FERTILIZER MATERIALS ALREADY ORDERED

Local Agricultural Society Busy at
Work—Good Results From
HomeMixing

The customary increased activity of the local agricultural society, which usually occurs in October and November, is setting in at this time, through rousing good meetings having already been held. This early activity is due to the apparent desirability of having all arrangements for the coming season's supply of fertilizer completed as early as convenient. This is advisable from two standpoints; first on account of market conditions, the New Brunswick Farmers United, through which organization we buy our chemicals, was only able to close a satisfactory deal by agreeing to November and December delivery. In addition to this all railroads are urging the early shipment of all such freight so as to avoid the congestion and delay that is bound to come later. Last season we were fortunate in getting our large consignment (14 carloads, representing 525 tons of fertilizer) through with very little delay and inconvenience, but with an additional 100 ton order suit at a later date we were not so fortunate and subsequently were compelled to cancel this order, several new members and good customers were thus inconvenienced at a time when we most particularly wished to impress them favorably.

This society sold last season approximately double the amount of any other society in the province and for the season 1918 we have already booked orders for over 400 tons. Our farmers have been home-mixing for three seasons and are well convinced that they are making a good saving. As proof of this note that our first order was for 170 tons, our second for 250 tons, our last season's buy was over 500 tons and 400 tons already on order for 1918 with indications pointing to a sale from 1000 or 1200 tons. At the well attended meeting held in the Armory Saturday night Prof. Durost spoke at length of the market situation, and explained why it was deemed advisable to make the particular mixture that had been selected and recommended by the New Brunswick Farmers United for the coming season. His talk was reasonable and was well received by those present, and at the close of the meeting orders were booked for nearly 300 tons of goods. The meeting at one stage took on something of the nature of an experience meeting and several when called on gave in very encouraging testimonials. Henry Ginson said that he had noticed one difference and one only, that was the big price. Dean Shaw said he used a ton carrying 3 per cent potash in a field with the remainder fertilized with a 4-8 home mixed article and like Ginson is simply paying dearly for the satisfaction of working a comparison. Geo.

Bubar said that after three years experience with home mixing he is well satisfied to stay with it as he gets as good if not a little better returns at a substantial saving on the purchase price.

There were many others present who were just as well satisfied and who were again ready to order for the coming season. There are many old members who intend ordering and also many who have become interested through their neighbor's experience and have decided to try home mixing the coming season. The secretary would urge that all such get a hustle on and make an effort to see either he or the president of the society and get what information they desire before placing an order. As shipments are made in rotation as orders are received in New York it is very desirable that our books be closed as early as possible.

Another argument for immediate action is the fact that the N. B. Farmers United were only able to contract for about two thirds the amount of last years order and when this is taken up additional quantities can only be obtained at increased prices if at all. So get to see either C. M. Shaw or B. N. Shaw or come to the meeting in the Armory Saturday night, 8 o'clock, Sept. 8, when the matter of financing the 1918 business will be discussed and the secretary will be in a position to explain the arguments necessary to handle the business.—C. M. S.

Death of Paran Shaw

At his home Victoria Mills Fredericton, after a short illness Paran W. Shaw died, aged 64 years. The remains accompanied by the family were brought to Wakefield where services, conducted by Rev. J. M. Mallory, were held at the P. B. church and cemetery at that place on Tuesday afternoon, Aug. 28.

The deceased was for many years a resident of Carlisle and was well known through that country and Hartland. About thirty years ago he moved to Victoria Mills where he was for the years following employed in the large mill at that place or in the lumber operations of the different concerns that have successively operated that business.

He was a kind husband and father and leaves a wife, one daughter, a son, grandson and son-in-law to mourn.—Com.

Children Must Be Protected

The children must be safeguarded, for, if they do survive the frequent coughs and colds, it is often with the lungs so weakened that they become chronic sufferers from bronchitis or consumption. Being composed of simple ingredients of undoubted value, Dr. Chase's Syrup of Linseed and Turpentine is admirably suited as a treatment for children. It is pleasant to the taste. So much so that children delight to take it on this account, as well as because of the quick relief it affords them.

Late Word From Sandy H. ward

A few days ago C. E. Hayward received a message informing him that his son, "Sandy," had been admitted to the 35th General Hospital at Calais, France, on Aug. 4, suffering from gas poisoning.

This young man and his brother Walter enlisted with the 104th and they both have seen much active service. Walter was invalided to England last winter suffering trench fever. He is now recovered and is with 13th Reserves. Sandy has previously been twice wounded, once at Vimy Ridge on April 9, and on May 13 he fell a victim to a German hand-bomb which left six wounds in his system.

It Works! Try It

Tells how to loosen a sore, tender corn so it lifts out without pain.

Good news spreads rapidly and drug-sists here are kept busy dispensing freezone, the other discovery of a Cincinnati man, which is said to loosen any corn so it lifts out with the fingers. Ask at any pharmacy for a quarter ounce of freezone, which will cost very little, but is said to be sufficient to rid one's feet of every hard or soft corn or callus.

You apply just a few drops on the tender, aching corn and instantly the soreness is relieved, and soon the corn is so loosened that it lifts out without pain. It is a sticky substance which dries when applied and never inflames or even irritates the adjoining tissue.

This discovery will prevent thousands of deaths annually from lockjaw and infection heretofore resulting from the suicidal habit of cutting corns.

MRS. KIESO SICK SEVEN MONTHS

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Aurora, Ill.—“For seven long months I suffered from a female trouble, with severe pains in my back and sides until I became so weak I could hardly walk from chair to chair, and got so nervous I would jump at the slightest noise. I was entirely unfit to do my housework. I was giving up hope of ever being well, when my sister asked me to try Lydia E. Pinkham's Vegetable Compound. I took six bottles and today I am a healthy woman able to do my own housework. I wish every suffering woman would try Lydia E. Pinkham's Vegetable Compound, and find out for themselves how good it is.”—Mrs. CARL A. KIESO, 538 North Ave., Aurora, Ill.

The great number of unsolicited testimonials on file at the Pinkham Laboratory, many of which are from time to time published by permission, are proof of the value of Lydia E. Pinkham's Vegetable Compound, in the treatment of female ills.

Every ailing woman in Canada is cordially invited to write to the Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for special advice. It is free, will bring you health and may save your life.

THE TONIC THAT BRINGS HEALTH

"Fruit-a-tives" Builds Up The Whole System

Those who take "Fruit-a-tives" for the first time, are often astonished at the way it builds them up and makes them feel better all over. They may be taking "Fruit-a-tives" for some specific disease, as Constipation, Indigestion, Chronic Headaches or Neuralgia, Kidney or Bladder Trouble, Rheumatism or Pain in the Back. And they find when "Fruit-a-tives" has cured the disease, that they feel better and stronger in every way. This is due to the wonderful tonic properties of these famous tablets, made from fruit juices. 50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

An attempt is being made to reorganize the band in Hartland. All the former bandmen are asked to meet at the town hall on Friday, Sept. 7 at 8 p.m., and to bring any instruments in their possession, being either property of the band, or their own which they are willing to place at the service of the band. Music books should also be brought that an idea may be formed of the material available.

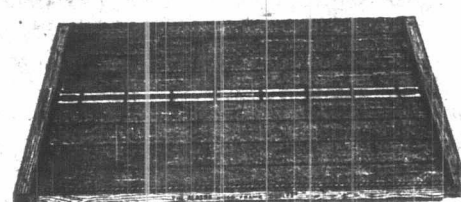

Charles W. Plummer was last week a guest of his brothers, Amasa and Ernest. Mr. Plummer formerly lived at Jacksonville but since the death of his wife, a few years ago, he spends his winters with his daughter, the wife of Rev. John Dystant, at Bay City, Mich. Mr. Dystant was formerly pastor of the Methodist church at Lindsay but is now district superintendent on a Michigan circuit. Another daughter of Mr. Plummer is the wife of Rev. H. C. Rice, a former pastor of Hartland Methodist church, and now in charge of the church at Summerside, P. E. I.

Notice

Whereas my wife, Mary, has left her bed and board without just cause or provocation, I hereby forbid any person to trust her on my account, as I will not be responsible for bills contracted by her.

PYREX

Transparent Oven-Ware for Baking and Serving

PYREX is the highest scientific development in ovenware.

It has the remarkable quality of quickly absorbing and retaining heat, causing foods to bake rapidly and thoroughly.

PYREX is ready for immediate service and may be used for any foods baked in the oven—pies, bread, cakes, custards, puddings, casserole or au gratin dishes etc. It never chips, flakes, crazes, dents or bends and remains new forever.

PYREX solves the problem of serving foods direct from the dish in which you bake, yet with irreproachable distinction.

Every practical shape and size for baking use is made in PYREX, the original transparent ovenware.

It is easy to wash—easy to keep clean, for nothing can adhere to the hard, grease proof and odor proof surface of this durable baking ware.

Piles Cured By Dr. Chase's Ointment

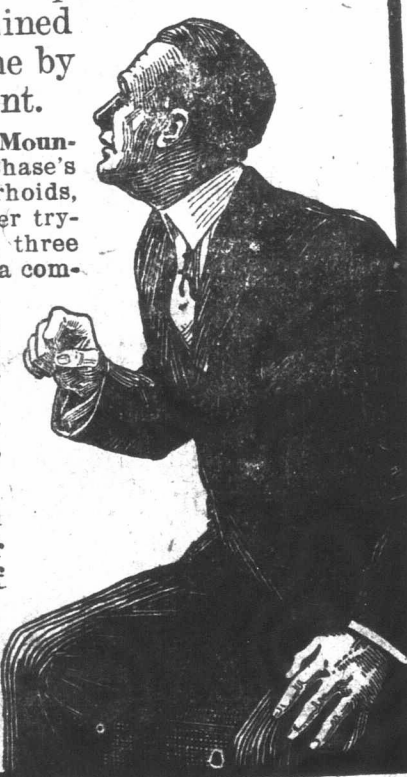

It is a surprise to many to learn that there is any cure for piles short of a surgical operation. The doctors have encouraged this idea until the sufferer from this annoying ailment lives in constant dread of the surgeon's knife.

This letter from Mr. Campbell carries a message of good cheer to all sufferers from piles, because it tells how relief and cure can be obtained in the quiet of your own home by the use of Dr. Chase's Ointment.

Mr. Donald M. Campbell, Campbell's Mountain, N.S., writes: "I have used Dr. Chase's Ointment with great success for hemorrhoids, or piles, of fifteen years' standing. After trying all kinds of so-called pile cures, three boxes of Dr. Chase's Ointment gave me a complete cure. I have also used Dr. Chase's Kidney-Liver Pills, and there are no others so good. You may use this letter, if you wish, for the benefit of others who may suffer as I did."

(Sworn before me, Murdoch Gordon Campbell, J.P., in the County, and for Inverness County.)

You are not experimenting when you use Dr. Chase's Ointment, for it has an unparalleled record of cures to back it up. Beware of imitations and treatments said to be "just as good." They only disappoint. 60c a box, all dealers, or Edmondson, Bates & Co., Ltd., Toronto.

FARM FOR SALE

A 100-acre farm at a great bargain. One of the best farms in Carleton County being thrown on the market at one half its actual value. Splendidly situated about one mile from Lakeville village; 80 acres in good state of cultivation, all level and entirely free from stone. Comfortable 8 roomed house with ell and small cellar; one new barn 30 x 40 feet situated on main road from Centreville to Woodstock, one mile from school, church, saw mill and grist mill; 1 1/2 miles from railway station and potato houses. Daily mail R.F.D. Farm well fenced; small orchard. Another of the several good features of this farm is that it has a 75 rod of front on road, thus overcoming the inconvenience of long hauls so common on narrow farms.

The owner has three farms in addition to several other industries and is compelled to part with this one, therefore offering it at a remarkable low figure of \$2650. This is a rare opportunity and no doubt will not remain long on the market.

PTE. ELMER MANUEL GOES TO FRONT

Son of Emory Manuel of Knowlesville Writes Interesting Letter Home

Shornecliffe, Eng.
Dear Mother: I certainly had a good time on my leave, especially in Ireland where I found the people always ready to welcome a soldier; that is, of course, the people of Ulster, which is the only province we visited. We left here Sunday morning and spent the afternoon in London where took a taxi and saw the principal sights, such as Buckingham Palace and Westminster Abbey. Leaving London at 8.30 we arrived in Stanrear, Scotland, Monday morning where a two-hour boat trip took us to Larne, Ireland and we arrived in Londonderry about two o'clock, where two of us stayed until Friday afternoon. We certainly had a good time. Being the only two Canadians in town for that length of time we were soon well known by sight to all the people of Derry. It is an historic old place and the old walls are still quite intact making a nice walk around the older portion of the town. There is the old church which the inhabitants used so much at the time of the siege and it's a swell old place, too, containing a number of interesting relics of the siege.

Friday afternoon we came to Belfast expecting to sail for Fleetwood on the Mersey the same night, but we found no boats running and were compelled to stay there (and we were not sorry) until six o'clock Saturday night and then came back the way we went, via Larne.

We were over twelve hours late getting back Sunday afternoon but a ticket from the transport officer in Belfast made that alright.

A week ago today we passed through gas that turned our brass green in about four minutes but we never felt it through our helmets and that completed our training in the A. S. C.

Thursday I was put on draft for the infantry and am just laying around waiting to be sent over. There will be about 500 of us. I expect to go to the 5th Res. at Sandling, only three miles from here, where what's left of the 169th are stationed.

Don't worry about it for I am sure I am glad of it. Will send my address soon as possible, Elmer.

CENTREVILLE NEWS

S. A. Perkins, arrived home Tuesday accompanied by his daughter, Mrs. Thompson, and her husband and with them the remains of his youngest daughter, Mrs. Wolf, known to everyone here as Ennis Perkins. The death of Mrs. Wolf was particularly sad as she had only been married a short time and was 24 years of age. The funeral was held Wednesday afternoon from her girlhood home and was largely attended. The display of flowers was gorgeous. Rev. H. F. Rigby officiated and the remains were laid to rest in the Episcopal burying ground alongside of those of her mother and two sisters.

Mr. and Mrs. Thompson will remain some time with her father. Dr. and Mrs. Brown and Miss Vera had a pleasant auto trip last week leaving here Monday and returning Friday. They took in Woodstock, Fredericton and St. John.

George Wilkinson and his father, Charles Wilkinson, motored to Fredericton last week and on their return Friday were accompanied by...

OLDER BUT STRONGER

To be healthy at seventy, prepare at forty, is sound advice, because in the strength of middle life we too often forget that neglected colds, or careless treatment of slight aches and pains, simply undermine strength and bring chronic weakness for later years.

To be stronger when older, keep your blood pure and rich and active with the strength-building and blood-nourishing properties of Scott's Emulsion which is a food, a tonic and a medicine to keep your blood rich, alleviate rheumatism and avoid sickness. At any drug store.

Burt Cliff spent Sunday in Bloomfield.

Quite a number of our local farmers took advantage of the cheap rates on Monday and went to Fredericton to attend the picnic held at the Experimental farm.

Frank McKenzie is working in Woodstock at the Empire Garage. Stores closed here Monday last—Labour Day. Some change for Centreville merchants.

Piles Entirely Cured

Mr. Wm. Woodell, 107 St. John St., Carleton, St. John, N. B., writes: "I have used Dr. Chase's Ointment for itching, bleeding piles, and as a result have been entirely cured. For years I was a great sufferer from this distressing ailment and can say that three boxes of Dr. Chase's Ointment cured me. You may use this letter for the benefit of others."
