

AFFIDAVITS BACK UP FLOW OF THE WELLS ENGINEERS NORRIS AND FARNCOMBE TESTIFY

Five Inches Over the Weir,
Which Means About
1,000,000
Gallons.

SOME FACTS AND FIGURES

Which Should Be Read by the
People of London—Incon-
trovertible Statements.

The exact measurements of the Beck wells since they started to pump on July 1 have been made public. These measurements were taken by Mr. Norris, representing Mr. Beck, and Mr. Farncombe, representing the water commission, and are verified. Mr. Norris takes an affidavit as to their correctness.

He not only gives the amount of water going over the weir, but he gives exact measurements of the depth of the wells, and the speed of the air compressor.

According to the statistics prepared on not a single day did the average flow go less than four inches over the weir, or 922,000 gallons a day.

100,000 Gallons Flows.

On many days it went over four inches, reaching 4 1/2 inches. In connection with Mr. H. J. Gault, Mr. Beck's engineer, has prepared a chart showing the variations in the flow. On very rare occasions did the flow drop to less than four inches, while in the vast majority of cases it went much higher.

The wells showed some variation in depth, running from 29 feet 6 inches to 33 feet 6 inches.

Mr. F. W. Farncombe, the engineer, also visited the wells on July 21, and makes an affidavit to the effect that on that date there were four inches of water going over the weir.

An Affidavit.

Mr. Norris' declaration is as follows: Dominion of Canada, Province of Ontario, County of Middlesex, to wit: In the matter of the wells known as the Beck or Horton street wells, the water of which is now being pumped into the city mains.

I, William Norris, of the City of London, in the County of Middlesex, chief engineer of the London Electric Street Railway Company, do solemnly declare:

1. That I have visited the said wells and have examined the pumping plant on the dates enumerated below, and have made and noted the following figures in conjunction with the representative of the city waterworks:

The heights given for the wells mean the distances from the water in the well while pumping to the centre line of the horizontal water discharge pipe.

A PILGRIM DIES.

Quebec, July 22.—A woman named Mrs. Lorentz, belonging to Rochester, N. Y., died suddenly in a hotel at Ste. Anne de Beaupre, Quebec.

The deceased lady formed one of a party of pilgrims from Rochester, which arrived by the Peninsula boat yesterday morning, and proceeded to Ste. Anne.

The disturbance now passing across the lower lake region is of quite unusual character for July, and is moving very slowly. Rain has been general in Ontario, and is likely to become so in Quebec.

SUPERINTENDENT J. M. MOORE,
Of the Waterworks Department, Who
Answers Mr. Beck's Open Letter.

CHARGED WITH BURNING BARN

Edward N. Mara, of McGillivray
Township, Arrested by
Officers Yesterday.

THE ALLEGED CRIME

Warrant Was Sworn Out by William
L. Patton, Who Was the Tenant
of the Burned Premises.

The alleged burning of a barn belonging to Mr. George Carter, which has been causing a good deal of interest in McGillivray Township lately, came to a head yesterday, when High Constable Hughes arrested Edward N. Mara, of that township, charged with the crime.

Circumstances, it is alleged, have pointed strongly to Mara as the perpetrator of the deed for some time, but no information was laid by those most directly interested.

The attorney-general's department was advised of the circumstances of the case, and yesterday Provincial Detective Reburn arrived in town and in company with High Constable Hughes visited the scene. The result of their observations was that William L. Patton, who had rented the barn at the time it was burned, appeared before the court yesterday, and the high constable then returned and arrested the man.

The barn in question was a frame structure situated on the farm adjoining Patton's. It was fired shortly after midnight. It is alleged, on June 25, and since that time County Constables Shaver and Reith have been working on the case.

Alleged evidence in the shape of footprints leading to and from the barn, which correspond to the shoes worn by Mara, pointed to him as the guilty party, the police allege, and hence his arrest was decided upon.

MORE FUNDS NEEDED TO KEEP BATHS OPEN

The president of the Playgrounds' Association writes:

The fund specially subscribed for the maintenance of the free swimming baths is now exhausted, and it will require about sixty dollars to keep them open during August. The association appeals to the citizens to help run them for five weeks more. The cost is \$12.00 weekly. Those interested, as well as those in doubt as to the value of the instructions given are invited to the sulphur springs next Wednesday morning between 9 and 10 in the morning. Subscriptions in aid may be sent to Mr. John I. A. Hunt, Sheriff Cameron, Mr. A. W. Fraser, Mary Sound, Mrs. Parker, or the secretary, Miss Kathleen Colquhoun.

I. B. S. Baby Show.

A meeting of the Irish Benevolent Society baby show committee will be held in the city hall tonight at 8 o'clock. All the members are earnestly requested to be present.

OFF TR CONVENTION

Major Stevely Left for Medicine Hat
[Last Night.]

Ald. Stevenson is acting mayor today. Major Stevely left last evening for Medicine Hat to attend the convention of Canadian municipalities in that city.

His worship was sent away by a number of friends last evening, and the presentation was rather an event. Some rare products of the city of London and vicinity were presented to exhibit to the western delegates.

VELASCO DESTROYED.

Velasco, Texas, July 22.—The storm practically destroyed this town. Not more than a dozen houses stand. The big hotel on the beach is a mass of debris. The gulf waters were driven inland for nearly three miles.

COMISKIE SIGNS CUBAN.

Chicago, July 22.—Louis Padrone, a Cuban outlaw, has been signed by President Charles A. Comiskey, of the local American League Club. Padrone has been playing in Cuba for several years and before that he played with the New Britain team in the Connecticut League.

STAY AWAY AND AVOID A TRAGEDY

Magistrate Love Binds a Man
Over to Give His Home a
Wide Berth.

POLICE COURT CASES

Quite a Number Were Heard and
Dealt With by P. M. Love,
This Morning.

A man who has been drinking pretty hard for some time and who a week ago was remanded to jail to sober up, appeared again this morning and was placed on the Indian list, and bound over in the sum of \$300 to keep away from his wife's house for a year.

"I am doing this," said Magistrate Love, "because I am afraid that there will be a tragedy if I don't. When you are sober you are a good citizen, but when drunk you don't care what you do. I intend to try and free your wife altogether from your annoyance. Remember if you go near the house at any time without a policeman accompanying you I will give you a severe sentence."

Charge of Assault.

Mrs. Nellie Baldwin, charged by Mrs. John Gleson with assaulting her 10-year-old daughter Ruby, got talking and finally the court had to tell her that she would have to leave her up if she didn't stop and give him a chance.

It seems the child has been in the habit of tantalizing Mrs. Baldwin, by calling her "Old Mother Baldwin," she asked the court in a manner as if she dared him to say she was.

"The little girl was very rude," replied the court, diplomatically. "You made a mistake, however, in hitting her. You must not take the law into your own hands."

Mrs. Baldwin finally promised not to strike the child any more, and the little girl promised not to annoy Mrs. Baldwin any more, and the case was withdrawn.

Some Drunks.

George Perkins appeared and was asked if he was staying away from home. He said he was, and the court told him all would be well as long as he did so.

John Brown, an Indian lister, got thrashed by the court, and it is alleged, he came intoxicated. He failed to appear this morning in answer to a summons, and a warrant was ordered for his arrest.

The case against the Western Fair board, charged by John Turner with blocking up a street, has been withdrawn.

Ira Buffy rode a wheel on the sidewalk and paid \$1.

John Boddie, a drunk, was remanded a week.

GEORGE CARTLIDGE CHARGED WITH INSANITY

Warrant Sworn Out by Wife
Against a London Town-
ship Resident.

George Cartlidge, an elderly man, residing on the third concession of London Township, was arrested yesterday afternoon by Constable Shaver, on a warrant sworn out by his wife, charging him with being insane and dangerous to himself and others.

His wife claims that though he has been insane for three or four years, it is only very lately that he has shown any dangerous tendencies. Wednesday, however, he spent the whole night in the dining-room, and when she came downstairs in the morning, he threatened her if she dared to leave the house, and she had to take refuge in her son's room. Recently Cartlidge has been threatening to shoot everyone around him, and place himself in the hands of the police.

Cartlidge is over 60 years of age.

Water Meeting Tonight

There will be a meeting to discuss the water problem in the city hall tonight at 8 o'clock.

Hon. Adam Beck and several others will explain the water situation from every standpoint, and will give the facts concerning artesian wells.

A great deal of interest is being taken in the meeting, and it will be largely attended. All are invited to attend.

PARKDALE TO GET THE NEW ROUNDHOUSE

Not at All Likely To Be Erected
at Mimico, as Reported.

Local railway officials state that the moving of the roundhouse from Toronto to some point not as yet decided upon will in no way affect London by bringing men here.

"The roundhouse will in all probability be removed to Parkdale," one official stated to The Advertiser this afternoon. "In that way all the matters in dispute will, it is thought, be remedied. There is no chance of the roundhouse going to Mimico, as was at first reported, as there is a big roundhouse there now."

AUTUMN RUSH IS ON AT THE FAIR OFFICES

Entries Already Coming In at
Rapid Rate, Especially
for Horses.

The autumn rush is beginning at the Western Fair offices. Every mail brings a host of letters inquiring for prize lists, entry blanks and other information.

Entries, too, are coming in at a very rapid rate. Especially is this the case in the horse entries. There are at present 30 stalls spoken for at the horse sheds, a very unusual thing so early in the season. It is not usually still well on in August that there is any great demand for such reservations.

WELLS WATER PURE AFTER A TEST

Result of Analysis Was Made
Known at City Hall
Today.

A test of the water from a tap in Ald. Ferguson's office, about which there was some complaint, was made by Mr. R. W. Puddicombe. He had the results of the chemical tests at the city hall at noon today.

"The water is pure and fit for domestic use," said Mr. Puddicombe. "I think the water is all right."

We are leaving today for our return trip across the channel by daylight. Everything is going splendidly.

AUSTRALIAN SPEAKER DROPS DEAD IN HOUSE

Tragic Incident at Last Night's
Session of Commonwealth
Parliament.

Melbourne, July 22.—An all-night sitting of the Commonwealth Parliament ended tragically at 6 o'clock this morning, when Sir Frederick Holder, the speaker of the House of Representatives, was seized with a fit. The House immediately adjourned. Sir Frederick, who was the first speaker of the Commonwealth Parliament, died soon afterwards.

Sir Frederick William Holder was born at Happy Valley, South Australia, May 12, 1850. He held many high public offices in the Commonwealth, and on two occasions was premier and treasurer. He was elected first speaker of the House of Representatives in 1901.

STORM AT HUNTSVILLE.

Huntsville, Ont., July 23.—This district was visited by a very severe thunderstorm last night and much damage was done. A large section of cement sidewalk on Main street was washed out and carried down the embankment along the river near the approach to the swing bridge. The sidewalk of Blackburn's boat livery was smashed in, and a number of boats and canoes were destroyed. The barn of J. W. Johnson, about a mile from Huntsville, was destroyed by lightning at 4 o'clock this morning.

A FOG DISPELLER.

New York, July 23.—J. W. Hulbert, of Warren, Ohio, according to the World, says he has a secret chemical preparation for clearing up fogs at sea and on land, and is on his way to London, Eng., to place his discovery before the authorities of that city with whom he has been in correspondence for some time.

Hulbert says he made his discovery two years ago, has been carrying on experiments ever since at Orangeville, Ohio, and has been in correspondence with the United States navy.

VERDICT STARTLES IN BAYFIELD CASE

Coroner's Jury Says That Mrs.
Burns Was Murdered.

BY PERSONS UNKNOWN

Invalid Daughter Was in House, But
Could Throw No Light on the
Mystery.

Bayfield, Ont., July 22.—That deceased came to her death at the hands of some person or persons unknown and that the case was manifestly not one of suicide, was the verdict returned this evening by the coroner's jury inquiring into the death of Mrs. James Burns, of this place. It will be remembered that the first inquiry the verdict was suicide, but the talk of the place and the rumors which reached the coroner led to a further inquiry, which was conducted by the coroner, and which did not throw any more light on the mystery.

On Thursday of last week, when V. J. Burns, the husband, came home from his work he found his wife lying dead on the bed, with a stocking twisted around her neck, and with a bruise on her forehead. He called for his neighbors, and at once the startling news spread, giving rise to all sorts of stories. From the rumors about the main facts which stood out were the death of the woman and her discovery as described, and the circumstance that the invalid daughter of the woman was lying in another bed in the house.

Second Inquest Ordered.

As soon as the news reached the ears of Mr. Seagar, the county coroner, he instructed Dr. J. W. Shaw, the coroner at Clinton, to make a thorough investigation and hold another inquest if necessary. The coroner deputed Dr. Gunn, of Clinton, and Dr. Wood, of Bayfield, to make a post-mortem, and the result of this was to discredit the suicide theory. The second inquest opened on Saturday last, and latter hearing some unimportant evidence, was adjourned till tonight, when the principal evidence was that of the two doctors who made the post-mortem.

The embarking of the case, the principal evidence was that of the two doctors who made the post-mortem. The embarking of the case, the principal evidence was that of the two doctors who made the post-mortem.

The doctors said the blow on the head and the other bruises on the body might have caused death, but at any rate these injuries would make it impossible that she could have put the stocking around her own neck. They also said that in their opinion the stocking was put there by someone else. The husband told how when he came home he found his wife dead and at once alarmed the neighbors. He described as well as he could how she was lying, and how the stocking was around her neck. Neighbors giving evidence declared that they had not seen anyone around the house, and they also in part corroborated the evidence which the husband gave relative to the position in which the body was when he found it.

It was thought that the invalid daughter might be able to throw some light on the case, but she could not do so. It was said that she could not have caused the injuries, and that the deceased woman was for years an invalid, and lately could hardly leave her bed, and was at one time in the asylum for the insane.

She was fifty-seven years of age, and in the inquiry all the private history of the family has been naturally gone into, and a piece became imbedded in the minds of the jury.

However, the mystery surrounding her death has not been solved. All the facts elicited will be laid before the coroner, and the jury will decide today renounced forever his rights to the throne of Portugal in order to marry Miss Anita Stewart, daughter of Mrs. James Henry Smith, of New York. The prince's engagements to Miss Stewart was announced on July 2.

RENOUNCES RIGHTS TO MARRY HEIRESS

Lisbon, July 23.—Prince Miguel, of Braganza, eldest son of Duke Michael, the pretender to the Portuguese throne, today renounced forever his rights to the throne of Portugal in order to marry Miss Anita Stewart, daughter of Mrs. James Henry Smith, of New York. The prince's engagements to Miss Stewart was announced on July 2.

THE TWO TOY GIRLS TURN UP ALRIGHT

New York, July 23.—Almond-eyed May Yum Toy and Chung Ping Toy, the daughters of wealthy merchants in Chinatown, who disappeared on Wednesday, turned up today at the rooms of the Yum Toy family.

The only information about them given out by the society was that the girls had eluded their pursuers. They are 10 and 14 years old respectively.

It is supposed they grew weary of the seclusion of the home, and stole away to see the world.

MR. WILLIAM HUNTER MEETS WITH ACCIDENT

His Eye Badly Injured While at
Work in the Advertiser
Job Department.

Mr. William Hunter, of Rectory street, foreman of The Advertiser job department, suffered serious injury to his eye as the result of an accident yesterday afternoon.

He was working with a die when a piece of wire flew striking him in the face. A piece became imbedded in the ball of the eye, inflicting an ugly gash. He was taken to Dr. Henderson, who dressed his injuries.

Had the wire struck a short distance nearer the pupil there would have been no chance of saving the eye. There is a good chance now, however.

THE LEVEL CROSSING

First Draft on Federal Fund for Cross-
ing at Renfrew.

Ottawa, July 23.—The railway commission has ordered the first draft on the Parliamentary appropriation of one million dollars extending over the next five years to assist in the elimination of level railway crossings throughout Canada. The commission has ordered the protection by gates of the C. P. R. crossing at Raglan street, Renfrew, and 20 per cent of the cost of installing the gates is to be borne by the federal fund, the balance being paid by the C. P. R. The cost of watchmen at the gates is apportioned equally between the railway company and the town.

THE NEW RELIGION

Will Have Nothing to Do With the Supernatural, Says Dr. Eliot.

Cambridge, Mass., July 23.—Chas. W. Eliot, former president of Harvard, prophesied the advent of a new religion, in an address before the Harvard Summer School of Theology today.

"It will not be bound by dogma or creed," he said. "Its workings will be simple, but its fields of action limitless. Its discipline will be the training in the development of a new goodwill. It will attack all forms of evil. There will be no supernatural element; it will place no reliance on anything but the laws of nature. Prevention will be the watchword and a skilled surgeon one of its members."

A SPLIT IN RANKS

OF STRIKE-BREAKERS

Fifty-One Members of the P. W. A. Join the United Mine Workers.

STOLE FROM REGIMENT.

Toronto, July 22.—Ernest Campbell, who has been here from Ireland only about two years, pleaded guilty at this morning's police court to theft of \$107 from the Forty-eighth Highlanders' Regiment, and was sent to the Central Prison for two years.

GLACE BAY, N. S., July 22.

The first serious break in the ranks of the P. W. A. forces, that have been working at No. 2 colliery, was made yesterday, when 51 men left their work and joined the strikers. They were accepted as members of the U. M. W. and initiated shortly after they left the mine.

The strikers are jubilant over the

turn affairs have taken at No. 1 colliery, and the strikers are confident that the P. W. A. members to come out. The company has all along reported a working staff of 600 miners at this colliery, but the strikers reported a working staff of 275 men.

In addition to the strikers' gains from P. W. A. A. have also succeeded in getting all the imported strike-breakers to leave the yard, where they were doing surface work. Every move made by the strikers to induce imported strike-breakers to leave work is encouraged by the employment agents for the railway construction contractors on the T. & P. Transcontinental Railway. Today Mr. O. Bliss and H. Waterman, representing Macdonnell & O'Brien, shipped 229 men from the districts of Tuque, in the Province of Quebec, and this morning D. Nadel, of Nadel & Adler, Montreal, arrived in Glace Bay to get ninety men for railway construction work between Moncton and Chipman. A large number of strikers are anxious to get away from the collieries because they can make higher wages on the railway.

JESSUP LEFT \$12,814,894.61

Most to Widow, Who Pays Entire Inheritance Tax.

New York, July 23.—Morris K. Jessup, former president of the Chamber of Commerce, who died on Jan. 22, 1908, left a net personal and real estate valued at \$12,814,894.61. The appraisal of the estate by W. Holden Weeks was filed today in the surrogate court.

Mrs. Maria De Witt Jessup, to whom the residuary estate of her husband, \$12,814,894.61, was left, asks permission to pay the inheritance tax on the entire estate, which makes more valuable the other bequests.

Mr. Jessup left the American Museum of Natural History \$1,000,000, being his president at the time of his death; \$100,000 to the Erie Presbyterian Church, many other bequests to churches, and one to Princeton University.

KILLING OFF THE FISH

Toronto, July 23.—"The carelessness of manufacturers in the small Ontario towns which adjoin bodies of water is in large part responsible for the alarming disappearance of fish, which these same municipalities so often complain about."

This statement was made this morning by Superintendent Tinsley, of the game and fisheries department, whose attention was called to the lack of fishing in many of the smaller Ontario waters.

"Dumping sawdust, soap and refuse into streams is one of the commonest practices of Ontario factories, and one of the most injurious to the fishing interests. I have often brought it to the attention of the townspeople, but so great is their fear of industries moving away that very seldom can legal action be obtained. Good fish will not live in a part of a movement of careless methods of treating sewage in our cities and towns with lake and river surroundings, has spoiled nearly all fishing in their immediate vicinity."

FORMER LONDON PASTOR DEAD AT SEAFORTH

The Rev. George Buggin Passes

Away in His Seventy-Seventh Year.

Seaforth, July 22.—The Rev. George Buggin, a retired minister of the Methodist Church, died this morning, aged 77 years, from heart failure, following a brief attack of acute gastritis. He retired here two years ago after a period of 47 years spent in the ministry.

Of his family, his wife, three sons and three daughters survive him.

Rev. Mr. Buggin began his ministry with the New Connexion Methodist Church in 1860, and during his 47 years of work was stationed by the following circuits: Durham, Nelson, Omernie, Mansfield, Waterford, his daughter, the Rev. Mrs. Buggin, (last pastor), Seaforth, Mount Forest, Elora, Drayton, Markdale, Harrow, Blythe, Wallaceburg, Brownsville, Avon, Thedford.

At the time of the union of the various Methodist bodies in 1874, Rev. Mr. Buggin was pastor of the Clarence Street New Connexion Methodist Church in London. Following the union this congregation was merged into Wellington Street Methodist Church.

Rev. Mr. Buggin was superannuated in 1906 and then took up his residence in Seaforth near his daughter, Mrs. James Beattie, where he has since resided.

Had Rev. Mr. Buggin lived till next London conference he would have been one of a group of seven veterans to celebrate their jubilee in the ministry.

PRESS ASSOCIATION

PLAN BIG TIME

Representatives of Western Ontario Newspapers Will Have Pleasant Jaunt.

The St. Clair District Press Association are going to Niagara Falls on Thursday, July 29, returning the next day.

Mr. H. J. Pettypiece, of Forest, is president of the association, and he has arranged the trip. The plan of the trip is to visit the various places of interest in the Niagara region.

The excursionists will start from Sarnia. Among the papers who will send their representatives are the Alvinston Free Press, Bridgton Post, Courtright Sun, Florence Quill, Forest Free Press, Forest Standard, Glencoe Transcript, Oil Springs Chronicle, Parkhill Gazette, Parkhill Post, Petrolia Advertiser, Petrolia Topic, Sarnia Canadian, Sarnia Observer, Sarnia Post, Strathroy Age, Strathroy Dispatch, Somers Outlook, Thedford Tribune, Watford Guide and the Wyoming Enterprise.

On their return the party will spend a couple of hours in London.

A programme of entertainment will be provided on the trip down and a line time should be enjoyed.

The newspaper will be accompanied by their wives.

Mr. Petty piece states that the outing will be a most enjoyable one.

THE GREAT GULF STORM

Devastation and Death at Many Points Along Coast.

Houston, Texas, July 22.—The hurricane which swept the gulf yesterday cost the sacrifice of eighteen human lives, fatal injury to four other persons, and serious wounding of sixteen, according to the full details of the results of the storm, which began to arrive tonight. Small towns were devastated. The damage of property will amount to over a million dollars.

Along the Brownsville road from Kingsville in places the devastation was nearly complete.

At El Campo, the electric plant is wrecked, all elevators are badly damaged, and almost every church in town either demolished or wrecked.

In the oil field about Markham dericks were down and wells stripped of their machinery. The ironware house of the Markham Mercantile Company, the Brown Grain Company warehouse and the Enterprise restaurant were entirely demolished.

At Bay City about 50 per cent of the business section was damaged. At the jail the cages were left standing and the prisoners were exposed to view, but were safe.

The bathing pier and pavilion at Sylvan Beach, which is one of the largest on this coast, were wrecked. The half-mile pier leading to the pavilion was carried away.

Galveston, Texas, July 22.—As if from the bottom of the sea five of the storm-wrecked vessels from the Tarpon fishing pier were picked up alive today in the Upper Galveston Bay. They were found clinging to pieces of wreckage and were in an exhausted condition.

With the report of the rescue of these five men hope for the safety of the other five persons, who it was believed lost their lives in the storm, is much stronger, although it is feared that the others may have succumbed to the ordeal of 24 hours in the water.

Those still unaccounted for include Capt. R. L. Battison and wife and C. P. Dalley, circulation manager of the Galveston Tribune.

CONSOLIDATING BELL

Big Merger of the Pittsburgh Telephone Companies.

Pittsburgh, July 23.—Absolute control of the Central District and Printing Telegraph Company, the local Bell telephone concern, is to pass into the hands of the American Telephone and Telegraph Company, according to an official announcement tonight.

The directors of the local company have voted unanimously to accept the offer of the latter concern to exchange its stock for that of the American Telephone and Telegraph Company. This is on the basis of \$135 for the local company's stock and \$100 for that of the American company. In discussing the deal H. Buehler, general manager of the Bell Telephone Company, said last night: "This is the fourth deal in a movement which will eventually extend over the entire country. The local deal has been pending for some time and is a part of a movement of the part of American Telephone and Telegraph Company to consolidate all the Bell companies in the United States under one head."

Special Purchase of Lawn Waists--Will Be

Offered Tomorrow at 79c Each

We have secured a line of White Lawn

Shirtwaists for Saturday morning that will

create great enthusiasm in this section, but

we fear the values are too big for the

quantities, as there are but 10 dozen in the

lot, which may not be sufficient to go

around. However, if you come in the

morning you are certain to get your size

in any of the three styles in this collection.

They are made of Fine Lawn, with fronts

of Allover Embroidery, trimmed with small

tucks; buttoned down back, with box pleat

down centre, and small tucks either side;

long sleeves tucked and finished with valenciennes lace; collar attached. Large sizes for

stout ladies at same price. Ten dozen tomorrow; all sizes; three styles; each 79c

Is Your Size Amongst These Corsets, 59c or 79c Pair?

The balance from our Corset Sale have been sorted. Just 38 pairs, of which we will give you sizes in detail. Not a pair would be here were they 21, 22 or 23. So here is a chance, if your size is under, or over these:

\$1.00 to \$1.35 Corsets, sizes 18, 19, 20, 24, 25 and 26, for, per pair 59c

\$1.50 to \$2.50 Corsets, sizes 18, 26, 27 and 29, for, per pair 79c

Only a few pairs in some of the above sizes. Come quickly.

BRIAND MAY HEAD

NEW FRENCH GOVERNMENT

Is Leader of Socialists and a Man

of Brilliant Attainments.

Paris, July 22.—Aristide Briand, brilliant scholar, orator and avowed socialist and architect of the final chapters of the separation law, was summoned to the Elysee Palace tonight and asked to reconstruct the Clemenceau cabinet. M. Briand promised his answer tomorrow.

The shifting of some of the portfolios and the retention of all the ministers, except M. M. Piquard, Picard and Milles-Lacroix, ministers of war, the navy and colonies, respectively, is now anticipated.

Considerable opposition to M. Briand has developed, especially among the more conservative senators and radicals, who dominate the party of the Republican majority, on the ground that the selection of a socialist at the head of the government would be equivalent to proclaiming the bankruptcy of the radicals. Predictions are freely made in some quarters tonight that M. Briand would fail in his efforts to form a ministry which can command a majority.

Should M. Briand succeed in forming a cabinet, as the friends believe he will, the tendencies of the new ministry will be distinctly more socialistic than those of the outgoing cabinet. M. Briand is opposed to the dissolution of the revolutionary general federation of labor, which M. Clemenceau favored, and M. Barthou, minister of public works, and M. Viviani, minister of labor, have championed socialistic doctrines.

A Briand cabinet would be exceedingly distasteful to the moneyed classes. The Conservatives, however, believe that the Briand cabinet would be short-lived.

Aristide Briand, who will probably be the next premier of France, is 47 years old. He has risen very rapidly from the ranks of publicists to a foremost place in the Government, being elevated in 1906 to the post of minister of public instruction and worship.

During the church and state troubles he appears to have acted with firmness and moderation. Later he was appointed minister of justice, retaining the portfolio of worship.

BACK TO KINGSTON.

Toronto, July 22.—Frank Hetherington, a prisoner, today was sent back to Kingston to serve two years of his unexpired term, for stealing brass from the Canadian Northern Railway.

HAROLD RICHARDSON

IN A BIG DEAL

Is Selling a Special Quality of

Armor Plate to British Gov-

ernment for Warships.

Ven. Archdeacon Richardson received a cablegram last night from his son, Harold A. Richardson in Portsmouth, England, stating that his tender for a special quality of armor plate for battleships had been accepted by the British Government. As yet Archdeacon Richardson has not received full particulars regarding the transaction, and until he does prefers to say little about the matter.

Mr. Harold A. Richardson is well-known here and was for some time engaged in business in this city. Later he went to Chicago, where he was a prominent part in rescuing survivors in the Crystal Hall wreck. Mr. Richardson has always been very popular in the city, and his friends will be pleased to learn of his success.

THE GYPSIES' TROUBLES

Queen of One Tribe Swears Out Warrants Against Others.

Ottawa, July 22.—The internal troubles of the two bands of gypsies encamped at Ottawa and Hull have led to more arrests. Queen Rosa, of the Hull tribe, swore out warrants against Eli Stokes, John Stokes, Mrs. Eli Stokes, and Mrs. Miguel Alexis for stealing bangles and rings to the value of \$150, which the queen alleges were taken from the child the four kidnapped from her camp. The accused were arraigned at Hull this morning and remanded. Sixteen gypsies of the Hull camp, ten men and four women, were also remanded on a charge of vagrancy.

Death of Mrs. Clark.

Mrs. Elizabeth Clark, widow of the late George Clark, died yesterday at the home of her son, Mr. Edward Tolhurst, "Fairview," Mount Pleasant Avenue. Mrs. Clark was 85 years old, and came to this city from Kent, England, half a century ago. She had resided in London ever since. Her husband died fifteen years ago. She is survived by four sons, Messrs. Edward Tolhurst, of Mount Pleasant Avenue; J. W. Tolhurst, Cleveland; Joseph Tolhurst, Hamilton, and Henry Clark, of this city. The funeral will be held on Saturday afternoon from the residence of Mr. Edward Tolhurst to

Croquet!

GETS ANOTHER YEAR

Mr. Obernesser Given More Time in

Which to Alter Hotel.

Hamilton, July 23.—At a meeting of the local license commission it was decided to allow Jacob Obernesser, proprietor of the Union Hotel, corner of Hunter and Hughson streets, to continue in business for another year. Mr. Obernesser was one of the five hotelmen, who were given three months by the commissioners in May last in which to sell their hotels. In renewing Mr. Obernesser's license, the commissioners took into consideration their belief that the man he would have transferred it to would not have been as desirable as the present licensee. Furthermore, Mr. Obernesser gave the commissioners a guarantee that in the future he would conduct a first-class hotel and observe the law. The commissioners took him at his word, and yesterday passed the necessary resolution to renew his license.

LONDON, FRIDAY, JULY 23

CIVIL SERVICE CASTE.

Some of our contemporaries, in their newly-found zeal for civil service reform, are making suggestions which point to the formation of a civil service caste—a condition of affairs which may have attendant evils as great as those we are trying to remove. Among other things, they advocate an ideal system, making the civil service a profession, to which pupils in the collegiate institutes may look, as they now do toward divinity, law and medicine. This means, carried to its logical conclusion, that the civil service will in time be composed of a class whose chief qualification—apart from honesty and zeal—shall be the literary attainment of its members.

The reform of the service, so far as has been suggested, means appointment and promotion, in order of merit, by a commission resident in Ottawa. The employees of the people are to be taken from under the control of the Government, and placed under a few gentlemen, responsible to Parliament, in a sense, but with a tenure of office as safe as that of the judiciary. And the fitness of the applicant for admission to the service will be based on his ability to answer written questions prepared by the commission. To this scheme, imperfectly formulated as it is at present, there are some objections which may be noted.

The first is, that all the commission can learn in regard to a candidate from his examination is his ability to answer the questions. They can learn nothing of his personal character—of his sobriety, his honesty, his energy. If these are to be taken into consideration at all they must be learned from some other source than his examination papers. In other words, the commission will have to ask somebody who is supposed to know the candidate, and run chances that the party whose recommendation is asked not only has a real knowledge of the candidate, but also has no prejudices for or against him. This, of course, will apply especially to the outside service. With regard to people in Ottawa, the commissioners themselves may have some personal knowledge which would guide them in reaching a decision.

It is sometimes asked why cannot the public service be conducted like a private business, in which men are appointed and promoted on merit alone? The fact is overlooked that the head of a business firm is in touch with his employees; he has, or can obtain, personal knowledge of their qualifications; he knows, or can easily find out, who is worthy and who is not. A Government commission at Ottawa has not this advantage. Its only means of judging is by a written examination, supplemented by somebody's recommendation.

And if they should find some difficulty in deciding as to appointments, still greater difficulty will be found when there is a question of promotion to the head of some branch of the service in any of our cities from Halifax to Victoria. The junior who has been faithful in his work, and who passes his examination, would be entitled to the promotion. But the fact that he makes a good clerk is no indication that he will make a good chief. His work in a subordinate position does not fit him for a position of authority. As a subordinate, he may have had an excellent training in the routine work of his office, and may be thoroughly acquainted with all its details; but as the head of a department much more than this is required. He is now called on to govern his office, to control his staff, to act as an intermediary between the Government and the public. Qualifications for this work he may have, but he has not gained them in the routine of clerkship. He may have them naturally, or may have acquired them by association with the public outside of his office; but whether he has them or not the commission will certainly be unable to judge from his record or his examination.

But the chief evil in the proposition to develop the civil service into a profession for high school students to enter is in the establishment of a caste, whose members will be apt to forget that they are the servants of the people. They will not be appointed by the people's representatives, nor will they be responsible in any way to the people. They will be under a commission, residing, perhaps, a few thousand miles away. Their tenure of office will be permanent. So long as they make no very grave errors in their work they will be safe. And official caste will so develop into social caste. The service will be considered the special preserve of the so-called "better classes," from which common

people shall be excluded. We sometimes hear of the insolence of "jacks in office." There is very little of it in this country; but under our present system there is this corrective—if the office-holder makes himself disagreeable there is a good excuse for a vacancy when the opposite party gets into power. With a civil service caste even this remedy would not be available.

Nor is there any guarantee that a service based on school qualifications would attract the best men. The rewards are not sufficient. It is true that a position on the list would be respectable and permanent, but the pay is not enough for good men. There are about 7,000 people on the Canadian civil service list; there are not 300 of these who receive over \$2,000 a year; not 100 receive \$3,000 or more. Fully one-fifth of these 300 are expert professional and scientific men, foreign trade commissioners, etc. Out of 7,000 offices, there are not more than 250 to which the civil servant may hope in time to attain. Of course, it may be said this can be remedied by increasing salaries—a procedure most governments are slow to adopt. But, with the best that could be expected in this direction, few young men of energy, ambition and ability, will look to this as a profession. The class chiefly attracted might be capable and honest, but they are not likely to be energetic—slow plodders, at best.

Now, someone will say, The Advertiser is apologizing for the patronage system, and is opposed to civil service reform. Of course, not. We recognize the evils that exist, and are anxious to see them remedied. We will be pleased to have any scheme adopted which promises success. All we do here is to point out that systems of reform are not perfect, and that some of the people who are so ardent in advocating them are panaceas for the ills of public life and service, probably have more zeal than knowledge. The fact is that even if a system is theoretically perfect, it will often fail in its operation, because the men with whom it deals are not perfect. Let us have all the civil service reform we can get. Even if it is a choice between evils, the lesser will always be preferable. But we will be wise not to expect too much.

BRITISH HOUSING REFORM.

Already, as a result of the introduction into the British Parliament of the Government's housing and town planning bill, a strong housing reform movement has been started in several counties of England. Public meetings are being held and the proposals of the Government discussed and generally endorsed.

It is hoped by this bill to make the pathway much easier for town councils which have to deal with insanitary property. There will be no need to go before the magistrates for closing orders, as the councils will be the authorities to condemn houses; and there will be no appeal from their decisions except to the local government board. When the bill becomes law, houses that have been condemned must not only be closed but pulled down, and within three months the local authority will be empowered to do so. Building back-to-back houses will no longer be permitted. The Government proposes to loan money to municipalities for building houses or to building societies of good standing, and it is hoped that as a result of this legislation every workman's house will be guaranteed fit for habitation. Moreover, if the occupant finds that illness occurs in his family owing to the insanitary condition of the house he will have cause for action against the landlord.

Not the least important feature of the bill is the provision for house-to-house inspection, the object being to get at the owners of slum property. It will be the duty of local authorities to have an inspection and survey made of every dwelling house rented below ten shillings a week, and to have entered in a register the names of the owner and occupier of the house, the state of repair, the sanitary condition, the water supply, the number of inhabitants, etc.

The cost of carrying out this proposal has been raised as an objection against it, but the cost is nothing when the large amount of benefit which will result is considered. It is felt that the inspection of conditions in regard to sanitation and general health should be as adequate and thorough as the inspection of factories. Trade unions and co-operative societies have been passing resolutions endorsing the measure, and there can be no doubt that it will become law before the end of the session of Parliament is reached.

CANADA AT REST.

[Halifax Chronicle.]

Canada at present enjoys a freedom from political unrest that is probably without parallel in our history. Not since the days of '66 has the Conservative party more visibly abstained from all political discussion. Not since that time has it been so apparently unopposed. There is in reality nothing on which our Conservative opponents can attempt to successfully appeal to the people. Canadian affairs are under the direction and control of men with whom the electorate is fully satisfied. All the main services of the country are buttressed by policies which in their working out are found eminently adaptable to the interests involved.

A PEARL OF TRUTH.

[Albany Journal.]

The man who complains loudest about the high cost of living pays out carfare when it would be better for him to walk, has his shoes shined at a stand when he might just as well shine them himself, isn't particular about the number of high ones that he pays for in a day, thinks it beneath his dignity to smoke 5-cent cigars, and in many other ways lets slip nickels and dimes that quickly make the dollar.

Board of Works Manifests No Disposition to Remove It

HORTON STREET TRACKS

Matter Was Discussed But Nothing Was Done—Many Topics Brought Up But Few Disposed Of.

There were many matters of importance brought up at the meeting of the board of works last night, but in a majority of cases they were laid over until the next meeting.

The petition of the businessmen on York street that the draymen be asked to move off that street was brought up, but was laid over until the next meeting. It is evident that no change will be made.

Ridout Street Pavement. Manager King asked that the permanent pavement on Ridout street be not laid owing to the fact that the sewer had been dug under the company's tracks and as the clay would settle, it would seriously affect the work done.

"If you will guarantee any damage, we will go ahead," said Mr. King.

A Suggestion. Ald. Saunders declared that the pavement should go down this year. If possible, he suggested that it sand and gravel were put in the excavation below the front line, and thoroughly packed there would be no danger of the pavement heaving.

"We could put the sand and gravel there at little expense," he said. "This would guarantee a sound pavement."

Manager King favored this also. He said it could be done, and it would prove satisfactory. The engineer was requested to prepare estimates of the cost, and report at the meeting to be held in two weeks.

Horton Street Tracks. The question of double-tracking Horton street came up in connection with the petition for a curb and gutter on Horton street.

"At the present time there are no negotiations for a double track on that street," said Manager King. "However, it is inevitable, I have looked upon the question from every angle, and it will be impossible to give a satisfactory service in the Horton street without double-tracking this street."

A Bathurst Street Line. A line up Bathurst street was suggested to take the place of the old trolley line, but this was objected to owing to the fact that a line of railway would have to be crossed, and this was not desirable. The line up Simcoe street was also suggested, but the same grounds as the line of the Southwestern Traction Company would have to be crossed. Mr. King declared that a line up either street would not relieve the congestion.

Move the Sidewalk. In order to place another line of tracks on Horton street, it would be necessary to move the sidewalk back to where it stood before the curb and gutter was put in. To this the residents of the street objected, as they do not want the sidewalk moved from its present position.

The petition was laid over for two weeks, the engineer to report on the advisability of moving the sidewalk back.

C. P. R. Watch-Tower. A request was presented from the C. P. R. Company to move their tower on Richmond street three feet nearer the street line. It was explained by Superintendent Mr. McNellie that the new building erected there, shut out their view of the street, and that the watchman operating the switchboards properly. The proposed building would be better from the street line, and the roof would project over the street a few inches.

Ald. Cooper objected to this, and the committee will visit the property and report at the next meeting.

Oscar Ellis objected to an overcharge of sewer rental on his property on Marlborough street. The committee will be asked to report on the question. The committee recommended that the overcharge be rectified.

Cheapside Boulevard. City Solicitor Meredith reported to the committee that it would be necessary to pass a bylaw to allow the widening of Cheapside street for a boulevard, and then another bylaw for the curbing and gutter. Neither of the petitions presented could be granted by council.

"Two bylaws are necessary," explained Secretary Wright, "and the committee will have to be amended to conform to the bylaws proposed."

The matter was laid over.

Paving Lanes. City Solicitor Meredith informed the committee that they had received a petition from the owners of the lanes on Queen's avenue as petitioned for. The lanes were private property and were not under the control of the committee. The petitions were filed.

There was a petition for a cement curb and gutter for east and west Clarence street from Horton to Grey street, sufficiently signed, but some of the members of the committee thought it might have a bearing on the double-tracking of Horton street, so it was laid over for a week.

The petition of C. E. Howard for a cement walk on Adelaide street south was laid over for another week.

A Water Grievance. Mr. W. R. Partridge asked that the lane next his property be repaired so that the water would not back down on his premises, and that the usual course be reported on. The opinion of the committee is that the lane is private property and is not under the control of the board.

A petition for a curb and gutter on Colborne street from Piccadilly to Central avenue was found to be insufficiently signed, and will take the usual course.

Some Petitions. Ald. Cooper moved that a curb and gutter be laid on Princess avenue. This will be done.

A petition for a cement walk on west Sackville street from Dame to northwardly line was found sufficiently signed, and will take the usual course.

A petition for a cement curb and gutter on walk on Harvard street from Waterloo east was sufficiently signed, and will be laid.

A petition for a curbing on east Maitland street from St. James to Grosvenor was insufficiently signed and was filed.

Mr. R. Stokes asked that the Ald. and smoke from the factory of Kempham & Wilson was a menace to him. He asked the fire chief to report on it.

Bought a Water Cart. City Engineer Graydon reported that the council of Lucan had purchased a water cart for \$70, as agreed upon.

Secretary Wright reported that the land of No. 5 fire hall had been surveyed, and that No. 4 was being surveyed. The bill was sent to No. 3.

"That helps to square up the squeeze-box business," said Ald. Cooper.

Ald. Cooper moved that a sewer be initiated on Arthur street between William and Alfred streets. This carried.

Improving Sidewalks. Ald. Saunders moved that a cement sidewalk be laid on Maitland street, and that the sidewalk on Maitland street be improved.

Ald. Cooper moved that a cement sidewalk be laid on Maitland street from Victoria to Regent street. It was carried.

ROBBERY FRUSTRATED.

[Victoria Times.]

The latest decision of the privy council has finally disposed of the question of jurisdiction over the rivers and streams in the railway act. Mr. McBride, relying upon his attorney-general, contested the right of the Dominion Government to exercise any control over the Lillooet River, a tributary of the Pitt River. Mr. McBride wanted to "fight" Ottawa anyway, and welcomed the opportunity to establish his reputation as the great defender of "provincial rights," which in this case meant the spoliation of the rights of others in the timber lands on the head waters of the river, whose waters Mr. McBride thought could be diverted by his Government. He fought it out and lost, and a good thing for all concerned that he did lose.

Detroit, July 23.—"Eddie" Killian, veteran and southpaw, and Tyrus Cobb, from Atlanta, combined their activities yesterday to defeat the Boston Red Sox in the first game of the series with the Champs.

The score was 6 to 0. It does not indicate the closeness of one-sidedness of the struggle by any means however, for though the Crimson legs did not register a tally during the afternoon, they came near to doing it on a couple of occasions that they left no doubt in the minds of the Tiger faithful that there were all two teams engaged in the battle.

Opposed to Killian when the conflict began, was Arrhenius, a right-hander. He lasted one and one-third innings. Three hits gathered off him in the first round, were sufficient to convince Manager Lake that the Tiger team wouldn't do at all. The Tigers have a one run lead when Arrhenius gave way to Wolters.

For five innings after the hard-hitting twirler had taken up the battle, it was either team's victory. He proved extremely effective with men on bases and it looked as though the men from Boston would make a determined bid for the honors.

Then came the seventh inning and with it went Wolters' effect. He pitched a pair of passes and an error, combined to give Detroit five runs—and a lead six over the Bostonians—that was practically unmountable, even had Killian not been twirling in such excellent form.

OUTFIELDER'S GREAT CATCH
ONE OF BASEBALL'S BEST BETS

From the time when he was old enough to read the big yellow-back novels dealing with the baseball career of Kid Nichols, and Jesse Burkett and the rest, every boy has had dreams of the day when he would make a wonderful catch, and set the grandstands crazy.

Though the catch robbed Cleveland of a needed hit, the fans jumped to their feet and cheered the youngster for several minutes.

Well, here's a young fellow, fresh from the Atlanta team in the Tri-State League, playing his first few weeks in the big league whose dreams like this came true.

Leivett—the fans get around it by pronouncing it Level-It—of the Washington team caught just such a ball the other day at Cleveland, one which Joe Birmingham, the hard-hitting Nap fielder, had intended for a homer.

Though the catch robbed Cleveland of a needed hit, the fans jumped to their feet and cheered the youngster for several minutes.

MONTREAL BEAT NEWARK S. LANGFORD MAY
IN TEN-INNING GAME MEET B. PAPKEFlater Going Up in the Air After Nine
Rounds of Five Pitching.If Ketchell Refuses to Fight Negro
Other Offers Will Be Made.

New York, July 22.—A telegram to the Fairmount Athletic Club from William Britt, Stanley Ketchell's manager, said that until he was convinced that the proposed finish fight with Sam Langford, in Ely, Nev., was out of the question, he could not entertain the Fairmount Club's offer. Local sporting men believe that Ketchell is wasting time because Langford has already accepted a \$12,500 for the Ely fight will not be granted.

If Ketchell does not accept the Fairmount Club's offer by Saturday, it is said that Papke will be offered a go with Langford, and that if he refuses to meet the negro he will be offered a fight with Willie Lewis. Langford has agreed to make 158 pounds for Papke, and if the latter wants to force Ketchell into another battle, his supporters say he can easily do so by whipping Langford.

The Ottawa Gem Robbers Caught

Ottawa, July 22.—The diamond robbers, arrested for the sensational Sparks street thefts, arrived at Ottawa in charge of Detective Cullen and O'Meara, and were transferred to the central. The accused, it is learned, have practically admitted their connection with the theft, but last evening had absolutely nothing to say when questioned at the station. The prisoner giving his name as C. A. Wood, of Kingston, is a slight, dark-haired young fellow of about 30 years of age. His companion, who calls himself F. W. Conrad, of Ottawa, is taller than the other person. Both are clean-shaven and very well dressed, Conrad sporting a white vest and neat blue suit.

The prisoners were apparently in good spirits and smoked cigarettes incessantly. Wednesday night the accused pleaded for morphine, but the craving for the drug seems to have abated, and last evening the men were much brighter.

They will be arraigned and remanded for a week in order to permit the missing diamond ring, recover the missing diamond ring.

Neither man had any of the booty on him when arrested.

Coroner's Verdict in Bayfield Case

Bayfield, Ont., July 23.—The coroner's jury last night returned a verdict on the death of Mrs. W. J. Burns, who was found dead Saturday night with a knotted stocking about her throat.

FURIOUS GYPSIES FIGHT DEPORTERS

Use Children as Shields in a Pitched Battle With the Immigration Inspectors.

New York, July 23.—A pitched battle was fought in Brooklyn yesterday between immigration inspectors and a band of 24 gypsies, who were being deported to South America. The trouble had its origin in the refusal of the gypsies to board the steamer Verdi, which was to take them to Buenos Ayres.

In the heat of the melee, several children of the band were injured by reason of their parents' using them as shields. In several instances the parents pushed the bodies of the children against the inspectors, who were trying to drive them from a tug to the steamer. One little girl was unconscious when the vessel sailed with the gypsies.

The gypsies believed they were to be returned to Russia, their home, and when they realized that they must go back to South America, which country they had just left, their rage knew no bounds. The women fought with more fury than the men.

One ragged dame used an iron camp kettle whenever she got within reach of a hostile head. When the Verdi sailed her unwilling passengers were huddled astern, nursing their wounds.

THE "HALF MOON" ARRIVES
Hudson's Boat in Replica Brought Across on a Lifer.

New York, July 23.—Three hundred years after his original famous voyage, the reproduction of Henry Hudson's vessel, the Half Moon, arrived in New York harbor late yesterday, resting on the deck of the big Dutch freighter Soestdyk.

Built in Amsterdam, Holland, by public subscription, under the patronage of the highest personages of the country, the new Half Moon was sent here as Holland's popular contribution to the Hudson-Fulton celebration, commemorating the discovery of the Hudson River from the deck of the original Half Moon, and Robert Fulton's epoch-making steamship voyage.

Perched upon the deck of the big ship, the Half Moon was a remarkable sight even apart from the peculiar interest attaching to her. The Half Moon is only 74½ feet long, over all, and has a breadth of barely 17 feet. The great crane in the Brooklyn navy yards is to lift her up and put her in the water, and then she is to be fitted out exactly as she was when Hudson commanded her.

SOLD CIGARS SUNDAY.
Toronto, July 23.—At this morning's police court four drugists pleaded guilty to selling cigars on Sunday, and would indicate that the drugists, as a body, are not going to carry the matter of Sunday cigar selling to the higher courts on the plea that cigars are a drug, and, therefore, can be legally sold on Sunday, as they at first announced their intention to do.

M. BRIAND'S TROUBLES SELECTING A CABINET

Should He Fail, an Attempt Will Be Made to Have Bourgeois Premier.

Paris, July 23.—Aristide Briand, who was summoned to the Elysee Palace, last night, and charged with the task of forming a cabinet, to succeed the Clemenceau ministry, which resigned early this week, is encountering difficulty, but while his success is as yet problematical, a definite decision is expected tonight. In the event of M. Briand's failure, further efforts will probably be made to induce Leon Bourgeois, the former premier and Bourgeois, to accept the premiership, as otherwise the situation will become very complicated.

WAR NEWS CENSORED

Spain Allows None But Official Dispatches to Get Through.

Madrid, via Badajoz, on the Portuguese frontier, July 23.—The Spanish authorities are exercising a rigorous censorship over the publication of news regarding the war between Spain and the Kabyle tribesmen, on the Rif coast of Morocco. Nothing except official dispatches is allowed to be printed, and communication by telephone to the provincial newspapers has been stopped. The Government considers these measures justified on the ground of military necessity, and because of the anti-patriotic campaign being conducted by the Liberal and Republican press. The entire edition of El Pais was confiscated today, and all the Republican clubs were closed. The persons arrested yesterday in connection with the demonstrations against the departure of troops will be charged with sedition, and tried by military court-martial. The outside world should understand, however, the Government officials declare, that the Liberals and Republicans are for political purposes, and are not suspected by the authorities of inciting the reservists, who were forced in many cases to leave their families in support. In response to a telegram from a group of Liberal and Republican deputies, demanding the Maura replied that, without desiring the demand based on a false conception of the situation, as events in Africa in nowise modified the policy of the Government. The Government today announced the passing of subscriptions throughout the country for the benefit of the families of the reservists sent to Melilla.

JOY IN THE WEST

The Molsens Bank Gets Most Encouraging Reports.

Montreal, July 23.—The crop prospects of the Canadian west are certainly most encouraging. Unless some phenomenal change in the weather season now drawing to a close will be the best in the history of the country. Reports to the Molsens Bank show a steady improvement in the financial conditions of the farmers in the west, a great increase in area under cultivation, an increase in root crops, cattle-raising and general farming. As one bank manager in Manitoba put it: "The farmers seem to have more heart in their work, building in general, pork and beef bring in a lot of money, and wheat last year sold at a most remunerative price." Some of the reports are: "Prospects for a good crop never were better." "The crops are really excellent; growth has been rapid, and we had nice rains. We escaped early frost in June." "The grain was sown a little late, but the half moon was very rapid and rains have been plentiful."

FINE WEEKLY SERVICE

C. P. R. Announces New Freight Steamer System for Great Lakes.

Montreal, Que., July 23.—A circular was issued today by Mr. W. H. MacInnes, freight traffic manager, of the Canadian Pacific Railway Company, of Montreal, to the effect that the company has inaugurated a fine steam freight service weekly on the Great Lakes, between Owen Sound and Fort William. This service insures regular and rapid transportation, and is another evidence of the increase in traffic handled by the Canadian Pacific Railway.

WESTERN GEM STEAL

Portage La Prairie, July 22.—A \$2,000 diamond steal took place here. The jewelry store of B. A. St. John was entered and \$1,200 worth of diamonds was taken, as well as many watches, pins, chains and brooches.

FIRE IN PRISON

New Westminster, July 22.—Fire which broke out in the paint and turpentine shops of the penitentiary did \$20,000 damage, amid the clamors of the convicts for liberty. It is supposed to be the work of incendiaries, and an investigation is being held.

THE DEATH SENTENCE FOR WYLLIE'S MURDERER

A Trial of an Hour's Duration Sufficient to Find Dhingari Guilty.

London, July 23.—Madalari Dhingari, the Indian student, who on the night of July 1, at the conclusion of a public gathering in the Imperial Institute, shot and killed Lieut. J. Sir William Hutt Curzon Wyllie, and Dr. Cavas Lalceca, was today found guilty and sentenced to death at the conclusion of a trial less than an hour's duration in the Old Bailey police court. During the recital of the occurrences in the Imperial Institute on the night of the tragedy the prisoner sat in the dock listening unconcernedly, and only once broke his silence by saying: "Whatever I did was an act of patriotism."

At the close of the evidence, and in reply to the query if he wished to question any of the witnesses, Madalari, said no, adding that he wished only that the statement in justification of his act, which he made in the police court on July 10, should be read. This was done, and the verdict of guilty and sentence to death followed in a few seconds.

As the lord chief justice concluded in pronouncing sentence, the prisoner drew himself up in military style and saluted. He said: "I thank you, my country. The sentence of death is for me. I am proud to have the honor of laying down my life for my country. The sentence of death is perfectly illegal. You are all-powerful, and can do what you like, but remember, we will have the money some day; that is all I have to say."

THE McNAMARA WELL TO BE INSPECTED

The Board of Health Will Pay It a Visit Today.

The board of health will visit the McNamara well this afternoon in company with the water commissioners to investigate the hygienic condition of the Beck well proposition.

Dr. Hutchinson, medical health officer, was notified by Secretary Ellwood to call the meeting this afternoon, and it will be done, provided the members can be located.

Chairman Jones, Commissioner Darch and Secretary Ellwood will accompany the board on its investigation.

"We want to learn all about the McNamara well," said Chairman Jones if the story is true, we want to know of it. We will go with the board of health when they make their investigation."

RECEPTION CANCELLED

No Public Demonstration For Lieut. Wood Leonard.

At the meeting of the reception committee held here today, it was decided to call off the reception to Lieut. Wood Leonard and his prize-winning horse Sir Edward, champion hunter of the world.

A letter was received from Mr. F. E. Leonard stating that the family desired no demonstration, and in deference to their wishes it was decided to refrain from the intended reception.

The question of entertaining the visiting British engineers was taken up, and it was decided to entertain them to Lieut. Wood Leonard and his prize-winning horse Sir Edward, champion hunter of the world.

LOOKING FOR JUNK IN FRANK ERNE'S STOMACH

Prizefighter Who Was Drugged and Attempted Suicide Has New Trouble.

The old adage that "Troubles never come singly," seems to be more than holding good in the case of Frank Erne, the young pugilist, who was drugged and robbed here last week. Erne was hurried to Victoria Hospital in the ambulance this morning, as it was believed that he had swallowed a pin or some other piece of iron. All morning he has been under the X-ray machine having pictures taken of his stomach. So far the pictures have failed to reveal any pins or other foreign substances.

"Erne is a very sick man," Dr. MacArthur told The Advertiser this afternoon. "He has been unconscious almost ever since he was removed to the jail. It is impossible to say yet whether or not he will recover. The case is a very peculiar one."

At the present time Erne is in the wards at Victoria Hospital. He is, however, being very closely watched, as it is feared that he may become insane and attempt to take his life.

During one of his conscious spells Erne stated that he had relatives at 555 Cleveland street, Toledo, and asked that they be notified. A telegram was sent to the address given, but came back unanswered, as it was stated that no one there knew anything about him.

DAMAGED BY STORM.

Bay City, Mich., July 23.—The storm of Wednesday, which spent its force upon this vicinity, cost Bay City the life of an infant, while a dozen other persons suffered painful injuries by flying glass or falling debris.

The property loss will total \$250,000, which includes \$125,000 damage to public works. Estimates as to the crop damage are impossible, although it is contended that the damage to the rye crop which is flooded in places will not exceed 10 per cent.

For two hours the wind blew at a velocity of 70 to 80 miles an hour, shifting from west to southwest, and seeming to seek out successfully the weak points of building, which at first resisted its attack.

JAIL A LABOR BUREAU

Prisoners Released To Go To the Harvest.

Winnipeg, July 23.—Daily the fear of a scarcity of farm labor this summer grows apace with favorable news from the agricultural districts.

At the present time there are four hundred applications on file with the Provincial Government, and nearly seven hundred with the Dominion Immigration officers, asking for men, but neither can supply any. The C. P. R. is at present endeavoring to arrange excursions from the east, but reports received indicate that men there are also scarce. When the excursions are en route this year every effort will be made to prevent a recurrence of the roysidism of last year, and if necessary a special constable will be placed on each car. Today Magistrate Daily decided to try an experiment. Hearing of the scarcity of men, he released all short-term prisoners on condition that they get employment.

General Grain Agent Atcheson of the C. P. R., who has just returned from a tour of inspection of the crops, says the grain is at about the same stage of development as in other years, and especially in Manitoba the harvest will be about the same time as last year. He does not look for more than an average crop, which would mean a yield of about a hundred million bushel of wheat.

THE JOLIFFE CUP.

Liverpool, July 23.—The Joliffe 2-year-olds stake of 150 sovereigns, distance five furlongs, was run here today and won by August Belmont's Fond Memories. Flenington was second, and H. B. Duryea's Lapedesa third. Nine horses ran.

The Sefton plate of 150 sovereigns, for 2-year-olds and upwards, distance five furlongs, was won by Well Done. Black Gai was second, and Bella Trux third. Seven horses started, including H. P. Whitney's Sixty II.

The Liverpool cup, a handicap, of 1,500 sovereigns, distance one mile and three furlongs, was won by Adversary. Dean Swift was second, and Hayden third. Thirteen horses started.

FINANCIAL AND COMMERCIAL

BUSINESS WAS SLOW ON LONDON MARKET

Hay Was the Only Offering Brought In In Any Quantity.

The local market was unusually slow this morning. There was very little of anything offered, though there was a fair demand.

Hay was about the only thing that was offered in any quantity, and the price still remained at that which has prevailed during the past few days—\$9 to \$11. Only a very few loads have gone at the lower price, the majority of the sales being by \$10. Though there are a good number of sales being made at \$11. The demand is very firm. Oats were rather short today, and the demand did not seem to be quite so brisk. The highest price offered today was \$1.73, while some poorer loads were as low as \$1.65.

Other prices remain as follows:

LIVE STOCK.		
Toronto, July 22.—Trade picked up a little today, and was generally more active than in the earlier part of the week. Prices were about steady and for choice butchers and export cattle might also be said to be firmer. Several buyers were wanting choice breeding cattle, but they could not be supplied. Buyers were present from outside points and the demand was good and active for anything north while, but common stuff was not much in demand and was somewhat of a drag on the market.		

COBALT ON MARGINS.		
We carry the listed Cobalt stocks on margin deposits; also New York stocks, grain, produce, freight, and all other commodities before investing. We always have the latest news from the mining and stock markets. Write, telephone or wire us your orders at our expense.

SLASHED WITH RAZOR

Hotelman's Leg Opened to the Bone—Goold Is Arrested.
Brantford, Ont., July 23.—There was a serious affray at Longford, between this city and Hamilton. Wesley Scott, proprietor of the hotel there, was assaulted by a man alleged to be George Goold.

He was slashed in the leg with a razor, the flesh being opened to the bone, as a result of which he will be laid up for months. The local police were notified, and on going to Longford found the assailant had made his escape to the fields. A search was instituted and George Goold was found hiding in a wheat field. He was arrested and brought back to this city.

An airship station on the roof of the Hotel Astor, New York, will, it is stated, be ready for use before May 1. This "port of call" for aeroplanes and dirigibles will, says the New York Herald, cost \$100,000, and tanks will be provided from which the dirigibles will get gas.

There are nearly 50,000 police in England and Wales.

CORRESPONDENCE

Vaccination Denounced.

To the Editor of The Advertiser:
I am pleased, indeed, to see that those who are in charge of the People's Forum have arranged to discuss the subject of "Vaccination" next Sunday evening, and I sincerely hope that the public will take the interest in this subject that it deserves. Fathers and mothers should no longer continue to permit their children to be inoculated with animal corruption, taken from festering sores, thus saving the germs of cancer and tuberculosis in the systems of our loved ones.

The time has come to call a halt to the wholesale slaughter of human life, under the pretext of antiquated so-called "health" laws, passed amid the shadows of primitive, experimenting and guessing medical darkness.

I have often wondered why intelligent, thinking parents should knuckle without protest and contrary to their convictions, to the tyrannical methods of men who dare to use compulsory methods in this so-called land of liberty, for the sowing of deadly germs of disease in the healthy bodies of our children. I cannot believe that ignorance and willful medical fanaticism shall triumph.

It is appalling to note the deadly effects of vaccination upon the bodies of our young men and women, just growing into maturity. Statistics could tell a more awful story of ravaging disease and helpless, pathetic, heart-rending misery than the pen is able to portray. But the facts are not made public; they are kept under cover of professional secrecy. There is hardly a family without a member of it afflicted with the deadly germ of blood-poisoning, manifesting itself either in tuberculosis of some kind, cancerous growths, unhealthy skin, or other blood diseases, too numerous to mention. The patient, who keeps on flourishing, making fortunes from the sale of so-called "blood-purifying" remedies. The poor, ignorant victims of the fatal error of vaccination are grasping for a straw to evade the vaccinating poison from their systems, trying to cure the effects; but ignorant and failing to recognize the cause of untold misery, suffering and death.

continue to bear this ruthless yoke of medical tyranny? Just as long as the public will submit without a protest to bow to the supreme power of a medical card, holding complete sway over the bodies of their unsuspecting subject. Let the trumpet sound! Agitate, discuss in public and private, gather statistics, publish the disastrous effects of vaccination in your family, and, above all, work for the repeal of obnoxious laws, that are a blot upon the statute books of our country. Cut to the root of this evil. Let us remain miserable serfs no longer; be free, masters of your own body, like your brethren in good, old England, in Switzerland, and in several of the states to the south of us, where compulsory vaccination has been abolished. Yours truly,
A PARENT,

ALDERMEN GROW ANGRY WITH THE UNDERWRITERS

They Object to the High-Handed Manner in Which Wires Are Ordered To Be Changed.

The wiring inspector of the Underwriters' Association is not the most popular individual in London at this time.
His report on the wiring of the city hall and the police station was read at the meeting of the board of works last night and considered.
"I had a report on the wiring of my building when it was erected," said Ald. Gorry. "It stated then that the wiring was first-class and met the requirements of the underwriters. Now they come along and say that it is useless. It is a money-making scheme. Every time a new kind of wire comes out somebody wants to install it."
"We had better have our electrical engineer look over the buildings," said

The changes required by the underwriters will cost several hundred dollars, the committee thought.

A CARDINAL FINED.
Bordeaux, July 22.—The correctional court today fined Cardinal Andrieu \$120 for inciting disobedience to the laws in a speech he made on the occasion of his enthronement, while Abbe Carteau was fined \$5 for subsequently reading the cardinal's discourse from the pulpit.
The former's offense was committed when he was installed as Archbishop of Bordeaux. He said that bad laws were not binding on conscience, adding: "And since those that have been enacted compromise the most sacred interests of the church and family, we have not only the right, but it is also our duty to disobey them."
