high levels before the middle of summer. The long looked for five dollar oil seems but a step distant."

Mr. Hartman says he has never seen better oil shales than those of New Brunswick, and they have the advantage of being close to rail and water transportation. He predicts that within two years the industry will be well established here, and grow to very large proportions. His company are making retorts for various companies in different parts of the United States. The Standard Oil Company is interested in shales, and the American Government has set aside 450,000 acres of shales as a source of supply for the navy. His company are shipping retorts to Scotland and Australia.

SNOW FUND EXHAUSTED

Commissioner Frink said this morning that the appropriation of \$60,000 granted him for snow removal which was supposed to last until December 1st, was already exhausted and there was no money with which to remove yesterday's snow. The only bright spot was the anticipation of receiving on May 1st the sum of \$13,500 from the N. B. Power Company, which was their share of the cost of snow removal.

DIED IN LOS ANGELES.

Many will be very sorry to learn of the death of Mrs. Helen Jost, wife of Leslie Jost, which occurred yesterday at Los Angeles where she had made her home for some years. Mrs. Jost was a daughter of Mr. and Mrs. Rupert G. Haley, prominent for years in the life of St. John, now residents of Los Angeles. She was a graduate of Acadia, an accomplished lady and one whose friends were many. After her marriage, here, to Mr. Jost some 10 years ago, they lived several years in Quebec, where Mr. Jost was engaged as civil engineer on the Quebec bridge. Later they moved to Detroit and thence to Los Angeles. Mrs. Jost had not been in good health for some little time and she followed a surgical operation. The funeral will be in Los Angeles on Friday. Mrs. Jost is survived by her husband, her parents, 3 brothers and one sister. The brothers are W. Kenneth Haley and Raymond Haley in St. John, and Bernard, in San Francisco, and her sister is Miss Guern Haley of Los Angeles.

CENTENNIAL HITS ON BLISS ISLAND POINT

Crew of Schooner All Landed Down the Bay--The E. M. Roberts Wrecked on Way to St. John.

The two-masted schooner Centennial went on the shore at Bliss Island Point during last night's storm, according to a wireless report received this morning by the Marine and Fisheries Department from the Canadian Government steamer Laurentian at Black's Harbor. The crew had all been landed at the light-house on Bliss Island and were asking assistance in salvaging what was possible from the schooner. They wished to be taken to Lobos, Mr. The Laurentian was ordered to proceed to the schooner's assistance immediately. She was at Black's Harbor for the purpose of attempting to break up the ice there.

No further word of any damage done by the ice was received by the Department this morning. The fact that the wind had been blowing hardest when the tide was low and not so hard when it was at the flood was said to have been largely responsible for the lack of damage.

R. C. Elkin received word this morning that the schooner E. M. Roberts was wrecked at Nantucket, full of water and the anchors gone. She was bound here from New York with coal for the City Fuel Company. Captain William Kelton is the master.

Nantucket, Mass., March 8--The Canadian schooner E. M. Roberts was wrecked at Nantucket today and her crew taken off by the coast guards at that station. The vessel, three masted, was carrying coal from New York for St. John, N. B.

DEATH AT SUSSEX OF MRS. T. E. ARNOLD Was Daughter of Late Mr. and Mrs. J. H. Littlehale, of West St. John.

Mrs. Arnold leaves to mourn one daughter, Mrs. C. E. Hazen, Los Angeles, Cal., and two sons, Guy, of Hamilton, Ont., and Percy, at home. Miss Olivia Littlehale, who resided with Mrs. Arnold, is a sister. The funeral will be held Saturday afternoon at 2.30 o'clock. The body will be taken to Trinity Church, where a funeral service will be held. Rev. Canon Sheehan will officiate. Interment will be at Sussex Corner.

MAYOR TO ASK MAGISTRATE FOR A REPLY

Matter of Superannuation Brought Up Again

Tenders for Cedar Poles for Hydro Work--East Saint John Union Question--Daylight Saving Period May 19 to September 8.

At a short meeting of the Common Council in committee this morning tenders for cedar poles required by the Civic Power Commission were opened and referred to the commission. The Mayor made a report with reference to the matter of the union of East St. John with the city. Commissioner Thornton referred to the offer which had been made to the police magistrate to retire and the Mayor was asked to communicate with him asking for an early reply. A resolution regarding daylight saving was passed.

Prices quoted for cedar poles varied considerably. Six tenders were received. Rodgers & Forrest of Andover quoted prices for different sizes ranging from \$3.90 to \$12.13; George G. Goodfellow, Montreal, offered poles from \$11.50 to \$22.50; Lindsay Brothers & Co., Chicago, \$6.15 to \$21.05; Northern Electric Company, \$9.21 to \$22.19; B. J. Carr & Co., Spokane, Washington, \$4.42 to \$30.50; MacNeil & Co., Montreal, \$6.90 to \$15.94.

Barry Wilson said these were for poles needed immediately and were not being bought on account of the state of the market. If the market dropped tenders would be called for. Commissioner Wigmore and Thornton thought deposits should be asked for.

With reference to the proposed union of East St. John with the city the Mayor said he had looked over some of the conditions set for the assessment was a big question. The suggestion had been put forward that some of the valuations of sub-divided lots in East St. John be allowed to be left as at present and assessed at the city rate for once and the improvement to residential streets. These were embodied in a letter written to the Council on January 3, 1922.

The Mayor will bring in a recommendation concerning metes and bounds upon which the proposed union would be effected.

With reference to valuation Com. Bullock said the assessment of the drydock at East St. John was \$15,000. This he said, was too low and in the event of union the city could not be expected to continue this for five years.

The Magistrate. Com. Thornton said some time ago he had presented a resolution that the police magistrate be offered \$2,500 a year to retire. No reply had been received.

The Mayor said he had spoken to the magistrate before carnival week and the latter had said he would send in a reply after carnival week. None had come. The Mayor was instructed to write the magistrate requesting an early reply.

On motion of Mayor Fisher this morning a resolution was passed fixing the dates during which daylight saving will obtain in St. John as between midnight Saturday, May 19 and midnight Saturday, September 8. The dates last year were May 20 and September 9.

Commissioner Thornton did not present a report this morning on the matter of a permit for the building Department the Mayor in Charlotte street. He said he had not had time to prepare the report as he had not received from the common clerk a copy of the Mayor's report in which His Worship expressed the opinion that the building inspector was not a safe man for the position.

SPENT THE NIGHT IN A ROCK-OUT

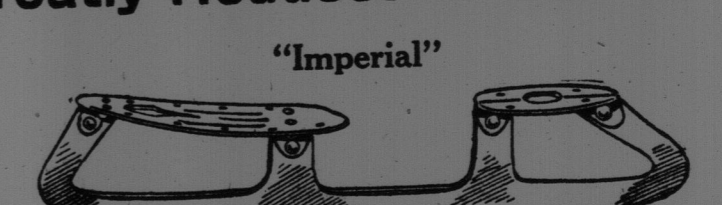

Members of Supreme Court and Legislature Among Passengers Snowed in on Fredericton Train.

The weather man and railway schedules are no respecters of prominent personages, as was forcibly demonstrated last night when a Chief Justice, a Judge of the Supreme Court, a Minister of the Crown and several members of the Legislature, spent the night in the Montreal train due to leave St. John at 4.30 p. m., in the snow-filled rock-out near Bentley street, and did not arrive at their destination until this morning at 7.30 o'clock.
