WRECK AT MERRITTON

Buffalo Fast Express Train and Mogul Engine Collide.

Engine Was Running to Hamilton, and Driver Did Not Know That the Express Was Two Hours Late and Running to Make Up Lost Time—Impact Was a Tremendous Crash—Driver Hurt, and Some of the Passengers Injured.

St. Catharines, Nov. 16.—An accident happened on the Grand Trunk at the tunnel under the new canal, near Merritton, at an early hour yesterday morning, which was presumably due to a conductor taking chances. Pilot engine No. 441, in charge of Engineer Robert Slater, 602 McNab street, Hamilton, brought a freight to Merritton from Hamilton Monday night. Later on Slater was ordered to assist a heavy freight up the grade to St. David's and then return to Merritton station. His work accomplished, Engineer Slater proceeded to back his engine down the grade at Merritton station. The track is double and Slater took the first opportunity to get on the west track, the track used by west bound trains. He considered himself in danger on the east track. At what is known as the six-mile is a switch on which trains can cross from one track to the other. Engineer Slater ran his engine across.

A Tremendous Crash.

He did not think any train would be coming along, but he reckoned without the Buffalo fast express No. 7, running from Buffalo to London. The express was two hours late and just as the pilot engine was going on the west track she came dashing around the curve. Engineer Alex. Ross, who was at the throttle and trying to make up time, just saw the pilot ahead of him in time to put on the emergency brake. The big express engine struck the pilot engine with a tremendous crash and sent her flying clean off the track. The passenger engine fell on the other side. Both were badly smashed. The baggage car and smoker were considerably wrecked and the passengers on the train got a bad shaking up.

The Official Report.

The official account of the accident near Merritton early yesterday morning, as given out by the Grand Trunk, is as follows:

"At 2.12 a.m. engine 958, in charge of Engineer Ross and Conductor Burton, collided with pilot engine 441, in charge of Engineer Slater, at the six-mile post, crossing over between Merritton Canal draw bridge and St. David's, badly damaging both engines, communication car 440 and coach 279, and derailing the sleeper Edington, blocking both main tracks. Following is a list of the injured:

John Cockern, Niagara Falls, N. Y., leg injured.
W. Hand, Buffalo, N. Y., back injured.
E. Beach and wife, Lennox, Mich., backs injured.
Starco Perry, Brooklyn, N.Y., leg injured.
John Hunter, Grindstone City, N. Y., back and chest injured.
W. Lick, Buffalo, back and chest injured.
Myron Worster, Homer, Courtland County, N.Y., head cut.
F. B. Prink, Lyndenville, Orleans County, N.Y., face and leg cut.
E. Wright, baggageman, face and leg hurt.
Slater, engineer 441, badly bruised.
Ross, engineer, 958, badly bruised and cut.

Engineer Slater was sent to the hospital at St. Catharines. Passengers and other employees injured were taken back to Niagara Falls, where they received medical treatment.

"Engine 441 was pilot for engine 86, and received orders at Merritton to assist 86 to Clifton Junction and return to Merritton. The engine left Clifton Junction without orders. Engineer Slater in No. 86 following and stopped at six-mile post to cross over and let No. 7 pass. Operator Smith, at the six-mile post, states that he put up the semaphore when No. 7 was within 50 or 75 yards of it. Engineer Ross states that the semaphore was put up just before the engine got to it."

Slater, it is said, had just been given his engineer's papers, and had been warned to be careful.

Piston Rod Exploded.

Toronto, Nov. 16.—Yesterday by the explosion of a piston rod at the Bertram Engine Works two Russian laborers named T. Vagninuso and A. Agnackure were seriously injured.

Perished in the Flames.

Elgin, Man., Nov. 16.—Monday night about 11 o'clock the Elgin House was destroyed by fire. It was with great difficulty the alarm was conveyed to the inmates, owing to the dense smoke. One man perished in the flames, Robert Baldwin, about 60 years of age, who intended starting for his home near Seaforth, Ont., yesterday morning. It was known he was suffering from illness, and it is supposed that he was overcome by the smoke.

Shot While Hunting.

Owen Sound, Nov. 16.—Monday Mrs. John McEwen, West street, received a telegram from Iron River, Wisconsin, stating that her brother, Thomas S. Ward, was dead. A later telegram contained the particulars of his death. While hunting deer he was accidentally shot by a comrade and death was instantaneous.

It is especially and urgently requested that every Liberal-Conservative delegate from every sub-division in the riding shall be present to assist in selecting the best man for the position.

SAD DEATH

Ex. Ald. Robert Pritchard Passed Away After A Lingered Illness

The death occurred of one of Chatham's most prominent citizens this morning at half past five o'clock when ex-Ald. Robert Pritchard, who has been ill for the past three years, passed away at his late residence, Water street.

Deceased was 46 years of age and was a contractor by trade. He was for a number of years a member of the firm of Cucksey and Pritchard, and also took a very prominent part in the public and municipal affairs. He sat at the Council Board for three years and while there he was a faithful servant of the city.

Mr. Pritchard was born in Toronto, the third son of the late John E. Pritchard, who passed away about 26 years ago. He came to Chatham 30 years ago and about 23 years ago he was married to Miss Mary Thompson, daughter of the late William Thompson.

He was taken ill about three years ago while he was a member of the Council, and since then he has been very poorly. He has been confined to his bed for the past four months and his recovery was not expected. He was troubled with a complication of diseases. He is survived by a widow and one son, Milton, and a daughter, Miss Winnifred. A mother and seven brothers are also left to mourn his loss. The brothers are—William, of Toronto; George, of Gray's, James, of Park Bros.; Richard, chief of the fire department; John, and North, of the Chatham Manufacturing Company, and Edwin, of Drader's.

Deceased was a Conservative in politics and a veteran fireman. He was a member of Western City Lodge, No. 83, I. O. O. F., and of Chatham Encampment No. 10, O. E. F. The funeral will be held Friday afternoon from his late residence, Water street, to the Maple Leaf cemetery. Rev. G. H. Cobbledeek will conduct the obsequies. The funeral will be conducted by the Oddfellows. The veteran fireman will attend the funeral in a body.

ST ANDREWS NIGHT

Scotchmen the wide world over honor and celebrate the anniversary of Scotland's Patron Saint, Nov. 30. It has been many years since Scotchmen of Chatham and vicinity have been able to celebrate the event on the night itself. This year they will forgo the Grand Opera House on St. Andrew's night to hear a concert under the auspices of the local camp of the Sons of Scotland, who have spared no pains to procure the best talent in Canada.

It is a singular thing that the United States produces no first class Scottish talent.

Mr. Donald C. McGregor, of Toronto, is the most popular ballad singer in that city and in Scotch ballads is unequalled in Canada. The whole program is under his direction.

Miss Flora Melvor Craig has now been before the public some four or five years and is perhaps the most winsome soprano in Canada in Scottish song.

Mr. Owen Smiley needs no introduction to a Chatham audience. He is by many competent judges, put in the same class with Mr. George Grosmith. His humor is refined and elegant, and he never descends to the grotesque or buffoonery. He is the most popular entertainer in his line in Canada.

The wee Duncan Sisters, Highland dancers, and Pipe-major Beaton of the 48th Highlanders, complete the list.

It is, therefore, with confidence that the officers and members of Carlyle Camp invite the public to their concert. It is a case of a real old Scottish time.

Del Beaman, of Scott & Co., left this afternoon to spend Thanksgiving at his home in Essex.

STOESSEL'S WOUND

Confines Him in Hospital But He Still Commands Garrison.

Spirit of Russian Troops in Port Arthur Is So Depressed That Many of Them Are Kept On Duty Only At the Feet of Their Officers' Revolvers—Some Shot As a Deterrent—At the Limit of Human Endurance.

Headquarters of the Third Japanese Army before Port Arthur, Nov. 15, via Fusan, Nov. 16.—It is reported that a wound received by General Stoessel has necessitated his confinement in a hospital, that he refused to relinquish the command of the garrison, and that he has issued orders to the troops to die at their posts rather than surrender. It is said that the spirit of the Russian troops has been dampened by continuous work, the lack of supplies and the hopelessness of their ability to make any successful defence of the fortress. It is said further that many of the Russian soldiers are ready to surrender, but they are kept at their posts by officers, who threaten them with revolvers, and that several soldiers who were suspected of a desire to desert have been shot as a warning to others. The Japanese now believe that the garrison has almost reached the limit of human endurance.

Russ Torpedo Appears.

Che Foo, Nov. 16.—A Russian torpedo boat destroyer entered the harbor at 7.15 this morning. She has not been communicated with, owing to the roughness of the sea. It is said that a Japanese torpedo boat has been outside watching the movements of the vessel.

What the Surrendered Say.

Headquarters of the Third Japanese Army before Port Arthur, Nov. 14, via Fusan, Nov. 15.—(Delayed.)—Spies and Russians who have surrendered report that rations in Port Arthur have been reduced. The wounded found by the Japanese are emaciated. The capture of the eastern fortified ridge will mean the surrender of the fortress in a couple of weeks unless the garrison there retires to isolated forts. This seems improbable, however, and cold weather and the lack of food and ammunition renders desperate resistance unlikely.

More Torpedo Slaughter.

London, Nov. 16.—The Daily Telegraph's Chee Foo correspondent gives rumors of renewed Japanese attacks on Port Arthur. 150,000 troops between Nov. 2 and Nov. 3, with 12,000 casualties.

Expects Jap Advance.

Chansianoutun, Manchuria, General Kuropatkin's Headquarters, Nov. 16.—A Japanese advance is daily expected. Large masses of their troops are moving eastward and the Russians are expecting them to strike at their left flank.

One Shell a Minute.

Mukden, Nov. 16.—An unbroken cannonade of siege guns, throwing fifty or sixty shells hourly against the Japanese position in the region of Shakh station began early yesterday morning, ended only at nightfall when more than half a thousand big contact shells had been thrown into the Japanese army's strongest position in the plain for the purpose of demoralizing the work of fortification concentrated at that point for the last four weeks.

Yesterday's bombardment was the most serious attempt yet made by the Russians' large guns.

Not Till Spring.

Berlin, Nov. 16.—Col. Goodke, The Tagblatt's military correspondent in the Far East, in a despatch from Mukden, Nov. 14, says: "The situation is unchanged. A decisive battle is improbable before spring."

Kuroki's Death Report.

Tokio, Nov. 16.—The Japanese army staff pronounces the report of Gen. Kuroki's death to be absurd.

The North Sea Inquiry.

Hull, Eng., Nov. 16.—The inquiry which Great Britain conducts on her own behalf into the North Sea incident opened yesterday. Vice-Admiral Bridge and Butler Aspinall, an Admiralty Court lawyer, are conducting the inquiry, and their report will form the basis of the British case before the International Commission at Paris. The Board of Trade solicitors who have been preparing the case have found no evidence to suggest the presence of the torpedo boats among the fishing fleet. The inquiry will therefore merely be an amplification of the evidence at the inquest, and it will be adjourned to London in the course of a few days, the proceedings here being confined to a narrative of the shooting.

Another Revolution All Over.

Rio Janeiro, Nov. 16.—The revolutionary movement has been crushed and order is completely restored. Senator Lauro Sodre and Deputy Barboza Lima, leaders of the movement, have fled. Other leaders have been arrested. Many persons have been killed or wounded.

General Andre Goes Under.

Paris, Nov. 16.—The official announcement is made of the resignation of General Andre, the War Minister, and the nomination of M. Henry Maurice Berthelette, member of the Chamber of Deputies, from the Versailles division of the Seine-et-Oise, to succeed him.

AN OPPONENT'S TRIBUTE.

Rev. J. A. Macdonald, editor of the Toronto Globe, who is in Winnipeg, for the purpose of delivering a lecture, was interviewed by the Winnipeg Telegram. During the course of his remarks he said:

"I deem it in the interests of Canada that a man of Mr. Borden's personal character, as well as of his political ability, should be influential in the councils of the country."

"It is the hope of very many prominent Liberals in Ontario that Mr. Borden will be given a seat, while personally, I naturally do not think he mastered all the details of the transportation question, still during the few years that he has been leader of the Conservative party, he has won, and I say it with all sincerity, the respect and admiration of each and every Liberal who came to know him, and what is more his party had utmost confidence in him. I myself think very highly of Mr. Borden, and I don't know any man in the party ranks who is so well able to act as leader in the interests of the country as he is himself."

The above constitutes a very handsome tribute and what is more it is thoroughly deserved.

A SUGGESTION FOR MR. ROSS.

In addition to the Reform conventions held in Ontario during the past 50 years there are other historical parallels which Mr. Ross, in preparing an eloquent speech for the delegates, may care to recall. There is one in sacred history which could serve to point a moral or adorn a tale. It is related by the prophet Daniel and reads—

"The king cried aloud to bring in the astrologers, the Chaldeans and the soothsayers. And the king spoke and said to the wise men of Babylon—'Whosoever shall read this writing and shew me the interpretation thereof shall be clothed with scarlet and have a chain of gold about his neck, and shall be the third ruler in the kingdom.' Then came in all the king's wise men, but they could not read the writing nor make known to the king the interpretation thereof."

The wise men perhaps did not care to tell a king that he was weighed in the balance and found wanting, so that Mr. Ross should encourage his friends by telling them to speak out their minds freely.—Toronto Mail.

LEGAL NOTICE.

The shareholders of Messrs. Ross & Company, of the Provincial Artifice and Policy Corporation, are hereby notified that the duodecennial meeting will be held on Wednesday, November 23rd, in the city of Toronto, for the following, among other purposes:

1. To consult with the Board of Directors, which finds itself confronted with the most serious state of affairs since the incorporation of the company, and wishes to place itself in the hands of its shareholders with a view to (a) going into liquidation or a dissolution of partnership, or (b) reorganizing with the object of inviting additional capital to tide over the present stringency.

2. To agree upon a method of so presenting the affairs of the company to the public that they may be induced to forget past mismanagement, extravagance and deviations from the moral code, and entrust their investments once more with those who for several years past have so ably striven to obtain and employ them for the benefit of the concern.

3. To consult with the manager of the artifice department of the corporation upon the proper method to be pursued in order to make people believe something that is not, and to disbelieve something that is.

4. To discuss with the foreman of the policy-shop the best plan of reorganizing the work of his department with a view to meet the variation in the needs of the populace, which as years go by is an ever increasing source of anxiety to the directorate, and which populace has wearied of the classes of goods heretofore supplied.

And take notice that Conservatives and others who cannot attend such meeting may send in their proxies to me on or before the 20th of November.

(Signed) G. W. ROSS,
Managing Director.

EVANGELISTIC SERVICES

The meeting in Victoria Ave. Methodist Church opened last night with a good song service. Mr. H. Horstead sang as a solo, "Face to Face." The church was well filled with attentive listeners, who followed closely to the end a very able and clear presentation of the doctrine of the New Birth. Mr. McHardy those as his text I Samuel 10, 6-9,—"And the Lord will come upon thee and thou shalt be turned into another man, and it was so that when he turned his back to go from Samuel God gave him another heart."

The need of the new birth was strongly emphasized. Sin is rooted in man's nature and it must be eradicated. The work of grace goes as deep as the work of sin. God does not polish up the outside of a man when he saves him. He changes the man. He cleanses the spring of action. Conversion is not a physical change, though it puts a new light in the face. It is not a purely mental change. It does not mean merely a change of opinion. It is a change of heart, that is, of will. "If any man be in Christ he is a new creature." Reformation is not conversion. Morality does not make a man a Christian, but the Christian religion makes a man moral. This change of nature is the work of God's Spirit. Man cannot effect it.

"Not by works of righteousness which we have done, but according to His mercy He saved us by the washing of regeneration and the renewing of the Holy Spirit."

"Can a man know that he is born again?" How can a man be changed into another man and not know it? It was Mr. McHardy's answer. "An ear can know that he is a child of God, born of the Spirit. Scripture gives four marks of the new birth. They are found in the first epistle of John.

1. Right living. "Every one that doeth righteousness is born of God."
2. Power to conquer sin. "Whosoever is born of God does not go on committing sin."

3. The witness of God's spirit. "And hereby we know that He abideth in us by the Spirit which He hath given us."

4. Victory over the world. "Whatsoever is born of God overcometh the world."

Christ prayed not that God would take the disciples out of the world, but that he would keep them in the world. Here is where many professing Christians are weak. The world overcomes them.

Mr. McHardy appealed to all to seek the full evidence of their acceptance.

A thanksgiving service will be held to-morrow night, and on Friday night there will be a special service for young people.

STRAY SHOT

It Killed Young Deering while Hunting—Has many Relatives in this District

Detroit, Nov. 15.—The body of Frank A. Deering, the only son of Anson C. Deering, of the Deering Water Tube Boiler Co., who was shot dead in the Roscommon County woods Sunday afternoon, while hunting with his father, came into Detroit over the Michigan Central, shortly after eight o'clock Tuesday morning. A number of friends of the family, including Eugene Siegel of the American Lady Corset Co., John F. and Horace E. Dodge of Dodge Bros., and a dozen others gathered at the depot. Mr. Deering himself did not come on the train as far as the depot, but left at Fourteenth avenue, where his family met him. This is near his home.

The friends at the depot learned with relief that the post mortem examination has shown that the young man's death was not caused by the bullet. When the father, who stood six rods away from the boy, saw him fall, he thought it was his own bullet that had wounded his son. He was nearly crazed at this terrible thought. But there was no doubt left, after investigation, that this was not the case.

The fatal bullet was of a different pattern from those the Deerings used and was evidently a spent ball, as after entering the young man's body from behind, under the left arm, it shattered a rib, passed through the body and stopped in the sweater in front, in front, without piercing that garment. The bullet, to be stopped thus easily, must have been traveling for more than a mile, according to a coroner's jury of the residents in the hunting districts. The jury's verdict stated that the young man died by a bullet fired by an unknown person, and that "there is no shadow of possibility that the bullet was discharged from the weapon held by A. C. Deering." As Mr. Deering's distance from his son, with the powerful gun he held, the bullet would have gone through six men, there residents declared. A pine log 16 inches in thickness would be easily pierced.

The body was received at the depot by V. Giest & Son, who started for the family home on Fifteenth street. The friends who came to the depot went to the house for a few minutes to offer sympathy to the stricken father and mother, and the other relatives. Little could be said—the friends could only look in, perhaps shake hands, and leave the family to receive their own alone.

The arrangements for the funeral have been made as yet.

WERE WEDDED

A pretty and quiet home wedding was solemnized Tuesday evening, November fifteenth, at six o'clock, at the residence of Mr. and Mrs. Andrew Barth, corner Hildward and Selkirk Streets, when their youngest daughter, Ada Maud, was united in marriage to Walter Lethbridge. Owing to the illness of the bride's mother, the wedding was a quiet family affair, being witnessed by only the draw Barth, corner Hildward and Selkirk Streets, when their youngest daughter, Ada Maud, was united in marriage to Walter Lethbridge. After a splendid wedding supper had been partaken of by Mr. and Mrs. Lethbridge, the bride and groom, accompanied by the bride's mother, left on the 8:40 train for Hamilton and Toronto. The young couple received many useful and beautiful presents, being tokens of esteem in which they were held.

IN THE PUBLIC EYE

The Educational Monthly, Canada's leading educational journal, has the following to say of the Central School Fair recently held here:—"The Central School Fair at Chatham, held on the 11th and 12th of the fall season there. Some time ago Mr. Plewes, principal of the school, originated the idea of a School Fair, and he has now brought it to a very high pitch of perfection. One of the chief features of the Fair this year was the boys' graduation exercises. The exhibits of school work, games, contests, and exercises were all excellent, and suitable prizes were given to the best specimens. The evening of October 20 was girls' graduation night, October 21 was pupils' day and the evening of the same day was boys' graduation night. Saturday, October 22, was thoughtfully set apart as county visitors' day."

"One of the pleasant incidents in connection with the Fair was the presentation of a beautiful clock to Mr. Plewes by his entrance graduates on Thursday evening."

GERMAN BLAME FOR ENGLAND.

Vossische Zeitung, Berlin. If to-day nearly our whole colony in South-west Africa is in a state of revolt, another white race, the English, is certainly partly responsible. When, after the Boer war, bands of black robbers and brigands appeared on English territory near our frontier, we helped to exterminate them. But how have the English behaved since? During the fighting with the Bondelswarts tribes the English authorities disarmed a detachment of German soldiers which had transgressed the border lines. Our provisions and ammunition landed at Walvisch Bay were treated as contraband by them.

THE TEST QUESTION.

Bedfast for Three Years With Inflammatory Rheumatism

Helpless as an Infant—Now Walks Without Crutches

Wonderful Recovery of Mr. John McCullough, of Uxbridge, Ont.

The Claffin Chemical Co., Windsor: Gentlemen,—It is with much pleasure that I send you this testimonial regarding the wonderful benefit I have derived from the use of "Bu-Ju" Kidney Pills. Have been an invalid for nearly three years with inflammatory rheumatism, and was bedfast until about six months ago, when an old friend of the family called to see me, and left me some of your pills. I began to feel the benefit of them after taking one box. I have continued using them, and am now able to get out of bed and dress myself, and can go out without crutches. Before taking the pills I was as helpless as an infant, and had to be taken care of like one.

I honestly believe that your pills have been the cause of my getting better. I have tried about everything that could be thought of as a cure for my trouble, but feel this remedy of yours has done me more good than any of them, and I feel if I were a younger man, that by taking them for another few months I would be well and strong again; but of course I am an old man now, and have not the constitution to work on, but I hope this simple story of the way your pills have helped me will be of value to others. I remain, yours truly.

ANNOUNCEMENTS.

The Mummy and Humming Bird—

Nov. 18.

Lyceum Course—Nov. 21.

Local "Pinafore"—24-25.

Sons of Scotland Benefit—Nov. 30.

(Supplied to The Planet by Press

Agents.)

The very odd title of the comedy,

"The Mummy and the Humming

Bird," which will be seen at the

Grand on Friday evening, Nov. 18th,

has attracted much comment and

aroused considerable curiosity. It is

derived from the sonnets given to

two of the prominent characters of

the play. Lord "Jack" Lumley, a

quiet, studious gentleman, is married

to a sweet, handsome and vivacious

young wife. Unwittingly, he neglects

her much of the time to carry out a

series of scientific experiments, leav-

ing her to her own amusements. On

account of his devotion to his hobby,

he has been dubbed by his wife and

intimate friends, the "Mummy."

Stung by her husband's neglect and

apparent indifference, the young wife

is easily drawn into a violent flirta-

tion with a dashing young Italian

Count, Signor d'Orelli, who has se-

ured an entree into the best English

society through his writings, but who,

though unquestionably brilliant, is at

heart the "spoiled villain." He has

been dubbed the "Humming Bird" by

Lord Lumley in the following lines

between Lumley and his wife:

"Oh, the 'Humming Bird's' coming,

is he?"

"Why, 'Humming Bird'?"

"He's such a thing of beauty; so

brilliant, so gay; such fine feathers,

and to a woman's eye—for all the

world a humming bird. 'Ah! he's

fluttering in now." Mr. W. A.

Whitecan appears as Lord Lumley.

Wealth of British Premiers.

Mr. Balfour is much wealthier than

was his uncle, the late Lord Salis-

bury, the British Premier's income,

it is said, being about £70,000 a

year. The money came from his

grandfather, who earned a vast for-

tune in India at the beginning of

last century by contracting for the

navy, making as much as £300,000

in four years. When the income tax

stood so high during the Boer War,

it was stated that Mr. Balfour hand-

ed over to the Inland Revenue an

amount equal to his salary as Prime

Minister. Lord Rosebery is another

exceedingly wealthy man, who has

been Premier of Great Britain. Mr.

Gladstone, on the other hand, was a

comparatively poor man, although

so skilled at finance. He was fairly

wealthy at one time, but unfortun-

ate investments in mines reduced his

capital very much. Lord Beacons-

field never had much money of his

own, although his novels, it is well

known, brought him in big sums. He

had expensive habits, and the fortune

which his wife brought him was

more than welcome.

Backed up by over a third of a century

of remarkable and uniform cures, a record

such as no other remedy for the diseases

and weaknesses peculiar to women ever

attained, the proprietors of Dr. Pierce's

Favorite Prescription now feel fully war-

ranted in offering to pay \$50 in legal

money of the United States, for any case

of Leucorrhoea, Female Weakness, Pro-

trius, or Falling of Womb which they can-

not cure. All they ask is a fair and reason-

able trial of their means of cure.

"I used four bottles of your 'Favorite Pres-

cription' and one of 'Golden Medical Dis-

covey,' writes Mrs. Elmer D. Shearer, of Mont-

hope, Lancaster Co., Pa. 'and can say that I am

cured of that dreaded disease, uterine trouble.

Am in better health than ever before. Every-

one who knows me is surprised to see me look

so well. In June I was poor in health that

at times I could not walk. To-day I am cured.

I tell everybody that Dr. Pierce's medicines

cured me."

FREE. Dr. Pierce's Common Sense Med-

ical Adviser is sent free on receipt of stamps

to pay customs and mailing only. Send to

one-cent stamps for the cloth-bound vol-

ume. Address: World's Dispensary Medical

LETTER BOX

A METHODIST'S PROTEST.

To the Editor of The Planet:

Dear Sir,—Another appeal to the

people is to be made by the Ross Gov-

ernment, so it is reported. The writ-

er thought it would not be out of

place to ask the Methodist Church

as a body what is its attitude on

the Ross Government. The writer

being a life-long Methodist, thinks it

is about time the church spoke in a

body—I mean ministers as well as

members. All right-thinking and

tight-meaning men must either take

the stand against evil-doing, such as

West Elgin, Gamay charges and the

Soo corruptions, Minnie M., etc., or

say, "It is all right; go on and we

will stand by you." Is the great

Methodist body of ministers going to

stand with their hands down and

their tongues silent, and permit of

the brazen-faced inquiry that has

been going on in our own fair Ont-

ario, and by actions, if not by words,

tell the people it is no use to pun-

ish a man for stealing, for the next

man may steal if he gets a chance.

Now, sir, West Elgin comes first.

Were they sorry for their conduct

when they said "hush something?"

Then we will look at the Gamay

charges. Did they ever show the

electors where that money came

from? Then did matters stop there

and were they sorry for that affair?

I think they were, and feel sorry yet

that they were placed in such a po-

sition before the people, and could

not, or did not, explain clearly where

the money came from.

Then comes the Soo and the Min-

nie M.—the third attempt to stifle

the voices of the honest electors.

Have the men high up in the

church not heard of all these affairs

besides the humbugging for years on

the temperance question? Look at

the part some of our pious church

superintendents are taking in politi-

cs. Is the church ready to again

condone the nefarious actions that

have been practised for some time in

"Ontario politics?" If so, I think

they should drop the Lord's Prayer,

or part of it,—Lead us not into

temptation but deliver us from evil!"

Are we, as a church, doing so by

assisting to office any set of men who

are, or have been, converted by acts

which have been proven, and who

have, to all appearances, lent a smile

to the acts of the gangs of scound-

rels who have been working in our

Ontario elections?

Now, sir, I, as a member of the

Methodist Church, raise my protest

right here, and if the Methodist

church of Ontario permits these acts

to go on without denouncing them

in the strongest terms, I can say

adieu to my Methodist friends, and

God help the people if a church with

all the influence of our Methodist

church will silently let such acts go

unpunished!

SERIOUS CHARGE

The twelfth day of November has always been a lucky day for Crown Attorney H. D. Smith. He was born on that day and this year the anniversary of that event was marked by a row on King street, to the outcome of which is a police court case under his management.

This was the day on which Ray Shaw made a successful attempt at disfiguring Wilson Purdie's face much to the annoyance of the last mentioned gentleman, who told his troubles to Mr. Smith and the prosecution followed. This case came up last Monday and was enlarged until to-day. This morning some of the evidence for the Crown was put in and the case was again enlarged, this time for a week. No evidence for the defendant was put in this morning.

According to the evidence of Purdie and his wife Mr. Shaw, Sr., his son Ray and Dave Bradley met Purdie on King street and Ray knocked him down as a result of a quarrel over a note between the elder Mr. Shaw and Mr. Purdie. Purdie claims that Ray followed him to the C. P. R. Hotel and there he was knocked down and repeated the dose at both places. He says his (Purdie's) fighting was all in self defense. Purdie had been drinking and he and his wife, who was with him through the whole row, claim that he was not drunk. Purdie was not clear on many points, however, and his memory seemed to be sadly at fault. He couldn't remember who started the fight at the Park House.

Dr. Kingsley Holmes, who dressed Purdie's wounds, explained the nature of the injuries.

Shaw, Sr., is a brother-in-law of Purdie's.

Crown Attorney Smith is prosecuting and W. G. Richards defending.

CAME NEAR DYING

From an Awful Skin Humour.
Scratched Till Blood Ran.
Wasted to Skeleton.

CURED BY CUTICURA

One Application Soothed Him to Sleep. Cure Speedy and Permanent.

"When my little boy was about three months old his head broke out with a rash, which was very itchy and ran considerable watery fluid. We tried everything we could, but he got worse all the time till it spread to his arms, legs, and then to his entire body, and he got so bad that he came near dying. The rash would itch so that he would scratch till the blood ran, and a thin yellowish stuff would be all over his pillow in the morning. I had to put mittens on his hands to keep him from tearing his skin around his wrists. He got so weak and run down that he took fainting spells like we would think him dying. He was almost a skeleton and his little hands were thin like claws.

"He was bad about eight months when we tried Cuticura Remedies. I had not laid him down in his cradle in the daytime for a long time. He had got so that he just slept in our arms all the time. I washed him with Cuticura Soap and put on one application of Cuticura Ointment and he was so soothed that I put him in the cradle. You don't know how glad I felt when he felt better. It took one box of Cuticura Ointment, pretty near one cake of Cuticura Soap, and about half a bottle of Cuticura Resolvent, to cure. I think our little boy would have died only for the Cuticura Remedies, and I shall always remain a firm friend of them."

Mrs. M. C. MATTILAND, JASPER, ONTARIO.

No return in 14 years. Mrs. Mattiland writes, under date of Feb. 24, 1903, that the cure is permanent.

"It affords me much pleasure to inform you that it is fourteen years since my boy was cured of the terrible skin disease from which he suffered."

"He has been permanently cured and is hearty and strong."

Cuticura Resolvent, liquid and in the form of Chocolate Casted Pills, Cuticura Ointment and Cuticura Soap are sold throughout the world. London, 17, Chancery Lane, E.C. 4, England. Toronto, 10, Dundas St. W., Canada. Montreal, 10, St. James St., Canada. New York, 10, N. York St., U.S.A.

STORM NOT FOR US.

Nine Inches of Snow Reported From New Brunswick, New York and Pennsylvania--Terrible Havoc to the Wires.

Toronto, Nov. 15.—The big storm which began Sunday in Florida and swept up the New England States will not be felt here, says the weather man. Instead it is by this time heading across the Atlantic or spreading itself in the vicinity of Newfoundland. Having traveled with great rapidity northward, it was yesterday raging over the Maritime Provinces.

Such storms as this generally travel along the Gulf stream, which follows the eastern coast till it reaches the Bay of Fundy, where it branches and crosses the Atlantic in the direction of the British Isles.

Nine Inches of Snow.

The storm took the proportions of almost a hurricane, accompanied by snow and rain, and yesterday was at its height. About nine inches of snow has been reported from New Brunswick, New York and Pennsylvania. As far west as Erie on Lake Erie heavy snow fell to the ground and there was a light fall in the highlands of Bruce and Huron Counties. The local effect was evidenced in the strong northerly gale. In the Northwest Territories the barometer is low and they are enjoying mild weather, which will likely prevail in Ontario also.

Never Worse.

Albany, N. Y., Nov. 15.—Albany has never had a worse demoralization of wire communication than that which isolated it yesterday as a result of Sunday night's storm. For nearly 24 hours neither by telegraph nor telephone was communication possible, with any point further than Cohoes, eight miles outside the city. Wires are down all over the city.

Wires Weighed Down.

Poughkeepsie, N. Y., Nov. 15.—The worst wire conditions ever known in the city resulted from the storm of Sunday night. Beginning with rain the downpour turned into snow, and the wires were soon weighed down, causing the poles and wires to fall all over the city and in the country. The trunk lines of the Postal, Western Union Telegraph and the Long Distance Telephone Co. are all down, with the exception of one. Western Union wire which was used all night, to despatch New York Central trains, the movement of which was but slightly delayed by the storm. The streets are full of live wires and during the night Mayor Hime ordered all power shut off so that the city was in darkness and the trolley cars were stalled. Policemen warned citizens to keep off the streets and liverymen refused to send out cabs. Linemen worked all night, and cars were running yesterday, but all lines of communication were still crippled. Similar conditions are reported throughout the State.

Wind Blows Women Over.

New York, Nov. 15.—The wind all Sunday afternoon played havoc with passengers who got on and off the trolley cars at Broadway and Seventh avenue. The vortex of a whirlwind seemed to have its abiding place there, and it did stunts to women's clothing that the Flatiron breeze never dreamed of doing. It blew Miss Emily Trevelyan of Boston, right down in a mud puddle and scratched her face badly. She was just stepping off a Seventh avenue car when the fainting caught her. She fell on the tracks behind the car. Her head hit the pavement and she was unconscious for a few minutes. She was carried to a nearby drug store and revived.

Trustees' Lost in Storm.

Three prisoners from among several hundred confined on an island in the East River for petty offences are thought to have lost their lives in Sunday's storm. They were "trustees" and had rowed a party of visitors back to the city. In the face of the storm the motor started back to the island, but their boat was caught in the high seas which swept them out of sight.

Foot of Snow Falls.

York, Pa., Nov. 15.—Nearly twelve inches of snow fell here Sunday. The heavy weight of the snow broke down electric wires all over the city, and both power plants here were compelled to close to protect life and property.

Driven Insane By Weather.

New York, Nov. 15.—Twelve patients had been committed Sunday to the psychopathic ward in Bellevue Hospital up to 10 o'clock p.m. for examination as to their sanity. Dr. Menas Gregory, the chief alienist, is of the opinion that the weather is responsible for the increase in this class of patients, which he says is unprecedented.

Whale Blown Ashore.

Boston, Nov. 15.—Few marine disasters have been reported. So far as is known last night only two vessels were wrecked and no lives were lost. At Pensacola, Fla., a whale, 80 feet long, was blown ashore. Unable to get back into deep water the great creature lay helpless on the beach, and a bullet from a hunter's rifle ended its life.

Fire At Ferry Sound.

Parry Sound, Nov. 15.—Fire broke out in the upper storey of the rear building of the Parry Sound Hospital at 11.30 yesterday, and had made rapid headway upstairs before being discovered. The fire did considerable damage. All the patients were removed to neighboring houses, and most of the furniture and instruments got out of the building.

Father of Constitution Dead.

Paris, Nov. 15.—Henry Wallon, a life senator of France, and known as the "Father of the French Constitution," is dead. He was nearly 92 years old. Senator Wallon wrote many historical works, and was the author of the article in the constitution of 1875 relating to the election of the French president.

If You Would Be Well You Must Keep Your Kidneys Well.

Help them to work freely. Help them to flush off all the body's waste and impurities.

Doan's Kidney Pills

Are for this purpose only.

Have you suspected your kidneys as the cause of your trouble? If you have backache, swelling of the feet and ankles, frequent or suppressed urine, painful sensation when urinating, specks floating before the eyes, great thirst, brick-dust deposit in the urine, or anything wrong with the urinary organs, then your kidneys are affected.

It is really not difficult to cure kidney trouble in its first stages. All you have to do is to give Doan's Kidney Pills a trial. They are the most effective medicine to be had for all kidney and urinary troubles.

Mrs. Mary Galley, Auburn, N.S., was cured by their use. She says:—"For over four months I was troubled with a lame back, and was unable to turn in bed without help. I tried plaster and liniments of all kinds, but to no effect. At last I was induced by a friend to try Doan's Kidney Pills. After I had used two-thirds of a box my back was as strong and as well as ever."

Doan's Kidney Pills are 50 cents per box, or 3 for \$1.25. All dealers, or sent direct by mail on receipt of price.

CHRISTIAN BROTHERS RULED OUT.

Court of Appeal Sustains Judge Mahon's Decision.

Toronto, Nov. 15.—"We agree with the learned trial judge and we think he has rightly construed the statute as it now stands, and the saving which is referred to does not extend so far as contended, and the judgment expressed by the learned judge on this point is correct as well as his judgment in other respects. The appeal is therefore dismissed."

These are the concluding words of Chief Justice Moss yesterday in delivering the judgment of the Court of Appeal, which finally decides that the Christian Brothers have no right to teach in the Separate Schools of Ontario, and that the members of that organization now teaching in the Ottawa Separate School must be dismissed as soon as the temporary certificates granted them by the Ontario Government expire.

Committed Suicide On the Ocean.

Plymouth, Eng., Nov. 15.—The commander of the North German Lloyd steamer Kaiser Wilhelm II., reported on her arrival yesterday, a passenger on the steamer, which left New York, Nov. 8, committed suicide two hours after leaving New York. He shot himself in the second steward's cabin and died a few minutes later. No cause for the deed was assigned.

OLD QUEBEC.

The Past Still Speaks in the Historic City Even Though the Voice of the Present Is Clamorous.

Old Quebec never fails on her visitors, no matter how frequent the calls. Despite all the modern innovations of trolley cars, winding in and around the sixteenth century structures, despite the tearing down of antique gateways and historic streets, the grand old Rock City has not lost her charm of antiquity and romance. The past still speaks even though the voices of the present are more clamorous, and the atmosphere created by its three centuries of life yet envelops her ancient ramparts and dormer-windowed roofs.

A caliche visit was made to the three great fortifications erected on the Levis side of the St. Lawrence shortly after the Trent Affair of the sixties. Though not completed in the sense of being mounted with modern guns, the earthworks and walls, the moats and drawbridges give a decidedly warlike appearance to an otherwise peaceful and rural scene. An effort to view the interior of the central fortifications was, however, thwarted by a lonely sentry, who tersely invited me and my camera to keep outside—which I did, says Frank Veigh in The Globe.

Driving along the St. Louis road to Sillery, a final snapshot was had of one of the old martello towers, the demolition of which was to begin the next day to make room for a hospital extension. Thus the historic landmarks are disappearing, as have the original city gates, the cornerstones of which are set up in the grounds of Sir James Lemoine. A call on the distinguished litterateur at his charming home of Spencer Grange was of special interest. Ideally situated is Spencer Grange on the banks of the St. Lawrence, and the old-fashioned house is an ideal retreat, in its libraries and living rooms, for such a diligent student as Sir James has long been. One was delighted to find him so hale and hearty, nor was it surprising to discover in him an affable and kindly host. Then to listen as he talked of the French Canada he so dearly loves and which he knows so well, or to have him show his historic and art treasures, was in itself a delightful privilege.

Anchored near the Champlain market in the lower town of Quebec lies the Arctic. It was something of an expedition in itself to reach the boat from the Dufferin Promenade, and through Little Champlain street, but once the gangway was crossed, Captain Bernier, the sturdy navigator, welcomed the visitor and acted as guide through what will be the floating home for the next three years of thirty or forty souls. It was a good chance to see how a Polar-bound vessel is built and equipped. Several fresh water tanks occupy the main deck, duplicate masts, spars and sails are tucked away in odd corners; indeed, there is not a corner on the craft, odd or otherwise, but has something tucked away there.

The stowing-away process of supplies was a lesson in the economy of space. Below decks are the cosy if cramped quarters, with a piano in the main saloon, donated by a Toronto firm. Each member of the expedition, other than the crew, will have stateroom of his own, which will be a chamber, study and library combined. Several stoves are scattered throughout the vessel, and every provision seems to have been made for the long and perilous journey that lies ahead of the Arctic. Its captain is as abiding a faith in the ability of his boat to withstand ice pressure, with its wooden hull and sides three and a half feet thick, as he has in his theory of reaching the mysterious pole. The Arctic will shortly sail for Hudson Bay, to relieve the Neptune which has just returned to the St. Lawrence. It will convey to our great Canadian sea a detachment of Mounted Police, who will open up a new station on the western shores of the bay.

Another Canadian.

Mr. Thos. J. Hicks, who won the great Marathon race at St. Louis recently, is a native of this city, and Frederickton has the honor of claiming the world's champion long distance runner. Mr. Hicks won a twenty-five mile race in a field of about one hundred entries, which was certainly a wonderful feat of endurance very creditable to the performer and to his native city.

Mr. Hicks has made his home in this city and vicinity for the past few years, but during the past summer when he was training for the great race he resided at Penniac. His brother James was employed at Marysville, and used to assist him in training by riding along with him on his bicycle and keeping a watch on him. The world's champion did all his training on the road between Penniac and Marysville, and would run about fifteen miles every second evening to keep in condition. He was most persevering in his exercise and diet, which probably was the means of winning the world's championship and distinction for his native province. Mr. Hicks had another brother who was employed at Marysville, but is now residing at Boston. The champion did all his training with the view of competing in the great race at St. Louis, and he was always confident that he could win the contest. His friends will be glad to hear of his splendid success.—Frederickton, N. B., Gleaner.

thousands of Canadians through us-

certain cure for Catarrh—Trag-
rant healing Catarrh, which
cures by medicated vapor that is
breathed direct to the seat of the
disease. The balsamic vapor of Ca-
tarrh kills the germs, heals sore
spots, stops dropping in the throat,
keeps the nose clear and perman-
ently eradicates every trace of catarrh
from the system. Catarrh can't

A TIMELY SUGGESTION.

This is the season of the year when
the prudent and careful housewife
replenishes her supply of Chamber-
lain's Cough Remedy. It is certain
to be needed before the winter is over,
and results are much more
prompt and satisfactory when it is
kept at hand and given as soon as
the cold is contracted and before it
has become settled in the system. In
almost every instance a severe cold
may be warded off by taking this
remedy freely as soon as the first in-
dication of the cold appears. There
is no danger in giving it to children
for it contains no harmful substance.
It is pleasant to take—both adults
and children like it. Buy it and you
will get the best. It always cures.

THREW BOY OVERBOARD

George Bird of Toronto Faces
Serious Charge of Murder.

Interfered in a Children's Quarrel—Lad
Saved By Other Children—Says He
Was Not Only Thrown Into Bay, But
Pushed Away From Boat With An
Oar—Bird Gave Himself Up and Says
Nothing.

Toronto, Nov. 15.—George H. Bird,
who lives at Woodbine Beach, was
locked up last night on a charge of
attempted murder. When Bird heard
there was a warrant out for him he
gave himself up. He did not make
any statement. The complainant is
Albert F. Burke, 46 Ann street.
The charge is the outcome of a
children's quarrel. Burke's story is
that on Sunday afternoon he visited
his brother, who lives near Bird, tak-
ing his son Willie, aged 14, with
him. Willie, his cousin, two other
young boys, went for a row on Ash-
bridge Bay. They returned to pick
up two or three little girls. They
met a young son of Bird's. It ap-
pears there had been some trouble
between this lad and the Burke child-
ren previous. They had another al-
location and young Bird came out
second. The Burke family con-
tinued their boat trip and young Bird
went home.

Bird and his son manned another
boat and went in pursuit of the
Burkes and caught up with them.
Young Burke says there were some
words exchanged, and that Bird
climbed into their boat, grabbed him
and threw him into the water. When
he came to the surface Bird shoved
him away from the boat with an
oar so that he could not reach the
boat. Then he threw the oars away
and rowed off in his own boat.
Young Bird, it is said, swam. He says
he was almost drowned when his
companion held one of the little girls
over the side of the boat. She was
able to reach an oar, which she held
out to him so that he grasped it.

The Burkes, accompanied by a
number of neighbors, went to Bird's
house. Bird, it is said, came out of
his house with a rifle. His wife fol-
lowed him. Bird, it is said, tried to
attack Bird, but was prevented by
the neighbors.

Embezzled \$3,000.

Montreal, Nov. 15.—Sheldon T.
Bent, who was secretary and treas-
urer of the Continental Light, Heat
and Power Company, and Shawin-
gan Carbide Company, embezzled the
sum of \$3,000 from his employers.
Bent was sentenced to 19 months' im-
prisonment by Justice Hall in the
King's Bench yesterday morning. It
was in reality a sentence of 23
months, he having already spent
four months in jail, which just saves
him from the penitentiary.

Three Italians Got Three Years.

charge of robbery were sentenced by

spend three years in the Kingston
Penitentiary. They broke into Mrs.

street and stole \$90, and cigars and
tobacco.

charges of offences committed in

A. N. NOTMAN DEAD.

District Passenger Agent of the C.P.R.—
One of the Best.

Toronto, Nov. 15.—The announce-
ment of the death of Alexander H.
Notman, who, as district passenger
agent for the Canadian Pacific Rail-
way, has had his headquarters in To-
ronto for the past five years, will be
received with general regret. There
are few railway men so well known
throughout Canada, and none more
popular. Mr. Notman, whose health
had been failing, left on Oct. 22 to
visit his brother, Felix M. Notman,
at Los Angeles, Cal. His death oc-
curred at Albuquerque, New Mexico,
on Sunday night, he being then on
his way home. The intelligence did
not reach Toronto until last night.
The railway career of Mr. Notman
dates back about twenty years, dur-
ing which time he was constantly in
the service of the C.P.R. Mr. Not-
man was about 44 years of age. A
widow and five sons survive. The
popularity of the late Mr. Notman
cannot be overestimated. As a rail-
road man, in the official sense, Mr.
Notman's place will be exceedingly
hard to fill, and the road loses one
of its most valuable servants.

American Federation of Labor.

San Francisco, Nov. 15.—The Amer-
ican Federation of Labor met yester-
day in Lyric Hall, in the 24th an-
nual convention, delegates from every
part of the United States and rep-
resentatives from England, Canada
and Puerto Rico were present. The
delegates were seated in sections ac-
cording to the states they represent-
ed. The morning session was taken
up with the delivery of and reply to
speeches of welcome and the reading
and acceptance of the report of the
committee on credentials. The after-
noon session was opened with the
reading by Samuel Gompers of his
annual address.

Robert Bell's Success.

lish Hackney Association the gold
medal valued at \$40, won at the St.
Louis Exposition on his hackney
stallion Saxon.

PUTTING IT STRONG

BUT DOESN'T IT LOOK REASON-
ABLE?

This may read as though we were
putting it a little strong, because
it is generally thought by the major-
ity of people that Dyspepsia in its
chronic form is incurable or practi-
cally so. But we have long since
shown that Dyspepsia is curable, nor
is it such a difficult matter as at
first appears.

The trouble with Dyspepsia is that
they are continually dieting, starving
themselves, or going to opposite ex-
treme, or else deluging the already
overburdened stomach with "bitters,"
"after-dinner pills," etc., which in-
variably increase the difficulty even
if in some cases they do give a slight,
temporary relief. Such treatment of
the stomach simply makes matters
worse. What the stomach wants is
a rest. Now, how can the stomach
become rested, recuperated and at
the same time the body nourished and
sustained?

This is a great secret and this
is also the secret of the uniform
success of Stuart's Dyspepsia Table-
ts. This is a comparatively new
remedy, but its success and populari-
ty leaves no doubt as to its merit.

The tablets will digest the food
anyway, regardless of condition of
stomach.

The sufferer from Dyspepsia, ac-
cording to directions, is to eat an
abundance of good, wholesome food
and use the tablets before and after
each meal, and the result will be that
the food will be digested no matter
how bad your Dyspepsia may be, be-
cause as before stated, the tablets
will digest the food even if the stom-
ach is wholly inactive. To illustrate
our meaning plainly, if you take 1-
800 grains of meat, eggs or ordinary
food, place it in a temperature
of 98 degrees, and put with it one of
Stuart's Dyspepsia Tablets it will di-
gest the meat or eggs almost as per-
fectly as if the meat was enclosed
within the stomach.

The stomach may never be so weak,
yet these tablets will perform the
work of digestion, digest the body
and brain will be properly nourished
at the same time a radical, lasting
cure of Dyspepsia will be made be-
cause the much-abused stomach will
be given, to some extent, a much
abused stomach will be given, to some
extent, a much needed rest. Your
druggist will tell you that of all
the many remedies advertised to cure
Dyspepsia none of them have given
so complete and general satisfaction
as Stuart's Dyspepsia Tablets, and
not least in importance in these hard
times is the fact that they are also
the cheapest and give the most good
for the least money.

"The blood is the life." Science has
never gone beyond that simple state-
ment of scripture. But it has il-
luminated that statement and given
it a meaning ever broadening with
the increasing breadth of knowledge.
When the blood is "bad" or impure it
is not alone the body which suffers
through disease. The brain is also
affected, and many an evil deed or
impure thought may be directly trac-
ed to the impurity of the blood. No
one can be well balanced in mind and
body whose blood is impure. No one
can have a wholesome and pure life
unless the blood is pure. Foul blood
can be made pure by the use of Dr.

POLITICAL POINTERS.

A despatch from Toronto to The Hamilton Times says: There is a report that in the general provincial election Premier Ross will seek election in the riding of North Toronto, in addition to the riding of West Middlesex.

In the announcement sent out calling a conference of the Conservative party of Ontario in Toronto there was omitted this important fact, that the editor of every Conservative paper in the province is invited to attend.

The latest is that dissolution, the date of the elections and the personnel of the reconstructed Cabinet will be announced by Premier Ross on or before Monday. The election will be over by Dec. 10. Mr. Whitney is now in Morrisburg.

The Mackenzie, N. W. T. election was held Tuesday. All polls heard from that night show Dr. Cash, Liberal, leading by 250 majority. Complete returns will not be available for several days, but Dr. Cash is undoubtedly elected.

B. O. Lett, defeated Liberal candidate in West Hastings, has instructed his solicitor in Toronto to file a protest against the election of E. Gus Porter. He alleges he has three charges of personal bribery, two over Mr. Porter's signature.

Ontario Nominations.
The Conservative convention held at Orillia on Tuesday to nominate a candidate for the approaching provincial elections was attended by 500 delegates. Mayor McCosh of Orillia was the unanimous choice of the convention.

C. N. Smith, the late member of the Legislature for the Soo, was tendered the Liberal nomination again at a convention held Tuesday. He asked for and was allowed a few days in which to consider the matter of accepting.

The Conservatives of Brockville held a convention Tuesday afternoon to select a candidate for the Legislature. A. E. Donovan of Athens and H. A. Stewart of Brockville were the nominees. A vote was taken, which resulted in favor of Mr. Donovan by a small majority.

The Conservatives of Frontenac Tuesday afternoon voted on three nominations in convention. J. S. Gallagher, M.P.P. of Harrowsmith, the member for the last two sessions; Dr. J. W. Edwards, Cataraqui County Clerk, and Dr. Gibson, Kingston. The latter withdrew, and on a ballot Mr. Gallagher was chosen by 73 to 44, and the nomination was made unanimous.

Flynn Disregarded.
A Valleyfield, Que., Conservative convention Tuesday decided to disregard the Flynn manifesto and give the full support of the Conservative party to Arthur Plant.

The Conservatives of Montreal district appear to be ignoring the Flynn manifesto. The Opposition last night nominated S. Carmichael in St. Antoine, who will be opposed by Eugene Lafleur, K.C. The Conservatives will also run Hqn. F. Leblanc in Laval, Teller in Joliette, Gardin Compton Cote in St. Louis and St. Pler in Stanstead.

Criminal Libel Charged.
Belleville, Nov. 16.—Another turn was given to the bogus ballot box sensation yesterday morning when E. Gus Porter, M.P.-elect, took out informations against T. S. Carman, proprietor of The Ontario, and F. E. O'Flynn, a prominent Liberal barrister, charging them with criminal libel. The informations are returnable to-day to A. F. Wood of Madoc, who will sit with W. F. Hudson, J. P., and Stanley Vandervoort, J.P., at the Shire Hall, to try the case.

The defence will ask for an adjournment and the preliminary hearing will go over until Saturday.

Sir Wilfrid Thanks Ottawa.
Ottawa, Nov. 16.—Sir Wilfrid Laurier writes to Major Ellis in acknowledgment of the resolution recently passed by the City Council, congratulating him upon his victory, as follows:

Ottawa, Ont., Nov. 14, 1904.—I have received a copy of the resolution which was unanimously adopted by the Council of the City of Ottawa on the 7th of November to congratulate me upon my victory. The decision on what must be to me the gratifying manner in which I have again been returned to power by the electorate of Canada. I felt highly moved by this action of the Council, which I appreciate all the more as it issues from a body of men in which all shades of political opinions are represented. I would respectfully ask you to convey to the members of the City Council the very sincere expression of my gratitude for the sentiments contained in this resolution in which one and all, forgetting party differences, have united. I would particularly desire to impress upon the Council the assurance that the Government will continue their effort to beautify Ottawa and make it evermore worthy of its position as the capital of this young and growing country. I have the honor to be, Dear Mr. Mayor, yours respectfully,
Sir Wilfrid Laurier.

Died Aged 103.
New York, Nov. 16.—Patrick Maloney died at his home in Jersey City Monday, of old age. He was born in County Clare, Ireland, in 1801, and came to this country in 1840. One of his prized possessions was a pledge of total abstinence, made in Ireland, and which he had religiously observed. He entered the employ of the Erie Railroad and remained until he was 92 years old, when he retired with a pension.

Ottawa Asks a Grant.
Toronto, Nov. 16.—A deputation of four from the Ottawa Council waited on Hon. John Dryden yesterday regarding an added grant in connection with the erection of a fat stock fair building there and were promised a recommendation of \$4,000.

Ottawa Man Charged.
Detroit, Nov. 16.—Norman Livingstone, aged 19, of Petrolia, is in jail here charged with taking part in recent hold-ups.

That Whoop!

Have you had it in your house? It's cough and cough and cough, and then that terrible whoop! Don't upset the stomach more by giving nauseous medicine. Just let the child breathe in the soothing vapor of Vapo-Cresolene. It goes right to the spot that's diseased. Relief is immediate, and in a very few days the cure is complete. You can't say the same of any other treatment. For asthma, catarrh, and colds it's equally good.

Vapo-Cresolene is sold by druggists, or sent express prepaid on receipt of price. A Vapo-Cresolene outfit including a bottle of Cresolene, complete U.S. and Canadian free illustrated booklet, Lassar, Miller Co., Ltd., Agents, 208 St. James St. Montreal.

PUBLIC OWNERSHIP.

Toronto, Ottawa and Hamilton After Their Respective Street Railways.

Toronto, Nov. 16.—Yesterday Mayor Urehart gave notice of motion looking towards the expropriation of the Toronto Street Railway. Ottawa, Nov. 16.—Ottawa has asked and received an offer from the Ottawa Street Railway. The price set is \$2,500,000. It is being considered.

Hamilton, Nov. 16.—The city can buy the Hamilton Street Railway for less than \$875,000. Just how much less than that the members of the company decline to say until the city makes a proposition. Hon. J. M. Gibson, the president, said last evening that the company would be doing well if it realized that sum by the sale of the street railway, and he hinted it could be bought for less.

Considers Bargain Good.
St. Thomas, Nov. 16.—That the city has made a splendid bargain in the agreement entered into with the Gas Company for the taking over of was fully realized by the members of the City Council Monday evening, when at a special meeting for the purpose City Solicitor Doherty made a detailed report of the proceedings leading up to the settlement. The action was fully endorsed by the aldermen, who, without exception, declared the bargain as a splendid one, and expressed their confidence that the ratepayers would sanction it when the bylaw was put before them in January.

TRIED ALL ELSE TO NO BENEFIT

Then Dodd's Kidney Pills Cured His Diabetes.

Startling Case of Thos. Harrison, of St. Mary's Ferry—He Tells The Story Himself.

St. Mary's Ferry, York County, N. B., Nov. 14.—(Special).—That Dodd's Kidney Pills will cure Diabetes, one of the most deadly forms of Kidney Disease, has been satisfactorily proved by Mr. Thos. Harrison, of this place. Speaking of his cure Mr. Harrison says:

"I began to suffer with severe pains above the region of the Kidneys. When I lay down it was torture to get up again. My appetite failed and I lost flesh rapidly. I doctored with several physicians but it was all no use. Shortly after this I began to urinate blood and then I knew I was in the grip of that dread monster, Diabetes. At this time a friend prevailed on me to try a box of Dodd's Kidney Pills and they did me so much good I continued the treatment till I had used three boxes. They cured me completely."

SATCHEL OF THE SATELLITE

Whisper it again. There's something great coming.

You can't expect young Canadians to enthuse over corruptionists.

Let everyone turn in and give the new market building by-law a good hoist.

I'm going to give thanks to-morrow—and I've got a lot to give thanks for.

Watch the verdict of the people of West Kent in the coming Provincial campaign.

I see Arthur Dunn is out for Alderman and A. E. Lenfestey for school trustee. Both good men, too.

Well, my friend Ald. Edmondson is on the winning side this time with his new market building project.

Talk about hustle and enthusiasm! If my friends keep it up West Kent's majority for good, clean government will be a thousand.

Thanksgiving

Store closed to-morrow, the one day in all the calendar that sings the fireside joys and emphasizes the comfort of home.

Business can afford to wait while we keep festival and join you in the multitude of blessings to be remembered.

Thanksgiving appeals to us this year with greater enthusiasm than ever before. This store has been successful beyond its best anticipations, and every incident of trade has been in keeping with your good will.

The success that we have here hasn't come by chance, and the inspiration of larger progress comes of such good cheer as surrounds THANKSGIVING.

Store open this Evening till 10 o'clock. Closed all day To-morrow.

THORNTON & DOUGLAS, Limited

Just think how it must gail good, clean honest men to be urged to become standard-bearers for the Stratton-Sullivan-Ross corruptionists.

All the friends of good, clean provincial government in West Kent will meet in convention here on Saturday to choose a standard-bearer.

This is a glorious Province, we have a glorious people and we're soon going to have a glorious government. Let us all give thanks to-morrow.

I cannot understand why coal can be purchased in Toronto and Hamilton for \$6.25 a ton, delivered, and in Chatham I have to pay \$7.00 a ton.

I miss my guess if the honored, upright men of Chatham Liberalism will fight the battle of the corruptionists. Just watch, and see if I'm not right.

Those bogus Yankee ballot boxes in West Hastings were smuggled in as bee-hives. Likely that's what made the machine men so eager to "listen to the hum."

A good Liberal friend told me that the Ross whitewashing convention would have to substitute the battle cry, "Remember Ross," by "Forget Stratton."

I hope my colleagues in the cause

of clean government will soon get busy in East Kent. Let's get both of our candidates nominated early. First come, first served, you know.

There is one question which, if taken up by the Stratton-Sullivan-Ross convention, would deeply interest the public. It is the old, yet unanswered, problem, "Where did the money come from?"

Treat for Theatre-Goers

"The Mummy and the Humming Bird," which will be presented at the Grand here on Friday night, is said to have received the highest praise, both as to the play, from the people producing it, and from the press. Manager Brisco personally recommends it to his patrons as a production of unusual merit and one of the very best ever offered in Chatham.

The Ottawa Press says—No play ever received such an unanimously favorable verdict.

The London Press says—The very best ever offered in London. Seats are now on sale.

There will be a meeting of the Liberal-Conservatives of polling subdivision No. 13, to-night at 8 o'clock, in the office of S. B. Arnold, Fifth St., for the purpose of electing delegates to the convention which will be held on Saturday.
