

MARGUERITE'S SECRET

And so a sweet, but superficial peace was sealed between the husband and wife—so sweet that it was like a new bride, so superficial that the slightest friction might break it.

One evening, like the night described in the beginning of this chapter (for stormy nights were now frequent, when the wind howled around the island and the waves lashed its shores, Marguerite reclined upon the semi-circular sofa within the recess of the bay window, and looked out upon the night as she had often looked before.

"Lamps and sword, Forrest," she said. But before the servant could obey the order, Philip Helmsstedt's eager step crossed the threshold, and the next instant his arms were around her and her head on his bosom.

"Sitting in darkness again, my own Marguerite? Why do you do so?" said Philip, with tender reproach.

"What is the matter with you?" "Nothing; only I like this howling chaos of wind and water."

"That letter was not from Mrs. Houston," "No; you were aware of that; you saw the postmark."

mantelpiece, and hastened into the chamber, to find it indeed void of the presence he sought.

"My beloved Husband—A holy duty calls me from you for a few days, but it is with a bleeding heart and foreboding mind that I go.

It would be impossible to describe the storm of outraged love and pride, of rage, grief and jealousy that warred in Philip Helmsstedt's bosom.

"Philip, dear Philip, still hope and trust in me; it may be that I shall not wholly disappear from you," she replied.

THE HAMILTON TIMES

FRIDAY, JUNE 12, 1908.

THE MANITOBA BOUNDARY.

There is nothing of the little partisan politician about Laurier. In spite of the persistent efforts made by the Roblin Government of Manitoba to lead the people of that Province to believe that the Liberal Government at Ottawa has been plotting political revenge against her, in the distribution of the northern territory among the Provinces, Laurier appears to be taking no more notice of the "blue-bottle-fly" Roblinites than if they did not exist, and to be allowing Roblin's partisan warfare to affect no more his course in the partition of the territory than a gnat affects the direction of a locomotive.

THE COUNTRY PROFITED.

Briefly stated the occasion of the persecution to which Mr. Burrows has been subjected by slander-monger Ames and his gang in the House may be put in this form. Mr. Burrows is a lumberman, and has been in the business of leasing limits and manufacturing lumber all his life. He has had no transactions with the Government since becoming a member of Parliament. His holdings of timber berths amount to 534 square miles, not to three times that area, as Mr. Ames has alleged. The limits are not granted under deed; they are leased, and the holder must pay annual dues and the regular charges for all timber cut. The leases were awarded by tender, by open competition after advertising the limits according to the regulations in force since 1884. Mr. Burrows' tenders were the highest whenever he secured a berth. His payments in bonuses (which are in addition to the annual dues and cutting charges) amounted to \$59,000, or \$112 per square mile. The average amount of bonus received for all the timber berths disposed of was \$60 per mile. Viewed in the light of the facts, it does not appear that the country lost anything by Mr. Burrows' competition for timber limits.

EDITORIAL NOTES.

The glee of the professedly independent Ottawa Journal over the Tory victory is more unrestrained than that of the candidly Tory Citizen. Observing Liberals will not fail to take the hint.

Mr. Justice Riddell's statement, "I do not understand that 'Thou shalt not steal' applies to the Ontario Legislature," is a very significant comment upon the claim-jumping Whitney Government.

Canada's trade for the last year aggregated \$638,930,291. This is an increase of \$25,818,940 over the figures of the preceding 12 months. What a change there has been since the crawling days of Torisism of 1896!

A new Welland Canal! That is a big undertaking, but this is the age of big things. If it is found to be necessary to the advantageous development of Canada, its magnitude will not be allowed to stand in the way.

It is not in Hamilton alone that evidence of bribery on a large scale in Whitney's interests is accumulating. The proceeds from the deals of "that last awful week" were made to do their part in influencing the elections. Whitney may have trusted a good deal to his record, but the machine preferred to utilize its old and tried material arguments.

The Toronto Farmers' Sun tries to account for Whitney's increased majority by the fact that "the political sins committed in the last session occurred so recently that full knowledge of the same had not fully penetrated the mind of the general public before voting took place." Well, the people will have plenty of time now to regret their folly of Monday last, while the machine fattens in arrogance at the Treasury.

The Cleveland street railway strike is still leaving its effects. There was much disorder during the strike, violence, even to the use of dynamite, being resorted to. Early yesterday morning a car was wrecked by a charge of dynamite. It is time the officers of the law took this matter in hand vigorously. Men who use dynamite to carry out their ends, have the sympathy or approval of no one outside of the ranks of that militant anarchy, which was against society at large.

London "Canada" remarks that "hitherto the provinces have been paying too much attention to what is called in certain quarters the 'aggression of Ottawa,' and too little to the rapidly-growing power of cities and towns." Our contemporary directs attention to a danger spot. In the interests of the people there is much need of strictly regulating the functions of municipal councils. They already exercise too extensive powers over the rights and property of the individual ratepayers.

Mr. J. H. Cameron, F. R. C. S., L.I.D., the well-known surgeon and member of the medical faculty of Toronto University, in addressing the Alumni Association yesterday, advocated the abolition of the Medical Council, and restoring to the University the power to grant licenses along with the diplomas. This change would place the medical graduates of Toronto University on the same footing as those of McGill and Laval, who, on graduation, are entitled to practise in the British Isles.

The struggle over the anti-gambling bills in New York State Legislature ended yesterday with the passage of the measure, which renders gambling at race tracks liable to the penalties for gambling elsewhere. Up till this time a special law protected gambling in race track enclosures. The fight has been a bitter one, and the bills were carried by 26 to 25. Senator Foelker, of Brooklyn, being brought from a sick bed to give the casting vote. The bills now go to Governor Hughes for his signature, which, there is no doubt, will be affixed.

Mr. Broadhead, who was for years an official for the administration of the New Zealand Compulsory Arbitration Act, has just published his ripe conclusions on the measure in a volume entitled, "State Regulation of Labor and Labor Disputes." He finds against the measure both on its general principles and its special application in New Zealand, of which he writes as an insider. Not only has the law not prevented labor troubles, but it has resulted in disastrously checking industry. Moreover,

he sees no possibility of so amending it as to effect its purpose, consistently with modern notions of liberty. He comes back to the advocacy of the well-tried and proved laws which guarantee individual liberty and at the same time hold the individual to strict account as to his conduct toward society and all its members.

Hon. Dr. Reaume's municipal telephone bill brought up last session involves an exceedingly bad principle. It aims to enable the majority of those who are to become subscribers to any local system to go to the Council, and get it to raise funds for the system on the credit of all the taxpayers. Moreover, the system may go on accumulating deficits, which must be paid out of the funds of all the taxpayers, the amount remaining a debt against the subscribers. The taxpayer has broad shoulders, and Dr. Reaume evidently does not wish to spare him.

Before the Committee on Agriculture the other day, Dr. Bryce testified as to the means taken to exclude undesirable from Canada. An attempt has been made in certain quarters to propagate the idea that there was gross carelessness in examining immigrants in order to exclude defectives. Dr. Bryce, in describing in detail the methods of inspection, said that no one could purchase a steerage ticket to Canada without a medical certificate. He explained inspection on shipboard, and on arrival at the port. The greatest number of defectives rejected by the Canadian immigration authorities came from the factory towns of Great Britain.

Mr. Byron E. Walker, President of the Bank of Commerce, hopes for much from a good crop in the Northwest, for which the prospects are now very bright. But the people have their part to do also. More than a good crop is necessary; individual economy must be practised. Mr. Walker admits much for the crop failure, but he says:

"The real cause of depression was the tendency and the practice of people in living ahead of themselves. If there is a splendid crop and Canadians have not learned their lesson, they will start cutting the same wide swath of over-expenditure. Then there will be the same inevitable trouble following. The country needs a year of economy." This is a warning which should appeal to the good sense of Canadians. We want caution as well as crop.

Our Exchanges

How's That? (Ottawa Citizen.) Allan Studholme, M. P., seems to be an awful price to pay for our industrial expansion.

The Weat' Sister. (Toronto Globe.) Just watch the Whitney Government try to count Montoith in on ballots its own officers have rejected.

Is It? (Brookville Recorder.) The arrest of a poll clerk in Hamilton for alleged selling of ballot papers is an indication of Whitney's clean election methods.

No Good to Them. (Montreal Gazette.) The combination of political temperance workers and liquor men in Ontario did not work any harm to the Whitney Government or any good to the temperance cause.

Where Was It? (Woodstock Sentinel-Review.) Reading this manifesto in the light of Monday's vote one is forced to the conclusion that the temperance movement must have lost its influence as a political factor. Where were the temperance electors on Monday?

Blames Opposition. (The Presbyterian.) The fact is clear, however, that the Opposition are using their power to block supply as an instrument for forcing the Government to modify or withdraw their Elections Bill, particularly with reference to Manitoba.

Voted the Liquor Ticket. (Stratford Beacon.) Mr. Whitney got a three-fifths majority. The Tory temperance man does not exist who will not put his Toryism before his temperance principles. While professing to be opposed to the three-fifths clause he lined up with the liquor vote in support of the Tory candidate everywhere.

Want Convention. (Toronto Star.) It is suggested that the health of the Liberal party in Ontario would be improved by a Provincial convention. A convention might do good if it helped to concentrate the mind of the party upon some particular subject, such as public ownership or prohibition. Unless the party is willing to take advanced ground on some leading question and make it an issue, the advantage of the convention is not so apparent.

The Grass for the People. (Toronto Star.) The Parks Commissioner has discarded the notion that grass is something to be looked at with worshiped with awe from afar. He believes that grass is made for man, not man for grass, and that people should be free to walk, play and sit upon it. If it wears out, says this rash innovator, get more of it. He believes also in putting more seats in the parks, so that the weary may rest and enjoy the provision made for the public.

Control System the Best. (London "Canada.") No doubt the keen local patriotism of the citizens of Canadian municipalities goes far to make municipal ownership a success, even when, as must inevitably happen, the elected municipal authorities have not an expert knowledge of the business in hand, and are unwilling or unable to pay the high salary required by an expert manager. For all this, we yet believe that municipal control rather than municipal ownership is the

A SCHOOL BOOK FRAUD. Down in New Brunswick Premier Hazen has been doing much talking, after the Whitney style, about school book prices. He has talked of "school book rings," "graft," and "rake-offs," and extravagant promises were made of saving to the pupils of the Province \$50,000 a year, or more. Now it is announced that the New Brunswick Government is to secure a reduction in prices amounting to 40 per cent., this to be effected by the Government itself furnishing the books. But, alas, the promised saving proves to be, like that of Whitney, largely illusory! It is to apply only to readers, geographers and scribes. All the other text books remaining at the former prices. It is worth while looking into this "saving," and how it is effected. Heretofore, the books have been purchased through the medium of the regular dealers who import them from the publishers and bear the expense of distribution, making, of course, a small profit on the transaction. Under the new scheme, the Government will import the books and distribute them through specially appointed vendors, who will absorb, in their remuneration, the ordinary trade profits which formerly went to the book dealers. The net result will be that the book dealers will be deprived of their legitimate profits, and the amount thereof will be paid by the Government instead to the party agents or vendors. The books will probably cost no less than before, but the cost of their distribution comes out of the Government treasury, and, instead of going to the book trade, goes to the political favorites entrusted with placing them in the hands of the pupils. The saving is practically nil. It may even be that the cost to the people at large will be greater. The book trade will suffer; the politicians will gain, but in the process the Government may be enabled to manipulate the accounts so as to make an appearance of a saving. But if this 40 per cent. were really saved, would it amount to anything like what the people have been led to expect? The total cost to the pupils of the Province of the books affected by the alleged reduction is less than \$8,000 a year. Even if every dollar of the 40 per cent. of that amount were saved, it would total only about \$3,000! Where is the other \$47,000 that was to be saved? Evidently New Brunswick people have been made victims of a fraud of the kind practised in Ontario by Whitney. In due time, New Brunswickers, as well as our own people, will arrive at a realization of the fact that school books must be paid for, and that exchanging the legitimate book trade for the beneficiaries of the party machine, is not a hopeful way of seeking to better the situation. And Ontario's turn is coming.

Mr. Broadhead, who was for years an official for the administration of the New Zealand Compulsory Arbitration Act, has just published his ripe conclusions on the measure in a volume entitled, "State Regulation of Labor and Labor Disputes." He finds against the measure both on its general principles and its special application in New Zealand, of which he writes as an insider. Not only has the law not prevented labor troubles, but it has resulted in disastrously checking industry. Moreover,

if for the future he will speak less often and at less length and show a more sympathetic consideration for the convenience of his fellow-members and the temper of Parliament. The Defeated Minister. (Toronto Saturday Night.) The defeat of Hon. Nelson Montoith, Minister of Agriculture in the Whitney Cabinet, removes the member of the administration who most earnestly tried to run his department on non-partisan lines, and who even earned the censure of many fellow Conservative members because he did not show more of a party tendency in administering his portfolio. It will have been noticed by those who have followed the campaign that not a word of criticism was offered against him by the Liberals, and it is one of the ironies of politics that he should go down to defeat, while some of his colleagues who were most savagely attacked should have increased majorities. When he assumed office he made a speech in which he said that he was going to run the department on the same lines as had his predecessor, Hon. John Dryden, and that he was satisfied with his policies. He did not interfere with a single official, and it was the bitter complaint of certain Federal Conservative candidates that in choosing officials for the Farmers' Institute who hold office under yearly tenure, he re-appointed many Liberals who at off-times of the year spent their time working for the Laurier Government. Shortly after the advent of the Whitney Government to power the Conservatives of Guelph rose in revolt because they said their rivals, the same old Liberal merchants of Guelph, continued to get all the patronage of the Ontario Agricultural College. They even went so far

CONGREGATIONAL.

REV. HUGH PEDLEY, OF MONTREAL, ELECTED CHAIRMAN.

Statistical Report Presented by Rev. Mr. Price Shows Gain in Ontario Churches, as Well as Throughout the Rest of the Field Covered by the Union.

Montreal, June 11.—At the annual meeting of the Congregational Union held here, Rev. Hugh Pedley, pastor of Emmanuel Church, Montreal, was elected Chairman. The Chairman during the past year was Mr. Charles Cushing, B. C. L., Montreal.

Rev. Mr. Price, Statistical Secretary, reported that during the past year there has been a gain in the membership of the churches comprised in the Congregational Union of Canada of 647. In Ontario the number under pastoral care was 13,968, 497 having been received into the Church last year.

The Church of the United Brethren, now amalgamated with the Union, showed a membership of 1,166, or a slight decrease. In Quebec the total received into membership during the year was 240; the total amount raised was \$3,971, and the value of church property was \$32,400, the latter showing a gain of \$7,700.

Rev. J. K. Unsworth outlined the system for the better carrying on of the finances of the Church. The weekly offerings system was specially recommended, using duplicate envelopes, which were constant reminder of the contributor's responsibility in supporting the Church.

The officers elected by the Congregational Society were: Rev. William McIntosh, President; Rev. W. T. Gunn, Secretary; Mr. C. R. Black, Treasurer; Rev. J. L. Alexander, Educational Secretary; F. K. Kay, Superintendent of Immigration. Mr. Cushing is the Hon. President and the Rev. Dr. Hill the Hon. Secretary.

Retiring President Suggests Faculty of Law and Faculty of Fine Arts—Would Have Medical Diploma Equal to a License to Practise—Medical Council.

Toronto, June 12.—To abolish the Ontario Medical Council, to make a graduating diploma from an Ontario school of medicine equal to a license to practice, and so to alter the present system of medical education that Ontario might enter into a reciprocal agreement with the British Medical Council so that an Ontario graduate might practise in Great Britain or Ireland without having, as at present, to pass a special examination—these in effect, were the proposals made by Mr. I. H. Cameron, F.R.C.S., LL.D., the retiring President of the University of Toronto Alumni Association, in addressing that body at its annual meeting in the east hall of the university yesterday afternoon.

Mr. Cameron dealt with several questions which he claimed needed early attention from the men who were interested in the educational system of the Province, and in the University of Toronto in particular, but he advocated as more important than any of the other matters a speedy change in our system of licensing doctors.

KILLED AT LONDON.

Former Hamilton Man Lost His Life Last Night.

Patrick O'Leary, who went from this city, where he was engaged on the G. T. R., to Stratford, about ten or twelve years ago, and was transferred to London eight years ago, was killed there yesterday. Mr. O'Leary was fireman in the P. R. yards. He had gone into the trainmaster's office to get orders, and on coming out tried to run across in front of a string of cars which were being backed down by the yard engine. Before he could clear the tracks the rear car knocked him down. He fell on the rails, and both his legs were cut off near the hips by the wheels of the freight cars. The train was stopped almost instantly, medical aid sent for, and every effort made to staunch the deadly flow of blood, but in less than fifteen minutes O'Leary died, without having spoken. O'Leary was forty years old. He leaves a widow and three small children.

THE LATEST RETURNS.

Stratford, June 11.—Returning Officer Magwood to-day made his official count of the ballots cast in North Perth. Jas. Torrance's majority over Wellington Hay is 265.

Brantford, June 11.—The official declaration elects W. S. Brewster, Conservative, in South Brant by 190.

Cobourg, June 11.—The official returns for the elections for the Local House show Mr. Sam Clarke, Liberal, elected by a majority of 205.

Lindsay, June 11.—The official returns given out by the returning officer, Mr. H. J. Little, this afternoon gave Mr. S. J. Fox (Conservative), a majority of 98 in the election held on Monday. The official figures are: S. J. Fox, 2,061; Thomas Stewart, 1,963; W. A. Goodwin, 57.

Owen Sound, June 11.—Returning Officer Rutherford gave out the official returns of the vote in North Grey to-day. It gives Hon. A. G. MacKay a majority of 71. The figures previously given were 78, but an error of seven votes in one polling sub-division was found, reducing the majority to the figure stated.

Good Old Picktime--The Walker Cup Steeplechase--More Records Broken at H.J.C. Track.

The books had a good inning yesterday at the Hamilton Jockey Club track, when seven favorites were knocked down. Two second choices, three third choices and two long shots won and the talent consequently suffered. The course was very fast and two track records were broken. Brown Tony clipped the half mile track record to 48 2-5 in the second race and Lystra cut another fifth off it in the fifth race. The mile record was broken by Gold Note, who negotiated the distance in 1:40 3-5.

horses faced the starter, Polly Prim being an odds on favorite. Hawkama and Bertha E were heavily played and a few wise ones had St. Jeanne, who was quoted as high as 25. St. Jeanne jumped to the front when the barrier went up and made a runaway race of it, winning by three lengths and breaking the mile record. The favorite was second all the way and finished three lengths in front of Raleigh, a 30 to 1 shot.

Eddie Cotter, the long distance runner, who left for England yesterday, to run in the Marathon at the Olympic games, went under circumstances similar to those in which Billy Sherring went to Greece to compete in the Marathon, which he won. He had only a few dollars in his pocket. After his ticket to England was bought it is said Cotter had about \$30 left. The friends who subscribed the money required told him to go, however, and that the balance of the money required for his keep will be sent to him. It is likely that one or two athletic meets will be held and the Hamilton Olympic Committee will be asked to take charge of them.

Effect of Governor Hughes' Bill in New State.

New York, June 12.—Racing will continue on the Metropolitan track regardless of the speculative end of the game for some time to come. That was the opinion expressed by several members of the Jockey Club after they had received the news from Albany at Gravesend yesterday. P. J. Dwyer, president of the Brooklyn Jockey Club, said that the present meeting at Gravesend would be carried out to the letter, while S. L. Parsons, representing the Coney Island Jockey Club, speaking from a personal point of view, declared that the coming meeting at Sheepshead Bay, which is scheduled to open with the Suburban Handicap on June 19th, would go on as usual.

A wager had been made when no actual money had been placed on a horse. "As I understand it," said one of the governors of the Metropolitan, who asked to have his name kept out of the newspapers for obvious reasons, "the new law says that a man who receives a misdeemeanor and can be sent to prison for one year. In the event of test cases, which will be made without delay, we are informed that it will be a difficult matter to prove what a wager really is. Under the new law it is plain that a man who bets on a horse to win is not committing a crime while a so-called bookmaker who bets that the same horse will lose and so records the so-called wager in a notebook or on his cuff, is guilty of the better. We have been informed that legal proof of the making of a wager is lacking. Furthermore, it is our belief that no jury in the world will send a man to the penitentiary for one year because he accepts a one dollar wager on a horse and makes a record of it."

LONDON BEAT HAMILTON.

Beavers Won Ten Innings Game by 4 to 3.

Scores in the Big League Yesterday—Guelph Team Opens at St. Thomas To-day.

London, June 12.—A ten innings game was played here yesterday between the London and the Hamiltons and the Beavers won out.

It was a pretty fair game of ball at that, notwithstanding the fact there were 11 errors in all, seven of which went to the visitors. However, the majority of these slips were errors of omission rather than commission, which excuses much.

"R. Waddell" Liebepersger made his appearance before his future fellow-townsmen for the first time and the loose-jointed, ungainly southpaw, notwithstanding the fact that he had a sore arm, was as unsolvable as a crazy catapult, except in one spasm, and in that period of relaxation he was touched up for a two-bagger with the bases full that cleaned the sacks of their groaning burden. After that things looked black, but our athletes, who had their tapping regalia on slowly but surely overcame the lead of two and put themselves in the close running for the rag.

Nelson Long, whose last appearance here on the warm end of the Hamilton battery, was operating again for the Hams, and the red one was master of the situation most all of the time, although twelve safeties were tingled from his offerings.

Bill Klineke was the hero of the first score. Bird singled, Brother Chester stuck his finger into the ball and went to first, Lee whanged to Curtis, who tried to tag Bird, but failed, and was late in his throw to first. Bases full, Bill scouted beautifully over short and Bird scored. Next two men were retired.

In the fourth an outfield error of Chester's transportation and a single bled the bases for Hamilton and nobody gone, George Bradford, the "village blacksmith" smote a mighty swipe to centre that went past Lee and the bases emptied with sickening rapidity, and Hamilton had a lead of two runs.

London tied the score in the fifth and sixth. In the fifth Lee, who was Curtis' special hoodoo, went to third on a heavily heave of that good third sacker, and with Klineke and Deaher gone, Abby Johnson stung a pretty hit through short, tallying Charles.

In the sixth a couple of hits by Keenan and Birou and some heady base running, which mystified the crack student infield, put Jo Jo on third on a slide right under Curtis' feet. Nig pitched, and, as he was swinging at the ball, Jo Jo dashed for home, and got there before Curtis' whip of the slow grounder reached Dereohn and the score was tied, three all.

The pitchers, aided by sharp fielding, were invisible until the last of the game when Jo Jo led off with a hit and went to second on Finmore's bunt juggle of Bradford's good throw of Bird's out. Nig snipped the first ball pitched clean through Finmore's legs and Jo Jo scored. The final score, 4 to 3.

LEAP AT ST. THOMAS.

London, June 12.—At St. Thomas to-day the league season opens with a game at four o'clock between Murray's ex-Guelphites and Niagara Falls, and Saturday afternoon a double header will be played. This afternoon Killingsworth of the St. Thomas pitcher, who was signed by Manager Murray yesterday, will pitch for St. Thomas and the big right hander is in good shape and should win his game.

The Railroad City fans are delighted that they have secured a franchise in the league at the door of which they will support it nobly. They have a great team in the bunch that Jack Murray has gathered around him and some do not go so far as to say that St. Thomas is due to win the pennant.

EASTERN LEAGUE SCORES.

At Toronto—Six straight victories are seven of the last eight games played is pounding ahead some for that bunch of Krips. And the infirmity list is growing no less. The champions stopped the upward rush of the Montreal Beavers yesterday in a game which ended in a 7 to 5 score. The Montrealers got action on Flinger Jim McGinley in the last round and almost snatched the game out of the fire. The score was 7 to 9 when they went up for their last chance, and it looked like Mac had ducked Dr. Jimmy Casey's lurch in the line barrel for sure, but the doings of the last half of the ninth served to recall

the old saying that the game is not won until the last man is out. Scores: R. H. E. Toronto 7 8 0 Montreal 5 9 5 McGinley and Vandy; Stanley and Clark.

LONGBOAT TRIAL.

Indian Made Good Showing at Montreal.

Montreal, June 12.—Tom Longboat, the famous Indian runner, gave a fine exhibition of his ability yesterday, when in a hard fifteen-mile race he won out handily against a relay team of five picked runners.

The race was around the mountain.

over the same course that he covered last fall. At intervals of three miles fresh runners took up the race, but Longboat kept well in the lead. The day was cool and favorable for running, except that the road was very dusty. Longboat ran the distance in 1:24:08, lowering his previous record over the same course by two minutes and forty-seven seconds. He was almost half a mile ahead of his competitor at the finish and was running strong and fresh.

At the Ladies' Golf Tournament.

At the Ontario Ladies' Golf tournament at the local links yesterday, the semi-finals for the Provincial championship were played, with the following results: Miss Dick, Toronto, won from Miss Florence Harvey, Hamilton; 4 up and 3 to go. Miss Pheope, Hamilton, won from Miss Ogden, Toronto; 6 up and 5 to 7. In first consolation competition, Mrs. Fitzgerald won from Miss Gibson, Brantford. Mrs. Goodearle, Hamilton, won from Mrs. Whitehead, Brantford. In approaching and putting competition in the morning, Miss Cox, Toronto, won with 9. Mrs. Bolte, Toronto, and Mrs. Burns, Toronto, were tie for second, with 10 each, and Mrs. Burns won in play-off.

Best middle distance runners of the Gordon Harriers and other local clubs, as follows: Abbie Wood and W. Kerr, of the Gordon Harriers; F. D. Baker, Westmount; C. J. Coonan, St. Anne's, and J. Gordon, of the Waverleys.

The performance shows that the great aborigine is better than ever, and the victory yesterday promises well for the biggest event of the Olympic games coming to Canada twice in succession.

The remainder of the Olympic team were entertained at the M. A. A. last night and then escorted to their boat by pipers and band and an immense number of admirers and well-wishers.

BOYS AT TORONTO.

Toronto, June 12.—About a hundred or more friends of the Olympic athletes gathered at the Union Station yesterday morning in wish bon voyage to the men who will carry Canada's athletic reputation to England. Rev. J. D. Morrow was there with a friendly hand and encouragement.

Lawson, Tait, Archibald, Sebert and Meadows left from the West End; Barber, Gooding and Gold-horo from Central; Woods and Brantford and Keith and Elliott the gymnasts.

Fred Simpson, the Indian, will meet the others at Peterboro. Fitzgerald, of Edmonton, went with the others. Billy Tait, who is going over with the team, left for Montreal on Wednesday with Irving Parkes. Galbraith went last night. He will arrive in Montreal in time to catch the Tunisian, on which boat the team will make the trip.

Calvin Bricker, who it was announced would not go, was left a ticket by Mr. Crocker, and will leave on the 20th inst. Jack Tait is going to run in the half, the mile and the five-mile. He has twelve days between his mile and the Marathon, which he will devote to ten and fifteen mile trials, so as to get used to the long distance. He will then, he figures, be in good shape for the Marathon.

James Lister of Central Y. M. C. A., who finished fifth in the Marathon trial, left last night. Mr. J. Ross Robertson has donated \$50 towards sending him, and his fellow-workers at the C. P. R. are arranging for his railway transportation. The Central Y. M. C. A. are starting a fund to cover his ocean passage and other expenses, and Lister will be given a chance. He claims that he could have finished higher up had he known that only the first four would be chosen instead of the six, as originally announced.

The Hamilton contingent, consisting of Coach Sherrington; Cotter, the Burlington Marathon man; Bobby Kerr, the sprinter, and his special trainer, Todger Anderson, came on from the Mountain City, and went down with the rest of the bunch. All the party are under Mr. Crocker's care.

Con. Walsh, the Woodstock Amateur Athletic Association weight and discus man, was sent by Joe Boyle, of Woodstock, and holds the world's record in the 56-pound weight for height. He was overlooked by the Canadian Olympic committee.

The bicycle riders, McCarthy, Young, Andrew, Anderson and Morton, went with the rest of the team yesterday morning.

C. P. R.'S. NEW WINNIPEG FLYER.

Toronto to Winnipeg in 36 Hours via Muskoka Route.

Commencing next Sunday, June 14, the new train for the West will leave Toronto at 9:30 a. m., and daily thereafter will make the run to Winnipeg in thirty-six hours, saving nearly eight hours on the present time between Toronto and the West. It will be the fast train over the Canadian Pacific's new line to Sudbury, through the heart of Muskoka and Georgian Bay, which is appropriately named "The Muskoka Route." Palace and tourist sleeping cars will be carried, in addition to a handsome diner and first and second class coaches, everything of usual high C. P. R. standard.

BOTH FAVORS BRYAN.

Roswell, N. M., June 12.—The Democratic territorial convention yesterday elected twelve delegates to the national convention, and instructed them to vote as a unit for Wm. J. Bryan, as a nominee for President.

Lexington, Ky., June 12.—The resolutions adopted at the Democratic State convention last night reaffirm allegiance and devotion to the Democratic principles represented by Jefferson as set forth in the platform of 1904, and instructed the delegates to cast the vote of Kentucky as a unit at the Denver convention for W. J. Bryan.

LAND COMPANY.

(Special Despatch to the Times.)
Ottawa, June 12.—Col. Sam Hughes, at the opening of the Commons sitting this morning, complained that the Peace River Land Company had not fulfilled the requirements of their contract to place settlers on the lands assigned for sale to them.

Mr. Oliver stated the company would not get the lands until conditions were fulfilled.

of Toronto had waited on him the other day and asked him to amend the law so that the board would have power to deal with the viaduct question.

Hon. John Haggart said the Minister's explanation apparently met the board might not have a strictly legal right to deal with the viaduct question, but that it had a moral right.

Mr. Lennox thought it was very fortunate that it had been decided that the board had power to deal with the viaduct question.

Replying to Colonel Sam Hughes, the Minister said he believed it was true that the majority of the surveying and constructing engineers employed by the Grand Trunk Pacific Railway were American citizens.

Other items for the Railways and Canals Department were passed, bringing the total under this head for the day up to \$1,219,452.

Salaries and contingencies items for the Department of Justice totalled respectively \$42,573 and \$12,500, were voted as well as \$4,500 for fumigation stations.

Items of the Department of Agriculture amounting to \$261,000 were next put through.

CROPS ARE FLOURISHING. Western Temperature Higher and Many Showers Reported.

Winnipeg, June 11.—Temperatures are high, especially in Manitoba, and many showers are reported. The crop appears to have made steady progress so far, and while a long spell of hot weather would be beneficial, there is no concern about the prospects.

The Canadian Northern Railway report shows that all grains are looking well.

Winnipeg, June 11.—Mr. J. Doupe, Assistant Land Commissioner for the C. P. R. has returned from a trip covering almost the entire three Provinces, and gives it as his opinion that he has never seen such magnificent crops nor the promise of such abundant yields.

LETTERIDGE, June 11.—The benefit to the crops from the great rains will more than compensate for any loss from high water. Fall wheat can now get along without any more rain till the harvest time.

You Can't Cure Constipation With a Whip

The cause of constipation is the use of harsh physic. It begins with the occasional use of salts and harsh pills. They irritate the bowel lining, as shown by the griping and pain.

Then Nature hardens that lining, just as she hardens the skin where you constantly irritate it. The lining, like the skin, becomes calloused. Its natural functions cease.

"Pills" can't cure that trouble, for they were the cause of it. You must do now what you should have done at first. Take nothing but Cascarets.

Word was received here to-day from Pittsburg to the effect that Fred Bartl, the wrestler who gained some notoriety here as "Acton's Unknown," is in the General Hospital there, dying from the effects of injuries received in a wrestling match in that city. No particulars have been received.

The Sons of England Cricket Club will send the following team to Niagara Falls for a match with the local eleven: Back, Risebro, Buchanan, Redwood, M. Skedden, Reid, E. L. Rastrick, Tomlin, W. Bridgeland, A. Bridgeland, Pelkes, Lee.
The team will leave the Stuart Street Station at 11:15 o'clock.

The Crown Point Baseball team are open for games with any local teams for Saturday afternoons. W. Bartlett, Manager, Crown Point.

Springfield, O., June 12.—Joe Walcott, of Boston, last night easily defeated Charles Kemp, of this city, in a bout scheduled to go ten rounds. Young Walcott, of Cleveland, and Eddie Burkhead, of Columbus, fought six rounds to a draw in the preliminary event.

London, June 12.—There is a strong possibility that an occasional game of twilight ball will be played at Tecumseh Park during the present month. The demand for it has been pronounced, and the management is seriously considering putting it on as an experiment. A game called at 6:30 can be played off, bar extra inning sessions, by 8:15, and it is safe that the attendance would be doubled. There are hundreds of fans who would like to see the games if it were not that they have to lose valuable working time to do it.

Montreal, June 12.—Tom Flanagan gave out the following farewell message to the athletes of Canada when he left on the Empress of Britain with Tom Longboat this morning: "I want to thank all the people who have been kind to Tom Longboat, and to say that if I can only get Lou Marsh to come over here to act as his coach during the Marathon, I am almost convinced Longboat will win it."

WILL PASS SUPPLY.
Tories at Ottawa Now Anxious to Undo Wrong to Officials.
(Special Despatch to the Times.)
Ottawa, Ont., June 12.—The Opposition are anxious to be relieved as speedily as possible of the onus of having embarrassed practically the whole civil service of Canada by needlessly blocking its supply of practically non-contentious estimates during the past few months. They have accordingly offered to allow another interim supply bill to go through and it is probable the Government will be able to soon remove the present situation with regard to the non-payment of money earned by the public employees by passing through the Commons next week a second interim supply bill of one-eighth of the whole estimates, covering payments of all salaries up to the end of this month, and also estimates already passed by Parliament, aggregating about twenty millions.
At the end of March the Government asked for an interim supply bill of one-quarter of the whole estimates, but the Opposition would not consent to the passing of one-eighth. Later on a request for an additional one-eighth was refused. Now the Opposition has seen the error of their ways, but only after several thousands of civil servants have been unnecessarily embarrassed by withholding their salaries for some weeks past.

REMARKABLE SALES.
Right House Offers Children's Wash Dresses at Half Price or Near It.
And that is only one of a great series of underpriced offerings of summer goods that everyone needs right now.
For instance you may save a third on blouses, a half on one lot of wash suits, a half or near it on becoming millinery, nearly a half on desirable silks and summer dress goods, nearly a third on pretty embroideries, a fourth to a third on linens and there are hundreds of other worth while savings in every department.
Read the details in to-night's big Right House ad and visit The Thomas C. Watkins store to-morrow, and supply every possible summer need. 'Twill mean the saving of many dollars.

Quality and Reasonable Prices
Have much to do with the many new friends we are daily adding to our list of regular patrons. For to-morrow Turkey, spring chickens, spring lamb, prime beef, fresh sausage, Grimsky tomatoes, wax beans, asparagus, cucumbers, new beets, new potatoes, grape fruit, cocoanuts, limes, pineapples, strawberries. Our Beach delivery leaves on Saturday at 1 o'clock. Peebles, Hobson & Co., Limited.
Men's Suit Day Saturday.
Special values to impress men with the advantage of buying here. Some of these suits are cut with long lapels, but tons on corner of pocket flaps on coat and vest, with a slight dip in front. Other styles are more conservative, but not a suit worth less than \$20, at 815 Saturday. 50 homespun suits, light grey and brown, regularly \$10, at \$5.95. Fralick & Co., 13 and 15 James street north.

An Old Times Boy.

OBITUARY.
Miss Ellen Fee died at the residence of her parents, 13 Murray street, early this morning. She had been ailing for about three weeks with pneumonia. She was the daughter of John and Ellen Fee, and was in her 23rd year. Her many friends will regret her early end and much sympathy is expressed for the bereaved family.
Much sympathy will be extended to Mr. and Mrs. Arthur G. Foster, in the loss of their infant daughter, Elsie, which took place this morning, after a short illness. The funeral will take place from her parents' residence, 392 York street, on Sunday afternoon at 2 o'clock.

William Wilson passed away at the residence of his nephew, Mr. H. A. Jones, 164 Forest avenue, this morning, in his 54th year. Deceased was the second son of the late Samuel Wilson and was very highly esteemed by a wide circle of friends.

William Burnett died this morning after a long illness. The funeral will take place on Sunday, from Blatchford & Son's undertaking rooms to Ancester cemetery.
DETECTIVE SHOT.
Two Men Arrested For Shooting a Buffalo Officer.
Buffalo, June 12.—Jerry Lynch, one of the best known detectives in the State, was shot on Swan street, near the post office, shortly before noon to-day and seriously injured. Otto Sussdorf, a brother of former City Clerk Sussdorf, is under arrest for the shooting. At the station house he called himself George Miller. Sussdorf was accompanied by another man, who also was caught by the police. Detective Sergt. Lynch was taken to the Emergency Hospital in an ambulance.

RACE WEEK REDUCTIONS.
