

By Wire Under the Ocean.

A MIXED MINISTRY.
Stockholm, June 13.—King Oscar has asked M. Sverdrup, the leader of the Moderates, to select a compromise Ministry, consisting of four Radicals, four Conservatives and two Moderates. M. Sverdrup informed his Majesty that he would give his decision in a few days.

MR. GLADSTONE'S CRUISE.
Hamburg, June 13.—Mr. Gladstone and other guests of Sir Donald Currie arrived here on the steamer Tantalion Castle to attend the opening of the North Sea-Baltic Canal. Mr. Gladstone was enthusiastically received.

FREE TRADE IN NEW SOUTH WALES.

Sydney, N. S. W., June 13.—The Customs Bill passed its second reading in the Legislative Assembly today. The measure abolishes the duties provided for in the act of 1891, and its effect will be the establishment of free trade in New South Wales.

RUSSIA'S POSITION.
London, June 13.—Sir Edward Gray, in reply to Sir Ellis Ashmeade-Bartlett, said that the Government considered that Russia still abided by the agreement that in the event of Great Britain's ceasing to occupy Port Hamilton, Russia should not seize the advantage to occupy Korean territory.

WM. O'BRIEN'S BANKRUPTCY.

London, June 13.—Wm. O'Brien, M.P., attended the Bankruptcy Court today in response to the receiving order issued against him yesterday. He stated that the only assets consisted of some copyrights and a quantity of furniture. The rest of his presumed belongings were his wife's separate property. It is understood he gives his full consent to being forced into bankruptcy.

RACE OF THE HORSELESS CARRIAGES.

Paris, June 13.—The race of the horseless carriages—vehicles propelled by either electric or steam power—from Paris to Bordeaux and back, a distance of 750 miles, which was started at noon on Monday, was finished today, and won by carriage No. 5, which arrived at the starting point in the Place d'Armes at 12:57 p.m., having covered the distance in a little over 48 hours. The winning carriage is constructed on the Pachtard-Levasseur system.

THE MASCOT'S MISTAKE.

London, June 13.—The Mascot, a weekly newspaper, having repeated the report that Miss Frances E. Willard, President of the Women's Christian Temperance Union, is to be married in the fall to an Englishman of wealth and position who has attained prominence in the work of reform, Miss Willard, during the afternoon telegraphed to the Associated Press, saying that the Mascot is totally mistaken in asserting that she intends to marry in the fall.

THE AOSTAS' HONEYMOON.

Rome, June 13.—The Duke of Aosta and his bride, the Princess Helene of Orleans, will come directly to Rome after their marriage at Twickenham, where the bride was born. King Humbert desires this because he wishes the couple to receive their wedding gifts in Rome before getting their presents from the cities in the Provinces. On the occasion of their visit, and in honor of their marriage, King Humbert will grant amnesty to all persons now under condemnation by military tribunals, with the exception of the Anarchistic revolutionary committee convicted in Palermo a short time ago. The sentences of these men, however, will be reduced.

JOHN BULL AND UGANDA.

London, June 13.—In the House of Commons, Sir Edward Gray announced that the Government had decided to construct a railway to Uganda, Central Africa, and to establish a protectorate over the country between Uganda and the coast. He asked the House to vote £300,000 yearly to meet the expense of administering the protectorate. Joseph Chamberlain and A. J. Balfour, the leaders of the Liberal-Unionists and Conservatives respectively, congratulated the Government upon its decision.

Sir Charles Dilke declared that the policy of the Government in this respect was a far-sighted one, and would not be altered.

The money grant was adopted by a vote of 249 to 51.

MARQUIS OF LORNE ON BRITISH EXPANSION.

London, June 13.—The Marquis of Lorne spoke at Cambridge University today at a meeting called to establish a memorial to the late John Robert Seeley who was regius professor of modern history at Cambridge University. The Marquis said that Professor Seeley's views on the expansion of Great Britain were now generally accepted, and the British colonies must be looked upon as allies. These colonies were as independent as many foreign powers. The idea of alliance must be inculcated, not the idea that the colonies belonged to Great Britain. Nevertheless, Great Britain must oppose any policy that would let the colonies go to pieces.

Mr. Gladstone, Prime Minister Rosebery, Mr. Balfour, the Earl of Derby and the Marquis of Lansdowne, sent letters expressing sympathy with the object of the meeting.

RUSSIA'S SHREWD STROKE.

St. Petersburg, June 13.—The commercial treaty between Russia and Japan, which has just been signed by the contracting parties, contains a paragraph providing that henceforth the duty upon petroleum imported into Japan shall be levied upon volume and not upon weight. This arrangement will work to the detriment of the United States, American oil being lighter than Russian, though the latter is the cheaper. The Russians are delighted over the brilliant stroke accomplished by M. De Witte, Minister of Finance, in the conclusion of the treaty. Moreover it is believed that in return for Russia's guarantees of the Chinese Paris loan, she has obtained the territory between Nertzhinsk, in Asiatic Russia, and Port Arthur, which will be connected by railway, and the latter place used

as a coaling station. It is understood that Russia will shortly take possession of the Liao Tung territory, when it is expected that Germany, England and the United States will unite in asserting their rights.

IMPERIAL PARLIAMENT.

Canada's Interests Provided for in the Bering Sea Bill.

London, June 13.—In the House of Commons today Sir Edward Gray, Under Foreign Secretary, answered questions put by Mr. Thomas Gibson Bowles in regard to the Bering Sea Bill. Mr. Bowles asked whether the Canadian Government concurred in the provisions of the Government's bill to regulate seal fishing in Bering Sea in accordance with the terms of the Bering Sea treaty, and also asked to have the correspondence on the subject which had passed between the Home Government and the Dominion Government since 1893 laid on the table of the House.

Sir Edward said the Government of Canada was aware that legislation on the subject was necessary in the place of the laws about to expire, and that the Dominion Government had furnished the Home Government with a full expression of Canadian views as to the amendments which were desired. These views had been carefully considered, and the Government had endeavored to put them all into the present bill.

Mr. James F. Hogan, member for Mid Tipperary, asked the Government to expedite the report of the commission on the postoffice department respecting a fast line of subsidized mail steamers between the United States and Canada.

Mr. Arnold Morley, Postmaster-General, said the deliberations of the commission on the subject required considerable time, and promised that there should be no unnecessary delay in the submission of their report.

Sir William Harcourt announced that the Government would take the entire time of the House for the remainder of the session for purely Government business.

WANT TO SEE GLADSTONE.

Cheered by the Germans—To Be Given a Reception.

London, June 14.—The Daily News today describes the passage of the River Rhine by the steamer Tantalion Castle. Every boat, it says, seemed to be aware of the steamer's coming. Outward bound vessels steered close to her and their crews and passengers thronged the decks to get a glimpse of Mr. Gladstone. Among the vessels that passed the Tantalion Castle was the Hamburg American liner Fuerst Bismarck. As she passed her band played the British National Anthem. Mr. Gladstone, who was on the hurriedly, the Tantalion Castle, took off his hat when he heard the familiar strains of "God Save the Queen." The passengers on the Fuerst Bismarck greeted him with ringing cheers. The Tantalion Castle was moored off Hamburg at 7 o'clock last evening. The piers and embankments were densely crowded with people, who watched the arrival of the steamer. There is some idea of arranging a meeting between Prince Bismarck and Mr. Gladstone, but it is improbable that it will be effected.

A reception will be given on board the steamer tomorrow, after which about 100 invited guests will dine with Mr. Gladstone.

FREE TRADE STRAIGHT

And I root Taxation in New South Wales—Few Customs Taxes.

Sydney, N. S. W., June 14.—The vote on the customs bill yesterday stood 64 in favor of the measure to 33 against it. When he introduced the bill in May last the Prime Minister said that the Government were pledged to abolish the customs duties imposed years ago and to establish a tariff on a free trade basis. The Government was determined to take this occasion to impose a direct penny on the pound and an income tax at once. There would be a tax of 1 penny on the pound and an income tax of 5 pence on the pound with exemptions for wine, spirits, beer, tobacco and opium. The old duties would be retained for the present and a duty on sugar for ten years would be imposed.

DOCTORS DIFFER.

And Propose to Settle the Matter Under Marquis of Queensbury Rules.

Toronto, June 13.—At the meeting of the Ontario Medical Council this morning somewhat of a breeze occurred over Dr. Sangster's motion to abolish the per diem allowance for hotel expenses. Dr. Sangster said some members of the council had drawn more than they had spent.

Dr. Rogers, Ottawa, denied that this was the case.

Dr. Sangster then read a return to the Legislature of expenses of the members of the council, which he said afforded evidence that Dr. Rogers himself had over-charged in this respect.

Dr. Armour was continuing the discussion on the same lines as Dr. Sangster, when Dr. Rogers warmly interposed, and said if the gentleman would come outside he would soon settle the matter. The chairman, however, interposed, and after some further discussion the resolution was referred to a committee.

GONE UP IN SMOKE.

Belleville, Ont., June 13.—Following are the losses in last night's fire: Queen's Hotel, stables, etc., owned by Power Bros., loss, \$2,400; John Grant, tenant, loss, \$300; Prince Edward House, owned by the Burdett estate, loss, \$1,200; Mr. Deacon, tenant, loss, \$700; W. Bentley's loss on buildings, \$400; McCoy Bros. livery, loss, \$200; T. S. Carman, damage to buildings, \$400.

Victoria, B. C., June 13.—The steamer Danube, arriving from the north this morning, reports the total destruction of the Windsor salmon cannery on Skeena River, with a loss of \$40,000. It was with the greatest difficulty that the wharf and settlement buildings were saved. The Windsor cannery was owned by the British Columbia Cannery Company, of London.

No, Thank You!

Manitoba Maintains an Unchanged Attitude

Regarding the Dominion Government's Remedial Order

Winnipeg, June 13.—The Legislature reassembled this afternoon. A reply to the remedial order on parochial schools had been prepared and was ready for submission to the House.

Winnipeg, June 13.—The reply of Manitoba to the Dominion Government's order suggesting that redress be given the Roman Catholics in educational matters and that the separate school system previously in vogue here be re-established, is a stern refusal on the part of the Province to comply with the remedial order.

Attorney-General Sifton made public Manitoba's answer when the Legislature reassembled this afternoon, and debate thereon is expected to come up on Monday. The reply is in the form of a memorial addressed to his Excellency the Governor-General of Canada. It first recites the remedial order and then submits the following:

"The privileges which the said order were recommended to restore to our Roman Catholic fellow-citizens are substantially the same privileges which they enjoyed previous to the year 1890. Compliance with the terms of the order would restore Catholic schools with no more satisfactory guarantees for their efficiency than existed prior to the said date.

"The educational policy embodied in our present statutes was adopted after an examination of the results of the policy therefore followed under which the separate Roman Catholic schools (now sought to be restored) had existed for a period of upwards of nineteen years. The said schools were found to be inferior, as conducted under the Roman Catholic section of the Board of Education; they did not possess the attributes of efficient modern public schools. Their conduct, management and regulation were defective as a result leaving a large section of the population with no better means of education than was supplied.

"Many people grew up in a state of illiteracy, and as far as we are aware there has never been an attempt made to defend these schools on their merits, and we do not know of any ground upon which the expenditure of public money in their support would be justifiable. We are therefore compelled respectfully to state to your Excellency in council that we cannot accept the responsibility of carrying into effect the terms of the remedial order."

Manitoba's reply among other things will say: "We are compelled to respectfully state to your Excellency in council that we cannot accept the responsibility of carrying into effect the terms of the remedial order. Objections upon principle may be taken to any modification of our educational statutes, which would result in the establishment of one or more sets of separate schools. Apart, however, from the objections upon principle, there are serious objections from a practical educational standpoint. Some of these objections may be briefly indicated.

"We labor under great difficulties in maintaining an efficient system of primary education. The school taxes bear heavily upon our people. The large amount of land which is free from school taxes and the great extent of country over which our small population is scattered presents obstacles to efficiency and progress. The reforms effected in 1890 have given an impetus to educational work, but the difficulties which are inherent in our circumstances have constantly to be met.

"It will be obvious that the establishment of a set of Roman Catholic schools, followed by a set of Anglican schools, and possibly Mennonite and Icelandic schools, would so emasculate our present system that any approach to even our present general standard of efficiency would be impossible.

"We contemplate the inauguration of such a state of affairs with very grave apprehension. We have no hesitation in saying that there cannot be suggested any measure which to our minds would more seriously imperil the development of the Province."

If you are thinking of new clothing for your boys it will save you a good many "thanks" to come to Oak Hall today and secure some of the bargains in children's clothing. It's our sacrifice day. 18u

Late Canadian News.

Canadian Newspaper Men on an Excursion to Buffalo—A Foolhardy Trip.

The Manitoba wheat area has been increased by 130,000 acres this year.

Wm. Defoe, one of Belleville's wealthiest residents, died on Thursday morning, aged 81.

James McLervie, formerly of Chatham, has been appointed Hamilton city agent of the T. B. and H. Railway.

Towards the Dominion Day inauguration funds, Chatham's city council have granted \$800. The celebration will cost \$2,000.

At Dyer's Bay, Ont., a few miles north of Lion's Head, a farmer named James Graham accidentally shot his son Irvin killing him instantly.

Robert McCallum, the 19-year-old Nova Scotian, started from New York on his transatlantic trip in his 19-foot sloop Richard K. Fox on Thursday.

George Anderson, aged 15, was drowned on Thursday while bathing in the Don just above Winchester street, Toronto.

A St. Catharines dispatch says: Harvey Burch, aged 17 years, while bathing at the Fifteen-Mile Creek on Wednesday night, got beyond his depth and was drowned.

Dr. Ezekiel A. A. B. Rose, of Portland, Leeds county was on Thursday ruled out of the Ontario Medical Council. Unprofessional conduct is alleged on the doctor's part.

Sir Henri Gustave Joly de Lotbiniere is shortly to be tendered a banquet at the Union Club, Quebec, at which the Governor-General and Lieutenant-Governor Chapleau are to be present.

Rev. Dr. Rainsford, of New York, formerly of Toronto, accompanied by his son Leonce, passed through Quebec last week on his way to the fishing grounds of the Restigouche Salmon Club.

Race Forter, the owner of the famous race horse Dr. Rice, a former Seaforth agent, in future makes his home in Illinois, near the Madison racetrack, where he has purchased a farm of 120 acres for \$21,700. While Forter was feeding his horse a few days ago the bit hit his left thumb off at the first joint.

The Toronto Methodist Conference began its regular annual session on Thursday morning in Elm Street Methodist Church. There was a very large attendance. The contest for the presidency was principally between Rev. W. A. Langford, of Toronto, and Rev. M. L. Pearson, of Brampton. Mr. Pearson was chosen on the second ballot.

A delegation of Canadian newspaper men were in Buffalo on Thursday afternoon, the guests of the Tift House, and under the chaperonage of M. C. Dickson, Toronto, district passenger agent of the G. T. R. The occasion was the putting off of a new train on that line. Mr. W. Keating, of the G. T. R., Toronto, had charge of the party.

Lord T. Whitehead, general manager of the Brampton Carriage Company, died on Wednesday after a long and painful illness. About two years ago Mr. Whitehead was attacked with Bright's disease and a heart complication.

Only a week ago a large and influential deputation of the citizens of Brampton waited upon him and presented him with a gold watch and illuminated address, upon what was then thought to be the eve of his departure for Europe on a trip in search of health. He was a clever business man.

UNION WAGES ON CITY WORK.

The Idea Emphasized by Local Labor Leaders.

The Road Roller Question—There Was No "Nigger in the Fence."

Mr. Joseph T. Marks appeared before No. 2 committee last night in regard to the proposed bylaw to provide that every contract made by the city should provide that all men employed on the work be paid the scale of wages demanded by the union to which they belonged. Mr. Marks said a bylaw of that nature worked well in Toronto. The same rule prevailed in a great many cities on the other side of the line, and a movement is on foot to induce the Dominion Government to adopt the plan. It would prevent outside contractors bringing men here to work for low wages. City contractors, he said, favored the proposition.

Such a bylaw will be recommended to the council.

The question of securing a new road roller and giving "Jumbo" in part payment came up, and discussion arose as to whether or not any action should be taken. Several tenders had already been received. Ald. O'Meara favored taking some steps. Ald. Parnell favored getting the very best roller possible.

The conversation led up to the recent doings in reference to a road roller and Ald. Wm. Heaman said it was stated in a city daily that there was "a nigger in the fence," and that supplementary tenders were called for. "There was no nigger in the fence," said Ald. Heaman, "and supplementary tenders were never called for." Ald. Heaman produced a letter to the effect that the Harrisburg original tender was \$3,800, landed in London, or \$3,200 shipped to the border line.

Ald. O'Meara moved that tenders be again called for, and that "Jumbo" be left out of the deal, but action was deferred until Monday evening, when a meeting will be held prior to the council.

Mr. C. F. Colwell addressed the committee in behalf of the Hussars' Band for a share of the concert grant. No action.

On the communication of Mr. R. K. Cowan, asking that an arrangement be made whereby the premises in rear of the Oddfellows' Hall may be converted into a public convenience instead of letting them become a public nuisance, Engineer Graydon recommended no action.

Mr. T. S. Weld applied for payment of \$45 damages caused to his cutter at the corner of Ridout and Bruce streets. A report had been made recommending that Mr. Weld be paid \$30. The council will be so advised.

The objection of John Fraser and others to the macadamizing of Colborne street, between Dundas and King, was accompanied by a statement from Assessment Commissioner Graydon, that the petition was illegal. Laid over.

Present: Ald. Wm. Heaman, John Heaman, Parnell, Nutkins, O'Meara, Callahan, Secretary Bell, Engineer Graydon and Street Commissioner Owens.

Principals' Day

The General Assembly Reviews the Work of the Various Presbyterian Colleges—Resignation of Dr. Gregg, a Knox College Professor—Dr. Reid Asks Partial Relief from Duty—An Evening With Home Missions and Home Missionaries.

THURSDAY AFTERNOON.

After devotional exercises at the afternoon sederunt, the venerable joint clerk of the Assembly, Dr. Wm. Reid, D.D., Toronto, arose on a question of privilege and said:

"It has been a burden upon my mind for some time that I am not able to, neither would it be right for me to attempt, to all the work connected with this church that I have been in the habit of doing for many years. Secondly, I should not like to be entirely out of harness—I desire still to have something to do in connection with the work. I do not suppose I could get on very well, or live very long, if I had nothing to do in connection with the church. I am thankful to say, although my years have somewhat advanced my health is to a considerable degree fair. I have the use of my hands, and (with a smile) I think I have to a considerable extent the use of my head. (Hear, hear, and laughter.) However, my feet and limbs have failed me to a considerable extent." Dr. Reid advised the formation of a committee to confer with him in the matter.

"We have heard with pain," said the moderator, "this statement that Mr. Reid wishes to retire in part from the work of his office. Yet considering the circumstances of the case, I think that his own wish in the matter should be acceded to."

PRESBYTERIAN COLLEGE, HALIFAX.

Dr. Allan Pollok, chairman of the college board, read the report of the Halifax College and moved its adoption. In doing so he made kind reference to the late Principal McKnight, whose duty it would have been had he lived. By the adoption of the report Dr. G. M. Gordon, B.D., of Halifax, was appointed to the chair of systematic theology and apologetics. The appointment of Rev. R. A. Falconer, B.D., as lecturer in the chair of New Testament exegesis was confirmed, and the holding of a summer school of theology at Halifax from July 16 to 28 was sanctioned. The receipts amounted to \$11,188 05; the expenditure, \$11,090 12, leaving a balance in hand of \$97 93. The report of the synod gave the attendance during the year as 48. This number is in excess of any previous year. The general standard in all the examinations has been exceptionally good. One hundred and twenty new books have been added to the library.

This institution has been in straitened circumstances for a few years, but the contribution of \$120,000 from the estate of the late Senator Ross has enabled it to start on a new foundation. Provisional arrangements have been made by the board for conducting the art classes on an enlarged basis, and also for doing work in the faculty of theology. In addition to the staff of teachers, the services of the Rev. John Sharp, M.A., a distinguished graduate of Queen's University, have been secured to conduct the classes in philosophy and English. The receipts were \$6,321 94, and the expenditure was \$6,282 22, leaving a balance of \$39 72.

Rev. Kenneth McLennan read the report, and Dr. Thompson moved its adoption. The motion carried.

MCGILL COLLEGE, MONTREAL.

Owing to the non-arrival of Mr. D. Morrison, chairman of McGill board of management, the report was presented by Dr. R. H. Warden. The attendance of students during the year was 82. Of this number eleven graduated in April. Receipts costing \$1,600 had been made during the year, and it was pointed out that there was likely to be a considerable shortage in the ordinary fund of the college. Despite efforts made to increase the contributions, the revenue fell short of the expenditure by \$1,579 77. The total receipts of the year for ordinary revenue were \$1,393 95, and the expenditure was \$2,973 72. The shrinkage was noted in the three principal sources of revenue, namely, evangelical chair subscriptions, congregational contributions and interest on investments. This is accounted for by business depression and the low rate of interest on mortgage securities. The indebtedness of \$26,200, of many years standing, was a serious impediment. In order to properly maintain the college an annual revenue of \$17,000 will be required. This is \$2,000 in excess of that of last year, when 128 congregations contributed. Dr. Warden stated that the average amount raised for educational purposes was only 7 cents per communicant per year in Ontario and Quebec.

Mr. George Hay, Ottawa, in moving the adoption of the report and commending the institution to the prayerful support and liberal contributions of the church, stated with gravity that there was too much money in the country, and money was too cheap.

Rev. Peter Wright, Fortage la Prairie, seconded the resolution, and spoke hopefully of McGill's future. The resolution was adopted.

QUEEN'S COLLEGE, KINGSTON.

Principal Grant was in splendid trim as he introduced the reports of Queen's and with a great deal of dry humor pointed out the portions demanding the attention of the Assembly. He dwelt largely on the need of an increased theological staff and on the necessity of increasing liberality towards the funds of the college. The attendance during the session was 556, apportioned as follows: In the faculty of arts, 300; in the faculty of medicine, 125; in law, 33; in practical science, 5; in law, 3. Just 100 more students were registered this year than last. The financial statement showed a favorable balance for the year, though the accumulated deficit from former years is \$12,734 06.

Dr. McTavish moved a resolution recording the gratitude and satisfaction of the Assembly because of the very encouraging report, as indicated by the large and ever-increasing body of students attending the various faculties, by the good financial showing, and the success of the establishment of annual conferences for the study of theological and philosophical subjects.

Mr. John Cameron seconded the resolution, and in this connection stated that in the various Presbyterian colleges they had both efficiency and variety. London had had the advantage of this variety, and at the present time they had an able minister from Montreal, an able minister from Queen's, two able ministers from Knox College, one from St. Andrew's, all able and competent men, and four out of the five Canadian. The increasing confidence observable between the various colleges and principals and professors, and the fact that the speaker very much enjoyed his visit to the college at the meeting services of the First Presbyterian Church he listened to Prin-

cipal Caven, of Knox, and then at the first anniversary he heard Principal Grant, of Queen's, he was somewhat perplexed to decide on which occasion they had had the best sermon. (Laughter.) It was the view of professors, preachers and ruling elders that the colleges should turn out Godly ministers and men of sanctified common sense. "We have had a good report," said Mr. Cameron. "Queen's is doing a most admirable work, and as to the learned principal himself—I think we must admit that he would be an ornament to any college in the world." (Applause.) Dr. Milligan said a few words in favor of the alumni conference, after which the resolution was adopted.

Principal Caven, of Knox, presented the report of the college, and expressed the gratification of the board of management to be able to state that the college had entered the second half-century of its work with a larger graduating class than has ever been recorded in any former year of its existence. It was recommended that the salary of Dr. Caven be increased to \$1,000. The desirability of erecting a new building for the preservation of the library was pointed out. Prof. Caven referred to the death of Prof. R. Y. Thompson, B.A., B.D., and asked that in adopting the report the clause recommending the name of the Rev. John S. McIntosh, D.D., as a successor be held over in a minute of business, any feeling with regard to the candidate, said the doctor, "but because the matter can be better considered in connection with certain overtures coming before the Assembly." He urged the adoption of a similar course with regard to the resignation of Rev. Dr. Gregg, who has filled the chair of apologetics and church history since 1872. Speaking of financial matters, Principal Caven said: "Knox has been a quiet child, but now she is crying for food, for clothing, for medicine and for professors. And while McGill asks for \$100,000, and Principal Grant for a million, when these showers of blessing come let some drops fall on us." (Laughter.) In conclusion, he moved a resolution embodying the points touched on in his address.

"Knox has indeed been a quiet college," said Dr. Milligan, in seconding the resolution. "Why, Knox College is just introducing gas. (Laughter.) And now that we have got gas we want to get a better heater. For over a year the doctor urged that owing to the present crisis in the history of the institution they ought to take at least one year before making any appointments to the chairs." He urged the adoption of a similar course with regard to the resignation of Rev. Dr. Gregg, who has filled the chair of apologetics and church history since 1872. Speaking of financial matters, Principal Caven said: "Knox has been a quiet child, but now she is crying for food, for clothing, for medicine and for professors. And while McGill asks for \$100,000, and Principal Grant for a million, when these showers of blessing come let some drops fall on us." (Laughter.) In conclusion, he moved a resolution embodying the points touched on in his address.

Before the question of the adoption of the report was put Dr. Gregg definitely tendered his resignation from the chair of apologetics and church history. He gave as his reason increasing years, being now 78 years old. While leaving the chair, he expressed his readiness to do any other church work that might lay in his power. "I would like the matter settled and that my resignation be accepted," said the doctor, in conclusion.

Principal Grant moved the acceptance of the resignation, and requested the moderator to bring in a minute expressive of the high regard in which Dr. Gregg is held by the Assembly.

Dr. McVicar seconded, and Prof. Bryce and Dr. Sedgewick paid high tribute to the sterling worth and character of Dr. Gregg.

The college report recommends that a retiring allowance of \$1,000 be made the doctor. The resolution was adopted, as was immediately afterwards the one dealing with Knox College report.

MANITOBA COLLEGE.

It was in St. Andrew's Church just 12 years ago that Dr. John King was appointed principal of Manitoba College. In reporting on his college yesterday morning he said that the college had been in being now 78 years old. While leaving the chair, he expressed his readiness to do any other church work that might lay in his power. "I would like the matter settled and that my resignation be accepted," said the doctor, in conclusion.

The doctor's address had a visible effect on his auditors, and one ministerial delegate arose and acknowledged the shortcomings of his church, and said that it was a matter that the ministers should take up and advocate.

Rev. John Macdonald moved the adoption of the report and Dr. Sedgewick seconded. It carried.

BRANTFORD LADIES' COLLEGE.

Dr. Cochrane, governor of the Brantford Ladies' College, reported shortly, stating that the board was exceedingly gratified, notwithstanding the general depression, with the attendance of the year. With boarders and day pupils there were 112 on the roll. Six candidates in advanced musical studies took honors last week at Victoria College, London, Eng. This is the only college that has not come seeking money," said the doctor, and a gratified delegate said "hear, hear." "Still," continued the doctor, "we need it, and are glad to get any contributions you give to it."

And the gratified delegate addressed merely said "Oh!"

Dr. Thompson moved the adoption of the report and Prof. Bryce seconded. The resolution carried and the meeting adjourned.

THURSDAY EVENING.

The evening sederunt was devoted to home missions.

"The past year has been the best we have ever had," said Rev. John McMillan, R.D., Halifax, convener of the home mission committee (eastern section). "We have at the present time

156 settled congregations—88 in Nova Scotia (including one in Bermuda), 34 in New Brunswick, 23 in Prince Edward Island, and one in Newfoundland. There are 34 vacant congregations—20 in Nova Scotia, 7 in New Brunswick, and 7 in Prince Edward Island. There are also 22 congregations in charge of ordained missionaries, and 45 groups of mission stations—257 fields in the Maritime time Synod. Of laborers we have 156 settled ministers, 22 ordained missionaries, 52 catechists, and 15 probationers—255 laborers at work, supplying 257 fields. So that this year there are no silent Sabbaths in any part of our church. We have a full supply of laborers. Indeed, at times we were unable to give supply to all our probationers. Our only trouble has been to secure Gaelic-speaking ministers, especially for the Island of Cape Breton. Six of the 11 congregations of the Presbytery of Inverness are now vacant simply because Gaelic speakers cannot be secured. Of course, there are different kinds of Gaelic—(laughter)—and many Gaelic speakers need not apply—(renewed laughter). The Gaelic must be of parasitic purity, and besides that the minister must be very earnest and eloquent in all of his sermons or no call will be forthcoming."

The committee began the year with a debt of \$2,855. Last year they met all the obligations of the twelve months and reduced the debt a little—\$177. They expended \$1,018 less last year than the year before and received \$1,198 more. Ten years ago the receipts were a little over \$4,000. Last year they had reached \$12,250—an increase of a little more than three times in ten years. (Applause.)

Dr. McMillan moved the adoption of the report, and Rev. Alfred Gandier, B.D., Halifax, seconded in an address which clearly stamped him as a coming man in Presbyterianism.

WESTERN SECTION.

Dr. Cochrane presented the report of the Western Section. This section comprised 38 Presbyteries, 344 mission fields, and something like 1,000 stations. This, Dr. Cochrane said, was the glorious result of 25 years of work. They had 325 missionaries now in the field, and a regular attendance on Sabbath 36,000 people. Nearly 12,000 families attend these missions. There were 14,500 communicants, and the amount given last year for the support of ordinances was \$60,000. The past year had been one of difficulty. There had been more sickness and death than for many years, and many missionaries, after struggling to keep a family and live on \$500 a year, died, and were buried "unwept, unhonored and unsung." The floods in British Columbia did immense damage to missionary property. Dr. Cochrane had much to say with pride to the fact that the British Columbia contributions for the year amounted to nearly \$10,000. He also referred to the fact that three Presbyteries—London, Whitby and Paris—had young people's societies in connection with them, busy raising funds for home missions. And now there were overtures being made to divide the amount so raised for other purposes. "I will not refer to this matter now," said the doctor, significantly, but he added, at his hand down on the table was a flourish that boded ill for the persons who might be attempting to divert these amounts from home mission purposes. "I am glad to say that we end the year free of debt and with a balance in the treasury," said Dr. Cochrane, as he concluded with a spirited appeal for support.

Dr. Warden moved the adoption of the report in a few complimentary sentences, and Dr. Bryce seconded.

NORTHWEST MISSIONARIES.

Before putting the question it was decided to hear some of the missionaries of the Northwest.

"This is the Northwest corner-post of the church," said the moderator in introducing Rev. D. G. McQueen, of Edmonton, Alta. "I was once reproved for addressing a General Assembly with my hands in my pockets," said Mr. McQueen. "I told the ex-moderator who reproved me that if he had been used to preaching where the temperature varied from 98 in the shade to 57 in the sun he would have contracted the habit of placing his hands in any position to keep them warm." (Laughter.)

McQueen's description of Northwest life was interesting, while that of Rev. James Buchanan who came all the way from the banks of the Fraser river, was both interesting and amusing. His wit and western vocabulary, together with his Patsey accent and dry Scotch wit, kept the audience in a perennial smile. Again at times, as he took his hearers with him among the phases of western life which call for grave reflection, a falling pin could be heard in any part of the big building.

Rev. Allan Findlay, of Barrie, who styles himself "the connecting link between the Northwest and the East," L. D. Trompou, jeweler, has removed to 397 Richmond street. Geo. W. Pitt has charge of the watch repairing department.

After the Grip

I was in a dreadful state, weak and miserable. Doctor said I had Bright's disease. My kidneys were in dreadful condition. I read about Hood's Sarsaparilla and decided to give it a trial, thinking at the time it was not much use as nothing helped me before. But, thank God, I got relief after the first bottle. I kept on taking it and used five bottles. I am now cured and never felt better. I owe my life to Hood's Sarsaparilla. J. J. S. Sarsaparilla, Market Street, Brantford, Ontario.

AT THE ASYLUM.

A six-inning game was played Wednesday afternoon on the asylum grounds between the Asylum nine and a picked nine from the city with a score of 16 to 13 in favor of the asylum club. The Asylum is putting up a strong game this season, and any club desiring some first-class practice would do well to apply to them for the experience.

FLYS.

It is stated that the new manager of the Rochester baseball team is Brickeridge, at present on the Jamestown team.

A game of baseball was played on the city grounds Wednesday night between the Waterloos and the Coloureds, which resulted in favor of the Waterloos by a score of 12 to 9 and an inning to spare.

An interesting game of ball was played on Thursday evening between the Sunbeams and the Swans, resulting in favor of the former—14 to 10.

A good game of baseball was played on the corner of Fall Mall and Wellington streets between the Junior Victors and a picked nine, resulting in favor of the Victors by a score of 21 to 18.

A friendly game of ball was played last evening in the north end, between the Imperials and Brickyard Rangers, resulting in favor of the Imperials, by a score of 9 to 4. Batteries—Robinson and Wootton; Fox and Johnston. Umpire—Robinson.

The City League games to be played tomorrow afternoon will be: Pastimes vs. Orientals on Erie Plaza and Balmorals vs. Stars on the Stars grounds, East London. The Pastimes' positions are: Wilson and O'Brien, pitchers; Pinel, catcher; Short, Begg, L.F.; Carroll, C.F., and Leach, R.F.

THE WHEEL.

The Meteor Bicycle Club held their weekly run to Lambeth Thursday evening. Although the weather was threatening they had a very good turnout.

Quite a number of the Meteors were on the station Wednesday night to congratulate Mr. Lou Goodwin, one of their members, who won the Donley road race at St. Thomas.

KILLED BY A CENTURY RUN.

Kalamazoo, Mich., June 13.—Albert J. Monroe, a new bicycle rider, made a century on Sunday against the advice of his friends. He boasted of it, and next day took a long ride and ended it at the railroad station. He left his bicycle standing against the station and walked to the platform. His face was flushed, and his eyes seemed to bulge from their sockets. He was badly winded, and seating himself on a baggage truck, began to tell of his bicycle riding. He was in the middle of his story when he stopped. His head dropped forward, and before those around him could support him he had expired. He was dead.

At the coroner's inquest the jury testified that Monroe had died from apoplexy, brought on by over-exertion.

PHILHARMONIC CONCERT.

Initial Performance Under Mr. Geo. C. Gibbons' Presidency—Unqualified Success.

The initial performance of the London Philharmonic Society, under the presidency of Mr. Geo. C. Gibbons, was given in the City Hall last night before a fashionable and good-sized audience. It was a high-class entertainment throughout, afforded enjoyment to every person present, and reflected great credit on both the members of the chorus and orchestra and Mr. St. John Hyttenrauch, who wielded the baton. The talent was from the best that could be procured in the city. Miss Eva N. Robin, soprano of the Dundas Center Methodist quartet; Miss Hiscott, Mr. E. J. Forsythe and Mr. J. C. Lockhart were the soloists. Miss Robin was in unusually good voice and received abundant and well-merited applause. Miss Hiscott possesses a rich alto, and was given ample opportunity to display it in Mendelssohn's 95th Psalm. Mr. E. J. Forsythe and Mr. J. C. Lockhart, tenors, distinguished themselves. Little Miss Nellie Burnip, who delighted her audience in the solo "Adieu." The work of the chorus and orchestra was to say the least faultless. The programme was:

Triumphal March.....Proust

Orchestra.....

Meditation (violin obligato).....Bach-Gounod

Felix.....

Ninety-fifth Psalm.....Mr. Geo. Angus

Worship, No. 2, Come, Let Us Sing No. 1.

Sea No. 5, Hallelujah When Ye Hear His Voice.

The orchestra comprised:

First violins—Roselle Pococke and George Angus.

Second violins—J. Cresswell, Charles Briegleb and R. J. Kearney.

Viola—C. Kitchen.

Cello—H. S. Saunders.

Bass—W. McLeod.

Euterpe—Edward Fitzthomas and A. Wismer.

Oboes—R. Allan and R. Tatham.

Clarinets—Fred L. Evans and F. Ponty.

Cornets—H. St. George and W. Mulens.

Bassoon—Eldon Westman.

Horns—W. and J. Dwyer.

Trombones—B. Quick and Wm. Rudd.

Euphonium—W. McKenna.

Timpani—H. McKenna.

The officers and directors of the society, which was organized for the study, practice and performance of vocal and instrumental music of superior order and the development of local talent, are: Mr. Geo. C. Gibbons, Q. C., president; Mr. W. J. Reid, vice-president; Mr. D. B. Dewar, treasurer; Mr. S. Chadwick, secretary; Mr. J. W. McIntosh, Mr. Thos. Coffey, Mr. F. H. Coles, Mr. Geo. W. Hayes, Miss Cansling, Mrs. John Labatt, Mrs. E. A. Cleghorn; Mrs. T. H. Carling, Mrs. F. J. Hunter, Mrs. F. Chadwick; Mr. St. John Hyttenrauch, conductor.

Statements that

MOTHERS

Should Consider.

The mortality statistics furnished by health boards of cities and towns in Canada clearly disclose the fact that during the summer months the great majority of infants die from cholera infantum, dysentery and diarrhea.

It is now generally acknowledged that these deadly infantile troubles result from imperfect feeding and poor food, and that the most effective remedy is to administer to babies with weak organs of digestion that would soon sicken the strong stomach of an adult.

The perfect substitute for healthy mothers' milk is Lactated Food and the excessively hot weather this food is a strength-giver and flesh-builder for every delicate infant. Lactated Food keeps the bowels and organs of digestion in perfectly healthy condition, and wards off those diseases so much dreaded in summer by all mothers.

Lactated Food is the only infant food that truly "saves babies' lives."

NO DECISION

Has Yet Been Reached in the Case of Hendershot and Welter.

Ottawa, June 13.—Sir C. H. Tupper stated this afternoon that no decision had been reached yet in the Hendershot-Welter case.

St. Thomas, June 13.—W. D. Welter was visited this morning by his sister, Mrs. J. F. Lamond, of Florida.

Principals' Day.

(Continued from page 3.)

tween the far east and the far west," because of his field of labor in Muskoka and Algoma, gave a graphic account of missionary work in that locality.

A few words of thanks from the moderator for the manner in which the home mission deficit of \$13,500 followed, and the report was adopted. Announcements followed and the assembly adjourned at 10:12 p. m.

NOTES.

Principal King has now been at the head of Manitoba College for twelve years.

Mr. Rowand, M. P. for West Bruce, arrived this afternoon and took his seat as a commissioner.

Thursday was Principals' Day—reception of reports of colleges. The Principals are an able, dignified band.

Rev. Dr. Waters, of Newark, N. J., was introduced during the afternoon, and occupied a seat on the platform.

An anti-billitinging overture is likely to be introduced by the assembly, with the reduced cost of living in the Northwest.

He denied emphatically any log-rolling or red tape on the part of the committee.

Rev. Mr. Buchanan again affirmed that there was such a feeling, but he did not say that it was correct.

Then Dr. Cochrane warmly protested against the inference, and asked for the names of those who entertained the feeling.

TEMPORARY RELIEF.

Dr. Warden moved that the overture be remitted to the western section of the home mission committee to report to the next General Assembly, with instructions for the current year to substitute \$500 and \$7 per Sabbath, instead of \$500 and \$6.50 for students and \$7.50 for unmarried missionaries in British Columbia instead of \$700, and \$700 in the Northwest instead of \$800.

Dr. King, principal of the Manitoba College, asked why, if the Assembly adopted the principle of applying lump sums to two synods, they did not also apply the principle to Ontario and Quebec as well.

"I think that it is time the Canadian Church should wake up to the claims of the home mission work upon the church as a whole," said Elder J. G. McDonald, Toronto.

Elder Hamilton, Cassels noted that in the discussions a thought of antagonism to foreign missions had been engendered.

Several delegates emphatically denied this.

"But it is so," reiterated Mr. Cassels, "and it does harm to the home mission work. The true remedy for the existing state of affairs is to cut off the number of workers."

Rev. James Buchanan withdrew the overture in favor of Dr. Warden's motion, which carried unanimously.

A DISTINGUISHED VISITOR.

Rev. Geo. D. Matthews, D.D., of London, England, secretary of the Reform Alliance, who had previously been honored with a seat on the platform, then addressed the Assembly. After referring to the demands of the late J. A. Murray and to a similarity between the Canadian Assembly meeting and the meeting of the Southern Assembly of Texas in a church which was draped in mourning for their pastor, the distinguished visitor went on to state that he looked upon the Canadian Church as a model one in many of its features, which he named in detail. Its missionary spirit was apparently what pleased him most. He asked if it possible that the Assembly of next year meet a week or so earlier so as to give delegates the opportunity of attending the Glasgow Presbyterian Council, which commences on June 14. He expressed his great appreciation of his visits to continental assemblies followed, and as he concluded Principal Caven moved the adoption of the following resolution:

The General Assembly has listened with much pleasure to the address of Rev. Mr. Matthews, the secretary of the Alliance of the Reform Churches holding the Presbyterian system. The Assembly repeats the expression of its sincere appreciation of the great evangelization scheme which Dr. Matthews represents and its desire to co-operate with all sister churches in promoting the objects of the Alliance.

The four for adjournment having arrived, it was decided to make the reference of the business of the afternoon, after which John Charlton, M.P., will address the Assembly on Sabbath observation.

NOTES.

Since the "Advertiser's" last census of local Presbyterian clergymen's wealth, it has been discovered that Rev. M. P. Talling also rides, making four in all.

Dr. John S. Mackintosh, of Philadelphia, who has been nominated by the board for the vacant professorship in Knox College, after careful consideration, is highly recommended. He was a student of Dr. Davidson and Dr. Duncan in Edinburgh, he studied with Drs. Dilitzsch, Stelmeyer and Weiss in Germany, and when only 25 years of age he succeeded Dr. Cook as pastor of the leading Presbyterian Church in Belfast. At present he is a lecturer in Lane Theological College, Philadelphia, a leading Presbyterian seminary.

Dr. George D. Matthews, D.D., general secretary of the Alliance of the Reformed Churches, was today invited to the platform of the Assembly. Dr. Matthews was for several years pastor of Calmer's Church, Quebec, from which position he was called to the now occupied by him. His headquarters are at London, Eng. He is now visiting the Supreme Courts of the Presbyterian Church in the United States and Canada, arranging for the meeting of the Presbyterian Council in Glasgow, Scotland.

Rev. James Buchanan, the Fraser River missionary, who has made such an impression upon the Assembly, was at one time a Glasgow newspaper man. His earnest appeal for the alleviation of the condition of his co-workers won at least temporary relief. Mr. D. G. McQueen, another young missionary, from Edmonton, Alberta, has firmness and a material alteration in the commercial policy of the country, which would be involved in a change of government it is a matter which concerns the general public. Date of General Election.

When is it to be? The question is disturbing the souls of politicians. In view of the material alteration in the commercial policy of the country, which would be involved in a change of government it is a matter which concerns the general public. Meanwhile the aching ears of the populace cry for a remedy, and the Government give no heed to the demand. Look here! don't suffer this neglect to delay the use of means open to all and which removes the most painful and obnoxious corns in two days. Fatless, sure acting corn cure. There was a fair turnout at the Patrons' picnic on Thursday at Port Elgin.

NEWFOUNDLAND'S LOAN.

St. John's, Nfld., June 13.—The White-way Government introduced a loan bill in the Legislature today. It empowers the Receiver-General to raise by a loan on the credit of the colony \$2,675,000, at 4 per cent, to run 40 years. The bonds are being floated by a London syndicate at 94 cents on the dollar.

London and Environs

—The majority of the Hellmuth College students left for their respective homes yesterday.

Mrs. Laughman yesterday afternoon gave a "Health Talk" to an audience of ladies in Somerset Hall.

—Mr. Bert Ferguson of the Montreal branch of the Bank of Toronto, is visiting in the city after a two years' absence.

—In Detroit strawberries are selling three boxes for 25 cents. If Londoners want strawberries early they must pay the tax on them.

—The Grand Trunk Railway started pumping their own water supply yesterday and will continue doing so until the heated term is over.

—The boys of the Y. M. C. A. are considering the idea of camping elsewhere than Port Stanley this summer. Some favor going to Muskoka.

—A woman by the name of Lane, living on Dundas street, London West, is seriously ill, and was taken in the ambulance to the City Hospital yesterday to undergo an operation.

—A conversation was held last evening in the school house of St. James' Church, South London. It proved to be a successful affair, and very enjoyable to all present. The decorations were most tastefully arranged. Dainty booths were erected beneath the galleries, at which a number of pretty young ladies served refreshments and sold flowers. Chinese lanterns, flags, palms and bunting also helped to make the scene a charming one. The Italian Harpers were present and furnished the musical programme for the evening. It was under the auspices of the Young Ladies' Missionary Society.

—One of London's most popular young men, Mr. Thomas A. Gray, has recently joined the company of the benefactors. This interesting event took place at the residence of the bride's parents in Claudioboye on Wednesday last. The groom was attended by his brother, W. J. Gray, and the bride, looking charming, as brides do, was supported by her sister, Miss Martha Clark. The ceremony was performed in the presence of the immediate friends of the contracting parties by the Rev. E. A. Chown, B.D., pastor of the Methodist Church, Lucan. The happy couple returned to London and took the 4:30 train for Niagara Falls and points of interest in the east. Their many friends tender them most hearty congratulations.

AFTER "DIAMOND CHARLIE."

Mr. Grover B. Simpson, special detective of the Wells-Fargo Express Company, and Mr. Joseph P. Johnston, postoffice inspector, of St. Louis, Mo., arrived in Toronto yesterday with the extradition papers for Hutton, alias Rothschild, alias "Diamond Charlie," who was arrested in St. Marys while attempting some daring robberies. Everything is now in readiness for the extradition proceedings before Judge McDougall. This is the man who unsuccessfully attempted to swindle a London jeweler last winter.

CALL TO REV. D. M. MIHELL.

The St. George correspondent of the Brantford Expositor says: "At a well-attended meeting of the members of the Baptist Church on Sunday morning, after the services, a cordial and unanimous call was extended to the Rev. D. M. Mihell, M.A., Th.B., of London, to become their pastor. A committee, consisting of Mr. S. Atmore and Mr. G. Patton, was appointed to wait on him and acquaint him with the result of their deliberations. We understand that he has asked for a couple of weeks to consider the matter. Mr. Mihell was pastor of this church for five years immediately after leaving college, and now, after ten years' absence to receive a unanimous call to return, speaks well for church and minister."

BEST MANAGERS OF ESTATES.

One of the outgrowths of modern civilization has been the establishment of "trusts companies," specially formed to act as executors and trustees for estates, so as to afford absolute security at the least possible expense. Such a company is the Toronto General Trusts Company, the report of the annual meeting of which appears in another column of today's "Advertiser."

This company has as its president, Hon. Edward Blake, while its managing director is Mr. J. W. Langmuir. Among its directors is Mr. George A. Cox, president of the Canadian Bank of Commerce; Senator Smith, and other well-known moneyed men. Ever since its formation, thirteen years ago, its operations have steadily extended, and last year it earned a profit of \$52,575.21, after providing for every liability.

It paid 10 per cent on its capital stock, and added to its reserve funds, now nearly \$300,000, by \$19,000. Since its formation, estates passed through its hands valued at \$15,000,000, and after their winding up and the distribution of large sums involved, over \$10,000,000 still remain under the care of the company. This proves that the public has confidence in its standing and in the service at a minimum of cost. The
