nesday the 16th inst., and save the 20 per  
cent. discount.

Guelph, July 13th, 1874.

### Local and Other Items.

**GUNNER CAMERON** was killed in Win-  
nipeg during the storm on Thursday last.

We notice that the village of Listowel  
is about to make application to the  
Governor-in-Council to be created into a  
town.

**ST. ANDREW'S SOCIETY.**—A meeting of  
the Charitable Committee will be held  
this evening at Anderson's Bookstore at  
8 p. m. sharp.

**TRAINING GRAIN TO SEAFORTH.**—Mr.  
Leckie, of Brussels, seeing no prospect  
of the opening of the Southern Extension,  
has begun to team 14,000 bushels of grain  
to Seaforth.

**SERIOUS ACCIDENT.**—George Fell, of  
Moscow, had his leg broken in two places  
on Friday week by a pole swinging round  
from a wagon and striking him. Amputa-  
tion of the limb was found necessary.

**BOSTON AND MAPLE LEAF.**—Mr. John  
Anderson has sent us a photograph of the  
members of these two clubs, taken on the  
grounds here on Dominion Day by Mr.  
Morton, photographer, of Fergus. The  
picture is an excellent one.

**BUTCHERS' PIC-NIC.**—The Butchers  
intend holding a pic-nic at Pashinch Lake  
next Thursday, when the market will be  
closed in order that all the meat-vendors  
may attend. The affair is in good hands,  
and promises to be a success.

**GOLF** of Saturday is much better, in  
its illustrations, than ever before. The  
cartoon is on the Sanger case, and  
among the smaller pictures is a likeness  
of the "Sun Skit" urchin, with his play-  
things. For sale at Day's and Anderson's.

**THE PRESTON FIRE.**—The building  
used as a furniture factory by Charles  
Kremer and owned by Otto Klotz, which  
was burned on Monday morning at Pre-  
ston, was insured in the Wellington Mut-  
ual. Kremer's stock was insured for  
\$1000.

**CUSTOMS IN WINNIPEG.**—Some time  
since a small package arrived at the  
Customs warehouse in Winnipeg for  
somebody who did not attend to the pay-  
ing of 93 cents duty upon the article.  
The duty, when paid, under the present  
tariff, will amount to \$16.92.

**THE LATE ACCIDENT AT AMBERLY.**—  
The two principal sufferers by the recent  
unfortunate timber slide disaster, Ross  
and Macdonald, continue in a rather pre-  
carious condition; the other two, Smith  
and Johnston, have so far recovered  
from the effects of their injuries as to be  
able to move around.

**AN OPINION.**—The Listowel Danner says  
that the races on Dominion Day in  
Harriston, "would be a disgrace to the  
greatest blacklegs of this country—let  
alone the people of Harriston." This is  
rather rough on our neighbours. Perhaps  
the Listowel man bet his money on the  
losing horse.

**THE STORM IN PRICEVILLE.**—On Friday  
evening, 3rd inst., the house of Mr. F.  
Wright, in Priceville, was struck by light-  
ning, the electric fluid, stunning Miss  
Wright, who was in bed. The lightning  
passed through the roof, damaging the  
house to a considerable extent.

**FORESTERS' FETE.**—The Foresters' fete  
in Toronto, at the end of the present  
month, will be a greater success than was  
anticipated. About one hundred and  
fifty bands have entered for competition  
for the prizes. The band of the 60th  
Rifles, from Halifax, will be present and  
contend for the International Prize.

**AMERICAN CONSUL.**—Mr. M. O. Mac-  
gregor, late of Elora, has been appointed  
American Consul Agent for this District.  
His office is over Dr. Herold's Drug Store.  
Mr. Jessop discharged the duties of  
agent here for some time in a very effi-  
cient manner, and he still continues the  
insurance business at his old office in the  
Ontario Bank building.

**THE WESTERN FAIR.**—The Londoners  
pride themselves on their Western Fair  
as much as the people of Guelph do on  
their Central Exhibition, but they do a  
little blowing in connection with it which  
is not creditable or truthful. They par-  
ade in their show bills and prize lists  
that they offer \$11,000 in prizes, while the  
actual amount offered by their prize lists  
foots up to only \$8,500 or thereabouts.  
This piece of deception is unworthy the  
Directors, and they should follow the  
example of their brethren in  
Wellington who do not advertise a cent  
more than they are ready to pay, and  
who offer the full amount they advertise.  
Honesty is the best policy.

### POLICE COURT.

(Before the Police Magistrate.)  
July 14.  
George Towell, charged by P. C. Dooley  
with being drunk on Quebec street, was  
dismissed.

Robert Leonard charged by P. C. Tur-  
ner with the same offence, was also dis-  
missed.

Francis and Mary Hughes charged  
with keeping a disorderly house, were dis-  
charged for want of sufficient evidence.

### Board of Education.

A meeting of this Board was held on  
Monday evening. Present, Messrs.  
Knowles, McGregor, Keating, Inglis,  
Murton, Bell, Wilkie, Raymond and  
Kennedy. Mr. Peterson in the chair.

The Secretary read a communication  
from William Carroll, stating that there  
is no dividing fence between the lots on  
which the new Central School is in  
course of erection, and those occupied by  
him, and that his crops had suffered in  
consequence.

M. Brunner's resignation as French  
and German teacher in the High School  
and Senior Girls' School, was accepted,  
and his salary granted up to date.

An application from William Henry  
Scoffern for the position made vacant by  
Mr. Brunner's resignation, was read.

The following monthly report for the  
High School, by A. M. Lafferty, Head  
Master, was read:—

Number of boys in attendance—Eng-  
lish course 1, Classical course 23. Num-  
ber of girls in attendance—English course  
3, Classical course none.

The report closes with the following  
remarks:—

"About the 15th April, on the recom-  
mendation of the Chairman of the Board  
of Education, the pupils of the 1st Form,  
who had been attending the classes in the  
South Ward School, under Mr.  
Simpson, were received under the charge  
of the Head Master in the High School  
Building. This innovation, although  
only a temporary expedient, by with-  
drawing a portion of its teaching power,  
has rendered the High School Depart-  
ment less effective for the accomplish-  
ment of its proper work than it has been  
for years. The members of the Board  
are, doubtless, aware that the High  
School Law, in view of the diversity of  
subjects to be taught, and the multipli-  
city of classes to be maintained, enjoins  
on every High School Board the supply  
of at least one assistant."

The Secretary drew attention to the  
School Act requiring the appointment  
of a person to inspect the Schools  
with a view to ascertaining whether all  
the pupils between seven and twelve  
years of age were taught certain pre-  
scribed studies for four months in the  
year.

Considerable discussion was elicited by  
this reference, the Chairman and several  
members expressing dissatisfaction with  
the requirements of the law in regard to  
the subjects to be taught.

The Chairman referred to the fact that  
a branch of literature was now being  
taught which related to a period about  
the time of Chaucer, and the young schol-  
ars were referred to text-books in rela-  
tion to the subject which were not to be  
found even in the University of Toronto.

The opinion was freely expressed by  
the members of the Board, that several  
of the studies now on the programme  
should be eliminated, even at the risk of  
the Board losing the Government grant.

Mr. Wilkie then moved, seconded by  
Mr. Murton, that Messrs. Keating,  
Knowles and the mover be a committee,  
with the Chairman and Inspector, to ex-  
amine the subjects appointed to be taught  
in the High and Public Schools, so as to  
have those studies reduced, in compli-  
ance, as far as possible, with the School  
Act.

Dr. Keating moved, seconded by Mr.  
Inglis, that Mr. Scoffern be appointed as  
French and German teacher in place of  
Mr. Brunner, at the same salary as that  
paid Mr. Brunner.—Carried.

The subject of obtaining statistics of  
the children in the town between seven  
and twelve years of age, who are requir-  
ed by law to receive four months' teach-  
ing in the year, was taken up and dis-  
cussed. Mr. Knowles volunteered his  
services in the work of canvassing with  
this object in the South Ward.

The Board then adjourned.

### Base Ball.

**LAW VS. PRODUCE.**  
O yes! O yes! O yes! you may talk  
about base ball, but the crowning game  
was played yesterday, when the skill of  
the L'yers versus the skill of the L'yers,  
came up for trial before self-constituted  
judges of base ball prudence, at the place  
heretofore named and designated,  
Chief Justice Myers presided, and gave  
the contestants a fair field and no favour;  
but we noticed some foul play notwith-  
standing. Some of the L'yers evidently  
were at a disadvantage on account of  
their excessive corpulence; while the  
Buyers, accustomed to careful speculation,  
cropt over the ground very carefully and  
seemed afraid to deal in base balls on ac-  
count of their liability to rebound and  
cause inflation. In fact, the ball was a  
drug, and every effort was made to ship  
it to the best advantage, even if it had to  
be sent to a foreign market. The L'yers  
not only prosecuted many good hits, and  
got themselves in Chancery in conse-  
quence. On the conclusion of the game  
a writ Habeas Corpus was issued, al-  
lowing the Buyers to retain possession of  
the commodity that had been thrown in  
to their hands, i. e., the ball. The score  
shows how the affair came out, and we  
give it as the result *quaderat demus-  
trandum.*

### The English Agricultural Immigrants.

Department of Immigration,  
Toronto, June, 1874.  
The arrival is expected in a few weeks  
of a considerable number of laborers  
with their families, chiefly from Eng-  
land, and of the agricultural class.

It is important to find places for these  
people, without delay, on their arrival,  
and farmers and other needing laborers,  
and possessing accommodation for fami-  
lies, are requested to forward applica-  
tions to the Department at once, stating  
Post Office Telegraph address, nearest  
Railway Station, and number of laborers  
wanted.

Such applications will, on the arrival  
of the Emigrants, receive, as far as prac-  
ticable, prompt attention.

The question of providing cheap, com-  
fortable houses for families, is one of  
great importance to our agriculturists.  
Until this is done, the labor supply in  
our rural districts cannot be placed on a  
permanent and satisfactory footing.

Married laborers are likely to take  
root where they locate. Their families,  
by furnishing domestic servants and  
other assistance on the farm, would  
supply a want always felt in our rural  
districts. This class, moreover, when  
comfortably located, become the most  
effective emigration agents we can have.  
The demand for laborers in this season  
is in excess of the supply, but for  
obvious reasons, applications for this  
class is not large.

A condition of permanent service,  
though accompanied by all reasonable  
social comforts, is not a leading induc-  
ment held out to emigrants from the old  
lands, but to be able to say in the Old  
Country, that he has made the experiment,  
that he will find, on his arrival on our  
shores, ready employment and reasonable  
wages, with a cottage and garden equal,  
if not superior, to those he has to leave,  
will remove a serious practical objection  
to Emigration, and will be a strong in-  
ducement to our emigrants.

In some of our districts this subject is  
receiving partial attention, and farmers  
and employers are reaping corresponding  
advantages.

It is hoped that a matter so intimately  
connected with the prosperity of our  
leading industry, will henceforth receive  
all the attention which it merits at the  
hands of our farmers generally.

Mr. E. Richardson, a Delegate from  
the National Agricultural Labourers'  
Union of England, has lately arrived in  
charge of a number of families. More will  
follow. All that is wanted to secure an  
increased immigration of the very class  
best adapted to our wants, is the assurance  
of good arrangements for the immediate  
employment and reasonable comfort of  
the immigrants as they arrive here.

The late arrivals are chiefly from the  
lock-out districts in England, and are the  
cream of the English agricultural laboring  
class.

Mr. Richardson is highly pleased with  
our country, and with the condition and  
prospects of his people. On his return  
to England he will be able to speak with  
authority on what he has heard and seen  
of his fellow-workmen.

D. D. HAY,  
General Agent for Ontario.

### Fergus Correspondence.

The crops in this section promise a  
splendid yield, and farmers are busy at  
the hay, which is an excellent turn-out.

The ministers of this place are making  
arrangements with the Y. M. C. A. to  
hold a series of prayer meetings during  
each evening of the week for some time.

The Market Committee intend giving  
prizes for Butter at the market on  
Thursday, 6th August.

Owing to farm work business is dull at  
present.

The Council of West Garafraxa have  
advised for contractors to repair the  
Bridge between the 2nd and 3rd Con-  
cessions of West Garafraxa. This bridge  
was washed away last spring, and is much  
needed for public travel.

Some discussion has been caused in the  
local paper, by a letter written to it,  
signed "Fair-play," accusing the Sec-  
retary of the Board of adding something to  
the minutes, which should not have been  
inserted. The Secretary, in a letter last  
week signed by a majority of the Board,  
rotates these charges laid against him,  
and from his letter, it appears that he is  
entirely innocent.

London, July 13.—In the House of  
Commons this evening Disraeli said he  
hoped Parliament would be in a condition  
to adjourn on the 6th of August.

In reference to the public worship Re-  
gulation Bill he declared that he was un-  
compromisingly opposed to resolutions  
of which Mr. Gladstone gave notice on  
the 9th inst., because they were aimed  
against a settlement upon which religious  
liberty depended. The resolutions in  
question opposed definite sentiment of  
points now in dispute, and the clothing  
of bishops with power to establish uni-  
formity in regard to conduct of public  
worship.

London, July 14.—The Times special  
correspondent at Berlin telegraphs that  
the Bishop of Panderborn has received  
another sentence of 18,000 thalers fine  
and three months detention in a fortress,  
for persistent violation of the ecclesiasti-  
cal laws.

There is intense excitement in Berlin  
over the attempt on Bismarck's life.  
Agnes Strickland, the historical  
authoress, dead yesterday, aged 68 years.  
Special despatches from Madrid report  
that Gen. Seballa is continually receiv-  
ing reinforcements. Fresh outrages have  
been committed by the Carlists, who are  
reported to have robbed and nearly mur-  
dered a doctor and others who were sent  
out to bring some wounded Republicans  
within lines.

The Daily News reports that the police  
of Vienna have a circular giving a de-  
scription of a person whom they suspect  
of a design to assassinate the Emperor  
of Austria.

Kissengen, July 13.—While Prince Bis-  
marck was driving in the country towards  
the saline springs at noon to-day, he was  
fired at by a young man. The ball grazed  
his wrist. The wound is insignificant.  
The would-be assassin was promptly ar-  
rested. He had not been identified at  
1.30 p.m. Bismarck drove through Kis-  
sengen and showed himself to the people.  
The populace were with great difficulty  
prevented from lynching the man after  
his arrest.

Berlin, July 13.—The identity of the  
would-be assassin of Bismarck has been  
established.

hear him, Moulton said he would then tell the truth, and the whole truth. He said he was a personal friend of both parties, and had acted as umpire between them, and he thought the whole matter might be settled if Beecher would make a statement relieving Tilton from the unjust charges, and denouncing against him by Plymouth Church and Dr. Bacon. It was to repel those attacks, and in self defence, that Tilton wrote a letter to Dr. Bacon, and when he was set right Moulton believed that both parties should refuse to re-open the difficulty merely to gratify public curiosity. After leaving the committee, Moulton stated to a reporter that he loved Beecher as he did the apple of his eye, but that he would not stand by and see Theodore Tilton crucified. A Herald reporter learns from undoubted authority that Mrs. Tilton went before the committee against her husband's wishes, or knowledge, and that as a consequence Tilton had separated from his wife. Joseph Haffard, jr., of the Star, is preparing a statement for the committee, taking ground that Tilton is labouring under a hallucination.

#### Teachers' Voting Papers.

It appears that there is a difference of opinion in regard to the way in which teachers are to send in their voting papers for choosing a representative at the Council of Public Instruction. The Chief Superintendent's instructions are to send them unsealed, whereas the act specifies that "the votes shall be given by closed papers," which we take to be sealed papers. We should think that it will be the safest and surest course for teachers to follow out the strict letter of the law, in which case they cannot have any doubt about the rejection of their papers. Another matter they should attend to, is with regard to the time these papers should be sent in. Dr. Sangster has recommended teachers to fill up their papers and return them as soon as received, but the act distinctly appoints the week between the second and third Tuesdays of August for sending them in. We think that in all cases where teachers are in doubt, it will be the safest course for them to follow out the instructions laid down in the act passed by the Legislature.

#### ENGLISH AGRICULTURAL IMMIGRANTS.

We direct the attention of farmers to the letter of Mr. D. D. Hay in today's paper, in reference to the early expected arrival of a large number of agricultural labourers from England. As Mr. Hay remarks, it is very important to find places for these people, who belong to the best class of agricultural labourers; and it would therefore be wise policy on the part of farmers who want to engage the services of really good men, to communicate at once with the Immigration Department in Toronto, following out the instructions given by Mr. Hay.

The Ottawa Free Press says that the bonus to the members of the Civil Service was distributed on Thursday. One old veteran, disgusted at prospective superannuation, had the patriotism to refuse the bonus. His case is certainly unique.

#### Guelph General Hospital.

We are glad to notice that the work on the Guelph General Hospital is being pushed forward with energy. Last week the joists of the main floor were laid, and as there is a large force of bricklayers on the walls, it is expected that they will be ran up to the height by the end of the month. The carpenter work and plastering will be pushed on as fast as possible, and there is every reason to hope that the Hospital will be ready for patients in the fall.

The Directors meanwhile have no means for meeting expenditure but the few subscriptions already received and the liberality granted by the County Council. The Township Council of Puslinch, at their meeting on Monday, manifested a like liberality in making a grant of \$300—an example which we hope to see followed by other Township Councils in the neighborhood of Guelph. We believe it is the intention of the Directors to make application to them at an early day. The benefit that the Hospital will be to these Municipalities is quite apparent, for in cases of accident patients can be readily conveyed to the Hospital, where they will receive the best treatment, and their friends be relieved of much anxiety and expense. We think that the Directors should lose no time in finishing the canvass of the town for subscriptions, which would enable them to meet all payments as they become due. It has also been suggested that some particular Sunday be set apart, on which collections would be taken up in all the churches in town in aid of the funds. This has been in practice for many years in Britain, and it only requires to be commenced here to be successful. We trust that the suggestion will be acted on without delay, and that the Directors will be enabled to open the Hospital as it little debt on it as possible.

ACCIDENT.—A serious accident befel Mr. Donald McLachlan, of Grey, near Brussels, on Monday last. He was driving into Seaforth with a load of grain, when the pole of the wagon broke, and the wagon came suddenly upon the horse, they ran off the road, upsetting the load into the ditch, and throwing Mr. McLachlan on his back. The horse became entangled from the vehicle, and nearly off, but were captured after having run about a mile. One of the horses, a valuable animal, received a severe wound on the foot, and about 10 bushels of the grain were lost.

MEMORABLE EMIGRANTS.—Mr. McSparran, M. P. for Waterloo, visited in Ottawa on Monday last, in connection with Mr. D. J. O'Donoghue, M. P. of that city, waited on Dr. Bacon, Deputy Minister of Agriculture, in regard to the proposed Memorial emigration to Manitoba. Mr. Sparran has left for New York where the friends of Memorial emigration are to hold a meeting on Monday of the coming week. Mr. Sparran is accompanied by Mrs. Sparran, and a daughter.

#### Orange Celebration.

Sunday last being the anniversary of the Battle of the Boyne, the members of Prince Arthur Lodge in this town attended divine service in St. George's Church in the forenoon. About eighty members were in attendance, and listened to a practical discourse from Rev. Mr. Demroche, of Acton.

On Monday morning, members and others to the number of about ninety left by the 6.40 train on the W. G. and B. Railway for Hamilton, accompanied by the Galt Band. The party arrived in Hamilton at about half-past nine o'clock, and were met by the Orangemen of that city. They proceeded to Cannon street, where a procession was formed (numbering about two thousand) and marched through the principal streets, halting at the Crystal Palace, where dinner was served and addresses delivered by prominent Orangemen, the audience numbering it is computed, between five and six thousand. Nine bands were present, and enlivened the proceedings, the Galt Band taking a very prominent part, and laying the members of Prince Arthur Lodge under great obligations. Delegates were present from Haldimand, Norfolk, Brant, Wentworth and our own County, and about forty lodges were represented.

Altogether, the day passed off excellently, no disturbances of any account being reported. The Guelphites returned by the evening train, feeling well pleased with the day's celebration.

#### THE CELEBRATION ELSEWHERE.

OTTAWA.—In Ottawa on Sunday, two thousand Orangemen assembled to hear a sermon from Rev. Johnson McCormack. The Rev. gentleman is reported to have said that the "faith once delivered to the saints" could not be upheld without a suppression of both Ritualism and Popery. The sermon elicited considerable comment.

TORONTO.—In Toronto the procession included twenty lodges, fifteen Young Britons' lodges, ten brass bands and a life and drum bands. It occupied half an hour in passing a given point.

NEW YORK.—The 12th of July was celebrated by the Orangemen of New York and vicinity in a very quiet manner. Twelve lodges, numbering 1,000 men, assembled at the headquarters in Fourth Avenue, and marched to the Church of the Holy Trinity, where an appropriate sermon was preached to them by the Rev. Dr. Stephen H. Tyng, jun., who reviewed the occasion of their celebration, and advised them to beware of all party discussions and difficulties, and unite in a universal brotherhood. On Monday a picnic was held on Ionia Island.

PORT ELGIN.—At this place the procession, composed of over twenty lodges, formed at the station, on the arrival of a special train from Walkerton, Pinkerton and Paisley, and arrayed in proper order, headed by the Port Elgin Brass Band, proceeded through the principal streets until they arrived at the Bank of Hamilton Square, where they were entertained by speeches from several prominent members of the Order. The procession was commanded by Capt. McKellar, who made several excursions to Charity Island during the afternoon, loaded each time with excursionists.

ALMA.—The Battle of the Boyne was celebrated in Alma by five lodges, consisting of Rothsay, 14 of Peel, Alma, and Elora Lodges. The turn out was splendid. Brother Dalby, of Elora, presided. Major Byrne delivered an eloquent address on the principles of the Order. All went off well.

NIAGARA STEEL WORKS.—A little over a year ago works were established by a company in Niagara for the manufacture of steel by a new process, for which a patent is held by Mr. Date, formerly of Tuttle, Date & Rodden. The company hitherto manufactured various kinds of edge tools, but they intend to extend their operations and make shovels, spades, mould boards, stove plate, steel, harrows, teeth, &c. The various tools made are cast from good pig iron, the same as is used in other malleable iron articles. They are then put into a furnace and thoroughly decarbonized, a process which renders them malleable. They are next placed in retorts or steel ovens, where they remain six or eight hours in an almost white heat, a jet of gasoline, about the size of a very small straw, running meanwhile into each of the retorts. This converts the iron into steel, and steel of a quality which it is claimed is equal to, if not better than, the finest English. The portions of the iron which it is desired shall not become steel are covered with a wash, into the composition of which a number of chemicals enter. The iron on which this composition is put, remains malleable, as it was before it was placed in the retort. The company have hitherto employed about 50 men, but the demand for their manufactures will soon oblige them to double that number.

AN ILLEGAL ACTION.—Mr. John Ruetzel of Kincairdine, was some time ago fined as a transient trader, for having employed an auctioneer to dispose of certain goods in Walkerton. Mr. Ruetzel appealed, and judgment was given in his favour and the conviction quashed with costs. It appears that the By-law under which he was fined was illegal, and has since been repealed. We are informed that he is going to enter an action to recover \$3000 from the Town of Walkerton, for damages.

**Special Notices.**

**IT IS NOT WHAT YOU EAT BUT** what you digest that makes you strong. Unless the food taken is perfectly dissolved, assimilated and converted into pure blood, general nervous and physical prostration inevitably result; the whole system is impoverished; degeneration of the organs and tissues follows, and if there be hereditary predisposition to scrofula or consumption it will surely be developed and the constitution gradually broken down. The foundation of good health and a sound mind is a vigorous stomach and perfect nutrition. Dr. Wason's Compound Elixir of Phosphates and Calisaya is Nature's own remedy for derangements of the digestive organs, purely physiological, harmless, and positively certain to restore nervous and muscular force.

**BEARINE**  
**For the Hair!**

Prepared from the pure grease of **The Canada Bear.**

It produces a luxuriant growth. It beautifies and strengthens the Hair. It makes the Hair soft and pliant. It imparts to the Hair a rich glossy finish. It is perfectly harmless—not sticky or unclean. It stimulates the roots of the Hair. It enlivens brassy and weak Hair. It prolongs vitality.
