

was because the railways had been muddled and wrecked by private ownership. At its last meeting in Washington the United States council of agriculture, representing the farmers of the entire country, had declared themselves in favor of public ownership. The great brotherhoods which operated the United States railways were on record as favoring public ownership. The Canadian Council of Agriculture, to meet in the west shortly, would, no doubt, take the same position.

A Doctrine of Democracy.

"There is another reason," said Mr. Maclean. "If the people have paid for the railroads, and they have paid for them time and time again, in God's name, is it not time that the people own them? They should be administered in the interests of the people who paid for them. That is the new doctrine of democracy. That's what is at the bottom of the Farmers' movement in Ontario. The people are saying that if we can win the war for democracy, the people of Canada, who have paid for their railroads, intend to administer and control them."

"They see this movement going all over the world. They see it is impossible to deal with transportation. The nation deals with it we must go further. England is building ships. They will reorganize the mother country and the empire by the control of transportation. We have spent much money in the past and passed much legislation, but we see now that all the advances we gained were lost by the existence of the shipping monopoly that controlled transportation before the war. To win the war we had to have national control. For the reconstruction of Canada there is no other device possible."

Interests in Opposition.

Mr. Maclean said if government administration of railroads had failed in the United States it was largely due to the men who had formerly controlled the railways. They had used the properties for exploitation and speculation. When the government analysed it could be traced to Wall Street and the railway magnates. The people who had actually invested their money in the railways saw no hope for their investment unless the roads were taken away from Wall Street and the magnates.

Public Ownership Favored.

Speaking in support of the bill, Mr. Frank Glass declared that sentiment from the Pacific coast to the most easterly part of Ontario strongly supported the acquisition of the Grand Trunk. The views of the people of Ontario, he said, were indicated by the vote in the provincial elections. They were standing four-square for public ownership. Stock market quotations, said Mr. Glass, were no indication of the intrinsic value of a railway and should not be so considered.

Canada's White Coal

Mr. Maclean said the great coal strike in the United States was due to the fact that a huge monopoly had been created based on private ownership of the mines. There was relief in sight for Canada here science and nature had given us white coal. "We have an unlimited supply of water power in this country," he said, "and we propose in connection with the nationalization of the railways to nationalize the water power. We have put us on our feet in a short time and make us independent of the U. S. We have started the thing in the province of Ontario and the Hydro-electric power system has been a great success. There must be electrification of the railways and no one can do it as well as the state."

Member for South York paid his respects to Montreal, characterizing the city as "the refuge of the so-called railway magnates, who want to maintain their ascendancy." He held that it was not the people of Quebec, but the pro-corporate government in Montreal which did not wish to see the waterpowers of the St. Lawrence developed for the benefit of the people.

Would Nationalize C.P.R.

"The C.P.R. has its opportunity. It has its railways. Let it not interfere with the people of Canada in their determination to own a railway system," said Mr. Maclean.

Mr. A. R. McMaster of Bromo: "Would you nationalize the C.P.R. also?"

Mr. Maclean: "Some day, yes. I am not afraid of the C.P.R."

The Toronto publisher also expressed the view that the C.P.R. organization would be the best one for the National lines to adopt. He believed there was not a man in the employ of the C.P.R. who would not be just as gladly work for the nation. He objected to the C.P.R. interfering with the decision of the people to take over the Grand Trunk. The pro-corporate Canadian money had been lost by speculation in C.P.R. shares that had been sunk in all the railways of Canada by the people.

Millions and millions had been squandered on Wall Street by Canadian dabbling in C.P.R. stock, and the Canadian people would only be a real success when it went out of the magnates' hands and the stock dealers' hands and became a publicly-owned institution. They must nationalize the Grand Trunk and get rid of the wasteful duplication. The day after they got hold of the Grand Trunk they would have the best line between Toronto and Ottawa and would have the greatest transcontinental railway in Canada. In his opinion, the greatest railway property in America today, with the exception of the Pennsylvania,

was the Grand Trunk Railway of Canada, and the greatest assets were the assets of the Grand Trunk in Ontario, Montreal and the middle west.

Mr. Maclean spoke of the opposition of two Montreal newspapers and made special mention of "The Montreal Star," owned by "My Lord Asholstan."

"What was his ambition in life?" asked the South York member. "His only object was to get into the house of lords, and now he is in it he cannot go to it. Is he in favor of democracy? No, he believes in a chamber of privilege and he sought to get into that chamber, and now he is appealing every day to the chamber of privilege in this country (the senators) to save the country from the Grand Trunk deal. Let him appeal to the democracy of the country, which is represented in this house. The members of this house or most of them are in favor of public ownership. He would resign his seat in the house if the government would give the managers of the Canadian national lines a free hand and they failed to coordinate the people's roads. The telegraph must be nationalized and they must get rid of the cable monopoly. The people were tired of voting money for private concerns, and they would not vote another dollar for the Grand Trunk. The Canadian Pacific Railway was afraid of the competition of the national lines. The national roads must be operated by Canadians in Canada and must be removed from politics. The political revolution in Ontario showed the people were tired of many things. They were tired of giving public money to private concerns, and they were going to trust their own people in future."

Should Have Bought Stock.

Frank Cahill expressed the opinion that the government should have offered to buy the Grand Trunk shares. The market value of their stocks as on October 9, the date when the agreement was made between Sir Alfred Smith and Hon. Arthur Meighen. This would have meant an expenditure of about fifty-eight millions, but the government would have had all the stocks in its possession. The bill before the house provided for guaranteeing \$40,000,000 worth of stocks, and the other stocks of the value of all the other stocks. This might involve a very great expenditure.

O. Turgeon declared that public opinion as represented by board of trade resolutions, was far from being unanimously in favor of taking over the Grand Trunk. Not all the opposition came from Montreal, he said, and quoted newspaper editorials showing that New Brunswick editors were against the measure. He feared there would be diversion of freight to American ports in the effort to make the Grand Trunk pay under government ownership. This country was a financial position to care for such a large expenditure, and he had great faith in securing Mr. Fielding's amendment to the bill.

Public Ownership Favored.

Speaking in support of the bill, Mr. Frank Glass declared that sentiment from the Pacific coast to the most easterly part of Ontario strongly supported the acquisition of the Grand Trunk. The views of the people of Ontario, he said, were indicated by the vote in the provincial elections. They were standing four-square for public ownership. Stock market quotations, said Mr. Glass, were no indication of the intrinsic value of a railway and should not be so considered.

While The Montreal Star was at present opposed to public ownership, it had not always been so, and the member for West Middlesex thought some influence had been brought to bear to change its policy.

The government was well protected in regard to the agreement with the Grand Trunk. It agreed to pay on the basis of assets over liabilities, which was all that could be expected.

J. E. D'Anjou, Rimouski, and Dr. J. E. Poirier, Hull, both of whom spoke in French, opposed the bill, saying that it was not in the best interests of Canada and should not be proceeded with at this time before the matter had been given more careful consideration and the house given information available. The latter intimated that the primary object of the bill was to pass the bill, and not to consider the peace treaty.

P. R. McGillivray, Argenteuil, declared that the bill before the house was the worst that ever been presented to any Canadian parliament. He referred to the debt which, he said, would be passed on to unborn generations and the fall of the Union government if it went to the country. The debate was adjourned by Dr. Michael Steel, and the house rose.

In Maidenhood, Womanhood and Motherhood

London, Ont.—"For many years Dr. Pierce's Favorite Prescription has been my most favorite medicine. I have taken it for the ailments pertaining to womanhood and before and after motherhood, and it always proved excellent. I have also recommended it to my friends. I know of today for women or girls who are weak and nervous." MRS. WM. STEEL, 179 Richmond St.

SAVED HER LIFE

St. Catharines, Ont.—"I was in a very miserable condition when I first started taking Dr. Pierce's Favorite Prescription. It cured me in six weeks and I am now a strong and healthy woman. I have always praised this medicine and I shall never use any other. I am Dr. MRS. ELIZA OVERHOLT, 45 Beach St.

Favorite Prescription should have the full confidence of every woman in Canada because it contains no alcohol and no narcotic. Dr. Pierce knew, when he first made this standard medicine, that whiskey and morphine were injurious, and so he has always kept them out of his remedies. Send 10c to Dr. Pierce's Invaluable Hotel, Buffalo, N. Y., for trial package Tablets.

YORK COUNTY AND SUBURBAN NEWS

YORK TOWNSHIP COUNCIL MEETS

Loan of \$75,000 Authorized for Addition to Second School.

Two deputations waited on York Council yesterday from Silverthorn, one to appeal for a \$1,000 grant for a war widow, and the other for a Christmas grant for the children of soldiers. They were assured that both appeals would receive consideration.

Reeve Miller pointed out that as 90 per cent. of the taxpayers of York Township are working men, any grants of this nature would benefit persons who have in many cases a smaller income than the persons making the appeal. It was admitted that the widow, in whose behalf the deputation appeared, was drawing a pension of \$14 a month and other allowances bringing her income up to \$198 a month.

In response to an application forwarded to the council asking the engineering staff to report on the question of opening certain streets thru to Woodbine avenue from Meagher street, At the meeting the council decided to go south to Danforth avenue to get to the school which is in the centre of the section on Doncaster avenue. The school superintendent was instructed to call for tenders at once for the supplying of 500 service water meters.

Tender Accepted.

The tender of the Asphalting Concrete Company for the laying of 24-foot tar and asphalt on a Miller street from Glenholme avenue to Lauder avenue, a distance of 240 feet, was accepted.

Council instructed the township solicitor to write to the C. P. R. with a view to stopping the alleged nuisance affecting the Roslynrook, Scarlett Plains and Lambton Park districts.

Public Ownership Favored.

The township engineers report on the proposed construction of six-inch water mains as a local improvement on Windermere, from Morningside southerly 960 feet, on Monty street from Windsor street southerly 550 feet, on 73rd street, and on Mulberry Crescent from Mulberry avenue westerly 327 feet, was accepted.

YORK TOWNSHIP PERMITS

The report of Building Inspector Wm. Dever for the month of October, 1919, was as follows:

The number of permits issued for the month was 202 for the following class of buildings:

Dwellings	140	\$12,200
Additions & Alterations	69	21,450
Stores & Apartments	7	27,600
Garages	31	5,050
Bank	1	7,000
Coal elevator	1	5,000
Stables	3	1,900
Removals	3	800

Total \$459,200

The fees collected were \$771, which has been handed over to the treasurer. The following is a list of houses built in the township and in Toronto:

1376 houses at a cost of \$376,200, average \$2687.

City, 232 houses at a cost of \$871,290, average \$3,624.

EAST TORONTO

METHODIST SECRETARY LEAVES

Rev. J. H. Arnup, secretary of the Methodist organization, left Toronto last evening for the Maritime Provinces in connection with the inter-church movement.

BEDFORD PARK

Bedford Park Ratepayers' Association celebrated the opening of its new clubhouse on Bedford road by holding a concert, supper and masquerade ball. Mr. A. Boylen, president of York Township Amateur Musical Players' Association, presided as chairman. The following were the winners of the fancy costume contest: Best lady and gentleman, Mrs. E. Clark and Mrs. A. Lane; gentleman comic, Mr. H. Clark; lady comic, Mrs. Jones. A seven-piece orchestra recently organized by Mr. Archie Clark rendered a grand program. Others who took part in the program were: Mr. Jas. Wagstaffe, Mr. V. Duncock, Mr. E. Clark and Mrs. A. Lane; Mr. Chas. McKay and Mr. Moore. Mrs. A. Lane gave addresses on behalf of the West York Victory Loan committee. At the close of the ball the grand prize cake was awarded to Mr. Boylen.

ETOBICOKE

WANT STREET LIGHTS

At the sitting of the council yesterday, a petition asking for street electric lighting in the south end was dealt with, and the council decided to go over the ground to inspect on Wednesday.

LEASIDE

FIXED ASSESSMENT FOR CO.

Leaside council by a vote of the ratepayers, passed a bylaw to grant to the Leaside Electric Light & Power Co. a fixed assessment to the ratepayers of \$1,800 an acre. It is stated.

TODMORDEN

SELLING BONDS FAST.

The Victory Bond campaign is making good progress in the Todmorden district, according to J. Lawlett, Beech street, the local organizer. Preparations are now being made by the school to hold a concert and social shortly to boost the sales.

DANFORTH

SECURE EXCAVATION PROGRESSING.

Excavation for the new eight-room wing to be added to Second School, Barrington avenue, started a few days ago and the work will be rushed to completion.

Owing to the overcrowded condition prevailing in the section, the school trustees secured two rooms at Gladhill School to temporarily accommodate the overflow.

ALL ENDORSE ROEBUCK.

Tributes to the ability and honesty of purpose of A. W. Roebuck, the Toronto lawyer, who is suggested by the Grand Army of Canada, for the position of attorney-general in the next provincial government, were paid by many prominent citizens and organizations yesterday. Chas. H. Stock, secretary of the Independent Soldiers' Party, the Ontario Soldiers' and Sailors' political organization, said he was always an ardent admirer of the young lawyer who, he declared, is the Marquis of Salisbury of the day. The political campaign.

RIVERDALE

SADDLING THE RATEPAYERS.

A note of warning is sounded by Albert Hanna, secretary of the Danforth Ratepayers' Association, regarding the purchase of luxuries by the city council. He pointed out that the money is so badly needed for actual necessities. He pointed out that if park purchases and other schemes are put into effect the citizens will be saddled with an additional four to six mills on the dollar in their taxes.

NORTH TORONTO

North Toronto Conservatives Blame Prohibition Party

North Toronto Conservative Association held its regular meeting last night in the Municipal Hall. A large number of members attended and most of the discussions which took place were centered on the recent downfall of the government. Most of the speakers placed the blame for the turnout on the Prohibition party. Others expressed the view that the general feeling of unrest, together with the actions of the Union government at Ottawa, were the factors responsible for the change.

ETOBICOKE

BOARD OF TRADE ENDORSE PURCHASE

(Continued From Page 1.)

100,000; the Intercolonial, \$125,000,000. The total government responsibility already assumed of \$775,000,000. The government has also become receiver of the Grand Trunk Pacific, whose securities it had largely guaranteed. Its cost was \$250,000,000; so that, as the Grand Trunk refused to fulfill its contract to take over the Transcontinental east of Winnipeg and cannot meet its obligations to the Grand Trunk Pacific, the people of Canada must now carry over a billion dollars' worth of railways, which, being practically without eastern feeders, cannot possibly pay their way.

Public Will Own Fifty Ships.

The board of trade has urged the government to go into the shipping business. To date, about fifteen steamers are in use, and the first one is about to sail between Vancouver and Australia. Other steamers are being built in Britain, but to the West Indies and South America. Ships under construction will bring the national mercantile fleet to over fifty vessels, for which cargoes must be found. Without adequate railway bases for their business, their disadvantage, as against the C.P.R. fleet of 62 vessels, is obvious.

The Grand Trunk in Ontario and Quebec has a network of lines equal, if not superior, to the C.P.R. In the west the Canadian Northern lines are in an almost equally favorable position, but the key to ultimate success is in control of freight-gathering lines of the east. One advantage that will follow absorption of the Grand Trunk will come from the routing thru Canada of traffic to the Pacific coast, which the Grand Trunk at present sends via Chicago and American roads, in order to get the longest possible haul over its present lines. This is one of several factors which will aid in transferring the Canadian National Railways from losing to paying concerns.

Toronto Beats Montreal.

As the old Grand Trunk, without its Grand Trunk Pacific obligations, can make both ends meet, its addition to the National Railways will be an asset, and not a burden; and in taking it in terms subject to arbitration, the country would do the fair thing by its 180,000 British shareholders. To throw the road into bankruptcy would all but destroy the confidence of British investors in Canada and discount the inflow of capital and immigration, which are necessary to our future prosperity.

WASHINGTON EXPECTS EARLY SETTLEMENT

(Continued From Page 1.)

case, went to Pennsylvania tonight, feeling, it was said, that the crisis might be over before Saturday the day on which the temporary injunction restraining officers of the mine workers' organization from activity, was made returnable. Asked what the government would do that day an official said:

"We will not cross that bridge until we get to it."

The fact that no disorder was reported anywhere by department of justice agents was taken as a good sign that conditions were hopeful and that the miners realized it was a time for sober judgment and action.

WITH CHINESE IN FRANCE.

Rev. George Murray Ross, Presbyterian missionary of North Hanoi, China, recently arrived at Halifax in charge of 1700 Chinese laborers who were demobilized from labor battalions and are now en route for the far east via Vancouver. Mr. Ross is staying for a short time in Toronto as the guest of Rev. J. M. C. Scott, minister of St. John's Presbyterian Church, Broadview, and will lecture on his half year's overseas in St. John's Church tomorrow evening.

EPWORTH LEAGUE RALLY.

A rally of the three Epworth leagues, junior, intermediate and senior, will be held at the Epworth Methodist Church, corner of East and Gerrard streets, Wednesday night, Miss S. Sturdy, by the intermediate and senior members on "Life Investments That Pay," followed by short discourses. A special program was contributed by the juniors. There was a large attendance.

WOULD HEAR PLATFORMS.

Before promising endorsement the North Riverdale Ratepayers' Association will ask all prospective municipal candidates to endorse their platform, some of the platforms of which are as follows: The erection of a hospital in the Riverdale district, a playground in Wilson Park, better street lighting along Danforth avenue, beautification of the eastern approaches to the viaduct, postoffice and better postal facilities, better street car line, lavatory accommodations, better police regulations of traffic at congested points. The regular monthly meeting of the association will be held in Frankland School, Logan avenue, 8 o'clock, Dr. E. A. McDonald, president, will preside.

case, went to Pennsylvania tonight, feeling, it was said, that the crisis might be over before Saturday the day on which the temporary injunction restraining officers of the mine workers' organization from activity, was made returnable. Asked what the government would do that day an official said:

"We will not cross that bridge until we get to it."

The fact that no disorder was reported anywhere by department of justice agents was taken as a good sign that conditions were hopeful and that the miners realized it was a time for sober judgment and action.

WORKERS' UNION. They expressed the belief that thru governmental agencies another attempt would be made to reach a settlement.

COMPLYING WITH THE LAWS.

Charleston, W. Va., Nov. 3.—The third day of the miners' strike passed quietly in the coal fields of West Virginia today. While the non-strike mines closed by the operators to be increasing their production, no attempt was being made to open the strike mines. Reports to military headquarters showed that the strikers were conducting themselves as law-abiding men and no attempt was being made to hold meetings. Meantime, additional troops were being moved into the state and placed at strategic points.

THE SWEEPING POWERS OF THE FEDERAL GOVERNMENT IN CUTTING OFF ALL SUPPLY OF COAL.

Reports to military headquarters showed that the strikers were conducting themselves as law-abiding men and no attempt was being made to hold meetings. Meantime, additional troops were being moved into the state and placed at strategic points.

RAILWAYS CONFISCATE COAL.

Chicago, Nov. 3.—With approximately 400 miners idle, according to union leaders' claims, consumers were beginning to feel the effect of the strike in production. Thousands of cars of coal were being confiscated by the federal railroad administration. While operators generally were making no attempts to mine coal, reports from the various fields in 28 states said that whistles were blown this morning in many mines with a forlorn hope that enough workers might be induced to return to open the mines.

THE SITUATION AS IT MAY SOON DIRECTLY AFFECT THE CONSUMER WAS INDICATED IN A REPORT FROM CHATTAHOOCHEE, Tenn., where coal dealers entered an agreement to limit the supply of coal to industrial consumers to two tons. Industrial buyers were out of the market, dealers said that only a fifteen-day supply was on hand.

THAT GIFT TO THE FAMILY

Speaking of a Gift to the Family

One Would be Thinking Specially, No Doubt, of the One Who Looks After the Buying of the Food-stuffs and the Clothing for the Boy or Girl

Details of the home, which require an expenditure of energy and no little worrying.

The amount of energy expended, or worry depending upon, just how convenient or systematic was her method of shopping.

Think Over the Following Facts

Wouldn't a shopping system that proved a time saver, and an energy saver prove of worth to your wife or the one who does the shopping?

Wouldn't a statement which showed where and for what each cent had been expended prove a wealth of worth at the end of each month?

Wouldn't a system which enables one to shop by phone, mail, telegraph or in person be a great convenience?

All These Are Features of the 'D.A.' Way of Shopping

And which anyone may take advantage of by simply making a deposit at the "D.A." Office, Fourth Floor.

This money, while on deposit, draws good interest, and the only stipulation is that an account must be in funds at all times.

Take out an account for her today. Surprise her. Please her with a gift that will prove its worth many times over.

For Full Information, Apply "D.A." Office, Fourth Floor.

Choose One That Will Afford Enjoyment to the Youngest and the Oldest

CHOOSE A PHONOGRAPH And Make Sure It's The "SYMPHONY"

AT \$100.00

Because it's a machine that the phonograph man contends to be the equal of machines found at much higher prices. And he gives his reasons

Read Them Over

First the "Symphony" is made and the parts are assembled in the EATON factory, consequently the middleman's profit does not figure in the cost of the "Symphony."

Second—as good phonograph music depends upon a perfect motor, which must meet not only the demands of the laws of mechanics, but also the rigid laws of music.

Must be precise and delicate in its operation, and yet able to endure the handling of the most inexperienced.

Must turn the turn-table with perfect rhythm, without the slightest shade of hesitation or the music would be thrown entirely off key.

Must be perfect as to speed, regulation and silent in operation.

So the motor in the "Symphony" is one of the best that money can buy.

And lives up to the above demands. You'll find it silent in operation, steady in regulation and sturdy in construction.

Next, the "Symphony" has a self-stopper, a sound regulator, shelves in the cabinet for records or album. And one of the largest sound boxes and tone arms procurable.

The "Symphony" reproducer and the tone arm are designed to play all makes of disc records—two extra sapphire points being supplied for that purpose.

Furthermore, the "Symphony" has a mahogany or fumed oak cabinet in square design, that is good-looking and should prove quite an appropriate addition to the most select collection of furniture. Remember, in the "Symphony" you get exceptional value—splendid tone and satisfaction—and a machine that is quite striking and appealing, for \$100.00. Ask about it in the Phonograph Section—Fifth Floor. Those in attendance will gladly demonstrate its many qualities to you.

PATRIOTISM

Gilt-Edged, Too

One full week of the Victory Loan campaign has ended. **Have you done anything more tangible yet than think it over?**

No new argument can be adduced for taking up the Loan. First and fundamental reasons are so cogent that they may be recalled.

Foremost is the reason that the Loan is imperative to "clean up" obligations that after-war conditions brought before us. To date, in round figures, \$200,000,000 have been spent for war-caused expenses since the armistice. That money must be repaid now from the proceeds of the Loan, because it has been borrowed by the Dominion and in the name of the whole united people on short-term advances. Surely everyone will gladly shoulder a part of a national load if thereby it is made easily borne. These are obligations we incurred to the returned soldiers and the dependents of those who fell—for us. This is patriotism.

The second imperative cause for the Loan is that working capital must be found within the country—it cannot today be borrowed outside even if that were wise. Hence every cent raised will be spent in Canada for Canada's benefit. Every Bond taken adds to national prosperity. And the interest is 5½ per cent—a rate that, with Government backing, makes this a gilt-edged investment.

For the convenience of our customers a booth for the sale of Bonds, and for supplying information about them, has been opened on the Main Floor of the Store, Yonge Street Entrance. Follow the red ribbon from the doorways.

LABOR NEWS

HARRY KIRWIN NOW ORGANIZER

Popular Official Appointed General Western Organizer for Machinists.

Harry Kirwin, the popular official of the Marine Trades Federation, has been appointed general organizer in Western Canada for the International Association of Machinists. He left last night for Winnipeg, and will gradually take in all of the west, right on to Vancouver, where there is a bitter fight for the O. B. U. Mr. Kirwin is one of the most modern of the labor leaders in Ontario and will be popular in the radical west for this reason. Being also a strong champion of the International movement, he is expected to meet with much success in his work in the Calgary regions of the west.

NEWSIES FOR \$20,000 LOAN?

Commissioner R. C. Harris and Controller Maguire are expected to address the Victory Loan meeting of the Newsboys' Union at the Labor Temple to-night. Twenty thousand dollars is the objective of the newsies and Harry Rober, Rudolf Abramson, Sammy Lichtman and other well-known members of the craft are expected to lead the way.

Labor men are in general agreement with James Simpson in his statement

that Mayor MacBride of Brantford was the only bolter at the recent U. F. O. Labor convention held following the elections. Mayor MacBride represents a constituency peculiarly situated as he is the worker generally. It is the home, industrially, of the laborer opposed to the tariff views of the U. F. O., and for this reason is in a class by itself. It is well known that there are at least 8,000 avowed protectionists in Brantford which is the home city of William F. Cockshutt, M.P., one of the most forceful and eloquent exponents of Joseph Chamberlain's ideas who has represented Canada in stump protectionist addresses in Britain.

TO EXCLUDE E. R. BALES

O. B. U. and A. F. L. enthusiasts are now engaged in a bitter fight for place in the economic field in labor circles in Toronto. The latest phase of this warfare is the alleged intention of the International Brotherhood of Carpenters and Joiners of America to prevent E. R. Bales from attending any further sessions of the brotherhood. The brotherhood is an amalgamation of two forces, the International Union of Carpenters and the Amalgamated Brotherhood, which latter section of the brotherhood, which purpose, but is allied to the international for trade purposes. Mr. Bales is himself a member of the Amalgamated or British section, and it is as such that he alleges he is entitled to a seat in meetings of the union as a whole. He is, however, secretary in Toronto of the One Big Union.

POLITICAL DEFENCE PROGRESS.

Tom Mellieus, general organizer in Ontario for the Political Defence League, which has charge of funds to protect the interests of all political prisoners in the city and the province, has received encouraging response

from various sections of the province. Guelph has subscribed \$1,000 to the cause. Rev. William Ivens and all the Winnipeg labor leaders now under arrest in connection with the Winnipeg strike are also eligible for these funds. Among others there is one woman in the province who has been in prison four months without trial.

WHAT IS DIRECT ACTION?

Direct action is to be the main topic discussed by O. B. U. enthusiasts at a meeting which is to be held at St. Julien Hall next Sunday evening, and Joseph Knight, member of the general executive board of the union, will be the chief speaker of the evening.

LABOR CIVIC POLITICS.

Municipalities are the engrossing theme among laborites and workers, generally in Toronto today, and a convention of the Toronto units of the Ontario section of the Canadian Labor party is to be held on Friday night, November 14. This is significant in

GROWING DEAF WITH HEAD NOISES? TRY THIS

If you are growing hard of hearing and fear Catarrhal Deafness, or if you have roaring, running, hissing noises in your ears, go to your druggist and get 1 ounce of Parmit (double strength), and add to it 4 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day. This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who is threatened with Catarrhal Deafness or who has head noises, should give this prescription a trial.

that it shows that all political Labor units intend to work harmoniously to one end, the election of Labor men to the council chamber at the city hall. Following this convention the Independent Labor party will itself hold a convention Saturday, November 15. It is predicted that this will be one of the most momentous campaigns inaugurated in Toronto politics.

WELCOME TO IVENS

Labour Clergyman Tells Winnipeg Workers Toronto Guarantees to Raise \$50,000.

Winnipeg, Nov. 2.—There was an enthusiastic welcome home to Rev. William Ivens here by labor men last night at a big meeting in the board of trade building. The speaker dealt with his four collecting funds for the defence of himself and the seven others at the coming trial for sedition. He said that Toronto had guaranteed to raise \$50,000 and one section was selling one dollar "victory bonds" to the number of \$50,000 for the purpose. Ivens said he would repeat his actions under the same circumstances again tho he knew he was facing jail. "But we have had all the jail we want, and if you can prevent further jail sentences, then I know you want to do it." He said labor in the east was coming to see that the A. F. of L. was to be distrusted.

MUSICIANS EXPANDING?

Local 149, the Musicians' Union, at their annual nomination sessions held on Sunday at their temple, elected Joseph Weatherbourne secretary-treasurer by acclamation. The membership of the union in Toronto totals 1,300.

STUFF AND NONSENSE.

That there is no sign in any section of the Civic Employees' Union of any

defection from the trades union movement is the statement given out by the executive of the union following its session at the Labor Temple. This statement has been given to The World to contradict an impression recently given that such a withdrawal was contemplated.

YOUNG JEWS ORGANIZE

Plans Well Under Way to Organize Hebrew Young Men's Association. Plans are now well under way for the organization of a Hebrew Young Men's Association in Toronto. A well attended meeting at which representatives of the various Jewish associations were present, was held in the Zionist Building on Sunday last. Various ideas and plans were discussed and it was stated that nearly every Jewish Club in the city has pledged its support to the new project. Delegates from these organizations were present: Judah Girls, Toronto Hebrew Students, Herzl Zion Boys, Felix Boys, Orion Club, Jubilate Social Club, Menoph Club, Hebrew Literary A. C., Young Peretz Club, Toronto Independent B. S., Judean A. C., Young Men's Hebrew Association.

SEVEN DOLLARS BOTTLE.

John Geggier appeared in the police court yesterday charged with selling liquor at \$7 per bottle. He was fined \$300 and costs or three months.

COMMITTED FOR TRIAL.

Thomas McArthur and Charles Martin appeared in the police court yesterday, charged with having broken into the jewelry shop owned by Jacob Brill on West Queen street. They waived preliminary examination and were committed for trial.

PLAN WATER SYSTEM

Scarboro Township Instructs Engineer to Prepare Detailed Plans for Section.

At a special meeting of Scarboro township yesterday Engineer E. A. James was instructed to go ahead and get out detailed plans and specifications of the proposed water system of the southwest section of the township. This more complete report will be laid before council at their regular meeting next week and the question of submitting a bylaw to the ratepayers will then be discussed. The district bounded by the city limits and Kennedy road on the west and east and the water front and St. Clair will be served by the proposed system. Arrangements were made for holding several meetings in the township to explain the T & N radial bylaw which will be voted on by the ratepayers on November 22.

GOODMAN DISCHARGED.

Manuel Goodman was discharged in the sessions yesterday by Judge Coatsworth on the charge of having falsified his books. Wm. G. Thurston, counsel for Joseph Goodman, the other accused in the case, also moved for the dismissal of his client and his honor reserved decision.

COMMITTED FOR TRIAL.

Thomas McArthur and Charles Martin appeared in the police court yesterday, charged with having broken into the jewelry shop owned by Jacob Brill on West Queen street. They waived preliminary examination and were committed for trial.

NO CUT MADE YET IN RETAIL PRICES

Board of Commerce's Order Has So Far Had No Apparent Effect.

There were no indications yesterday that retail meat prices generally had been cut following the order of the board of commerce, effective Nov. 1. To enquiries addressed to proprietors of a number of butcher shops, the reply was made: "Give us time to get rid of stocks bought at the high prices." Eaton's and Simpson's meat departments report a considerable reduction on the best brands of bacon, such as Rose brand, from 64c to 57c a pound in the piece and Anchor back bacon from 66c to 57c in the piece, but the cheaper hams and fresh meats have not yet been reduced, though it is predicted by meat vendors that prices will drop all around before the end of the week.

SEVEN DAYS IN JAIL.

Ernest Rockford was sent to the jail farm for seven days by Magistrate Denison in the police court yesterday for being drunk while in charge of a motor car.

MURINE'S Bessie, Netrebko, Scotch, Seals—Keep your Eyes Strong and Healthy. If they Tingle, Smart, Itch, or Burn, If Sore, Irritated, Inflamed or Granulated, use Murine often. Safe for Infant or Adult. At All Druggists in Canada. Write for Free Eye Book. Murine Company, Chicago, U. S. A.

COUNCIL SPLIT ON VACCINATION

Mayor Refuses to Give Casting Vote—Referred to Controllers.

The greater part of the four and a half hours during which the city council sat yesterday was taken up with the settlement of an apartment house on the northeast corner of St. Clair ave. and Avenue road, a grant of \$25,000 to the Navy League, the entertainment of the Canadian Women's Institutes, the sale of gasoline from pumps on the street curb, the supposed epidemic of smallpox, and Alderman Mordridge. The alderman was told by the mayor towards the close of the meeting that he would not be allowed to shout in the council chamber.

Early in the day Dr. Hastings had called a meeting of the health committee and reported to them that there was an outbreak of smallpox in the city. The cases under observation, he stated, were of a mild character, and that thirteen houses were already quarantined. In one house there were three patients. In nearly all the cases the doctor told the committee they had been diagnosed as chickenpox. Just to soothe his report he said there were cases all over the province, and that in Ontario city there were 22 cases blamed on one case from Toronto. The M. O. produced a proclamation for the chairman to sign making it compulsory for every person in Toronto who has not been vaccinated during the past seven years to undergo the operation. Alderman Hyding said he signed the proclamation against his conscience, but he was bound to do his duty. The alderman's signature, however, did not make the proclamation a legal instrument, and it was sent forthwith to the city council for confirmation before publication. Controller McBride, in approving the issuing of the proclamation, said he was a bird who was not having any. After a brief discussion the question was put to the vote and resulted in a dead heat, the mayor refusing to give a casting vote. On the motion of Controller Maguire the proclamation was referred to a board of control for consideration and report.

Mr. Bustard, on giving an undertaking not to build within 12 feet of a "parkette" belonging to the council, was given permission to build an apartment house on the northeast corner of St. Clair avenue and Avenue road.

Grant to Navy League.
The grant to the Navy League of \$25,000 came up for confirmation. Every one was in favor of giving the sum advised by the board of control, but a party, led by Controller McBride, thought a "tax" should be put on stipulating that the money should be spent in Toronto, and succeeded in carrying his point.

A proposal to spend \$750 on entertaining the delegates to the convention of Ontario Women's Institutes met with much opposition from Aldermen Baker and Mordridge, who contended the organization was a political one and of rural origin. "The rural districts are running the province now," declared Ald. Baker, "so let them look after themselves and we, in the city hall, will look after ourselves." After a long discussion in which both Controllers McBride and Maguire asserted that the organization had no political activities, and Alderman Mordridge declared they were an anti-conscription body, the grant was carried by a large majority.

TELLS DYSPEPTICS WHAT TO EAT

Avoid Indigestion, Sour Acid Stomach, Heartburn, Gas On Stomach, Etc.

Indigestion and practically all forms of stomach trouble, say medical authorities, are due nine times out of ten to an excess of hydrochloric acid in the stomach. Chronic "acid stomach" is a exceedingly dangerous and suffers should do either one of two things.

Get a few ounces of Bisulphated Magnesia from any reliable druggist. Ask for either powder or tablets. It never comes in a liquid, milk or citrate, and in the bisulphated form is not a laxative. Try this meal and see if this isn't the best advice you ever had on "what to eat."

WE BUY AND SELL AMERICAN CURRENCY (at a premium)
Also Travelers' Cheques, Drafts and Money Orders.
A. F. WEBSTER & SON
68 Yonge Street.

As the Prince of Wales stepped from his train at the Rosedale siding yesterday he was met by Miss Mary Duff and Miss Constance Watkins, who had risen early to buy flowers to present to the royal visitor. The prince was much pleased by the compliment.

Court of Revision Decides Gratuity Classes as Income

In the court of revision yesterday the assessment department was allowed its appeal asking for an increase in the income assessment of Mrs. Ethel Blake, Prince Arthur avenue.

The executors of the late Hon. Edward Blake allow Mrs. Blake, the widow, and his son a gratuity of \$3,332.20 per annum over and beyond her actual income, but the sum may be withdrawn at the discretion of the executors at any time.

Counsel for the estate claimed that the money as received by Mrs. Blake did not come under taxable incomes in the act. Chairman Drayton: "You have brought up a very nice point in calling this money a gratuity, but I can only confirm the increase from \$2,800 to \$3,332.20, which the assessment department has proved Mrs. Blake is receiving. If next year she does not receive this sum you can appeal."

DRIVER DID NOT WAIT

John Bedford was injured after the arm last night when a motor truck struck the bicycle Bedford was riding and hurled him to the pavement. Eight stitches were required to close a cut in the injured boy's arm. He was taken to his home. The driver of the truck, according to the police of Papineau station, did not return to the scene of the accident.

City Preparing to Fight Higher Telegraph Rates

The legal department of the city hall is getting ready to fight the application of an increase in rates. The original application was for an increase of 25 per cent, but the companies now want more, as wages and cost of material have come to more than the original estimate. The board will sit in Ottawa, Vancouver and Victoria.

OFFICERS ON CARMANIA

Halifax, N.S., Nov. 3.—The following officers returned on the Carmania: Major H. R. Sawyer; G. F. O'Connell; H. M. V. Adams; Lieut. R. L. Mitchell; Captain A. V. Hill; G. P. O. Ottawa; Nursing Sister M. R. March; Newmarket; Nursing Sister E. L. Hammett; Boston; Nursing Sister A. F. Finnie; Millbrook; Nursing Sister M. E. Davidson; Peterboro; Major Phillips; Wingham; Lieut. H. W. Campbell; Edmonton; Major N. A. D. Armstrong; West House; Shewington Lake, Victoria Island, B.C.; Lieut. Col. A. E. H. Bennett; Vancouver.

IMPERSONATING FLYNN

An unknown man is wanted who is said to be impersonating Harry J. Flynn of the U. V. L. Mr. Flynn has received two accounts from Morton & Herty, printers, of Belleville, for printing which he had not ordered.

ONE EVERY MINUTE - - By Billy Scott

HER GREAT AMBITION—TO SLAY THE CLASSICS.

I WAS traeting myself to a little rartime this morning, you know, standing nonchalantly in one of them synecopated shops when I ploddad a guy all flustered, "Golt" to take my offer, Minnie" he says to the slim Jane what was playing light as a eed and programmatic, if you got what I mean.

"Nothin' doin'," she says, breaking into "But my movie opens next week and I gotta have a player," he says.

"I should wawry," and she hands him "No, in a Thousand Years."

"Can you play, girl?" "Like a extreme," I lied like a brazen woman.

Clark v. Smith—Enlarged one week. Injunction continued in meantime. Perry v. Wees—A. Macdonald, for defendant, appeared from local

REPORT ON JAILS

Grand Jury Find Toronto Jail Not Large Enough for Purpose.

An order in council has been issued authorizing the superintendent of the municipal farm to obtain employment for eleven men prisoners of the institution and to collect and hand over their pay to their dependents. A copy of the grand jury's report on the various places of detention is as follows: Victoria Industrial School for Boys, Mimico—The only fault was in the bakery, where improvement should be made in "dry sweating." The jury recommended its extension to all the cutting buildings and that telephone stations be placed in different parts of the jail for the convenience of the guards. There were almost 200 male prisoners.

Toronto Jail—The institution does not appear to be large enough for the demands made upon its space, the new governor being of the opinion that it was absolutely necessary to open up the east wing, as at present they had to accommodate a number of prisoners in the corridor.

MOTORCYCLIST DIES FROM INJURIES.

Fred Hickey, 38 Wright avenue, died in the Western Hospital yesterday from injuries sustained when an automobile struck the side-car of a motorcycle in which Hickey was riding. The accident happened Sunday night on Indian road. Edgar Ree, Bramford, driver of the motor car, was arrested, charged with criminal negligence. The charge has been changed to manslaughter since the death of Hickey. An inquest will be opened in the morgue today.

GUNMAN WAS REMANDED.

Arthur Freeman, an American, appeared in the police court before Magistrate Denison yesterday charged with the theft of several suits of clothing from the R. Simpson store and also on the charge of pointing a .45-calibre revolver at Detective Cronin and Policeman Pillinger. Freeman pleaded guilty to the theft of the clothes and he also admitted having the loaded revolver in his possession. He denied pointing it at anyone however, and the case was remanded for a week in order that an investigation may be held.

POLICE CONFISCATE TAGGERS' BOXES

Seventh Day Adventists Collect \$280 Without Commissioners' Permission.

The police stopped a tag day yesterday being carried on by the Seventh Day Adventists to raise funds for their magazine. Early in the morning forty girls from Ossawa stepped off the train and proceeded to tag people. Deputy Chief Dickson heard of the campaign and sent out plainclothesmen to bring in the taggers. Examined at headquarters, the girls satisfied the police that they did not know the persons responsible for the campaign had not received permission to do so from the board of police commissioners. The collection boxes were confiscated and \$280 in five and ten cent pieces found in them. Benjamin Heald, in charge of the movement in the district, told detectives that he did not believe it necessary to have the sanction of the police board. The matter will be placed before the commissioners this afternoon to decide whether or not further action will be taken in the matter.

BROUGHT BACK FROM LOS ANGELES

Robert E. King, arrested in Los Angeles, was brought back to Toronto last night from Vancouver. Detective-Sergeant Taylor went to Vancouver where King was handed over to him. The accused is charged with theft of \$800 from the Canadian National Exhibition by whom he was employed during the fair as a ticket seller in the midway.

The Power of Inspiration

GEORGE BROWN'S ambition was to build up a Great Family Newspaper that would be a source of inspiration to each succeeding generation to go forward.

He wanted them in reading **The Globe** to get a broad outlook on life, and sympathy for, as well as an understanding of their fellows that make men and women of us all.

He urged upon others the same unselfish devotion to public service that he himself rendered.

All men and women cannot rise to positions of fame and fortune, but they can do something to leave the world better for their coming.

The Globe has been a part of the family life of many men and women who have come from humble circumstances to rise in the service and estimation of their fellows.

It has received a daily welcome in the homes of thousands who have left the world brighter and better for their sojourn here.

To give some idea of the exceptional influence **The Globe** has in the homes of its readers, take the result of a test of **The Globe's** circulation.

Out of 2,949 renewals of subscriptions made to **The Globe** in the usual course of business for a period prior to April 1st

To maintain this position—to give **The Globe** a place in every home—to stimulate the aspirations of the people as well as to record daily events—is the fulfilment of the policy laid down by its founder, and continued from George Brown's time down to the present.

this year, 1,969 subscribers answered the question "How long has **The Globe** been read continuously in your family?"

This is the result:—

Readers for 50 years or more	255 or 13%
" 40 " " "	436 or 22%
" 30 " " "	681 or 34%
" 20 " " "	962 or 48%
" 10 " " "	1340 or 68%

On the basis of this test, out of the 30,000 families who subscribed to **The Globe** 30 years ago, 17,000 families are subscribing to it today; and out of the 45,000 families who subscribed to **The Globe** 10 years ago, 30,000 families are subscribing to it to-day.

In the 75th Anniversary Edition of **The Globe** on March 5th, 1919, names and addresses were printed of 300 families who have read **The Globe** continuously for 50 years or more.

The Globe has enjoyed three generations of leadership and inspiration of the people. What it has been in the past it will be in the future.

ONTARIO PASSES HUNDRED MILLION

Mark—Toronto Fourth on Per Capita Basis.

Yesterday's total... \$10,982,600. Total to date... \$100,429,400.

Ontario has passed the hundred million mark! Starting out on the second week of the Victory Loan campaign...

Of today's returns \$1,942,050 came from special subscriptions and \$5,040,550 from regular subscriptions.

Some of the outstanding returns received up to midnight Monday were: Sault Ste. Marie, \$723,100; Welland, \$546,700; North Waterloo, \$320,850.

Halifax has crossed the two million mark in the Victory Loan drive. Eight hundred and fifty eight applications have been given to the fund.

A Victory Loan police force has been organized at Ottawa along the lines of the Mack Sennet comedies. The force will be composed of returned soldiers in police uniforms.

DRURY ACCEPTS PREMIERSHIP FROM SIR JOHN HENDRIE

Cabinet Not Yet Chosen—Hearst to Carry on Till November 14.

E. C. Drury, premier-elect, arrived in Toronto at seven o'clock yesterday morning on a C. P. R. train, having left his home at Crown Hill at five.

The conference between the lieutenant-governor and premier-elect lasted a quarter of an hour, and terminated five minutes before the Prince of Wales was due to arrive at the gubernatorial mansion.

Sir John said he had asked Mr. Drury to undertake the formation of a cabinet and that Mr. Drury had accepted the responsibility.

Mr. Drury left Government House in company with Mr. Morrison and was not seen again until he left the city at 4:50 for Barrie to address a Victory Loan meeting there.

There are several members-elect for U. F. O. ridings qualified in every respect to fill the position of minister of education, having had experience as school teachers in addition to that of practical knowledge of farming.

operated in conjunction with the proposed system from Hamilton to Galt and Kitchener, and he was assured by his engineers that such a system could be made to pay even if they had to parallel the G.T.R. tracks, which he did not think they would have to do.

Farmer Beats Liberal in By-Election in Alberta. Calgary, Nov. 3.—Twelve pupils give Moore, U.F.A., a majority of 46 over Thompson, Liberal, in the Cochrane more polls by-election. There are six more polls to be held.

TIRE ROYALTY REACHES TORONTO

Two young girls, Mary Duff, 26, Edgar avenue, and Constance Watkins, 23, Edgar avenue, whilst waiting to see the prince arrive, hit upon the happy idea of buying some flowers and presenting them to him.

"Are these for me?" he asked. "Is it your own gift or from some school?" "They are from us," replied the two girls together and nervously.

"Oh! from us, eh?" returned the prince smiling. "Well that is indeed very kind of you." And then the two girls blushed as only school girls can.

The prince was just getting under way to take his motor car when Miss Catherine Dunlop, of the Conservatory of Music, approached and wanted to autograph a photograph.

"Send it on to me," he asked. "I have a hundred to sign already and I will sign yours," he replied.

The Scotland Yard detectives who are with the prince, have been joined by Detective A. Mitchell and Acting Detective H. McMahon, of the Toronto police, who are on special duty until the prince leaves the city.

Halifax has crossed the two million mark in the Victory Loan drive. Eight hundred and fifty eight applications have been given to the fund.

LETTERS FROM ALL PARTS OF THE WORLD

Prof. Mulveney has letters from all over the world: England, Ireland, Scotland, China, Japan, Klondike, South America, Jamaica, St. John, N.B., Newfoundland, also all parts of the United States. Also the northwestern part of Canada, Vancouver, B.C., and other places too numerous to mention. These letters may be seen at 211 Ossington Avenue, and will give you an idea that advertising in The Toronto World will bring you business from all parts of the world.

OFFICE OPEN 8 a.m. to 10 p.m. Daily

Prof. Mulveney answers Telephone Calls

Hollo! Is that Prof. Mulveney's Parkdale 4830? Yes, lady. I cannot call you by looking at children if they have worms.

Could you tell me, if I brought my little girl down, if she had worms? No, lady. I cannot tell you by looking at children if they have worms.

Send full directions with your bill for the same, and oblige. Yours truly, H. Ross, M.D.

Dear Sir—I have a case of tapeworm which I have been treating but have not yet succeeded in getting the head. The case is that of an adult, a young woman of about twenty years.

A week later Prof. Mulveney received a tapeworm from Dr. Ross, which his remedy had expelled from his patient. The doctor stated "that the remedy had proved eminently successful and I am sending the worm for examination."

Dear Sir—Would you kindly send me your remedy by return mail, or by express, as you prefer. Kindly send me your bill at the same time, and oblige.

Dear Sir—I have a case of tapeworm which I have been treating but have not yet succeeded in getting the head. The case is that of an adult, a young woman of about twenty years.

Dear Sir—I had tapeworm for two years, and I have tried all kinds of remedies. I was advised by the doctors to fast for three days, and after fasting three days I did not throw out the head. It cost me several dollars, then I didn't get cured.

Prof. Mulveney Asks You to Come, See and Believe

DON'T FAIL TO READ THIS LETTER

Dear Sir—When I was in Toronto a few months ago I got a bottle of your remedy called Mother's Friend Worm Medicine, and it has been a treasure, and I am now out of it and want to get more.

This letter can be seen at Prof. Mulveney's office, 211 Ossington Avenue, Toronto, Ont.

Dear Sir—Your wonderful remedy received, and I took it according to directions, and am pleased to say the tapeworm was expelled.

Dear Sir—Kindly send me at your earliest a supply sufficient of your remedy to expel a Dr. Ross worm.

Dear Sir—I have sent you one or more tapeworms. Dr. Ross worm, came up here Saturday night, and I have sent it to you.

Prof. Mulveney in His Laboratory.

Doctors Said She Could Not Live a Year

TUBERCULAR SPOT IN HER SILE

Dear Sir—I am very pleased to tell you that your Tapeworm Cure was a God's blessing to me. I only wish that I had got it years ago. I have suffered for over nine years with what I thought was inflammation of the bowels.

How People Feel When They Have Tape Worm

Tapeworm is bred from a parasite. This parasite is a creature male and female one. It is pear-shaped, having two, four and six suckers. It lays the eggs, which are only connected together with slimy threads and form a body which is the worm; each joint is an individual, having a sucker or mouth. The worm rows to be much longer than the bowels, where it is located, and sometimes a whole colony of them are found, enough to fill a quart of solid water, and when it in a bucket of water would appear as if it were a mass of worms.

Another Little Child

This is Cecil Staub of Elm St., La Salle, N.Y. One dose of Professor Mulveney's Famous Tape Worm Expeller did the work quickly, removing head and all. It measured about 25 feet and was seen at 73 Niagara St. Buffalo, N.Y.

MOTHER'S FRIEND FOR SICK CHILDREN

EXPELS STOMACH AND PINWORMS, BUT IT IS NOT FOR TAPEWORMS.

This valuable medicine expels Stomach or Pinworms. It is not only valuable as a Worm Medicine, but is an excellent Tonic, Physic and Appetizer, strengthens the Stomach, Liver and Kidneys, and has stopped some of the worst cases of Wetting the Bed.

FARMERS' DAIRY

Phone Hillcrest 4400. Walmer Road and Bridgman St. Our Salesman Will Call Next Trip.

FOR the growing child, for the young man and woman, and for those of maturer years Farmers' Dairy milk is a needed food.

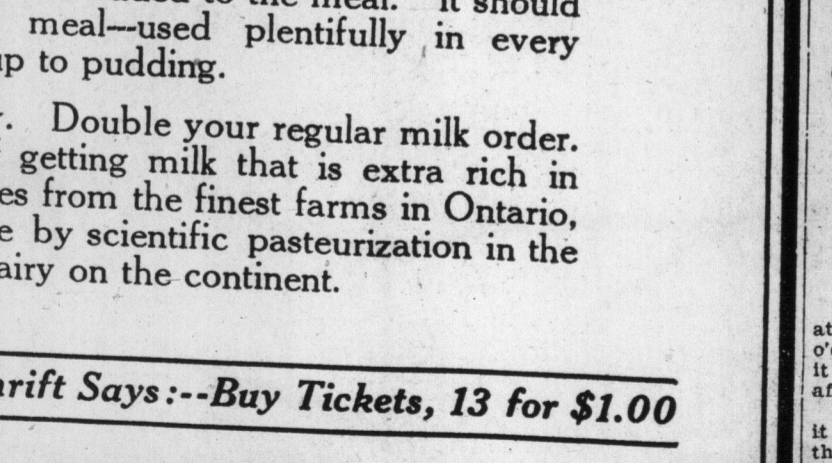

Nature combines in it all the food elements your body needs. Some produce bone and muscle. Some rebuild it, and some create energy.

Amongst foods none can compare with this delicious, stimulating milk. None are so easy to obtain. None can be used so often, in so many ways. None so economical.

Prof. Rosenam of Harvard says you would have to buy and prepare 3-4 lb. of beef, or 8 eggs, or 2 lbs. of chicken or fish to get the nourishment contained in a single quart of milk.

Milk is a concentrated food you see. It should not be added to the meal. It should be part of the meal—used plentifully in every course, from soup to pudding.

Begin today. Double your regular milk order. And be sure of getting milk that is extra rich in cream, that comes from the finest farms in Ontario, that is made safe by scientific pasteurization in the best equipped dairy on the continent.

THE FARMERS' DAIRY. Thrift Says:--Buy Tickets, 13 for \$1.00. Phone Hillcrest 4400. Our Salesman Will Call Next Trip.

WORLD'S DAILY BRAIN TESTS

By SAM LOYD. Twenty Minutes to Answer This. No. 28.

Bink's cranky alarm clock goes off at unexpected times. He set it for 8 o'clock, but as shown in the picture it awakened him at either a little after 8 or about 25 minutes past 12.

Now, who can tell the two times indicated on Bink's clock? Answer to No. 28. The connecting link between the weights is that 7000 grains weigh 1 pound.

When he put his Nerve Food, Kidney-Liver Pills and other medicines on the market they received a hearty welcome, and their exceptional merit has kept them high in the public esteem.

Take Dr. Chase's Kidney-Liver Pills for example. There is no treatment to be compared to them as a means of regulating the liver, kidneys and bowels and curing constipation, biliousness, kidney disease and indigestion.

SKY ONLY LIMIT FOR GEN. MOTORS

Price Shoots Upward Twenty-Six Points—Sinclair Oil Moves.

New York, Nov. 3.—Trading in stocks was again active and broad today, but the undertone suggested a degree of caution such as frequently characterizes a session sandwiched between two holidays.

Developments over the week-end were favorably interpreted for the most part. General conditions, as outlined by the federal reserve board, and latest advice relating to the industrial situation seemed to afford ground for considerable speculative encouragement.

There was a big demand for call money, as all loans made held until the middle of the week. The opening rate, 10 per cent, ruled just before the close, when a few loans were reported at as low as 5 per cent.

In its main essentials, the market traversed the ground made familiar by last week's extensive operations, etc., and allied equipments once more leading the irregular advance with leather, tobacco, paper and food shares.

Oil shares had a dividend revision later. General Motors soared. Not until 1:30 did the automobile division manifest a trend, General Motors then being rushed upward at an extreme gain of 28 points to the new high record of 496 and finishing only four points under its maximum.

Gains among the steels ranged from two to five points, some of this advance being in the form of a temporary, but the strength of equipments, as featured by American Car, Harvester and Westinghouse, at gains of three to ten points, was not slightly impaired.

Sales amounted to 1,775,000 shares. There was a large turnover in the bond market, with a net gain of 1.4 points in most divisions, especially among Liberty and international issues. Total sales (par value) aggregated \$17,675,000.

Old U. S. bonds were unchanged on call.

CANADIAN CAR FEATURE OF MONTREAL MARKET

Net Gain is More Than Three Points—Activity in Brompton.

Montreal, Nov. 3.—Brompton was again the most active stock in today's stock exchange dealings. A total of 4,800 shares being dealt in with a new high of 86 1/4, and closing at 84 3/4, a net loss of 4 points.

Canadian Car common was the feature of the market with 2,600 shares sold, the price rising to 53 3/4, closing at 53 1/2, a net gain of 1 1/4 points. The preferred also added 1 1/2 at 99 1/2.

Dominion Steel finished the day at a net gain of 2 points. Republic of Canada moved up one point to 72, and closed at the best. Ontario Steel reacted two points to 44. Detroit closed at 112 1/2, a net rise of one point.

Among the stronger stocks were Asbestos, Bridge, Hillcross, and Ogilvie, each of which scored a net gain for the day of two points.

Paper stocks showed strength, but the cotton group were weaker. Utility and power stocks, outside of Detroit, were more or less neglected. War loans were generally strong with the 1917 Victory bond selling fractionally higher at 102 1/8.

WALL STREET VIEWS

J. S. Boche and Co. in their weekly market letter say: It is beginning to be apparent, to those who think most deeply, that unless the railroad situation is righted, industry cannot live. Everybody who has given any careful thought to the railroad question and is familiar with the history of the financial and physical operation of the transportation system of this country...

WASAPIKA SETS FRESH RECORD UP

Lake Shore and Hollinger Also Strong—Some Recessions Among Cobalt.

Public interest, which had shown signs last week of being diverted to the silver stocks, shifted back to the gold group yesterday. There were several outstanding features in this section, with Wasapika, Lake Shore and Hollinger giving impressive demonstrations of strength.

The name sold up to \$1.08, two points above the former high-record price, closing at the top. Many traders probably thought that when Wasapika reached par some months ago the price was likely to halt at that level, if there were not an actual recession, but Wasapika has held consistently well over par, and by breaking into new high ground yesterday it demonstrated that faith in this pioneer West Shining Tree property is of steady growth.

Lake Shore advanced four points, a record for Porcupine mine is in excellent shape and making record production. Bullion shipped last week for eight days operations and is valued at about \$177,000, and I hear that the future production is to be kept up to these figures and higher, if possible. This would put the mine on a monthly production of about \$675,000 and as dividend distributions call for only \$246,000, it is my opinion that a regular monthly dividend will be announced before the end of the present month.

A number of the Cobalts were inclined to sell off slightly. Adanac, after touching 91-2, sold back to 8, the net loss being a point. Timiskaming declined 1 1/2 to 42 1/2. Beaver at 40 was a point lower. Peterson Lake held well around 15, and Tretwey was a shade firmer at 30. McKinley-Darragh was firm, advancing two points to 69.

A novelty was a transaction in 100 shares of Buffalo at 50. This stock is traded in at rather long intervals only, but interest has been stimulated by the announcement that a number of new veins have been found in the Buffalo Mine during the past month or so, and are helping very materially to sustain the production of this old Cobalt mine. Most of the new veins found have been short, and in many cases are but continuations of ore bodies previously worked in other sections of the mine. Reports have been current in the Cobalt camp lately of a large number of properties, which have it that the Buffalo will be included. Results of recent underground work at the property have been beyond the expectations of the management and are adding greatly to the life of the mine.

SILVER SITUATION

New York, Nov. 3.—Export sales of silver to the Orient have practically ceased in the last two days as a result of the weakening of the eastern exchanges. Neither the Indian nor the Chinese market offers a premium for more than a few days. Despite the recent great exportation of silver from this country, it is reported that there is no large reserve in Chinese commercial centers.

Coleman and Reitzel, New York, say: The advance last week of silver in London, to 85 1/2 pence—really a new record price—was the accumulated result of heavy demand from the east early in the month and the large shortage among bullion dealers at the settlement last week. It is likely that silver prices will ease off until around November 15, but another advance is likely by the Orient and for currency requirements in Europe.

PRICE OF SILVER

London, Nov. 3.—Bar silver, 1/4 higher at 82 1/2 per ounce.

New York, Nov. 3.—Commercial bar silver a cent higher at \$1.23 1/2.

NEW YORK CURB

New York, Nov. 3.—The curb market was irregular today owing to a lack of buying power caused by the recognition of the seriousness of the curb situation. The general undertone, however, was strong and stocks were not offered in so short a time. Forty per cent. of the whole industrial investment in the United States is vested in the great railroad plant. If this large proportion is not saved from reverses, the other sixty per cent. must wither.

PRESSED METALS.

Caseless and Biggar report \$245 on the curb for Pressed Metals, and \$250 asked.

Your Victory Bonds should be kept in a safe place. We have Safety Deposit Boxes to rent in our Fire and Burglar-proof Safety Deposit Vaults where you can keep your Victory Bonds and other securities, cut coupons and examine your papers in privacy. Boxes from \$3.00 per year and upwards according to size. Call and inspect these vaults for yourself. An officer in attendance will be glad to show them to you.
