THE ACADIAN.

WOLFVILLE, N. S., AUG. 2, 1907.

Sanctum Suggestions.

THE ACADIAN would be glad to receive and publish suggestions from citizens with reference to the establishment of new industries in our town.

An independent newspaper is not likely to receive any boquets from newspapers that are not independent, remarks the St. John Times. This is very true, and we may further add that we have noticed that the most severe criticism of an independent paper's independence invariably comes from those who are bound hand and foot to party affiliations.

The news which was received on Wednesday that the Judicial Committee of the Privy Council had dismissed with costs the appeal in the Townsend liquor case was received with great satisfaction in this county. The decision is regarded, and justly so, as a great triumph for the temperance cause. This case has been before the courts for nearly two years, and its favorable termination will be a great incentive to those engaged in the promotion of the temperance reform.

With reference to the Chamberlain policy of closer union within the empire, the Malaya (India) Times says:— "Though Joseph Chamberlain may be stricken and laid low—only for a time, let us hope—his dream lives in the united demand of the colonies for a realization of their proper position in the political economy of the empire. The colonies demand, without one dissenting voice, that they now, and before it is too late, be made integral parts of an undivided and indivisible empire."

The Chatham delegates to the Maritime Board of Trade which meets at St. John August 22nd will bring up for discussion the advisability of an export duty on pulpwood. No subject with which the Board will be called to deal is of more pressing importance than this, and we look confidently for a strong resolution impressing upon the provincial and federal governments the wisdom of prompt action to prevent the drain which is now depleting our forests, and robbing our workmen for the benefit of foreign competitors in the production of pulp and paper.

An Open Letter to the Board of Trade of the Maritime Provinces.

As there will soon be a meeting of the Maritime Board of Trade in the city of St. John, and at that meeting the representatives of the provinces, or finance, can be legitimately, and should be intelligently, discussed and acted upon, each local Board should therefore be prepared to give instructions to its delegates regarding the subjects which they wish brought up for discussion.

Several subjects have been mentioned in the local press, but there is one of great importance to the Maritime Provinces that has not yet been mentioned for discussion, and that is the rapid destruction of our young spruce forests by the exportation of pulpwood to the United States.

Sir William Van Horne has soundly a note of warning that every Canadian should read and digest, showing that while pulpwood is only worth \$6 per cord at the port of shipment, if converted into pulp it would be worth \$19, or into paper \$37.80. Should we not then insist upon a heavy export duty on logs, pling and pulpwood and by this means encourage the manufacture of pulp and paper where we have the raw material to work upon, with plenty of unemployed waterpower to develop for the purpose?

There is another phase of the subject which we in this part of Nova Scotia must consider, and that is the consumption of our spruce woods in the manufacture of barrels for the export of apples and potatoes. The demand for staves and heading is largely increasing, and raising in price each year, and the trees from which the stock is cut is about the same as that used for pulp.

At the present day the yearly consumption of spruce in this county of Kings must be more than double the annual growth of the forests. How long then will it be before we shall be without spruce timber for any purpose, unless something is done to conserve our forests.

Taking these points into consideration it is not the duty of the Maritime Board of Trade to pass a strong resolution asking the Dominion Government to impose an export duty on all manufactured products of the forest, heavy enough to ensure the manufacture of logs and pulp wood into lumber and pulp before it is exported, thus doubling the value of the logs, and trebling the value of the pulpwood to the country when exported to other countries.

Since writing the above, the Halifax Herald has published an able article on the subject which should be read by everybody, as it covers the ground completely.

Thank you for space, Mr. Editor, I am,
A MEMBER OF THE WOLFVILLE BOARD OF TRADE.

PATERSON'S
Cambridge Watery

Appointments at Acadia Seminary.

The appointment has been made of Mr. J. C. Ringwald to the position of director of the department of music at Acadia Seminary. The following brief sketch of Mr. Ringwald's career will be of interest to many of the readers of THE ACADIAN:

Mr. Ringwald's musical education began with his father, J. M. Ringwald, and was continued in the teacher's seminary, Nagold (Germany), from which school he was graduated. After several years of teaching and concert work he entered Leipzig conservatory where he studied with Jadsobn, Piatti, Papperitz, Homeyer and Braving, at the same time attending lectures at the University. During his course he was appointed Assistant Organist at St. Peter's church, and, later, assistant organist at St. Thomas' church, made famous through J. S. Bach, the great composer and organist. After his graduation from the conservatory Mr. Ringwald appeared with great success in many concerts in Leipzig and other German cities, meantime continuing his teaching. Coming to America he was appointed to give a recital at the annual convention of the New York State Music Teachers' Association in Saratoga, June, 1900, at which he was enthusiastically received. He has been teaching piano since with great success and has appeared in many concerts and recitals with marked favor.

To assist Mr. Ringwald the following appointments have been made:

Miss Fortia Starr is a graduate of Acadia Seminary, a pupil of Teresa Carreno and Ernst Jedliczka in Berlin. She holds the degree L. V. C. M. of the Royal Victoria College of Music, London. Her teaching experience has been gained at Acadia and more recently at the Pennsylvania State Normal School, Bloomsburg, where last year she was at the head of the music department, with four assistants. Numerous testimonials set forth the excellence of her work which is guaranteed also by the fact that she was reappointed to the position for the coming year. Miss Starr will be warmly welcomed back to Acadia.

Miss Anna Roth, a sister of Miss Louise Roth who has achieved so large a place in the musical life of Acadia as teacher of violin, has been appointed as third assistant in piano-forte. Miss Roth has been a piano-forte teacher all her life, having studied with able instructors. Among these may be mentioned Justina Smith, at present supervisor of Music in the College of Industrial Arts, Texas, Mary Auld and Elizabeth Kindsfoos. These all speak of her work in the highest terms.

Other Appointments—The department of physical education will be conducted according to the plans laid down by Miss Munsey. Miss Jeannah work at the opening of the term is a graduate, with high standing, of the Sargent school of physical education, and comes with the strongest recommendations both from Dr. Sargent and from Dr. Carl Schrader. She is spoken of as an enthusiastic worker, an inspiring teacher possessing a pleasant personality.

Miss Margaret Keever, who will teach stenography and typewriting, has been for two years teacher in these branches at Mt. Allison academy and commercial college. The Pitman system of shorthand which has been so successfully taught by Miss Webster will be continued by Miss Keever. Miss Keever comes highly recommended.

Miss Sarah Patterson, whose work as nurse was so much appreciated last year, has now so far recovered from her illness as to be ready to assume her duties at the opening of the term. Parents may feel that their daughters' health is perfectly safe-guarded in the hands of so experienced and capable a nurse as Miss Patterson.

For an Impaired Appetite.

To improve the appetite and strengthen the digestion try a few doses of Chamberlain's Stomach and Liver Tablets. Mr. J. H. Seitz, of Detroit, Mich., says: "They restored my appetite when impaired, relieved me of a bloated feeling and caused a pleasant and satisfactory movement of the bowels. Price, 25c. Samples free. At Raul's Drug Store."

Hints for Pancake Making.

A good way to prepare the pan for pancakes, fritters and such things, is to put the butter in a clean cloth, and rub the little bundle all over the pan. The heat, melting the butter, will let just enough through the cloth to butter evenly and prevent waste. For the pancakes themselves, there is an increasing use of Blended Flour, which good cooks agree, is without an equal for making light, tasty pancakes. It can be had from any good mill—and is a scientific blend of Ontario fall wheat and Manitoba spring wheat. Freed, as it is from waste matter, this Blended Flour is richer in flavor, and of lower value than either of the wheats could give alone. It contains just the proportion of those elements in flour which prevent the food becoming soggy and indigestible.

The blending of flour is an old trick, thought good housekeepers by their mothers and grand-mothers. It is convenient to have this by-no-means-easy task shifted from our burdened shoulders onto the broader, sturdier ones of the dustless millers of to-day. And they should certainly do the blending more accurately, with all the modern machinery, than could be accomplished by the most painstaking work at home.

Careful housekeepers are using Blended Flour for bread and pastry.

This is For You.

We are offering for the next few weeks some very special low prices on FOOTWEAR. Every shoe in our large stock is to be sold at reduced prices. Trunks, Grips and Suit Cases at Cut Prices.

WOLFVILLE, N. S. MITCHELL'S SHOE STORE

The Feasibility of the Town Plot Aboiteau.

It has been objected that the aboiteau is not feasible, on account of quick sands at the bottom of the river at the proposed site. This is a mistake. Instead of the quicksand bottom which had to be overcome in the case of the piers across the Petitcodiac at Moncton, where, as I have been informed, the piers sank 75 feet on the Moncton side, or at Charlottetown, where the situation was very much worse; or, as in the case of our own renowned Canard aboiteau, where the poor foundation caused the main trouble and consequent re-building, thereby proving ruinous to some of those concerned,—instead of these difficulties we have at Town Plot a smooth, solid rock practically all the way across the river, thus making it possible to estimate almost the exact amount of the proposed structure.

When the question of an aboiteau first arose, I had prepared, by Mr. Stabb, of Wolfville, a competent engineer, a plan of a structure at Port Williams, composed of rubble masonry, with a solid cement core six feet thick. It was made from actual measurements, and intended to withstand wave pressure. Its contents were estimated at 16,800 cubic yds., representing, at \$5 per yard, a total cost of \$84,000. The reader will bear in mind that the piers at Port Williams could not be used in the construction of an aboiteau without the entire suspension of traffic, to which the public would scarcely agree. Now the measurements taken at Town Plot require 25,000 cubic yards of concrete similar to that computed for the Port, and at the same cost per yard would amount to \$125,000. If, however, a Government in conjunction with the aboiteau were secured, as previously stated, the cost would be very materially reduced,—say 15 or 20 per cent. In a letter before me from Mr. McColl, Government Engineer, is a rough estimate of the same, from measurements taken by his assistant, Mr. McKenzie, in which he places the figure at \$150,000. He is very careful to state at the same time that this being a very important structure, no engineer could give an exact estimate on it without very full investigation of the locality, etc. I believe, however, that when the investigation takes place, and all the conditions and facilities for gathering materials cheaply are understood by Mr. McColl, his estimate will not be found in excess of Mr. Stabb's which was made high by request, so that it might not appear to disadvantage in comparison with other engineers' estimates, including that of the Government.

The pore one examines this scheme, the more feasible does it appear. Not only is the Town Plot site naturally favorable, but the facilities for securing stone, sand, and cement, are equally surprising. All the materials can be secured at the lowest cost. When the people in this county are sufficiently interested to make their just claims upon the Government for the cost of a bridge at the point named, it will be an easy matter to induce all the other interests to join in supporting the undertaking. Some time of course must be allowed to the process of arousing the desired interest, but the signs are encouraging, and the intelligence and clear advantage of the people must win in the end.

G. B. BRADY, Greenwich, July 31st, '07.

The Canadian Magazine.

The holiday equipment would be well supplemented with a copy of the August number of The Canadian Magazine, which contains a good supply of short stories and excellently illustrated travel articles. The art features are exceedingly good this month, the wash and pen drawings being above the average. With one or two exceptions, for instance, an article entitled 'Party Government,' by Prof. Goldwin Smith, the number contains light, warm weather reading matter.

Eczema.

For the good of those suffering with eczema or other skin trouble, I wish to say, my wife had something of this kind and after using the doctor's remedies for some time concluded to try Chamberlain's Salve, and it proved to be better than anything she had tried. For sale at Raul's Drug Store.

The St. John Telegraph, and its evening edition, The Times, have been bought by a syndicate consisting. It is said, of prominent New Brunswick Conservatives.

THE ACADIAN.

WOLFVILLE, N. S., AUG 2, 1907.

Local Happenings.

Camp-meeting opens at Berwick next week.

Cash paid for wool at Willow Vale Tannery.

Fresh beef, veal, pork and mutton, salmon, shad, halibut and cod at Elliott's.

The Fancy Work Club will meet next Tuesday evening at the home of Miss Margaret Harvey.

There seems to be quite a demand for properties in Wolfville just now. We have a number of enquiries.

The many friends of Rev. Dr. Sawyer are very sorry to learn of his illness and that he may soon be restored to health again.

Rev. H. T. DeWolfe occupied the pulpit of the Kentville Baptist church last Sunday. Next Sunday he preaches in the German street Baptist church, St. John.

It is expected that the pulpit of St. Andrew's church will be occupied on Wednesday by Rev. W. R. Foote, missionary to Korea, who is now home on furlough.

Prof. Burton Starr, of Texas, a cousin of Mr. C. R. H. Starr, of this town, who is spending the summer in Wolfville, has charge of the organ of the Baptist church. Prof. Starr is a talented organist.

There will be a meeting of the Wolfville branch of the People's Game and Fish Protective Association at the office of Dr. McKenna at 8 o'clock on Saturday evening. All the members are requested to be present.

Free sample pkg. Mennen's Talcum powder at Rand's.

Mr. G. E. Elliott has sold his handsome residence at the corner of Linden avenue and Summer street to Mrs. O'Brien, of Sheffield Mills, who will come to Wolfville to reside about the first of September. The price paid, we understand, was \$3500. The property is a fine one.

The latest addition to the number of Wolfville automobiles is a Ford runabout owned by Mr. W. S. Wallace. This is a very speedy and fine-looking machine and is much admired. Mr. Wallace purchased the carriage from Mr. J. W. Beckwith, of Bridgetown. It was new this spring and is certainly a first-class vehicle.

The new Gasolene launch, Tourist, arrived in port on Tuesday afternoon, and was much admired by those who inspected her. She is a staunch and well fitted up craft, and apparently is admirably adapted to the use to which she is to be put. The weather has been unfavorable for excursions this week, but when the weather improves she ought to do a good business.

Dulse is cents per pound at Acadia Pharmacy.

THE ACADIAN has received a copy of the prize-list of the Hants, Kings and Annapolis counties exhibition, which is to be held at Windsor on Oct. 9th, 10th and 11th. The sum of \$1400.00 is offered in prizes for exhibits in fruit, flowers, vegetables, grain, and poultry, with the competition open to the province. Further particulars may be had from the secretary, Mr. P. M. Fielding, Windsor.

Mr. J. F. Herbin has just received from his publishers a new edition of his book, "The History of Grand Pre." A copy has been laid upon our table by the author. It is a considerable improvement on former editions, being printed from good clear type on an excellent quality of paper, well bound and copiously illustrated. The author has also added considerably to the contents of the book, making it a most interesting and useful publication. We congratulate Mr. Herbin on his enterprise.

To Let.—The house now occupied by Mrs. Gibbons, nine rooms and bath, set range. Possession April 1st. Apply to L. W. Sleep.

The Grand Pre memorial work is progressing. The well has been curbed with stone from the Acadia cedar on the grounds and a fine sweep placed in position. Part of the foundation of the priest's house has been exposed. The site of the old cemetery has been marked with a stone structure. This is to be surmounted with a stone cross and inscription.

The site for the Longfellow memorial has been selected. The foundation of the church will shortly be exposed. Another well, thought to have been dug by the troops under Colonel Winslow when encamped on the grounds in 1755, has been located.

Have you tried a drink of genuine Hires' Root Beer from the keg at Rand's?

Mr. Moritz Hauptmann Emery's Summer School closes this week although several pupils will continue lessons through the month. Mr. Emery's time for the coming season, as teacher, performer and conductor, is already well taken. He will give vocal recitals toward the end of August, assisted by his pupils, Miss Joy Lawrence, in Grand Pre, Middleton and Berwick, in which last named place he has been engaged as conductor of a Choral Club of one hundred voices. Mr. Emery is already organizing a Singing Club for boys and girls of this town with the intention of giving a Cantata in the winter; also an adult Choral Society of a limited number of voices to render some of the more difficult and intricate works of Massenet, Lott, Bach, Lehmann, etc., not possible with a large chorus. All desiring to join are invited to apply at once to Mr. Emery.

How Do These Styles Suit You?

They are the very newest and latest for summer wear, and they are the finest combination of style and value that we have ever shown. Note the fit of the shoulders and see how snugly the collars and lapels follow the form, and how artistically proportioned they are! Even if they hadn't the label on them you would know that they are the product of the

20th Century Brand

tailor shops in Toronto. No style point has been overlooked and no effort spared to make them what they are—the best in Canada. Prices are the lowest you ever paid for good clothes; but, perhaps not the lowest you ever paid for bad ones. All sizes, many prices.

WE ARE SOLE AGENTS.

C. H. BORDEN,

WOLFVILLE.

Canning Items.

Rev. Charles Freeman, who has been preaching in Western Canada for a number of years, arrived in Canning last Thursday. It is expected that he will occupy the pulpit of the United Baptist church on Sunday next.

Mr. and Mrs. Cadman and little son, of Massachusetts, who have spent several weeks here, left on Monday. While here Mr. Cadman took an active interest in our base-ball team, helping the boys on several occasions.

Mr. and Mrs. Harry Starratt, of Paradise, N. S., were in town over Sunday, guests of Mrs. Starratt's parents, Mr. and Mrs. E. B. Harris.

Canning now boasts a veterinary surgeon in the person of Dr. Wylie Church, a graduate of the New York American Veterinary College.

Miss Julia Lyons is clerking in Mr. A. D. Fayzant's dry goods establishment, in place of Miss Edith Ellis, who left last week to take a vacation.

Miss Laura Eaton arrived home from New York on Saturday last to spend the summer with her parents, Mr. and Mrs. Edgar Eaton. She was accompanied by two friends.

Mr. Robt. Parker, son of Mr. G. W. Parker, has entered the employ of the Canning branch of the Bank of Nova Scotia.

Mrs. L. F. Blenkhorn and four children are spending a week at Grand Pre, with Mr. and Mrs. Charles Patrigu.

Miss Harriet Rand, of Canard, is spending several months in town, the guest of Mrs. R. B. Eaton.

The death occurred on Tuesday morning of Mr. Charles Borden, a highly respected citizen, after a lingering illness. The funeral took place Wednesday afternoon from his late residence.

A reception for Rev. and Mrs. Joseph Sellars was held in the vestry of the Methodist church on Tuesday evening. A pleasant time was spent in social intercourse, then refreshments were served, after which short speeches of welcome were made by Revs. F. H. Beals, of Canard, D. Armstrong, of Kingsport, Mr. Wilson, of Margaree; Messrs. W. H. Hardwick, Sidney Blenkhorn, E. M. Beckwith and N. W. Eaton. Rev. Mr. Sellars as guest of the evening was then called on and responded by heartily thanking the speakers for all their expressions of welcome, and briefly stating what he should expect of the church members in the various departments of the church work. The reception was then closed by singing the doxology.

Personal Mention.

Master Paul and Roy Davison are visiting in Palmouth.

Miss Nellie DeWitt is visiting her friend, Miss Florence Harding, of St. John.

Mrs. (Dr.) Chute is visiting in Annapolis, the guest of her sister, Mrs. (Judge) Savary.

Mrs. Albert Miner and daughter Nellie, of Wolfville, have been visiting friends in Berwick.

Principal Fairweather, of the Kentville Academy, is spending part of his vacation in Wolfville.

Miss Nellie N. O'Brien, of Darnley, Mass., is visiting her niece, Mrs. Norman Schofield, this town.

Miss E. E. Archibald returned on Monday from Yarmouth, where she has been visiting for some weeks.

Mr. W. C. Hamilton, of Grand Pre, returned last week from an extended trip through the Canadian West.

Miss B. O. Davison and sons Walter and Glen are visiting for a few days at the former's old home at Biltmore.

Mr. S. Benjamin has returned from Newfoundland, where he has been looking after his extensive lumbering interests.

Mrs. Voight, of North Sydney, who has been visiting her daughter, Mrs. Creighton, of this town, returned home on Tuesday.

Mrs. Ferris, of Vancouver, (see Miss Evelyn Keirstead) and child arrived on Saturday last, to visit old friends in Wolfville.

Mr. Victor Jamieson, of Truro, is visiting at the home of Principal and Mrs. R. W. Ford. Mr. Jamieson is a brother of Mrs. Ford.

Miss McAdam and Miss May McAdam, of Fredericton, are visiting in town, the guests of the former's sister, Mrs. J. H. Tabor, Highland ave.

Mrs. E. C. Fisher and little daughter, Jean, of Boston, Mass., arrived on Tuesday to visit the former's sister, Mrs. B. G. Bishop, of this town.

Dr. and Mrs. Keirstead and family are spending a short time in Wolfville—their old home. Their many friends in this town are very glad to welcome them again among us.

Dr. X. L. and Mrs. Anthony, of Montana, who are visiting at the former's old home at Berwick, passed through Wolfville this week in their automobile, on their way to and from Windsor.

THE ACADIAN is sorry to learn that Mr. James M. Toye, of this town, has recently had quite a severe attack of apoplexy, which incapacitates him from work of any kind, for the present at least.

Miss Carrie Blair, one of Wolfville's cleverest young ladies, who has been teaching during the past year in the Southern states, is spending her vacation at the home of her mother, Mrs. I. A. Blair, this town.

Miss Annie Hay Murray arrived home on Tuesday, having spent some weeks in Scotland visiting relatives since leaving Germany, where she has been studying during the past year. Her many friends are glad to welcome her home again.

Miss Chubbuck, of Amherst, editor of the Baptist Missionary paper, The Tidings, is spending a few days in Wolfville, the guest of her friend, Miss Minnie Chipman. Miss Chubbuck was formerly on the teaching staff of Acadia Seminary.

Mrs. (Dr.) Lewis, of Boston, Mass., and Miss Jean Ellis, of Chatham, N. S., were in Wolfville a few days last week, guests at the Seminary Hotel.

Mrs. Lewis is a daughter, and Miss Ellis a grand-daughter of the late A. J. McLeod, attorney at law, and author of "The Notary of Grand Pre."

To RENT—On Prospect Street, a house or flat. Town water and turpence. Apply to Box 139, Wolfville.

Newtonville Notes.

The dull weather this week has greatly hindered the farmers about their haying.

Mrs. Jane Curry, of Windsor, is visiting at the home of Mr. Daniel Caldwell.

Misses Gertrude and Ina and Manager Lloyd Dorgan, of Hantsport, are spending their vacation with their grand-parents, Mr. and Mrs. J. A. Dorman.

Mr. and Mrs. Fred B. Wilmarth, with their son, Ralph, and daughter, Edith, of Atholborough, Mass., are visiting at the home of Mrs. Wilmarth's brother, Mr. Fred H. Caldwell. Master Ralph is a sophomore at Brown University, Providence, R. I.

Remedy for Diarrhoea Never Known to Fail.

"I want to say a few words for Chamberlain's Colic, Cholera and Diarrhoea Remedy. I have used this preparation in my family for the past twenty-five years and have recommended it to a number of people in York county and have never known it to fail to effect a cure in any instance. I feel that I cannot say too much for the best remedy of the kind in the world."—S. Jenison, Spring Grove, York County, Pa. This remedy is for sale at Rand's Drug Store.

Mrs. L. C. Hutchingson, who has been in charge of the Wolfville exchange of the Valley Telephone Co., since the installation of the service, sixteen years ago, has tendered her resignation. Mrs. Hutchingson has been a very faithful official. Her place will be filled by Miss Wagner, who has trained under Mrs. Hutchingson and has been in charge of the Annapolis exchange.

G. A. Crozier is offering his property opposite the post-office for sale at a bargain. Cash clear 75 per cent. in REPTALS. Must be sold at once. If

T. L. HARVEY, WOLFVILLE.

Berwick Camp Meeting.

The annual Methodist camp meeting and summer school for Sunday-school workers will be held at Berwick, N. S., on August 6th to 15th. The meetings will be in charge of Rev. J. S. Coffin, president; James E. Hightower, secretary; Rev. W. R. Turner, superintendent of public worship, and Rev. W. J. Dean, director of music. The lines taken up this year are Bible study and methods of Sunday-school work. The summer school has secured the services of Mrs. Mary Foster Bryner, one of the international field secretaries, who is a specialist in Sunday-school organization, especially in primary and junior work. Rev. Mr. Bartlett, associate secretary of Epworth League, will be present and a number of missionaries from China and Japan. The camp grounds are only a few minutes' walk from the D. A. R. station, the tents and cottages being placed in a very pretty grove of hemlock and pine. The program is practically the same for every day, and includes the summer school, social services and sermons. Others who will take part besides those whose names have been already mentioned are: Revs. John Craig, E. F. Barrett, Joseph Sellar, H. J. Indoe, J. N. Fisher, W. C. Perry, J. Phalen, D. Norman, W. H. Langille, A. Daniel, L. Daniel and R. W. Weddall.

Mr. EDITOR.—It is reported around town, and generally believed, that one of the drug stores was broken into a few nights ago and more than twenty bottles of whiskey stolen. This is a great loss, if true, and our authorities should employ some Pinkerton detectives to locate the goods and have them restored to their rightful owner. Then again, it is not a menace to the public health that so much valuable medicine should be lost, or consumed by a couple of individuals. EXERCISE.

AG. 2d, 07.

A request is being made for 2000 good magazines or books for use in V. M. C. A. work among 3000 or more younger men who will gather at Aldershot Militia camp early in Sept. Anyone in the county wishing to contribute helpful literature for this purpose will kindly send same to E. B. Newcomb, Kentville, who is trying to assemble what is possible in this section for the workers at camp.

Throat, Hands and Legs Paralyzed.

Three of the best doctors in St. Thomas found themselves unable to cope with this case, which only emphasizes the extraordinary merit of Dr. Chase's Nerve Food as a cure for paralysis of the nerves. Mrs. Frank Snyder, St. Thomas, Ont., writes:—"I write to tell you of the great benefit I found in the use of Dr. Chase's Nerve Food. I had diphrasia so bad that after I got over it I was left with paralysis in the throat, hands and legs. I was completely disabled and could do no work whatever. I had some of the best doctors in St. Thomas, but they were not able to cure or even relieve me. "The use of Dr. Chase's Nerve Food has cured me completely, the paralysis has entirely left, my nerves are strengthened and my system generally built up so that I feel as well as ever I did, and can recommend Dr. Chase's Nerve Food to any one suffering from weakness of the nerves and paralysis."

Dr. Chase's Nerve Food, 50 cents a box, 6 boxes for \$2.50, at all dealers, or Edman, Bates & Co., Toronto.
