C. indicates that the student has been promoted conditionally.

Mr. Barker Custom's Officer.

The vacancy caused in the Customs Office here by the promotion of Mr. Fred D. Shaw, has been filled by Mr. E. N. Barker who assumed the reins of his office last Monday morning.

Mr. Barker as we all well know, is an Englishman by birth. He left the old country in 1882 to try his lot in America. One year was spent in Iowa and another in Montana. Both of these were occupied in Farming and Ranching. In 1884 he crossed the International Boundary into Montana, bringing with him a bunch of horses from Billings, Montana, the next two years were spent on the Cochrane Ranch, "and all the time," he says, "I had my eye on the country around what is now the Cardston District. The grass was more luxuriant over here and action of the Chinook made it the most favorable of any place I had known."

In 1885 Mr. Barker shouldered his musket in defence of the country and marched to Medicine Hat. This was during the Riel Rebellion. He was stationed to patrol from the summit of the Cypress Mountains east and west to old Fort Walsh.

The following year he entered a homestead on Lee's Creek and when the first Mormon settlers arrived was living in a log house with our old friend—tried and true—Mr. H. A. Donovan. In 1891 Mr. Barker left for the United States where he remained until May 1905. During his stay in New York he edited Field and Fancy and was also prominent as a judge of live stock—his special branch being the four-footed domestic—dogs and cats.

July 12, 1907 he was sworn in as Collector of Customs at the Sub Port here on Monday, as stated in the beginning of the article, he commenced his new labors. Mr. Barker has been a faithful, intel-

igent and aggressive worker for Cardston and all things that tend to promote the growth and progress of Southern Alberta.

Custom's Officer Shaw Promoted

After serving for just 12 years and one month, Custom's Officer, Fred D. Shaw, received his promotion on Saturday last, by virtue of which he takes charge of the Inland Revenue and Custom's office in the City of Lethbridge.

Mr. Shaw is a Nova Scotian by birth but a genuine westerner by adoption. From 1880 to 1884 he served in the North West Mounted Police. Following this he put in ten years at Macleod practicing dentistry. On June 12, 1895 he commenced his duties as Collector of Customs at Cardston and since that time has been engaged in that work.

Mr. Shaw left on Monday for Lethbridge where he will be permanently located for the future which we trust will be as successful and satisfactory as the past. In the departure of Mr. Shaw, Cardston loses a pioneer but Lethbridge will gain a thorough-going optimist for Southern Alberta. In his office Mr. Shaw has conducted himself in a most exemplary manner—strictly business from the word go and never for a minute meddling in political or civil affairs. Just as soon as he can make arrangements for the location of his family they will join him at Lethbridge. We wish him much success in his new field and hope that he will always remember that Cardston holds first claim to his future honors in one of the best Governments under the sun.

Bowel Complaint in Children

During the summer month children are subject to disorders of the bowels which should receive careful attention as soon as the first unnatural looseness of the bowels appears. The best medicine in use for bowel complaint is Chamberlain's Colic, Cholera and Diarrhoea Remedy as it promptly controls any unnatural looseness of the bowels. For sale by all druggists and dealers.

101 1/2 Cardston, Alberta, Canada.

Friday, July 19, 1907.

Through an oversight last week we omitted to credit Mr. C. A. Gigt with the authorship of that most excellent toast, "THE LADIES."

THE STAR hastens to congratulate Mr. Kevin on his advancement to Superintendent of the A. R. & L.—particulars of which will be found in the local column. Merit and capability are the strong factors in his favor.

It would be a good thing for the executive of the Board of Trade to call a meeting—a special one—for the considering and arranging of an excursion from Utah. Scores of people in Utah are anxiously making inquiries as to when the Excursion will take place. So far as we know there is no definite information at this end of the line or in any of the towns this side of the International Boundary. For the best good of the country, the Excursion should be brought on at the earliest possible date.

There will be a great big celebration here on the 24th under the auspices of the Alberta Stake Sabbath Schools. This announcement alone should be sufficient to convince all our friends and neighbors that it will be a grand and profitable success. The merchants and business men of Cardston have liberally donated towards the same and once again we would like to ask you how much the Mail Order Houses have put on the list? Nothing at all brother! Nothing at all!

VANDERHOOF AND SOUTHERN ALBERTA.

The Southern Alberta News hands out a nice bouquet to Mr. Theodore Knappen, former Secretary of the Western Canadian Immigration Company, and with the same fist, pastes Vanderhoof, the present incumbent. In these words, "Cheap, insincere, Chicagoan, without Knappen's breadth of character and ability, he has made a pitiful fizzle where Knappen made a great success." This simmers down to a mere difference of opinion in the men's respective personalities. So far as effort is concerned, sincerity and ability, it cannot be argued that Vanderhoof has less than Knappen. So far as Lethbridge and this part of Southern Alberta is concerned, Knappen said nothing and never visited it, on the other hand, Vanderhoof, has

brought two special trains and sent scores of others along. We chanced to read one of the little memorandum booklets which Vanderhoof presents to journalists and prominent people coming west, and in it we found these words, "Don't fail to visit Lethbridge and the Mormon settlements. See the famous Galt Mines, The Sugar Factory, and the finest agricultural district." Now is that for Vanderhoof! This booklet was in the hands of Miss Anson of the Minneapolis Journal and was handed to the writer for his autograph. The Eye Opener may not like Vanderhoof but just look up the leading magazines of the U. S. and see what he is saying for Alberta and the West. Read Canadian West and follow the efforts of this young man. Gratitude and common courtesy (especially from the city of Lethbridge for which he has done so much) demands that he should receive due appreciation and recognition for his labor. You don't catch Vanderhoof "happin'" when it comes to the advantages of Southern Alberta; you never caught Knappen south of Calgary.

THE CASH SYSTEM.

The Pass Mercantile Company writing in the Southern Alberta News of July 17th says, "The Cash System is a complete success. Sales are not so large, we did not expect them to be. Everybody is satisfied with this up-to-date system except those who do not want to pay for what they get or in other words 'dead beat' doesn't like to pay cash as it is not in keeping with his principles. As to the prices we can say that all dry goods have been reduced 10 per cent since the new system came into effect and groceries have also been reduced in most cases to a margin which barely covers expenses." The above excerpt was brought out as the result of an editorial in the Frank Paper which stated that the Cash System had been a failure. We are glad to note the wholesome "reduction" and hope that Cardston will adopt the Good Word, "Go thou and do likewise." The Cash System is the best God-send Cardston ever had.

The way that Barker has attended to duty surely equips him for the work he has now undertaken. It will be his duty to look after duty and we are only doing our duty when we commend him for the duty he has performed—ALWAYS ON DUTY.

Saved His Comrade's Life
"While returning from the Grand Army Encampment at Washington City, a comrade from Elgin, Ill. was taken with cholera morbus and was in a critical condition, says Mr. J. E. Houghland, of Eldon, Iowa. He gave him Chamberlain's Colic, Cholera and Diarrhoea Remedy and believe saved his life. I have been engaged for ten years in immigration work and conducted many parties to the south west. I always carry this remedy and have used it successfully on many occasions." Sold by all druggists and dealers.

The Microbe Called UNREST.

The following lines were prompted by reading a short article in the Winnipeg Commercial of July 13. The article in question was taken from the System Magazine.—D. H. E.

There is a microbe called UNREST.
With DISCONTENT he consorts best.
He breeds in many a busy brain
And fosters mad desire for gain—
Unbalances a judgment sound,
And leaves the mind deserted ground.
He urges schemes unsafe, unwise,
Misjudges, misdirects, misguides.
Unfits the fittest; blurs the clearest sight;
Sours the ambition; dims the spirit's light.
You ask, "What is the remedy
To set one from this microbe free?"
The cure that you will find the best
Is PATIENCE AND CONTENTEDNESS.
Take these and in your work you'll find—
Whether of muscle or the mind,
A force within—uplifting power,
To bless and strengthen every hour,
Thus fitted for the highest prize,
You'll conquer, overcome and rise.

Editorial Comment.

Do you know that Professor Campbell said, speaking of the Cardston District, "You have the cream of the whole country and don't know it." Maybe we don't "know it" but anyhow just watch us skim one of the largest and best grain crops ever gathered. Some people "don't know it" but the people who are fortunate enough to come along just now must surely know it.

Here's to the health and long life and success and happiness of our new Customs Officer. His name? Why didn't you know that it was the original and comely, E. N. Barker. Yes that's the fellow. Mr. Shaw has been promoted to take the General Post at Lethbridge and the Sub Post here has been turned over to E. N. Barker. Now we know why he was so anxious to catch that train at Raymond that he got left. He will probably attend to the "duty" of the A. R. and I. in a very rigid manner. There is only one great big regret that the Cardston people and the people of Southern Alberta will have in this promotion and that is the fact that one of the best and most capable publicity men will be taken from public life. The Council will lose an efficient and faithful member while the Board of Trade and the Farmer's Association will lose a thorough and aggressive secretary. Cardston will be the heaviest loser in the deal but Cardston's loss will be Barker's gain for men of his calibre and integrity are very seldom compensated for the work they do for the people and the district—it's mostly a labor of love and more love—but no chink.

Some good people imagine that they get a fair view of Cardston District and her products from the Railway Car. This is not so in any degree. The best grain in this district is not to be seen from the railway. Take east of the St. Mary's River and south of Cardston and you begin to see the Cardston District. Our friends should not pass judgment on what they see from the cars although we are free to confess that what they do see from the cars between Magrath and Cardston cannot be excelled anywhere along the line, still we have much better grain than that—grain that will yield under normal conditions, 50 bushels to the acre. This is not exaggeration. Remember also that the grain we speak of is not under irrigation and also set it down in your note book that there is not a spear of grain or other field products irrigated in the Cardston district. So many people inquire as they look over the fields of grain, "Has this been irrigated?" One intelligent glance over the country would convince anyone that it would be impossible to irrigate in this district.

Unknown Friends.

There are many people who have used Chamberlain's Colic, Cholera and Diarrhoea Remedy with splendid results, but who are unknown because they have hesitated about giving a testimonial of their experience for publication. These people, however, are none the less friends of this remedy. They have done much toward making it a household word by their personal recommendations to friends and neighbors. It is a good medicine to have in the home and is widely known for its cures of diarrhoea and all forms of bowel trouble. For sale by all druggists and dealers.

Don't you want some ice during the hot weather? We deliver daily any quantity from ten pounds up. If you have your own cream it is an inexpensive luxury to have ice cream almost daily. Our little freezers will make it in ten minutes. Book of recipes with each freezer. For sale or hire from W. O. Lee & Sons.

Modest Claims Often Carry the Most Conviction

When Maxim, the famous gun inventor, placed his gun before a committee of judges, he stated its carrying power to be much below what he felt sure the gun would accomplish. The result of the trial was therefore a great surprise, instead of disappointment. It is the same with the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy. They do not publicly boast of all this remedy will accomplish, but prefer to let the users make the statements. What they do claim, is that it will cure diarrhoea, dysentery, pains in the stomach and bowels and has never been known to fail. For sale by all druggists and dealers.
