## Cabot's Creosote Shingle Cream.

The only satisfactory stain there is made. Goes farther, looks better and wears longer than any other kind. Orders promptly attended to. Sample colors on application.

**W. H. THORNE & Co. Ltd.**  
Market Square, St. John, N. B.

### The Wash Day.

Labor is greatly lightened if an E. & F. Special Wringer is used. These Wringers are specially made for us. The rubber rolls are soft and elastic; they wring dry the thick and thin parts of the clothes equally well. They are also fitted with ball bearing—like a bicycle. Thus the actual work of turning the wringer requires but one half the effort that old style wringers required.

No. 311—E. & F. Special, Large Size, \$5.00  
No. 312— " " Extra " 6.00

**EMERSON & FISHER Ltd., 25 Germain St.**

**SPECIAL OFFER**  
For the next three days we will sell Ladies' Mohair Accorded Pleated Skirts at \$3.48. Call 'Barry and Get Your Choice.' This is the place.  
**J. ASHKINS, 655 Main St.** Phone 1088. Bldg 61.

## EVERY SUIT IS PERSONALLY GUARANTEED

One feature of this business that has contributed much to its great success is that every garment sold is personally guaranteed, by the one who has personally inspected and bought the article offered for sale. Nothing is sacrificed for cheapness, every article is bought and sold with a view to the purchaser's future business. If anything you buy here goes wrong, let J. N. HARVEY know and he will make it right.

MENS' SUITS - \$3.95 to \$22.  
BOYS' SUITS - 90c to 10.

ALSO SHIRTS, TIES, HATS, CAPS, etc.

**J. N. HARVEY,** Tailoring and Clothing Opera House Block

## JUDGE LANDRY NOT YET READY TO GIVE DECISION

Was So Busy With Other Court Work That He Could Not Spend Necessary Time on the Crockett Case—Will Give Decision at 7.30 Tonight

FREDERICTON, N. B., June 25.—The circuit court opened at 10 o'clock Judge Landry stated that as he had been engaged in court all day yesterday up till after six, he had not yet prepared his judgment in the case of the King vs. Crockett on the application to postpone the trial. There were some authorities he wished to look up, which in justice to himself he thought most necessary. He would, therefore, state that at 7.30 this evening he would deliver his decision.

## REVENUE OFFICERS MADE A BIG HAUL

Had a Sharp Fight but Arrested Thirty Five Moonshiners and Destroyed Thirteen Still.

ASHEVILLE, N. C., June 25.—The party of revenue officers who had a fight with alleged moonshiners in Stokes county, yesterday, having captured 35 moonshiners and destroyed 13 illicit stills. The captured men were chained to the mountains in the North End, and taken to Mount Airy, this State, where they were lodged in Dobson County Jail by United States Commissioner F. W. Simmons. The officers state that between three and four hundred shots were exchanged with their prisoners before they were any opportunity of rescue by confederates. Among those taken was James Smith, the alleged ringleader of the illicit distillers in that section, and at one time a government revenue collector. The capture was effected by surrounding the camp of the moonshiners, who surrendered after a fight lasting fifteen or twenty minutes.

## AMERICAN EXPRESS COMPANY TAKES OVER MORE BUSINESS

NEW YORK, June 25.—The American Express Company, it was announced yesterday, will on July 1, take over all the local express business between this city and Chicago which now belongs to the United States Express Company. Hitherto the American Express Company has handled only the through express business between this city and Chicago on the New York Central and Lake Shore Railways, while the United States Express Company handled the local and through business between here and Chicago on the Lackawanna and the Lake Shore Railways. After July 1, this will be reversed. This business, it was said today, was worth about \$15,000,000 a year.

## ALEXANDER DAWSON OF WINNIPEG IS A JUDGE

COBALT, Ont., June 25.—John MacKay from Cape Breton, was drowned in Clear Lake near here. WINNIPEG, June 25.—The despatch from Ottawa announcing that Alexander Dawson, ex-Police Magistrate of Winnipeg, will be appointed county court judge is correct. Mr. Dawson will be gazetted shortly. He was dismissed from office by the Hoblin government after their accession to power notwithstanding the fact that a petition signed by every lawyer in the city with one exception, was presented asking that his service be retained.

## CAPITALISTS TRIED TO KILL UNIONISM

Is the Defense in the Haywood Trial.

Assertion Made That Orchard Was Merely a Tool in the Hands of the Mine Owners

BOISE, Idaho, June 25.—Beginning with the appearance of the first witness for the defense on the stand today the story of Harry Orchard's life will be traced by a succession of witnesses called not to sustain but to contradict all the material facts testified by the chief witness against Wm. D. Haywood. Orchard himself will be in court again today, and counsel for the defense will lay the foundation for his impeachment. The presentation of Clarence Darrow, the attorney who is conducting the defense, has cleared the stage for the new interpretation of motive of the pendence for or as the defense claims, the puppet who played the principal part in the many tragedies and stirring events between the year 1899, when the troubles in the Cour D'Alenes reached their height, and the close of 1905, when Governor Steunenberg was assassinated, followed by the arrest and confession of Orchard and the arrest of Haywood, Moyer and Pettibone, early in 1906. Darrow's development of the motive the defense attribute to Orchard and his explanation of the circumstances on which the State of Idaho bases its claim, that he is guilty in common with Pettibone and with Moyer of a conspiracy to murder the leaders in the fight against the methods of the Western Federation of Miners, opens a field for conjecture.

## CAPT. DIXON AND HIS MARITAL TROUBLES

He is Deeply Wronged by the Walsh Family He Says.

A Lengthy and Interesting Hearing in the Police Court This Morning—Letters Threatening to Kill

William B. Dixon, who is well known as a captain of teams trading along the Atlantic seaboard, and who in the last few years has been occasionally noticed in police court proceedings, is in jail on a remand from the police court and before he is liberated may have to face the judge and jury of the supreme court for writing threatening letters to his second wife in which he stated he would kill her. For such an offense he would be liable to a term of years in the Dorchester penitentiary. The captain is quite an orator. He has been charged with assault but in the proceedings the threatening letter was put in evidence and the case against him is more serious than ever, for it was said in the court this morning that it can be proven that he not only assaulted his second wife but that he committed bigamy by becoming wedded to Mary Walsh of the North End while he had a lawful wife alive. From his own confession he has committed another crime also. When his second wife learned that he had wife No. 1 alive she refused to live with him and then he wrote some very threatening letters. One last summer was written in red ink. He claimed it was written in blood and in it threatened to kill her. At that time he was allowed his liberty by the police magistrate with the understanding that he would leave the city never to return and never to bother wife No. 2. This morning in the police court with No. 2 was put on the witness stand. She said her name was Mary Walsh. On Saturday evening last the prisoner came to her father's home in the North End, and gained admittance before her sister knew who he was. When he got into the house he struck her on the face and dragged her into another room. She screamed and he let go of her when she threatened to call the police. He then ejected him from the house. He came back the second time raving like a madman and took to Mount Airy, this State, where they were lodged in Dobson County Jail by United States Commissioner F. W. Simmons. The officers state that between three and four hundred shots were exchanged with their prisoners before they were any opportunity of rescue by confederates. Among those taken was James Smith, the alleged ringleader of the illicit distillers in that section, and at one time a government revenue collector. The capture was effected by surrounding the camp of the moonshiners, who surrendered after a fight lasting fifteen or twenty minutes.

## TROUBLES IN FRANCE

ARGELIERS, France, June 25.—Marcellin Albert, "Redeemer," arrived here yesterday and was cheered by twelve thousand persons who had gathered to meet him.

## P. E. ISLAND MILITIA ALSO GOES INTO CAMP

W. K. Rogers Chosen Masonic Grand Master—Lobsters Stolen—Law Society Meets.

CHARLOTTETOWN, P. E. I., June 25.—The lobster factory of J. J. Jardine at Alexander, in Hillsboro Bay, was broken into and twenty cases valued at three hundred dollars stolen. The thieves did their work in boats. There is no clue. At the annual meeting of the P. E. I. Law Society, D. C. McLeod, K. C., was appointed president. The percentage of marks made by students in an examination to pass an examination was raised from fifty-five to sixty per cent. of the possible aggregate, and from thirty-five to fifty per cent. on each paper. A resolution was passed favoring the introduction of a judicature act. W. K. Rogers was re-elected Most Worshipful Grand Master of the annual meeting of Grand Lodge of Masons last night. Prince Edward Island militia went into camp today. Inspecting officer Lt. Col. Vidal is expected here Friday or Saturday.

## THINKS MONOMANIAC MAY HAVE STARTED THE FIRE

A Physician's Theory on the Crystal Stream Disaster—Inquest Will be Resumed Tonight—Witnesses Went Up Today and Newspaper Men as Well

CRISTAL STREAM, left for Cole's Island this morning on the S. S. Victoria, where he will attend the inquest which begins there tonight.

## FIVE JURORS SO FAR IN COLLINS TRIAL

Little Interest Taken in Albert County Murder Case.

The Prisoner is Quite Serious Now, and Closely Follows the Proceedings—Jury Likely Complete Today

HOPEWELL CAPE, June 25.—The second trial of Thomas Collins for the murder of Mary Ann Macaulay was begun at the June session of the Circuit Court this morning at 11 o'clock. Chief Justice Tuck presiding. Solicitor General Jones appeared as Crown prosecutor, and H. A. McKeown and J. C. Sherron being present on behalf of the prisoner. The attendance at the trial was not very large this morning. When the prisoner entered the court room he appeared very pale, but had gained considerable flesh. During the picking of the jury the prisoner took careful note of the proceedings. He appeared serious throughout the morning. He was neatly dressed. Hon. H. A. McKeown challenged several of the takersmen and up to one o'clock five members of the jury had been selected. They are: William J. McGorman, farmer, Hopewell; Lemuel J. Beck, farmer, Elgin; Winifred Nelson, farmer, Hopewell; Clifford Stevens, farmer, Elgin; Arthur Tringey, farmer, Hopewell. The trial is being continued this afternoon.

## SIX BATTLE SHIPS CALLED DEFECTIVE

The Navy Condemns the Oregon Class and the Iowa, the Kearsarge and the Kearsarge for "Soft Ends."

WASHINGTON, D. C., June 24.—Alleged serious defects in the construction of the Oregon, the Massachusetts, the Indiana, the Iowa, the Kentucky and the Kearsarge, are made the subject of an article in the last issue of The Navy. The author says that the long stretch at bow and stern is a serious mistake. It also comments on the open space in the armor about each gun, "which is so great as to invite the immediate wrecking of every gun by a hostile ship shooting moderately straight, according to the standards of today." The article says in part: "The 'soft end' ship, especially the ship with no armor protection for her steering engine—a ship that is like the six named—is easily rendered unmanageable, practically put out of the fight, by a few shells in this unprotected region. The unfitness of such ships for battle was beautifully demonstrated in the destruction of the fast Russian armored cruiser Rurik by a Japanese cruiser squadron in the recent war. "The Rurik was a 'soft end' ship; the Japanese disabled her steering gear almost at the first fire, and the Japanese could take his heavy cruisers in pursuit of the other ships of the Vladivostok squadron, leaving his smaller cruisers to finish up the Rurik, and they sank her. No battleship in either the German or French navy—even those as old as the Oregon—has soft ends. "During the late war in the Far East the English built 'soft end' ships of the Russian fleet were easy victims; the French built continuous belt ships, notably the Sevastopol, demonstrated the virtue of that element in their design. "Another grave defect common to the six ships named, and a defect that is absolutely inexcusable, is the invitation offered to hostile projectiles by enormous gun ports. Both in the turrets and in the casemates of all these ships the open spaces in the armor about each gun is so great as to invite the immediate wrecking of every gun by a hostile ship shooting moderately straight according to the standards of today. "The mechanism of the broadside guns and the gunners who operate them stand wholly unprotected, while the huge ports in the turrets—ports up the turret, and they sank her. No battleship in either the German or French navy—even those as old as the Oregon—has soft ends. "The matter of the dispute of the boundary line on the Salisbury property was referred to the president of the conference, and the chairman of the district and the superintendent of the circuit to settle the matter.

## TROOPS PASS THROUGH EN ROUTE TO SUSSEX

Two Regiments in the City Today on Their Way to the Annual Camp—St. John Men Also go.

As early as seven o'clock this morning trains began to arrive in the city, bringing the troops from the western section of the province to the annual New Brunswick militia camp at Sussex which opens today. The trains stopped in the city for some time and the men were given a chance to stroll about. The streets leading to and from the depot were filled with the soldiers and the red coats along with members of the 10th city a real military appearance. At 9 o'clock the special conveying the 6th Regt. arrived and in a few minutes later the 7th Regt. arrived. The local field ambulance unit commanded by Major Walker and Capt. Jones boarded the train with the 7th Regt. which left for Sussex shortly before 11 o'clock. Fortunately the weather is fine today, as several regiments will have to erect their own tents upon arriving at the camp grounds. Two years ago, the first day of camp was one which will be long remembered by all present. The rain fell in torrents and the soldiers put in a very uncomfortable night, especially those who were unfortunate enough not to have their tents erected in time. It is expected that the camp will be completed by tomorrow night. At that time about 2,500 men will be under canvas. The 8th Hussars will go into camp this afternoon. No St. John men are members of this cavalry unit this year except Major Fred Markham, who is in command.

## WILL GO TO ENGLAND FOR METHODIST MINISTERS

Conference Badly in Need of More Men—Church Property to be Sold.

ST. STEPHEN, N. B., June 25.—The conference convened at 9 a. m. Rev. Jas. Crisp in the chair. After devotional service the president, Rev. Howard Sprague, and Rev. Roy. Steele were appointed a committee to obtain a sufficient number of young men from England to fill the vacancies. Rev. Geo. Steele reported for the church property committee. St. Luke's Church, Chatham, on recommendation of this committee, will be allowed to sell the old parsonage property. The trustees of Grace Church, Charlotte, were given permission to sell part of the property held by them. The matter of the dispute of the boundary line on the Salisbury property was referred to the president of the conference, and the chairman of the district and the superintendent of the circuit to settle the matter.

WHEN THE SIGNAL GUN FIRES FOR THE OPENING OF THE LOBSTER FISHING SEASON.

When the middle aged men in Prince Edward Island were boys, many of them were fishermen by the sea shore, often found lobsters in holes at the side of the wharves, or under stones, and it was not difficult to secure many of large size. This was before the days of factories in this province. Then, some enterprising men started to catch the fish with gaffs, and to boil and can them. This was the beginning of an industry which now developed to such remarkable proportions on this island, while in the early days it was carried on for a number of years in Portland, Maine, and in Nova Scotia before it was taken up in Prince Edward Island. The first factory in the province was started about the year 1860 at Egmont Bay, by Mr. Brown, who was generally called 'Tinker Brown'. He met with a fair measure of success. Lobsters were abundant but he did not thoroughly understand how to preserve them properly, and many fish as a consequence were spoiled in the can. The next year, however, he was joined by the late Harry McNair, who conducted the business on a small scale, but who subsequently understood the preserving process better than Mr. Brown. The first factory of any pretensions in the province was started at Murray Harbor about forty years ago by Hon. Daniel Davies, uncle of Sir Louis Davies, now Judge of the Supreme Court of Canada. Mr. Davies who is at present residing in Charlottetown says, that when he started the business he received more fish than he could handle. They were first taken with gaffs, and as many as ten thousand a day were captured from under the rocks and under the seaweed. So plentiful were they he says, that when a person went in to bathe there was always danger of getting his feet nipped by the claws of the lobster. Mr. Davies had associated with him as a partner the late John Hughes, who the latter had been formerly packing salmon in Merigonish, when Mr. Davies pointed out the success of the lobster industry in Nova Scotia and induced him to open up at Beach Point, Murray Harbor. Mr. Davies sold out to Mr. Cairns, but subsequently acquired control of the business again, and carried it on up to within four years ago, when he retired from active work. He is now in his eighty-fourth year and is the oldest packer in the province. He carried on the business on a larger scale shipping often from three to four thousand cases in a season. The first factory in Queens county was started in Canoe Cove by the late William Harris, father of Robert Harris, R.C.A. He ran the business for two years and sold out to John Hughes, of Charlottetown. The industry thus had its birth in Prince county, but it quickly spread to the other counties until there are now fifty-two in Kings and eighty-four in Prince. Other pioneers of the industry in this province were S. E. Forest, of Halifax, who started at St. Andrew's Point, Kings county; Hon. Samuel Prowse, at Murray Harbor; C. C. Carleton, at St. John's; and J. W. Morrison, at St. John's.

WILSON'S FLY PADS. Every packet will kill more flies than 100 sheets of sticky paper. SOLD BY DRUGGISTS, GROCERS AND GENERAL STORES. 10c. per packet, or 3 packets for 25c. will last a whole season.

CLASSIFIED ADS.

ONE CENT PER WORD per issue is all it costs to insert advertisements like those appearing below in the lively columns of THE SUN or STAR. This ensures them being read in 6,500 St. John homes every evening, and by nearly 8,000 people during the day. SUN and STAR Classified ads. are veritable little busybodies.

LOST AND FOUND

LOST—Last evening sum of money. A reward given. Return to MRS. H. LANDELL, 111 Acadia street. Not home until evenings. 25-6-2. LOST—On Waterloo street, a small sum of money. Finder please leave at 28 Castle street. 25-6-1. WHEN THE SIGNAL GUN FIRES FOR THE OPENING OF THE LOBSTER FISHING SEASON (Continued from 2nd column.)

AUCTIONS.

W.S.P. Walter S. Potts, Auctioneer. Sales of all kinds attended. Furniture Sales at Residence a Specialty. Office—Market Street. Phone 291. A. E. HAMILTON, Contractor and Builder. Jobbing of all descriptions promptly attended to. 182-188 Brussels Street. Phone 1623.

limited in extent, and as the lines to which the traps are attached and set each boat, may range from 1-1/2 to 2 miles in length, and as between these lines a considerable space must be left, so that when hauling in their gear one boat line may not swing over another, it is obvious that the boats first setting their lines set on these favorite spots, have the best opportunity of securing the better fish. While this spirit of rivalry, this desire to be on the ground first exists to some extent everywhere throughout the province, it probably reaches its height among the fishermen of Cardigan. From Cape Sable to Grand River, a distance of over eighteen miles, is perhaps the best fishing ground in Canada, and around it are grouped a great many factories and a large number of boats. Consequently, when the opening day arrives, there is a mad rush for the grounds, each factory first seeking to outdo its rivals, and each boat in turn seeking to outdo the remaining boats of her own fleet. The traps are attached to what is called the back line or trawl, of 12 or 15 thread rope. To each end of this back line is attached a stone killeg, or anchor, and about 30 fathoms from the anchor is fastened a line to which a buoy is attached. This space is given in order to enable the boat to swing easily at her anchor. After the back line has been run or sunk in the place which the fisherman selects, he takes out his traps and attaches them to this line, by means of 1-1/2 fathoms long, made of 3 thread rope, allowing about six fathoms between each snood. Each boat fishes from 175 to 275 traps, and there are from 25 to 100 traps on each boat, according to the size of the fishing round. Very often, the travels of the fishermen are dangerous, and they are in the habit of carrying a good deal of food with them, as the interest of good fishing they should be 100 yards away.

Scenic Route.

Between Millidgeville, Summersville, Kennebecasis Island and Baywater. Steamer Maggie Miller leaves Millidgeville daily (except Sundays and Saturdays) at 9 a.m., 4 and 6 p.m. Returning from Baywater at 7, and 10 a.m., 145 p.m. Sunday leaves Millidgeville at 9 a.m. and 10.30 a.m. and 2.30, 6.15 p.m. Returning at 8.45 and 11.15 a.m. and 5 and 7 p.m. SATURDAY Leaves Millidgeville at 6.45 and 9.30 a.m., 3, 5 and 7 p.m. JOHN McGOLDRICK, Agent.

Oriental Restaurant.

The Oriental Store Restaurant has engaged the services of an expert cook from Montreal—an experienced chef, Chop Suey in its delectable originality will be served (except all Chinese dishes and every retail order). 105 Charlotte. Opp. Dufferin Hotel.

one pound tail. Since 1889 parchment has been used for the inside of the cans in order to prevent the fish from staining. This parchment comes in circles and squares and in the form of bags. It has proved very effective in lessening discoloration, although not wholly preventing it. Several years ago, a Mr. Wuzberg, of Halifax, tried packing lobsters in gelatine and also used glass jars, but neither of these methods were continued and the tin can is now the universal package. After the can is filled it is soldered with muriatic acid and placed in the boiler to receive the final cooking. Lobsters are now boiled about 2 1/2 hours, but formerly they were kept in the tank for four hours. When they are taken from the bath the cans are blown off. This is done by puncturing the covers, enabling what little air may be in the can to escape. The hole is then soldered up and the can made perfectly air tight. In France, however, this blowing off or puncturing of the can and re-soldering is not in vogue, and the French system has been adopted by several of the factories on the island this season. Some years ago dealers required all fish to be incased in ice, but now they have only to be packed in ice. Formerly the packers did the labelling, but now this is done by the wholesale grocers who handle them. Some of the packers complain that they are often done an injustice by the labelling of the dealers, for instance, the best lobsters in the market are found on the Atlantic coast. Often 80 per cent of goods of high quality are labelled Atlantic lobsters. The island packers fail to get the credit, while the lowest grades are marked Prince Edward Island lobsters and the good stock is placed in the same class with the inferior. Generally packers contract to deliver lobsters at a fixed price. This season the price for 1-1/2 pound tins range from \$18 to \$14, about \$2 better than last season. The small packer is becoming very popular in the restaurant, and the demand is increasing every year. The chief markets are: United States, Great Britain, and the Continent of Europe.

GOVERNMENT REGULATIONS.

Lobster fishermen on Prince Edward Island are, at present, well satisfied with the government regulations. They are willing to have the season kept at its present length, knowing that if it is extended, spawners lobsters will decrease. They approve also of the license system, and are not in favor of any more factories being erected, than are at present in operation. Several years ago, a lobster hatchery was established at the entrance to Charlottetown harbor. This has proved of great benefit to the fishermen in this locality, and it is quite probable that hatcheries will be established at other points. Since the shortening of the season the supply has been well maintained, but with the aid of a hatchery it can be materially increased. Occasionally there are demands for extension of the season, especially when the fish have been poor in certain localities. The majority of the fishermen are opposed to this extension as operating to great disadvantage of the industry. This year there was a new departure in the lobster business, namely the shipping of live fish from the island to the Boston market. The lobsters are put into a barrel, it is left open and in the centre is a cube of ice, with an edge of six inches. The shipper is W. A. Bell, of Roseville, in the western part of the island. By landing the fish at Point du Chien in the morning, he can get them to Boston by express, the next morning. The experiment is being watched with interest. Although the season was late opening, excellent work has been done by almost all the factories, and if the weather continues free from storms, even though the temperature is lower than it ought to be, the fishermen will get in their work on the same strength, and the final financial result will be equal to, if not better, than last year.

PREPARATION OF LOBSTERS.

Lobster factories are very simple structures. They usually consist of a cook house, fisherman's shanty, boiler house, scaling room and bath room. The heavier work is done by men but the packing by girls, there being on an average of 20 to each factory. When the lobsters are taken from the boat, they are emptied into the boilers and boiled in salt water for eight minutes, just long enough to enable the meat to be removed from the shell. Then the tails and claws are separated from the bodies. One group splits the claws and joints with a cleaver, another removes the meat from the tail. The meat is washed in salt water and passed to the girls, who sort the different parts, placing the claws and tails and what is called arm meat in every can, so that there shall be at least two claws and one tail in each can. Formerly, the ordinary can used was that known as one pound tail, now smaller packages are more in demand and we have the 3/4, 1/2 and 3/8 pound tins as well as the

THE STAR, ST JOHN, N. B. TUESDAY, JUNE 25, 1907

FOUR THE ST. JOHN STAR is published by THE SUN PRINTING COMPANY, (LTD.) at St. John, New Brunswick, every afternoon (except Sunday) at \$3.00 a year.

ST. JOHN STAR. ST. JOHN, N. B., JUNE 25, 1907.

ON THE WEST SIDE

Mr. D. C. Clark, according to the Globe, smiled when asked about the rumors that his contract would not be finished on time, and assured the reporter that there was no cause for anxiety. What good will Mr. Clark's smile be to St. John six months from now when the people who are to build the warehouse, and the railway which must lay tracks and construct a conveyor find themselves unable to get through in time for the winter's business? Why should Mr. Clark smile anyway? He has a clearly stated contract to complete the first section of the wharf three months after the site was finished. It is now seven months and the job is not even approaching completion. As in most of the civic contracts a clause is inserted providing a penalty of fifty dollars a day for all delay beyond the term agreed upon, but the aldermen knew as well as Mr. Clark that there never was any intention of enforcing this clause. It is only the customary plan adopted in order that civic undertakings may have something of the appearance of genuine business methods. However, nobody wishes to see Mr. Clark compelled to pay, but everybody does desire to have the wharf ready in time, and at the present rate of progress it cannot be done. Someone should wake up, if there is anyone in the public works department sufficiently alive to be awakened, and have that west side job rushed along. The Sand Point dredging, too, is bound to demand attention. St. John's policy in the past has been thoroughly selfish. Instead of giving the steamers all the room they want, the city has frittered away the time in arguing over a minimum depth, has taken the soundings repeatedly for the sake of proving that someone else was three inches astray, and has allowed deep water for only the most meagre distance from the face of the wharf. Sand Point at the present time is in such a condition that if a youngster threw a pebble into a slip, the next steamer would scrape it, while if the vessel moved two feet out from the wharf she would bump the plank. What's the sense in being so mean?

HILL AND THE C. P. R.

A year or so ago James J. Hill created a brief flurry of excitement in railroad circles by the announcement of his intention to run lines into Canada, and compete for a share of the great western business. Sir Thomas Shaughnessy took it all quietly enough, remarking that such competition might naturally be expected. He seemed not at all alarmed over the threatened invasion, but it was noticed that the C. P. R. orders for rolling stock were increased, and improvements in western lines were planned. These were considered sufficient to meet immediate competition, but recent developments show that, as might be expected, Sir Thomas did not hastily expose his plans. The C. P. R. will not only meet the Hill line in western Canada, but will carry the competition right into the United States, building and connecting lines to draw business from the Hill territory. The big Canadian railway now announces a through line from St. Paul to Portland, Oregon. This has been arranged by the linking of its own lines with the Spokane International, one of the Harriman roads, and the Oregon Railroad and Navigation Co. Connection with San Francisco is given over the Southern Pacific. The C. P. R. can now carry passengers from Montreal to San Francisco without going near Chicago. Again, plans are under way for the establishment of an air line between its own main line and the Great Northern, Hill's road. This would be arranged by extending the Duluth and South Shore across North Dakota to Kenmare where connection would be made with the Soo line to the border, and thence across southern Saskatchewan and Alberta.

THE PLAGUE IN INDIA.

Since 1896 more persons have died from the plague in India than there are in the whole of Canada. The proof of this frightful mortality is found in a recent speech by Hon. John Morley, who further states that the disease is spreading at such a rate that where there were only 22,000 victims in 1900, there were no less than 1,000,000 in 1905. And in spite of this shocking mortality little is being accomplished towards bettering the conditions of the people, for the natives belong to a race which will not be taught, which cannot easily be persuaded to adopt measures looking to the general good, and which only time and patient persistence can educate. After all, if all India is considered, the death rate

NATIONALISTS CUT ADRIET FROM BRITISH PREMIER

Decide to inaugurate at Once a "Great and Really Virtue" Movement for Home Rule.

DUBLIN, June 24.—Carrying to a logical conclusion their recent repudiation of the Government's attitude towards Ireland, the Nationalists today formally cut themselves adrift from Sir Henry Campbell-Bannerman and his colleagues, and initiated a new and active campaign for Home Rule. A meeting of the Irish League directory assembled here, under the presidency of John Redmond, and sat for four hours today. The official report records the adoption of several important resolutions. By the first of these it was resolved to "inaugurate without further delay a great and really virtue movement to win that full national self-government which must be secured before the foundations of Ireland's future prosperity can be laid." The resolution affirmed the country's demand for an elected, Legislative and Executive, responsible thereto, and urged a speedy and united expression of the national determination to secure these rights. The directory was empowered to organize a series of great public demonstrations to this end throughout the country, and all the members of the party were called upon to energetically devote themselves to the promotion of vigorous and sustained agitation throughout the coming autumn and winter. The meeting recorded its confidence in the leadership of John Redmond, and heartily approved the party's decision to withdraw its general support from the present Government.

MARK TWAIN THE LION OF THE HOUR IN LONDON

LONDON, June 23.—Mark Twain spent yesterday afternoon in the house of commons and listened to the debate on the ambassadors' gallery. From there he made his way to the lobby where he held an informal reception, meeting numerous members of the house, including the president of the House of Trade and Winston Churchill. Premier Campbell-Bannerman invited him to his private residence, where they conversed together for some time.

THE PARIS CLOCKS.

The municipality of Paris is about to ask for estimates for the winding up and supervision of its clocks. The task of looking after the municipal clocks of Paris is a somewhat formidable one, and costs the city on an average \$15,000, \$4,000 for the clocks in the offices of the Hotel de Ville, its annexes, and the communal schools of Paris, and \$10,000 for those which decorate the facades of the public buildings. The contractor for the first lot has to march every fortnight a veritable army, who divide into sections the five hundred and fifty schools, representing eight thousand clocks, and the municipal clocks, which number three thousand. One of the principal watch and clock makers of Paris usually receives the contract to attend to the winding up of the three-fifths on the outside of the public buildings. They are mostly delicate mechanisms, and are about eighty in all—twenty for the matres, twelve for the educational establishments, thirty for the churches and temples, three for the barracks, two for the prisons, two for the Corn Market, and the Market of La Chapelle, one for the Bourse and one for the St. Bernard Market. All these clocks are supposed to mark the same hour as the Observatory clock, and Parliament, in order to know exactly how time flies, are taxed at the rate of two centimes a head per annum.

THE HISTORIAN'S HENS.

An Indiana man tells of the efforts of an author belonging to the Hoosier school of historical novelists to put in his leisure time as a "hen farmer" in the state. The literary person's venture afforded his agricultural neighbors no end of amusement. During the first year the amateur farmer discovered that all his little chickens, which were confined in coops, were languishing at the point of death. The novelist went over his "hen literature" to locate the cause of the trouble, but to no avail. Finally he called upon an old chap named Rawlins, to whom he put the question: "What do you suppose is the matter with those chickens?" "Well, I dunno," said Rawlins. "What do you feed 'em?" "Feed 'em!" exclaimed the novelist. "Why, I don't feed them anything!" "Then, how'd you s'pose they was s-goin' to live?" "I presume," replied the literary person, "that the old hens had milk enough for them now."

THE ACTRESS WAS SUSPICIOUS.

There is a charming young actress who numbers among her friends a well known clubman of Washington. During her recent engagement in the national capital, the player was lamenting to her admirer the fact that she was getting thinner and thinner. "Oh, not at all!" came from the gallant clubman, who knew the lady's detestation of too lean a figure. "On the contrary, I assure you, you're as plump as a partridge." The young woman surveyed him for a moment through narrowed eyes. "Are you paying me a compliment, or are you making game of me?" she asked.

A SUMMONS.

Wistaria's ripple in purple waves, The plum is gay, the cherries blow, Gold butterflies dart to the first white rose.— So blue the skies and your eyes smile so! Next springtide, dear when you pluck the buds, My arms will be holden—do not weep! In the Everlastingness I'll know, And dream of our tryst in the stillness sleep.— Gertrude Huntington McGiffert in July Lippincott's.

CARDS IN THIRTY DAYS.

"But why," asked his lovely fiancée, "do you object to a long engagement?" "Because," he urged, "the cost of living increases every day, dearest. The longer we wait, the greater our expenses will be."

WEDDINGS.

CALLAGHAN-GILSON. A pretty wedding was solemnized yesterday morning at 9 o'clock in the Cathedral, when Timothy Callaghan, of Little River, was united in marriage by Rev. A. W. Meahan, rector of the Cathedral parish, to Miss Charlotte Gilson, daughter of Daniel Gilson, Mill street.

FERRIS-STARKEY.

Rev. D. Hutchinson last night at the residence of Chas. McGow united in marriage Elijah L. Starkey of Queens Co., and Miss Margaret Ferris, also of the same county. The ceremony was performed in the presence of a number of friends and relatives of the contracting parties. Miss Ferris, who is a sister of Chas. W. Ferris, of High street, was given away by Albert W. Ferris. Mr. and Mrs. Starkey received a number of handsome wedding gifts. They leave by boat this morning for Grand Bay where their honeymoon will be spent. They will reside in Johnston, Queens Co.

The Lake Michigan from Antwerp

last night at Quebec at 6 p. m. yesterday.

The Artillery Band will meet in uniform tonight (weather permitting) at 8 o'clock sharp. All members are requested to be on hand.

All house builders are cautioned about putting salt water sand in buildings, either for plastering or stone or brick walls. The salt draws a dampness and has been the cause of a great deal of sickness and death, as it takes a long time to draw the salt out of the water.

Contains in a highly concentrated degree properties which have made Pond's Extract so famous as a healing and soothing agent.

HER MAIDEN EFFORT.

A certain Judge had been away from his native city for several years, and upon his return found it difficult sometimes to recognize former acquaintances. One morning a youngish woman, accompanied by a tall boy, entered the trolley car and sat down next the Judge.

"How do you do, Judge?" she said cordially. "I don't believe you remember me? I am Mrs. X."

"Why, so it is! Mrs. X, I am delighted to meet you again. How do you do? And who is this with you? It can't be your son! Bless me, I would not believe you had a son so big."

"Oh, yes," replied the guileless Mrs. X, flattered by his cordiality. "He is my firstborn—my maiden effort, Judge."

"How do you do, Judge?" she said

THE STAR, ST. JOHN, N. B. TUESDAY, JUNE 25 1907.

## OBSTRUCTIONS ON WALL ST. A MENAGE

Some Action Will be Taken to  
Have Them Removed

Dangerous Buildings on West Side to be  
Torn Down—Mild Inquiries About  
Fire Investigation.

In the committee room at City Hall last night the Safety Board held their regular monthly meeting. City Hall has just undergone a housecleaning and during the process the mantles in the gas burners in the council chamber were broken, so that last night a meeting was held by the dim light of one lamp. The amount of business to be done, however, was not large. A special meeting will be held in a few days to consider the tenders for coal and new hose.

The following were present: Ald. Vanwart, presiding; Aldermen Hamm, Holder, McGowan, Sprague, Bullock, Kelley, Sproul, Christie and Baskin with Director Wisely.

A renewal lease was given to Mrs. Elizabeth Argowant of a lot forty feet front in the southeasterly side of Princess street. Isabelle K. Nelson was given a renewal of lease of property 314 by her in Queen's ward. Henry Atkins asked for the lease of the lot of land in Fairville to the south and alongside of the Presbyterian Manse. The lease was given at the rate of 50 cents a foot.

On motion of Ald. Holder it was decided to get a public scale for Adelaide Road. The cost was estimated at some- thing over \$100. Director Wisely was given authority to replace the scale in Carlton.

Director Wisely advised taking a lot over on Minette street for ground rent. The lease expired on the first of May. The recommendation was ac- cepted.

Chief Kerr reported for the sub- committee to consider necessary re- pairs to No. 2 engine. A new boiler was recommended. It could be obtain- ed within five weeks. The report was recommended to council.

On request of Chief Kerr the board decided to purchase two cellar pipes, costing about \$25 each.

Ald. Kelley asked under what au- thority the fire investigation is being held. The inquiry he thought is being run in a free and easy manner.

Chief Kerr replied "No authority." He said, however, that the police chief and magister's could hold an investigation into the cause of a fire.

Ald. Vanwart said that he had re- ceived no notification of the investiga- tion.

Ald. Baskin—"It won't hurt any- one. It was decided to repair the asphalt in front of No. 3 engine house.

Ald. Kelley asked why the extension ladder for Carlton had not yet ar- rived. Chief Kerr said that it had been ordered.

Ald. Baskin moved that the director have authority to repair No. 6 engine house as he thought fit.

Ald. Holder asked whether there is anything wrong with No. 5 engine house, as a great deal of coal is con- sumed with very little resulting heat.

Director Wisely said that the fact of the matter might not be situated in the right place. It would be a costly job, how- ever, to change it now.

Chief Clark asked that the city should bear his expenses to the gather- ing of the Chief Constables' Associa- tion of Canada.

Ald. Holder—"Mr. Clark better pay his own expenses."

No action was taken.

Ald. Baskin said that there are a number of dangerous buildings in the West End which should be torn down. He said he had already called the at- tention of the building inspector to the matter. He spoke especially of a house on Ludlow street and another on Mar- ket Place, which are falling down. The matter was referred to the chairman and recorder.

J. R. Armstrong, K. C., appeared for Mrs. Rhea in regard to the renewal of a lease of the property held by her on Union street, West End.

Ald. Baskin said that this was a very valuable lot.

The matter was left to a committee of the West Side members and the chair- man.

Chief Kerr reported that Mr. Day had taken the late Mr. Leonard's place. J. E. Kelly has retired from No. 4 engine house.

Ald. Kelley called attention to the ob- structions on Wall street, which he considered unnecessary, and which endangered the cotton mills. Parade Row and Mt. Pleasant in case of fire. He wished the chairman to take action in the matter.

Ald. Bullock asked that the chairman and director should report back as to making arrangements for a caretaker at City Hall, the regular caretaker be- ing ill.

Excellent Pictures at Nicks.

The most elaborate picture production yet made at the Nickel is being shown the first part of this week in Aladdin's Lamp, that famous yarn from Arabian Nights' Entertainment. At times there are over fifty men and women in the motion scenes, which faithfully por- tray the impressions conveyed by the written story of the Oriental lad and his wonderful experiences with the magic lamp. His humble home, the street scenes, experiences with the wizard, the cave of jewels, the continual trans- formations brought about by the bewitched little lamp, are without doubt the most magnificent ever shown on a screen in this city, and were greatly en- joyed by very large audiences all day yesterday, up to 10.30 p. m.

The film containing the Pigeon-Fairy picture is long and complete, chiefly allegorical and a striking novelty. But for downright laughing quality the pic- tures which show how the Office Boy saw the Bait Game are the limit of merriment, besides depicting the New York and Chicago scenes of the "National" in a sharp contrast. The illus- trated song, She Was a Grand Old Lady, is very pretty both musically and pictorially.

## DYKEMAN'S

You have already been made acquainted with the fact that we were the purchasers of the **E. W. PATTERSON** Bankrupt Stock. It was our purpose to put this stock on sale at the store where it was, but not being able to secure the required hands, it has been brought to **our own Store and will be placed on sale WEDNESDAY Morning**, the sale commencing at 8.30. It will not be possible for us to place all the goods on sale at once. The lines on sale Wednesday morning will be principally

**CORSETS, CHILDREN'S DRESSES AND LADIES' READY-TO-WEAR GARMENTS.**

The Corsets consist of about **300 pair of the celebrated P. C. make.** They are good Corsets and will be sold at nearly one-half their usual price.

The prices will be from **25c to 75 cents per pair.** Children's Corset Waists from **15c up.**

**CHILDREN'S DRESSES.** There are about 150 Dresses in the lot, in colors and white; sizes ranging from one year to 14 years. These are in good condition; some of them may be a little mussed and shop worn, but the extreme low price on them will recompense you for the work in laundering. The bulk of them are fresh, having never been taken out of the boxes.

A sprinkling of Ladies' Ready-to-wear Garments, such as **Skirts, Waists, Shirt Waist Suits,** and a large number of **Black Sateen Underskirts,** and also **Moire Underskirts.** These are of the very best makes, and will be sold at prices ranging from **50c up.** Some \$3.75 Moire Underskirts will be on sale at **\$1.99.**

**SHIRTWAISTS** in a large variety of styles. White and Colored. **Prices from 25c up to \$1.00.** Some nice **LUSTRE WAISTS** in the lot at **75 cents** that are worth **\$2.00** each.

The sale of the above goods will last for two or three days when the **Gents' Furnishing Goods** will be put on.

The larger portion of the stock consists of Gents' Furnishings, and is well selected and in good condition.

**Look for the Biggest Bargains in Men's Furnishings that you have ever seen in St. John and you will not be disappointed.**

**F. A. DYKEMAN & CO, 50 Charlotte St.**

### SEES NO ROMANCE IN LIFE OF A ROBBER

William A. Pinkerton Declares Over Two-  
Thirds of American Bandits Have  
Met Violent Deaths.

NORFOLK, Va., June 24.—William A. Pinkerton today made his annual address to the International Association of Chiefs of Police, in the course of which he said, after describing the exploits of the famous band of bandits led by Jesse James:—

"The exaggerated publications of the exploits of this band had more to do with the making of 'bad men' in the West than anything which occurred before they began operating or since."

"There is no crime in America so hazardous as 'hold-up' robbery. Over two-thirds of those who have engaged in it have eventually either been killed outright operating or resisting arrest, lynched by posse or what is known as 'died with their boots on.' Many were wounded and died from the effects of all sundries. His cap of happiness was filled to overflowing when the baby came. Early last month the young wife went to visit her parents at Thorn Hill, which is not a great many miles away. Here she met a young man named Arthur Branscombe. They were thrown together a good deal, and the hard working husband lack at home was forgotten for the attractive stranger, who finally persuaded her to flee with him.

"These at large are constantly in fear of arrest, living secluded lives and risk- ing no chances of discovery by communicating with friends."

"Well, have you made enough money to retire on?"

"Better yet—I've made enough to stay up all night on."

### BROKEN-HEARTED, TREMONT DUNCAN SEEKS ERRING WIFE

Apothecary Farmer Deserted by His Young Wife Who Fleed With  
Arthur Branscombe, a Youth of Nineteen Years, and Took  
Their Baby—Husband Will Forgive if Wife Returns, But  
Particularly Wants His Child.

A broken hearted man is Tremont Duncan, of Apohaqui. His young wife has deserted him for another man and taken their baby. When he was married to Pretty Carrie Patterson, less than two years ago, life looked to be all sunshine. His cap of happiness was filled to overflowing when the baby came. Early last month the young wife went to visit her parents at Thorn Hill, which is not a great many miles away. Here she met a young man named Arthur Branscombe. They were thrown together a good deal, and the hard working husband lack at home was forgotten for the attractive stranger, who finally persuaded her to flee with him.

The couple left Annapolis on the third of May last, and it is supposed they went to Maine, but no direct trace of them has been found since. Mr. Duncan placed the matter in the hands of F. L. Fairweather, of Sussex, who has made numerous inquiries, but so far without success.

Mr. Duncan is willing to take his wife back if she is repentant, but particularly he wants his baby.

As for Branscombe, if he ever falls into the injured husband's hands, small mercy will be shown him.

Branscombe is of fair complexion, and weighs about 170 pounds. He is only nineteen years of age. His most prominent characteristic is two protruding front teeth.

Mrs. Duncan is about twenty years of age, and a brunette. She was dressed in a black skirt, light colored coat and light straw hat.

The baby was dressed in white with a white woolen hood.

### "ARE YOU DEAD?" ASKED SUSIE

"No, But I Can't Get Up," Answered  
Susie's Sister, Who Had Just  
Fallen Five Stories.

NEW YORK, June 24.—Falling five stories from her parents' flat, at No. 1,368 Third avenue, and alighting on a brick pavement, yesterday Nellie Comerfort, eight years old, retained consciousness and said only that her head hurt her.

Her little sister, Susie, saw her fall and peeped over the edge of the roof, where the children had been playing.

"Are you dead?" asked Susie.

"No, but I can't get up. Come and help me," a childish voice answered from the arcaway, far below.

"My head hurts me," was all she complained of when John Ward, who lives in the tenement, picked her up and ran with her into the house. Then there was half an hour's wait.

Dr. Fisher said the child might have a fractured skull, and he took her to the Harlem Hospital.

BREEZY.

"Here," said the new copy reader, is a story about a man being picked up by a Kansas cyclone and carried six miles. Except that he bit off the end of his tongue when he fell he suffered no injury."

"All right," replied the telegraph editor, "boll it down to about four or five lines, and we will run it under the head of 'Breezy Bits.'—Chicago Record-Herald.

### HAVE YANKEES GOT CONTROL?

Reported They Have Gobbled Up  
Canadian Rubber Business

Nikado Confers "Order of Special Treas-  
urer," on Sir Thos. Shaughnessy  
for Courtesies to Fushimi

MONTREAL, June 24.—It is peren-  
tally rumored in local financial circles  
that the United States Rubber Com-  
pany, which has practically a monopoly  
of the rubber manufacturing trade of  
the United States, had secured the  
controlling interest in the Canadian  
Consolidated Rubber Company, which  
will give the new amalgamation a  
practical monopoly of the rubber  
manufacturing trade of Canada.

The announcement of the deal was  
made by a very large holder of the  
Canadian company's shares and com-  
pany who claims to be acquainted with  
the details of the transaction.

It is further reported that the lead-  
ing officials of the Consolidated Rub-  
ber Company will remain on the man-  
agement of the Canadian company for  
a period of two years.

Sir Thomas Shaughnessy received to-  
day from Councillor M. S. Nagasaki,  
secretary to Prince Fushimi and sec-  
retary of state for Japan, the follow-  
ing telegram, dated Victoria, B. C.,  
June 23: "I am commanded by Prince  
Fushimi to inform you that in recog-  
nition of your service to his imperial  
highness during his visit to Canada his  
imperial highness is pleased to confer  
upon you in the name of his majesty  
the Emperor of Japan, the second class  
of the order of the Sacred Treasure."

The order of the Sacred Treasure is  
the most illustrious of Japanese knight-  
hoods. The first class is reserved for  
princes and noblemen of high rank,  
and the second class is conferred on  
distinguished men in recognition of  
meritorious services.

DAY OF UNIVERSAL  
POSTAGE IS NEARER

Mr. Henniker-Heaton Optimistic as to  
Success of Penny Rate.

LONDON, June 24.—Mr. Henniker  
Heaton, M. P., was asked today how  
the matter of universal postage was  
getting on. He replied: "Progressing  
splendidly. We are getting nearer to  
it all the time, and continual and ac-  
tive exchange of correspondence is  
taking place."

"The trouble lies with the Chancel-  
lors of the Exchequer. In the United  
States, President Roosevelt is warm-  
ly in favor of international penny  
postage, so I understand, in the new  
postmaster general there, but the Min-  
ister of Finance thinks the loss would  
be great. He says 470,000, but I put  
it at 250,000. I have put forward a  
proposition to the effect that I would  
gather together a body of capitalists who  
would guarantee the government  
against loss, but that has been refus-  
ed. King Edward, whom I recently  
saw and spoke to on the subject is  
much in favor of international penny  
postage. I took the opportunity of  
telling His Majesty that he had more  
British subjects in the United States  
than in all his colonies put together.  
Last year 202,000 people left our shores,  
of that number 120,000 went to the  
United States. Not less than £1,000,  
000 last year was sent home from the  
United States in small postage orders.  
The loss in reducing postal rates  
would disappear in three years. Look  
now at the colonies. It has been  
shown there that England is not los-  
ing anything today. Cheapness of  
postage is a sure lead to far greater  
extension in correspondence. Nearly  
all conceivable objections to penny  
postage are met by the success of Im-  
perial penny postage."

### FISHERY PATROL FIRED ON

DALHOUSIE, June 24.—The govern-  
ment fishery patrol No. 1, had an  
exciting time at Point Lepine on  
Sunday morning. The officers were  
examining some salmon nets and as  
the steamer was passing the point several  
shots were heard. Although those on  
board were well armed, Capt. Mc-  
Donald did not allow the crew to re-  
taliate. When a bullet struck the  
wheelhouse he turned the steamer  
around in order that the shots would  
strike the stern. The captain saw a  
woman on the shore, but it is not  
known whether she fired the shots.  
The distance between the steamer and  
the shore was about 500 yards. The  
matter has been reported to the fish-  
eries department at Ottawa.

### THE COLLINS TRIAL

HOPEWELL, CAPE, June 24.—Wit-  
nesses who are to be examined at the  
second trial of Thomas Collins are now  
arriving here. Among those expected  
before the trial commences is a young  
lady from Demersville Creek, Albert Co.,  
who has been corresponding with Col-  
lins during the past six months. This  
fact lends a tinge of romance to the  
trial.

In the same jail as the man held on  
the murder charge, is a lad, named  
Collins, who was caught robbing the  
store of Thomas Peck last night.

### RAILROADS.

#### CANADIAN PACIFIC

#### DOMINION

#### July 1

#### RETURN TICKETS AT SINGLE FARE

Going June 28, 29, 30 and July 1st.  
Good for return until July 2nd, 1907.  
Between all stations in Canada East of  
Port Arthur.

#### EASTERN STEAMSHIP COMPANY INTERNATIONAL DIVISION

#### THREE TRIP SERVICE

Commencing Wednesday, June 19th,  
steamers leave St. John at 9.00 a. m.  
Mondays, Wednesdays and Fridays for  
Lubeck, Eastport, Portland and Boston.

RETURNING  
Leave Boston at 2.00 a. m. Mondays,  
Wednesdays and Fridays for St. John  
via intermediate landings.

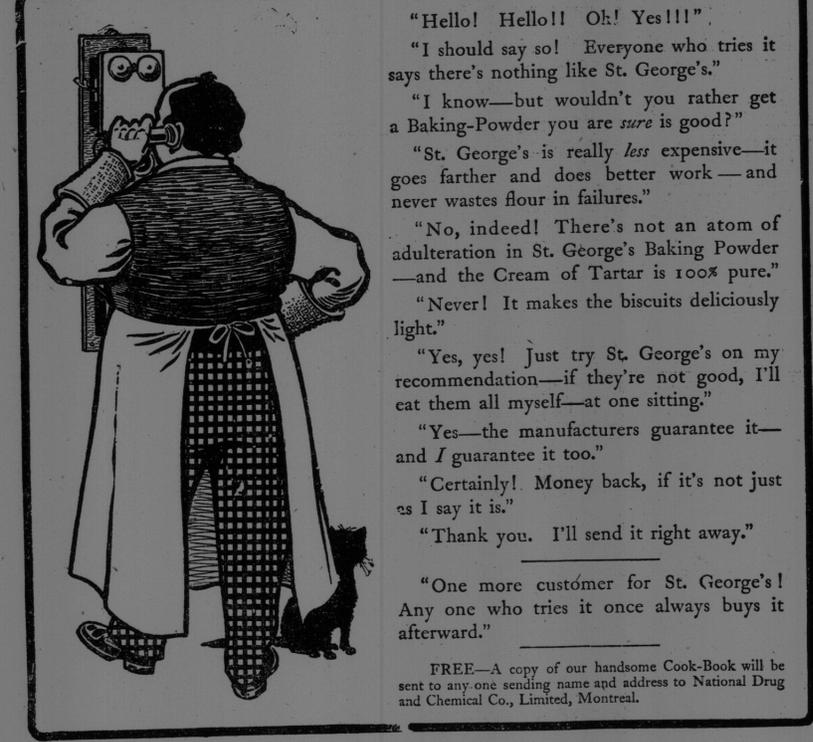

All freight, except live stock, is in-  
sured against fire and marine risk.  
W. G. LEE, Agent, St. John, N. B.

#### CAST DICE FOR BIBLES.

At Saint Ives, Huntingdonshire, the  
Whitauddle custom prevails of as-  
sembling half a dozen boys and the  
same number of girls and letting them  
cast dice for Bibles. This curious cus-  
tom was recently observed in the vil-  
lage, children selected from the Eng-  
lish church and Nonconformist Sunday  
schools competing for the sacred vol-  
umes in the presence of the vicar of the  
parish, the Nonconformist clergy-  
man, and many others.

The Bibles were purchased with the  
income of a fund established in 1673  
by a very pious man, who bore the  
name of Dr. Robert Wilde.

Every year protestant and the fur-  
ther observance of the custom runs all  
over the country, but the St. Ives  
people are not moved by it.

"Hello! Hello! Oh! Yes!!!"

"I should say so! Everyone who tries it says there's nothing like St. George's."

"I know—but wouldn't you rather get a Baking-Powder you are sure is good?"

"St. George's is really less expensive—it goes farther and does better work—and never wastes flour in failures."

"No, indeed! There's not an atom of adulteration in St. George's Baking Powder—and the Cream of Tartar is 100% pure."

"Never! It makes the biscuits deliciously light."

"Yes, yes! Just try St. George's on my recommendation—if they're not good, I'll eat them all myself—at one sitting."

"Yes—the manufacturers guarantee it—and I guarantee it too."

"Certainly! Money back, if it's not just as I say it is."

"Thank you. I'll send it right away."

"One more customer for St. George's! Any one who tries it once always buys it afterward."

FREE—A copy of our handsome Cook-Book will be sent to any one sending name and address to National Drug and Chemical Co., Limited, Montreal.

WINNER OF THE RACE

By Virginia Blair

(Copyrighted, 1907, by Homer Sprague.) "Jack," said Hugh Macdonald, "are they men or monkeys?"

me—and that was were to be married and that you were to live in the parsonage with me, and we were to minister to my people, and grow old together in a beautiful union—

The two contestants in the strange race were followed by a shouting, excited crowd. A little woman in scarlet, looking up with two stout eyes, was shouting up the rear, and they all disappeared around the curve together.

"Well, Jack," said Hugh Macdonald, "it's a poor way to treat the pigs, and you could take better care of the sheep than that."

The colts wagged a responsive tail, but his eyes were still fastened on the road. "High, following their direction, said, 'Oh, quickly, as a girl limped into sight."

"I don't believe they thought of that," he said. "Who they ever think?" he questioned her.

"I'm not sure," she confessed, "but they're awfully good fun."

"But we want to have the tableaux, I am going to be the pig," she said. "To whose Romeo?"

"The pig driver," she said. "I'm awfully sorry," she said. "There was a moment when I thought I'd love you, but I don't love any one."

"Do you love him?" she asked. "Oh, no, I don't love any one—"

"I shall always call you that in my heart," he said. Then he squared his shoulders and stood up.

"I'll help you to get home. His arm went around her and she clung to him, 'I'm afraid I can't walk—'

"I'll carry you, if you'll let me," she protested. "Oh, no, they're coming back!"

"The pigs were rampant now, and squealing on the homestead. The sheep were wild, and they stumbled over the rough road."

"Oh, poor things, poor things," Eleanor said to the woman in scarlet. "Take them home, Jack," he said to the colts, and to the protesting crowd.

"I'll carry you, if you'll let me," she protested. "Oh, no, they're coming back!"

"I'll carry you, if you'll let me," she protested. "Oh, no, they're coming back!"

"I'll carry you, if you'll let me," she protested. "Oh, no, they're coming back!"

STRONG APPEAL MADE FOR CLEAN ELECTIONS

Rev. Charles Flemington Says the Way to Bring This About is to Use Clean Ballots—Rev. C. W. Hamilton Refused Leave of Absence--District Chairmen Appointed.

ST. STEPHEN, June 24.—At the session of the ministerial conference, C. W. Hamilton was refused leave of absence and stationed at Salisbury.

The request of W. Brewer to be removed from the superintendency was refused. He was granted one year's leave of absence.

The following young men were recommended to be hired as local preachers: Percy Fitzpatrick, Geo. W. Tuttle, John Seaman, Fred Crisp, R. Gordon Warren, E. J. Webber.

Rev. Thos. Marshall was elected conference treasurer. Conference convened at 8:30 p. m. after reading of minutes of previous session.

Rev. A. C. Bill read the report of the sustentation fund committee and on motion the report was received.

Rev. Geo. Steel, secretary of stationing committee read the final standing sheet as published in Monday's Sun.

The election of chairmen of districts was as follows: St. John district—President, Rev. James Crisp, chairman; financial secretary, E. Howard; Sunday school secretary, Hedy D. Starr.

Frederick district—Chairman, John C. Barrie; financial secretary, J. W. McConnell; Sunday school secretary, John A. Ives.

Woodstock district—Chairman, E. C. Turner; financial secretary, Thomas Pierce; Sunday school secretary, Geo. Ayers.

PHILEAS FOGG'S TIME HALVED

Englishman Travels Round the World in 40 Days in Spite of Mishap

LONDON, June 22.—L. O. Colburn Campbell writes to the Times that he landed at Dover on June 13 after completing a circle of the world in forty days and nineteen and a half hours.

He had caught the St. Petersburg express at Berlin on June 12 he would have reduced the time by several hours. After asking whether this is a record for speed around the world he gives the following particulars of his trip.

He left Liverpool on May 3 at 7:30 p. m. by the Canadian Pacific Railroad steamer. He arrived at Quebec on May 16 at 3 p. m. and left by the Canadian Pacific Railroad's overseas transcontinental mail train at 5 p. m.

He reached Vancouver on May 29 at 5 a. m. and left at 11:30 p. m. on the Canadian Pacific's mail steamer. He arrived at Yokohama on May 28 at 5 a. m. and departed on May 27 at 7 p. m.

He reached Sasebo on May 23 at 9:30 a. m. and left at 5 p. m. He arrived at Osaka on June 10 at 2:30 p. m. and left at 6 p. m. He arrived at Warsaw on June 11 at 9:30 p. m. and left at 11:30 p. m.

He reached Berlin on June 12 at 11:35 a. m. and departed five minutes later. He arrived at Cologne the same day at 3:38 p. m. and left at 11:15 p. m. He arrived at Ostend on June 13 at 7:30 a. m. and left at 11 a. m., arriving at Dover at 2:30 p. m. of the same day.

He was travelling on an isolated rocky island during a dense fog in the Sea of Japan. The tide fortunately lifted the ship off the rocks and he was able to make railroad connection at Vladivostok. If he had missed that train there would not have been another for four days.

SUSSEX, N. B., June 24.—The D. O. C. arrived this morning, several of the staff of officers accompanying him. An advance party of the Army Medical Corps are busily engaged preparing for the rest of their corps, who will arrive tomorrow. The Army Service Corps, under Major Massey, have been very busy.

COBALT, June 24.—John McKay was drowned this morning in Clear Lake. He was a miner, aged 38, a native of Cape Breton. He intended leaving for home tonight.

FIRE DESTROYED TWO BUILDINGS

Blaze Started in Old Temperance Hall Rexton, and Spread to Thos. Call's Barn—Latter Insured.

REXTON, N. B., June 24.—About 11 o'clock last night the community was startled by cries of fire, and it was soon ascertained that the old Temperance Hall was in flames. The fire when discovered had made good progress, and it was not long before the sparks had ignited one of Thomas Call's barns, a short distance away.

The barn contained a valuable lot of farming implements, wagons, sleighs, carriages and other articles. A large number of citizens gathered and a good bucket brigade got to work, but it was soon seen that it was useless to try to save the barn. The contents were removed to a place of safety and fences torn down to prevent the further spread of the fire.

The wind at the beginning of the fire was blowing a strong breeze from the southwest, but it soon changed to south, and it was thought for a time that Mr. Call's house would catch, but fortunately the fire was confined to the barn and hall. The barn was partly insured. The hall was built about fifty-five years ago and was at the time considered a fine building. It has not been used for about ten years and was badly wrecked. It was uninsured and owned by J. and W. Bratt. It is not known how the fire started.

Yesterday was extremely hot. The crops are doing well considering the backward spring. Miss Lisette O'Connor is home from the Provincial Normal School. Miss McGregor of Rumford Falls, Me., is visiting her aunt and uncle, Mr. and Mrs. A. McGregor here. Mrs. A. McGreggor is visiting his home here. Mrs. A. McGreggor returned Saturday from St. John.

Miss Martha Jardine has returned from a visit to St. John. Messes Lisette Moore, Lucie and Amanda Mallett are home from St. Louis convent. Mrs. Fred. Reid of Sackville is visiting her parents, Mr. and Mrs. A. McGreggor. Wm. Brown of Amherst spent Sunday in town.

VERY RICH IRON MINES IN NEW ONTARIO

The Canadian Northern's Property Contains Millions of Tons

TORONTO, June 24.—Eugene Coste, consulting engineer of the Canadian Northern Railway, returned last week from the Moose Mountain mines, in Hutton township, New Ontario. He stated that the railway to the mines has now been completed and it was only a matter of a short time before shipments to the lake would be made. The ore will be transported by vessel to smelters at Midland, Hamilton and other places. Coste says the mines are about thirty miles north of Sudbury and there are millions of tons of the finest iron ore. In fact the ore resembles to a large extent that mined in Sweden. Thirty miles north of this mountain there is another range of iron deposits which will probably be developed by the Canadian Northern.

INSURANCE AND GOAL TENDERS AWARDED

R. P. & F. W. Starr Will Supply Lateral and William Thomson & Co. the Former—School Board Meeting.

A special meeting of the Board of School Trustees was held in the board room on Union street last evening at eight o'clock. Trustees Col (chairman), Russell, Maxwell, Bullock, Manning, Nase, Lockhart, Mrs. Skinner and Superintendent Bridges being present. Tenders submitted for supplying the schools of the city with coal for the next year were taken up. Two tenders were received, one from J. S. Gibson, and Co., the other from R. P. and W. F. Starr. After some discussion the board decided to accept the tender of the latter concern for hard and soft coal, the prices being \$3.25 per ton of 2,000 lbs. for American anthracite and \$3.55 per ton for Run of Mines Calderdale coal. The matter of insurance was next taken up. The financial committee reported that they had carefully examined the tenders for the renewal of the insurance and had found that the offer of Wm. Thomson and Co., to insure the buildings for the sum of \$26,375 at a premium of \$4,000 for three years, was \$87 lower than the next tender. The committee further recommended that the offer be accepted. After a lengthy discussion the report was adopted by the board, with the understanding that when a satisfactory water connection was made with Loch Lomond the new rates would be given.

The matter of painting the High School came up and it was decided to receive tenders for the work. Some discussion also took place of the practice of leaving home reports standing by the different schools, no definite action, however, being taken by the board. A report of the average temperatures at the Dufferin school during the winter was submitted to the board and accepted, after which a motion to adjourn was made and carried.

An application from Miss E. Mercereau for a position on the city teaching staff was read and placed on file. A report of the average temperatures at the Dufferin school during the winter was submitted to the board and accepted, after which a motion to adjourn was made and carried.

NEW YORK, June 24.—The American Express Company, it was announced today, will on July 1 take over all the local express business between this city and Chicago which now belongs to the United States Express Company. This business, it was said today, was worth about \$15,000,000 a year.

Every Woman

is interested and should know a successful and speedy way for the relief of her suffering. Dr. Scott's White Liment contains more pain-destroying ingredients than any other liniment on the market. It is a big, generous bottle—generous in quantity, generous in those ingredients which contain curative properties, and clear, sheer ability to stop suffering from rheumatism, cuts, burns, neuralgia, sprains, etc. At all good druggists.

S. H. WHITE WAS CHOSEN PRESIDENT

Senator Thompson First Vice-President—New Directors of N. B. Telephone Co. Elected Last Night

FREDERICTON, N. B., June 24.—An adjourned meeting of the stockholders of the New Brunswick and Central Telephone Companies was held this evening for the purpose of electing directors. Fifteen in number. Among those present were F. Black, C. W. Fawcett, A. W. Bennett, H. E. Reid, R. O'Leary, J. D. Haen, J. M. Scott, S. W. White, C. W. Robinson, F. B. Carvell, J. D. Irving, F. W. Sumner, F. P. Robinson, E. A. M. Robinson, E. Price, Senator F. P. Thompson, W. T. Whitehead, L. W. Bailey and others.

The following board of directors was unanimously elected for the ensuing year: Senator Thompson, W. T. Whitehead, Willard Hitchen, Frederick, P. B. Carvell, M. F. Woodstock, C. W. Fawcett, H. C. Read, A. W. Bennett, F. Black, Sackville, R. O'Leary, Richard, G. W. Ganong, M. P. St. Stephen, G. W. Fowler, M. P., H. P. Robinson, Sumner, S. H. White and J. D. Irving, Buctouche.

Seven of the above were named by former stockholders in Central Company. Mr. Irving was agreed upon as the fifteen director. S. H. White was elected president; Senator Thompson, first vice-president; F. B. Black, second vice-president; and Alfred Seely, secretary and treasurer. It was after one o'clock when the meeting adjourned. T. H. Estabrook, the former president of the Central Company, is at present in the west, but it is understood that upon his return one of the directors elected this evening will resign in his favor.

In the circuit court this afternoon the four cases of Vinberg vs. Fickler went by default and judgment rendered for the plaintiff in all cases, the total amount assessed being placed at \$3.30. SAN FRANCISCO, June 24.—On motion of his counsel, the district court of appeals this afternoon dismissed the petition of Mayor Schmitz for admittance to bail through a writ of habeas corpus.

HAPPENINGS IN SCOTT ACT TOWN

Babang's Beer Stolen—Englishman Claims He was Given Drink and then Robbed.

MONCTON, June 24.—Thirty thieves broke into a portion of Babang's warehouse cellar, either on Saturday or Sunday night and got away with several cases of beer which was stored in a portion of the cellar occupied by Henri Cormier, proprietor of the local hotel. The thieves pried the iron bars off the window, broke in the glass, and thus effected an entrance. Claiming that he had been drugged, and then robbed, William H. Andrews, an Englishman employed on construction at the I. C. R.'s new shops, laid information today against James Flavin and the latter was arrested. Andrews claims that yesterday afternoon he was induced to go to a public wharf, and there given a drink, after which he recollects very little, except that he saw Flavin taking goods and was powerless to resist. Andrews says he was robbed of eight dollars in bills, an English sovereign, and a tobacco pouch, the total value being about fourteen dollars.

BIG STEAMER WRECKED.

SANTIAGO, CHI, June 24.—The Pacific Steam Navigation Company's coasting steamer Santiago, a vessel of 1,266 tons, trading between Panama and the south coast of South America, has been wrecked in a heavy squall fifty miles north of Corral. One passenger and one officer are known to have been saved. The remainder of the passengers and crew are reported to have perished.

D. O. C. ARRIVES AT SUSSEX CAMP

SUSSEX, N. B., June 24.—The D. O. C. arrived this morning, several of the staff of officers accompanying him. An advance party of the Army Medical Corps are busily engaged preparing for the rest of their corps, who will arrive tomorrow. The Army Service Corps, under Major Massey, have been very busy.

COBALT, June 24.—John McKay was drowned this morning in Clear Lake. He was a miner, aged 38, a native of Cape Breton. He intended leaving for home tonight.

GILLETTS GOODS ARE STANDARD ARTICLES

IT IS TO THE ADVANTAGE OF EVERY HOUSEKEEPER IN CANADA TO USE THEIR

- Flour Baking Powder, Gillett's Perfumed Lye, Baking Soda, Gillett's Cream Tartar, Royal Yeast Cakes, Gillett's Domestic Soap, Flax Baking Soda, Gillett's Washing Crystal.

MADE FOR OVER 50 YEARS. (INCORPORATED 1904) E. W. GILLETTS COMPANY LIMITED TORONTO, ONT.

More nourishment in every tin of Clark's Pork and Beans than in 1 lb. of prime Canadian beef—which costs 12 1/2 cents a lb. and has to be cooked.

That is why Clark's Pork and Beans is the best and most economical food going.

The beans Wm. Clark uses are full of the pre-eminent "life principle" that generates muscular power, energy, force, health. In

Clark's Pork and Beans

the beans are the best and they are cooked just right with the right amount of pork and seasoning to give an added piquancy and relish to their already delicious flavor. Therefore, ask your dealer for Clark's Pork and Beans "because they are the best" and insist on getting what you ask for. Plain or flavored with Tomato or Chili Sauce. No substitute can equal Clark's in purity, quality, flavor and economy. -5c, 10c. and 25c. tins.

Clark's Other Good Things to Eat.

- Corned Beef, Spiced Smoked Beef, Veal Loaf, Lunch Tongue, Roast Beef, Ready Lunch Beef, Potted Meats, Ham Loaf, Beef Loaf.

WM. CLARK, MFR. - MONTREAL.

LUNGS LINED WITH CEMENT

Doctor Had Hard Time Bringing Joseph Lucas Around

Berry Crop Short, But Boxes Mct. be Up to Full Size—Will Enforce Regulations.

OTTAWA, June 24.—Doctors at the Water Street Hospital were busy this afternoon getting Portland cement out of the nose, mouth and stomach of Joseph Lucas, and they now say that the man is going to live. He has had a narrow escape. Lucas is the employee of the International Cement Company. This morning when engaged in loosening cement in a manure bin, a wall of the soft, heavy stuff fell and completely buried him. Other employees saw the accident and lost no time in digging the man out. They were none too soon, for they found that he had been badly bruised by the mass and that his struggles to obtain air had taken cement into his lungs and stomach. He was removed to the hospital and the doctors had a hard time bringing him around.

Though the berry crop is short this year, the boxes are going to be up to full size. The officials of the fruit department are looking out for that. In spite of the fact that there was a steady decline in the price of the fruit, the law said that the berry box should contain four-fifths of a quart and that first the inland revenue and then the trade and commerce department should see to it that nothing smaller should be on the market. But the officials of these two departments did not take much interest in the law, and neither did the fruit growers. A couple of years ago they had shrunk to a capacity of two-fifths of a quart. Then the duty of administering the law was turned over to the fruit inspectors. They have plenty of time to do it as their busy season does not begin until the apples get ripe. Last year they served notice on all berry growers and on all the makers of berry boxes that the law was to be enforced. This spring notice was again sent out. The result was the inspectors have reported that they have found the box-makers state that all the orders they are receiving from fruit growers call for standard size boxes. The boxes coming in from the United States are reported to be up to the legal Canadian requirements. Therefore though the price of berries may be higher this year housewives have the satisfaction of knowing that they are getting full measure.

VERY RICH IRON MINES IN NEW ONTARIO

The Canadian Northern's Property Contains Millions of Tons

TORONTO, June 24.—Eugene Coste, consulting engineer of the Canadian Northern Railway, returned last week from the Moose Mountain mines, in Hutton township, New Ontario. He stated that the railway to the mines has now been completed and it was only a matter of a short time before shipments to the lake would be made. The ore will be transported by vessel to smelters at Midland, Hamilton and other places. Coste says the mines are about thirty miles north of Sudbury and there are millions of tons of the finest iron ore. In fact the ore resembles to a large extent that mined in Sweden. Thirty miles north of this mountain there is another range of iron deposits which will probably be developed by the Canadian Northern.

Synopsis—The weather is showery throughout the Maritime Provinces. Winds are light southerly along the Atlantic coast and easterly to the Gulf. To Banks and American ports, moderate variable. Sable Island, southwest, 14 miles, cloudy. Point Lepreau east, 5 miles at 11 a. m.

### LOCAL NEWS.

Rev. P. C. Reed, who is to be one of the principals in an event of interest tomorrow, arrived in the city today.

The morning papers in their accounts of the sports on the Athletic grounds on Saturday had Massey reported as taking second place in the half mile run. The second man should have been Purdy E. Gilgoy, of Hampton.

In the probate court this morning letters of administration of the estate of John Robert C. Wilson, deceased, were granted to his widow, Amyette M. Wilson. The estate was valued at \$300 real property and \$1,700 personal property. Bastin & French, executors.

Mr. and Mrs. Starkey, who were married last evening, left for their home, the Washedook, today, on the S. S. Aberdeen. A large number of friends armed with rice and other weapons to hasten the bride couple, were present in profusion when the boat was leaving the wharf.

Officer Greer, attached to the North End police, accompanied by his wife and family, left for Shannon, Ontario, this morning, where he will spend his vacation. Officer Greer is the first of the North End police to receive holidays from now on one man will be away.

The plans toward the reconstruction of Union street, West End, are rapidly nearing completion, and the heavy part of the work will be under way towards the last of the week. A pile driver will be placed on the job tomorrow. The new dredge at Sand Point is nearly rigged up and will be ready for work on Thursday.

Three funny comedietta built on laughing lines will be produced by the Empire Dramatic Club in the Every Day Club hall on Thursday evening and a most enjoyable evening is assured. The proceeds will be devoted to the Every Day Club's play ground fund. A special rehearsal will be held at the hall tomorrow evening.

The C. P. R. yesterday announced a change in the suburban service which was gladly received by residents along the line from St. John to Westford. Hereafter, there will be a suburban train from St. John at ten minutes past one, the same as on Saturdays, returning to the city about half past three. Another rule which has been made is that suburban tickets will be good on all picnic trains both ways. This is a change which has been greatly desired and the suburbanites are properly grateful.

Moose and deer are becoming plentiful along the I. C. R. and C. P. R., several having been reported by train hands on the former within the past few days. Yesterday two young ladies who were going to the shore near Ononette, while walking through the woods were greatly astonished to see a fine large bull moose come tearing through the bushes right in front of them. The animal stopped when he saw the girls and after staring them up for a minute or two turned into the woods and trotted off.

The members of Portland Lodge, Sons of England, are greatly surprised at the communication of Charles Ledford, of Marborough Lodge, published in Monday evening's Star. Mr. Ledford's action in striving to make plain that Marborough Lodge has nothing to do with the picnic to Waters' Landing on Dominion Day, cannot be fully understood by the North End brethren and they are in a quandary as to the cause of such a letter. The posters and other advertising matter now seen about town do not say anything about Marborough Lodge, nor do they convey any idea that Marborough Lodge is holding the outing. They are simply an invitation to the public to attend the big S. O. E. outing. The Portland Englishmen feel that Brother Ledford's communication was in the nature of a "butt in," and that he was unwarranted in his unbrotherly action. The picnic will be held; it will be a success if fine weather prevails, and Portland Lodge will pay all the bills and do its best to give everybody a good orderly day's outing.

MANILA, June 25—Governor General Smith has returned from a month's tour of inspection of northern provinces. He declared that Paganini is ended on the islands of Samar and Leyte. He gives the entire credit for the solution of the difficult situation to Governor Curry of Samar and Governor De Veyra, of Leyte.

### WORK ON THE G. T. P. GOING ALONG NICELY

Another Party Was Started Today—Tenders for Alternate Route to be Awarded in Two Weeks.

Guy C. Dunn, district engineer of the Transcontinental Railway construction, returned last evening from a ten days' trip to Ottawa. Regarding the position of the construction work in this province, Mr. Dunn said that there are now four location parties out between Chipman and Grand Falls. The last party left the city yesterday in charge of A. McKeown. This party will work from the Tobique eastward.

The construction of fifty miles from Moncton westward has already been awarded to the Grand Trunk Pacific Co. and work will begin on this section in a few days.

The sixty-one miles of construction awarded to the Lyons and White Co. are already under way. This section is from Grand Falls upward.

The tenders for the construction of several other sections close today, and Mr. Dunn expects they will be awarded in about two weeks. The location surveys on the other sections will be through in September, when tenders will be called.

On his return from Ottawa Mr. Dunn visited several construction parties. The work is being rushed and where the local labor market has not been adequate the demand Italians have been imported. The pay on the construction work for the laborers ranges from \$1.50 to \$1.75 a day, exclusive of board.

### MAN FROM HALIFAX IS REPORTED MISSING

Charles Anderson, Who Worked for a Short Time in North End, is Wanted by His Friends.

Charles Anderson, a Swede, who arrived in this city from Halifax about ten days ago, is missing, and his friends are greatly worried over his prolonged absence. There has been no word of him since last Tuesday night.

Anderson came here with a chum who is called William Taylor. They went to work at Miller's Mill, being employed in the quarry. The man boarded with Mrs. Cunningham, on the Spar Cove Road.

On Tuesday evening last Anderson arrived in the house shortly before five o'clock and had supper. After tea he went to his room, shaved and prepared to go out for the evening. He asked his chum to accompany him, but Taylor said he did not feel like walking, and so remained at home. Anderson did not return, and the next day a search was instituted but no trace of him could be found. Since then the search has been kept up but has been unavailing. Taylor said that Anderson had come from Halifax, Anderson leaving Halifax had about forty dollars in his possession. On the evening of his disappearance Taylor said that Anderson had about three dollars in his wallet and clothes are still at Mrs. Cunningham's. Taylor believes that Anderson may have committed suicide.

Anderson could speak English slightly, enough to be understood, and stuttered when he talked. The following is the description of Anderson as given by Mrs. Cunningham: Height, about 5 ft. 8 in. dark blue eyes, red face, very light brown hair, of chunky appearance, weight about sixteen pounds. When last seen he wore a light suit and cap to match. He is about twenty-four years old. He also wore a gold ring, with two large stones in it. He informed Mrs. Cunningham that he had purchased the ring for eight dollars in a jewelry store on King street. Taylor, his chum, is still employed in Miller's mill.

### HARD TO GET A JURY IN THE COUNTY COURT

No City Ratepayers Accepted for the Collins Case—County Men Summoned for This Afternoon.

During the present session of the circuit court much difficulty has been experienced in securing juries. This morning at ten o'clock the court met and, for an hour and a half, jurors were summoned to attend were called, and in most cases challenged. The case which was taken up was that of Dooley vs. The City of St. John. Mr. Mullin moved for a trial and the jurors were called. Mr. Bastin and Mr. Gibbon were the first to step to Clerk Willet's desk. Mr. Mullin challenged them on the ground that they were rate payers in the city and he claimed the right to challenge them, as the case to be tried was known as a county case. Mr. Bastin objected to Mr. Mullin challenging the jurors, as it had not been proved that they were rate payers in the city and he called to the stand and was sworn. He stated that he was a ratepayer. Mr. Gibbon was sworn and he admitted being a ratepayer. Judge McLeod said that all of those summoned to serve on the jury might be ratepayers, and he thought that the best plan would be to summon Arthur W. Sharp, chairman of the assessors in county cases. Mr. Sharp was telephoned for, and arrived in a few minutes. The other assessors were then called, John E. Morton, Sidney Gibbs, John F. Williams, Wm. Magee and Manzer Grass were said to be ratepayers by Mr. Sharp and they were challenged. Judge McLeod then announced that the panel had been exhausted and he directed the sheriff to summon eight jurors from the county. The court then adjourned until three o'clock this afternoon when the newly summoned jurors are expected to be present.

### PRINCE WILLIAM STREET WILL BE REPAIRED

A citizen who did not wish to give his name rang up Mayor Sears this morning and asked that the attention of the street department be directed to the disgraceful condition of the street in the vicinity of the "Three Lamps" at Reed's Point. The gentleman pointed out the bad impression received by visitors to the city upon disembarking from the American boat, and hoped that the foliage and other material lying round the street should be at once removed.

Ald. McCollrick, chairman of the Board of Works, was informed of the matter and will instruct the superintendent of streets to do any work necessary towards the cleaning of this part of the street. The matter has often been discussed, and it would appear that now the approach to Prince William street will be made more presentable.
