ST. ISIDRO SENT RAIN.

A Saint's Relics Carried Through the Streets of Madrid by Superstitious People Who Wanted a Shower.

Madrid, May 6.—Croupous showers of rain fell in Madrid and throughout the adjoining provinces yesterday, a circumstance ascribed by the people to the beneficence of St. Isidro, Madrid's patron saint, to whom the populace appealed for rain and for the suppression of the Cuban rebellion. Thousands of persons visited the cathedral for the purpose of offering praises of thanksgiving, and were admitted to the shrine of St. Isidro, where the saint was laid in state in expectation of the rains in response to their prayers was manifested by their destroying part of his silver coffin and carrying away the ring and other articles. Had it not been for the interference of the police the entire coffin would have been carried away piecemeal.

Before the rain came the city was the scene of an imposing ceremony, the object of which was to procure the intercession of St. Isidro, who lived in the 13th century, to bring about the rain. It was organized throughout the country, and also to effect the suppression of the Cuban rebellion.

The remains of the saint, enclosed in silver caskets, were carried through the streets, followed by eight hundred priests, thousands of members of religious congregations and the clergy, and even those who had no faith in the efficacy of the ceremony. There was a large number of choristers, who chanted Hymns as they passed along the principal streets of the capital. The route was lined with thousands of people, who knelt as the remains of the saint were borne past them. The procession was preceded in honor of the occasion, and an enormous quantity of flowers were thrown from the balconies into the path of the procession. Nothing similar to this ceremony has been seen in Madrid since the 17th century.

DISHONEST RAILWAY EMPLOYEES.

Four Men at Stratford Plead Guilty to Breaking Into a Railroad Car.

Stratford, May 6.—On Sunday morning the last of a bound car lying in the Grand Trunk yard here was broken into. There were two barrels of whisky, which had been broached, besides a bottle of whisky, and a cigar case. It means a lantern is used by the thieves set fire to the car, and thus attracted the attention of the employees, and the culprits made off. Detectives were employed on the case, and the result will be the arrest of the culprits in the yard, William J. Moorehead, engineer; Edward McAllister, Thomas McCann and Henry Doelling, yardmen, and John C. Moorehead, brakeman, all of whom are assigned at the Police Court this morning, and all pleaded guilty with the exception of Guy, who, it was proved, had no hand in the offense and who was consequently discharged. The others were remanded to jail without bail, sentence being deferred.

BOARD OF TRADE NOTES.

A Scheme Proposed for the Readjustment of Insurance Assessments.

The Council of the Board of Trade yesterday, in the session of the greatest importance being the scheme for the readjustment of assessment in connection with the Gratuity Fund, will be called for next week when the scheme will be discussed by members.

The board passed a resolution naming the following gentlemen as delegates to the annual meeting of the Congress of Chambers of Commerce of the British Empire on June 8, viz.: President E. B. Oster, Vice-President E. Gurney, W. D. Mathews, Mr. E. B. M. Ross, Mr. K. G. Robbie, F. Arnold, Elias Rogers, W. R. Riddell and Secretary Wills.

A communication with reference to Muskoka Lakes was read and referred to the Transportation Committee.

THIS FIGHT ENDED IN DEATH.

Andrew Wyly, a Young Scotchman, Died Up for Three Rounds and Died.

Savannah, Ga., May 6.—Andrew Wyly, a young Scotchman, is dead, having been killed in a boxing match with the local champion of Montgomery, Ala., which took place before the Athletic Club here last evening. In the third round he retired from the ring and lay down on the bench and died because medical aid could reach him. Spectators say that no blows out of the ordinary were struck. The coroner will investigate.

To Watch the Cuban Fury.

New York, May 6.—A Washington special to the Herald says: Consul-General Fitzhugh Lee is dead, and Andrew Wallace by Major Hayes is stated, however, that he will not have any official relations with the consulate, but will be in Cuba as far as he will, however, give Consul-General Lee the benefit of his advice and assistance, and his long experience in the service, make him the ideal man of great service to the Consul-General in forming an intelligent idea of the military situation in the island.

Did Not Sign the Testimonial.

Editor World: In reporting a banquet recently attended by Mr. Clarke Wallace, you printed a testimonial to Mr. Wallace purporting to have my signature attached. I beg to say that I did not sign it, and that I did not sign the testimonial to Mr. Wallace, nor had any person the right or authority to sign my name to it, and I entirely repudiate any connection with it whatever.

GEO. S. BOOTH.

Toronto, May 6, 1895.

Adjournment of Congress.

Washington, May 6.—The House, with a division, has adjourned the resolution to adjourn sine die on May 18. It is said the adjournment question is likely to be held up in the Senate until some time between June 1 and June 13.

Islanders.

We are in a position to cheaply and quickly connect your house or lawn with the new waterworks system, as we now have work on the Island and particulars of what you require. We will be pleased to take your orders or make you prices. The Keith & Fitzsimons Co., Ltd., domestic engineers, 111 King-street west.

Cutting Down Wages in the U.S.

Biddeford, Me., May 6.—A general cut down in all departments of the Pepperell and Laticone mills, to take effect May 1, was officially announced yesterday. The average reduction is about nine per cent., and the schedule practically conforms with that in effect prior to the increase made in June of last year. About 3500 hands are affected by the cut down.

For depression of spirits, nervousness and general weakness, Miller's Compound Iron Pills are a sure cure. 50 doses, 25 cents.

End of the Chester Raid.

Frank Ernest, the leader of the Chester boys who raided the store of Dr. Wright and pillaged the same, was yesterday morning allowed freedom on suspended sentence by His Honor Judge McDougall.

THE BRAVE TIDESEER.

Likely to Receive the Medal for Bravery—The Tale of the Razors.

County Constable T. D. Berry was sufficiently recovered from his wound yesterday to come into the city to participate in the matter of the three desperadoes arrested on May 1, just east of Little York.

The chief cause of six razors and the plan of others found upon their persons have been claimed by John Huntley, a barber of Glencoe, Ontario, who says they were burglarized by his store, and many days back the same arrived in the Toronto suburb. The razor blades bear the engraved name, "Swift," as stated in Huntley's letter, and though the number of razors mentioned and falls one short of that enumerated by him, one pocket of the case, it can clearly be seen, has been cut away.

The facts of the fight and subsequent capture having come into the hands of the Royal Canadian Humane Association, Governor of Awards H.P. Dwight has expressed his determination to secure the bravery medal for County Constable T. D. Berry, and if possible, some recognition for the gallant services of Market Gardener Sidwick, his son Allan and Michael Birrell of the G.M.R. These awards are reserved to the Canadian Society, and, if Governor Dwight succeeds in his endeavor, would be awarded by another month.

EAST OF THE CITY LIMITS.

Budget of Interesting Items Gathered in the Suburb.

Saragossa, while training on the Newmarket track yesterday morning, received a kick from a horse in front of him, cutting a gash in his left front leg. He was immediately removed with him off the active list for several days.

It is understood that as soon as the Queen-street line is extended to Munro Park, thereby giving visitors a longer stay at the hotel, the road will be running from the Kingston-road down Blantyre-avenue to Victoria Park will be taken up and laid to the Hunt Club Club, Entertainment in the village of East Toronto, and the York in favor of Rose Richardson holding a meeting to take cognizance of the conspicuous bravery shown by County Constable Tidberry and his assistants, Martin Gardner, Sidwick, A. Shick and Michael Birrell of the G.M.R. in the capture of the three desperadoes on May 1.

Now that Norway has secured the gas lighting of most of its street, East Toronto will be the same privilege at Kendalworth-place.

At Kendalworth-place, Baptist Church to-morrow evening, Mr. Ben-Oiel, a native of Palestine, will give an illustrated address on the customs of the Holy Land.

Mr. E. A. McKenzie and Mr. Ladd, Q.C., of the Toronto Street Railway, have made a brief inspection of the G.T.R. bridge at Weston-street over which it was proposed to run the Dawes-road extension.

If the bridge is so to be used, it was his opinion that it would require, besides further strengthening, another span, and an additional widening of at least 12 feet.

An East Toronto village committee has been appointed to bring about the refacing of the schoolroom ventilation, suggested by School Inspector Fotheringham in his last visit.

Ev. G. L. Starr has gone home for a week or ten days, to make preparations for entering upon the duties of acting rector of St. Paul's.

Mr. J. P. Wheeler, an East Toronto man of popularity, who has been seriously indisposed, is now making headway towards recovery.

TO DIVIDE THE COUNTIES.

The Royal Commission Meets at Gageode Hall To-Day.

Dr. Bryce of the Provincial Board of Health is at Guelph.

Mr. J. W. Quinlan, mayor of Port Hope, met the Parliament Buildings Hall-to-day.

The Royal Commission of county judges who are to divide up the counties of Waterloo for county councils election purposes will meet at Gageode Hall to-day.

A tennis club has been organized among the Government employees at the Fairview Buildings. Hon. Mr. Harry is honorary president. Mr. T. R. Preston president and Dr. Bryce vice-president.

Letter of Thanks.

Editor World: On behalf of Mrs. Bothwell I am desirous to sincerely thank those who so generously contributed to her relief, and yourselves, for the prominence you gave the matter in your widely-read paper. The ladies who so kindly gave their services, and the public who so liberally, patronized the concert and made it a grand success, I acknowledge with the following further expression of my thanks.

Mr. Spadina, President of the Provincial Agricultural Association, acknowledged \$20.50; W. H. 25 cents; Robert Cole, Locust Hill, \$1; W. McCabe, 45; L. Gold, \$2; Good Heart, \$3; F. A. McCardell, W. R. McGarry, Brockville, 25 cents; Thos. J. Thompson, 20 cents; Two Irishmen, 25; W. F. Summerhayes, 50 cents; W. F. MacLean, M.P.; J. T. Russell, 50 cents; Y.M.C.A. Class, Broadway, Taberwood, 25 cents; A. A. Watt, \$1; D. Fasken, \$1; A. Z. 50 cents; A. Watt, \$1; C. J. Agar, \$1; total \$46.45.

GEORGE KIMBER.

Col. North Died From Syncope.

London, May 6.—The inquest held over the body of Col. North, the "Native King," who died suddenly in the course of the Guano Syndicate yesterday, has been adjourned to June 1.

It is said the adjournment question is likely to be held up in the Senate until some time between June 1 and June 13.

Islanders.

We are in a position to cheaply and quickly connect your house or lawn with the new waterworks system, as we now have work on the Island and particulars of what you require. We will be pleased to take your orders or make you prices. The Keith & Fitzsimons Co., Ltd., domestic engineers, 111 King-street west.

SKIN DISEASES.

Spring firstly from impure blood, and are aggravated by a morbid condition of the system, and by local causes of irritation, etc. The real cause is impure blood, and there is no skin disease which Burdock

BLOOD BITTERS.

does not cure if taken internally and applied externally according to directions. It heals up the skin and drives out the disease. Salt Rheum, Tetter, Shingles, Scurf, Erysipelas, Scrofula, Scrofulous Sores, Ulcers, Abscesses and all similar diseases are invariably cured by the intelligent use of Burdock Blood Bitters.

TO GIVE THEM WORK TO DO

SUGGESTIONS WILL BE THANKFULLY RECEIVED.

Proposals for Thirty-Five Miles of Granite Tracks and to Add Ten Acres to Exhibition Park—Plumbing System—Budget Assessment May Reach Two Millions—Police—Telephones and Ferry Committee.

Ald. Preston's special committee to devise means of providing work for the unemployed had a meeting at their office yesterday afternoon. Ald. Spence, Burns and Leslie being also present. On motion of Ald. Spence and Burns, Ald. Preston was elected chairman. The committee had an informal chat, and many schemes and methods of providing work were suggested.

Plans for Cycling.

One of the leading features of the proposed schemes was to construct bicycle paths on streets adjacent to those upon which street railway tracks extend about three feet in width on each side. A tax of \$1 per wheel ride by persons of upwards of twenty years of age would, it was estimated, produce a revenue of \$12,500, which, if evenly distributed among the 1,000,000 people of the city, would provide a fund of \$30,000 for this purpose. This would be sufficient to construct about 15 miles of paths. A competition might be held with the wheelmen, and the best location, whether on the boulevards or otherwise, or on the sides of the streets discussed. A fee was imposed, the amount of which could be given right of way on them by bylaw.

Another scheme for providing work was to level off the north part of Cataraqui and sod it for a playground.

To Add Ten Acres to Exhibition Park.

The Park Commissioner, upon being asked for suggestions, pointed out that the front of the Exhibition grounds required some protection, which could be given by a stone wall. The material was available at small cost, and all the filling in could be done by unskilled labor and ten acres of land added to the Exhibition grounds.

Riverdale Park might also be greatly beautified and work given to a large number of men by the method of paving, which would be to replace the old cedar block pavements with gravel and macadam on the existing foundations.

Ald. Burns urged that the work to be done should be both useful, meaningful and of a nature that would employ a large number of men.

The committee adjourned to meet at the end of the chair. In the meantime the members are open to receive suggestions.

Reform in Plumbing Inspections.

At the meeting of the Local Board of Health, which was presided over by Ald. Allard, the report of the Medical Health Officer was adopted, confirming the appointment of the plumbing inspectors and inspectors of food.

The architect of the office informed the board that he intended exercising a personal supervision of the inspection of plumbing, and with this end in view he had given instructions to his employees for inspection must be attended at the office, and would be attended to in order of priority. He promised that there should not be any delay in the work, and requested that, if there is any, the matter be reported to him at once.

Assessors Making Good Progress.

The Board of Assessors met yesterday afternoon when it was reported that good progress had been made with the work in No. 1 Ward. It is expected that the assessment of this ward will be completed in about six weeks. The books have been written up, and will be another week or two. The shrinkage in assessment on land values in the city, which will be very large, will be partly offset by the increase in buildings, and the net reduction in the assessment will, it is anticipated, reach as much as \$10,000,000.

Estimates Not Ready.

The Board of Control meets this afternoon at 3 o'clock. City Treasurer C. W. H. Smith said that the estimates would not, however, be ready for presentation at this meeting. It is stated that the rate this year will be higher than last.

The City Telephone Company.

The sub-committee of the Works Committee on telephone matters was summoned to meet yesterday, but owing to the absence of quorum, no business was transacted. The City Telephone Company has declined to accept a renewal of the franchise or receipts to the city and also wants to increase the sum paid for 'phones, committee have a troublesome question to deal with.

Complaint by the Ferry Company.

Ald. Saunders, the newly elected chairman of the Committee on Works, took possession of his office yesterday morning. He had a conference with Messrs. Oster & Hammond, representing the Toronto Ferry Company, who contend that the piles which have been driven across the entrance of anchoring the conduit pipe is a menace to boats navigating the harbor. Unfortunately the city did the work last fall before obtaining the services of a surveyor from the Dominion Government, and should any accident occur to any craft an attempt would undoubtedly be made to hold the city liable. The City Telephone Company has recently applied for the necessary authority, but in the meantime the ferry company, as interested parties, are making strenuous objections.

The sub-committee appointed to consider the advisability of leasing lots for building on the sandbar south of Ashbridge's Bay visited the site yesterday afternoon, under the direction of Ald. Small.

The Mayor has instructed the City Solicitor to continue proceedings to collect \$100,000 from C. Heber, holding arrears of rent for the leasehold property on the island and the costs of arbitration.

York Street Bridge.

Ald. Saunders and the City Engineer yesterday afternoon visited the site of the York Street bridge, in company with the C.P.R. officials. The preparations for pushing the work are being rapidly made. The bridge is being laid for the conveyance of material, and the pile driver is being gotten into shape.

A permit has been granted to Mr. A. Harvey to erect a residence on North Drive, to cost \$200.

Entrance Examinations.

The entrance and Public school leaving examinations will be held this year on July 3 and 4 at the three Collegiate Institutes in this city. About 950 pupils in the Public and Model schools have signed their intention of writing at these examinations. Any pupil in Standard or private school intending to write should notify Inspector Chapman without delay.

Don't Want Anything Cheap.

No. 100 Yonge St., E.C. Lodge.
The Slocan carpet does not want cheap people. It wants to pay always paid \$2.50 and laborers \$2.50 a day. It does not want cheap meals, cheap board or cheap salvation. The best in the market and good price for everything. The motto of the Slocan pilgrims will please remember this when they strike the camp for the first time.

One of the greatest blessings to parents effectively expels worms. Exterminator. It is a marvellous manure to the little one.

THE STRIKER'S STORY.

Months of Enforced Idleness Each Year—Earnings Do Not Provide Necessities.

A member of the Laborers' Union has sent to The World a communication which is given in full below, and explains itself:

Editor World: Kindly give space in your widely-circulated paper to a few words of the builders' laborers' side of the question in their struggle for fair remuneration for their labor. Last year a reduction of rates was agreed upon and I am now writing to you again to try to show you the result in my own case, which, I think, is better than the majority. I started to work on the 20th of May, and at 11 o'clock on the 4th made a full time, less the public holidays, then short time, and so on to Nov. 1 received 12 full pay, less the holidays, amounting to \$305.50; from Dec. 1st to Dec. 14th two short pay, \$26.30. The above is the record statement of my experience for the bare necessities of life, including rent, without any exaggeration, showing that while I received \$305.50 my expenses for bare necessities amounted to \$229.76, and then not accounting for clothing, lessing a deficit of \$35.44. And this is not all the result, because we were provided for six helpless children, depending on me for support, and how are we to live and be responsible under such circumstances? I believe there are thousands of working men like myself in a premature grave, broken down, heart, body and soul, through the burden of their great sin. Sir, we are only asking God's help to bring Christ into the world, where it has pleased Almighty God to place us, and we appeal to the public for sympathy with us in our cause.

Yours truly, LABORER.

Following is the statement accompanying the letter:

Receipts, \$235.88
Groceries, \$72; bread, \$15.50 a week; meat (\$1 a week), \$52; butter (20c a week), \$10; tea (12 1/2c a week), \$8.50; sugar (10c a week), \$5.50; summer fuel, \$8; winter fuel, \$25; coal, \$283.70, leaving a balance of \$23.54.

Yours affec., JAMES J. HILL IN GREAT LUCK.

The Canadian President of the Great Northern and His Coal Bonanza.

Chicago, May 6.—A special from Duluth, Minn., says: Vast beds of anthracite coal, which are said to rival in richness and extent those of Pennsylvania, are being discovered in the northern part of the state, and James J. Hill, president of the Great Northern Railway, is their sole owner. He is developing the property and land on which the coal is located. He is now developing the property and will, it is claimed, soon extend his railroad from Park Rapids to the coal fields, which are situated in the country bounded by Little Fork River, the Red Indian Reserve and the Rainy River, in the extreme northern part of the state.

THAT GREYHOUND SERVICE.

Tenders Advertised for steamers—Papers—Many People Interested.

London, May 6.—Tenders for steamers to be used in the new trans-Atlantic service between Great Britain and the Dominion of Canada, and this morning in London newspapers this morning. In response to the advertisements, a number of interested persons applied at the Canadian Consulate for information as to conditions governing the acquisition of vessels by the managers of the new enterprise.

AN EARTHQUAKE IN ECUADOR.

Many Houses Thrown Down and People Buried Alive in the Ruins.

New York, May 6.—The Herald's correspondent in Guayaquil, Ecuador, says: Our own domestic news of Ecuador has become very scarce, and our supply now comes largely from the Ontario Daily Star. An earthquake occurred for the table. This is a progressive age, and the meat business is progressing.

The history of the importation of beef can be traced back as far as 1873, when Mr. John Hopkins came to London with fresh meat from Toronto. In 1873, he was given a car which he had fitted up with a refrigerator, and a car that did not require ice. Looking at the fine cuts of rich beef, a stranger would naturally suppose the farmers of New Brunswick derived a liberal income by raising cattle, but such, alas, is not the case. Our own domestic news of Ecuador has become very scarce, and our supply now comes largely from the Ontario Daily Star. An earthquake occurred for the table. This is a progressive age, and the meat business is progressing.

To the Trade HUCK-A- BACK LINENS.

This is one of the most popular cloths for fancy work at present in the market, it is largely used in making up four-in-hand neckties. We show it in two widths, 24-inch and 27-inch.

Filling Letter Orders a Specialty.

JOHN MACDONALD & CO.,
Wellington and Front Streets
East, Toronto.

AT OSGOODE HALL

Yesterday's Doings and the Forecoming
Lists for To-Day.

Matthew Chilman is suing the street railway company for unstated damages for injuries received in the King-street subway accident.

Jesse McLean has a like suit against the Canadian Pacific for a subsequent accident near Perth.

The city is suing Charles Heber and Mrs. Terese Wall for \$483 arrears of rent and costs of an arbitration regarding the lease of Island property.

Miss Bell is suing her husband, Mary Keith, whom Mrs. Laughlin won't give up until Mrs. Bell pays the cost of her keep. The suit was filed yesterday by the former husband.

Mr. John Redmond is suing the city for \$2000 damages for injuries consequent to a fall on Hazelton street last winter.

The suit of Caledonia v. Gillespie has been settled out of court.

The hearing of the case of Queen v. Estate of Mrs. Wall, for \$1000, was adjourned yesterday.

The sisters of the late William Roddick of Brussels will get \$2000 insurance on a policy held by deceased in the Knights of the Maccabees.

To-day's Foreclosures.

Single Court-Re Solitor, Trustees R.C.S. School v. Stiffins, Ross v. Ross, Stonehouse v. Plympton, Farbenfabelken v. Scott, Morris v. Morris, Townsend v. (two scores), re-solicitor, Brown v. (Score, Todd v. Russell, re Davis estate, Ontario and Western v. Mosher).

Non-Jury Court—Queen v. Bonar (Galt), Stark v. McArthur, Wurtz v. Hogboom, Hartnett v. Ellis, Landed B. and L. Company v. Clark-

son.

ALONG THE DOCKS.

Movements of Vessels—Refitting Park Boats—Double Serry Service.

Work has been commenced on the park boats, always the last to be refit, and soon all the steamers in the harbour will be ready for their season's work.

The steamers of the Richelieu and Ontario Navigation Co. will leave daily for Montreal, Quebec and Saguenay, commencing May 1.

Com. Mr. J. S. Saturday, Manager of the Toronto Ferry C. will run a double service to the Island.

Boats will leave the city wharf every 45 minutes.

Garley Cameron, the popular steward of the Wanderers' Bicycle Club, will be missed from the clubroom for the summer, he having accepted the stewardship of the Chippewas.

Arrived at the pier yesterday, besides the regular steamers, were the stonehoppers Maybird, Ferguson, Northwest, Madeline, White Oak, Ann and Anna.

Ontario, the Niagara Navigation Co.'s river steamer, will clear for Niagara on the 15th.

The Armenia and tow cleared yesterday with lumber for Garden Is.

The Garden City will probably make one or two trips from Toronto before leaving for Buffalo. Purser Thomas Shaw was in town yesterday making arrangements for his departure.

Steamer Windsor is refitting.

SHE WILL BE A TOTAL LOSS.

The Crew of the Fearing Were Taken Off Her Early in the Morning.

Highland Light, May 6.—The

steamship, now ashore on Peaked Hill bar, is the British steamer Forest Holme. She worked off the bar and proceeded towards Boston at 5 A.M. on Friday, but was unable to get through.

At noon, at the mouth of the Hoon's Hollow at Midnight is the Daniel B. Fearing, Capt. Clifford and crew of eight men were taken off in the boat of Capt. Cole and crew of the Daniel's Hollow life boat station at 2 o'clock this morning, after a hard struggle with wind and sea. The vessel will be a total loss.

She was in deep water and was from Philadelphia to Boston on coal.

She is owned by C. B. Reynolds of Newport.

Browned Whales Temporarily Banished.

Copernic Allens yesterday made an inquest regarding the death of Ralph Bilton, whose body was found in a creek 40 feet under a bridge on Spadina-road by Constable Francis on Tuesday. The coroner's inquest following verdict: "That the deceased came to his death by jumping over the Austin bridge from Spadina-road when suffering from temporary insanity, and so drowned."

Dr. Thomas Armstrong and Dr. Fred Fenton, who conducted the post-mortem examination, testified to the effect that death was due to drowning. It is strange circumstance that there was not a mark on the body at all.

Jury Will Decide To-Day.

This morning Chancellor Boyd will judge the case of the Crown. McMillan charged with procuring noxious drugs for a young girl named Little White. After the evidence was all in, Mr. Johnston, for the defence, said he had got the discharge of his client. His Lordship ruled that the case was one for the jury to decide upon.

The Jury was not locked up.

C. D. Sykes and Indigent—C. W. Snow & Co., Syracuse, N. Y. writes: "Please send us some of your Parmaise's Pills, we keep them in great reputation for the cure of Dr. Parmaise's Liver Disease." Mr. Charles A. Smith, Lindsay, writes: "Parmaise's Pills are an excellent medicine, they have been tried with success, but these pills have cured her."

Business Embarrassments.

F. L. De Wolfe, grocer, Brockville, has assigned to James Smart.

The creditors of the Cycle Wood Rim Company have given the preference to Mr. B. B. Smart to do the assets of the firm. The liabilities are \$2000.

A dividend of 14½ cents was declared by the Campbell Furniture Company of Toronto. The Dart Furniture Company of Deseronto will pay 10 cents on the dollar, and the Crack estate of St. Thomas will pay 40 cents.

WE DON'T EXPECT

this advertisement, or any one advertising to bring you to us for your wants, but by telling you each day about some part of our stock, or our policy, we hope to give you a general idea of what goods, either on the whole, this is the store where you want to buy.

D.H.G. GOOD'S CLOTHING AND FURNISHINGS.

We have a large stock of special lines at special prices each day, and it will pay you to keep watch of us.

THESE SPECIALS ON SALE THIS MORNING:
