Vol. XXXIX. No. 28.

WOLFVILLE, NOVA SCOTIA, FRIDAY, APRIL 2, 1920.

\$1.50, payable in advance.

## Death of Esteemed Citizen

News was received here on Friday last of the death on March 23rd, at Deland, Florida, of Mr. R. Earl Burgess, of Wolfville. Mr. Burgess, who had been in very poor health for some time, left here last Autumn for the South. For a time his condition appeared to be improving and friends were looking forward to the family's return when the community was saddened by the news of Mr. Burgess' death.

The deceased was a son of the late C. R. Burgess and was in his forty-third year and was well known and highly esteemed. He carried on a coal business here for a number of years, was a member of the town council and was always interested in the life of the community. Many friends heard with sincere sorrow of his passing away.

Mr. Burgess is survived by a widow, two sons and two daughters, who have sincere sympathy.

It is expected that the remains will be brought to Wolfville for interment to-day.

## Good Picture At Opera House

"The Midnight Romance" which was presented at the Opera House on Friday and Saturday last was one of the best picture manager Mason has shown, and he was rewarded with a good attendance at both performances. Anita Stewart captivated the audience with her winsome ways, and her singing, appearing on the screen in Wolfville will beyond doubt draw a large crowd. The Canadian Weekly News pictures on Monday and Tuesday are always most interesting and instructive. Among those shown this week were pictures taken at Harborville showing the wrecked washed ashore from the schooner T. W. Allen which was lost in the Bay of Fundy last December.

## Baseball

A meeting was held in Middleton last week with the object of reorganizing the Valley Baseball League. As a couple of the towns in the Valley were not represented the meeting was adjourned till Monday, April 12th, when re-organization is to be completed and a schedule of games prepared. The Middleton "Outlook" states that it is hoped that the towns from Wolfville to Digby will be included in the league. A few years ago Wolfville had a baseball team that was hard to beat. Although a good many of the old team have left town there is still ample material here to make a good team. Get together boys and organize a team to enter the Valley League and send a representative to the meeting at Middleton on April 12th.

## A Kentville Wedding

St. Paul's Presbyterian church, Kentville, was the scene of a very interesting event on Wednesday morning of last week, the occasion being the marriage of Miss Muriel Annie, daughter of Mr. and Mrs. John Dow, Kentville, to David Eaton Belcher, son of Mr. and Mrs. Sherman Belcher, Upper Dyke. The church was filled with relatives and friends and looked very lovely in its decorations of green and white with arch and floral background artistically arranged by the staff of the general accountants office, D. A. R., of which the bride was for some time a most popular member. The ceremony was performed by Rev. R. B. Layton, pastor of St. Paul's. The bride was given away by her father and looked charming in a handsome traveling suit of sand velour with seal trimmings and blue and sand hat to correspond. The wedding marches were well rendered by Mrs. A. G. Embree. Immediately after the ceremony the bridal party left on the morning express on a trip to St. John, being showered at the station with confetti and best wishes, the D. A. R. speeding them on their way with exploding torpedoes on the rails. On their return they will reside at Upper Dyke.

The bride was the recipient of many handsome presents, among which was a lovely case of silverware from the accountant's office, Dominion Atlantic Railway.

## Farmers Convention

The first Provincial Convention of the United Farmers of Nova Scotia will meet in the Court House, Truro, on Wednesday, April 14th at 9:30 a.m., holding three sessions. Mr. J. J. Morrison, Secretary of the United Farmers of Ontario, Mr. G. F. Chipman, Editor of the Grain Growers Guide, Winnipeg, and others will address the meetings. See posters.

Mr. J. D. Chambers, who recently purchased the old Sleep house, just west of the Royal Bank on Main street, has begun operations in the direction of transforming it into a store. The work was begun last week under the direction of Mr. Ernest Eagles. An addition will be built on the front, a flat roof placed on the whole building and a commodious store with residence attached will be the result. The change will make a decided improvement in the appearance of the property.

Mr. F. W. Woodman has sold his property on Central avenue to Mr. W. C. B. Harris. Mr. Woodman is looking for a desirable lot on which to erect a residence for himself.

The G. W. V. A. convention in session at Montreal last week decided to press their claims on the government for a bonus.

It always pays to buy a standard make of anything these days. We carry them in Kodaks, Phonographs, Bicycles, etc. Rand's Drug Store.

## Inspiring Address

GIVEN BY CAPT. ARTHUR H. CHUTE  
The lecture given in College Hall last Friday evening was not so largely attended as it deserved, but a goodly number of citizens were present and gave close attention to eloquent and convincing words of the speaker.

Dr. Cutten occupied the chair and in introducing the lecturer stated that it was always a pleasure to learn of the success of Acadia graduates and welcome them back to Wolfville. He referred to the good work done by Mr. Chute in the late war in the realm of literature and on the platform.

Mr. Chute, who is a Wolfville boy of whom we are proud, chose as his subject, "Our Country—at War and After". His address was clear, concise, logical and eloquent.

After briefly reviewing the splendid work done by Canadians overseas and the consequent high place that our Dominion has won among the nations, he turned his attention to peace-time achievements and urged that as we had "carried on" gloriously during the war so we must in peace put our energies unitedly into the advancement and development of "this Canada of ours". We must be loyal to Canada, but we can best do this by being loyal to Nova Scotia. His message was not to the satisfied, but to the young men—the men who could go farther and desire better things.

He referred in fitting terms to the progress of our country and urged that we should be worthy descendants of worthy ancestors.

Mr. Chute's address dealt with the development of Nova Scotia generally, with particular reference to the Old Home Summer movement. He appealed to his hearers to stand behind the undertaking and make it a success—always remembering that we are working for the advancement of Nova Scotia.

By defeating the University of Toronto on Monday evening the Falcons, of Winnipeg, became the amateur hockey champions of Canada, and will represent the Dominion in the Olympic games at Antwerp this month.

## Nova Scotia Board of Commissioners of Public Utilities

### NOTICE

A sittings of the Nova Scotia Board of Commissioners of Public Utilities will be held at its office, Technical College Building, Halifax, N. S. on Tuesday, the 6th day of April, 1920 at the hour of eleven o'clock in the forenoon for the purpose of considering the application of the Gaspereaux River Light, Heat & Power Co. Ltd. for leave to issue 250 fully paid and non-assessable shares of its capital stock, and 50 of its first mortgage 7 per cent bonds of \$1,000.00 each.

All persons desiring it will be given an opportunity of being heard at such sittings.

A copy of the application may be seen at the office of the Board, Technical College Building, Halifax, N. S. or at the office of the Gaspereaux River Light, Heat & Power Co. Ltd., at Power House, White Rock, N. S.

By Order of the Board,

## A. C. and B. A. Reception

The annual reception given by the faculty and students of Acadia Collegiate and business Academy was held in College Hall on Saturday evening last, and proved a most enjoyable occasion. The chaperones were Mrs. W. L. Archibald, Mrs. R. L. Jeffrey and H. K. Grimmer, president of the school. During the evening the following program was rendered and much enjoyed: vocal solo, Paul Cross; monologue, D. D. Cameron; vocal solo, Miss D. Crandall; reading, Miss E. Spencer; vocal solo, Miss F. DeWolfe; violin solo, Miss H. Kinsman; vocal solo, Eldon Henshaw.

During the last topic refreshments were served, and the evening brought to a close with the singing of God Save the King.

## Help the Boy Scouts

Let every one in town reserve Monday, April 12th, 8 to 10 p.m., for attendance at the Scout Entertainment. This is the ninth annual show and we are greatly mistaken if it is not the best yet.

A new feature this year is the participation of the Port Williams Troop who repeat the performance of the play "A Couple of Scamps" which passed off so successfully last November in their own hall. Those who saw it on that occasion were warm in their praise. The annual "fete" entitled "Defeating Gravity" is alone worth the price of admission, not to mention the start-up and surgical methods.

Six hundred tickets (programs) have been printed and it is expected that all these will be sold, so buy early and avoid disappointment. If the Scout work is to go on it is absolutely necessary that this annual entertainment should be a success so everyone should buy at least one ticket whether they can go or not. Remember too that if you buy a ticket and go it is not charity for you get your money's worth and more. But if you can't go be charitable.

The regular meeting of the G. W. V. A. will be held next Wednesday evening. A full attendance is requested. Membership is now open to any one who has seen service in the war or any other British war.

WANTED—Position as manager of farm, either on salary or shares. Dairy farm preferred. References furnished. (K.) Box 322, Wolfville.

## Greenwich Notes

The long talked of Electric Power on the Gaspereaux River, has really been accomplished and the best of light, is the good result. The line to Wolfville passes through the Eastern part of Greenwich and a number of homes here have been wired and are enjoying Electricity to the full. We understand a few more of our residents will have their homes wired for electricity.

The Community League, it is expected will be kept up through April. Thursday evening this week is Devotional Night, the President, Rev. Mr. Watts will give an address. Next week the Social Committee will be in charge. Last week the Dramatic Committee presented a program that was fully enjoyed by a good audience, among the number were some of the Young people from Port Williams.

The "Social Circle," which meets fortnightly at different homes, meets next Wednesday evening at the home of Miss Lillian Bishop, meeting last week at Mrs. George Bishop's, a good number were present and the evening was pleasantly enjoyed and delicious refreshments were served.

We are told that the "Greenwich Dramatic Club," have decided to postpone their play that they had planned to put on in April. All can expect a good thing later, the Club can "sure" play.

Mrs. Haye, our oldest resident, was 87 years of age last Thursday, March 25th. During the afternoon she was visited by her friends in the place called upon.

Mrs. Haye, as a pleasant surprise, giving her their good wishes and a number of tokens of high esteem were left. Mrs. Haye is remarkably smart for her years. Many more good years to "Grandma Haye".

Mrs. F. A. Pearson entertained a few young ladies at tea last Thursday.

Mrs. R. Porter, of Upper Perceps, has been the guest of her daughter, Mrs. Dexter Forsythe, for a time recently.

Mr. Lewis Forsythe, our veteran mail driver, we are glad to state, is again able to be out and resume his duties.

Forsythe Bros. apple evaporator is still carrying on work making a long season.

Many of the people in this place, in the early part of one evening last week, witnessed a most remarkable sight, the whole sky being illuminated by most brilliant Northern Lights. Some of the older residents stated they had never before witnessed the like.

**Notes and Comments**

Women are said to show more endurance nowadays than ever before. They are certainly showing more backbone.

Canada produced 55 per cent. of all the shrapnel, 42 per cent. of all the 4-5's and 27 per cent of all the 6-inch shells used by the British army.

Vancouver will soon boast the largest telescope in the world, with a lens ten feet in diameter, just half a foot larger than the famous telescope at Leipsig.

If the belief that a winter of heavy snow-fall is generally followed by good crops be well founded, the prospects for the farm this year are bright.

A Washington press dispatch, giving the population of the Philippines as 10,350,640, stated that of that number 9,428,857 are Christians, 6,450 being Americans.

Canada today exports sixteen times more bacon than before the war. With equal skill the same results could in a few years be shown for other products of Canadian livestock.

Life insurance has so firm a grip on Canadians of forethought that it is somewhat astonishing to learn that the insurance per head of the Canadian people is only \$225, compared with \$307 in the United States.

Members of the Canadian Club of New York are making preliminary arrangements to organize effectively for the purpose of raising \$1,000,000 or as much more as may be needed, with which to build and equip a Canadian hospital in that city.

Savings deposits in Canadian Banks increased twenty-four million dollars during February, the total at the end of the month being \$1,187,000,000, or nearly \$150 a head of the population. This goes to show that a good many people are practising the virtue of thrift.

That the Dominion of Canada is in danger of being Americanized and denationalized by the great number of American motion pictures, shown throughout the country, was the opinion expressed by Rev. Dean Tucker before the Social Service Council at a meeting held at London, Ont. on Mar. 20th.

"Luxury" taxes in the United States apparently had little effect in curbing extravagance, for The New York World estimates that since the Armistice that country has spent \$8,500,000,000 on "luxuries," including automobiles, \$1,400,000,000; jewelry, \$275,000,000; theatres, \$507,000,000; perfumery, \$174,000,000, musical and sporting goods, \$370,000,000.

"The death penalty for murder," says a Canadian writer, "is regarded with abhorrence by many good citizens. What of the death penalty for innocence? For every criminal condemned to death by the courts, thousands of honest people fall under the tragic shadow of tuberculosis. They linger in darkened homes awaiting the end. Capital punishment is the death penalty bestowed by public neglect. The tuberculosis death penalty may be abolished as soon as the people turn against it as a cruel and needless infliction."

**A Cure for Pimples**

"You don't need mercury, potash or any other strong mineral to cure pimples caused by poor blood. Take Extract of Roots—druggist calls it "Mother Seigel's Curative Syrup—and your skin will clear up as fresh as a baby's. It will sweeten your stomach and regulate your bowels." Get the genuine. 50c. and \$1.00 Bottles. At drug stores.

**A Spring Tonic Aids Efficiency**

LAY FOUNDATION OF GOOD HEALTH NOW BY BUILDING YOUR BLOOD AND STRENGTHENING YOUR NERVES

The good old fashion of taking a tonic in the Springtime, like most of the customs of our grandparents, is based upon sound common sense and good medical practice. Winter is always a trying time, for those who are not in rugged physical health. Many men, women and children go through the winter on reserve strength they have stored up during the summer months, and grow increasingly pale and languid as the spring days approach. A tonic for the blood and nerves at this time will do much for such people, by putting color in the cheeks and banishing that tired feeling that worries thousands of people at this season of the year.

It is impossible to be energetic if your blood is thin and weak, or if your nerves are frayed or shattered. You cannot compete with others if you do not get refreshing sleep at night, or if your appetite is poor or you are losing weight. You need a tonic at this time to add to your efficiency now, as well as to save you from suffering later on. And in all the realm of medicine there is no safer or better tonic than Dr. Williams' Pink Pills. These pills tone and enrich the blood which circulates through every portion of the body, strengthening jaded nerves and run down organs, and bringing a feeling of new strength and energy to weak, easily tired, despondent men, women and children.

Mrs. J. N. McNeil, Glace Bay, N. S., says: "For years past my home has never been without Dr. Williams' Pink Pills, and I have good reason to praise them highly. Following an attack of la grippe, I was left in a bad y run down condition. I had no appetite and felt so weak I could scarcely go about the house. I was taking medicine but it was not helping me, and a friend advised me to try Dr. Williams' Pink Pills. I used them for a time with the most beneficial results. My appetite improved, my strength returned and I was soon able to do all my housework. I now use the pills every spring and find them a splendid strength bringing tonic. I have recommended the pills to other friends who have used them with good results."

Dr. Williams' Pink Pills are a tonic, not a stimulant. They build up the blood, and through their use not only the disastrous after effects of influenza but also troubles due to poor blood, such as anaemia, rheumatism, indigestion and the generally worn-out feeling that affects so many people, disappear. You can get these pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

Visitor (proudly, to old farmer): "I've just got a letter from my son saying he has won a scholarship. I can't tell you how proud I feel about it." Old Farmer: "I can quite understand your feelings, mum. I felt just the same way when our pig won a medal at the agricultural exhibition."

**The Cause of Failure**

To be successful, farming must be made a business. Failures in farming are as often due to neglecting the business side as to any other cause. Farmers who neglect to keep exact records of their receipts and expenditures should ponder the following—extract from the February "Teller", issued by the Sterling Bank:

"When asked recently by the National Association of Credit Men what in their opinion was the chief cause of business failures, 10,000 merchants replied almost to a man; 'Failure to keep books'. About the same time, another investigation among 6,000 merchants taken at random from all parts of the country, showed that only 10 per cent. kept records that told them: What they had in stock; what profit they were making; what their expenditure was for selling, advertising and other items of overhead; what particular part of their business was profitable.

Every farmer who does not keep books should make up his mind to begin. Send to the Commission of Conservation for a free copy of the "Farmer's Account book."

It is said that the camel, if given the least encouragement, will quickly acquire a smoking habit, and that the camel driver who has a few cigar butts in his clothes for distribution among the thirstless ones, can do wonders with the animals. They carry a bit of wood tudey shaped into a cigar holder and adapted to the camel's mouth, and an animal which is well high exhausted can be relied upon to get up and travel many a mile after a smoke.

### Deputy Mothers

They were Land Girls who gave up land working when the armistice began so that they might not keep the men returning home out of a job. I had three children. The Land Girls had no ties—if one excepts a large, much-petted black cat and a town servant who "didn't dare to stay in a house by herself." My husband was 200 miles away on the other side of England, where his work was—and his home wasn't.

They suggested the job of deputy mothers, saying that as they could no longer help the men of England they might as well help the women.

They would arrive one afternoon, pump my bicycle, push me out of the house, and tell me to go for a "tootle round." As I pedalled gladly away down the hill, my last glimpse of them would reveal one putting on Tomkins Toodles' boots, the other fastening the Cherub in his perambulator, while Puck waited on the doorstep with trowel and basket, ready to go off and dig up primroses.

At another time they would appear in the evening when the three Pyjama Kiddies were just tucked up in bed, spread their letters, notepaper, ink and pens on the table and tell me to "make myself scarce" as they were going to deputize. "You can stay out till ten o'clock, to-night, Mary Ann," they would say from my doorstep.

Even in the morning they would turn up and take the Toddler and Puck for a walk, while I did the housework.

They were not angels from heaven (though they seemed like that to me); they were just practical women who had enough humanity to help a mother in a practical way. And in almost every town and village in the country there are women and girls with plenty of spare time who could take on the work of deputy mothers.

The mother of two or three—or more—children, very likely servantless, is a shockingly overworked person, and a nation that overworks these women has to pay the penalty either in a decreasing birth-rate or in enfeebled children.

If some of the women and girls of the "leisured class" gave up a few hours every week from their tennis, shopping or visiting, it would make all the difference in the world, and incidentally, to thousands of the nation's children.

F. R., in Daily Mail, London.

### Feel the Serge of Abounding Youth

Age is sickness—gradual disintegration of the tissues which comprise your vital organs—your nerves, heart, liver, kidneys, brain. Each of these organs depends on the internal secreting fluids of certain glands. When such glands become lax in their functioning, through under or over-secretion, you are sick. Unless these glands are aided to resume proper functioning, the tissues of the vital organs gradually wear and crumble away. You are old in health, if not in years, and old-fashioned methods of treating sickness are admittedly helpless. Your days are numbered unless you get at the seat of the trouble by direct action, and that is by revitalizing and restoring the glands to their proper functioning.

### Advancing Newspaper Rates

Faced with the fierce competition which the advancing costs impose, newspapers, more particularly those in the United States, have increased the price of their papers to subscribers. The one-cent newspapers has largely disappeared. The five cent Sunday newspaper now costs 10 cent. It can be but a matter of time when subscription prices of Canadian newspaper must advance too. A stiffening of advertising rates in the United States and in Canada has followed as a matter of course and some newspapers of THE ACADIAN'S class in other towns finding they cannot make contracts for news print, for labor or supplies of any kind, are in their turn finding themselves compelled in self defense to decline to make contracts for advertising space, but instead are selling space subject to a change in rates without notice.

### Canada and the League.

The New York World is one among many representative American journals which gives friendly support to views Hon. N. W. Rowell has expressed in regard to American reservations and the peace treaty. Speaking as President of the Privy Council, in the name of the Canadian government and Canadian people, Hon. Mr. Rowell emphatically declared that if the United States recognition of the treaty is based on "any condition impairing the independence of Canada" then would Canada refuse assent and withdraw from the league. In assenting that Canada's position is sound, the New York World says:

Here we have an ultimatum for London no less than for Washington and there is a great deal of reason behind it. Canada has earned its place in the world, and, unlike the senatorial representatives of its powerful neighbor, is not afraid to assume the attendant responsibilities. In beginning its career as a nation by challenging both the United States and Great Britain it has set a smart pace for itself.

Whatever may be the final decision of the United States, it is taken for granted that the British government will withhold assent to any reservations which would deprive the self-governing dominions of "their place in the world." Hon. Mr. Rowell has stated our position in a way which every Canadian must approve. It is a satisfaction to see that his clear and unequivocal utterances command respect in the neighboring republic.

### Children Cry for Fletcher's

# CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

### What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. ### Editorial Jottings

Have you made out your income tax returns yet? Every unmarried person or widow or widower without children under 21 years of age who during 1919 received or earned \$1,000 or more, and all other persons who received \$2,000 or more, must fill out a report. The fine for failure to do so is \$100 a day. Forms can be had at all post offices for the asking. See adv. on another page.

A delegation representing every part of the province waited upon the government at Halifax on Friday last requesting Government endorsement of the Old Home Summer project. After a lengthy session Government approval of the proposition was obtained and as soon as possible a Bill will be introduced into the House of Assembly constituting a provisional Old Home Summer Repatriation Commission, and providing for financial assistance.

### A Rare Musical Treat

The date for Miss MacDonald's Recital in College Hall is fixed for April 16th, at 8.15 p. m. Miss Beryl L. Blanch, of St. John, N. B., is a Licentiate of Music from McGill University, and the Weekly Sun of Pelham, N. Y., where Miss Blanch assisted Miss MacDonald in a recital a few weeks ago, speaks of her as a sympathetic accompanist and a most artistic pianiste. Miss O. Marie McC. Wilson, contralto, has won golden opinions in Halifax, Truro, New Glasgow and other places where she has recently sung.

**Will This Solve Housing Problem**

A new kind of brick so easily made that housebuilding may become almost a children's pastime, will be manufactured in England in large numbers after April.

These bricks, or blocks, are rectangular in shape, and are nearly as large as five ordinary bricks, but in comparison with their size are much lighter and are easily handled. They are hollowed into two or three air layers.

The hollowing is to reduce the difference in temperature between the air and the wall, thus diminishing the danger of condensation and consequently damp in houses.

"These blocks could be made in unlimited quantities in England," said Baron Ernest Barnekow, representing Messrs. Lean & Co., of Stockholm, originators of the Lean System in which these bricks are employed.

Slag, clinkers, sand and brick dust, mixed with cement, make excellent material. We have portable blockmaking machines weighing 600 to 800 pounds, and they would enable three men, if they worked in three shifts, to build a small house in one day.

A bricklayer expert with the machine can build a Lean wall of 450 bricks, equal to 2000 bricks, in eight hours. The manufacture of the blocks is simple, and an unskilled man can soon learn. Our process is being used in the devastated areas of France. One block would be cheaper than five ordinary bricks.—London Daily News.

**A Gentle Laxative for the Children.**

Mothers—the surest way of keeping your little ones well and happy; whether it is the new-born babe or the growing child is to keep their bowels regular and their stomach sweet. Ninetenths of all childhood ailments are the result of clogged bowels and sour stomach. The most necessary and the best medicine for little ones is a gentle laxative—something that will relieve constipation; sweeten the stomach and promote rest and natural sleep. Such a medicine is Baby's Own Tablets. They are a gentle but efficient laxative and absolutely guaranteed free from opiates or other injurious drugs, and may be given to the youngest infant with perfect safety. They banish constipation and indigestion; break up colds and simple fevers and give the baby that health and happiness which all children should have. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

**A Road That's A Friend to Man**

Let me live in a house by the side of a road

Where the race of men go by,  
But not such a road as I have now,  
With its dust when the season's dry,  
Roads are good, they are bad, they are weak, they are strong,

Built on many a diverse plan;  
But I'd like to live by the side of a road  
That is always a friend to man.

Let me live in a house by the side of a road

Where flows, like the rich, red blood,  
A current of life, cars, flivvers and trucks,  
Not a highway composed of mud,  
Who could dwell in content by a rut-splashed track,

Rock-strewn from Beersheba to Dan?

Let me live in a house by the side of a road

That is always a friend to man,  
I can live only once, so why should I stay  
Where daily offends my eye,  
A crooked streak of mud or clay,

Scooped out by the passers-by?  
I don't like to sit in the scorners' pew;  
Nor "hurl the cynic's ban";

But ye gods!—for a road that the season through

Can be counted a friend to man.
