VERY CONFIDENT NOW. "And how many of us know whether will drift our flowers laden bark on the swift-flowing stream of life?"  
A PROPHECIC MOOD. "It seem to behold, behind the mystic veil that shrouds the immeasurable future, a world!"  
AT A CLIMAX. "And so it is that with courage and industry we gain our cherished goal, per aspera, ad astra!"  
A WORD TO THE WISE! "And in conclusion I would say to you, my dear classmates, ere our partings part, that it is ours to do and to dare, to strive and to win!"

## SIBERIAN EXILES BREAK FOR LIBERTY

Bloody Revolt of a Band of Prisoners  
Are Now Attempting a Journey of Two Thousand Miles in the Hope of Reaching Alaska.

SEATTLE, Wn., June 30.—A cable despatch from Nome, Alaska, describes a bloody outbreak of Russian political prisoners in the Yakutat district, Siberia, and the flight of the mutineers across the wilderness toward Berings Strait, in an effort to reach Alaska. The despatch says: Advice from Vladivostok of the Northern Siberian Company across Bering Strait, state that a band of prisoners in the Yakutat district revolted, killed the guards and started on a retreat of 2,000 miles for East Cape, where they planned to take small boats and make the mainland of Alaska, 25 miles away. Captain Kalinnikov, acting Governor of the district, ordered Cosacks to take the prisoners. The fugitives in ambush killed four Cosacks and wounded twelve others, forcing them to retreat. Approaching an Eskimau village, the convicts pressed the natives into their service and confiscated food, clothing and tools. When the Eskimau rebelled a number were shot. Captain Kalinnikov sent a warning by special messenger to East Cape and that place was garrisoned against attack. The report reaching here is that the convicts are expected to make Nikoiv Island in the centre of Bering Strait. A Russian cruiser is expected daily by Vladivostok and may intercept the fugitives. Captain Kalinnikov says the convicts are murderers and criminals of the worst sort.

## CHINESE HAVE FOOLED THE NEW YORK POLICE

Wily Celestials, Involved in the Sigel Murder, Manage to Keep Their Secrets.

NEW YORK, June 30.—The following of the zig-zag trail left by the trunk containing the body of Elsie Sigel on the day following her murder, has resulted in implicating seven Chinamen, all of whom while not actually accused of having had a hand in the killing of the young woman, are suspected of having had knowledge of the crime and of the efforts of Leon Ling to dispose of the body.  
Only one of the seven, Chung Sin, is in the custody of the police. Of the others Wan Lee, the laundryman at whose place in 12th Street the trunk was first taken, has disappeared, and Lee Sing, the Chop Suey restaurant keeper in Newark, is under surveillance. The four Chinamen who were in the room adjoining that in which the trunk stood when the express man called to remove it to Wah Lee's laundry, have not been identified and still are at large. The police and district attorney now are satisfied that the Chinaman has tricked them almost at every point and that his account of what he beheld in the room adjoining his, immediately after the killing, is of the most fragmentary character, and that what he has left untold is vastly more important than what he has revealed.  
NEW ORLEANS, June 30.—Lieut. Col. J. Alexander Pasos, of the Nicaraguan Army, who was mistaken for Leon Ling, the alleged slayer of Elsie Sigel, and arrested here yesterday, declared that he will report the matter to the Nicaraguan Minister in Washington. Col. Pasos arrived here yesterday from Washington, where he states he has been the guest of the Nicaraguan Minister.

## THOUSANDS OF CHILDREN TURNED LOOSE FOR TWO LONG MONTHS OF FREEDOM

Closing Exercises in All the City Schools Were Well Attended—New Medal Offered at St. Vincent's by Senator Ellis—Programmes in Many Classes.

The weather man was good to the school children today and the highest 75 per cent, and then the seven members of the class who made an average of over 75 per cent, were called to the platform and given their post graduate certificates.  
Rev. D. L. Hutchison spoke briefly to the class, dealing with the meaning of true education, which he said was to help us to become complete masters of ourselves.  
After singing God Save the King the graduates marched out and held an informal reception for their friends in the hall below, where specimens of their work were on exhibition.  
The Alumni of the High School will hold a reception in honor of the graduating class in the assembly hall this evening.

PROTESTANT ORPHAN ASYLUM.  
Interesting exercises marked the closing of the Protestant Orphan Asylum school, which was held at the institution this morning. There was a large attendance of visitors. The teacher, Miss Elsie Murdoch, had prepared a lengthy programme, which was carried out by the pupils. Prizes were awarded to a number of the successful scholars. The readings and songs were well given.  
The inmates of the Protestant Orphan Asylum have completed a busy term. There are thirty-six students in the school and all made a creditable showing.

QUEEN STREET SCHOOL.

Miss Mabel Hodges is the principal of the school. There were drills, dialogues and recitations. The scholars were served refreshments at the close.

TOWER SCHOOL.  
The closing exercises in Tower School consisted of readings, compositions, recitations, dialogues, piano selections, etc.

## P. E. ISLAND AUTOISTS LOSE IN SUPREME COURT

Chief Justice Holds That the Provincial Act is Sound—Case Against Former M.P. Goes to the Supreme Court.

CHARLOTTETOWN, P. E. I., June 30.—In the Supreme Court yesterday Chief Justice Sullivan gave judgment in the matter of an application by the automobile owners with respect to a certiorari to remove a conviction by the stipendiary magistrate against the former for running an auto contrary to the provincial statute prohibiting the same. A year ago the autoists ran their machines through the streets in order to bring about a test case. They took the ground that as the running of the autos according to the preamble of the statute, was called a nuisance, that it was a criminal offence with which the Federal Government alone could deal. The judge, however, declared that it was within the powers of the local legislature to pass the statute and accordingly affirmed the magistrate's decision in the lower court, quashing the certiorari with costs.

In the case of Bennett McEachern vs. J. J. Hughes, ex-M. P., defendant had been charged with breach of the Independence of the Parliament Act and demurred to an action of the plaintiff on the ground that he should have been sued at Ottawa where the alleged breach was said to have taken place. The judge over-ruled the demurrer with costs. It is likely that Hughes will appeal to the Supreme Court of Canada.  
The militia went into camp today, 850 all ranks, 120 less than last year.

## THE WARS OF THE FUTURE ARE WARS OF COMMERCE

So Says Emperor William Who Meanwhile Continues to Build Battleships.

PARIS, June 30.—The Figaro today publishes an account of a conversation between Emperor William and Baron M'Estourmelles De Constant, President of the French Parliamentary Arbitration group, held recently at Kiel. In this talk the Emperor insisted that his policy was one of peace and said that the battles of the future would be in the economic industrial and commercial fields. Great Britain was now traversing a period of acute nervousness, but he predicted that this would disappear when the country realized it could regain its lost economic ground, not by a destructive war, but by an increase in its productive activity. He showed great interest in the French experiments in aviation but said he believed that for the present dirigible balloons had incontestable advantages over aeroplanes.

## CHINESE PIRATES WERE CAPTURED BY POLICE

HONG KONG, June 30.—Thirty Chinese pirates were captured yesterday by the police in an untenanted house at Marco after a sharp fight in which two pirates were wounded. A number of women were included in the number captured and several kidnapped children were recovered.

## CRISIS IS NEAR IN THE INDIAN TROUBLE

Great Anxiety Prevails in British Columbia.

While Settler Found Murdered—Government Will Take Prompt Action Against the Redskins.

VANCOUVER, June 30.—A tragedy that may cause a crisis with the Klondike and British Indians was recorded today, when the body of a white man was found floating in Skeena River. There were two bullet wounds on the body, one in the breast and one in the hip. The man's face was fearfully slashed, apparently in a struggle for life with his assailant before being subdued by the fatal bullet. According to a despatch from Clear Water, the man is a new settler, who had a quarrel with the Indians on Kitsum Kalam. The Redskins have been defiant for several weeks, and it is stated that "Gun As Noot," the outlaw, wanted for the murder of Simon Leclair, is in the vicinity urging them to take action against the white settlers. The authorities will take action.

## ONE KILLED, FOUR HURT IN AN AUTO ACCIDENT

Car, While Trying to Avoid Injuring Pedestrian, Was Upset by Striking the Curb.

NEW YORK, June 30.—Thomas A. McInroe, a policeman, was instantly killed and four men injured, one fatally, when a borrowed automobile in which they were riding was overturned while on the way to Coney Island today. The car had been borrowed by George Olney from his cousin, Miss George, of Brooklyn, its owner, and Olney was giving the other man a ride. The car was going at high speed when a passenger stopped from a trolley car directly in front of it. A sudden twist of the steering wheel to avoid the passenger, sent the automobile skidding against the curb where the car was overturned and its occupants thrown out or pinned under it. Policeman McInroe's neck was broken and John Bryan, another of the riders, suffered concussion of the brain and internal injuries. The other men were slightly injured. Olney was uninjured and disappeared.

## KILLED HIS LITTLE CHILD WHEN CUTTING WHEAT

OKLAHOMA CITY, Okla., June 30.—While driving his harvester through his fields near Ural, Okla., John Nichols, a well-to-do farmer, ran over his little daughter, killing her instantly. The child had walked in front of the wheat and fallen asleep.  
Not until the father had driven twice around the field did he discover the child's body.

## FILLING THE LAKE WITH CONFISCATED WEAPONS

CHICAGO, June 30.—Nearly six hundred deadly weapons which the police have confiscated in the last six months will be cast into the lake today. **As an Amateur Hawkshaw, Miss Dillpickles Gets on the Trail of a Kidnaped Ghee-Id.**

By FRED SCHAEFER.

It isn't I, it's the little Chesterton Dubarry, and only six years old, has been kidnaped, and everybody is frantic. He was looking at a circus billiard when an unknown dark man in a black suit and red and blue striped cuffs lured him away with an ice cream sandwich. He was not missed till he was gone. They have found clues galore, but none that will turn up Chesterton Dubarry. He was seen riding west with four men in a piano box buggy. He seemed contented, for they were feeding him with chocolate eclairs. When snatched from in front of the board he wore his hair cropped short and had on a black shirt-

waist and ribbed stockings. They may disguise him, though, by putting a Buster Brown wig on him and making him go barefoot, in which case he can be recognized by having six toes on his left foot. The villains have sent a letter demanding \$50,000 by the end of the week, or else they'll cut his ears off and mail them to the parents. However, if they do that, it will be a violation of the postal laws, punishable with a \$5 fine. Therefore, they may falter. The wealthy parents will either pay the ransom or give a reward of \$5,000 for the return of the child. How I would LOVE to find him. I'm awfully sorry for the parents and I could use \$5,000. Dead I could. The hunt is on. Watch my smokes!

**CANADA'S LOAN BIG SUCCESS.**  
British Capital Bids High for Canadian Inscribed Stock.

LONDON, Eng., June 29.—The government loan, out tomorrow, differs from the market expectations. It will go for ten million pounds, but for \$26,500,000 2 1/2 per cent. inscribed stock at 98 1/2, not 97 as the market conjectured. It will fall due from 1950 to 1960. It is the largest loan any colony ever placed on this market. The price of existing stock is 95, and the underwriting of such a large loan within half a point of the existing quotation is accepted evidence of Canada's high credit here, especially seeing all the business is done through a Canadian bank, namely the Bank of Montreal. Leading brokers comment on the fact that the market considers the price high and shows that Canada gets her money cheaply enough. She might have done even better had not premature and inaccurate press statements somewhat spoiled the impression. Four millions of the loan goes for redemption of an old debt.

**BRANDENBURG LOCKED UP ON ABDUCTION CHARGE**

NEW YORK, June 29.—Although Broughton Brandenburg was acquitted here today of the charge of grand larceny in connection with the sale of an alleged spurious letter of Grover Cleveland to the New York Times, he had only a few minutes of freedom. Before leaving the court-room he was re-arrested and will be taken to St. Louis next week for trial on a charge of fraudulently entering from the child's parents, his stepson, James Sheppard Cabanne 3rd. The maximum penalty for kidnaping in Missouri is twenty years' imprisonment. The author was taken back to the Tombs in default of \$5,000 bail to await the arrival of the Missouri officers.

**OVER 100 SUFFRAGETTES ARRESTED AS RESULT OF EFFORT TO SEE ASQUITH**

LONDON, June 29.—The thirteenth vain attempt of the militant suffragettes to obtain access to Premier Asquith by deputation resulted in exciting scenes in Parliament square to-night and the arrest of more than one hundred women. The plan of campaign followed the lines previously employed by the suffragettes. The "woman's parliament" assembled in Oxford Hall at 6 o'clock in the evening and sent a deputation, headed by Mrs. Pankhurst, to endeavor to see the prime minister, who had previously declined not to receive the deputation. The "woman's parliament" assembled in the vicinity of parliament. The first noteworthy incident was the arrest, after a great deal of trouble, of a burly policeman who tried to penetrate the police cordon to take a message to the premier. Next appeared the deputation under command of Mrs. Pankhurst, and it was escorted by the police, the deputation Chief Inspector Scandell, who handed Mrs. Pankhurst a letter from the premier, regretting his inability to receive the deputation. Angriest of the letter on the ground, Mrs. Pankhurst exclaimed: "I stand on my rights as the King's subject to enter the House of Commons," and she endeavored to force an entrance. She tried to induce the woman to disperse quickly and then began to take the members of the deputation by the arms to lead them away. To the surprise of the spectators, who were massed around the entrance, Mrs. Pankhurst slipped Inspector Jarvis in the face, knocking his cap in the mud. A moment later another member of the deputation, Mrs. Saul Solomon, knocked off the inspector's cap a second time, while others made determined attempts to rush the cordon of police. Eventually the entire deputation was placed under arrest. By this time a second deputation had left Oxford Hall, accompanied by some hundreds of suffragettes and others, and an attempt was made to reach the house of commons through the underground passage leading from Westminster bridge. This too was unsuccessful. The windows of many of the government buildings were smashed with stones thrown in paper. Altogether 112 women were arrested.

**COLD FACTS ABOUT REMARKABLE INCIDENTS OF PREVAILING HOT WAVE**

Patent Frigid Slugs Alay That Terrible Feeling—Visitor From Polar Region Ravels in Sizzling Weather—Restaurant in Ice Cave is Popular.

FRIGID TABLETS HEAT ANTIDOTES. SIZZLING, Pa., June 29.—Price's Patent Frigid Slugs are all the rage during these hot days, and T. J. Price, who devised these dainty little antidotes against heat, is being acclaimed as a benefactor of his race. The Frigid Slugs consist of liquefied air compressed into buttons. One of them dropped into a barrel of water will convert it instantly into ice. Two of them deposited in the boiler of a steam heating plant will send currents of cold air through the pipes and maintain a temperature of forty degrees during the hottest summer day. Women in the factory are constantly having their fingers frost-bitten while handling the slugs, and they are compelled to wear fur overcoats and heavy woolen mittens during the working day. The temperature in air for 50 feet around the factory is so chilly that all the vegetation is destroyed. Several days ago the 6-year-old daughter of B. K. Bradley swallowed a slug, in less than ten seconds she was frozen stiff, while huge icicles hung from her clothing. For a time her condition was serious. She was soundly flogged, but she refused to be taken to the hospital, and she was kept there ten hours when she was thawed out sufficiently to move around. Her condition is now very satisfactory and she has recovered.

**DEAD MAN SUED FOR BREACH OF PROMISE**

But Doubt Exists as to Whether Action Against Him Will Lie—\$10,000 is Demanded.

NEW HAVEN, Conn., June 29.—One of the strangest suits ever brought in the Superior Court of New Haven county was that heard today before Judge Shumway. It is an action brought by Adelaide Cumming (Dau) against Eustace Fox, now dead, and the question to be decided is whether or not a breach of promise suit can be maintained after the person sued is dead. Miss Cumming, in February, 1908, brought suit against Mr. Fox for \$10,000 for breach of promise, and at that time the defendant filed a bond of \$5,000. In August last Mr. Fox died, and now the plaintiff seeks to recover the full amount from his estate. It was stated in court today that while Mr. Fox left an estate in New York the suit might be maintained here, where it was brought. After a recital of the facts Judge Shumway decided that the only way that the case might be formally brought before the Superior Court would be after letters of administration had been granted here. The matter therefore has gone over until the second Tuesday in September, and in the meantime the necessary letters of administration will be taken out. Mr. Fox at the time the action was brought was playing with David Warfield and Miss Cumming also was on the stage.

**FAITH HEALING CAMP.**

Remarkable Scenes at Alliance, Ohio.

PITTSBURGH, Pa., June 29.—From Alliance, Ohio, where the "Rev." John Lupton has established a faith-healing camp, singular scenes are reported daily. Lupton, who styles himself the "Apostle," claims the "gift of tongues," a gift which the faithful are said to likewise receive. Hundreds of people flock to the camp. Some extraordinary "cures" have been reported. A Toronto clergyman, Rev. W. E. Harrison, who visited the camp in that vicinity, went to the little daughter, accompanied by his little daughter, during the day the girl fell and fractured her arm. The child was anointed and declared healed. Dr. C. S. Hoover later attended the child, setting the bones back in place. One of the congregation claimed the child suffered great pain after the doctor's operation and the bandage was removed. Another anointment and the child was announced healed a second time. The little girl is now said to be free from pain and entirely healed. Her father is not a follower of this faith.

**NEW HONORS FOR MR. KING**

OTTAWA, June 29.—Hon. W. L. Mackenzie King has come to Cambridge, Mass., where he will receive tomorrow from Harvard University the degree of Ph. D. Mr. King passed the final examination for the degree some weeks ago after submitting thesis along the line of his three years' post-graduate course in economics and history at Harvard before he became Deputy Minister of Labor in 1901.

**MALES TO TEACH IN FUTURE**

OTTAWA, June 29.—At the meeting of representatives of all the Anglican churches of the city last night it was decided that hereafter all Chinese in local Anglican Sunday schools shall be taught by men instead of by lady teachers. The decision is in a large measure the outcome of the recent atrocity in New York in connection with the murder of Miss Seigel.

**TO EXTEND THE PLANT.**

SYDNEY, N. S., June 29.—Before a meeting of the executive of Sydney Century Club, F. B. Jones, General Manager of Dominion Iron and Steel Co., said he had today received authority to proceed immediately with the extension of \$2,000,000 in the expansion of the plant. The immediate new construction will involve the erection of one blast furnace, a full complement of coke ovens and a Merchant mill. It is contemplated that these extensions within the next twelve months. Representatives of a large New York grounds and construction operations upon an extensive scale will be completed. The new blast furnace of the steel company will be known as No. 8, indicating that at a later date it is the intention to add three additional furnaces.

**CASTAWAYS BACK AS FROM THE DEAD**

Five Men and Boy, Reported Lost Off Whaling Brig, are Landed.

No Food and Spoonful of Water a Day Each Until German Steamship Picked Them Up.

NEW YORK, June 29.—Six hardy Portuguese whalers came back from the dead yesterday when they arrived on the Celtic, of the White Star Line, from Liverpool. They and their boat were reported lost from the Sullivan whaling brig hailing from New Bedford, when they could not be found on the morning of March 11. Their families have long been wearing mourning and services for their souls have been held in the little Portuguese church in the whaling city. Antonio Tinnis, third mate of the Sullivan; John Almeida, boat steerer and chum of Tinnis's for twenty years; Narciso Degross, Alfredo, Cabral, Antonio Francisco and Justin Forbes, sixteen years old, were the bronzed crew of the third mate's boat, who went until they were picked up by a German steamship. Pinna told how for six days and seven nights without food and with but a spoonful of water each day, he and the crew of the boat suffered agony until they were picked up by the American steamship. Taken to German Southwest Africa, they were made to work in the boiling sun until they could earn a sum sufficient to bring them into operation in the Superior Court of New Haven county was that heard today before Judge Shumway. It is an action brought by Adelaide Cumming (Dau) against Eustace Fox, now dead, and the question to be decided is whether or not a breach of promise suit can be maintained after the person sued is dead. **APPEAL COURT FOR BRITISH COLUMBIA**

Names of Many Prominent Lawyers Have Been Mentioned for Judgeships

VICTORIA, B. C., June 29.—The decision of the Government of British Columbia to bring into operation in August the act establishing an Appeal Court for this province—formal notification of which has been given to the Dominion Government, with whom rests all judicial appointments—is received with general satisfaction throughout the province, the inconveniences and loan to litigants under the present system having been great. Many names are mentioned in connection with the appointments to be made by the Dominion, rumor being divided as to whether Chief Justice Hunter will be transferred to the new court in that capacity, or Mr. J. A. Macdonald, K. C., of Rossland, the leader of the Liberal Opposition in the Provincial Legislature, obtain the new Chief Justiceship. In the event of Mr. Macdonald's appointment to the bench, which appears conceded as a foregone conclusion, it is both possible and probable that Mr. William Sloan will contest the vacant constituency, with aspirations to succeed Mr. Macdonald not only in the seat, but in the provincial leadership of the party. Among others whose names have been mentioned in connection with judgeships in the new court are Messrs. W. W. Melnes (on promotion from county judgeship), J. H. Senkler, F. C. Wade, D. G. Macdonald, E. P. Davis, and Charles Wilson—all Kings Counsel, of Vancouver. Hon. D. M. Eberts, K. C., and Col. F. B. Gregory, of this city.

**AMERICAN WOMAN HAMMERS HER SEX**

TORONTO, Ont., June 29.—The Women's Congress continued their deliberations today, still divided into several sections. Miss Schested gave an interesting talk before the industrial section on Women Farmers of Denmark. Miss Schested is one of the large number of Danish women who earn their livelihood on the land in Denmark. The 29,000 women engaged in agricultural, nine per cent, actually own their own land and 29 per cent. acted as laborers. Miss Sæfde American hammered her sex for preaching morality and then failing to act up to their preaching. "Do not preach at young girls, they won't stand for it. Unless you are going to provide proper dancing halls, well lighted, where respectable boys and girls can dance together, they will go to improper places."

**BANDIT KILLS OFFICER**

VANCOUVER, June 29.—Shortly after eight o'clock Monday night Special Constable Isaac Decker, Ashcroft, attempting the arrest of two bandits coming down the Thompson River in a row boat was fatally shot after killing one of the bandits. The remaining bandit fled. He (caught looking at girl at next table)—She reminds me of you, Lucy. She—Then why not stare at me, instead?

**NO FOOD, LITTLE WATER.**

"For three days, with only a tablespoonful of water dealt out to each man, I sailed on hoping to find the Sullivan, but it was no use. There was no food and I did not dare to sleep for fear some one would drink salt water and we would have a crazy man on our hands." "Fortes, the boy, lay in a stupor in the bottom of the boat after the first day and I feared that he would die at any time, so after the third day I headed for the African coast, which I knew was about five hundred miles away. With the hot sun pouring down upon us during the day and heavy rains at night, our plight was terrible. When the men slept they dreamed of eating and reached out for food that could not be had. Their screams and cries were terrible. "So it was day after day, night after night. The morning of the seventh day we were picked up by the Max Brock, Captain G. Flaster, of the Woermann line, on her way from Sierra Leone to Swakapmund, German Southwest Africa. We were still weak when we reached the German port. Dr. Schenck, the Governor, had us put into the police station, where we had food handed to us upon and a little rice and water to eat. I protested and was told that we could get out and work on the new moles building and earn five marks a day, and in ten days we would be paid and could then buy what we wanted. "As we could not do that and gain our strength I went to the agent of the Woermann line, who gave us food and a place to sleep, and we did go to work and in sixty-three days earned about \$75. On the Admiral, Captain

JAMES BRENNAN FINDS THAT HOUSES ARE SCARCE

Has Difficulty in Securing Quarters in Which to Conduct His Business.

There seems to be no person in the city inconvenienced more than James Brennan, the well known boarding house proprietor, and from the present outlook it seems that Mr. Brennan will once more be a feature in a law suit. For some time Mr. Brennan has been conducting boarding house in a building of Charlotte street, but has been forced to vacate on account of the building being converted into law offices. He hunted the city over in search of a suitable place, and finally was successful in purchasing the house on the corner of Broad and Wentworth street from Hattie Robinson. The house is a fine one, and Mr. Brennan when he arrived at the house Friday evening with a load of furniture found that the stable Thomas Gibson had locked the house up. Brennan could not get in, and was forced to remain on the street with his furniture. Mr. Brennan said that he was informed that a Mr. Jones had sub-let the house from the Robinson woman. There will be trouble.

CASE AGAINST AMELIA MUST BE GONE OVER AGAIN

She Was, by Mistake, Accused of Selling Liquor on Monday Instead of Sunday.

In the police court this morning one drunk was fined \$8 or two months jail. The case against Amelia Francis, charged with an illegal sale of liquor, resumed, and English Jack Johnson was taken from jail to give evidence. The case has been tried as happening on a Monday, and all the witnesses swore that they did not get liquor in the colored woman's house on the day in question. The matter took a decided change when Johnson put the officers right by saying it was not on Monday but Sunday when the liquor was sold and partitioned off by those who had previously given evidence. The charge was made new and all the witnesses will be called on again to give evidence on Monday next.

In the court this morning Amelia took the stand and said she sold beer with a license, as Inspector Jones told her she might as long as she kept an orderly house.

PROBATE COURT

Estate of David H. Anderson, of the Parish of Miramichi, gentleman. Return of citation for leave to sell the real estate of which there are a large number of different parcels in consequence of a deficiency of the personality to pay the debts. Leave to sell granted up to an amount sufficient to pay the debts. Mr. S. A. M. Skinner, proctor. Other counsel was present to represent one of the creditors.

Estate of Elizabeth H. Macaulay, widow: Return of citation for appointment of Mildred T. Macaulay, one of the daughters, for administration. At the hearing it was extended that the money, under \$200, which at the time of Mrs. Macaulay's death was a credit in the Savings Bank really belonged to her husband, the late William Macaulay, formerly turnkey in the jail, she having been appointed administratrix of his estate and having died without fully administering same, and accordingly a contract of sale was presented by George Alexander Macaulay, a son of deceased, asking the court to appoint him administrator de bonis non of the father's estate. The court decided that one or other of the applications should be dropped, the amount being too small for two administrations, and suggested that falling agreement an outside party should be appointed administrator de bonis non of the father's estate who should pay the funeral expenses, etc., of the mother and divide what may be left among the children, thus disposing of both estates. Administration was made pending settlement. Mr. Homer D. Forbes, proctor for Mildred T. Macaulay and others. Mr. J. King Kelly, proctor for George Alexander Macaulay and others.

Estate of Hannah McGuire, widow: Petition of Thomas McGuire, laborer, for this estate for administration, the deceased having died intestate. Administration granted, as prayed for. No real estate. Personal property, \$200. Mr. Daniel Mullin, K. C., proctor.

Your Clothes--

Money Will Go Farther at the C. B. Pidgeon Store Than at Any Other Store in St. John

You know why. The C. B. Pidgeon store at the corner of Main and Bridge streets, gives you more for the money because spare expenses are considerably lower.

Why pay more than Pidgeon's popular prices because other dealers on account of more expensive locations, are obliged to ask higher prices.

Pidgeon's Special Shoes for men and women, priced from \$1.48 to \$4.88, mean a saving of 10 per cent. to 25 per cent. on every pair. Pidgeon's high grade Men's Suits, priced from \$4.88 to \$18.48, afford the same liberal savings.

Pidgeon's Made-to-order Suits, from \$16.00 to \$25.00, offer the same advantageous inducements.
