"TOOK CHANCES LIKE A YANK"
 (Toronto Star)

A full page headline in the Literary Digest reads thus: "Harry Hawker, the Britisher Who Took Chances Like a Yank."
 One rather wondered how our neighbors would so about the effort of trying to skim the cream of the exploit of Hawker and Grievés, and appropriate it to themselves. The editor of the Digest does it ingeniously.

These Britishers "took chances like a Yank," while it goes on to suggest in the body of the article that the Americans who crossed the ocean in sea planes, with stops on the way and a string of ships lined out along the path, were following something more like British methods and thoroughness. Here is the way the Digest sums it up: "Nerve, skill, physical stamina, readiness to take a ten to one chance with life itself as the forfeit in case of failure these are proverbial American attributes, as contrasted with English steadiness and thoroughness."
 But, after all, isn't this pretty much a case of the difference in the way one sees oneself and the way one sees the other man? Are these "proverbial American attributes" proverbially American attributes? What outside and independent authority ever pronounced these attributes as being exclusively American? Nerve, skill, physical stamina, readiness to stake one's life on a chance are British attributes and have been for a thousand years. Today Hawker and Grievés are not alone. Ryanham and his navigator, two other Britishers hopped off the raft, day to try the non stop flight across the Atlantic, but had an accident at the start. Perhaps before this is in print other Britishers on a Handley Page will have tackled the fifteen hundred mile ocean flight. Perhaps before the summer is over a Yank may try the non stop flight and take a chance like a Britisher. Who knows? Capt. Columbus was not a Yank, and he took a chance like an Italian. The whole story of the ocean is filled with cases of Britishers who took chances. Niagara Falls had been in America a long time, but it was an Englishman who came over and swam the rapids. It was Blonidin who came across the pond and taking a chance like a Frenchman, walked the Niagara Gorge on a tight rope. The Arctic and Antarctic regions, the lonesome rocks in the furthestmost seas, the jungles of Asia and Africa, the floors of every sea are strewn with the bones of Britishers who took all the chances that the life of daring and adventure have to offer. One cannot help but wish that our otherwise fine and delightful neighbors would quit trying to survey mankind in the mirror. A wide open window would give a broader view, and there was ground for hoping that the great war had blown that window open.

FOUR ADVICES FROM THE C. M. A.

The Toronto Telegram says editorially:
 Canada's commerce, agriculture and industry today have to carry a load of not less than \$25,000,000 per annum as debt charges on the money that private ownership has wasted in its solutions of the transportation problem since 1896. The Canadian Manufacturers' Association never held out a helping hand to the public journals and public men who were trying to keep that load off the country's shoulders. The leaders of the Canadian Manufacturers' Association proved themselves specialists in the CREATION

ANNOUNCEMENT OF NEW CANADIAN BOOK BY CANADIANS FOR CANADIANS

The John C. Winston Co., Limited of Toronto, announce the early publication of "Canada's Sons and Great Britain in the World War" by Col. George C. Nasmith, C.M.G., M.A., Ph.D., D.Sc., who served with the Canadian Expeditionary Force in France and Belgium, with an introduction by General Sir Arthur Currie, Commander in Chief of the Canadian Corps. A great portion of the book is compiled from notes made on the battlefield by Colonel Nasmith and the descriptions of the various engagements, written by an eyewitness, have an intimate appeal that no amount of long distance reporting could convey.
 Colonel Nasmith was born in Toronto in 1877 and gained his bachelor's degree from the University of Toronto in 1900; M.A. in 1903; Ph.D., 1903; D.Sc. 1916; D.P.H. 1918. He was chemist for the Provincial Board of Health of Toronto 1903-09; Director of Laboratories, Department of Health, Toronto, 1909-18. He went overseas

W. S. S. BONDS ARE BOOMING

Budget Speech and Rise in Victories Has Increased Demand for Them
 Quite a considerable flurry is reported in the sales of War Saving Stamps and Bonds, during the last few days. This is evidently directly attributable to the bringing down of Sir Thomas White's budget and the last rise in Victory Bonds.
 Of untaxable bonds there are by far the best security on the market and pay a slightly greater interest than 1933 maturity Victory Bonds, bought at the prevailing market.
 The general bond buying public are unquestionably beginning to realize that this security with its earning power on a par or slightly greater than other Government bonds, is as desirable in every way, as any other bond which the public has been asked to support. The highest efficiency possible has been developed in the buying and redeeming facilities. For instance—a buyer for a \$50 bond presented himself at the W.S.S. wicket in the General Post-office, and within three minutes and thirty seconds he was possessor of a fully registered W. S. S. certificate. This same buyer, if he wished, would be able to have this bond redeemed in slightly less time. It is therefore quite safe to say that no other security on the market can present anything like the same ease of negotiation.
 The National War Savings Committee, through their local or Central Ontario headquarters at 43 Victoria St., are at the disposal of the public for all information pertaining to War Savings stamps and certificates.

of this country's railway calamities. Now the Canadian Manufacturer's Association permit a crew of Montreal corporations to pose as specialists in the CURE of this country's railway calamities. The Canadian Manufacturers' Association helped the Ottawa agents of private ownership to squander at least \$500,000,000 on railway exploitation, duplication and over capitalization. That \$500,000,000 per annum has to come out of the wages of the labor that produces the output of Canadian factories or out of the pockets of the consumers who buy the products of Canadian factories. The Canadian Manufacturers' Association help to CREATE THE CAUSES OF HIGH FREIGHT RATES in this country and now the Canadian Manufacturers' Association offers as HIS CURE FOR THE CAUSES OF HIGH FREIGHT RATES a prescription framed up in Montreal that might be written in the words:
 "For heaven's sake, don't take over the Grand Trunk Railway and give the Canadian National Railways a chance to live or the manufacturers of Ontario an efficient railway service in competition with the C.P.R."

CAMP FIRES ARE FOREST DESTROYERS

In almost every part of Canada, the camp fires of picnic and fishing parties continue to destroy more of public-owned timber than could be grown by the planting of scores of millions of trees.
 From every direction comes urgent suggestion that governments start to replant the waste forest areas. This procedure may profitably apply to certain sections of Canada. The main consideration, however, is to stop the destruction of timber requiring a century to grow. Planting is a highly expensive alternative to fire prevention. If camp fires were invariably extinguished, there would be less need of asking the public treasury to assume the cost of rebuilding the forests by the use of millions of seedlings. Camp fires in Canada have stolen more public wealth than would have transported the guilty campers around the world on a luxurious free trip. Veteran woodsmen always build their fires small and build them in a safe spot, such as along a rocky shore or on a gravel or sand base, never among the leaves or against a log.

SEALED TENDERS

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for repairs to breakwaters at Port Colborne, Ont." will be received at this office until 12 o'clock noon, Friday, June 20, 1919, for the construction of repairs at two points on the eastern and two on the western breakwaters at Port Colborne, Welland County, Ont.
 Plans and forms of contract can be seen and specification and forms of tender obtained at this Department, at the offices of the District Engineers, Equity Building, Toronto, Ont.; Shaughnessy Building, Montreal, Que.; and at the Post Office, Port Colborne, Ont.
 Tenders will not be considered unless made on printed forms supplied by the Department and in accordance with conditions contained herein.
 Each tender must be accompanied by an accepted cheque on a chartered bank payable to the order of the Minister of Public Works, equal to 10 per cent of the amount of the tender. War Loan Bonds of the Dominion will also be accepted as security, or War Bonds and cheques if required to make up an odd amount.
 Note—Blue prints can be obtained at this Department by depositing an accepted bank cheque for the sum of \$20, payable to the order of the Minister of Public Works, which will be returned if the intending bidder submit a regular bid.
 By order,
 R. C. DESROCHERS,
 Secretary,
 Department of Public Works,
 Ottawa, May 27, 1919.

Department of Railways and Canals

WELLAND SHIP CANAL NOTICE TO CONTRACTORS.
 SEALED TENDERS, addressed to the undersigned and marked "Tender for the Supply and Delivery of Sand, Season 1919", will be received at this office until 12 o'clock noon on Thursday, June 26, 1919.
 Specifications and tender form can be obtained on and after this date from the Chief Engineer of the Department of Railways and Canals, Ottawa, and the Engineer in Charge, Welland Ship Canal, St. Catharines, Ont.
 An accepted bank cheque on a chartered bank of Canada, for the sum of \$5,000, made payable to the order of the Minister of Railways and Canals, must accompany each tender, which sum will be forfeited if the party tendering declines entering into contract for the work at the rate stated in the offer submitted.
 The cheque thus sent in will be returned to the respective contractors whose tenders are not accepted.
 The cheque of the successful tenderer will be held as security for the fulfillment of the contract to be entered into.
 The lowest or any tender not necessarily accepted.
 By order,
 J. W. PUGSLEY,
 Secretary,
 Department of Railways and Canals,
 Ottawa, June 11, 1919.

with the Canadian forces in the World War and was in the thick of the fighting in the first gas attack of the Germans at Ypres and in many subsequent engagements. It was he who first reported the nature of the poison gas used by the Germans in 1915 and suggested the use of the protective masks. He first suggested the use of chlorine for purifying water for an army in the field (1909). The mobile filter now used by the British army is the result of his suggestions. Besides many technical papers Col. Nasmith published "On the Fringe of the Great Fight" in 1918. This new book, which the Toronto publishers have scheduled will cover the entire scope of the war. It is the purpose of the publishers to copyright and manufacture the book in Canada.
 Some of the chapter titles are: Canada in War Time; The Sailing of the Thirty three Transports from Canada; The Canadians on Salisbury Plain; The Princess Patricia in Action; Canadians Save the Situation at Ypres; The Storming of Passchendaele; Keeping Our Canadians Fit; The Canadian Auxiliary Services; With the Canadian Airman; Canadiana Win Mons; The Record of the Canadian Army Corps. Besides these purely Canadian topics, there are chapters devoted to the Anzacs at Gallipoli, the great naval fight at Jutland, the help given by the United States; the blocking of the harbor at Zeebrugge by the British Navy; the achievements of Italy, Japan and the other Allies and the dramatic revolution in Russia. Colonel Nasmith has dwelt most upon the splendid work of the Canadians, but he has interspersed a record of the war on other fronts, so that the reader is kept in constant touch with contemporaneous happenings.
 This will be a large octavo book of over six hundred pages and will be copiously illustrated with maps and official photographs. Because of the very large demand assured for the book and in order to insure that this book will be recognized as the popular history of Canada's Participation in the World War it has been arranged to sell it as low as \$3.50.
 A railroad paymaster at Omaha has just cashed a pay cheque for \$112 issued in 1894. Why it was held so long he doesn't know.

WHAT EXCHANGES SAY

THE CIVIL SERVICE QUESTION
 Montreal Herald.—The Civil Service Commission was created as a permanent body. A British expert was called in some years ago to overhaul, reclassify, if he could, and report. They are always strong on reports. When the discarded report of Sir George Murray was mentioned in the Commons discussion no one remembered what it was or what had been done about it. Mr. Maclean said he did not know what the special committee of the House was doing. We would suggest another Royal Commission to endeavor to ascertain what all these other commissions and experts and committees have done and then the appointment of a good Montreal accountant and adjuster to explain the whole thing clearly to Mr. Maclean. We are sure the Minister would be delighted.

CITY OF ST. CATHARINES

Taxes Year 1919

Under the authority of By-law No. 3200 passed on the 25th day of March, 1919, notice is hereby given that all taxes for the year 1919 are now due and payable but may be paid in three instalments as follows, subject to the following exceptions and conditions.
 Taxes which are not payable by instalments
 Taxes in Income Assessment, Arrears of Taxes and charges collectable as taxes for any work done or services rendered by the Corporation are due and payable in bulk on or before the 25th day of June, 1919 (and not by instalments.)
 Payments by instalments
 1st Instalment—due and payable on or before the 25th June 1919. One-half of the taxes will be the amount of the 1st Instalment.
 2nd Instalment—due and payable on or before the 25th September 1919. One-quarter of the taxes will be the amount of the 2nd Instalment.
 3rd Instalment—due and payable on or before the 25th November, 1919. One-quarter of the taxes will be the amount of the 3rd Instalment.
 Taxes not paid when due.
 If default is made in the payment of any instalment on the above dates, the privilege of payment by instalment becomes cancelled and the whole of the taxes or the balance unpaid, as the case may be, at once becomes due and payable, together with percentages in addition, as follows:
 Upon default in payment of taxes on the dates appointed,
 Penalty Or amounts paid within ten days of time of such default, a percentage charge of one per cent will be collected.
 Penalty On amounts paid within twenty days of time of such default, a percentage charge of two per cent will be collected.
 Penalty On amounts paid within thirty days of time of such default, a percentage charge of three per cent will be collected.
 Penalty On amounts remaining unpaid after thirty days of time of such default, a percentage charge of five per cent will be collected.
 Failure to pay the above instalments of taxes as they become due not only forfeits the right of settlement by instalments but brings the parties under the penalty of the Assessment Law, which enacts that in case any party shall REFUSE OR NEGLECT to pay the taxes imposed upon him for the space of fourteen days after demand, the Collector shall levy the same, with costs, by distress and sale of the goods and chattels of the party who ought to pay the same.
 1. Ratepayers who do not receive their tax bills by the 1st day of June should notify Tax Collector's Department of the fact.
 2. Cheques tendered in payment of taxes must be "marked" by bank and made payable at par to the City of St. Catharines.
 3. Taxpayers sending amounts by mail for payment of taxes should also enclose the tax bill and a self-addressed and stamped envelope for the return of receipted Tax-bill.
 4. Taxes are payable at the office of City Tax Collector.
 STUART K. WATT,
 City Treasurer.

Under the authority of By-law No. 3200 passed on the 25th day of March, 1919, notice is hereby given that all taxes for the year 1919 are now due and payable but may be paid in three instalments as follows, subject to the following exceptions and conditions.
 Taxes which are not payable by instalments
 Taxes in Income Assessment, Arrears of Taxes and charges collectable as taxes for any work done or services rendered by the Corporation are due and payable in bulk on or before the 25th day of June, 1919 (and not by instalments.)
 Payments by instalments
 1st Instalment—due and payable on or before the 25th June 1919. One-half of the taxes will be the amount of the 1st Instalment.
 2nd Instalment—due and payable on or before the 25th September 1919. One-quarter of the taxes will be the amount of the 2nd Instalment.
 3rd Instalment—due and payable on or before the 25th November, 1919. One-quarter of the taxes will be the amount of the 3rd Instalment.
 Taxes not paid when due.
 If default is made in the payment of any instalment on the above dates, the privilege of payment by instalment becomes cancelled and the whole of the taxes or the balance unpaid, as the case may be, at once becomes due and payable, together with percentages in addition, as follows:
 Upon default in payment of taxes on the dates appointed,
 Penalty Or amounts paid within ten days of time of such default, a percentage charge of one per cent will be collected.
 Penalty On amounts paid within twenty days of time of such default, a percentage charge of two per cent will be collected.
 Penalty On amounts paid within thirty days of time of such default, a percentage charge of three per cent will be collected.
 Penalty On amounts remaining unpaid after thirty days of time of such default, a percentage charge of five per cent will be collected.
 Failure to pay the above instalments of taxes as they become due not only forfeits the right of settlement by instalments but brings the parties under the penalty of the Assessment Law, which enacts that in case any party shall REFUSE OR NEGLECT to pay the taxes imposed upon him for the space of fourteen days after demand, the Collector shall levy the same, with costs, by distress and sale of the goods and chattels of the party who ought to pay the same.
 1. Ratepayers who do not receive their tax bills by the 1st day of June should notify Tax Collector's Department of the fact.
 2. Cheques tendered in payment of taxes must be "marked" by bank and made payable at par to the City of St. Catharines.
 3. Taxpayers sending amounts by mail for payment of taxes should also enclose the tax bill and a self-addressed and stamped envelope for the return of receipted Tax-bill.
 4. Taxes are payable at the office of City Tax Collector.
 STUART K. WATT,
 City Treasurer.
 CITY TREASURER'S OFFICE, ST. CATHARINES, 17th May, 1919.
 m1919/15/14/18/21

of this country's railway calamities. Now the Canadian Manufacturer's Association permit a crew of Montreal corporations to pose as specialists in the CURE of this country's railway calamities. The Canadian Manufacturers' Association helped the Ottawa agents of private ownership to squander at least \$500,000,000 on railway exploitation, duplication and over capitalization. That \$500,000,000 per annum has to come out of the wages of the labor that produces the output of Canadian factories or out of the pockets of the consumers who buy the products of Canadian factories. The Canadian Manufacturers' Association help to CREATE THE CAUSES OF HIGH FREIGHT RATES in this country and now the Canadian Manufacturers' Association offers as HIS CURE FOR THE CAUSES OF HIGH FREIGHT RATES a prescription framed up in Montreal that might be written in the words:
 "For heaven's sake, don't take over the Grand Trunk Railway and give the Canadian National Railways a chance to live or the manufacturers of Ontario an efficient railway service in competition with the C.P.R."

CAMP FIRES ARE FOREST DESTROYERS

In almost every part of Canada, the camp fires of picnic and fishing parties continue to destroy more of public-owned timber than could be grown by the planting of scores of millions of trees.
 From every direction comes urgent suggestion that governments start to replant the waste forest areas. This procedure may profitably apply to certain sections of Canada. The main consideration, however, is to stop the destruction of timber requiring a century to grow. Planting is a highly expensive alternative to fire prevention. If camp fires were invariably extinguished, there would be less need of asking the public treasury to assume the cost of rebuilding the forests by the use of millions of seedlings. Camp fires in Canada have stolen more public wealth than would have transported the guilty campers around the world on a luxurious free trip. Veteran woodsmen always build their fires small and build them in a safe spot, such as along a rocky shore or on a gravel or sand base, never among the leaves or against a log.

SEALED TENDERS

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for repairs to breakwaters at Port Colborne, Ont." will be received at this office until 12 o'clock noon, Friday, June 20, 1919, for the construction of repairs at two points on the eastern and two on the western breakwaters at Port Colborne, Welland County, Ont.
 Plans and forms of contract can be seen and specification and forms of tender obtained at this Department, at the offices of the District Engineers, Equity Building, Toronto, Ont.; Shaughnessy Building, Montreal, Que.; and at the Post Office, Port Colborne, Ont.
 Tenders will not be considered unless made on printed forms supplied by the Department and in accordance with conditions contained herein.
 Each tender must be accompanied by an accepted cheque on a chartered bank payable to the order of the Minister of Public Works, equal to 10 per cent of the amount of the tender. War Loan Bonds of the Dominion will also be accepted as security, or War Bonds and cheques if required to make up an odd amount.
 Note—Blue prints can be obtained at this Department by depositing an accepted bank cheque for the sum of \$20, payable to the order of the Minister of Public Works, which will be returned if the intending bidder submit a regular bid.

THE PASSING JEST

My wife doesn't sing any more. Did she lose her voice? No. She found her senses.—Boston Transcript.

Willis—The secret of success is to keep at it.
Gillis—Except in the stock market.
Willis—What is it there?
Gillis—Keep out of it.—Life.

Somebody stole my divver, wailed Mr. Chugger.
Why don't you tell the detectives.
I'm not merely looking for sympathy. I'm looking for the divver.—Washington Star.

Mrs. Mcningall—When you spoke of your arid as an old family retainer I expected to see an older person. How long has she been in your family?

Mrs. Kooral—Ever since last Wednesday.—Judge.

I presume you're mighty glad the war is over.
Well, I don't jes' know about dat, answered Mandy. 'Cose I'se glad to have my Sam back home an' all dat but I jes' know I ain't never gwine to get money from him so regular as I did while he wuz in de army an' de Government wuz handin' his financial affairs.—Detroit Free Press.

WANTS ANOTHER FERRY
Summerside Journal.—With the standardizing of the P. E. I. Railway (the Chathamtown-Summerside section) will be completed early this year the Borden-Toronto route will be the only one used to any extent, and the one ferry will not only be unable to handle all the freight offering in the busy seasons, shippers maintain, but if anything happened to the ferry this Province would be in a backward position without a relieving boat. Local transportation men are convinced and are trying to convince the Government officials, there will be sufficient freight to keep two ferries busy during most of the year.

Hamilton Daily Times.—Last night, without any discussion or consideration and amid much chuckling, the Senate threw out the Mowat clause in the Act and again placed the Power Company in the position of being able to overrun the wishes of the people of any municipality which it desired to enter.

U.S. Supreme Court decided passengers traveling on interstate trains are immune from having their baggage searched for liquor.

HOW TO AWAKE FRESH AS A DAISY CONSTIPATION GONE

No other remedy acts the same. Works while you sleep, smooth, strong, effective. Cures the worst headache or constipation.

This is what happens when you use Dr. Hamilton's Pills.

For wind or pain in the stomach nothing works better.

No bad taste left behind, no turred tongue, no more dizzy spells or hilly fits after taking Dr. Hamilton's Pills.

All the old costiveness, frightful dreams and nervous disorders disappear as a ship in the night.

The appetite is sharpened up, takes on a keen edge.

You enjoy your meals, relish and digest them.

Strength and buoyant spirits return. You feel good, you look like your old self again with bright eyes and rosy cheeks.

The best guarantee of good health and old age that man and woman can have is the regular use of this family pill.

Suited to all ages, you should get a few 25c boxes from the drug store, and keep them handy.

DR. ARTHUR B. COBB
Dentistry

Every day we perform complicated operations that would have been unnecessary had the proper attention been given at an earlier time.

Neglected tiny cavities are responsible for these serious treatments. If these cavities had been given prompt attention when they were tiny no further treatments would have been necessary.

If you have not visited a Dentist in six months, you undoubtedly have one or two of these cavities in your teeth.

Let us fill them for you—painless, skillfully and at but trivial cost.

Our charges for all kinds of fillings, for high class Crown and Bridge Work and for Plates that are good to look at and comfortable to wear—are all exceedingly low.

Crown and Bridge work \$5 a tooth. Excellent plates \$7.50. Come in for free examination and consultation today.

Offices 368-378 Main Street, Corner of Eagle

Open until 8; No Sunday work. Phone: Seneca 405.

Known formerly as White Dental Office.

Known formerly as White Dental Offices.

FARM LOANS for SOLDIERS

Cheap Implements, Livestock and Harness

THE Soldier Settlement Board has arranged with manufacturers of implements and harness to give soldier settlers a wide choice of first class implements at prices substantially below those quoted to civilians; and in the Prairie Provinces the United Grain Growers, Limited, will give soldier settlers special prices on implements, wagons, and other commodities.

By collective buying in large numbers for cash, it can also offer soldiers the lowest possible prices on horses and other live stock.

It can supply a good harness set for approximately \$31.50 at point of manufacture.

All these concessions are in addition to the Board's offer to secure for the soldiers good

land, conveniently located, and to give financial assistance in the way of loans to establish them on the land.

Land and Loans

With certain exceptions, a soldier who has served with good conduct in the Canadian, Imperial or Allied forces in an actual theatre of war or outside the country in which he enlisted (or widow of any such man) may secure loans to purchase land, live stock and equipment and erect buildings—

- (1) Up to \$4,500 to cover the cost of the land and discharge encumbrances.
- (2) Up to \$1,000 to erect buildings. Both these loans to be paid on the instalment plan. Payments extending over 25 years.

(3) Up to \$2,000 to buy implements, live stock, and equipment. The soldier will begin to pay off this loan in the third year, and will have four years to pay.

Only five per cent. will be charged on these loans.

A cash payment of one-tenth the price of the land will be required, except in special cases.

Qualified settlers on Dominion Lands may secure loans up to a maximum of \$3,000 on a plan similar to the above for farm equipment, live stock, and erection of buildings, provided security offered justifies the loan.

If you figure you have more than a fifty-fifty chance to make good as a farmer, write to your Provincial Superintendent at 32 Adelaide Street East, Toronto.

W. J. BLACK, Chairman, Union Bank Building, OTTAWA.

The Soldier Settlement Board

CAPT. BOYD GETS READY
TORONTO, June 14.—Capt. J. Eroll, a pilot in the R. A. F., left Toronto last night for New York to start on his trans-Atlantic flight to England. The machine in which Capt. Boyd is to fly is made entirely of steel. Capt. Boyd claims that the machine is lighter than if made of wood. It is fitted with two engines of 450 horsepower each. The machine has a speed of 175 miles per hour.

DIFFERENT THEN
"P. T. Barnum said the public liked to be humbugged."
"Quite true," admitted the man who was doing stunts in arithmetic. But in the pavement.

Oscar Bricker, 30, a civilian, after, was burned to death at Hannibal, Mo., when his airplane fell. The gasoline tank exploded as it struck the pavement.

U.S. Supreme Court decided passengers traveling on interstate trains are immune from having their baggage searched for liquor.

ANCIENT CUSTOMS IN ACADIA.

The invention of the automobile has changed the habits of the people in many ways. One of the most noticeable changes is the increase in the number of people who travel by motor car. This has led to the development of many new roads and highways, and has also led to the development of many new towns and cities. In the past, travel was slow and difficult, and people were often forced to travel by horse and carriage. This was a very slow and expensive way of travel, and it was often very uncomfortable. Now, with the automobile, travel is fast and easy, and it is also much more comfortable. This has led to a great increase in the number of people who travel, and it has also led to the development of many new industries and businesses.

(1) The C.P.R. steamer Empress, docked in Digby Harbor.
(2) At Grand Pre. The Willows, a memorial cross and a digby.
(3) An old-fashioned freight car on a Digby street.
They were the dwellings of the first Acadians who came to the Bay of Fundy from St. John's, Newfoundland, in 1755. They were of old, the windows were green on the outside and the inside was red. The houses were built on the banks of the Digby River, and they were surrounded by a wall of willows. The houses were built on the banks of the Digby River, and they were surrounded by a wall of willows. Don't Waste Gas With Ill-Adjusted Mantles

Moderate westerly winds, mostly fine and very warm today and Sunday.

Each incandescent mantle burner has a device at the base for regulating the air and gas.

Air and gas must be mixed by this means to secure the maximum of illumination without any hissing or roaring sound.

Unless this is done you are wasting gas and failing to get the most from your mantle.

ALTHOUGH NATURAL GAS IS CHEAP, DO NOT WASTE IT. THE SUPPLY IS NOT EVERLASTING.

THE UNITED GAS COMPANIES, Limited.

You Have No Right To Suffer

Suffering is unnecessary and with CHIROPRACTIC at hand, ready and willing to help you, you are acting very foolishly if you do not consult your Chiropractor at once. Upon the condition of your spine depends the state of your health and your suffering is without doubt due to a subluxated vertebra which is pressing upon the nerves causing the stop of mental impulse from the brain to the various organs. Your Chiropractor will give you a Spinal Analysis, will locate the place where the subluxation occurs and will proceed to adjust it. Mental impulse will then flow freely and unimpeded and your sufferings will be over.

Consultation and Spinal Analysis Free.

Choice cut flowers, potted plants and floral designs, at all times, at Walker's, Florist, 104 St. Paul street Phone 763.

The offices of the City Hall will close at 12 o'clock noon on Saturdays during the months of June, July and August. dj13

For the June Bride, let us suggest an "Eureka" Vacuum Cleaner, or one of our One Minute Washing Machines. We have them at different prices, either Electric, hand, water or power driven. The Martin Electric Co., 9 St. Paul St. J. 9 m. t. & f. t. f.

Forty well known citizens of the city gave their personal guarantee for the actual expense of bringing the Dominion Chautauqua to St. Catharines. This made it possible for you to have the opportunity of hearing eight splendid lectures with a great variety of entertainment added for the modest sum of \$2.20 for adults and \$1.10 for children. After the expenses have been met the net profits are to be given to the local Great War Veterans Association. Don't forget the dates June 18 to 24, the place, Armoury Grounds, corner Lake and Welland Avenues.

LOCALS

If June keeps up its present record it will be one of the hottest months of the same name that have been known for some years.

The regular meeting of the City Council will be held Monday night.

The market was well attended this morning and there was a good supply of vegetables, fruit, flowers, etc. Hay was not plentiful.

The property on James street owned by Mr. Devlin and where his livery stable formerly stood has been sold this week at a good figure. The Journal understands that a new business block will go up on it at an early date.

A FRIEND OF THE POLICEMAN

Continually on their feet, the "Peelers" are invariably troubled with corns and bunions—but not for long, because they know of a quick cure. Putnam's Corn Extractor; it cures painlessly in 24 hours; try "Putnam's," 25c at all dealers.

M'COLLOUGH PAYS FINAL PENALTY

TORONTO, June 14.—Frank McCullough was hanged in the courtyard of the Toronto Jail yesterday for the murder of Acting Detective Frank Williams last November 19th.

The execution took place in the presence of about twenty officials besides Hangman Ellis. Inside the walls all was nervously quiet while outside clamored a crowd of 600 men, women and children who cried out against the hanging. The murderer's youth and the faithfulness of his sweetheart—who is herself at large after having been sentenced for assisting him to escape from the death cell—probably were what aroused public sentiment in his favor. Out of his case there has grown an agitation to substitute electrocution as a more humane death than hanging.

Statisticians figure there is a wedding every 13 minutes in New York City, but in June there is one every 10 minutes.

AUCTION SALE

Wednesday, June 12th, at Mr. Flood's 8 Trafalgar St., starting at 9 a.m., everything to be sold. Cabinet, Grand Piano, hall rack, dining table, chairs, sideboard, couch, carpet, gas stove, drapes, cosy corner, ice box, oil heater, kitchen cabinet, dressers, beds, desk, china and garden tools.

WANTED

Competent Stenographer Must have experience; high wages. Apply
The Pedlar People, Limited
Oshawa, Ont.

A special meeting of the W. A. will be held at the residence of Mrs. William McCarthy, 15 Academy Street, on Monday night to make arrangements for the Annual Picnic at St. Barnabas.

The Sunday boat service between Port Dalhousie and Toronto will begin on Sunday June 9th.

The Cannought "9" journeyed to St. David's this afternoon to play a game of baseball with the Niagara-on-the-Lake team.

The many friends of Mrs. J. Herrington, Henry street, who underwent a severe operation at the General and Marine Hospital, on Thursday of last week, will be pleased to hear her condition is very favorable although it will be some little time before she will be able to leave for home.

Donald Walsh indulged in two much wet stuff on Friday night, and as a result appeared before Magistrate Campbell this morning and fined \$10 and costs.

Mrs. Emily Sagert a highly respected resident of the city passed away last night at the General and Marine Hospital after a long painful illness. She is survived by two daughters, Mrs. J. Spang and Miss Inez Olga Sagert of this city. The remains will be taken to Fonthill on Monday for burial.

An interesting game of baseball was played last night between McKinnon's and the Yale and Towne Co., the former team winning by a score of 8 to 6.

A meeting of the Sunday School managers will be held in the Y. M. C. A. building at 7:30 o'clock on Tuesday night, when final arrangements will be made regarding baseball.

A meeting will be held on Tuesday night at the Y. M. C. A. at 8 o'clock when all persons interested in indoor-outdoor baseball should attend.

ABOUT MIDDLE OF AUGUST

The Prince's Visit is Not Likely to be Postponed.

OTTAWA, June 14.—So far as official advice is concerned, there is no intimation that the proposed visit to Canada of the Prince of Wales is likely to be postponed. Arrangements for the visit are in progress. The Prince is expected to arrive about the middle of August.

RICH, RED BLOOD MEANS HEALTH

Weak, Pale People Require a Blood-making Medicine.

It took centuries for medical science to discover that the blood is the life. Now, it is known that if the blood were always abundant, rich and pure very few people would ever be ill. It was not until the end of the 19th century that an instrument was invented for measuring the red part of the blood. Then doctors could tell just how anaemic a patient had become, and with medicine to make new blood the patient soon got well.

All the blood in the body is nourished and kept rich and red by the food taken daily, but when, for any reason, a person is run down and cannot make sufficient blood from the food to keep the body in health then a blood making medicine is required. The simplest and very best of blood makers suitable for home use by any one, is Dr. Williams' Pink Pills. When a course of these pills is taken their good effect is soon shown in an improved appetite, stronger nerves, a sound digestion and an ability to master your work and enjoy leisure hours.

For women, there is a prompt relief of, or prevention of ailments which make life a burden. Mrs. Thos. Kaake Trenton, Ont., tells how she obtained new health and strength through the use of Dr. Williams' Pink Pills. She says: The weakness came on me gradually that at first it was hardly noticeable. But after a time it got so that I could not go up stairs without stopping to rest. Every particle of color left my hands and face, and the least exertion would tire me and leave my heart palpitating violently. I consulted a doctor who told me the trouble was anaemia and prescribed a tonic. I took this medicine for some time, but it did not seem to help me a bit. Then I read of a cure in a similar case through Dr. Williams' Pink Pills and decided to try them. The result was these pills made me feel like a new woman. I have gained all my former health and strength and feel that I owe my present condition entirely to Dr. Williams' Pink Pills.

You can get these pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from the Lr. Williams' Medicine Co., Brockville Ont.

HOUSING SCHEME GROWING FAST

Municipalities Under the Act are Doing Things on a Large Scale—Estimates Have had to be cut Down.

TORONTO, June 14.—Three hundred houses are now in course of construction in different municipalities in the Province under the Ontario Government housing scheme, and within another month it is stated 1,000 dwellings will be erected. It was learned yesterday that to date 19 cities, 29 towns, 13 villages and 9 townships have come in under the scheme. There are only four cities in the Province that have not as yet accepted the Government assistance in the building of houses. These are Belleville and Kitchener, which are still considering the matter, and Kingston and Peterboro'.

Paré Down Estimates The municipalities that have already come in under the plan are doing things on a large scale. In fact, they have made such heavy financial demands that their estimates have had to be pared down, although this trimming will in no way delay the work this year. It is estimated by Government officials that about ten and a half million dollars will be loaned to the municipalities this year, of which the Dominion Government will furnish eight and a half millions. Of this ten and a half million, it is expected five millions will be actually expended this year. But next year, with all the local commissions organized, it is said the Government will in all probability be called upon to loan \$15,000,000 to the municipalities.

THE WASTING OF FOOD

(Toronto Globe)

The Chicago Tribune makes the serious charge in an article by Charles M. Wheeler, that the United States Government owns enormous quantities of canned vegetables and refrigerated meats in excess of requirements for army purposes and is in a quandary as to whether to dump these supplies on the market at the risk of demoralizing business. Some of the foodstuffs so held back have been deteriorating, particularly canned salmon of which there are over fifty one million tins in stock but some time ago when it was proposed to sell part of the vegetables and salmon the National Cannery Association of the United States succeeded in having the offerings withdrawn by the Quartermaster General of the army.

To meet the request of the canners that the army offer no canned peas, corn, tomatoes and salmon in the domestic market, except and until they shall develop a shortage in production, the War Department has agreed to the changing of the army ration list by the addition of canned peas, corn, string beans and other vegetables thus entirely eliminating the surplus.

This is a lot better than permitting the food to spoil but it shows amazing consideration for the canners, particularly at a time when the cost of all sorts of food is artificially maintained at war prices. The American soldiers and sailors, who will have to eat over a quarter of a billion tins of canned goods to prevent a slump in the canners' prices will remember all their lives how tenderly the Government dealt with the canners and how the dough-boy had to pay by the substitution of canned food for fresh vegetables to bring about the stabilization of prices.

AUCTION SALE

On Wednesday, June 12th, at the hour 1:30 o'clock on Winchester Ave. across the railway tracks opposite Jencks Factory, parlor, dining room and bedroom suits, carpets, rugs, Pandora range garden hose, refrigerator, davenport, secretary and bookcase, crockery and kitchen utensils. All first class goods.

HOW HAGEN WON GOLF TITLE

NEWTON, MASS., June 14.—Playing off a tie with M. J. Brady, of Oakley, Hagen, of Detroit, led his rival by one stroke in 18 holes for the open golf title. The cards were:
Out—Brady, 464, 554, 533—41.
Hagen, 544, 652, 444—38.
In—Brady, 633, 444, 544—37—38.
Brady started the match badly. Facing a four-stroke disadvantage on the in-journey, the Oakley professional began a streak of phenomenal putting which brought him within one stroke of Hagen at the 15th. He could not get closer, however, and lost by one.

THE WASTING OF FOOD

The Chicago Tribune makes the serious charge in an article by Charles M. Wheeler, that the United States Government owns enormous quantities of canned vegetables and refrigerated meats in excess of requirements for army purposes and is in a quandary as to whether to dump these supplies on the market at the risk of demoralizing business. Some of the foodstuffs so held back have been deteriorating, particularly canned salmon of which there are over fifty one million tins in stock but some time ago when it was proposed to sell part of the vegetables and salmon the National Cannery Association of the United States succeeded in having the offerings withdrawn by the Quartermaster General of the army.

**WANT INVESTIGATION
INTO HIS RESIGNATION**

OTTAWA, June 14.—The following
resolution has been passed by the Do-
minion Executive Committee of the G.
V. A.
Whereas, it has been brought to
the attention of the Dominion Com-
mand, Great War Veterans' Associa-
tion of Canada, that Lieut.-Col. McKel-
lie Bell, Director of Medical Services,

Department of Soldiers' Civil Re-es-
tablishment, has been forced to resign
under conditions quite satisfactory to
returned soldiers in Canada.
"Be it resolved, that the Dominion
Executive Committee, Great War Vet-
erans' Association of Canada, request
the Government for an investigation into
the circumstances surrounding Lieut.-
Col. Bell's resignation."

UNLIKELY, THINKS OTTAWA

Officials do not credit Winnipeg
Report of Walkout.

OTTAWA, June 14.—Ottawa offi-
cials to-day put little faith in the re-
port from Winnipeg that the rail-
way firemen and engineers issued an
ultimatum, that a walkout will be
called to-day.

The Ottawa teamsters' strike is
weakening. About half the men are
back.

In Vancouver the strikers issued
an ultimatum to the Mayor that they
would call out phone workers if jit-
neys were allowed to run.

The Montreal situation was un-
changed to-day.

The Erie mines were closed down
at Prince Rupert, Thursday, by a
general strike, a message received
here said.

**FINEST THING EVER
FOR CHRONIC CATARRH!**

Gets Away From the Medicine
Habit, Cures by Novel
Method

With the many remedies you have
tried you surely know that no liquid
medicine can cure your throat or
nose. Even a gargle only bathes the
entrance of the throat, it can't really
get inside, nor can it reach the in-
flamed bronchial tubes.

With Catarrhoxone, it's so differ-
ent from medicine-taking, you simply
breathe its healing vapor, inhale its
balsamic fumes, which carry cure and
relief to the minutest air cells in the
lungs, nose, throat and bronchial
tub.

In this scientific way the soreness
and inflammation is rapidly allayed,
relaxed cords, are toned up, the en-
tire mucous membrane invigorated.
Every trace of catarrh disappears,
the disagreeable dropping of mucus in
the throat, hawking, spitting, and
stopped-up nostrils—all these sure
signs of catarrh and bronchitis are
permanently cured by Catarrhoxone.
Large outfit lasts two months, costs
\$10.00; small size 50 cents, trial size
25 cents, at dealers everywhere.

tion of Labor.

GET ON LAND EARLY

The Dates to Plant for Heaviest
Yields.

To Make Most Money From Wool
Shearing Must Be Done Properly
and Wool Handled Carefully—
A Few Hints Which Have Saved
Farmers Dollars.

(Contributed by Ontario Department of
Agriculture, Toronto.)

THERE is a best time to sow
each class of farm crops to
secure the highest returns.

It is difficult, however, to
know which are the most favorable
dates for the best returns of the dif-
ferent crops in all seasons. The re-
sults of experiments conducted over
a series of years form a good gen-
eral guide. Some crops give best re-
sults from later seedings. Seasons
vary so much that in some years the
grains are practically all sown by the
dates at which it is only possible to
start sowing in other years. It is of
the utmost importance, however, to
start cultivating the land as early as
it is dry enough to work to good ad-
vantage. The first cultivations should
take place for those crops which
should be first sown. In this connec-
tion it is interesting to study the re-
sults of an experiment which was
conducted in each of five years at
the Ontario Agricultural College.

Spring wheat, barley, oats and peas
were sown on each of six dates. One
week was allowed between each two
dates. The experiment was conduct-
ed in duplicate by sowing with the
grain drill and broadcast by hand in
each instance. The following table
gives the average results for the ten
tests in the five-year period:

Bushels of Grain Per Acre,
Spring Bar-
Seedlings. Wheat, Oats, Peas.
1st 21.9 45.2 75.4
2nd 19.2 45.9 76.0 28.8
3rd 15.4 39.8 64.2 28.5
4th 13.0 37.1 56.8 25.5
5th 8.4 27.8 45.2 21.5
6th 5.7 18.4 37.0 13.4

It will be seen that the spring
wheat gives decidedly the best re-
turns from the first date of seeding.
There is not much difference between
the first two seedings of barley and
oats, but there is a slight advantage
from the first date in the case of the
peas and from the second date in the
case of oats. The peas, however,
gave the highest returns from the
second and third dates, and the
fourth gave a higher average yield
than the first date. After the first
week was past there was an average
decrease per acre for each day's de-
lay in the season advanced of 27
pounds of spring wheat, 47 pounds of
barley, 48 pounds of oats, and 20
pounds of peas.

These results are of special inter-
est and are worthy of careful at-
tention at this particular time.

Sheep Shearing.

Shearing and Tying the Fleece.—
Shearing should only be carried on
under the most favorable conditions;
upon bright, warm sunny days
when the sheep are dry of fleece and
the wool has "loosed" somewhat from
the body. Cleanliness and care in
the removal of all fleeces is very es-
sential and the shearing floor should
be swept after each fleece has been
removed and tied. This will elimi-
nate a great deal of foreign matter
which, although it may add weight,
does so at the expense of quality.

Dung Locks or Tags.—It will be
noticed with many fleeces that there
are certain hard dung locks or tags
adhering to the britch ends. These
contain a great deal of moisture and
if left on and rolled into the fleece
produce a damp heavy condition that
means a higher shrinkage and hence
less value. They should, whenever
present, be stripped off with the
shears before the sheep is shorn or
else pulled off by hand after the fleece
is spread out for rolling. They can
very easily be packed and shipped
separately, bringing more money this
way than if left upon the fleeces. The
same is true of all paint dotted locks
as well.

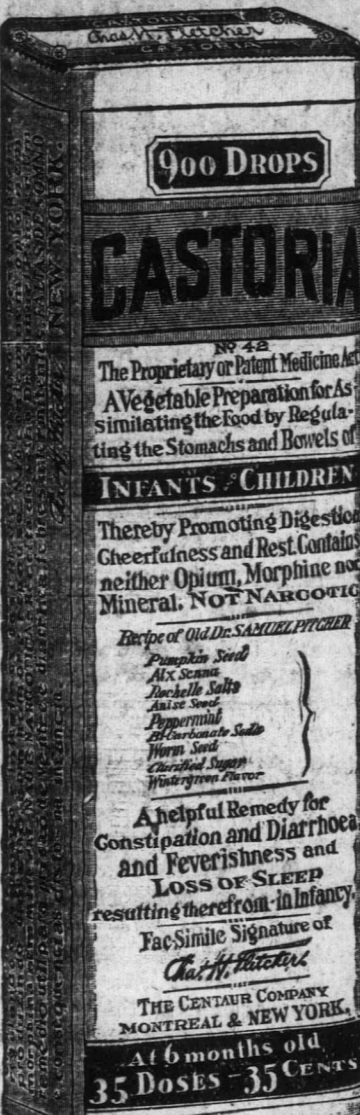

Rolling the Fleece.—Spread the
fleece out on the floor, being careful
not to pull it apart and with the shears
side down. Then fold the belly wool
and both sides in until your fleece re-
presents a strip about 12 inches wide.
Starting at the tail end, roll tightly
toward the neck, then leaving the
shoulder wool, which is always the
superior portion, on the outside of
the roll. The grader always estimates
the grade by the appearance and
quality of this wool over the shoulder
and heart-girth, that over the hind-
quarters usually running a grade or
two lower.

Tying the Fleece.—Having rolled
tightly, tie both ways with the ap-
propriate paper twine supplied by the
Department. Never under any consid-
eration use binder twine as the fibres
become attached to the wool and fol-
low right through into the cloth
where they always show up quite
prominently. Many mills have re-
fused to have anything whatever to do
with clips that have been tied with
binder twine. If the paper twine is
not available use any stout cord other
than binder twine. Tie each
fleece separately, never tying two or
three together in the same bundle.
Furthermore, avoid as much as pos-
sible the shipping of loose wool. If
you have two or three different
breeds of sheep, possibly a grade
flock and a pure-bred flock, it is wise
to keep the wool from each breed
separate and pack it so.—Director
H. W. Wade, B.S.A., Ontario Department
of Agriculture.

A number of varieties of beans
are in cultivation. To meet the
present demand the "Lion Brand" Pea
bean is particularly suitable. Care
should be exercised in securing well
natured seed of strong vitality as
many of the beans grown last year
are unsuitable for planting.

TORONTO, June 14.—The weather
is fine throughout the Dominion and
in Ontario and western Quebec it is
extremely warm. Thunder storms oc-
curred yesterday afternoon in south-
western Ontario.

**FIGHT LOOMING OVER
SOVIET RECOGNITION**
ATLANTIC CITY, N. J., June 14.—
Resolutions urging recognition of the
Soviet Government of Russia, and the
lifting of the blockade against that
part of the country under its control,
were among two hundred submitted by
delegates attending the convention of
the A. F. of L. here, which were made
public today. Publication of the res-
olution concerning Soviet Russia
aroused intense interest among the de-
legates and was more discussed than any
other.

LIFT OFF CORNS!
Freezone is magic! Corns lift off
with fingers without pain

**"Maccaroni
Kept Me Fit All
Through the War."**
THE wonderful staying
power of the Italian
troops was largely due
to their regular and plentiful
Maccaroni diet. There is no-
thing finer on the market than
Puccini's "Lion Brand." Con-
tains more food value, and
greater muscle-building qual-
ities than ordinary brands of
Maccaroni.
Insist upon Puccini's "Lion
Brand." At Your Grocer's.
A. PUCCINI & CO., Limited
Toronto, Canada 55-57
**Puccini's
LION
BRAND Maccaroni**

**REGISTRATION
OF
W-S-S.
(War-Savings Stamps)**
The Dominion of Canada offers you every safeguard for your
investment in War-Savings Stamps.
Affix your W-S-S. (costing \$4.01 each this month) to the
Certificate provided, and ask the Postmaster at any Money-
Order Post Office to register the stamp or stamps for you.
The stamps are then absolutely useless to anyone but
yourself. If your registered W-S-S. are lost by theft, fire, or
other cause, the interest continues to accumulate and you
can obtain your money at the office where the stamps were
registered.
Remember, that at the rate of interest allowed on W-S-S.
four dollars would grow to \$361.39 in 100 years.

**A Tribute to the
Hardest Worked Merchants
in Our Country**
HAVE you ever considered the
important part played by the
grocer in our daily life?
From early morn and often
until late at night the grocer
keeps open for our convenience.
Whether we want a 5-cent bar of
soap, a package of tea or a sack of po-
tatoes he is there to serve us—and with
a cheerful "thank you".
You trade with him almost every
day. You look upon him as a friend.
He treats your children kindly when
you send them to the store.
When sickness, accident or unem-
ployment occurs, it is the big-hearted
grocer who supplies the home with the
necessities of life and often waits a long
time for his money.
He has had many trials during the
past four years. Government regulations
have hampered his business. Goods have
been difficult to procure. Help scarce.
Profits small. He sells on a closer margin
of profit than probably any other line
of retail trade.
For nearly twenty-five years, the
T. H. Estabrooks Company has been
distributing millions of pounds of Red
Rose Tea through the grocers of Canada.
Our relations with them have been very
intimate and very friendly. We, there-
fore, know something of their difficulties
and something of the services they are
rendering, which we think deserve recog-
nition and appreciation.

St. John, Toronto, Montreal, Winnipeg, Calgary, Edmonton, St. John's, Nfld., Portland, Maine

HERE AND THERE IN SPORT

Parkdale Canoe Club promises a surprise to sister clubs in the senior war canoe event at the P. C. C. regatta, to be held today in front of the Parliament Club.

Three weeks from today sporting authorities on the battleground are frankly at loss to select their favorite.

About a hundred Canadians will compete in the Inter-Allied games at Paris commencing June 22. Boxes include Sergi Rolph and Gunner Clements, who won success in the recent service championships here.

Names of the prospective referee are not divulged. NEW YORK, June 14.—The board of boxing control did not name a referee for the Willard-Dempsey bout at its meeting here yesterday.

Harold (Lefty) Thompson, the southpaw twirler, who was one of the best pitchers on the Toronto club two years ago and who has since been in the U. S. army and with the Washington team, has just figured which he goes to in a deal by the Philadelphia Athletics in exchange for Second Baseman Grover Thompson.

Willard will be in shape. TOLEDO, O., June 14.—With the heavyweight championship between Jess Willard and Jack Dempsey set for decision three weeks from today.

With the heavyweight championship contest between Jess Willard and Jack Dempsey set for decision at Toledo

CHAMPION CONTESTANTS TO MEET IN A TWENTY FOOT RING

Willard and Dempsey Getting Into Shape at Their Training Quarters in Toledo.

TOLEDO, O., June 14.—Jess Willard and Jack Dempsey will meet in their world's heavyweight championship contest here on July 4th in a twenty-foot ring instead of in the regulation 24-foot enclosure.

APPEAR GLAD OF IT. You can make it a fifteen-foot square for all I care," was Dempsey's reply to Rickard's proposal.

INSPECT HIS WAISTLINE. When Willard started tugging at the weights the crowd surged toward the ring to carefully inspect his waistline, which has been concealed from public eye for three years.

IN FOUR LEAGUES

Table with columns: Club, Won, Lost, P.C. Lists teams from Toronto to Reading.

Table with columns: Club, Won, Lost, P.C. Lists teams from Saginaw to London.

TWO TEAMS IN PRO. LACROSSE

Maitlands of Toronto and Athletics of St. Catharines Carry on.

Professional lacrosse will be operated again in this section of Canada this season, the Canadian Lacrosse Association, consisting of two teams, the Athletics of Toronto, having been organized last night.

Officers have been elected as follows: Hon. Pres., Mr. J. R. Robertson, Toronto.

The C. L. A. was organized last year under perhaps the most unpropitious circumstances of any organization of its kind.

Under those circumstances, deplorable though they may be, and excusable so far as the governing body is concerned, there is nothing left for the C. L. A. to do but to carry on.

Weeks. His wind is improving rapidly and the flabbiness of his legs and upper arms is gradually hardening.

Willard boxed eight rounds this afternoon, tugged at the weights for a round and shadow boxed. He was dripping wet with perspiration as he left the ring.

Dempsey Did Not Box. Dempsey did not don the gloves again today, but went through his paces before a big crowd.

BIG DAY FOR HYDROBODIALS
Crystal Beach, Bridgeburg and
Ridgeway Plan Celebration

BRIDGEBURG, June 14.—The Cris-
tal Beach, Bridgeburg and Ridgeway
Boards of Trade have arranged for one
of the biggest demonstrations ever
held, which will take place at Crystal
Beach, the nearby Lake summer resort
on July 1, in the interests of the Hy-
dro-radial line from Toronto to
Bridgeburg.

J. E. Rebstock, President of the Cris-
tal Beach Board of Trade, has just re-
turned from Toronto, where he inter-
viewed Sir Adam Beck in regard to
the necessity of the Hydro lines getting
into Buffalo and the necessity for a
bridge over the river here that will ac-
commodate radials, auto and pedestrian
traffic. This portion of the big cele-
bration may be linked with the Peace
Memorial Bridge efforts.

Sir Adam Beck will be the princi-
pal speaker at the big celebration to
be held on the first of July. A general
committee to secure other speakers
has been named, consisting of J. F.
Rebstock, M. J. McAlpine, W. P. Cor-
roy, W. G. Athoe and Dr. Geo. E.
Snyder. There will also be speakers
from the American side of the river,
following which a banquet will be given
to the international spokesman at-
tending, including guests from Buffalo
and Erie County, N. Y. organizations.

ANY WOMAN'S STRUGGLE
FOR GOOD HEALTH
QUICKLY REWARDED

A SIMPLE HOME TREATMENT
NOW ADVOCATED THAT
GIVES FINE RESULTS

When a woman's face turns hag-
gard and pale, when she is tired all
day and ready to cry when night
comes, she ought to know something
is wrong.
Putting off only makes matters
worse. The best advice we can give
any sickly woman is to test out the
following treatment.

At the close of every meal, with a
sip or two of water, take two choco-
late-coated Ferrozone Tablets. This
seems to be the best thing going for
folks that are tired out, run-down
and in need of a strengthening build-
ing-up medicine.

Ferrozone's action aids the three
principal functions of the body—di-
gestion, assimilation, elimination.
By strengthening digestion it
forms an abundance of rich, red
blood—this gives good color.
By perfecting assimilation, Ferro-
zone supplies nutrition—that gives
strength, vim, stability.
Elimination is assured because
Ferrozone quickens the action of the
liver, kidneys, and bowels—this guar-
antees the maintenance of vigorous
health.

Ferrozone puts you on the right
road—the one that leads to health.
Not a man, woman or child need-
ing blood, vigor, endurance—not a
person who is weak, nervous or sick-
ly, not a person in ill-health who
won't receive immediate help from
Ferrozone.
As a tonic and restorative, as a
health-bringer and body-builder,
Ferrozone is unrivalled. It cures be-
cause it feeds and nourishes, because
it contains the elements that build up
and strengthen. Try it yourself—
sold everywhere in 50-cent boxes, 6
boxes for \$2.50, or by mail from the
Catharhazone Co., Kingston, Ont.

CHAUTAQUA WEEK
June 19th to 24th. On the Sixth Day
Hear, Tom Skegill, Australian Sol-
dier-Poet. Here of Four Battle
Fronts.

It is rather an unusual lecture sit-
uation which can secure two columns
of appreciation in such a magazine as
"The Literary Digest," yet that is the
honour which fell to Tom Skegill, the
Australian, on December 29,
1918. Skegill is about the greatest living
figure which has come out of the World
War. A boy of sixteen when he en-
listed for himself something of a
reputation in Australia as a poet and
philosopher, threw down his pen at the
beginning of the war to volunteer with
the Australian forces, and as a member
of the Eighth Australian Infantry Bat-
talion Anzac Division, he assisted in
making history in the Gallipoli cam-
paign. He saw a great many of the
battlefields of Europe during his period
of service on the active front, and after
being twice desperately wounded he
was invalided home to his native land,
battered, blind and helpless. For
over two years he lived in a land of
unfathomable darkness, but his un-
quenchable spirit would not allow
him to be still while the enemies of
his country were thumping at her
door. He came to America in 1917
in assisting this country to the doing
of her full duty in the great conflict
and was immediately greeted upon his
arrival by one of the most unique and im-
peting speakers which the war has pro-
duced. At the National Capital cele-
brated American surgeons performed
a miracle operation and restored his
sight and in gratitude to America for
their wonderful gift to him, "Skegill"
fairly outdid himself in his patriotic
addresses.

However, Tom Skegill saw the
war as a poet. He saw its grandeur
its wonder, its beauty, and its awe,
but not its horror, and so he is his
story harrowing or gruesome. Long-
ter and thrills are cleverly mingled,
and his descriptions stand out as
wonderful pictures of a world at war.
As a poet, he has attracted much
more than ordinary attention. A book
of his poems has been published by
Doubleday, Page and Company. A
number of these poems, notably, "My
Little Wet Home in the Trench" and
"Pull through," have been widely
quoted.

He is unquestionably the greatest
soldier-lecturer of the day.

FINE NEW HOTEL
PLANNED FOR WINDSOR

WINDSOR, June 13.—Although
no details are given out, it is under-
stood that plans for the erection of
a fine new hotel for Windsor are
going forward, and that the neces-
sary capital will be raised without
difficulty. A committee consisting of
President A. F. Healey, of the Board
of Commerce, and Ald. F. L. Howell,
has been named to select a Board of
Directors, and will report back to the
Chamber of Commerce within a
few days.

WAR NEWS
To Madville war news comes slowly.
All the talk is still of the Ger-
man retreat. The news of the arm-
istice will not arrive all the week
after next. Hence the following:
How did you reckon that soldiers
kept their dugouts from caving in?
Why said the landlord of the Pink
Pie, I certainly am surprised at your
ignorance of military affairs! They
commented on with this here trench
mortar.

GILMORE GARAGE
St. Catharines

When one of the kiddies has a white tongue, tainted breath, sour stomach
or a cold; when cross, bilious, feverish, constipated, remember, a Cascaret
so quickly "work" away the nasty bile, sour fermentations and poisons
should always be the first treatment given. Cascarets never gripe the
tender bowels, never injure, and never disappoint the worried mother.
Each 10 cent box of Cascarets contain directions for children's dose from
one year old and upwards. Also for adults.

Please, Mother! It's Nasty!
Give Me a Candy Cascaret!

TO MOTHERS! Instead of the dreaded dose
of castor oil, drops, calomel or pills, give your
children Cascarets and save money, worry and
trouble. Children love Cascarets because they taste
like candy. Nothing else acts so gently but surely
on the child's little stomach, liver and bowels.

Glen Ridge

The Ideal Residence Area of St. Catharines

Glen Ridge is by far the most desirable residential sub-
section in St. Catharines now on the market, and
possesses the following enormous advantages:

1. It is close to the heart of the city, all lots being within one
mile radius of the Post Office and City Buildings.
2. There are building restrictions ensuring the erection of only
the most desirable dwellings.
3. Beautiful surroundings and park areas.
4. Prices moderate and reasonable terms.

We expect a big movement in this property in the
next two months. So act quickly and own a home in
the most beautiful sub-division in the Niagara Peninsula.

RAISE PIGS PROFITABLY

Mustard Can Be Controlled by Spraying.

Spray Should Be Applied on Calm, Clear Day as Soon as First Few Mustard Plants Show Flowers.

(Contributed by Ontario Department of Agriculture, Toronto.)

ANIMALS, no matter what they are, always put on weight the most cheaply when they are young and the youngest they are the cheaper the gains. As a consequence of this it is essential that the man raising young stock realize this and give a reasonable amount of attention to the young animals he is expecting. A few days before farrowing the sow should be brought into the pen so that she may become accustomed to her surroundings. A close watch should be kept on her during these days in order to ward off constipation, which is the bug-bear of a great many swine breeders. Once this condition occurs very little can be done, so it is a matter of prevention rather than cure. When the animal is taken into the new quarter her feed should be sloppy and of a laxative nature, a liberal supply of roots and a small amount of linseed oil meal helping to bring about this condition. The meal ration for a brood sow may consist of equal parts ground oats and meal.

At the time of farrowing the sow should be left alone but the attendant should be keeping a watch on her to see that no trouble arises. After farrowing the sow should not be disturbed for ten to twelve hours and her first feed should be little more than a drink of water with a little middlings in it. After this the ration may be increased to full feed, taking eight to ten days to do so. When the young pigs are weaned the ration should be cut down to stop the secretion of milk and, if it is necessary, turn the sow in with the young pigs once a day for a few days. If, when the pigs are born, they are good and strong and vigorous they should be left alone for a while and as soon as the right time arrives they should be placed to the teat to suck as soon as possible. If the pigs are vigorous and healthy, nothing special need be done for them until they are two or three weeks old, by which time they should have learned to pick their own skim milk with a little middlings stirred into it. As the pigs grow older more middlings may be stirred into the milk.

Outdoor exercise is very important for young pigs and every means should be used to induce the young pigs to take it, but precautions must be taken to protect the pigs from cold winds and the hot sun. If the sow is turned out with the pigs she should not be given too much range at first unless the little fellows become unduly tired as a result of travelling too far.

Boar pigs not intended for breeding purposes should be castrated before weaning to get the best results, though there is not much danger in castrating at a later date. Proper care is observed in connection with the operation. Clean hands and instruments and disinfectant on the wound will overcome all danger of infection.—J. McBeath, B.S.A., O. A. College, Guelph.

Spraying With Iron Sulphate to Prevent Mustard From Seeding

Iron sulphate or copperas can be successfully used to prevent Mustard from seeding in standing grain without injury to the crop.

Preparation of Solution.—A 20 per cent. solution should be applied. This can be prepared by dissolving 80 lbs. of iron sulphate in 40 gallons of water. Iron sulphate is dissolves quite readily in cold water. The solution should be strained through a cheese cloth, as it is put into the spray pump tank. This will remove dirt and small particles that are apt to clog the nozzles.

Time to Apply.—Apply on a calm, clear day just as soon as the first few plants in the fields show flowers. It is very important to spray early. If the plants are left too long the treatment is not nearly so effective. If a heavy rain comes within 24 hours after the solution is applied, it will be necessary to spray again.

How to Apply the Solution.—An ordinary hand-pump barrel sprayer, such as is employed for spraying trees may be used, or a potato sprayer can be rigged up to do the work. Many of the up-to-date potato sprayers have a special broadcast attachment for spraying weeds. These are excellent for large areas, as they cover a wide strip at each round. Care must be taken to see that every mustard plant is covered with the solution in the form of a fine spray.

Iron sulphate may be obtained at any hardware store or from the Nichols Chemical Co., Toronto. In wholesale lots it is better purchased from this company, who can supply it much cheaper in large quantities than it can be purchased at local hardware stores.—Prof. J. E. Howitt, O. A. College, Guelph.

Selling Cream Pays

Selling whole milk robs the young things on the farm—often the farmer's own children, of needed milk supply; hence many farmers are content with less ready cash secured by selling cream in order to have better and more live-stock, and consequently richer soil, which, after all, is the basis of good farming.—Prof. H. H. Dean, O. A. College, Guelph.

Conrad V. Dikeman, Brooklyn, N. Y., was elected Imperial High Priest of the Ancient Arabic Order, *Mystic Shrine*.

BEDRIDDEN WITH RHEUMATISM

Felt That He Would Never Walk Again "FRUIT-A-TIVES" Brought Relief.

MR. LORENZO LEDUC

"Fruit-a-tives" is certainly a wonder. For a year, I suffered with Rheumatism, being forced to stay in bed for five months. I tried all kinds of medicine but without getting better; and thought I would never be able to walk again.

"One day while lying in bed, I read about 'Fruit-a-tives' the great fruit medicine; and it seemed just what I needed, so I decided to try it.

"The first box helped me, and I took the tablets regularly until every trace of the Rheumatism left me. I have every confidence in 'Fruit-a-tives' and strongly recommend them to every sufferer from Rheumatism."

LORENZO LEDUC.
Box, a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa, Ont.

SHIPPING IS HELD UP

MONTECAL, June 14.—C. M. Bosworth, Chairman of the Canadian Pacific Ocean Services, who has been over in England for some time, returned on the Melita yesterday.

The chief problem connected with shipping on the other side he said, is that of labor. The strikes are constantly holding up ships and I have just received a cable saying that two of our ships are detained owing to this cause.

BIG STRIKE IN MONCTON

MONCTON, N. B., June 14.—The threatened strike of electrical workers took place at ten o'clock this morning. The street car men at that hour ran their cars into the barns and handed over their punches. The street cars are not running. Three of the employees arranged with the men and their men are working, but go out at the end of the week if their strike is not settled.

The schedule demands \$6 for an 8 hour day for linemen and wiremen and \$5.20 for their helpers. The street car motor men ask for \$4.80 for an 8 hour day, time and a half for over time and double time for Sundays and holidays.

THE DOMINION CHAUTAUQUA

June 18 to 24
Armoury Grounds
Cor. Lake and Welland Ave.

FORAGE CROPS FOR PIGS

Raise All the Dairy Calves You Possibly Can.

We should Strive to Double Our Cow Population in the Next Ten Years—More Immediate, and Larger Cash Returns, Secured by Sale of Milk Than of Cream Where Location is Favorable.

(Contributed by Ontario Department of Agriculture, Toronto.)

FOR the farmer who is raising hogs, one of the greatest problems is summer pasture. A new luxuriant growth of green grass is soon eaten off when the dry hot season comes and it is just at this time when the stockman needs some form of succulent feed for his stock. When the stock are running on pasture they are getting back to nature and there is nothing like good green feed as a conditioner for the animals.

As for forage crops in this country alfalfa and rape seem to give the best results, although anything that will produce a good green growth in a dry season is all right. Wherever alfalfa will grow it gives the best kind of permanent pasture for pigs, as there is no danger from bloat as is the case of sheep and cattle. Alfalfa provides pasture for a greater length of time than any of the grasses and is green and succulent even when red clover has become somewhat dried and woody.

Heavy maturing of alfalfa is not good for it and consequently the number of animals allowed to pasture on it should be restricted and the plants should be allowed to grow up and be cut two or three times a season. Pigs, fed corn alone on alfalfa pasture, make fairly satisfactory gains since the protein in the alfalfa helps to balance up the deficiencies in corn, although for best results a little of some nitrogenous concentrates should be fed. Red clover in the country gives very excellent results as a pasture for pigs, for the reason that it can be grown in a great many localities where alfalfa cannot be raised at all and consequently it is of great value. At one of the Experimental Stations in the States, red clover was inferior only to alfalfa while at another it was found that it was surpassed only by alfalfa and rape.

As an annual pasture for swine nothing surpasses rape. It can be sown both early and late in the season and at a consequence a large area may be provided for at any time. To get the best results from rape, it should be sown in the spring and allowed to obtain a height of twelve to fourteen inches before turning the animals in. Care should be taken not to allow the plants to be eaten off too closely as the young plants do not get a chance to recuperate. To guard against this it would be wise to provide a second plot where the animals could be turned in for a time. Rape is also grown in conjunction with corn or with oats and field peas, and some authorities rank rape and oats next to alfalfa and red clover for pig pasture.

For young pigs in pasture it is not wise to force them to subsist on what they can get. They should be fed a little grain. Pigs that are being pastured for the purpose of fattening later should have a limited grain ration, as this system of feeding has been severely criticised.—J. C. McBeath, B.S.A., O. A. College, Guelph.

Shall I Rear Dairy Calves in 1919?

In brief, raise all the heifer calves you wish, there is food, labor, and stable-room. More and better cows are needed in Ontario. The number of milk-cows in the province has remained stationary at about one million, for a good many years. There is no good reason why this number should not be doubled in the next ten years, but it can be done only by rearing or buying. Buying cows is expensive and risky. It is a far better plan to raise cows. This means that all the best heifer calves should be saved for future cows. As it requires from three to four years to change calves into cows, in order to double the cow population in ten years, making allowances for necessary diseases, we need to begin right away, in order to attain the desired object.

The average number of cows per 100 acres of farm land in Canada is 14, but in Denmark it is 140, in Holland 160. We have a long way to go in rearing cows, before we have anywhere near the number which are found in the best European dairy countries. There is but one economical way to attain this result, and that is by raising practically all the heifer calves dropped during the next ten years and as many pure-bred calves of excellent ancestry, as may be required for breeding purposes.

Shall I Sell Milk or Cream?

This will be determined to a large extent by the character of the farming operation. If the feed for direct, quick cash in largest amount, is great, then selling milk will best "fill the bill." On the other hand, if the dairy farmer can afford to wait for the slower returns from cream and live-stock, and particularly if he desires to improve or maintain soil fertility, then selling cream is to be recommended.

Nearness to market is another factor. Where the dairyman is near a small town and had the time to peddle his cream, he can make more money out of his cows than by any other system. At ten to twelve cents a quart, a good cow will return from \$25 to \$30 per year for her milk. When this is compared with \$10 to \$150 per cow, where cream is sold, or milk sent to a cheese factory or condenser, it is seen what a decided money advantage there is in selling milk to customers direct.—Prof. H. H. Dean, O. A. College, Guelph.

Prof. H. H. Dean was granted a verdict of 1 cent in his \$5,000 suit against the Boston Elevated Railway for injuries in a collision.

CITY PLANT WAS CLOSED THIS MORNING

Municipal Gas Service Closed Career for the Time Being—Least—Users Have Made Other Arrangements.

The City Gas Plant was closed all gas going through it was shut off this morning as customers who either neglected to make other arrangements or who had not picked up their gas meters at 8 a.m. This morning being at least the career city gas service which has had some years.

The plant will be closed but kept in good shape according to statement of the Manager of the Utilities Commission. Most who were users from the plant mains have made arrangements for a supply from the Un Company or have installed stoves.

DIED ON SERVICE

Former Grimsby Man Dead News Just Comes to Him

(Grimsby Independent) News has just been received from the mother of one of those who marched away from Grimsby August 15, 1914, in the 1st Squadron, 2nd Dragoon, under Lieut. J. A. M. Livingstone, who had succeeded to the rank of Captain.

ROBSON, Eze, Robert A native of Surrey, England, worked and lived in North and the village of Grimsby, years previous to the outbreak of hostilities, and was well known in this section, enlisted the first of the war with the 2nd Dragoon Regiment, to the Canadian Expeditionary Force, August 15, 1914, and was killed in action on August 15, 1914, where he was along with the rest of the 1st Battalion, 48th Division of Canada. He was one of the 16th went through the strenuous training of the 1st Battalion, 48th Division, and to France with it in February 1915. He participated in every action in which the 16th took part all through 1916 and 1917, and was wounded early in 1918, the result of such gas and was May 15, 1918, and was in August, France.

The parents of Pte. Robson reside at Forest Row, Surrey, through some misapprehension of the records in his case, were formed of the casualty to death of their son, until time ago, and they hastened to inform his friends in Grimsby.

DECORATE GRAVES OF THEIR SLEEPING MEN

Oddfellows Hold Special Service Yesterday Afternoon at Cemetery.

A large number turned out for the annual decorations held by the Oddfellows in memory of those who died in Victoria Lawn Cemetery, members of Union and Empire gathered at the latter's street at 2.15 and under the leadership of Marshall J. Albert and Grand Marshal William J. moved off about 2.30. They by the 15th band. At Gen. they entered cars and proceeded to the cemetery where a short service was held. The speaker, Gregory Cox, of G. Grand Master of the Order, Canon L. W. B. Broughall of Union Lodge and Rev. A. who has just returned from Grand Secretary Brooks presented. The services were impressive.

PASSES AT ADVANCE

A sad death occurred at his residence, Louth Street, yesterday night, of Mrs. S. W. Wylie, at the advanced years, after a brief illness had lived in this district for a period and was most highly respected throughout the community. The funeral will take place this morning at 10 o'clock at Louth Cemetery at 2.30.
