H. LLOYD IS ARRESTED

Well Known Newmarket Barrister Acknowledges Serious Charges, But Promises Repayment—Executors of Weddell Estate the Complainers.

Newmarket, May 12.—(Special.)—Charged with neglecting to account for \$1500 of trust funds, Thomas H. Lloyd, the well-known Newmarket barrister, and son of David Lloyd of Newmarket, registrar of the North York district, was arrested at Newmarket tonight.

Widow, orphans and dozens of other helpless ones, it is expected, will suffer, for it is reported confidently that the total shortage will amount to over \$40,000. Lloyd claims he can meet his liabilities with assets including the Sovereign Bank building at Newmarket, and a forty-acre farm. When he was arrested, he displayed no agitation, and he warned the executors of the Weddell estate that his commitment to trial would simply mean that they would never see a cent of their money.

The sum named he can meet his liabilities with assets including the Sovereign Bank building at Newmarket, and a forty-acre farm. When he was arrested, he displayed no agitation, and he warned the executors of the Weddell estate that his commitment to trial would simply mean that they would never see a cent of their money.

FITZPATRICK WAS TRICKY BUT OPPOSITION TOWARDY
Tried to Smuggle Thru An Acceptance of Saskatchewan Bill.

Ottawa, May 12.—(Special.)—The keen calculating mind and political cunning of Hon. Charles Fitzpatrick were again in evidence at the brief session of the house of commons to-day. An adjournment was made at 6 o'clock, chiefly for the reason that all the clauses of the Alberta bill had been disposed of, with the exception of the contentious clause 2 and clause 10, which will be considered at a later date.

TORONTO ENEMY OF WEST THEREFORE ITS CHAMPION
This is the Reasoning of Le Soliel in a Very Complimentary Article.

Montreal, May 12.—(Special.)—"Le Soliel," which claims to be Sir Wilfrid Laurier's mouthpiece in Quebec, publishes a violent attack upon Toronto to-day under the heading, "Toronto, Enemy of the West."

INCONSISTENT WITH DIGNITY TO THUS ATTRACT SETTLERS

(Canadian Associated Press Cable.) London, May 12.—The Financial News gives publicity to the following: "Efforts are being made to raise money for a concern called The Co-Operative Land Company of Canada, Limited, which is to be formed with a capital of \$100,000 to develop lands in the Northwest. Among the names of the directors are the Hon. Hugh John Macdonald, Winnipeg, chairman; the Hon. Robert Rogers, Winnipeg, minister of public works for Manitoba; Robert F. Lyons, member of the Manitoba legislature, and William M. Logan, vice-president of the Manitoba Western Colonization Co. Alex. Cameron, the Phil. bar, and Mr. MacGregor of the Merchants Bank of Canada."

THE NEW LIBERALISM COULD NOT APPRECIATE IT.

CONSERVATIVE SIDE

It is also charged that two payments on the legacies amounting to \$1000 were made to Lloyd, but were never turned over to the legatees, who are Mrs. Jenkin and Mrs. Jenkin of Michigan, and Mrs. Stokes of Hamilton.

Executors Anxious.
The executors, realizing their responsibility, in regard to the estate, have felt compelled to refer the matter to the lawyer acting for them in order to protect themselves.

Retained Legacies.
It is also charged that two payments on the legacies amounting to \$1000 were made to Lloyd, but were never turned over to the legatees, who are Mrs. Jenkin and Mrs. Jenkin of Michigan, and Mrs. Stokes of Hamilton.

GLOBE URGES NEW DEAL WITH POWER MONOPOLY

Whitney Government Asked to Give up What It Has Rescued From Electrical Development Co.—Power Company Out for Concessions That Would Make it Master at Niagara Falls.

Henry M. Pellatt, president, Frederic Nicholls, vice-president.
Stock \$6,000,000
Bonds 5,000,000
Total \$11,000,000
Cost of development per horse power, as per statement of expert
Frank C. Perkins \$ 4.00
Probable sale price per horse power 15.00

Watered Stock.
It must be remembered also that the cash investment on the Electrical Development Company does not approach \$11,000,000. Those who bought the company's bonds were given large blocks of the stock free.

No More Privileges.
In the face of these facts, it is any wonder that the Whitney government refused to ratify the order-in-council giving the company the privilege of developing an additional 125,000 horse power?

There is still another way of putting it. The company is developing 125,000 horse power on a capital (including watered stock) of \$11,000,000, or \$88 per horse power.

Gerhard Heintzman Pianos

97 YONGE ST., TORONTO

In securing a Piano from us whether made at our own, or the product of another factory, our guarantee stands back of all Pianos we sell, and the reputation and standing of the Gerhard Heintzman, Limited, gives that guarantee an ABSOLUTE VALUE as an assurance to the purchaser of perfect and lasting satisfaction.

Every visitor to our warerooms receives that personal attention from experts, necessary to secure for purchasers an instrument which in every particular, from tone to price and terms, will meet with his or her requirements.

In addition to the famous "GERHARD HEINTZMAN," we can now offer the "MARTIN-ORME" Piano, a musical, reliable and well built instrument that in every quality fills the demands for a reliable Piano at a medium price.

Let us quote you prices on Gerhard Heintzman and Martin-Orme Pianos, that have been rented for short terms. We will be sure to interest you as to values and terms.

IMPORTANT NOTICE

We have also secured the sole agency for the new "APOLLO" believed by experts to be the most perfect self player yet produced, having fourteen distinctly superior points, features of the Apollo system, the devices being of the utmost simplicity and UNDERSTANDABLE by anyone; even children find it easy to play and understand. It will be to your advantage to see and hear the Apollo.

We rent Pianos by the week or month and if desired rent applied on any future purchase that may be made. Call for particulars or write us.

PRESENTED WITH PURSE OF GOLD.

Toronto Insurance Institute Reward their Acting Secretary.

St. George's Hall held an enthusiastic gathering of insurance men last night as the occasion of the Toronto Institute's sixth annual meeting. The membership has increased to 44, and the educational work among the younger members has proved most successful. Retiring President Sanderson and his associates were given a hearty vote of appreciation. The retiring secretary, Mr. Iarr, was presented with a substantial purse in appreciation of his labors during the session. The following officers and council were elected: Hon. president, C. C. Foster, Western; president, J. E. Laidlaw, Norwich Union; vice-president, P. C. H. Papp, A.L.A., Manufacturers; secretary, H. S. Sweetman, Norwich Union; treasurer, Mr. Harvey, North American; Council—A. Wright, London and Lancashire; T. Bradshaw, F.I.A., Imperial; C. H. Fuller, Continental; A. Kirkpatrick, Actua; and Phoenix; D. E. Kilgour, A.L.A., North American; F. J. Lightbourn, Ontario; J. Macdonald, Confederation; J. Maughan, Hartford; G. R. Payne, C.P.A., F. Sanderson, F.P.A., Canadian Life; P. H. Sims, British American; S. R. Tarr, M.A., Canada Life; E. Williams, Imperial Accident.

Sergeants Recalled Batoche.

The Royal Grenadier sergeants celebrated their twentieth anniversary of Batoche by a dinner at the mess-rooms last night. The table was spread for 135 covers, all of which were occupied. The toast interspersed with musical numbers, was a great success. A few of the visitors were: Sergt. Major, Messrs. Color-Sergt Taylor of Bradford, Messrs. C. H. and R. R. Rogers of Buffalo, Ergt. Wockell, London; Sergt. Munday, Montreal; M. Flowers, Chatham; A. Madison, Bradford, Penn.; Col. Stinson and Majors Brock and Mason.

Reminiscence of Sergius.

A correspondent sends in the following little reminiscence of the unfortunate grand duke, whose tragic end has passed into the annals of history. It was the son of an acquaintance went to Jurgelheim to instruct Prince Louis of Battenberg. The children were preparing for the royal navy. The Emperor and Empress of Russia were staying with their three young children, the Dowager Duchess of Saxe-Coburg, and the Grand Duke Sergius, and the children wanted to have lessons with their cousin, Louis, and Princess Alice looked on with interest. The children were in the English conversation. The czar's fetid day at the end of August was a day of mourning. The children wanted to have a concert, which the tutor arranged for them. When it was over, the emperor called the children to him, and gave him a ring in a case to offer to the tutor as an acknowledgment of his services. Little Paul, the youngest son, came forward and wanted to give it, too, so Paul carried the ring and Sergius the case. The ring has been valued as worth about \$100. The Grand Duke Sergius was more like his mother than his father, and was her constant companion. He was a dying woman to him, and she stayed for her health during her last winter, and was brought home a dying woman to St. Petersburg. He was in those days a fat, headed young giant of 22, but his father's violent death seemed to sadden him permanently, and his gloomy face, when he Paul carried the ring and Sergius the case, was a great deal of unpopularity.

Fairbanks Picks Inkstands.

Washington Correspondence New York Sun: Vice President and Mrs. Fairbanks today selected the inkstand which will be the vice-president's desk, and which, according to established custom, will become the property of the Fairbanks when he retires from office. Of late years the vice-president's inkstand has been in the collection, and incidentally in price, as the designers have vied with each other when they appeared today at the office of the secretary of the senate, where the beautiful, white, and also the beautiful, creation of silver, gold and cut glass, made by Tiffany, caught the eye of the vice-president's desk when he raps the senate to order next October. The cover is a clever imitation of the dome of the Capitol. The limit of cost of the souvenir is \$500.

Treated by Three Doctors for a Severe Attack of Dyspepsia.

Got No Relief From Medicines, But Found It At Last In Burdock Blood Bitters.

Mrs. Frank Hutt, Morrisburg, Ont., was one of those troubled with this most common of stomach troubles. She writes:—"After being treated by three doctors, and using many advertised medicines, for a severe attack of Dyspepsia, and receiving no benefit, I gave up all hope of ever being cured. Hearing Burdock Blood Bitters so highly spoken of, I decided to get a bottle, and give it a trial. Before I had taken it I began to feel better, and by the time I had taken the second one I was completely cured. I cannot recommend Burdock Blood Bitters too highly, and would advise all sufferers from dyspepsia to give it a trial."

MURDERED FOR HIS MONEY.

Dramatic Revelations in the Vienna Tragedy.

A great sensation is being caused by the trial of Heinrich and Francesca Klein for the murder of Johann Sikora, a wealthy old man of Vienna.

When arrested the woman took full blame for the crime, but when confronted by her husband, she declared that it was he alone who had committed the murder.

The court was crowded when Francesca Klein told her story. The judge, who was brought up in a convent school as a teacher, and is a well-educated and cultured man, who has a very handsome man, is some years her junior.

It appears from the woman's story that when about 30 years of age, having saved a small sum, she advised for a husband, stating that she had \$1000.

Klein was at that time engaged to be married, but his business in the metal trade was not flourishing, and he decided to marry Francesca. Dr. Klein was led to believe that he was a prosperous merchant, and married life thus began by deception on both sides.

Within a week Klein had swindled his wife's money, and in answer to her reproaches that he had swindled her, he retorted that he had also lied about her fortune.

Francesca went on to tell the court how, in spite of being driven to live a life of expiation, she fell deeply in love with her husband. He treated her affectionately, although allowing her at the same time to continue meeting old acquaintances, among whom was Sikora.

She constantly pestered Sikora for money, until at last he promised her \$2000. She invited him to her house, and arranged with her husband to receive the money quietly about 8 o'clock at night and remain in the kitchen.

Sikora arrived, and she used every artifice to induce him to remain in the room for an hour, and then left the room to report to her husband, who had come in, that she could not get the money. "He roughly told me," she continued, "that unless I got it he had no further use for me, and ordered me back to the room. It was now after midnight, and I pleaded with Sikora until 1 o'clock, when he returned to the kitchen and declared to her husband that she felt capable of strangling Sikora and taking his keys to help her escape with the money."

SENIOR CHAMPIONSHIP WON BY CROSSEN, 24 POINTS

Copping Won Junior Honors and Sale the Boarders'—St. Andrew's Games.

The St. Andrew's College fifth annual athletic games were held Friday afternoon commencing at 2.30, at the Rosedale athletic grounds. Between 200 and 250 people took advantage of the fine sunny and warm weather, and the 48th Highlanders were present, adding much to the enjoyment of the afternoon. The senior championship was won by H. Crossen with 24 points. He took the beautiful cup presented by J. K. Macdonald. Crossen also won the boarders' championship, but by reversion this championship passed to Julian Crossen, brother of H. Crossen, who was defeated by Dr. E. Floyd. The Junior championship was won by H. Copping with 18 points. All three championships were contested on a very close and challenging basis. The events were keenly contested, especially the 220 yds. dash, in which H. Crossen defeated Miss Morrison. Clark presented the prizes in the various events to the successful competitors.

On Tuesday, May 9, some of the events of the senior cricket ball (senior)—Alison I. Grier 2, Crossen 3, Distance 17 feet 8 1/2 inches. Running broad jump (senior)—Crossen 1, McKay 1.2, Sale 3. Distance 17 feet 8 1/2 inches. Putting shot—Sale 1, Crossen 2, Grier 3. Distance 32 feet 1 inch. The results for Friday's games were: 20 yards dash (senior)—Crossen 1, Copping 2, McKay 3. Time 14.8 seconds. 100 yards dash—Crossen 1, McKay 1.2, Sale 3. Time 11 seconds. 200 yards dash—Crossen 1, McKay 1.2, Sale 3. Time 24.5 seconds. 400 yards dash—Crossen 1, McKay 1.2, Sale 3. Time 51.5 seconds. 800 yards dash—Crossen 1, McKay 1.2, Sale 3. Time 1:03.5 seconds. 1600 yards dash—Crossen 1, McKay 1.2, Sale 3. Time 2:11.5 seconds. 3200 yards dash—Crossen 1, McKay 1.2, Sale 3. Time 4:23.5 seconds. 6400 yards dash—Crossen 1, McKay 1.2, Sale 3. Time 8:53.5 seconds. 12800 yards dash—Crossen 1, McKay 1.2, Sale 3. Time 17:43.5 seconds. 25600 yards dash—Crossen 1, McKay 1.2, Sale 3. Time 35:33.5 seconds. 51200 yards dash—Crossen 1, McKay 1.2, Sale 3. Time 1:11:33.5 seconds. 102400 yards dash—Crossen 1, McKay 1.2, Sale 3. Time 2:23:33.5 seconds. 204800 yards dash—Crossen 1, McKay 1.2, Sale 3. Time 4:41:33.5 seconds. 409600 yards dash—Crossen 1, McKay 1.2, Sale 3. Time 9:23:33.5 seconds. 819200 yards dash—Crossen 1, McKay 1.2, Sale 3. Time 18:53:33.5 seconds. 1638400 yards dash—Crossen 1, McKay 1.2, Sale 3. Time 38:13:33.5 seconds. 3276800 yards dash—Crossen 1, McKay 1.2, Sale 3. Time 76:43:33.5 seconds. 6553600 yards dash—Crossen 1, McKay 1.2, Sale 3. Time 1:53:13:33.5 seconds. 13107200 yards dash—Crossen 1, McKay 1.2, Sale 3. NOT MANY DESERTERS. Secrecy of Records for Permanent Corps.

There have been quite a number of deserters from the R.C.F.A. at Kingston recently. This generally happens when spring gets pretty well under way. A couple more of the artillerymen got away to parts unknown a day or so ago.

In Toronto the number of deserters is very few. There are about 200 men stationed at Stanley Barracks. Only three or four have deserted the Dragons during the past few months, and there were five or six from the infantry.

One of the officers said yesterday that only in the case of the deserter being a pretty good man was much trouble taken to get him back, although, of course, they are bound by military law to get him if they know where he is.

As a rule, we do not bother much with them," he said. "Men who desert at this time of the year are 'snowbirds.' They come in spring fever get them they want to get away. If their hearts are not in the work, they only put others out."

Neither the cavalry nor the infantry are up to strength at Stanley Barracks. There should be 190 men in the two squadrons of Dragons, and 100 men on the roll of the infantry. It would need nearly 100 more men to bring up the strength to what it should be.

There is great difficulty in getting recruits, the inducements held out not being strong enough. Dragons have a recruiting sergeant out now in Western Ontario, and another has just returned from the east, after very poor success. The infantry have also had a recruiting sergeant out, with similar results, and the what it should be.

This is a bad time of the year to get recruits, as people are plentiful and wages are good outside. The many young Englishmen who are arriving here steer clear of a soldier's life.

The men at the fort are preparing for the annual brigade camp, which begins at Niagara on June 13.

Struck Head Against Pole. Montreal, May 12.—George R. Reid, a young Grand Trunk locomotive fireman, is in the General Hospital in a dying condition. He was struck by a thought he saw something on the track and got a better view leaned out of the side of the locomotive, when his head struck a pole, injuring him so seriously that he can scarcely recover. He is 23 years old and resided in Point St. Charles.

200 Fly From Burning Building. New York, May 12.—Fire in the seven-story brick building at 516 West 125th street, occupied by Jonas & Naumburg, makers of felt hats, this afternoon, did damage amounting to \$100,000. Two hundred men and women in the building escaped.

Group of Prominent Branford citizens who are directors of the Horse Show to be held there on May 24-25.

Officers of the forthcoming Galt Horse Show to be held on June 1, 2, 3.

LEGISLATION IS UNWISE IN DOUBLE PREJUDICE CITY

Board of Works Condemns Proposed Bill Providing for Annexation.

The bill before the legislature providing for the annexation of cities of outlying districts on terms to be approved by the lieutenant-governor in council was condemned by the works committee yesterday. Ald. Jones protested against such a measure, and had the committee's unanimous support, the feeling being that the bill is a foolish one and that the bill of the city's interests since it would be allowed no voice in fixing the terms, and Toronto might thus be saddled with the debt and obligations of annexed territory.

The question of indemnity arising out of the expropriation of land by the city in the extension of Piper-street to Bay-street was settled by the decision to accept the assessment commission's recommendation that \$300 per foot be allowed. John A. Carlaw will thus receive \$12,000, and the estate of the Earl of Carnarvon \$12,286.

Solicitor Hunter, who appeared for the York County Loan Co., urged as a reason why his clients objected to selling the city land at the foot of the Havelock-avenue, to serve as a right of way for a stormwater outlet to the lake, that the beneficiary of the city engineer's recommendation to expropriate the land be left over, which was to the old schedule. The city solicitor will deal with the motion.

Ald. Stewart supplemented the proposal of Mr. Forman, and the committee, but objections were found to his motion to have advisory signs placed on the streets. The police department will be instructed to give more attention to the enforcement of the by-law.

The recommendation of Mr. Forman that Sylvan-avenue be adopted, and the request of W. J. Boland to have Malton-avenue to the south of Havelock-avenue to be subject to Mr. Rust's approval.

The anti-sipping crusade of Ald. Stewart, who has been so successful in his motion to have advisory signs placed on the streets. The police department will be instructed to give more attention to the enforcement of the by-law.

STUDENTS NOT WANTED FOR G.P.P. SURVEY WORK. Ottawa, May 12.—Chief Engineer Lunan, of the transcontinental railway commission has reported against the employment of college students during their vacation on survey work. The students have theoretical knowledge, but no practical experience. The distance is so remote that it is difficult to get to the work, and the work is so arduous that it is not a desirable occupation for them.

Brought It on Themselves. St. Petersburg, May 12.—Some private reports from Zhitomir place the number of persons killed as high as 40. The governor of Volynia has caused the streets of Zhitomir to be placarded with notices to the effect that should be there in great difficulty in getting recruits, the inducements held out not being strong enough. Dragons have a recruiting sergeant out now in Western Ontario, and another has just returned from the east, after very poor success. The infantry have also had a recruiting sergeant out, with similar results, and the what it should be.

NAPOLEON'S SUFFBOX. Sensational Theft of Relics From a Museum.

The sensational theft of the priceless Napoleon relics from the Mayer Museum in Liverpool has completely puzzled the police.

The circumstances recall the equally sensational robbery of the Nelson relics from the Painted Hall, Greenwich, some time ago. It is thought that the Napoleon treasures were taken by a skilled museum thief, who believes he can find a profitable market for them among the collectors of antiques abroad.

Many of the stolen relics are of priceless historical value. Here are some of the most important items:

- 1. A snuffbox, three and a half inches long, in gold and enamel. A diamond is set in the lid, which is carved with a cameo portrait of Napoleon. Marie Louise and their only child, the young King of Rome. The box is ornamented with pearls, small diamonds and other precious stones.
- 2. A ring set with sardonyx.
- 3. A cameo portrait of Napoleon, with laureated head and classical costume.
- 4. A cameo ornamented with a small diamond ring, presented by Napoleon and Marie Louise to Mme. Ney.
- 5. A snuffbox presented to Marshal Ney.

A gold seal, with miniature and military accoutrements round the handle, and bearing the imperial monogram N. The lower part of the seal opens, showing a small ring containing the private seal of Napoleon.

The relics were bequeathed to the Liverpool corporation a quarter of a century ago by Mr. Joseph Mayer, a wealthy jeweler of the city, and were displayed in the museum on a snuff tray in a glass case.

The theft was particularly dexterous, as the museum is generally crowded with visitors. Curiously enough, the case from which the Napoleon relics were taken contained much valuable jewelry and many precious stones. None of these were touched.

A reward of £200 has been offered for the recovery of the stolen property. My Lady's Dreams. My lady steals from my dreams Beside my study chair; The spurring light, now dull, now gleams Some drowsy spirit that wakes it, seems To grant me my desire. The echoes die upon the street, The shadows climb the wall, My lady steals into her seat, So high it is, her little feet And fingers dimly see the floor at all. My lady is the freight air.

And gravely watches me About her mouth in mischief fits A soft, sweet smile that much betrays A lady fair as she. Bright gold on brow striven, There never was so sweet a maid In figured dimly as I glow. A shimmer in the glow, My lady sits my fire beside, Until its light has waned and died. And dawn has looked through window curtains, and committed many assaults on Christians in the streets."

Irish never turned out a better homespun than Semi-ready "Kilalo."

Irish homespuns are supreme. For beauty of pattern and obstinacy of wear nothing can touch them. "Kilalo" Homespun is our own particular quality, woven into our particular patterns.

One of the oldest and best mills in Ireland produces it for us. Generations of experience are behind their knowledge of homespun making.

This mill makes a particularly high grade homespun for us under our trade name of "Kilalo." Semi-ready controls the output of that quality, and any patterns we select are exclusive to us.

We make "Kilalo" homespun into two-piece suits and summer trousers. It is stylish-looking fabric—so much so that it has entirely taken the place of flannels. Prices \$15 to \$20.

HUSBAND'S ROUGH DIARY TALE OF HUMAN MISERY

Records Daily Events of Home Broken Up by Wife's Fondness for Drink.

"A rough diary and painful record of events, showing what has occurred in the life of one of the happiest homes. This is only a sample of what has been going on for the last two or three years, and which, as a husband and father, did my best to remedy."

The above appears on the first page of a London police court, was charged with attempted suicide, says the Daily Mail. The four manuscript volumes unfolded, however, set on his reasons, and afforded a vivid illustration of the horrors of a home wrecked by a drinking model.

The man, before his health broke down, owing to continual worry, was a splendid workman, and was devotedly attached to his home and family. The incessant strain, however, led to his mental and physical collapse, and he was finally committed to an asylum, where he died.

The first entry in the diary is pathetic indeed. "Thursday, June 1st. Poor old Dad. Wife hopeless on my return." "The next day I have done many things. As bad as ever."

Prayers of Reform. On the Saturday, in answer to his appeal, the woman "faithfully promises me that she will never drop without my consent." But by the following Tuesday the deserted husband found her in bed, and under the bed. In his diary he invokes "the powers of heaven to give me strength to know what to do."

Two days later the man writes his discovery of brandy under the couch, "and I had smashed for the previous week."

"Strong promises of reform" were made by the woman, but she was compelled to try to rest, "trembling with worry and anxiety."

On Dec. 12 the husband "got up first, and reached home 8:30 p.m. with a small amount of brandy."

On Dec. 16 the wife fell ill, and the man returned home for her. "The man's return was a relief to me, and I was glad to see him."

"The man's return was a relief to me, and I was glad to see him."

CANADA THE GREAT FRUIT AND VEGETABLES COMPANY LIMITED

Incorporated Under "The Ontario Companies Act."

OFFICERS AND DIRECTORS: REV. ALEXANDER CAMPBELL, President; HAROLD B. ROBINSON, Esq., Vice-President, Toronto; AMOS HARRINGTON, Esq., Second Vice-President, Toronto; ERWIN B. JONES, Esq., Secretary, Toronto; CECIL H. THOMPSON, Esq., Treasurer, Toronto; GEO. F. DAVIS, Esq., Managing Director, Toronto; JAMES CURRY, Esq., Toronto; WM. PEMBERTON PAGE, Esq., Toronto; JOHN J. MAIN, Esq., Toronto; WHITFORD VANDUZEN, Esq.; J. W. CURRY, Esq., K.C., Toronto.

BANKERS: The Royal Bank, of Canada, Toronto; The Royal Bank of Canada, Havana, Cuba. **SOLICITORS:** H. W. Maw, Esq., of Dewart, Young & Maw, Toronto; Edward L. Delgado, Havana, Cuba.

The First Issue of the Company's Business, Residential and Winter Resort Lots

The Site Consists of 640 Acres, About One Square Mile in Area.

It is situated on a slight elevation, sloping from the centre on either side towards the sea, chosen very carefully by the members of our company and the company's engineers with a view towards insuring perfect drainage. The location is well suited to the development of a thriving business and residential community.

REMEMBER THAT: Hundreds of Canadian families have purchased plantations from our Company, and are going to make their permanent home on our Estate. Very few plantations lots are now left of our first issue at \$10 per acre. Our next issue of ten thousand acres will be \$20 per acre. The same quality of lands can't be bought in Cuba for less than \$50 per acre anywhere to-day.

REPORTS JUST RECEIVED OF THE COMPANY'S PROPERTY

Ocean Beach, April 26, 1905.

The Canada-Cuba Land and Fruit Company, Toronto, Canada.

Gentlemen: Three years ago I came to Cuba to look over conditions. Since then I have been the administrator of the Batavia Company in Mexico, planting Coffee, Rubber, Vanilla and Sugar.

March 1st I again arrived in Cuba to make a study of conditions, to compare notes, and to see what three years have done. If satisfied, I intended not only to invest my money, but also to locate here permanently.

I have travelled carefully the past two months through all the provinces of the island, and I find just exactly what I want in your property, and have purchased.

Needless to say, with the advantage of a previous inspection of Cuba, and my past experience in Mexico, coupled with the present careful investigation of the entire island, I think I know a good thing when I see it. My judgment tells me you have all the conditions favorable for making this the banner colony of Cuba.

You have here a town site and a sandy bathing beach for women and children, coupled with present as well as future transportation facilities that will make this a paradise for the colonist, the tourist, the fisherman, the fisherman and the invalid.

I have seen nothing like it anywhere else in Cuba. Your beautiful bay and bathing beach compare favorably with the finest of our northern resorts.

Ocean Beach, April 26, 1905.

The Canada-Cuba Land and Fruit Company, Toronto, Canada.

Gentlemen: You will please reserve for me 1000 acres at \$10.00 an acre of land as selected in company with Mr. Thompson and Mr. Nevell, and notify me when same has been surveyed, that I may return and make proper selection by lot and section.

My intention of summer is to plant this to citrus fruits has been explained to Mr. Thompson. Yours truly, EDWARD A. KIMMEL, Milwaukee, Wis.

Lindsay, May 6, 1905.

Messrs. Canada-Cuba Land and Fruit Company, Toronto.

Gentlemen: Having visited Cuba last month with the object of securing land suitable for orange growing, I made a tour of a great deal of your property there, and found it quite suitable for the growing of fruits of all kinds, as well as vegetables.

The lay of the land is slightly rolling, soil of sandy loam and quite uniform. With reference to the town-site, which I think has been named "Ocean Beach," I do not think a more suitable site for a city or winter resort could be found on the island.

It has an exceptionally fine beach for bathing, and is also protected from heavy seas; also, the lay of the land affords good drainage, and will no doubt be readily bought up by people wishing to spend the winter in a perfect climate.

The climatic conditions of Cuba could not be better, as there is such a slight change in temperature between day and night, that I much prefer the climate of Cuba to that of California.

Since returning home I have again read your prospectus to see how it compares with my impression of the island, and your property in particular, and feel safe in saying that those interested in Cuba, and Cuban land, cannot do better than take its contents for facts, as I do not think it is misleading in any way.

Wishing you every success in your undertakings. Yours respectfully, H. J. CLARRY. Ocean Beach, Cuba, April 25, 1905.

Canada-Cuba Land and Fruit Company.

Dear Sirs: As per your request, for a report on your company's property, I take pleasure in giving you my opinion after a visit of inspection.

I landed at the town site on Monday evening, April 24, 1905, from the steamer which stopped opposite the camp and let us off. I spent three days in looking over the town site and plantation property, and congratulate you on your success in securing, in my judgment, the prettiest place for a town that I have seen on the Cuban coast.

The bathing beach is grand, extending as it does on two sides of the town for several miles and in places having a beautiful bluff with a gradual slope to the centre of the town, where the bay and ocean can be seen miles.

I find most of the southern part of the plantation land fairly level, with sandy soil underlain in places with clay. While I do not consider this part rich soil, at the same time, by fertilizing you can raise as fine oranges and other citrus fruits, peaches, grapes and pineapples, etc., as I ever grew in Florida during my 30 years' experience in fruit growing there, and I am thoroughly convinced that a grove can be raised here by giving same cultivation as is given in Florida in one-third less time and with less expense. I believe also the land will produce figs, melons, both sweet and musk, but proper fertilization is necessary.

I find in the ponds large quantities of muck formed by decomposed vegetable matter, by taking which out, making a compost, mixing with soil or German soil, bone meal and lime, a good fertilizer will be made for the crops mentioned. The land can be greatly improved by sowing peas broadcast, or velvet beans planted, and when fully grown, 1,000 same plowed under.

Taken altogether, the location of the town as a summer or winter resort or home, the general slope of the fruit land, and the rolling tobacco lands to the north, I consider the whole proposition the finest I have seen.

If your company will build a wharf, a hotel or other building for accommodation of early settlers, a store and a saw mill, as proposed, families with moderate means need not hesitate to come here, and in a few years have a comfortable home and a good living, with great opportunity of accumulating a substantial competence.

Very truly yours, L. L. NEWSOM.

VALUE OF AN ACRE OF LAND IN CUBA.

Not only is Cuba attractive as a winter and health resort and permanent place of residence, but the fertility of its soil gives it agricultural advantages which are fast making it famous as a field for the cultivation of Citrus Fruits and Early Vegetables.

Every acre of tillable land in Cuba is, in our opinion, worth \$100 as it is to-day. Cultivated (in oranges, for instance), it is worth \$1000. These assertions seem broad, but they are not the less true.

RESOURCES

Citrus Fruits, such as Oranges, Grape Fruit, Pineapples, Lemons and Limes grow almost without care, while early vegetables, Potatoes, Beans, Peas, Tomatoes, Cucumbers, Onions, Corn, etc., can be grown and shipped in December and January, when they bring the highest prices in the Northern Markets.

The light soil of the island—a rich loam—is loose and easily worked. Its fertility is marvellous. In fact, the climatic and agricultural conditions make it a natural fruit orchard and a huge winter vegetable garden, requiring only ordinary effort to yield a rich harvest. Its position below the "frost line" insuring to the orange grower the permanency and safety of his investment, and far larger returns than can be obtained in Florida or California, since in those localities enormous sums must be expended to protect the orange groves from the killing frosts which frequently prevail.

Geo. F. Davis

ANOTHER SCHOOL ON STRIKE.

15-Year-Old Leads to Arrested—1500 Pupils "Out."

Chicago, May 12.—The pupils of the Carter H. Harrison School, at Twenty-third-street and Wentworth-avenue, left their studies to-day when wages of the Peabody Coal Company, with non-union drivers, arrived at the building to deliver coal.

Police were still on guard to-day at the Hendricks Public School, where a strike similar to that of the Carter H. Harrison School had not entirely subsided.

Henry Hanson, 15 years old, the alleged leader of the strike at the Harrison school, was arrested, charged with disorderly conduct.

Principal Baynes declared that about 1500 of the 1700 pupils were out.

Clerk Sold Liquor to Minor.

For selling liquor to a minor, Wesley Mason, clerk in the employ of W. A. Shambrook, 205 Parliament-street, was fined \$10 and costs by Magistrate Denison. As Shambrook was not in the store at the time the conviction was made against the clerk, a bottle of whiskey was purchased by one lad, and he and two others drank it. Inspector McConvey investigated the case and procured the evidence.

Magistrate Evidently Sees Plumbers' Combine in Existence.

The plumbers' "combine" case was ended yesterday, as far as Magistrate Denison is concerned. He committed for trial Richard Craschley of the James Robertson Company, who refused to sell goods to James A. Burridge, who is not a member of the Master Plumbers' Association.

George Bigley and George Guest both testified that they had been refused goods, and were forced to purchase from United States dealers.

Canada Must Help Mankind.

Collier's Weekly: It cannot be surprising that there should be a vigorous protest against the landing of negroes on Canadian shores and yet, despite the eagerness of American agents to push the Dominion, there are many reasons why Canada should follow Mr. Haggard's suggestion and not permit the United States to monopolize the trade in the West Indies. The Dominion dimensions are so generous that were the "paradise" is not a member of the United States, the Dominion dimensions are so generous that were the "paradise" is not a member of the United States, the Dominion dimensions are so generous that were the "paradise" is not a member of the United States.

Couldn't Convince the Jury.

In Spite of Witnesses and Judge, Acquitt George Williams.

George Williams, who has been on trial for two days, on the charge of criminally assaulting Rachel Barville, was acquitted. After being out for two hours, the jury said "not guilty." The crime was committed in September, 1903, near the Woodbine. There were four men implicated. Three of them, Edward and Frank Duffy and Thomas Whitesides, are now serving terms in the penitentiary. They were brought up from Kingston, and testified that Williams was with them at the time. Chancellor Boyd's charge was against Williams.

Province Must Pay Costs.

Chief Justice Meredith Declines to Order Them Out of Estab.

Judgment was given yesterday in favor of Edith Talbot for \$2500, and Agnes Delaire for \$1000 for injuries received thru the fall of an elevator in the store of Richard Hall & Son, Peterboro, where the girls were employed.

Chief Justice Meredith ordered that a sufficient sum to maintain Annie Barnard in comfort in the asylum should be paid out of her estate, which is valued at \$7000. The master had made an allowance of \$275 per week. The chief justice declined to order that the costs of the provincial inquiry should be paid out of the estate, saying that the province should pay it.

Many New Actions.

George Kerr has sued George A. Case, broker, for \$6000 damages to Thomas Pemberton, and he seeks to recover it from the Township of Greenock, Bruce County. Jane Williams has entered an action against the city for injuries received by a fall on Yorkville-avenue.

Richard T. Stephenson of Collingwood is appealing from a conviction for keeping the blinds drawn on the windows of his hotel.

E. F. Clement of Berlin was appointed to deal with the assets of A. O. Boehmer & Co. during the absence of Judge Chisholm.

The city was assessed \$40 by a jury in Judge Morson's court yesterday for damage to the cellar of Benjamin Beale at 403 King-street, caused by an overflow of water.

Miss Mabel Jones recovered \$55 from R. L. Fraser, barrister, for services as stenographer and ret collector.

Rebecca Skoe failed to establish her claim that the assignment made by James Bonner of his stock at 165 Yonge street to his daughter Iva was fraudulent. She had a claim of \$215.

Property of the Dead.

The late Kivas Tully left an estate valued at only \$1025, according to the inventory filed in the probate court. He is the sole legatee and executor.

Richard J. Hunter, blacksmith, left two infant children, his wife having pre-deceased him by two days. His estate is valued at \$3725.47.

William T. Armstrong, commercial traveler, left no will, and his property, worth \$2424.44, goes to his widow and three children.

DESCENDANT OF THE KING.

Was U. S. Army Officer—How it Came About.

The death of Captain James Thompson Ord, United States army, retired, at San Diego, Cal., calls to mind the fact that in his veins flowed the royal blood of England. His lineage goes back to King George IV. He was a descendant of the oldest son of that king by Mrs. Fitzherbert, the king's first wife.

The price fell in love with Mrs. Fitzherbert, who had been twice a widow at 25. She was a Roman Catholic and a marriage by the heir of the crown with a Roman Catholic forfeited his succession by the "Act of Settlement." Nor by the "Royal Marriage Act" could he legally contract marriage without the consent of his father's consent, unless at the end of a year after formal notice had been given and then if parliament had not expressed its disapproval.

Believing truly that he could contract his marriage with Mrs. Fitzherbert, he was quite ready to go thru the form of marriage. Mrs. Fitzherbert, still holding that the performance of the ceremony by a priest of her church was of sacramental efficacy, was indifferent to the legality of the proceeding and the marriage took place. In 1757 the prince decided the marriage was null and void, and he married Caroline of Brunswick, from whom he was soon separated. Ord, the son of the king and of Mrs. Fitzherbert, was taken to America when an infant, and he was educated at the king's school, where he did not want the royal succession hampered. He was placed in the service of the king and was a Catholic priest. But young Ord decided upon another career than that of a man of peace and prayer, and when he came of age left the school. He married a Miss Maryland and they had a number of children, nearly all of whom rose to prominence. One of these was Edward Otto Cress-Ord, who performed great service for the United States in 1880 with the brevet rank of major-general. Of him General Hayes, T. Sherman, his classmate at the military academy and his companion in California during the Mexican war, said: "He has had all of the hard knocks of service and never on soft or fancy duty. He has always been on the front line, and he was expected and never flinched."

The late Captain Ord, just deceased, saw active service in the Spanish-American war, being stationed at Porto Rico. He was retired on account of ill-health. A brother of Captain Ord, saw service in the Philippines, and was last stationed at Benicia.

The report of the Ontario Agricultural College and Experimental Farm has just been received at the Department of Agriculture, and will be ready for distribution on Monday.

HE FEELS AS YOUNG AS EVER

Mr. Chester Loomis Took Dadd's Kidney Pills.

And from a Used up Man he Became as Smart as a Boy.

Orlando, Ont., May 12.—(Special)—Mr. Chester Loomis, an old and respected farmer living in this section, is spreading broadcast the good news of his recovery from kidney disease. He is now as smart as a boy, and his back and kidney disease Mr. Loomis among old people.

"I am 76 years of age and smart and active as a boy, and give Dadd's Kidney Pills all the credit for it."

"Before I started to use Dadd's Kidney Pills I was so used up I could hardly rise in a buggy, and I could do any work of any kind. Everybody thought I would not live long. Dadd's Kidney Pills are a wonderful remedy."

The kidneys of the young may be wrong, but the kidneys of the old may be wrong. Dadd's Kidney Pills make wrong kidneys right. That is why all wrong kidneys are glad that they are the old folks' greatest friend.

WEAK, RUN-DOWN, WORN-OUT MEN

I have the grandest invention of the age for weak, run-down, worn-out, men, the surest and easiest cure for all nervous and chronic diseases. Its wonderful power is directed to the seat of the nervous system, through which its vitalized strength penetrates into all parts of the body, carrying new life to every function which has been weakened by disease or dissipation, restoring energy to the brain and power to the system. No weak man will regret a fair trial of this invigorator.

Why will you be weak? Why do you go on from day to day when you know you are losing your nerve force—your manhood—when you see a cure within your grasp? Do not delay a matter which is the key to your future happiness. Whatever your condition to-day, you will not improve as you grow older. Age calls for greater vital force, and the older you get the more pronounced will be your weakness.

DR. McLAUGHLIN'S ELECTRIC BELT

will make you strong. It will send the life-blood dancing through your veins. You will feel the exhilarating spark warm your frame, the bright flash will come to your eyes and a firm grip to your hand, and you will be able to grasp your fellow-man and feel that what others are capable of doing is not impossible to you. This grand apparatus has brought strength, ambition and happiness to thousands of men in the past year.

It is the one sure remedy for the cure of Rheumatism, Weak Back, Weak Kidneys, Weak Stomach, Vertigo, Loss of Power in young or old, and similar ailments, as well as Dyspepsia, Constipation, etc. How can anyone remain in doubt as to the value of this grand remedy when you see so many cured by it?

IT IS EASY TO WEAR—CURES WHILE YOU SLEEP.

DR. McLAUGHLIN: Toronto April 26, 1905.

Dear Sir,—I was suffering from an attack of Lumbago and Sciatica for three years, and it was so severe that I could not get around or attend to my business. I got one of your Belts, and after I had worn it two days I began to improve, and can say that it has completely relieved me in less than two weeks, so that I can attend to my business. I now feel the absence of the dreadful pain in my leg and back; in fact, I am entirely free from any sign of the disease and consider myself permanently cured, as it has not returned since I stopped using the Belt.

Yours very truly, ALBERT MAINWARING.

DR. McLAUGHLIN: Hull, Que., March 26, 1905.

Dear Sir,—I received the Belt in good shape and have worn it as directed, and will say that the results, for the short time I have been using it, are wonderful. I think in thirty days my report will be a good one.

Yours very truly, F. BONNEY.

DR. McLAUGHLIN: Stelbach, Man., March 2, 1905.

Dear Sir,—It is with pleasure that I write to you to say that the Belt I purchased four months ago has given me great satisfaction. I can highly recommend it to anyone suffering as I have been.

Yours truly, PETER LANGILL.

I know how sceptical people are after paying out hundreds of dollars without getting any benefit, and know that many would pay after they were cured. To those I say, set aside those prejudices, give me evidence of your honesty by offering me reasonable security for the Belt. I will arrange it with necessary attachments suitable for your case, express it to you, and you can

WEAR IT UNTIL CURED AND PAY ME WHEN THE WORK IS DONE

TO PROTECT PEASANTS.

St. Catharines, May 12.—(Special)—During the past year a number of interested residents of the Counties of Lincoln and Welland have gone to considerable expense in importing and setting free English peasantries, and experiments have shown that these birds, when properly treated, are not only profitable but encourage the breeding of peasantries, a petition is in circulation that the close season, which expires in 1906, be extended for three years, and that the game laws be amended to provide that any peasantries be killed under any circumstances.

IN LONDON NEXT WEEK.

London, May 12.—The Free Press and the Standard are expected in the city the middle of next week. It is expected that the Standard will be the first to arrive, and that the Free Press will follow. The Standard is expected to arrive on Monday, and the Free Press on Tuesday.

**CIVIC LUMBER SCANDAL
NOTHING BUT MARE'S NEST**

Mayor Urquhart Labored and Brought Forth Nothing—Street Commissioner Jones Cleared.

The investigation into the management of the civic lumber yards by the board of control yesterday afternoon signally failed to bring to light anything more serious than a few instances of laxity. Certain irregularities were disclosed, but they were comparatively petty in character and reflected little save a touch of carelessness on the part of Mr. Jones and his staff. While the board did not declare in so many words that the enquiry would be dropped, a tacit agreement appeared to be reached to that effect, and its practical assurance that Judge Winchester will not be called upon to probe matters any further. The views of the board might be said to have been summed up in the words of controller Spence:

Absolutely No Evidence.
"There is absolutely no evidence of dishonest dealing," he declared, adding that certain irregularities had been discovered and that certain looser practices should be righted. To this the street commissioner assented, and the enquiry ended with feelings of apparent cordiality on both sides. The mayor had prepared a statement charging that lumber had been sold without the city's consent, that it had been loaned to outside firms also without permission, that culls had been paid for at unduly high rates and that the system of measuring by tape instead of by the scale to the city of 10 per cent. on lumber.

Sold 240 Feet.
The proceedings brought out the fact that only about 200 feet of lumber had been sold to the city official's summer home on the island and an almost similar quantity to the Alkenhead Hardware Company. In each case, payment had been prompt. It was also stated that on Feb. 1, 1904, the Reid company had borrowed 2383 feet of cedar lumber, which had been returned on Aug. 24, and that Bryce & Co. had been accommodated with 4670 feet from Aug. 22 to Sept. 11 of last year. The force of this particular charge was a good deal lessened by the statement of the city engineer that it was a common practice for the city to lend lumber to firms to expedite the carrying on of contract work.

Culls Were Replaced.
The purchase of culls was gone into with minute attention to detail, but in this matter at least the vindication of the management was full and complete. The mayor, who was equipped with data furnished by William McCarty, chief clerk, in Mr. Rust's office, gave several instances to indicate the proportion of culls in the receipts. In one consignment from Reid & Co., of 16,317 feet, 880 feet had been culls, and in another of 18,710 feet, the proportion was 254. John Jones, Jr., was able to prove by reference to the accounts that the matter of the culls had been adjusted with the supplying firms.

Most Serious Charge.
"We now come to the most serious charge," commented the mayor upon his reference to the system of measurement. The city engineer explained that measurement by tape had always been the procedure followed. It was brought out that the official measurer, Mr. Spence, did not seek by being systematic but that the price to be paid was determined by the tape showing, which meant an outlay of from 5 to 10 per cent. over and above that with the scale measure as a basis. Mr. Jones' defence was that he was merely following the procedure inaugurated during Mr. Jennings' term as city engineer. To a question of Controller Ward, as to the added cost to the city during the course of a year, the mayor referred to the 150,000 feet of 2 inch plank bought last year, and computed that the city was overcharged for 750 feet, at \$18.75 per 1000.

Another allegation that lumber was being purchased in unnecessarily large amounts at times revealed the fact that in August last, when Mr. Jones was away, 23,000 feet of 4 inch planking had been delivered at the yards without any order having seemingly been given, both Mr. Rust and Assistant Street Commissioner Evans denying responsibility. The mayor fired his last shot with the remark that he had heard that lumber of inferior quality had been purchased for repairs to the tunnel bridges, and that it had been rejected by the foreman in charge. This was corroborated by the minutes of the board, but he further stated that the lumber complained of had been replaced by the contracting firm.

The conclusions drawn by Controller Spence were agreed to by the mayor, who declared that he had never at any time suggested any dishonesty in lumber deals.

INTERNATIONAL RAILWAY CONGRESS

Foreign Delegates to Be Treated to Interesting Tour.

The American Railway Association has published a tasty and complete booklet showing the tours to be tendered the foreign delegates to the International Railway Congress. There is a short and a long tour, the second of which will include a trip to Canada. The party will leave Altoona, Pa., to-morrow morning, reaching Niagara Falls from Chicago on Tuesday morning, May 23, where the day will be spent in inspecting the power houses. Toronto will be reached at 7:10 a.m., but no stop will be made here, the special train going right thru to Lachine, where a steamer will take the party down the rapids. The long tour covers a distance of 2645 miles, and will be concluded at New York on May 27.

At all points local entertainment committees have been appointed to look after the guests, and the arrangements are most complete as every hour of the day is set apart for a definite purpose.

Cuba as a Summer Resort.
William Ryan of the Canadian Cuban Land Co. is back in the city, having spent the winter in Cuba. He says there are many Canadians taking up properties in "the land of perpetual sunshine," while as a summer resort for tourists it holds a splendid attraction. It can be reached via New York in five days. The climate is just right. Fruit growing in the sections which settlers are taking up. A Toronto merchant a few days ago imported two loads of Cuban fruit.

The Homecomers.
Winnipeg, May 12.—President Merrifield, of North Dakota University, is here. He was asked, "Is the report true that North Dakotans are looking for the Canadian west?" and replied: "It certainly is so. Canada is now apparently getting her own back. I may say that fully one-third of the population in the northern half of North Dakota originally came over from Manitoba, or are descended from those who did."

The fish dinner at Nurse's will not be served on Sunday owing to the serious illness of Mr. Nurse. Mayor Urquhart will preside at a mass meeting of the City Baptist Young People's Union in Century Church on Monday evening.

ROSSLAND.

GENERATORS
Alternating Current Generators from 30 K. W. to 10,000 K. W., designed for one, two, three or multi phase; wound for any pressure up to 12,000 volts, operating at speeds from 90 to 1,500 R.P.M.
Direct Current Generators from 1 K.W. to 500 K.W. compound or shunt wound, for any pressure up to 600 volts, designed for any service.
Railway Generators from 100 K.W. to 2,000 K.W. operating at speeds from 90 to 600 R.P.M. Rotary Transformers to suit all conditions of railway and electrolytic work.

MOTORS
Alternating Current Motors from 1-8 H.P. to 1,000 H. P., designed for one, two or three phase, 25 or 60 cycles, from 110 to 4,400 volts. Powerful when starting and of high efficiency.
Direct Current Motors from 1-4 H.P. to 800 H.P.; shunt series or compound wound, slow and moderate speed, designed for any service. Hoists, Motors, etc.
Railway and Crane Motors of all speeds and capacities. Series-parallel Controllers and Sprague Multiple Control System for Interurban roads.

LAMPS
Enclosed Arc Lamps for Series Street Lighting.
Enclosed Arc Lamps for Interior Lighting.
Meridian Lamps for Office and Factory Lighting.
Searchlights for Steamers and Yachts.
Incandescent Lamps of all candle powers and voltages for interior lighting, sign and decorative work.

TURBINES
Curtis Steam Turbines are built in conjunction with Direct Current Generators in sizes from 15 K.W. to 500 K. W. Alternating Current from 500 K.W. to 5000 K. W. They possess high steam and electrical economy under all conditions of load, and occupy very little floor space per K. W. capacity, reducing to a minimum the cost of real estate and buildings.

STORAGE BATTERIES
Some of the results which may be achieved by using Storage Batteries are:—
Shorter hours of operation, Relief of peak loads, Regulation of extreme fluctuations of load. Also Lighting Country Houses, Railroad Trains, Yachts, Carriages, Operating Electric Vehicles, Launches, Phonographs, Dental Machinery, etc. Railroad Switch and Signal Apparatus, Telephone, Telegraph, Fire Alarm Service, etc.
A 2,400 Horse Power Battery is now in use by the Toronto Railway Company.

WIRE
Insulated wire of every description.
Rubber covered wire and cable for house wiring and installation of generators and switchboards.
Weatherproof wire for outside construction.
Aerial and Underground Cables.
Silk and cotton covered Flexible Cord for drop lights and fixtures.
Fixture Cord, Annunciator Wire, Bell Wire, Cotton Covered Magnet Wire, Silk Covered Magnet Wire, etc.

SWITCHBOARDS
High Potential Switchboards, with specially designed switches and instruments to suit modern requirements.
Switchboards for all services, Exciters, Direct and Alternating Current Generators, Transformers, Lightning Arresters, Railway Generator and Feeder Panels, Storage Batteries, Motor-Generator Sets, Rotary Converters, etc., etc.

TRANSFORMERS
Lightning Transformers from 1/2 K.W. to 50 K.W., 60 and 125 cycles, oil insulated.
Transmission Transformers from 50 K.W. to 5,000 K. W., 25 and 60 cycles, for any pressure up to 60,000 volts, oil insulated, water cooled or air cooled.
Step-up and Step-down Transformers designed and installed complete, including Switchboards, Air Cooling Apparatus, Water Circulating Devices, Lightning Protection, etc., etc.
Self-regulating Transformers for series street lighting circuits.

SUPPLIES
Meters and Measuring Instruments, Railway Line Material, Rail Bonds, Track Cleaning Devices, Heating and Cooking Apparatus, Fan Motors, Panel Boards, Enclosed Fuses, Cutouts, Rosettes, Knife Switches, Snap Switches.
Sockets and Receptacles, Brackets and Fixtures, Street Fixtures, Shades and Reflectors, Cleats, Porcelain Knobs, Tubes, Glass Insulators.
Annunciators, Bells, Batteries, Push Buttons and general Electric Wiring and Bell Supplies.

BOILERS
Canada water tube boilers, horizontal return tubular boilers, vertical boilers, locomotive boilers, marine boilers riveted steel plate work of every description, smokestacks stand pipes, elevated tanks, flanged heads, domes, manholes etc., formed in hydraulic presses of special construction and large capacity.

PUMPS
Direct Acting, Single or Duplex Steam Pumps.
Power Pumps, single, duplex or triplex, belt or motor driven.
Single or Multiple Stage Turbine Power Pumps for any pressure. Centrifugal Pumps, Compound, direct-acting steam pumps, high duty pumps, crank and fly-wheel type, horizontal or vertical. Condensing apparatus for stationary or marine work. Combined air pumps and jet condensers. Surface Condensers.
Edwards' Patent Air Pumps for high vacuum.
Pumps for all duties—waterworks, mines, tanneries, fire protection, paper mills, boiler feeding, distilleries, etc.

STRUCTURAL STEEL
Steel work constructed of any size or design for
Office buildings, warehouses, factories, stores, public halls, railway stations and sheds, round houses, skating rinks, exhibition buildings, etc.
Standard shapes, such as beams, plates, tees, angles, channels, always in stock.

LOCOMOTIVES
Steam locomotives for express, freight, yard or contractor's use.
Steam shovels, wrecking cranes and railway pile drivers.
Trucks for electric passenger or freight cars.
Marine engines, simple, compound or triple expansion to suit any condition.

COMPRESSORS
Air compressors for all duties, straight line and duplex types.
Self-contained, self-oiling, simple, cross compound, steam and air, or tandem compound, belted or motor driven.
Christensen air brake equipments for electric and steam railroad service.

BRIDGES
RAILROAD AND HIGHWAY BRIDGES.
Plate and lattice girders, cantilevers, viaducts, swing spans.
Roof trusses, tank trestles, travelling cranes and gantries.
Steel towers for electric transmission lines.

Water Works Supplies
Cast iron pipe for water and gas.
Elbows, tees and other special castings.
Gate valves, check valves, foot valves, hydrants, indicator posts and valves, flexible joints, valve boxes, drinking fountains, water troughs and ornamental fountains.
Riveted steel pipe for water supply under heavy pressure, steel flumes, penstocks, etc.

SCREWS AND NUTS
Milled screws and bolts of every kind.
Set screws, cap screws, compiling bolts, boiler patch bolts, planer bolts.
Special milled work of every description made to sample or drawing.
Square or hexagon cold pressed nuts, rough, semi-finished, finished, case-hardened.

ORNAMENTAL IRON WORK
Wrought iron fences of all kinds.
Entrance gates, bank railing, office, window, and door grille and railing, elevator cars and enclosures, iron stairs, spiral stairways, fire escapes.
Hand-hammered leaf work, fire dogs, screens, fenders, cresting.
Architectural details of all designs executed in any metal.

PUBLIC AMUSEMENTS.

Ward & Vokes will bring the second edition of their big musical fun treat, "A Pair of Pinkies," to the Grand Monday night next. This vehicle introduced "Percy and Harold" as two

the new production through. The company includes such artists as Josephine Hill, the young emotional actress; Grace Euler, singing and dancing soloist; Will H. Long, Jr., juvenile lead and stage director; the Shilley sisters, Dan Reklaw, the phenomenal cycle rider; Montgomery & Pearl, musical comedians; Chas. Benington, heavy character actor, late with Kyle Bellew Co.; Major Laird, German comedian, and the little piece of sweetness, Baby Marion.

At Shea's next week will be one of the biggest bills of the season. Milton & Dolly Nobles are the headliners in his new one-act comedy, "The Days of '48," in which he will return to the dialect comedy in which he first achieved his success as a dramatic star. The comedy will be interpreted by the most perfect of the present-day near San Francisco and the period is 1870. It is a complete scenic production. Treloar will play the most perfectly developed man in the world at the recent physical culture exposition at Madison Square Garden in New York. Treloar is assisted in his exhibition by Miss Edna Tempest, Keno, Walsh & Melrose, the comedy acrobats, who will be seen in the revolving arch. West & Van Sclien have a number of new musical surprises in their musical comedy, "The College Gymnasium," and Miss Van Sclien will introduce her famous boy character, "Sart & Violet." Allen present "The Sign Painter." Ben Welch will be heard in some new songs with melodies, and the Juggling McBeans are introducing new and fascinating acts. The bill will close with the Kinetograph.

"HAI" WARD.
Shakerton men and their style of detecting things promises to keep one busy laughing. There is no particular plot to worry over—there never is to Ward & Vokes show—and one needs only to be told that a pleasing entertainment has been provided. The music and funnysims are new, in fact, everything except the name. For "A

Pair of Pinkies," the supporting company numbers 55 people, which, of course, includes a large contingent of show girls upon whom devolves the work of wearing the gorgeous costumes which E. D. Stair has provided to make a slightly ensemble. Several of the new songs are said to be sure "hits," and the specialty introductions excellent.

Barney Gilmore in his popular comedy drama, "Kidnapped in New York," will visit the Majestic Theatre next week. This is the sixth season for this piece, and from the welcome it

has received along the line, it seems to have held on to the hearts of all Mr. Gilmore has added new specialties and furnished an en-

mentary production for the restoration of health and vitality. It is a complete scenic production. Treloar will play the most perfectly developed man in the world at the recent physical culture exposition at Madison Square Garden in New York. Treloar is assisted in his exhibition by Miss Edna Tempest, Keno, Walsh & Melrose, the comedy acrobats, who will be seen in the revolving arch. mentary production for the restoration of health and vitality. It is a complete scenic production. Treloar will play the most perfectly developed man in the world at the recent physical culture exposition at Madison Square Garden in New York. Treloar is assisted in his exhibition by Miss Edna Tempest, Keno, Walsh & Melrose, the comedy acrobats, who will be seen in the revolving arch. West & Van Sclien have a number of new musical surprises in their musical comedy, "The College Gymnasium," and Miss Van Sclien will introduce her famous boy character, "Sart & Violet." Allen present "The Sign Painter." Ben Welch will be heard in some new songs with melodies, and the Juggling McBeans are introducing new and fascinating acts. The bill will close with the Kinetograph.

most marked success. For the season of patronage to be given under the auspices of Toronto University, beneath the old trees in the residence garden, the plays will be June 7, afternoon, "As You Like It," evening, "Twelfth Night"; June 8, afternoon, "Two Gentlemen in Verona," evening, "The Tempest"; June 10, afternoon, "Comedy of Errors," evening, "Midsummer Night's Dream."

New York, May 12.—Samuel S. Shubert, who died at Harrisburg, Sunday from injuries sustained in yesterday's railroad wreck, was one of the most successful of the younger theatrical managers in the country. From news by his brother, Joe Shubert, who now ranks until now the partnership controls several theatres in this city, a dozen or more in other cities, in this country and one playhouse in London, Mr. Shubert was on his way to Pittsburg to close a lease for a theatre in that city.

FIREMAN STOPS RUNAWAY.
Rather Exciting Incident on Yonge St. During Six o'clock Rush.

There was a lively runaway on Yonge-street early last evening, and it's a wonder no one got hurt. A horse belonging to the Dominion Co. and driven by John J. Murphy, secretary of the Dominion Co., got away from his driver above Maitland-street and started on a wild charge down Yonge-street. It took to the sidewalk and the driver, who was on the sidewalk, was thrown off his feet. The six o'clock crowds scattered in all directions, and the runaway, who was being led until it reached Yonge-street fire station. There Charlie Reed of the Dominion Co. company, who was on the sidewalk, got in the way and pluckily brought it to a standstill. The driver turned up a little while later, looking excited. It wasn't he who got the congratulations of the crowd.

NOTABLE TORNADES OF LAST FIFTY YEARS

Adams County, Mississippi, May 7, 1840—100 killed; property loss, \$1,000,000.
Adams County, Mississippi, June 16, 1842—500 killed; property loss, \$2,000,000.
Erie, Pa., July 28, 1875—134 killed; property loss, \$500,000.
Barry and Stone Counties, Missouri, April 18, 1880—100 killed, 600 injured; property loss, \$1,000,000.
Grinnell, Iowa, June 27, 1882—100 killed, 200 injured; property loss, \$250,000.
Illinois, Kentucky, Mississippi, Georgia, Florida, Alabama, Louisiana, South Carolina, Feb. 5, 1884—800 killed, 2500 injured; 10,000 buildings destroyed. Unparalleled series of tornadoes, there being over sixty of those scattered over the territory named after the clock on that day.
Louisville, Ky., March 27, 1890—78 persons killed, 900 injured; 900 buildings destroyed. The storm cut a path 1000 feet wide thru the city, destroying property to the value of \$5,000,000.
Savannah, Ga.; Charleston, S.C., and Southern Coast, Aug. 8, 1893—1000 killed; great destruction of property.
Gulf coast of Louisiana, Oct. 2, 1893—2000 persons killed; loss of property, \$5,000,000.
Lake Michigan, May 16, 1894—250 lives lost and twenty vessels destroyed on the water front of Chicago.
St. Louis, Mo., May 27, 1896—1000 lives lost; property loss, \$10,000,000.
One of the severest storms of the country which was not cyclonic in character, was the hurricane and tidal wave which destroyed the city of Galveston in September, 1900. The loss of life has never been accurately determined, but the property damage was placed at \$10,000,000.

BODY FOUND AT LAST.
Rechester, May 12.—The body found in the river at Hartlepool Point yesterday proved to be that of Andrew McNair, former tiler and well known citizen of Peterborough, Can. The remains were recovered by F. Leake, a farmer, who fastened a rope to a tree and notified Coroner Killip. The body was shipped to relatives at Peterborough this morning.

McNair disappeared on Feb. 14 last, and the fact that he had committed suicide was made known to the police thru a note he had left with his clothing on the bank of the river. When recovered, it was found that McNair had written "I have recovered, bury in Potter's Field."
For recovering the body Leake will receive \$25, the amount of reward offered by Adam Hall of Peterborough, a cousin of the dead man.

\$10,000 Worth of Art Furniture by Auction.
Mr. Chas. M. Henderson will sell on Wednesday next, the 17th of May, at the showrooms of the Standard Art Furniture Company, making good street, off Parliament-street, the largest and most valuable collection of miscellaneous French golden and silver oak furniture ever submitted to public sale in Canada. No art lover should miss this rare opportunity for securing a fine collection of art furniture. The entire collection will be on view from 3 till 6 o'clock day previous to the sale.

Matthew B. Allison, 263 College-street, has devoted to the production of pastoral plays, and is now his third season in America. The pastoral play was first introduced to the United States and Canada two years ago by Mr. Greet, and it has met with the

most marked success. For the season of patronage to be given under the auspices of Toronto University, beneath the old trees in the residence garden, the plays will be June 7, afternoon, "As You Like It," evening, "Twelfth Night"; June 8, afternoon, "Two Gentlemen in Verona," evening, "The Tempest"; June 10, afternoon, "Comedy of Errors," evening, "Midsummer Night's Dream."

INVESTIGATORS ARE NETTLED RAILWAY MEN DON'T SHOW UP

Manager Hays Refers Telephone Commission to McGuigan Who Says He Can't Come.

Ottawa, May 12.—(Special.)—There was a small attendance at the telephone committee this morning, but a rather interesting episode happened.

The committee did not hesitate to show its annoyance at the way it had been treated by certain Grand Trunk officials. Some time ago the committee decided to call Charles M. Hays to be present and give evidence next Tuesday.

Mr. Hays refused, but that committee promptly wired that his presence was the subject was so great that they would not consent to his absence.

Mr. McGuigan added that he could not come anyway, as he was going to Chicago on important business and would not be back until Friday next.

That is no way to treat a parliamentary committee," exclaimed Sir William Mulock. Then he informed the secretary to telegraph Mr. McGuigan that either he or Mr. Hays would be expected to appear on Tuesday next in answer to the subpoena.

A letter was read regarding the installation in Hooksville, Kentucky, of a switchboard so constructed that every telephone may be used as a fire alarm station. In case of fire the subscriber turned the dial of his instrument one time and pressed the ringing button, when the signal learned the location of the fire and was at the same time in telephone connection with the chief.

Provision was also made for instantly locating any telephone sending in a false alarm.

WINDSOR DEFEATS BYLAWS.

Windsor, May 12.—The following bylaws, voted on today in this city, were defeated after deducting the change of management and making provision for all but doubtful debts of \$181,960.40, as compared with \$24,527.78 during the same period of 1904.

The balance of profit and loss brought forward from Oct. 31, 1904, was \$23,161.01, as compared with \$373,888.00 during the same period of the previous year.

After providing for a dividend of 1 per cent. for the half year, or at the rate of 10 per cent. per annum, there remains to be carried forward to the credit of profit and loss account \$65,156.41, as compared with \$478,821.58, an increase of \$158,324.54.

C.P.R. and Pere Marquette.

Detroit, May 12.—Outside of existing arrangements with the Pere Marquette, the Canadian Pacific has made no deal with the Pere Marquette, and the story that the line from the Dominion will cross the boundary and operate in Michigan territory is erroneous. There are several good reasons for this. One is that under its charter the Canadian Pacific, as a corporation, cannot operate a line in the United States. The second is that the Canadian Pacific has no particular use for a line in Michigan in its relations with the Pere Marquette are friendly, and any freight or passenger that road has for the Canadian line will be transferred to it at Sarnia or Windsor as at present.

Richmond, Va., May 12.—"The absolute limit of a woman's capacity for taking care of babies is eight, and she ought never to have more than six," said Mrs. Arthur M. Dodge, president of the National Federation of Day Nurseries, while addressing to the Eastern Public Education Association, which is holding its annual meeting here.

The words of Mrs. Dodge were received with laughter by her hearers of a greater number of whom were women.

Chicago Markets.

Chicago, May 12.—(Special.)—The following fluctuations on the Chicago Board of Trade to-day:
