## Exhibition Sale TURKISH PERSIAN RUGS

Carpets, Palace Strips, Embroideries  
Bagdad and Damascus Silk,  
Portiers, Draperies, etc.

MESSRS. L. BABAYAN & CO., the well known Rug Collectors of Constantinople, and (40 King St. East, Toronto), who have justly earned the esteem and confidence of the art-loving public throughout Canada, have consigned to us a large and magnificent collection, which will comprise the kind of Rugs suitable for the homes of Chatham.

The Kirman, Boukhara, Daghistan, Shiraz, Afghan, Cashmere and Lahore Rugs of this collection are masterpieces, and the finest the hand-looms of the Orient could produce.

Amongst them will be found some very handsome large Carpets in all sizes, suitable for Parlors, Bed-Rooms, and Dining-Rooms; also some very rare and costly

### SILK THRONE RUGS

These will be on sale in our Carpet Department on  
FRIDAY AND SATURDAY OF THIS WEEK.

Mr. Georgus Zigeir of Damascus, will be in charge of the exhibit and will be delighted to explain all about their manufacture. No lover of Oriental Art should miss the opportunity of seeing this artistic display.

Thomas Stone & Son

ACME SHOE  
LADIES

Something new. It has a lovely cushion inner sole which makes it the most comfortable walking boot that was ever placed before the public. It carries with it the latest style and for quality it can't be excelled. We have secured the sole agency for this wonderful boot.

Turrill's  
93 KING STREET.

J. Gilbert & Co.,  
Office and Warehouse, William Street, near G. T. R. Crossing.

### SHARP ALDERMEN

Chief Holmes and the Maple City police have been asked to look out for Charles Kratz and John K. Murrell. The two were aldermen in St. Louis, Mo., and are wanted for taking bribes. Chas. Kratz is wanted for taking a \$50,000 bribe and John K. Murrell for taking a bribe of \$75,000. The bribes were offered in connection with a railway bill. The money was deposited in two safety vaults to which the agent of the railroad and the two men had keys. That is Kratz had a key to the vault with a \$50,000 in it and John K. Murrell to the box with \$75,000 in it. Both men took the bribe before they were entitled to it and then there was trouble. The railroad lost both the franchise and the money and they were sore. A reward of \$800 is offered for each of the men.

### FIGHTING HAS NOT YET CEASED

Engagements Reported Near  
Ficksburg and in Eastern  
Transvaal.

British Casualties in Both—Result of Hamilton's Latest Drive not Known.

London, April 23.—A despatch to the War Office states that in an engagement at Oliver's Farm, near Ficksburg, on April 20, two British officers and three men were killed, three officers and ten men were wounded, and four men are missing.

STILL FIGHTING.  
A casualty list made public to-night shows that fighting in South Africa has not ceased. Saturday two British officers were killed near Ficksburg, in the south-eastern part of the Orange River Colony. One of the officers killed was Capt. Thomas Fowler, the only son of the late Lord Mayor of London. Four men were killed and three officers and fourteen men were wounded in the eastern part of the Transvaal. These losses were also sustained last Saturday.

ANOTHER BIG DRIVE.  
Gen. Bruce Hamilton has concluded another big drive in which seven columns were engaged over a great area of territory. The result of the drive is not yet known.

TWO CANADIANS MISSING.  
Ottawa, April 23.—Cables to the Governor-General announce that Frederick Kraus and Patrick McElhinney, E. Div. of S. A. Co. are reported missing from Klerksdorp, 27th March. The next of kin are T. Kraus, Palmerston, Ont., and P. McElhinney, 23 1/2 Valley St., Montreal. Samuel McElhinney, brother of the S. C. Co. is dangerously ill from enteric at Bloemfontein. His mother is Louisa Cairns, 132 Gladstone avenue, Ottawa.

There are also reported as dangerously ill at Klerksdorp two members of the Canadian Mounted Rifles, Corp. Howard, of a gunshot wound, and Joseph Drury, from enteric fever. Howard left from Montreal and Drury from Maple Creek, N.-W. T.

### PRAISES CHATHAM

The High Court Chief Ranger of the A. O. F. of Canada, Bro. S. G. Kent, City Clerk of Hamilton, paid an official visit to Court Unity last evening when a good turnout of both Courts Hope and Unity were present to hear Bro. Kent give an excellent address on Forestry. Bro. Kent was very favorably impressed with Chatham and congratulated the members on living in such a beautiful, up-to-date and healthful city, with all the attractive sanitary and progressive features of larger centres.

### DIED IN KENTUCKY

W. H. Masterson, a former resident of Chatham, passed away on Monday at his home in Madisonville, Ky. The remains were removed to this city and arrived here this morning. Deceased was 32 years of age and was a physician and surgeon by profession. He was educated here and graduated from the High School in Windsor. He then attended the Medical College in Detroit and obtained the degree of M. D. He practiced for four years in Ypsilanti and then went to Madisonville, where his father was, and is still practicing. He soon succeeded in building up a good practice and enjoyed the reputation of having the best practice in Madisonville. He was a widower, his wife having died a number of years ago.

He was sick for one week with typhoid pneumonia and his death was quite sudden and unexpected, as he was to the time of his illness he enjoyed the best of health. His father and mother accompanied the remains to Chatham. Mr. Masterson, Sr., is well known by the older residents of this city, having at one time worked in the hardware store owned by the late J. W. McKeough. He has been away from Chatham since 1880.

### CHARLTON-BOURASSA MOTION DECLARED LOST AMID APPLAUSE

The House Did not Even Divide—Out of Place to Suggest Conditions of Peace When They Have Been Practically Agreed Upon by the Leaders.

Ottawa, Ont., April 23.—The resolution which Mr. Charlton offered in the House upon motion to go into supply was a mild edition of the motion he had given notice of the previous evening, in that he had omitted from it the advice to the British government to "offer a universal amnesty to all persons in arms against British authority in Cape Colony, Natal, the Orange River Colony, the Transvaal, etc."

In moving the amended resolution, Mr. Charlton disclaimed any political motive in offering it, and declared it was not a pro-Boer motion, in that it urged maintenance of British supremacy in South Africa. In that sentiment, he was happy to say, the second order of the resolution, Mr. Bourassa, joined. The motion was an humble expression of opinion on the part of the house. It might be asserted that it would be considered an act of impertinence to offer such a motion here. (Hear, hear.) Had the House not right to express humbly an opinion as to the proper course to be pursued in securing the settlement of this war in South Africa?

The answer was a chorus of "No" from the Opposition benches. To this Mr. Charlton said that if the hon. gentlemen's policy of Imperial defence carried Canada would surely have a voice in the expenditure of that money.

"That's different" an honorable member remarked.

Mr. Charlton replied that the conditions were exactly the same, seeing that Canada had contributed men and money to prosecute the war in South Africa. The motion, he continued, might be useless, but the spirit manifested in offering it could not be questioned and could not be condemned. The motion might have no weight—(Hear, hear)—but on the other hand it might be extremely useful. It might aid the Imperial government in the settlement of this question by showing that in one of the great colonies of the empire the same spirit of bitterness does not exist that probably does exist in Cape Colony and Natal. It might be a counteracting influence, probably to the pressure from the British colonists in those colonies asking for the exacting of vengeance upon the Cape rebels. As events the motion, if it did do good, could do no harm. Canada had great interest in this struggle, for she had made great sacrifices to maintain and uphold the integrity of the British Empire. Therefore, she was in a position to ask that an honorable peace be obtained. There should not be a different settlement with the Transvaal Boers and the Boers of Orange River Colony and the Cape Afrikaners. The latter were an honorable foe and should not be treated as a rebel to hang in chains. The war was one of British aggression. In the last case there had been no disfranchisement of a rebel. In the interests of a united South Africa, the same policy should be pursued by Great Britain now. Mercy and magnanimity and amnesty were the powers that should be exercised to secure this result.

Mr. Bourassa seconded the motion. He didn't fully agree with all Mr. Charlton's remarks, but he went half way to meet Mr. Charlton, because he believed his position as a Canadian representative demanded it. He had always taken the position that British supremacy must be brought about in South Africa, and the best way to bring it about was to set a precedent for the best British traditions—respect the minorities and gentleness towards free. He claimed that Canada was within her right in offering her advice to Great Britain as to the terms of settlement of hostilities in South Africa. Such expression of opinion would help the British government. As for the statement that magnanimity of Britain towards the French in Canada after 1763 was

### DRESDEN'S BOOM

Eight or ten citizens expect to complete arrangements at once for the leasing of 150 acres of land in London township upon which to grow sugar beets. Mr. Rekowski, superintendent of the Dresden sugar refinery, was here yesterday in regard to the matter. The idea is to form an object lesson to the farmers.

The Free Press was informed upon excellent authority that the Dresden people will shortly make a proposition to the City Council for the location of a sugar beet refinery here. The Dresden factory is backed by an American gentleman said to be worth \$15,000,000 and it is stated that they will come here and supply the entire capital for a factory. They will ask some privilege, however, in the shape of a bonus or exemptions.—London Free Press.

### LOCAL BRANCH OF ALLIANCE

Officers Elected in Organization to Secure Observance of Lord's Day.

Address of Rev. Mr. Shearer at First Presbyterian Church Last Night.

Rev. Mr. Shearer, secretary of the Lord's Day Alliance of the Dominion of Canada, addressed a meeting consisting of representatives from almost every congregation in the city in the First Presbyterian church last evening.

After Rev. T. T. George had read the lesson, Rev. W. E. Knowles, who acted as chairman, introduced Mr. Shearer.

In the course of his remarks, Mr. Shearer said, I am fighting for a cause that lies as near your thoughts as mine. Voltaire, that great infidel, recognized that as long as the Sabbath existed Christianity would. He therefore aimed his strong literary genius at the Lord's Day, and there is no doubt that the evil one is doing likewise.

Sunday was made for man, but there are some who think it was made for money making. Last year at the time of the Pan-American exposition part of the exposition grounds would be shut up on Sunday and large excursion parties would visit the Canadian side. We were directly opposed.

THURSDAY, APRIL 24.

## MR. PARDO CHOSEN.

At the West Kent Liberal convention yesterday Mr. Pardo was selected to again contest the riding.

The choice is a most satisfactory one—from the Liberal-Conservative standpoint.

Mr. Pardo, of course, enjoys the sympathy and support of the machine, but is out of touch with the public interest. Although personally a very estimable gentleman, Mr. Pardo has, unfortunately, allied himself to a policy at variance with the interests of the people and detrimental to the progress of the Province. He has permitted himself to become the minion of the machine, he has placed the interests of party paramount to the interests of the people. His voice was never raised to fight the battles of the people, to secure beneficial legislative amendments, to punish corruption and wrong doing.

As a result, Mr. Pardo's position yesterday was not a creditable one. In accepting the proffered nomination he had nothing to say for himself, even to the men who elected him. He gave no account of his stewardship, advanced no reasons for asking a renewal of confidence from the people of Kent.

It was a position in which a man, who has represented his fellows for several years, must have felt the sting of remorse and compunction of conscience — "nothing accomplished: nothing done."

In contrasting the two candidates for West Kent, now definitely soliciting the suffrages of the people, the honest elector will weigh these matters—and rightly so: In Mr. Fraser he finds a man of pronounced policy, of vigorous principles, of sincere desire to bring into effect definite propositions for what he believes to be the best interests of the people and the Province. In Mr. Pardo he finds one who has already enjoyed nearly eight years as his representative, but has nothing to show for it, no return to make to the electors who bestowed their confidence, whose only message to them is, "Thanking you for past favors, I'd like to have some more."

Mr. Fraser stands upon clearly defined and logical issues. He asks your support and he submits his reasons for so doing. He believes he can serve you. His letters to the electors are straight-forward, unequivocal and honest. They are issued over his own signature.

If we have misjudged Mr. Pardo, if he has devoted himself to the interests of those he represented, if he does possess a record of stewardship that is vigilant and honorable—then let him render it and let the people pass judgment thereon. If he does not, naturally, desire to identify himself in any way with the campaign methods the local "Liberal" organ has adopted, the columns of The Planet are as free and open to him as they are to Mr. Fraser or any other man who desires to serve the people by a fair discussion of public affairs and does so over his own signature.

Mr. Fraser has spoken frankly and fearlessly. He has taken the people into complete confidence and they have appreciated it and applauded his principles. What has Mr. Pardo to say of his record? Why did he maintain silence yesterday? Wherefore should he ask for re-election? He is invited to take the stand and is assured of a good hearing.

Never mind your Pattullo's and your professional electioneers. Mr. Pardo ought to have something to say. Let Mr. Pardo speak!

## ROSS AGAINST THE YOUNG MAN.

Time and again the injustices of the poll tax to the young man has been pointed out. How many young men, assessed in this way for practically no return, are wage-earners for mothers, little brothers and sisters? The mother possibly is assessed as the tenant for the home they live in and help to support and they cannot escape the poll tax. Others, who may not be thus situated, at least pay

## Gems of Spring

We cannot exaggerate the beauty of our Men's Spring Suits, scores of customers who have called to see them and buy them, pronounce our assortment the finest and most complete they ever saw. The trade on them has surprised us, but the man that looks them over cannot resist the temptation to buy because prices are unprecedently low. Exquisitely tailored suits \$5.00 to \$15.00.

Our leading line \$10.00, 18 different patterns, beats them all. Every link and turn of fashion is honored in the making of our superb Spring Suits. We can fit the small man, the stout man, in fact all sizes from 32 in. breast to 45 in. breast, long past suits.

You must visit our Children's Clothing Department and save money.

## Geo. Meynell, 3 Doors West of Market, King St., Chatham

their way, spend their money in the town, do their business here and the merchants and business men reap the benefit. Why should they be taxed for nothing?

Ross and his Government stand responsible for this condition of affairs. Their machine was always opposed to the young man and his interests. It is thought that the threatening poll tax will prevent the young man, who perhaps can ill afford any unnecessary expenditure, from registration and thereby beat him out of his franchise and vote. The poll tax in this way does good service to the machine and has been maintained by the Ross Government.

Findlay McDiarmid, the able young Conservative member for West Elgin, whom the Liberal machine endeavored to crush by its notorious corruption in that constituency, brought a bill abolishing the poll tax injustice before the House. Mr. McDiarmid is the young man of the Legislature and he spoke for young men. That seemed sufficient to bring down the opposition of Ross and his party, with whom Mr. Pardo was identified. The bill was first sidetracked and when Mr. McDiarmid submitted it again at the last session, Ross and his followers voted it down.

Ross has had his innings, but the young men will have theirs on May 29 in the ballot booths.

## CHANCE FOR HOME MISSION.

The Globe yesterday presented its readers with a satire upon the political vocabulary of its Conservative contemporary. The Globe should take its Chatham minion in hand, providing it thinks it is worth devoting time to that hysterical and irresponsible juvenile.

Here are some Banner words and phrases "culled from one little editorial zephyr":

Protha at the mouth.  
Whose shoes he is not fit to clean.  
Disreputable political practices.  
Unblushing bribery.  
Stealing.  
Gangs of pluggers.  
Ballot-box stuffers.  
Ballot stealers.  
Ballot switchers.  
Thimble riggers.  
Thumb-nail artists.  
Sideline operators.  
Glaring corruption.  
Lashes himself into a fury.  
Absurdity of the sick calf.  
Political and religious phrases.  
"Barkers."  
Chaps looking for something to steal.  
Fleeing rascal.  
Stop, thief.  
Inherent rottenness.  
Odor of political carrion.  
Sturdy lying.  
Consistent kicker.  
Brigade of fishwives.  
Vituperative Dublin apple woman.  
Campaign of defamation.  
Dear, dear, as the Globe says. This is really worse than ever. One would, in truth, think it was beaten already.

Poor Pardo!

Whitney Will Win!

It's a good watchword—Fight hard, but fight fairly.

Remember Ross—and his machine.

And rout them both.

Read Mr. Fraser's letters to the electors. They are for you.

Old Probs greeted Pardo's nomination with a very chilly recognition.

It's the fight of the people against the machine—and the people will win.

Support Fraser and Davidson and send old Kent solid for good government.

Amid the din of the election campaign, don't let the Old Boys' reunion enterprise flag.

On what grounds does Mr. Pardo ask the honest electors of West Kent for a renewal of confidence?

Mr. Elector.—Just ask your good wife if she wouldn't think thirty years was about long enough to go with-out a housecleaning.

It's a commentary in itself that the Liberals have to secure a copy of this great home journal to get prompt full and accurate reports of their own meetings. And there was apparently no reason for the Banner's suppression of Mr. Pattullo's speech yesterday.

The Conservative Chieftain will visit Chatham on Tuesday. He has something to say to you all.

Why did Pardo identify himself with the crushing of the bill to relieve the young man of poll tax?

The young man who has run up against that poll tax will remember Ross all right. He has reason to.

Say, if they held another Liberal convention Old Probs would be liable to dish up a frost or a snow storm.

We didn't notice that old war horse of Liberalism, Wm. Hickey, in town yesterday, to give the boys his usual send-off.

What did Mr. Pardo do towards bringing Boles and his gang of ballot box stuffers and notorious defrauders to justice?

It was real mean of Old Probs to throw that chunk of weather into us last night just because the Grits held their convention here.

A word to our Liberal friends.—Mr. Whitney especially invites you to his meeting here Tuesday night. Don't be afraid to accept the invitation. He isn't half the cut-throat the Banner represents him to be.

It must be a severe trial for honest liberals who campaign for principles, to see these relegated to oblivion while the local Liberal organ exhibits its extensive vocabulary in vituperation.

Mr. Lee will note that the "medium" whose mission it is to preserve semblance of unity were more successful in the Liberal camp in West Kent than they were at the recent seance in the eastern riding.

The Banner has so far been unable to find time to apologise to the prohibitionists for telling them their talk was "moonshine and rot." The "Liberal" organ is too busy with its campaign of hysterical slander.

## COULDN'T SIT UP.

## Terrible Predicament of a Well-known Plattville Gentleman.

Backache and Kidney Trouble Had Made This Man's Life a Burden—Was 76 Years of Age and Had Little Hope, Yet he was Cured.

Plattville, Ont., April 23.—(Special)—Mr. Thomas Lake, a well known citizen of this village, is a living monument to the efficacy of Dodd's Kidney Pills.

Some years ago his kidneys became affected, and he grew worse and worse, until at last his back ached so he could hardly sit up. He was over seventy years of age, and thought he was too old to recover from the attack, but having seen an advertisement of the wonderful healing virtues of Dodd's Kidney Pills, he determined to make enquiries as to their effect on cases such as his own. He found that very many aged men had given strong testimony to the effect that Dodd's Kidney Pills had cured them of troubles very like his own.

So after considering the matter carefully, he decided to try a treatment of this medicine. There was almost an immediate improvement in his condition. The pain in his back became less severe, and before he had finished the first box it had entirely gone, and his kidneys had recovered their normal condition. He says:—"I have never had a recurrence of the disorder, and am in better health to-day than I have been for years. I am only too pleased to let everybody know the curative power of Dodd's Kidney Pills, and I will be glad to answer any questions relative to my case and its cure."

Dodd's Kidney Pills are to-day making good health and the enjoyment of life possible to thousands of old gentlemen. They are above anything else the friend of the aged, and thousands of living men and women of advanced years can testify that Dodd's Kidney Pills have made them well and kept them vigorous when everything else had failed.

## BAD BOYS

A young colored lad, who said his age was 10, but who looked much older, appeared before Judge Houston in the County Court this morning. The boy was charged with using bad language to William Ould on Sunday last. The language complained of was very filthy. A number of other boys gave evidence. It appeared that the white boys and the colored boys had had a scrap. It had begun verbally with calling each other "white trash" and "nigger," but had ended in a fist encounter between the prisoner and another lad. Sunday, the prisoner saw the boys at Mr. Ould's and, it was claimed, began using disgraceful language and refused to stop when ordered to do so by the father of one of the boys. Judge Houston said he had no doubt that all the boys had been using bad language and he believed in using all alike. He reserved judgement in the case of the accused till next Thursday.

## SETTLERS' LOW RATES WEST.

## CHARLTON MOTION LOST

Continued from Page 1.  
"I did not impute; I asked the question," was the response.  
"It is out of order," the Speaker said, "to declare that any member of this house is disloyal or even to express a doubt of their loyalty."  
"If I am not allowed to express a doubt as to the loyalty of these hon. members," said the member for Alberta, warmly, "the only thing I can do is to leave it to the members of the House to show their own conclusions." (Cheers)  
Leave to withdraw the resolution was not granted to Mr. Charlton; it was declared lost, amid loud shouts, without even dividing the House.

A G. T. R. railway ticket reading from Chatham to Stratford, has been lost. The finder will be rewarded by leaving it at this office.

Minard's Liniment is the best.

## BLOOD POISON

If you ever contracted any blood disease you are never safe unless the virus of poison has been eradicated from the system. At times you see alarming symptoms, but live in hopes no serious results will follow. Have you any of the following symptoms? Sore Throat, Ulcers on the Tongue or in the Mouth, Hair Falling Out, Aching Pains, Itchiness of the Skin, Sores or Blanches on the Body, Eyes Red and Smart, Dyspeptic Stomach, Sexual Weakness—indications of the second stage. Don't trust to luck. Don't rely your system with the old fogey treatment—mercury and potash—which only suppress the symptoms for a time, only to break out again, worse than before. Life. Don't let quicks experiment on you. Our New Method Treatment is guaranteed to cure you. Our guarantee are backed by bank bonds, that the disease will never return. Thousands of patients have been already cured by our New Method Treatment for over twenty years. No experiment, no "trial" or "watch-out" but a positive cure. The worst cases solicited. We treat and cure Nervous Debility, Sexual Weakness, Great Blood Poison, Stricture, Venereal Disease, Kidney and Bladder Diseases, and all diseases peculiar to men and women.

## CURES GUARANTEED.

British troops are held in readiness to proceed to the Sudan owing to threatened trouble there.

Thomas Hill, his wife and three children and John Watson lost their lives in a fire at Hull.

The United States naval appropriation bill provides for two battleships, two armored cruisers and two gunboats.

## CORONATION TIME-TABLE.

London, April 23.—A swarm of officials and clerks in the Lord Chamberlain's office is busy recording all details of the coronation ceremony as fast as they are approved by the King. A huge time-table is being prepared upon which is set down to the very minute the time of the arrival at Westminster Abbey and the departure of each official concerned, the duration of each portion of the ceremony, and the time occupied by every donee so that there shall be no blunder on the wonderful day in June when Edward VII. and his beautiful Queen are to be crowned. King Edward is a great stickler for punctuality, and is taking the keenest interest in every stage of the official management of the great function. The horses that are to draw the King's heavy gilded coach of state are already being rehearsed, and draw a common coach, weighing the same as the gilded coach, over the route between Buckingham Palace and Westminster Abbey frequently. This is to make them familiar with the grades and noises of the streets, and to impart to them the slow, stately gait they will use on Coronation Day.

## HOME AGAIN

William Rankin, son of Warden Rankin, of Dover Township, returned this morning on the 1:05 P. M. train from British Columbia, where he has been for the last four years.

Mr. Rankin left Chatham four years ago, intending to go to the Klondike. He left on the harvesters excursion in the fall of '97, but did not stop off at Manitoba, but went through to Vancouver. He stayed there during the next summer and he went north to a place called Atlin, where he remained logging and mining. Atlin, where he spent the most of his time, is a small mining town which is just being opened up. The ore obtained from the mines is too poor to ship, so they are at present putting in a large smelter. When this is completed the town will go down to the front as one of the best mining towns in British Columbia.

"I met Jack Clarkson, a former employee of Westman's, while I was there," said Mr. Rankin in an interview with The Planet. "He is at present drifting on spruce near Vancouver. He has a good job and likes the country very much. He wished to be remembered to his friends here. I also met W. Stover, formerly of Raleigh, a few weeks ago. He is now running a tug boat near Vancouver. He went out the same time that I did, and you couldn't hire him to come back to stay. He thinks there is no place like British Columbia. He was home here on a visit last winter. Charles Stannard, another ex-employee of Westman's, is also out there doing well."

"I was in Winnipeg last Sunday, and while there I met Sephora Ouellette, an old Chatham boy, and also Mr. Yott, formerly of Pain Court. Sephora is looking well and is now buying cattle at Winnipeg, and I understand is doing well at it."

"Winnipeg is the busiest place I have seen since I left. At present you can't get a meal or a bed in either a private house or a hotel. I had a lot of trouble to find any kind of accommodation at all. A lot of English emigrants are being shipped in there now and the place is full of them. Train loads of them are coming in every day. The half of them can't find beds at all and have to sleep any place as best they can. They are sent out there to help the farmers in their spring work."

"I like the country in British Columbia very much and think it is an excellent place to live. I believe, however, in the old saying, that faraway fields are green and you will find that everything out there is not all sunshine. The climate there is far superior to the climate here in that it is not so cold in the winter time but the people there pay up for it in wet weather. The rains there are awful and last for long seasons. "The great trouble with people is that when they go out there they expect too much, and think they can make a fortune in a day. When they go out there and see the country for awhile they are naturally disappointed. The country, of course, is rough yet and just opening up, and when a man goes out there he must be prepared to stand all kinds of hardships. I like the country, though, and the people there, and although I intend to stay at home for some time I think I will eventually go back there again."

## HIGHGATE.

Mrs. A. H. Gonnell spent Sunday in Shedd.

## PRESENTATION.

The friends and neighbors of Mr. and Mrs. Derry, numbering about 50 invited guests, assembled at the home of their son-in-law, G. W. Wickens, the ladies bringing baskets with lunch. After lunch and coffee had been partaken of, the guests assembled in the parlor, where Mr. C. G. Snook read an address to Mr. and Mrs. Derry, and a couple of handsome chairs were presented by Mrs. John T. Holmes and Mrs. Robert Shaw. It was a complete surprise. Mr. Derry replied in a very feeling manner, inviting all who could to visit them in their new home, and hoping to meet all again, if not on earth in the Great Beyond.

Speeches were then given by D. McArthur, G. W. Simpson, Wm. George and Dr. Shaw, all of whom responded in a very able manner, and each expressing their sorrow at parting with such good friends. The rest of the evening was spent in music and social chat, each one bidding Mr. and Mrs. Derry good-bye.

Mr. and Mrs. Derry took the train at Tupperville on Monday, 14th, for their new home in the Alberta District, taking about 40 cattle and a quantity of household goods. Mr. Derry intends to go into sheeping.

The following is the address:—

To Mr. and Mrs. Stewart Derry:  
Dear Friends—We, your neighbors and friends, have assembled on this occasion to show, in some measure, the esteem in which you are universally held by the entire community and to convey to you our sincere regret at your departure from our midst.

Words can but partially express the deep sorrow we feel at losing such a friend as you have been, and the vacancy caused by your removal will be one not easily filled.

We are not ungrateful for the kindness you have so freely rendered us in more ways than one, and simply wish to show our gratitude, being fully conscious at the same time that the idea of adequate compensation cannot now be entertained.

During the years we have had the distinct pleasure of your residence amongst us you have shown your- selves to be truly courteous, friendly and neighborly, and we are proud in the knowledge that we have been, and are still, friends of yours. This friendship has meant more to us than you can possibly imagine, and your many acts of kindness shall never be forgotten.

However, what is our loss is another's gain, and we feel assured from your past kindness in connection with you, you will soon win in your new home friendship equally as warm and true as those you have enjoyed here. We hope, however, that in welcoming these new friends, you will occasionally think of those you have left behind. In return, our memories of the many happy days we have spent together shall ever be the most treasured.

We ask you to accept these chairs, and we pray that our Heavenly Father, to whom kindness is a delight, may abundantly bless you, and we hope that at some future time we will have the pleasure of welcoming you among us again as our guests and neighbors.

Wishing you continued and increased happiness and prosperity in your new home in the North-west, we take this opportunity to bid you a joint farewell, and may God's blessing be ever with you.

In behalf of your

N.B.—Since the Prospectus of the Company was issued (about the first of April), the Company has received two offers for the purchase of its entire capital. These offers are entirely unsolicited, and are from parties whose standing is such as to guarantee the performance of any contract they undertake. One of these offers covers the first year of production, and the other covers the first three years. Either offer, if accepted, would be sufficient to assure the payment of the full dividend on the Preferred Stock, provide the amount required by the Charter for a Reserve Fund, and leave a balance sufficient to pay a large dividend on the Common Stock, if no unforeseen contingencies should arise. This does not include profits estimated from the sale of sulphite pulp or from the saw mill, which, it seems reasonable to suppose, would be sufficient to cover all unexpected contingencies.

## PROSPECTUS

**OBJECTS OF THE COMPANY**  
The Atlantic Pulp and Paper Company, Limited, has been organized in order to take advantage of the unrivalled facilities for the manufacture of pulp and paper at New Richmond, on the Bale des Chateaux, and by its charter, has powers of the fullest description. It is confidently believed that pulp and paper can be more economically manufactured there than any other place in America.

The essentials to the success of such a concern are:

1. Cheap and unlimited pulp wood;
2. Adequate water power cheaply developed;
3. Pure water for the manufacture;
4. Cheap labor;
5. Low transportation charges;
6. Efficient management.

It will be seen that the facilities possessed by this Company assure a point of cheapness in the production of paper never attained before, while the situation of the mills on the Atlantic seaboard makes it possible to ship to all foreign ports by water without trans-shipment. As the Company proposes to confine itself almost exclusively to the export trade, it will readily be seen that this gives it further advantage over all other companies.

**1. WOOD SUPPLY.**—No paper mill in Canada has greater advantages in point of situation. Many companies do not own their own limits, being entirely dependent on outside purchases, and subject to fluctuations of supply and price. Other companies owning limits have to transport their wood from great distances by water or rail. Thus we find mills at Meriton and Niagara Falls are bringing their pulpwood from Central Quebec. Some prosperous paper companies even buy their pulp in the manufactured state. The mills of the Atlantic Pulp and Paper Company, Limited, will be built about two miles from the limits, where there will also be a very large mill-pond capable of holding several million logs. The Little Cascapedia River flows from the center of the center of the limits, and the large hauling usually entailed in getting out pulp wood, thereby greatly decreasing the cost.

**2. WATER POWER.**—Mr. George F. Hardy of New York, the foremost American authority on this subject, has made a thorough examination of the water power that can be developed on the Little Cascapedia River at a point sufficient power can be developed to run mills of even greater capacity.

This report can be seen at the office of the undersigned, or at any office of the National Trust Company, Limited.

**3. WATER SUPPLY.**—Pure and clean water is one of the most important factors in the manufacture of pulp and paper-making. The bed of the Little Cascapedia River is rocky, and owing to its crystal-like clearness and purity the water in the river is better for making the finest grades of paper without the expense of filtering, which is almost invariably required at other mills.

**4. COST OF LABOR.**—The labor employed in the mills and woods cost less than probably any other American mill, as far as known, as competent men in this section of the country, on account of the cheapness of living, ask very low wages.

**5. TRANSPORTATION CHARGES.**—The shipping facilities of this Company are certainly unequalled by any similar enterprise in Canada, the situation of the mills on the Bale des Chateaux giving every possible advantage for export trade, which is probably the most profitable field. Arrangements can be made with Atlantic steamship lines to run steamers from New Richmond for eight months in the year, as required. During the winter months favorable winter rates have been arranged with the Railway Companies to St. John and Halifax. New Richmond being on the line of the Atlantic and Lake Superior Railway, which will be connected with the mills by a siding.

**6. MANAGEMENT.**—The Company has been fortunate in securing the services of Mr. Wm. M. McIntyre, formerly Mechanical Superintendent with the Laurentide Pulp Company, Limited, who will act as Manager of the construction and operation of the mills. Mr. McIntyre has had over twenty years' experience in pulp and paper-making, and is regarded as an authority on the manufacture of pulp and paper.

## PROPERTIES

The properties and limits acquired by the Company contain about three hundred and two square miles, or one hundred and ninety-three thousand two hundred acres, more or less. The wood is principally spruce, and there is also a large quantity of cedar, pine, birch, balsam, balsam of Gilead, and poplar. The Company has reports on this property made by five different expert foresters, acting independently. Copies of these may be seen at any office of the National Trust Company, Limited, or at the office of the undersigned.

## ISSUE OF STOCK

For the acquiring of the said property, equipment of the pulp and paper mills, the development of the water power, building the rail siding to the mills, and the furnishing of sufficient working capital, the present issue of Preference Stock is made. The whole of the Seven Per Cent. Cumulative Preference Stock has been authorized to be issued on the following terms:

**For every two shares of Seven per cent. Cumulative Preference Stock subscribed and paid for, there will be allotted by way of bonus one share of fully paid Common Stock.**

The Seven Per Cent. Preferred Stock is Cumulative, carries yearly dividends, and has priority over the Common Stock as to both dividend and assets.

After the payment of the dividend on the Preferred Stock, and before any payment of dividend on the Common Stock, a further sum of per cent. must be applied to a Reserve Fund, under the charter. This fund will be for the further assuring of the dividends on the Preferred Stock. Application will be made in due course for the listing of the shares of the Company on the Toronto and Montreal Stock Exchanges.

Applications for Preferred Shares should be forwarded to the **NATIONAL TRUST COMPANY, Limited, Toronto, Montreal, or Winnipeg;** or to **SUTHERLAND & CAMERON, Brokers, Ottawa, Canada.**

Checks, drafts, etc., are to be made payable to the **NATIONAL TRUST COMPANY, Limited.** If the whole amount applied for be not allotted, the surplus paid on deposit will be appropriated towards the sum due on allotment. No allotment be made, the deposit will be returned in full.

Further information and Forms of Application can be obtained at the offices of **SUTHERLAND & CAMERON, 48 SPARKS STREET, OTTAWA, CANADA,** or the **NATIONAL TRUST COMPANY, LIMITED, TORONTO, MONTREAL, and WINNIPEG.**

We offer the Preferred Stock for sale on the above terms.

**SUTHERLAND & CAMERON, Brokers  
OTTAWA, CANADA.**

The following is an extract from one of the reports: "I have been working in the lumber woods for twenty years or more and have traveled and examined limits in the State of Maine, New Brunswick, and Quebec, and worked in Wisconsin and Minnesota, and I am sure this is the best pulp limit I have ever seen or traveled over." On the basis of any one of these reports a conservative estimate shows that there is sufficient pulpwood now on the limits to supply the proposed mills for more than 65 years. As spruce wood will replace itself in from twenty-four to thirty years, it will be seen that there is sufficient wood on the limits to afford a perpetual supply to a mill double the capacity of the now contemplated.

The freehold property consists of twenty acres where the saw mill dwellings, and office are situated, and 354½ acres on the bank of the Little Cascapedia River, where it is proposed to build the Pulp and Paper Mills.

## THE PULP AND PAPER MILLS

It is proposed to erect—

- A Paper Mill with a daily capacity of 54 tons.
- A Ground Wood Pulp Mill with a daily capacity of 50 tons, and
- A Sulphite Pulp Mill with a daily capacity of 40 tons.

Mr. George F. Hardy has estimated the cost of erecting the Pulp and Paper Mills and of developing the water power at \$550,000. The balance of the sale of the Preferred Stock will be sufficient to complete the payments for the limits, water power, saw mill, etc., provide working capital and leave a substantial balance for contingencies.

## THE SAW MILL

There is on the property a saw mill, equipped with the latest improved machinery, capable of turning out from 25,000 to 40,000 superficial feet sawn lumber in ten hours, and is equipped with all necessary power, gear, shafting, etc., for the installation of another saw, which would double the capacity.

## MARKETS

The markets will be chiefly foreign, including the Eastern States, Great Britain. In view of the expected advances in the price of paper the Eastern States it is probable that the greater part of the output will be marketed there. Situated as the mills will be on the seaboard, it can be laid down in Liverpool and New York, duty paid, at such a price to defy competition.

Freight quotations can be seen at the offices of the National Trust Company, or the undersigned.

## ESTIMATE OF BUSINESS AND PROFITS

Estimating the cost of pulp wood at \$2.25 a cord, careful estimate made for the Company show that the ground wood pulp should not cost over \$5.50 a ton, and sulphite pulp not over \$16.00 a ton. The actual cost of newspaper from pulp, estimated at these prices, should not be over 1 a ton. This is after making all necessary allowance for depreciation of plant, and all charges of management and selling.

The following estimate of the annual output of the mills has been prepared by Mr. Wm. M. McIntyre, a practical pulp and paper manufacturer, and is believed to be conservative and well within the mark, and includes allowances for salaries and contingencies:

16,902 tons of newspaper at \$7.00 a ton	\$118,314.00
16,902 tons of sulphite pulp at \$16.00 a ton	\$270,432.00
16,902 tons of ground wood pulp at \$5.50 a ton	\$92,961.00
Cost of producing same:	
16,902 tons of newspaper, at \$16.94 a ton	\$286,319.88
\$294½ tons of sulphite pulp at \$16 a ton	\$286,319.88
	\$572,639.76

Showing a profit of \$145,177.13  
7 per cent on \$1,500,000 Preference Stock ... 105,000.00  
Available for Reserve Fund and further Dividends ... \$250,177.13

The ground wood pulp and the balance of sulphite pulp will be consumed in the paper mill of the Company.

The estimated profits from the operation of the saw mill are not included in these figures, but owing to the enormous quantities of cedar on the limits, substantial profits should be made from the manufacture of saw timber, shingles, etc. The Laurentide Pulp Company, Limited, in its annual report, June 30th, 1900, stated that the Company's saw mill added annual profits an amount equal to its entire cost, although it was open for only three months of the year, and estimated that the future profits from this source would cover the interest on the entire bond issue of the Company.

## THE LOCAL BUDGET

J. B. Rankin, K. C. was in Bothwell to-day on business.

Thomas Maris, of Coatsworth, was a guest in the city yesterday.

Twenty men wanted, apply to L. E. Tillson, L. E. & D. R. R. 214

T. C. Macnabb was able to be out to-day after a severe illness.

Arch. Jas. W. Carwell is remodeling his residence, Park street.

The lacrosse club will meet to-night at 6.45 on Tecumseh Park for practice.

Miss Drummond, of Wallaceburg, has entered St. Joseph's Hospital for treatment.

Harry Stevens new residence, Victoria avenue, will be ready for slating to-morrow.

Arch. Carwell is getting out plans for additions to James Glenn's residence, Queen street.

Headmaster Harry Morris, of the Lake Erie company, was in the city yesterday on business.

Have pasture for 55 head of cattle, plenty of water and attendance, on reasonable terms. Apply to W. E. Merritt, Chatham.

Id 1w

Arch. Carwell will ask for tenders to-morrow for Dr. Hall's new office, G. A. Sayer's residence, and Stanley Ball's residence, Victoria avenue.

Miss Ethel Pitt, of Blenheim, who has been visiting Mrs. W. Frank Smith, left for Kent Bridge yesterday, where she will be the guest of Miss Hannah Hardy.

Edward Matvey, of the 5th concession, Dover, is to-day selling out his farm stock and implements. McCole and Harrington, auctioneers, are conducting the sale.

The dynamo secured from Bridge-down was installed at the civic electric light station yesterday, and was used last evening in place of the Reliance dynamo, which is being repaired.

Both parties in the case of Sloan vs. Hornby were examined to-day before the County Court Clerk. Sloan vs. Hornby is an action under an agreement, and is a family dispute. Geo. Sayer for plaintiff, R. L. Gosnell, contra.

John Turner and G. L. Lewis left this morning for Leamington, where they will be present at the ceremonies attending the opening of the new Oddfellows Hall in that place. Degrees teams from Wheatley, Ruthven, Windsor and Detroit will put on the work of the Order this afternoon and a banquet and concert will be given in the evening.

G. Kerr, the new president of the Liberal Association, says that he hopes for a hard fought but clean election. Both candidates, John S. Fraser and T. L. Pardo, were sincere men and he looked for a great line-up on both sides of politics. The president recognized that previous elections hadn't been as clean as they might have been, but he hoped in this election there would be no mud slinging.

In the County Court to-day Judge Houston fined Mrs. Nina Fisher guilty of pointing a shot gun at Ethel Seiberland and fined the woman. The fine and costs amounted to \$12.48. The parties live in Chatham Township. The school children passed the residence of Mrs. Fisher and were teasing her. To scare them, she pointed a shot gun at the children. O. L. Lewis appeared for the defense.

## NOTICE TO CONTRACTORS

Sealed, bulk and separate tenders will be received up to 7 o'clock p. m. on Saturday, 10th day of May, addressed to G. H. Dawson, Port Alma, for the erection of a brick veneer church, with concrete basement, to be erected on lot 186, Talbot Road, Romney. Plans and specifications may be seen at the residence of undersigned. The lowest or any tender not necessarily accepted.

G. H. DAWSON,  
T. J. Rutley, Architect, Chatham.

## Moth Proof Bags

Many people are afraid to trust a Moth Proof Bag to keep their furs during summer. To these people we would say that we have sold these bags for several years and we have yet to hear of anyone losing a single article by moth, when these bags are used.

15c to 80c.

**A. I. McCall & Co., Limited**  
Druggists & Opticians.

## NASTY RUNAWAY

A very exciting runaway occurred yesterday afternoon. Fred Trudell, of the 2 T's, was driving down Fourth St. towards Queen, when his horse took fright and ran away. Turning down Wellington St. past the St. Joseph's Church the rig slewed around, striking against the stepping stone. Mr. Trudell jumped out and in doing so narrowly escaped having the buggy on top of him, as it was turned completely over. Fred very pluckily grabbed the horse's head before the animal could get away again. The cords in one of the horse's hind legs were cut, and it is likely it will have to be shot.

## WILL MEET MAY 10

The provisional directors of the Chatham Binder Twine Company will, in all probability, hold their general meeting for the purpose of electing permanent directors on the 10th of May. This date has been decided upon by a committee composed of the president, Mr. Wilson, secretary Smith, and Messrs. Howard and Bullis, who were appointed to look into the matter at a meeting last Monday evening. A meeting of the directors will be held on Saturday, at the call of the secretary, when the report of the committee re the date will no doubt be accepted and confirmed.

## CAPSIZED THE CRAFT

An accident occurred this morning to the steam launch of Harry Stevenson. The boat was being fitted out with a boiler and engine at J. & U. Oldershaw's dock, near the Third St. bridge.

About 11 o'clock this morning McKough & Trotter's men were lowering the boiler into the launch when the endless chain broke and the boiler dropped onto the blocks in the boat upsetting and sinking it. When interviewed this afternoon, Mr. Stevenson said he could not tell the damage until the boat had been raised and examined but thought it would be slight. The jacket around the boiler was dented.

The men are now engaged in raising the boat and boiler.

## ADMIRER CHATHAM

Dr. Geo. Grover, of Carp, District Deputy High Chief Ranger of the Independent Order of Foresters, has been spending a few days with Mr. and Mrs. F. Marx, in this city. He took the excursion train on Tuesday evening for Los Angeles and will visit San Francisco, Victoria, B. C. before returning to his home at Carp.

This is the first time Dr. Grover has been in Chatham and he was greatly surprised to find that we had such an excellent city. He expressed his opinion that our Maple City far exceeds any other city of the same size that he has seen in Eastern Ontario. He was fairly enchanted and said that if he were contemplating a change of residence he would certainly choose Chatham.

He was greatly taken with the residential part of the city and thought that in this respect Chatham compares very favorably with Kingston, except, of course, in size. The business part of the city has also come in for its share of commendation from the doctor. He was surprised to see so many nice trees throughout the city, which add very much to its beauty and its desirability as a residential spot.

Dr. Grover expressed his intention to pay another visit to Chatham during the summer time when he will spend an extended visit.

## FARM FOR SALE

70 acres, Chatham Township, 50 acres cleared, partly tile drained, good house, barn 54 x 34 x 20 posts, two good wells, price \$2,500, 100 acres in Raleigh, house, barn, good wells, orchard, near school, church, post office, etc., price \$3,500, 200 acres in Romney, near railway station, price \$4,000.

Farm and city property for sale and to rent.

## CAPTAINS OF "C"

No. 3 Company, 24th Regiment,  
pay Tribute to Their Commanding Officers.

The first annual banquet of C Company was held last evening, upon adjournment from drill, in the parlors of Richards' cafe, which were suitably adorned by bunting and appropriate patriotic coloring. The banquet was tendered by the retiring and present officers of the Company.

The occasion possessed especial interest in that it signified the retirement of Capt. Wm. Mowbray from the active command of the Company to accept the adjutancy of the Regiment and the assumption of the duties by Capt. Fred Stone, his successor. Both officers are exceedingly popular with the Company, as was evidenced by the proceedings.

Capt. Mowbray presided and there were also present Lieut.-Col. Rankin, commanding officer of the Regiment, Major G. P. Schofield, Capt. Fred Stone, ex-Lieut. F. D. Laurie and W. S. Ball, Lieut. J. S. Turner and W. A. Coltart, J. F. McKay, of Woodstock, and the members of the Company.

After an excellent repast, an admirable impromptu toast list was responded to by the assembled soldiers. After the singing of "God Save the King," the toast to the Commanding Officer and Staff was responded to by Colonel Rankin and Major Schofield. The toast to Our Old Captain, Our New Captain and Lieutenants brought forth short and spirited addresses from Captains Mowbray and Stone, and Lieuts. Turner and Coltart.

Capt. Mowbray thanked C Company for the loyalty shown him during his command of the finest company in the Regiment, and expressed pleasure that he was able to leave the Company to such an excellent officer as Captain Fred Stone. He predicted for the Command even greater success in the future than in the past.

Capt. Stone thanked Capt. Mowbray for his kind words of praise, and said that he felt honored at being placed in command of such an excellent company. He felt that he was in a very difficult position as successor to Capt. Mowbray, as the last named had set him such a high standard to maintain and was recognized as the best officer in the Regiment. However, Capt. Stone promised to do everything possible to advance the interests of the Company and hoped to merit the confidence placed in him by the Commanding Officer.

Color Sergeant Fraser, Sergeants Lamour, Bennett and Guttridge looked after the toast to the Non-Coms.

The Old Boys' Toast was responded to by Messrs. F. D. Laurie, W. Stanley Ball, J. F. McKay and Harry W. Anderson.

Music was interspersed throughout the evening by the C Company Guitar and Mandolin Club, and the Glee Club of the same Company provided some good choruses.

Private Henry Richards and Corporal Briggs, with their bright repartees and remarks, wise and otherwise, kept their end of the table in smiles. In fact, the whole Company was noticed to smile occasionally, and for a time forgot the tangles which No. 4 section had been getting into during the earlier part of the evening.

## TELEGRAPH

The Queen has returned to London from Copenhagen.

Detroit capitalists have bought the Peterboro' street railway.

Earl Russell has introduced a divorce bill in the House of Lords.

Miss Sarah Ferguson, of Walsley Township, committed suicide by hanging.

The hot wave still prevails in Philadelphia, where the thermometer registered 85 degrees.

Dr. J. M. Jory, St. Catharines, and Dr. J. M. Anderson, Toronto, have been appointed medical officers to the fourth contingent.

One hundred miles of iron fencing material to reinforce the barbed wire fences has been shipped to South Africa by the War Office.

The thirty-inch main in the Hamilton waterworks burst near the pumping house at the beach, and for a while the city was without water.

The steamer Deutschland, after losing her rudder, averaged eighteen knots an hour, steering with her twin screws. She reached Plymouth and proceeded without repairs.

The President of the Atlantic Transport Company announces that shareholders will receive three preferred and one common stock share in the new shipping combine for each share in that company.

Elaborate specifications of alleged British brutalities in South Africa, based on the alleged despatches from Gen. Delarey and others, will be issued in pamphlet form to-day by the Boer committee at Munich.

John Hays Hammond, an American engineer, advises Englishmen not to pay too much attention to the "extravagant expressions of friendship of a certain well-meaning but discredited class, called in America Anglo-manics."

Branches and agents at all principal points in Canada, U. S. and Great Britain. Drafts issued and notes discounted. Savings Bank Department deposits (which may be withdrawn without delay), received and interest allowed thereon at the highest current rate.

G. P. SCHOLFIELD,  
Manager Chatham Branch.

## MILL BURNED

The large saw mill at Wheatley, owned by R. W. Simpson, was completely destroyed by fire last Tuesday night.

The origin of the fire is a complete mystery, and the mill is a complete wreck. The fire had gained great headway before it was noticed and all efforts made to extinguish the flames were in vain. A high wind was blowing at the time and the fire made quick work of the building. The loss is partly covered by insurance. The mill will be rebuilt at once and Park Bros have received the contract for a new set of machinery.

## That Whoop!

Have you had it in your house? It's cough and cough and cough, and then that terrible whoop! Don't let the child breathe in the stinging vapor of Vapo-Cresolene. It goes right to the spot that's diseased. Relief is immediate, and in a very few days the whoop is completely gone. You can't say that of any other remedy. For asthma, catarrh, and colds it's equally good.

Vapo-Cresolene is sold by druggists everywhere. The Vancouver Dispensary, which would last a lifetime, and a bottle of Vapo-Cresolene, 50 cents. Illustrated booklet containing physicians' testimonials free upon request. Vancouver Dispensary, 200 Fulton St., New York, U.S.A.

## DISTRICT DOINGS.

## ZION CORNERS.

A football team has been organized in this vicinity.

Miss Eva Young has recovered from her recent illness.

A large crowd attended League on Thursday evening, April 17th.

The farmers of this place, are all happy to see the warm weather appear again.

## Remodelling Digestive Vigor.

## MALT BREAKFAST FOOD DOES THE GOOD WORK.

A breakfast grain food that can remodel impaired digestion is surely worth trying.

Malt Breakfast Food does this good work in a way that cannot be accomplished by any other breakfast food seeking public recognition.

A noted city physician, an authority on scientific dietetics, recently ascertained that the majority of prepared grain foods tended to indigestion and stomach derangement, for the reason that these foods contained too great a quantity of insoluble starch and other elements difficult to digest.

Malt Breakfast Food, partially cooked and predigested, is free from insoluble starch and other ingredients that impair digestion. It has given new digestive vigor to thousands of dyspeptics and banished their troubles. To other grain food is so delicious, appetizing, satisfying and healthful for young and old. Ask your Grocer for it.

## APPLEDORE.

Seeding is nearly over in this vicinity.

L. Higgs and P. McKerrall spent Sunday in Wallaceburg.

Miss Nora Regan, of New Jersey, is spending a few weeks the guest of Miss Mabel Sander.

James McKerrall spent Sunday in Ridgeway.

Mrs. George Green, who has been ill for some weeks, is slowly recovering.

Miss Lillie Craven spent Saturday in the Maple City.

## CON. 8, BALDWIN.

The regular meeting of the Epworth League was held on Wednesday last, when the year's business was transacted. The following officers were elected for the ensuing year:

President—Mr. Sydney Aldis.

First vice-president—Mr. Seymour.

Second vice—Miss Lizzie Noack.

Third vice—Miss Alice Riddle.

Fourth vice—Miss Carrie Noack.

Secretary—Mr. Hillyard Aldis.

Treasurer—Mr. Wilbur Towl.

Organist—Miss Ethel Boothby.

Born, on Saturday, April 12th, to Mr. and Mrs. Silas White, a daughter.

Miss Grace Ball has returned from a two weeks' visit with relatives at Fletcher.

The interesting address, "Ireland and the Irish," by Dr. Thornton, of Chatham, was greatly appreciated by a large audience in Wesley church last Thursday evening. The doctor handled the subject in his usual able and impressive manner. The proceeds, amounted to over \$15.

John Rhodes shipped a car of seed corn to a Toronto firm last week.

Mr. Simpson, of London, occupied the pulpit of the English church here in the absence of Mr. George, who preached his first sermon at his new appointment in Grant.

Monica C. C. Richards & Co.

Gentlemen—After suffering for seven years with inflammatory rheumatism, so bad that I was eleven months confined to my room, and for two years could not dress myself without help. Your agent gave me a bottle of MINARD'S LINIMENT in May, '97, and asked me to try it, which I did, and was so well pleased with the results I procured more. Five bottles completely cured me and I have had no return of the pain for eighteen months.

The above facts are well known to everybody in this village and neighborhood.

Yours gratefully, A. DAIRT.

St. Timothy's, Que., May 16th, 1899.

## EAST BRANCH.

Miss Hall is stopping at D. Wolfe's, Wm. Wooley, an old East Branch boy, who has been in Chicago for the past number of years, is paying a visit to his many friends here for a few weeks.

A number from here took in the lecture in the Methodist church, Wallaceburg, on Monday night, given by the Rev. Dr. Livingston, of Windsor.

There was a large attendance at Sunday school on Sunday last. What about our football team? Now is the time to organize.

## DOYLES.

Mr. Schafer has rented the L. J. Carley farm, where he will raise corn, tobacco, etc.

Chas. Doyle, of Harwich, met with a painful accident by his horse running away on Sunday evening while driving home from visiting friends here.

L. Higgins, we are pleased to say, is able to be around again after his recent sickness.

## CLANCY'S SIDING.

Byron Aikens, of Port Lambton, loaded a car of wheat for J. L. Scott this week.

J. E. Peers is loading a car of wheat and one of beans for J. B. Stringer.

Will Trotter, of Wallaceburg, has rented the Minton pasture for this season.

Miss Grace Stewart has returned home after spending the winter at her uncle's, at Hazle, Mich.

J. E. Peers has purchased a new buggy from H. A. McDonald.

## PORT LAMBTON.

J. W. Greece will commence placing this building on the front at Maple Grove this week.

Mrs. M. A. Pound, of Owasco, Mich., has selected a lot for a summer cottage at the J. D. McDonald front above the school.

The house on John street, occupied at present by W. A. McDonald, has been purchased by Mrs. M. A. Pound and will be placed on her lot at Maple Grove.

Mr. O'Toole, the contractor who is building the sugar factory at Wallaceburg is negotiating for a summer cottage at Maple Grove for this summer.

Mrs. M. A. Pound, Geo. Pound and Mrs. C. H. McCurdy, who visited Mr. and Mrs. C. A. Sharp at the Ohio Cottage during the past two weeks, left for Montreal Thursday.

A. Bourne, of Wallaceburg, has tendered his bid for a plant at Maple Grove resort, for furnishing water for ten cottages.

## First American Mandolin.

The first mandolin made in America was turned out in Chicago and was built by Joseph Bohmann, an instrument maker who was well known at the time as a manufacturer of violins. The date was 1883 or 1884. The writer of this article was teaching and playing the mandolin in Chicago at the time, using a small model imported from France, and remembers the Bohmann instrument particularly on account of its unusual size, much larger than any he had ever seen, its peculiar shape and its very crude construction as compared with those of a later date. Nevertheless it was a beginning. Other manufacturers experimented, and it was but a short time until Bohmann and other makers were turning out instruments as superior to the imported mandolins. From that time to the present progress and continual improvement has been the rule until now the American instruments have passed all competition—Clarence L. Parlee in Men's Magazine.

## A Chinese Legend.

The origin of wedding customs, such as the wearing of a veil, the throwing of old shoes for good luck, etc., seem to have a perennial interest for the public. But here is a new and charming legend to account for the throwing of rice at the fleeing bride and bridegroom.

The custom, it seems, is Chinese. A famous sorcerer named Chao became jealous of the power of another sorcerer, a woman, and, conceiving a plan to bestow her upon his supposed son. The crafty Chao chose the most unlucky day for the wedding, the day when the "Golden Pheasant" was in the ascendant, so that when the bride entered the rest chair the spirit bird would destroy her with his powerful beak. But Peach Blossom gave directions to have rice thrown out at the door, and she passed out unharmed while the spirit bird was devouring it.

## Salt and Cancer.

An eminent London physician advances the theory that excess of salt is one of the four factors which cause cancer. It is essential, but is insupportable without one or two others. Excess of salt may arise from too much meat. He considers that other factors are over-nourishment, an impure condition of the body resulting, owing to the non-use and nonoxidation of food. Some local irritant or stimulant, such as a friction from the stem of a pipe or irritant from some micro organism, must always be present. Cancer is seldom seen among Jews, possibly because of the difference of diet. Savages, so far as is known, are exempt from cancer, and they get no salt. All the domestic animals, except the pig, are subject to cancer, and salt is given to sheep, cows and horses, but never to pigs.

## The Teeth.

If you are a dyspeptic with tender teeth, says a dentist, use a small, soft brush twice a day, and just before stooping into bed rub with your forefinger a little dry bicarbonate of soda about the roots of the gums. Some folks use a solution of carbolic and soda as a mouth wash, which is very nearly as good, and if always used with care, the employment of dental silk, a marrow rubber band, such as you buy for rowing, will catch any deposit and won't cut the gums as thread often does.

## Most of our ills come from our vices.

Most of our ills come from our vices.

## LOOK WELL AT THE TONGUE

If Furred and Coated, The Liver Needs Attention.

## Paine's Celery Compound

THE POPULAR SPRING MEDICINE CURES EVERY FORM OF LIVER TROUBLE.

## A Victory Over An Invidious Disease After The Failure of Physicians.

The liver is the great housekeeper of our health. On its right and proper action depends our enjoyment of life.

One of the commonest indications of a disordered and diseased liver is a condition known as furred and coated tongue. It is positive proof that the liver is not working well. Other symptoms are as follows: nausea, taste in the mouth, pains under the shoulder blades and in the region of the kidneys. Frequently the mental symptoms of liver trouble are more dangerous than bodily ills. Sufferers experience mental anguish, gloomy forebodings, melancholy, and a general feeling of disgust with life.

When these bodily and mental troubles are experienced, your liver tells you it needs immediate help. If the proper medicine is not used at once, sickness and death follow.

Paine's Celery Compound is the one great specific for the cure of liver troubles. It always acts gently and effectively on the root of the evil, driving from the system accumulations of morbid poisons that give rise to your suffering. Soon every organ is infused with new life, the skin is fresh and clear, and you enjoy perfect health.

Mrs. G. Durand, of Elma, Ont., cured by Paine's Celery Compound after suffering for years from severe liver troubles, writes thus:

"For many years I have been a sufferer from liver troubles, and have doctored with several physicians, but my husband advised me to try Paine's Celery Compound. I did so, and found so much relief from the first bottle that I continued, and am now using the third bottle. Your compound has done more for me than any physician. For months before using the compound I never had one night of sound sleep; but now I can go to bed and sleep soundly and naturally, and take a new creature in the morning."

After her school days are over the sweet girl graduates is apt to learn that beyond the altar their life is washed.

"The blood is the life." Science has never gone beyond that simple statement of scripture. But it has illuminated that statement and given it a meaning, ever broadening with the advance of knowledge. When the blood is "bad" or impure it is not alone the body which suffers from it, the mind is impaired, and also through disease. The mind and judgment are affected, and many an evil deed or impure thought may be directly traced to the impurity of the blood. No one can be well balanced in mind and body whose blood is impure. No one can have a wholesome and pure life unless the blood is pure. Paine's Celery Compound is the one great purifier of the blood. Dr. Pierce's Golden Medical Discovery, when the blood is pure, body and brain are alike healthy and life becomes a daily happiness.

Free—Dr. Pierce's Common Sense Medical Adviser, free on receipt of stamps to defray expense of mailing and customs. Send 31 one-cent stamps for paper covers, or 50 stamps for cloth. To Dr. R. V. Pierce, 603 Main Street, Buffalo, N. Y.

The heart is our only measure of finitude. The mind tires of greatness the heart never.

LOCAL Opinion is strong in favor of Paine's Celery Compound. It cures coughs and colds with absolute certainty. Pleasant to take and sure to cure. Manufactured by the proprietors of Perry Davis' Pain-Killer.

The friend that does not help us higher is not worth having.

PALATABLE as Cream—"The D. & L." Emulsion of Cod Liver Oil, for those suffering from nervous coughs and hemorrhages, is used with the greatest benefit. Manufactured by the Davis & Lawrence Co., Ltd.

The rungs upon the social ladder are very slippery, due to the fact that is always found at its foot.

NEVER is time more precious than when some member of the family is attacked by colic, dysentery or any bowel trouble. The doctor is distant but if Perry Davis' Pain-Killer is near all danger is soon ended.

The superiority of some men is merely local. They are great because their associations are little—Johnson.

"It's easy to be a great novelist now-a-days; the last work is always the best."

"Yes; it used to be that authors died and their works lived; now the authors live and their works die."—Life.

BY BRIBING the nerves with opium you may stop a cough, but the inflammation goes from bad to worse. Allen's Lung Balm, containing no opium, goes to the root of the trouble and cures deep-seated affections of throat and lungs.

Drive thy business, let not that drive thee.

Ask for Minard's and take no other.

## THE MARKETS

Alderman Waddell reports no change in market and hardly any receipts.

All grains are in very small supply this week, for the reason that farmers are on their hands preparing them for crops.

Wheat is wanted by the mills at 70c bushel, and the coarser grains except barley are in fair request at slightly higher values since a week ago. The supply, however, is not equal to the demand, hence shipping is not very active.

Oats fetch 38 to 40c, corn 54 to 56c, barley, \$1 per cwt., beans 90c for good samples.

The demand for beans has picked up a little and market is acting firmer.

GRAINS.

Wheat, 70c.

Corn, ear, 52c.

Corn, shelled, 54 to 56c.

White oats, 38c to 40c.

Mixed oats, 37c.

Barley, per cwt., \$1.00.

Beans, 90c, to 75c.

Cornmeal, \$1.50 to \$1.75 per cwt.

HAY.

T. M. Tennant gives The Planet the following hay prices:

Hay buyers are paying \$5 to \$6.50.

Hay, clover, \$5 to \$7.

Hay, loose, on market, \$5 to \$6.

SEEDS.

Nelson Stringer gives The Planet the following quotations:

The seed market is very quiet; seedling is about over.

Red Clover, \$4 to \$4.50.

Alsike, \$3.

Timothy, \$2 to \$3.

Alfalfa, \$5 to \$6.50.

Millet, 70c.

Seed Corn, 60c.

FURS.

Nelson Stringer gives The Planet the following quotations—Market remains steady.

Coon skins, 15c to \$1.25.

Fox skins, \$1.00 to \$2.00.

Skunk skins, 15c to \$1.50.

Mink skins, 75c to \$1.50.

Dog skins, 25c to 50c.

WOOL AND HIDES.

Nelson Stringer states that the hide market is quiet, at lower prices.

The hide market remains about the same with a good demand for hides and calf skins, the grubbing season being over.

Wool, washed, 12c.

Wool, unwashed, 7c.

Calf skins, 8c to 10c per lb.

Lambs and sheepskins, 25c to 65c.

Cow hides, No. 1, 51-52c; No. 2, 41-42c.

Horse hides, \$1 to \$2.

MEATS.

Pork, 8c to 12c.

Mutton, 9c to 12-12c.

Live hogs, \$3.75 to \$5.00.

Dressed hogs, \$3.75 to \$5.

Beef, 10c to 12-12c.

FISH.

W. Bunnell, dealer in fish, reports that he is paying 8c per lb. for yellow pickerel, and 4c per lb. for mulllet, wholesale, and cannot get enough at that high price.

White fish, 15c per lb. dressed.

Wake Huron trout, 10c per lb. dressed.

Yellow pickerel, 6c lb. dressed.

Sturgeon, 10c lb. dressed.

Perch, 25c dozen.

Herring, 25c to 50c dozen.

OUTSIDE MARKETS.

TORONTO FRUITS.

Toronto, April 22.—There was good demand for all seasonable fruits, and prices are steady. Spanish onions have ceased offering. We quote—Apples—50 to 75c per basket, and \$2.50 to \$3 per barrel.

Malaga grapes, \$5 to \$7 per kg.

Bananas, per bunch, \$1.25 to \$2.

Lemons, per box, \$2.75 to \$3.

Oranges—Jamaica, per bbl., \$5 to \$5.50; Seville marmalade oranges, \$2.75 to \$3 per box; Valencia, 42c; ordinary, \$5.00; 42c; large \$6.00; navel, all sizes, \$4.25 per box.

Cranberries, per basket, \$1.25, per bbl., \$10.

Florida pineapples, 24's to 30's \$4.75 to \$5 per case.

Strawberries, per qt. 30 to 35c.

Tomatoes, 6-basket carriers, \$4.50.

MONTREAL LIVE STOCK.

Montreal, April 21.—There were about 500 head of butcher's cattle, 500 calves and not active; mules, offered for sale at the east and abattoir to-day. The butchers were out strong and trade was fair at declining rates, which were about 1-2c per lb. lower all round from last Monday's sales. Prime Beaves sold at from 55-58c per lb. and a few of the best beaves were held at higher rates. Pretty good cattle sold at from 4-1-2 to near 5-1-2c and the common stock at from 3c to 4-1-2c per lb. Calves sold at from \$1.50 to \$7 each. Nearly all the sheep were shorn and some of them were rather poor specimens. They sold at from \$1-40 to nearly 4c per lb. for old sheep, and from 4c to 5c per lb. for yearlings. Lambs sold at about 6-1-2c per lb. for good straight lots, weighed off the cars.

EUROPEAN GRAIN MARKETS.

London, April 21.—Close—Wheat, on passage, firm, but not active; maize, firmer. Wheat—English country markets of yesterday strong at an advance of 6d; French country markets weak.

Paris, April 21.—Close—Wheat, tone dull; April, 22 1/2c; September, and December, 20 1/2c.

Antwerp—April 21.—No. 2 red winter, 17 1/2c.

London, April 21.—Close—Mark Lane Miller market—Wheat, foreign firm at an advance of 1d; maize, American,

## Entirely Free From Adulteration

in this particular

## "SALADA"

Ceylon GREEN Tea is far ahead of Japan tea. It is absolutely Pure and delicious. Sold only in sealed lead packets the same as the famous "SALADA" Black tea, at 25c and 40c per lb. By all grocers.

## How To Buy Pure Fresh Paints

Every dealer in paints must carry over more or less Mixed Paints from year to year, and such Paints naturally get stale and thick. These Paints of course must be sold, and if you go where they are kept you are very apt to get them. Our stock is all new this spring. Our Paints are bought direct from the largest makers of

## Ready Mixed Paints

in the Dominion and you get the best brand "Elephant" they make, and they are sure to be fresh and guaranteed to be pure, and the price is

20c a pint,  
35c a quart, or  
\$1.40 a gallon,  
Alabastine, 20c a package,  
Kalsomine, 25c and  
Brushes all sizes and prices.

## Remember the Place

## QUINN &amp; PATTERSON

3 DOORS EAST OF THE MARKET

nothing doing; Danubian, firm; flour, American, firm, with a fair business, 1c 6d higher; English firm at an advance of 1c 6d.

## IMPATIENT DYSPEPTICS

Can't cure in a day that has been a chronic ailment for years, but Dr. Von Stan's Pineapple Tablets and a little persistence will cure the severest forms of dyspepsia as sure as the daylight follows darkness.

And a few doses is all that is needed to convince the most impatient and sceptical patients. Carry them about with you in your pocket; take them when and where you please; they're harmless and give almost instant relief. A gentle tonic to the whole nervous system. 35c for 60 tablets.

Sold by J. W. McLaren, Chatham.

Half the troubles we complain of are troubles only because we complain of them.

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address, F. J. CHENEY & CO., Toledo, O.

Hall's Family Pills are the best.

Probably men and women who flirt act like fools because they are fools.

For twenty-four years Vapo-Cresolene has been extensively used for all forms of throat and bronchial troubles. All Druggists.
